## Barber Shop Gets Trimming When Thieves Ransack

Thieves broke into the Universal Barber and Jewellery Shop, 4970 Sherbrooke Street, sometime Sunday morning and netted themselves everything but a free shave and haircut.

The culprits gained entry to the shop by completely smashing the glass pane on the front door.

Missing from the Barber Shop was \$25 taken from the cash register, \$15 lifted from a drawer, also a fountain pen and radio.

S. Teiner, proprietor of the Jewellery Shop, was missing some \$300 in watches, along with numerous bracelets and rings which were valued at close to the same amount.

The bandits were able to make a clean get-away without being observed by anyone in the district. The robbery was discovered by the Westmount Police.

This is the first theft ever suffered by the Barber Shop which has been in business in Westmount for some 25 years.

## Ascension Players To Stage "Harvey"

Under the auspices of The Unity Boys Club, the play "Harvey", by Mary Chase, will be presented by the Ascension Players in the gymnasium, located at 1090 Greene Ave., on Thursday, May 1st, at 8 p.m. An outstanding play, both on the New York stage and also in the movies, "Harvey" is one of the most notable presentations of the Ascension Player's long list of plays.

The cast is headed by May Ryan, Keith Armstrong, Margaret Hogan and Gordon Roberts, and is under the direction of Mr. J. Clifford Bray.

## Fabulous Fishing In Yukon R.S. White Tells Rotarians

Introducing a strange fish species to a lake can be dangerous unless the water is considered suitable for the species, R. S. White, prominent fisherman told the Westmount Rotary Club at their weekly luncheon meeting this week.

Mr. White who is Director and Promotional Manager of The Gazette pointed out that a law forbids the use of certain bait in various lakes so that conservation is kept on an even level. He said that should certain type minnows escape to water which it is not intended for, then Conservation records are errored.

"At present there is fabulous fishing in the Yukon, Labrador and the North Shore," the speaker told the gathering.

"In Labrador extraordinary tales have been told of speckled trout

which have been caught weighing from eight to ten pounds and in the North Shore where I fished a year ago it wasn't uncommon to land a trout 6½ pounds."

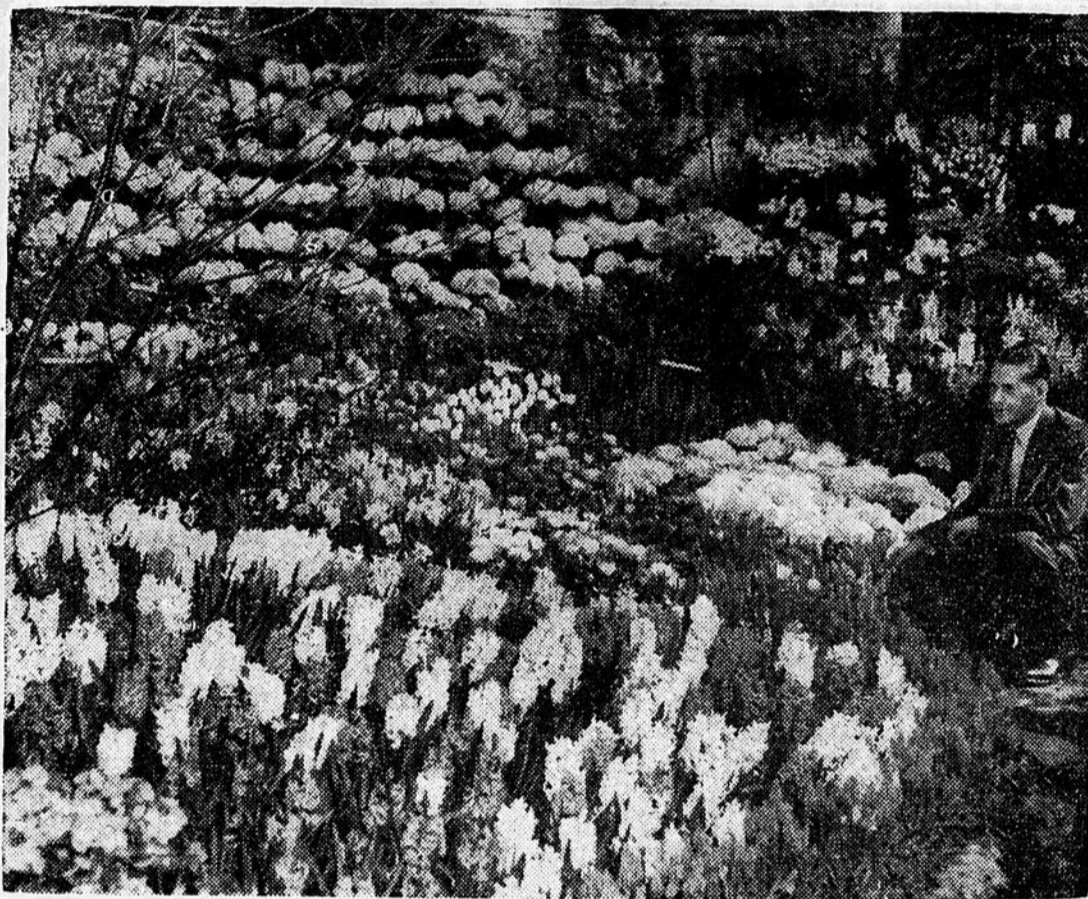

Mr. White stated that with modern transportation these areas were not as difficult to reach as in the time of our forefathers.

On the more ludicrous side, he opined that the only reason why people ate fish is because the Twelve Apostles were fishermen and not hunters.

"As fish are claimed to be color blind, all you have to hope for is that the color conditions are suitable for the bait you're using," he exclaimed. Mr. White titled his talk "Fishing Fobias and Fabrications."

The speaker was introduced by Jack Miller and thanked by C. T. Medler.

## Conservatories Spring Flower Show

E. J. Anderson, Superintendent of Parks and president of the Community Garden League of Greater Montreal, inspects some of the prize bulbs which are being featured at the Westmount Conservatories Spring Flower Show for

the next few weeks. The eye-catchers this year include tulips, hyacinths, daffodils, lilies, roses, rhododendron, hydrangea, schizanthus, calceolaria, primula, cineraria and numerous other Spring Flowers.

## D. Abbott Will Close Hobby Show Saturday

The Hon. D. C. Abbott, member of parliament for Westmount, will officially close the Westmount Boys' and Girls' Hobby Show of 1952. Before this Mr. Abbott will present the prizes and cups among which is the one he donated himself. He has given this award for the exhibition of the most outstanding entry in the show.

Tonight the music and entertainment will be held at which there will be piano solos, dancing, singing, etc.

Tomorrow afternoon the pet show will get underway with judging of dogs, cats and any animal entered. This will be followed by a turtle race.

## City Appeals To Citizens To Reduce Traffic Mishaps

A six-month review of the number of traffic accidents in Westmount from September 1951 to February 1952 shows a definite increase over the previous year, T. J. Hughes, City Manager, announced in a specially released report to The Examiner.

A rise in the number of persons injured in these accidents was also reported by the City.

