

CASABLANCA IS BOMBARDED.

Moors Shot Down in Large Numbers by French.

MOORS FIRED FIRST SHOTS - FRENCH HAD SIX MEN WOUNDED, BUT NONE KILLED.

Tanger, August 7.—Casablanca, on the Moroccan coast, has been bombarded by French troops, the Moors are reported to have been shot down in large numbers, and the town, since last Sunday night, has been practically in the possession of landing parties from French and Spanish cruisers. The first shots were fired by the Moors. The Frenchmen responded with a bayonet charge, and the bombardment of the native quarter continued until the French had six men wounded, but no men killed. No European residents were hurt.

The occupation of Casablanca is a direct outcome of the uprising which resulted in the killing last week of eight Europeans at Casablanca. Both France and Spain are hurrying other warships, with troops and marines aboard, to various points on the Moroccan coast, for the protection of foreigners. Under the terms of the Algerian convention, these two powers are charged with the policing of the seaports of Morocco, and their action at Casablanca has brought no protest from any power. The states of Europe have expressed their willingness that France and Spain restore order in Morocco. No other countries are invited to the harbor for an on the month of the French cruisers, but it was quickly silenced and reduced.

A second French landing party went ashore and joined the first party at the consulate. A third party from the Spanish cruiser Alvaro de Bazan was landed and occupied the Spanish consulate. The European quarter of Casablanca was not damaged. The remainder of the European residents of Casablanca are either at their respective consulates or have taken refuge on board a German vessel, and an English vessel in the harbor. France and Spain have agreed on the terms of a Franco-Spanish note informing the powers signatory of the Algerian convention, of their intention to keep to the terms of the convention in dealing with the situation in Morocco. The next measure to be adopted depend largely upon what develops at Casablanca as a result of the occupation of that town.

STILL NO TRACE OF MISSING MAN.

Disappearance of Jim Bush Unexplained.

MAN SEEN AT INVERNESS WAS PROBABLY NOT HE.

Ben Bush stated this morning that so far they had heard nothing as regards the whereabouts of their brother Jim. He stated to the Record this morning that he did not believe the man seen at Inverness was his brother.

INSULTS MISSIONARIES.

PROTESTANTS TRYING TO OBTAIN RECALL OF GOVERNOR OF MADAGASCAR.

Paris, August 7.—French Protestants are very indignant with M. Augagneur, the governor-general of Madagascar, on account of his attitude toward missionaries. In a recent interview, Mr. Augagneur said that the missionaries' business of spreading the Divine Word in England and Rome did not entitle them to more consideration than dealers in cotton goods and whisky. He also said that out of 210 Protestant missionaries there were only 31 French. All the others—English, American, and Norwegian—deplored the French and regarded them as unwelcome and irreligious. The Latin taught the natives the same idea. M. Augagneur emphasized his secular views by decreeing that no schools should be held in built-up areas, as well as in the open air, and that no religious instruction should be given in the homes of the natives. He was formerly mayor of Lyons, where he was nicknamed "The Emperor" on account of autocratic methods.

CARNEGIE GIVES \$500,000.

PHILANTHROPIST'S BIG CONTRIBUTION TO KING EDWARD HOSPITAL.

London, August 7.—Andrew Carnegie has deposited in the Bank of England \$500,000 as a contribution to the King Edward Hospital Fund.

STRIKING MINERS ARRESTED.

THE THREATENED VIOLENCE IT IS CHARGED.

Duluth, Minn., Aug. 7.—Twenty-three iron mine strikers were arrested at Hibbing Monday night, charged with threatening to blow up an Austrian boarding house. Printed proclamations have been distributed among the strikers at English by the Western Federation of Miners, approving the proclamation of Governor Johnson calling for peace and commanding obedience to his mandates.

POLL-TAX BILLS WILL SOON APPEAR.

\$2 On All Those Who Pay No Other Tax.

WILL BE GIVEN A PERIOD OF 20 DAYS IN WHICH TO PAY—1000 PERSONS AFFECTED.

The bills for the poll tax, levied under the amended city charter will be sent out soon. There are about a thousand names on the list for this tax which is two dollars. It is levied on men over 21 years, who pay no other tax. It will be remembered that in answer to the petitions of salary tax men, the minimum upon which the salary tax is levied was raised from \$300 to \$1000. The poll tax was then added to the list of city taxes to reach those who were thus relieved of salary tax and others who up to that time had paid no taxes.

Some of the former salary tax men will not benefit by the change. For instance, a man whose salary is \$650, under the former arrangement would have paid \$1.50, while now he will pay \$2. All salaried men under \$300 formerly paid nothing. Now, if over 21 years they must pay \$2, if not paying any other taxes.

