BIDAULT SEES AGREEMENT POSSIBLE

World News In Brief

London —(Reuters)— The body of Most Rev. James Doyle, Roman Catholic archbishop of Charlottetown who died here last week at the age of 68 after a month's illness, will be flown to Canada Wednesday.

Arrangements for the bishop's funeral are to be made at Charlottetown.

Msgr. Patrick McMahon, rector of the St. Dunstan's Basilica in the Prince Edward Island city, who came to London when the bishop's condition became worse, will accompany the bishop's body on the flight to Montreal.

The bishop was taken ill while on his way to Rome for the canonization of Pope Pius X.

Vatican City — (AP) — The flower-covered crystal urn containing the body of newly-sainted Pius X was brought back Monday night to St. Peter's Basilica from the Church of St. Mary Major. The body of the former Pope had been exposed for veneration in St. Mary since the ceremonies just over a week ago for his canonization.

Washington —(AP)—A New York city man with over 200 carats of diamonds concealed on his person was arrested in Boston after a flight from Europe, Monday, customs headquarters said. Samuel Leiser of New York was arrested when he left a plane which flew to Boston from Frankfurt, Germany and Paris.

Dictatorship Set Up In Guatemala

Guatemala — (AP) — Guatemala's Communist-backed government today ordered a 30-day suspension of constitutional guarantees.

The action, taken at an extraordinary session of President Jacobo Arbenzguzman's cabinet, followed three weeks of rising tension following United States objections to delivery of a large shipment of arms from Communist Poland to this central American country.

Among the civil rights suspended was the constitutional article establishing freedom of expression and the press.

The cabinet said it was imposing the suspension in view of the "current situation." A week ago Arbenz charged that a well-financed plot of "serious proportions" had been uncovered against his government.

Optimistic Speech Seen As Designed To Relieve French Assembly Pressure

By EDDY GILMORE

Geneva — (AP) — French Foreign Minister Georges Bidault said today some progress has been realized at the Indo-China peace conference and "the results achieved show us the path to future agreement."

In a speech obviously aimed at public opinion in France, where Premier Joseph Laniel's government is fighting for its life, Bidault laid heavy stress on what he called his "effort at conciliation."

Bidault led off the semi-public debate of the nine-party parley, which awaited a major policy declaration by Soviet Foreign Minister Vyacheslav Molotov later in the day. Britain's Foreign Secretary Anthony Eden also planned to speak.

Bidault's speech was primarily a review of the proceedings to date. He acknowledged that all major issues remained unsettled but expressed hope that solutions might soon be in sight.

Representatives of the six non-Communist participants in the Indo-China talks—Britain, France, the United States, Viet Nam, Laos and Cambodia—met this morning to map out strategy in advance of Molotov's speech.

The text of Molotov's address was expected to be released for publication during or immediately after his speech.

Though there was no advance word on what the Russian would say, western diplomats generally believed he would either: 1—make new proposals to make it difficult for them to break off the conference, or 2—blast the west for refusing to accept Communist proposals already advanced for a cease-fire in Indo-China.

Western circles also believed that Molotov's speech was aimed as much at the French National Assembly in Paris as at the Geneva delegates. The assembly swung back into debate on Indo-China today, with many of the deputies highly critical of the policies of Premier Laniel's Paris government. Observers in the French capital already have conceded that unless some concrete progress at Geneva toward an Indo-China peace can be demonstrated, the Assembly may vote Laniel and his ministers out office before the end of the week. That, in turn, could cause the Indo-China conference to collapse.

Foreign Minister Bidault postponed his departure for Paris until after Molotov's speech. The French minister will speak during the Assembly debate Wednesday, defending the Laniel regime's policy.

Western observers also considered that Molotov might be bidding for support from the great masses of Asia, trying to convince them that the Reds have been reasonable and conciliatory in the Geneva talks.

Today's session was the first semi-public meeting of Indo-China in more than three weeks. Molotov himself had requested that the session sreturn to the initial status, permitting the delegations at press briefings after the meeting to tell reporters all that happens.

Both Bidault and State Undersecretary Walter Bedell Smith of the United States had a chance Monday to discuss Indo-China problems with Molotov, but if either got any hint of what he planned to say, they kept it a strict secret.

Bidault talked with the Soviet minister about the composition of the proposed international commission to supervise an Indo-China cease-fire, one of the chief points of dispute now in a deadlock at the conference.

Molotov was Smith's dinner guest Monday night. There was no official word of what they said, but the American leader is known to have made it clear to Molotov in previous meetings that the U.S. is getting impatient with the snail's pace of the Geneva talks, now in their seventh week.

Atom Power Now Works For World

Jasper, Alta.—(CP)—The world has already entered a new industrial era based on atomic energy, John J. Hopkins said today.

Mr. Hopkins, chairman of General Dynamics Corporation, New York, and of Canadair, Ltd., Montreal, forecast that the new era holds almost infinite possibilities for meeting human needs and wants beyond those made real by the development of steam and electricity.

He foresaw in an address prepared for delivery to the Canadian Manufacturers' Association a world of the near future in which atomic energy would heat and power factories, light cities, cook foods, cure ills and propel ships, planes and trains and even cars.

Mr. Hopkins said more than 1,000 industrial concerns in Canada and the United States are already employing the atom in everyday operations.

"Atomic propulsion of submarines is already an established fact. Agriculture research is deep in studies of potentially tremendous impact on food supplies of radio-active stimulants to plant growth." Already through medical uses the atom had saved more lives than were lost in the atomic explosions at Hiroshima and Nagasaki.

Britain had created a division of atomic energy production to design and construct atomic factories and British scientists and engineers believed that within 15 to 20 years nuclear energy should be able to make a substantial contribution to electricity supplies at a cost comparable with that of coal-generated electricity.

The atom also offers great hope for continental Europe which faces a power shortage in the foreseeable future, he said. One expert estimates that in the next 100 years the world will burn up 37 times as much energy as has been produced in the last 2,000 years.

A 12-nation European pool was building the world's largest atom smasher near Geneva, pooling atomic research for peacetime purposes.

While atomic power needs were not so urgent in North America because of supplies of other forms of energy, nevertheless Canada should not allow herself to be lulled into ignoring the possibilities of the mighty and portable atom, either from the point of view of competition or availability to places not supplied with other forms of power.

Canadian scientists predict that they will be able to solve problems connected with the design of an economic power unit for industry within a couple of years.

Atomic energy wouldn't displace other forms of energy, said Mr. Hopkins. There would be plenty of demand for all. Atomic power alone could not carry the load in this century.

Seeking Vote On Power Of Family Name

San Francisco — (AP) — James Roosevelt, eldest son of the late President of the United States, pits the political drawing power of his family name against headline scandal charges and nine opponents in the feauture race of today's California primary election.

Voters will ballot for candidates for the post of a U.S. senator, 30 congressmen, a governor and other state offices.

Perhaps 50 to 55 per cent of the 5,664,000 registered voters are expected to respond to an unexciting campaign between Republican governor Goodwin J. Knight and Richard P. Graves, Democratic candidate for governor, and a fairly routine fight for the U.S. senate.

Roosevelt appeared confident that the voters in the Democratic 26th district of Los Angeles would ignore the sensational charges of his estranged wife, Romelle, that he was intimate with a dozen women — charges he denied in court.

"It has been a very satisfactory campaign," the 46-year-old Democratic candidate for congressmen said in an election eve statement. He did most of his campaigning in about 20 homes in the district.

His chief Democratic opponent, Ned Redding, community newspaper publisher and a descendant of President Thomas Jefferson, predicted he'd take the nomination himself. In all, five Democrats and five Republicans entered the race. Candidates of both parties are actually running against each other under California's traditional system of primary candidates running for both the Republican and Democratic nominations.

Representative Samuel W. Yorty, a Democrat, has represented the 26th district in congress for four years. This time he is running for a senatorial nomination.

In the governorship contest, the leading question was whether Knight would attract the Democratic vote that helped elect Republican governor Earl Warren to three terms. Knight, twice elected lieutenant-governor by huge majorities on both tickets, inherited the job in October when Warren became chief justice of the U.S. Supreme Court.

Immediate Start Planned On St. Lawrence Project

New York — (CP) — Power authorities of New York state and Ontario say they hope to be selling electricity from the St. Lawrence power project in four years.

Officials of the power authority of New York and the Hydro-Ontario agreed on a construction schedule Monday a few hours after the last legal barrier to the $600,000,000 project had been removed by the United States Supreme Court.

The Supreme Court action also removed the last legal obstacle to joint participation by the U.S. and Canada in the St. Lawrence seaway.

Robert Moses, chairman of the New York group, and chairman Robert Saunders of the Ontario Commission said in a statement following the meeting in New York city that actual construction of the power project can start "in a very few weeks."

"It is anticipated that construction on the coffer dams will begin early this summer," the statement said.

In a telephone interview from New York with the Toronto Globe and Mail, Saunders said the power project will provide jobs for 10,000 Canadians.

The last obstacle to the controversial development was cleared when the Supreme Court in Washington refused to act on an appeal contesting the right of New York to join with Ontario in building the project.

The appeal was launched by the Land Development and Beach protection Association, an organization of property owners along the American shore of Lake Ontario, which asked the country's highest tribunal to reverse a lower court's decision.

The Association has 15 days in which to file a request for reconsideration of the decision, but such requests are rarely granted and court aides expressed doubt that any of the justices would issue a stay of mandate.

While the seaway job was not directly involved in Monday's decision, it has been regarded as practicable only if the power project is built. President Eisenhower signed the seaway bill May 13 authorizing the U.S. to join with Canada in constructing a 27-foot channel to give ocean-going ships access to the Great Lakes.

The Supreme Court's decision was the occasion for an impromptu street parade in Cornwall, Ont., which stands to gain greatly from the construction phase of the project. Mayor Aaron Horovitz and the Cornwall township reeve, Dr. Elzear Emard, led the marchers, who carried banners reading "This is it, let's start digging'" and "We're best by a dam site."

In Ottawa, Transport Minister Chevrier, who has been in charge of the Canadian government's end of the project said "all of us are pleased at the court's decision."

In at least one Ontario community, the news was received with some regret. Reeve Lloyd G. David of the village of Iroquois, in the same general area as Cornwall, said there will be no celebrations "because we are not that happy at the news."

Iroquois will be inundated when the project is completed, and must be moved to a new site.

Canadian Navy Is Most Specialized

Dartmouth, N.S. — (CP) — The Canadian navy is one of the world's most specialized, Associate Defence Minister Campney said today.

He spoke at the official opening of a naval armament depot here. The three buildings, for testing, repairing and servicing of guns, torpedoes, other anti-submarine devices, gun mountings and fire control systems, cost $1,750,000.

In a prepared speech, he said:

"The new Canadian navy . . . is designed as an anti-submarine and escort force for the defence of Canadian coastal areas and the protection of shipping.

"To achieve this end, new concepts must be put into effect, the newest weapons must be acquired, new methods of navigation and new fighting techniques must be developed and taught.

"I cannot begin to tell you how much planning, how much study and how much work are being put into the creation and maintenance of our navy; the production skills

FEAR WHEAT PRICE WAR

SITUATION OUT OF HAND — Police try to restore order in the chamber of Japan's Diet in Tokyo as Diet members engage in a brawl over a bill revising the nation's police system.

Howe Still Certain Canada Can Dispose Of Record Surplus

Ottawa — (CP) — The price of Canadian wheat has suffered its deepest cut since the Second World War, but Trade Minister Howe still is optimistic over the sale of it.

The Canadian Wheat Board announced Monday in Winnipeg a slash in wheat prices of 10 1/8 cents a bushel, biggest in post-war years, shortly after Mr. Howe told the Commons that "in spite of representations," the United States cut its wheat price by 10 cents a bushel last Friday.

If Mr. Howe was optimistic, some critics feared it was the beginning of a Canada - U.S. price war that may bring harder times to the average Canadian. Opposition spokesman showed deepening concern over the Canadian price drop.

When Mr. Howe told John Diefenbaker (PC-Prince Albert) that he was optimistic as ever about Canadian wheat sales, Stanley Knowles (CCF- Winnipeg North Centre) caustically interjected:

"Your optimism is about all you have left."

Officials estimated that the extra one-eighth of a cent in the Canadian cut represents differences in Canadian and American funds.

The cut, affecting the three top wheat grades, was the second in the last five months. It brought the Canadian price at the Lakehead to $1.72½ a bushel for No. 1 northern, the lowest in nine years. Smaller reductions were made on lower grades. Durums, which command a premium price on world markets, were unaffected.

Canadian officials met with Americans in Washington last week and though Mr. Howe declined to disclose details of the talks, he said wheat sales were discussed. The Canadian government apparently made certain "representations" to the U.S. that were rejected.

Mr. Diefenbaker, who told reporters the price drop is a blow to the western farmer, blamed it largely on Canada's stubborn refusal to agree to Britain's request for a ceiling of $2 a bushel instead of $2.05 under the International Wheat Agreement.

He hoped this would not lead to a recurrence of the depression of the 1930s when Canada also lost wheat markets, but "the circumstances are too similar for anything but the engendering of fear."

Hazen Argus (CCF-Assiniboia) said he believed Canada started a price war with the U.S. when it cut the wheat price by seven cents a bushel at the Lakehead last Feb. 14 without consulting the U.S. The U.S. next day made a similar cut.

He said the price cut will affect the whole Canadian economy and called on Mr. Howe to fly to Britain and other European countries in an attempt to recover lost markets.

Social Credit Leader Low said the government should maintain the price to the farmer even if it means subsidies.

Under the U.S. system, the 10-cent cut is financed by increasing the government's shipping subsidy. The farmer bears the full brunt of any Canadian price drop.

C.C.F. Member Again At Odds With Party Chiefs

Ottawa—(CP)—Ross Thatcher, the Saskatchewan hardware merchant who occasionally differs with his CCF party, has done it again.

The member for Moose Jaw-Lake Centre was criticized by two colleagues in the Commons Monday night for expressing opposition to plans by the Canadian National Railways for a $20,000,000 hotel in Montreal.

Mr. Thatcher, who recently urged a series of government economies, said it is not sound business for a company facing a deficit this year to ask Parliament to authorize a capital outlay of $5,000,000 to start the hotel this year.

He said he would be happy if the hotel were built out of CNR revenues. But CNR hotel operations had not been profitable in the past.