Although a large number of accidents in Westmount are due to the Metropolitan character of the City's Traffic, City Council has appealed to residents urging extreme caution and to assist in reducing the number of mishaps.

Principal causes of accidents, the report stated, are as follows:

- Changing traffic lanes when not safe.
- Turning from wrong lane at intersection.
- Following too close.
- Entering intersection or main street when not safe.
- Driving too fast for road conditions.
- Carelessness of driver.
- Not taking precautions when backing.

Misjudgment by driver. Accidents reported by the Police Department are divided into two categories — A & B. Class A accidents are those in which property damage exceeds \$25.00. Class B accidents are those in which property damage is less than \$25.00.

The following table shows a comparison of the number of accidents in the six months period:

|         | Class |     | Number of Accidents Resulting in Total Persons Injured |                   |         |
|---------|-------|-----|--|-------------------|---------|
|         | A     | B   | Total  | Injury to Persons | Injured |
| 1950-51 | 238   | 119 | 357  | 51                | 60      |
| 1951-52 | 261   | 184 | 425  | 68                | 81      |

The table shows that there was an increase of 19% in the number of accidents, 33¼% in the number of accidents in which injuries occurred, and 35% in the number of persons injured. A breakdown of the accidents, however, shows that the majority of accidents are due to carelessness or bad driving, and therefore can be avoided. The principal causes of accidents are as follows:

That 283 out of 425 accidents occurred from these causes alone in the period 1951-52, as compared with 221 out of 357 in the period 1950-51.

The report points out that the high accident and injury rate, could be entirely eliminated, by a little forethought and care on the part of the motorist.

## Tennis Courts Ready By End Of April

The work of preparing the Westmount Tennis Courts and Baseball Diamonds started Wednesday and both should be ready sometime by the end of April, E. J. Anderson, Superintendent of Parks, announced yesterday.

It was also announced that up to 8,000 visitors have already attended the flower show.

## Housebreaker Gets Three Years In The Penitentiary

Roman Yurnec, Ukrainian DP, charged with three separate counts of housebreaking by Westmount Police, was sentenced to three years in St. Vincent de Paul Penitentiary by Recorder A. E. Lavery, yesterday morning.

Yurnec was brought back to Westmount from Bordeaux Jail where he was awaiting sentence. He has already been sentenced in a Montreal Court to five years on similar charges of housebreaking.

Charges of housebreaking laid against him in Westmount are for:

1. 497 Mount Pleasant . . . robbery amounting to \$675.
2. 3310 Cedar avenue . . . breaking and entering.
3. 534 Mount Pleasant . . . breaking and entering.

Yurnec had previous records of housebreaking in Swansea, Ont., and Toronto.

## George C. Nowlan To Speak Tuesday At Victoria Hall

George C. Nowlan, Q.C., M.P., will address a dinner meeting of the St. Antoine-Westmount Progressive Conservative Association at Victoria Hall on Tuesday, April 22. His subject will be "Canada's Future and the Progressive Conservative Party."

Mr. Nowlan was re-elected National President of the Progressive

GEORGE C. NOWLAN

Conservative Party of Canada at the annual meeting of the party held in Ottawa last month. A Nova Scotian, he represents the constituency of Annapolis-Kings in the House of Commons.

Mr. Nowlan was born in Nova Scotia, and was educated at Acadia and Dalhousie Universities. He first entered public life when he was elected to the Nova Scotia legislature in 1925. He was first elected to the House of Commons in a by-election in 1948. He was re-elected in 1949, but the election was declared void. He successfully contested the by-election in 1950.

The meeting will also be addressed by W. H. Kidd, the National Secretary of the Conservative Party. Peter Kerrigan, President of the St. Antoine-Westmount Progressive Conservative Association will act as chairman, and the speaker will be introduced by H. S. Bogert. Mrs. Andrew Fleming, O.B.E., is chairman of the committee for the dinner.

... That it was a big Easter for "Moisha" Strachan, Ronald Shaw and Johnny Drury, three Westmounters who were parted at the Berkeley Hotel the other night where they announced their engagements. "Moisha" is scheduled to tie the knot with Mary Brophy, Ronnie will be altar-bound with Margaret (B.C.) MacDonald while Johnny Drury and Thelma Lawlor plan to set the date shortly.

... That the real, live Easter Bunnies in Chas. J. Hill's window attracted a great deal of attention — especially from the younger generation.

... That the Dumaresq family will move from the old homestead on Hollowell Ave. at the end of this month. Taking up temporary residence on Elm Ave. until that much-anticipated move to southern France in late August.

... That Demers Ltd. on Greene Ave. are closing this week. Have not been able to find another store in the same vicinity but will re-

open when they can find a suitable place.

... That the old Kenwood store and home at the corner of St. Catherine and Elm has been sold. One of Westmount's pioneer families, not one of the present generation lives here although, of course, their business is one of Westmount's largest. It all started when W. Gordon Kenwood decided that he could make more money moving other people's belongings than by delivering his father's merchandise. His business grew from a horse and rig to a world-wide transportation organization.

... That the old house next to Charlotte Gowns on Greene Avenue will be the next one on that busy street to be converted into a commercial establishment.

... That beer-cases are still being piled on sidewalks outside of certain stores. And soft drink trucks park under "No Parking" signs, much to the envy of the ordinary motorist who would certainly get a ticket if he did the same. All this under the complacent gaze of a traffic cop, too.

... That the new apartment

# Hospital Had Busiest Year Since Opening, Annual Meeting Is Told

Rev. A. B. B. Moore, D.D., president of Victoria College, Toronto, will be the guest preacher Sunday at both services at Westmount Park-Emmanuel Church.

## Dr. A. B. Moore Preacher At 22nd Anniversary

The 22nd anniversary of the present Westmount Park-Emmanuel Church, at the corner of Western and Landsdowne Avenues, will be observed on Sunday, April 20th.

Rev. A. B. B. Moore, D.D., the President of Victoria University, a former student of McGill University and of the Theological College here, will be the guest-preacher at both the morning and the evening service.

A congregational reception will be held on Sunday afternoon from five to seven o'clock, to which all former members and friends of the congregation are cordially invited. Tea will be served by the ladies of the congregation.

building at the corner of Sherbrooke and Rosemont will not be named the Queen Elizabeth Apartments after all. Too complicated a procedure necessary. Owners will stick to originally planned name of The Westmount Terrace Apartments.

... That J. C. Willock saved the day for a woman who left a wallet containing some \$400 on a counter in the Post Office in Cameron's Stationery. The woman, who is an out-of-towner, returned to the P.O. emotionally upset, only to have the wallet returned to her. She insisted that the finder take \$5 and mailed a money order for the balance back to her husband.

... That Spring is definitely here!! The fact that the storm door at the entrance to May's Ladies Wear has been removed is proof enough for any doubter.

... That the Nathan Wolman whose son Bill is pictured elsewhere in this journal is none other than your old friend Ned of the Melville Fruit Store.

... That W. J. Chatfield and his staff are consistently being lauded for their courtesy and willingness to aid their customers, especially those more advanced in age.

