## Second Charge Kidnap Suspect In Toronto

TORONTO (CP) — Three Montreal detectives and a policewoman were due here today with a warrant charging Mrs. Margarete Goede, 46-year-old widow, with kidnaping 2½-year-old Joel Reitman.

Mrs. Goede was arrested Wednesday in a Toronto boarding house and charged with attempting to extort money from a former employer, industrialist Arthur Cobham. She was charged with the Saturday kidnaping in Montreal.

Less than 24 hours before she was charged, Mrs. Goede was questioned and cleared by a detective inspector who had been called in to check a tip that the Goede woman in the rooming house might be the woman sought in Montreal.

**NOTES COMPARED**  
A comparison of notes sent Mr. and Mrs. Cobham, threatening to burn their home and kill their son if they didn't put \$2,500 in a designated spot, with the note left for Mr. and Mrs. Cyril Reitman demanding \$10,000 led

## Dag Arrives To Mediate In Lebanon

BEIRUT, Lebanon (AP)—Secretary General Dag Hammarskjöld of the United Nations arrived in Beirut today, bringing a glimmer of hope that he might end Lebanon's rebellion.

The international diplomat flew in at dawn from London and New York. His reputation in the Middle East for mediating ticklish quarrels gave the Lebanese some hope he might succeed where others failed.

The country has endured 41 days of fighting, bombings, shootings and strikes in an effort to overthrow pro-Western President Camille Chamoun.

Rebel leaders have promised a truce while Hammarskjöld is here. A furious battle raged in Beirut Wednesday, but government forces finally beat back the rebels and restored an uneasy quiet.

Hammarskjöld soon began talks with the leaders of the UN observation team ordered by the Security Council to watch for any aid to the rebels from the neighboring United Arab Republic.

Some 50 unarmored observers already are here to check Lebanon's 150-mile border with the Syrian province of the UAR. The Lebanese government feels, however, that observation is not enough.

It decided to ask Hammarskjöld for a sizable body of troops similar to the UN Emergency Force which separates Israeli and Egyptian soldiers along their border.

**WOULD NEED 5,000**  
Military experts here estimate 5,000 troops would be needed to seal the rugged mountain border. Hammarskjöld has sent out urgent requests to 14 UN members.

## Liberals May Move Closer To 'The Grass'

OTTAWA (CP) — Duncan K. MacTavish, 58-year-old Ottawa lawyer, has resigned as president of the National Liberal Federation.

A reference in the federation's announcement Wednesday to its "period of transition" gave rise to speculation that this might herald a move by the party brass closer to the grass roots.

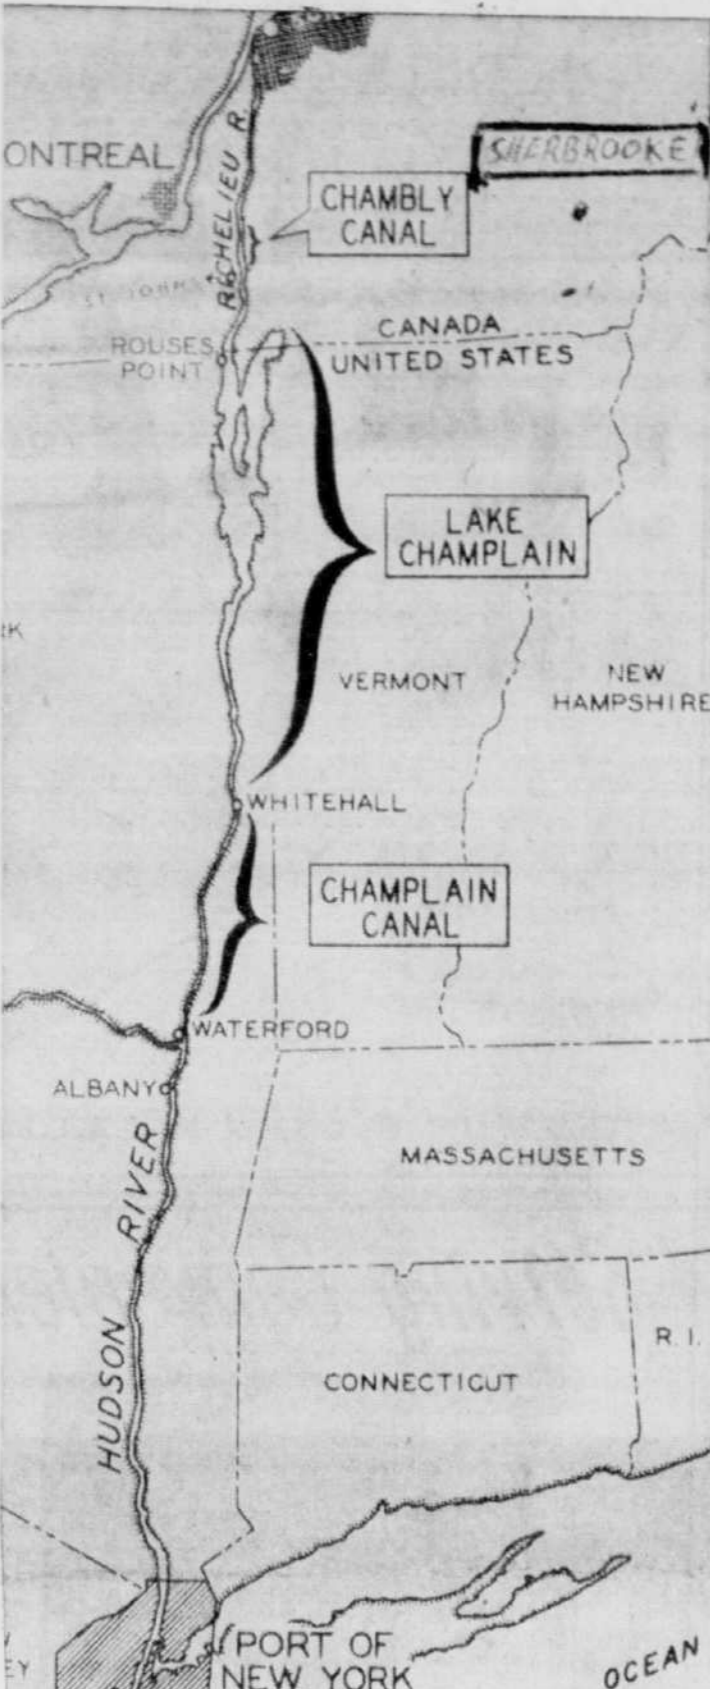

George Marler, former Liberal transport minister who lost his Montreal Mount Royal Commons seat in the March 31 election, has been mentioned as a possible successor to Mr. MacTavish.

**ASKED TO CONTINUE**  
The resignation announcement said Mr. MacTavish has been asked to continue the duties "during the period of transition in which the federation now is engaged."

An official later said no successor can be chosen until the 250-member advisory council of the party meets. No date has been set.

The possibility was seen that

## Proposed Richelieu Plan

## Diefenbaker Promises First-Hand Study Of Richelieu Route

OTTAWA (CP)—Prime Minister Diefenbaker Wednesday was reported to have promised to sail the Richelieu River this summer to view first-hand the possibility of creating a 14-foot-deep shipping channel from the St. Lawrence River at Sorel, Que., to New York City.

Such a proposal was placed before the prime minister and his cabinet Wednesday by a delegation of 150 business and municipal leaders from the Richelieu River-Lake Champlain area, including some 50 mayors of communities in Quebec's Richelieu Valley.

Mayor C. Robert Fiset of Sorel, who headed the delegation, said the prime minister promised to make a prime minister survey of the river this summer by taking a cruise on it.

He said the prime minister was impressed by the delegation and interested in the proposal.

The 80-mile Canadian section of the Richelieu River channel now ranges from six to nine feet deep. It is used principally by a fleet of seven light boats hauling raw materials and package freight, and by two Quebec newsprint producers, shipping to New York.

**Hero Driver**  
BURLINGTON, Vt. (AP) — James Bump, 64, who rode a flaming dump truck nearly half a mile May 27 before jumping off, died Tuesday in hospital. Bump suffered burns and other injuries when his truck swerved out of control and caught fire. He stayed on the running board until it turned into a ditch.

# U.K. PARTNERSHIP PLAN PROPOSED FOR CYPRUS

## Macmillan Outlines 7-Yr. Plan

LONDON (AP) — Prime Minister Macmillan today announced a seven-year plan for the future of Cyprus which provides for participation of the Greek and Turkish governments in the island's administration.

Macmillan described the proposal to the House of Commons as "an adventure in partnership."

He promised a cessation of violence in Cyprus would bring a relaxation of the emergency regulations, including a return of Cypriots now exiled from the colony.

While he did not specify this reference was taken to mean that Archbishop Makarios, leader of the majority Greek Cypriots, would be allowed to return when order was restored.

Macmillan said "it is deeply to be regretted that all attempts for a settlement to the Cyprus problem had thus far proved unsuccessful."

The prime minister announced the British plan after a 48-hour pause to give the NATO council in Paris time to talk over the problem with Britain, Greece and Turkey.

## NATO Plea For Peace In Cyprus

PARIS (Reuters)—NATO's permanent council today appealed to Britain, Greece and Turkey to settle their dispute over Cyprus' future and avert "a grave crisis" within the 15-nation organization.

Reliable sources said the appeal was made at a two-hour emergency session of the council shortly before Britain's blueprint on Cyprus was to be announced in London.

NATO sources said this morning's consultations at a council headquarters here were "beneficial." Reports from Athens said, however, Greece was "resisting pressure" to switch its hostility to the British proposals.

But a source close to the council said after today's meeting that "all delegations had been co-operative."

Neither the Greek nor Turkish delegation would comment after today's meeting.

The official NATO spokesman said he could not say anything about today's meeting until after the statement on Cyprus in the British House of Commons today.

Other NATO sources said the postponement was aimed at persuading Greece and Turkey "not to reject the British plan, but to get together with Britain and talk things over." In this respect the atmosphere today was "optimistic," these sources said.

## Ready By July 1

OTTAWA (CP)—Federal hopes are that five provinces will have hospital insurance plans in operation by July 1, qualifying for federal insurance aid that will start then.

So far only Newfoundland has signed an agreement with the federal government to take effect on that date. However, Health Minister Monteith informed the Commons Wednesday that the four western provinces, which have signified their intention to participate, may sign in time to start receiving federal contributions then.

Ontario, which also has signed an agreement, is due to start its hospital plan next Jan. 1.

**PRINCIPLE APPROVED**

## Four Bridge Casualties Still Missing In Narrows

VANCOUVER (CP)—The tide-ripped waters of Burrard inlet at Second Narrows have refused to give up the bodies of four of 18 workmen killed Tuesday when a partially-completed bridge collapsed.

Divers hired by Dominion Bridge Company, steel contractors on the bridge, probed the

underwater wreckage Wednesday.

Meanwhile, a one-man royal commission headed by Chief Justice Sherwood Lett of the British Columbia Supreme Court started an investigation into the tragedy.

Public hearings into the disaster, which occurred when sup-

ports for two sections of the projected \$16,000,000 bridge collapsed, will open shortly.

The bridge was to augment an existing road- and rail span at Second Narrows and the Lions Gate Bridge, farther to the west at First Narrows, in carrying traffic between Vancouver and the north shore of Burrard Inlet.

Twenty workmen were injured in the accident. Two of them were in fair condition in hospital. Twelve others were "improving." Six were released following treatment. Forty-one other workmen on the bridge escaped injury.

Loss is estimated at \$3,000,000 to \$3,500,000. Construction will be delayed six months.