It is understood that the city will not attempt to collect this tax by sending a collector around, but will issue notices to those against whom it is charged, giving them twenty days in which to pay. Those who do not remit within the time prescribed will go on the list of delinquents whose taxes are collected, according to law. The amounts being so small and the persons so scattered that it is regarded as impracticable to send around the collector or to allow the taxes to stand beyond a 20-days' notice, which is regarded as a reasonable and fair time.

FRUITLESS SEARCH.

NO TRACE OF BODIES OF VICTIMS OF VARENNES TRAGEDY.

Varenes, Aug. 7.—Another day of suspense has passed by and still the searchers for the bodies of Shirley Davidson and Miss Hingston are as far as ever from solving the mystery of their death or the place where their bodies lie. All hope of finding the bodies by dragging the river was abandoned last evening after an arduous day's work on the river, and a council was held, at which it was decided that to-day the dragging of the river should be abandoned and a systematic search of the surface undertaken. It is thought that by now, almost three days since the disappearance, the bodies of the victims may have risen to the surface, and all endeavors in future will be based on this assumption.

WAITING FOR THE POLICE.

MISS EVA FOX-STRANGWAYS WILL NOT FIGHT EXTRADITION.

Toronto, August 7.—The Toronto police spent an entire morning awaiting the appearance of a Miss Eva Fox-Strangways, the alleged notorious adventuress and swindler. Inspector Duncan received a telegram, stating that an officer left there at noon Monday for Toronto. Everything was in readiness to take the woman before Judge Morgan, in order to secure her handing over to the United States officer, but it hung because of the latter's non-appearance. As yet Miss Strangways has retained no lawyer to defend her, and it is not likely that she will find one necessary. She is quite willing to go back without extradition to face the charge of grand larceny laid against her.

ECHO OF QUEBEC ROW.

FIVE MEN ACCUSED OF CREATING A DISTURBANCE RELEASED.

Quebec, August 7.—The five men arrested Monday night for creating a disturbance at the Bourassa meeting on Jacques Cartier Place have been released. Two of them were partisan of the speaker, and Sub-Chief Walsh said yesterday afternoon that Mr. Bourassa had expressed a desire not to push the prosecution, and had asked that the disturbers be set at liberty. One of those arrested turned out to be a Montreal detective, who attended the meeting in the interest of the member for Labelle. The opinion prevails that the hoodlums who broke up the meeting were hired for the purpose. It was reported that one of them was heard of serving in the course of the tumult: "Now I've thrown twenty-five, and I think that I've earned my two dollars, guess I'll go to bed now."

TEAM GOING FROM 53RD REGIMENT.

LIST OF THOSE WHO WILL PARTICIPATE IN PROVINCIAL RIFLE MEET.

The thirty-seventh annual prize meeting of the Province of Quebec Rifle Association will be held at the Pointe-aux-Trembles ranges, Montreal, August 13th, 14th and 15th. For some time a number from the 53rd Regiment have been practicing preparatory to this event. Those from the 53rd who will participate next week are: Lt.-Col. R. J. Spearing, Capt. C. K. Fraser, Lt. H. E. Goodhue, Sgt. A. Gardner, Sgt. W. Snowward, Sgt. Francis, Sgt. C. Martin, Sgt. H. Lawrence, Lt. H. A. Sampson, Lt. V. R. C. Spearing, Pte. M. C. Rublee and Lt. C. C. Goodhue.

FAST EXPRESS TRAIN WRECKED.

Six Killed and Score Hurt on the Pennsylvania.

ENGINE WAS DERAILED AND TWO BAGGAGE CARS, A SMOKER AND ONE PASSENGER CAR WRECKED.

Pittsburg, Aug. 7.—The Titusville Express, southbound, on the Buffalo & Allegheny division of the Pennsylvania was sidetracked and wrecked near Kelly Station, ten miles from Kittinging, Pa. by a heavy car that had broken away from a northbound freight train. The engine was derailed, and two baggage cars, a smoker and passenger car wrecked. At least six persons are dead and about eighteen injured.

The train on leaving Kittinging, was running at a very high rate of speed for the purpose of making up lost time, it is asserted. The accident occurred at a sharp curve of the road, which prevented the engineers from seeing any considerable distance ahead.

OPENING OF PARLIAMENT

SECOND WEEK IN NOVEMBER THE DATE FIXED ON, ACCORDING TO A PROMINENT LIBERAL.