"Ultimately the taxpayer will have to pay for this luxury hotel . . . I do not think the people in my constituency would be enthusiastic about an expenditure of this kind, nor do I think that the Canadian taxpayer will receive value for his money . . ."

Mr. Thatcher said he was not speaking for his party and added that he realized few members agreed with him.

His stand was promptly criticized by two CCF colleagues, Clarie Gillis, Cape Breton South, and H. W. Herridge, Kootenay West.

Mr. Gillis said that as members of the Commons committee which examined the hotel project, he and R. R. Knight (CCF-Saskatoon) recommended it to their party.

"I feel a little bit hurt when my honorable friend rises in his place behind me and breathes down my neck and tells us that we were not exactly right . . . I am going to be charitable to him and say that he had better take another look."

Mr. Gillis said Mr. Thatcher's attitude to the carefully-planned hotel project was unrealistic for a business man who had the courage to expand his own hardware business from one outlet to four or five and to branch out into another business.

"In picking out these little, mediocre items of expenditures such as those he is not being the big person that he is in the business world."

It was a distortion of the fact to say the hotel was a luxury hotel. CNR President Donald Gordon had told the Commons committee the railway could fill the hotel for three years with conventions.

"There is no doubt of it paying for itself."

Mr. Herridge said he has confidence in the committee which recommended the hotel as par of the CNR's $234,623,695 capital investment program for the 1954-55 fiscal year.

"I have personally every respect for the honorable member for Moose Jaw-Lake Centre (Mr. Thatcher). I have greater confidence in the business ability of the president of the Canadian National Railways."

He said Mr. Thatcher should realize that Canada was built up by people who were willing to expand while their companies were showing losses.

Monday's sitting also saw other legislation cleared from the Commons order paper, including the income and excise tax and tariff bills implementing tax changes announced in the April 6 budget.

Opposition members criticized a provision in one bill giving the National Harbors Board power to appoint its own constables, with jurisdiction within 25 miles of Canada's seven national harbors. Passage of the bill was postponed and Transport Minister Chevrier said the government will study the objections.

Rhee Urges Koreans Run Aid Program

Seoul—(AP)—President Syngman Rhee today accused the United States of wasting Korean aid funds on "unnecessary administrative expenses" and proposed that he take over the U.S.-financed rebuilding program.

The South Korean president said the ruins of Korean factories "stand gauntly for anyone to see, with few signs of reconstruction or rehabilitation despite the millions of dollars that supposedly were earmarked for that purpose."

"China received billions of dollars worth of goods and materials, but most of it was wasted," Rhee declared in an interview. "Whoever may have been responsible, we do not want Korea criticized as China was."

He suggested that the U. S. "grant dollar credits to the republic of Korea, as has been done in the past with France and Great Britain, supply a small staff of financial and procurement advisers and provide for strict accountability."

"We want to make sure that every dollar is spent honestly."

Informed of Rhee's criticism, a high U.S. official said he was mystified by recent statements of South Korean government officials attacking the aid program.

He said joint approval of expenditures for all aid measures is required by law, and that the South Koreans have approved all major projects.

"The hardest job we have had here is to make haste slowly and try to advise Korea to spend the money wisely," the official said. "They expect factories to spring up overnight."

Although avoiding any direct criticism of C. Tyler Wood, U. S. economic co-ordinator in Korea, Rhee declared that "several developments have indicated that no basic changes are likely from his administration."

Laniel Government Defeat Threatened By New Debate

By HARVEY HUDSON

Paris — (AP) — Premier Laniel's foes returned today to the National Assembly attack on his Indo-China policy amid signs that the shaky French government may finally be forced out of office.

The Indo-China debate, which began listlessly last week with the usual assaults from the Socialists and Communists, was expected to warm up with members of parties in Laniel's own majority coalition opening fire on his conduct of the war.

Debate on the explosive issue is not expected to reach the crucial state until Wednesday. Foreign Minister Bidault—on whom Laniel apparently is counting to turn the tide in his favor—will return from the Geneva conference to speak then.

Bidault waited over in Geneva to hear Foreign Minister Molotov's Russian policy speech to the Indo-China conference today. Western observers in Geneva generally believed the Russian had scheduled his statement at this time in an effort to influence the Paris National Assembly action.

It is generally agreed that Laniel, who twice in the last month has had to call for votes of confidence to continue his Indo-China policy unchecked, will seek another such vote at the close of the debate.

The balloting probably will not come before late Thursday or Friday. Under French parliamentary procedure there must be an interim of 24 hours after a vote is asked.

Laniel is expected to answer his critics by pointing out that he has sent Gen. Paul Ely, armed forces chief of staff generally held in esteem, to head up the Indo-China operation. He is also expected to point out that the French command has stepped up its campaign against the Communist-led Vietminh following the disastrous loss of Dien Bien Phu.

Laniel probably also will seek to bolster his case with his frequent argument that ouster of his government will kill the Geneva talks and chances of peace in Indo-China. The premier has used such reasoning—at the outset of the international conferences of Bermuda, Berlin and Geneva—to keep his regime in office for nearly a year.

Laniel will need all the persuasion he can command to stave off defeat this time. On his last vote of confidence, May 13, the premier survived by only a two-vote margin. Many believe even this meagre edge has now crumbled.

Plan Early Appearance Of McCarthy

Washington—(AP)—A backstage move aimed at ending the McCarthy-Army hearings this week was reported today to be gaining strong support.

Acting Chairman Kart Mundt (Rep. S.D.) called the Senate investigations sub-committee into a closed session this morning to consider speed-up plans which might bring Senator McCarthy to the stand in today's 29th day of televised hearings.

There were indications that some administration officials are urging an early end to the controversy, which the Wisconsin Republican senator charged in an acrid exchange Monday with Senator Stuart Symington (Dem., Mo.) was nudged along by Democrats to "get the Republican party to commit suicide."

McCarthy and Roy M. Cohn, his sub-committee's chief counsel, made it plain that they will be happy to wind up the proceedings. Cohn plans to leave Saturday for Camp Kilmer, N. J., for two weeks of National Guard (militia) training as a lieutenant.

Ray H. Jenkins, special counsel for the sub-committee, said he sees no reason why the case can't be closed this week—but he has expressed similar optimism previously.

The sub-committee is looking into charges by Army Secretary Robert T. Stevens and Army Counsel John G. Adams that McCarthy and Cohn brought improper pressure to bear to get favored army treatment for Pte. G. David Schine, a former aide.

McCarthy and Cohn have charged in turn that Stevens and Adams sought to use Schine as a "hostage" to sidetrack McCarthy's investigation of alleged Communists in the army.

These charges were all but forgotten in the acrimonious session Monday. McCarthy demanded that Clark Clifford, former legal counsel to former President Truman, be summoned to the stand. No support was voiced for McCarthy's stand by sub-committee members, but Mundt indicated the sub-committee will consider the issue.

Mundt ruled out informally any action on McCarthy's suggestions that Symington be tossed off the sub-committee because of what the Wisconsin senator called bias against him, and that Symington be subpoenaed to testify under oath.

McCarthy blasted at Symington and Clifford, terming them partners in persuading a reluctant Stevens to accuse McCarthy and Cohn of "everything but murdering our great-grandmother."

Symington fired back that it was "little comfort" to him that "these terrible charges are directed against a Republican administration and a Republican president." He said he was trying only to help army morale which, he said, has been badly battered by McCarthy's investigative methods.

Three Office Buildings Destroyed At Winnipeg

Winnipeg — (CP) — Three large office buildings and a dozen business establishments were destroyed today in a fire which engulfed part of downtown Portage avenue ina liquid pattern of flames.

Damage was estimated at possibly in excess of $2,000,000.

Not until seven hours after the fire broke out in the seven-storey Time building could firemen class it as under control.

From the Time buildings, the flames boiled in three directions under a gale which hit Winnipeg with gusts of 70 miles an hour.

Westward it spread to two ladies' wear shops, a cafe and a billiard and bowling centre. Eastward it jumped Hargrave street to sweep through Dayton's department store, another cafe and a finance company office. Northward it spread to the four-storey Henry's building, which houses a cleaning establishment, the office of the Royal Winnipeg Ballet, a furriers and a cafe.

The flames jumped Portage avenue briefly to start a fire in an upper-floor window of the eight-storey T. Eaton department store but firemen were able to stop the flames there.

Windows on that side of Portage — probably Canada's widest main street — were cracked by the intense heat.

Not one store in the block could open this morning, even those that escaped the flames. Police were letting employees through, but nobody else.

The wind helped start the fire and then fed it. The gale's force is believed to have caused a short circuit in an electric sign at the front of the Time building.

There were no serious injuries. The only reported hospital casualty was a fireman who suffered glass cuts.

Pusan, Korea —(AP)—Twenty-two men apparently were drowned when a small Korean freighter sank in a storm off the south coast last week, police reported today. It was the week's second sea disaster off Korea. Twenty-seven of 52 men aboard were drowned when a ferry sank off Pusan Friday.

School Board And Teachers Of Waterloo High School Are Guests Of Kiwanis

Waterloo, June 8 — The Waterloo Kiwanis Club entertained the teachers and the school board of the Waterloo High School at a very interesting and informative meeting on Tuesday night, June 1 at the Legion Hall.

Introduced by their principal, O. T. Pickford, every teacher was individually introduced, as was the school board. In welcoming the guests, the president, Roger McKergow, stated it was a pleasure to have the teachers present along with the school board in order that a little better understanding and mutual interest may exist between the Kiwanis Club and the members of the teaching staff in Waterloo.

The guest speaker was Dr. Laurence Patterson, M.A., Ed.D., executive director and principal for the School for Crippled Children in Montreal. Dr. Patterson is not only a student of great learning, but a speaker of intense interest, and his talk to the group was most enlightening.

"Is Education So Bad" was the topic of his address, and the speaker pointed out first to the parents their role in the education of their children, secondly the role of the teaching staff, who have control over these children for seven or eight hours a day, and finally the role of the community and their place in the building of a "tomorrow" for the children of today.

"Many exponent of the teachings of yesterday state that there are too many frills in today's curriculum" Dr. Patterson went on, "but a cross country poll of parents and interested parties point out that practically everyone wishes to have all the frills rather than only the three R's of yesterday."

The speaker asked that the parents express not only the complaints they may have to the teacher, but let them know how pleased they may be as well with the results obtained with their children. "A get-together such as we are experiencing here tonight is one way a teacher is told that she or he is appreciated, and the work they are doing is not being overlooked."

He stressed a closer working agreement between teacher and parent and child. "Let the parent know how the child is making out" he said, "but at the same time let the parent know that part of the responsibility rests with that quarter. It is not all the fault of the teacher when Johnnie comes home with a poor report—it may be the fault of the parents or the fault of Johnnie—in any case the parent should know where the fault lies."

Kiwanian Jack Buckland, who was the evening's chairman, introduced Dr. Patterson, and Kiwanian Wes Parkes thanked the speaker. Mr. Robert Flood, chairman of the school board, thanked the Kiwanis club for entertaining the board and teachers, and at the same time thanked Dr. Patterson for his enlightening and interesting talk.

Today the annual Golf Tournament is being held at the Knowlton Golf Course, and the following week will be the Family Picnic.

The ladies of the W.A. of St. Paul's United Church catered to the gathering.

WEDDING ANNIVERSARY OBSERVED

Mr. and Mrs. George Chartier, well known residents of Warden, celebrated their fifty-fifth wedding anniversary at their home on May 30th.

Among those present included Melvin Chartier with his two sons Bruce and George of Waterloo, Mr. and Mrs. Clarence Chartier and their family, Wenda, Glenn, Wayne and Steven, of Windsor Mills; Mr. and Mrs. Ross Chartier, with their daughter, Johanne, of Waterloo; Mr. and Mrs. Asa Malboeuf, with their children Vivian, Ronald and Jeannine, also of Waterloo; Mr. and Mrs. Guy Jalbert, of Waterloo; Mrs. F. Patenaude and Mr. Horace Patenaude, both of Abbotsford; Mrs. Gertrude Peloquin, of Granby; Mrs. Simpson, also of Granby; Mr. Maurice Brault, of Waterloo, Mr. Gordon Chartier and his family, of South Stukely.

Mr. and Mrs. Chartier received many cards, letters and good wishes from their hosts of friends, neighbors and relatives.

Mr. Guy Jalbert, on behalf of the assembled gathering, presented the honored guests with a gift which was received graciously and the thanks of both was expressed by Mr. Chartier.

RANDBORO—

Miss V. Morrison Feted By Friends

Randboro, June 8. — A large number of ladies from here and the surrounding district met to "shower" Miss Vera Morrison, a popular bride-to-be.

The gathering was held in the United Church basement and when Miss Morrison arrived she was escorted to the seat of honor.

Little Miss Karen Dillon and Master Sidney Morrison brought in the gifts on a prettily decorated wagon. Miss Helen Chute of Sawyerville in a few well chosen words presented the gifts to Miss Morrison.

After the gifts were opened and admired by all present, the guest of honor very graciously, thanked every one for her lovely presents and the pleasant afternoon together and invited them to visit her in her new home.

Lunch was served, bringing a happy occasion to a cheerful ending. The bride's table was covered with a white linen cloth, with bouquets of yellow and white lilies. The streamers to the corners of the table and other decorations were carried out in pink and white.

Seated with the guest of honor were, Mrs. John Neilsen and Miss Sonja Neilsen, mother and sister of the prospective groom, Mrs. Clifford Morrison, sister-in-law of the bride-to-be, Mrs. Alfred Henderson, of Bulwer and Miss Helen Chute, of Sawyerville.

Out of Town guests included Mrs. Gordon Dempsey, Mrs. T. C. French, Mrs. E. Berwick, Mrs. Alden King, Mrs. Harry Ord, Mrs. Andrew Macrae, Mrs. C. Macrae and Miss Edith Dawson, all of Sawyerville; Mrs. Carl Dillon and Mrs. Lloyd Shaughnessy, of East Clifton.

FORMER RESIDENT DIES

The funeral service for Edson Brown, who died very suddenly at his late home in St. Marie d'Ely was held in St. Paul's United Church on Wednesday, June 2, with Rev. A. G. Moore of Granby officiating.

Mr. Brown was for many years a well known resident of Waterloo and only two years ago moved to his late residence, where he passed away on Monday.

He leaves to mourn his wife, the former Amy Mayhinds, and children. Interment took place in the Waterloo cemetery.

PIGEON HILL—

Mr. Frank Ling and four children, of Granby were recent Sunday guests of Mr. and Mrs. Walter Ling.