## Heart Attacks 'Forecast' Ike Says He Needs Adams

HALIFAX (CP) — A Montreal heart specialist says 50 per cent of coronary thrombosis cases are telegraphed by symptoms weeks in advance.

Dr. Paul David, director of the Montreal Cardiological Institute, said preventive treatment if successful "would prolong the average length of life and prevent the catastrophes . . . of sudden death or prolonged invalidism."

Dr. David spoke Wednesday at the annual meeting of the Canadian Medical Association which opened a three-day scientific program.

He urged "a nation-wide research program" because one person in five over 40 years old in North America dies of heart disease. He called for a program with as much "energy, intelligence, financial resources and co-ordinated research programs" as are used in the development of modern weapons.

operating room too late for any hope of cure.

He said in nine years of lung cancer surgery, the best chance of cure still lies in early diagnosis.

Of 254 cases studied, only 77 could be treated surgically, and 29 of these could not have the lung removed. Forty-eight patients were operating on. Seventeen are "surviving well." Two survived with secondary tumors. 12 died after the operation and 17 died later from secondary tumors.

WASHINGTON (AP)—Congressional Republicans bowed today to President Eisenhower's decision to keep Sherman Adams, his No. 1 aide, on the job. But many made it plain they aren't happy about it.

Republican state chairmen, to whom Eisenhower plays host at a hotel breakfast today, split over the question of Adams. Some still insisted he should get out. Others supported Eisenhower's backing him. Many declined comment.

## Civil Servant Named In Stock Deal

MONTREAL (CP) — Le Devoir lists a Quebec deputy minister and a finance department official among government officials who have been shareholders of the Quebec Natural Gas Corporation which purchased the gas distributing system of the publicly-owned Quebec Hydro.

"We can assert today that Adjuitor Dussault, deputy minister of hydraulic resources, and Edouard Laurent, chief of services in the finance department, were also among shareholders," says Le Devoir.

## Dad Kept Pinned By Electric Fence

STAYTON, Ore. (AP) — Police arrested a man Wednesday night they said kept his 88-year-old father penned up within an electric fence.

Daniel Cole, 60, was charged with assault and battery and held in lieu of \$2,500 bond. Police said Eugene Cole was kept captive in a triangular enclosure at the rear of his son's home and lived in an old, filthy, 16-foot trailer house within the fence.

## Five Provinces Expected To Join Hospital Scheme

OTTAWA (CP)—Federal hopes are that five provinces will have hospital insurance plans in operation by July 1, qualifying for federal insurance aid that will start then.

So far only Newfoundland has signed an agreement with the federal government to take effect on that date. However, Health Minister Monteith informed the Commons Wednesday that the four western provinces, which have signified their intention to participate, may sign in time to start receiving federal contributions then.

Ontario, which also has signed an agreement, is due to start its hospital plan next Jan. 1.

## Operator Saves Man

KITTERY, Me. (AP)—A telephone operator was credited with possibly saving the life Wednesday of a 74-year-old man, Mrs. Theresa A. Poulin alerted police after she heard a barely audible gasp for help from a man who was choking from a serious attack of asthma. He is in satisfactory condition in hospital.

## Health Insurance Debate

He proposed that the plan be financed through sweepstakes, but before he could elaborate he was called to order by Speaker Roland Michener who said: "We're not debating sweepstakes."

Mr. Browne hoped the government would consider his suggestion, which, he said, would help pay the cost of wider insurance provisions that had been urged by the opposition.

Romaud Bourque (L—Montreal Outremont-St. Jean) criticized the government for not including costs of tuberculosis and mental patients under federal cost-sharing.

J. P. Deschatelets (L—Montreal Maisonneuve-Rosemont) said he hopes his home province will decide to enter the plan and extend its benefits to Quebecers.

## WANTS SWEEPSTAKES

A novel suggestion by Ferguson (PC—Vancouver Kingsway) was made during the health insurance debate.

In other developments Wednesday, Transport Minister Hees announced the tolls proposed jointly by the Canadian and United States seaway authorities. He said they would cut four cents a bushel from the cost of Lakehead-Montreal shipments of Prairie grain.

Lionel Chevrier (L—Montreal Laurier), former president of the St. Lawrence Seaway Authority, said the schedule appears to be attractive.

Prime Minister Diefenbaker also announced government plans to buy land for the 37,500-acre green belt around Ottawa, as part of the national capital plan.

## DEBATE LAST WEEK

The Norad agreement with the United States was debated two days last week, with the prime minister starting his reply at the end of the second day. Mr. Diefenbaker may ask a vote on the ratification motion.

By BOB THOMAS  
HOLLYWOOD (AP) — Notes and comment on the Hollywood scene:

Glenn Ford may return to the footlights for the first time in 20 years—if an ambitious plan for the Brussels fair can be worked out.

There's a move underway to star Glenn at the American theatre in the fair in Teahouse of the August Moon. Glenn says he is willing—if producer Jean Dalrymple can come up with a top-notch cast. She's going after David Wayne, Eddie Albert and Paul Ford, who have played roles in the stage or screen versions.

Glenn would be available from his film chores because he has been suspended by Columbia for declining The Last Angry Man. The studio is also suing him for a pile of money, but he thinks it will be settled amicably.

Marge and Gower Champion say they would be willing, nay, eager to display their brand of dancing to Russia. They'd like to take along their Three for Tonight show, in which they starred with Harry Belafonte.

Otherwise, the Champions are carrying through with their plan to taper off on the dancing. They'll play no night clubs this year. Instead, Gower will direct Marge in a non-musical play which they'll try out in summer theatres and perhaps take to Broadway.

Mr. and Mrs. Charles Wicks tossed a party to send Mary Costa off on her European operatic debut. She has given up making the commercial pitch on Climax to pursue her musical career and will be singing at a London opera festival. Among the guests were Judy Garland and husband Sid Luft, who looked cozy despite all their recentiffs.

'Twas nice to see some of the oldtime western stars out at 20th Century-Fox's preview of The Bravados. Among the oldtimers: Monte Blue, Ken Maynard, Gabby Hayes and Gary Cooper. Gabby says he has retired, feels he has earned it after 175 western and 68 years in show biz.

"The only thing I do any more is make some personal appearances every summer," said Gabby. "I lose money on them, but I make a lot of wonderful friends."

## Golf Club At Melbourne Opens

**MELBOURNE** — The opening of the Bellevue Golf Club took place on Saturday, June 7th, when a buffet supper, sponsored by the ladies branch, and convened by Mrs. H. Frazer, was served to about 125, after golf had been enjoyed in the afternoon.

The Club House was attractively decorated with spring flowers and a large basket of lilacs and spring flowers centered the large linen covered table. The small tables were arranged with tiny vases of flowers. Mrs. R. Belanger received the guests.

Among the guests from out-of-town were the Misses Anne and Ruth Denison, Miss Anne Nourse, Mrs. Belanger, Mr. and Mrs. Edgar Smith, all of Montreal, also Mr. Douglas Stone, Mr. and Mrs. H. P. Stone, of Bedford, and Mr. and Mrs. Leon Blunt, of Lennoxville.

## FORDYCE

Mr. and Mrs. Earl Dryden spent a recent week-end with Mr. and Mrs. Roscoe Dryden at Belleville, Ont.

Mrs. Thelma Sebaski spent a week-end with her parents, Mr. and Mrs. L. A. Martin.

Mr. and Mrs. John Bouchard, of Montreal, spent the week-end with Mr. and Mrs. George Bouchard.

The June meeting of the W.I. was held at the home of Mr. and Mrs. Amos Laduke.

## Main Street Of Richmond Loses Old Landmark

**RICHMOND** — Another old landmark is disappearing from Richmond's Main Street with the demolition of the building on the Richmond Garage property. The Dyson and Armstrong Garage is razing the structure to make way for an extension of the firm's garage servicing facilities. The location will probably be used for a new paint and body shop.

Quinn Brothers electrical store, one of the tenants of the building, had been there for the past 12 years and a modern apartment in the upper storey had been occupied by Gordon Bush and family for 35 years.

The building had been repaired and modernized about 12 years ago. The property was owned at one time by the late C. J. Hill, who conducted the monument business he had taken over from his father, the late J. T. Hill.

## KNOWLTON

Mrs. Gordon Marsh is a patient in the B.M.P. Hospital at Sweetburg.

Miss Kay George, of Montreal, was a guest over the week-end of her parents, Mr. and Mrs. Leon George.

Miss Pat McLeish spent the week-end at her home in Montreal.

Mrs. Marion Pettes has left to spend the summer at St. Marguerite.

The kitchen Committee was under the capable direction of Mrs. Romilly Graves, Mrs. Edna Irwin and Mrs. Orval Quilliams. The sum of \$300 was cleared during the afternoon.

**Independent Enters Into Matane Race**

MATANE, Que. (CP) — An independent and a Union Nationale candidate will fight it out in the July 2 provincial byelection in Matane riding.  
The surprise candidate is Claude Belanger, 38, a Montreal salesman who filed his nomination papers shortly before Wednesday's 2 p.m. deadline. He listed himself as a member of the "Partie Quebecoise," but said he is an independent.  
Union Nationale nominee is Benoit Gaboury, 41-year-old mayor of Mont Joli and a merchant in that community.

Present standing in the 93-seat Legislative Assembly is: Union Nationale 72; Liberals 17; independent three; vacant one.  
The Gaspé peninsula riding has been vacant since Jan. 24 when Hon. Onesime Gagnon resigned his seat and post as Finance Minister to become Quebec's Lieutenant-Governor.

**STRONG BACKING**

The riding is strongly Union Nationale, having been held continuously by Mr. Gagnon from the 1936 provincial general election until he resigned.  
Quebec's Liberal party, which elected Jean Lesage its new leader May 31, decided against contesting the byelection.  
Following a weekend meeting with Liberal supporters in Matane Mr. Lesage announced the decision not to contest the seat.  
Mr. Lesage termed the byelection a "bear trap," and said the party agreed not to "play the Union Nationale game and fall into ambush."  
By announcing the election date May 7, Mr. Lesage said, Premier Duplessis was "waiting to be sure the new Liberal chief would be caught in a 24-hour-a-day toil during June to lay the basis for the liberation of the province."

MAGOG — An inquest is to be held Saturday into the death of Bertrand Lefebvre, 17, 100 Hatley st., W. whose body was discovered yesterday morning in front of St. Patrick's Convent in Magog. The boy was believed to be on his way to Mass.  
No explanation for the boy's death was given by Magog police officials, but there was no evidence of violence, they claimed.  
The boy's body was discovered beside his bicycle early yesterday morning by Leo Hamel, of Olive st., Magog, a storekeeper.  
Parents of the youth are Mr. and Mrs. Ernest Lefebvre.

**Former Resident Of Waterloo Dies In Los Angeles**

WATERLOO — It was a shock to the many friends and relatives in Waterloo to learn on Wednesday of the sudden death from heart failure of Harry McKenna, 67, in Los Angeles.  
Mr. McKenna, son of Mr. and Mrs. Thomas McKenna, was born and brought up on Western Avenue. Later, he and his brother, Kenneth, moved with their aunt, Miss Annie McKenna, to New York City, where they lived until two years ago. Miss McKenna died in New York several years ago.  
In 1926, Harry and Ken McKenna moved to Los Angeles, Calif., where they planned on making their permanent home.  
Mr. McKenna is survived by his only brother, Kenneth. His cousin, E. J. McKenna, a well-known Waterloo business man, predeceased him several years ago. The deceased had often visited at the home of Mrs. E. J. McKenna and Miss Marjorie McKenna, Court Street.

