

## BRITISH WARSHIPS TODAY ON WAY TO EGYPT

### Court Decision In Currie Libel Case Is Expected Tomorrow

#### Britain Sends Ultimatum To Egypt—Situation Today Regarded As Very Serious

It Was Stated That British Did Not Mention Sanctions in Their Note to Egyptian Government as a Penalty for Egypt's Refusal to Comply With Demands, But in Well Informed Circles Opinion Was Expressed That Sanctions Would be Applied if Egyptians Were Obdurate—Situation Grave and Fraught With Serious Possibilities, Although in Official Circles in London it Was Thought That Difficulties Were Not Insurmountable and Sky Might Clear Suddenly—There Was no Effort, However, to Minimize Seriousness of Crisis.

(Associated Press Despatch)

LONDON, April 30.—Several British warships and cruisers sailed this morning from Malta for Egypt in connection with an Anglo-Egyptian crisis which revolves around the Egyptian public assembly bill.

An ultimatum demanding the withdrawal of the bill within three days was handed the Egyptian government last night.

The situation today was grave and fraught with serious possibilities, although in official circles in London it was thought that the difficulties were not insurmountable and the sky might clear suddenly. There was no effort, however, to minimize the seriousness of the crisis.

It was stated that the British did not mention sanctions in their note to Egypt as a penalty for Egypt's refusal to comply, but in well informed circles the opinion was expressed that sanctions would be applied if the Egyptians were obdurate.

It remained to be seen whether the sending of warships from Malta could be taken as a warning of such sanctions.

#### ANNOUNCEMENT MADE TODAY BY THE ADMIRALTY

(Associated Press Despatch)

LONDON, April 30.—The Admiralty announced today that the battleships Warspite and Valiant and the cruisers Cerberus, Calypso and Calcutta, left Malta today for an unknown destination under command of Vice Admiral J. D. Kelly.

#### SITUATION IN CAIRO REPORTED CALM TODAY

(Associated Press Despatch)

CAIRO, April 30.—The situation in Cairo was calm, King Fuad held an audience with Premier Nahas Pasha this morning, after which the Premier joined his colleagues in the cabinet and went into consultation with them.

#### EGYPTIANS WILL PROBABLY ATTEMPT TO GAIN TIME BY POSTPONING DISCUSSION

(Associated Press Despatch)

CAIRO, April 30.—It was stated in Egyptian circles today that Great Britain has given the Egyptian government three days to withdraw the Public Assembly bill which was to come before the Egyptian Senate.

Reginald Hoar, councillor of the British Embassy, handed Premier Nahas Pasha a note last night saying that otherwise Great Britain would take whatever steps it might deem necessary as regards her obligation to protect foreign interests.

The British Government on Sunday sent a note to the Egyptian Government, the contents of which were not divulged, but several reports today described it as an ultimatum demanding the withdrawal of the Assembly bill.

The British Government had previously protested against this bill, objecting to two provisions. These were one forbidding the police to take any steps against disorder in public assemblies except at the request of the organizers, and the other in an event that grave disorders actually occurred; and the other prescribing heavy fines for policemen violating the foregoing provision.

The Public Assembly bill was passed by the Egyptian Chamber after Egypt rejected the proposed Anglo-Egyptian treaty. Great Britain immediately sent a firm note of protest saying the bill endangered foreign interests and challenged the British declaration of 1922 by which, among other things, Great Britain reserved the right to protect foreign residents of Egypt.

How a demand for the withdrawal of the bill would be met by Egypt was uncertain, but it was believed that the Egyptian government would try to gain time by postponing discussion of the bill, which was scheduled to come before the Senate today. It was thought likely an educational bill would be placed on the Senate's agenda instead.

Nahas Pasha, Egyptian premier, has been speaking in defense of the bill, maintaining that British fears that it would endanger foreigners were illusory.

#### THE POLISH FLIERS WERE FORCED DOWN BY ENGINE TROUBLE

PARIS, April 30.—The Polish fliers, Major Louis Idzikowski and Major Casimir Kubala, who have been in Paris for more than a month preparing for a flight to New York, took off Saturday morning from Le Bourget to make a trial flight of twenty hours, but after four hours of flying their plane developed engine trouble and they were forced down in the Forest of Montiers, near Rue, in the Department of the Somme.

They are planning to give the motor a thorough overhauling today before attempting another test flight.

#### New Yorkers Intensified Their Lionizing Of Crew Of Plane 'Bremen' Today

Busy Time in Store for Three Fliers—Will go to Washington on Wednesday For Welcoming Ceremonies—Wives of Two of Airmen Expected to Reach New York Today.

(Associated Press Despatch)

NEW YORK, April 30.—New York today intensified its lionizing of the Bremen crew who spanned the North Atlantic by air from east to west. The first duty of the day for Major Fitzmaurice, Captain Koehl and Baron von Huenefeld was to make a trip down the harbor in the municipal tug Macom and return to Battery Park, where New York's distinguished have been greeted since Peter Stuyvesant ruled the new founded colony.

Next came an automobile parade through the canyons of lower Broadway to the City Hall for the fliers to meet Mayor Walker and official delegations and receive the medal of valor of the city of New York and the scroll of honored welcome.

Next came a parade of 10,000 members of various military organizations. The route was up Fifth Avenue to Madison Square, so the trans-Atlantic fliers could place a wreath at the "eternal light" in memory of United States dead of the Great War.

Tonight the fliers are to be the guests of Mayor Walker at a banquet, and tomorrow will be honored at a city banquet. Wednesday they go to Washington for the welcoming ceremonies there and then return to New York to spend the remainder of the week, hoping for one reception and banquet to another.

The fliers looked forward to a welcome from loved ones today. The wives of Major Fitzmaurice and Captain Koehl and "Pat," the young daughter of the Irish commandant, were due on the steamship Dresden.

CHARGED WITH ATTEMPTED MURDER.

MONTREAL, April 30.—Charged with attempted murder, Albert Renaud, 25, rooming on Workman street, here, was taken to St. Johns, Que., last night to appear before a magistrate. According to the police Renaud fired a revolver at his brother on Saturday night at St. Luke, near St. Johns. The shot missed and Renaud immediately left for Montreal. He was arrested here yesterday.

#### NEW POWER

Here is a new picture of Marshal Li Chai-Sun, governor of one of the two Chinese provinces of Kwangtung and Kwangsi, which have declared neutrality from the North and South. Li has declared a Monroe Doctrine for China, resending all interference, whether local or foreign.

#### COMMISSION TO MEET RE BAD CROSSING

Possibility of Remedying Danger at Level Crossing Near Waterville, Known as Prouty Crossing, to be Discussed—To Convene at Waterville Tomorrow Afternoon.

A meeting of the Public Service Commission of their representatives will be held tomorrow afternoon at Waterville to discuss the possibility of mitigating the danger of the railway crossing situated on the Sherbrooke-Derby Line highway, about two miles this side of Waterville, which is known as the "Prouty crossing" to motorists in this vicinity, by either doing away with the crossing or installing more accurate signals.

This is without doubt one of the most dangerous level crossings in the Eastern Townships, if not in the Province. Several serious accidents have occurred at this spot, one being that which claimed the life of Ex-Governor Prouty, of Newport, Vt., some years ago, since when the crossing has been commonly designated as the "Prouty crossing."

A deep cut through which the track runs on the northern end of the crossing makes it impossible to see southbound trains, while the head-end of the train is muffled in such a manner that it is hard for a motorist to hear the locomotive above the sound of his automobile engine. A bell has been in operation for a number of years at this point but this has not proved very satisfactory, owing to the danger of its failing to function at a critical moment.

It is understood that three alternatives have been suggested to circumvent the danger of the crossing, the most simple of which is the installation of gates, either manual or automatic. The remaining two, which meet with more favor, are either a subway under the tracks or an overhead crossing, which would entirely do away with the crossing hazard.

#### EARLY SOWN GRAIN DID NOT SUFFER FROM WINDS

(Canadian Press Cable) SASKATOON, Sask., April 30.—Strong winds blew over the prairie areas surrounding Saskatoon yesterday, but early sown grain did not suffer, according to the reports of farmers and grain organization officials.

Reports to the wheat pool office here state there is plenty of moisture in the soil. Top soil drifted to some extent, but it was stated it would take high winds over a period of about three days to do any damage to the early sown seed. Most of the farmers in the district are seeding.

#### WITH ALL EVIDENCE TAKEN, END OF FAMOUS CURRIE CASE IS IN SIGHT—JURY ADDRESSES TODAY

Evidence for Plaintiff Was Concluded on Saturday, and When Court Re-opened This Afternoon, Mr. Frank Regan, Chief Defense Counsel, and Mr. Preston, Who is Conducting His Own Case, Addressed the Jury—They Will be Followed by Counsel for Plaintiff and Then Mr. Justice Rose Will Deliver His Charge to Jury—Result is Expected to be Known by Tomorrow at Latest.

(Canadian Press Despatch) OBOURG, Ont., April 30.—With all the evidence having been taken, the end of the \$50,000 libel action by General Sir Arthur Currie against W. T. R. Preston and F. W. Wilson was in sight when the sittings resumed at 1.30 p.m. today, opening the third week of the now famous trial.

The evidence for the plaintiff was concluded on Saturday, and when the Supreme Court Assizes opened this afternoon Frank Regan, of Toronto, chief defense counsel, and Mr. Preston, who is conducting his own case, addressed the jury. W. N. Tilley, K.C., for the plaintiff, will follow. Mr. Justice Rose will then deliver his charge to the jury. The result is expected to be known by tomorrow at the latest.

The former commander of the Canadian Corps claims the damages because of an article on the Armistice Day operations at Mons, written by Mr. Preston and printed in the Port Hope Guide, which is published by Mr. Wilson.

A great number of witnesses, ranging from Sir Arthur Currie himself to privates in the ranks of the Canadian Corps, have been heard during the past two weeks.

Saturday's Evidence. Two sharply contrasted bits of evidence adduced during the Currie libel action here Saturday carried spectators and those engaged in the trial to the highest degree of humor and pathos; the first was when Major-General J. H. MacBrien, C.B., C.M.G., D.S.O., former chief of Canada, adopted a highly belligerent attitude toward Frank Regan, counsel for the defence, and made it clear that if Mr. Regan tried to examine him in the same manner as he had examined other witnesses, he, the witness, was quite prepared to put him in his place; the second when the Rev. George Kilpatrick, of Ottawa, former senior chaplain of the Third Canadian Division, told of the burial in tons of ten Canadian soldiers and the remark of the burgo-master of "There are those in your land who sorrow today. Their loved ones are in our keeping. Tell them there is a corner of Belgium which is forever Canada."

After Sir Arthur left the stand, evidence was presented as to his reputation and Lt.-Gen. Sir Richard Turner, V.C., summed it up as follows: "When Byng resigned from the command of the Canadian Corps, he recommended Sir Arthur Currie for the position. This appointment was recommended further by Field Marshal Haig, and a recommendation also came to the Overseas Minister before it was acted upon. It was taken up by the Government, and it was on this authority that he was named commander."

"Just how would you describe his military reputation?" "Well, I will give you an example. If you saw a farm with good well-ordered buildings on it, you would conclude that the farmer was on his job. If you went to France and saw the conduct and condition of the Canadian soldiers and their duties carried me to France about once a month—you would have realized that they had a good commander. I had the opportunity of talking to many officers and I know in what esteem Sir Arthur was held."

The hearing of evidence ended on this serious note after two weeks in which the presentation of evidence had ranged from the ridiculous to the sublime.

Sir Arthur Currie completed his evidence Saturday and gave way to some of those officers who took a great part in Canada's contribution to the war. They were Major-General MacBrien and Lt.-Gen. Sir Richard Turner

## HUNTINGVILLE

Mr. Ernest Hunting entertained large gatherings of friends at his sugar camp on two occasions last week, having issued invitations for both Wednesday and Thursday afternoons. The sugar was of very fine quality and all heartily enjoyed Mr. Hunting's hospitality.

Mr. and Mrs. Norreys Hunting left Friday for a motor trip to Montreal. They were accompanied by Mrs. W. A. Hunting and Mr. Henry Hunting.

## WATERVILLE

The Ladies' Aid of the United Church was entertained on Wednesday afternoon, April 25, by Mrs. Walter Snow. There was a short business meeting, when plans were completed for the novelty programme to be given by the ladies of the Aid on May 8. Keen interest was taken in these plans and in the 19th century costumes that will be worn by those taking part. At the tea hour refreshments were served by the hostesses, assisted by Mrs. Pocock, Mrs. Samuel Edgecombe and the Pollyanna Circle.

Mrs. William Healy has returned to town after spending the winter in Massachusetts with relatives. Mrs. W. H. Baglow before opening her home for the summer.

Mrs. Kenneth Spafford and sons, Masters Hollis and Lloyd, spent a few days last week in Moe's River, guests of Mr. and Mrs. C. A. Parsons.

Miss Dorothy Saxon, nurse-in-training at the Sherbrooke Hospital, spent a few days last week the guest of her grandfather, Mr. Edward Saxon.

Mr. J. H. Woodside was in Sherbrooke on Sunday, April 22, the guest of Dr. and Mrs. W. O. Rothney.

A large number gathered in the auditorium of the United Church on Monday evening and enjoyed an unusual treat in the form of an interesting lecture on Central India. The speaker was Miss Mary Martin, missionary on furlough. Miss Martin was here under the auspices of the W.M.S. of the United Church, and while in town was entertained by Mrs. Pocock.

Miss Lea Tanner, provincial supervisor of French for the high schools of the Province of Quebec, was in town Thursday afternoon to examine the pupils of Grades 9, 10 and 11 of the Waterville High School in oral French. The results were very satisfactory.

Mr. Stephen Pocock is spending the week in Hillier, the guest of his brother, Mr. Samuel Pocock.

Mrs. Mary Burbeck returned home

**FOUL BODY-ODORS MAKE WOMEN OBJECTIONABLE**

Such Women are Always Offensive to their Men Friends.

Neither perfume nor bathing will overcome this trouble. It is deep-seated. So long as poisons are absorbed through the bowels and intestines no woman can make her body sweet and clean. The system must be "housecleaned"—the bowels must be flushed and regulated. When this is done, perspiration no longer is odorous or offensive. Hundreds of women keep the system toned, regulated and healthy by the regular use of Dr. Hamilton's Pills. These little sugar-coated pills work at night while you sleep—they cause distress or griping pains. They are exactly suited to women's needs. You'll feel like new in a week's time—headache gone—constipation gone—sour stomach rising gone, too. To look well and keep well use Dr. Hamilton's Pills—just right for women's ills. 25c per box at all dealers.

