ALLIED TROOPS HAVE REACHED SUBURBS OF THE CITY OF GHENT

German Armies Being Pressed Hotly By the Allies from Valenciennes to the Meuse—British Troops Cross Belgian Frontier—French Closing in on Mons-Vervins-Lacapelle Road, Which is Main Artery of German Front in France—140 German Divisions Were Soundly Beaten in Last Battle—Hundreds of Villages Have Been Freed and Thousands of Prisoners Captured—Enemy's Position is Now Desperate.

(Canadian Press Despatch)

LONDON, Nov. 6.—(British Wireless Service)—The latest information regarding the military situation at Ghent goes to show that the Allies have reached the suburbs, but that the town itself is still holding out.

It is possible that, like Lens, Ghent will hold out for some time, until a successful encircling movement has been accomplished.

RETIREMENT OF FOE ALONG FRENCH FRONT.

(Canadian Press Despatch)

PARIS, Nov. 6.—The retreat of the Germans along the whole of the French front continues, according to the War Office statement today. The French are in contact with the enemy rearwards.

North of Marle, the French have passed beyond Voharies, five miles southwest of the important railway junction of Vervins. Italian troops have occupied Le Thuel, four miles southeast of Montcorne.

BRITISH PRESS AFTER GERMANS.

(Canadian Press Despatch)

LONDON, Nov. 6.—The British last night continued to press after the Germans beyond the Mormal forest, where they have reached the main road from Avesnes to Bavay. Field Marshal Haig announced today. Progress was made in other sectors of the Battle front as well, and more prisoners were taken.

ENEMY'S DEFENCES BADLY SHATTERED.

(Canadian Press Despatch)

PARIS, Nov. 6.—Enemy forces are in full retreat on the front of seventy-five miles from Valenciennes to the Meuse. They are being pressed hotly by the Allies.

British troops have crossed the Belgian frontier east of Valenciennes and have stormed Mormal forest, which covers Maubeuge. Further south the French are within eight miles of the great Mons-Vervins-Lacapelle road, the main artery of the central part of the German front in France. They are separated from it only by the Novion forest.

General Guillaumet and General Gouraud are advancing on the southern side of the salient, and the American army threatens the retreat of the German forces, for it is only nine miles from Sedan. The Americans have carried their lines past Dun-Sur-Meuse. As the result of the latest battle, in which the Allies have soundly beaten 140 German divisions, hundreds of villages have been freed and thousands of prisoners have been captured. The enemy's position, which was bad before, may now be said to be desperate.

The problem confronting the German general staff may be summed up as follows:

"The enemy has nine armies strung out in a semi-circle line from Ghent to Mouzon, on the Meuse, a distance of 160 miles. All that immense fighting force must flow back to Germany through Belgium, the gap between Liege and Mouzon, measuring only seventy miles. The southern half and centre of this gap is the most difficult country. It is wooded, hilly and poorly supplied with roads. If the Namur-Liege region is occupied by the Allies before the Germans south of the Sambre are able to get away and cross the Meuse, they will be practically surrounded and overwhelmed in disaster.

It should be remarked that Ghent and Le Quesnoy are nearer Namur and Liege than Marle and Chateau Porcien. The British armies are less than fifty miles from Namur. The Germans on the Serre are seventy and those on the Aisne are seventy-five. The country north of the Sambre is ideal for manoeuvring.

MARSHAL FOCH WILL ANSWER GERMAN APPEAL

Supreme War Council Informs President Wilson that Armistice Conditions Will Be Laid Down By Chief Commander in the Field.

(Canadian Press Despatch from Reuter's Limited)

LONDON, Nov. 5.—Mr. Lloyd George said that the Supreme War Council had considered the answer they should make to President Wilson regarding Germany's armistice proposals, and had arrived at complete agreement regarding the conditions. They had been transmitted to the President with a request that he inform the German Government that if they wished to know these conditions they should apply to Marshal Foch in the usual military form.

Loud Cheers greeted this announcement by the Prime Minister. Mr. Lloyd George said that if the application was made it had been decided that the British naval representatives would be associated with Marshal Foch at the conference. Whatever Germany's reply might be, the Associated Powers awaited the issue with perfect confidence.

Another outburst of cheering marked this part of the Premier's speech.

CLOSING HOURS OF WAR ON THE ITALIAN FRONT

Official Statement Says Austrians Were Driven Well Into the Mountains—Large Units on March Encircled.

(Canadian Press Despatch)

ROME, Nov. 6.—Dealing with the military operations leading up to the closing hours of the war on the Italian front, the official statement issued today shows that the Italian troops swept far northward into the mountains. The text of the statement reads: "The Seventh Army rapidly took the region west of the Adige and became master of Passo della Medola. It pushed patrols along the river in the direction of Bolzano. The First Army occupied the Monticello, dominating the confluence of the Adige and the Noce. At three o'clock Monday afternoon army headquarters were at Trent."

"On the remainder of the front the enemy was driven well into the mountains."

In the plains our cavalry threw into a panic large marching units of the enemy and, encircling them, compelled them to lay down their arms."

ENEMY RETREATS BEFORE FRENCH FIRST ARMY

Four Thousand Germans Were Made Prisoners and Sixty Cannon Captured in Region of the Oise—Debney's Men Enter Guise.

(Associated Press Despatch)

WITH THE FRENCH ARMY IN FRANCE, Nov. 11 p.m.—After yesterday's defeat in the region of the Oise, with the loss of 4,000 men made prisoner and sixty cannon captured, the Germans began a general retreat over the entire front of the First Army this morning. General Debney's men entered Guise at 6:30 o'clock and pushed on six miles further east in close pursuit of the German rear-guard.

In spite of the bad weather the French troops are forging ahead without rest, delivering a number of civilians in villages that are being conquered.

At three o'clock this afternoon they had reached the line of Barzy, La Croix Cauchy, La Voire, Esquerries, La Vagueresse, Crupilly, Maisley, Romery, Wiczy, Colanay, Sains, Richaume and Housset, realizing the most important advance since the Allied offensive began.

The French army operating on the right also advanced rapidly, reaching Neuville Housset, Marie, La Neuville, Ebonneau, Bucy and Dizy le Gros, and also liberating a considerable number of civilians.

General Gouraud's army on the right wing, overcoming stout resistance, succeeded in forcing the Argennes canal at La Chesne and Montson, and pushed on three miles north to the villages of Sauvillie and Louvergnay.

The troops on General Gouraud's left also made important gains during the day, hustling the enemy rearwards beyond Herpy and occupying the heights just west of the road from Ecy to Seraincourt, where they encountered resistance.

The progress of Marshal Foch's wide movement of envelopment of the pocket which the Germans are still holding on French territory has opened up a prospect of most important consequences. The German positions in the Department of the Ardennes, the integrity of which is essential to an orderly retirement from the region to the west, have been seriously compromised in spite of desperate resistance.

The French troops continue to press the enemy so rapidly in the steady downpour of rain that he has been unable to destroy bridges behind him. On one point the flight of the Germans was so precipitate that they left the wagon trains of several regiments behind them.

The Germans are in full retreat between the First Army over the entire front east of the Oise and through the pocket as far as Chateau Porcien.

INCOMPLETE ELECTION RETURNS INDICATE THAT THE REPUBLICANS WILL CONTROL NEXT CONGRESS

Contest Very Close in Many Districts and Scales May Be Turned for Either Party—Central Republican Committee Claims Majorities in Both Senate and House—Leading New York Democratic Newspapers Concede Majority to Opponents.

(Canadian Press Despatch)

WASHINGTON, Nov. 6.—The Democratic National Committee Headquarters early today claimed the Senate would be Democratic by at least one, and that final returns also would show a small margin for the Democrats in the House.

DEMOCRATS IN LEAD.

(Canadian Press Despatch)
WASHINGTON, Nov. 6.—Returns received by the committee were said to show definitely the election of forty-nine Democratic senators, while in the House 215 seats were assigned to the Democrats, 204 to the Republicans, and the remainder in doubt.

(Canadian Press Despatch)
WASHINGTON, Nov. 6.—Safe Republican majorities in both the Senate and House were claimed by the National Republican Congressional Committee in a statement issued here at one o'clock this morning.

CONCEDE CONTROL TO REPUBLICANS.

(Canadian Press Despatch)
NEW YORK, N.Y., November 6.—

The New York Times and the New York World, democratic newspapers, this morning, both concede that the republican party will control the next Congress. The Times concedes a majority of four in the Senate and nineteen in the House.

CONTROL STILL IN DOUBT.

(Canadian Press Despatch)
NEW YORK, N.Y., November 6.—Early today, more than twenty-four hours after yesterday's balloting began, it was not apparent whether the Democrats or Republicans would control the next Congress.

Party managers on both sides predicted they would have substantial working majorities, but the returns showed between 50 to 75 congressionalists still unreported, and the line-up so close that the scales might easily be turned in favor of either party.

The governorship of New York, too, was surrounded with the same uncertainty. The contest between Governor Whitman and his democratic opponent, Alfred W. Smith, was so close that it appeared the soldier vote would settle it. Some well-known

SHERBROOKE HAS TWO-THIRDS OF ITS OBJECTIVE IN THE GREAT VICTORY LOAN DRIVE

This Morning the Mercury Registering the Progress of the Campaign in the County of Sherbrooke Had Reached the \$1,050,000 Mark—Workers Made a Brilliant Spurt, in Which the Ladies' Committee Took a Prominent Part—The Merchants' Team Has Wrested the Lead Away from the Manufacturers in the Race for the Largest Amount in Subscriptions.

