CCF Leader Opposes Que. Newsprint Bill

Ottawa — (CP) — CCF leader Coldwell says Quebec's newsprint control bill could be used to curtail freedom of the press in that province.

He made the statement in the Commons Monday in introducing a resolution which proposed an amendment to Canada's constitution to protect human rights and freedoms.

Mr. Coldwell said the provincial law, to regulate production and distribution of Quebec newsprint, could be used to halt publication of newspapers or magazines which provincial authorities did not like.

Today the Commons was scheduled to open a two-day debate on external affairs, with one of the major issues being Canadian shipments of military equipment to the troubled Middle East. The debate will close only two days before the arrival of Britain's prime minister, Sir Anthony Eden, for a five-day visit.

The Commons came to no conclusion on Mr. Coldwell's resolution. Justice Minister Garson, opposing it on constitutional grounds, continued the debate until adjournment and the resolution now is unlikely to be debated again this session.

It was one of four resolutions discussed during the day, in which private members' proposals took precedence over government business.

A vote of 98 to 66 defeated one resolution sponsored by Stanley Knowles (CCF—Winnipeg North Centre). It urged removal of the income tax provision that taxpayers can deduct for tax purposes only those medical expenses exceeding three per cent of their income. It was supported by all opposition parties and the four independent members, and opposed by the Liberal majority.

The other two resolutions were debated and then dropped.

One, by John A. Chaffin (PC—Branford-Haldimand), suggested that all diesel-powered vehicles be required to have a device to nullify poisons in their exhaust fumes.

Rev. Dan McIvor (L—Fort William) proposed the other—urging that an annual "week" be set aside to publicize safety for children.

Mr. Coldwell's proposed amendment to the British North America Act, which his resolution asked the government to consider, would make it unlawful for Parliament or provincial legislatures to pass laws abridging such rights as free speech, religion, press and organization. It also dealt with arbitrary or abusive laws, interference with privacy, arbitrary arrest and fair trial.

The Czechs had been rated with Canada and Russia as the top three teams in the games and their successive losses to Canada and Sweden all but eliminates them from contention.

Triple Traffic Jams

Hordes Of Canadian Cars Seen

Toronto. — (C) — See that traffic jam? It may get three times as big in 25 years. And watch out, jay-walker, there may be three road demons bearing down on you instead of one.

For in 25 years, Canada's sleek and speedy force of motor cars may almost triple, averaging one for every three Canadians, compared with one for every 4.2 last year. Only country ahead of Canada last year was the United States which had one for every 2.8 Americans.

Rhys M. Sale, president of the Ford Motor Company of Canada, predicted today that the total Canadian number of cars — on roads — roads which he described as inadequate and behind-the-times — may rise to about 9,200,000 by 1980 from 3,750,000 in 1955.

And with the big wartime and post-war crop of babies grown up and ready for their turn at the wheel, the motor car industry will continue to expand, said Mr. Sale, with annual sales rising in 1960 to about \$56,000,000.

from 450,000 last year. Making cars and trucks is big business with salaries and wages paid and materials purchased by Canadian motor car producers totalling more than \$500,000,000 in 1955. Mr. Sale said, Ford turned out 37 per cent of all the vehicles last year.

But while more and more cars were being injected into the roaring traffic stream, the Ford president said he was "appalled by the sheer economic cost of a national highway system that is years behind the times."

"Millions upon millions of dollars are being wasted annually as a result of traffic congestion, bad roads, limited parking space and other faults in the system," he told the Gordon, economic commission.

And this was to "say nothing of a toll of human life and limb that can be attributed directly and indirectly to road conditions or ineffective traffic control."

Canada in 1944 had 127,000 miles of surfaced highway, equal to one mile for every 11.3 vehicles. The surfacing extended to 191,000 miles in 1953, but the

UK, US Seek Accord On Mid East Policy

Washington — (AP) — President Eisenhower and Prime Minister Eden sought today to bring British and American policy closer together in the Middle East, where even slight differences are magnified by Russia's new diplomatic offensive.

The two leaders got off to a seemingly good start Monday on three days of talks on how to deal with the Russians in the Middle East and elsewhere.

They agreed in assessing recent Soviet manoeuvring on the diplomatic, economic and political front. And Eden pledged Britain's full support to Eisenhower's insistence on "deeds, not words," as evidence of Russians' willingness to ease tensions.

But the first day also turned up a divergence of views on the Middle East. Some diplomatic officials said, however, that these differences were minor and should be narrowed even further at today's session.

Before Eisenhower and Eden sat down to a luncheon conference at the White House, State Secretary Dulles and Foreign Secretary Selwyn Lloyd scheduled a morning work session at the state department. Two other meetings were on tap — in the afternoon and at a dinner Dulles is giving tonight for the British

leader and their aides.

Eisenhower took part in two of the three conferences Monday. On doctor's orders, he is passing up the night gatherings.

Eisenhower and Eden are expected to switch the topic to the Far East once they go as far as they can in fashioning a common policy toward the Middle East.

Britain is said to be more reluctant than before about backing unyielding United States opposition to seating Red China in the United Nations. Eisenhower is expected to try to nail down British support on that issue.

For their part, the British leaders would like to ease the West's embargo against shipping non-war goods to Red China. They argue, in the face of strong opposition from some segments of the U.S. Congress, that such

goods are being shipped now to Russia but are banned in the China trade. They point out that the Korean fighting, which led to the embargo, has been over for three years.

