

THE SAD STORY OF EDWARD WOOLFORD.

Out of Work, Unable to Support His Family, Reduced to Dire Necessity, He Told Friend in November That There Was Nothing to Live For—Copy of Record, Date Nov. 17, Found Beside Body—Date of Death Probably Night of Nov. 18th.

FACTS. Disappeared from home Nov. 18th. Body found, Jan. 25th. Beside it a copy of Record of Nov. 17th. Driver Fournier admits that he may have been mistaken in his recollection of removing on Dec. 30th straw from the place where body was found.

THEORY. That driven to the point of despair, Woolford left his home on Nov. 18th, determined to end his misery and that he accomplished this purpose in the old building on Depot street by means of poison on the night of November 18th, 1908.

Mr. C. Berge, a machinist, and who is perhaps the last person now living in Sherbrooke to have had a talk to the deceased before his death, in an interview with the Record, this morning, said: "I knew Edward Woolford and his wife fairly well and on several occasions my wife and I have visited them at their home on Wellington street, to bring them food. I never saw a more destitute family in my life. They had nothing at all upon which to exist. Woolford had tried day after day to secure work and could not. As a last resort I took him to the shop and had him apply for work but as the season was very quiet there was no work for him and after leaving the office he came out and I asked him what success he had had, and shaking his head he said: "Berge, they have no work for me here and this was my last hope, there is nothing now for me to live for."

"I found out later that on that day that his wife had only 25 cents in the house and that in a box. When Mrs. Woolford went to get this money to buy a little food, she found that it had been taken and she had no doubt but that the unfortunate man after leaving me went directly home and took the money, bought poison, and crawling into the place where he was later found, ended his life. I am sure no man would crawl into a place like that and let himself freeze to death. In the first place if he was ill he would have gone to his home, which it was so nearby and not to the place where the body was found. On the other hand, if he had decided to end his life, he naturally would seek a secluded place, and as I said before, I am as sure as I live that Woolford, driven to despair, decided that hope being gone would escape from his misery and that with the last 25c. he purchased the means of accomplishing his purpose."

HAD MEDALS FOR WAR SERVICE. The Record received to-day from Cornwall a letter requesting information regarding the death of Woolford, stating that he is a relative of the deceased.

COULD NOT HAVE FROZEN TO DEATH. The weather on the night of Nov. 18th was not sufficiently cold to have caused a man's death. The weather bulletin of that day says: "Cold, light snow falls, cloudy and milder."

A LETTER FOR SEEDER RABBITS. (Richmond Correspondence of Indianapolis News.) A letter received at the Richmond Post Office yesterday bore the post office address "Seeder Rabbits." There was no other guide to the place of destination meant by the sender. The mailing clerk, who attempted to "route" the missive cast it aside, but after several attempts to the office had sewed the curiosity and scratched their heads it was decided that the letter should go to Cedar Rapids, Iowa, and in his inability to spell correctly had brought the phonetic system into play. There was no State indicated, but according to the post office directory Iowa has the only "Seeder Rabbits."

JUDGE MULVENA AT MAGOG.

Delivered Judgment in Several Cases.

THE CASE OF MARCHAND VS. TURNER—LAMBERT VS. LAMBERT—OTHER CASES. Magog, Jan. 30.—(Special.)—Judge Mulvena was in Magog yesterday and presided at a term of Circuit Court. He rendered judgment in cases that had already been before the Court and also dealt with a number of default cases.

MARCHAND VS. TURNER. In the case of A. Marchand against G. Turner, farmer, of the Township of Magog, judgment was rendered. This was an action for \$13.09, which plaintiff claimed was overpaid on an account of \$164. The defendant set up a plea of compensation and contended that there was due him a balance of \$164. The evidence was exceptionally conflicting. The plaintiff and his son swore positively as to the accuracy of the account and the indebtedness of \$164. The defendant and his wife swore just as positively as to the \$29 being due. The Court had no reason to doubt the good faith of both as the books produced bore out the pretensions of the parties. The plaintiff admitted having had goods to the value of \$164, but claimed that he had paid in full.