**A Message to Underweight Men and Women**

The one supremely good health building tonic that is also the one great weight producer known to modern science the country over is McCoy's Cod Liver Extract Tablets.

They build flesh where flesh is needed—sunken cheeks, neck and chest—and many a man and woman, skinny and scrawny, have thanked McCoy's after a few weeks' treatment for the decided improvement in looks and figure.

Many times the increase in weight is astonishing—one exceedingly thin woman gained 10 pounds in 22 days.

McCoy takes all the risk—Read this ironclad guarantee: If you are taking 4 sixty cent boxes of McCoy's Cod Liver Extract Tablets or 2 One Dollar boxes any thin, underweight man or woman doesn't gain at least five pounds and feel completely satisfied with the marked improvement in health Chagnon's Drug Store, or any druggist, is authorized to return the purchase price.

Pimples come from blood that's not just right. If you want to get rid of facial blemishes try Seigel's Syrup. Any druggist.

## "Fruit-a-tives"—the Best Remedy for Constipation

TRIED and proven for 24 years—the largest selling laxative in Canada—and endorsed by many thousands of people.

No other medicine is just the same as Fruitatives. It is made only of the juices of fresh, ripe fruits combined with tonics, and acts on the whole digestive and intestinal tract, purifies the blood stream and promotes general health.

Do not be satisfied with so-called "laxatives." Give Fruitatives a trial. 25c and 50c a box everywhere.

customs and homelife of the French Canadians in cementing the bond of unity between the two great nations of which the population is largely composed. The lecture was illustrated by very fine lantern slides, the pictures of which had been taken by Prof. Call himself, who is thoroughly familiar with all the scenes he placed on the screen. Several historical buildings, arts and crafts of the nation in process of making, intermingled with scenery and home life were all very interesting. Miss Andrews writes several letters every week. She also reads the daily newspapers and interesting books.

It is interesting to hear Mrs. Andrews tell of the early days, when the evenings were spent by the fire place, spinning with the old-fashioned spinning wheel and weaving with the loom. Mrs. Andrews also tells of crossing the Nicolet river at Kingsley Falls, where two steel bridges now stand. Credit is due Mrs. A. B. Davidson for serving for a bridge then, and a little girl at the time, and one day when she was crossing with her father and little sister the

## Mrs. William G. Andrews, One Of Shipton's Oldest Residents

Mrs. William G. Andrews, one of Shipton's oldest residents, has just celebrated her ninety-second birthday. She was formerly Hannah Perkins, sixth daughter of James and Rosanna Perkins, and was born on April 8th, 1836, in the Township of Shipton on the farm now owned by Mr. Arthur Denison, near Danville. She spent her early days there, and at the age of eleven moved with her parents to Warwick, where they made a new home in the wilderness, and where she lived until her marriage to Mr. William G. Andrews, when she came back to Shipton where she has lived ever since on the same farm. She is the only surviving member of a family of eleven children and is very active for one of her years.

Although not able to walk very much, she is as interested as ever in all that takes place in her surrounding neighborhood. She reads and writes several letters every week. She also reads the daily newspapers and interesting books.

It is interesting to hear Mrs. Andrews tell of the early days, when the evenings were spent by the fire place, spinning with the old-fashioned spinning wheel and weaving with the loom. Mrs. Andrews also tells of crossing the Nicolet river at Kingsley Falls, where two steel bridges now stand. Credit is due Mrs. A. B. Davidson for serving for a bridge then, and a little girl at the time, and one day when she was crossing with her father and little sister the

Mrs. William G. Andrews and her granddaughter, Aleta May Andrews, of Shipton.

water was very high and swift, and she felt that they would never get across, but they succeeded.

Mrs. Andrews is fond of knitting and keeps her children and grandchildren well supplied with socks. This year her birthday came on Easter Sunday, and she received many congratulations and gifts, as well as many calls from friends and neighbors. Among those who were present from a distance to express the time honored wish, "Many Happy Returns of the Day," to this venerable and highly respected resident were her two grandsons, Roy W. Andrews, from Quebec City, and Mr. Andrews from Jersey Mills, Que., and Mr. G. W. Philbrick, of Ayer's Cliff.

## IMMIGRATION SHOWED FIVE PERCENT JUMP

Total for Year Ending March 31 Amounted to 151,537, as Compared With 143,991 of Previous Year—Increase in Number Coming From U. S. Exceeded That of All Other Countries.

(Canadian Press Despatch) OTTAWA, April 30. — In the fiscal year ended March 31, 1928, 151,537, an increase of 5 per cent over the previous year, when it totalled 143,991. These figures were made public by the Department of Immigration and Colonization yesterday.

During the last twelve months, as compared with the preceding year, there has been an increase in British immigration of 1,088. Immigration from the United States has increased by 3,932, and from other countries the increase has been 2,336.

A significant feature of the statistics is the increase in immigration from the United States, which was greater than the increase from all other sources combined. The state contributing the largest number of immigrants was Michigan, but New York, Washington, Minnesota, California, Massachusetts, North Dakota and Illinois all are near the head of the list in the order named.

During March the total immigration to Canada was 14,035, of which 9,210 were British, 2,938 from the United States and 1,887 from other countries. The classification "other countries," includes 4,379 from France, Belgium, Scandinavian coun-

## PRIVY COUNCIL MADE ERROR IN ONE JUDGEMENT

Revelation Made by Lord Birkenhead—Was in Reference to Rights of Transferred Civil Servants in Ireland—Was Arithmetical Error.

LONDON, April 30. — The remarkable revelation that the judicial committee of the privy council had made an error in its decision last May with reference to the rights of transferred civil servants in Ireland occurred in the House of Lords yesterday. The revelation was made by Lord Birkenhead, secretary of state for India, in the course of a debate on the position of the civil servants concerned.

They disclose however that the judicial committee was wrong in its judgment. It was first made by Premier Stanley Baldwin by the late Viscount Cave, former Lord Chancellor, who, within twenty-four hours of his death, wrote to the premier authorizing him to state that the judicial committee's decision was wrong. Viscount Cave presided over the committee on the matter in question.

In the debate on the civil servant question Lord Carson had complained of the government's decision to override the judgment of the judicial committee regarding pensions to "loyalist" civil servants—formerly employed by the British government and transferred to the Irish Free State government.

Lord Maitland, who is a member of the judicial committee and had part in the committee's decision on the point at issue, told the House of Lords that when the decision was made concerning the rates of pensions payable, an important minute of the treasury had not been before the committee. The result, he admitted, was that there was an arithmetical error and a result of wrong judgment.

## SCOTSTOWN

Among those who attended Abie's Irish Rose, in Sherbrooke on Wednesday evening were Mr. and Mrs. Herman Lax, Miss Reta Scott and Mr. Cochran.

Miss Ethel Sherman, of St. Anne de Bellevue, is spending a week the guest of her parents, Mr. and Mrs. A. L. Sherman.

Mr. Peter Buchanan, of Gould, was in town on Thursday a guest at the home of Mr. John MacLennan.

Mrs. A. A. Macaulay, of Gould, is in town attending her daughter, Miss Thyra MacAulay, who is ill.

Mr. John MacMillan, of Gould Station, was in town on Wednesday.

Miss F. M. Sherman has returned home after spending a week in Brome and other points.

Miss Francis Hodge, of Sherbrooke, was a recent guest of her sister, Miss Hodge in town.

Miss Reta Mayhew entertained a number of friends on Wednesday evening, April 18th, the occasion being her fourteenth birthday. About twenty were present. The evening was spent in games and music. Mrs. Mayhew served refreshments, assisted by Miss Hodge. Miss Reta was the recipient of many useful and pretty gifts.

Mrs. John Macdonald was in Sherbrooke on Wednesday.

A very pleasant evening was spent at the home of Mr. and Mrs. A. M. Morrison on Friday, April 20th, when their daughter, Evelyn, entertained about fourteen of her friends. The evening was pleasantly spent in games, etc. The young men assisted Mrs. Morrison in serving refreshments.

Among those who have been on the sick list have been Mrs. Ross Macdonald and family.

Airplanes are getting to be quite prevalent in this district.

The remains of the late Mrs. James Crombie, former resident of this place, arrived in town on Saturday evening, April 21st and were interred in the Riverview cemetery on Sunday, April 22nd. The remains were accompanied by her son, Mr. George Crombie, of New Haven, Conn., where the deceased passed away. The commitment service was read by Rev. E. M. W. Templeton, of Ashby, Ontario. The late Mrs. Crombie leaves to mourn her loss two daughters, Mrs. H. Crombie, of Regina, Sask., and Mrs. G. Burns, of Derby, Conn., and two sons, Mr. George A. Crombie, of New Haven, Conn., and Mr. Robert J. Crombie, of Vancouver, B. C.

The "bomme" greatest of all great Brome was spectacles genuine senses of Canadian troops in action. Here we'll, May 2nd, I.O.O.F. Hall.

## Guelph Lady Testifies on Marvel Pain Remedy Suffered Excruciating Pains in the Face—Found No Relief

Nerviline Made Her Well

Guelph, Ont., March 24th.—Mrs. E. J. Barker, of 120 Alice street, of this city, wants every one to know what she was saved in suffering by Nerviline. "I suffered dreadfully with pains all over my face. It was neuralgia. In places my face was badly swollen. A lady told me of the pain-subduing power of Nerviline and I used it with instant effect. The swelling was reduced—the pain went away, and now I am well. For any pain, swelling or for bad colds or rheumatism, I can strongly recommend Nerviline."—Mrs. E. J. Barker.

It is stronger than ordinary liniment that it relieves pain so quickly. Sold in 35c bottles by all dealers.

## For Creaky Joints

Just rub on the new application called Joint-Ease if you want to know what real joint comfort is. It's for stiff, swollen, or painful joints whether caused by rheumatism or not.

A few seconds' rubbing and it soaks right in through skin and flesh right down to ligament and bone.

It oils up and limbers up the joints, subdues the inflammation and reduces the swelling. Joint-Ease is the one great remedy for all joint troubles and live druggists are dispensing it daily—a tube for 60 cents.

## TO WOMEN OF MIDDLE AGE

Mrs. Wilson's Experience a Guide to Women Passing through the Change of Life

Hamilton, Ontario.—"I have taken several bottles of Lydia E. Pinkham's Vegetable Compound and I cannot speak too highly of it as it was the Change of Life and was all run-down and had no appetite. I was very weak and sick, and the pains in my back were so bad I could hardly move. I got very sad at times and thought I had not a friend on earth. I did not care if I lived or died. I was very nervous, too, and did not go out very much. A friend advised me to try a bottle of Lydia E. Pinkham's Vegetable Compound, so I did. I am a farmer's wife, and always worked hard until lately, and was in bed for two months. I began to feel like a new woman after the first bottle and I recommend it with great success, also Lydia E. Pinkham's Liver Pills. I am willing to answer letters from women asking about your medicines, as I cannot speak too highly of them."—Mrs. EMMA WILSON, 471 Wilson Street, Hamilton, Ontario.

Sold by druggists everywhere. ©

When You Feel It Coming

—When that old Headache sends its warning that you are going to suffer—take ZUTOO. When you feel a Cold coming on take ZUTOO. At the first sign of pain—take ZUTOO. You will be all right in 20 minutes if it's a headache, or the next morning if it's a cold. Pain all gone, and the whole body fresh.

Don't wait—don't take chances. Get ZUTOO Tablets to-day—and have them ready to take at the first sign of a Headache or cold and TAKE THEM.

Mrs. Lemay has gone to Windsor Mills, called there by the illness of her daughter.

Mrs. Cox, of Windsor, is visiting her mother, Mrs. C. Hoak.

## PROVINCE MAY BENEFIT FROM MILK EMBARGO

Improvements in Standard Will Follow, Expert Claims—Canada Better Than U. S. in Fighting Bovine Tuberculosis.

SCOTSTOWN, Que., April 30.—In Quebec Province stands to lose heavily in its export trade in milk and cream to the United States. In fact, this business will likely shrink to a bare quarter of what it was in 1927, in the view of P. C. Armstrong, consulting agriculturist of this city. He believes, however, that a temporary setback may be followed by a more lasting benefit in the way of rising standards in the industry, and a re-entry into this market with a particularly high grade product, following a campaign now under way to improve dairy areas that may be slack and backward.

Going over the general situation with reference to impending changes, Mr. Armstrong said: "There is no denying that the position is a serious one. Last year this country exported some \$8,000,000 worth of milk and cream to the United States, and I doubt very much whether the present year's exports will amount to more than a quarter of that. This is particularly unfortunate because the American market for butter fat has been the highest paid open to Canadian dairymen."

Mr. Armstrong has made a special, extended study of the whole question for the Canadian Milk and Cream Export Association, and for the National Dairy Council of Canada.

He explained that while many Canadian producers could easily meet the new inspection requirements, the act makes it necessary for any factory exporting milk or cream to show 100 per cent of its producers inspected and passed. Thus a small percentage of reactionary farmers in any area could prevent the district from exporting.

"But there is one bright spot in the situation," he pointed out. "Canada is far ahead of the United States, proportionately, in the task of eradicating bovine tuberculosis, and with the co-operation of the provincial authorities, is actively campaigning for healthier cows, better premises and general sanitary improvement. As fast as districts are cleaned up under this programme they become again capable of exporting to the United States, with the great advantage that their product will be of a superior quality to the average American farmer's output. Thus we shall assuredly not lose this market permanently, for the United States needs our product."

"Indeed, we may reasonably expect that it will again expand, and this time on a basis of high quality of product which should assure its permanence. It is certain that the very progressive departments of Agriculture will be alive to this possibility and will endeavor to realize it."

**HEALTH-DIET ADVICE**  
 Dr. Frank McCoy  
*Writes The Best Way to Health*  
 QUESTIONS IN REGARD TO HEALTH & DIET WILL BE ANSWERED BY DR. MCCOY WHO CAN BE ADDRESSED IN CARE OF THIS PAPER. ENCLOSE STAMPED ADDRESS ENVELOPE FOR REPLY. DR. McCOY, 1015 W. 12TH ST., LOS ANGELES, CAL.

## BONE DISEASE AND DIET

It is easy to understand the place that diet has in the cure of any bone disease. The blood out of which bones must be built holds its life and gets its nourishment entirely from the food we eat. If our foods are deficient in bone building material, there is no way in which the blood can secure these materials from any other source and bone starvation is the consequence. There will be a gradual breaking down of the bone structure, and such a disease as tuberculosis can readily start in these impoverished bones.

Tuberculosis of the bone is characterized by a wasting away of the muscles above and below the seat of the disease. The joints of the hip, knee, ankle, elbow, and wrist are the ones most commonly affected.