The Russian economic offensive in the Middle East holds top rank among the issues before Eisenhower and Eden. But there also are questions of Britain's differences with Saudi Arabia over the potentially oil-rich Bahraini oases, the Baghdad pact, and the long-rankling dispute between Israel and her Arab neighbors. France's troubles with North African nationalists also have drawn attention.

Officials today said it appeared safe speculation that the joint communiqué at the end of the Eisenhower-Eden talks will reaffirm the 1950 British-American-French declaration guaranteeing Middle East peace.

Railways, Workers Are Still Far Apart

MONTREAL. — (CP) — The railways and their non-operating workers were almost 17 cents an hour apart on their contract negotiations today and labor mediator Eric Taylor faced one of his most difficult tasks in bringing them together.

The difference in the union demands and the railways' offer was made known Monday shortly after the conciliation board hearings got under way. The railways promptly proposed that the wage level be left as it is for another year — at an average rate of \$1.46 an hour.

The unions countered with a request that wages be boosted to par with the average of the durable goods industry—expected to be about \$1.63 an hour by July.

The industry—which takes in workers involved in producing wood products, iron and steel products, transportation equipment, non-ferrous metal products, electrical apparatus and supplies and non-metallic mineral products — has been used as a basis by arbitration boards hearing railway-union contract disputes in the past, the unions said.

Union spokesman Frank Hall asked that the three-man conciliation board recommend that the 150,000 employees involved be given the right to strike if the board's terms are rejected by either party.

Briefs were submitted by both the unions and the railways Monday and released to the press at the same time.

Spokesmen for the five railways said the wage demands and union requests for a health and welfare program would cost the two largest lines—the CNR and the CPR—\$159,400,000 annually. The amount was more than twice the net income of the two railways last year before fixed pay-

ments and dividends, they said.

Mr. Hall indicated, however, that the unions would be willing to make "some concessions" in their health and welfare requests. The union brief estimated that the wage increase would cost the companies \$70,000,000 annually.

Referring to government intervention to head off a rail strike in the past and indications that it might do the same thing again, the brief said "meaningful collective bargaining is almost impossible in such circumstances."

Witnesses said the home was destroyed in 20 minutes.

New Yorkers Take Quebec's Sugar Maple For Own

ALBANY, N.Y. — (AP) — The New York State Senate voted unanimously Monday night to make the sugar maple the state's official tree.

By their votes, senators disclaimed claims of New England states and the province of Quebec—all of whom say their maple syrup is better than New York's.

Not so, says Governor Averell Harriman. But he's invited any state or friendly country to compete in a syrup "taste test" at Cooperstown, N.Y., April 6. Several challengers are expected.

C Of C Asks Tax Cuts

Ottawa. — (C) — The Canadian Chamber of Commerce today urged a government policy of gradual tax reduction and called for a re-examination of every aspect of government spending.

The chamber's executive council, in a brief presented to Finance Minister Harris and Revenue Minister McCann, said "whatever margin may be available for tax reduction in the next few years is, threatened with extinction by the many demands for additional expenditures which are heard at this time."

The brief asked the government not to assume "large-scale additional commitments of a lasting and expanding character" and to look for "new ways and means of performing existing functions more efficiently and more economically."

NIGERIANS PLEDGE LOYALTY TO QUEEN

QUEEN ELIZABETH II

Resplendent in pearls and diamonds

Lagos, Nigeria. — (Reuters) — Queen Elizabeth sat resplendent in pearls and diamonds on a raised throne in Nigeria's federal Parliament chamber today, and heard pledges of loyalty from leaders of her biggest colony.

She arrived at the ceremony in the House of Representatives after driving through the beflagged capital on the fourth day of her three-week visit to Nigeria.

Nigerian leaders told the Queen in a formal address of loyalty of their pleasure at her visit, and reaffirmed their allegiance to the British way of life and democratic rule.

Three knocks on the Chamber door—an age-old tradition of the British House of Commons—signalled her arrival.

took her place on the throne with the Duke of Edinburgh at her side. He wore a white tropical admiral's uniform.

In reply to the address of loyalty, the Queen told the robed and feathered representatives of Nigeria's 31,000,000 people that she brought to them "the affection and support of my other people in the United Kingdom, whose eyes are turned on Nigeria today."

Nigeria was moving confidently forward "to what I am sure will be a happy and fortunate future and a place of increasing significance in the modern world."

In support of the loyalty address to the Queen, two ministers and a leader of the opposition spoke of the aid and support they had received from Britain, and declared that Nigeria would maintain its close ties with the Commonwealth.

TCA Survey Shows Glowing Air Potential; Airport Next Step

By GEORGE MacFARLANE

In its own quiet way, Trans-Canada Airlines is going to recommend that Sherbrooke be given air service.

This seemed virtually certain today after a statement released by A. J. Warwick, TCA traffic chief, which revealed that a good traffic potential has been found in the Sherbrooke district.

TCA is reluctant to make any positive statements or recommendations, but it was learned unofficially that the survey that has been conducted in this area for several weeks has proven conclusively that the Sherbrooke district warrants air service.