**Quick Digging Saved Buried Quebec Worker**

CHARLESBOURG, Que. — Fast rescue work Wednesday saved a young construction worker buried alive for 30 minutes at a foundation site.  
Jean-Noel Hamel, 19, was trapped under three feet of earth when the sides of a foundation being dug by a mechanical shovel toppled.  
Armand, the trapped youth's brother, summoned police and an ambulance, then started digging.  
Police arrived quickly and aided in the digging. The youth was freed in 30 minutes and taken to hospital where he is reported recovering well.  
Charlesbourg is four miles north of Quebec City.

**Asbestos Dust Not Cancer Cause**

MONTREAL — Asbestos dust, although known to cause chronic pneumoconiosis, almost certainly does not cause lung cancer, Dr. Daniel Braun of Pittsburgh told a research scientists meeting Tuesday.  
He said research showed no appreciable increase of lung cancer among asbestos miners nor persons living in asbestos-mining areas. Lung cancer was more prevalent in Montreal than in any other part of Quebec.  
He and Dr. David Traus of Pittsburgh conducted a study of lung cancer in asbestos miners at the request of the Quebec Asbestos Mining Association. The majority of the world's asbestos is produced in an area some 50 miles north of Sherbrooke.

**\$15 Million Flats**

TORONTO (CP) — Developer-builder Reuben R. Dennis Wednesday announced plans for a \$15,000,000, 1,000-suite apartment project in north Toronto near Yonge Street. He said two of five 16-story units will be occupied by September and the rest will be completed by 1960. Rents will range from \$85 a month for bachelor apartments to \$200 for some two-bedroom suites.

**Federal Assistance Unlikely**

The City of Sherbrooke may be forced to shape a legal loophole in order to obtain federal aid in the construction of the proposed Acadie St. underpass beneath the CPR line.  
Intended to provide a downtown outlet for West Ward traffic, the scheme was introduced by Ald. J. M. Jeanson and was forwarded to Ottawa with the approval and support of the city council and Maurice Allard, MP for Sherbrooke.  
F. H. Hibbard, district engineer for the Federal Transport Board, who was in Sherbrooke yesterday to investigate the city's claim, said the government's \$15,000,000 railway crossing improvement fund could only be used to better existing crossings.  
"The Board does not contribute to the establishment of a new crossing because there is no old hazard to be eliminated," he said. The clauses of the Canada Railway Act strictly forbade the distribution of funds for other than the improvement of existing crossings.  
He said the underpass would have to be built completely at the city's expense.  
West Ward Ald. J. M. Jeanson, who introduced the plan, said if necessary the city would open the Short St. pedestrian crossing to motor vehicle traffic and then enter another formal request for aid.  
He said the crossing could then be closed and the money diverted in favor of the Acadie St. underpass.

## Mr. Fleming Faces The Facts

The restrictions imposed on a minister of finance by a high-cost economy, saddled with heavy fixed defence costs and faced with increasing social welfare bills are well illustrated in Finance Minister Fleming's first budget. Mr. Fleming has budgeted for a \$648,000,000 deficit, a record for peacetime. The deficit may appear alarming, and certainly is cause for concern, but it is difficult to see how the government could have avoided it without adding to the already heavy taxation burden.

The tax cuts provided in the budget are minor but eliminate a number of anomalies and irritations. Others, such as reduction of the excise taxes on cars, might well have been granted while concessions such as the doubling of tax deductibility of charitable gifts by corporations to 10 per cent will mean little because few corporations give up to the old five per cent limit now.

Chief criticism of the budget has come from industry and business. They have complained that high taxation of both corporations and individuals has helped to prolong the present recession. On the other hand, business has been pleased by the government's announced intention to boost tariffs and revive the old anti-dumping legislation of the early 1930s.

A realistic appraisal of the facts of Canadian life today leave little hope for tax relief in the near future. Defence costs are fixed and high —

and will become higher as the cost of new defensive weapons and systems grows to astronomical heights. Prime Minister Diefenbaker's government has found that it has little choice but to carry on and expand the defence policies of its predecessor. Another growing burden on the economy is welfare and only the most obtuse observer would deny today that we live in a welfare state. The proposed hospital insurance plan, an important and basic addition to our social welfare system, is only the latest and most publicized addition to the taxpayer's burden.

It is futile to cry ruin, however. The majority of Canadians and all major political groups support both defence and welfare measures. We must make the best of them.

Protection for Canadian industry will be welcomed in so far as it enables our products to meet competition from abroad on fair terms. As the Record has commented before, however, Canadian industry cannot afford to rely on protection alone. There must be constant effort to improve efficiency and the marketing of Canadian products, particularly textiles.

Mr. Fleming's budget has been described by the Opposition as a "blue budget." This is hardly fair. Mr. Fleming would have been unwise to bring down a "sunshine" budget at this point. What he has done is to lay the foundations for expansion — and "sunshine" — in the future.

## Easing Censorship

One important feature of the budget tabled by Finance Minister Fleming Tuesday was the decision to have the courts hear future appeals against Customs Act censorship of imported books and other periodicals. Previously this power had rested with the Tariff Board, whose members have repeatedly indicated their dislike of the responsibility laid upon them.

It is difficult to understand why men who are appointed to study the needs of the textile industry, the cattle producer or other lines of business whose problems can be assessed in dollars and cents should be considered automatically as experts in deciding between the relative merits or demerits of a literary work. Lacking certain judicial powers, the Tariff Board could not take advantage of the testimony of experts in the literary field.

It is doubtful whether the revenue department is itself a suitable judge for the initial decision as to whether a book or other publication is of a reasonable, seditious, immoral or indecent character. Undoubtedly certain publications can be easily classified, but in too many cases the decision must rest with the personal prejudices of the border officer.

The courts at least will have the opportunity of hearing all angles of the case before making their decision for politicians. They can't claim they were misquoted and get away with it.

## This And That

Finance Minister Fleming's first budget shows once again that when it comes to taxes, you just can't please everybody, but you can tag just about everybody.

## Press Comment

### NORTHLAND CHALLENGE

(Calgary Herald)  
Recent optimism and planning for Northern development has been met on many sides with a scepticism that almost borders on alarm.

No doubt a good deal of this comes from political opponents of the Prime Minister, who has been one of the great advocates of hastening the development of the North.

Some of it, possibly, is just

the natural caution of some Canadians who would be content to let the rest of the world develop Canada for us — when it was convenient for them.

### LIGHTKEEPERS EXPENDABLE

(Fort William Times-Journal.)  
Canada's lighthouse keepers, survivors of one of man's ancient callings, gradually are being displaced by 20th-century

automatic equipment, says a Canadian Press story from Ottawa by John Bird.

New machinery for switching on a lighthouse's warning light beam now is so reliable that lighthouse keepers are becoming unnecessary.

In a few years the only ones left will be those in places beyond the reach of electric power and a few operating combined lighthouse and fog-horn stations.

### SAFETY PLAY IN EARLY FINESSE

Here is a hand from Watson's book described in Watson's own words.

"North and South could not have been severely criticized if they had reached a grand slam contract, as the making of 13 tricks only depends on a break in trumps.

"West opens the club queen which South wins with the king; North playing the trey and East the deuce, South leads the deuce of spades which is won with dummy's seven; West playing the trey.

"One's first thought, on looking at this play, is that South has seen West's hand. Actually, he has done nothing of the kind. This play is absolutely marked. It is obvious that the contract can be lost only if one of the opponents holds all four outstanding trumps. If the king is led right

out, the contract is safe only if West holds all four spades, but is lost if East holds them. Similarly, the contract is safe if the

## 400 Functions A Year

### Queen Chooses All Own Official Engagements

By JACK AULD  
LONDON (Reuters) — Every day the pressure on the Queen's time becomes greater, yet despite this and her home life as wife and mother, at the age of 32 she is undertaking some 400 official engagements every year.

Brig. Stanley Clark discloses in his just-published authorized book, Palace Diary: "The Queen chooses all the engagements she carries out. From a list of several thousands each year her majesty selects from 400 to 500—always a greater number than her advisers would wish. Into every year the Queen knows she must fit tours of Britain, Europe, or the Commonwealth, in addition to her normal round of duties. Her life is a timetable into which meticulous planning has scheduled more calls than anyone would think possible."

The book tells of the crowded days of the Queen's life from the time of her 21st birthday, as princess and heiress to the throne, when she broadcast from Capetown a speech of dedication to the Commonwealth.  
It was compiled with full access to engagement diaries. And after working through them and commenting on many of the engagements with anecdotes and personal recollections, the author

records that the Queen carried out more than 4,000 engagements of all kinds in these 10 years and has "brought a new democracy to the court."  
More than 500 entries appear in the index to the book—a clear picture of every kind of activity and even candidly reporting occasions when the Queen or her husband, Prince Philip, have been criticized.

In addition to its worth as a reference volume, the book tells in its 224 pages many human and revealing stories.  
One such follows the author's comment that there can never be any rules for royal decisions on accepting public engagements and that since the sovereign must choose one or two out of a list that averages 50 requests daily throughout the year, "it is inevitable that many people must feel overlooked."

In 1956, the author recalls, Elizabeth was in Nigeria with her husband. He goes on:  
"A blind leper, Mr. John Aguh, welcomed the royal party to the Oji river settlement. We wish to express our joy and happiness to your majesty and the Duke of Edinburgh for visiting this country and more especially the settlement. We are enjoying the shade and protection here of medicine and food. Long live the Queen."  
"This was the first leper settlement ever visited by members of the Royal Family. Here the Queen met the 10-year-old girl and Prince Philip the 13-year-old boy whom they have adopted.  
"The supervisor of the settlement, Mr. A. F. C. Savory, said: "The Queen's visit will do more to conquer man's fear and hate of the disease than any other single act I can think of. People all over the world will read that the Queen and the duke penetrated a leper settlement, and this will convince them as nothing else could that most of their fears of the disease are groundless."

# REPORTING

OTTAWA — It seems I owe the cabinet an apology.  
A fortnight ago I wrote it was "difficult to believe" that Foreign Minister Smith was not stating a cabinet decision when he told the Commons that the NORAD air defence agreement would not be submitted for parliamentary approval.

But now I must believe the difficult, for another cabinet minister has informed me that Smith did not have cabinet approval to withhold the NORAD pact from Parliament. And in light of this disclosure, it is now fully understandable why Prime Minister Diefenbaker took the surprising action he did in reversing Smith's decision, thus enabling Parliament to debate the NORAD pact.  
Diefenbaker undoubtedly disliked having to repudiate Smith on this point, and Smith's embarrassment probably was acute. But Defence Minister Peakes already had promised that the NORAD agreement would be placed before Parliament. Refusal would have been criticized as most autocratic and contrary to recent precedents.

This may be the way Diefenbaker wants it. He started out being his own foreign minister, before press criticism led him to appoint Smith. But if the PM finds this state of affairs idyllic, increasing criticism of Smith will not let him enjoy the idyll in peace.  
News correspondents here have lost about all the considerable respect they had for Smith when he took office. His bumbles and fumbles have been too frequent; his ignorance of foreign affairs too great and too obvious; his constructive thinking too weak.  
Foreign diplomats in Ottawa are rather shocked by Smith's lack of background on even recent East-West diplomatic moves. They recognize that Diefenbaker is the real foreign minister. I know one diplomat, for example, who deliberately waited until Smith was out of the country before asking for an interview. He wanted to put his country's views before Diefenbaker, not Smith.  
And never have I heard a minister's speech in the Commons alluded to with such slighting sarcasm as Harold Winch of the CCF used to describe Smith's contribution to the NORAD debate.  
"And that is the speech of the Secretary of State for External Affairs on perhaps one of the most important issues ever to come before this House of Commons," Winch said as he followed Smith in the debate. "It is almost inconceivable that it is all the Secretary of State for External Affairs has to tell this House of Commons."  
Mr. Smith is being backed into a corner where there is only one door. It reads "Exit".