Ottawa, Aug. 7.—A prominent Liberal politician, probably one of the best posted in Quebec outside of the ministry, yesterday gave it as his opinion that Parliament would be summoned to meet not later than the second week in November. Indeed, he believed, he said, it is the policy of the Prime Minister not only to meet the House early, but to have all Government business ready to bring down within the first two or three weeks of the session. For instance, we may have the Budget speech, with Mr. Fielding's announcement of a new French treaty, during the second week of the session. All the departments are pegging away at their reports, so that, as far as the Government business is concerned, the work of the session could be put through by Christmas. No, I don't expect it will, but that will be the position of affairs. Parliament may prorogue in March, and again, of course, it may be a long session. It all depends on what the Opposition bring forward, but you may take my word for it that if they make it a fighting session, the aggressiveness will not be one-sided.

KEEPING SCHMITZ OUT.

ANOTHER POINT FOR THE ACTING MAYOR.

San Francisco, Aug. 7.—The Supreme Court has granted the application of Harry C. McKenny, secretary to Mayor Dr. Taylor for a writ of mandamus requiring city Auditor Horton to approve McKenny's salary warrant. The writ was made returnable on Aug. 12. The real object of the action is to determine the legal status of Dr. Taylor as mayor in relation to the claim of Eugene Schmitz to the Superior Court Monday by J. P. Murphy, a taxpayer, for a writ of prohibition to prevent Treasurer Bantel from paying any more bills incurred by Elisor Biggy—in taking care of Abraham Ruef. The complaint points out that Ruef now costs the city about \$200 a month, while the prisoner might well be kept at the county jail at a much more reasonable price.

THE B. N. A. ACT.

BILL TO AMEND IT HAS PASSED THE HOUSE OF COMMONS.

London, Aug. 7.—The bill to amend the British North America Act in relation to the provincial subsidies was finally amended and passed the House of Commons. There appears to have been some difficulty over the bill. Imperial authorities omitted from their draft all reference to the "final and unalterable" feature of the scheme. This created the impression that it is the intention of the British Government to leave the matter open for further agitation by the provinces, particularly British Columbia. The Canadian ministers in England strongly objected to the bill in this form. "In consequence of the representations respecting the necessity for recognition of 'final and unalterable' purpose, the arrangement of the whole address of the Canadian Parliament including the words in question was made part of the bill in the form of a schedule.

NOT EVEN THE CLOCK.

Two ladies were being shown through the State Hospital for the Insane. As they entered a ward, one turned to the other and said, "I wonder if that clock is right?" An inmate standing near overheard her and instantly replied: "Great Scott! no! I wouldn't be here if it was!" —(Lippincott's.)

LOCAL FORECAST.

Moderate to fresh southerly, shifting to westerly and north-westerly winds, fair and decidedly warm to-day. A few local thunder storms Thursday, moderate winds, fine and a little cooler.

THE KNOWLTON CONFERENCE.

Opening Sessions of Series Are Well Attended.

INTERESTING ADDRESSES BY DR. BARTON, DR. SHAW, REV. E. M. FULLER, REV. J. M. ORRICK AND OTHERS.

Knowlton, Aug. 6, (Special)—The Knowlton Conference is now well under way for its series of meetings which are of greatest interest to all in attendance.

At the Monday evening session Rev. Mr. Capel called to the platform Revs. Galley and Bartlett, Dr. Barton, Dr. Shaw and Rev. Mr. Fuller and all spoke in due course.

A letter of welcome was read from the Knowlton mayor, Mr. A. W. Pettes, regretting his detention by business. Messages of welcome were read from Judge Leclerc and Mr. S. W. Foster. Rev. Mr. Capel and Rev. Mr. Taylor spoke of the strong support, which the people of Knowlton were giving to the Conference though a number of the prominent citizens were unavoidably absent at this season, all were interested in the conference.

Mr. Galley gave a few pleasant words of welcome and encouragement, as also did Rev. Mr. Carmichael. A duet by Mrs. Hyndman and Mr. Bell was well rendered.

Mr. Taylor introduced Dr. Barton, of Bryn Mawr, Pa., as a Brome boy, near a horologist and travelled scholar in Semitic languages as well as a Biblical student and author of some note. Dr. Barton assumed his right to welcome the Conference to Brome. As a teacher of the Bible he found it must be studied in many ways not only by verses, as pages to hand doctored by subject, but to have all Government business ready to bring down within the first two or three weeks of the session. For instance, we may have the Budget speech, with Mr. Fielding's announcement of a new French treaty, during the second week of the session. All the departments are pegging away at their reports, so that, as far as the Government business is concerned, the work of the session could be put through by Christmas. No, I don't expect it will, but that will be the position of affairs. Parliament may prorogue in March, and again, of course, it may be a long session. It all depends on what the Opposition bring forward, but you may take my word for it that if they make it a fighting session, the aggressiveness will not be one-sided.