... That the cutting down of the beautiful old trees on Olivier Ave., just below Sherbrooke, on the grounds of the old Willis house was an act of necessity, not desecration. They were rotting inside and would, in time, have become a menace to the public.

... That the young man who was working on the lawn at the corner of Western and Victoria on Tuesday morning was the cause of many a chuckle when he turned his back to the passersby. Printed in neat letters across the seat of his blue jeans was the warning: "STOP — This Is The End."

## Queen Elizabeth Statisticts At Record High

"The statistical report for 1951 shows that in many departments this has been a record year", Dr. Harold N. Griffith, medical superintendent, said at the annual meeting of the Queen Elizabeth Hospital last night. 46,194 patient days is 1,277 more than in 1950, he added, with 18,640 visits to the Outpatient Department, 884 more than ever before, and the birth of 888 babies, another record.

Every department of the hospital has been working at full capacity, Dr. Griffith continued. The number of tests carried out in "crowded" laboratories increased to 27,824, 16 per cent over last year. Eighty-one autopsies were performed, which represents over 80% of the deaths occurring in the hospital, and is a most commendable figure.

Dr. Griffith continued in his report: "I do not intend in this report to emphasize our financial difficulties, but the figure \$14.28 as the cost per patient day in the hospital in 1951 is sufficient evidence of the fact that financial problems are ever with us and are assuming alarming proportions. Extra revenue must be found in increasingly larger amounts to make up the hospital cost of those who are not able to pay full cost of their own care. The members of the hospital staff, who appreciate more than anyone else the needs of these poor patients, are deeply grateful to the devoted men and women who each year direct our hospital financial appeal. It is gratifying to us to know that in 1951 this satisfying work was again crowned with success."

## West End Catholics To Take Part In City-Wide Rally

To address the city-wide gathering of English-speaking Catholics planned for Molson Stadium at McGill University on Sunday afternoon, June 1, Pentecost, at 3.30 o'clock, Msgr. John J. McKenna, of Philadelphia, has been invited to preach the sermon of the occasion, and Hon. Mr. Justice Frederick T. Collins, of Ascension Parish, Westmount, made known this week that Msgr. McKenna has accepted. The event is planned as a public demonstration of faith to combat the spirit of unbelief and materialism. It is under the auspices of the Holy Name Society of Montreal but will include all parish organizations, both men and women and it is hoped that the gathering will surpass in size and influence those of past years, each one of which proved to be larger than its predecessors.

Mr. Justice Collins is chairman of the Rally Committee of the Archdiocesan Union of the Holy Name Society in charge of arrangements, and has the co-operation of a strong group of workers including those from the Westend Catholic parishes of St. Augustine, St. Monica, St. Ignatius, St. Malachy and Ascension. For the occasion, 26 parish units in the Montreal area will be associated in the demonstration at Molson Stadium and they will be joined by groups from Provincial communities including Quebec, Sherbrooke, Granby and other places where there are English-speaking communicants.

Msgr. McKenna is Director of the Archdiocesan Union of Philadelphia, and is an authority on the organization and purposes of the Holy Name Society, an international establishment numbering more than nine million members throughout the world. In Canada, the Holy Name groups operate in each of the ten provinces. For the Montreal Archdiocesan Union, the Director is Rev. John D. Purcell, of St. Willibrord parish, Verdun.

## Wins Award

William Wolman, graduate of West Hill High School and McGill University, who has been awarded two teaching scholarships at Stanford University and has been made an assistant professor. Mr. Wolman, who has had a distinguished scholastic career, was given an Arthur A. Newhouse Honors Scholarship in Economics and also won a University Honors Scholarship at the California Institution. He is a son of Mr. and Mrs. Nathan Wolman, of Westmount.

## "Lawn Making"

Amateur gardeners will find of particular interest a series of lectures being given at the Mechanics' Institute, 1200 Atwater Avenue, titled "Lawn Making." The second in the series will be given on Wednesday, April 23, at 8.15 p.m. These are not formal lectures, but short talks, followed by a question period. The speakers are members of the staff of the William Ewing Co. Ltd., who are familiar with everyday gardening problems. The lectures are sponsored by the Mechanics' Institute, and are free to the general public.

## Mayor Cameron Cuts Tape For Hobby Show Opening

The Westmount Hobby Show was officially opened Wednesday night by His Worship J. S. Cameron, Mayor of Westmount, who expressed confidence that the Sixteenth Annual Show "will prove to be an excellent one".

More than 450 persons converged on the Y's compact headquarters on Sherbrooke street and saw Mayor Cameron cut the tape, declaring the 16th Annual Show open.

## West Montreal Air Cadets To Take Part In Air Cadet Week Program

Among the "crack" Air Cadet Squadrons taking part in observance of Air Cadet Week is No. 1 West Montreal under the command of Squadron Leader Hugh Greene, with headquarters at Westmount Junior High School. This Squadron engages in technical flying training at R.C.A.F. Station, St. Hubert, and at Air Transport Command R.C.A.F., Dorval, where the Cadets take part in observing the operation of the "air life" to Korea.

"Air Cadet Week", April 20-26, will commence next Sunday with a Church parade to St. James Cathedral and St. George Church at 3 p.m. with all Cadet Squadrons in the Montreal area in attendance. This will be followed by a march past and review at 4 p.m. with Marshal of the Royal Air Force, Lord Trenchard from Great Britain, taking the salute along with Air Vice-Marshal A. L. James, C.B.E., Air Officer Commanding, R.C.A.F. Air Defense Command.

During the week the Montreal Squadrons will be holding "open house" at their headquarters and Cadets will have a special opportunity to observe the cadets in training and at play.

The Royal Canadian Air Force Band from Ottawa will be in Montreal to lead the Air Cadet parade and to give a number of concerts sponsored by the various Air Cadet Squadrons, and which will include April 21 at 8 p.m., Town of Mount Royal Town Hall; April 22, at 8 p.m., Rosemount High School; April 23, at 8 p.m., Victoria Hall, Westmount; April 24, at 8 p.m., Hall of Marché de Maisonneuve; April 25, at 8 p.m., Lorne Avenue, St. Lambert; April 26, at 8 p.m., Laval College.

The concert, April 23 at Victoria Hall, Westmount, is sponsored by No. 1 West Squadron in co-operation with the City of Westmount.

The Central Band of the R.C.A.F. from Ottawa is under the direction of Flying Officer Carl Friberg, who was Conductor of the Montreal R.C.A.F. Band during the war. The organization is made up of distinguished musicians from every section of Canada, and the Band became internationally famous by its many appearances at concerts across Canada and the United States.

## Queens To Hold School Meeting

The 2nd annual meeting of the Queens Home and School Association will be held at Queens School Gymnasium on April 25 at 8.15 o'clock. The business of the evening will be the election of officers.

On the programme for the balance of the evening will be several selections by the school choir. There will be also a dance recital put on by the children's dancing class of tap and ballet. These classes have been sponsored by the Home and School Association under the direction of Mrs. Collins. The costumes were prepared under the direction of Mrs. Arnold.