This is Smith's biggest boob in his short and undistinguished career as foreign minister.

## NO SLUMS THERE.

(Sudbury Star.)  
We have no slums in Sudbury. We have substandard dwellings but they are isolated and by no means comprise a slum area.

Many of those who speak freely of slums and slum conditions have had no experience with them.  
Dwellers in slums do not have automobiles, modern electric refrigerators and stoves and fine furniture.

## OYSTER'S ADVANTAGE

(Chatham News)  
An oyster can, we are told, produce as many as 100,000,000 eggs each season — which proves the advantage of staying at home and attending to business.

## SPECIAL VOCABULARY

(Buffalo Evening News)  
Political violence has a special vocabulary all of its own, very little of it English. When English-speaking people engage in activities in that category or discuss the actions of others they resort to other languages. In common usage these days are such Spanish, French and German words as "junta," "coup d'etat" and, a few years ago, "putsch." This suggests either that the English-speaking people are a law-abiding lot or we do not use the full potential of our language.

Rev. Geoffrey Josey, of England, has been appointed as Ordained Supply of Sisco Memorial United Church by the Home Mission Board of the Church. Arrangements were made by Rev. A. MacLeod, interim minister of the local church, and Dr. Gordon Porter, superintendent of Home Missions, while attending the Montreal-Ottawa Conference at Montreal. Rev. Josey, a minister of the Methodist Church, will arrive in Canada about the end of June and with Mrs. Josey and their four children will take up residence in the Manse on Wellington Street. Announcement of the date of the reception service, in which members of Presbytery will welcome Mr. Josey to the Quebec-Sherbrooke Presbytery, and the congregational reception in the Hall will be announced later.

Friends of Mr. S. A. Meade are sorry to learn that he is not feeling up to par and is a patient in the Sherbrooke Hospital for observation and treatment.

Rev. Nevil Tucker, rector of St. Stephen's Anglican Church,

preached the sermon at the closing service for King's Hall Compton, on June 5th and attended the prize giving with Mr. A. Fraser on the following day.

Members of the Oddfellows Lodge, Victoria No. 16, and of Harmony Rebekah Lodge attended the Coaticook Baptist Church on Sunday morning last. Mr. E. Jenkins, the Divinity student who is conducting services there for the summer months, preached a timely and interesting sermon. After the service a memorial service for departed brethren was held in the Lodge.

Rev. N. Tucker and Mr. Stanley Beerworth motored to Ayer's Cliff on Saturday afternoon, June 7 and attended the Scout and Cub Rally. The local Cub pack under the direction of Cubmaster Ralph Hayes and assistant Cubmaster Otis Patterson, did quite well in the various competitions, coming first and second in two events and third in the standing for the day.

Mr. Gordon Patterson, an employee of the Kilgour firm, and an ardent sportsman, was the winner of the fishing derby held at Lake Lyster on Sunday, June 8. He landed five nice Lakers to capture the prize.

Friends of Mr. Frank Hansford are sorry to learn that he is not feeling well and has been absent from work for several days.

Mr. and Mrs. Tom Amyot, of Shawinigan Falls, and Mr. Eugene Vessel, of Drummondville, were weekend guests of Mrs. P. Brunet.

Rev. N. Tucker will be conducting services in a church at Turkey Point, Ont., during the month of August. Rev. H. Denton will be conducting part of the services here for Mr. Tucker.

Mr. ULRIC ROBERGE, who has been elected vice-president of National Canadian Bank. He succeeds the late Honorable Alphonse Raymond.

Mr. Roberge is general manager of the Bank since 1950 and member of the Board of Directors since 1956. He is also president of the Canadian Bankers' Association.

**Groom Killed**  
NEW YORK (AP) — A young bridegroom of a few hours died Wednesday in an auto accident while he and his bride were honeymoon-bound Tadeusz Poplawski, 24, of Brooklyn, suffered a fatal skull fracture. His bride was in satisfactory condition in hospital. Their car went out of control and hit a light pole.

During the year 1957, the annual report of the Paton Manufacturing Co. Ltd., now being distributed to the shareholders. After crediting reclaim of income taxes and investment income, the net loss for the year was \$145,181.

In his remarks accompanying the report, F. R. Daniels, president said:

A provision for a contingency which did not materialize, less income taxes thereon, of \$22,472 was credited to Surplus. An amount of \$14,191 was charged to Surplus covering a liability due to the City of Sherbrooke for prior years' taxes on productive equipment of manufacturing concerns. This assessment for the Catholic School Commission in the City of Sherbrooke was finalized during the year following amendment of the City Charter by Private Bill in the Legislative Assembly of Quebec, and results in an increase in taxes for this Company of approximately \$5,700 per annum, extending, under present arrangements, to the year 1962.

Depreciation of \$59,521 taken this year compares with \$136,875 taken last year and represents one half of maximum depreciation allowable for Federal Income Tax purposes.

During the year 1957, the annual report of the Paton Manufacturing Co. Ltd., now being distributed to the shareholders. After payment of dividends on the Preferred and Common stock amounting to \$47,761, Surplus Account showed a reduction of \$184,307, and Working Capital a reduction of 179,002.

A contributory factor in the disappointing results of operations for the past year has been the instability of raw wool prices in world markets. In May 1957 the price per pound of a 64's worsted top was approximately \$1.75. As recently as the latter part of April of this year, quotations had fallen to approximately \$1.20 per pound. In valuing inventories of our products at April 30th, 1958, we have followed our usual conservative and accepted accounting practice in valuing our raw material inventories, and the raw material content of work in process and finished products at the market prices then ruling.

In previous reports, your Directors have stated that the most serious deterrent to profitable operations for the Canadian woolen industry is the pressure exerted by importations of

fabrics from low wage paying countries. To illustrate the continuing effect of this competition the share of the Canadian market for wool fabrics enjoyed by Canadian producers decreased from 53% in 1956 to 48% last year, although Canadian consumption of these fabrics actually increased. Since 1950 the share of the Canadian market possessed by domestic producers has been reduced by fully 30%. The Italian competition was particularly devastating because of extremely low prices.

In November, 1957, representations were made again before the Tariff Board for a revision of the tariff item bearing on woolen and worsted fabrics. The industry presented its case before the end of 1957, but the report and recommendation required to be made to the Minister of Finance not yet been released.

We sincerely believe that some relief must be given against imports from low wage cost countries. The Government of Canada is the only authority capable of adjusting this situation and if it is not politic to do so by changing the tariff then relief in some other form should be made available to this industry, which is of vital importance to the economy of the nation.

Due to the adverse factors influencing the operations of the woolen cloth industry and the earnings of your Company, your Directors do not feel justified in declaring further dividends on the Common Stock of the Company which have not been earned.

# Coast-To-Coast TV Press Preview

MONTREAL — Canadian communication history was made Wednesday when the world's longest single microwave system was given a private preview for a closed-circuit television press conference.

Representatives of the press, radio, television, communication and other bodies sat in on the show that took in 37 cities. It went off without a hitch.

The new system, in the blueprint stage only three years ago, comprises 139 relay stations spread over 3,900 miles from the Atlantic to the Pacific.

It will have its official inauguration July 1. Canada's 91st birthday, when the CBC will put on a special program. The system not only makes TV nationwide for live programs but also provides greater facilities for long-distance telephone calls and other purposes, such as teletype circuits.

The preview centred in Toronto, where CBC general manager J. A. Ouimet and Thomas W. Eadie, Bell Telephone president and chairman of the Trans-Canada Telephone System, told about the accomplishments.

For the 90-minute preview, 10 of the 37 cities were hooked in

on a reverse-circuit system so that direct questioning of Mr. Ouimet and Mr. Eadie could be carried out.

The \$50,000,000 network now extends from Sydney, N. S., to Victoria, B. C. Newfoundland will be linked in next year when Canadian National Telegraphs completes the difficult 70-mile hop across Cabot Strait.

The TV section of the program told the story of the history of communications. At one stage the TV screen, divided into four sections, showed pictures simultaneously from Vancouver, Winnipeg, Toronto and Halifax.

# Large Operating Loss Registered By Paton Mills

An operating loss of \$201,595 for the past year is shown in the annual report of the Paton Manufacturing Co. Ltd., now being distributed to the shareholders. After crediting reclaim of income taxes and investment income, the net loss for the year was \$145,181.

In his remarks accompanying the report, F. R. Daniels, president said:

A provision for a contingency which did not materialize, less income taxes thereon, of \$22,472 was credited to Surplus. An amount of \$14,191 was charged to Surplus covering a liability due to the City of Sherbrooke for prior years' taxes on productive equipment of manufacturing concerns. This assessment for the Catholic School Commission in the City of Sherbrooke was finalized during the year following amendment of the City Charter by Private Bill in the Legislative Assembly of Quebec, and results in an increase in taxes for this Company of approximately \$5,700 per annum, extending, under present arrangements, to the year 1962.

Depreciation of \$59,521 taken this year compares with \$136,875 taken last year and represents one half of maximum depreciation allowable for Federal Income Tax purposes.

During the year 1957, the annual report of the Paton Manufacturing Co. Ltd., now being distributed to the shareholders. After payment of dividends on the Preferred and Common stock amounting to \$47,761, Surplus Account showed a reduction of \$184,307, and Working Capital a reduction of 179,002.

A contributory factor in the disappointing results of operations for the past year has been the instability of raw wool prices in world markets. In May 1957 the price per pound of a 64's worsted top was approximately \$1.75. As recently as the latter part of April of this year, quotations had fallen to approximately \$1.20 per pound. In valuing inventories of our products at April 30th, 1958, we have followed our usual conservative and accepted accounting practice in valuing our raw material inventories, and the raw material content of work in process and finished products at the market prices then ruling.

In previous reports, your Directors have stated that the most serious deterrent to profitable operations for the Canadian woolen industry is the pressure exerted by importations of

**Bank of England Reduces Loan Rate**  
LONDON (CP)—Britain's bank rate, which sets the price at which the Bank of England makes money available for loans to other banks, was reduced to five per cent from 5 1/2 today.

The move opened another notch on the light control valve holding back Britain's spending.

It was the third cautious cut since the bank rate was thrown up to a prohibitive seven per cent last September to help fight the crisis caused by the plunging value of British currency.

# Wool Tariff Hike Brings UK Protest

TORONTO — Joseph Balcon, former United Kingdom trade commissioner in Toronto, said Wednesday the 10- to 20-per cent increase duty on British woollens and worsteds is "incomprehensible, unrealistic and wrong."

He said he thinks the tariff increase announced by Finance Minister Fleming in his budget speech Tuesday, will have to be negotiated under the General Agreement on Tariffs and Trade.

Mr. Balcon now is doing public relations work for British woollens and worsteds.

Arthur E. Gelber, secretary-treasurer of Gelber Brothers Limited, said "In view of the expressed desire of the Diefenbaker government to increase trade with Britain and the Commonwealth, I can't understand raising the tariff."

Gerald Peers, Toronto chairman of the British Textile Agents' Association of Canada, said the increase not only discriminated against British but worked against the policy of increasing trade with the U.K.

"The British woollen and worsted industry's participation in the Canadian market is down this year, while Italian and other foreign participation has increased over 100 per cent. There has also been no indication of what the government will do regarding the threat of Japanese exports," he said.

# Officers Elected By Thetford Mines Get-Together-Club

THETFORD MINES — The United Church Get-Together-Club held its closing meeting of the season with a fine turn-out of members and enjoyed a fast-moving and mirthful program under the direction of the John Mossop group.