Canada's 1918 Victory Loan workers in the county of Sherbrooke displayed a brilliant spurt yesterday, going about their work with a vim and wonderful enthusiasm, and as a consequence of their continued successes in the campaign, the workers today are proudly boasting that Sherbrooke will undoubtedly not be left behind, but will have its "honor flag."

The representatives carrying the colors of the county of Sherbrooke in this Dominion-wide campaign have already practically covered two-thirds of their marathon journey towards their objective of \$1,650,000, and with ten days more before them are confident that they will win out. The Mercury recording the progress made by the local workers is this morning up to the \$1,050,000 notch, and Chairman James Mackinnon is delighted. Mr. Mackinnon has nothing but praise for his workers this morning. A few days ago he was a little uneasy as to whether or not Sherbrooke would be able to say that they had never failed in what was requested of them. He called his little army together and ordered that a spurt be started immediately, and his workers surely responded with a will.

Henry, overseas the past three years, going with a regiment from Winnipeg; Herbert and Sidney, of Detroit, Mich.; Christina, nurse in a hospital in France, going from New York last spring; Lillian, Mrs. D. Shurtleff; and Ernest. These two latter have been with her in the home and tenderly cared for her during the two weeks of her severe illness. In her passing away the family have lost a most kind and devoted mother. Of a quiet disposition and home-loving, it was her pleasure to minister to her large family unceasingly, and as each one went out into the world to take up life's duties, the old home was never forgotten, and from time to time they were welcomed back by their mother.

She was about 75 years of age and had been a resident of this place about fifty years and will long be remembered as a good, faithful Christian neighbor and friend. Her parents were Donald McKay and Anna (McInnis) McKay, of Winslow, who came from Stornoway, Lewis, Scotland, when she was about seven years of age. They first settled in Stornoway, Que., and were among the early pioneers of that place, and sturdy, honest people. Her sisters and brothers living are Donald McKay, Mrs. Malcolm McAuley, of Whitwick; Mrs. John McDonald, of Stornoway; Mr. Malcolm McKay, of Scottstown; Duncan McKay, of Gould, and Mrs. Donald McIver, of Springfield, Mass.

Why Can't I Get To Sleep?

Thousands of people all over the country ask this question, but still continue to toss night after night on a sleepless bed, and it is impossible for them to get a full night's refreshing sleep.

Some constitutional disturbance, worry or disease has so debilitated and irritated the nervous system that it cannot be quieted except by the pernicious use of opiates or narcotics. Or again, you have heart palpitation, and sensation of sinking, a feeling you are going to die, or perhaps you wake up in your sleep feeling as though you were about to choke or smother, and the only way you can get relief is to sit up in bed.

To all who suffer in this way, Milburn's Heart and Nerve Pills offer an inestimable boon. They bring back the much-needed night's rest by improving the tone of the nerves, strengthening the heart, enriching the blood and making the whole organism act in harmony—then you sleep as peacefully as a child.

Mrs. Jas. Latimer, 39 Leinster St., St. John, N.B., writes:—"At night I could not sleep. I had to sit up in bed, my heart beat so fast, and when I walked up stairs I would get all out of breath. A friend recommended Milburn's Heart and Nerve Pills and after using two boxes, I can sleep all night and am not out of breath after walking."

Milburn's Heart and Nerve Pills are sold by all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

It is hard to struggle along with a head that aches and pains all the time. Headache seems habitual with many people; indeed, some are so afflicted, if ever free from it, suffering continually, and wondering why they can get no relief.

In nine cases out of ten, persistent headaches are due to poisoned blood, the blood being rendered impure through some derangement of the stomach, liver or bowels.

The reason Burdock Blood Bitters makes permanent cures of all cases of headache, is because it starts the organs of elimination acting freely, and the poisons and impurities are carried off from the system, purified blood circulates in the blood cells, and instead of pains and aches there is revived mentality and bodily vigor.

Mrs. George Monck, Arden, Ont., writes: "I have been troubled a great deal with sick headaches, and at times would almost go blind, and have to go to bed. I tried different kinds of medicine without any benefit until I was advised to use Burdock Blood Bitters. After taking it, I have not been troubled since."

B. B. B. is a purely vegetable remedy, and has been manufactured for the last forty years by The T. Millburn Co., Limited, Toronto, Ont.

Don't Get The Grippe

You know how soon Zutoo Tablets cure headache and break up colds. Stop your cold in the very beginning and prevent the grippe.

SAYS HOT WATER WASHES POISONS FROM THE LIVER

Everyone should drink hot water with phosphate in it, before breakfast.

To tell as fine as the proverbial fiddle, we must keep the liver washed clean, almost every morning, to prevent its sponge-like pores from clogging with indigestible material, sour bile and poisonous toxins, says a noted physician.

If you catch cold easily, it's your liver. If you wake up with a bad taste, furred tongue, nasty breath or stomach becomes rancid, it's your liver. Sallow skin, muddy complexion, watery eyes all denote liver uncleanness. Your liver is the most important, also the most abused and neglected organ of the body. Few know its function or how to release the dammed-up body waste, bile and toxins.

Every man and woman, sick or well should drink each morning before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it, to wash from the liver and bowels the previous day's indigestible materials, the poisons, sour bile and toxins; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Limestone phosphate is inexpensive; any pharmacist will sell you a quarter pound, which is sufficient for a demonstration of how hot water and limestone phosphate cleans, stimulates and freshens the liver, keeping you feeling fit day in and day out.

NOT A PARTICLE OF DANDRUFF OR A FALLING HAIR

Save your hair! Double its beauty in just a few moments.

"Danderine" makes your hair thick, glossy, wavy, and beautiful.

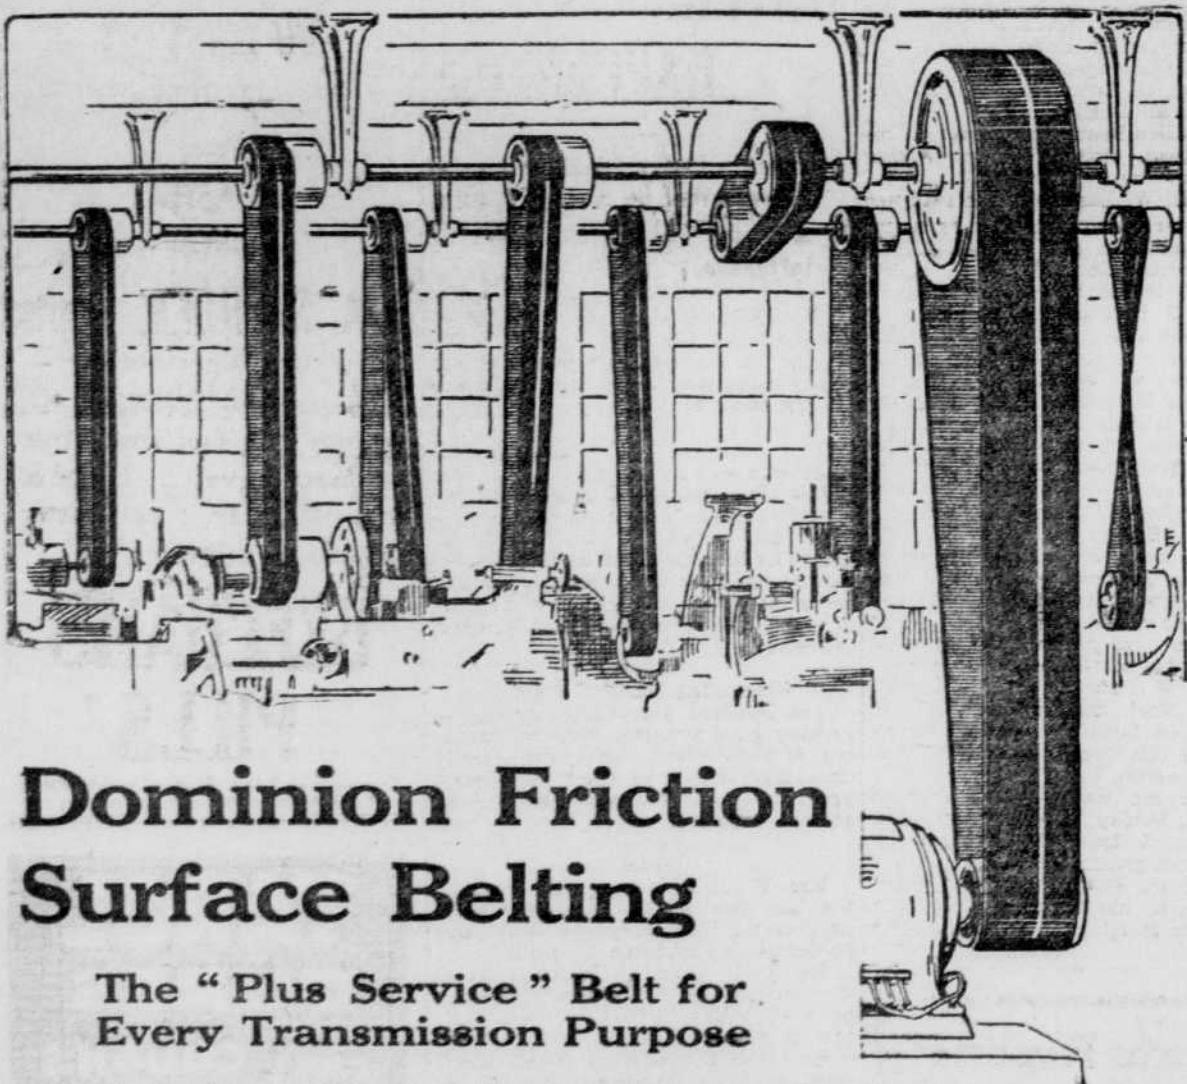

Within ten minutes after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter for a few cents and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.