LAMBERT VS. LAMBERT. This was an action for \$15, being balance for rent. The defendant claimed the ownership of the farm and denied the title of the plaintiff. The objection was raised as to the jurisdiction of the Magistrate's Court to decide a question of title. The Court held that the only thing that limited the Magistrate's Court was the amount demanded. The Court had exclusive jurisdiction whether real or personal up to \$50, and that the amount demanded being less than that amount the Court had jurisdiction to try the case.

There were a number of default cases dealt with as follows: Normand vs. E. Brunau, for account. Judgment for \$6.50. Normand vs. Buzzell. Action for account. Judgment for \$10.00. Normand vs. W. H. Pearson. Action for account. Judgment for \$27.80. Normand vs. J. Chartier. Action for account. Judgment for \$9.60. Normand vs. E. Gagnon fils. Judgment for \$2.50. Normand vs. E. Vildz. Judgment, \$3.50. Normand vs. A. Dussault. Judgment, \$1.65. The Corporation of Magog secured judgments against the following parties for taxes: Tarratt, \$3.00; J. Bisette, \$1. James Fletcher, \$24.40; Henry Place, \$3.60.

PATCH VS. LEBEAU. This was an action for \$11 for account. This action was contested by attorneys declared that case had been settled out of Court, and the same was reported in the case of McKelvey vs. Normand in an action for \$5.55.

WERE SET FREE.

WOMEN ARRESTED PROVIDED BAIL—TRIAL FIXED FOR THURSDAY. The five women, who were arrested at a Belvidere street house Thursday night came before Judge Mulvena yesterday afternoon. They gave their names as follows: Florence Smith, Rosie Ryan, Hilda Mortimer, Mary Ann Cote and Ruby Hays. On the charge being read over to them each pleaded not guilty. They were then adjourned until Thursday, the 4th of February. On an application being made for bail, the same was fixed for \$100 each personally, and two sureties of \$50 in each case.

Bail was furnished, and the parties were at liberty to go until Thursday next. There was a large attendance in the corridors of the Court House while the parties were before the Court. No one was admitted to the Court room. It was some time before the bail bonds could be completed as one of the parties who had promised to go had to take his place. There are two bondsmen, George Zeyler, and Samuel Zeppler. One of the girls was known as "Lillian Russell," and as such was reported in the docket. She however, gave the authorities her name as Rose Ryan but when "Lillian Russell" was called she answered immediately that name and then gave the one as above. The defendants are represented by Mr. C. C. Cabana.

RECENT UPRISINGS IN PERSIA.

Governors of Two Provinces Expelled. REPRESSIVE EXPEDITION ROUTED AND THREE GENERALS LED THE FLIGHT. St. Petersburg, January 30.—A dispatch from Teheran to the Russ says that uprisings recently took place in the provinces of Osalem and Kar-generud, and that the inhabitants expelled the governors. The Shah, it is said, ordered General Liakhoff, Russian commander of the Persian troops in Teheran, to send a repressive expedition, and a detachment of soldiers at once started for the disturbed districts in command of three generals, and well provided with artillery.

A messenger, the Russ correspondent says, has just arrived at Teheran with the news that the expedition has been completely routed, and that the three generals abandoned their men and took to flight.

MR. AND MRS. F. G. GALE IN THE SOUTH. (Abridged from Southern Pines Tourist by Compton.)

On New Year's eve, the 23rd wedding anniversary of Mr. and Mrs. F. G. Gale, of Loch Gale, Waterville, Que., and the birthday of Mrs. G. T. Bacon, of Oak Bluffs, Mass., were pleasantly remembered at the Southern Pines Hotel, where Mr. and Mrs. Gale, accompanied by their sons Royce and Francis, were staying.

