Annual Meeting Women's Auxiliary Barrie Memorial Hospital Shows Good Year

The seventh annual meeting of the Women's Auxiliary of the Barrie Memorial Hospital was held in the Hospital Board Room on the afternoon of February 25 with the President, Mrs. A. A. McCormick, in the chair.

Mrs. Wm. Graham, Dewittville, handed in her resignation. The president expressed regret that ill health had made it impossible for Mrs. Graham to continue the work that she so willingly and efficiently has done.

Mrs. Armand Brunet and Mrs. J. A. Davidson were appointed delegates to the convention of the Provincial Association of Hospital Auxiliaries to be held in Montreal, on March 12.

The reports of various committees were read and approved. The Secretary, Mrs. Hamilton reported —

The following is the seventh annual report of the Women's Auxiliary of the Barrie Memorial Hospital for the year 1956-57. It is interesting to note that the first annual meeting of our Auxiliary was held six years ago today. The membership has increased from 344 members and 4 Life Members to 825 members and 9 Life Members during that period.

Ten monthly executive meetings were held in the past year with an average attendance of nine members. In addition three general meetings were held which were open to all members and interested friends. At the annual meeting in February Mrs. McCormick our president, spoke on Bursaries for student nurses. At the June meeting Mrs. Sauve and Mrs. Ross Bryson gave reports of the Provincial Convention of Hospital Auxiliaries held in April which they attended as delegates. Mrs. Handfield was the guest speaker at the October meeting.

One of the first items of business transacted at the beginning of the new year was changing the time for the monthly meetings from 3 p.m. to 2:30 p.m.

In the month of April four of our members attended the 4th annual Convention of the Province of Quebec Association of Hospital Auxiliaries held in the Y.W.C.A. in Montreal.

As in previous years the big money making events were the Tag Day in June, the Bazaar and Supper in September and the Raffle in October.

An important step was taken by the Auxiliary when a Bursary Committee was appointed and a fund established to help a student nurse train for the profession.

Several worth while contributions have been received, viz: In the month of May the Chateauguay West Card Club made a cash donation of $44.00 requesting that it be used to buy bath sets for the Nurses' Residence and ash trays for Private patients.

The Ormstar Chapter 36 Order of the Eastern Star and the Ormstown Board of Trade saw fit to contribute $40.00 and $25.00 respectively to the Bursary Fund.

The sum of $500.00 has been sent in by Howick Branch towards the payment of their project, the food conveyor.

The Auxiliary is indeed grateful for these generous cash donations. Where there are receipts there are likely to be disbursements as shown by the following —

Purchased for private patients' use: 8 complete sets of stainless steel, each consisting of tea pot, coffee pot or water jug, cream and sugar, soup tureen and toast cover and eight trays.

An Isolette — a very efficient and modern incubator for the nursery.

$1,000.00 installment paid on Auxiliary Lighting System.

Silver spoon from Birks for Baby Dumas, the first baby born in 1957.

Money paid out for labor on blanket cupboard.

Under the capable leadership of Mrs. McCormick all departments functioned smoothly and efficiently.

The following figures testify to a busy and profitable year:

Total receipts	$ 3918.47
Total expenditures ..	3574.42
Balance	$ 344.05

Respectfully submitted,
Mildred Hamilton.

The Treasurer Miss Marjorie Roy reported total receipts for the year of $3918.47 and expenditures for the year of $3574.42 leaving a balance on hand of $344.05 — also a balance of $65.00 in the Bursary Fund.

Mrs. Rember gave the report of the service committee which showd a profit of $28.01; she expressed a warm "thank you" to the service committee members for their fine co-operation in

Canvassers Named For Blood Donor Clinic Drive

The Annual Meeting of the Quebec Divisional Council of the Canadian Red Cross Society was held at the Windsor Hotel, Montreal, on Thursday, Feb. 28, 1957. Two representatives of the Huntingdon Branch attended this meeting, at which reports were presented by the heads of the following departments: Water Safety, Veteran's Welfare, Women's Work, Disaster Services, Home Nursing and Loan Cupboard Service, and Blood Transfusion Service. One could not help but be greatly impressed, not only by the large scope of the activities of our Canadian Red Cross Society, but also by the attendance there of delegates from all sections of our Province, e.g. the Magdalen Islands, and Port Danial, Gaspe Peninsula. (The lady from the Magdalen Islands had flown to Montreal that morning, accompanying a young child patient for the Crippled Children's Hospital). The amount of work involved and the organization behind it all are tremendous. One cannot help but admire the self-sacrificing spirit of the volunteer workers, who give so nobly and freely of their time and energy to such a worthy cause as our Canadian Red Cross Society.

On Tuesday, March 19, at the Legion Hall, from 2-5 in the afternoon and 7-10 in the evening, the people of Huntingdon and district will have an opportunity to help in a tangible way, by being volunteer blood donors at the Huntingdon Blood Donor Clinic. This Clinic is held once a year only, for the purpose of replenishing the supply of blood, which is given free of charge to any person needing it at any hospital listed under the Red Cross Blood Transfusion Service. Our own Huntingdon County Hospital receives its Blood Bank in this way. Anyone in good health who is between the ages of 18-65, can become a Red Cross Blood Donor. The whole procedure is prefectly harmless and simple, and will take but a few moments of your time. Some 600-800 people in our section of Quebec require transfusion each and every week of the year. It could be you — or someone else. We must do our part by helping to keep the supply of blood available to any who may need it, whether by emergency or by planned transfusion. Your chance is here to become a donor. Call your canvasser and make your appointment for the Clinic, Tuesday, March 19, at the Legion hall, from 2-5 in the afternoon and 7-10 in the evening.

If you are by any chance not called by your canvasser, and would like to be a donor at our Clinic, a phone call to the canvasser on your street or area, will put your name on the list. You may if you wish, signify your preference as to time. If you have been a donor previously to the Red Cross, bear in mind that special buttons are given after the 3rd., 6th, 10th, and 20th donation. After the 20th donation, the donor is entitled to receive an engraved certificate signed by His Excellency the Governor-General of Canada.

The following is a list of the members of the Committee, and of the canvassers and the districts or streets where they are soliciting for donors. Will the canvassers please try to complete their lists by Tuesday March 12th, and report to the committee member by that date.

The Boy Scouts Association Card Party

The annual Huntingdon Boy Scouts Association Card Party was a very successful event which was held at the Legion Hall on Thursday, February 28th. There were twenty-eight tables for Military Whist. The Scout Group Ladies' Auxiliary with their president, Mrs. K. M. Ferns, are to be congratulated for the extremely efficient manner in which the party was conducted Mr. Gordon Ferry and Mr. Reg. Daniel very kindly offered their services to help get the party underway. Thanks of the Association are due the Legion Branch and Legion Auxiliary for the use of the Hall and the many other kindnesses shown.

The following is a list of prize winners — Chair Prize, Mr. Wm. Arthur; 1st prize, Mrs. F. Mason, Mrs. G. Bulow, Mr. and Mrs. C. A. Lewis. 2nd prize: Mr. N. Stark, Miss Ida Anderson, Mrs. R. The Association is grateful to the following for generously donating prizes: Riverside Motors, Huntingdon Motors, Webber's Jewellery, Booth's Florists, Braithwaite Bros., The Ladies' Auxiliary, members of the Group Committee and Mrs. Robert Milne.

Icy Roads Cause Of Accidents

Another rash of accidents occurred the past week, mostly due to icy conditions of the roads.

On Thursday afternoon, February 28th, at about 4.10, Lorne McIntyre, driver for F. C. Moore's Transport, was backing out of the driveway at Moore's farm, Fairview Road, onto the road, when a school bus collided with the front end of it. The bus was driven by Andre Riel and owned by A. Taillefer, and was coming over the hill, but could not stop on account of the ice on the hill. It collided with the truck, turned it around and the truck struck a tree. The bus ended up in the ditch and crosswise on the road. There were ten children in the bus at the time, but fortunately none were hurt. However Lorne McIntyre suffered a dislocated shoulder. Damage to the truck was estimated at about $2200.00 and to the bus at about $1,000.00.

On March 1st, at about 10.30 a.m., a Canada Bread truck operated by Willis Bott, was parked on Route 14 while the driver was making a delivery. A car driven by St. Mary Cyrille of St. Antoine, was coming along toward the parked vehicle and on turning out to pass the truck, noticed another vehicle coming from the opposite direction. Cyrille tried to stop, but due to the icy conditions was unable to and hit the back of Canada Bread vehicle. Damage to the bread truck was about $35.00 and to the car about $150.00.

On March 1st, at 11.15 p.m. an accident occurred on Meikle's curve near Ormstown, on Route 4. John D. Rankin, R.C.A.F., Trenton, with passengers Miss Sylvia Baird and Miss Helen Zoma, Bagdad, Iraq, students of the Teachers' School, Macdonald College, were driving along this part of the road. The car struck an icy spot and went out of control, narrowly missed a cement bridge, struck a stone and jumped to the left hand side of the road and hit a tree. Miss Zoma suffered head injuries and was taken to Barrie Memorial Hospital, Ormstown. The other two suffered minor injuries. Damage to the car amounted to about $700.00.

Const. H. Hirsch investigated the above accidents.

The police also wish to inform the public that there has been no extension period allowed on car licenses this year so far. Therefore any car carrying 1956 plates, the driver or owner is liable for prosecution.

Prize Lists Out For Ormstown Exhibition

Mr. Carlyle Dickson, secretary-Treasurer of the Live Stock Breeders' Association of the District of Beauharnois, Inc., has just received the 1957 Prize Lists for the Ormstown Exhibition from the Huntingdon Gleaner. He said that all of the Prize Lists would be mailed by Wednesday of this week and hoped that the many exhibitors planning to make entries would be prompt in returning their entry forms to his office.

The Prize lists this year contain 52 pages and have a blue cover. There have been additions to some of the classes.

The Ormstown Exhibition is being held during the first week of June. The official opening will be on Wednesday evening, June 5th. The Horse Show is being held each evening and on Saturday afternoon, June 8th. It is expected that there will be a very large representative entry from Eastern Canada at this show.

FIRST PUBLIC CLINIC FOR EYE EXAMINATION

The first public clinic for the examination of eyes was held in the Court House, Huntingdon, on Tuesday afternoon, February 26. This clinic is jointly sponsored by The Canadian Institute For The Blind and the Department of Health and Welfare, Province of Quebec.

Some forty youngsters were brought from all parts of the county for the free examination. Twenty-two youngsters had been examined that morning in Ormstown and with the group in Huntingdon, it was discovered that there are three or four youngsters who will require operations to rectify their eyesight. The clinics will be held twice a year and the main object will be to prevent blindness.

Above are some of the officials grouped about Dr. Jacques Noiseux, Department of Health, Quebec, who is examining the young lad. With Dr. Noiseux are Miss Gerry Courtois, nurse; Mrs. J. A. Boyer and Miss Mary Thompson, nurses; Mrs. James Barrett, Secretary of the Canadian Institute For the Blind, Huntingdon, and G. A. Corbeil, Field Secretary Canadian Institute For The Blind for the District of Beauharnois.

"Education Week" 1957 At Huntingdon High School

Education Week, 1957, marks a year of real growth in Huntingdon High School. The school board, the staff and the pupils have undertaken numerous projects which were designed to help pupils keep up with the great growth in Canada as a nation and with the growth in Canadian educational practices.

In any school the quality of the instruction is of greatest importance. What pupils learn in school depends on many things. How they feel about school is the most important of these factors. The teacher's knowledge of the courses, his knowledge of interesting and effective means of presenting the material, and his understanding of the psychology of learning are important in determining how pupils feel about school. During the past year the teachers of Huntingdon High have participated in in-service improvement courses, have done professional reading and have extended their use of audio-visual aids to improve their ways of teaching the pupils. The school board has provided teachers of new courses in Physical Education for pupils in Grades 5 to 9 and Music in Grades 2 to 9. Class teachers have placed more emphasis on the values to be derived from instruction in Art. At the high school level, attention has been placed on social, educational and vocational guidance, and new courses in Biology and North American Literature have been introduced. Instruction in woodworking has been extended this year. During the coming year these new areas of emphasis will be strengthened and particular attention will be paid to the currently prominent educational topic — provision for individual differences.

Much has been done by the school board to improve the school facilities. Last Summer four rooms were colorfully redecorated. Early in the Fall plans were laid for making a five room addition to the school with other changes to provide better washroom and lunchroom space. Work is proceeding on these plans and detailed drawings and specifications are expected in a very few weeks. New teaching aids have been provided — a filmstrip projector, a radio and a record player among them.

The health of the H. H. S. pupils has received much attention. The Health Unit has provided anti-smallpox and anti-tuberculosis vaccinations as well as patch tests and medical examination of all pupils. Vitamin capsules have been made available to parents. Very shortly polio immunization will be given to those children in the lower grades who desire it. The conscientious efforts of the Health Unit nurse, Miss Thompson, must be given credit here.

The sports program at Huntingdon High has been maintained this past year. The softball season saw our boys in the Valley finals. Our pupils participated in the Valley track meet. Basketball found both the girls' and boys' teams doing very well, with the boys taking the Valley championship. The hockey teams had several very good games and here the girls' team came through with the Valley championship.

Interest in curling is still low but our boys' team did play exchanges with Ormstown and entered a bonspiel in Ormstown. Within the school there has developed much interest in table tennis. In all of these events emphasis has been placed on developing good school spirit and sportsmanship as the two greatest benefits to be derived from inter-school activities.

The school can offer many opportunities for experience that helps boys and girls to learn how to be mature socially. The publication of the Red and Black, the H. H. S. Annual, last year was one such experience. Acting as hosts to the Provincial Student Council Conference provided another learning experience. The Christmas concert gave opportunities to those interested in music and dramatics. Besides the above, several skating parties and dances have been organized and managed by the pupils themselves, all contributions to the process of growing up socially.