Mr. and Mrs. B. J. Laycock, of Stanbridge East called on Mr. and Mr. H. Harrison and Mr. and Mrs. T. Boomhour.

Mr. and Mrs. G. O. Palmer and two daughters, of Bedford, called Sunday on Mr. and Mrs. Frank Guthrie.

Miss Mavis Taylor spent the week-end at her home in Danville with her parents, Mr. and Mrs. Stanley Taylor.

Mr. and Mrs. Melvin Stanley, of Rutland, Vt., Mrs. Helen Martin and Mrs. Kate Ellsworth, of Bedford called Saturday on Mrs. Emily Sager and Mr. Fred Sager.

Mr. Leon Guthrie, of Springfield, Mass., was a recent guest at the home of Mr. and Mrs. Mitchell Erno.

Mr. and Mrs. Arthur Rychard were Sunday guests of their son, Mr. Frederick Rychard and Mrs. Rychard in Cowansville.

Prize Distribution Featured Closing Events At King's Hall School, Compton

Compton, June 8. — Another term has been brought to a close at the King's Hall, Compton boarding-school for girls. Following their last service for the term, held in the St. James church, Compton, Sunday evening, students, parents and friends from all parts of the Western Hemisphere gathered in the school auditorium yesterday for the final closing exercises. Montcalm house took the sports cup and Rideau house the work shield.

Opening the program, the board of directors made a presentation to secretary, Miss G. Keyzer, in appreciation of her valued services to the school during the past twenty-five years. She also received two presentations from girl-students.

This year, as in other years, a matriculation class is graduating from King's Hall. To this class and to numerous others like it will eventually fall responsibility. In her address, Miss A. E. Gillard, head-mistress, quoted lines from "A Letter to a Mother."

"There is beauty in homely things which many people have never seen—the color of cranberry glass: Crimson roses in an old stone crock or the soft brown of a cocker's eyes." Said Miss Gillard, "I feel that much of the present unrest and unhappiness in the world comes from the fact that people no longer appreciate the simple things, they measure everything in dollars and cents, which is a wrong criterion by which to measure. The most precious things in life are so priceless that there is not enough money in the world to buy them—they are above price. There are thousands of treasures that are yours to take if you realize and appreciate their intrinsic worth and beauty."

Miss Gillard went on, "You girls will be the future homemakers. What your home will be like will depend on you. It is the wife and mother who sets the tone of the home and if you see beauty in homely things you will teach your children to see it too. Then you, the true homemakers, with the calmness and serenity of spirit which comes from right values, will make your homes places of well-being security and peace."

Presentations of prizes followed: form prizes were, IVB. Angela Tinkler, Cornwall, Ont.; IVA. Judith Bignell, Quebec City; VB. Elsie Menasche, Bogota, Columbia, S.A.; VA. Frances Harley, London, Ont., and Harriet Schneider, Philadelphia, Penn.; VIB. Barbara Kerr, Windsor, Ont., and VIA. Rae MacCullough, Bedford, N.S. Matriculation prize went to Bevo Penhale, Thetford Mines, Que.

General proficiency: IVB. Virginia Echois, Georgetown, British Guiana; VA. Suzanne Meagher, Montreal; VIB. T. Abbott, Devonshire, Bermuda; S. Haas, Toronto, Ont.; M. Ignatieff, Washington, D.C.; B. Oliphant, Montreal; S. Schneider, Philadelphia, Penn., and E. Smith, Ottawa, Ont.; VIA. P. Harveson, London, Eng.; V. Nesbitt, Westmount and A. Rawlings, Montreal. Matriculation, Janet Smith, Thetford Mines.

Beverley Penhale, of Thetford Mines, took the Birks Medal for scholastic achievement and Judith Taylor, of Ottawa, for leadership in students affairs.

In the sports section, Badminton senior singles, Ann McNally, Sillery, Que.; junior singles, Heather Morris, Cornwall, Ont.; junior doubles, J. Smith , Jr., Westmount and H. Morris; tennis, seniort singles, M. Bogert, Montreal; junior singles, L. Grier, Ottawa, Ont.

Coat-Hanger Drive Success

The local association of Guides' and Brownies' mothers in Lennoxville is pleased to announce the huge success of the coat-hanger drive, held on Saturday.

The objective of 3600 hangers was far exceeded and many cash donations were received as well. The combined proceeds will be used to buy a tent and various equipment.

This group wish to thank all who assisted in any way to the success of the drive and have decided to make this a semi-annual event.

Collections will take place spring and fall. Therefore in a small way everyone can help in a large measure to assure the young people of the locality the holiday protection and pleasure they always look forward to in going to camp.

The children carried out the collection from door to door and with the aid of a few fathers and their cars, soon had the work complete. Then the association had the task of counting and making bundles of 25 for their resale, which exceeded all expectations.

Optimist Club Completes Plans For Peanut Day

Final plans were discussed last night for the Optimist Peanut Day which will be held this Saturday. Chairman for the annual event is Amedee Roy, and he told the members of the club at their weekly meeting that he has assigned everyone a district to look after on Saturday and he added that he hoped all the members would do their utmost to make it a success.

The club is holding an open-air dance at the market place and in case it should rain the dance will be held in the 54th Armory on Belvidere street. The dance is scheduled to start at 9 p.m. Ivan Dugre is in charge of publicity for the peanut day, and headquarters will be at Paul Nadeau's store on Wellington street.

Something new, proposed by President-elect Ivan Dugre, will be tried during the summer months. It was decided by the meeting that the club only hold two meetings a month during July and August. The president-elect also announced the new executive for the coming year. They are: Ways and means committee, Laval Tanguay and Urbain Boutin, co-chairmen; new club building, George Garard and Erich Marquardt; boys' work, Henry Crochetiere and Vitol Scheib; membership, Jacques Laliberte and Roland Couture; program, Paul Allard and Marcel Bernard; attendance, Dick Rousseau and Basil Clark; publicity committee and "Sports Guide," Amedee Roy; assistant sergeant-at-arms, Gaston Roy; life membership, Ken Ross.

Opening Concert On Thursday By East Angus Band

The first of the summer series of concerts to be presented by L'Union Musicale d'East Angus, under the direction of Harry Tinker, will take place at the town square on Thursday evening. The program is as follows: R.M.B., March, Ralph Jarrett; The Champion, Overture, Geo. Southwell; The Glowworn, selection, Paul Lincke; The Song From Moulin Rouge, Popular, Tom Bennett; Ahmeck, March, Boyd M. Sylvester.

Intermission.

Waterville Troop Takes Honors At Scouting Rally

If grit and determination mean anything, parents of Scouts in Sherbrooke and district should be pretty proud of their sons for the achievements made at the annual Scout Rally held Saturday at Bulwer. Torrents of rain, beginning just as the Rally was being opened officially by District Commissioner Jim Wark, caused the postponement of the Wolf Cub events disappointing some 235 younger members of the movement. However, the Scouts voted to carry on with their events and completed the programme which had been planned for them. All competitions and tasks were properly completed by the Scouts, although some difficulty was experienced in the fire-lighting event.

First place honours went to the 1st Waterville Troop who led the field comfortably with 86 points. Second place was taken by the 1st Lennoxville Troop with 71 points, nosing out Bulwer-Birchton Troop with 68 points. Fourth place fell to Cookshire Troop with 60 points, the remaining Troops following close behind.

Pennants for event honours were awarded as follows: Knotting, 1 Bulwer-Birchton; 2 Sawyerville; 3 1st. Lennoxville; Compass, 1 Waterville; 2 10th Sherbrooke (St. Pat's); 3 Cookshire; Camp bed, 1 Cookshire; 2 1st. Lennoxville; 3 Waterville; tree identification, 1 Waterville; 2 2nd Lennoxville ; 3 Bulwer-Birchton; Fire lighting, 1 2nd Lennoxville; Estimations, 5th Sherbrooke (St. Peter's); 2 1st Lennoxville; 3 Waterville; Bridge building, 1 1st. Lennoxville; 2 10th Sherbrooke; 3 Waterville and Bulwer-Birchton, equal.

Plans are presently being made to hold the Wolf Cub section of the Rally later in the month, leaders and parents being notified as soon as possible.

Oasis Club Winds Up Bowling Season

The Oasis Club of the Blind held its final bowling party of the year in the MacKinnon Memorial last evening. There were 22 bowlers, and Ovila Gauthier, of Magog, ran up a score of 106 for the men and Mrs. E. Mayotte was high lady with 92. There was a good representation from the Lions Club, with Narcisse Amirault, Joseph Begin, Lucien Desfosses and a very new Lion, Frank Patafie, present.

There was a large turnout of Magog blind under the guidance of Elmer Dagenais. At the conclusion of the game, light refreshments were served.

All club activities are now suspended until September, except for the summer camp which is scheduled for the last two weeks in August.

Aldermen Clarify Statements On Plans For Financial Filtration Plant Costs

At last night's meeting of the city council the members clarified some statements made last week on the proposed new filtration plant.

Alderman Carrier Fortin said that statements made last week were not altogether clear. He referred especially to the one saying that if the filtration is passed that the taxes will not go up. It is inconceivable that this can happen.

Alderman Nicol stated that present revenue derived from the water department would be sufficent to take care of the cost of the plant. This may be true.

On the other hand in the last five years the amount of $461,500 has been turned over to the general fund. It is proposed that this surplus from the water department should be used toward paying the interest on the loan for the plant as well as to operating costs. If this is done the general fund will be short a certain sum of money. If this happens the city will have to find funds to replace the amount taken from the general fund. This means that taxes will have to be raised. Alderman Fortin said last night that this would probably mean that the taxpayer would have to pay from $10 to $15 extra per year.

On Thursday morning there is a meeting of all property holders called for 10.30 in the morning. If there are six people who object to the by-law the law provides that there will be a referendum. If not the by-law will automatically become law.

Alderman Fortin also pointed out that he had heard in certain quarters that the city were spending too much money on trips to St. Hyacinthe and Lachine. It will be remembered that a few weeks ago some of the city Aldermen made a trip to these two places to inspect filtration plants. Alderman Fortin said that these trips cost $12 and $28 respectively.

Alderman Sylvio Rousseau was named pro-mayor for three months starting in July, as Alderman Nicol's term would expire at the end of the month.

SALVATION ARMY DONATE WHEEL CHAIR: - Following a suggestion by Red Shield Organizer Syd Hart, an invalid's chair was procured from the Salvation Army Industrial Centre, Montreal, and presented Friday to Mrs. Ernie Mitchell, shut-in for over four years and crippled for nearly twenty years. Federation Group Closes Season

Group 1 of the Women's Federation of the Lennoxville United Church held its closing meeting in Douglas Hall. Mrs. L. B. Pierce presided and Mrs. Elsie Smith was in charge of the devotional period, taking as her topic "Fellowship."

Mrs. A. E. Abercrombie gave the financial report in the absence of Mrs. C. L. Norwood, which showed a substantial balance.

The sum of $150 was voted to the Federation treasurer and a sum towards the payment of the projector bought by the Hi-Y. P. U.

The visiting committee reported visits to sick and shut-ins and a satisfactory report on the recently held food sale was given.

Mrs. S. J. Marlin reported that the mission bale, packed here recently by the Federation through donations from all the church groups, amounted to 330 pounds of clothing and materials.

Mrs. L. Hurley invited the members of this group to meet at her cottage at Lake Wallace in July, the date to be decided later. Further summer plans were discussed and following the closing refreshments were enjoyed.

Lennoxville Councillor John Dunfield Resigns During Salary Question Debate

Councillor John Dunfield last night submitted his resignation as town councillor and chairman of the Financial Committee to the regular monthly meeting of the Lennoxville Town Council held in the Town Hall.

His resignation came in the midst of a heated controversy on a salary question, and punctuated what was otherwise a routine series of discussions on business presided over by Mayor Lee M. Watson. Mr. Dunfield said that his resignation became effective starting today. He suggested at the same time that the fire department of Lennoxville is vastly inadequate and that more volunteers and constant practices were needed to bring the department up to any degree of effectiveness.

Mr. Dunfield also submitted to the council the financial statement for the year ended December 1953, showing a substantial surplus, and secured council approval of the complete report. On a motion by Councillor E. W. Gilby, chairman of the Roads Committee, it was agreed that this surplus be spent on paving three additional streets, Deacon, Gordon and Bowen.

Most of the other business arose out the recent explosion and fire at the Lennoxville Press Inc. on May 28. Three tenders for a new fire engine equipped with water tanks and pumping system were opened at the meeting, one from the firm of Pierre Thibeault, one from the Safety Supply Company Limited, Stratford, Ontario, and one from the Bickers-Seagrave Quebec Company, St. Johns, Que. Representatives of the last two companies were also on hand to elaborate on the tenders and to answer any questions of the council.

All the bids were passed into committee under the chairmanship of Councillor E. A. Lunderville. They will also be passed on to the fire marshall's department for further consideration. It is expected that a final decision on the matter will be delivered by the end of the month.

A letter from Mayor Levesque of Sherbrooke expressing his personal sympathy and on behalf of his council for the destruction of property in the explosion was read, and a resolution was unanimously passed thanking the Sherbrooke Mayor both for his letter and for the assistance which the City of Sherbrooke lent during the fire. A resolution of gratitude was also passed to Sherbrooke Fire Chief, Percy Donahue.

Various other letters which had been sent out to all who aided in any way during the disaster were also read and approved by the council, and it was also announced that the Lennoxville Press was still carrying on business through the kindness of other printing firms who were taking over their orders temporarily. Lennoxville Fire Chief Sam Gratham was commended for his handling of the fire-fighting forces.

Several petitions from citizens of the town were considered by the council and action taken on some of them. A ruling of the town's attorney, Harry Grundy, Q.C., on section five hundred of the Cities and Town's Act was applied to a petition by Sam Cohen in regard to the house just demolished on his property. Since the taxes on the house evaluation were already paid for the full year 1954, Mr. Cohen was entitled to a 50 per cent tax remission on the house, and this was granted on a motion by Councillor Dunfield.

The present wet spell showed its effects, too, as several requests were received for the council to re-direct the courses of various small streams at present swollen and inundating property. The council, however either rejected such requests, or else suggested means whereby the owners themselves might alleviate the situation.

A petition asking that the trees and bushes overhanging on Queen Street between Wilson and Academy streets be trimmed was turned over to the Roads Committee. A suggestion by Councillor Dunfield that a by-law be enacted providing that public utilities be allowed discretionary trimming was rejected on the grounds that such a provision left the way open to indiscriminate cutting.