President Dick Hall opened the meeting with the secretary, Mrs. Don Hodapp, on hand to read the minutes. Chief business concerned the nomination of the following new slate of officers:

President, John Mossop; vice-president, Harry Eden; secretary, Mrs. Lorne Taylor, treasurer, U. A. Vaudry; group leaders for the year, Mr. and Mrs. Ed. Alexander, Mr. and Mrs. Donald Worth, Mr. and Mrs. K. Little, Mr. and Mrs. P. Kennedy and Mr. and Mrs. C. Smith.

A sincere vote of thanks was made to Mr. Hall for his splendid job as president during the past year after which he in turn thanked the members of his executive for their fine support.

Mrs. Lorne Taylor, assisted by Mrs. Dick Hall, took the devotional part of the evening.

The program opened with a film of his recent European holiday, shown and commented upon by U. A. Vaudry. Norman Bradley organized an impromptu series of debates on questions handed unhearsedly, to the debating couples. Judges for the debates were Mrs. Dick Hall, Mrs. Norman Bradley and Leonard Montgomery and the subjects concerned such varied topics as "women drivers", "do women or men

Leisure Time Activity Leads To Full Time Job

TORONTO (CP) — Mrs. A. K. Richardson is one of the busiest women in voluntary work in Canada.

Mrs. Richardson joined the order as a time-filling activity when she married and regulations at the time made her quit her teaching job.

Now she is playing a bigger part in education than she could have done as a teacher.

BUSY EXECUTIVE

A smartly-dressed woman in her 50s, Mrs. Richardson heads

MRS. A. K. RICHARDSON

an organization that spends \$260,000 a year on education and some \$509,000 on charitable work generally.

From a stay-at-home housewife, she has become widely travelled, having toured Canada 12 times on IODE tours.

"I can safely say I am not just filling in time with the order now—it is almost a full-time job for me," said Mrs. Richardson.

She began her IODE career in a Toronto chapter, became regent, and now is a life member of the Margaret Carman Eaton chapter in the city.

Though she is national chief of the organization, she must still belong to a local group.

"Whenever my chapter holds a tea or meeting I always try to be there," she said. "The fact that I hold a high position in the order doesn't mean my colleagues refuse my help with the washing up."

Before her election to the national executive, Mrs. Richardson was a member of the Toronto Municipal Chapter, chiefly an administrative group responsible for co-ordinating the work of the 99 IODE chapters in Toronto.

In 1943 she became a member of the national executive, was appointed vice-president in 1950 and last year was elected president.

Her job includes attending monthly meetings of the 140-strong national executive and being present at IODE headquarters here at least four times a week.

Though her IODE work must be coupled with looking after her dental surgeon husband, Mrs. Richardson still finds time to be a keen lawn bowler and alley bowler.

She won the Ontario cup for ladies singles in lawn bowling in 1956.

SANGSTER MEMORIAL W.A.

The closing meeting of the Sangster Memorial W.A. was held at the home of Mrs. W. H. Wheeler, Kingston Ave., with the president, Mrs. E. Morel, in the chair.

Correspondence read by Mrs. J. Paige included letters of thanks from Mrs. Mackie Fuller, the Y.P.U., and the choir, which had been entertained by the W.A. members.

Reports were given by the treasurer, Mrs. A. Noble, fancy work, Mrs. E. Jenkinson, and cards and flowers, Miss Doris Johnston.

Mrs. Morel thanked the members for their support of the recently held food sale, and Mrs. Wheeler for the use of her home for the meeting.

Dates announced for future activities were, annual chicken pie supper, Thursday, October 9; Christmas tea and sale, Saturday, December 6, and the opening fall meeting on September 10.

A delightful interlude during the evening was the presentation of a gift of stemware, Waverley pattern, to Mrs. Boucher, who with her husband, will be shortly moving to Ottawa.

Members of the Business Girls' Section of the Ladies Sherbrooke Curling Club, held their annual golf day at Dufferin Heights on Sunday.

Bridge was enjoyed by those who did not play golf, followed by a dinner served by Mrs. Winslow. The president, Miss Mildred Pollock, presided at the dinner, with Grace being said by Miss Leslie Fales.

The presentation of prizes brought to a close a most enjoyable day, which had been planned by the committee consisting of the Misses Doris Robinson, Leslie Fales and Jessie Wootton.

Mr. and Mrs. G. L. Carleton, Concette St., entertained at a dinner at Rockcliffe, in honor of their daughter, Beverly Jean, who received her Bachelor of Arts degree at Bishop's University convocation held on Saturday.

Out of town guests included Mrs. McKechnie, Mrs. W. Gowing and David, of the Town of Mount Royal, Mr. and Mrs. R. Culmer, Donna and Bobbie, of Terrebonne Heights, Mr. R. V. Carleton, North Bay, Ont., Mrs. R. Walkden, and Miss Nancy Walkden, and Miss Doris Roffer, of Montreal, Que.

June convention and from Mrs. Palmer re the 1961 golden jubilee convention program.

The treasurer Mrs. G. Decoteau gave a satisfactory financial report, and \$10 was voted to the Sherbrooke Hospital Campaign.

The reports of the standing committees were as follows:

Agriculture — Miss E. Winget discussed further plans for the flower show to be held August 19th. A new prize list to be made.

Home Economics — Mrs. M. MacDonald read an article on "Gifts to the June Bride," and gave out information on the quilt block contest to be held at the August County meeting.

Welfare and Health — Mrs. W. F. Goodfellow reported work done at Cancer Clinics.

Publicity — Mrs. D. Cullen reported all meetings and notices had been sent in and read an article on Beaver Pelts awards for Citizenship.

Sunshine Committee — Mrs. E. M. Goodfellow, Mrs. A. Winget and Mrs. W. Bonnalie, reported several gifts and cards sent to sick and shut-ins.

Ways and Means — Mrs. S. C. Billing made plans for a food sale to be held shortly.

Miss Verna Hatch handed in the branch history which, with the assistance of Mrs. E. M. Goodfellow and Mrs. W. F. Goodfellow had been recently completed. A vote of thanks to this committee was given by Mrs. S. C. Billing. It was also moved to buy suitable gifts to the four girls who had helped type the history.

Mrs. A. Wright was named official delegate to Macdonald convention to replace Mrs. R. Truax. Several articles are to be sent by this branch to the Handicraft Display at Macdonald convention.

Mrs. E. M. Goodfellow gave a fine report of the County annual meeting.

It being grandmother's day, Mrs. C. Billing and Mrs. G. Decoteau presented each grandmother with the social hour and gift.

During the social hour, refreshments were served by the hostesses, assisted by Mrs. C. Billing, Mrs. A. Roarke, Miss A. Jefferies, Misses Brenda, Priscilla and Sheila Decoteau.

BROMPTON ROAD W.I.

The June meeting of the Brompton Road Women's Institute was held at the home of Mrs. Elcine Decoteau, with Mrs. G. Decoteau as joint hostess. Mrs. R. Truax, president, was in the chair.

Correspondence included many thank you cards and notes, letters from Mrs. T. Taylor, re

'Shook-Up' Mom Is No Help To Teen-Ager in Same Shape

"I'm worried sick about Julie," said her mother, "She doesn't have a date for the Spring Formal next Saturday night. If there were just something I could do to help her."

It's a cinch that a mother's taking a teen-ager's ups and downs as seriously as the teen-ager does isn't any help. The girl already THINKS she is a miserable failure because she hasn't a date for an important dance. She doesn't need a mother who is so sympathetic that she winds up KNOWING she's a failure.

What a girl needs in a case like that is a mother who can keep her own perspective. Instead of becoming upset and over-solicitous, a mother should say something like this:

"I know you'd like to go to the dance and I'm sorry it didn't

work out for you. But things don't always go the way we'd like to have them. And when they don't, the thing to do is to look around for the next best thing."

"So why don't you invite some other girl who isn't going to the dance to come over and spend the night with you? Better yet, invite several and turn it into a slumber party."

That kind of understanding helps a girl to see things in proportion and to learn to make the best of the situation, instead of weeping about it.

And it is much easier on the mother, too. For no woman should have to go through adolescence twice.

Yet that is just what some mothers do. Instead of making themselves stand aside with a common sense attitude toward their teen-ager's problems, they get right in and suffer along with the child.

And so it is unnecessarily hard on both.

MANNERS MAKE FRIENDS

You incur no social obligation when a person who does business with you or hopes to do business with you entertains you. That is written off by your host as a business expense and has nothing to do with social conventions.

Your spoken thanks for a good meal or a pleasant evening is all that is required.

Grandmother Runs Cattle Export Business

KITCHENER Ont. (CP) — A Kitchener grandmother combines her housewifely duties with helping to run a cattle export business.

Mrs. John Miller has moved her desk into the kitchen so she can run the book-keeping department of her husband's business.

This work has taken her on trips to Cuba, Puerto Rico, the Dominican Republic, Mexico, Panama, Venezuela and Brazil, where she and her husband seek buyers of purebred Jersey and Holstein cattle.

She is responsible for preparing the pedigrees of the cattle, filling in complicated export papers and arranging transportation. She is ready to fly at a moment's notice to Ottawa, for instance, to complete papers for a load of cattle waiting to be shipped.

MR. and MRS. DONALD J. McLEOD, photographed at the reception following their wedding which took place on Saturday, June 14, in St. Luke's Church Magog, Que. The bride, the former Brenda Mary Styan, is the daughter of Mr. and Mrs. Clarence M. Styan, of Magog, and the groom is the son of Mr. and Mrs. Archibald J. McLeod, of Carbon, Alta. (Photo by R. C. Studio, Magog, Que.)

MAGOG, Que. — A pretty wedding took place at half two o'clock on Saturday, June 14, in St. Luke's Church, when Brenda Mary Styan, daughter of Mr. and Mrs. Clarence M. Styan, of Magog, Que., became the bride of Donald Johnston McLeod, of Montreal, son of Mr. and Mrs. Archibald J. McLeod, of Carbon, Alta. Rev. Sidney Ripper officiated and the organist was Mrs. M. Roberts. The church was adorned with white lilies, peonies and honeysuckle.

Given in marriage by her father, the bride was gownned in white point d'esprit over slipper satin, fashioned with a fitted bodice, portrait neckline and lily point sleeves. The full floor length skirt, fell into a chapel train. Her elbow length veil of tulle illusion was held by a pearl trimmed headress and she carried a bouquet of red roses and lily of the valley.

Miss Alison Styan, maid of honor for her sister, was in mint green organza over taffeta, with headress and bouquet of white and yellow daisies.

The bridesmaids, Miss Sheila Ferguson and Miss Rosemary Dobbin, were gownned alike in periwinkle blue organza over taffeta with headress and bouquets of blue and yellow daisies.

Mr. Gordon McLeod, of Edmonton, Alta., acted as best man and the ushers were Mr. Gary Stead and Mr. James Dobb, of Montreal.

Mrs. Styan, the bride's mother, wore a dress of Delphinium blue hand-embroidered cotton, with which she wore a white flower hat, white accessories and a corsage of pink roses.

The groom's mother, Mrs. McLeod, chose a rose lace dress, large picture hat trimmed with blue flowers, rose accessories and a corsage of pink roses.

Mrs. Horace Styan, grandmother of the bride, was in a blue printed silk ensemble with toning feather hat, and a corsage of pink carnations.

Following the ceremony, a reception was held at Ripplecove Inn, Ayer's Cliff, where white peonies, carnations and lily of the valley were used to decorate.