**Westmount Recreation Dept. News**

The Westmount Recreation Department has obtained a pamphlet entitled "Recreation — A Problem of Grass Roots — The Why, The What and The How of Public Recreation." This pamphlet is published by the National Recreation Association.

With this week's issue of the "Examiner" it is the intention of the Recreation Department to publish excerpts from this pamphlet, and it is hoped that it will prove of interest to the citizens in the community.

**Article 11**

"Play with no aim, no object, only the joy of doing it" states Dr. Arthur T. Morgan, the President of Community Service, Inc., "has effects on us that are so deep seated that we dare not, we cannot, leave it out of well-ordered living."

The reason for recreation is that simple; that is why children and adults engage in it. It does not occur to them to seek other sanction for their own play. The thing is just a part of life, like love or food. Yet this truth has never inspired action beyond the family circle or other small social units from nineteen adults out of twenty. The twentieth person has had the social imagination to realize that the recreational hungers of other people and other people's children were just as powerful as those of himself and his children.

When it came to making recreation an organic part of governmental service or of the work of semi-public agencies, other "practical" reasons were put forward to arouse voters or givers to action. And these reasons must still be put forward and strongly. The demand for "practical reasons" for organized recreation is insistent.

Fortunately these reasons are sound and they are backed by ex-

perience and even by science. They center about physical and mental health, child safety, the prevention of juvenile delinquency, mental development and social adjustment.

**Juvenile Delinquency**

"American crime is increasingly the crime of youth." "Juvenile delinquency increasing at an alarming rate." "Crime, the outgrowth of juvenile delinquency." These and many other such public statements have focused the attention of the country on our young people.

"What is the matter with our children and young people?" "Why are they so restless and unadjusted to positive social living?" Parents are blamed; schools are taken to task; the churches held at fault, and the community at large censured for lack of proper housing, education, recreation opportunities and other facilities for normal living and growth for our children and young people. Recreation is not a cure-all for the prevention of delinquency or crime, but even if we make the most generous discount of the testimonials of judges, police officers, prison wardens, court officials and others, we find that recreation is one of the essential factors, — that recreation must be included in an effective program of prevention. It has also proved its value in readjusting delinquents to society and to a normal way of living.

The development of recreation as part of a program to meet delinquency should not be directed toward delinquency or publicized as such. Such efforts should be

part of the total effort of community recreation for all children and youth and part also of the larger program of recreation for all age groups. It should be a positive program with positive objectives. The National Conference for the Prevention and Control of Juvenile Delinquency, called by the Attorney-General of the United States, emphasized the value of recreation and also the positive emphasis to be placed on it, in the following statement taken from its final report:

"... that recreation is a most effective preventive of juvenile delinquency and that its most potent use toward this end lies in the provision of wholesome recreation opportunities for all youth everywhere throughout the nation. The Panel established the general principle that recreation is a major necessity and safeguard and recommended that recreation be presented to youth positively with emphasis on his choice in free time and on his dignity as an individual rather than as a cure-all for all delinquencies of youth."

The prevention of delinquency is a valuable by-product of recreation. Therefore, the community cannot afford not to provide it adequately, attractively, and throughout the year.

**Health and Safety**

Children and youth need vigorous outdoor play, summer and winter, to build and maintain the healthy bodies which the strains of modern living demand. Adults, too, must have regular, though less strenuous, physical activity to maintain physical fitness. The diseases of deterioration and decay loom large in the illness and death statistics of modern times. Sports and athletics, swimming, hiking, camping, boating, skiing, skating, develop and maintain physical fitness and bodily grace and stimulate the heart, lungs and digestive system.

Recreation makes desirable physical activity fun, and people will participate in those things they enjoy doing. It is through recreation that the opportunity for the maintenance of health through physical activity has its greatest opportunity. Much of the misery and economic loss because of illness can be prevented by proper recreation.

The Ohio State Medical Association recently issued a statement of twenty-five health principles called "The Twenty-Five to Keep Alive." One of the twenty-five was devoted to recreation and stated that great attention should be directed to improving recreation opportunities for young and old.

Children will play, as play is their life, but in a modern city where at least one-half of them live, more than half of them must play in the streets or other similarly hazardous places. In 1945 nearly 7,000 children between the ages of 5 and 14 were killed in accidents. Though wartime driving restrictions were in full force for fully half that year, motor vehicle accidents were the leading causes of these deaths. A high percentage of all motor vehicle accidents was pedestrian accidents — children hit in the street by passing motorists. And let us not forget that many thousands were seriously injured, many permanently handicapped.

The neighborhood playground is a safety isle for our children. It provides a place where they can run, climb, jump and throw, free of the fear of injury or death. There is evidence to show that playgrounds do reduce the number of accidents to children playing in the streets.

The director of the Connecticut Highway Safety Commission has said, "Cities which provide proper recreation attractions for their youth have low traffic incidence."

**Mental Health**

The United States Public Health Service estimates that there are eight million people in the United States who are in need of psychiatric service, and approximately six million additional persons with adjustment problems. The Federal Security Agency states that nearly 50% of all Army medical discharges were for psychiatric reasons. Estimates have been made

*The Infantry Recruit...*

*Keyman in Canada's Future Security*

Growing in size and strength the Canadian Army Active Force needs more Infantry Soldiers.

The Infantry recruit is a keyman in our defence plans. For as he finishes his training he will take his place in the front lines of our freedom at home and overseas.

But it takes time to produce these highly trained soldiers. And to maintain our security, to discourage aggression, we must be able to meet any eventuality. That is why we must have more young men for Infantry training now.

If you are interested in Canada's future, now is the time to do something about it. Serve with the most important men in the Army — the Infantry.

There are outstanding career opportunities for young men in the Canadian Army Active Force.

You are eligible if you are 17 to 40, tradesmen to 45, and ready to serve anywhere.

that one person out of twenty faces the prospect of confinement in a mental institution.

The cost of treatment for mental diseases, emotional maladjustment, and the loss in productive efficiency of the individual affected, is tremendous. George Thorman in "Toward Mental

Health" published by the Public Affairs Committee, has estimated the annual loss in earnings alone due to mental illness as almost a billion dollars.

Recreation can help with this problem. A balanced play life contributes to a balanced total personality growth. Recreation has also proved its effectiveness in readjusting individuals back to normal living, as testified to by leading psychiatrists throughout the country. The importance of recreation in relation to mental disease has been presented by a nationally known member of the executive committee of the National Committee for Mental Hygiene, in the following words:

"Recreation is an important element in our efforts for the prevention and cure of mental disease. For the normal individual it tends to sustain a healthful, happy outlook on life... Success in recreation helps to avoid the growth of a feeling of inferiority which may oppress one throughout life and even lead to serious mental maladjustment. The feverish nervous strain of modern urban existence is relieved by regular recourse to play, especially outdoor recreation in close contact with the soothing influence of nature."