Dr. Shaw spoke of the pleasure of returning to Knowlton, of reminiscences of former visits, when the tent blew down, etc. The idea of the Park was good—as to be alone with their subjects was of great purpose. He gave a short synopsis of the week's lectures. In spite of the wet day, the special afternoon session yesterday at the Conference was well attended from outlying points. As many as seventy took dinner at the dining hall and although so much rain fell, all were cheerful and a good time was enjoyed.

The delegates or students got down to real business at the various lectures. Dr. Shaw returns with increased earnestness and zeal and his Bible readings prove more interesting.

Mr. Orrick's lecture at 2.30 on the "Bottle and the Book" proved not to be a temperance talk—but a bottle of ink and the Book, the Bible. This bottle of ink he claimed was like the Bible. Both were labelled, both were needed in their ways. He had found in the Koran no other living together that he could use in his paper. The more the Bible is read and studied, the more a student will find its interest.

Rev. E. M. Fuller, in place of Mr. Alexander who was not present spoke on "Christ, the Radical Teacher." As General Miles had not passed through West Point training in the U. S. Army he was looked down upon by other officers. "So was Christ looked down upon by the priests and Levites, because he had not been through their training. He urged young people to test friendships of people living together. Mr. Fuller is a most interesting speaker and is attractively listened to. His illustrations bring one to see—as a picture—what he wishes.

HELL IN MONTREAL.

Sutton, Que., August 7.—(Special)—Miss Nellie Tupper, a well known teacher of this village, who has been spending a part of her vacation in Montreal, was attacked quite suddenly and severely, on Monday, with appendicitis, and was taken to a hospital the same night for an operation. As this is the fourth attack Miss Tupper has had, friends are naturally very apprehensive.

Mrs. Alfred Tupper, her mother, took the train Tuesday morning to go to the bedside of her sick daughter.

FISHERMEN LOST IN THE WOODS.

Glen Sutton, Aug. 7.—(Special)—During the present summer an unusual number of fishermen from Canadian as well as U.S. points have been here tempting luck, but not all of them had the experience that a party of four young men from Sutton underwent here recently.

While fishing on the Brook Brook, they went back on the mountains, they started through the woods for a road and were overtaken by darkness, till they were heard by Mr. Mitchell Burns who went to their assistance with a lantern and piloted them safely out of the woods. They continued their journey to this village, arriving here about 10 p.m.

COWANSVILLE COUNCIL IN SESSION.

Cowansville, Aug. 7.—(Special)—Monday evening's session of the Village Council was devoid of startling features. Mayor W. G. Brown and Councilors John McCabe, C. E. Lavoie, William Oliver and A. L. Gilman were in attendance. A few bills were passed; an inventory taken of the tools and working implements of the corporation. It was decided to paint the exterior of the fire station, according to the plans and arrangement which will be soon made by the Fire Committee.

The only interesting item of future interest in municipal circles is the outcome of the vote next Saturday on the Woodburn by-law.

DAILY NEWS SPECIALS FROM ALL PARTS OF THE EASTERN TOWNSHIPS.

KICKED BY A HORSE.

Stanstead, Aug. 7.—(Special)—Mr. George Parsons, while taking care of his horses on Sunday evening was kicked by one of them, severely injuring his arm, and inflicting other bruises. No bones were broken.

SAW TWO DEER.

Sutton, Que., August 7.—(Special)—Mr. Orin Wilson, of Glen Sutton, saw two fine deer one day last week in the fields near that village. The animals were looking well and appeared quite tame. Local sportsmen are anticipating great sport the coming autumn.

ARRESTED AT BOLTON CENTER.

Bolton Center, Aug. 7.—(Special)—High Constable Boisvert arrested one Rufus Magoon, from Vale Perks, here the other day, for breaking into Mr. George's house in the night time and creating a disturbance. He was taken before Mayor Latty and sent to Sweetsburg for hearing.

STRUCK OVER EYE BY SHOVEL.

Danville, Aug. 7.—(Special)—While at work the other day in Baron de Champlouis' factory, Mr. Richard Bennett got a bad cut over the eye. Mr. Bennett was stooping over to pick up a stick when another workman accidentally struck him just above the left eye with a shovel, cutting a bad gash.

CHANGE OF SECTION FOREMAN AT RICHFORD AND GLEN STATION.

Richford, Vt., Aug. 7.—(Special)—Mr. Joseph Sharkey, for some years foreman on the C.P.R. section at Glen Sutton, has come here to replace Foreman D. Vien, for a few weeks at least. Mr. Sharkey is replaced on the Glen Sutton section by Foreman Jos. Paiffidge, of the latter named place.

MORE RAILWAY SIDINGS AT BROMPTONVILLE.