We must at this point express appreciation to parents who have helped out in many ways with school activities. They have provided cars for trips, assisted with food and supervision at parties and aided in decorations. Such help makes it much easier for the school to provide these extra activities for their children. The Gleaner has also given much publicity through news releases and this has contributed greatly to the success of the program.

Although Education Week is a time to survey accomplishments in the field of education, it is also a time of crisis. During March the school board must clarify with its teachers the conditions of re-engagement, including the matter of salary, size of classes and duties. Teachers must weigh the pros and cons of remaining on the staff or changing. These matters bring up the two greatest current problems of school boards — the shortage of teachers and the shortage of money. It is most pointed to quote here from the annual address of Mr. James Muir, President of the Royal Bank of Canada: "Today our educational system is in a state of crisis: and because that crisis is primarily an economic crisis, I believe it to be an appropriate matter for public discussion. I am not here concerned with the content or methods of teaching, for I believe that educational problems can best be solved by the educators themselves. External pressure in these areas, and especially pressure made effective by any degree of jurisdictional authority, is all too likely to be both misinformed and capricious. Our duty as citizens is not to direct educational policy, but to ensure that our educational system is provided with the financial tools to the job which, in the next ten years or so, it will be called upon to do.

"The expansion required will undoubtedly create problems in financing of additional plant and equipment. But I am inclined to believe that the most pressing problem today lies in recruiting and retaining staff."

The slogan of Education Week is "Education is Everybody's Business". There is also the saying that everybody's business is nobody's business. While people spend three of four times as much on cosmetics as on education, and permit the herding of thirty-five to forty-five pupils in a classroom and expect a teacher to keep close contact with each pupil's work, it is obvious that the condition of our schools is not everybody's business. When all people do show concern and a better scale of values, the two major problems of school boards will be eased and the welfare of children will be greatly improved.

LONG WAY HOME

GRIMSHAW, Alta. (CP) — Mr. and Mrs. R. Hupfer were in Edmonton when they got a report of icy road conditions, so Mrs. Hupfer took a plane and her husband drove his car. He got home 24 hours before his wife, whose plane was twice rerouted because of weather.

VEHICLE MUSEUM

GRANDBY, Que. (CP) — Mayor Horace Boivin says steps are being taken to establish a museum here for early models of streetcars, locomotives and automobiles.

Mrs. A. B. Boyce Oldest Living Graduate McGill Normal

An article in a Montreal Daily newspaper, on Friday, March 1st, in connection with the centenary celebration at the McGill Normal School has aroused much interest here. With the article is shown a photograph of Mrs. Lachlan Van Vliet, well known to most people in Huntingdon and district. The caption under the photograph claims Mrs. Van Vliet, who is 91 years of age, is the oldest living graduate of the old Normal School. She started her teaching career in 1884 at $300. a year. The article in this same connection makes the same statement.

Several persons called the Gleaner's attention to this article and pointed out that Mrs. Annie Blaik Boyce, mother of Messrs. George and Charles Boyce, should be entitled to this distinction.

On April 28th, Mrs. Boyce will be 94 years of age. The Gleaner checked with the Boyce family and they produced documents which showed that Mrs. Boyce was also a graduate of McGill Normal School and received her diploma from that institution in 1884, but had been teaching for one year previous to that. It was required that one year teaching be done before receiving the diploma.

Thus by her age, she should be able to claim the distinction of the oldest living graduate of the McGill Normal School. Both Mrs. Boyce and Mrs. Van Vliet know one another well. Mrs. Boyce is not as active as Mrs. Van Vliet, but of course there is the slight difference of a few years in their ages.

Clydes Reach Finals--Lose First Game

Paced by 17-year-old M. Mainville with two goals and one assist, Noel Curran with three assists, and a goal by Earl Elder, Huntingdon - Clydes defeated Huntingdon Bombers 3-2, Wednesday, Feb. 27th, in a fast and exciting hockey game in Ormstown Arena, thus winning the semi-finals two games to one, and earning the right to meet Ormstown Braves in the finals which started Monday, March 4th.

Bombers opened the scoring at the five-minute mark on a goal by Gerry Brisebois, but Clydes evened it up when M. Mainville scored. Near the 18-minute mark Clydes were penalized and Bombers took advantage of the extra manpower when Lucien Monique scored their second goal and the period ended with the Bombers leading 2-1.

Both teams tried hard to score in the second period and some real good hockey was produced. Brethour and Primeau were unbeatable and the period ended without a tally.

Early in the third period Earl Elder, on passes from Mainville and Curran, tied the score at 2-2, then at the 16-minute mark M. Mainville scored his second and the winning goal on passes from George Stark and Noel Curran to put Clydes one up. Bombers tried hard to tie it up and put the game into overtime, but Bob Primeau proved equal to the occasion and the game ended in a score of 3-2.

The game was efficiently handled by M. Lafleur and Rene Senecal.

SUMMARY
1st Period

1—Bombers: G. Brisebois (Ouimet) 5.00
2—Clydes: Mainville (Curran) 10.00

Ladies' Auxiliary Huntingdon County Hospital Shows Good Balance On Hand At Meeting

Approximately 50 members of the Ladies' Auxiliary of the Huntingdon County Hospital met at the Masonic Temple at 8 p.m. on Monday, March 4th, to receive the reports of the past year. Mrs. W. U. Hughes presided.

Rev. W. S. Hatcher opened the Meeting with prayer.

The President, Mrs. W. U. Hughes, welcomed guests and members and read a letter from Dr. Gordon McCrimmon expressing his regret that due to the fact that he had to be out of Town on March 4th he had to forego the privilege of addressing the Auxiliary. He stated that he had prepared a report which Mr. Hughes kindly offered to read for him.

The Secretary, Mrs. George Collum, stated that since the time of the last annual meeting on April 9th, 1956, two regular meetings had been held, and 7 meetings of the Executive and Representatives of the various committees.

Treasurer's Report — Mrs. W. K. Philps reported a balance in the bank of $1,023.02 after the bill for the dividing curtains in the wards and a few outstanding bills are paid.

Membership — Mrs. Lucien Galipeau expressed her regret that 168 of those listed in 1955 either forgot or neglected to renew their membership in 1956 and said that we are looking forward to having them rejoin our ranks in 1957 as Associate Members if they feel incapable of being Active ones. We now have 284 Paid-up Members.

Sewing — Mesdames W. Harper, Mary White and John Antoine thanked all members with special mention of Grange members and Mrs. Whitehead for the invaluable help given them in the way of making new garments, mending, etc. She stated that 724 new articles had been made and 533 mended, approximately 300 sewing hours.

Service Committee—Mesdames Arnold, Dumouchel and Goodall

Chateauguay Mock Fashion Show Most Entertaining

On Friday and Saturday, March 2nd and 3rd residents of Chateauguay and people from as far as Montreal, Huntingdon and Valleyfield flocked to see a Fashion Show more striking and original than anything Paris, London or New York have to offer.

Miss Mimi Frou-Frou, a famous couturière from de Salaberry de Chateauguay, brought her latest collection of utterly fabulous creations, which were modelled in an outstanding manner by her group of high-style models, who were out of this world in appearance and presentation.

Seldom has such a group been seen in this locality, and we venture to say that it is unlikely we shall ever again see anything approaching this exotic display. Besides adults, Mlle Frou-Frou brought along a most charming group of child models, whose aplomb and sang-froid were amazing.

Mlle Frou-Frou's own appearance was outstanding and was as foreign to Chateauguay as any Hottentot's would have been. The delightfully accented voice in which she spoke, the sparkling wit and graceful phrases used in her commentary were all like something from another world.

Mlle Frou-Frou had a few words to say about present style trends before displaying her collection, and seemed to be rather worried about hem lengths, but from what was shown to her fascinated audience we could see that this designer was ready for anything. One noticeable feature was the absolute rightness of each creation for the model displaying it. The sports clothes were shown to advantage on models who obviously had nothing to fear from feminine competition on the sports field and the happy smiles of anticipation on the "ladies" wearing the maternity outfits were something to see. For the more sophisticated, Mlle model Marcia Lepine, struck a ringing note, and the signified matron could not help but wonder how she herself would look in the suits and gowns displayed by models Joanne Adams and Bernice McGregor. The younger set were shown how utterly charming and feminine they could appear in dresses modeled by Isabel Smith, Kathryn Smith, Elsie Moore, Gisele Johnson, Betty Webster, Marlene White and Gloria Modeland.

The busy Clubwoman could look both original and efficient if she copied the appearance of Julia Ingram, Heather-Mary Cassidy and Brenda Winkler. As for the children, it can be truly said that no children like these have been seem in Chateauguay till now. Joannie Buyant was the delight of all eyes in her charming little outfits, and Frances Cassidy, Judy Lecuyer, Helen Winkler were all amazing to behold.

The show closed with the usual bridal group and Gisele Johnson made a charming bride as she modeled her exquisite gown with poised dignity and grace. As the bride's mother, Heather-Mary Cassidy was the picture of middle-aged charm and any bride would be glad to have such a prosperously solid-looking father as Bryce MacGregor. Joannie Bryant was as pretty as a picture as the flower-girl and the two junior bridesmaids, Judy Lecuyer and Helen Winkler wore charming dresses with a most insouciant air.

The Show was sponsored by group 7 of St. Andrew's W. A., under the Convenorship of Mrs. W. A. Winkler. Mrs. Winkler's Group 7 consists of the following members of the W. A. Mrs. R. Artagnan, Mrs. D. Currie, Mrs. F. Bignell, Mrs. H. Grimes, Mrs. H. Lewington, Mrs. F. A. Low, Mrs. E. B. Paterson, Mrs. R. Pritchard, Mrs. C. Rowe, Mrs. S. Modeland, Mrs. F. MacDonald, Mrs. E. Moore, Mrs. V. Winkler, Mrs. J. Wood, Miss W. Hay, Miss H. Cassidy.

Mrs. Winkler and her Group extend their most hearty thanks and appreciation to all those whose help was so freely and enthusiastically given and who helped to make this event such an outstanding success.

The Commentator and her models were as follows: Mlle Mimi Frou-Frou, Noel Walsh; Joanne Adams, Mr. G. Adams, Joannie Bryant, Johnnie Bryant, Frances Cassidy, Ferns Cassidy; Mrs. Heather Mary Cassidy, Mr.

MEN CAN MODEL FEMININE CLOTHES TOO

A delightful Fashion Show was held under the auspices of the Women's Association, Group 7, of St. Andrews United Church, Chateauguay, on Thursday, Friday and Saturday of last week. Nearly 30 models paraded before the large audiences each night displaying many of the latest fashions of Mademoiselle Mimi Frou-Frou of Salaberry de Chateauguay. Upper left hand corner are the four Chateauguay Charladies, who sang several songs. The group consists of Margie (Lee Gilbert), Annabel (John Mang), Caroline (Ronald Schurman) and Sassofras (Norman MacLeod). The lower left hand corner shows Mademoiselle Mimi Frou-Frou speaking during the fashioning of one of her creations. The balance of the pictures are of the various models who took part in the fashion show.

Round Byre AND Ring

By Frank Napier

Recently J. A. (Jack") Brown, of Glenelm, veteran Holstein breeder (doubtless the oldest Holstein breeder—in point of herd age—in this area, perhaps also in Quebec) loaned us a copy of Holstein-Friesian World, the Holstein breed publication of the United States.

In that issue, the leading article was authored by J. M. (Jack) Fraser, of Spring Farm, Streetsville, Ont., a mutual, long time, esteemed acquaintance of both Jack Brown and this writer.

Speaks from Experience

The above named article is titled: "Jack Fraser Speaks from Experience on Developing a Purebred Herd", and in that connection, the Editor of Holstein-Friesian World had this to say: "The author is one of Canada's most successful Holstein breeders, whose Spring Farm bloodlines have made show ring history in Canada and the United States, and enjoyed keen breeder demand from all over the world. This is the text of his talk before the 1956 New York Breeders' Institute meetings." (end of quotation).

Space does not permit of our reproduction in full the above mentioned article, or rather address, by Jack Fraser, of whom it might be said: "He speaks whereof he knows". Suffice it therefore to give a few of the highlights, albeit quite inadequately in view of Jack Fraser's sound reasonings, conclusions and advice. Moreover, they are by a man who has worked up to his present eminence as a Holstein breeder, from scratch, or rather from being, at the start, just an ordinary farmer.

Only Those Interested

In his introductory comments, Mr. Fraser, said: "If you are not keenly interested in farming and take no great delight in livestock then this business is not for you! Success here, as in any other venture, requires genuine interest. If you like the work, however, agriculture and livestock breeding, the oldest and most essential industry in the world, offers great satisfaction, modest financial security, and abundant opportunity for worthwhile achievement."

City Farmers

Later on he says: "That Agriculture is an interesting business is indicated by the fact that many wealthy industrial leaders, after they have made a fortune, like to put some of their money in a farm simply for the pleasure they derive from it. These city farmers, while they do not always do things in a practical or profitable way, do contribute a great deal to agriculture, and I say 'More power to them!' They contribute to the nation's food supply, rebuild rundown farms and improve the buildings, experiment with new methods of farming, and many of them have made real contributions to the development of better strains of livestock.

Practical Farming

"These are not the farmers I am concerned about in my remarks today, however," continues Mr. Fraser, "but rather the honest-to-goodness farmer who makes his living from the farm, and particularly the dairy cow, and who is a part of the community in which he lives. I believe that in starting to farm we must adapt our farming method to our land, our location, our markets, type of soil, buildings, etc. We do not need expensive land to breed livestock provided there is a market for our milk, the most important source of income of the dairy farmer.