The British and American flags were draped over the piano and a delightful program was given. Mr. Hotchkiss of Torrington, Conn., gave several violin numbers, accompanied on the piano by Miss Hotchkiss. Mr. and Mrs. Crawshaw assisted in the same way. Mr. Gale sang "Forgotten" and Mrs. Bacon recited John Hay's "Little Breeches," giving as an encore an account of a bargain sale in Southern Pines. Mr. Gale read two selections from Dr. Drummond's French-Canadian dialect poems, which were greatly enjoyed. An amusing feature was the solemn presentation of a tiny cake to each of the guests of honor, one bearing a miniature bride and groom, Miss McArdle and Miss Bennett, of Brooklyn, N.Y., bore the offerings to the strains of a wedding march. The affair closed with jingle written by Miss McArdle and sung by all: "Way down in Southern Pines, From grief and sorrow free, We celebrate the natal day Of this, our fair lady, May blossoms ever shower Upon the blessed one, bright, May threatening clouds ne'er lower, And sorrow never blight."

From bitter frost and snow, From bleak Canadian winds, The "Gales" have journeyed down To sunny Southern Pines, And on this New Year's eve Their wedding day recall That joys unnumbered may be theirs, Is the earnest wish of all. On the return trip to Canada Mr. and Mrs. Gale and sons had an exceedingly pleasant stop off at Washington, D.C., where they witnessed the assembling of that august body, the U.S. Senate, and had the greater privilege of a meeting with the venerable and beloved Edward Everett Hale.

BIG LIQUOR RAID NEAR ST. JOHNSBURY.

Five Loads of Liquor Seized in Two Hours. NINE PERSONS ARRESTED—A LARGE FORCE OF DEPUTIES TOOK PART. St. Johnsbury, Jan. 30.—What is said to have been the most extensive liquor raid in the history of Caledonia county, was made at Hardwick recently by Sheriff George F. Finch on a warrant issued by State's Attorney E. W. Simonds. Sheriff Finch went to Hardwick with seventeen deputies, armed with fourteen search warrants and twelve state warrants. In two hours he had secured five loads of liquor, principally whiskey, although there was beer, ale and gin, and had arrested nine persons. The sheriff left thirteen deputies there to make further arrests. Three loads of liquor and the prisoners were brought here. The prisoners include W. E. Hopkins, proprietor of the Hopkins Inn, his brother, Wilson Hopkins, his housekeeper, Bessie Wheeler, Jas. Carear, Mrs. Barbell, Mrs. Rossi, P. Vala, Mrs. Ambrosionia and G. Daniels, proprietor of the Hardwick Inn. The raid caused great excitement. It had been carefully planned and no suspicion had been assigned. Each deputy was assigned his task so that the officers acted simultaneously in making the seizures.

NEW PEER WILL SUCCEED EARL GREY, SAYS LONDON DAILY MAIL. London, January 30.—It is reported that the Right Hon. John Sinclair, secretary for Scotland, who has just been raised to the peerage, will be the next Governor-General of Canada. WOMEN BEFORE THE POPE.

(From the Lady's Pictorial.) Most people know that it is etiquette at the papal court for women, whatever their rank, to appear in black, but few know that an exception to this rule is made for the pope's sisters and niece, all of whom are privileged to wear white at the audiences and church ceremonies, but the old ladies do not avail themselves of the relaxation of an ordinarily rigid regulation though the niece makes a point of wearing white when attending papal functions, her mantilla as well as her dress being as white as snow. Another little known point of papal etiquette is that women who come to the public or private audiences must keep the right hand uncovered; indeed, it is even more correct for both hands to be

VOLCANIC ASH AS A BUILDING MATERIAL.

(From a Consular Report.) Consul George H. Scidmore, at Nagasaki, forwards a pamphlet, printed in English, issued by a Japanese company, which describes the use and importance of volcanic ash combination with Portland cement, especially for construction work in salt water. The advantages claimed for this volcanic ash are that, combination with Portland cement, it gives a greater tensile strength than cement mortar alone. It is also claimed that the mortar is denser than cement mortar, and does not permit the percolation of water, thus obviating the injurious action of sea-water salts. This density gives it a superior quality for construction of water reservoirs and reinforced concrete for the protection of iron from oxidation. The consul adds that, should the correctness of the Japanese company's claims be proved by trial, it is highly probable that the enormous volcanic resources of the Philippines will provide for a new and profitable industry.