From the standpoints of first cost, increased production, economy in upkeep, long life, power conservation, dependability and completely satisfactory service, our Dominion Friction Surface Belting is without an equal.

Dominion Friction Surface Belting is more than layers of rubberized fabric cemented together—it is better belting—built to insure absolute uniformity, dependability and a "plus service" according to the high standard of the Dominion Rubber System.

It is the product of over fifty years' research and experience in belt-making by the largest rubber organization in Canada.

In the same ratio that Dominion Friction Surface Belting renders a "plus service," at minimum cost, does the Dominion Rubber System render a special belting service, at no cost.

Canada's largest manufacturers have made our technical experts responsible for efficient belting service in their plants and find it profitable—possibly we can be of service to you in like manner.

Our Dominion-wide service—in charge of belting engineers—not merely salesmen—is within phone call of your plant. The first time you are in trouble, test it out.

COMB SAGE TEA
INTO GRAY HAIR

DARKENS BEAUTIFULLY AND RESTORES ITS NATURAL COLOR AND LUSTRE AT ONCE.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and lustrous. Mixing the Sage Tea and Sulphur recipe at home is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients, a large bottle, at little cost, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound no one can tell, because it does so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and lustrous and you appear years younger.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

LENNOXVILLE MAN LOST WITH GALLIANO. In the list of those who went down with the patrol boat Galliano, wrecked off the coast of British Columbia, is the name of Geo. H. Musly, Lennoxville.

EXPECTS TO BE "OVER THERE" FOR THE FINISH. A message has been received by Mr. and Mrs. Geo. Wingrove, Hall Avenue, from their son, C. Sergt.-Major A. E. Wingrove, saying that he had arrived safely in England. A letter from Sergt. W. Wingrove states that after spending some time with the Transport division, he has returned to his former work with the Field Ambulance Corps. He wishes to be remembered to his old comrades and says, "don't expect me home for a while yet, as I expect to be here for the finish."

JACK FROST PRESENTS PICTURE. A picture of beauty was spread before the eyes of those whose duties or inclinations brought them from the land of Nod at an early hour this morning. During the night Jack Frost had covered every tree and shrub, blade of grass and wire with his "furry mantle," which, when touched, the first rays of old Sol completed a fairly like scene, that could not help but appeal to the most indifferent lover of Nature. Red faces and tingling fingers were naturally "the other side of the story," but this could be endured with the thought that this heavy frost is, one of Dame Nature's quaint methods of telling us there is fair weather ahead.

H. C. WILSON PRESENT PIANO TO WAR VETERANS. The members of the Sherbrooke Branch of the Great War Veterans' Association received a most agreeable surprise when they went out on the hunt for a piano for their new rooms in the Odell Block. The committee appointed to look after this detail first paid a visit to H. C. Wilson & Sons, with a view of purchasing a piano. However, they were in formed by Mr. Wilson that the company thought the veterans deserved a piano and would make such a presentation. The piano was immediately sent and placed in position, and will be the means of many an enjoyable evening for the members of the G.W.V.A. during the winter.

CPL. MORRISON HOME ON LEAVE. Cpl. Lewis H. Morrison is spending a few days with his brother, Mr. Gordon Morrison, Prospect street, Lennoxville. Cpl. Morrison went overseas with the 8th Grenadier Guards in 1916, and has seen active service in both France and Belgium. He was in the fight at the Somme, and was recommended for a medal for the excellent work he did at one of the listening posts. After all the boys who were with him had been either killed or wounded, Cpl. Morrison succeeded in getting all the dead and wounded back to his own trench. He later refused a commission.

He was wounded during the taking of the "Regina Trench." After a year spent in the hospital he did base duty in England, being physically unfit for active service. Finally his health broke down and he was obliged to spend the remainder of the time in the hospital at Liverpool, from where he sailed on a hospital ship for Canada. He will spend a few weeks with his parents, Mr. and Mrs. Henry Morrison, at Kinross Mills before reporting again in Montreal.

DECISION IN COAL MINING DISPUTE IN N.S.

Fuel Controller Magrath Recommends to Government that N. S. Steel and Coal Company Be Allowed to Mine Under Sydney Harbor.

(Canadian Press Despatch)
OTTAWA, Nov. 6.—After hearing arguments of counsel for the Dominion Coal Company and the Nova Scotia Steel and Coal Company yesterday afternoon, Fuel Controller Magrath announced that he would recommend to the Government that the latter company be granted the right to take out coal from the holdings of the Dominion Coal Company under the Sydney harbor. In announcing his decision, Mr. Magrath stated that he was sorry that the rival organizations could not have arrived at some agreement in the matter without appealing to him. There was, he said, a very great decrease in the production of coal in the Maritime Provinces and this must be remedied. He had absolutely no interest in either company involved in the dispute. His duty was merely to increase the production of coal in the Maritime Provinces and how the mining of coal on the property of the Dominion Coal Company could injure those financially interested in the former organization. The Fuel Controller expressed the opinion that there should be a readjustment of the coal areas leased by the two companies in the Cape Breton district. If the holdings were located in a more convenient manner the production of coal could be carried more cheaply.

INCOMPLETE ELECTION RETURNS

(Continued from page One.)
figures in public life will be retired, or at least have close shaves by yesterday's voting. Prominent among them are Speaker Clark, of the House of Representatives, who last night was reported beaten by four hundred votes, but today was running very close to his opponent; Senator Weeks, the Junior Republican Senator from Massachusetts, defeated by former Governor Walsh, democrat; Senator Lewis, of Illinois, the democratic whip, defeated by Representative Medill McCormick, of Chicago; Senator Saulsbury, of Delaware, president pro-tem of the Senate, defeated by former Senator Ball, Republican.

Later returns from Kentucky today indicate that Governor Stanley has been elected to the United States Senate, defeating B. L. Bruner, Republican.

With the results incomplete Henry Ford was running behind Truman H. Newberry, former assistant secretary of the navy, his Republican opponent for the Senate in Michigan. Out of forty senators being elected, twenty-eight had been accounted for early today. They were: Alabama, Bankhead, democrat; Arkansas, Robinson, democrat; Delaware, Ball, republican; Georgia, Harris, democrat; Idaho, Borah, republican; Illinois, McCormick, republican; Iowa, Kenyon, republican; Kansas, Capper, republican; Louisiana, Ransdell, republican (elected last September); Massachusetts, Walsh, democrat; Minnesota, Nelson, republican; Mississippi, Harrison, democrat; Missouri, Spencer, republican; Nebraska, Morris, republican; New Hampshire, Kayes and Moses, republicans; New Jersey, Edge (long term), Bayard (short term), republicans; North Carolina, Simmons, democrat; Oregon, Mulkey (short term), republican; Rhode Island, Dial, republican; South Carolina, Dill (long term), and Pollack (short term) democrats; South Dakota, Sterling, republican; Tennessee, Shields, democrat; Virginia, Martin, democrat.

Republican Candidates Defeated.
In the election for the House, former Speaker Cannon was returned to his seat from Illinois for what will be his twenty-second term. Meyer London, the only Socialist in the House, was defeated by former representative Henry Goldfogge, a democrat, running with Republican endorsement. The loss of the Socialist seat, however, was offset by the election of another Socialist, Victor Berger, of Milwaukee, who defeated representative Stafford, a democrat. Berger previously served in the House and is at present under indictment, charged with having violated the espionage law. All of the Socialist candidates in New York were beaten.

To what extent the women of New York, exercising their suffrage for the first time, has been responsible for the close result in the state contest was not apparent early today. There were several women candidates for Congress in the state, but all were defeated. Representative Jeanette Rankin, of Montana, the first woman to hold a seat in Congress, was not running for re-election to the House, but contested independently for a Senate seat after being defeated in the republican primaries. Senator Walsh was running ahead of republican and independent candidates.

With 374 elections reported and 61 congressional districts in doubt, twenty-four Republican seats were now occupied by Democrats, and the Democrats gained seats from eight Republicans and one Socialist. The Socialists made up their loss to the Democrats by taking a place from the Republicans. The Republicans made a net gain of fifteen seats on the returns thus far received, while the Democrats took eight places from the Republicans. The Socialist representation remains the same—one seat.

CLOSE RUN FOR NEW YORK GOVERNOR.