The new sewerage plan for the upper section of the town has been approved by the Ministry of Health, and tenders will be called for construction in the near future. The plan envisages the installation of new trunk sewer to serve the Park avenue, Clough, Academy, Warren and Church streets areas.

At the same time, it was brought out that one reason for the poor water pressure during the May 28 explosion was the fact that there are places in the water system where two inch water pipes were feeding four inch ones. The unanimous decision of the council was that this situation should be remedied in conjunction with the sewerage project.

The council voted a grant of one hundred dollars to the Lennoxville Dominion Day Celebration Committee, a committee of the Home and School Association which is staging a gala celebration on Dominion Day. In connection with summer vacations, it was decided that all citizens would be requested to contact the Town Hall upon leaving for holidays. This would enable the town to give adequate police protection to empty houses during the summer months.

And police protection in Lennoxville will get sterner in the very near future. The Lennoxville police force has long boasted that none of its members have ever carried a gun, but a resolution of the council changed all that last night. Authorization was given for the purchase of two .38 calibre revolvers to be worn and used if necessary by the force.

Floating Island Again On Travels At Lake Waterloo

Waterloo, June 8 — Lake Waterloo's famous "Floating Island" is travelling again after being stationary for the past eighteen years.

This noted land mass broke away from the southwest corner of the lake late Sunday evening as a result of the high water and was blown across the lake to the northeast section where it halted for a brief period in the vicinity of the Roxton chair factory. After its short halt, it made a complete turn and came to rest in the southeast corner of the lake.

It lodged itself in front of the summer community known as Little Granby and unless it decides to resume its wanderings threatens to ruin the beach for some twenty-four summer homes located in this area.

This particular floating island is about one acre in extent and carries trees ranging to thirty feet in height.

A second and much smaller island was also broken off the same area and is now floating in the centre of the lake.

About eighteen years ago, a piece of land was broken off the north end of the lake and after some days of travelling came to rest opposite the town beach, which has been virtually ruined because the island prevent the normal circulation of the water, which at most times is stagnant.

Lions Club Held Meet Last Night

The Lions Club held their regular weekly supper meeting last night at the New Sherbrooke. Jean-Louis Gauthier presided over the meeting and read a telegram from Roland Savoie and Wilfrid Routhier, two members of the local club attending the Rouyn Lion convention. Neil Tracy reported he had no new details about the summer camp for the blind.

The Man Not The Race

How often have we heard it? The Germans are hard and the sweeping statement is made often to include all Germans. The Italians are artistic; the Scots and Jews are "tight"; the English are sportsmanlike the Greeks, wily, and so on.

But stereotyped mental images about other nationalities are on the decline, Dr. Otto Klineberg, social psychologist and Columbia professor at present with UNESCO, reported in a Montreal interview the other day. Dr. Klineberg quoted questions put to Princeton students in 1922 and, 18 years later, in 1950 to show that these fixed impressions are slowly on the wane. He credited the social sciences with the improvement.

In other words, men and women are being judged increasingly as individuals not as English, Scots, Irish, Jews and Germans.

The Germans have been tough, historically. Some put the roots of this fact back many centuries to the time when the tough tribes repelled the legions of Rome and refused to be "civilized." Others blame this hardness on Germany's late national development and her position in the middle of a warring continent. Germany's militarism and much of her philosophy has, admittedly, glorified might and conquest.

Few people in the world today are greater lovers of animals than many Germans. Even under Hitler's Reich one only had to walk along the streets on a Sunday to see the parade of dachshunds and the unteutonic fussing over these sleek, little animals. And German civilian doctors and nurses have long been among the best and most considerate, generally speaking, in the world.

The Jews and the Scots are tight? True, one race has faced many centuries of wanderers' adversity. Most of the forbears of the other have been reared in poverty on bleak, northern highlands. It would be surprising if both, like the mountain-bred Swiss, were not, as a rule, careful in their everyday economy.

But watch the subscription lists of charities if you would know the true generosity of both Jews and Scots. The Jews contribute to Gentile causes far more than do many Gentiles. They give support and encouragement to the less prosperous members of their faith and unstinting help, year after year, to their historic and still-struggling homeland.

As for the Scots, many are leaders in philanthropy. Careful with the pennies is the rule but education, especially, has cause to be grateful for this thrift. The names of Carnegie and of three or four chief benefactors of Canadian universities and colleges come instantly to mind.

There are ruling characteristics among all peoples but the exceptions to the rules are becoming ever greater in their numbers and generalizations in thoughts on race are increasingly dangerous today and quite likely to be untrue.

"I Don't Like Such Guys"

The popularity of hold-up men in Eastern Canada is evidently at an all-time low. The evidence comes from the mouths of two guns used within the last few days.

A bandit was shot dead on Thursday by a credit union teller at Bienville, Que. A youth of 20 entered the credit union, changed a 50-cent piece and later jumped on the teller who, in the meantime, had taken a gun from a drawer. The teller whirled and fired.

Early Sunday morning Edmond Latreille, of L'Orignal, Ont., heard men working at the safe of the Caisse Populaire branch, housed in the building where Latreille, manager of an adjoining co-operative store, lives.

"I don't like such guys and they don't scare me," said Latreille to his wife as he reached for his .22 calibre rifle. He went out into the rain and darkness, shot one man and drove the other two off. The man who was hit is in hospital in a serious condition with a bullet wound near his heart. His two companions, it is believed, escaped in a truck.

"I don't like such guys.". It is the feeling of a good many citizens who have to work, and frequently work hard, for their money. Today it is more than a feeling — it is crystallizing into action.

Earlier in the year Montreal provided three instances. An ex-R.C.A.F. judo instructor, who happened to be in a St. Catherine Street bank as a customer, tackled a bandit whom he had seen passing a note to the teller and then stuffing bills in his pocket.

Before the bandit reached the door Fred Owen, the ex-instructor, dived and caught his ankles. The manager and others moved in and the intruder was subdued. A good part of $1,100 in bills was strewn across the bank floor in the melee.

A few weeks before that a Montreal storekeeper and his son foiled two would-be holdup men, one armed, by using a hammer and a candlestick. On the same day, an ill-starred one for bandits, a Montreal butcher grabbed a youth who had demanded money and placed him none too gently on the sidewalk outside. In this case, the butcher, in his honest indignation, forgot to call the police.

"The way of the transgressor is hard" and is growing harder — especially when it comes to holding-up small stores and premises where money is the merchandise. More and more people not only "don't like such guys" but are ready to do something about it.

When Danger Is Closest

Forty thousand of the Vietminh are closing-in on Hanoi, chief city of Indo-China, reports the Associated Press. The bursting of bombs from French planes and the sharper sound of the firing of artillery reverberate through the city.

"But the beggar in the alleyway, the flower woman on the corner, the three French soldiers sipping cognac under the striped awning of the sidewalk cafe didn't bother to look up," as the planes roared overhead. "The people of Hanoi apparently just don't care."

It is usually the same way when war's danger is near. People seem apathetic, especially in the East. Underneath there may be fear but the sensible: "What's the use?" comes to the rescue with its attendant self-control.

It has been so on many an occasion throughout history and notably in Britain in 1940 when invasion appeared imminent. Pont of Punch hit this off well in a telling cartoon, its background a village pub.

"There is panic in Britain," the Berlin radio was broadcasting in English as the bartender tuned in. The bar man, of the usual girth, was standing, according to custom, sleeves rolled up, hands on counter, exhibiting about as much facial expression as a plum pudding. Two peak-capped characters, one with pipe drooping from his mouth, were slumped in their chairs pondering half-filled glasses with turtle-like stares. A perfect scene of still-life this Pont depiction of "panic in Britain" and one far nearer to the unexciting truth than the startling version from Berlin.

HOW TO MAKE FORTUNE
Fort William Times-Journal

People of the United States and of Eastern Canada would be found divided in their opiinon when informed that television has not yet come to the lakehead cities. On one side there would be an expression of regret that lakehead people had no opportunity to see and hear Liberace. On the other side the people of the lakehead would be congratulated that they had not been subjected to the televison programs in which Liberace appears.

Liberace? He is a young man of 34 years of age whose hair has been gray since he was 21, and who presides at a grand piano decorated with candelabra. The candles are his trademark. What Liberace does to the classics makes most musicians shudder. Almost all musicians of ordinary ability feel free to criticize the artist's playing ability. Few will concede that he is even close to the classification of a master musician.

Yet Liberace has made a million dollars during the past year, appearing on 174 television stations weekly. At Madison Square Gardens in New York he drew a crowd of 16,000 persons who paid $60,000 to see and hear the man.

Apparently what one requires to make a great deal of money in the United States is grey hair, tricky piano playing, and candlesticks on top of the piano.

The Horse Thief

By JAMES D. HARSH

McClure Syndicate — WNU Features.

I never should have trusted Clint Stone the day he rode into my ranch wanting a job as horse wrangler. Maybe it was the narrow eyes and the way he had of running his hands along his gun belt, made him look suspicious. After two months of working for the Lazy X ranch, he up and vanishes with two of my best studs.

Ben Elders, my foreman roared into the house the morning Clint left. He was a comical sight. Stetson and boots and pajamis in between, bending over me, shaking me until I plumb near rolled out of bed. "Clint stole your best studs, Boss!" Ben said his eyes rolling with anger.

Somehow I sorta expected something like that to happen so I took it calmly. "When did he leave?"

"Near two hours ago. He told the cook he was going to take a ride to sorta think things over. When I went to feed the horses two of your top studs was missing.

The sun was warm as it came through the window. Ben called some of the boys together. I told them what had happened. It was only a matter of minutes until we were all saddled and heading out across a wide expanse of ground following what looked like two horse tracks. It was kind of a hunch I had about the slicker taking his loot into Pinto Plains where he could get a good price for the horses. Jedd Masters was a dealer in the town who bought at a good price and didn't much care whose brand rode on the horse's flank.

Jedd was the slickest hombre I'd ever heard of. No one could put a finger on him because the law hadn't caught him in the act.

It was late afternoon when we neared Jedd's place laying calm and peaceful on the outskirts of Pinto Plains. Ben was the first to spot the Lazy X studs tied outside Jedd's cabin. I halted the men some distance from the place, and got down and went to the front door on foot. I knocked and a small man with a dried face opened the door.

"I'm Mark Forsythe of the Lazy X." I said calmly forcing my way inside, over my shoulder I could see Ben coming toward the cabin, his lean hand resting on his .45.

"So?" Jedd looked troubled. "What did the gent take for the critters outside?" I nodded to when Jube and Skipper were tied.

"That's my business," he spat."

I drew fast and leveled my colt into his sagging belly. He squirmed, fear showing on his face.

"Half a grand. But . . . he told me they were his . . . no law saying a man can't buy a couple horses. I paid him off and he beat it." His thin lips were trembling.

"Well, I'm buying 'em back from you." I threw five hundred dollars at his feet and backed out the door. He stared at the green backs, then stepped and picked them up. "I can't prove you didn't know they were stolen: but if I ever catch your kind around my place I'll blow you to kingdom came."

When I got outside I saw something that made me stop dead still. The sheriff and Clint Stone were riding hard in our direction. Clint stayed on his horse when the sheriff pushed into the cabin. Then Jedd came out, his hands raised skyward.

"Thanks to your hand here, we finally got the goods on Jedd Masters. Pretty smart idea you had sending Clint here to Jedd like he was unloading a pair of stolen studs. There's no law in these parts against horse dealing, but when a man signs a receipt saying he's paying for stolen property then I figure he ain't playing fair and square."

What ever reason Clint had for laying for Jedd I'll never

"Just goes to show you, boss, a man should read everything before he signs. You can't trust nobody these days."

know, cause a cowboy's business is his own as long as he can cut the mustard. Clint handed me a wad of bills which totaled five hundred and we started back to the ranch.

"Just goes to show you, boss, a man should read everything before he signs. You can't trust nobody these days." Clint had sort of self satisfied grin on his sun tanned face.

SUGGESTS OPPENHEIMER FOR CANADA
Windsor Star

Rt. Hon. C. D. Howe's belife that atomic power for industrial uses soon will be an economic feasibility is great news for Canada. Ever since atomic energy was made a reality its use in the provision of power has been an industrial probability. The problem has been whether it could be produced at a cost within the range of industrial needs.

Canada thus has a magnificent supply of all the major sources of power and heat, namely coal, oil, gas, water power and atomic energy. If the day ever should come when power can be developed from the sun's rays, we will have plenty of that, too.

Cheap hydro power, based on our water resources, has given Canada a great advantage in the industrial field. If we can get atomic power down to a comparable level, then we will have an almost inexhaustible supply of additional power at the same low cost. Mr. Howe estimates it can be supplied at the equivalent of $8 per ton coal. If that is the original cost it is reasonable to expect future progress can make it still cheaper.

Our Chalk River scientists have been doing a remarkable job in studying ways which atomic energy can be used for peaceful purposes. In some respects they are leading the world.

An idea comes to us, though it may not be feasible. Dr. J. R. Oppenheimer, key United States atom scientist and one of the foremost in the entire world, is unlikely to be employed further on secret United States projects. We are not making any atom or hydrogen bombs, thus there isn't the same element of secrecy. If Dr. Oppenheimer's fantastic brain could be enlisted on our peaceful projects, he might come up with some great ideas. If we don't get him, some other country is apt to do so, and we don't mean Communist countries either.

SEX PSYCHOPATHS
Toronto Telegram

A number of persons have been sentenced to "preventive detention," as provided by the Criminal Code, upon being proven to be leading persistently a criminal life. In the devised Code a similar section provides preventive detention in a penitentiary for anyone shown to be a criminal sexual psychopath. This was invoked by the Crown in a case here on Tuesday of a man accused of four offenses against young girls, but the court refused to apply the section.

Preliminary to imposing sentence upon a person convicted under any of a half-dozen sections — rape, indecent assault, etc. — a court "may" hear evidence as to whether the accused is a criminal sexual psychopath. The evidence must include that of at least two psychiatrists, one nominated by the Attorney General. If the court then finds that the accused is a criminal sexual psychopath, it "shall" impose a sentence of not less than two years in respect of the offense upon which the accused is convicted, and in addition preventive detention.