Bromptonville, Aug. 7.—(Special)—Supt. Blacklock and other officials of the G.T.R. arrived here this week in their private car and were met by Mr. E. W. Tobin, M.P., Mayor John P. Tobin, Councillor O. Lambert and Mr. John Tobin, Sr., general yard foreman for the Tobin Mfg. Co.

The results were most satisfactory, as arrangements were made to put in several new sidings which has become an actual necessity owing to the large increase of business here.

SUTTON COUNCIL MEETING.

Sutton, Que., August 7.—(Special)—At the meeting of the Village Council on Monday, there were present Mayor Robinson and Councilors A.G. Eastman, L.E. Dyer and G.N. Thompson. There was very little business before the Council at this meeting. Several small bills for waterworks repairs, printing and sundries were approved and ordered paid.

The Sec.-Treas. was authorized to order a cart-load of cement, Bathbun Star Brand, for sidewalk purposes. The Council then adjourned to meet on the first Monday in September.

KILLED A HEDGEHOG.

Sutton, Que., August 7.—(Special)—Mr. W. H. O'Regan, Jr., of the Sweeney Bank staff here, while returning from Glen Sutton on Sunday, killed a hedgehog which met him on the highway. These animals, which were rarely known in this section thirty years ago, are in these days becoming quite numerous by pecking the bark off the young growth of trees in the woods, thus killing the trees. Many trees are reported to have been killed the past winter near the various lumber camps in Sutton and Glen Sutton. The idea of these animals throwing their quills is erroneous.

ILL IN MONTREAL.

SPRAINED HIS ANKLE JUMPING.

Sutton, Aug. 7.—(Special)—Mr. Wm.

Jendron sprained his left ankle quite badly in a jumping contest at a picnic at the lower Brompton school on the other day. Poud the other day, and is still unable to wear a shoe on that foot in consequence.

LOWER BROMPTON SCHOOL WILL BE OPENED.

Bromptonville, Aug. 7.—(Special)—It has now been definitely decided to open the lower Brompton school the coming term, as those living just across the line in St. Francis Xavier de Brompton have and are willing to continue paying half of the entire school expenses.

The recent discussions at several of the school meetings regarding closing of this school, and also, disqualifying school trustees, has been amicably settled.

FOUND PORK PRICES BETTER.

Ladd's Mills, Aug. 7.—(Special)—The other day Messrs. Chas. Melrose and F. H. Maloney took a load of pork to Sherbrooke. The load consisted of 2,160 pounds of meat and was disposed of at the latter place. The sellers were therefore able to realize \$21.60 over and above the total amount which could have been secured at the prevailing prices in this vicinity.

WHEEL PASSED OVER BOY'S HEAD.

Fredrichsburg, Aug. 7.—(Special)—The young son of Mrs. Lay, who is visiting at Mr. William Reynolds' home this summer, met with a severe accident Monday.

The lad was riding on Mr. Thompson's lead wagon when he fell off and one wheel passed over the head, causing a fracture of the base of the skull. Severe contusions were bleeding and giving such evidence of extreme danger that Dr. Blake, of this place, and Dr. Yeats, of Dunham, who were in consultation, advised that the little patient be sent to the hospital in Montreal. This was done Tuesday morning.

Five years ago Monday Mrs. Lay lost another child from drowning and still another was evidently buried in the ruins of San Francisco at the time of the earthquake there, as all efforts have been unavailing to find any trace of him since the night before that catastrophe, when he was in San Francisco.

LITTLE BUSINESS BEFORE DUNHAM TOWN COUNCIL.

Dunham, Aug. 7.—(Special)—The Village Council met on Monday evening in the Village Hall, with Mayor E. L. Watson in the chair, and Councilors F. X. Beaulieu, F. T. Curley, J. F. Yeats, Jos. S. Baker and R. P. Small in attendance.

There was a dearth of business. Road Inspector Edward A. Buchanan brought in his bill and it was accepted. Mr. Fletcher H. Mann's bill for one-half the labor on the Town Hall woodwork was likewise passed. A lengthy discussion took place over the advisability of installing public scales here, but it was decided that the Council could not make such an undertaking pay expenses.

Another discussion was held over the C.P.R. level crossing at Cowansville, but no action was taken towards memorializing the company. The next session will be held on the 2nd of September, as the 2nd will be Labor Day.

DUNHAM TOWNSHIP COUNCIL DOINGS.

Dunham, August 7.—(Special)—The Township Council's regular August meeting was long but not so noisy as is sometimes heard here. Mr. George Boherty was in the chair, and Councilors Miles Hunt, James F. Millar, Theophile Noisieux and William F. Lee were in attendance.