The next step is construction of an air field—presumably near Windsor Mills. As Mr. Warwick warned in his statement, the survey was "just one step in a long journey toward air service. Much must be done before a plane will be seen landing at Sherbrooke."

Despite the caution, and Mr. Warwick has repeated many times that TCA can't actually recommend anything, Sherbrooke couldn't be in a much better position to continue its battle for air service.

The first step has been a big one. At no time has TCA issued any discouraging statement on the results of the survey which will be officially completed within a week. It was acknowledged that nothing that could occur between now and then could change the favorable result.

The onus now has moved to the Department of Transport in Ottawa. Transport Minister Marler, significantly, will be in Sherbrooke the middle of February.

At the same time, the onus is also on the Sherbrooke district to convince Ottawa that, on the basis of the TCA survey results, the airport should be built.

If and when an airport is built, the Department then listens to applications from various air lines, such as TCA, Quebecair and Northeast, and decides which is most suited to supply the service to the district.

Immigration Appeals Set For Board

Ottawa. — (C) — Some persons ordered deported from Canada are to have the right to carry their cases to an immigration appeal board.

The four-man board has been set up under the Immigration Act and is to start work Oct. 1. For those qualified, it will afford an alternative final tribunal to the present system under which the immigration minister has the last word.

Those whose cases may be heard before the board are landed immigrants—admitted as immigrants but not yet qualified for citizenship—and persons claiming citizenship but whose status is in doubt.

They may elect to have deportation appeals heard either by the board or the minister. If the choice is the minister, he may get the board to review the case but he will make the decision.

In appeals heard by the board, it may grant or refuse them or order reopening of a case by departmental inquiry officers.

The minister—now Hon. J. W. Pickersgill—will continue to be the final tribunal in appeals lodged by persons in Canada who have overstayed visitors' permits.

Claims Britain To Test H Bomb

London. — (AP) — The News Chronicle says Britain will explode its first hydrogen bomb "somewhere in the South Pacific next year."

The story, giving no source for the information, says the bomb will be of an immensely powerful three-decker type—with an atomic-bomb trigger, a middle shell of hydrogen and an outer layer of uranium.

There was no immediate comment from officials on the report.

The Dooter Family

By Alma Sioux Scarberry

WHERE'S THE LOOT?

After school, Dollie Dooter, Gussie Goofer, Sammie Spoofer and Hammie Hooper made a beeline for the Dootererville Zoo. That was where Sheriff Gittum Hooper had locked Dan the Magic Man in one of the inside cages because the small hill town had no jail. Gittum always put his 'desperts' criminals there, much to good old Professor Zoof's dismay!

Although Mrs. Hooper cooked the meals and sent them to her husband's victims—sometimes the Professor thought making a jail out of his animal cages didn't look too good. Gave the place a bad reputa-

tion. Although the Professor really did like old Dan, and was pretty sure the traveling magician really hadn't robbed Aunt Millie Moofer's house.

Dan was very glad to see the children, and after they had greeted him he scratched his head and said, "I been doing some thinking, little ones. I wonder where the rest of the things stolen from Miss Millie's house might be? Now why did you, Hammie and Sammie, just find one blanket and one plated silver knife, fork and spoon in my wagon? I been asking myself—where's the rest of the loot? The money and valuables."

Dan had lost his flowery speech in his excitement and fear and was just talking plain old everyday English for a change. Dollie and Gussie looked wide-eyed. Ham nodded. "Yep, I thought of that, Dan. I said there was something mighty fishy goin' on." Sammie got very excited. He yelled, "That sure proves Dan's been framed. It sure does. We gotta DO something."

Just then Ooofie-Goofie came leaping along and Dollie said excitedly, "Oh, I know! Let's get Ooofie to help us." Sam said, "That there Ooofus-Goofus is a regular bloodhound. A regular Sherlock Holmes." In a few seconds the children were off to the Dooter house to ask Mommie Dooter if it was all right for Dollie to go looking for clues to the robbery. Mommie smiled and said to go ahead—and why not take the birds and the bears.

It was quite a procession that started off down the little street. Ooofie, Dollie, Gussie, Hammie, Sammie, Terpsi-Cora, the dancing bear and her cub Upsa-Daisy, and Mrs. Sillie-Bird and her son Flynn-Saxser. And well just bet they get some RESULTS too!

Delinquency Thriller Coming To The Granada

A preview of Rebel Without a Cause was held recently at the Granada Theatre, where the latest entry in the juvenile delinquency theme opens next week.

A remarkable amount of suspense and melodrama has been built out of a rather mediocre story, which moves at rather break-neck speed to an inconclusive, if grim, conclusion.

If, however, its producers had in mind the perfect vehicle for the talents of James Dean, the picture must indeed be labelled "Success."

Ironically, Dean was killed in an automobile accident, shortly after the movie was made, a tragic death that in some ways paralleled the theme of Rebel Without a Cause.

Dean, the hero of the sordid little story, is superb. Backing him is Natalie Wood, former child actress who turns in a convincing, if frequently over-expressed, performance.

But there's something unreal in the story, even though the circumstances have been recorded in real life. The youngsters steal the show, for the adults seem unreal as they painfully play the roles of misunderstanding parents, all guilty of sins against their children, either of omission or commission.

Without Dean, the picture would have been ordinary. With him, it becomes an absorbing, thought-provoking melodrama. He's that good!