Later Mr. and Mrs. McLeod left for a wedding trip to Banff, Jasper and Lake Louise, the bride wearing a two piece blue shantung suit with lighter tone duster, a small blue hat, white accessories and a corsage of pink sweet-heart roses.

Out of town guests were present from Carbon, Alta., Calgary, Edmonton, Winnipeg, Cape Cod, Mass., Ottawa, Ont., and Montreal, Que.

Woman's Art Organization 71 Years Old

TORONTO (CP) — A Toronto women's organization claims it was the first women's art organization in Canada when it was formed 71 years ago, and it believes it is the first Canadian organization to give a ballet scholarship.

The 240-strong group is the Lyceum Club and Women's Art Association of Canada, with head offices in Toronto and branches in Peterborough, Oshawa, St. Thomas, Hamilton and Owen Sound.

Organization president Dorothy Stevens, royal academician and member of the Ontario Society of Artists, said:

"Mrs. Mary Dignam, an artist who trained in Europe, formed the Lyceum group for women who wished to appreciate art of all kinds. Since then the organization has arranged art classes, exhibitions and has given scholarships."

This year the association has given a \$150 scholarship for a ballet student, through Celia Franca, director of the National Ballet of Canada, and has also given scholarships at the Toronto College of Art and the conservatory of music.

Beauty Tips

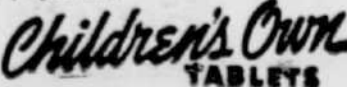

Smoothing on hand lotion is more than vanity for women. It actually aids the hand skin which has little natural oil. Creams and lotions, especially those with lanolin, help restore the skin to its natural, protected state.

# OBITUARIES

**LUELLA ADDIE RAND MORANVILLE, OF BEEBE** — On Thursday, May 29, 1958, Luella Addie Moranville passed away at her home on Junction Street, following a long illness.

The funeral service was held at the Cass Funeral Home in Rock Island, at 2:30 p.m. on Saturday, May 31, 1958. Rev. Frank Stanton, of Beebe, read several passages from the Psalms and Rev. J. J. Hutchison, of Lyndonville, Vt., a life long friend of the family, spoke words of comfort and tribute of the deceased.

Bearers were Norman Somerville, Irving Corey, Ezra Woodard, George Seguin, Jack Anderson and Malcolm Elliott.

Interment took place in Woodside Cemetery, Beebe, beside her husband.

Mrs. Moranville, affectionately known as "Lillie," was born at Fitch Bay, on July 27, 1877, daughter of Lucius H. Rand and his wife Lucina Small. She had

one brother, Charles C. Rand, who was an Episcopal minister at Middleton, Nova Scotia, where he died and was buried in 1939. The Rand and Small families were pioneers of Stanstead County. Mrs. Moranville was a member of the Congregational church in Fitch Bay, where she was organist and a Sunday School teacher.

She was married to Delbert (Del) Moranville at Newport, Vt., in December, 1902. Mr. Moranville predeceased her on July 4, 1955. To this union was born one daughter, Luella Viola Moranville, who tenderly cared for her mother during her long illness. The family resided in Fitch Bay until October 1912 when they moved to Beebe.

Mrs. Moranville was a devoted wife and mother. She was noted for her beautiful handiwork and won many prizes at the exhibitions. She was an ardent Red Cross worker throughout the First World War and again from 1939 until her health failed.

For many years the Moranvilles have gone to their winter home in Melbourne, Florida, until the past year when, Mrs. Moranville's health would not permit the journey.

In addition to her daughter she is survived by two nephews, Major John Rand, of Camp Borden, Ont., and Douglas C. M. Rand, of Montreal, the latter attending the funeral.

Friends attended from Sherbrooke, Magog, Ayer's Cliff, Newport, Vt., and neighbouring towns. The floral offerings both numerous and beautiful bore silent testimony of the love and respect of Mrs. Moranville's neighbours and friends.

**CHARLES HENRY HESS, OF GREENLAY** — The obsequies for Charles Henry Hess of Greenlay, took place with prayers at his residence, followed by the funeral service in St. George's Anglican Church, Windsor, Rev. A. J. Oakley, Fredericton, N.B., a former pastor and

one brother, Charles C. Rand, who was an Episcopal minister at Middleton, Nova Scotia, where he died and was buried in 1939. The Rand and Small families were pioneers of Stanstead County. **GEORGE WESTOVER, OF FOSTER** — Following a few weeks illness, George Westover passed away at the Brome-Missisquoi Perkins Hospital, Sweet'sburg, at the age of eighty-three years.

He lived the greater part of his life at East Hill. Fifteen years ago he sold his farm there and moved to the village of Sutton.

In 1896 he married Miss Annie A. Metevier, of East Hill, who predeceased him on October 4th, 1947. Of this union there were two daughters, Mrs. George Patten, Lila, who passed away October 4th, 1949, and Mrs. George Norton, Ruby, with whom he had lived for the past six years.

He leaves to mourn his death his daughter, Mrs. Norton, of Foster; a sister, Mrs. Adella Page, of Knowlton; a brother-in-law, of Lyndonville, Vt.; and sister-in-law, of Woodsville, N.H., as well as eight grandchildren, 10 great-grandchildren and several nieces and nephews.

The funeral was held at Robb's Funeral Home, Knowlton, the Rev. T. E. R. Nurse officiating. Relatives present were from Lyndonville, Woodsville, Lennoxville, Montreal, Calendon, Ont., Sutton, Foster and Knowlton.

**MARY ANNE BURKE, OF SAWYERVILLE** — On May 31st, at the home of her daughter, Mrs. George Nugent, the death occurred of Mary Anne Burke, widow of David Burke, in her 91st year.

Mrs. Burke, the former Mary Anne Forbes, was born in St. Ferdinand on July 11th, 1867, daughter of the late William Forbes and his wife, Mary Anne Ralston.

On March 11th 1890 she was united in marriage to William George Williamson, who predeceased her February 6th, 1894. To this union were born three children, Edgar Harris, who now resides in Manchester, N. H., Eva Beatrice, Mrs. Nugent, and Edith

ing, June 7. She was 72 years of age.

The remains rested at Cass and Racine Funeral home, and on Monday afternoon, June 9, the committal service took place at the family plot in the Derby Centre cemetery.

Rev. Mr. Stetson, a former minister of the Derby Line Universalist Church, officiated at the ceremony attended by over 70 friends and neighbors. As the remains reposed at the funeral home, a distant relative, Mrs. N. Howard, and her son, from Boston, Mass., called.

Miss Foster led a full and active life, she was a graduate nurse and gave the major part of her years in the care of others. Following her retirement a few years ago, with another nurse, a great friend, Miss Orpha Durland, she came to Derby Line to reside.

These two friends enjoyed their retirement to the fullest. Miss Foster is mourned by Miss Durland and a host of friends.

**MARY ANNE BURKE, OF SAWYERVILLE** — On May 31st, at the home of her daughter, Mrs. George Nugent, the death occurred of Mary Anne Burke, widow of David Burke, in her 91st year.

## Waterloo High School Staff Holds Dinner For Commissioners And Wives

WATERLOO — A pleasant evening for those connected with the Waterloo High School took place when the teachers entertained the School Commissioners and wives, husbands and wives of the staff at a dinner at the Alouette Lodge, Brome Lake. Forty sat down to the beautifully appointed tables. The principal, O. T. Pickford, gave the toast to the Queen and welcomed the guests in the name of the staff. At the close of the meal the party adjourned to the Grill.

Dr. Jean Jolin, the guest

speaker, was introduced by John Black, who humorously gave a resume of Dr. Jolin's life, not forgetting even his age. Dr. Jolin showed some extremely interesting slides on his recent trip to Europe. It was a great pleasure for the party assembled to take "Armchair Travels" through Africa, Venice, Germany, Austria and end with a tour of Brussels Fair.

There were slides showing Dr. Jolin's brother, Father Paul-Emil Jolin of the White Fathers at the Likuni Mission, Tilongwepo, Nyasaland, East Africa. They were particularly interesting to those who know Father Jolin and remember his visit home to Waterloo 9 years ago. Father Jolin has been a missionary in Africa for 25 years, and is expected home again on furlough in 1959.

At the close of the delightful evening the Chairman of the School Board, Mr. Buckland, thanked the staff of Waterloo High School and Dr. Jolin.

# New! White! Wonderful!

**IVORY** for true gentleness to hands!  
**LIQUID** for easiest dishwashing possible!  
**DETERGENT** for speediest grease-cutting known!

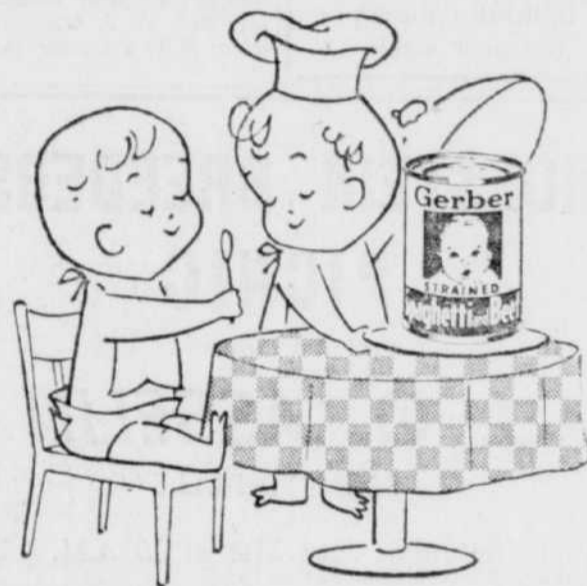

Sing out the glad news! Something wonderful is here with underwater magic for your dishes and hands! It's a new white liquid made from a completely new formula that cleans as only a detergent can... yet it is truly gentle to hands. Who'd dream of getting so much in one liquid! Notice how its rich suds race through the toughest jobs... for instance, milk-ring comes off glasses in 7 seconds. Even mashed-

potato pans are clean in 13 seconds. Grease disappears in an instant, not a trace left in the dishwasher. Your dishes, glassware are spot-free even before rinsing. Just a swish, a swipe, rinse and drain-dry. Yet hands feel wonderfully soft, smooth... they look oh, so lovely. That's because in mildness to skin, Ivory Liquid sets the standard for detergents, just as famous Ivory does for soap. Try it soon!

New Gerber Exclusive:

## SPAGHETTI & BEEF

prepared and fresh-packed in the Niagara District

What could be more welcome to baby than another "stick-to-the-ribs" appetite "satisfier" like Gerber Spaghetti & Beef. The spaghetti provides the bulk, meat provides the "beefy" flavor and protein value — vegetables have a natural tendency to add mildness to the whole recipe. The end result—a perfectly delicious vegetable-meat dinner for baby. There's the soft, smooth, strained style that feels "just right" on baby's tongue; or the evenly-minced texture of the junior version that encourages chewing. ## Brome Legion Branch Makes Plans For Knowlton Carnival June 27-28

KNOWLTON — The highlights of the regular meeting of the Brome Branch Canadian Legion were the drawing up of plans and arranging for the Legion's Annual Carnival which is being held this year on the Knowlton High School grounds on the evenings of Friday and Saturday, June 27th and 28th.

A special feature of both nights will be the presence of the Black Watch Cadet Corp. accompanied by the Black Watch Cadet Pipes and Drums. This will be sponsored by the Black Watch R.H.R. of Canada, by the kind permission of Lieut. Col. W.A. Wood, officer commanding 3rd Battalion Black Watch R.H.R. of Canada. Friday evening will feature a display of precision drills.

On Saturday the pipe and drum band will parade through Knowlton and there will also be Precision Drills on the High School Grounds. Also on Saturday evening, there will be a dance orchestra for the usual street dance.