(Canadian Press Despatch)
NEW YORK, N.Y., November 6.—The final result of the contest for the governorship and other state offices in yesterday's election remained in doubt early today. Missing up-state districts, which are normally Republican, were gradually cutting down the big lead rolled up by Alfred W. Smith, Democrat, in New York, and indications were that the winner would be determined by the soldier and sailor vote. With the city complete and 550 districts missing up-state Smith had 958,231 votes, and Governor Whitman 928,692. The vote in 4056 districts of the 4,606 outside the city gave Whitman 644,615, and Smith 415,610.

The next assembly will be Republican. Only one woman was successful in her race for office. In the first assembly district, Suffolk County, Mrs. Ida B. Sammis, Republican, defeated her Democratic opponent, Walter L. Stillwell.

WALSH ELECTED IN MASSACHUSETTS.

BOSTON, MASS., Nov. 6.—Former Governor David Walsh, democrat, was elected United States senator from Massachusetts yesterday, defeating Senator John W. Weeks, republican, by a margin approximately 15,000. Lieutenant Governor Calvin Coolidge, republican, was elected Governor with a lead of about 8,000 over Richard H. Long.

MANY DISTRICTS UNREPORTED.

(Canadian Press Despatch)
NEW YORK, N.Y., November 6.—At two o'clock this morning one hundred and twenty congressional districts were unreported.

By the returns then in hand the Republicans had gained eleven seats in the House of Representatives, and three seats in the Senate.

House Rejects Motion to Take Up Problem Without Delay—Government Leaders Declare War is More Transcendent Than Home Rule.

LONDON, Nov. 6.—After a discussion lasting all day, the House of Commons yesterday rejected, by a vote of 196 to 115, a motion made by Mr. John Dillon, Chairman of the Nationalist party, that the Irish question should be settled without delay on President Wilson's principle of self-determination. As first proposed the motion asked that Great Britain should not enter the peace conference until the Irish question was settled. This met with vigorous opposition from Edward Short, chief secretary for Ireland, and Andrew Bonar Law, Chancellor of the exchequer who argued that the war had raised questions far transcending home rule. Mr. Dillon then consented to amend his motion.

GERMAN FUEL OIL SUPPLY CUT OFF Under Terms of Armistice All Traffic Between Germany and Austria Must Stop.

WASHINGTON, Nov. 6.—One effect of the termination of Austria from the war, the Fuel Administration announced last night, will be the cutting off of Germany's supply of fuel oil and gasoline.

Germany has been obtaining fuel oil and gasoline from Galicia and Rumania, and was planning to import extensively from the Caucasus. The announcement said that under the Austrian armistice all traffic between Germany and her former ally must stop.

REPUBLICANS SWEEP RHODE ISLAND.

(Canadian Press Despatch)
PROVIDENCE, R. I., Nov. 6.—Rhode Island Republicans made a clean sweep of the state today, re-electing LeBaron C. Colt, United States senator, and taking all three congressional seats, a gain of one congressman. For senator, Judge Colt defeated Congressman George O. Shaughnessy by 4,051 votes with only three districts out of 183 to be heard from.

CLAIM ELECTION FOR HENRY FORD.

(Canadian Press Despatch)
DETROIT, Nov. 6.—The commanding majority for Ruman H. Newberry, Republican candidate for United States senator, was materially reduced when more complete returns from all sections of the State were tabulated this morning. Encouraged by favorable returns from strong Republican centers, Henry Ford's managers were claiming his election, and placed his majority at 10,000.

PASSED AWAY ON HALIFAX TRAIN LAST EVENING

Mr. E. O. Laflamme Falls a Victim of Influenza While on His Way to His Home at McAdam Junction, N. B.

While on his way to his home at McAdam Junction, N.B., accompanied by his wife and three-year-old little girl, who has been in ill-health, Mr. E. O. Laflamme, who was employed as a foreman by the Canadian Pacific Railway, passed away on the Halifax express as it neared Foster last evening. The remains of the deceased were brought to Sherbrooke and removed to Lord's Chapel, while the little girl was taken to the Sherbrooke hospital for treatment.

Mr. Laflamme and his family had been enjoying a short holiday at Hull, Que., while his daughter at the same time was under treatment. A few days ago Mr. Laflamme took ill with influenza, which developed into pneumonia and later heart failure. Mr. Laflamme was very sick, but it was thought that he would be able to reach his home. He was about 58 years of age.

It was discovered that his little daughter was also suffering from influenza, and on the arrival of the train here she was taken to the Sherbrooke hospital. The body will be sent to McAdam Junction this evening, accompanied by Mrs. Laflamme and her little daughter, if the latter is found able to make the trip.

150,000 PRISONERS WERE TAKEN IN TRENTINO SECTOR

WASHINGTON, Nov. 6.—An official despatch from Rome yesterday, telling results of the final Austrian defeat, says in the army of the Trentino alone over 150,000 prisoners fell into the hands of the Italians.

Delayed by Red Tape.

The following story is being told in the London clubs, needless to say those frequented by civilians more than the military:

An army officer had an inspiration for a new bride, but for its manufacture he had difficulty in obtaining leather in pieces large enough to carry out his ideal. He managed, however, to obtain sufficient scraps for his purpose. These he laboriously shaped and fitted together, making the result a patchwork of fragments plentifully stitched.

In spite of its appearance the new bride was voted a success by the powers that be. And then the model was handed over to a maker of such articles, who was not handicapped by the inventor's shortage of leather. Needless to say, he had the different parts of the bride cut in such a way as to reduce the stitching to a minimum.

Then he sent his copy into the lairs of officialdom and awaited the result. It was staggering. He was told that his bride was "not according to specifications."

It took three months to convince officialdom that it saved cost and enhanced strength to make the bride in a manner which did not involve cutting leather up into small pieces and then stitching them together.

SHERBROOKE HOSPITAL NAME THEIR OFFICERS

Very Satisfactory Reports Presented at the Annual Meeting of Institution Which Was Held Yesterday.

A special feature of the annual meeting of the Woman's committee of the Sherbrooke Hospital, held yesterday in the parlors of the Y.M.C.A., was the report of the secretary, Miss Mary Twose, which gave in detail the work of the committee for the past twelve months, and emphasized the fact that the past year had been the most successful in the history of the institution. By-laws had been drafted and adopted with benefit, and the work was carried through on a business basis. She stated that the receipts of the lunch counter at the Exhibition had been gratifying, and the sum raised by the committee during the year amounted to \$2,853.35.

Cordial thanks were given to Mr. J. Albert Hurley for timely assistance rendered, also to the Sherbrooke Patriotic Association, and a touching tribute was paid to the late president of the women's committee, Mrs. T. J. Tuck, whose devotion to the interests of the hospital will never be forgotten.

Mrs. B. C. Howard presided at the meeting, and the usual business followed the opening prayer. The minutes of the last annual and the last regular meetings were read by the secretary and confirmed, and the treasurer's report presented. The latter was very satisfactory, the finances being in good condition.

The president stated that Mr. J. Albert Hurley had signified his willingness to organize an entertainment for the benefit of the hospital, and the affair was gratefully accepted, the date to be fixed after the holidays.

A number of questions coming within the province of the committee relative to supplies of linen, china, the Misses Hume, etc., were discussed, and it was decided to revive a former custom of visiting the hospital once a month, the visitors chosen from the committee to be appointed by the secretary.

During the meeting it was announced that a donation of \$100 had been made by Mr. J. S. Mitchell for the funds of the committee, and the secretary was requested to send a note of thanks acknowledging Mr. Mitchell's generous gift; also to thank Mr. and Mrs. Harry Norton on behalf of the committee for their splendid donation of \$10,000 for a laundry, work on which has begun.

A number of bills were submitted and authorized to be paid, and the election of officers took place as follows: Mrs. Harding and Mrs. Lockhart, acting as scrutineers; Hon. president, Mrs. H. D. Lawrence and Miss Beckett; president, Mrs. B. C. Howard; vice-presidents, Miss Twose, Mrs. M. L. MacDonald, Mrs. W. S. Allen, Mrs. Harkness; secretary, Miss Mary Twose; treasurer, Miss C. Edwards.

The appointment of sub-committees was left over till the next meeting. Mrs. Howard thanked the committee for re-election as a proof of their confidence.

IF BACKACHY OR KIDNEYS BOTHER

EAT LESS MEAT ALSO TAKE GLASS OF SALTS BEFORE EATING BREAKFAST.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.
Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

RAIN FELL HERE LAST MONTH ON SEVENTEEN DAYS

Heaviest Rain Fall Recorded for Some Time in This District—Statistics Announced at the Experimental Farm.

It has been many moons since this district experienced as much rain as that which fell during the past month of October. Jupiter Fluvius made his none too welcome presence known on no less than seventeen days during the month, and according to the statistics kept at the Lennoxville Experimental Farm and announced today by Superintendent J. A. McClary, the total rainfall during the past month amounted to 6.19 inches, compared with 5.43 inches last year, and only 2.59 inches for the corresponding period in 1916.

The highest temperature recorded during the month was 71 degrees, compared with 67 last year, with a minimum of 20, compared with 23 a year ago, while the mean temperature of 45.54 compares with 42.19 for the same period in 1917.

The number of hours of sunshine recorded amount to 107.4, compared with 81.1 hours last year.

FIRST ROUND IN FIGHT AGAINST 'PHONE RATES

Canadian Municipalities Make Protest Before Railway Commission Over Application of Bell Telephone Co. for a General Increase in Charges.