Many bills were passed and ordered paid. Inspector Prudent Noisieux was ordered to visit and inspect the Elison bridge and draw specifications of what is needed thereon and report at the September meeting. The same inspector was ordered to likewise inspect the Preport bridge, draw out specifications as to what is necessary to be done on the sinking abutment thereof, and let the contract for repairing the same to the lowest and best bidder. He was also instructed to repair the section of road between Road Divisions Nos. 40B and 39, near Farmington Center, which is not desired by either division to have joined to either of said divisions.

Mr. Noisieux presented a petition to have the road closed which leads from the line of the property of the estate of the late David Ryan to the residence of Mr. Henry A. Martin. This is with a view to avoiding the necessity of building a bridge there, on a rarely-travelled road, which is nearly entirely superseded by the new road coming out directly at the boundary between the village and township.

The protraction of Mr. Loren Ingalls relative to the waterworks presented for in the petition of Messrs. Paquette and Hart was homologated, with slight amendments. Councillor Ruiter was named a committee to adjust the case of an indentured widow on the Veil road, asking for aid from this Council.

Messrs. William Armstrong and Jos. Bissonnette exchanged formal remarks at one another relative to the Bissonnette discharge. Mr. Armstrong was of the opinion that his land did not drain thereinto. So he has been to the expense of hiring a provincial land surveyor to take a level of that land and this surveyor writes Mr. Armstrong that the land does not contribute any water to said discharge. This letter is laid before the Council. The natural inference is thus that Mr. Armstrong should not be obliged to dig any of said ditch or discharge. But he did not make any protest at the time the process-verbal, establishing

The Canadianian

The Knowlton Conference.

The Knowlton Conference is now in session, and it may be said that this annual religious convention is the Eastern Townships what the Northfield Conference is to New England.

No more delightful place could be found for such a series of summer meetings than the beautiful Conference grounds by Brome Lake at the attractive and hospitable village of Knowlton.

Here for two weeks the study of Bible questions and particularly Sunday school methods and management will be pursued. Well known clergymen and teachers are among the preachers and lecturers.

Knowlton's sojourn guests, and they are many, should profit spiritually as well as physically by their outing.

Canada's Century.

"Canada's Century" is the title of an extensive volume just issued in England by "The Financier and Balloonist," compiled from a series of articles by Mr. R. J. Barrett, of that journal, after an extensive tour and study of the Dominion.

The book contains a vast amount of most valuable data regarding Canada, arranged in a most interesting form.

The introduction to the book is supplied by Lord Strathcona, the Grand Old Man of Canada, who offers the following optimistic paragraph:

"Canada has advanced by rapid strides in the last decade, considering the facilities the country offers for the provision of homes for a large population, and the ease with which settlers can now reach it. The advantages Canada offers are being re-organized in every portion of the United States and of Europe, and immigrants of all nationalities are pouring in to reap the benefits of the riches with which it has been endowed."

City Decoration.

The City Council on Monday evening authorized a very fair expenditure in city decorations on the occasion of the Dominion Exhibition, and particularly in connection with the visit of the Governor-General.

How to make the most effective showing with the amount in hand will be a matter for very careful consideration by the committee in charge. Dr. Pelletier outlined a programme, which in a general way at least will likely be followed.

It has been urged in these columns that street decorations and electrical displays should, as far as possible, be made to serve not only the day and evening of the Governor-General's presence here, but throughout the two weeks of the Dominion Exhibition.

The city officials and the citizens generally should work together to make the town as bright as possible for the entire two weeks of the fair. Thousands of people will visit Sherbrooke from all parts of the country, and the holiday spirit by finding the town in holiday attire.

KNOWLTON.

New arrivals for the Conference are: Rev. Mr. Deerpore, Sherbrooke; Mrs. L. Cousins, Superintendent Brome Co. S.; Mrs. A. Lawrence, of Montreal; Miss Jacques and Mrs. A. McLaughlin, of Cowansville; Mr. and Mrs. E. W. Parker, Lennoxville.

Mr. Henry Ayer's father, the late Jas. Ayer, being one of the old residents of the Fenian Raid of 1867. Mr. Wm. Ayer was making his first visit to the vicinity of St. Armand, where both gentlemen are now retired from active business. Mr. Henry Ayer is 71 years of age. He has many friends in the vicinity of Freleighsburg and Abbott's Corner.

The duties of a railway conductor are numerous and varied. One day the past week Mr. Jackman, C. P. R. conductor at present in charge of the morning mixed train between Sutton and Drummondville, commonly known as the "Pike," had occasion to load at Foster a consignment of newspaper. The weather was warm and the tar had oozed out through the paper, so that when it had all been unloaded Mr. Jackman's hands were hardly in a fit condition to take up tickets and perform other duties. The passengers who saw his condition were much surprised a few moments later to see Mr. Jackman pass through the cars making his rounds with spotless white hands. The explanation is easy, however. Mr. Jackman had provided himself with a tin of Zip Hand Soap before leaving home against any such emergency.

