

A GOOD FIT? The sound of sawing and scraping, and the smell of freshly cut wood is common at Westmount Junior High School. Woodworking classes, which commenced eight years ago, have

steadily grown until duplicate classes are held every afternoon. In this picture, chief instructor H. T. Johansson shows two boys how to properly join two pieces of wood.

Bats in belfry next?

Following last week's Greene avenue fire, the Westmount fire department has again enjoyed a fire-free week. They received only three calls:

1. A pan of grease caught fire while heating on an electric stove.
2. The outside cord for a car block heater was shorting, thereby heating and burning the insulation.
3. Firemen were asked to help a family at 536 Grosvenor get rid of a family of squirrels making a home in the chimney.

Recreation, learning offered by boys' clubs

By MAURICE MARIASINE

The Unity Boys' Club, a project of the Rotary Club of Westmount, and operated by the Montreal Boys' Association, a Red Feather Service, fills a need wherever there are boys and girls who lack opportunities for wholesome recreation, companionship, and for the constructive use of leisure time. There are no membership limitations other than the capacity of the clubhouse. The fees are at purely nominal level — easily within the means of any youngster.

A little over five months of operation in the 1959-60 program season, the club has already bypassed the 600 mark in membership enrollment. The breakdown of members enrolled is as follows: Atoms (6 and 7 years of age) 99; Midgets (8 to 10) 152; Juniors (11 to 13) 159; Intermediates (14 to 16) 95; Seniors (over 16 years of age) 99.

The Unity Boys' Club doors are always open in the after-school and evening hours. The club creates an environment where character develops under natural and favorable circumstances. It is a boys' and girls' world in which the guidance of its leaders functions informally and continuously. It provides for the wholesome use of leisure time, the building of health, the development of recreational and vocational skills, and for the leadership and guidance which produces men and women better fitted for the responsibilities of citizenship.

An indication of the impact that the Club has made on the Club members is the newly-formed Leaders' Corps which was organized by the club members themselves under the direction of Peter Doherty. Manned by twelve volunteers, the corps developed their own constitution, designed to assist the full-time staff in the general operation of the club with special emphasis placed on discipline. As a result of their efforts, the behavior of the club members have reached an all-time high. There is a good relationship between staff and members and the atmosphere in the club is a happy one.

Counselling has always been an important part of the work done by the Unity Boys' Club. Each year it becomes a larger part of the over-all picture, with boys and girls and their parents turning for advice and guidance in training of young mind and body, in ways that will benefit them and their community.

With the formation of a House Council in the club, many minor problems are thrashed out and some solutions worked out by the club members themselves, but it is understood that the staff is always ready and waiting to lend a hand where necessary.

QUIZ CONTEST NEWS: The Unity Quiz Contest, which gets underway Friday, February 5, has an advanced registration of 90 boys and girls ready to participate. Several phone calls have been received from non-members indicating that the citizens of Westmount will also take part in the contest. Everyone in Westmount and in St. Henry is eligible to enter. Ten prizes are available for the first contestants who have scored the highest aggregate points amongst the club members, with a special prize available for the non-member who has attained the highest aggregate. Prizes available to-date are: Leatherette case, Esmond Blanket, seven piece refreshment set, Unity jacket, two towel sets, plastic vanity set, picnic bag, stuffed rabbit, plush Scottie dog and a French doll. The first series of questions will be available on Friday.

Keep right on looking there's plenty of news

Are you depressed after reading the news of the world? Do you think that the country is going to the dogs? Do you fail to find a smile within the pages of your newspaper?

Well, you're just not looking!

Public relations is becoming one of the biggest assets of modern business, and the men responsible, to earn their keep, turn out volumes and volumes of strange information. For example, four pages on the duck-billed platypus of Australia.

Sometimes the wire services are taken up with the same chain of thought. Didn't you know that two thieves in Frascati, Italy entered a locked church with a key and stole two bronze bells weighing 77 pounds each?

Your immediate reaction might be, "Where is Frascati?"

One of the more interesting facts to come to light recently was contained in a review of history thirty, twenty-five and twenty years ago. Twenty years ago, January 14, 1940 fell on a Sunday.

Let's look at some of the other gems: Norwegian troops in future will not be required to salute anyone under the rank of general or admiral.

The Yugoslav government says industrial production in 1959 was 13 per cent above 1958. It doesn't say what it was in 1958.

A thief in Indianapolis stole one pound of hamburger, three cans of beans, tomato puree and chili powder.

The boundary line between East and West Germany at Helmstedt bisects a salt mine.

A New York thief stole three dozen golf balls, drank a bottle of wine, then scrawled on the victim's mirror, "Cheap skate."

France will have its first parking meters at Le Bourget airport next month.

Leaving keys in your car at home is just inviting children to try starting the ignition.

And here's a real dandy, designed especially for Montrealers: Sales of milking machines reached 6,036 units in 1958 compared with 4,554 in 1957.

Another classic — The baby kangaroo may remain in its mother's pouch for weeks, or even months.

See? We told you! If you can't find a chuckle somewhere, then you're just not reading your paper thoroughly.

Oh, yes — we just found out that oranges are grown in California because the climate is so warm.

Hockey League by defeating the leaders, Victoriatown, by the score of 4-1. Eugene Labillois, with two goals, and Fred Power and Frank Quinn with one each, were the marksmen for Unity. Ronald Clahane tallied for Victoriatown.

A four team house league which will include Pee Wee, Termites and Mosquitoes, gets underway this week under the supervision of Douglas Wright and Douglas Gavin.

A four team broom ball league will also have the inaugural this week.

Iddy-Biddy basketball with four teams will be played each week at the Club on the cross court of the gymnasium.

Indoor soccer sessions are held each Saturday morning. A few more boys are needed to round out the team.

Unity's Rifle Club has resumed activities at the Royal Montreal Regiment on Saturday afternoon.

The spacious swimming pool at the Point St. Charles Boys' Club has been made available for the use of Unity members. A swimming instructor, John Bernard, will look after the Unity group on Wednesdays. Intermediate and senior boys are asked to register for this weekly event.

Girls' work supervisor, Crystal Cunningham, is appealing to the general public for old postcards and large and small boxes which can be used in the Creative Crafts Department.

A new Volunteer to the Club, Ian Tree, has been assigned to the Junior choral group. It is expected that this group will in addition to choral singing, branch out into dramatics.