(Canadian Press Despatch)
OTTAWA, Ont., Nov. 6.—The first round in the fight of the Canadian municipalities against the application

of the Bell Telephone Company for a general increase in all rates, opened shortly before noon today before the railway commissioners. The hearing today was based upon the application of the city of Toronto for an order giving Messrs. Clarkson, Gordon and Dittworth, chartered accountants, access to books of the company as to whether the requested increases in rates is warranted.

Representatives of the municipalities in conference here this morning, however, decided to shift their ground of attack on the score that the proposed investigation by accountants might prove to be too cumbersome, and suggested instead that the Bell Telephone Company should be requested to furnish the municipalities with the facts upon which they base their application for increased tolls.

MURDERER GETS RESERVE CASE

(Canadian Press Despatch)
MONTREAL, Nov. 6.—The Court of Appeal has granted Aurele Veullette, condemned for double murder in Pontiac county, a reserved case. One of the points made by Veullette was that, though half the jury was that, though half the jury was French, no address in that language was made to them by the judge.

HIT HIM AGAIN

The Bad Man of Europe is groggy. The hell-hounds he loosed in Belgium are backing away, cringing, snarling, scared.

We've got him going.

But he lives—4,000,000 strong on the Western front alone—and in his perverted brain lives the ambition to destroy and to enslave.

Now, while his legions totter; while his only hope is to dodge, to retreat, to evade the knockout blow that he knows must fall, now is the time to strike and to put everything we have behind the blow.

If you were planning to buy a \$100 Victory Bond you can surely hit harder. Make it \$200 or \$500.

If you were thinking of a \$500 Bond, can't you strike a \$1,000 blow?

The full weight of Canada's fighting strength must go into that crushing stroke—our great resources, our industries, our agriculture, our fisheries, our surplus wealth, every dollar we can spare, every dollar we can rake and scrape.

For this is the knockout—the blow that must strike the demon down and send his broken war hordes hurtling back across the Rhine.

Hit him again!

HIT HIM AGAIN!!

TO REGULATE TEMPERATURE IN BUILDINGS

Fuel Controller Magrath Issues Order that Heat Must Not Be Over 68 Degrees—Fuel Situation in Canada Very Serious.

(Canadian Press Despatch)
OTTAWA, Nov. 5.—The temperature in all buildings must be kept down to 68 degrees, it is announced by Fuel Controller Magrath. The fuel situation has become so critical that it is urgently necessary to avoid waste, and a conference called by Mr. Magrath has just been held, at which ways and means of saving on limited supplies of hard coal were discussed with the fuel administrators for the Provinces of Ontario and Quebec.

"Through investigation it has been established that a minimum of 68 degrees is all that is required, and the temperature in all buildings must not go any higher than that," was the decision of the administrators of both provinces. "It is important," said the Fuel Controller, "that the other Canadian provinces should fall into line."

The Best Cough Syrup Is Home-made

Here's an easy way to save 82, and yet have the best cough remedy you ever tried.

You've probably heard of this well-known plan of making cough syrup at home. But have you ever used it? When you do, you will understand why thousands of families, the world over, feel that they could hardly keep house without it. It's simple and cheap, but the way it takes hold of a cough will quickly earn it a permanent place in your home.

Into a 16-oz. bottle, pour 2½ ounces of Pinex (50 cents worth); then add plain granulated sugar syrup to fill up the bottle. Or, if desired, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, never spoils, and gives you 16 ounces of better cough remedy than you could buy ready-made for five times its cost.

It is really wonderful how quickly this home-made remedy conquers a cough usually in 24 hours or less. It seems to penetrate through every air passage, loosens a dry, hoarse or tight cough, lifts the phlegm, heats the membranes, and gives almost immediate relief. Splendid for throat tickle, hoarseness, croup, bronchitis and bronchial asthma.

Pinex is a highly concentrated compound of genuine Norway pine extract, and has been used for generations for throat and chest ailments.

Avoid disappointment by asking your druggist for 2½ ounces of Pinex with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

TERMS IMPOSED ON AUSTRIA ARE VERY DRASTIC

Navy, Which Either Must Be Delivered to the Allies or Disarmed Under Armistice, Consists of About 251 Ships.

WASHINGTON, Nov. 5.—Austria-Hungary, the last and most powerful ally of Germany, passed out of the world war yesterday under terms of a complete surrender.

Not only have the armed forces of the once-powerful Austro-Hungarian Empire laid down their arms to await the end of the war and peace terms dictated by the Allies and the United States, but Austro-Hungarian territory is open for operations against Germany. Even the munitions of the former ally are to be used against the Kaiser's armies if refusal to accept conditions now being prepared for them make prolonged fighting necessary.

A map survey of the geographical lines fixed for Austrian evacuation shows that the area is even greater than that set by the Italians as the goal of their ambition when they entered the war. At last time the Italian leaders carefully outlined and indicated on their war maps the territory along their borders which they deemed it necessary that they acquire for racial and sentimental reasons and also to insure the security of their frontiers.

This means that the whole question of final disposition of the territory involved is left to be settled at the peace table.

Austria-Hungary's navy, which either must be delivered to the Allies or disarmed under the terms of the armistice, consists of approximately 251 ships, according to latest official information reaching the Navy Department. These figures, Secretary Daniels announced today, were compiled without reference to recently reported losses of two Austrian battleships.

The total of submarines is placed at 45, with fifteen battleships, an equal number of cruisers, 21 torpedo boat-destroyers, 10 torpedo gunboats, 67 torpedo boats, 45 mine layers, 11 river monitors, 7 patrol boats, 6 armed steamers, 6 scouts, one river torpedo boat and two trawlers.

REJOICING IN VIENNA.

GENEVA, Nov. 6.—(By the Associated Press.)—Vienna was delirious with joy when it was learned that an armistice had been declared. The streets were soon crowded with men and women and children, crying and embracing each other. The general opinion is that food will follow peace.

The report that Emperor Charles had abdicated aroused little interest. The Austrian press is attempting to calm the population, emphasizing the fact that the armistice terms are of a most severe nature, and involve great sacrifices to the empire and the people.

RUSSIAN GOLD RESERVE SAVED

800 Million Rubles Taken from Petrograd By the Bolsheviks Now in Possession of the Omsk Government at Kazan.

(Canadian Press Despatch)

NEW YORK, Nov. 6.—Russian gold, valued at 800 million rubles, taken from Petrograd by the Bolsheviks, has been saved at Kazan by the Omsk Government, generally recognized as a foundation for the reorganization of Russia. A. J. Sask, director of the Russian information bureau, announced here last night on authority of the Russian embassy at Washington.

The gold, representing two-thirds of the reserve in the Russian treasury when the Bolsheviks gained control of the capital late in 1917, was transported by them to Kazan and thence to Samara. Agents of the Omsk Government, obtaining possession of it, took the metal to Omsk. The gold is worth approximately \$400,000,000.

A Turkish Plot.

Describing conditions in Constantinople during the early part of the war, Ambassador Morgenthau tells the following incident:

"The atmosphere was exciting; how tense the situation was a single episode will show. Sir Louis Mallet, the British Ambassador, had accepted an invitation to dine at the American Embassy on Oct. 20th, but he sent word at the last moment that he was ill and could not come. I called on the Ambassador an hour or two afterward and found him in his garden, apparently in the best of health. Sir Louis smiled and said that his illness had been purely political. He had received a letter telling him that he was to be assassinated that evening, this letter informing him of the precise spot where the tragedy was to take place, and the time. He, therefore, thought that he had better stay indoors. As I had no doubt that some such crime had been planned, I offered Sir Louis the protection of our embassy. I gave him the key to the back gate of the building; and, with Lord Wellesley, one of his secretaries—a descendant of the Duke of Wellington—I made all arrangements for his escape to our quarters in case a flight became necessary."

Imperial War Pensions.

Great Britain will have to pay \$250,000,000 a year pension if the war ends by next March, according to an estimate made by A. Bonar Law, Chancellor of the Exchequer. Sir Alfred W. Watson, a Government actuary, estimates that by 1930 the annual pension charges will have fallen to \$200,000,000, and that each succeeding decade will show a reduction of \$50,000,000, but that these pensions will not have entirely disappeared by 1970.

Fifteen thousand cases of war disabled soldiers are reported each week to the Minister of Pensions. The total number of disabled British men on the list is now placed at 341,026, of which 29 per cent. were cases of injury to the eyes or loss of sight resulting from wounds.

To Be Encouraged.

"Uncle Zeb Jorsum thinks he's a great weather prophet." "Yep," replied Farmer Cornstossel. "We encourage him all the while. It's worth while to have one feller in the village who kin be depended on to loom up now and then with words of wisdom on somethin' besides politics or runnin' the wax."

21 DAYS AT SEA IN AN OPEN BOAT

Survivors of Norwegian Barque Torpedoed by U-Boat Reached B. W. I. After Terrible Experience.

(Canadian Press Despatch)

TURKS ISLAND, B.W.I., Nov. 4, via Halifax, N.S., Nov. 5.—Reporting the capture of their ship in latitude 37°30', longitude 53°30' by a German submarine on October 13, the captain and seven men of the Norwegian bark Stifinder, New York to Fremantle, arrived here last night in a pitiable condition following their twenty-one days' exposure in an open boat with little or no food. A second boat containing the remaining eleven members of the crew became separated from the captain's boat, a few days away from the ship, but were picked up a few days ago by a U.S. submarine chaser and landed in New York.