Any inflammation of the bone is characterized by excruciating pain. This is due to the fact that bone structure differs from other tissues of the body inasmuch as it is so hard and cannot swell when inflammation takes place the same as other tissues of the body. There are many nerve canals running through all parts of the bony structure of the body, and when inflammation exists, these nerves are quickly pressed upon by the irritating material. The consequence is extreme pain which often reflected to other parts of the body.

When only the covering of the bone is affected, it is called "periosteitis." When the bone itself is inflamed, this disease is known as inflammation of the medullary cavity is "myelitis."

The cause of all these troubles is the same, namely an impoverished blood stream, containing impurities, and not sufficiently rich in bone building material. If these causes are recognized, the cure is obviously through a better diet regimen.

Misplacement of the bone often gives rise to great discomfort. Many of the bones of the spinal column may get slightly out of position, which will cause irritation where the bones pinch too tightly. Osteopathic or manipulative treatments will often restore these bones to their normal position and thus assist in reducing the inflammation. However, many times the bone is pushed out of position by an inflammation which comes from a toxic state of the blood, and in that case only a cleansing of the blood stream will bring about a satisfactory cure.

I recently observed the case of a woman who had been to all of the

clinics in a large city. Osteopathic treatments had been taken for over four years—she had been put into a plaster cast—while other doctors had tried different kinds of braces. The last physician she consulted advised her to have an operation on her spine. The pain and soreness seemed to be located entirely in the innominate bone of the right pelvis, which was out of its normal position. After all these physical methods had failed to restore the bone to its original position, the patient was entirely cured in two weeks by going on a strict orange-juice fast. Within a few days after starting the fast the pain had lessened, and at the end of two weeks the bone had returned to its normal position, with all soreness entirely gone.

This case is cited to emphasize the fact that even in bone diseases, where the trouble seems to be mechanical, the patient must not neglect to get the blood in a pure condition, free from any irritating toxic material which may have accumulated around the bone.

## QUESTIONS AND ANSWERS

Question—Mrs. John H. writes: "Please advise what treatment to use for broken capillaries on the face and neck. Skin very fine, without pimples or blackheads."

Answer: Twice daily treat the face by rubbing it with ice. Hold the ice for 15 or 20 seconds over the place where the capillaries are broken, then move it to the next location, and so on using about a five-minute treatment in all. The cold of the ice will strengthen the capillaries and make them grow smaller.

Question—Mrs. B. J. writes: "I am very interested in your writings and have subscribed to the paper so I will not miss any of them. Will you please explain the difference between rheumatism and neuritis?"

Answer: I consider the cause to be practically the same in rheumatism as in neuritis. With rheumatism, the toxemia locates in the muscles or joints, while in neuritis it gathers around the nerve trunks. The treatment in both these troubles consists in eliminating the toxemia responsible.

Question—F. J. K. asks: "What kind of bread do you advise for Melba toast? And how is the toast made?"

Answer: Slice white bread one quarter of an inch thick, allow to dry overnight or even longer, and slowly toast it in a moderate oven until golden brown all the way through. Bake at the table as eaten.

## THE RECENT HIGH WATER AT DRUMMONDVILLE

The Southern Canada Power Bulletin tells of difficulties at Drummondville during the recent St. Francis River flood and the fortunate outcome so far as damages were concerned.

To quote from this article: "The breaking away of the ice barrier at Richmond released a huge volume of water, which caused severe damage to lands adjoining the river, from Richmond right to the St. Lawrence.

"At our Hemmings Falls plant we had considerable trouble from high water, and a formidable jam occurred when Richmond ice piled up in our forebay. Fortunately we suffered very little material damage; although massive blocks of ice were pushed over the tops of our dams, and water flowed into the Power Station, and filled the turbine wheel pits. This had the effect of destroying the circulating oil for lubricating the bearings of the turbines, and it was necessary to shut the machines down, rather than burn out the bearings.

"The crest of the flood struck our Hemmings Falls plant on Sunday, April 8th, about 3 p.m., and flowing down the river, it washed out the abutments of the Canadian National Railway bridge at Drummondville, where, unfortunately, there was a serious train wreck, causing a loss of three lives.

"On Sunday our power was off for a few minutes only, and on Monday we were able to carry practically our full load; being short a matter of only about 1500 h.p., and by Tuesday April 10th we were carrying our full load, and at the same time supplying emergency power to the municipal plant of the City of Sherbrooke.

"Our Hemmings Falls and Drummondville plants have come through this trying experience with flying colors, and the operating staffs are to be congratulated on the manner in which they faced a difficult situation, and dug in and cleared up the trouble and got things running again. Great credit is also due to our engineers and constructors,

## TRENHOLMVILLE

Mr. G. L. Brock and son, Mr. George Brock, entertained a large crowd on Thursday afternoon to a sugaring-off at their camp here.

Mr. and Mrs. T. Abecrombie were guests of Mr. and Mrs. Verne Carson in Nicolet on Sunday, April 22.

Sugaring is about finished here and it has been a fairly good year. Several gatherings in the buckets. Riley Brothers entertained at a sugaring party in their camp on Wednesday afternoon.

## MELBOURNE

Mrs. H. Tibbits and little daughter Norma, who have been suffering with measles, are recovering and are able to be around the house again.

Mrs. M. P. Weed spent a week-end recently at Melbourne Ridge, the guest of Mr. and Mrs. John Stalker, Jr.

Mrs. R. W. Christie and children spent a week-end recently at Island Pond, Vt.

On Sunday, April 15, the infant son of Mr. and Mrs. R. W. Christie was baptized, the Rev. E. W. S. Coates officiating. The baby received the name of Gordon Alfred.

A "PECK" OF MEDICINE DID NO GOOD

But ALL-BRAN brought natural relief

Read what Kellogg's ALL-BRAN did for Mr. Haxilton—a chronic sufferer from constipation.

"I am 55 years old and truly believe I have taken a peck of medicine, costing a good many dollars, for constipation, and all I got was temporary relief. Now since I began taking your ALL-BRAN I have had a bowel movement with a single exception, and that was my fault every day. From a grateful user of your ALL-BRAN."

Constipation causes headaches, blotched skins, sleeplessness, spots before the eyes. It is father of more than forty serious diseases.

Guard against it. ALL-BRAN is guaranteed to relieve constipation. Two tablespoons daily—chronic cases, with every meal. Doctors recommend Kellogg's because it is 100% bran. Because it is much more effective than part-bran products could possibly be.

A health cereal too! Serve with milk or cream—and add fruits or honey. Use in cooking. Recipes on every package. Sold by all grocers. Served everywhere. Made by Kellogg in London, Ont.

By ALFRED ALOYSIUS HORN and ETHELREDA LEWIS

What Has Gone Before. Alfred Aloysius Horn, out from St. Edward's College, Liverpool, in the early Seventies, as an ivory trader in Africa, has become blood brother to the cannibals and penetrated the mystery of the white goddess, Izoga.

The glowing accounts of adventure that he has written to his school friend, Little Peru, have stirred the imagination of that young South American millionaire. Especially the reports of the radiant beauty of the goddess, really an English girl, Nina T—, who was stolen by a native witch-doctor after her father's sudden death.

Within the Izoga temple, young Horn has seen a ruby of great beauty and a huge white crystal. He is planning to steal the ruby and he also cherishes hopes of restoring her to white civilization. The boy-pioneer has been making a survey of the rivers along the ivory route, hunting gorillas and elephants and fighting battles with enemy tribesmen. In his last fight with the Osebas, he dove into the river after one of the enemy and killed him with a hunting knife under water. In this battle, Horn's left thumb was nearly torn off by a spear wound. The surgery prescribed by Egbo, the native secret society, saved his life, if not the thumb.

This is the story that Trader Horn has been writing at the age of seventy-three in a Johannesburg doo-house. He is now talking over the manuscript with Mrs. Ethelreda Lewis, the South African novelist, who quotes his comments.

INSTALLMENT XXII WHEN A CROCODILE THREATENED CECIL RHODES

"I'll be getting back to the love interest soon. If so it could be called—my old schoolfellow—coming thousands of miles to have a look at an unfortunate English girl. Adventure. That's what he liked. 'Tis one thing money can help you to. 'Excuse me if I bring forward my idea that this account of what happened to Nina T— has to be drawn out and embellished a little with my experiences as a trader. The one'll help the other.

Blood and Spirit. "I'll tell you later how I got that ruby away. I've often wondered what that white crystal was. Too big for any diamond. Fire and water the priests told me. Blood and spirit. Aye, a poetic people. 'Tis only towns such as this where you'll

not find poetry. Even a cannibal has it as a gift of nature. What is poetry but the leavings of superstition? If it's a cannibal we say he's superstitious to talk about blood and spirit. If it's a Christian same as you or me it's got to be poetry. "Lord Tennyson was a poet but there's nothing very different in his makeup, coming to fact, from the priests that were always pretending two stones were fire and water. Come another thousand years and Nina's savage guardians'll be tossing off odes. Panegyrics for old college chums and so on. I'm told they've already got visiting cards on the ivory coast. However, that may be for truth. I'd rather go through the sugar-cane rite with a savage than be handed his visiting card printed in Oxford or London.

Man and Crocodile. "Egbo sees you through, else how would I be here today? Look at my thumb. Egbo cured it. That feiler nearly got me that time. 'Twas the only time I enjoyed watching a man die. We were watching him and passing remarks about his broken nose. On the edge of the water he was lying. "Aye, I swam under him and tapped his claret enough to fetch a whole bevy of crocs for a meal. A crocodile won't eat unless he smells blood. He always needs some appetiser before he'll trouble to eat. But a croc 's a through pig when he gets you. The smell of blood goes to his head, as they say. He gets a good grip through nature having provided that two of his teeth grow upward through the nose. "He's fateful too about his food. Never cares for it too fresh. His cave entrance is always a bit below the water level, but having dived in he then climbs up to dry ground above the river level until the process of nature invite him to eat. A proper pig. And never stops growing, the natives say. Aye, olive green in hunting time. Yellow when the fish are breeding.

When Rhodes Faced Death. "Cecil Rhodes once ran a fair chance of being put on the shelf in a croc's pantry. I'd been making some prickly-pear brandy at the back of my store in Rhodesia and Rhodes came along for a bit of fishing with one of his friends. Colonel — it was. They arrived in the forenoon and nothing would please them but they must take some of the new prickly-pear

brandy. Said they wanted a novelty. "They wouldn't listen to me when I said it's treat 'em queer, not having matured. They took a good lot of it, and their lunch in a knapsack and my boy took 'em to the spot in the river where they'd find good fishing. 'Twas a place where a nice flat rock rose up about twenty feet from the bank. No more than a foot high and nice deep water all round. I thought no more about 'em until somewhere about half-past two, when my boy came rushing in and said if the Raases went on sleeping, the crocodile would come. He'd taken a woman off that rock only a week before and she's been wide awake too over her washing. "I rode down to the spot to see what he meant, and there I saw Rhodes and the other feiler fast asleep. Dead drunk they both were and very red in the face. They might 'a' got sunstroke lying out like that, let alone the crocodile. Full up of raw prickly-pear spirit as they were. They'd both left their lines in the water and a fish was caught and splashing about on one of 'em. They knew nothing about it.

Honest John, the Jew. "We got 'em lifted into the boat and I had 'em carried over to the back of my store and spread out a forage bed for them to sleep it off. I lay they never approached prickly-pear brandy again. Heads like cannon balls when they woke up. Sick too. Rhodes was properly astonished when he found where he was. He wasn't a man was often caught napping. But he was always a feller open to novelties. He could never keep his hands off a novelty, whether prickly-pear brandy or a lion with a wooden leg, same as he bought from Honest John. Like a lad in a toy shop, Rhodes.

"Honest John, the first Jew in Rhodesia. Him that was offered the half of Swaarboob's kingdom if he'd sell him a wagon-load of rifles. Over on the German-West border that was. The first Jew in Rhodesia, same as Joseph was first in Egypt. Joseph was objectionable to his brethren and following the custom of the country he was sold as a slave. The first in Israel to settle in a foreign country and then send for his relations to come and set up for themselves. "Aye, a brave feller, Honest John. Sets off on a long trek into Tanganyika and takes one boy with him. He was prospecting, of course,

but he came to grief with the natives and only managed to get away with his life. Aye, he faced things, did John.

The Battle-Out Quality. "And when he got back to Rhodesia he looked like Crusoe with man Friday. All in rags and no boots to his feet and terrible sores all over him from thirst and hunger. Turned up one day when Rhodes and Karl Peters were somewhere about. Karl Peters looked him all over and turned away without a good word. He was always a bit of a brute. And the natives thought he was mad, or a kind of witch-doctor, always looking for bugs in the bark of trees or in cattle dung or in water from the drinking pools. "But Cecil Rhodes was of a different stamina. He loved a struggle and he loved fellers that could battle-out for themselves. Aye, he and Honest John had a similar make-up from the hand of nature. Gave him fifty pounds out of his pocket to get a new rig out and started him with a store.

"Mind you, though, generous as he was, Rhodes was naught but a man. Susceptible to wine and women as they say, if you'll excuse me, Ma'am. Come to that, what is any hero but a man. Wasn't Napoleon a man, obeying the dictates of nature even in the midst of fame? Napoleon, too, was choicy about women. And given a feller starts out to conquer a piece of Africa, he'll gather up what comes in his way, whether my prickly-pear brandy or a chief's daughter. Aye. Always on the battle-out was Rhodes.

The Eye and the Hawk. "He'd 'a' liked my job—all save and except that feller Sinclair. He'd 'a' liked my job. Quite a lad when he came out first. But older than I was when I got this thumb shortened by a feller with field teeth and so on. High cheek bones.

"Took me by surprise. Decit makes a lad angry. And when you're angry you're strong. There's some things you remember. And one's the first feller you've had to kill. Aye, I wake up sometimes and think we're struggling in the water. "But looking back over the panorama of my life, why, I think I've been merciful.

"Now, after that bit of a set-to like I had with the Osebas—Showers of hawks. The starved hawks of the Mpangues. They pick the bones of the wounded. So choicy, they'll not wait for death. One poor feller came to and found a

hawk had plucked his eye out. He jumped up and walked about holding his eye that was empty, and when he fell again I shot him out of his misery.

Death or Suffering? "Dity sure makes a man callous at such times. The witch doctors are clever but there's some things're better not healed—no, not even by these so-called Harley Street experts—and 'tis then powder and shot are the best physician. Those witch doctors . . . I'm a humanitarian, and I like to give my knowledge to the world. There's things there that ought to be known.