Walt Alston Sees No Danger Of Complacency On Team; Left-handed Pitching Is Required On Squad

New York. —(AP)—Walter Alston sees no danger of complacency stealing over his Brooklyn Dodgers.

"They all know they had to hustle to get up there and they'll have to keep hustling to stay," Alston said Monday after signing a new contract to manage the world series champions for a reported \$32,500 salary. "They all realized this is another year."

Alston pointed to catcher Roy Campanella, pitcher Don Newcombe and third baseman Jackie Robinson as the spokes of his hopes for the new season. He discounted the problem of Dodgers' advancing ages.

"Campy, Newk and Jackie look pretty good to me," he said. "I think they all last weight since the end of the season. Although they're a year older, they'll still get us plenty of runs."

"Pitching could be a problem, if we still have sore arms. It all depends on how Carl Erskine, Karl Spooner and Billy Loos come around. Roger Craig and Don Bessent should be better but you never can tell about young pitchers."

Admitting Dodgers had "as good a chance as anybody else," Alston cautiously listed New York, Milwaukee, St. Louis, Cincinnati and Philadelphia as the

top opposition. "Maybe we'll need more left-handed pitching," he said. "We don't know how long Johnny Podres will be around before he goes into the army," he added, "but he should be a better pitcher after that job in the series."

Alston said the third-base rivalry between Ransom Jackson, the former Chicago cub who was acquired in a December trade, and Robinson, would have to be worked out in spring training. He wouldn't scratch Robinson entirely from his left field derby and added "I don't know, maybe Jackson can play left field, too."

Wednesday To Be Day Off For All Olympic Hockey

Cortina d'Ampezzo, Italy — Olympic hockey officials announced Monday that the Canada-Germany game originally scheduled for Wednesday night will be played Thursday morning 5 a.m. AST.

The change means that all six teams engaged in the championship playoff will have the day off Wednesday.

Other games Thursday pit the United States against Sweden and Russia against Czechoslovakia.

Babe Zaharias Returns Home

Tampa, Fla. —(AP)—Babe Zaharias observed Monday that if she gains about 25 pounds and gets in good shape she'll get back to playing golf.

The Babe was chipped as she returned from Galveston, Texas, where she underwent treatment for a leg pain which followed her second operation for cancer. The top woman athlete of the half century appeared a little on the weak side, but said "I'm feeling pretty good."

Although already talking about playing golf again someday, Mrs. Zaharias made it plain she intends to take things easy for a long time.

"I've still got the pain, but I realize I'll just have to learn to live with it," she said.

Moore, King Sign For Bout

San Francisco —(AP)—Light heavyweight champion Archie Moore signed Monday night for a 10-round exhibition bout here Feb. 20 against Howard King of Reno Nev.

King, a promising young heavyweight, has a 27-7-5 professional record. The bout will be Moore's first scheduled 10-round appearance since his defeat by Rocky Marciano for the heavyweight title.

Bus Wrecks Traffic Light

Ever heard of a bus running down a traffic light? A Laramie bus driver, Paul Andre Blais, 20, can claim this amazing feat to his credit after the bus he was driving crashed into one of the city's new light-weight traffic light poles, knocked it down and then proceeded to drive over it.

Fortunately there were only two passengers in the bus and no one was injured. The bus sustained light damage.

An investigation carried out by a Laramie inspector this morning revealed that the bus was travelling down Aberdeen St. and that icy road conditions prevented it from stopping as it reached the bottom of the hill.

Driver Blais of 201 Gillespie St., swung the heavy vehicle to the right around the corner onto Wellington South clipping off the traffic light en route.

A municipal police constable has been directing traffic at the corner since the accident although traffic officer Capt. Georges Larivee told the Record this morning that the light would be replaced soon. These lights and poles are valued at several hundred dollars.

Fine Program Is Presented By Limeiwys

Well under 100 people, certainly no credit to the city of Sherbrooke, were on hand last night to witness the Sherbrooke debut of a versatile musical group, called the Limeiwys.

The group, made up of two pianists, a soprano, contralto, tenor and baritone, presented a concert at Mitchell School Auditorium, in aid of the Beta-Sigma Phi sponsored Child Welfare Clinic.

The well-planned program was presented to include a large variety of selections, including entertainment for all. However, the handful of music lovers in the audience barely justified the expert quality of the six local musicians, who should receive deserving praise for their outstanding performance.

The concert included vocal selections by Mrs. Lois Ogilvie Blanchette, soprano, Miss Joan McMurray, contralto, Marcel Dufresne, tenor and Kenneth Halpenny, baritone, who combined talents in duets, and quartets; and piano duets by Mrs. Kenneth Halpenny and Miss Elizabeth Dawson, who also provided accompaniment for the vocalists.

Leading off the program were the somewhat unfamiliar, yet appealing Liebeslieder Walzes (Love Song Waltzes), presented by the entire group. The 18 waltzes, written at the time of the Vienna Waltzes, formed a tuneful opening to the hour and a half long concert, which concluded on a lively, joyful note with four varied selections by the quartet, including such well-known songs, as Goin' Home, Oh! No John, Sweet and Low, and Peter, Peter, Pumpkin Eater.