The captain states that when he and his crew were abandoned to their fate by the U-boat they first tried to reach Halifax, but their boat capsized and with it went the bulk of their provisions. They managed to right the boat after a great deal of effort, and then, because of the extremely cold weather, decided to make for Bermuda. They were again unable to carry out their project, and after twenty-one days of intense suffering were finally able to make this island.

DISQUIETED OVER BOLSHEVIKI DANGER IN GERMANY

Press of Berlin Declare that Leaflets Have Been Distributed With Object to Incite Soldiers to Disobey Commands.

(Canadian Press Despatch)

AMSTERDAM, Nov. 5.—The German press is evidently considerably disquieted over the Bolshevik danger in Germany.

The Nord Deutsche publishes a long statement today concerning Bolshevik activities which it attributes to the Russian embassy at Berlin. The statement says that leaflets have been distributed to the people of Berlin, and in particular to soldiers, signed by the Workers and Soldiers Committee. The newspaper says its object is to incite soldiers to disobey military commands.

What Was Needed.

One afternoon Mike was caught in a railway wreck, which, fortunately, wasn't a serious one, and when his friends found him he was sitting beside the track holding his head in one hand and a leg in the other, said members, of course, not being detached. "How are you feeling, Mike?" asked one of the party, stooping to help the bruised man. "Are you badly hurt?" "That Ol' am," answered Mike. "Ol' fule as Ol' fule troid to stop a fight between a road roller and a mule." "Never mind, old fellow," sympathetically returned the other. "It is not as bad as it might have been, and you will get damages, you know." "Damages!" exclaimed Mike. "Shure, an' Ol' fule had enough av thim. It's repairs that Ol' fule nadin' now."

NO LET UP TO ATROCITIES OF THE GERMANS

Turned Machine Guns Against Civilians With Household Belongings Who Were Seeking Refuge Behind the Allied Lines in Flanders.

(Associated Press Despatch)

WITH THE ALLIED FORCES IN FLANDERS, Nov. 6.—In the Ghent sector the French and American forces now hold Severghem, Swynaerde, St. Denis-Westrem, Alsne and Tronchiennes. Thence the line runs to Mariakerkebrug.

The Belgians hold the line from the canal to Langer Brugge, east of Ertvelde, west of Dekatte, and thence to the Dutch frontier.

In the last few days the advance has been comparatively easy owing to the enemy's withdrawal to the Scheldt, but the advance cost the Germans dear, especially in the Elsegem area. The enemy fought strongly for the high positions north of Elsegem, but the British attacked successfully, and with the help of the French flank forced the enemy to retire.

The Boche has been throwing gas and high explosives indiscriminately into hamlets and farms, causing the death of many civilians. A most distressing feature of this unqualified warfare was seen yesterday when the German machine gunners turned rapid fire against civilians with household belongings seeking refuge behind the Allied lines.

MILITARY POINT OF VIEW

"Why didn't you return Jack's ring and presents?" "I regard them as spoils of war taken in my first engagement."

WILL DEMAND PUNISHMENT OF HUN OFFICERS

(Canadian Press Despatch from Reuters, Limited.)

LONDON, Nov. 5.—Sir George Cave, the Home Secretary, announced in the House of Commons today that the names of all enemy army corps commanders, or other persons who are known to have been guilty of, or have encouraged cruelty to war prisoners, or have acquiesced in actual cruelty by subordinate, would be included in the list of persons whose trial and punishment would be demanded by the Allies. It was considered inadvisable at present to state the names of persons in the list. The French Government had been requested to cause all possible steps to be taken to bring to account the surrender of the camp commandant at Philippopolis, who was distinguished for his ill-treatment of British prisoners.

CONSUMPTION OF FISH WAS LARGE

Amount Used on National Fish Day in Canada Overtops that of Any Good Friday.

(Canadian Press Despatch)

OTTAWA, Nov. 5.—Reports reaching the Canada Food Board indicate that the consumption of fish in Canada on October 31, national fish day, overtops by fifty to sixty per cent. that of any Good Friday, nominally the heaviest fish day in the year. Toronto sold 222,400 pounds of fish. Montreal exceeded all records by selling 355,000 pounds. The Food Board's estimate of 3,900,000 pounds of fish sold on fish day is likely to be sustained.

The Waltham Watch

BEFORE the establishment of the Waltham Watch Company in 1854, there was not a single factory in the world where a watch movement was made in its entirety. The plates were fashioned in one place, the wheels elsewhere, and so forth. All the parts thus made by disconnected and non-standardized methods were finally assembled and cased somewhere else. But with the advent of the Waltham Watch Company a revolution in watch making took place. One of the first results of this Company's establishment was to produce better watches at a lower cost than were ever possible before. Watches ceased to be a luxury of the rich and became a convenience that all might possess. Throughout the past sixty years, every gold medal awarded for watch merit has been awarded to Waltham. So that there is a meaning full of significance in the name "Waltham" for any person who desires the most dependable timepiece that money can buy.

NOTICE TO SOLDIERS ON HARVEST LEAVE.

Attention is directed to a recent announcement published in the Press by the Military Service Branch, Department of Justice, regarding extensions to be granted to men EXEMPTED AS FARMERS.

It is pointed out that this DOES NOT IN ANY WAY AFFECT MEN WHO HAVE BEEN ORDERED BY THE REGISTRAR TO REPORT to Depot Battalions and who have thereafter received leave of absence from the Military Authorities.

Once a man has been ordered to report for duty by the Registrar he leaves the jurisdiction of the Registrar and comes under that of the Department of Militia and Defence, and is to be considered as a soldier. This applies to men of the 20 to 22 Class who have been ordered to report by the Registrar in virtue of the cancellation of exemptions by Order-in-Council of the 20th April last, as well as to those ordered to report in the usual way on refusal of claim for exemption, or on expiration of exemption granted.

All men, accordingly, who have been ordered to report, and are therefore SOLDIERS, and who have subsequently been granted harvest leave by the military authorities, MUST, NOTWITHSTANDING THE NOTICE ABOVE REFERRED TO, REPORT ON THE EXPIRATION OF THAT LEAVE, unless they are notified to the contrary by their Commanding Officer or by general notice published by the Department of Militia and Defence.

LETTERS FROM EASTERN TOWNSHIPS SOLDIERS WITH OVERSEAS CONTINGENT

SAYS FRITZ IS GETTING IT GOOD AND PLENTY.
SAWYERVILLE, Nov. 4. — (Special.)—Following is an extract of a letter received from Pte. Colin A. Thompson, 178007, 87th Canadian Grenadier Guards, 1st Western Hospital, Ward G, Farnley, Liverpool, Eng. My Dear Sister—A few lines to let you know that I am getting along fine these days. Leg bothers a little, but got to expect that for a while, but is getting along as well as it can, so mustn't worry. Are you able to be out and around yet? You have had some spell of it, haven't you?
It is sad about poor George. The boys from home are all split up now—some of them killed, some in Blighty, some in France, and the lucky ones are at home. Everett was O.K. the day before I got hit; expect he is yet. He is still in the transport. Alder and Currier were fine there, too. Giles and I were the only two left in the company after George was taken, and he was wounded, too. I think that he is in Blighty somewhere. How is everyone around home? Well, did you go to the fair? I saw all the sports I wanted to see in the line. Some fair there for a while, but it was making old Fritz stick his bread hooks up. They were giving him a little more of his old tricks back.

LATE SERGT. GEORGE C. THOMPSON, EAST CLIFTON.
SAWYERVILLE, Nov. 5. — (Special.)—Many were the aching hearts when the sad message that Sgt. George E. Thompson, 177997, 87th Canadian Grenadier Guards, had fallen a victim to cruel German shells on September 4, flashed across the water. This worthy Canadian boy enlisted in the famous Grenadier Guards in November, 1915, then recruiting at St. Johns, Que., proceeding overseas the following April. Going to France as a private, he attained the rank of sergeant some time before he made the supreme sacrifice on the bloody fields of France. The esteem in which he was held by his comrades is evident from the following letter:
France, 9, 9, '18.
Dear Mrs. Thompson—I am writing you a few lines in behalf of a few of George's friends and myself. We all know what the shock will be to you by the way we feel about it here, as it is hard for us to lose one of the boys from home, and he would be a

thousand times dearer to you, and we are getting hardened out here and do not mind it as much as we did. Nothing you have to console you is that you gave one of the bravest and truest of Canada's boys for the great cause of freedom that we are fighting for. His death came at a time when he was due for promotion and more military honors; also his leave. But here's hoping he is looking down on us as we struggle on to the victory that he gave his life for, satisfied that he did his share and never shirked a duty or danger. He was beloved by the platoon of which he was sergeant. They would follow him anywhere. He led, regardless of danger. Many a kindness and help he has given them, and the officers all had a kind word for him, knowing that he could be depended on to do his duty in the line and out. We want you to know that you have our heartfelt sympathy for the loss of a son of whom you must have been very, very proud, and justly so, as he was one of the finest. Everett has his personal effects and will send them on to you.