TO ORGANIZE COW TESTING ASSOCIATION AT RICHMOND. Richmond, Jan. 29.—(Special.)—An important public meeting is to be held in the Oddfellows' Hall, Richmond, on Thursday afternoon, Feb. 4th for the purpose of organizing cow testing associations in this district. The meeting will begin at 1.30 p.m. and the chief speaker will be Mr. C. F. Whitley of the Department of Agriculture, Ottawa, who will give a clear account of the method of organization and the advantages to be derived by the dairy farmer, in particular from systematic testing of the quantity and quality in butter fat of the milk product. These associations are making headway on this continent and are doing unquestioned good. Everybody is welcome to the meeting. The widespread interest manifested here of late in the movement would seem to justify the expectation that there will be a good attendance on Thursday afternoon next. You have No Reason for Not Using

Zutoo

Some people think that all headache cures are alike—that they all undermine the health, even if not perceived at the time of taking them.

Well, we admit that the drug cures do this, but that is no reason why you should not take Zutoo.

Zutoo is a harmless vegetable remedy. One ingredient is soda—just old-fashioned soda that our grandmothers used to take to relieve the stomach, when they had sick headache. And there is nothing better.

The principal ingredient—the one that stops the headache, is a vegetable ingredient, imported for us from Japan. It won't hurt you any more than will the soda.

There is absolutely no reason why you should not use Zutoo.

If you suffer from headache there is every reason why you should.

Taken in time, two tablets will ward off a headache. Taken later, they will stop it in twenty minutes, and leave you feeling good every time.

If you are taking a drug remedy, why not discard it?

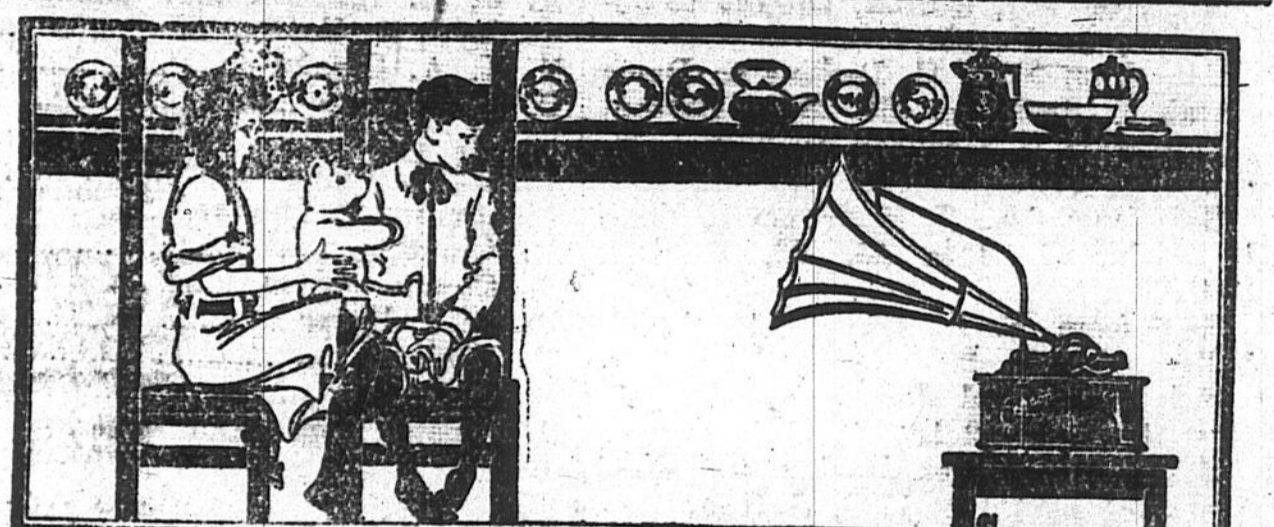

Zutoo will cure just as quickly and will save you the penalty that all most sometime pay, who take the drugs which these cures contain.

If you will give Zutoo one trial, you will never take any other headache remedy again.