Obituaries

MRS. W. O. MULLIGAN
Funeral for Mrs. W. O. Mulligan, wife of Rev. Dr. W. O. Mulligan who died in Halifax, Saturday, was held Tuesday in St. David's Church, Halifax.

Dr. and Mrs. Mulligan were residents of Westmount for several years.

Born at Scotsburn, N.S., Mrs. Mulligan the former Amaret Cairns, was one of the earliest graduates of the University of Manitoba.

She was associated for many years, while residing in Westmount, with the Maritime Women's Missionary Services of the Presbyterian Church of Canada.

She is survived by her husband; two sons, Thomas C., of Montreal and Dr. William D., of Saint John, N.B., a sister, Mrs. Janet Dickey, of Langbank, Sask; and a brother, John, of Burnaby, B.C.

Fund drives far too many club is told

Far too many appeals are being made to the public on behalf of community enterprises, Rev. E. J. Bailey, minister of Westmount Baptist Church, said last Thursday.

In an address to the Electrical Club of Montreal he said that the time was ripe for development of a new formula in an approach to community services.

He said that in the province of Quebec, government business and labor should work together and show that in a free enterprise system it was possible to meet the welfare needs of a community.

'A losing proposition'

The WMA will be asked to appeal 'agreement'

By LOU MILLER

Despite the reaching of a "gentlemen's agreement" last week between City of Westmount officials and the oil companies, there is still jockeying taking place by the six service station lessees of Westmount. The agreement authorizes the stations to remain open nightly until 11 p.m. and on Sundays from noon until 7 p.m.

Last Sunday only one lessee stayed open and he had started remaining open a few weeks previously.

This week that same lessee was the only one to stay open past 9 p.m. He closed nightly at 10 p.m.

A service station spokesman said that his group still wasn't satisfied with the "agreement," but that undue pressure was being applied by some of the companies on the lessees and they would probably be forced to remain open, even though "it's a losing proposition."

They plan to appeal to the executive committee of the Westmount Municipal Association at the association's next monthly meeting on Tuesday, Feb. 9. The WMA had earlier passed a resolution that the 7 a.m. to 7 p.m. and no Sunday hours be adhered to.

The spokesman also said, "We don't plan to give up our businesses after being established for so many years. The companies won't lose a thing

by our staying open later. We're the losers, along with the citizens who will have to suffer the extra late night noise."

"What disturbs us is the manner in which this was handled by the City. They didn't even bother calling us in to meet with them and the companies so that we could negotiate. They just told us what to do and completely ignored our petition to have the matter come up before an open City Council meeting."

One lessee definitely said that he would give up business rather than take the loss necessitated by having to stay open the extra hours. "After seven o'clock, even now, it's a losing proposition," he said.

Three car crash sends tourists to MG hospital

Five people were slightly injured in a three car collision last Sunday at the intersection of Redfern and Western.

A car driven by Leo Quillet, 56, of 1413 Aubin avenue, Cornwall, apparently went through a stop sign while travelling north on Redfern. Another auto, driven by Andrew Paley, 40, 410 6th avenue, Lachine, travelling east on Western, and a third car driven by Pierre Gauvreau, 37, 358 St. Joseph boulevard, travelling west on Western, struck Quillet's auto simultaneously.

Leo Quillet, Joe Rouillard, and Lorenzo Beaulieu, all passengers of the Quillet car, were taken to Montreal General Hospital for treatment for minor cuts and abrasions.

Mrs. Therese Burnham, 41, 509 Provost street, Lachine, a passenger in the Paley car, was taken to Queen Elizabeth Hospital. She was released after having been treated for cuts and abrasions.

Pierre Gauvreau, driver of the third vehicle involved, was also taken to Queen Elizabeth Hospital.

A stranger to Westmount, Mr. Quillet explained to police that he failed to notice the stop sign on Redfern.

Requests for destruction of dogs have owners worried

By LARRY McINNIS

If your dog has watery eyes, runny nose, lack of energy and appetite, the chances are that he is in the first stages of the scourge of the dog world — hard pad.

The disease, one of the types of canine distemper, is virtually incurable once contracted since it permanently damages the animal's brain. It has reached a serious stage in Montreal. For nearly a month the SPCA has had requests for destruction of ten to 15 dogs each day.

Veterinarians are uncertain of the cause of hard pad, but it is believed to have originated in Great Britain. It was, for a while, considered that the current mild winter was helping the spread of the disease. W. N. Dunlop, general manager of the SPCA, states that he has seen husky dogs of the Eskimo get hard pad in the Arctic.

"Science hasn't found a cure for the common cold yet," Mr. Dunlop said, "and it hasn't found the cause of hard pad, either."

The disease is extremely contagious among dogs. They can get it from telephone poles, urine, or just rubbing noses with other dogs. Humans who come in contact with a dog with hard pad can transmit it to other dogs even after six months.

The SPCA advises those who have had their pet destroyed because of the disease not to purchase another dog for at least six months. The chances are almost certain that the new pet will also contract hard pad.

Hard pad is very difficult to detect in its early stages. SPCA recommends that if the dog has a higher than normal temperature, then it is wise to give him a distemper vaccine booster shot.

A series of these shots may partially prevent the disease.

Secondary stages of hard pad are indicated by a bad odor from the dog with fits and convulsions. At this stage the animal's paws start to harden and crack — the symptom from which the disease takes its name. When the disease is this far advanced, it is very unlikely that the animal can be saved.

Even if a dog is basically healthy enough to survive the disease, it is likely to be left crippled by a brain injury which causes lack of co-ordination in the limbs and a type of St. Vitus dance. The lack of muscular control can cause the animal to grind his jaws to the extent that his teeth are damaged or des-

Parked auto hit, two persons hurt

Michael Lauzier, 18, of 38 Windsor avenue received a rude surprise last Sunday while parked opposite 616 Grosvenor avenue when his car was struck by another vehicle driven by L. J. Adams, 57, 1414 Drummond street.

Although damage to the vehicles was not extensive, Lauzier received a bloody nose. A passenger in Adams' car, Mrs. Bourne, 48, 604 Victoria avenue, also was slightly injured.

Both injured people refused medical attention.

Mr. Adams explained to police that he was attempting to pass the parked auto when he noticed another vehicle approaching on the opposite side of the street. He pulled back into his own lane, but could not stop in time.

Gas station hours stir up new issue

ANYONE who thinks The Examiner is going to lay off municipal politics now that the election is over is mistaken.