In the present case, Mr. Justice Ferguson heard testimony of two experienced psychiatrists. Both said positively the accused came under the category defined in the Code, and Dr. C. S. Tennant testified that it was most improbable he would change his ways. The Code definition is that of a person who by a course of conduct has shown lack of power to control his sexual impulses. His lordship rejected the Crown application, holding that the man's actions were "planned and deliberate." He imposed sentences totalling seven years.

Parliament after due consideration provided this preventive detention penalty for persons "likely to attack or otherwise inflict injury, pain or other evil on any person." To a layman it would appeal that the course of conduct in this case definitely called for that protection of the public afforded by the "psychopath" section. This man will be at large again in seven years, less any time off for good conduct. The new section of the Code either is effective or it is not. If inoperative through its prasing, now is the time to clarify it.

OUR $300 TIRES
Financial Post

Three hundred dollars for one tire for the average car? It sounds fantastic. Yet that would have been a bargain price in the early days of motoring.

The first tires, Goodyear's R. C. Berkinshaw pointed out at the annual meeting of the Rubber Association of Canada, cost the consumer $10 per 1,000 miles of travel. The present $20 tires lasting 30,000 miles, would therefore be worth $300. And that's only part of the story. Even up to 25 years ago one could hardly expect to run 100 miles without a flat. That sort of trouble is almost entirely eliminated today.

In rubber, cars and hundreds of other products, there has been such vast and continuous improvements in the last 25-50 years that there is simply no comparison between the old and the new.

IT'S YOUR DEAL ...

PINOCHLE IS REAL TRICKY

By OSWALD JACOBY and ALFRED SHEINWOLD

"How do you decide what to discard in auction pinochle," asks a California reader. "If you decide to discard an ace or a trump, is it necessary to tell your opponents that you have done so?"

We'll answer the second question first because it is much shorter. There is no rule that compels you to announce what you have discarded. It is seldom wise to discard a trump, but if you decide to do so you may go ahead an let the opponents guess what you have done.

Ninety-nine times out of a hundred the correct discard is from a short suit. Your object is to avoid losing any tricks at all in a particular suit.

For example, suppose you have the following hand: Spades A-10-K-Q-J-9, Hearts A-10-K-9-9, Diamonds A-10-J-9, Clubs A-Q-Q. The bid is 430, and you meld the flush, the pinochle and aces, for a total of 300 points. You need 130 points in cards. Which three cards should you discard?

If you think of discarding the two red tens and one other card, you can get rid of only one club. The remaining queen of clubs will cost you 24 points, if the opponents play ace and ten on it, as they almost surely will.

If you save the ten of hearts instead of discarding it, you may win a trick with it; and it probably won't cost you more than 24 points even if you lose it.

There is a further argument against discarding the ten of hearts. A long side suit is your best protection against a bad trump break. If the opponent with long trumps has to trump hearts, he will have to use up his trumps and get only the high hearts that his partner was going to make anyway.

If you have no long side suit, the player with long trumps will get an assortment of aces and tens from his partner on the trump tricks that he wins.

Once you decide to save the ten of hearts, your problem is simplified. You must discard the two clubs and one other card. The ten of diamonds is the obvious choice as your third discard.

Now you will save some of the loss in diamonds, and you will lose nothing at all in clubs. With normal breaks, or even with mildly bad breaks, you should make the 130 points.

If you needed only 100 points in cards, you would discard both of the red tens and the nine of diamonds. This would start you off with 20 points an a pretty short diamond holding.

Jacoby On Bridge

By OSWALD JACOBY

LOOK HAND OVER BEFORE DECIDING

If you were playing the South hand at a contract of six hearts, how would you handle the clubs? Imagine that you cannot see the cards held by East and West, exactly as if you were playing in a regular game.

One method is to lay down the ace and then the king of clubs in the hope of dropping a singleton or doubleton queen. Another plan is to lead the jack of clubs from the dummy to finesse through the queen.

If the queen is picked up by this method, declarer must get back to rummy and take a second finesse for the ten.

Neither plan has a really good chance to succeed. (This is due largely to the fact that both North and South have only two spades. If either of them had three or four spades, the slam would be cold.) Unattractive as both lines of play are, South must nevertheless make a choice.

South should not make up his mind too early. The correct procedure is to play as much of the hand as possible in order to get a count before committing yourself.

When the hand was actually played, West opened the four of spades, and East won with the ace. East returned the deuce of spades, and dummy won with the king. The plays of the spades convinced South that West had led from a five-card suit and that East held four spades.

Declarer drew three rounds of trumps and then ran three diamonds, discarding a club from his hand. He thus discovered that East had started with exactly three hearts and two diamonds. It was therefore clear that East had started with four clubs.

This information solved declarer's problem for him. The odds were 4 to 1 that East had the queen of clubs. Hence declarer began the clubs by leading the jack from the dummy.

East covered with the queen and South won with the king. West's singleton club was discovered to be only a low card. Declarer therefore got back to dummy with a trump and led the nine of clubs for a successful finesse through East's ten.

CARD SENSE

Q—With both sides vulnerable, the bidding has been:

North	East	South	West
1 Diamond	Double	?	

You, South, hold: Spades 8-7, Hearts 9-3-2, Diamonds K-Q-10-2, Clubs 7-6-3-2. What do you do?

A—Bid two diamonds. The hand is probably hopeless, unless your partner can compete in diamonds. This may well be your only chance to show your diamond support cheaply.

TODAY'S QUESTION

The bidding is the same as in the question just answered. You South, hold: Spade 8, Hearts 9-3-2, Diamonds K-Q-7-6-2, Clubs K-6-3-2. What do you do?

Conqueror Of Everest Recovering

By ADRIENNE FARRELL

New Delhi—(Reuters)—A telegram signed by Sir Edmund Hillary, reporting himself "in excellent condition," reached the Indian capital today.

The message from the conqueror of Mount Everest, who had been reported suffering from pneumonia while leading an expedition to the Himalayan peak of Makalu, said:

"Regret unnecessary concern my health but am now in excellent condition."

It was addressed to the offices of the British high commissioner, Sir Alexander Clutterbuck, in response to a broadcast appeal for information about Hillary.

The telegram had been sent from Jogbani, on the Nepal frontier, Monday, having presumably been brougnt there by a native runner. Hillary and other members of his 10-man New Zealand expedition to 27,790-foot Mount Mount Makalu are expected to reach Jogbani within a week.

James McFarlane, a member of the expedition who was injured earlier in a fall down a crevice, is reported also to be on his way out.

The New Zealanders face a difficult 150-mile journey back along precipitous paths above Arun gorge and over the Arun river, already swollen by the melting of glacier waters. It should be no problem for Hillary but for McFarlane, who was frostbitten in hands and feet, it will be a nightmare journey on a stretcher along narrow tracks, and across flimsy rope bridges over foaming torrents.

Contempt Is Charged To Newspaper

St. John's, Nfld. — (AP) — The publishers, editor and columnist of the Corner Brook Western Star got notice Monday that Newfoundland's Attorney-General will place contempt of court charges against them June 17.

The action followed a story by columnist Ed Finn Jr., in which he commented on a warning to the press by Chief Justice Sir Albert Walsh, Mr. Justice Dunfield, and Mr. Justice Winter.

Notices of motion were served Monday on Mr. Finn, editor James Roe, and managing director Wallace MacKay, who was served the notice on behalf of the publishers. The newspaper is owned by J. M. Herder, H. C. Herder, and S. R. Herder of St. John's.

Under these notices, the persons named can appear before the Supreme Court to show why they should not be charged. The judges then will decide whether contempt convictions will follow.

Mr. Finn commented on the judges' statement after they warned press and radio about prejudicing the case of Dr. Alfred A. Valdmanis, awaiting trial on charges of defrauding the Newfoundland government and a German machine company of $420,000.

Pauls Grove, England —(AP) —Mrs. Lucy Longyear, who weighs 252 pounds, became stuck fast in a second-storey window while trying to escape from her burning home Monday. A fireman and a policeman finally worked her loose and the brawny cop staggered down a ladder with Mrs. Longyear over one shoulder.

Durban, South Africa —(AP) —Valuable observatory instruments were smashed at Durban's observatory Monday by vandals who scrawled hammer-and sickle and swastika signs in chalk on the roof. Instruments were ripped from their cases in the observation tower and flung on to a concrete floor 15 feet below. The instruments included eyepieces of the big telescope.

CARD OF THANKS

I wish to express my sincere thanks to my kind friends and neighbours and relations who helped me in my home while I had my arm broken. I wish to thank all those who sent flowers, letters, cards and food. I also wish to thank Dr. Martin, of Scotstown. The kindness of all who remembered me will never be forgotten. May God bless every one for their kindness to me.

It's a problem buying a rug when you know nothing about them

Remember-BMK gives you 4 extras at no extra cost

EXTRA! *Scottish quality at Canadian prices!*
EXTRA! *tough, springy, prize-winning, Scottish wool!*
EXTRA! *mothproofing that can't wear or wash out!*
EXTRA! *more colours and patterns to choose from!*

There's no trick to buying rugs like an expert — just look for the BMK label. Every BMK rug is made from the tough, springy wool of the Scotch Blackfaced sheep. This wool is blended with other selected strains, and is woven on modern looms by Kilmarnock craftsmen. Scottish quality is yours at Canadian prices. No wonder every BMK mothproofed rug gives you extra value for your money!

Father Takes Action To Protect Children

Wife and Family to Receive At Least $20,000

Last winter, a young father told a Confederation Man: "Fred, you know how much is left of my $5,000 income after payments on my house ... food and clothing bills ... and all the other expenses. How much protection can I *afford* for my family?"

"A lot more than you think, Jim," replied the Confederation Man. "We have a plan that, on your salary, will provide for your family $10,000 in cash at death . . . and $100 every month until your daughter is 21. Then, they'll receive another $10,000. In the event of death after your daughter is 21 this plan provides $20,000 in cash. That's enough to provide a brighter future!" That's how a Confederation Life Man helped one father protect his family. He can help *you* too!

SWEETSBURG—

Mrs. G. B. Cousens who was the delegate to the Quebec-Sherbrooke Presbyterial from Emmanuel United Church gave a very comprehensive report of that four-day convention at the May meeting of the Woman's Missionary Society, which had been postponed for a week owing to the County convention of the Missisquoi-Shefford W.C.T.U. held in Granby, Mrs. Cousens stated that 23 W.M.S. groups had exceeded their allocations in 1953 and only one had failed to reach theirs. It is hoped that some person from this district may decide to attend Camp McAulay from August 16 to 20 next, to improve leadership training. Kinnear's Mills mission group won the prize for missionary reading the past year and it was a great pleasure to have two young ladies present from the Ulverton group showing a definite interest in this great work. There is a real need for a Mission Group here in these two towns and it is hoped that a leader may be found for the organization of a group in the near future. Recently the W.M.S. shipped a box of used clothing and new yard goods to Korea which weighed 79 pounds. All present at the meeting at the home of Mrs. K. Elvidge expressed thanks to Mrs. Cousens for her splendid report.

Mr. T. H. Robinson, of Gatineau, arived on May 31 to visit his sister, Miss Lora Robinson.

The little son of Mr. and Mrs. David Grubb, Jr., of East Farnham, was christened on May 30 at Emmanuel United Church in Cowansville, receiving the names David Brian. The Rev. Gerald Fee officiating.

Mr. Arthur Tanner has rebuilt the residence which he purchased from Miss Annie J. M. Lowe in Cowansville into three furnished apartments, now occupied by families connected with the Oklahoma Pipe Line Constructors, Mr. and Mrs. Gene Warrick and daughter, of Tennessee; Mr. and Mrs. George Jenkins, of Illinios, and Mr. and Mrs. Gene Ghoring and two children, of Livingston, Texas. Mr. Guy Craft and family, of Dallas, Texas, are occupying the former home of Mr. and Mrs. Sydney Howman. Mr. and Mrs. Howman and daughter, Linda, are residing at Sutton with her parents, Mr. and Mrs. Howard Hastings.

The downpour, on Saturday afternoon had no effect whatsoever on the success of the opening bridge and tea at the Country Club, which was attended by a large number of bridge players and tea guests, as well. The arrangement of red and white carnations in profusion, interspersed between greenery and floor lamps reflected credit on the decorators, who gave the just right touch to the lounge.

A pale yellow bowl of Better Times roses on a cream lace cloth, centered the tea table at which Mrs. P. M. Robins, Mrs. Guy Bryant, Miss Jessie Hopkins and Miss Pauline Steben poured.

Mrs. D. A. Howard, president, received the guests and Mrs. Peter Hunting, treasurer, acted as cashier.

The attractive door prizes, which were cups and saucers from Jean Paul Perrault, and note paper, from Mrs. Claire Pidgeon, were won by Mrs. Jean Carmel, Mrs. A. R. Walters, Miss Christine Dunsmore, Mrs. J. F. Armstrong, Mrs. R. D. Mawhood, Miss Margaret Haight.

The very successful event was convened by Mrs. Raymond Provencher, social convener, who was assisted by Mrs. Eugene Menard, Mrs. Gaston Masse and Mrs. Roland Begin.

The beautiful flowers which adorned the lounge and tea table were donated by Paul McKenna, florist.

WINDSOR MILLS—

W. A. To Assist Church Picnic

Windsor Mills, June 8 — The Woman's Association held its May meeting at the home of Mrs. E. Davies.

The president, Mrs. I. Greenlay, opened the meeting by calling on Mrs. G. Gregersen to lead the devotional period. Sixteen members answered the roll call and one visitor, Mrs. R. McMorine, was present.

The minutes of the last meeting were read by the recording secretary, Mrs. H. Dubuc. The financial statement was read by the treasurer, Mrs. S. M. Paige, showing a balance of $410.19.

A vote of thanks was extended to Mr. Levi Stevens for work done at the parsonage.

The electric light fixture in the church entry is to be renewed and the church hall to be cleaned before the June salad supper.

The subject of a church picnic was brought up by Mrs. Gregersen and after much thought it was decided to assist the Sunday School to hold a picnic on June 19 at Willow Brook, announcements to be made in church for money donations to help purchase drinks and prizes to be given to Mr. Lukie. The Sunday School teachers will be responsible for program and prizes.

Final arrangements were made to hold a salad supper and miscellaneous sale on Thursday, June 10, in the church hall.

The board of trustees gave the W.A. permission to sell the benches in the church hall, the proceeds to go towards the new chairs.

Flowers for the church for the month of June will be in charge of Mrs. McIntyre and Mrs. P. Davies.

The June meeting is to be held at the home of Mrs. E. Mason.