"That Calabar bean that cures hydrophobia. Cures snake-bite, too, they say, and other forms of blood-poisoning. They cauterise very cleverly too, in cases of snake-bite. Fill a pipe up full of tobacco, get it red hot with hard blowing and clap it upside down on the wound and suck without stopping. Seems to draw the poison and cauterise at the same time.

"Then there's that chicken cure—if there's one handy. You pluck a bare patch on the chicken's breast and scratch a slight wound 'r the flesh. Apply this to the snake bite pressing hard. The chicken'll soon die of poison and then you take another. That may likely die too. But the third'll not die. It'll be somewhat wicker but should recover. And the patient'll be all right.

"Aye, nature sure has spread s me of the ingenuity of man over the wider races. 'Tis not all preserved for Piccadilly.

"But the spirit of man's the best cure of all. Aye. Those boys that the gorilla attacked. . . . He made

a bound at them using his arms. One he tossed ten feet in the air. . . . But with all his wounds that boy 'ud rather drink the brandy than have it poured on his cuts. He laughed 'Aye, it's a helpful thing to laugh at danger."

Tomorrow's Installment: MORALS AND MURDER.

LEMESURIER

A number of airplanes passed over here last week going to and from New York to Quebec. The Palmer River school is opening on Tuesday, May 1st, for the

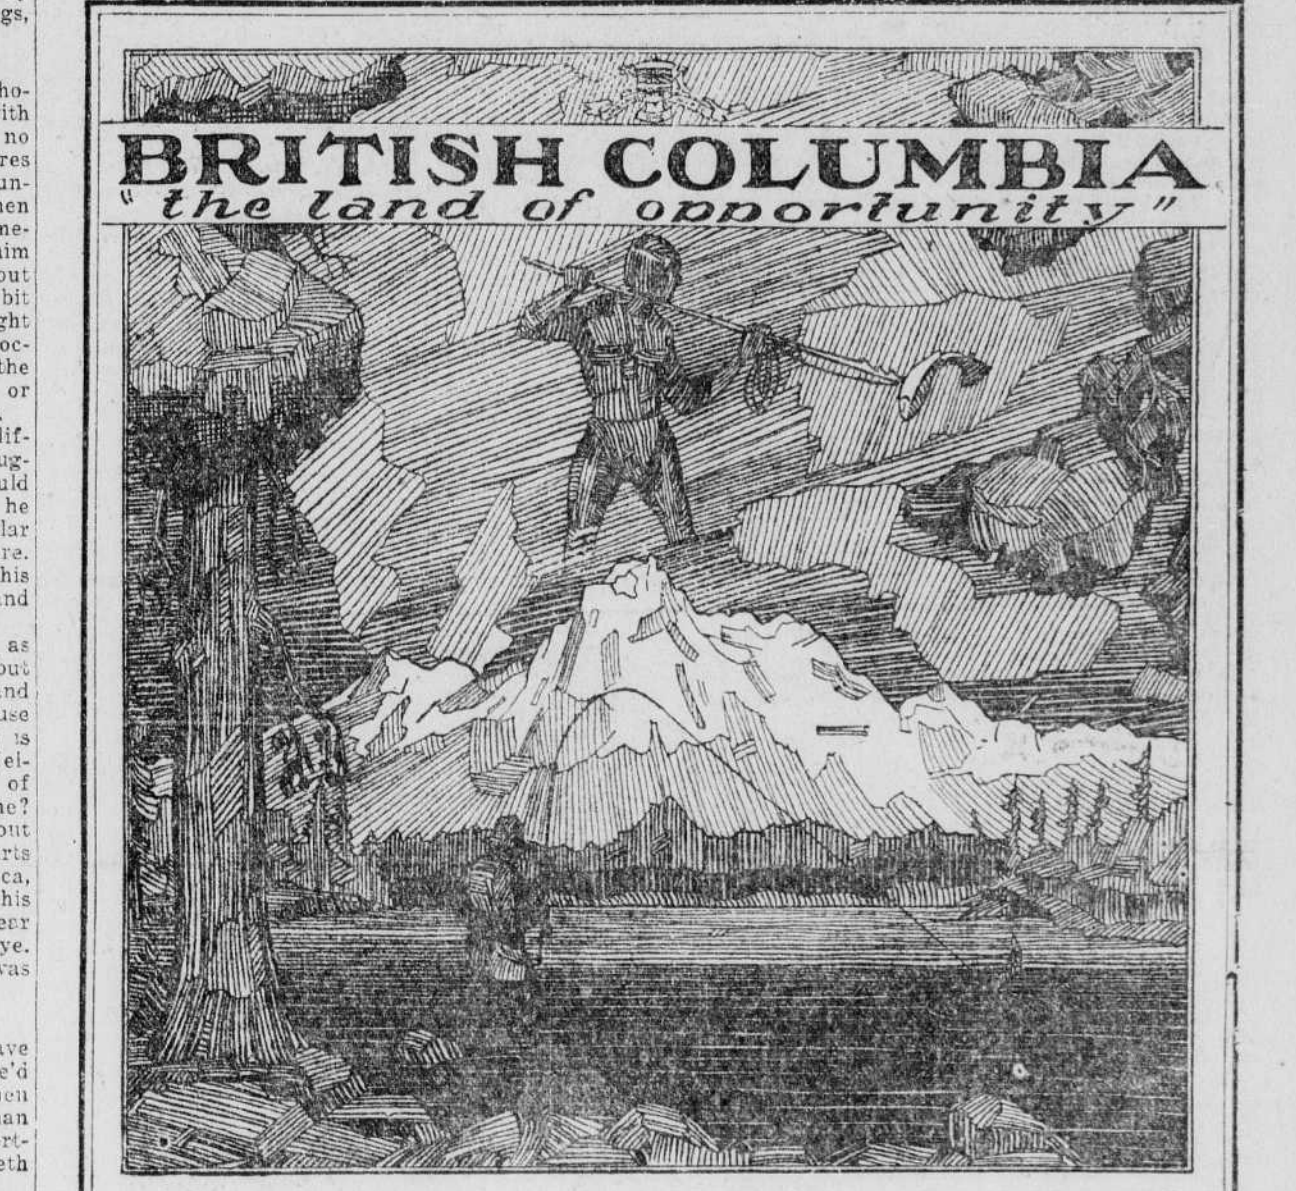

spring months with Miss McCoullery, of Lussitville as teacher. The farmers here are making sugar yet, last week being one of the best of the season.

Mr. John S. Warcup entertained a number of his friends at his sugar camp on Saturday, April 28th.

NOT A MATTER OF PROMOTION "I've just been congratulating the colonel on his appointment as governor of the prison," said a guest at the banquet.

"Really!" responded a vacuous person. "Tell me, for a job of that sort, do you need influence or does one start as a convict and work his way up?"

The Sportsman's Paradise

WITH a coast line of over 7,000 miles, rivers great and small, and myriad fresh-water lakes, it is not surprising that British Columbia has the greatest wealth of game fish in Canada . . . and is in fact known as the greatest fresh and salt water fishing area on the whole continent! What the State of Maine and the Province of New Brunswick have been to the eastern United States and Canada, British Columbia is to Western Canada. But, New Brunswick and Maine could be tucked away in one corner of British Columbia, and immense fishing and game territories still be left! Thousands of streams have never rippled to the cast of an artificial fly . . . lusty trout lurk in the depths of lakes on which canoes have never floated nor spoons ever spun. Without knowledge of the existence of the white man, a great variety of wild game, ranging in size from chattering chipmunk to noble caribou, roam primeval forests. Truly the Sportsman's Paradise!

SALMON FISHING Upwards of 40-million salmon a year . . . Spring or "Tye" and coho . . . are bred and captured in the waters of British Columbia. A great many of these game salmon, weighing from three pounds to sixty-odd, are taken every year by anglers in the salt-water reaches along Vancouver Island and the Mainland. At some seasons of the year they are to be caught in every estuary, and at the mouth of almost every river in the Province . . . but the best months are from July to September.

GOLF ON FAMOUS FAIRWAYS The grand old game of golf is one of British Columbia's most popular recreations. Its sporty evergreen fairways, famed throughout goldfom, stretch along high valleys cradled in the mountain tops . . . undulating benchlands beside some crystal lake . . . verdant slopes nesting in evergreen forest fringes . . . and sweeping vistas beside the sea.

TROUT FISHING The trout of British Columbia comprise most of the recognized varieties, though varying greatly in coloring and markings, and in size from a few ounces to as large as thirty pounds . . . Rainbow, Cut-throat, Steelhead . . . game fish, all.

EASILY ACCESSIBLE Most of the fishing waters of the Province are easily accessible by steamer, rail or stage . . . often within an hour or so of the city. Wagon roads and trails are exceptionally good, and even the practically unshaded waters of the Cassiar and Cariboo districts are within easy distance to the man who wishes first-class sport on unfrequented waterways. The non-resident license fee is \$10.00.

GAME SEASONS The season for moose, bear, mountain sheep and goats, in most hunting districts of British Columbia opens September 1st.

The regular monthly meeting of the V.O.N. will be held on Tuesday p.m., May 1st, at 3.30, in the Child Welfare Clinic Room. CHILD WELFARE CLINIC WILL MEET TOMORROW The regular monthly meeting of the Child Welfare Clinic will be held in the Clinic Rooms, Whiting Block, on Tuesday afternoon, May 1, at 3 p.m. SERMON BASED ON OLD HEBREW LEGISLATION The subject of the morning sermon in Trinity United Church yesterday was "Leaving Unreaped Corners". The sermon was based upon the record of an old piece of Hebrew legislation found in Leviticus, chapter 19, verses 9 and 10, and Deuteronomy, chapter 24, verses 19, 20 and 21. Speaking of the legislation as being designed first for a people engaged mainly in agriculture, the preacher pointed out that the principle it emphasized had application to our life in the

modern industrial era, and made a plea for kindly consideration of others in business dealings. The passages were also given an application in regard to the pleasures of life, and to the spiritual privileges Christianity had brought to us. Under the last head, the preacher remarked that the religion of Jesus demanded that we "look not every man upon his own things, but every man also upon the things of others". It was by unselfish missionary work that the modern Christian could best fulfil the spirit of the text, and leave "unreaped corners" for the reaping of the spiritually poor and destitute. The music of the service consisted of Macfarren's anthem, "We Give Thee Thanks", and a mixed quartette's rendering of the gospel hymn, "It Is Well With My Soul". In the afternoon the Brotherhood met in the auditorium of the church during the regular Sunday School hour, and listened to an address on "The Country Church" by Mr. Chas. Rublee. The evening sermon was the second in the series on "Christ and Woman", and bore the title, "Christ's Appraisal of Woman". It dealt, in particular, with our Lord's recognition of woman's mental equality with man, as shown in the fact that some of the most exalted of his revelations about God were given to a woman—the woman of Samaria, and with the further facts that Christ is recorded as having borne glowing tribute to a woman's faith in the case of the Syrian-phenician woman, and to her self-abandonment in service as illustrated both in the anointing of Him by the woman who was a sinner and in the gift of "all that she had" by the poor widow at the temple treasury. The choir sang Ouseley's "Our Blessed Redeemer" during this service. TOC H MEETING TOMORROW NIGHT The regular weekly meeting of the Toc H Society will be held at the home of the Job Master, Mr. Ernest Marshall, 74 Moore Street, tomorrow evening at 8 o'clock. One of the members will give an address on "Adventures in Ireland". Weather conditions over the weekend were rather disagreeable, as a steady rain spoiled the week-end trips of many motorists. A brief lull yesterday afternoon and the appear-

MANY ATTENDED THE FUNERAL OF MRS. WIGGETT

Prominent and Life-long Resident of Sherbrooke Laid to Rest Yesterday Afternoon—Service Held at St. Patrick's Church, Followed by Burial in Prospect Street Cemetery. Yesterday afternoon a large gathering of representative citizens assembled at the residence of the late Mrs. J. A. Wiggett, Montreal Street, to pay their final respects to a life-long resident of this city, and a lady who was held in high esteem by the community generally. Leaving the late residence the long funeral cortege proceeded to St. Patrick's Church, where a Libera was sung. The body was met at the church by the pastor, Rev. Canon E. C. Pissette, who officiated at the service, assisted by Rev. Father Codere and Cain. When the cortege arrived at the church there was a large number of friends and acquaintances waiting. During the service Miss Corinne Leclerc sang "Nearer My God to Thee". The pallbearers were Messrs. W. L. Webster, W. H. Griffith, J. Leonard, K.C., E. W. Farwell, L. H. Oliver and Col. E. B. Worthington. The bearers were Messrs. W. McManany, H. A. Hyndman, C. M. Davis, T. O. Chapman, F. Vaughan and C. Spafford. Following the remains were the two sons of the deceased, Messrs. Norrey and Gerald Wiggett, and Master Harold Shepard, grandson. The late Mrs. Wiggett is also survived by her daughter, Mrs. K. M. Shepard, as well as a number of more distant relatives. Following the service the remains were taken to Prospect Street cemetery, where they were laid to rest beside those of the late Mr. Wiggett. Rev. Canon H. R. Bigg, rector of St. Peter's Church, read the committal prayers at the grave. The high esteem in which the late Mrs. Wiggett was held by her many friends was shown by the large number present at the funeral, and also by the very beautiful floral tributes which were received, as well as by the number of masses and expressions of sympathy. This morning at eight o'clock, a requiem high mass was sung at St. Patrick's Church, with Rev. Father Fontaine as celebrant, assisted by Rev. Fathers Sidleau and Couture. Among the front cut of town who attended the funeral were Mr. John Loughton, Montreal; Mr. James Leddy, Montreal; Mr. A. McCarthy, Richmond; J. W. Eadie, Boston; Robert L. Eryce, Pawtucket; and Mr. and Mrs. T. O. Chapman, Derby Line, Vt. The late Mrs. Wiggett was born in Sherbrooke, spent her early days here and since her marriage to the late Mr. Wiggett had continually resided in this city. The late Mr. John A. Wiggett predeceased her in 1910. The deceased was an active church worker, and always took a keen interest in the social affairs of St. Patrick's Church. She also enjoyed the love of a large circle of friends throughout the city.