City Council discussion of public business in private "committee" sessions behind closed doors remains a challenge.

We shall continue to attack the system as undemocratic and wrong.

And now another issue, borne of this secretive method of conducting City affairs which caused crises over the rink and rezoning of certain areas for apartment houses.

It's gasoline service station hours.

There are many baffled citizens. They thought Westmount was a City of peace, quiet and perfect rectitude evenings and Sundays.

The Examiner is not prepared to discuss the moral issues, if any, of late evening and Sunday vending of motor fuel.

But apparently City Council, in one of those "committee" decisions which are not heard about until their effects generate protests, has ruled that the stations "may" stay open until 11 p.m. weekdays and noon to 7 p.m. Sundays.

What may be going on between the oil companies and their lessees is their private business.

But the City's regulations are the public's business.

There is a challenge to Council to state at whose behest the existing permissible hours were changed, and why.

Have porch light on for march on polio

AFTER last summer's dreadful outbreak of poliomyelitis in this area, it would seem unnecessary to urge support for Monday evening's Mothers' March on Polio.

But folks have short memories. They can quickly forget the unpleasant — such as the seemingly endless queues, particularly in August, for Salk vaccine injections at clinics throughout the metropolitan area; the shortage of the precious immunizer which developed, and the many cases which, nonetheless, developed.

Examiner thanked, urged to continue

Sir:—May I offer my very heartiest congratulations to The Examiner for its civic leadership in bringing on the recent aldermanic election.

You have aroused the democratic conscience of a lethargic citizenry. Those candidates who offered themselves in opposition to "the establishment" also deserve great praise for, not the least, their courage. It's not important that they lost, this time, against the steamroller of the well-heeled and well-entrenched WMA.

Now, you owe it to the citizens of your community to continue what you have started. Report, as far as you can learn, the happenings of the Star Chamber called city council. Tell of the crime wave which is increasing insurance rates. Watch for such things as "rink" deals, and zoning and expropriation finangling.

And let's bring back the WVA!

Dura lex sed lex

Some experts say polio could hit this region even harder this summer.

Even so, the Canadian Legion, the March of Dimes, and all the other organizations and individuals working in the polio field, have had a heavy drain on their resources this past year as they prepare for another. Rehabilitation services loom larger than ever, too.

Monday evening, your porch light will indicate that some calling mother will be welcomed.

Be sure that welcome, in the form of your contribution to the unique campaign for funds, is as generous as you can make it.

There can be few causes more worthwhile than saving some child from becoming a cripple.

THEY SAY!

'Tis deeds must win the prize.

University of Life series slated for Dominion-Douglas

For the third year the University of Life presents a series of four informal, adult discussions on subjects that are currently occupying the minds of thinking Canadians. Commencing on Sunday, January 31 at 7:30 p.m., at Dominion-Douglas Church (The Boulevard at Lansdowne) the University of Life series will run for four consecutive weeks at the same hour and place.

Speaker at the first meeting will be J. L. Manion, officer of the Immigration Branch of the Department of Citizenship and Immigration, Ottawa, whose address will provide background information for the informal discussion which follows. The subject will be Refugees and Overseas Relief — what's the problem? what should Canada do? what can we, as Christian citizens do?

On Sunday, February 7, the topic will be: Does the Church Have a Right To Voice An Opinion On Public Issues? The speaker will be Dr. Douglas Wilson, noted churchman and newspaper columnist. Sunday, February 14 the subject will be "Prayer" and Dr. C. P. Martin, former Dean of the Faculty of Medicine, McGill University, will speak. For the final meeting the subject will be, "The Bible" and the speaker will be Dr. George Johnson, principal of United Theological College, who will discuss the Dead Sea Scrolls and will outline a pattern of Bible study.

The University of Life program will begin with the evening service in Dominion-Douglas Church and the guest speaker will present the topic of the evening. At the conclusion there will be coffee and refreshments followed by discussion on the topic of the evening. A welcome awaits all those who wish to attend.

Canadian authors to hear talk on Iron Curtain art

By VALENTINA RAHR

Dr. R. Robertson, Clarke avenue, is chief surgeon at the Montreal General Hospital. This institution is adding the largest cesium unit in the world to its growing amount of equipment for fighting cancer by radiation treatment. The unit now installed will deliver the largest useful output of radiation of any such unit anywhere. The unit operates much like the lens of a camera, to control the size of the beam of rays directed at the local site of the cancer tumor in a patient. It produces results similar to those of the famous cobalt 60 bomb. The Montreal General Hospital has a cobalt bomb and treatment with it is still useful for certain types of cancer.

The fifth meeting of the 1959-60 season of the Canadian Authors Association will be held on Monday, February 1, at 8:30 p.m. in the Silver Room of the Ritz Carlton Hotel.

Speaker will be Mr. George Wesley, St. Catherine street, past president of the TV Group and recently returned from a tour of the satellite countries in Europe. His subject will be: "Literary and artistic life behind the Iron Curtain."

Bandmaster Morley Calvert, Westmount Junior High School band leader for many years, has replaced retired Norman Audoire recently, with the Salvation Army Bands. Mr. Audoire handed over his baton to Mr. Calvert, with Commissioner W. Wycliffe Booth watching approvingly. Mr. Calvert's first experience in band music was with the Salvation Army.

Howard Lewis, Michael Newton and John Newton are three students at King's School who are taking part in the art classes conducted by Mrs. Lonnie Echenberg, Anwoth road. Her own two children, Erica 7 years and Jan 10 years, are attending Weston School and Roslyn School respectively. Both are in classes at the

You Say

The meaning of the election

Sir: Now that the election is over one can ask the question why it was held, who was responsible for it and in the end what did it accomplish? Normally these questions would be rhetorical, but in Westmount, where civic politics has always been a rare thing, the answers are worthwhile thinking about.

The election was fought between two opposing schools of thought represented by two groups. One was the long established and powerful Westmount Municipal Association, the other was a small protest organization which called itself the Westmount Voters' Association. The latter was not really an association since it only comprised a handful of people who had come together a few weeks before the election with the ultimate objective of forcing a vote so that the Westmount citizens could democratically choose their candidates.

I believe that the citizens of Westmount, and in particular the Westmount Municipal Association, have profited from this experience. On the other hand the temporary Voters' group should not be considered as an association in the same sense as the Westmount Municipal Association. It was a loosely knit band, of citizens who joined forces for a single purpose, to exercise their responsible rights and thus became a nominating committee. It was this committee which brought out less than one-third of the eligible voters to the polls and was indirectly responsible for a civic forum held under the auspices of this newspaper, and managed to exercise the heated opposition of a number of loyal Westmounters.