Hoping this may bring you a little comfort, we are yours respectfully, Sgt. J. A. Currier, E. E. Blair, J. W. Alder.
In writing of him before his death, his captain, Capt. G. S. Stairs, said: "He is of exemplary character, efficient and good leader, and a fearless soldier. He won the Military Medal in the Battle of the Somme, 1916; was reported for good leading at Passchendaele in November, 1917, and won a bar to his medal in the drive last April."

In spite of this brilliant career, George never uttered or wrote a boastful word, which exhibited a noble type of manhood, gone to do what he could to protect his country and home. He was on duty for almost three years, with the exception of six weeks spent in a France hospital after the "Somme," in which he received a shrapnel wound in the lower arm, and when on leave. George will be sadly missed by all, and the joy of the boys' return will be somewhat saddened by the absence of Gordie's beloved personage, for he always had a pleasant smile and kind word for all, which will ever be remembered by all who knew him.
The sincere sympathy of the community is extended to the bereaved family in this their second great sorrow, having lost their husband and father in 1916.

The merchants' team landed a number of excellent subscriptions yesterday, but it was chiefly the purchase of bonds on the part of Mr. J. S. Mitchell which put them in the lead in the race. Mr. Mitchell personally purchased \$200,000 worth of bonds, and the firm of J. S. Mitchell & Co. subscribed \$50,000. Codere & Sons subscribed \$10,000, as also did the Edwards' Furniture Company. However, the industrial team also landed some prizes, the E. & T. Fairbanks Company giving them an order for \$25,000, while the Canadian Ingersoll-Rand Company signed an order for \$50,000, and their employees purchased \$7,000 more worth of bonds. To date the employees of the Canadian Ingersoll-Rand Company have purchased almost \$40,000 worth of Victory Bonds. Other large subscriptions received yesterday were: Mrs. Mary Goodhue \$15,000, Miss M. Goodhue \$5,400, L. J. Codere \$3,000, C. O. St. Jean \$1,500, Mrs. Drury \$1,500, Mrs. S. Newton \$1,200, Miss O'Brien \$1,000, Mrs. Annie Barrie \$1,000, John Morrison \$1,000, Dr. Bachand \$1,000, L. F. G. Codere \$1,000, Chas. Codere \$1,000, Theo. Camirand \$1,000.

TO HOLD MASS MEETING.
Subject to the consent of the Provincial Health Board a large mass meeting will be held in His Majesty's Theatre on Friday night at which Mr. Geo. Adam, of Montreal, and Mr. Jacob Nicol, K.C., will be the chief speakers. Mr. Geo. Adam has had experience in the front trenches in France and Flanders, and is one of the most eloquent speakers in the Dominion of Canada. His tour of the Maritime Provinces during the last Victory Loan campaign was an unqualified success, and everywhere his meetings were crowded, and he held his audience spellbound by his eloquence. Many people attributed the success of the Victory Loan campaign in the Maritime Provinces to his efforts. An orchestra will be provided and a further notice will appear in the press shortly.

WAS INSTANTLY KILLED BY A FALLING TREE

Local Man Engaged in Cutting
Down Trees at Bury Was
Struck Down and Killed.

BURY, Nov. 6. — (Special.)—While engaged here in cutting down trees for Mr. Beauchemin, Joe Bernier, of Sherbrooke, was instantly killed. The victim of the fatal accident and several other men were working in the forest when one of the large trees suddenly gave way. One of the men shouted a warning, but before Bernier could get out of the way of the falling tree it had struck him down. His companions rushed to his assistance, but the victim was dead by the time they reached him, the tree having broken his neck.
The body was removed to the local morgue, and Dr. Codere, the deputy coroner, arrived here today to hold the inquest.

CHILE HAS SEIZED 48 GERMAN VESSELS

(Canadian Press Despatch)
SANTIAGO, CHILE, Nov. 6.—The Government today took possession of eighty-four German ships interned in Chilean ports. This action was taken to prevent the crews from sinking the vessels after having destroyed vital parts of the machinery. The seizure of the vessels is favorably commented upon by the press generally.

NO ABATEMENT OF INFLUENZA IN WINNIPEG

(Canadian Press Despatch)
WINNIPEG, Man., Nov. 6.—There is yet no signs of abatement of the spread of Spanish influenza in Winnipeg, for during yesterday 619 new cases and twenty deaths among civilians were reported to the local health authorities.

Now, All Together and Over the Top!

It will take the united effort of every man, woman and child in town to surpass the quota set for us in this Victory Loan 1918 drive.

But we'll do it!

We cannot afford to let any ward—any section—any individual institution—lag behind.

The only way to do a thing is to do it.

NOW is the time to subscribe—not tomorrow, or the day after—but now—TODAY.

When the men at the front get an order to take an enemy trench, they don't say "tomorrow will do." No! They respond to the call of duty promptly.

When we, at home, are given a definite objective to reach—as we are in this Victory Loan Campaign—we must lose no time in getting our individual subscriptions in.

If the Victory Loan workers fail to call on you promptly, look them up.

Plan to take all the Bonds you can possibly pay for. The payments are as follows:

10 per cent. on application.	20 per cent. January 6th, 1919.
20 per cent. December 6th, 1918.	20 per cent. February 6th, 1919.
	31.16 per cent. March 6th, 1919.

Or, you can arrange with your Employer, or your Bank, to buy your Bonds, on other terms, extending the payments over a year.

See that your factory—your store—your place of business—earns the right to display the Honor Emblem, that signifies a duty well done.

start owing to the epidemic here, but they appear to be gaining ground at every turn. Until this morning it was announced that they had turned in nearly \$30,000. The ladies are going about their work very systematically, and it is expected that before the campaign is brought to a close every house in this district will have been visited by the canvassers.

PRIZES ARE OFFERED.

The announcement was made this morning that prizes are to be offered to the most successful canvassers in the province of Quebec. A \$100 Victory Bond will be given to the canvasser obtaining the largest number of subscriptions in the province, while a suitable honor emblem is to be presented to the canvasser who obtains the largest number of subscriptions in each county and a Victory Bond for \$150, will be presented to the county organizer whose county obtains the largest number of subscriptions in proportion to their population.

A SUBSCRIBER "OVER THERE"

Quite evidently the "over there" boys, the merchants' team this morning.

"Over There" are watching the progress of the Victory Loan campaign with great interest, and a subscription worthy of note is that of Lieut. Morris Drury, a well-known local lad. Lieut. Drury was evidently anxious to help out his home county, and while "Somewhere in France," drew up a cheque on a scrap of paper, seeing that there was no regular cheque blanks handy. This rather novel cheque was sent by the brave soldier lad to Mrs. Drury, and was yesterday presented at the Victory Loan headquarters on behalf of Lieut. Drury. Needless to say, it was gladly accepted by the committee, who were quite delighted at a little title inserted on the cheque, which read: "We can pay as well as fight."

MERCHANTS' TEAM TAKE LEAD.

As the campaign progresses greater is the interest being taken in the race between the various teams to secure the largest amount in subscriptions. Up to yesterday the industrial team had been leading the way, but today the merchants' team is found setting the pace. "It has been a long, uphill fight to overtake the industrial workers, but we have accomplished the trick and they are going to find it hard taking the lead away from us from now on," said one of the enthusiastic members of the merchants' team this morning.

members of a commission to deal with the Allied Powers on armistice negotiations.

APPEAL TO GERMAN PEOPLE.

(Associated Press Despatch)
BASEL, Nov. 6.—The Berlin Government has issued a manifesto signed by Prince Maximilian, the Imperial Chancellor, Friedrich von Payer, the Vice-Chancellor, and the secretaries of state, appealing to the people to bear their hardships and assuring them that resolute work is being done for the transformation of Germany into a popular state, which will be behind no state in the world in liberty and social progress.

"The Government and chiefs of the army and navy desire an early peace," continues the manifesto. "Until that is attained we must protect our frontiers from invasion."
"The Imperial Chancellor and his colleagues require for continuance in office the confidence of the Reichstag and of the nation. The fundamental rights have been transferred from the person of the Kaiser to the representatives of the nation. Declaration of war and conclusion of peace require the sanction of the Reichstag."

ARGENTINA TAKES OVER GERMAN SHIPS.

BUENOS AIRES, Argentina, Nov. 6.—The Argentine Republic has placed a military guard on three German merchant ships interned at Bahia Plana. The vessels are the Seydlitz, Sevilla and Patagonia.

In April, 1917, the Argentine Government ordered that all German ships in Argentine waters be concentrated at Buenos Aires and a special guard placed over them. The German minister protested strongly against the proposal, and apparently it was not carried out.

Mr. D. G. Loomis, Bellevue Avenue left yesterday for Montreal on business.

BOARD HELD MEETING

The executive of the Sherbrooke Board of Trade met last evening to discuss several questions in connection with municipal affairs. A general meeting of the Board will be held next week to secure the opinion of the members on the important questions discussed last night.

TWO FIRES YESTERDAY

The firemen were called out yesterday on two occasions to extinguish blazes which threatened to do considerable damage. Flames were noticed on the third floor of the Metropole building on King street, which was occupied by A. Boulanger. Men had been at work oiling the floors and it is supposed that either a cigarette carelessly dropped or spontaneous combustion started a bunch of rags ablaze. The flames were noticed by a passerby who called out the fire brigade. After an hour's fight the firemen conquered the outbreak. Little damage was done, but the flames put up quite a stubborn fight, they having caught along the floor and in the walls of the building.