ADVANCED TIME ADOPTED HERE OVER WEEK-END

Clocks Were Put on One Hour Saturday Night—Change Made Without Any Inconvenience—Protestant Churches Held Services on Advanced Time, With Catholic Churches Remaining on Standard Time Until This Morning. Sherbrooke is now operating on "Daylight Saving" time and the weather man this morning seemed to be in a particularly happy mood, giving indications that real spring weather would prevail before long. The change in time was made Saturday night, the official time for the change being one minute past twelve. However, it is not likely that there were any so systematic persons as to make the change on the appointed minute. Upon retiring Saturday night citizens put the hands of their clocks and watches ahead one hour and let it go at that. The change was effected with little notice. Services in the Protestant churches yesterday were held on advanced time, while the Catholic churches remained on standard time for the day. Now, however, all churches are observing daylight saving time, while movies, offices, stores and places of business, schools and private homes are generally observing summer time. A BOSTON WINTER Light rig, heavy rig. It's hard to guess the weather. Cold wave, hot wave, but little. Then both mixed up together.

—Charm of youth "that schoolgirl complexion" The simple rule in daily skin care to follow if you seek it

THE woman of today knows one goal above all others in beauty care. And that is to keep her Youth. For she knows how tragically difficult, once lost, it is to regain. Soap and water have become the Youth preservation rule of the world. Used properly, it is surprising what it does. The thousands of youthful women, long past their first youth, seen on every side today, prove the point beyond question. Urged by leading skin specialists, that rule is based on keeping the skin and pores clean of age-inviting accumulations. Its whole secret is the KIND of soap one uses. A true complexion soap is meant, a soap like Palmolive, made for one purpose only: to safeguard the complexion. Others may prove too harsh. The rule to follow if guarding a good complexion is your goal. So, largely on expert advice, more and more thousands of women turn to the balmy lather of Palmolive, use this way. Wash your face gently with soothing Palmolive Soap, massaging the lather softly into the skin. Rinse thoroughly, first with warm water, then with cold. If your skin is inclined to be dry, apply a touch of good cold cream—that is all. Do this regularly, and particularly in the evening. Use powder and rouge if you wish. But never leave them on over night. They clog the pores, often enlarge them. Blackheads and disfigurements often follow. They must be washed away. Avoid this mistake Do not use ordinary soaps in the treatment given above. Do not think any green soap, or one represented as of olive and palm oils, is the same as Palmolive. And it costs but 10c the cake! So little that millions let it do for their bodies what it does for their faces. Obtain a cake—then note the difference one week makes. KEEP THAT SCHOOLGIRL COMPLEXION

ANCE of the sun for a few minutes aroused the hopes of fine weather, which were, however, soon dispelled when rain again began to fall.

OMEGA-ALPHA CLUB The guest and speaker at the Omega-Alpha Club on Wednesday evening will be Mr. George Dick, who is to give an address on "Developments in Northern Ontario and Quebec."

CHIMNEY FIRE ON FRONT STREET The firemen were called out about 10 o'clock this morning for a chimney fire on Front Street, in the property of Mr. Elton Leclerc. Fortunately, however, no serious damage resulted.

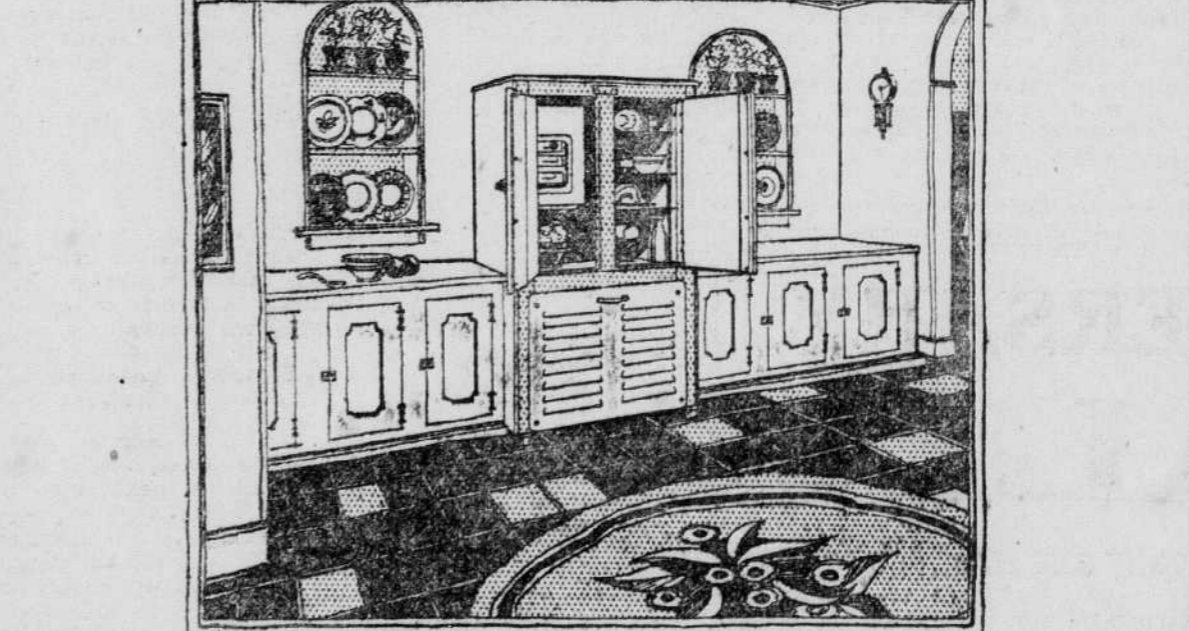

VACATION COMMUNITY SCHOOL The third session of the Vacation Community School will open early in July, and a meeting to elect officers and make arrangements for the school will be held at the Y.M.C.A. on Wednesday, May 9. All interested should be present.

TATE SHIELD COMPETITION The eleventh annual Tate Shield competition, open to all members of Sherbrooke High School, will be held on Saturday afternoon at 2.30 o'clock. This competition has for the past ten years aroused quite a bit of enthusiasm, and the prospects for Saturday are very good.

WESTBURY MAN ARRESTED ON SERIOUS CHARGE Michael Laramee, of the Township of Westbury, was arrested on Saturday afternoon last by Deputy High Constable J. H. A. Genest on a charge of a serious nature. The accused appeared before Justice of the Peace MacLeod this morning and was remanded until Wednesday next, at which time he will appear before Judge J. H. Lemay in the Magistrate's Court.

LOCAL REGIMENT ATTENDED SERVICE AT STE. THERESE D'AVILA Yesterday morning Les Carabiniers de Sherbrooke attended divine service at Ste. Therese d'Avila Church, King Street West. Under command of Lieut.-Col. V. Olivier, the regiment marched from the 54th Armory, Belvidere Street, to the church. Rev. Father Chartier, parish priest of the church and chaplain of the regiment, welcomed the regiment to his church and delivered a very interesting sermon. PREFERS TO REMAIN WHOLE "The postman only wants an even break," remarks a writer. "The average pedestrian would rather not get up at all."

Better Health in half a million homes

HEALTH depends to a great extent upon wholesome foods. And the wholesomeness of most foods depends upon proper refrigeration. Thus it is that Frigidaire is aiding health in 500,000 homes. For Frigidaire is dependable refrigeration—healthful, economical, electric refrigeration. No wonder there has been a demand for Frigidaire beyond that of all other makes combined. Frigidaire is made in a wide range of household models and for every commercial use. Complete cabinet models as low as \$265 delivered in your home ready to plug into any electric outlet. The quantity production needed to meet that demand has made possible today's low Frigidaire prices—the lowest prices of any electric refrigeration nationally distributed. Quantity production and economies of General Motors operation have made possible the new Tu-Tone Frigidaire without increase in price. See these beautiful new models—sparkling white enamel trimmed with soft gray.

Social And Personal

Mr. James Eddie, of Boston, was in town yesterday to attend the funeral of the late Mrs. John Wiggett.

Mrs. J. Hodgson is the guest of her parents, Mr. and Mrs. J. Molyneux. She recently returned from Vancouver, where she was the guest of her mother.

Mrs. Frank Maskell, of East Angus, who has spent the past week in Sherbrooke, the guest of Mr. and Mrs. Harry Maskell, Fabre St., has returned to her home.

Mr. Edward Locke, of East Angus, motored to Sherbrooke on Saturday and was the guest of Mr. and Mrs. Harry Maskell, Fabre St.

The members of the young men's and young women's gym classes of the Y.M.C.A. are having a sugaring off tomorrow evening, meeting at the "Y" at 7.30 o'clock and then proceeding to a sugar grove at Lennoxville. As this is the last of the social events for the season, it is expected that a large number will be on hand.

Mrs. H. R. Henry, Galt Street, entertained at a delightful miscellaneous shower for Miss Gladys Henry on Thursday afternoon. There were a large number of guests present, and the guest of honor was the recipient of many lovely and useful gifts. Dainty refreshments were served by the hostess at the close of the afternoon.

Rev. Edward Charles Russell, D. D., formerly curate of St. Peter's Church, Sherbrooke, is visiting his father, Mr. William Russell, Ottawa. During Dr. Russell's visit to the capital, he was preacher on April 29th, at All Saints' and St. Matthew's churches. Prior to Dr. Russell's visit to Canada, on Saturday, April 21st, His Excellency Governor A. Harry Moore, governor of the state of New Jersey, unveiled a bronze tablet at St. Ann's Church, New York City in the presence of a distinguished audience in memory of the first governor of New Jersey, Judge Lewis Morris, who lies buried in the crypt of Dr. Russell's church. During the coming summer, Dr. Russell will be in charge of St. John's Church, Lafayette Square, Washington, D.C., commonly called "the president's church."

The Girls' Auxiliary of St. Peter's Church held a most successful tea and sale of food and fancy work in the church hall on Saturday afternoon. The guests were received by Mrs. Phillip Robins and Miss Emily Odell. The fancy work table was in charge of Misses Bernice Fuller and Ethel Brinklow, and the food table was looked after by Misses Hope Seiveright and Maimie Smith. Tea was poured by Mrs. W. S. Fuller and the tea was in charge of Miss Virginia Jarvis, assisted by Misses Evelyn McGregor, Blanche Woodgate, Doris Giroux and Nellie McGregor. The tea table was attractively decorated with a bowl of daffodils and yellow candles, while daffodils and pussy willows were used on the small tables. The meetings of the Auxiliary are being discontinued for two weeks, and the next meeting will be held on May 15th.

Mr. and Mrs. Frank Webster, of Lakeport, N.H., are visiting their daughter, Mrs. Edwin Page, Magog Street.

The Y. W. C. A. Intermediate class in French will begin a short term on Tuesday, May 1st, at 10 a.m. There will be five lessons in this term, and it will end on Tuesday, May 29th.

Mr. Edward Locke, of East Angus, motored to Sherbrooke on Saturday and was the guest of Mr. and Mrs. Harry Maskell, Fabre St.

BOY SCOUT NEWS

2ND PACK MEET AT 6.45 P.M. On account of the local Boy Scout Association meeting this evening the meeting of the 2nd Sherbrooke Wolf Cub Pack will open at 6.45 o'clock, instead of at the regular hour of 7 o'clock.

CITY BRIEFLETS

Rummage sale, Market, Fri., May 4th, Benefic V. O. N. Anyone having rummage Phone No. 2 or 230.

SUNDAY SERVICES IN ST. ANDREW'S CHURCH

The various Scout and Wolf Cub units of Sherbrooke district attended public worship in St. Andrew's Presbyterian Church on Sunday morning. A very interesting feature of the service was the dedication of the Scout and Wolf Cub "colors" connected with St. Andrew's Church, Troop number 6. These flags were presented by Mr. William Trussler and Mr. W. M. Moy, who have always displayed a generous interest in the Scout movement and the boy life of the congregation.

Rev. Alfred Bright conducted the service and gave an interesting and helpful message bearing on the ideals of the Scout movement. The complimentary organ recital tended to Rev. Alfred Bright and family on the occasion of their departure from Sherbrooke, given at the evening service in the presence of a large congregation by the organist of St. Andrew's. The following organ numbers were given, Largo from "Hercules" by Handel, Mendelssohn's "Spring Song," and "London-derry Air" by Grainger, "Pavane" by Dubeois, and "Farewell" by Beethoven. Two vocal selections were given by Mr. Ernest Armitage, namely, "Unto the Hills," and "Shall I Empty Handed Be?"

At the church school session it was announced that two more pupils of the school had correctly repeated the one hundred and seven questions and answers of the short-term Catechism and they would next Sunday be awarded the diploma given by Presbyterian officials at Toronto offices and also the prize promised by Mr. Geo. D. MacKinnon.

INTERESTING SERVICES AT PLYMOUTH CHURCH

"The Threefold Basis of Christian Unity" was the subject of Dr. G. Elbery and Ethel Brinklow, unveiled a bronze tablet at St. Ann's Church, New York City in the presence of a distinguished audience in memory of the first governor of New Jersey, Judge Lewis Morris, who lies buried in the crypt of Dr. Russell's church. During the coming summer, Dr. Russell will be in charge of St. John's Church, Lafayette Square, Washington, D.C., commonly called "the president's church."

Rev. Bright Delivered Inspiring Address

The Scouts and Cubs were warmly welcomed at the service by Rev. Alfred Bright, who delivered a most fitting and inspiring message, taking as his subject, "The Most Beautiful Flower." The speaker based his address on portions of scriptures from the book of Isaiah, and St. Paul's epistle to the Philippians, and throughout his remarks sounded a challenge or call to high endeavor on the part of his hearers to live a clean, useful life of service to God and their fellows.

Boy Scout Association to Meet Tonight

Mr. J. R. Sangster, president of the local Association of Boy Scouts, has called a special meeting of this body to take place this evening at eight o'clock in the board room of the Y.M.C.A., and all interested persons are cordially invited to attend. Members of troop and pack committees, Mothers' Auxiliaries and troop and pack leaders are especially urged to be present. Important business will be discussed, including plans for the attendance of the local leaders at the annual provincial scout leaders' conference being held in Three Rivers on May 11th, and 12th, and other matters pertaining to the functioning of the movement in this city.

Notice For Scouts and Cub Leaders

All leaders of the district, Scoutmasters, Cubmasters, Assistants, and instructors, are reminded of the meeting of the local association which takes place this evening in the board room of the Y.M.C.A., at eight o'clock. Various matters of prime importance to the district are on the agenda.

2nd Sherbrooke Troop Met.

The usual weekly meeting of the 2nd Troop held Friday evening last and a good programme of activities was carried out. Special attention was paid to badge work, and quite a long period was devoted to instruction in various badge requirements. The Beaver patrol, under P.L. Gregory O'Boyle, is again leading the patrol competition, but as certain plans are being made in connection with the other patrols, it is hard to say how long they will retain the leadership.

DAILY PRACTICE

"Maud boasts that she can change a tire more quickly than a man." "Well, consider how much more practice a girl has in changing a tire."

GEORGE WAS WISE

"George Washington," said Uncle Ezra, "was a man of few words. Any man dats keafel not to tell a lie has ter be."