"I would say that there are two kinds of farm that can be profitable and practical. One is the small family unit where one starts small and is self-contained as to labour, etc. You might have to have some custom work done. In this case the income is smaller, but the expenses are too.

"The other method of operating, where one is financially able, is a larger set-up permitting different types of farming intensively. The trend is to this type. It requires larger machinery and enough land to support it. A good dairy herd may be the chief source of income. From this you may build the fertility of the soil without purchasing too much expensive fertilizer. Your legumes help to build up the land and produce high-protein feed for your cows. This puts your land in shape to grow any cash crop that does well in your locality. From this we get crop-rotation, which I think is the secret of good farming. With the small margin of profit for farmers today we must have the most economical production possible, and good farming methods are essential for this. I have known farmers who handle their land well and have good crops, but who have poor livestock, badly managed, and who scarcely make a living. I have also known breeders who cared for their livestock well, but who used poor farming methods. The margin of profit was very small, also. The two must go together." (end of quotation).

More Anon

But we have almost reached the end of our allotted space for this week. However, in a later issue we hope to be able to give a digest of Mr. Fraser's comments regarding: A Family Unit; Practical Dairy Breeding; Why it is better to buy cows; Cow care; Don't pamper heifers; Winter exercise; Culling; Showing cattle, etc.

Advertising Pays

In conclusion we might quote an item or two from "Advertising Pays" by Allen N. Crissey, which also appeared in the Holstein-Friesian World: "Now is the time for all good men to come to the aid of their party. Now is the time for everyone to step forward and be counted as a contributor to milk advertising—a stupendous campaign which is gathering momentum.

The dairy man is good and mad
Because the surplus is so bad
The madder he gets, the more he cries,
The more he'll spend to advertise.
And in the end he'll 'cook the goose'
Of Coke and Coffee and orange juice.

"Advertising in commanding amounts has enabled various drinks and juices to capture an increasing per capita consumption during the past twenty years. *Milk, at last, is advertising, enough to be noticed. Let's keep at it, expend it; let's have confidence in it. This I say because advertising is an investment, not an expense".

(*Refers, of course, to the United States, but probably similar, to some extent, perhaps on a more extensive scale, to that of Dairy Farmers of Canada. F. N.)

Chateauguay

CHATEAUGUAY — The Heights Badminton Club had a very full day on Saturday, Feb. 23rd. Malone Badminton Club were invited for a friendly return visit in the afternoon and to supper in St. Andrew's Memorial Hall after the match. In the evening, Valleyfield and Beauharnois Clubs joined in the fun and attended a dance at the Heights Recreation Club. The Club was decorated with Valentine motifs, which were both charming and amusing and reflected great credit on the patience and ingenuity of those responsible. Dancing to Fank Moddler's Orchestra continued until 1.30 a.m., after which music was provided by hi-fi records. Mr. David Currie acted as M.C., Mrs. Bryce MacGregor was the lucky winner of both first and second drawing prizes—a foam-rubber pillow and a plant stand.

Personals

Sympathy is extended to Mr. and Mrs. B. Boyle on the recent tragic death of their baby son, also to Mrs. John MacDonald on the death of her Mother, Mrs. Holly Fiske.

Miss Beth Sanders, accompanied by Miss G. Rourke left by air on Thursday, Feb. 21st., for a short holiday in Trinidad, Nassau and Bahamas.

Congratulations to Flight Lieutenant and Mrs. G. V. Frostad (neé Jean Richardson), on the birth of their son on Feb. 12th, 1957, at the Montreal General Hospital.

Best wishes for a speedy recovery to Mrs. Stanley Best, who underwent surgery on Tuesday, Feb. 19th, in Montreal General Hospital.

Mrs. G. S. Adams and Miss Edna Reid entertained on Sunday, February 24th, at a tea for Miss Anne Sproule. Miss Sproule, who is well-known in Chateauguay for her work with children in Julius Richardson Convalescent Hospital, is leaving shortly to take up residence in Hamilton, Ontario. Her many friends wish her success and happiness in her new home.

Bobby Moore and Donald Hamilton two of Chateauguay's Badminton players have left for Kitchener, Ontario, where they will be playing in the Dominion Championships. They will be away for one week. Bobby, who already holds a Provincial title, was the winner in the singles on Saturday, Feb. 24th, in the Montreal and District Championships, he and Don Hamilton also won the doubles.

Glad to hear of Mr. Hartland Page Powell's convalescence from the operation he underwent on Tuesday, Feb. 19th, at Royal Victoria Hospital and wish him a speedy return to health.

Scouts, Guides, Cubs and Brownie Activities.

Members of Chateauguay's recently formed Cub Pack attended Church Parades on Sunday, February 24th. Under the leadership of Mr. Earl Way, a group attended morning service at St. George's Anglican Church, where the Cub Standard was dedicated by the Rev. B. Valentine, and a further contingent under the leadership of Mr. Stan Dombroski went to St. Andrew's United Church for morning service.

A Mother-and-Daughter Banquet was given on Friday, Feb. 22nd, in St. Andrew's Memorial Hall by the Local Association, under the Convenorship of the Chairman, Mrs. H. P. Rowell and Secretary-Treasurer, Mrs. R. Lecuyer. This event was held to commemorate "Thinking Day", which this year coincided with the 100th Anniversary of the birth of Lord Baden-Powell, Founder of the Scout movement. About 60 Mothers and Daughters attended and the guest speaker was Mrs. Ward, Commissioner of Riverview Division, Montreal, who spoke on the meaning of "Thinking Day". Guests at the head table included Mrs. H. P. Rowell, Mrs. R. Lecuyer, Mrs. G. Airlie; Brown Owl—Miss Selena Lang; Towny Owls—Miss Frances Watt and Miss Margaret Reany; Mrs. Ward; and the Girl Guide Captain, Miss Edna Reid.

The tables were beautifully decorated in the Guide colours of blue and gold, with gold Trefoils—the Guide emblem and yellow daffodils and purple iris. An enormous cake, appropriately decorated with Guide emblems also formed part of the decorative scheme. The officers of the L.A. express their most grateful thanks to Mrs. James Lang, Mrs. Irven Watt, Mrs. Stanley Reamy, Mrs. Lee Gilbert, Mrs. Ida Darlington and Miss Judith Low for the help these ladies gave in organizing and preparing the banquet.

Home and School

One of the most successful Military Whists ever to be held in Chateauguay took place on Wednesday, Feb. 20th, in Julius Richardson School Auditorium. There were over 120 people present, and as this is the only money-making event the Home and School Association undertakes during the year, it was very gratifying to see the good response. The winning table was captained by Mrs. A. McNeil, with Mrs. P. Fernandez, Mrs. C. MacMahon and Mrs. W. Lobban as her team. The first raffle prize of a G.E.C. Electric kettle was won by Miss Janie Adams; second, a hamper of groceries, went to Mrs. Ross Lang. There were very many beautiful door prizes and as usual, quite a good sum resulted from the sale of candy and soft drinks. The committee is to be very heartily congratulated on the success of this major event in the Association's year.

The next attraction to be provided by our Home and School Association is an Ice Carnival to be held on March 9th, when a Carnival Queen, chosen by the Students from one of themselves, will be crowned. There is to be a Father and Son Hockey Match and a Mother-and-Daughter Broomball game. A very welcome innovation is the "family" supper. A team supper will be served at a small charge per family, which all feel will be a big attraction to those parents with several children. Following supper and the ball-games, there will be dancing on the ice and in the School Hall.

Julius Richardson School Staff were the hosts at the regular bi-monthly meeting of the Chateauguay Valley Teachers Association, on Thursday, Feb. 21st. The guest speaker was Mrs. Heslam, her subject being "The Retarded Child". The meeting adjourned to St. Andrew's Memorial Hall at 6.30, where a delicious supper was served by the ladies of St. Andrew's W.A. Following supper, the meeting continued in the School Hall.

Doing A Good Job

THE winter so far as been one that has seen very little snow, but an accumulation might have been possible with what has fallen. In looking around the streets in Huntingdon, it is to be noted that they are very clear of snow and the accumulation has also been removed from alongside the sidewalks. This keeping clear of the snow off the streets will mean much when spring actually arrives, for the streets will dry up more quickly.

It goes to show that if the snow is removed after each storm, there is less difficulty with ice forming on the streets and sidewalks. The town workmen have done a really good job this winter and such work will show results when spring actually arrives. Barring a heavy fall, or falls of snow during the balance of the winter months, we believe everyone will walk on clean sidewalks at the time of the thaw. In the past there has been much slopping along in water over the boot tops and wrenching of ankles when it froze at night.

This experience is a point to be borne in mind by the council and the further consideration of the combination machine which has been demonstrated. With such a machine part of the equipment of which is a snow blower, it would be possible to clear all the streets after each snowstorm and keep them in first class condition.

The Annual Red Cross Campaign

THE work of the Red Cross was brought home to us early this winter when the disastrous fire occurred in Valleyfield. This disaster was next to being on our doorstep and we had ample opportunity to observe at first hand what the Red Cross does under such circumstances.

If anyone entertains any doubt as to the work of the Red Cross and how the money is used that is raised by public subscription, this one example should be sufficient to dispel it. It is not always in war time that the Red Cross is of service. There is a mistaken idea that the Red Cross is only beneficial when a war is on. When there is a war the burden is much heavier and consequently more urgent calls are made for assistance. The Red Cross is just as much a peace organization and there are many works which it performs.

Starting on Monday, the annual campaign to raise funds will commence in the Huntingdon area and canvassers will be out throughout the district calling on all citizens to give as generously as possible to this very worthwhile cause. Every contribution is needed in order to be prepared for just such emergencies as that at Valleyfield. It can happen here too, and we feel sure that under such circumstances, the people here would want to have the assistance of the Red Cross. However, we will all be just as well pleased if we do not have need for such assistance, yet we should be willing to give all the help we can in case it is needed elsewhere.

The Blood Donor service is another very important task and service which is given by the Red Cross. In remote areas, the Red Cross Outpost is another service to humanity that is appreciated by those people who have no regular hospital facilities. In so many ways the Red Cross is serving humanity, that all the money that can be collected is needed. Therefore, when the Red Cross canvasser calls on you, give generously, will you.

What Does It Take For A Successful Fair?

AT meetings of the Fair Boards and membership of the local Agricultural Exhibitions in this area, the cry has gone up that too much money is spent on entertainment. The fact that such money has been spent is given as the reason why the finances are not what they should be. Those who defend the entertainment say that, were it not for such entertainment, the finances would be worse than they are.

It would seem that there must be a certain amount of entertainment provided in order to attract patrons to the exhibition. This must be true in the fact that all exhibitions seem to provide something along such lines. It is quite doubtful that a purely agricultural exhibition would draw enough people through the gate to even pay a small part of the expenses. The point is that perhaps the right type of entertainment has not been found. By this we mean that if a type of entertainment could be found that would not be too expensive to provide, yet have excellent pulling power, it would be the answer. Possibly something along the amateur line whereby local talent is used, would have far greater gate attraction than professional shows.

Most everyone is acquainted with the rise of the Maxville Fair, and no doubt many of the citizens here have attended this fair in the past years. From that point comes an anouncement that the grandstand, which formerly accommodated 800 people, is to be enlarged to handle 3,000 people and with many improved facilities. This grandstand is to be ready for the spring fair on June 20-21-22, 1957. Maxville has become famed for the Glengarry Highland Games. This certainly looks like progress. It is apparent that the officials have provided a program that has "caught on" with the general public.

Many items have been tried by the Agricultural Fair Boards in this area and while they have had an element of success, the financial gains have been rather disappointing. The thought has run in our mind that perhaps an amateur contest of some kind — fiddling, plays, or vaudeville numbers, might provide more attraction and could be made an annual event in a big way. With such a plan the cash investment need not be too large, but more people would be interested and thereby greater attendance might result. It would be a matter of offering prizes for the winners. The square dance contest seems to provide a measure of attraction, so it would seem that an amateur contest of some other kind could also do the same. Perhaps it would be worth a try.

An Appeal On Behalf Of The Deaf Mute

FORTUNATELY, most people have good hearing, are able to talk and able to see. It would never occur to them, nor could they imagine, what it would be like to be without these precious facilities. Some persons do suffer a slight loss of hearing and these people would better understand what it is like not to hear at all.

In order to talk, one must be able to hear so as to imitate the sounds that are uttered in speech and what goes on around them. If a person never hears such sounds, they cannot imitate them. It is this fact which causes a deaf person not to be able to speak. It is not the fact that they are unable to do so. A child first learning to talk imitates the sounds it hears and thus forms the words of speech. Today, more than ever, it is being learned that deaf people can talk if they can be made to imitate sounds. Many ways and means are used in special schools whereby the deaf are educated to take a place in the ordinary life of the world and to become capable citizens despite their handicap. It is a long and tedious process and it costs much money to bring this about.

The Mackay School for the Deaf, in Montreal, is one such school which is working in this direction and which has obtained excellent results. In olden days a deaf person was classed as a person with no sense and therefore useless insofar as the community was concerned. This has all changed today and it is realised that deaf people can develop their brains and bodies to do the work that other people with all their facilities can do, once they have been specially trained. It is thus that we find deaf persons doing a variety of jobs that they might never have had the opportunity of doing. Unfortunately, also, many of these deaf persons come from homes where the finances are such as do not permit the cost of this special training. Schools such as the Mackay School fill the breach in such cases and permit children to have this training at a time when they are most receptive. However, like anything else, there is a need for funds to carry on the work. At this time an appeal is going out to the general public to donate to this fund in order to carry on the work among these victims so that they may be rehabilitated and fitted to become independent and useful citizens like any other normal person.

Contributions may be sent to Mr. Adam L. Sellar, The Gleaner, Huntingdon, Que., and the names of such donors will be listed in this newspaper as they are received. It is hoped that you may be numbered among those who will contribute. Help of this nature can do much more than just pity. Will you send in a contribution today?