Later in the day the firemen were called upon to extinguish a chimney fire which had broken out in the residence of Patrick Langlois, 93 Quebec street. Little damage was done.

WAS HORSES' NIGHT OUT

It was apparently the horses' night out last night. At any rate, two horses were found wandering about the city by the police officers during the night. Goudras Lefrançois, caretaker of the Whiting block, was somewhat startled by the noise which he heard coming from the cellar of the building at an early hour this morning. He was sure that burglars were at work, and carefully made his way down to the cellar. He was rather startled to find that the intruder was none other than a horse, which had made its way into the basement of the building uninjured. He immediately communicated the startling news to police headquarters, and Constable Noel was delegated to take the wanderer in charge.

The second horse found by the police was on Bowen avenue, and was taken to the Queen's Hotel stables by Constable Berard. Neither of the wanderers had been claimed up till noon today.

WOOD CUTTER BADLY INJURED IN ACCIDENT

John Gagnon, who resides on Front Street, lies in the Sherbrooke Hospital in a rather serious condition, suffering from a badly fractured jaw, and quite possibly a fractured skull, as a result of an accident which occurred at noon today in the rear of the building occupied by Eugene Olivier & Company, Wellington St. The unfortunate victim of the accident was engaged in sawing wood with a large circular saw attached to a gasoline engine. Suddenly a portion of the fly-wheel became loose and broke off, striking Gagnon on the jaw.

OB 3 The flying missile tore a portion of the victim's jaw away and he fell to the ground in a semi-conscious condition. Dr. Stenning was passing along Wellington street at the time of the accident and rendered what assistance he could to the unfortunate man. Lord's ambulance was called and Gagnon taken to the Sherbrooke Hospital, where Dr. Gordon Hume took charge of him.

GERMANY SENDS ENVOYS TO CONCLUDE AN ARMISTICE

INTER-ALLIED CONFERENCE UNANIMOUS

Completeness of Accord Reached Upon Most Points By the Conference Source of Gratification in Paris.

(Canadian Press Despatch) PARIS, Nov. 6.—The completeness of the accord reached upon the most important points of the inter-Allied conference at Versailles, complete gratification and even surprise among the participants. Unofficial comment tended to give rise to the belief that the third and fifth points of President Wilson's peace programme might lead to discussion, but it developed that these were included among those upon which an agreement was reached, leaving only the second point subject to some revision.

All the nations having colonial interests, including M. Mitsui, the Japanese ambassador, were represented during discussion of the fifth point, dealing with the adjustment of colonial claims, upon which an accord likewise was reached. There was a similar representation when agreement was arrived at upon the third point, dealing with the removal, so far as possible, of all economic barriers.

The American note to Germany, sent by Secretary Lansing yesterday, showed that the Allied Governments in declaring their willingness to make peace with Germany on the basis of President Wilson's terms reserved freedom of action upon clause two of the President's programme, dealing with the freedom of the seas.

The accord reached on all other points appears to have been attained without much difficulty, with the exception of the second, dealing with the freedom of the seas. On this there appeared to be a substantial agreement upon the general peace, although the terms are subjected to further discussion and revision, with a view to avoid misunderstanding, and making them conform with the general desires of all concerned.

PROHIBITION VOTE IN U. S. INCOMPLETE

Returns from Several of the Districts Show that the "Wets" Have Made Gains—Vermont to Support State-Wide Amendment.

(Canadian Press Despatch) NEW YORK, N.Y., Nov. 6.—Returns early today from various states which voted on prohibition, follow: In Missouri, the state wide prohibition amendment was probably adopted. St. Louis rolled up a 75,000 majority for the "wet," while the rest of the state went heavily "dry," but it did not overcome the St. Louis lead.

Whether Ohio has changed from the wet to the dry column of states remains in doubt, with the wet leading by more than 31,000 votes, with more than three-fifths of the precincts having been tabulated. The exception, however, of a few precincts all of the wet strongholds have been heard from, and dry leaders still contended that returns from rural districts will wipe out what they claim is a temporary majority.

In Minnesota last returns gave the amendment 18,234 votes and 16,366 opposed to it.

In California the defeat of a "bone dry" liquor amendment to the state constitution as well as a milder amendment to regulate liquor traffic is indicated.

In Vermont the probable ratification of the proposed federal prohibition amendment was indicated.

The wets were victorious in six out of ten counties in the western New Jersey that voted on the liquor question under the new local option.

Trouton, Camden, Somerspoint, Burlington, Phillipsburg and Florence voted wet, while the dries won in Absecon, Merchantville, Palmyra and Mount Holly.

STOCKS ADVANCE ON WALL STREET

NEW YORK, N.Y., Nov. 6.—(Wall Street)—Foreign developments and the congressional election both were factors in the Stock market today, stocks advancing at the opening.

Rails, shippings, oils and specialties contributed impartially to the advance, which ranged from one to four points, even the war division participating moderately. Steels and coppers also improved an average of a point, but eased on selling pressure. Additional sales of the new liberty 4 1/4's were recorded at 98, the figure at which all previous transactions were made.

MARSHAL FOCH WILL HAND OUT ALLIES' TERMS

Awaits Application for Armistice By the German Military Command in the Field—Wilson Sends Order of War Council.

WASHINGTON, Nov. 6.—Marshal Foch has the terms of armistice for Germany and awaits application for them by the German military command in the field.

The Government at Berlin is so informed in a note which Secretary Lansing handed to Minister Sulzer of Switzerland, last night, announcing that the Allies have declared their willingness to make peace on the principles enunciated by President Wilson. The note is now on the cables and in twenty-four hours the world may know whether an immediate end of the war is at hand.

The note announces that the Allied Governments have declared their willingness to make peace with the German Government on the terms laid down in President Wilson's address to Congress on January 8, 1918, on the principles of settlement enunciated in his subsequent addresses.

The Allies reserve to themselves, complete freedom of action when they enter the peace conference on the subject of the freedom of the seas.

It was further stated, with reference to the restoring of invaded territories, that the Allied Governments understand that compensation will be made by Germany for all damage to the civilian population of the Allies and their property as the result of the aggression of Germany "by land, by sea and from the air."

Publication of the details of the armistice terms still is withheld. They may not be made known until the German Government has accepted or rejected them, as was the course followed by the Allies in dealing with Bulgaria, Turkey and Austria. Only the details are in doubt, however, and no one questions that acceptance means actual surrender.

The statement has been authorized that the drastic conditions under which Austria passed out of the war have been followed closely, and in answer to queries for further information, officials said last night that the settlement of Premier Clemenceau, cabled from Paris by the Associated Press, told the story.

"The terms," said M. Clemenceau, "are what President Wilson himself recommended to us for the security of our troops, the maintenance of our superiority and the disarmament of the enemy insofar as it is necessary to prevent a resumption of hostilities."

HUNS DELUGE BEAUMONT WITH POISONED GAS

(Associated Press Despatch) WITH THE AMERICAN ARMY ON THE SEDAN FRONT, Nov. 6.—German resistance against American pressure west of the Meuse stiffened considerably today. The Germans are using artillery gas and machine guns. The village of Beaumont, where there are more than four hundred French civilians, is the particular target of the Germans. All last night they deluged Beaumont with poison gas.

Republican ticket—senators, congressmen, and state officers—with the exception of Congressman Ayers, of the eighth district, the vote in that district still is considered in doubt by Chairman Murphy.

MONTREAL FALLING BEHIND IN DAILY SUBSCRIPTIONS

MONTREAL, Nov. 6.—This city is falling behind the daily average required to secure the \$100,000,000 allotted as its portion of the Victory Loan. The number of persons subscribing is also described by loan workers as disappointingly small thus far, considerably below last year. The total money subscribed up to noon today by the city is \$42,000,000.

REPUBLICAN MAJORITY IN FACE OF RETURNS

(Canadian Press Despatch) NEW YORK, Nov. 6.—The next House of Representatives will be Republican, on the face of the latest returns. The political complexion of the Senate is still in doubt. To the House 219 Republicans apparently should be elected and 183 Democrats, together with one Socialist and one Independent. Definite returns from thirty-one districts were missing or in doubt. The 219 Republicans constitute a majority of the House, which has 435 seats.

The last Senate figures were so close as to make it certain that probably not until all the returns were received from seven doubtful States could it be determined whether the Republicans or the Democrats were to control.

CONTEST VERY CLOSE IN NEW YORK STATE

(Canadian Press Despatch) NEW YORK, Nov. 6.—In one of the closest elections in the history of New York State, Alfred E. Smith, Democratic candidate for Governor, held a lead over Governor Whitman of 32,113 votes at noon today.

There were still 436 up-State districts in which Republican leaders based their hopes of overcoming the Democratic plurality when the final returns are completed.

Smith's lead took a sudden jump today when the complete New York City returns were revised, showing an error which added over seven hundred votes to his already big plurality here.

With this error apparently corrected, vote for Smith in 6,794 election districts out of 7,230 in the whole State was 970,827 against 938,714 for Whitman.

MAY NOT KNOW RESULT IN NEW YORK FOR MONTH

ALBANY, Nov. 6.—If the result of the election for New York State offices depends upon the soldier vote, as now seems probable, it will not be known before December 19, it was stated today at the office of State Secretary Hugo.

CHAMP CLARK IS LEADING.