There will be the usual games including Bingo as well as sale of Home Cooking. Refreshments will be sold both nights.

On exhibition, both evenings will be an Aberdeen Angus Steer, on which tickets are being sold. The drawing will take place on Tuesday, September 2nd, from the grandstand at Brome Fair. This steer was generously donated to the Legion by the Brome Angus Farms. This will be a wonderful opportunity for some lucky person to get their next winter's meat. Tickets are on sale at all stores in Knowlton and also every member of the Brome Branch Canadian Legion.

This Branch is most active and it is hoped that this event will be well patronized as the work done by this organization needs no publicizing.

# Don Newcombe Comes Up With First Win To Pace 6-1 Cincinnati Triumph

## Old Hands Come To The Aid Of Poor Ol' Case; Regular Pitchers Appear Anemic; Ford, Ditmar Dump Tribe

Poor old Casey Stengel. His New York Yankee pitching staff was so thin he had to get some help with a trade. So what happens? A couple of old hands give up only six hits between them in two games.

Southpaw Whitey Ford spun a three-hit shutout at Cleveland Tuesday. Then Case hauled Art Ditmar out of the bullpen Wednesday night and the right-hander pitched a no-hitter for 5 1/3 innings in his first start before getting reliever Ryne Duren's help for a 3-2 success over the Indians.

All of which leaves Duke Maas and Virgil Trucks, picked up in a deal with Kansas City, and Zack Monroe, recalled from Denver, still sittin' on their pin-stripes.

**CHICAGO STRING SNAPPED**

Second-place Boston, eight games back, blasted a 33-inning shutout string by Chicago pitching, hammering five home runs in a 13-9 victory over the White Sox. Baltimore defeated Kansas City 5-3. Detroit and Washington were made idle by rain but the Tigers moved into a third-place tie with Kansas City.

Ditmar, without a decision while working 28 relief innings this season, was breezing with a 3-0 lead, on first-inning homers by Hank Bauer and Elston Howard. Then an error and two singles cracked his no-hit spell and scored two unearned runs in the sixth. When he gave up a double by loser Jim (Mudcat) Grant in the seventh, Casey decided Ditmar was tiring and brought in Duren. The rookie right-hander fanned two in a hitless 2 1/3 innings of relief.

Mudcat (5-4) allowed only six hits, blanking the Yankees on three over the last eight innings. A walk came ahead of the clinching home run by Howard, who was behind the plate instead of Yogi Berra, who had an eye test in effort to explain his .211 batting average.

Young Milk Pappas (4-1) gave up only five hits and two runs in his seven innings and produced the lead run with a double for Gus Triandos, his 14th, triggered a three-run Baltimore sixth, ruining Murry Dickson's shutout bid. Dickson now is 5-3.

Marty Keough, hitting his first in the majors, Don Buddin, Jackie Jensen, Ted Williams and Frank Malzone homered for the Red Sox, with Jensen's tying Bob Cery of Kansas City for the league lead at 17.

Williams and Malzone homered in a six-run eighth off losing reliever Jerry Staley (1-5) that overhauled an 8-7 Chicago lead. Ike Delock (4-0) won it in relief of Tom Brewer, Ex-Detroit Tiger Ray Boone hit a three-run homer as the Sox scored four in the seventh.

## Yanks Win 4-3 'Pocket Rocket' Here Tonight

Yankees are leaving it late in clinching their games in the Little League as last night on their home ground they won a 4-3 decision over the Red Sox in extra innings. Mike Mooney was credited with another win the loser was K. Doherty. Tonight's game between the Athletics and Indians will be highlighted by a visit from 'Pocket Rocket' Richard.

Each team went scoreless in the first two innings. In the bottom of the third the Yankees jumped into a one nothing lead getting the run on hits by Taylor and Tribble. In the fourth the Red Sox got one back, a single by Coates and an error bringing in the tally.

Red Sox pushed two more runs across the plate in the first part of the fifth inning, Warren and Mills hitting safely. This made the score 3-1 in the Sox's favour. A base on ball to Sample and Tribble coupled with two errors and a single by Richardson gave the Yankees two runs to tie up the game and took the teams into extra innings.

Red Sox went down one, two, three in their half of the seventh. Sample first man up for the Yankees in the last of the seventh got on with a base on balls, Lindsey Majury next man up hit to right field, and on an error by the outfielder, Sample came home with the game winning run.

Yankees are improving with every game and are beginning to make their presence felt, Red Sox still have their troubles, more hitting power is needed.

## Redleg Debut For Huge Moundsman Proves Auspicious; Offers Only 5 Hits To Cards; Stan Musial Homers

Big Newk still can hum that pea.

Winless Don Newcombe, whom the Los Angeles Dodgers gave up last Sunday, became a winner again Wednesday night for Cincinnati, shrugging off a first-inning home run by Stan Musial and blanking St. Louis on five hits the rest of the way for a 6-1 victory.

It was Newk's first pitching appearance for the Redlegs, who climbed back into third place in the National League with the big right-hander's first victory in seven decisions this year.

It was a night for good pitching in the NL. Second-place San Francisco defeated Pittsburgh 2-1 in 10 innings on the four-hit pitching of young Paul Giel and the clutch relief of veteran Marv Grissom. And rookie Stan Williams gained his second major league victory and shutout with a four-hitter as Los Angeles defeated Philadelphia 3-0.

Rain idled Milwaukee and the Chicago Cubs, with the Braves leading 1-0 in the second inning.

**WILLIE MAYS BENCHED**

Newcombe, the best pitcher in baseball when he won 27 in 1956, but able to show only a 12.18 record since, had a three-hitter until the ninth, when three singles loaded the bases with one out. He worked out of it by getting pinch-hitter Irv Noren on a pop up and pinch-hitter Hobie Landrish on a ground ball.

The Giants, benching the slumping Willie Mays for the first time this season, made it as Giel, 25, gave up three singles and the tying run in the third. Then he blanked the Bucs without a hit, retiring 16 in order, before giving up a single in the 10th.

Mays, 35-for-40 after grounding out as a pinch-hitter, still leads the NL with a .382 average. Musial, the runnerup, has 376.

Williams, 21, walked seven Phillies, but pitched no-hit ball after the fourth and won it on Joe Pignatano's two-run shot in the fifth that set off a barrage of beer cans from the fans, who thought it a foul ball. Robin Roberts lost his third in a row for a 5-8 record.

## Hitting Famine Strike Most Of Major League Batting Greats, Musial & Co.

NEW YORK (AP) — June brings to mind honeymoons but such outstanding major league batters as Stan Musial, Willie Mays, Mickey Mantle, Yogi Berra and Gil McDougald have had little about which to celebrate this month.

After making hay in May, these stars, along with Eddie Mathews, Dick Groat, Sherm Lollar and Bob Cerv, went into a swoon in June.

In sharp contrast, such normally mediocre hitters as Solly Hemus, Andy Carey, Rocky Bridges, Rocky Colavito, Willie Jones and Don Zimmer have been hotter than this first summer month usually is. Also on the torrid side have been Duke Snider, Ted Williams, Al Kaline, Frank Malzone, Ernie Banks and the St. Louis Cardinal rookie, Gene Green.

On June 1, Musial was batting a lousy .431. During the next two weeks he was able to collect only 10 hits in 46 times at bat (.217) and his average dropped 52 points to a current .379. Willie Mays' decline (from June 6) has been even sharper. In his last 10 games, Mays has had only five hits, all singles, in 38 times at bat (.132) and his average has plummeted from .433 to .385. During that time Willie hasn't driven in a single run.

Mantle's 17 hits in 62 at bats has reduced his batting average from .297 to .282. Berra averaged a mere .186 (11 of 59) in June and has slipped to .201. McDougald's .214 since May 31 has shrunk his average 40 points to .310. Groat's June average is .194. Mathews' is .235 and Lollar's is .269 as is Cerv's. The latter, however, has been playing with a wire jaw as a result of a fracture.

## Quarter Finals Reached In World Soccer

STOCKHOLM (AP) — World Soccer Cup team officials worked frantically on injured players Wednesday in last-minute bids to get their stars fit for today's vital quarter-final matches.

Famous soccer players such as centre forward John Chalmers of Wales, inside forward Vava of Brazil, and goalkeeper Harry Gregg of Northern Ireland all were regarded as doubtful starters.

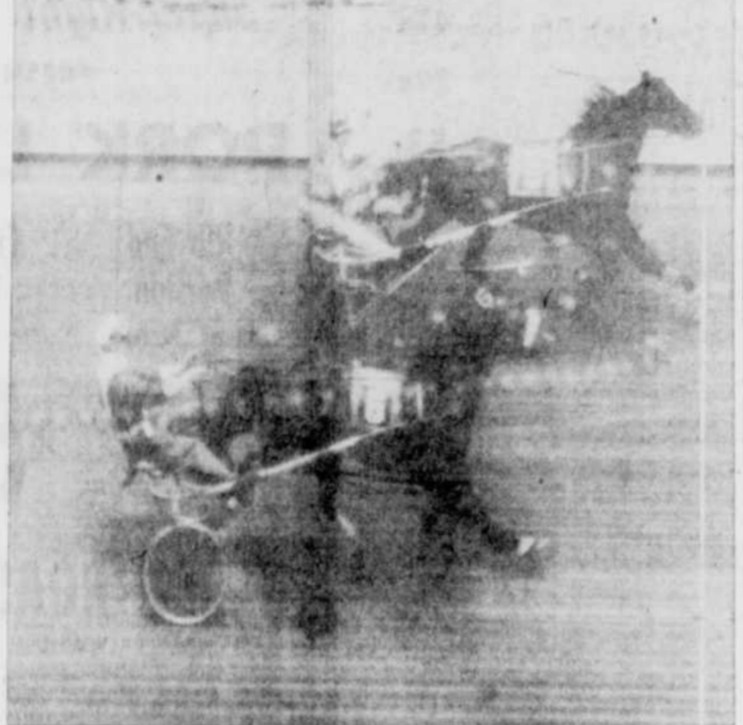

But officials of all three teams reported: "We are working hard and hoping that our injured boys will be fit in time."

Today's quarter-finals lineup: At Malmo, defending champion West Germany vs Yugoslavia; at Norrkoping, France vs Northern Ireland; at Stockholm, Sweden vs Russia; at Gotelorg, Brazil vs Wales.

The winners of those matches go into the semi-finals June 24. There will be a play-off match for third place June 28 followed by the final June 29.

The World Cup started about two years ago with 50 nations playing preliminary games all over the world.

Out of those early qualifying matches, 16 teams came to Sweden for the start of the final stages of the tournament June 8. The 16 finalists battled through three matches in a week of grueling group play. The teams had been divided into four groups with the top two from each section going forward.

CLOSE FINISH — West Oak Diplomat, No. 5, driven by R. Jutras is seen breaking the wire ahead of Victory Tune, driven by H. Gendron in the seventh last night at the local track.

## Victor Abbe Sets New Season's Mark At Local Race Track; Next Programme Will Be Held Saturday Evening

Victor Abbe, owned and teamed by A. R. Reynolds of Barton, Vt., set a new low mark for this season's harness racing at the local race track last night. The Bay Gelding's time for the mile was 2:11.3. This mark is two-fifths of a second lower than the previous best of 1958.

Curley Dell and Connelly B formed the winning daily double combination and returned their backers the sum of \$25.60.

Quinella were held during the third, sixth and ninth race and paid the lucky ticket holders, \$27.00, \$8.60 and \$19.30.