Mendelssohn and Purcell were personified in five songs for two voices, while the quartet participated in five beautiful melodies, including the beautiful A Spirit Flower, Purcell's Passing By, Clarke's The Blind Ploughman, Calm as the Night, by Bohm-Denton and Roberts' effective Early One Morning.

Two rhythmic Moszkowski pieces concluded the program for pianists, Mrs. Halpenny and Miss Dawson, who demonstrated their perfect timing and close harmony in a Spanish Dance and Bolero.

The Limeiwys, who started meeting together last June to appreciate music, particularly Brahms, for their own enjoyment, are all accomplished local musicians. Another member of the group, George Morgan, Jr., tenor, was unable to perform with them last night.

A reception was held following the concert in Hotel Sherbrooke.

Rice Consumer Service, Inc.

Finnish Karjalan Piirakat With Egg Sauce

Here's a new idea for a hot bread which can double as a main dish! It's a foreign style dumpling with a tender rice filling. A pastry covering is pleated around the rice and after baking the bread is served with a hard-cooked egg and margarine or butter sauce.

This baked "dumpling" may be used as a bread or main dish and can be served at breakfast, brunch or supper. Instead of the egg sauce you can serve it with a chicken gravy with bits of chicken and you'll have a delicious main dish. It's easy to make, and so unusual! Your family will love the delicious flavor, intriguing appearance and tender pastry around the piping hot rice. If you wish, you may use your favorite recipe for pastry, following the directions below for making the egg sauce and for cooking the rice for the filling.

FINNISH KARJALAN PIIRAKAT WITH EGG SAUCE
Crisp Bacon or Sausage
Stewed Fruit
Coffee Tea Milk

INGREDIENTS:
1/2 teaspoon salt
2/3 cup uncooked white rice

2 1/2 cups milk
2 cups sifted all-purpose flour
1 teaspoon salt
2/3 cup chilled shortening
3 to 5 tablespoons cold water
1 tablespoon beet or cane sugar
Milk
3 hard-cooked eggs, diced
1/2 cup melted margarine or butter

METHOD: Put the salt, rice and 2 1/2 cups milk in a 2-quart saucepan. Stir well. Place over a high heat. When bubbles appear around the edge of the saucepan, turn the heat as low as possible. Cover with a lid. Leave over this low heat 40 minutes or until most of milk has been absorbed by the rice. Stir frequently during the cooking.

While the rice is cooking, make the pastry. Sift together the flour and salt. Cut in the shortening with two knives or with a pastry blender. The mixture of flour and shortening should resemble coarse corn meal. Add a tablespoon of water at a time quickly mixing and pressing the mixture together with the back of a spoon until the mixture holds together. Use as little water as possible. Press into a ball. Place on a lightly floured board

or lightly floured waxed paper. Shape into a long roll 12 inches long. Cut into 12 pieces. Roll each piece of dough into a thin circle about 6 inches in diameter. Stir the sugar into the hot cooked rice. Place a heaping measuring tablespoon of cooked rice in the center of each pastry circle. Pleat the dough up around the rice letting a few grains of rice show. Press the dough firmly against the rice. The pastry with the rice inside will be ball-shaped and look somewhat like a dumpling. Pour about 1/2 teaspoon of milk over the exposed rice. Place on an ungreased cookie sheet. Bake in a pre-heated 450°F. oven for 25 to 30 minutes or until the pastry is crisp and brown. The rice becomes very brown. This adds a crunchy flavor.

While the pastry bakes, mix together the eggs and margarine or butter. Serve "dumplings" hot, topped with egg sauce. If desired, top with other sauces such as a chicken gravy with small pieces of chicken or diluted cream of mushroom soup with diced hard-cooked eggs. This recipe makes 6 servings allowing 2 to a serving.

Carry-On Club held a spring tea, a fall tea, two rummage sales and a raffle. Approximately \$700 was spent on the children's ward.

Set Safety Record

A locomotive driver on one of Canada's smallest railroads retired this month after setting a safety record which may be unique in Canada's railroad history.

For 34 years and two months Harry Finnegan has worked on the Asbestos and Danville Railroad, since 1925 as a locomotive driver, without having a single accident. During that period he has drawn hundreds of thousands of tons of asbestos from the Jeffrey Mine at Asbestos to the rail centre at Danville, six miles away.

A naturally careful temperament, strict observation of all safety rules and "a lot of luck" are the reasons given by Finnegan for his safety record. A life-long resident of Asbestos and engaged in the asbestos industry in one form or another since 1913, Finnegan believes his safety record is a tough one to beat even in this safety-conscious mining community.

Serves Best Of Oriental, Occidental Food

Sherbrooke's third Chinese Restaurant, the "Mee-Ho", opened last Friday in the new Raby building, corner of Wellington and Sanborn streets.

The newest and undoubtedly the most modern of the city's restaurants, the Mee-Ho will serve both Chinese and Canadian food in an atmosphere attractively com-

binning the oriental and occidental.

Owner Wayne J. Hong has extended an invitation to Sherbrooke and district residents, as well as visitors to the city, to enjoy themselves in his restaurant at 113 Wellington South.

The restaurant has adopted the following slogan: "Choice foods prepared by

a connoisseur of a Chef and served by a courteous staff."

Situated in the middle of Sherbrooke's business area the restaurant is right on the city's main thoroughfare, Wellington St. and not far from King St.