SUTTON JUNCTION.

He has many friends in the vicinity of Freleighsburg and Abbott's Corner.

The duties of a railway conductor are numerous and varied. One day the past week Mr. Jackman, C. P. R. conductor at present in charge of the morning mixed train between Sutton and Drummondville, commonly known as the "Pike," had occasion to load at Foster a consignment of newspaper. The weather was warm and the tar had oozed out through the paper, so that when it had all been unloaded Mr. Jackman's hands were hardly in a fit condition to take up tickets and perform other duties. The passengers who saw his condition were much surprised a few moments later to see Mr. Jackman pass through the cars making his rounds with spotless white hands. The explanation is easy, however. Mr. Jackman had provided himself with a tin of Zip Hand Soap before leaving home against any such emergency.

Paroid Roofing

The Roofing With a Money-back Guaranty

Paroid Lasts Longest

Buy one lot of Paroid; open it; inspect it; apply it to your roof, and if then you are not satisfied that you have the best ready roofing made, send us your name and address, and we will send you a check for the full cost of the roofing including the cost of applying it.

Because it is coated on both sides with the strongest, thickest, smoothest, toughest, most flexible coating used on any ready roofing. Don't take our word alone for it. Compare Paroid with any other. You can see and feel the difference. Paroid does not break or crack in the coldest weather or run in hot weather.

Because it is applied with our patented square, rust proof caps—water proofed on both sides—the only caps that will not rust, work loose and cause leaks.

These are some of the reasons why we can give Paroid so strong a guaranty: why it lasts so long—why it is so largely used by governments, railways, factories and farmers everywhere.

All we ask is that you try it on our money-back guaranty. Paroid is made by F. W. Bird & Son, Hamilton, Ont. Established in U.S. 1817. Don't take a substitute but send for samples and prices to:

THE POPE SUFFERING.

ANTI-CLERICAL AGITATION IN ITALY TROUBLES HIM.

Rome, August 7.—It is stated that the Pope's health is suffering through mental anxiety caused by the outbreak of anti-clericalism. He, like most everybody, knows that most of the charges made by the anti-clericals, on which the movement is ostensibly based, are false, while others are shamefully exaggerated, and the Church is being made to suffer for the misdeeds of a few black sheep. Two of these His Holiness has publicly unfrocked. They were rectors of parish churches in Rome, whose gallantries had become notorious.

The Pope's decision to suspend pilgrimages on the occasion of his sacerdotal jubilee in September, has in addition to his desire to avoid possible public disturbances, a political object, namely, to afford opportunity for a protest to the powers respecting the position of the Church in Italy. Meanwhile, despite numerous anti-clerical aggressions, the movement has not reached a point where the whole Church can be said to be menaced, and there are signs that its violence is abating.

DREADNAUGHT AT PRACTICE.

MAKES WORLD'S RECORD WITH KING AND QUEEN ON BOARD.

London, August 7.—The King and Queen embarked on the battleship Dreadnaught at Spithead Sunday and the vessel then went to sea for target practice. She scored what is claimed to be a double world's record for rapidity and accuracy. While steaming twelve knots an hour there were fired within 2 1/2 minutes twelve rounds from two of the 12-inch guns at a target 25,000 yards distance. Eleven hits were made, of which none were bulls-eyes. The shot that missed smashed the base of the target.

It frequently happens that when securities are desirable purchases, investors are temporarily unable to avail themselves of the opportunity.

In such cases, I am prepared to buy for my customers, at prevailing prices, such securities as they may select, upon the payment of a fraction of the purchase price, the balance to be carried at a moderate rate of interest.

An opportunity now offers to those who have money to make investments which will return a much larger rate of interest than has been the case for some years, and later on the opportunity will have passed.

On the Montreal list there are plenty of good stocks yielding 6 to 7 1/2 per cent, while in New York some of the industrials are now yielding 9 to 10 per cent.

Harriman's Union Pacific yields the investor over 7 1/2 per cent.

MAY HAVE HER EARNINGS.

THE FRENCH MARRIED WOMAN COMES INTO HER OWN.

Paris, Aug. 7.—Just before the adjournment of the Chambers for the summer holidays, a bill was passed recognizing the right of a married woman to dispose of her own earnings independently of her husband. This bill has now been promulgated as a law.

It has a remarkable history. Thirteen years ago it was introduced through the efforts of two noblewomen, Mme. Jeanne Schmail and the Dowager Duchesse d'Uzes, who since then have been tireless in their efforts to have the bill become a law. The law in France concerning the privileges of the husband as hitherto in vogue dated back to the Roman period, and made the wife in many instances practically his slave. A drunkard or an idler, backed by the law, was able to compel his wife to hand over to him every cent she earned. The new law has abolished this glaring injustice.