Looking Back Along the Trail

THE FIRST MINISTER OF THE DISTRICT.

Gleaner of April 30, 1908

The records of the coming of the first minister of the District of Beauharnois and those of the organization of the first Protestant congregation, are more instructive than pleasant. In the one is illustrated how drink blasted the usefullness of a capable man, in the other how contributing little towards gospel ordinances and giving that little with a grudge, prevented the healthful growth of religion in the early settlements. The coming of Alexander McWattie started the movement to organize a congregation in Georgetown. He arrived from Scotland in Montreal late in the fall of 1822, with a letter or recommendation to Hugh Brodie of Petite Cote. At that time there was a call for ministers in Upper Canada, where McWattie could have been speedily placed, but there was an insuperable obstacle—he had no credentials, so the clergymen of Quebec and Montreal could not give him the right hand of fellowship. That he had been educated and licensed for the ministry has been mistakenly denied, for there is proof of his having attended arts classes in Glasgow college and his having been licensed by the Old Light Burgher presbytery of the same city. The following year he was inducted as minister over a congregation that branch of the Presbyterian church at Kennoway, in Fifeshire. What followed is unknown but may be guessed, from the entry in the minutes of the same presbytery, that in the spring of 1820 he was suspended from the ministry for drunkenness. After that he probably made a living by teaching school, for when he came to Canada he had the training of a teacher. Unable to place him in the city, Hugh Brodie sent him to his brother-in-law Robert Brodie, in the expectation that he might be of use to the settlers on the Chateauguay. He was made welcome, for they lacked both a schollmaster and a minister. He was of good presence, fresh colored, strongly built, and of free, affable manners. Peter Macarthur gave him a disused shanty as a home, and after new year, 1823, he and his wife, with their baggage, were driven in sleighs. The wife was lady-like and had an air of sadness that was habitual to her. There were no children. An outhouse was given by Brodie as a school, and here McWattie taught the children of the settlement, preaching in it on Sunday. An effort was at once made to erect a church, and a meeting for that purpose was held forthwith. In the Gleaner of the 26th March was given a list of the names of the subscribers and of the steps taken towards building. All went on tolerably well. The church was roughly finished to permit of its use by the close of the year. McWattie, who had up to this conducted himself with passable propriety had then so gross a lapse into his old habit that, the settlers, tho by no means squeamish as to the use of drinks, were shocked. It was at a bee in the first week of December that McWattie got so drunk that he lost control of himself and he was of the class who, when they get a certain length in their cups, become up roarious. On the 5th December the managers met at Mr. Brodie's, William Ogilvie in the chair. After deliberating they decided that McWattie's conduct had been so offensive that they would not permit him longer to conduct service and that a meeting of the congregation be called to decide what should be done. The offender was called in, and the resolution read to him, when he confessed his fault and promised never to be guilty of the like again, expressing his sorrow for the public offence he had given. The managers told him the congregation would have to decide, and on the 10th December it met. It was agreed McWattie should be heard in his own defence, when he made a touching adress, freely confessing his sin, his sorrow, and his resolution to resist temptation. A vote was taken, when a majority agreed to give him further trial, and that he be allowed to open the new church. Two days later the managers met to take the building off the hands of the contractor, Henry Wright, when McWattie asked that he be allowed to occupy one end of it until such time as it was all needed as a place of meeting. The request was denied.

Deadpan Art and Poetry

By LEWIS MILLIGAN

Canadians are becoming culture-conscious—not that they are becoming conscious of their culture, but rather that they have become conscious that they haven't any culture, or not enough of it. they are fully conscious and proud of their agriculture, including the vast forest regions, although they can hardly claim any merit for that possession, having inherited it full-blown from the native Indians. In most other forms of material culture, however, Canadians can justly claim to be in the van of mechanical, industrial and commercial progress.

But Canadians, at least some groups of them, have awakened to the fact or supposition that Canada is sadly lacking in artistic and literary culture. For instance, we are told that we are even behind the Russians in one respect, in that we have no National Ballet Theatre, indeed, no indigenous ballet at all. This at first rather surprised me and I began to wonder what became of the bevies of girls who curvetted in tights at the old Star Theatre in Toronto. But the patrons in those days were not cultured, they didn't know it was ballet and had a rather rude name for the performance. They called it a "Leg Show".

Moreover, Canadians are accused of being behind the times and lacking in aesthetic culture because they have no National Opera House and are deficient in their appreciation and financial support of classical and modern drama. To remedy these and other cultural deficiencies it is proposed that the government appoint a Council empowered and financed to promote Canadian arts and letters. Again I am reminded of the many grand and light operas, and the fine performances of classical and modern plays produced here in Toronto in the old days, which were popularly patronized. Even today there is no lack of such entertainment without bureaucratic direction or subsidy. But times have changed and governments are taking over more and more of the private responsibilities of the people.

We are still far behind Russia in the nationalization of culture, but we are gradually getting there. Already the lack of individuality and creative imagination in modern art, particularly in the deadpan architecture of our big cities, with its emphasis on utility, is preparing the way for the soulless socialist state. The stark angular style of the new office and apartment buildings has even been adopted in the erection of some new churches in Toronto. One would never mistake them for places of worship.

Admittedly I am behind the times and a back number in my taste for other things than architecture. I don't like modern painting and poetry, because they are naither art nor poetry. If I am wrong, then I was cruelly misled at school and in my later studies of art and literature. I am a wretched example of a wasted youth, the victim of archaic teachers and literary standards which I revered and burned the midnight oil to study and emulate. Homer, Shakespeare and all the succeeding stars in the literary firmament have been blotted out by the modern poets—at best they are regarded as curious museum pieces. Samuel Johnson described the poets of his day as a "nest of singing birds." The poets of today would be best described as a rookery of cawing crows. They certainly can't sing. They are cawing to one another in a languarge that only crows can understand. They have drowned out the liquid melody of the thrush singing to his mate in the garden.

Melody is essential to all true art. In poetry, as in music and painting, melody is inspired by emotion and creative imagination, "thoughts that voluntary move harmonious numbers." All else is without form and void. Some years ago I asked Bliss Carman what he thought of the "free verse" writers who were having a field day at that time. "They tell me," he replied, "they are merely giving free expression to their thoughts and emotions. I might express myself completely in a yawn, but you could hardly call it poetry." Yawning is catching, and poets are all bored stiff.

Friends are glad to know that Mr. Bill Sexton is progressing favourably and is now at his home in Nitro after being a patient in the Barrie Memorial Hospital, Ormstown, for several weeks.

The Week At Ottawa

OTTAWA, (CP) — Canada has arranged the biggest immigration airlift in her history to take care of a large share of the 200,000 immigrants expected this year.

The Air Bridge to Canada, a transatlantic air lift of 350 chartered flights for British and French immigrants during the spring and summer months, was announced in the Commons Feb. 28 by Immigration Minister Pickersgill.

He said that within two weeks of the announcement the planes would begin flying immigrants directly to Toronto, Winnipeg, Edmonton and Vancouver. The air passengers will be mostly British.

Departmental officials said the participating aircraft belong to five United States carriers. Three Canadian carriers had also tendered for the job but they had not submitted bids for all Canadian points, and the rates they did submit were too high.

Large Inflow

It was the government's third major announcement on immigration within a week. A few days earlier, it said Canada this year expected 200,000 immigrants—half of them British—for the largest intake since the record 500,000 in 1913.

And Feb. 27 it announced plans for moving to Canada Hungarian refugees now in camps in the United Kingdom, France and the Netherlands. Those in the U.K., who were to travel by sea would begin moving aboard the liner Ascania in late April or early May, and the liner would continue her Hungarian-immigrant runs until November.

Besides announcing the air lift for British and French immigrants, Mr. Pickersgill said the government is continuing indefinitely its charter of two Maritimes Central Airways planes for the Hungarians and has chartered 28 Canadian Pacific Airlines flights to take Hungarians to western Canada points.

He did not say how many would be flown in the ABC operation, as it is called, but said an average of about 70 will be on each flight. That would bring the total for the 350 flights to almost 25,000.

Refugees Free

The government is paying the full cost of the Hungarians' transportation.

A flat rate of $200 has been arranged for the British and French newcomers, regardless of which of the four ABC destinations they choose. But children under two years old would travel at 10 per cent of full fare and those between two and 10 at half-fare.

Canadian and other carriers still are negotiating with the government to fly Hungarians to Canada. Mr. Pickersgill said Canada is anxious to have the Hungarians here quickly so that they can start settling into jobs. The government has frequently stressed that Canada needs more manpower to meet the needs of the nation's capital expansion.

The minister said that "in practice the (ABC) airlift will be largely for British immigrants because, unfortunately, we do not seem to be able to induce very many Frenchmen to come to Canada—a condition I regret."

FISH VS. POWER

Speakers from all opposition parties agreed with Fisheries Minister Sinclair in the Commons last week that power projects must not be allowed to destroy the multi-million dollar salmon runs of the Fraser River.

The Commons also gave second reading—approval in principle—to a bill to ratify an amendment signed here in December to the Canada-United States Pacific salmon treaty. The amendment would put pink salmon under the regulatory jurisdiction of the international Pacific salmon commission, which so far has regulated only sockeye salmon.

On the power problem, the minister said fish experts don't know exactly what can be done to enable fish to pass up and down power dams in salmon rivers without being killed. He reiterated his long-standing view that "we believe no salmon river, and especially the Fraser, should be dammed until all others are dammed."

Opposition spokesmen from all parties said they generally shared the federal determination to preserve the province's salmon industry.

Strong Campaign

Mr. Sinclair said it took a "fishing war" between Canadian and American fishermen to get the treaty years old and remitted in part imamendment signed. He said he encouraged the war and had kept U.S. authorities informed of his policy.

He had encouraged B.C. fishermen to buy 15 old deep-sea seiners in the U.S. The federal government waived restrictions against buying foreign fishing boats more than five years old and remitted in part import duties. Restrictions on B.C. fishermen's gear were lifted.

B.C. fishermen, by going farther out to sea than previously, had increased Canada's share of the pink salmon catch from about 20 per cent to 46 in under two years.

Said Mr. Sinclair: "I assured them (American authorities) also that instead of having a fishing war we would rather have a treaty. If we could not have a treaty, we would have a fishing war."

The "war", he said, led last year to agreement by the U.S. to Canada's long-standing request that pink salmon be brought under the commission's jurisdiction.

FREIGHT RATE AID

Federal freight rate assistance on shipments of prairie feed grain was increased last week. The boosts were aimed at off-setting some of the recent freight rate increases.

The subsidy applies to feed grain moving from the Lakehead to eastern Canada and from Alberta to British Columbia. It was begun in 1941 to encourage wartime livestock production.

Agricultural Minister Gardiner, who announced the increases in the Commons Feb. 28, said that recent freight rate increases had made the subsidy a smaller proportion of total freight costs.

There was no immediate estimate of the cost of the present boost. Subsidy paid in the last crop year, which ended July 31, totalled $17,046,000 on 2576,643 tons of feed grain. The subsidy varies in four main zones: Montreal (covering most of Ontario and western Quebec), eastern Quebec except Gaspe peninsula, the Atlantic provinces and Gaspe, and B.C.

Those who attended the thirty-first annual meeting of the Montreal Presbyterial, Woman's Missionary Society, United Church of Canada, which was held in Wesley United church were, Mrs. Annie Pelletier, Mrs. C. L. Roman, Mrs. Thos. Crook, Mrs. Bob McEachern, Mrs. Allan Molyneux, Miss Anne Wilson and Mrs. Davis of Nitro.

MONEY CIRCULATES

SASKATOON (CP) — The Saskatoon office of the Unemployment Insurance Commission paid out $1,677,386 in unemployment benefits last year. "We consider that most of the money went directly back into circulation, said regional director W. Duncan.

Protection ...at your fingertips

The fireman's hat is a symbol of protection. So is your fire insurance policy.

When fire strikes, alert firemen are soon on their way, accepting risks themselves to protect your life and property. And when fire strikes, fire insurance steps in to offset disastrous financial loss.

Every week, some 1,400 fires break out across Canada. Companies writing fire insurance pay out more than one hundred million dollars annually in claims. And yet virtually all the fires which take the lives of more than 500 Canadians each year are preventable.

Fire insurance safeguards your property. But only you can guarantee against loss of life.

Safety pays dividends... saves lives, helps to lower your insurance costs. Be Careful.

Light Ack Ack Notes

by Sgt. G. Birkett, P.R.O.

On Saturday evening, February 16th, 1957, the Sergeants' Mess held their annual Mess Supper. About 20 Sergeants and their wives or girl-friends attended.

A fine supper was served by Larry Kwong's Restaurant, and a good time was had by all. W.O.2 A. Amos, the Battery Sergeant-Major of 182 L.A.A. Battery welcomed the guests and gave a short address in English and French, in which he stressed the importance of having a strong unit.

Mess President W.O.2 H. N. Riley, thanked W.O.2 Amos for his talk and suggested that everyone should enjoy the dancing.

Sgts. Bobby Dawson and Danny Egan have passed their qualifying exams, also Bdr. Brian Willis. The exams were taken last Tuesday and Thursday evening. Capt. Y. Bussiere of Quebec Command "A" Staff, was well pleased with the results.

We would like to take this opportunity to congratulate the three N.C.O.'s on their fine showing.

The week-end of March 30-31, 1957, should prove to be interesting to members of the 182nd LAA Battery. They will meet at Farnham Military Camp for a week-end exercise in conjunction with other units of 9 Militia Group, including Tank Corps, Medium and Heavy artillery, Infantry and other corps troops.

It is hoped that 182 L.A.A. Battery will have a fine turnout. A good time will be assured for all ranks.