The meeting closed by repeating the Mizpah benediction. Refreshments were served by the hostess, assisted by Mrs. S. Hall and Mrs. Williams.

MARRIAGES

PROUTY—LEVOY

Bondville, Que., June 8. — The marriage of Miss Evelyn Anne Prouty, daughter of Mr. and Mrs. Harold Prouty, of Bondville, Que., to Mr. Allan Hamilton Levoy, son of Mrs. Lillian Levoy, of Knowlton, took place Saturday afternoon, June 5, at four o'clock, in the Church of the Good Shepherd, Bondville, the Rev. T. E. R. Nurse, of St. Paul's Church, Knowlton, officiating. Miss Barbara Hamilton played the wedding music, and Mr. Redmond Brouillette was the soloist. White carnations and pink and white snapdragons were used to decorate.

The bride, given away by her father, was in a strapless waltz-length gown of lace and tulle over taffeta, worn with a matching bolero. Her fingertip-length veil of tulle illusion was held in place by a cap of pleated tulle and lily-of-the-valley and she carried a bouquet of pink rosebuds and lily-of-the-valley.

Miss Edith Thorslund, of Montreal, as maid of honor, and Miss Dorcas Levoy, sister of the groom, as bridesmaid, wore frocks of tulle over taffeta, Miss Thorslund being in pale green and Miss Levoy in pale yellow. They wore headdresses to match their frocks and carried nosegays of pink and white sweet peas.

Mr. Walter Batley acted as best man for Mr. Levoy, and the ushers were Mr. Leonard John Eldridge and Mr. Thomas Ross.

Mrs. Prouty, mother of the bride, was gowned in pale blue imported linen and she wore a navy hat, navy and white accessories and a corsage bouquet of white rosebuds.

Mrs. Levoy, the bridegroom's mother, wore a gown of navy blue silk with a matching hat, navy and white accessories and a corsage of red Sweetheart roses.

The reception was held in the church hall where pink and white snapdragons and yellow roses were used to decorate. The bride's table centered with the wedding cake, was adorned with pink and white carnations.

Later, Mr. and Mrs. Levoy left by motor for Gaspe, the bride travelling in a navy blue bengaline coach dress, and wearing a white straw hat and matching accessories and a corsage of white carnations.

Out of town and other special guests included: The Honorable Mr. Cecil Gordon MacKinnon and Mrs. MacKinnon, Mr. and Mrs. John Bassett, Major and Mrs. Peter Templeton and Mr. and Mrs. Frank Moffitt, of Montreal; Mr. and Mrs. Louis Moore, of Drummondville; Mr. and Mrs. Archie Levoy, of Newport, Vt.; Mr. and Mrs. Arthur Ek, of Beebe; Mr. and Mrs. Gilbert Crosby, of Lennoxville.

Knowlton Groups Give Reports On Varied Activities

Knowlton, June 8 — The regular meeting of St. Paul's Junior Guild took place in the Church Hall on Thursday evening, May 27.

The president, Mrs. Donald Taylor, was in the chair and opened the meeting with prayer.

In the absence of the secretary, the minutes were read by Miss Doris Beals. The treasurer, Mrs. Dennis Taylor presented her report and it was moved that all outstanding bills be paid.

The corresponding secretary, Mrs. William Blackwood, reported acknowledgment of expressions of sympathy for flowers received at the time of the death of Mrs. W. P. R. Lewis.

Final arrangements were made regarding the refreshment booth by the Parochial and Junior Guilds at the carnival on the evenings of June 4 and 5, to assist in furnishing a ward at the Sweetsburg Hospital, planned by the citizens of Knowlton in memory of the men and women who served in World War II.

Activities continued in the work repartment in preparation for the Garden Party scheduled for July 7th.

At the close of the meeting lunch was served by the hostesses, Mrs. J. K. Patterson and Mrs. William Blackwood.

CHEERIO MISSION BAND

Cheerio Mission Band met in the United Church Hall on Friday afternoon, May 28th, with the president, Ann Miller in the chair.

The meeting opened with the Mission Band hymn and Purpose.

The minutes of the last meeting were read by the secretary, Warren Mizener.

The roll call was answered with the verse, "The Lord shall keep thee from all evil." The hymns "Fairest Lord Jesus" and "Hushed was the Evening Hymn" were practised.

Mrs. Elton Bockus read the story, "Along African Trails," from the World Friends, which told an intersting incident in the life of David Livingstone.

The worship service was conducted by Mrs. Gray, who told an interesting story of David Livingstone, which dealt with his life prior to going to Africa. Warren Mizener read Psalm 121 which had been read by David Livingstone to his family on the morning of his departure from Scotland.

The hymn, "Unto the hills Around Do I Lift Up," was sung, after which the offering was taken up by the treasurer, Arthur Duboyce, and dedicated with the hymn "Gigts of Love." A new prayer was taught to children by Mrs. Gray.

Work was done on the stamps and a Friendship Circle was formed for the closing prayer.

International Spirit Demonstrated At Memorial Day Service In Rock Island

Rock Island, June 8 — Memorial Day was observed in the United States on Sunday, May 30, and in true international spirit a special worship service was held at Stanstead South Church, Rock Island, on Sunday morning, attended by American and Canadian worshippers, which included the Foster Cosby Post, No. 73, of the American Legion and their ladies' auxiliary in a body, also the congregation of the Derby Line Universalast Church.

The service was conducted by Rev. E. G. Tenneson, pastor of Stanstead South Church. Rev. Carl Nelson, pastor of the Universalist Church, read the scripture lesson and the sermon was delivered by Rev. Max H. Webster, of the Vercont Congregational Conference.

Rev. Mr. Webster paid tribute to the "Fallen Comrades" who gave their lives in sacrifice of wars, that we might have peace. He referred to this Memorial service, a day celebrated in the United States being observed in another country. Were there more Boundaries like ours, there would be world peace.

Stanstead South Church recently became a member of the Vermont Conference, because of its American worshippers, and this was Rev. Mr. Webster's first official visit, at which time he welcomed this church into the Vermont association.

Suitable anthems were rendered by the senior and the junior choirs, who also led for the singing of the hymns by the very large congregation.

The lovely bouquet of American Beauty roses was from the Universalist Church, being sent to them in memory of the late Mr. and Mrs. J. E. Bartlett of Derby Line, from their daughter, Mrs. E. J. M. Grecco, Dr. Grecco and children, of Sault Ste. Marie, Ont.

Immediately after the service the Legionnaires and Auxiliary members marched to the memorial monument at Baxter Park, where Commander Raymond Petelle offered prayers. Sgt.-at-Arms Douglas Palin of the Post and Sgt.-at-Arms Velma Curtis each laid a wreath at the base of the monument.

MISS GORDON HONORED

The choir members of Stanstead South Church, members of their families, Rev. and Mrs. E. G. Tenneson and Miss Mirabel Robinson gathered at the church hall on Friday evening, May 28, where Miss Cynthia Gordon, of Stanstead, was the guest of honor.

Miss Gordon, who has been a faithful organist for the past four years, will be graduating from Grade XII at Stanstead College this convocation, after which she has accepted a summer position at the nutrition lab of Macdonald College. In the fall she will be entering the college as a student.

On behalf of the choir, George Cowles, choir director, presented Miss Gordon with a gift of money in appreciation of her work, extending to her the best wishes of all her friends for many happy years ahead in music and in her chosen career. Miss Gordon responded with words of appreciation.

The remainder of the evening was spent playing games, after which refreshments were served by the choir ladies.

Miss Gordon terminated her duties at the church on Sunday, May 30. She is being replaced by S. S. Lynch, headmaster of the Eastern Townships Conservatory of Music, commencing on Sunday, June 13.

Miss Gordon,, who was only 14 years of age when she started playing at the console of this church organ, has been very efficient in her work. She replaced Mrs. H. A. Carson, who in turn replaced Miss Robinson, who was church organist for a number of years.

KIDNEY ACIDS Rob your Rest..

Many people never seem to get a good night's rest. They turn and toss—blame it on 'nerves'—when it may be their kidneys. Healthy kidneys filter poisons and excess acids from the blood. If they fail and impurities stay in the system—disturbed rest often follows. If you don't rest well get and use Dodd's Kidney Pills. Dodd's help the kidneys so that you can rest better—and feel better. 136

PRE-NUPTIAL SHOWER

Miss Joyce Hatch and Miss Glenna Rollins, of Rock Island, were joint hostesses at a pre-nuptial shower held at their apartment, on Thursday evening, May 27, in honor of the approaching marriage of Miss Evelyn Rollins, of Rock Island.

Miss Rollins had been taken for a ride by Mrs. Lois Cook, Mrs. Jean Lecours and Miss Glenna Rollins. As they were going through Rock Island they stopped for Miss Hatch to accompany them further. It was only when they were inside that the honored guest realized there was a party arranged for her.

Amid salutations, she was escorted to a special corner decorated to represent a stall; the front, like a manger, was filled with beautifully wrapped packages. The color scheme was in pink, yellow and green. Miss Rollins was assisted in opening these by her mother, Mrs. Forest Rollins. The lovely china, linens, pyrex and other useful gifts were passed around and admired.

In a few well chosen words, the bride-elect expressed her appreciation. The assembled friends, twenty-four co-workers of the Union Twist Drill Co. office staff, of which Miss Rollins was a recent employee, Mrs. Rollins, Mrs. Leewood Laberee, Mrs. Roland Sheldon and Mrs. Owen Quillinan, were delightfully entertained by Mrs. Lloyd Bliss, who showed films taken when she and Mr. Bliss were in Florida a few weeks ago, of the Union Twist Drill Co., Christmas party and many local views, which were much enjoyed.

The refreshments served included a bride's cake, made and decorated by Mrs. Sheldon, sister of the honored guest. The cake decorations were carried out in keeping with Her Majesty's Navy, being trimmed with anchors and enscribed "HMCS Algonquin." The initial cut was made by Miss Rollins.

Miss Rollins and A.B.A.M. Maurice Laberee, R.C.N., are to be married on June 12, at the Church of Our Lady of Mercy, in Rock Island.

HAPPY GANG CLUB

The Happy Gang Club of the Boundary was entertained at the home of Mrs. Howard Bishop, Stanstead, with her daughter, Miss Muriel Bishop, the co-hostess. Several members were present and two guests, Mrs. Eric Probyn and Mrs. Leo Perreault.

All spent an enjoyable time playing bingo and a guessing game, with Mrs. Goff Probyn the prize winner. The door prize was won by Mrs. Perreault.

This was the birthday celebration of Mrs. Archie Webb, who was presented with a gift of money by Miss Bishop, along with the wishes of her friends for many more such happy occasions.

The serving of refreshments terminated the party, the special cake, made by Mrs. Bishop and decorated in white and pink, was presented the honored guest as the ladies sang the "Birthday Song."

The next party will be held at the home of Mrs. Henry Webb, with Mrs. Archie Webb assisting, the evening of June 25.

Junior W. A. At Richmond Holds Successful Tea

Richmond, June 8 — A successful afternoon tea, sponsored by the Junoir W.A. of St. Ann's Church and convened by Mrs. E. Knowles and Mrs. M. Galby, was held in the church hall, on Saturday afternoon, May 29. The many guests were received by Mrs. G. Harrington.

The tea table over which Mrs. George Walker presided, was covered with a lace cloth and centered with a bowl of apple blossoms, flanked on each side with pink tapers in silver holders. The small tea tables, in charge of Mrs. L. Somerville, looked very attractive with vases of flowers and pink tapers in silver holders.

The waitresses were Sandra Ingram, Fern Giddings, Frances Waterhouse, Linda Somerville, Isabel Husk, Ann Somerville, Judy Henderson, June Cookman and Susan Somerville.

The work table was in charge of Edna Stevens and Fern Giddings and at the food table were Farn Henderson, Ann Somerville and Isabel Husk. Surprise parcels were in charge of Linda Biggs and June Cookman.

The Kitchen staff consisted of Mrs. E. Knowles, Mrs. J. Coles and Mrs. C. Waterhouse. The Junior members wore green arm bands, which they earned during the winter months.

SOCIAL EVENING

The regular weekly social evening of the Ladies' Auxiliary to the Legion was held in the Legion Hall with a splendid attendance.

Several tables of cards were played and prizes were won by Mrs. Thomas Gleason, Mrs. Mabel Blanchette, Mrs. M. Fraser and Mr. M. D. Fraser. The committee is very grateful for several prizes donated by Mrs. Charles Johnston, Mrs. Rrnold Snowe and Mrs. P. C. Duboyce.

At the close of the plesant evening, refreshments were served by the hostesses, Mrs. E. C. Nixon, Mrs. Arnold Snowe, Mrs. Roy Blanchette and Mrs. Leslie Dalton.

East Clifton W. I. Meeting Is Held At Sawyerville

East Clifton, June 8 — The Women's Institute held its monthly meeting with Mrs. Alice Waldron in Sawyerville, with Mrs. L. Waldron as join hostess, on Wednesday evening, May 26. Ten members and several visitors were present.

The meeting was presided over by the president, Mrs. J. Towers. Members repeated in unison, "The Flag Salute," Mary Stewart Collect and the Opening Ode, followed by the Lord's Prayer. The motto was "A rose, a tree, a violet, a bee. All gifts from our Creator." Roll call was "Gardening Hints."

Minutes of the previous meeting were read by the secretary-treasurer, Mrs. Parkinson. Correspondence was from Macdonald College, regarding the handicraft exhibit to be held at the provincial convention.

The secretary reported that the municipal taxes on the W. I. hall had been paid. Two dollars was given as prizes at the Cookshire Fair.

Mrs. Ray Waldron reported on the expenses, etc., regarding the annual convention held here on May 6. About eighty were present for dinner and about ninety for afternoon tea.

A very hearty vote of thanks was extended to the non-members who had assisted at the convention, to the committee, all members and special thanks were extended to Mrs. Clayton Blair for making new curtains for the W.I. hall.

The W.I. purchased the chairs from the Municipal Hall and thanks those who gave donations towards buying the chairs.

The Ways and Means committee decided instead of a card party or food sale this month to ask each member to give fifty cents for the general fund.

A letter of thanks was sent to Mrs. R. Learned, of Cookshire, for the lovely box of dahlia bulbs she sent to the members. Mrs. James Bellam, Agriculture convener, reported that the committee had distributed the seeds for the school fair.

Mrs. Irwin McBurney, convener of Welfare and Health, had several pamphlets on child welfare. The programs for 1954-55 were given out.