#### Family Life

Recreation prepares children and young men and women for family life through the opportunities it offers in activities participated in together by boys and girls. Young men and young women learn to live with and enjoy each other normally through these activities. Proper co-recreation activities can be one of the best types of sex education. In outlining a rational program of sex education for high school boys and girls, Paul Popenoe, director of the Institute of Family Relations, Los Angeles, suggests among other things that (1) young people must be taught how to be attractive to each other, and (2) they must be given a more adequate social life, particularly through opportunities to do things together. Social dancing, dramatics, and hiking are among the recreations which he advocates. We can well add participation in the arts and crafts, in music, and organized camping.

Recreation also contributes toward the stability of family life by providing opportunities for the family to play together. There are many recreation activities adaptable in the home. There are also many activities away from their homes which families can enjoy together under public recreation sponsorship, such as picnicking, recreation travel to outlying parks and reservations, and family nights at the neighborhood or community center.

#### Intellectual Growth Stimulated

However, recreation is related to mental process in more respects than the pathological. It contributes to the development and broadening of the intellect. Studies in California, Switzerland and elsewhere among large groups of children have indicated a close correlation between sound physical development and mental development. Games and sports, it is well known, promote neuro-muscular control. The varied experiences of

recreation build up for the individual a body of factual knowledge which is an intellectual asset. An example is the acquaintance obtained through nature recreation with streams, the woods, birds, insects, plants, minerals, reptiles, the action of winds and the stars. In drama comes familiarity with lighting appliances and effects, stage sets, costumes, makeup and other elements. In crafts is developed knowledge of many materials.

The give and take of games, the close association required in

## Price Movements Compared

Cost-of-Living Increase Here  
Higher Than In U.S.

Of special interest from a Canadian point of view is the comparison of Canadian with United States price movements which can be made on the basis of figures shown in international comparisons. Actually, on the basis of the December figures, the net increase in wholesale prices since June, 1950 was almost exactly the same in the two countries — about 13½%. Though wholesale prices in Canada were slower to level off and decline after the buying wave, they continued to drift downward last fall while U.S. prices stayed relatively stable.

The cost of living in Canada has shown a larger net increase — 15% compared with 11% across the border. In both cases, the Canadian indexes are now higher in relation to the prewar-base, 1935-39, than the U.S. indexes, though the spread between the two cost-of-living indexes is so small as to be negligible.

On the whole, this is a fairly good record for a country with an unusual large program of capital expansion, and a substantial defence effort — for a country more sensitive to high prices for basic commodities than its more heavily industrialized neighbour.

"Doctrine of Atonement" is the subject of the Lesson-Sermon to be read in Churches of Christ Scientist, on Sunday.

The Golden Text is from Mark 10 "The Son of man came not to be ministered unto, but to minister, and to give his life a ransom for many."

Among the citations which comprise the Lesson-Sermon is the following from the Bible: — "There was a man of the Pharisees, named Nicodemus, a ruler of the Jews: The same came to Jesus by night, and said unto him, Rabbi, we know that thou art a teacher come from God: for no man can do these miracles that thou doest, except God be with him. Jesus answered and said unto him, Verily, verily, I say unto thee, Except a man be born again, he cannot see the king-

## Canadian Film 'Oscars'

Our Youthful Movie Industry Making  
Excellent Progress

The fourth annual presentation of Canadian Film Awards will be held in Toronto on April 27. The Canadian Film Awards were started in 1949 by the Canadian Association for Adult Education and are now sponsored by it and the Canadian Film Institute and the Canada Foundation. Their main purpose is to call attention to Canadian achievement in film and to foster even higher standards of production. Unlike the famous American "Oscars," the Canadian Film Awards include not only full length features intended for theatrical use, but also theatrical shorts, non-theatrical features and documentaries, and amateur productions. Only films made in Canada by Canadian producers and released in 1951 are eligible for this year's awards.

Interest in the awards is "far keener than ever," according to Walter Herbert, chairman of the committee, fifty films have been entered. These include five full length features, three of them french, over twenty documentaries, a number of unclassified films, and three amateur productions. One of the unclassified entries is a National Film Board stereoscopic production described as two films which are run off simultaneously.

Canadian Film Awards naturally bring to mind a comparison with the famous "Oscars" which are awarded each year in Hollywood; a comparison which only sharpens a contrast. The Hollywood affair has behind it an industry with a three-billion-dollar capital investment, a \$490-million annual payroll and a box-office take of more than \$2,000,000,000 a year; not to mention a skillion dollars worth of glamour and publicity. Beside this fabulous creature, the Canadian movie-making business, is a mere infant, of course; but an infant which is healthy and good-looking and growing normally.

dom of God. Herein is love, not that we loved God, but that he loved us, and sent his Son to be the propitiation for our sins." (John 3 and I John 4.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook "Science & Health with Key to the Scriptures" by Mary Baker Eddy: "Atonement is the exemplification of man's unity with God, whereby man reflects divine Truth, Life, and Love. Jesus of Nazareth taught and demonstrated man's oneness with the Father, and for this we owe him endless homage. His mission was both individual and collective. He did life's work aright not only in justice to himself, but in mercy to mortals, — to show them how to do theirs, but not to do it for them nor to relieve them of a single responsibility. Jesus acted boldly, against the accredited evidence of the senses, against Pharisaical creeds and practices, and he refuted all opponents with his healing power."

### Calvary United

The services of Worship next Sunday in Calvary Church will be conducted by the Minister, Rev. Walter J. Spence, B.A. At the morning service he will commence a series of sermons on the theme, "What Can I Believe?" — April 20th he will preach on "Do We Moderns Need God?" At the evening service next Sunday Mr. Spence will conclude the current series of book-sermons preaching on "The Cardinal".

## Ad Club Hoe Down To Feature Outfits Sent From Calgary

His Worship Mayor Don Mackay, of Calgary, is sending various items of Western paraphernalia to decorate the Ball Room of the Mount Royal Hotel this evening, when the Advertising and Sales Executives Club of Montreal puts on its special Hoe Down. Although an old-fashioned barn dance, the Hoe Down will feature modern dancing as well as square dancing. It will be the Club's gala Spring event and is being held for the first time. The Club hopes to

put it on every year if it attracts the expected 500 guests.

Glen Mackay, chairman of the event, stated yesterday that, in addition to decorations, his namesake, Mayor Mackay, is sending him for his personal use, the full Western regalia which he wore to greet Their Highnesses in Calgary, last Fall, together with the Western lady's ensemble of the mayoreess.

## WEDDING

**CHUMLEY - BEAUREGARD**  
 St. Matthias Church, Westmount was the scene of a wedding at four o'clock Saturday afternoon when Marguerite, daughter of Mr. and Mrs. Louis J. Beauregard, of McMasterville, became the bride of Sgt. Byron Gilbert Chumley, son of Mr. and Mrs. J. Byron Chumley, of Wichita, Kansas. Canon Gilbert Oliver, officiated and special wedding music was played by Mr. Gilbert Hill. The church was decorated with spring flowers.