GAVUZZI HOLDS MARATHON LEAD BY FOUR HOURS

Southampton Man's Elapsed Time For 2,173.1 Miles 359:15:07 — Payne in Second Berth — Hamilton, Ont., Walker Holding Third Place.

(Associated Press Despatch) VIRDEN, Ills., April 30.—Heading the parade of trans-continental cyclists over the twenty-five mile Springfield today was Peter Gavuzzi, of Southampton, England, whose elapsed time for the 2,173.1 miles from Los Angeles is 359:15:07. Gavuzzi now has a margin of over four hours over Andy Payne, by virtue of finishing first in the 44.4 miles from St. Paul on Sunday.

Third place on the Stanton to Virden lap was shared by Payne and Phil Granville, of Hamilton, Ont., who covered the distance in 6:20:31. Granville is fourth in elapsed time with 3:08:41. A Canadian to finish yesterday was John Cronick, of Saskatchewan, who came in eighth in 7:22:21. Cronick holds tenth place in total elapsed time with 417:53:38.

Other Canadians with their times for yesterday's lap and for the total distance are: Andrew Constantino, Toronto, 8:23:51, 454:26:48. George Lieberberg Bellevue 8:38:40, 487:37:58. Thomas Ellis, Hamilton, 10:40:50, 601:00:29.

David Davies, Calgary, 11:38:27, 573:16:40. Eugene Germain, Montreal (yesterday's time not known).

FILM INDUSTRY WILL SUSPEND

(Continued from Page 1.) films, good, bad and indifferent. The American firms contend that they are willing and even anxious to buy all the French pictures suitable for the needs and tastes of the American market, but that they would not be coerced into taking everything that the French make. Many of the French films are obviously unfit for American theatres, according to the American film men, and their purchase would mean a dead loss.

To the arbitrary demands of the French Government, Will Hays, with the active support of the entire American film industry and including the independents doing business in France, has countered with the following proposals:

First, suspension of the film decree for one year.

Second, a solemn engagement by the American industry not to make a single picture which could be construed derogatory to the French character, and traditions.

Third, the appointment of a French mission headed by Minister Heriot to go to Hollywood at the expense of the American producers to study the kind of pictures American audiences like.

Fourth, a promise to give generous consideration to all suitable French films offered for sale on the American market.

Last year Americans bought about fifteen French productions. Without in any way committing the American industry, it is believed that French sales to America would be substantially increased under Mr. Hays's fourth proposition.

The consequences of the American movie withdrawal are viewed with concern by many people here. In the first place, it is admitted by the French themselves that when the present supply of pictures is exhausted in about sixty to ninety days' time, scores and perhaps hundreds of cinemas will be forced to close or operate only part time for lack of films.

DISTINGUISHED OLD COUNTRY VISITOR HERE

Mr. Arthur Rowntree, who is touring this country under the auspices of the National Council of Education, and who will arrive in the city here tonight, arrived in the city yesterday morning, accompanied by Mrs. Rowntree. He stated that his lecture tour was now near its conclusion, and told of the warm welcome he had received in the cities of the United States and Canada which he has been visiting during the past few months.

Yesterday afternoon Mr. and Mrs. Rowntree, accompanied by local representatives of the National Council of Education, paid a visit to the Ross School at Lennoxville. Mr. Rowntree was especially interested, as he has been for many years headmaster of Bootman School in England. Headmaster Smith received the visitors very cordially and took them over the buildings. After a very enjoyable hour at the school, Mr. and Mrs. Rowntree were shown points of interest in Sherbrooke and Lennoxville.

Mr. Rowntree's address this evening will be "Old York Under the Old Romans." Botham School, with which he has been associated for so long, is situated at York, and Mr. Rowntree has had special opportunity to study the excavations which have taken place there during the last two years and which he will include in his talk. The address will be given at the Cambridge School at 8 o'clock, fully illustrated by lantern slides, and it is hoped that many will take advantage of this opportunity to hear Mr. Rowntree.

WITH ALL EVIDENCE

(Continued from Page one)

Mr. Regan: "Is the word 'pressure' mentioned in that order? Answer 'yes' or 'no'."

Trouble started right here, for General MacBrien intended to give his evidence in his own way. "I will not answer 'yes' or 'no'," he stated.

"Please answer my question", Mr. Regan insisted. "I do not have to do as you tell me", the General retorted.

"The equivalent of the word 'pressure' is mentioned several times in the order."

Mr. Regan shook his glasses at the General and the General, the book already referred to in his hand, took a step forward in the direction of counsel, and said: "Now, don't shake your glasses at me or I will shake this book at you. You have been very funny for a long time, and very insulting, too."

Mr. Regan started an objection, but was told to go on. His characteristic gesture of extending his glasses in the direction of the witness annoyed General MacBrien. "Now, don't shake anything at me," the general said, "I am very nervous."

This statement from the 200-pound, six-foot soldier, to the medium-sized lawyer, convulsed the spectators and even the judge allowed himself a quiet smile. Questioned further as to the order, he said the word 'pressure' itself did not appear but that its equivalent was there.

Mr. Regan: "Was there a dinner at Ottawa the other evening to celebrate some anniversary of the war?"

General MacBrien: "Yes, I was chairman at the Vimy dinner."

"Did you mention General Currie?"

"Yes, I said he was fighting at Cobourg the battle of all the officers of the Canadian corps."

"You know that was a most improper remark to make?"

"I do not and I do not now think so. I felt that I was charged to do. In any case I had nothing to do with the trial."

In other words, you have lined up the officers of the Dominion and the N.C.O.'s too. You felt out the privates?"

"Yes, because they did not have the responsibility. I said it was sometimes the mark of a very strong people to show ingratitude to their great men, and that such was the attack made upon General Currie at the present time."

"Did you say they should all get behind Currie?"

"No."

"You are in perfect accord with the attack of Mons, yes?"

"With the advance on Mons, yes."

"Are you in accord with that movement?"

"I have the greatest admiration for that order, and for the way in which it was carried out particularly."

"And you say you have the greatest admiration for Sir Arthur?"

"I have."

"And I suppose Sir Arthur has the greatest admiration for you?"

"I hope so."

Tribute To Sir Arthur. Lieut.-General Sir Richard Turner, V.C., of Quebec, was called primarily to clear up the situation

with regard to an order which Major Nickel, of Kingston, said had been transmitted from British Headquarters in France to the office of the Commander of Canadian forces in England, with respect to the cancellation of further reinforcements after November 9. "I did not receive any official message from France," General Turner said. "British Headquarters was not my channel of information. I received it from the War Office."

"You are a V.C.?" Mr. Tilley asked.

"Yes."

"Where did you receive it?"

"In South Africa."

"You know General Currie's reputation as a military man?"

"Yes. I should say that any man who had a reputation such as General Currie has should be envied."

Sir Richard then made the statement already quoted, in order to show the basis for the reputation.

"The statement has been made," Mr. Tilley continued, "that as soon as it was known that the armistice was probable, possibly twenty-four hours before 11 o'clock on the 11th, the pressure of the enemy at Mons should have been stopped. What do you think of that?"

"I cannot agree with that. I have met a fair amount of rear-guard action and can say that the only way to hold off an enemy is to go on and press his rear-guard for all you are worth. If you allow him to get away, you allow him to take away his war material, that is, guns, ammunition and transport. He could then straighten out his line and consolidated a position."

"I think the suggestion is that, by relieving pressure in this case, the casualties would have been reduced. Do you agree?"

"I do not think so. I think that, by keeping on his tail, you prevent him from establishing himself on better ground and there stiffening his defence."

Mr. Regan, cross-examining: "Would you agree, Sir Richard, with the plan of making a flank attack?"

"I cannot say, the man on the spot would know."

"When an armistice is discussed, are the terms agreed upon first and then reduced to writing?"

"I know nothing about it."

"Well, should any further offensive be carried on after word goes to the officers of units that the armistice has been signed?"

"I understand that there are laid

down orders which, if not carried out, will result in further hostilities."

"Do you say that further fighting was justified?"

"You should not relax your watchfulness on an enemy front. You should keep on until the armistice becomes effective."

"Even if the armistice had been signed?"

Order Was Supreme. "Well I am a fighter and, in principle, I would keep at it as long as I could."

"Do you think that, after the armistice had been signed, an attempt by Canadian troops on a wood held by machine guns was justified?"

"Certainly, if the order was to go on until 11 o'clock."

"Do you agree that it was a proper thing that, at the eleventh hour, it was right to order the Canadians to drive the Germans out of the Bois de Repos?"

Mr. Justice Rose, to Mr. Regan: "Would it not be better first to establish your facts?"

Mr. Regan: "I have established them."

To witness: "Do you rage that mounted troops, and men of the second division, should have pushed the Germans out of the Bois de Repos?"

Mr. Justice Rose, after halting counsel: "You are being asked, General, whether some operation in which a wood is held by machine guns is justifiable."

Sir Richard: "It is difficult for the soldier who was not there to express an opinion."

Mr. Regan: "I understand you are one of the most distinguished soldiers in the British army?"

Sir Richard: "I am afraid I cannot agree with that."

"I would like to have your opinion about this order to push on?"

"I cannot give an opinion on that."

THE TILT THAT SUCCEEDS

S. F. C. remarks: "It takes three generations of noses at the grindstone to elevate the next one."

RECKLESS, ANYWAY

Policeman—"I'm pulling you in for reckless driving, endangering the lives of pedestrians."

Motorist—"Why, man, there isn't a pedestrian on the street."

Policeman—All right then; I'll make it attempted suicide."

Sealed Tenders will be received by the undersigned up to noon of May 16th, 1928, for the construction of a steel and concrete bridge at the site known as Spooner Pond Road over the Doughty Brook, according to plans and specifications prepared by the Department of Public Works and Labor at Quebec.

Specifications may be seen at the Town Office, Richmond. An accepted cheque of 10 per cent of the amount of the tender must be attached, which will be returned if the tender is not accepted. No obligation to accept the lowest or any tender.

E. DUQUETTE, Secretary-Treasurer.

Notice to the Log Scales of the Province of Quebec.

Notice is hereby given that in virtue of the powers conferred upon me by the Quebec Culler's Act (Geo. V. Chap. 45, Sect. III), all cullers in active service or not will have to return their culler's certificate to the Department of Lands & Forests before the 15th of July, 1928.

The scaler must send with his certificate a letter stating where and when he passed his examinations and giving his present address.

Those who for some uncontrollable reason are unable to produce their certificate, must, however, forward a sworn declaration as to how certificate was destroyed or lost, but it is necessary for all to give the above required information.

On reception of this document, the Department will issue, together with an identification card, a new scale's permit, having the same value as the one returned, but bearing a serial number.

After the date mentioned above, no scaler will be able to act as such unless he has exchanged his certificate.

H. MERCIER, Minister of Lands and Forests, Quebec, April 12th, 1928.

### SUTTON NOTES AND BRIEFLETS FROM DISTRICT

Items of Interest and General Happenings From Sutton and Surrounding District—Other Personals and Topics From Neighborhood.

SUTTON, Que., April 30.—The Misses Doris and Gerda Lafleur returned on Sunday evening, April 29, to Montreal after spending several weeks here with their parents, Mr. and Mrs. James Lafleur.

Very encouraging news comes from Montreal regarding Miss Mary Jenne, who is in the Royal Victoria Hospital. She is able to sit up a short time each day.

Mr. Ernest Curley was in Montreal recently on business.

Mrs. Ernest N. Draper is back from Montreal, where she has spent the past two weeks.

Mr. Kenneth Jenne spent Sunday, April 22nd, in Montreal with his sister, Mary, at the hospital.

Mrs. Julia Safford, of Montreal, who has been visiting her daughter, Mrs. Wm. Dow, is now in Cowansville a guest of Mrs. P. H. LeGallais.

Mr. T. W. Judd left on Thursday evening for a visit to friends in Montreal.

On Thursday noon the body of the late Mr. Arthur Curley, of Buffalo, N.Y., was brought here for burial in Fairmount Cemetery. The late Mr. Curley was a brother of the late Messrs. Wm. and John Curley, of Sutton, and of Mr. Robt. Curley, formerly of Sutton, and now of Cowansville, and an uncle of Messrs. Ernest, Ed and Fred Curley, of this town.

Mrs. Myron Safford spent Tuesday, April 24th, in town a guest of her daughter Mrs. W. B. Bradshaw, and Mr. Bradshaw.

Mr. and Mrs. Wm. Dow recently visited their cousin, Mrs. Bowker, at the Junction.

Will the ladies interested in the Home and School Club remember the meeting on Monday afternoon, May 17th, at 4 p.m. This club meets the first Monday in each month.

Miss Cook, of Waterloo, has recently been a guest of Mrs. L. W. Judd.

Mr. Sydney Crowell has gone to Montreal, where he has employment.

Miss Filrda Maynard is clerking in Mr. J. L. Deslaur's store.

Mrs. Hector Tremond is in Warden and other towns visiting relatives.

Mr. Fred L. Nunn is moving into his newly-acquired property on Montreal street.

Mrs. Archie Grant, after making many changes in her property, will occupy it herself. Her daughter, Mrs. Fred Eland, and Mr. Eland, will reside with her.

Mr. J. Ouzette has moved into the J. B. Gendron tenement.

Mrs. E. J. Lee is spending the week in town and is the guest of Miss Bernice Broese. Mrs. Bernice Russell has been a guest at the same home.

Mr. and Mrs. Geo. E. Webb spent Wednesday, April 25th, in Montreal. At present there are seventeen families exchanging houses, some having moved, some moving May 1st and others during the month.

Mr. Egbert R. Shepard is at present at work remodeling his house, making it into two tenements, one of which he will occupy and rent the other.

All who went out on Tuesday evening, April 24th, to hear Miss

Country And Dairy Produce Prices

COUNTRY PRODUCE

Montreal, April 28th. EGGS.—A feature of the egg trade yesterday was the increased demand from packers and dealers for supplies, and sales of car lots of Brown Columbia extras were made at 28 1-2c per dozen, and firsts at 26 1-2c per dozen f.o.m., Vancouver, while western extras were offered at 31c, firsts at 29c and seconds at 26 1-2c f.o.b., Leam, Man., and extras at 29 1-2c, firsts at 27 1-2c, and seconds at 24 1-2c f.o.b., Moose Jaw, but all these prices were considered too high. Ontario extras were quoted at 32c, and firsts at 30c, f.o.b. shipping points, cases returned. There was a little more activity in the jobbing trade, and prices were unchanged with a few extras at 35c to 36c, firsts at 33c to 34c and seconds at 30c to 31c per dozen.