## Juan Sheridan Decides To Retire After Nine Seasons With Alouettes

MONTREAL (CP)—Juan Sheridan, stocky defensive specialist with Montreal Alouettes, of the Big Four for the last nine seasons, has retired general manager Gorman Kennedy announced Wednesday.

Sheridan, a middle guard, is leaving football for a permanent job in Kingston, Ont., as a branch manager for an electrical manufacturing firm, Kennedy said.

Sheridan was a member of Montreal's 1949 Grey Cup champions and several Big Four defensive all-star teams.

He played a season with Winnipeg of the Western Interprovincial Football League and in the Ontario Rugby Football Union for a few years before coming to the Alouettes.

Kennedy also announced two appointments. Herb Trawick was named head coach of Montreal's entry in the Little Big Four Football League and Ray Clela, line coach of Lakeshore Juniors in the Quebec Rugby Football Union, which has a working agreement with the Als.

Trawick, a guard, was one of the original members of the Alouettes in 1946 and among the first United States players to come to Canada. He announced his retirement from active play earlier this year.

## Bahama Scores Decisive Victory Over Aging Kid Gavilan In Miami

MIAMI BEACH, Fla. (AP)—Yama Bahama considered a campaign in the welterweight boxing ranks today after being out a solid victory over the former king of that division, Kid Gavilan.

Bahama, 25-year-old former fishing guide from Bimini, in the Bahamas, took an early lead over Gavilan Wednesday night and the Cuban Hawk, a slowed-down batter at 32, had nothing with which to rally.

Bahama, who has campaigned fairly successfully as a middleweight, said after the unanimous decision he might have a go at the welter in view of his easy night against Gavilan. There will be no trouble to make the weight, he added.

The win over Gavilan was the 49th for Bahama against eight losses and one draw. At 151 1/2 pounds, he was a half-pound heavier than the Cuban Kid. Gavilan's career record is 106-30-6.

## Toronto Plastered By Miami Marlins To Lose Chance Of Catching Leaders; Royals Edged Out By Sugar Kings, 4-3

By THE CANADIAN PRESS

Toronto and Montreal marked time at the top of the International Baseball League Wednesday night, with the Leafs losing a chance to overtake the league front-runners.

Toronto was clobbered 7-2 by Miami Marlins, while Havana Sugar Kings came from behind to edge Montreal 4-3.

In other games Richmond manhandled Buffalo 8-1 and Rochester look a doubleheader from Columbus 3-0 and 8-2.

Miami used a four-run first inning, with two hunt singles following Don Landrum's line single to set the stage for a bases clearing double by Frank Herrera. When the smoke cleared the Marlins had a 4-0 lead at the expense of Pat Scantlebury and Toronto was out of it.

Don Cardwell won his seventh against four losses, with help from Landrum's fourth home run of the season off Scantlebury, who was the loser.

Rochester scored six runs in the nightcap eighth inning to junk a 2-2 tie and give Cal Brown the victory. He ran his league-leading strikeout total to 87.

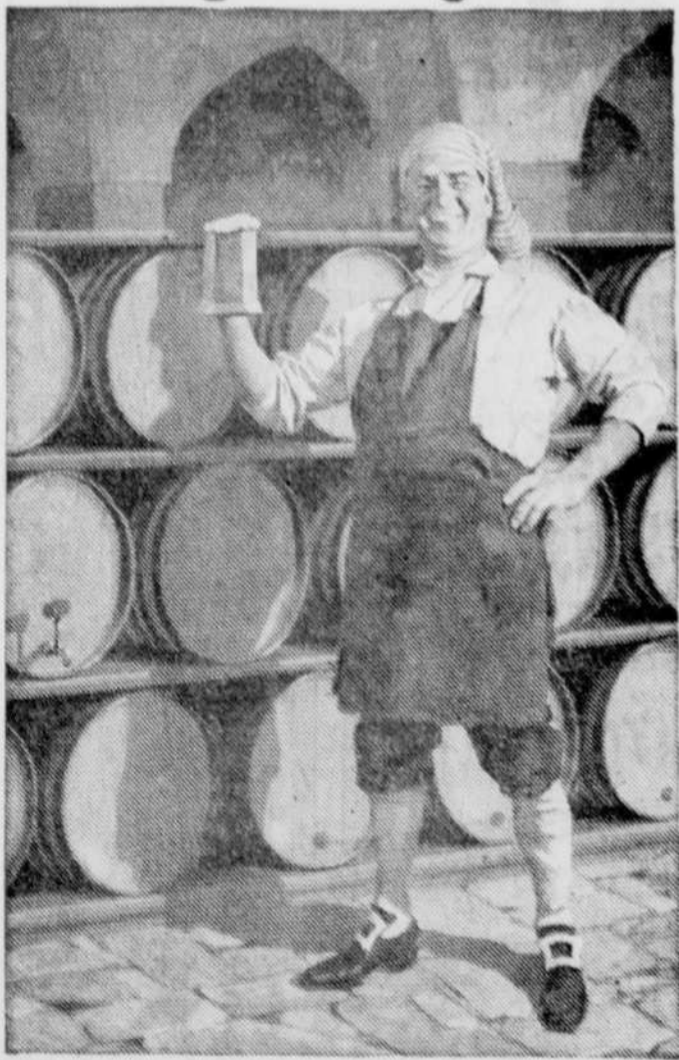

## A's, Fuller, Both After 1st Place

First place will be at Stake tonight in the Junior Baseball League when the St. Jean Baptiste Athletics play Fuller. Both teams have a 4 - and - 2 record.

Roger Fortier will start for St. Jean with C. Lemire behind the plate. Audet and Norman Jacques will fill the Fuller battery.

The game is slated to get under way at 7:30 and if the style of play displayed already this year by these two teams holds true ball fans should be in for a good evening of baseball. The time element will be one factor that all will be watching. Last Sunday night the game took longer than many fans felt was necessary and as a result the boys may have lost some followers.

## Canada Paper Golf Club To Have Defeats Paul Willey; Credits Bob Bedard

By NEV HAMILTON  
Golfers at the Canada Paper Golf Club in Windsor will receive unique treatment for their golf ailments this summer as the club has acquired for their new professional, a woman, Mrs. H. R. Cleveland of Danville.

The appointment is singular because Mrs. Cleveland is the only woman professional in the Province of Quebec and shares her original position with but one other woman in Canada and she gives lessons in an Ontario Club.

Every Wednesday and Friday, Clara, as she is known in sporting circles will go to Windsor to give lessons to her class. Junior classes open next Wednesday. She does not lack in experience in any phase of the game and oldtimers and duffers alike will be considered fortunate to have learned from one who has such an insight into the game as Mrs. Cleveland.

She has recorded many laurels to rest on as well as her knowledge resources. Clara has won the Ladies E. T. Open no fewer than six times and has emerged the victor in many of the lesser

tournaments around the Eastern Townships.

When asked who had started her golfing, she replied that she could not single out any particular individual, but that Lenny Harmon, Harry Fowls and Matt Henderson, three E. T. pros, had all helped to further the proficiency at the game. She has only been playing since the end of the war.

Clara has been a member of the Asbestos Country Club since her start at golf, and although she has accepted the Windsor position, she will continue her membership there.

She does not limit her athletic activities to golf. She shares the Eastern Townships Mixed Badminton crown, has won, in the

MRS. H. R. CLEVELAND

past the Ladies Singles Championships, skips a foursome at the Danville Curling rink, and according to reports, throws a fine stone.

Her proficiency in all her sporting activities lends support to the fact that she will be a fine teacher. However, some of the gentlemen golfers may be somewhat hesitant before approaching her for tips, but once they see her get off a 250-yard drive, they will doubtless become less hesitant.

### Waterloo LL In For Successful Ball Season

The Les Hopperton Memorial Little League of Waterloo is off to a fine start. Four games have already been played, and the type of ball that is being played is good, the interests is high and the games have been crowd-pleasing.

There has been no outstanding player as yet, which makes for a good league. The pitching has been on occasion erratic, and many unearned runs have come off of unsteady pitching and walks. However, much improvement has been noted after the first game, and it is generally agreed by the four managers, Messrs. Ben Rainville of the Dodgers, Harry Lucia of the Cards, Reg. Blampin of the high flying Braves and Clancy Yarnold of the hard hitting Yanks that another week will see some very close contests. The Kiwanis Club of Waterloo are sponsoring all four teams, and deserve the full support of everyone on this worthy project.

The standing after the first week of play is as follows:

	Pts
Braves	2 0 4
Yankees	1 1 0 3
Dodgers	0 1 1 1
Cardinals	0 1 1 1

### Chamberlain Joins Trotters

NEW YORK (AP) — Wilt The Stilt Chamberlain, who quit the University of Kansas at the end of his junior year last month, Wednesday accepted a one-year contract to tour with Harlem Globetrotters.

Abe Sperstein, owner of the famous Negro basketball barnstorming team, said Chamberlain will receive \$65,000.

The seven-foot, two-inch star from Philadelphia said he has abandoned plans to form his own troupe.

TORONTO — (CP) — Francois Godbout, unranked in Canadian tennis, credits Bob Bedard's coaching for improving his game enough to upset the country's third-ranked player, Paul Willey of Vancouver.

Godbout, 20-year-old University of Sherbrooke student, beat Willey, 6-4, 3-6, 6-3 in the first round of the Toronto Cricket Club's men's singles championship Wednesday.

Godbout said Bedard, first-ranked player, tutored him during the last few weeks while both were in Sherbrooke. Godbout's backhand got special attention and in Wednesday's match it was almost faultless.

The young southpaw, playing the game since he was six, broke Willey's service in the first game and kept him on the run except for portions of the second set when he double-faulted frequently in trying to place his serves.

Willey, 27, said Godbout showed good game strategy. Although Godbout won his

match, it is difficult to say whether officials will include him on the five-member Canadian Davis Cup team, on which Willey is expected to draw a spot. The tournament here is used as a last look at the players before officials select the team.

Godbout was to meet Henri Rochon of Montreal today. Should he win, he will have a good chance of getting on the Canadian team which meets Cuba here July 3-5.

Bedard won by default from Toronto's John Bassett Jr., who did not show because of illness.

### Young Australian Shakes American Davis Cup Hopes By Dropping Barry Mackay In Queen's Club Tournament

LONDON (AP)—Rod Laver, a 19-year-old Australian with a mop of flame-red hair, Wednesday shook American lawn tennis to its roots.

The Brisbane Rubber Company clerk upset Barry Mackay of Dayton, Ohio, in a second-round match in the Queen's Club Tournament. Mackay, seeded eighth in next week's 68th Wimbledon championships and the only American listed among the favorites, was well beaten 6-3, 6-3 by this freckle-faced Aussie who ranks no higher than eighth at home and who once was United States junior champion.

The upset was a heavy blow at U.S. tennis hopes for 1958. This match had been regarded as a curtain raiser for Mackay's campaign in England, and was supposed to have given an indication of how well he might do against such top-flight Australians as Ashley Cooper, Mal Anderson,

Neale Fraser and Mervyn Rose. The six-foot-four Mackay dropped his opening service and never was able to get himself untracked.

CONGRATULATES LAVER  
Bitterly disappointed, Mackay quickly shook Laver's hand and shouldered his way to the dressing rooms, saying "I was bad and he was good today."

Bob Perry of Los Angeles, meanwhile, gave the hard-pressed Americans a shot in the arm by defeating Denmark's Kurt Nielsen, sixth seeded at Wimbledon, 6-3, 3-6, 11-9. The last two sets were played Wednesday after rain halted play Tuesday.

Mackay also got a break in advance of the Wimbledon championships as pairing was made for the tournament starting Monday. He was placed in the third quarter of the draw, where no one is expected to give him trouble before the quarter-finals.