I do not think that anyone objected to the type of men

nominated by the Westmount Municipal Association . . . that was never the issue. This election was meant to protest a method of government, and in a way voiced the feelings of a minority in Westmount — who found fair, if somewhat disappointed, expression of their views in the election results. The election failed to express the feeling of many others who may have wished to protest but were not yet ready to disturb the status quo.

Perhaps more than anyone else, the Westmount Municipal Association has most to be grateful for. They won an election, not a nominating convention. They were strengthened because of it, and found that there were many advantages in having open forums of discussions if for no other reason than to hear a minority view which, after all, is one of the fundamentals of a democratic system.

For some time there has been a current view which has gained credence in Westmount and other municipalities that opposition to an established and venerable order like the Westmount Municipal Association is disloyal, and if it did exist should be silent and unvoiced. That this myth was shattered I am sure is in the interest of the Westmount Municipal Association itself, who, in order to meet the changes in thinking which have overtaken the community in late years, has seen fit to reconsider many of its past ideas.

Personally, during the year I sat on the executive I could not help but feel some disappointment at the way minority opinion was treated and because of this attitude I felt compelled to resign.

I think the attitude that prevailed is changing. But it is not changing by itself. It has changed because the realization has come that no one is immune to criticism, that elections can be held, and that public will can both seat and unseat candidates.

In future elections where the Westmount Municipal Association will be opposed, the results will probably depend on the calibre of the candidates themselves and their ability to organize intensively that densely populated area south of Sherbrooke and St. Catherine streets which did not chose to vote in any strength and which could easily decide a future contest. One day an opposition candidate may rise with both the ability to organize and the popularity to stand against the 1,800 votes which appear to be the strength of the Westmount Municipal Association. This combination could very well be irresistible.

The Westmount Municipal Association, committed now in principle and in practise to a broad and more democratic program, could do a good deal to change political apathy into interest. For like interest, apathy is cultivated. It is created as assiduously as is interest for our public and democratic institutions. Apathy dies in vigorous and healthy discussion. It lives where citizens become indifferent to the direction government takes and when the reins are held tightly by a few people who feel that ruling is their private realm and resent intrusion.

Perhaps because this is not the case, our community might owe a small debt of gratitude to any little band of responsible citizens who are unafraid to speak their mind in an atmosphere that sometimes bristles with hostility. Constant vigilance is the price therefore one must pay for healthy and uncorrupted civic government.

King's H & S hold meeting

A panel discussion — "Recruitment and selection of the teaching staff" — will be featured at a home and school association meeting to be held at King's School, Wednesday at 8:30 p.m.

Panel members will be: Mr. R. Steeves, Montreal protestant school board, Mr. Lloyd Jacks, public relations officer for the greater Montreal school board; G. Merrill, director junior school, L.C.C., and Mrs. P. N. Goddard, vice-president of King's School home and school association.

A question and answer period between the audience and the panel will follow the discussion. Refreshments will be served.

The parents of King's school students are urged to attend.

Mothers Polio March set for Monday 7-8 pm

NEXT Monday night will be Mothers' March on Polio night in Westmount.

Thousands of mothers and co-workers will set out at 7 p.m. on Monday, Feb. 1, to call at homes in their neighbourhood as part of their campaign against a crippling disease, poliomyelitis.

The appeal is conducted by the Quebec Chapter, March of Dimes, to help support its free anti-polio vaccination clinics for adults and its rehabilitation programs for polio cripples. Objective of the appeal is \$200,000.

Westmount Rotary

Freedom of press must be preserved

"The newspaper of today constitutes the solid backbone of democratic communication," David M. Legate associate editor of the Montreal Star, told the Westmount Rotary at their weekly luncheon on Wednesday.

"Freedom of the press must be sacredly preserved if its function is to mean anything," he said.

Mr. Legate also said that the rise in popularity of public relations men in business and government, turning out enormous quantities of handouts and news releases, is the modern danger of newspapers.

In the course of his talk, Mr. Legate opined that our society of today is setting trends which should disturb the people of North America. He was referring to the fact that membership in the UN or NATO, for example, does not necessarily mean that all countries have unrestricted freedom of the press. He especially cited Turkey and most Near Eastern countries as prime examples of censorship.

"We should not allow propaganda to replace honest

news," he warned. "We must be sure that freedom of the press does not slip from under us."

Mr. Legate entitled his talk, "The duties of a newspaper to a community," stating that a newspaper "must inform, entertain, be honest and responsible."

While a newspaper is primarily a business, Mr. Legate feels that it can only pay if it attracts readership through informative and honest news gathering, thereby in turning attracting advertisers who know their products are going to reach the public eye.

There are three main responsibilities of newspapers, Mr. Legate said. Firstly, they should tell what is happening; what people do, feel, say and think. In doing this, they should maintain a high standard of ethics. Secondly, they should supply an intelligent editorial policy to help its readers shape a definite opinion. Thirdly, a newspaper should provide an encyclopedic fund of entertaining and informative material — but it must be accurate.

If a newspaper maintains those high ethical standards, it "becomes more than a mere business," Mr. Legate said.

"A newspaper, by a correct and enlightened interpretation of events, can get rid of smugness and complacency found in every community," he added.

Seemingly taking exception to Mr. Legate's remarks concerning public relations and handouts, some Rotarians asked what became of these releases. "They are examined carefully," he answered, "then edited and used, or not used at all!"

One member asked about reporters inaccurately reporting interviews with persons in responsible positions. "I sometimes wonder, the way some of these people are misquoted, why they ever talk to reporters. Perhaps handing out official releases would be better," the member said.

Mr. Legate disagreed in that he admitted there was no excuse for misquoting, but publicity releases were just too much and too many.

Mr. Legate was born in Austria, educated in, among many places, the Fiji Islands, Ireland, England, and McGill University. During World War II he was commissioner of the Red Cross in Italy and Northern Europe. A former drama editor for the Star he spent five years in England as a Weekend Magazine correspondent before taking up his present duties as assistant editor.

He concluded his question and answer period with his own quotation of the 11th Commandment: "Thou shalt not take thyself too seriously."

"ROSE DIAMOND"

The term "rose diamond" comes from the 1500s, when a new method of cutting diamonds was introduced. This method produced diamonds somewhat in the shape of a rose.