Ormstown High School Notes

Deepest Sympathy:

Deepest sympathy is expressed by students and staff of O.H.S. to the family of the late Dorothy Ovans whose sudden and tragic death shocked the community.

"Below the surface stream, shallow and light,
Of what we say and feel below the stream
As light, of what we think we feel, there flows
With noiseless current, strong, obscure and deep
The central stream of what we feel indeed".

Chateauguay Valley Teachers' Association:

The Chateauguay Valley Teachers' Association held its quarterly meeting at Chateauguay, on Thursday, February 21, with the President, Miss G. Geddie of Gault Institute in the chair. After the business meeting dinner was served at St. James United Church Hall by the Women's Association. Mrs. J. Winter, wife of the Chairman of our Board of School Commissioners extended the appreciation of C.V.T.A. for the hospitality extended the Association. Upon returning to the school auditorium the teachers heard Mrs. Heslam of Montreal speak on "Retarded and Mentally Deficient Children". Being a Director of a clinic for this type of teaching Mrs. Heslam was well qualified to speak on the subject and her distinction between retardation and deficiency was most enlightening. Mrs. Heslam alluded to the various types of testing programmes which are currently being used in Canada and the United States where she took her specialized training.

C.V.T.A. also was honored to have Mr. Heslam attend the meeting. Although he is in charge of the Pension Department of the Organization, he was able to give valuable information on the proposed new P.A.P.T. building, the construction of which is currently being contemplated.

Study Club:

Plans are currently underway for what promises to be a splendid programme next autumn. The Study Club Executive has held two meetings to date and has set up a number of special committees. Because of improved facilities at Ormstown High School it is expected that Study Club registration may well be doubled during the 1957 season. Questionnaires have been distributed through the community to ascertain the courses likely to prove most popular. Two new areas are presently being explored as possible 1957 offerings. The first is a practical course for farmers. The second is a recreational programme for young adults. As plans are formulated the community will be kept informed.

Young Parents' Club:

At a recent meeting of Young Parents' Club Executive Prof. D. C. Munroe, Director of the McGill Institute of Education was selected as the Club's next guest speaker. The meeting is to be held during the last week of March, the precise date to be announced shortly. It is expected that Young Parents' Club will be host to 7-2-11 Club at this meeting.

Inspector's Visit:

Mr. Brady, our Regional Inspector, has been visiting at the school for the past week, observing the classes and the building development at O.H.S. In this connection appreciable progress is being made. The auditorium is now being painted and work in the science laboratory is going forward rapidly.

7-2-11 Club:

7-2-11 Club will hold its regular meeting on Tuesday, March 12 at which a panel of students will participate in a discussion of teen-age problems. Those participating will include Donald McCormick and Mary Catherine Hooker, Grade 10; Susan Davidson and George Donaldson, Grade 11; Ron Waddell, Dorothy Beattie, Grade 12. Ross White of Grade 12 will officiate as Moderator.

Talks On "Care Of The Eyes"

Lloyd A. McClentock

NITRO — On Thurs. evening, Feb. 28th, an interested crowd gathered at the Nitro Protestant Church to hear Lloyd A. McClentock deliver an enlightening address on the topic "Care of the Eyes". Mr. McClentock, who is Field Supervisor for the Canadian National Institute for the Blind, came to Nitro under the auspices of the Willing Workers group. Rev. W. Pelletier introduced the speaker. His lecture covered the possible defects of the eyes and instructions on prevention of blindness. He informed the group of the procedures used by his organization in the rehabilitation of the blind person, and commented on the treatment and feelings of the general public towards those without sight.

Mr. W. Wilson, Chairman of the Church Board, thanked Mr. McClentock for his excellent address. In conclusion Mr. McClentock answered questions put to him by the group.

Wedding

"Recent Wedding At Quebec City"
GIBSON—THOMPSON

A pretty military wedding took place at Quebec City, where the marriage of Catherine Laird, daughter of Mrs. A. M. Thompson of Ormstown, to Sgt. B. Gibson, son of Mr. and Mrs. Reginald Gibson of Kentville N.S., took place recently in the St. Albans church of Camp Vai Cartier, Que.

The church was beautifully decorated with pink gladioli.

Padre Loyd G. Fulford of the chaplain services officiated.

Given in marriage by her brother, Sgt. Martin Thompson of Quebec City, the Bride wore an original floor length gown of double nylon net over white slipper satin, with a lace panel down the front. Her lace fitted bodice, buttoned to the waist, with a peter-pan collar, trimmed with seed pearls and rainbow sequins, and sleeves ending in points over the hands, her finger-tip veil, was held by a crown of seed pearls and she carried a bouquet of pink roses.

Mrs. Martin Thompson, sister-in-law, of the bride, as maid of honour, selected a waltz-length gown of pale green nylon net over silk taffeta. The gown was strapless, with a nylon net stole and a matching bandeau and mitts to match her gown. She carried a nosegay of white and yellow carnations with yellow streamers.

Mrs. Murray McCartney, sister of the bride, was bridesmaid. She selected a pink gown identical to that of the maid of honour's and wore accessories to match her gown. She carried a nosegay of white and pink carnations with pink streamers.

Sgt. T. W. Barbar acted as best man, and Staff Sgt. E. Murphy acted as usher, (friends of the groom).

A reception was held in the headquarters of the Sgt's Mess.

(R.S.M.) V. McFarlane and Padre Loyd Fulford gave short speeches of Good Wishes to the Bride and Groom.

The head table was centered with a two-tier wedding cake with pillars topped by a decoration of a miniature bride and groom.

The toast to the bride was given by Padre Fulford and responded to by the groom.

Following the reception the bridal couple left for a wedding trip to Ontario and Quebec. The bride wearing a sheath dress of navy with accessories under a fur jacket, with a corsage of orchids.

Ormstown

Ormstown Red Cross Campaign—

ORMSTOWN — The Ormstown Red Cross 1957 Campaign for funds has commenced and the objective has been set at $2,000. The chairman for the campaign is Mr. Albert Chabot, Mrs. Mervin Barrington is Secretary and Mr. D. Nichol is the new treasurer replacing Mr. Bertrand in his absence.

Ormstown has always been very successful in campaigns of this nature and the committee and canvassers have high hopes that this year's campaign shall meet with the usual response to this worthy appeal so that the objective shall be reached.

The work of the Red Cross is very well known. Briefly these are some of the services which are offered by the organization: Veterans' Welfare, Blood Donation, Disaster Relief, Mobile Clinics, Water Safety, Enquiry Service, Red Cross Corps, Outpost Nursing, Women's Work Committee, Home Nursing, and Junior Red Cross. Eleven vital Red Cross Services can be continued when you give to help humanity.

It is hoped that you will be ready with your donation when the canvasser calls on the door to door canvass for this worthy cause.

W. M. S. Meeting

St. Andrew's W.M.S. met on Wednesday, Feb. 28, at the home of Mrs. Middlemiss, Henderson St. Scripture reading was Psalm 46, followed by the Glad Tidings prayer by Mrs. George Paul. Minutes of last meeting by Miss F. Turner and treasurer's report by Mrs. Ivan Mennie followed. A card signed by all present will be sent to Miss C. Robb, who is ill. Also a small gift to be sent to Miss Isabel Ferns, who is a patient in the County Hospital. It was decided that a sunshine tea be undertaken this year, as a means of raising funds. Mrs. Bruce agreed to make the sunshine bags and take charge of this project.

Mrs. Grant gave the report of the Mission Band and Explorers, there are 23 members in the Mission Band and 13 in Explorers. The World's Day of Prayer service will take place on Friday, March 8, at 3 p.m. in St. Andrew's Church.

Mrs. Middlemiss and Mrs. Grant, who were delegates to the Presbyterial in Montreal, gave interesting reports of the day and evening meetings there. Some of the speakers were: Rev. Clifton McKay, Dr. Berliss, Mrs. Leatherdale and Rev. Mr. Thompson. Reports of the different departments revealed that the W.M.S. is in a flourishing position. Mrs. Leatherdale reported she had received the Christmas parcels sent for the Old People's Home, and expressed thanks for them. The president closed the meeting with prayer. Refreshments and a social hour followed.

Evening Auxiliary W. M. S. Meeting

The Evening Auxiliary of the W. M. S. of the Huntingdon United Church, met in the Church Hall, on Monday evening, February 25th, with a large attendance of members and visitors.

Mrs. Wallace Rennie, president, opened the meeting and extended a warm welcome to all.

An afghan, made by the C.G.I.T. Group, was presented and accepted with thanks.

Mrs. Donalda Fossum, missionary from South Africa, was introduced as the guest speaker for the evening. After Mrs. Fossum had given some very interesting and informative facts about Africa and various phases of missionary work, slides were shown with very vivid and interesting commentaries. She closed with a very fitting prayer. Mrs. Robert Beal ably thanked Mrs. Fossum.

Refreshments were served and a social time was enjoyed.

Bowling news

On Saturday, March 2, the different teams in the Huntingdon League of bowling received some visitors. They were from St. John, Que; there were 24 four of them. The competition was very keen for the final score was a 4-4 tie. After the games, the players were entertained at the Chateau.

On Sunday, March 3, the Knights of Columbus team were the hosts of two Hemmingford teams on the same bowling alleys. The evening was a very pleasant one, especially for the Knights, who won over there opponents by 6-2.

Next Saturday, March 9, two mixed teams from Chateauguay Basin will come and try their skill against our teams.

Everyone interested may watch these games and are very welcome.

Notes on Rotary Meeting

Rotarians were made very happy on Monday when the visiting guest of the day with Mr. H. A. D. Somerville, M.P.P. was his father Mr. Henry Somerville, Hemmingford. Mr. Henry Somerville celebrates his 91st birthday on March 26. Fellow bankers, Rod Morrison and George Thompson were particularly pleased to meet with Mr. Sommerville, who years ago was stationed in Huntingdon and who for so many years was manager of the Canadian Bank of Commerce in Hemmingford.

Rotary President Leo Cappiello requested Rotarian E. C. Martin to arrange for the candidates who would participate in the Rotary Public Speaking Contest.

Rotarians H. A. D. Somerville, M.P.P., Leo Roskies and Adam Sellar were instructed to look after the financial appeal in behalf of the Mackay School for the Deaf, for the Chateauguay Valley.

Mr. H. G. Gonthier representing the All Canada Federation, an organization set up by the automobile insurance companies with a view to having the public educated to a point that automobile and truck accident may be curtailed. Mr. Gonthier had a film screened which depicted how accidents can happen and if only a little courtesy were practised so many such every day accidents might well be avoided. In the course of his talk, Mr. Gonthier stated that many children received down right bad lessons from the parents when accompanying them in their auto. The driver would be speeding along at a high rate of speed and as the family grew older and ready to be licensed to drive a car the speed idea was so imbedded in their mind that they too took to excessive speed driving. With youth in your car drive with care and at a moderate rate of speed, was the advice of Mr. Gonthier.

A CORRECTION

Two errors occurred in the article on the death of Mr. Albert Dupuis in the last issue of The Gleaner. In the first instance, it was stated he passed away on Thursday, whereas the time of death was Friday, Feb. 22nd. The second error occurred in the following paragraph:

He was in his 57th year, having been born at St. Anicet, Que., on March 7th, 1900, the son of the late Mr. and Mrs. Felix Dupuis, who still survives. The later part of this paragraph should have read the son of the late Mr. Felix Dupuis, and Mrs. Dupuis, who still survives.

We trust this explanation will set the matter straight.

Obituary

The Late Dorothy Lorraine Ovans

Dorothy Lorraine Ovans, aged 7 years 6 mos. second daughter of Mr. and Mrs. Glen Ovans, Ormstown, Que., who was the victim of a tragic accident at her home on Saturday evening, February 23.

Having completed the supper dishes, Dorothy was playing with the roller towel and became entangled. Although discovered by her grandfather, Mr. Harold Paxton, a few moments later and rushed to the Barrie Memorial Hospital, medical assistance was of no avail.

Dorothy was a happy little girl, always willing and conscientious about her duties. At school, she was friendly and co-operative as she worked and played with her classmates.

She leaves to mourn her loss, her parents, two sisters Shirley and Freda, one brother Stanley, her grandparents, Mrs. Herbert Ovans and Mr. Harold Paxton and a very close friend, "Issie" (Mrs. David) Cavers.

Funeral services were held on Monday afternoon at the St. Paul's United Church, conducted by her minister Rev. Irvine Johnston, when Dorothy's class, accompanied by the teacher, Miss J. Stalker attended in a group. Miss Nancy Cullen, a little schoolmate sang "When He Cometh".

Pall bearers were Donald Gruer, Gordon Cavers, Bill Hooker and Winston Murray.

Floral tributes were numerous and beautiful and flower bearers were Glenna Rember, Betty Jean McEwen, Helen Forrester, Susan Bennett, Messrs. Ivan Rember and Donald McEwen.

Interment was at the Ormstown Union Cemetery.

Cards of Thanks

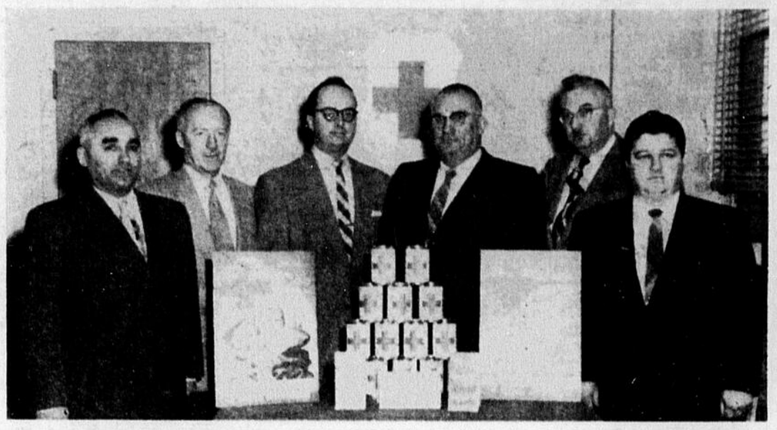

I wish to extend my sincere thanks to Dr. McCrimmon, Drs. and Nurses of the Barrie Memorial Hospital, friends and relatives for cards, gifts and visits during my illness.