As this meeting was just past Citizenship Day, Mrs. A. Waldron, convener of Citizenship, gave a humorous reading, "What a Built."

Bulbs, slips, plants, etc., were exchanged at this meeting.

Get well cards were signed by those present and sent to Mrs. Clayton Blair and Mrs. Victor Bell who are both ill.

At the close of the meeting the hostesses, assisted by Miss Eldine Waldron, Mrs. Desmond Bain and Mrs. Lloyd Shaughnessy, served refreshments.

Now Goodyear makes a great tire even greater!

New 1954 All-Nylon Cord Super-Cushion!

NYLON'S AMAZING STRENGTH PLUS 3 GREAT IMPROVEMENTS

- 3-T CORD FOR EVEN MORE MILEAGE
- SAFETY SILENCERS FOR QUIETER RIDE
- NEW TREAD DESIGN FOR GREATER SKID RESISTANCE

NO TIRE AT OR NEAR ITS PRICE CAN MATCH IT!

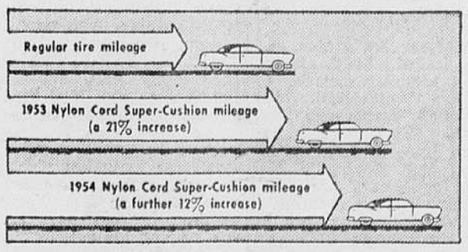

Over 750,000 smashing, pounding blows were taken by these All-Nylon Cord Super-Cushions driven day after day over railroad ties. Amazing result: no tire body damage of any kind! Not one broken cord!

In 1953, Goodyear introduced the tire sensation of the decade—the All-Nylon Cord Super-Cushion . . . the first All-Nylon cord tire at a popular price.

And now Goodyear makes this great tire even greater with 3 sensational improvements for 1954. No tire at or near its price can match it!

Test after punishing test—like the one illustrated (left)—prove All-Nylon cords make this tire so strong that impact blowouts are almost impossible! Think of the longer tire life—the safety—this means to you!

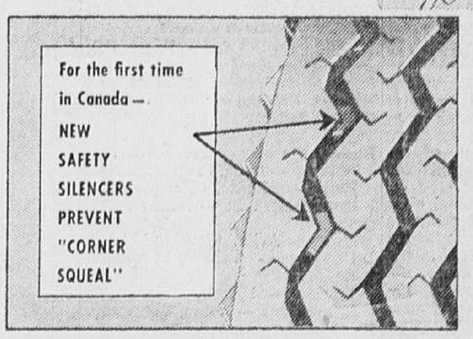

1954 IMPROVEMENT NUMBER 1

Goodyear's exclusive 3-T cord process, plus a new tread design, result in greater mileage than ever before. The new 1954 All-Nylon Cord Super-Cushion gives *almost ⅓ more safe mileage than most motorists have ever known.*

The new 3-T cord process . . . requiring Tension, Temperature and Time . . . triple-tempers or "sets" tire cords at the exact point where their strength and resiliency are greatest. 3-T cords result in longer tread wear and greater resistance to blowout dangers. *It's another Goodyear first!*

1954 IMPROVEMENT NUMBER 2

Safety Silencers—for the first time in Canada! You know that annoying "squeal" when you turn a corner! It's caused by the outer ribs of your tires rubbing together. Now Goodyear puts a stop to this annoyance. Those "buttons" (see above) moulded between the outer ribs of this new tread—keep the ribs *apart*—practically eliminate "corner squeal". The 1954 All-Nylon Cord Super-Cushion gives you the quietest ride you've ever known.

1954 IMPROVEMENT NUMBER 3

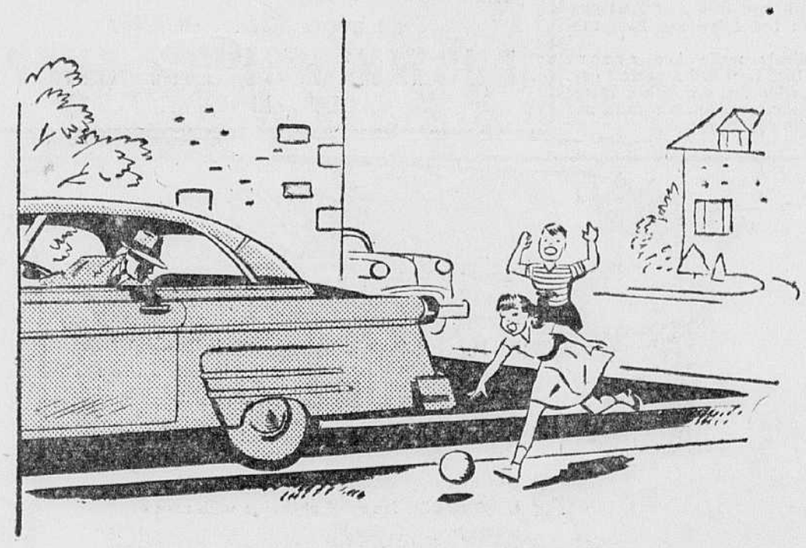

New, flatter tread design that results in 15% greater skid resistance! This new tread design puts more rubber on the road. And there are 880 deep-cut safety slots—1806 inches of non-skid edges. This tread *grabs* the road—gives you safer, surer stops—more protection against sideways skids than ever before—far better traction than ordinary tires.

LOOK BEFORE BACKING UP...

In our cities, children play on the sidewalks.

They also venture carelessly onto the roadway, darting from between parked cars, dashing across the street, totally unaware of the lurking danger. The careful driver should constantly think of them, scan the roadway, foresee the ***unexpected.*** When he backs up, either coming out of a garage or after parking, he should check whether there is anybody behind his car and that the way is clear before moving out. The careful motorist should have all his wits about him: sound judgment, complete awareness, mastery at the wheel and mental alertness.

Campy Returns, Dodgers Chalk Up Tenth Straight Win

Ace Backstop Out For 29 Days With Wrist Injury As Mates Blow Games; On Winning Streak Since His Return

Campy's back, and the Dodgers are threatening to turn the National League pennant race into another Brooklyn runaway.

Since catcher Roy Campanella returned to action they've won every game they've played and now have a streak of 10, as long as any in the circuit this season.

The hard-working catcher fretted through 29 days of inactivity following an operation on his broken left wrist. And his Dodger teammates fretted right along with him, blowing games they should have won, slumping at the plate and bobbling in the field.

Campanella went back behind the plate a week ago Sunday, and since then it's been just one victory after another as the Dodgers moved from fourth place to a firm hold on the league lead.

Campy Steals Base

They had to battle 12 innings Monday night before subduing St. Louis Cardinals 7-5. After Carl Furillo singled in the tie-breaking run, Campanella stole home for the extra tally.

New York Giants beat Milwaukee 4-2 and in the American League Boston Red Sox won a pair from Detroit 3-2 and 5-4, the second game in 12 innings. The rest of the teams in both leagues were idle.

The Brooklyn victory came after the Cards had put the winning run on third base with nobody out during a three-run uprising in the ninth. Preacher Roe had gone into the last of the ninth with a 5-2 lead. Then a single by Red Schoendienst, a walk to Stan Musial and Ray Jablonski's double drove Roe out, one run in and brought on Jim Hughes.

And A Homer, Too

Bill Sarni blasted Hughes' first pitch for a triple. Then Hughes walked the next two batters purposely and got two outs on poptlies and the third on an infield grounder.

Campanella aided the early attack with a home run and Pee Wee Reese ran his hitting streak to 12 games with a single and a double.

The Braves sank into fourth place as they bowed to the runner-up Giants, who trail Brooklyn by two games.

Whitey Lockman's home run with one on in the second provided the winning margin. Milwaukee didn't get a ball out of the infield against Sal Maglie until the sixth inning. Marv Grissom finished after Maglie tired in the seventh. Eddie Mathews hit a 420-foot home run off Grissom in the eighth.

Boston's double triumph moved the Red Sox into fifth place in the American League, only 3½ games out of the first division. Frank Sullivan and Tom Brewer, two rookie righthanders, tamed the Tigers, with Brewer going all the way in the 12-inning nightcap.

Angelo Nardella Is Main Hope For Richmond In International Race; Jim Owens Tosses One-Hitter

Richmond Virginians, who had a dim view of the International League pennant from the cellar a few weeks ago, are looking for Angelo (Wimpy) Nardella to help move the club into contention.

Nardella, in his first year of triple-A ball, recorded his sixth victory against one loss Monday night as his mates pounded out a 8-1 decision over the last-place Ottawa Athletics. The victory moved Richmond to within 7½ games of the league-leading Rochester Red Wings, even though the Virginians are still in fifth place.

Rochester took over fifth place from Toronto by downing the Maple Leafs 5-2 in 11 innings Monday. Nardella, a 25-year-old rookie, scattered seven hits, walked one and struck out four. The Virginians took a 2-0 lead in the first inning and were never in danger after that.

Outfielder Bill Virdon of Rochester, sidelined because of a leg injury, came off the bench as a pinch - hitter and walloped the three-run 11th-inning home run that knocked Toronto out of first place.

Virdon's blast broke up a stirring pitchers' duel between the Leafs' Eddie Blake and winner Memo Luna.

Jim Owners hurled a one-hitter as Syracuse Chiefs defeated the Buffalo Bisons 6-2. Sammy Meeks' fourth-inning homer was the only hit off Owens, who won his fifth game against two losses. Johnny Blatnik blasted a grandslam homer for the margin of victory for the Chiefs.

Montreal Royals trounced Havana Cuban Sugar Kings 7-3 as Art Fabbro gave up two hits in 8 2-3 innings of relief pitching.

Dartmouth Loses To Stellarton 4-0

Stellarton, N.S. —(CP)—Stellarton Albions blanked Dartmouth Arrows 4-0 as the defending Halifax and District Baseball League champions got away to a good opening day start before a crowd of 1,500 Monday.

Albions scored all four runs on homers by Joe Fulgham, and newcomers Kenny Frye and Rus Bachelor. They collected eight hits off two Dartmouth pitchers. Gather Cline doubled and came home on Frye's homer for the extra run.

Sherrill Hall went the distance for Stellarton holding Dartmouth to four hits. Arrows first baseman Wenie Miller had two of these.

Luther Conger started for Dartmouth and gave up all four runs. He was replaced by Jim Lough in the eighth.

Joe Fulgham led the Stellarton attack with a homer and single. Both teams played errorless ball.

Horvath Qualifies For US Open Match

New York—(CP)—Rudy Horvath of Windsor, Ont., qualified to enter next week's United States open golf tournament Monday by firing a 73-73—146 to win one of the eight berths alloted to competitors in the state of Michigan.

Two top U. S. golfers had close calls as professionals and amateurs shot their qualifying rounds for the big event at Bal-Tusrol, N.Y., June 17-19. Billy Patton, amateur sensation of the recent Masters tournament, and Bob Toski, leading money-winner among the pros, both had to win playoffs to get by.

SUMMER BONSPIEL FINALISTS — The above photos show the four rinks who battled it out for the honors in the Canada Paper Curling Club Summer Bonspiel which was held last week with the finals being staged Saturday evening. In the top picture Sid Cross emerged the winner over Buster McLenahan's rink 7-5 in one of the main events while in the lower one Pat Ross and his St. Johns' foursome downed Darcy Bennett and his Lennoxville quartet 8-4 in the other half of the draw.

In the top photo, kneeling left to right: B. McLenahan, Dick Ross, W. Houghton and J. Paige. In the rear, same order: Sid Cross, Dr. J. Hibbard, L. Dwyer and E. Taylor. In the lower picture, front row, left to right: Darcy Bennett, Dr. T. Burton, E. Smith and L. V. Perron. Standing, same order: Pat Ross, A. Granger, J. Duncan and R. Gamache.

Vancouver Paper Says Next BEG To Be In Cardiff

Vancouver—(CP)—The Vancouver Province in a sports page story Monday says the 1958 British Empire Games will be held at Cardiff, Wales.

The Province says there will be no official announcement on the venue of the 1958 games for several months but that it has learned from a city track official that Cardiff already has been selected as the games' site. The official was not identified.

The games, staged every four years, will be held in Vancouver this summer.

A spokesman for the games committee here said applications for the 1958 games would not be considered until officials meet here during games week.

Canadian And U. S. Teams Ready For Battle For Hopkins Trophy Which Opens Thursday At Port Credit

Toronto — (CP) — It will be even money, take your choice when six Canadian professionals and a putting genius from South Africa taken on a seven-man United States team in the third annual international golf association matches opening at suburban Port Credit Thursday.

Losers to the U.S. in the first two tournaments, the Canadian representatives figure their experience in the past match play matches for the Hopkins Trophy will give them the edge.

Five of them played in last year's tournament at Montreal when the trophy — competed for under the Nassau system — went to the United States 27 points to 18. Only two of this year's American squad took part in the 1953.

Locke On Team

Under the Nassau system, a point is awarded the member of a twosome winning the first nine holes, another for the second nine and a third for the match. If the nines are halved, each player gets 1½ points.

Back this year are greens wizard Bobby Locke, a South African who is an honorary member of the Canadian Professional Golfers Association, Vancouver's Stan Leonard, Pat Fletcher of Saskatoon, Jules Huot of Laval-sur-le-Lac, Que., and Montreal's Bill Kerr. The newcomers are team captain Henry Martell of Edmonton and Gordie Brydson, pro at the host Mississaugau Golf and country club and a member of the 1952 Canadian squad.

Defenders of the trophy donated by Montreal industrialist John Jay Hopkins, the U.S. team is formidable.

Selected by the Professional Golfers Association in that country, it is captained by Walt Burkemo, PGA champion last year. Holdovers from last year's team are Ted Kroll and El (Porky) Oliver.

Jerry Barber, Chandler Harper, Marty Furgol and Dave Douglas, 1953 Canadian open winner, are newcomers rounding out the squad. They replace Jack Burcke, Jr., Tommy Bolt, Julius Boros, Jim Turnesa and Doug Ford from last year's winning line-up.

Locke, troubled by the aftermath of an operation and off his usual fine game last year, looms as the bellwether of the Canadians.

He flew here from Europe for the three-day tournament and says he's playing his best golf of the season.

"I'm physically fit and certain I can come through with some good rounds. However, we must always remember that this United States team—as are all American squads —will be powerful.

"We will have to be at our best to beat them."