The Mee-Ho Cafe is a worthwhile addition to the city. It has a seating capacity of almost 100 people, has been conservatively and tastefully decorated in a green motif with oriental

murals decorating the walls. It promises to be an attractive drawing card for many of Sherbrooke's gourmets.

The minutes of the previous meeting and of an executive meeting were read by Mr. D. MacRae, secretary pro tem. Favorable reports were given by Mrs. Barter re the general, cod liver oil and soup funds. There are now 25 families on the membership roll and new members will be most welcome.

Following the businesses, there was a panel discussion on "Various Things Pertaining to the High School Curriculum," with Messrs. B. Carr, A. Sutherland and L. J. Lane composing the panel, when various questions were discussed.

It was stated that children should have freedom and room for physical and mental growth. Time tables should not be too rigid, and pupils should be encouraged to think and speak for themselves, to have access to maps, charts and pamphlets, and to be able to experiment to seek for truths. They should possess motivation, and should be trained in social qualities that make for good citizenship.

They should learn to work and play together and to co-operate in social activities. In planning schools, thought should be put in use for physical comfort, such as proper seating and good lighting in the class room, and spiritual guidance and Bible study should be given special attention, as it is the foundation of our civilization. The curriculum should be diversified so as to fit each child according to his abilities.

Retarded children need special training and special schools, this

Congregational Supper Meeting Of St. Paul's United Church, Waterloo

Waterloo. — At the congregational supper-meeting of St. Paul's United Church, 70 members and adherents sat down to a supper prepared by the ladies of the church. Following the meal, a sing-song was held under the leadership of Rev. Colin West with Mr. Roger McKergow at the piano.

Mr. Fritz Pope presented a fine treasurer's report of the church, showing a most satisfactory balance with which to start the new year. The treasurer then brought down the tentative budget for the coming year which was accepted. Mr. Pete Gunter, chairman of the building committee, presented the report showing that a total of \$11,455 had been pledged over a three-year period, and that over \$5,000 had already been received. Work on the church had included repairing the roof, steeple, painting inside and outside, a new plaster ceiling and a new oil furnace installed.

The treasurer's report of the Missionary and Maintenance showed a slight deficit in the amount sent in to headquarters, and it was decided to ask for an extra collection for this purpose on Sunday next at the regular morning service.

Mrs. Jean Daine gave a report on the Explorer's Group, asking all parents present and for anyone knowing of children between the ages of nine and twelve to have them attend this group. It is now in its second year and more members are required.

Mr. Ross Connors, reporting for the Sunday School, stated for 35 Sundays, the average attendance has been 96 children, made up of ten classes. The two main undertakings for the year are the Sunday School Picnic in June and the Christmas Tree. Miss Joyce Johnson read the secretary's report of the Intermediate C.G.I.T. Girls, while Carol Hanson the Senior Group, with Sadie Noble giving a very good treasurer's report of this organization. Miss Gail Lewis presented the Young People's secretary's report, showing a very active year. Mrs. George Young presented the Mission Band report.

Mr. Henry Bird in his choir report, paid high tribute to the acting organist and choir director, Mrs. Allan Norris for her faithful and appreciated work. The resignation of Mrs. May Colwill as organist and choir director

was officially accepted with regret, and Mr. Bird stated that the congregation remembers the exceptional leadership that Mrs. Colwill offered as both director and organist and that her position will be very hard to fill.

Mrs. Ray Stretch presented the secretary's report for the Women's Auxiliary showing a fine year. Mrs. Stretch also presented the treasurer's report, proving last year to be most satisfactory. The Women's Missionary Society report read by Mrs. Georges Tetreault showed that this group of hard working women accomplish a great deal for the size of the organization.

Mr. Bird then gave the report of Sessions, prepared by the minister. The entries in the civil registry for 1955 in Waterloo were as follows: 24 registrations of birth, 10 baptisms, 11 marriages and 6 deaths. There are a total of 129 resident members as of January 1st, 1956 and a total of 51 non resident members.

Rev. West gave brief reports on both the Young Adult Fellowship and on the Bible Study classes. The Warden W.A. reports were well presented by Mrs. M. Sicard, again showing an amazing success for such a small group.

The election of officers was then held under the direction of Rev. Colin West, resulting as follows: Board of Sessions: Peter Gunter, Roger McKergow, Henry Bird, Gordon Cousens and Wesley Parkes; Board of Stewards: Jesse Smith, Henry Bird, Wesley Parkes, Peter Gunter, Gerald Jackson, Gordon Cousens, Orval Lewis, O. Quilliams, G. Wilkinson, A. Grainger, C. Bradford, Gene Sheppard, Donald Spencer, and one new member, Carlton Ladd.

Mrs. Allan Norris was officially elected organist and choir director. Mr. Ollie Jenkinson was re-elected caretaker of the church and Mr. Wesley Parkes re-elected as chairman of the Missionary and Maintenance committee.

Mr. Bird asked that the congregation again request Mr. Colin West to remain as pastor of the church for another year, stating that the past year has been most successful in matters spiritual and material, and that most of the credit goes to Mr. West.

The minister, in reply, asked the congregation to remember him in their prayers, and to con-

tinue to work together as has been the custom in past years.

Money across the miles

A chartered bank makes it a simple matter for you to send money almost anywhere, inside or outside Canada.