Thos. E. Arnold.

I wish to sincerely thank Dr. F. G. McCrimmon, Dr. K. G. Cameron, nurses and staff of the Huntingdon County Hospital, also relatives and friends and organizations who remembered us with cards and gifts during our stay in hospital.

Jennie Maither and son James Bruce.

Owners Own Mineral Rights In Dundee Area Some Are Told

In a recent report mention was made of the difficulties which those who had obtained miner's licenses and staked their claims in Dundee area were encountering in the matter of having their claims registered. Latterly a couple of Township residents were in Montreal seeking to take out miner's licenses but were told that such was not necessary as those who owned the land were owners of the mineral rights also.

Delving into the whys and wherefores of the prior rights of resident lotholders and farmers has brought to light an interesting story which goes away back into the story of the area nearly 200 years.

As is known from history, Canada, when visited by the early French explorers was inhabited by wandering tribes of natives called by the newcomers, Indians, because of the fact that they thought India had been reached in their search for a new rich land.

One of the chief tribes of the so called Indians were the Iroquois and although troublesome at times, on other occasions, they proved valuable allies. Thus it was that under French rule before 1759 and the capture of Quebec by the British, that the Iroquois in the S. West part of Quebec near the International border and the St. Lawrence were allotted by the Marquis of Vaudreuil a tract of land comprising about 25,000 acres for their own use for hunting, trapping and living.

When the Province of Quebee was surveyed in 1780 by Chewett, the reserve was laid out in ranges in common with other parts of the County of Huntingdon it adjoined.

The Indians continued their nomadic life in the area under the protection of the British and the proclamation of 1763 which read as follows: "Whereas it is just and reasonable and essential to our interests and the security of our colonies that the several nations or tribes of Indians with whom we are connected and who live under our protection should not be molested or disturbed in the possession of such parts of our dominions and territories as not having been ceded to or purchased by us, are reserved to them, or any of them as their hunting grounds".

In 1784, Sir Frederick Haldimand confirmed the former ruling and instructed that the Indians remain on their reserve as a matter of indulgence pending the signification of the King's pleasure.

Things went along for about 40 years, till the time that settlers from the U.S.A. and Scotch immigrants coming across the river from Ontario began to think about clearing the land now known as the St. Regis Reserve. It was only in 1831 upon application by white settlers in the area, that the Legislature of Lower Canada in the reign of William IV, declared that "That the tract of land heretofore known by the name of the Indian Reservation of St. Regis and Dundee or the Indian Lands that is to say all that tract of country between Lake St. Francis the Prov. Line and the Township of Godmanchester shall be hereafter known and designated by the Township of Dundee".

In lieu of having direct ownership of the lands which they had cleared from a state of nature the new settlers leased the land from Indian Chiefs through the Indian Lands Dept. at Ottawa for a specified yearly rental.

One such lease made in 1819 to a man named Jonas Schryer, who it is said, had the first horse in the Township, and whose former home was in Vermont, is as follows:

"By these presents do demise grant and to farm let unto the said Jonas Schryer his heirs and assigns all that parcel or tract of land being composed of Lots No. 4 N.E. Half of Lot No. 5 B.F. and N.E. Half of Lot 30 in the 1st Range of the Indian Reservation below Salmon River containing 200 acres of land be the same more or less, together with all appurtenances herditaments, etc., hereunto belonging, except and always excepting out of this lease all "mill seats, mines of gold, silver, copper, tin, lead, iron, coals and other minerals known or to be discovered on the said premises to have and to hold the same with all appurtenances unto the said Jonas Schryer, his heirs and assigns from the day of the date of these presents for and during the full term of 99 years from thence next ensuing, he paying thereof yearly and every year during said time in February the sum of two pounds, 10 shillings currency in cash to be paid delivered to the said Chiefs or their agents. In default of the said rent not being paid as aforesaid in 10 days the said Chiefs to be at liberty to take possession of said lot and premises herein demised and lease same to whomever they might think proper.

This without let, suit, hinderance, molestation, denial by him or his heirs assigns or any other persons, "that if the said Jonas Schryer, his heirs or assigns, shall fulfill the lease by paying the annual rent to the said principal Chiefs, their heirs or successors shall renew the lease to the said Jonas Schryer, his heirs or assigns for a further period of 99 years and so until one thousand years shall be completed upon the same terms as the present lease without contradiction in any case.

Signature of Indian Chiefs:
Sase-Ogen-Namarou
Aloriga-Tha-Larage
Gatias-Taka-Seuneutie
Regis-Tha-Nonia-Nither
Aloriga-Otaragete
Isaac Leclair, Interpreter
Jonas Schryer, Lessee

And so it was in this manner that in 1819, 36 leases were granted for 99 years: 1820-5; 1821-18, for 999 years.; 1822-1; 1823-3 and more in subsequent years until about 50 years later some 168 leases were granted in all.

In a subsequent article we shall see what steps the people who all these years were making improvements on leased land, which actually would never be free, took to free themselves from yearly rental and obtain an absolute title to their properties.

Montreal Cottons to Build New Mill At Valleyfield

VALLEYFIELD — Decision to proceed with the building of a new cotton mill here, was announced last week by C. S. Jones, general superintendent, The Montreal Cottons Limited, a subsidiary of Dominion Textile Co. Ltd.

Tentative start was made on the project last fall when footings for a new mill were constructed and plans were being considered then for a broadcloth mill "if market conditions in 1957 warrant it". Today Mr. Jones said the company had decided against building a specialized mill for the production of broadcloth in the face of increasing Japanese competition in this field but had voted to construct a new plant to produce "sales yarns" — cotton yarns for delivery to the knitting trades and to other weavers.

Drawings call for a one-storey building, 850 feet by 250 feet, steel frame with brick and concrete block walls, on a reinforced concrete foundation. It will be fully air-conditioned throughout, including office and service space, and will be equipped with fluorescent lighting and a complete sprinkler system. Ample parking space will be provided in connection with the new building which is to be located on the old Moco dairy property on the south side of the main Valleyfield-Coteau highway but within the city limits.

By the time the new mill is built and machinery installation is completed it should represent an investment of about $5,000,000, Mr. Jones said.

If an early start can be made, it should be possible to have the new building completed by this fall, Mr. Jones said.

Red Cross Annual Campaign Is On In Valleyfield

The Valleyfield Branch of the Canadian Red Cross Society is holding its annual Financial Campaign in the City of Salaberry-de-Valleyfield and its environs; that is St. Stanislas de Kostka, St. Louis de Gonzague, St. Timothée, Nitro, Grande-Ile, and Ste-Cecile, from the 4th of March to the 18th, 1957.

Everyone knows of the work of the Red Cross which was especially brought home to us during the disastrous fire in Bellerive, on December 30th last. Besides comforting and assisting the afflicted persons, the Red Cross spent more than $1500 for clothing and $450 in food. We have read many times of how the Canadian Red Cross Society aids in such disasters and now we have seen for ourselves the great services that it renders.

To carry out its work, the Canadian Red Cross Society needs the devoted assistance of its volunteer members in its many branches throughout the country and the co-operation of the public in general. The public can play its part in subscribing generously to the Financial Campaign.

This year, the objective of the Branch is $5,000. To assure that this objective is attained, if not exceeded, it is hoped that all will warmly receive the volunteer canvassers and give them a generous subscription. Might we suggest that this year may be the time to start giving a little more than you did before. After all, the Canadian Red Cross has to spend more to accomplish as much as it did formerly because of the decreased value of the dollar.

While every effort is made to personally solicit your subscription, in the event that for some reason you are overlooked, please do not neglect to make your contribution just the same by sending your remittance payable to: The Canadian Red Cross Society, and mail to:

Mrs. E. J. Fleming, her son Ronald and his friend Mr. Everett Arnott of Waterloo, Que also Miss Agnes Alguire of Cornwall left Saturday on a trip to Florida. They expect to be gone about three weeks.

Ronald Fleming and his friend are employed in Canadian Bank of Commerce Branches in Montreal and are roommates at their boarding house.

Week-end guests of Mr. and Mrs. Brodie Gardiner were Mr. and Mrs. James Denholm and nephew of Oshawa, Ontario.

The W. I. held a very successful card party in the Consolidated School Thursday evening. Prize winners were First — Mr. and Mrs. Dale Harvey of Bombay, N.Y., second — Mrs. Ethel Hodder of Bombay and Mr. John MacMillan.

Wednesday afternoon the W.A. met at the home of Mrs. Albert Fraser. During the business meeting it was announced that the crockinole-party held in the school had been very successful. The Rev. Hagar was guest speaker. His subject was "The trends of the time". He pointed out that we do not live in a vacuum. Our time is linked up with the past and holds the seed for the future. This means that we can not act as if nothing happens. The world is on the move.

Mr. William Napier has been a patient in the Barrie Memorial Hospital for the past 2 weeks most of which time he has been in a state of coma. Last Saturday he was reported slightly improved. His son Mr. Allan Napier who is a naval orderly and stationed at Halifax is home on a few weeks leave due to his father's sickness.His wife accompanied him and are staying in Dundee. Mr. Napier Sr. is 73 yrs. of age and has been running a small farm on the Dundee Centre Road for many years. He was also employed at the Forsyth Farm as assistant gardener for a number of years.

Mr. and Mrs. Joseph Platt returned home Friday night after a three weeks vacation in Florida. They made the trip with friends from Norwood, N.Y. On the way South they spent a day on a sight seeing tour in New York City. On the return journey they spent a day touring the city of Washington, D.C. They report having had a very enjoyable time during their stay in the South and acquired an excellent tan in the 80 degree temperature. On their way home they encountered cold weather and icing conditions at Gettysburg which was considered unusual for that area. While in Florida the Platts visited Mrs. Platt's mother Mrs. Martha Benane and Mr. and Mrs. Lou Pharmer also Mr. Ed. Miller of Fort Covington and his daughter Mrs. Martin and the Havistock family who are wintering in the South.

Mr. and Mrs. John Fox, sons John and Douglas, of Sherbrooke, Que., spent the week end at the home of Mr. and Mrs. W. D. Fraser.

Mr. H. A. Cameron, who was a patient in the Queen Elizabeth Hospital in Montreal for several weeks returned home last Tuesday. He was undergoing treatment for an eye condition. He expected to return to Hospital on Monday for a check up.

Relatives from a distance who attended the funeral services for the late Mr. Albert Dupuis who died on Friday, Feb. 22 and was buried on Monday, Feb. 25, are as follows:

Mr. and Mrs. Raymond Foisy and daughter Ann of Potsdam, N.Y.

Mr. and Mrs. Ernest Robidoux, Mr. and Mrs. Jas Kazulak also Mrs. Mary Dupuis of Cantic Que.

Mr. Charles Amlot, Utica N.Y. Mr. and Mrs. Emery Roy and family of Cornwall Ont.

Mr. Martin Roy, Massena, N.Y., Mr. Remi Roy, Syracuse, N.Y., Mr. Alcide Roy of Granby, Que. Mrs. Marie Dupuis, Coteau Station, Mr. and Mrs. Leonard Quesnel of Huntingdon.

Other friends were Mr. and Mrs. Rolland Amyot, Valleyfield. Mr. and Mrs. Pilon, Mr. and Mrs. Maurice Desrosiers, Miss Therese Desrosiers, Mr. and Mrs. Maxime Desrosiers and Mrs. Leduc all of Montreal.

In the list of pall bearers last week, Mr. Harold Peets name was incorrectly given as Paetz. Mr. Walter Lowe is a resident of Malone instead of Fort Covington.

Wedding

Dupuis-Quenneville

A wedding of interest took place on Thursday morning, Feb. 28., at St. Agnes Church, when Miss Liette Quenneville eldest daughter of Mr. and Mrs. Victor Quenneville of Dundee was united in marriage to Mr. Roy Donald Dupuis son of the late Mr. Albert Dupuis and Mrs. Dupuis also of Dundee. Rev. Fr. Gagnon local pastor performed the double ring ceremony.

The bride, who was unattended, was given away by her father Mr. Victor Quenneville looked charming in a white brocaded silk floor length gown with short veil. She carried a bouquet of white flowers. The groom was attended by his uncle Mr. Antoine Dupuis.

Rev. Fr. Deguire of St. Anicet played the organ and Mr. Louis Plante sang Ave Maria.

The ushers were Messrs. Georges Latulipe and Raymond Foisy.

After the ceremony about a 100 guests went to the Leblanc Hotel, at St. Agnes, where a sumptious dinner was served and the afternoon and evening spent sociably by those attending.

During the afternoon the bride and groom left on a short honeymoon in the Laurentians. They are returning on Wednesday and will live at the groom's home for awhile as the house on the farm which they will later occupy is rented until May. The couple had planned a honeymoon by plane to Miami but this was cancelled due to the sudden death of Mr. Albert Dupuis the Friday previous., making it impossible for him to be away from his farm for too long.

Miss Quenneville was a Home Economics teacher in Montreal.

She received her education at the local parish school, Dundee Consolidated School and later at the Ste. Martine Convent.

Her husband received his education at local schools the St. Johns Boys College and Business College in Cornwall, Ont.

For her going away costume the bride wore a sailor blue suit and hat to match. Her gloves purse and shoes were beige color and she wore a corsage of pink roses.

You'll notice ... this year the BUMPS AREN'T SO BUMPY

Plymouth with revolutionary Torsion-Aire Ride smooths and gentles you over rough roads like nothing before ... improves your ride in many other ways, too!