CITY IMPROVEMENTS

The city is putting on its holiday suit for Exhibition time. The streets are being fixed up, buildings trimmed, and everything in general improved for this big event.

We expect great trade this year for the Workingman's Friend, for every Fair week the sales are double that of the year before.

BIG FIRE AT OTTAWA.

BUILDINGS IN LANS-DOWNE PARK DAMAGED TO EXTENT OF \$20,000.

Ottawa, Aug. 7.—The Ottawa carnival, which opened with the Edwards Company's fire, entailing a loss of \$250,000, closed Saturday night with a spectacular fire on Lansdowne Park, which did damage to the extent of \$20,000. Shortly before 8 o'clock, when the crowds were making for the centre of the city to enjoy the parade which was to introduce the conclusion of the merry-making, the alarm sounded from the box at the exhibition grounds, but before the brigade arrived on the scene the fire had made considerable headway.

POLICE TO BE LINGUISTS.

LATEST PLAN IN PARIS TO MAKE THE LIFE OF THE VISITOR AGREEABLE.

Paris, August 7.—Foreign languages are the latest specialty of the Paris police. The city is visited every summer by so many foreigners unable to speak French that the Prefect of Police has decided to have part of the force instructed in English, German and Spanish.

The ad-answering league, if it were organized, would have a larger membership than all other clubs in the city combined—and a more prosperous.

Daily Market News

FOREIGN REPORTS OF LIVE STOCK TRADE.

ON THE WHOLE TRADE IS QUIET—GLASGOW AND LIVERPOOL QUOTATIONS.

Glasgow, August 7.—Edward Watson Ritchie, cabled that 316 cattle were offered. Trade was sharp with tops selling at 13 1/2c; secondary at 12 1/2c to 13c; bulls, top, 11 1/2c; secondary, 10c to 10 1/2c per lb.

Liverpool, August 5.—John Rogers & Co. cabled that the market was firm, but trade slow, with sales of American steers at 13c; Canadian steers at 12 1/2c; cows at 10 1/2c; ranchers at 11 1/2c, and bulls at 10c to 10 1/2c.

COMMENT IN LIVERPOOL CORRESPONDENCE. A Liverpool letter, dated July 27th, says of the live stock trade:

Trade has been much quieter all week, the demand irregular and not up to the usual volume.

To some extent this may be accounted for by the warm weather, but my enquiries also point to a considerably reduced retail business, that is, butchers are selling less of our port-killed meats, making up the difference with frozen.

Many of them are only buying "pieces" who used to buy sides, and others again only buy an odd hindquarter or two, that regularly ordered a couple of bodies.

The local demand was very moderate all through, the sales on account of London being the best trade reported, while the country business was poor and "spotty."

A few very choice sides made 11 1/2c, but taken all round 11c was top price, lots of good to best bodies making only 10 1/2c to 10 3/4c; medium quality not selling very freely at 10c to 10 1/4c, and cow and bull decidedly weaker at 7 1/2c to 9c.

A good many cattle are still alive, the killing down having slackened off during the wet and thundery weather.

The incoming arrivals include the Quermore with 736 cattle; Cymric, 700; more with 850, and the Bovie with 900.

Even with the diminished demand, the supplies in sight are very moderate, and sellers are not anticipating that any further drop in prices will be necessary.

In fact, they look forward to a better trade for the week, preceding as it does the Bank Holiday and the Pageant. The point of view—like circumstances—probably alters the aspect, and, of course, the deductions made therefrom.

RECORD'S MARKET REPORTS.

Arrangements have been made to very considerably improve the market reports published in the Record. Dairy, live stock, grain and feed, and general produce reports will be given with all possible promptness and accuracy.

Watch the Daily Record's market column daily for Eastern Townships, Montreal and foreign market reports.

J. J. Dickey bought: Daisy, 55 boxes white cheese, at 11c. James Alexander bought: Farnham, 22 boxes white cheese, at 11c.

HOG MARKET.

QUIET IN MONTREAL WITH DRESSED HOGS \$9.75 TO \$10.00 PER C.W.T. Montreal, Aug. 7.

The local inquiry for dressed hogs is light at this season and prices range from \$9.75 to \$10 per hundred lbs.

Hams and bacon are moving freely and many packers report an inquiry that taxes their powers of production to the utmost.

Prices are steady and there does not seem to be any cause to anticipate lower values except from dealers who are overstocked.

Lard is unchanged on the local market, but manufacturers look for an improved demand before long.