THE CANADIAN ARTHRITIS AND RHEUMATISM SOCIETY, announces that three distinguished Canadians have agreed to serve as honorary chairmen for the Society's annual

financial campaign which will be held this year March 1-14. From left to right are B. G. Gardner, Allan Bronfman and the Hon. Pierre Sevigny. The campaign will have as its objective \$120,000.

Juvenile delinquency conference Feb. 11

A one-day conference on juvenile delinquency is to be held on Thursday, February 11, from 9

a.m. to 5 p.m. in the Queen Elizabeth Hotel in connection with the annual meeting of the Montreal Mental Hygiene Institute. Among the speakers will be two internationally-recognized authorities: Ralph W. Whelan, Commissioner of Youth Services and Executive Director of the Youth Board Research Institute of New York City; and Father Noel Mailloux, Professor of Psychology, the University of Montreal and Director of Technical Services for the Centre d'Orientation.

interested in the immediate problem of the juvenile delinquent but he has also conducted numerous studies into possible ways of detecting the potentially-delinquent child during grade school years so that effective preventative measures can be planned. Father Mailloux, widely known for his research into human relations, has in recent years pioneered in the Mental health field and founder of the now, Canada-ducted a number of intensive studies concerning the juvenile delinquent's attitudes toward home and society, and his response to treatment in a therapeutic, community-like setting.

At the luncheon meeting annual reports will be tabled and Certificates of Achievement presented to seven men and women who have completed the Institute's three-year training course qualifying them as discussion leaders in the field of family life, parent education and human relations.

Every three years a Mental Health Award, an illuminated Citation and the sum of \$1,000 donated by a leading Montreal citizen, is presented to a Canadian who has made an outstanding contribution to the mental health field. This year, Father Noel Mailloux will receive the Award before addressing the luncheon meeting. Among previous Award winners have been Dr. Clarence Hinks, a Mental Health Association, and the late Johnathan C. Meakins, MD, CBE, former Dean of Medicine, McGill University.

Fraser-Hickson

The Fraser-Hickson Institute presents the fifth in its series of motion picture programs, free to the public, on Tuesday, February 2 at 8 p.m. Films to be shown include one that takes an informative look at the heartland of North America and the effects of the Seaway; another shows the strange and wonderful things that occur in any Canadian swamp. The third film, the Dew Line Story, presents some of the most dramatic scenes ever filmed in the Canadian Arctic.

Westmount girl TCA stewardess

Kathleen Joan Davison, of 4227 Dorchester street west, Westmount graduated recently as a Trans-Canada Air Lines stewardess following an intensive five-week course in Montreal. Miss Davison was born in Twillingate, Newfoundland, and received her education at schools in Quebec, Ontario and Vermont. Prior to joining TCA November 2, 1959, Miss Davison was employed as a typist in Montreal. She is now based at Toronto with TCA.

McGILL UNIVERSITY students Jennifer Beck and Nina Mayerovitch don't mind supplying ideas to Nina's brother, Dave. The three West-

mount residents are currently working on McGill's Red and White Revue. Dave is one of the writers, Jennifer and Nina are in the chorus.

STAMPS GALORE

— by —
Wayne L. Bungay

JEWISH HISTORY THROUGH STAMPS. 'A Century of Jewish History Through Stamps,' by a renowned philatelist and author of note was recently displayed at the Queen Elizabeth Hotel.

The collection by Emil Weitz formed an exhibit at the 18th Biennial Convention of the Hadasah-Wizo Organization of Canada.

Mr. Weitz is the only philatelist who has been honored with a special cover and special cancellation by the postal administration of the State of Israel. He received the award when he exhibited his collection at the invitation of the State in 1951 at Tel Aviv.

The display began with 'Biblical Themes' and went right through to the inauguration of Israel as a State. Included in the collection were many rare stamps, covers, cancellations and overprints. However, more important is the fact that much of the material fell into the 'seldom seen' category.

* * *
STAMP AUCTION. N.D.G.'r John Pickering, member of the Westmount Stamp Club who acted as auctioneer on January 21, took in over 160 dollars. 90% of this amount was handed over to the members who submitted their duplicates for auctioning. The remaining 10% of the cash received was retained by the club and will be used to help defray their 1959-60 expenses. The club will stage another auction shortly with all proceeds going to the Red Cross.

Heart Foundation has well planned education series

The following meetings have been prepared in cooperation with the Education Committee of the Quebec Heart Foundation and are open to the public. There is no admission charge.

February 1: At 8:00 p.m., meeting of the Dr. John H. Palmer Chapter. A panel discussion on the subject: "What should a doctor tell a critically ill patient and his family?"

Students staff "Got it Made"

Dave Mayerovitch, 4840 Westmount avenue, hasn't been doing as much studying these days. Dave, a third year McGill science student is one of a trio of hard-working writers of the 1960 Red and White Revue. This year's show is entitled "Got It Made", and though the writing of the all-student effort was begun last August, the polishing of the final version is still keeping the three scribes very busy.

Dave is one of many Westmount residents working for the Revue, either on stage or behind the scenes. Directed by Brian Macdonald of Toronto, "Got It Made" is a lively satire on advertising methods and (of course) politics. Highlighted by intricate dance routines and modern musical numbers, it traces the career of a singing idol.

Dave's sister, Nina, is one of the Revue's chorines. An experienced dancer, she has been with the Montreal Ballet company for several years and performed in "Falstaff" with the Montreal Opera Guild.

Aviva Slesin, who lives at 4861 Victoria avenue, is one of the leads of the show. She acted in "The Bald Soprano" at McGill this fall, and with her deep voice is an experienced songstress.

Peter Clibbon of 507 Victoria avenue, a post graduate student at McGill and a Red and White veteran, is stage manager of "Got It Made." Peter is one of the inspirational people behind the Revue, whose assistance in the writing, publicity and performing departments of the show is invaluable.

Other residents of Westmount who are active in the Revue are Jennifer Beck, 572 Lansdowne avenue, a first year arts student

and a talented dancer, and Mark Graham of 339 Olivier avenue who is the show's set designer. Mark, who began designing the props in early December, has a staff of almost thirty helping him.

Tickets for "Got It Made" are on sale now at the box office in the McGill Union, 690 Sherbrooke west. Phone reservations may be made by calling AV. 8-6062.