POULTRY.—A very firm feeling prevails in the market for storage because of the steady increasing demand for supplies, and a more active trade was done including sales of several fair-sized lots. In a jobbing way selected turkeys weighing 15 lbs. and over were made at 47c to 50c per lb.; 12 to 15 lbs. at 46c to 49c; 10 to 12 lbs. at 44c to 47c; 8 to 10 lbs. at 41c to 44c; 6 to 8 lbs. at 37c to 40c; green ducklings weighing 5 to 6 lbs. at 32c to 35c per lb.; domestic ducklings weighing 5 to 6 lbs. at 30c to 32c per lb.; selected ducks weighing 5 to 6 lbs. at 27c to 30c per lb.; selected geese weighing 8 to 12 lbs. at 26c to 29c per lb.; selected goslings weighing 8 to 12 lbs. at 22c to 25c per lb.; selected fowl at 22c to 29c per lb.; milk-fed chickens at 33c to 42c per lb.; squab broilers at 34c to 50c per lb. and selected squabs at 34c to 43c per lb.

POTATOES.—The trade in potatoes showed no improvement yesterday, the demand being confined to odd cars to meet immediate wants and as the supply on track was larger than usual at this season of the year the undertone to the market remained easy, but prices showed no further change. Sales of car lots of Quebec varieties were made at \$1.11 per bag of 90 lbs. in bulk, and New Brunswick North Shore white potatoes at \$1.15 to \$1.20 per bag of 90 lbs. in bulk, ex-track.

BEANS.—The condition of the market for imported beans was un-

changed, prices being maintained on account of the small offerings on spot for which the demand was steady for broken lots at \$4.40 per bushel, ex-store, and choice white hung picked beans in car lots to arrive were quoted at \$4.30 per bushel, ex-track.

MAPLE PRODUCT.—There was a moderate demand for new crop maple product yesterday, and supplies were ample to meet all requirements; prices ruled steady with sales of maple syrup at \$2 per tin of 13 lbs., and maple sugar at 18c to 20c per lb.

HONEY.—The market for honey was quiet, and prices were unchanged with white clover strained in 60 lb. tins selling at 11c per lb., in 39 lb. tins at 11 1-2c per lb.; in 10 lb. tins at 11 1-2c per lb.; in 5 lbs. tins at 12c per lb.; and in 2 1-2 lb. tins at 12 1-2c per lb.

HAY MARKET

Montreal, April 28th. HAY.—There was no improvement in the demand for baled hay from any source, and the market in consequence was quiet, but the undertone was steady, and prices were unchanged with car lots of No. 2 per ton, No. 3 timothy and clover timothy hay selling at \$12 to \$12.50, mixed hay at \$11 to \$11.50 per ton, f.o.b. cars here.

GRAIN MARKET

Montreal, April 28th. GRAIN.—A feature of the cash grain trade at Winnipeg yesterday was the marked improvement in the market for wheat, and as the price of No. 1 northern was light the price closed 1-8c per bushel higher at \$1.59 1-4 and the premium advanced 2c per bushel to 7c over the May option, while the market for the other contract grades was weaker, and prices declined 1-3-8c to 1-7-8c per bushel. No. 2 northern closing at \$1.54, and No. 3 northern at \$1.43 7-8 per bushel, ex-store, Fort William. The premium on No. 2 grade was 1-2c higher at 1-3-4c over the May option and No. 3 was unchanged at 8-3-8c under. The weather in western Canada is now about ideal, seeding is general and soil conditions are reported as perfect with plenty of moisture for the time being. The marketing of wheat in western Canada on Wednesday amounted to 565,569 bushels compared with 254,425 for the same day last year.

The Liverpool future wheat market opened strong at an advance of 2 1-2 to 2-1-8d. per cental on the favorable crop reports from the United States, and with Plate shippers

offers being 1s. per quarter higher. There was a good general inquiry and outside buying of the October option was active and prices closed with a net gain of 1-3-8d. to 2-3-8d. per cental for the day. Corn was firmer with a better inquiry for distant shipment of Argentine parcels. The estimated shipments from the Argentine for the week were 5,154,000 bushels wheat, 4,016,000 corn, and 872,000 oats.

In regard to the export trade in wheat there was a good demand from foreign buyers overnight, and according to advices from New York sales in all positions were estimated at between 1,200,000 to 1,300,000 Manitoba grades, but included some bushels which consisted largely of Durums. Montreal exporters also reported a better demand, and a moderate amount of business was worked in wheat and oats. Broom-hall reported sales of North Argentine wheat for May-June shipment equivalent to \$1.59 per bushel, c.i.f. and Montreal No. 1 wheat at \$1.57 per bushel. There was an improved demand for ocean grain in the Montreal market yesterday, and engagements of fifty loads were made for early May loading at a reduction of 3d. per quarter to some ports including Liverpool and London at 2s. per quarter, and the first vessel sailing in May to Manchester at 2s., while Glasgow was let at 2s. 6d., Avonmouth at 2s. 6d., and a round lot to London at 2s. 3d. for June loading, while the rate to Hamburg and Antwerp for May-June was quoted at 1s. 10d. per 100 lbs.; Rotterdam May at 18c, and Bremen May at 14c.

Outside of an odd sale of a round lot of oats trading in cash grain in the local market was reported rather quiet, the demand being chiefly for car lots, but the undertone was firm, and prices showed no change with No. 2 Canadian western selling at 91c, No. 3 C.W. at 89c, No. 1 feed at 88c, No. 2 feed at 87c and Argentine corn at \$1.20 per bushel, ex-store.

DAIRY MARKET

Montreal, April 28th. BUTTER.—There were no further developments in the local butter situation yesterday, the tone of the market being steady at the late improvement in prices noted, but the volume of business was smaller which would indicate that buyers in many cases have provided for their wants for the balance of the week as the demand was quieter and only sales of odd lots of Eastern Townships grass and fodder made No. 1, pasteurized creamery butter were quoted at 38c to 38 1-4c per lb., and eastern grades at 19 1-4c to 19 1-2c per lb.

CHEESE.—The trade in cheese was reported very quiet, there being little or no demand for supplies from any source, and in consequence an easier undertone prevailed in the market, but there was no actual change in prices. Western fodder made No. 1 white and colored were quoted at 19 1-2c to 19 3-4c per lb., and eastern grades at 19 1-4c to 19 1-2c per lb.

NEWSY TOPICS FROM BEDFORD AND DISTRICT

Personals and Other Happenings of Interest to Residents of Bedford and Surrounding Vicinity—Other Items From Neighborhood.

BEDFORD, Que., April 30.—Miss Winnie Douglas, of Stanbridge Ridge, was in Bedford on Thursday.

The members of the cast of the play, "Mr. Bob," which was recently given by the members of the Pioneer Bible Class of the United Church, will not present their play on Saturday evening in Clarenceville, as they had intended, having cancelled the evening. On the evening of June 4th, however, they will give the play in Farnham.

Mr. James Hurn went to Montreal on Saturday and remained over the week-end with his family. Mr. Peter Watts, who has spent the past week since his return from Pittsfield, Mass., with his mother, Mrs. W. C. King, has gone to Montreal, where he has accepted a position with Hanson Brothers.

Mr. Edgar Fane spent Thursday last in Montreal. Mr. Matthew Ewing and his grandson, Master Ewing Risk, of Kingston, Ont., were in Bedford on Friday.

Mrs. Albert Menard and children have joined Mr. Menard at Lacolle, where he has been on the staff of the Canadian Customs since last autumn.

Mr. and Mrs. George Poirier, Mrs. Charles Duchesneau and Miss Collette Noisieux, of St. Johns, were the guests on Sunday, April 22nd, of the

37 1-2c per lb.

Misses Yvonne and Bessie Gendron, L.R. and Mrs. H. Mercure, of Granby, were recent visitors of Mr. and Mrs. M. Bernard at the Bedford House.

Miss Rose Jette has returned home after spending several weeks in Freilighsburg where she was a guest at the home of Mr. and Mrs. Edouard Bellise and her sister, Mrs. Victor Cadoret.

Mr. Charles Arcand, C.P.R. agent here, was called to Montreal on Monday, April 23rd, to attend the funeral of his sister, Mrs. Thomas Guindon.

Miss Juliette Fournier, of St. Sebastian, is the guest for the present at the home of her uncle, Mr. Joseph Fournier.

Mr. Guy McNamara, of Granby, was with his brother, Mr. Walter McNamara, on Thursday last.

Rev. Father H. Lavelle, who was a recent guest of Rev. Father Guillet, has returned to Phillipsburg.

Mr. and Mrs. Wilbur Borden, accompanied by Miss Addie Hastings, motored to St. Albans, Vt., on Saturday, April 21st.

Mrs. M. McNamara has returned from a stay with her daughter, Mrs. Alexander Grant, and Mr. Grant, of Ottawa. While in Ottawa Mrs. McNamara attended the first Women's Liberal Convention held at Ottawa during the past week. The delegates were entertained at Government House and also at a banquet at the Chateau Laurier, where there were over nine hundred women present.

Mr. Norman Hampshire, of Montreal, was in Bedford on Monday, April 23rd.

Mrs. Nellie Mahannah has returned to her home in Stanbridge East after a stay of several days in Bedford.

Mr. and Mrs. Harry Jones returned on Monday, April 23rd, after a short stay in Montreal with the latter's sister, Mrs. R. H. Paul, and Mr. Paul, of Westmount.

Mr. Sanford Boekus, of St. Armand, was in Bedford on Thursday.

Mr. and Mrs. Clifford Dean, of Phillipsburg, and three children, Margaret, Catherine and Richard, were the recent guests of Mrs. Dean's parents, Mr. and Mrs. W. W. Alcombrack, on the Phillipsburg road.

Mr. L. Henaault, who has had a shoe repair shop in Bedford for a number of years, has gone to St. Lambert, where he will reside in the future.

Mr. Shields, of Montreal, was in Bedford on Thursday in connection with the local branch of the Dominion Stores.

Mr. and Mrs. W. Houston left on Wednesday last for Drummondville, where Mr. Houston has been transferred to another route by the C.P.R. For the past several years Mr. Houston has been the engineer on the morning train and he and Mrs. Houston have made their home at Stanbridge Station.

Rev. H. V. Fricker was in Stanbridge East on Wednesday, where he officiated at the funeral of the late Mr. Holloway.

Mr. Henry Connor, who has been seriously ill for a time, has so far recovered that he is able to be downstairs.

Mr. and Mrs. James Lorden and young daughter, of Huntington, who were called to Bedford by the serious illness of Mrs. Daniel Lorden, have returned home. Mrs. Lorden is making satisfactory progress and her daughter, Mrs. Whitfield, of New Hampshire, will remain for a time with her parents.

Mrs. Lyle Gould and young daughter, Catherine, went to Freilighsburg on Wednesday to remain for a time with Mr. and Mrs. P. M. Hughes.

Don't neglect to read the Classified Advertisements in this issue. They likely name something you want.

MONTREAL LIVE STOCK MARKET QUOTATIONS

Prices Paid for Cattle and Other Live Stock at the Montreal Stock Yards.

(Canadian Press Despatch) MONTREAL, April 30.—Cattle receipts 1,061. With an increased offering of cattle there was more bargaining, slower sales, and about 25 cents lower prices. Cows and bulls at prices ranging from \$6 to \$8.50 were the first to be weighed up, and at time of writing very few steers had been sold. An odd choice cow brought up to \$9, and \$10 was paid for a few good heifers. The bulk of the cows were sold at prices ranging from \$7 to \$8.25 and the bulk of the bulls around \$7, with tops up to \$8.50 and one at \$9. It was likely that \$10.50 would be the top for steers.

Quotations: Butcher steers, good \$10 to \$10.50, medium \$9.25 to \$9.75, common \$8 to \$9; butcher heifers, good \$9.25 to \$10, medium \$8.25 to \$9, common \$7 to \$8; butcher cows, good \$7.75 to \$8.50, medium \$5 to \$7.75, common \$3.25 to \$3.75, cutters \$4 to \$4.50; butcher bulls, good \$7.50 to \$8.50, common \$6 to \$7.25.

Calf receipts 1,930. Calves were from 25 to 50 cents stronger. Common veals sold from \$5.50 to \$6.50, fair kinds from \$7.50 to \$8, a couple of good lots brought \$9 and \$9.50, and one lot of choice veals topped at \$11. Most of the calves offered were pair-kinds, and the thin ones were hard to sell.

Sheep receipts 176. Sheep sold from \$6 to \$9 per cwt. and spring lambs from \$6 to \$10 each.

Hog receipts 1,981. Hogs were strong. Local butchers paid \$10.65 and \$10.75 flat. Packers received about one-third of the offering on contracts made last week-end. Their price was \$10.50 on a graded basis. Sows ranged from \$8 to \$8.50, bulk \$8.25.

Misses Yvonne and Bessie Gendron, L.R. and Mrs. H. Mercure, of Granby, were recent visitors of Mr. and Mrs. M. Bernard at the Bedford House.

Miss Rose Jette has returned home after spending several weeks in Freilighsburg where she was a guest at the home of Mr. and Mrs. Edouard Bellise and her sister, Mrs. Victor Cadoret.

Mr. Charles Arcand, C.P.R. agent here, was called to Montreal on Monday, April 23rd, to attend the funeral of his sister, Mrs. Thomas Guindon.

Miss Juliette Fournier, of St. Sebastian, is the guest for the present at the home of her uncle, Mr. Joseph Fournier.

Mr. Guy McNamara, of Granby, was with his brother, Mr. Walter McNamara, on Thursday last.

Rev. Father H. Lavelle, who was a recent guest of Rev. Father Guillet, has returned to Phillipsburg.

Mr. and Mrs. Wilbur Borden, accompanied by Miss Addie Hastings, motored to St. Albans, Vt., on Saturday, April 21st.

Mrs. M. McNamara has returned from a stay with her daughter, Mrs. Alexander Grant, and Mr. Grant, of Ottawa. While in Ottawa Mrs. McNamara attended the first Women's Liberal Convention held at Ottawa during the past week. The delegates were entertained at Government House and also at a banquet at the Chateau Laurier, where there were over nine hundred women present.

Mr. Norman Hampshire, of Montreal, was in Bedford on Monday, April 23rd.

Mrs. Nellie Mahannah has returned to her home in Stanbridge East after a stay of several days in Bedford.

Mr. and Mrs. Harry Jones returned on Monday, April 23rd, after a short stay in Montreal with the latter's sister, Mrs. R. H. Paul, and Mr. Paul, of Westmount.

Mr. Sanford Boekus, of St. Armand, was in Bedford on Thursday.