Maxim Decisions Floyd Patterson

Brooklyn — (AP) — Joey Maxim, veteran former light-heavyweight champ, had enough left at 32 to handle a 19-year-old youngster Monday night as he won an unpopular eight-round decision over Floyd Patterson, previously unbeaten in 13 pro fights at Eastern Parkway arena.

There were no knockdowns in the hard fought scrap as Maxim used his talented left jab to keep off the young Brooklyn negro.

In the sixth round Maxim appeared to be hurt as Patterson's leaping right leads, nicknamed "gazelle" punches, scored with full fury.

The bout was held to eight rounds because of Patterson's age. He cannot go 10 rounds until his 20th birthday, Jan. 4.

Cus Diamanto, manager of Patterson, said he will protest to the New York state athletic commission.

A poll of 11 boxing writers at the ringside was unanimous for Patterson over his opponent. They sat stunned when the vote of Judge Arthur Susskind (7-1 for Maxim) was announced. The crowd of 2,350 paying $4,100 booed lustily at the official tally. Judge Joe Eppy had it 5-3 and referee Ruby Goldstein 4-3-1. The Associated Press tally was 4-3-1 in favor of Patterson.

Indians One-Two Punch Sidelined

Reading, Pa.— (AP) —Cleveland Indians, battling hard to hang onto first place in the American League race, lost their second regular infielder in three days Monday as second baseman Bobby Avila was sidelined for three to six days with a chip fracture of his right thumb.

On Saturday first baseman Al Rosen was forced out for 10 days or more with a fractured right index finger. Avila and Rosen are running one-two in the league batting race and Rosen leads the league in home runs.

Liverpool Defeat Halifax Cardinals

Liverpool, N.S.—(CP)—Scoring all four runs in the fourth inning Liverpool Larrupers defeated Halifax Cardinals 4-1 in the opening game of the Halifax and District Baseball League here Monday.

The lone Halifax run came in the second inning when Dick Wilkins homered. Art Swanson went the distance for Liverpool, holding Halifax to five scattered hits. Amby Foote gave up eight hits to the Larrupers.

In the fourth inning Larrupers' John Powers led off with a double and scored on a triple by George Lewis. Successive singles by Bob Coccodrilli and Mac Bowers scored Lewis and then Ray Buss doubled in the remaining base runners.

Cardinals made two errors while Liverpool had a perfect day. Wilkins led Halifax with a homer and a single while Coccodrilli had two hits for Liverpool.

Thetford Miners Edge St. Johns 3-2 In Only Tilt Played In Provincial; Sherbrooke At St. Johns This Evening

Only one game was played in the Provincial Baseball League Monday night, and it was strictly a battle of the bottom teams.

Thetford Mines Miners pushed across one run in their half of the ninth to defeat St. Johns Canadiens 3-2 at St. Johns.

Three games are on tap tonight with the Sherbrooke Indians moving over to St. Johns to meet the Canadiens in a battle for second spot. At present both teams are stalemated for the much sought position, two and a half games in the rear of the pace-setting Braves of Quebec.

Manager Mark Wylie will send Bobby Locke to the mound tonight in an attempt to break the tie. Tomorrow night they meet again and on Thursday they return to the Park Avenue Stadium for a twin-bill at 6.30. In the other tilts Three Rivers will pay a visit to Quebec while Thetford Mines moves over to Drummondville.

It was winner Paul Carson's fifth win against two losses. Carson gave up a run in the third and one in the fifth, then held the Canadiens scoreless until he was taken out in the ninth by Saban.

Domingo Rossello went all the way for the loss, his second against two wins. Thetford Mines, the league's second-lowest club in hitting power with a .239 average collected three runs during the game while St. Johns, third highest in the loop with a .248 club average, gathered only two.

A scheduled game between league-leading Quebec and Three Rivers was called off because of wet grounds.

Another game between Sherbrooke and Drummondville also was rained out.

Sherbrooke at Drummondville postponed, rain.

Brooklyn's Jackie Robinson Comes Out Of Nowhere To Take Over In National League Batting Race

New York — (AP) — Brooklyn's Jackie Robinson virtually has come out of nowhere to take over the National League batting lead in a tight four-way competition also involving Stan Musial and Ray Jablonski of the St. Louis Cardinals and Don Mueller of New York Giants.

This is the way the race stood Monday: Robinson, .388; Musial, .385; Jablonski, .384, and Mueller, .380.

Robinson, the senior circuit's batting champion in 1949, moved up from seventh place last week, cracking out 12 hits in 23 times at bat, a .522 pace.

Musial and Jablonski each gained 10 points. Stan collected nine hits in 19 times at bat and Jablonski went 10 for 21. Mueller showed even a greater increase—16 points on 12 hits in 18 trips.

In the American League, Bobby Avila of Cleveland held on to first place over Al Rosen although he tailed off six points to .381. Rosen dropped 16 points to .346 on a 4-for-18, before he was sidelined last Saturday with a broken right index finger.

Musial and Chicago's Hank Sauer are tied for the National League lead in home runs with 18 apiece. Stan is the undisputed pacesetter in runs batted in with 61.

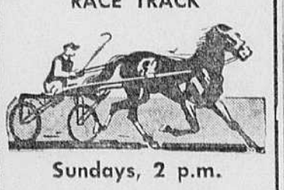

Rosen continues to lead the American League in home runs, 13, although he relinquished the top spot in RBIs to Chicago's Minnie Minoso. Al has 49 to Minoso's 51.

Bob Bedard Loses In Whitsun Tourney

Berlin—(AP)—Bob Bedard of Sherbrooke, Que., and Silvana Lazzarino of Italy, playing as a doubles team, today lost 6-4, 0-6, 6-4 to Elena Lehmann of Argentina and Leon Norgarb of South Africa at the Whitsun Tennis Tournament here.

Gardnar Mulloy of the U.S. won the singles by defeating Budge Patty, another American, 7-9, 8-6, 6-4, 3-6, 6-3.

Chris Chataway And Roger Bannister Trade Places And Former Comes Close To Equalling World Record For Two-Mile

London— (AP) —Chris Chataway traded pace - making roles with Roger Bannister Monday and came within six-tenths of a second of equalling the world two-mile record.

With Bannister, first man to break the four-minute barrier for the mile, leading the way to the halfway mark, Chataway was timed in eight minutes, 41 seconds for two miles at the British track and field meet. The world record is 8:40.4, set by Belgium's Gaston Reiff in 1952.

Chataway's time was a British record, breaking the mark of 8:47.4, set by Gordon Pirie.

Chataway was one of two pacemakers for Bannister when he ran his amazing 3:59.4 mile at Oxford May 6.

Czechoslovakia's Stanislav Jungwirth, who beat Bannister in a half mile race last Saturday, finished second, 120 yards behind Chataway, with Frans Herman of Belgium third.

The race was run on a track that was soft on top after a heavy, overnight rain. Nevertheless the crowd of 40,000 jamming White City stadium saw a number of fast performances, including two by American runners.

Lou Jones 22-year-old New Yorker, beat out Derek Johnson of Oxford in an exciting finish of the 440-yard invitation event in 48.4 seconds. Olympic champion Lindy Remigino of Hartford, Conn., took the 100 metres international invitation in 10.6 seconds. He passed the 100 yards in 9.8.

The first three men in a special mile race for British runners all were timed in less than 4:10. Peter Driver came in first in 4:08. Six Britons have bettered a 4:10 mile during this week-end, and 17 altogether.

John Landy Out To Make Another Attempt On Four-Minute Mile In Special Event At Stockholm Meet

Stockholm— (AP) —John Landy of Australia will make another of his many attempts at the four-minute mile here tonight in his second appearance of eight scheduled during his Scandinavian tour.

With Sweden's Nils Toft pacing him for the first 880 yards, Landy will try to beat the record established by Britain's Roger Bannister when he ran the mile in 3:59.4 to become the first person ever to crash the four-minute barrier.

Both Landy and Bannister will compete in the British Empire games at Vancouver this summer.

Landy came within 1 6-10 seconds of running the "dream mile" at Turku, Findland, last week. "I thought I could do better then," he said. "Tonight I will certainly try to wrap it up."

Only four are entered in the mile race at Olympic stadium here; Landy, Finland's Denis Johanson and Sweden's Toft and Sune Karlsson. Some 21,000 people are expected to attend.

Landy told reporters he plans a somewhat slower first half-mile than he ran at Turku. Toft is scheduled to lead him to a 1:57.5 clocking at the halfway mark when Landy is to take command and go all-out to break the four-minute barrier.

The 24-year-old agricultural student will be shown big signs indicating his lap times at the turns of the stadium dirt track.

While striving for the four-minute mile, Landy will not run the chance of missing recognition for a possible world 1,500-metre mark. Three officials will clock him at that distance.

Giles Exonerates Jackie Robinson

Cincinnati — (AP) — President Warren C. Giles of the National League Monday told Jackie Robinson he is "convinced beyond doubt" that he did not intend to throw his bat into the stands at Milwaukee last Wednesday night.

"After a thorough investigation of the Robinson incident at Milwaukee June 2, and receipt of a letter of explanation and apology from Jackie Robinson, I am convinced beyond doubt there was no intent whatsoever on his part to cause the bat to go into the stands," Giles said in a statement.

"His argument with umpire Lee Ballanfant has been dealt with separately."

Robinson approached the box where the bat landed and apologized immediately to the people who reportedly were hit.

Mrs. Peter Wolinski said the bat struck her above the left eye and hit her husband on the forehead. Later they employed an attorney, but said they were undecided as to any court action.

Harry Yelvington, an usher, said he also was struck on the head by the bat.

FLY-FISHING POOLS WITH STREAMERS

ONE OF THE BEST SPOTS IN A STREAM TO PLAY A STREAMER IS AT THE HEAD OF A DEEP POOL, WHERE FOOD IS DROPPED AS THE CURRENT SLACKENS. HERE THE WARIEST LARGE TROPHY FISH MAY REST ON THE BOTTOM DURING THE DAY. SUCH FISH ARE USUALLY VERY CHOOSY AND SLOW IN TAKING A STREAMER, SO LET IT WANDER AND WORK AS LONG AS POSSIBLE. THEN FISH WON'T BE ALARMED BY UNNATURAL, REPEATED WITHDRAWALS. MOST ANGLERS FAIL TO ALLOW FISH ENOUGH TIME WITH STREAMERS

Sports Roundup

By GAYLE TALBOT

New York— (AP) —Up through the eastern United States, where spring football practice is being slowly but steadily abolished, a determined effort is afoot to swing the more muscular students over to lacrosse, a sport which concedes very little to the gridiron game in the matter of abrasions and contusions.

Thise behind the move contend that the football player who devotes himself seriously to the old Indian sport during the spring will be as battered and muscle-sprung as he would have been from scrimmaging daily. They say this wind probably will be better, as lacrosse lays great stress on runnings as well as on being able to take punishment.

The change-over is a particularly logical one in the Ivy League, in whose schools lacrosse has flourished for many years. Football coaches at Yale, Harvard, Princeton and other member schools are being urged by lacrosse enthusiasts among their alumni to throw their influence behind the movement.

Canada's Game

It will require several seasons, apparently, for the football stars to gain first-string status on any of the top lacrosse teams. In time, however, it is anticipated that the better athlete will find the combination a natural.

Canada's national game provides a flow of vigorous and skilled action for 60 minutes. The stick with the little net on its end with which they flip the hard rubber ball around is unyielding and raises lumps.

This latter feature of the sport is emphasized on its written history. When the first French Canadian explorers came across the "game" it was being contested between rival tribes of Indians, up to 500 on a side. The idea was to carry the ball into the rival village, across rivers and any other natural obstacles which might intervene.

Well, it seems that the fields were so unwieldy that it was next to impossible to make any progress in either direction until the number of contestants had been greatly reduced. That was where the sticks came in.

The French admired the game very much and as early as 1842 they had their own lacrosse club in Montreal. By the 1870s the sport had reached the United States with several clubs in New York and Pennsylvania.

Berlin, N.H. — Vern Stevenson, 163, Montreal, stopped Smitty Hicks, 159, Portland, Me., 1.

THETFORD MINES—

Play Sponsored By Y. W. A. Group

Thetford Mines, June 8. — A large audience enjoyed the presentation of J. M. Barrie's "Ariadne" or "Business First" in the A. S. J. Memorial High School under the auspices of the Y.W.A. of the church of St. John the Divine.

Those in the cast were Dr. and Mrs. P. Riordon, Mr. C. Bourne, Mrs. D. Mitchell, Mrs. R. Dodds-Hebron, Mr. R. Coleman and Mrs. R. Merrill.

All parts were excellently taken and great praise is due the performers and also to Mr. Ian Campbell who so ably directed the play.

During the intermission candy was sold, which increased the proceeds of a most successful and enjoyable evening.

GRADUATION DANCE

The annual school dance was held at the A. S. Johnson Memorial High School on Friday evening, May 28, with a good attendance of parents and friends.

Les Beaulieu's Orchestra, of Sherbrooke, provided the music and square dances were especially popular.

The one graduating student, John Allan, of Lemesurier, gave the valedictory.

Refreshments were served by Grade X and dancing continued until 2 a.m.

GENERAL NOTES

Mr. and Mrs. A. D. McCommon left on Thursday for Montreal, where they will be the guests of Mr. and Mrs. J. T. Allan for a few days. En route they fill visit Mr. and Mrs. Robert McCutcheon at Brome.

Mr. and Mrs. Parker Smith are on a motor trip to the United States.

Yep, Red Gals Will Have It Softer

Things are getting pretty soft for Iron Curtain women, according to a new report from the anti-Communist Free Europe Committee. Culled from official Red publications and broadcasts, the report lists new "improvements" in women's lot. In Bulgaria, for instance, 44 pounds is all that Olga may be forced to carry by hand. If she pushes a baggage truck, it may not be loaded with more than 1320 pounds. Iron Curtain countries boast women have equality with men, i.e., equality of back-breaking toil and liability to military and labor drafts. Sketches illustrate items in the report.

CZECH REDS boast of their women lumberjacks' prowess, but so far say nothing about easing their toil.

RUSSIAN women street sweepers, with their crude "witch's" brooms, are a commonplace sight in Moscow.

BULGARIAN decree says women must not be made to push wheelbarrows carrying more than 220 pounds.

HUNGARY gives women equality. They become part of the labor draft when 16 and are subject to military draft.

CZECHOSLOVAKIA plans packaging sugar in smaller sacks so women will not have to wrestle 200-pound size.