The consequences of Christmas

IV

By

The Venerable
R. Kenneth Naylor, D.D.,
Rector, Trinity Memorial Church

The third result of the Coming of the Son of God in human form that I should like to think of is contained in Our Lord's words about Himself: "I am the way." For thousands of years men had known that they were cut off from God. They had tried to find a way back to Him - the way of sacrifice. They had tried to appease an angry God by offering in sacrifice some animal to represent them; or in extreme cases they had offered their own children. In Israel, by the grace of God, they had come nearer to finding a way to God through their sacrifices; but their own prophets had warned them that the sacrifices were ineffective. It was not thousands of rams or rivers of oil that God required but a contrite heart.

Then came the opening of a new way, not from man to God, by man's seeking, but from God to man, by God's giving. In the fulness of time God sent His own Son, made of a woman, made under the law. He sent His Son to accept complete human nature and so to draw heaven down to Earth; but also to retain that human nature when at the end of His ministry, having accomplished man's redemption, He return-

ed to His Father, and brought Earth to Heaven. A complete two way traffic was established.

Our Lord brought Heaven very throne of God because He is human. In both directions He is the Way.

down to Earth because He is divine; He brought Earth to the At the end of Book II of Paradise Lost Milton has a picture of Satan escaping from Hell, making his way across Chaos to the newly created Earth. In his journey, the poet says, the dark angel drew behind him his two fit companions, Sin and Death, and they in their turn "Paved after him a broad and beaten way

Over the dark abyss, . . . By which the Spirits perverse . . . Pass to and fro."

C. S. Lewis in one of his fantastic novels suggests that the Dark Lord, as he calls Satan, held the world in the hollow of his hand ("the whole world lieth in the evil one", as John says); but the Dark Lord, secure in his apparent victory, overlooked the possibility of God Himself sending His own Son, and allowed Earth once more to be invaded, this time from Heaven; and in that new invasion also a way was provided, a way not provided before, a "living way," as the Epistle to the Hebrews puts it. This is a way never to be closed. We can no longer be cut off from God, except by our own will, for the way is our own Brother, Jesus Christ, the same yesterday, today and forever.

Christian Science

How right prayer enables people to cope effectively with the problems of daily living will be brought out Sunday at the services in all the Christian Science churches. Each section of the week's Lesson-Sermon on the subject "Love" will deal with some aspect of prayer as taught by the master Christian, Christ Jesus. Bible verses will include the following from the Sermon on the Mount: "For every one that asketh receiveth; and he that seeketh findeth; and to him that knocketh it shall be opened."

Also pointing to effective prayer are citations to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, including the following: "If we pray to God as a corporeal person, this will prevent us from relinquishing the human doubts and fears which attend such a belief, and so we cannot grasp the wonders wrought by infinite, incorporeal Love, to whom all things are possible."

Judaism seminars start on Sunday

The Men's Association of Shaar Hashomayim announces the resumption of two concurrent Seminars on Judaism Sunday mornings, at 10.30 a.m. Jan. 31. One Seminar on the Scriptural Portion of the Week and Prayer Book is led by Hazzan Nathan Mendelson, in the small dining room. The second Seminar on the nature of Judaism, based on the text "Judaism as Religion and Ethics" by Meyer Waxman, is led by Mr. Benjamin Herson, in the reception room. These seminars are open to both men and women.

The Seminars are preceded by a special Shachris Service at 9:15 a.m. in the Beth Hamedrash (Chapel). Mr. Alexander Popliger is in charge of these Services at Parnass.

Following the service is breakfast at 10 a.m. in the dining room, under the chairmanship of Harry Barshaw, chairman of the breakfast forum committee.

Once a month the Men's Association Breakfast Forum will feature a guest speaker with men, women and students of the Seminary as guests of the Association.

Mr. Nathan Gaisin, president of the association, extends a cordial invitation to the congregation family, in particular to parents of school children, to participate in the above program in whole or in part.

U.S. evangelists to preach here in March-April

The Mission Studies of Westmount Baptist Church will conclude this week when the Rev. Aubrey Hunt of the Town of Mount Royal Baptist Church will speak on "Our Missionary Responsibilities" at the morning worship. On Wednesday night Don. Ivison will bring "Home Missions" before the church.

Dealing with Christian devotional life the Minister the Rev. E. J. Bailey will preach on "I will Pray" at the evening service.

Preparations are now being made for the coming of the Taylor Bros., the internationally known evangelists, who will be with the church March 27 — April 11. Dr. Charles Taylor is a great preacher and his brother, Laurie Taylor, a talented concert pianist who travels with his own grand piano. They will spend a short time with Madison Baptist Church after their campaign in Westmount.

The Young People meet on Friday night at 8 p.m., following a Prayer Circle at 7:40 p.m. On Sunday morning they meet in a Bible Class at 10 a.m. under Doug Bell.

Westmount YMCA

City gymnasts staged big exhibition for visitors

More than 70 gymnasts last week participated in the Westmount YMCA Gymnastic Clinic, as Westmounts' contribution to YMCA Week celebrations. Boys and girls, men and women from Lachine, Verdun, Lakeshore and Westmount received instruction in trampoline, vaulting horse, still rings, even and uneven parallel bars and balance beam.

The gymnasts were welcomed on arrival at the Westmount Branch by R. O. Huntington, chairman of the Physical Education Committee. Capt. John Gillanders, chairman of the Canadian Gymnastic Committee opened the clinic after the introduction of two of the provinces top gymnasts, Marie Claire Larsen and Dodd Dixon.

The assembled gymnasts were divided into groups and taken by leaders to each piece of apparatus, where expert coaches such as Lew Waller, Don Cochran, Raymond Gagnier, Capt. Gillanders, Ron Watt, Ted Bovington and Bob Sallery, were available for instruction and advice. Each group had fifteen minutes for each apparatus. The boys worked on parallel bars, still rings, vaulting horse, and the trampoline. The girls worked on uneven parallel bars, balance beam, vaulting horse and trampoline. The workout in the gym was followed by a dip in the swimming pool.

By 10:30 p.m. the Westmount

Y was quiet, but it is hoped that those who participated would remember what they had learned and benefited from the performances of Marie Claire Larsen and Dodd Dixon. The Physical Director wishes to thank all those who helped in making it a successful evening. It is now hoped that this will become a yearly event at Westmount YMCA.

Gymnastics will be opened to all residents of Westmount every Tuesday and Friday nights from 8 p.m. to 9:45 p.m., as a guest for two nights only throughout the year.