Zutoo is as harmless as Soda

DEATH OF AN OLD RESIDENT. The death of Simeon Powers, which occurred at Cherry River on Saturday last, removes one of the oldest residents of the community. Deceased was 81 years and 6 months of age, and had lived in Cherry River about 50 years. He was born in Franklin, Vt., and came to Canada when quite young. He lived for some time at the Willard sawmill on Castle Brook, where he met with an accident when a young man that well-nigh cost him his life, and made a cripple of him. He was at that time standing near the gate stem or long wrench, used for raising the gate, when it suddenly dealt him a terrible blow by flying up and almost lifting him through the roof of the sawmill. On two other occasions he was nearly killed by having trees fall on him while chopping in the woods. In later life he became a great sufferer from rheumatism, through all his afflictions he remained cheerful and buoyant and was ready for a laugh. He leaves a wife, Charles Powers, of Magog, Mrs. Powers, of Cherry River, U. B. Magog, 4 daughters, Mrs. John Magog, Mrs. J. Pos, Mrs. Magog, Mrs. W. C. Powers, Magog, Mrs. Sullivan, with whom he lived for many years previous to his demise. Besides this there are 43 grandchildren and one great-grandchild and one great-granddaughter. "A mole-hill every minute is a mountain in a year," and the old man carries its load to those who prefer not to advertise modestly rather than to advertise modestly.

## PERFECT SIGHT

Few persons have perfect sight naturally, but nearly everyone can have perfect sight—artificially. Near sight, far sight, astigmatism, all yield to the power of properly fitted glasses and the result is PERFECT SIGHT. If your sight is not perfect have your eyes examined without delay.

## EASTERN TOWNSHIPS NEWS.

One morning last week as Dr. Evans, principal of the High School, at Magog, entered that building about 8 o'clock he was startled to see smoke issuing from a spot in the floor where the stovepipes passes through. He promptly took measures to extinguish the blaze, which had evidently caught by a overheated pipe. Had the principal not been an early visitor at the school it is possible that a serious conflagration might have resulted. As it was but little damage was done.

The Magog Enterprise says: "The situation regarding the difficulty between Mayor Audet and Polceman Gingras is still strained. The Mayor demands an apology and the Chief remains obdurate. The petition, spoken of last week, asking the council to re-engage Gingras, has been followed by another in favor of Arthur Gendron, asking the City Fathers to consider his application. The Councillors feel that they were elected to their positions to carry on just such work as this, and it is believed that they will act independently in the matter and employ the person they think best fitted to do the work."

Butchers and bakers in Valleyfield have agreed that henceforth their business shall be conducted on a strictly cash basis. It is claimed that large sums are due them from impecunious customers and others who might pay if they really tried to. Their agreement to sell for cash only is under the circumstances the proper course to pursue. Credit in Valleyfield is apparently more lightly regarded than it is in St. Johns, where the merchants think the situation is bad enough in all conscience.

Howick citizens are clamoring for a temperance hotel, and they are going about in a practical way to get what they are clamoring for. Councillors who are soliciting subscriptions towards this end are meeting with encouraging success. Opinions differ as to the location of the non-alcoholic hotel, but all admit that one is required near the G.T. depot, and should the available property there be secured, one strong argument in its favor would be the removal of a powerful influence hitherto used in favor of license. The estimated value of this property is about \$5,000.

The bars of the town of Farnham must henceforth close at 9 p.m., on Saturday evening. No exceptions will be tolerated. As a signal for closing the fire bell will toll in accordance with a scheme established for the purpose of which the public have been fully notified. Farnham has joined the procession of those who are marching towards reform and the stricter regulation of the liquor traffic.

CUNNINGHAM & CLAYTON.  
Mr. Cunningham of Lamarque, Cunningham & Co., stock brokers, of St. Sacrament street, Montreal, has withdrawn from the firm, and Mr. Clayton has joined Mr. Lamarque, the firm to be known in future as Lamarque & Clayton.