You may want to get money to a certain city as a gift on somebody's birthday; or to settle a business account; or to set up a fund which can be drawn upon by a company salesman, branch office or supplier.

It works the other way, too. If you are far from home and short of cash, you can advise your "home" branch to telegraph your money to a point where you can pick it up. Many situations and needs can arise — and a chartered bank has many ways of taking care of them, including the sale of travellers cheques.

This service is one of the many advantages you enjoy as a customer of a chartered bank. Your local branch is an all-round banking service-centre that can be helpful to you in many ways.

THE CHARTERED BANKS SERVING YOUR COMMUNITY

Only a chartered bank offers a full range of banking services, including:

SAVINGS ACCOUNTS

SAFETY DEPOSIT BOXES

Czechs Toss Scare Into Canadians Before Bowing 6-3; Dutchmen Forced To Come From Behind Twice To Win

By KEN METHERAL
Canadian Press Staff Writer

CORTINA D'AMPEZZO, Italy — (CP) — Still unbeaten but with an increased respect for the calibre of hockey played in Czechoslovakia, Kitchener-Waterloo Dutchmen continue their quest of the Olympic title against the United States tonight (4:30 p.m. AST).

The Czechs, who threw a healthy scare into the Canadians before bowing 6-3 in their opening game of the tournament's final round Monday, go against Sweden today while, Russia, 4-1 victors over the Swedes, figure to have an easy time against Germany, which lost 7-2 to the U.S. squad.

The slick-passing, smooth-skating Czechs proved quite a handful for the Canadians, taking the lead twice and forcing the Dutchmen to turn in some of their best licks of the tournament before they finally fell behind.

Outplayed through most of the first half of the game, the Dutchmen flashed occasional bursts of speed to overcome two one-goal leads before taking over the first time at the halfway point of the second period.

Zdenek Navrat, a Czech forward who hadn't scored a previous Olympic goal, slapped two past netminder Denis Brodeur, skating away disdainfully from the entire Canadian team the second time while one of his teammates was serving a penalty.

Each of Navrat's tallies evoked a sustained Canadian offensive which eventually produced a tying marker. Jim Logan got the first, slapping in George Scholes' rebound to even the count at 1-1 at the end of the first period.

Jerry Theberge, the tournament scoring leader and the only Canadian to find the mark in every game, completed a play with Scholes and Kenny Laufman for his eighth goal to tie the score the second time at 7:26 of the second frame.

This time the Dutchmen kept going. A pair of goals by Paul Knox four minutes apart gave them a 4-2 lead.

But the Czechs weren't through. With Canadian defenceman Art Hurst off for boarding, Vaclav Pantucek put them back within striking distance by poling the puck in from a goal mouth scramble.

It was still touch and go until halfway through the third period when Logan finished off a neat

counts and that the present situation will continue.

The seventh winter Games are almost half finished. With 10 of the 24 events completed, the Russians—taking part for the first time—already have 85 points, far more than any other team.

Russian official Roman Kiselev was asked recently: "How much do Russian professional athletes make?" His reply was: "There are no professionals in Russia."

Kiselev was asked, "If these athletes are the best in Russia, is the ice hockey team here the best one in Russia? Do you have better skiers than these?"

He answered: "Of course, these are the best of their kind." Another question put to him was "Who do you think would win, for instance, if Canada sent its best ice hockey players over here, men like Maurice Richard and Gordie Howe?"

"His only reply to this one was: 'Richard and Howe are not here.'"

La Salle Wins Over C.I.M. In Commercial Loop

A third period rally paid off last night for the La Salle Hotel hockey crew when they tallied three goals to give them a 6-4 victory over Coeur Immacule in a regular fixture of the Commercial Hockey League at the Arena.

A. Jutras put the hotel squad out in front but on the following play Proteau evened the count. Both goals were registered with in twelve seconds of each other.

In the middle period Coeur Immacule picked up the odd marker to move out in front 4-3.

A. Jutras got his second tally to even the count but R. Rousseau squared things off again but Jutras notched his third goal of the evening for his hat-trick.

Two quick markers sent the C. I. M. out in front when Proteau and Asselin batted home the rubber.

In the final period it was all La Salle as they swarmed all over their younger opponents. St. Martin, Lemay and J. Denault were the marksmen for the hotel squad. It was a wide-open fixture with both teams playing good hockey.

East Angus Cops Badminton Match With Sherbrooke

East Angus — East Angus swept all five matches from Sherbrooke last night in a St. Francis Valley (Southern) "B" class badminton tournament.

East Angus was pressed in only one match. Gerard Bernier started the rout with a 15-3, 15-3 win over Royce Gale in the men's singles and Dorothy Shattuck made it 11-0, 11-4 over Mrs. M. Cooke in the ladies' singles.

In the ladies' doubles, Betty Gray and Nellie Marchant scored a 15-1, 15-1 victory over Donna McPherson and Mrs. Paxton. In the mixed, B. Trepanier and Lucille Lessell defeated Ashford Lothrop and Mrs. B. Dury, 15-2, 15-7.

The men's doubles was considerably closer. After dropping the first game 15-11, Sherbrooke's Jim Strickland and George MacFarlane took the second 15-8. But the East Angus combination of Claude Conway and Gordon Gray proved too strong in the third, taking it 15-4.