Mr. and Mrs. Clifford Dean, of Phillipsburg, and three children, Margaret, Catherine and Richard, were the recent guests of Mrs. Dean's parents, Mr. and Mrs. W. W. Alcombrack, on the Phillipsburg road.

Mr. L. Henaault, who has had a shoe repair shop in Bedford for a number of years, has gone to St. Lambert, where he will reside in the future.

Mr. Shields, of Montreal, was in Bedford on Thursday in connection with the local branch of the Dominion Stores.

Mr. and Mrs. W. Houston left on Wednesday last for Drummondville, where Mr. Houston has been transferred to another route by the C.P.R. For the past several years Mr. Houston has been the engineer on the morning train and he and Mrs. Houston have made their home at Stanbridge Station.

Rev. H. V. Fricker was in Stanbridge East on Wednesday, where he officiated at the funeral of the late Mr. Holloway.

Mr. Henry Connor, who has been seriously ill for a time, has so far recovered that he is able to be downstairs.

Mr. and Mrs. James Lorden and young daughter, of Huntington, who were called to Bedford by the serious illness of Mrs. Daniel Lorden, have returned home. Mrs. Lorden is making satisfactory progress and her daughter, Mrs. Whitfield, of New Hampshire, will remain for a time with her parents.

Mrs. Lyle Gould and young daughter, Catherine, went to Freilighsburg on Wednesday to remain for a time with Mr. and Mrs. P. M. Hughes.

FINANCIAL AND MARKET NEWS

WAYAGAMACK IS STRONG LEADER AT MONTREAL

Lyll Construction Also Advanced Rapidly in Early Trading Today—General Tone Strong.

(Canadian Press Despatch) MONTREAL, April 30.—Lyll Construction and Wayagamack headed a strong opening of the Montreal Stock Exchange today. The former opened at 45, up four points from Saturday's close, and quickly advanced to 102, while Wayagamack started the day up two points to 122, and later sold at 125.

Dominion Bridge sold up to 83 after opening at 87 1/2; National Breweries opened at 135, up a quarter, and advanced to 136 1/2; Shawinigan was up one at 94. Brazilian, new, and Canada Power and Paper were unchanged at 60 1/2 and 53 1/2, respectively.

BUYING ORDERS HEAVY ON WALL STREET EXCHANGE

(Associated Press Despatch) NEW YORK, April 30.—Buying orders again poured into the stock market at the opening today, with initial gains running as high as 2 1/2 points. Huge blocks of some of the oils changed hands, including 15,000 shares of Standard of New Jersey at 47 1/2, a new top. Standard Oil of New York also opened at a new high of 40. Delaware and Hudson began the week with a jump of 2 1/2, and advances of one to two were recorded by Tobacco Products, Loewes, Greene, Cannon Copper, General Electric, St. Louis Southwestern and others.

Youth Wins Big Prize

A youth Cleland Lloyd, nineteen-year-old Vancouver, won the prize of \$1,000 offered by E. W. Beatty, Chairman and President of the Canadian Pacific Railway, for orchestral suite open to all comers. This prize is given in connection with the Quebec Folk Song and Handicrafts Festival which is to be held in Quebec May 24-28.

Mr. Lloyd has been under the tutelage of Percy Grainger in Chicago, and is at the present time studying under Harold Bauer and Nicolai Mednikoff in New York. He won the distinction of Associate of Toronto Conservatorium of Music with full honors while at the age of thirteen.

## GOOD PITCHING WINNING GAMES FOR BROOKLYN

### Dodgers Took Both Ends of Double Header Yesterday From Phillies—Giants and Braves Divided Honors.

NEW YORK April 30.—The Brooklyn Dodgers are dreaming of pennants and world series.

Given pitching better than even, the Dodgers took both ends of a double-header with the Philadelphia Phillies at Ebbetts Field yesterday, 3 to 1 and 3 to 0. Doug Weetzy gave the Quakers three hits and a solitary tally in the opener. Weetzy allowed five hits and absolutely no runs whatever in the first game. Bissonette's third home run of the season and a wild throw by Fresno Thompson accounted for Brooklyn's tallies in the first game. Harvey Hendrick poled out a circuit drive with one on in the first inning of the second engagement to decide the issue then and there.

The New York Giants split a double-header with the Boston Braves at the Polo Grounds. The Braves fell on Virgil Barnes in the eighth inning of the first encounter and hammered out a 5 to 3 victory. That rally, featured by Eddie Brown's home run with two on, gave Boston all its runs. Homers by Terry and Ott accounted for the three New York tallies. The Giants pounded three pitchers for fifteen hits to take the closing battle 12 to 8. Harper hit for the circuit in the sixth inning.

Cards Won in Twelfth

At Chicago the Cubs turned on the St. Louis Cards and squeezed out a 6 to 5 verdict in twelve innings. Heathcote scoring the winning run on Mike Gonzales' single. Bill McKechnie threw in eighteen players six of them pitchers, in an effort to turn the tide St. Louisward. Charlie Root held the invaders to one hit in the last four innings and was credited with his first victory of the season.

Epha Rixey bested Ray Kremer in a tight pitchers' duel at Cincinnati.

## the Reds sinking the bold Buccaners of Pittsburgh 3 to 2.

Ruth Got Another Homer

Babe Ruth's fourth circuit drive of the season sent the Washington Senators down to their sixth defeat and the New York Yankees into the American League lead. The score was 7 to 5. The Bambino's smash came in the sixth inning with two on base.

Detroit halted Cleveland's winning streak by eking out a ten inning 7 to 6 victory at Cleveland. Cleveland got eighteen hits to the Tigers' fifteen, but failed to make as good use of them. The Obians filled the bases in the ninth and tenth innings but could not score off Elam Van Gilder.

Eleven hits off Adkins and Connolly were enough to give the Browns a 5 to 2 decision over the Chicago White Sox at St. Louis. Jack O'Brien, who has been feeling ill, nearly collapsed after running out a double in the sixth inning.

Boston and Philadelphia were not scheduled.

## BOUITS STAGED AT BELVIDERE STREET ARMORY

Main Bout and Four Preliminaries Staged Under Auspices of Carbineries on Saturday Evening—Two Decisions Handed Out by Judge Proved Very Unpopular to Fans.

Five boxing bouts were held at the 54th Armory, under auspices of Les Carbineries, on Saturday evening, the top-line of the card being the scheduled eight round fight between Kid John, 135, and Sam Larivee, 140, both local men. On five different occasions these two men fought with honors divided, but on Saturday night John showed the result of good training, and after holding an edge in the first two rounds, floored Larivee in the third with a straight left, followed by a vicious right to the jaw.

What was undoubtedly the best bout of the evening was the eight round scrap between Kid Lebrun, 119, of Sherbrooke, and Arthur Giroux, 114, of Montreal. Lebrun started off in whirlwind fashion and for the first three rounds forced the Montreal boy to give ground. In the remaining five rounds, however, the Montrealer more than held his own and put up one of the best fights ever seen here. The decision in favor of Lebrun caused an uproar, and it was some time before order could be restored, for the majority of fans thought Giroux should have been given a draw at least, while many were of the opinion that honors should have gone to the Montrealer. This is the second time that Lebrun and Giroux have met and on the previous occasion the local boxer was given the decision, which to many should also have been a draw.

In the six round preliminaries the boxers showed plenty of action. Kid Lapointe, 108, won a clean-cut decision over Kid Blais, 112, despite the heavier weight and strength of his opponent.

The decision that gave Kid Loubier, 120, of Sherbrooke, a win over Jimmy Butt, 114, of Montreal, in their six round encounter, was not very well received by the numerous fans, for, as in the semi-final attraction, the general opinion was a draw, as the two men fought on an even footing throughout the six rounds.

Kid Gosselin, 130, Sherbrooke, lost out in his bout with Kid Wood, 128, in the final round, when he struck Wood in the groin with a low right, practically putting his opponent down for the count, and the judges awarded the decision to Wood. The bout, as far as boxing goes, was not much to witness, but proved to be more or less of a burlesque, which the fans appeared to enjoy.

It is understood that several prominent sportsmen of this city are interested in the formation of a boxing commission, and that steps in this matter will be taken next fall to see if this arrangement could be carried out.

The judges were: Messrs. A. Albert and A. Audet. The two main bouts were handled by R.S.M. Chaz Brown. Mr. L. Audet had charge of the preliminaries.

## AMERICAN LEAGUE (Yesterday's Results)

## WOULD HAVE U.S. C. N. RAILWAYS JOIN BRITAIN IN RULING SEAS EARNINGS SHOW BIG INCREASE

Secrets Revealed by G. Young and Com. Kenworthy in Book, "The Freedom of the Seas"—Object is to Demonstrate Futility of Old British Idea of Commanding Seas.

LONDON, April 30.—A revelation of several secrets which were guarded closely by the Royal Navy during the World War was made yesterday when a book entitled "The Freedom of the Seas" was published here. Its authors are George Young, once attaché to Lord Bryce in the British Embassy at Washington, and Commander Kenworthy, Labor member of Parliament. Its purpose is to demonstrate the

Decrease in Operating Ratio—\$448,866.30 Increase Over March, 1927—Revenue For First Three Months of Year \$10,523,994.13 as Against \$2,248,275.29 of Previous Year.

MONTREAL, Que., April 30.—Increases in gross and net earnings for the month of March and for the first quarter of the present are shown in the summary of earnings and expenses issued today by the Canadian National Railways. Coincident with these increases there is a decrease in the operating ratio.

The net earnings in March 1928 amounted to 4,734,772.34, while in March 1927 the net amounted to \$4285,906.04 an increase in favor of the month of March past of \$448,866.30 or 10.47 per cent.

The operating ratio in March last was 77.62 per cent, while in March 1927 it was 78.85 per cent. The net earnings for the first three months of 1928 thus total \$10,523,994.13 as against \$8,275,718.84 in 1927, an increase of \$2,248,275.29, or 27.17 per cent in favor of the first quarter of the current year.

As a result, the operating ratio during the first quarter of 1928 has been reduced to 82.35 per cent from 84.95 per cent in the similar quarter of 1927.

## TENNIS KING GUSTAV PROMINENT FIGURE IN TOURNAY

ROME, April, 30.—Playing under the pseudonym "Mister Gee" King Gustav of Sweden was a prominent figure in the international tennis tournament here yesterday. Paired with Dalgas, of Italy, the King defeated the Italian team of Vite and Zambelli, in the men's handicap doubles, 6-3, 8-6. The lanky septuagenarian monarch literally stretched himself to the limit in the second set amid loud applause from the galleries.

In the other matches, Patrick Ford, of Australia, beat Karl Kozeluh, of Czechoslovakia, 6-2, 3-6, 6-2, 6-3, in the singles, and paired with Gerald Patterson, defeated the French team of Thurneysen and Antoine Gentien, in straight sets 6-3, 6-2, 6-3.

## E. T. ASSOCIATION MEETING POSTPONED

The annual meeting of the Eastern Touring Tennis Association, which was called for Saturday afternoon at the Magog House here, was postponed until a future date, owing to the inability of several of the representatives to be present.

The authors pay tribute to American Navy men for bringing a new spirit of dashing enterprise into the Allied sea power.

"The brains of the American naval experts in planning their campaign were not measured by gold lace round their caps," says the book, "and it was far easier to suppress a valuable new idea voiced by a British Admiral than by an American lieutenant."

## BASKETBALL RESIDENTS' TEAM WON

An interesting game of basketball was played in the Bishop's University gymnasium on Saturday afternoon when the Non-Residents were defeated in a challenge match by the Residents, the final score being 26 to 35. Coincidentally, the teams lined up just as the first and second teams did during the practice season, only Bouchard and Caulfield changed from their usual positions.

The play was fast, if a little heavy, and all the players evidenced surprisingly good condition after a lengthy vacation from the game.

Russell ("Joe") Blinco was the "dark horse" of the Residents' team, although his football and hockey prowess are well known, he was a surprise when he uncorked all kinds of speed, combination and shooting ability on the basketball floor. Karl Wade and Syd. McMorrison also showed up well on the "Purple Team", as the Residents were called.

Don Watson and Rod. Bouchard were the stars of the Non-Residents' team. Watson has a way of shooting from in front of the basket that is decidedly worrying to opposing guards. Bouchard is a sterling guard, and he also has the faculty of being in the right place at the right time to take a pass and score.

The line-up:  
Non-Residents: Greene (forward) Wade (15) Robertson (5) center Kenney (7) Watson (5) guard McMorrison (4) Bouchard (9) guard Caulfield McCullough (4) subs Blinco (2) Findlay subs  
Referee: Doug. Argue.

## LACROSSE MEETING RE FORMATION OF JUNIOR LEAGUE

A meeting regarding the formation of a Junior Lacrosse League will be held tomorrow evening at the Chateau Frontenac at 8 o'clock. It is expected that all those interested in the formation of such a league will be on hand.

fight fifteen rounds or less at Madison Square Garden tonight.

The Boston sailor man is an eight to five favorite, chiefly on account of the disappointing showing Delaney made in the heavyweight lists. The match brings together two of the ring's greatest mysteries.

Once regarded as an eventual certainty to wear the mantle that now drapes about Gene Tunney's broad shoulders, Delaney lost prestige he will find hard to regain in his losing battle with Tom Heeney, the rugged New Zealander. Unless he flashes again the form that carried him to the light heavyweight throne, Delaney may find himself cut loose from any other opportunity of crashing into the "big money" among the heavyweights.

Sharkey's drawn battle with Heeney and the bout he lost to Johnny Risko apparently demonstrated that the symptoms of greatness discovered in him after he defeated Wills, Maloney and others, were symptoms and nothing more.

Yet since he was knocked out by Jack Dempsey last summer has the former loquacious gob shown the promise that characterized his work against lesser foes.

## DR. SEYMOUR WAS KILLED TRYING TO STOP TROOPS ENTERING GIRLS' WARD

Asked That His Location and Name be Withheld Due to "Precarious Situation of Missionaries in the Area."

SHANGHAI, China, April 30.—A message received today from a Presbyterian missionary in Southern Shantung said that Dr. Walter F. Seymour, superintendent of the Presbyterian Hospital at Taining, had been slain by soldiers of the Nationalist General Feng Yu-Hsiang when he tried to prevent them entering the girls' dormitory.

The message, which was dated April 22, said the soldiers surrounded Taining on April 16. A group started to enter the dormitory of the mission and Dr. Seymour attempted to prevent them. The soldiers cut short the parley by killing him.

The missionary asked that his location and name be withheld due to the "precarious situation of the missionaries in the area." He did not want to aggravate the soldiers by seeming to act as an informer.
