INDEX ANALYTIQUE DE LA REVUE : *Connections* 1978-2020 QFHS – Montréal

LA REVUE

Fondée en 1978, la **Quebec Family History Society** (QFHS) lance en septembre de la même année sa revue *Connections*. Depuis cette date, le titre de la revue n'a pas changé.

Quant au format de la revue, nous pouvons dire qu'il y en a eu deux : de 1978 à 1990, il y a eu le format 21,5 cm par 28 cm et de 1990 à 2015, le format 17 cm par 21,5 cm. À la fin de l'année 2015, la revue est revenue au format de 21,5 cm par 28 cm. Jusqu'à la fin de 2015, la page couverture est toujours de deux couleurs, avec photo d'archives. À la fin de 2015, les quatre couverts sont maintenant de quatre couleurs process.

La revue était publiée quatre fois par année. Depuis 2007, elle est publiée trois fois par année. Elle présente surtout des articles se rapportant à l'histoire et à la généalogie des familles anglophones du Québec. De plus, elle présente quelques rubriques à caractère informationnel tel que : From the Editor, Library Corner, From the Mail Bag, Queries, Odds and Ends, QFHS News and Notes, New Members, Publications, Computree et quelques autres.

L'INDEX ANALYTIQUE

L'Index analytique vise principalement à aider le chercheur. Ainsi il regroupe d'abord les articles se rapportant à l'histoire et à la généalogie des familles anglophones. Les articles ou rubriques à caractère informationnel ne sont pas répertoriés.

Actuellement 668 articles sont compilés dans une base de données, soit du premier numéro de 1978 au premier numéro de 2020. Les deux autres numéros de 2020 et ceux de 2021 n'ont pas été publiés en raison de la pandémie de la Covid-19. Sur chaque fiche on retrouve les données suivantes : l'année, la référence, le numéro, la page, le titre de l'article, le nom et prénom de l'auteur, le sujet et la municipalité. À partir de cette base de données, quatre index sont compilés : « **Index par auteur** », « **Index par sujet** », « **Index par municipalité** » et « **Index par numéro** ».

L'index par auteur est indexé selon le nom de famille de l'auteur. Au début de l'index on retrouve la liste alphabétique des noms des auteurs qui ont écrit un article ou plus dans la revue. Sous chaque auteur, les articles sont classés selon l'année et le numéro de la revue. On y retrouve donc le nom et le prénom de l'auteur, le titre de l'article, l'année, le numéro et la page correspondante.

L'index par sujet est compilé à partir d'une liste limitée de sujets. Au début de l'index on retrouve la liste alphabétique des sujets retenus. Dans l'index par sujet on retrouve le sujet, le titre de l'article, le nom et prénom de l'auteur, l'année, le numéro et la page correspondante

L'index par municipalité est compilé afin d'identifier le lieu géographique auquel chaque article se rapporte. Même si un article traite de deux ou trois municipalités, j'ai conservé le nom de la municipalité prédominante. Toutefois, pour les articles qui traitent de façon générale d'une région ou d'une sous-région, ils sont classés sous le nom de la région. Au début de l'index nous retrouvons la liste des régions et des municipalités identifiées. Dans l'index par municipalité on retrouve la municipalité, le titre de l'article, le nom et prénom de l'auteur, l'année, le numéro et la page correspondante.

L'index par numéro est compilé de façon chronologique à partir du premier numéro de 1978 au premier numéro de 2020. Là aussi on y retrouve l'année, le numéro, le titre de l'article, le nom et le prénom de l'auteur et la page correspondante. L'index par numéro nous donne la liste des articles parus dans chacun des numéros de la Revue.

En somme, j'ai tenté de compiler les 668 articles de la revue *Connections* d'une manière aussi pratique que possible pour le chercheur ou l'amateur d'histoire. Il me fera grandement plaisir d'accueillir toutes les suggestions ou commentaires qui auront pour but d'améliorer la présentation ou le contenu des index. Il est bien évident que dans ce travail, des erreurs de toutes sortes ont pu se glisser et échapper à mes vérifications. Les corrections qui pourront m'être apportées, seront appréciées.

Ce travail se veut avant tout un outil qui nous permettra de creuser davantage cette mine d'or d'informations historiques qu'est la revue *Connections*.

De novembre 1969 à février 1972, il fut à l'emploi du gouvernement fédéral à Ottawa à titre de statisticien au Bureau fédéral de la Statistique, et à titre d'économiste au ministère des Pêches et Océans. De février 1972 à juillet 2004, à l'emploi du Gouvernement du Québec, il fut en poste dans plusieurs ministères. De 1975 à 1987, à Québec, il fut coordonnateur des activités ministérielles en milieu autochtone pour le ministère des Institutions financières, Compagnies et Coopératives et pour le ministère de l'Industrie et du Commerce. Il s'occupa principalement du développement des coopératives inuit du Nouveau-Québec et publia plusieurs rapports d'études.

De 1987 à juillet 2004, toujours pour le ministère de l'Industrie et du Commerce, il travailla à titre de conseiller en développement industriel au bureau régional de l'Estrie, à Sherbrooke, de 1987 à 1994 et de 2001 à 2004, et au bureau régional de la Gaspésie et des Îles-de-la-Madeleine, à New Carlisle, de 1994 à 2001.

En juillet 2004, Denis Beaulieu prit sa retraite et enregistra la raison sociale *pdg.beaulieu*. En plus du travail de conseiller en gestion dans quelques entreprises, il entreprit plusieurs travaux de recherches sur l'histoire locale et régionale et sur la généalogie de plusieurs familles. Il faut dire que, depuis plus d'une trentaine d'années, il s'intéresse à ces deux sujets et a accumulé une bibliothèque et une documentation très volumineuse, ce qui lui permet maintenant d'y puiser les informations nécessaires à ses recherches.

De plus, depuis 2004, il compile les index analytiques des revues de près d'une soixantaine de sociétés d'histoire et de généalogie du Québec, lesquels index furent d'abord publiés et distribués par *pdg.beaulieu*. Les cinquante-huit index totalisent près de 6 000 pages de références. Afin d'agrémenter chacun de ces index de photographies se rapportant à la région concernée, il entreprit, en 2005, de photographier la majeure partie des biens culturels de chacune des régions du Québec. Projet qui devrait prendre encore quelques années avant d'être complété.

Denis Beaulieu est membre de la Société de généalogie des Cantons-de-l'Est et du Musée d'histoire de Sherbrooke.

Tous ces travaux, toutes ces recherches et tous ces écrits n'ont qu'un seul objectif : conserver et diffuser le plus possible notre patrimoine familial, culturel et religieux.