Given in marriage by her father, the bride was attended by Miss Joan Wilson, as maid of honor, and bridesmaids, Misses Sonia Klemchuck and Shirley Prince. Sgt. Robert Lee Nau, U.S.A.F., acted as best man, and the ushers were P. F. C. Arnold Jarvis, U.S.A.F., and F/O William Smith, R.C.A.F. The bride wore an ivory satin gown having lily point Chantilly lace collar, and inserts of the same lace in the long sleeves and the train. A seed pearl coronet held her fingertip veil of silk illusion, while she carried a cascade bouquet of butterfly pink roses and white hyacinths.

The maid of honor, in a pale blue bouffant taffeta frock, wore a Chantilly lace bolero, and a matching crescent shaped mohair headband trimmed with forget-me-nots, her colonial bouquet of pink and white sweetpeas and forget-me-nots centred with a rose. The two bridesmaids were gowned alike in rose petal pink taffeta, fashioned on princess lines, the long skirts ending in slight trains, and topped

## Home Cleaning Made Easier

With Spring cleaning time here again, it's time to think of taking down the storm windows, of cleaning out the attic or basement, and having your carpets and upholstered furniture cleaned, too. These are but a few of the many chores every homemaker has to tackle, and the most difficult ones of all. If you haven't the time to spare in sending your carpets and furniture out, why not have them cleaned right in your home by the DUTCH CANADIAN CLEANING. They're experts at it, and their system is the only one of its kind in Canada. And did you know that the water and soap cleaning method is really bad treatment for your carpets? The circular brush used in shampoo cleanings tends to flatten and mat the wool, and even the lustre is lost. Well, the DUTCH CLEANING has a special new method of cleaning. It's a dry method that overcomes these results. And because no soap and water is used in the process, carpets dry very quickly, and after the cleaning they look like new again. The pile of the carpet is not flattened, and the original lustre is restored. So there you have it. Your Spring cleaning is made easier, and at very little cost to you!

The Dutch Canadian Cleaning do wall cleaning, too, by a new mechanical method. There's no mess or dripping water either. This is indeed a system far superior to any other. For more than 35 years, the Dutch Canadian Cleaning has had experience cleaning furniture, carpets and car upholstery in Holland. Even in the short time they have been in Canada, they have done considerable government and city work, and have many, many satisfied homemakers in the city, and other points. Why not give them a call for a free estimate today. I am sure that you will find their work of the highest calibre. THE DUTCH CANADIAN CLEANING, 5065 Walkley Avenue. Phone EL. 0412.

## Largest Canadian Antique Show

I guess that most of you think we're very much ahead of ourselves, but the reason we've started telling you the wonderful news so early, in fact as much as a month in advance, is because we don't want you to forget the fact that one of the finest antique shows will be coming our way shortly. Yes, whether you are a connoisseur of antiques, or one of that growing army of collectors on the threshold of the exciting adventure of antiquing, here is something of interest to all of you. The largest Canadian Antique Show, National Circuit, will be produced in Victoria Hall, May 26th, 27th and 28th . . . where the greatest variety of quality antiques will be exhibited by many Antique Dealers from Montreal and other parts of Canada as well. After talking to Mr. Wes Mercer, producer of the show, when he was in town last week, I learned that a percentage of the ticket sales will be donated to the Canadian Save The Children Fund. So, do watch my column for further announcements. This coming glamorous Antique Show will be an inspiration to both young and old. This outstanding show is being made possible through the co-operation of many of the finest Antique Dealers in Montreal and other parts of Canada.

## Social and Personal

(Continued from Page 10)

by matching boleros of Chantilly lace. Their pink headbands and colonial bouquets matched those of the maid of honor.

Mrs. Beauregard, mother of the bride, in a floor length gown of hyacinth blue crepe having a blue lace yolk, wore a small matching hat and natural accessories, her corsage of Joanna Hill roses.

The Elizabeth Salon in the Town of Mount Royal was decorated with pink and white sweetpeas for

the reception. Later Sgt. and Mrs. Chumley left on their honeymoon, the bride wearing a natural colored wool kasha suit and a matching blouse, with top coat, and Russian squirrel neckpiece, her natural straw hat trimmed with brown velvet flowers and worn with copper accessories and a corsage of Talisman roses. Upon their return the couple will reside in Chicopee Falls, Mass.

Dr. and Mrs. George M. White, uncle and aunt of the bride, and their son, Mr. David White, of Saint John, N.B., were among the out-of-town guests.

Mr. and Mrs. Chumley, parents of the bridegroom, were unable to attend.

### BEAULIEU — READ

Miss Doris Lillian Read, eldest daughter of Mr. and Mrs. S. F. Read of Westmount, became the bride of Mr. Napoleon Beaulieu, son of Mr. Beaulieu and the late Mrs. Beaulieu of Ontario, at three o'clock on Saturday, April 12, at Central Pentecostal Church. Rev. Wm. Kautz officiated. Miss Beatrice Darlington was at the organ, and soloist was Miss Ethel Snowden who sang "I'll Walk Beside You" during the signing of the register. Gladioli and daffodils formed the floral decorations.

The bride who was attended by Mrs. Reta Miller as matron of honour, Miss Eileen Read and Miss Marjorie Read, sisters of the bride, as bridesmaids, and Miss Beverly Barton as junior bridesmaid, was given in marriage by her father. The best man was Rev. John Hoover of Oka, Que., Mr. Charles Vines and Mr. Fred Read, brother of the bride, were ushers.

The bride wore a gown of lace and satin, the skirt having lace inserts and ending in a short train. A coronet of lace held her fingertip veil of tulle illusion, and she carried a semi-cascade bouquet of deep red roses. The matron of honour wore an apple green taffeta and nylon frock carrying a semi-cascade bouquet of tallisman roses. The two bridesmaids were dressed alike, one in daffodil yellow and one in dusty rose taffeta and nylon frocks, carrying semi-cascade bouquets of contrasting carnations. The junior bridesmaid wore a taffeta frock of apple green and carried a semi-cascade bouquet of sweet peas.

Mrs. Read, mother of the bride wore a navy blue crepe dress, trim-

med in white, a white straw hat with navy trim and a corsage of pink carnations. The reception was held in the Berkley Hotel. Later the bridal couple left for Quebec City, the bride wearing a maroon gabardine suit, topped by a black coat with pale blue accessories and a corsage of white carnations.

Out-of-town guests included Mr. and Mrs. A. G. Dunk of Terrebonne Heights, Que., Mr. and Mrs. A. A. Dunk, Miss Loraine Dunk and Miss Dorothy Dunk of Pointe Claire, Que., Rev. and Mrs. J. Hoover and Daniel Hoover of Oka, Que. and Mrs. I. Hoover of Mount Bruno, Que.

Westmount Theatre Sunday

Jose Ferrer, who won the Academy Award for his delightful performance as the brilliant and witty poet and swordsman, "Cyrano de Bergerac," in the Stanley Kramer film of that title starts Sunday for one week at the Westmount Theatre.

"Come Fill the Cup"; "Love Nest" at Monkland

Although James Cagney's real-life experience as a "newspaperman" is considerably down the scale from the city editor he portrays in "Come Fill the Cup," Warner Bros.' action drama, due Saturday till Tuesday at the Monkland Theatre, he at least has first hand knowledge of what a city editor should be like. Jimmy Cagney was once both copy boy and newsboy.