Old Boy Scout revisits troop

Colonel Slessor, district commissioner for Westmount, was guest of honor at a joint father-and son banquet of the 1st Westmount Boy Scout troop and Wolf Cubs last week.

Colonel Slessor spoke briefly of the troop's rich history, which he had followed since he was one of its original members 50 years ago, and which should challenge the present troop.

He presented a number of badges and service stars. Promotions were as follows: Second Class Badge, Ronald Hand; Patrol Leader, Peter Spielman; Patrol Second, Duncan Morehouse; and Peter Tellier.

First-year service stars were handed to Michael Boddington; Robert Fletcher; Ronald Hand; James Magnall; Duncan Morehouse and Peter Tellier.

Second-year stars went to David Hall; Peter Henderson and Peter Spielman.

Fourth-year stars were presented to troop-leader Michael Shannon; Ronald Hamm and Richard Hand.

Banquet catering was provided by the newly-formed ladies auxiliary and the full color film, "Jubilee Jamboree", was shown.

Guest Speaker

Dr. Rivkin, author, teacher, historian and lecturer, will speak on "Judaism and the Emergence and Expansion of Christianity" and a "Historian Look at the Dead Sea Scrolls." Ministers of United, Presbyterian, Baptist, and Anglican Churches will be taking part in the Institute. Religious teachers and educators will also be represented.

THE GREENS MADE IT ALL RIGHT!...
all \$100,000 of it. Mind you it took Mr. Green 18 years — and that's what he made, not what he kept. Like the Greens, most of us in our lifetime will earn more than this imposing pile of bank notes. Question is: how much will we keep? Systematic saving at the B of M helps you keep more of what you make. Just one of those 100,000 dollars will open a savings account for you. Keep it strictly for saving, and there's one thing you can say for the money you put into that account... you have really got it made.

At The Cross Road

For countless ages, as this planet grew,
From swirling star-dust, to its present state,
When human feet, have walked the path of life,
As travellers, on the pilgrim way of fate.

On this, the shore of islands all unknown,
What message, has the world for us today?
Just the old promise, "As thy days thy Strength"
And God is with His people all the way.

Spelman-Sanborne wedding attended by local guests

The marriage of Kathryn Drake, daughter of Rev. and Mrs. Leon Sanborne of South Fort Mitchell, Kentucky, to Mr. Robert Francis Spelman, Jr., son of Mr. and Mrs. R. F. Spelman of St. Bernard, Ohio, took place recently in Immanuel Methodist Church, Lakeside Park, Kentucky, Rev. Leon Sanborne officiating.

The bride, who was given away by her grandfather, Mr. J. P. Copland of Montreal, wore a white satin gown fashioned with scalloped neckline, fingertip length sleeves and bodice going into a floor length gown and cathedral train. The veil, which had been also worn by her mother, was of rose point Brussels lace arranged in cap effect and coming over the train. Her bouquet was of white roses with touches of pink pompons.

Miss Peggy Hubert of North College Hill was maid of honor, while Miss Georgia Copland of Montreal, cousin of the bride, and Misses Elizabeth and Nancy Sanborne, sisters of the bride, were the bridesmaids. They were gowned alike in light green ballerina length taffeta with dark green cumberbund sashes, matching shoes and hair bandeaux, and carried white pompons with accents of green.

Mr. John Spelman was his brother's best man and ushers were Mr. James Rutemueller, Mr. Carl Wiehe, Mr. Richard Meyers and Mr. David Sanborne, brother of the bride.

A reception followed at Lakeside Presbyterian Church where the bride's table was presided over by Mrs. Leslie Copland of Westmount, Miss Margaret Armour of Columbus and Miss Joyce Veddern of Cincinnati.

Out-of-town guests included Mr. J. P. Copland, Mr. and Mrs. C. L. Copland, Miss Georgia Copland of Westmount; Mr. James Copland, and Mrs. Charles Johnson of Montreal; Mr. Henry Sanborne of Washington, D.C., uncle

Does it affect cats? "Well, I wouldn't say it doesn't," Mr. Dunlop said. There is so little known about hard pad that veterinarians do not know how — or if — it affects felines. There have been no cases of cat hard pad reported.

Humans can have jaundice, similar to hepatitis in a dog or cat. In the case of a cat, however, the disease is always fatal whereas the dog may fully recover with proper care. Authorities are unable to estimate the total number of hard pad cases in the region. The city's West End and the Lakeshore are the worst affected.

Grout breaks another record

United States swimmers took 42 then capturing the 100-yard butterfly in 57.6 seconds. Grout also anchored the 100-yard relay event, the only relay won by team victory.

The competition produced 123 records, 84 of them going to the U.S. Winning their fourth straight meet the U.S. set 26 meet records, 34 Ontario open records, and 24 Canadian open records.

Spurred on by the American showing the Canadians in turn set 39 new marks: seven meet records, 17 Ontario native records and 15 Canadian native records.

Cameron Grout, swimming with the McGill University team, set a meet record winning the men's 100-yard freestyle in 51.4 seconds,

West Hill in 1st puck win

West Hill won its first game of the High School Senior hockey season by defeating Westmount 3-2 at Westmount Park.

John Smith, Dave Fraser and Ron Rubin tallied the West Hill goals. Frankie Robinson and Don Smith were the Westmount scorers.

Robinson's marker moved him into a tie for first place in the individual scoring race with Loyola's Gary Dineen. Both have scored eight points.

Dineen has four goals and four assists while Robinson has seven goals and one assist.

West Hill gained a two-goal lead in the first period when Smith and Fraser blinked the red light.

LCC tops all in ski action

Lower Canada College came out on top in all four classes in Saturday's high school downhill racing at Christieville.

Runners-up were Westmount Junior Class I; Montreal West, Class II, West Hill, Class III, and Westmount, Class IV.

Classes comprised the following age groups: Class I, under 14; Class II, under 15; Class III, under 16; Class IV, under 18.

Referee Carl Voss on TV Saturday

Ken McKenzie's special guest on Cabinet's Hockey Preview for Saturday, January 30, on WCAX-TV, Ch. 5, will be Carl Voss, referee-in-chief of the NHL, a position he has held for the past 10 seasons.

He certainly knows all there is to know about the highly controversial subject of refereeing in the NHL and hockey in general.

Westmount cage downs Monkland

Senior Basketball League entry from Westmount exploded with an 87-39 win over Monklands.

All nine players on the Westmount roster chipped in with at least one basket.