Canadiens Setting Pace In NHL But Boston Bruins Are Coming To Life; Glenn Hall Closes In On Plante

MONTREAL — (CP) — While Montreal Canadiens remain comfortably at the top of the National Hockey League standing and the merry battle goes on for individual scoring honors, it may be well to keep your eyes on the Boston Bruins.

The tail-end Bruins, making a belated bid for a playoff berth, seem to have found themselves in the last two weeks. A study of the official NHL statistics released today shows that over the two-week stretch the aroused Bruins currently are playing the third best percentage hockey, are third in goal production and third in goals-per-game average.

With the return of a long list of cripples to action and the re-acquisition of Real Chevrefils and Jerry Toppazzini in another swap with Detroit Red Wings, the Bruins hibernation appears ended.

In the last two weeks the Bruins have played .666 hockey, picking up eight of a possible 12 points with four wins and two defeats.

For the same two weeks Canadiens and the second-place Detroit Red Wings have been clicking with percentages of .786 and .750, respectively.

New York Rangers, ousted from second place, have been playing only .417 hockey, Toronto Maple Leafs, .288 and Chicago Black Hawks only .083. The Hawks' slump turned into a tailspin, one tie and five losses in two weeks.

Gordie Howe of the Wings clung to the top scoring spot, squeezing out a precious point over Montreal's Jean Beliveau. Leading by a single point a week ago, Howe scored a goal and picked up three assists and now has 57 points. Beliveau scored three goals to bring his total to 55.

Maurice (Rocket) Richard of Montreal bagged two goals and two assists, breaking a third-place tie with Andy Bathgate of New York who had one goal and one assist. Richard now has 50 points and Bathgate 48.

Tod Sloan of Toronto, tied with Beliveau at 29 as top goal-getter, pulled into a point tie at 47 with Bert Olmstead of Montreal but gets fifth-place rating because of higher goal production.

Earl Reibel of Detroit, with a two-and-two count, now has 45 points, followed by Dave Creighton of New York with 41. Creighton had one goal and two assists in his three games last week.

Glenn Hall of Detroit pulled a little closer to Jacques Plante of Montreal as the top goalie. Hall's goals-against average now is 1.95, compared with 2.04 a week ago; Plante's is 1.82, compared with 1.79.

SHS Orphans And BCS Hurons Tie

Sherbrooke High School Orphans and Bishop's College School Hurons came up with a thriller Saturday afternoon when they battled to a 4-4 stalemate.

In the first period Sherbrooke managed to bang in two quick goals by H. White and B. Fortier respectively. B.C.S. didn't score in this period and no penalties were handed out.

At the start of the second period a goal by Barker of the B.C.S. Hurons made the score 2-1. Minutes later R. Zabowski of Sherbrooke increased the lead to 3-1. During the closing minutes of the second period Campbell banged in the second B.C.S. goal and the second period ended 3-2 in Sherbrooke's favor.

Beavers Out To Gain Ground On Their Rivals; Gaston Pelletier Setting Pace In Scoring Race

Two important games are on tap this evening in the Massawippi Valley Hockey League. Magog is at Sherbrooke while Waterloo travels to Windsor to tangle with the Paper Makers.

At the same time it will be known as "Olympic Night" and an extra ten cents will be added to all tickets. This amount will be forwarded to the Canadian Amateur Hockey Association to help defray the expenses of the Kitchener-Waterloo Dutchmen at the Olympic games.

In the local fixture the Aces of Magog and Beavers will battle it out with the locals going all out to try and maintain their present position in the standing. A win for the Murphy clan would reduce the four-point margin held by the Aces but on the other hand they hold four games in hand over the Beavers.

At Windsor they will be fighting in another important battle with the Maroons trying to move out of the cellar, which they hold at present. The Paper Makers are two points up on the LeMay squad and a win would extend their lead, but on the other hand if the Maroons should win there would be a two-way tie for the cellar.

Gaston Pelletier of Asbestos retained top spot in the scoring race following the week-end games. He has 24 goals with 31 assists to set the pace with 55 points. Three other Meteors, Ray St. Cyr, Yves Tessier and Joe Illick, follow in line while Bert Hayden, Sher., is close with 28.

The top scorers follow:

Quebec — The 43rd Quebec International Bonspiel, on the annual list of "musts" of curlers throughout Canada and the United States, today entered its second day with last year's trophy winners favored to capture the honors again this year.

Some 600 curlers representing a record entry of 128 rinks are competing for the 14 trophies at stake in the colorful, week-long event.

The apple of every competitor's eye, of course, is the Lieutenant-Governor's Trophy, won in 1955 by Gaston Amyot's Quebec Jacques Cartier rink. In order to qualify for the coveted prize, rinks must reach the quarter-finals of either the Chateau International Trophy contest, the Omega International or the Francois Jobin International Gold Cup.

The preliminary rounds of the Chateau and Omega contests got under way Monday, each competition accommodating half the 128 rinks. Losers of the first round games automatically entered the Francois Jobin International contest.

Amyot's Jacques Cartier foursome, entered in the Omega competition, survived the second round Monday night with a 15-11 triumph over G. Trites' Campbellton, N.B. rink.

Last year's Omega winner, the Bathurst No. 1 rink skipped by Charles McArdle are curling in the Chateau contest this time. They graduated from the second round with a 9-7 win over the steel-helmeted Noranda, Que., rink.