Barking orders to underlings from behind his broad, well-lit desk, brought to mind his newsboy days when he used to peddle around Eighth Street in New York after school hours.

Later, however, Cagney became — at the wondrous age of 14 — a copy boy in the advertising department of the New York Sun. "That's when I decided I was a real newspaperman," the actor said, "and also, I suppose, when I acquired any ideas, I might have about editors and reporters that helped me in this part."

Phyllis Thaxter has the femme lead in "Come Fill the Cup," with Raymond Massey, James Gleason and Gig Young in featured roles.

Added Feature

"Love Nest", starring June Haver, William Lundigan and Frank Fay, the new Twentieth Century romantic comedy, concerns a newly married couple charged with the operation of a ramshackle apartment house and some of the most curious tenants in town.

For petite and piquant June Haver and ruggedly handsome Bill Lundigan, "Love Nest" represents a re-teaming of the favorites initially seen together in "I'll Get By." In "Love Nest" Lundigan is the ex-G.I. who comes home to find his bride has sunk all their money into an apartment house. Accordingly, he and Miss Haver become landlord and landlady to a wide assortment of tenants. The involvements proceeding from this comic situation are romantic and hilarious by turn.

Frank Fay, the celebrated star of the original stage production of "Harvey" and long before that a top performer in vaudeville, the theatre and at one time the movies, returns to his first love, the screen, as an elderly but still active Casanova with a fondness for marrying rich widows. It is when the wistful, quietly humorous Mr. Fay settles down in an apartment under the wing of Lundigan-Haver and falls genuinely in love with the poor widow who is his neighbor that the law inconsiderately moves in on the multiple-faced old gentleman, and "Love Nest" derives its essential comic point.

As the object of Fay's true and long neglected affections, silent screen star Leatrice Joy returns to the film medium in an important assignment.

Trinity Players To Produce Play By Montrealer

Trinity Players will produce a new play in three acts by Hugh Shoobridge of Montreal entitled "The Meticulous Bixby" which will be directed by Basil Donn at Trinity Memorial Hall for four nights commencing April 23 next.

The locale is a small Canadian town and the entire action takes place in the offices of a lumber company.

Pat Conrad and Ken Davey play the leads; supported by the following cast: Alice Roy, Ralph Harper, Joan Asquith, Marjorie Overton, Audrey Wirth, Vivian Hayes and Brahm Feldman.

Trinity Players have produced several plays by Canadian authors, among which are the following:

"All Hallows Eve" by Mrs. Hall Ross Ferrigard; "Low Life" by Mazo de la Roche; "Black Feather" by W. A. Tremayne; "Chapter X" by Mary Wallace Brooks; and also the Joseph Shulls play "The Bridge" entered in the Dominion Drama Festival 1951 and winning several awards.

# Paraplegics Downed 26-14 By 'Y'

## Opening Local Hobby Show Y Cagers Defeat 'Wonders'

By ALLAN SANDZELIUS

Opening the 16th annual Westmount Boys' and Girls' Hobby Show with a bang this Wednesday eve, the local YMCA cagers scored a surprising upset over a slightly favoured Paraplegic basketball team by the irrevocable score of 26-14.

Showing a remarkable ease in handling wheel-chairs, the West-mountainers took an early first quarter lead of 8-6 which they never relinquished as the tally stood at 14-10 at the half and 24-12 at the three-quarter mark on sure baskets by Gerehardt (8), Cote (8), Reed and Noel with 4; McGaw potting one for two points. Showing also an evident familiarity with the Y's rather cramped gym facilities, the local lads had all the advantage

over the Wheel-chair Wonders who are accustomed to playing their best when in more spacious surroundings, which, when you

come to think of it, is quite logical!

The only other event run off the same evening was a girls' swim meet for sixteen-year-olds and

under in which the following young natators won specified points:

12 and under Back Stroke: 1. Jane Ellis (5); 2. Marilyn Maughan (3); 3. Dianne Safford (1).

Breast Stroke: 1. Jane Ellis (this gal gets around!) (5) 2. Edith Dorsey (3); 3. Belinda Stead.

Free Style: 1. Tie—Nancy Burwash and Marilyn Maughan (5); 2. Jane Ellis (oops?! ) (3); 3. Edith Dorsey.

Diving: 1. Belinda Stead (5); 2. Andrea Barlow (3); 3. tie—Nan Burwash and Jane Scott (1? ).

14 and under— Back Stroke: 1. Mimi Cooper (5); 2. Audrey Bremmer (3); no third place.

Breast Stroke: 1. Pat Scharfe (5); 2. none; 3. none.

Free Style: 1. Mimi Cooper (5); 2. Pat Naismith (3); 3. none.

Diving: 1. Pat Naismith (5); 2. Audrey Bremmer (3); 3. none.

Overall point winners were Jane Ellis with 13, Mimi Cooper 10 and tied with eight points were Marilyn Maughan and Pat Naismith.

To close the Hobby Show you're all invited to witness a display of championship gymnastics by the local city champion gym team on Saturday, April 19.

Perhaps a few remarks at this time concerning the origins of Paraplegic Basketball would not be amiss.

Wheelchair basketball was started almost six years ago in the U.S.A. as a rehabilitation feature for incapacitated veterans and with its adoption in several centres, a keen rivalry arose wherefrom grew an entirely new idea in sports which today has ceased functioning as a rehabilitation 'gimmick' and has become not only well organized but (in the States) a national league of paraplegics who now play a full season annually plus countless exhibitions with normal collegiate and pro teams always before capacity crowds! The majority of regulation games often go as high as ninety points with the paraplegic squads winning by as much as a thirty-point margin.

Hearing of this remarkable feat after just such a team recently visited New Brunswick, a private citizen of Montreal, with no previous connection with the Canadian Paraplegic Association, organized a team from the local veteran's hospitals and other handicapped citizens, and obtained the services of an outstanding coach (formerly of the YMHA Champions of '34 and local MBL mentor). His name is Bill Hepburn and the coach is Harry 'Niggy' Rabin.

Mr. Hepburn's main idea in the formation of the "Wheelchair Wonders" is to foster the realization among the general public of the abilities of the average handicapped person in an effort toward a greater knowledge and understanding by the public of what exactly is and is not the need of such individuals.

It is our opinion that he is succeeding well in his goal and it is our earnest hope that as many as can do so, will turn out to all future games by these paraplegics and be surprised as many have been in the past few months by the terrific playing pace which can be generated by the basketball 'Wonders'.

The rules of the paraplegic game are the same as regular basketball with the following minor changes; a—six seconds allowed in the bucket, or key, instead of three; 2—deliberate collision of chairs is a charging foul; c—should a player on a normal team step out of his chair while in possession of the ball, the ball is given to the opposing team; d—you are allowed two pushes on the wheels while in possession of the ball; if dribbling, two pushes and a bounce, two pushes and a bounce, etc., and e—unlimited retention of the ball as long as you are in motion and outside your ten second line.