Bob Carter topped the scorers with 17 points. He was followed by Doug Rowland with 15, Larry Dallas with 14, Mark Friedman and Howie Blanchette with 13 apiece. Rowland and Dallas are guards.

Vilnis Auns of Monklands was high man in the game with 18 points. Murray Barkhouse added nine.

Six schools in wrestling

Six high schools in the Montreal area have been accepted into the ranks of the GMIAA wrestling league this year.

They are: Monklands, Lachine, Beaconsfield, High School of Montreal, Mount Royal and Rosemount.

College wrestling has been introduced into the loop, in addition to the regular style of "Referee's Position" wrestling. In former years, the latter kind was the only one employed.

Both competitors started off on their hands and knees, one aside another and on the referee's signal, began grappling.

Standing on one's knees with two hands off the ground was not permitted.

With the introduction of college wrestling, used in the first round, competitors start the match from a standing position. They resume the final two rounds in the referee's position.

Rosemount, the defending city champions will have a tough time retaining the title.

American center signed by Als

Alouette President Ted Workman, announced the signing of centre-linebacker, Dick Teteak, who played for the University of Wisconsin in 1958.

Before entering University of Wisconsin, Teteak attended Oshkosh High School where he won two letters in football and baseball. During 1956, 1957 and 1958 football seasons, the 6 foot 1 inch Teteak played more than 40 minutes a game.

In 1958, he was voted the most valuable player on the Wisconsin team. That same year he was selected to play in the East-West Shrine game in San Francisco, and the Hula Bowl in Honolulu, Hawaii.

Teteak was a top draft choice of the Green Bay Packers in 1959. He reported to the Packers and was their last cut.

Milton Bruhn, Teteak's football coach at Wisconsin said "Teteak is only 24 years old, he is hard and rugged. He lettered at the centre position for three years, and was generally regarded around the conference as one of the finest and most alert linebackers in the Big Ten. He will be a great asset to the Montreal team. He is single and lives in Oshkosh, Wisconsin.

T. LEO'S SPORTS

By PETER RASSENTI and RAY MAYNARD

Daniel O'Connell senior hockey team St. Leo shut-out 2-0 at Verdun Auditorium. Brother Paul's team jumped into an early lead and held command of the play in the first half of the game but St. Leo's came back strong in the second half, to give the visitors plenty of trouble and some good goalkeeping and erratic shooting kept them from denting the twine.

John Rinfret had some fine opportunities, also Martin O'Halloran. Allan Keith was dangerous with fine rushes but his play was too individual. John Bonneau turned in a good game in the goals for the home team.

It was a well played game, marred only by an unprovoked attack on St. Leo's Jacques Lemieux who was fouled near the end of the game and came near suffering a serious injury.

The bantams made a successful invasion to Lachine, posting a 6-1 victory over Lachine High. Connie Nucci scored two goals. Single goals were netted by Peter

McCormick, Fred Fisher, Maurice Cusson and Claude Servant.

The bantams posted another victory, defeating Westmount Junior high 4-2. Team captain Connie Nucci led the scoring with two goals, while Peter McCormick and Tony Tyrrell notched single counters.

The Seniors dropped another close game, this time to Lower Canada by a 2-0 score. The Saints played sound positional hockey and the defence was steady but they were outskated by LCC forwards who came back fast to crowd the losers once they came over the blue line. The production of the Academy's forwards is falling off and they look to be badly in need of some extra skating and shooting practices.

St. Leo's pee wee continued their victory march with a 5-1 win over Roslyn School. Scorers for the winners were John Lang, Dougie Muncy, Lloyd McKinnon, Bob Brault and John Donnelly.

The curlers hung on tenaciously to eke out a close 6-5 win over Westmount High at the Heather Curling Club. André Legault, Mike Donald and Ken McGuire were outstanding for the Clarke avenue iron tossers.

A welcome visitor last Friday afternoon at Verdun Auditorium was T. P. Healy, high school teacher at St. Leo's.

A hastily assembled midget team will participate in the St. Willibrord's ice carnival, tonight at Verdun Auditorium, where they will oppose St. Willibrord.

Dow pin tourney now in action

The Dow Bowling Association has presented close to 100 percent support from the province's bowling halls for its competitions to determine contestants for next year's "L'Heure des Quilles" television show.

With events already rolling, Roger Meloche, sports promotion manager for Dow Brewery, said signed entry forms from 108 out of 110 bowling halls in Montreal and 243 out of 255 alleys in the province had been received.

In every alley the top three high triple bowlers every week will qualify to take part in elimination tournaments.

These elimination tourneys, bringing together bowlers from all parts of the province, will eventually leave 120 who will be joined by a like number, selected by the Canadian Broadcasting Corporation according to season averages, for a final roll-off.

The 35 leaders of this event will be the contestants on next year's French-language network TV sports show "L'Heure des Quilles."

Mr. Meloche said it was the first time such a competition, giving every male duckpin bowler in the province a chance to take part without leaving his home alley, had ever been organized and added he was delighted with the support being given it by the bowling halls throughout Quebec.

Thistle wins cup 6th time

R. F. Walsh's Thistle rink won the Rankin Trophy in the finals of the 29th annual bonspiel at the Seigniory Club with a 9-7 victory over H. Doherty's Ste. Anne de Bellevue Quebec, rink.

The Thistle Club has won the trophy six times. Team members were S. Meldrum, lead, N. E. Kenrick, second, J. L. Beauguard third, and Walsh, skip.

In the semi-final round Thistle downed C. W. Hopple's Maxville, Ont., rink 13-6 while the Ste. Anne's curlers scored 11-4 over G. S. Halimand's Montreal West entry.

The anniversary trophy, played for in the same competition, was

MORE AND MORE OPENERS OPEN O'Keefe ALE

You'll see this new trend in homes, bars, clubs and taverns. Every day more and more people are discovering O'Keefe Ale. Next time you're opening a bottle of beer, make it O'Keefe — you'll enjoy its natural mild flavour.

THE O'KEEFE MILDNESS SECRET

Ever bitten into a grape seed? It's bitter, unpleasant. Grape growers found by experiment that they could develop seedless grapes with nothing to spoil the delicate flavour. It's the same with hops. Ordinary hops contain seeds which give an unpleasant bitterness to ale. However, O'Keefe master brewers insist on costlier "Seedless Hops", result—there's no unpleasant bitterness, just the right, natural mild flavour.