Know how an ordinary car heels over sharply when you make a turn ... squats back on its rear bumper when you start away from a light ... nose-dives when you suddenly put on the brakes?

Well, just watch when you take your first ride in a low, lively *Thrill-Power* Plymouth '57! There's hardly a *hint* of these annoyances. You corner flat, like in a sports car. You skim over bumps with silken smoothness. You take off on an even keel ... stop on an even keel. It's astonishing!

What makes the difference? A totally new suspension system called Torsion-Aire, plus the lowest, snuggest-to-the-road centre of gravity ever known in a full-size car.

Wouldn't *you* like a test ride soon? Stop by and try one of our smart new Belvedere models with the famous *Thrill-Power* "303" V-8 and torrid Torque-Flite transmission with proved-in-use push-button controls. Get the feel of Plymouth's flash and fury ... its big, quicker stopping Total-Contact brakes ... its roominess and luxury. Come *now* if you can.

SEE AND DRIVE THE NEW *THRILL-POWER* PLYMOUTH TODAY!

It's the lowest priced car in Canada with:

- Flight-Sweep '57 styling
- V-8 or 6 *Thrill-Power* GO
- Torsion-Aire Ride
- Total-Contact brakes
- Push-button Torque-Flite automatic transmission
- Advanced Chrysler quality engineering

Aubrey - Riverfield

Curling Notes

AUBREY-RIVERFIELD — The mixed bonspiel for Aubrey-Riverfield and Howick was played during the week with the finals on Friday evening in Howick. The prizes are very generously donated by Rev. Wm. and Mrs. Brown with proceeds from bonspiel going to the Ladies' Auxiliary of the Barrie Memorial Hospital, Howick branch. Much merriment was caused by the close games on Friday night when winners were declared by a very close margin.

The week-end saw seventeen mixed teams from Aubrey and Riverfield get into play on the prizes donated by Donald and Jean Roy. Several games on this are still to be played.

Mrs. A. Reddick, Mrs. W. Craig, Mrs. R. Angell and Mrs. Ralph Reddick represented Riverfield at the Coca-Cola bonspiel in Valleyfield on Tuesday.

The Aubrey ladies who attended this bonspiel were: Mrs. J. Angell, Mrs. J. Nussey, Mrs. J. Bustard and Mrs. K .Robb.

A team of Aubrey ladies attended the Ormstown Friendly bonspiel on Wednesday, Feb. 27. They were Mrs. Ronald Reddick, Mrs. Ewart Orr, Mrs. Eric Orr and Mrs. Wilbert Gruer.

The second friendly at Ormstown was attended by Mrs. Harold Robertson, Mrs. Roy Angell, Mrs. S. Carmichael and Mrs. D. Stuckey on Thursday, Feb. 28. All report a very enjoyable time.

Social

Miss Verna Robson, Huntingdon, enjoyed her long week-end from school at the home of Mr. and Mrs. Eric Orr.

Mr. Kenneth Beattie who has been a patient in the Queen Mary Hospital was a guest for a few days at the home of Mr. and Mrs. Wm. Stacey. He was accompanied by Mr. and Mrs. Stacey to Melbourne on the week-end, where they visited with Mr. and Mrs. Elmer Stimson and family.

Mr. Willard Orr who has enjoyed some holidays at his parents' home here, left Wednesday by plane for Seven Islands. On his arrival there further instructions would be given him regarding his duties during the next few weeks.

Sunday guests of Mr. and Mrs. Math McKell were Mr. Luis Macedo of Vallecito, Peru and Mr. Elwood Hodgins of Shawville. Both are at present students at Macdonald College.

We wish to extend congratulations to Mr. J. J. Craig who celebrated his 85th birthday on Sunday. Mr. Craig enjoys good health and takes a keen interest in the affairs of the community.

Misses Mary and Rita Moodie of Valleyfield spent the week-end with their parents, Mr. and Mrs. Rolland Moodie.

Among those who attended the meetings of the Montreal Presbyterial of the W.M.S. in Wesley United Church on Wednesday evening, Feb. 27, were Mrs. Eldon Orr and Mrs. Murray Templeton.

The community was shocked on Sunday morning to hear of the sudden death, late Saturday night, of Rev. W. A. Edwards, pastor of Howick United Church. Sympathy of the entire Community is extended to his bereaved widow.

Franklin Centre

FRANKLIN CENTRE — Mr. and Mrs. Clifford Dickenson returned home, Tuesday, from a ten-day trip to Florida with Mr. and Mrs. Saxton of Brushton, N.Y. While in St. Petersburg they called on a former neighbor of their's, Mrs. A. Sadler, and found her recovering nicely from her recent accident. They also spent some time at Lakeland.

The Public Speaking Contest took place on Tuesday at the school. Mrs. Bernhardt and Miss Turner were the Judges.

The W.A. held a Cafeteria Supper in the basement on Saturday evening with a fair attendance.

Some of the pupils from Grades 7 to 10 accepted the invitation of Grade 10, in Ormstown, to a Skating Party at the rink on Saturday evening. They were entertained at the school to lunch and dancing after the rink closed.

Sorry to report that Mrs. E. M. Sharpe is confined to her bed and under the doctor's care for bruises and injured ligaments, the result of a fall in her home on Friday evening. Best wishes for a speedy recovery is wished her.

As this is Educational Week, the parents are invited to visit the school on Wednesday evening from 7:30 instead of in the afternoon, because of crowded classrooms and lack of facilities for entertaining guests and thus making it easier for parents to discuss problems with teachers.

Week-end guests of Mr. and Mrs. Charles Dickenson were Mr. and Mrs. Gordon Pitt and grandchildren Carol and Wayne Pitt of Montreal, and Mr. and Mrs. Wm. McKinnon and grandson Greig of Massena, N.Y.

Mr. Dan Leahy is spending some time in Philadelphia and at West Collingwood, N.J., with Mr. and Mrs. Bruce Soderson and Mr. and Mrs. Ed Pete.

Mr. Roy Dunn of Oshawa, Ont., visited relatives and friends in this district last week.

Athelstan

Mrs. George Shearer Celebrates 93rd Birthday.

ATHELSTAN — We are again happy to extend congratulations to an esteemed friend and neighbor, Mrs. George Shearer on the occasion of her 93rd Birthday, which she celebrated quietly on Monday March 4th, together with the members of her family. She was the recipient of many greetings, gifts, visits, etc. from her friends. Among those who called over the week-end to offer their congratulations were her two grand-sons Messrs Wallace and Allen Bridcut of Toronto.

Mrs. Eugene Williams and two children of Anchorage, Alaska and Linda Herdman of Constable, N.Y., were recent guests at the home of Mr. and Mrs. Norris J. Herdman and family.

Mrs. Wm. Hendrickson spent a few days last week in Massena, N.Y., the guest of her son-in-law and daughter, Mr. and Mrs. Alfred Malark.

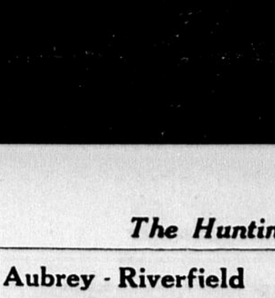

Mr. W. H. Waldie is at present enjoying a few weeks vacation in Florida.

The Women's Missionary Society met on Thursday, Feb. 8th, at the home of Mrs. D. F. Grant with thirteen members present. The president, Mrs. McIntyre, conducted the meeting and Mrs. Macfarlane and Mrs. Bernhardt took charge of the devotional period.

A vote of appreciation was tendered Mrs. Grant and Mrs. Shearer for their untiring effort and splendid work with the Mission Band. The Children of the Church group is now in the capable care of Mrs. M. Leggatt. Arrangements were completed for the World Day of Prayer meeting in Munro Hall, on March 8th. Mrs. McIntyre, who attended the annual meeting of the Montreal Presbyterial on Feb. 5th., gave a very comprehensive report of the proceedings including an interesting account of Rev. Mr. Dalzell's work in Northern Manitoba and Dr. Clifton MacKay's report about the work of the church in Japan.

CANADA'S MOST MODERN SIX

CUSTOM 300 FORDOR SEDAN

POWER: Ford's road-proved Mileage Maker Six—*the most modern Six in the industry*—delivers 144-Hp. of brilliant performance. The most powerful Six in its field, the Mileage Maker *takes nothin' from nobody!*

RESPONSIVENESS: A touch on the gas pedal and you're away in a flash with the Mileage Maker Six. Compression ratio of 8.6-to-1 and new carburetor contribute to the Mileage Maker's flashing getaway, eager responsiveness!

SMOOTHNESS: The Mileage Maker Six is *quality-engineered* right down to the finest detail, to give you the smoothest, quietest performance of any Six on the Canadian road!

ECONOMY: Here's a powerplant with a midget's appetite for gas! Because the Mileage Maker Six is the only true *short-stroke* engine in its class, it squeezes more miles out of every gallon of regular gas, delivers more punch per piston-stroke than any competitive Six!

RELIABILITY: The same kind of engineering advancements that have made Ford V-8 the world's best-seller give the Mileage Maker Six its outstanding reputation for consistently *dependable* performance! But try it yourself. Take a drive in the new kind of Ford with a Mileage Maker Six—at your Ford-Monarch Dealer's right now!

SIX OR V-8—THE GOING IS GREAT!

Pick your own brand of ginger in the new kind of Ford! You can have the world's best-selling V-8 in any of Ford's 18 styled-for-tomorrow models. Or you can choose the Mileage Maker Six in any Custom or Custom 300 model, in the Ranch Wagon, the Del Rio Ranch Wagon or the Six-Passenger Country Sedan.

Car To Be Purchased For Town Police Work

The Huntingdon Town Council met in regular session at the County Building on Monday, with all members present. Following the reading of the minutes, a number of bills were passed for payment and a report on the hydrant in town was also read.

Milk reports for samples taken on February 15th were read as follows: Belle Vallee, 11,000cc; Elmhurst, 4,500cc, Clarke, 3,700cc; Goodfellow, 83,000cc.

A letter was read from the Provincial Fire Commissioners' Office with regard to the truck which the council has agreed to buy for the firemen. It stated that the truck proposed was not suitable to be considered for a grant and suggested the types that would be considered and also listed firms from which such equipment could be purchased or tenders obtained.

Mayor Cappiello took this letter with a view to getting the matter clarified.

Mr. Mike Rosenschein appeared before the council with regard to the letter he wrote to The Gleaner with regard to parking. He asked the council if he could be supplied with the number of merchants who had been given tickets for over parking and the number of non merchants who had been so served. This information could not be supplied. The Mayor remarked that since Mr. Rosenschein's letter had appeared in the Gleaner, the situation to which he had referred, had much improved. He said he was glad that Mr. Rosenschein had brought the matter to public attention and hoped that the situation would continue to improve.

Mr. Lavallee, on bebalf of a delegation from the Huntingdon Merchants' Association, was spokesman for that body with regard to closing stores on Saturday nights. He asked the council what percentage of the merchants would be required to assure the passage of a by-law to close the stores on Saturday nights at six o'clock. He stated there were about 42 owner or business people involved. The council considered the matter for some time and finally decided that 85% would be required. If a petition is brought in to an adjourned meeting on March 18th, the matter will be given further consideration providing the required percentage has been obtained. During the discussion on the subject, some of the council members were of the opinion that the business men should decide the matter among themselves and not ask council to decide for them. They also wanted to know the public reaction to closing the stores and were not in favor of enforcing a by-law to close the smaller stores.

The council agreed to accept the Shawinigan Water and Power Co. plan of street lighting in Huntingdon, subject to possible changes after the plan had been completed and a full consideration could be given.

Considerable discussion took place regarding the purchase of a car for police work. The committee which had investigated the possibility of insurance coverage for the police under the present set-up, had decided it would be better if the Town owned the car outright, when it could be properly insured. Tenders were opened submitting prices on cars and panel trucks and sedan deliveries. Two quoted on panel trucks as well as cars while another quoted on car and sedan delivery. Some of the aldermen favored the panel truck as the most servicable vehicle for the job. However, others were against this and felt that a car was the better type for the work. Chief L'Heureux was asked his opinion and stated a car would be better. It was finally settled to buy a Dodge car from Mr. Charlie Kyle for a quoted price of $2,300 plus tax. This would be a two door sedan and equipped with certain extras and undercoating. Some of the aldermen were asking for immediate delivery. Three tenders were read.

In connection with the truck that is to be purchased for the firemen providing a grant can be obtained for it, it was asked that the body be insulated and some other extras be included beyond the first specifications.

Mr. J. M. Smellie wrote the council saying that he would supply the body for the truck at the original price quoted in the tender and that he had not intened charging any extra.

A grant of $100 to the Huntingdon Agricultural Society Division "A" was authorized by the council. Also a grant of $50.00 was made to the Huntingdon Blue Bombers Hockey Club. Alderman C. Lalonde protested making grants to sporting organizations.

An increase in salary was granted to Secretary E. C. Martin, on the grounds that the work of secretary was now a full time job and the burden was becoming ever heavier.

Alderman McWhinnie told the council that the booster engine at the Filter Plant was in need of urgent repairs as it had performed very badly at recent tests. He was told to inquire as to the probable cost of repairs and to enquire also as to a replacement for the unit. It was suggested that a small diesel type engine would do a much better job.

The fire committee was authorized to purchase several pairs of boots, some coats and some helmets for the fire brigade.

The Financial Statement for the year 1956 was read and presented a very good picture of the finances of the town. This will be published in The Gleaner and copies will be mailed to the taxpayers. It was adopted as read.

W. L. Carr was again appointed auditor.

The meeting adjourned until Monday, March 18th, at the same time and place. At this meeting the matter of the closing of the stores will again be considered.

Ladies Auxiliary....