The "Wheelchair Wonders" have won five out of eight encounters so far this season.

## Y.M.C.A. Notes

### Swimming Meets

Teams from the Boys' Department have participated in two swimming meets just prior to press time, the results of which will be reported in next week's "Examiner." The younger boys entertained swimmers from Ottawa "Y" while the regular swim team, under coach Gilbert Young, swam in the regular City-wide Inter-"Y" Swim meet at N.D.G. Branch.

### Learn-to-swim

The Annual Learn - to - Swim lessons are well underway with the boys and girls registered in the first course having completed two lessons to date. The present course will continue until May 16, and a new course of 11 classes will begin on May 19. There are still a few vacancies available in both courses and those who have not yet registered are asked to contact the Physical Department at GL. 3916 immediately.

### Awards Dinner

The annual Awards Night will be held next Friday night, April 25 at 6:15. An outstanding program has been drawn up for the evening which promises to be one of the highlights of the season.

Members and friends are reminded to call for reservations anytime next week up to Thursday, April 24 at 5:00 p.m.

### YOUNG ADULT DEPARTMENT Square Dance Club

The regular dance session will be held next Tuesday, April 22. The committee has all but completed final plans for the Big Square Dance of the Year to be held on May 3. More details of the dance will be announced at the two remaining Tuesday night sessions before the big event.

### DEADLINE NOTES

We hear in a roundabout way that ex-Westmount Higher Jimmy Beaton is destined for pro Baseball ranks. . . Jim has reportedly been scouted for one of the local farm clubs of the American League, New York Giants. . . Doug Mariasene and Don Frayn soon to be wearing the RCMP gilt in the defence of law and order. . . a feature of the game at the Y Wednesday was the large crowd which turned out to support the Hobby Show. . .

camping, drama rehearsals, music making, and other activities give insight into human nature. And it is accepted that a childhood rich with play is a childhood in which the imagination is stimulated, with lasting effect on the individual's intellectual outlook.

### Art

The Art Class, under the instruction of Mrs. Peter Douet (Ruth Dingle), has become very popular since its origin last fall. No doubt the high interest shown is due to the fact that Mrs. Douet has a broad knowledge in the teaching of various forms of painting. The student knows that the effort used in portraying a subject will be guided by the expert touch and psychological methods which Mrs. Douet is able to project.

The present course will be completed on April 30th. Anyone who

is interested may obtain further information by calling Mr. B. Rothwell, Recreation Supervisor, at FI. 6975.

### Track and Field

The Westmount Track and Field Club held its third clinic meeting on Wednesday, April 16, at 4:00 p.m. at the Westmount Athletic Grounds. The boys were shown around the track and jumping pits, and an explanation of track and field etiquette was given by Rocky Rothwell.

Next Wednesday, April 23, members are asked to turn out with their track equipment and be ready for a stiff workout, as the track will be ready by that date. The club now boasts a membership of 34 and would like to have as many again. If you are at all interested in this fine sport, please register with us now.

Call Rocky Rothwell, FI. 6975, for further information.

Don't forget — next Wednesday, April 23, after school, at the W.A.G.

### Softball

The Westmount Municipal Intermediate Softball League held a meeting on Wednesday, April 16, at 8:00 p.m. at the Westmount Athletic Grounds.

This meeting was to determine how many teams were coming into the League for certain and to set deadline dates for entrance fees and the commencement of the schedule.

The following team representatives were present: — Cliff Gill, Al Losito, Gordie Graham and Pat Lomasney. Ernie Bolduc was not present but already has said that

his team would be entered.

Jack McDonald was elected President by a unanimous vote and was pleased to accept the responsibility that goes with such an office.

It was decided that the League entrance fees should be in the hands of the Secretary, Rocky Rothwell, by May 19, and that the League would open on Monday, May 26.

Five teams have entered and the League Executive would like to have at least one more team join the loop.

Anyone who is interested in entering a team in this League may obtain further information from Rocky Rothwell, FI. 6975.

## English Rugby To Start This Sunday

The 1952 English Rugby season starts this weekend with the powerful Toronto Barbarians playing the Ottawa Bytown Beavers this Saturday at Trenholme park with kickoff slated for 3 p.m.

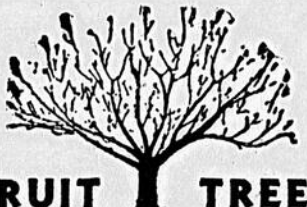

The second half of the weekend doubleheader will see Westmount taking on Toronto Barbarians on Sunday at the same park with kickoff scheduled for 1:00 p.m.

Admission to both games is free and Westmount invites all spectators and new players to attend both matches.

Now that the popularity of English Rugby has grown with such leaps and bounds in Toronto, Ottawa and Montreal in the last few seasons, most competing clubs have a mixture of both top

notch English Rugby talent and Canadian Football stars making the game all the more a good spectator sport in this country, and according to reports, in the United States as well.

England defeated Scotland, 9-2, in a women's field hockey match at Wembley stadium before a crowd of 45,000. Stadium officials said it was a world record attendance for field hockey.

## Tom Gard's Note Book

Some months ago I handed out a tip as to how one might antique an old picture frame. This must have aroused considerable interest for the matter has continued to pop up from time to time. It is a pleasure to repeat the formula.

### TO ANTIQUE A PICTURE FRAME

Old picture frames, heavily ornamented with deep carvings are ideal for the purpose. In applying the glazing fluid the trick is to brush it on evenly, then wipe off immediately by working from the centre towards the edges, or removing it from the high points of the

carvings. A light coat of varnish gives the finishing touch.

### BEDROOM SCREEN

We have a new neighbour on our street. He turns out to be quite handy with tools. His first job after moving in was to construct a fine bedroom screen using B.C. Fir Plywood, and when finished he started to construct a second one for his sister, but this time he utilized scrap wood from packing cases. It is a question which is most attractive.

### BIRD FEEDING STATION

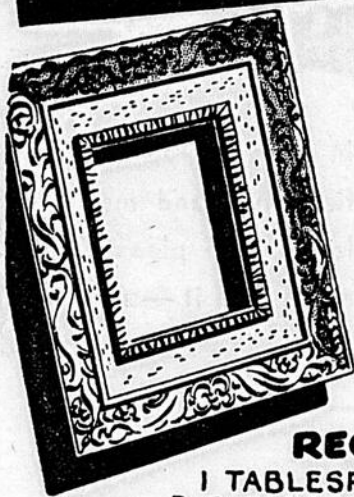

A naturalist friend has constructed a bird

feeding station from an old piano seat, the top being of glass to permit full view of the birds. An old coffee table might serve the same purpose. He endeavoured to impress upon his visitors that the closed end should always face the prevailing wind as this prevented the feed from being blown away.

### STRETCHER FOR SOCKS

Necessity is the mother of invention, so my friend George turned a coat-hanger into a stretcher for socks. To make it more attractive he gave it a coat of enamel by simply dipping it in the can and then hanging it up to dry.