(Continued from page 1)

attended to the decorating of the hospital and buying of gifts for the staff and patients at Christmas. Mr. Charles Kyle helped greatly by donating four Christmas trees. Additional thanks go to Mrs. Beal's C.G.I.T. group, Mr. Charles Grant and others for their donations at this time .

Publicity — Mrs. J. R. MacLeod reported that all special events were published. A special vote of thanks was extended to Mr. Adam Sellar for his interest and co-operation in all our endeavours and for bringing them to the eyes of the public through the press.

Ways & Means — In the absence of Mrs. Mae L. O'Connor, Mrs. Adrien O'Reilly read her report in which she gave a summary of the year's activities. All five projects proved most successful.

The Tea at the Art Exhibit held in Grove Hall owed its success to the efforts of the very efficient committee. Through the courtesy of the Huntingdon Agricultural Society we held a Tag Day during the Exhibition which proved profitable. The ice-cream booth and milk bar were very popular.

"The School Children's Hospital Contributions" were most gratifying. Through making this campaign an annual affair, we hope to alert our youth to the advantages of our local hospital and its needs. This money was used to buy four specially designed cribs used in the nursery.

The Penny Sale added almost $500.00 to our fund, as all prizes had been donated by Merchants and friends.

Mrs. O'Connor thanked all for their support and stated that the Ways and Means Committee are always on the look-out for new ways and means to raise funds without which they could not function efficiently.

Purchasing Committee — Mrs. Hawley gave this report in which she stated that they purchased a commercial type of Vacuum which is proving of great value. The nurses' quarters were completely renovated through the purchasing of new and the remodelling of old furniture, repainting of walls, installing of shelves, cupboards, mirrors, etc.

Mrs. Howard Kelly and Miss Norma Lunan spent many hours at the hospital adding the finishing touches to the redecorating of the nurses' quarters.

Mrs. Ruth Morrison and Mrs. Patrick McCallum reported 34 articles of clothing and 49 knitted articles had been added to the Treasure Chest.

Landscaping — Due to the untiring efforts of Mrs. Gordon McCrimmon and Mrs. André Riel the hospital grounds were greatly improved by the addition of shrubs, bulbs and flowers.

Mrs. Hughes thanked those on her Council for the past year for their support, and expressed the hope that they and the members would give the new Executive the some cooperation. She then called upon Mr. Rowat to install the new officers.

As representative of the Board of Governors, he stated that the Board felt most fortunate in having the ladies to spread the gospel of hospital work and wished to express the gratitude of each member for the invaluable help they give, both psychologically and financially.

Mr. Rowat, in a few well chosen words thanked the retiring officers.

Mr. Rowat called upon Mrs. Olivette Kelly to present the new slate of officers.

Honorary President, Mrs. W. U. Hughes; President, Mrs. C. R. Hawley; First Vice-President, Mrs. K. G. Cameron; Second Vice-President, Mrs. Louis Levine; Secretary, Mrs. George Colum; Treasurer, Mrs. Olivette Kelly.

Service Committee: Mrs. Leo Curran, Mrs. George Lefebvre.

Publicity: Mrs. J. R. Macleod.

Ways and Means: Mrs. K. R. Willis, Mrs. Roy Goodfellow, Mrs. A. O'Reilly.

Membership — Mrs. Lucien Galipeau.

Sewing — Mrs. Harper, Mrs. White, Mrs. R. Emond.

Refreshments: Mrs. Raymond Rowat, Mrs. Howard Kelly, Mrs. Douglas Stephen.

Landscaping: Mrs. Gordon McCrimmon, Mrs. André Riel.

Mrs. Rupert Hawley, the new President, took the chair. She thanked all for the confidence placed in her in this election. She called upon Mr. W. U. Hughes to read Dr. McCrimmon's message. He gave a detailed statement of the instruments, etc., that had been purchased with the money given by the Auxiliary. This amounted to $1,879.91. He stated that with these items the hospital is equipped for work which could not be undertaken before.

He gave a list of future needs, a few of these being instruments, air-conditioning for the operating and case Rooms, emergency lighting for the hospital in case of power failures, new floor covering in the old building, etc.

Dr. McCrimmon was most profuse in his thanks to all the ladies who have given so much of their time and talent for the benefit of the Hospital.

Mrs. Gordon McHardy thanked the speakers. The meeting closed with the singing of God Save the Queen.

Delicious refreshments were served by Mrs. Leo Cappiello, Mrs. Olivette Kelly, Mrs. Howard Kelly and their helpers.

Powerscourt

POWERSCOURT — Mrs. E. M. Wood attended the Annual Red Cross meetings in Windsor Hotel, Montreal, on Thursday. There was a splendid attendance from all parts of Quebec Province and all reports were most satisfactory. Many interesting discussions took place regarding the different phases of Red Cross work and just how far the Red Cross can go in giving help. The delegate from Val d'Or had a wonderful report on Red Cross activities there. At the last Blood Clinic there were 1400 donors and 300 had to be turned away as there were not enough nurses to handle them. It is the ambition of that district to have 2,500 donors. It is to be hoped that such enthusiasm will strike other places and the Blood Clinics in all places, especially Huntingdon, go over the top and establish a record. The new Provincial President is Mr. Wallace H. Coltie; Vice-Presidents, Major General E. J. Renaud and Mr. C. H. Pigot.

Mr. and Mrs. Charles Cauchon and family of Sherbrooke, Que., are visiting with Mr. and Mrs. Lafond.

Donald Nolan of Montreal, was a Sunday guest of Miss Anderson.

The ladies of this district are reminded of the World Day of prayer meeting on Friday, March 8th. The meeting will be a combined one of members of Presbyterian and United Churches and a large attendance is hoped for.

Mr. John Anderson, student minister, who preached in Athelstan on Sunday, was a dinner guest of Mr. and Mrs. Stewart Ross.

Ruthie Ross underwent a tonsillectomy in Huntingdon County Hospital on Tuesday.

Chateauguay

St. Andrew's United Church

CHATEAUGUAY — The President of the Montreal and Ottawa Conference, Dr. N. A. McMurray, was the preacher at Sunday morning's service.

Commencing on March 6th, Ash Wednesday, a series of Lenten Services will be conducted by the Minister, the Rev. R. H. McColl. Special music has been prepared by the choir for these services and the Session is anxious that as many of the congregation as possible will attend.

The Annual Woman's World Day of Prayer will be held at St. Andrew's on Friday, March 8th, at 2.30. All women of the Community are invited to the Service, and women from St. George's Anglican Church will share in the programme.

Heights Recreation Club

An interesting and novel event to take place on Sunday, March 10th, is an Art Show sponsored by the Club and under the direction of Mrs. J. Leahy. All local artists, whether in oils, watercolors, ceramics, or metal-work are urged to bring or send their work along to Mrs. Leahy by Saturday morning, so that it can be hung in time for the Show. A prize will be given to the best in the Show, judged by public vote, so dust off your canvases, wash your pots, clean up your metal work, artists, and bring them along for display.

Personals

Congratulations to Mr. and Mrs. J. Jupp, of Chateauguay Heights, on the recent birth of their baby daughter.

Mrs. N. Ashley, who recently suffered from a heart attack, is now able to be out of bed for a short time each day. All wish her a speedy recovery.

Mr. L. Booth nas now returned home from Montreal General Hospital to convalesce from his recent illness.

An accident which could have had serious consequences occurred recently at the home of Mrs. F. A. Low, when a large pressure cooker exploded. Fortunately, no one was in the kitchen at the time, but a large hole was blown in the ceiling and considerable damage was also done to kitchen equipment.

Mr. and Mrs. T. Noargan of Estonia and Montreal were weekend guests at the home of Mr. and Mrs. Julius A. Rosenfeld, Chateauguay Village.

Glenelm

GLENELM — Miss Hattie Coffey visited last week at the home of Mr. and Mrs. Leo Coffey, Montreal.

Mrs. Art. Goodfellow is spending a week at the home of her sister, Mrs. Tom Knox, Ottawa.

Mrs. Mildred Helm is spending a holiday at the home of Mr. Warren and Mrs. Maud King.

The Worlds Day of Prayer is to be held in Elgin Presbyterian Church, Friday, March 8th.

Annual Meeting

(Continued from page 1)

decorating the Christmas tree, etc., and to Mr. Middlemiss for putting up the trees.

In the absence of Mrs. Stalker, Mrs. Davidson read the report of the Ways & Means Committee. As a result of the three fund-raising projects carried out by this committee, i.e. Tag Day at Ormstown Fair, Bazaar and Supper, and Raffle — the sum of $1790.53 had been cleared.

Mrs. Younie, R.N., reported as follows for the Bursary Committee.

Bursary Committee Report

Since the last general meeting we have contacted the Roman Catholic and Protestant High Schools in Hemmingford, Ste. Martine, Howick and Ormstown. We have explained to the high school girls about the Bursary and have left with them application forms and literature regarding the Bursary and the Nursing Profession as a whole.

Monday, February 18, 1957, we held a meeting to appoint a Credential Committee. This committee will make the final decision as to which applicant will be awarded the Bursary. The following people have been chosen and have accepted:

Miss P. W. Rowles, Dewittville; Mrs. D. Caza, Valleyfield; Dr. R. Belanger, Ste. Martine; Mr. Geo. Dixon, Huntingdon; Rev. Mr. W. Brown, Howick.

On Friday May 10, 1957 we are going to celebrate Hospital Day. On this day we are going to invite to the hospital the students from the various schools who are interested in nursing. We shall take them on a tour of the hospital, the Nurses' Residence and then to the Board Room for refreshments. We hope we shall instil into their minds a bit more interest in our profession.

Respectfully submitted,

Mary I. Younie.

Mrs. Gerald Roy reported for the Howick Aubrey-Riverfield Branch.

The Howick, Aubrey and Riverfield Branch held their annual membership drive in May and the results were 295 members and $30.75 was received as donations.

In August the Ways and Means committee with Mrs. Donald Chisholm as convenor, sold lunch at the Burnside Sale and were successful in making over $90.00.

The Branch members were very happy to serve tea at the October general meeting, when a good number of members attended.

We held two meetings during the year, and we gave $500.00 towards a food conveyor for the third floor of the hospital.

In closing I would again like to express on behalf of all the Branch members our sincere congratulations to the Ormstown ladies who give so much time, work and effort to such a needy cause, and hope we will be able to assist you in some project in the year ahead.

Respectfully submitted,

Addie Roy.

In giving the report of the work of the sewing committee Mrs. Beaudin proved herself a master of understatement. Her committee met nearly every week and did the mending, which in her words "was not much just the same thing over and over, and made a few new articles." She then read the list of the "few" new articles — which totalled some 750.

Mrs. Armand Brunet gave all the reports in French. Mrs. McCormick thanked the various committees for their splendid work during the year and then called on Mrs. Rember to take the chair for the presentation of the slate of officers for 1957.

Mrs. C. J. Bryson, Chairman of the nominating committee, presented the following slate of officers.

First Game in Finals to Ormstown

M. Parent and Sauve frères proved too much for Huntingdon-Clydes in the opener of the best out of five finals for the championship of the Chateauguay Valley Hockey League when Ormstown defeated Clydes 7-3 to take a one game lead.

Mr. Louis Richard was a patient in the Barrie Memorial Hospital for a few days.

Mrs. Malcolm Brown attended the opening of the Red Cross compaign in Montreal and visited her son-in-law and daughter, Mr. and Mrs. R. Elliott in St. Lambert for a few days.

Miss M. Stringer, Montreal, was a week-end guest of Mrs. N. Stringer.

The English speaking pupils of the senior grades and their teacher, Miss Y. Stringer of Langlois Academy, are busy getting ready for the St. Patricks day entertaiment and card party, March 15th.

Ormstown had too much of everything, putting four goals behind Bob Primeau before a reply from Clydes. M. Parent was the big gun for Ormstown, scoring three goals, M. Sauve, L. Sauve and D'Amour, one each. Merle Elliott scored two goals for Clydes and George Stark one.

Clydes goal-tender had poor support from his teammates, but held off repeated attacks by Ormstown, otherwise the score would have been much more one-sided.

The second game tonight, Wednesday, March 6th, promises to be a more even contest as Clydes are going all out to win and even the series. Friday, March 8th these two teams meet in the 3rd game.

It's a good thing to remember . . . that you can always get what *you* want in a Pontiac.

More horsepower selections than any other car! For the man who travels a lot or a little but likes to have extra safety to spare on the highway lanes . . . Pontiac offers up to 270 horsepower—available in every series except Chieftain (with up to 252 horsepower). Mostly, Pontiac engines are superb, proven V-8's . . . but if you're economy-minded, there's Pontiac's famous "6"—with 148 horsepower ready to leap to do your bidding in any Pathfinder, Pathfinder Deluxe or Laurentian. Take it from us—and let a Pontiac take it from there.

Greatest price range . . . right from the lowest to sheer luxury! Can you afford it? Don't even ask the question, because you sure *can!* If you want sleek dignity and eye-catching style at the easiest-to-take price . . . look at the Pathfinder. And Pontiac works up through *all* budget levels to the top with the most graceful exhibition ever of fine form and daring dream-car styling in the Star Chief . . . the car, above all, that stands out on any road, in any company, anywhere!

More Transmissions . . . to match your personal driving habits! There's *real* choice here in both standard and automatic transmissions. Pontiac offers you *two* improved Synchro-Mesh transmissions, as well as *two* automatics . . . the dependability and smoothness of Powerglide* and the smooth flowing ease of Hydra-Matic*. **Optional at modest extra cost*

Body by Fisher . . . Most famous name in the industry! "Body by Fisher" stands for more than the latest in style, comfort and lasting-value appearance . . . although it certainly means all of these. Safety, sturdiness and unmatched quality of Unisteel construction are also included in the meaning of those three simple words.