**ST. EDWIGE.**  
A VOICE FROM THE SPIRIT LAND—I was sick for nearly three years. I did not know what was the trouble with me. I went three times to the hospital, both in Sherbrooke and Montreal where all the doctors told me they could not help me, and that there was no use employing doctors as it was impossible for me to get well. They told me that I had rheumatism of the bowels and that it could not be cured. I went home and was waiting to die. A friend came in and advised me to try Smith's North American Indian Rheumatic and Kidney Cure, and like a drowning man, grasping at a straw, I procured a bottle of the medicine and just as soon as I began to take the medicine I began to improve and in a short time I could sit up in bed. When I began to take this remedy I weighed 118 lbs., now I weigh 152 lbs., and half of my body was then partially paralyzed. It has made a new man of me and I cannot say too much in favor of this medicine as I am sure it is the only thing that saved my life. Any one wishing to prove the truth of this testimony may correspond with me at St. Edwige, Que. where I have lived for the last forty years. Yours very truly, JOS. GERVAIS.

Miss Florence Ingram entertained a large number of her young friends last evening at a snowshoe party, which was one of the most enjoyable of the winter. The young people left the Magog House in large sleighs about 8 o'clock, with much blowing of horns and cheering and drove to East Sherbrooke where snowshoes were put on, and a long tramp taken through the Park and adjacent woods, now in their full winter beauty. The chaperones were Misses Mayde and Mary Ferrill, Miss Kemper and Mrs. Fraser, and guests included Misses Marjory Nutter, Olive and Marjory Palmer, Bernice and Evelyn Fuller, Pansy Wyatt, Helen and Marion Foss, P. Clough, Mary Smith, Mary and Florence Hyndman, Edith Anderson, G. Learned (Cookshire), Queenie Rice, E. Ames, Florence Davidson, Dorothy and Clare Nutter, Jean McLeod, S. Hayward, Miss Mayhew, Messrs. R. Somers, Meredith Wilson, Ross Mac, Arthur Odell, Gordon Kerr, John and Waldo Hovey, Rex Hovey, Basil Irwin, Colin Campbell, Douglas and Austin Hyndman, Victor Deseve, Colin Dunsmore, Jack Dresser, Jas. McCrea, Frank Foss, Jack Parkes, Jay Rice, Forest and Guy Lord, Howard Stevens, H. Penhale, Philip Robins, Harold Tate, Eugene Griffith, R. Smith, and others.

On the return of the young people to the Magog House supper was served in the large dining room, after which the tables were cleared away and dancing was indulged in for an hour or so. Mrs. A. F. Foss kindly presiding at the piano. Mrs. Ingram was assisted in her hospitable duties by Mrs. C. H. Nutter, Mrs. Miller and Miss Ingram.

Feb. 6th to 13th is the big week.

A PUTTING TIP FROM ST. ANDREW'S.

(From the London Morning Post.) A man on his first visit to St. Andrew's was much impressed by the high standard of efficiency which he saw displayed on the greens by those with whom he played. He studied the actions of these heroes to see if he could discover any common feature in their methods. At last he saw light. He observed that they all held the left hand more under the club when putting than they did when driving. From this he deduced a rule of conduct—"see the finger nails of the left hand when addressed to the ball."

HAD BEEN STEALING HAY

Lawrenceville, Jan. 30.—(Special)—A peculiar incident occurred here lately. A cow belonging to Mr. E. Derogon, hotel-keeper of this place was standing along beside of a horse in the next stall to her and the cow was stealing hay from the horse through a crack in the manger and the horse resented the thieving quite strongly until at last when the cow put her tongue through after some more hay the horse completely bit the tongue off, leaving the cow with only half a tongue instead of a whole one.

FINANCIAL AND MARKET NEWS

PRICES AT THE SHERBROOKE MARKET.

EGGS AND PORK ARE SOMEWHAT CHEAPER.

There was a remarkably good attendance at the Sherbrooke market this morning and considerable business was transacted.

DAIRY PRODUCE.

There was a general decline in the price of butter this morning. First class butter was offered at some stalls for 27c per lb. but the majority of the farmers were asking 28c.

EGGS CHEAPER.

One of the most noticeable changes in the prices this morning was in the egg market. Strictly fresh eggs were being sold at from 30c to 35c per dozen and cased eggs brought from 28c to 32c.

MEAT MARKET.

As usual this department was in full swing and the only change from last week's prices was in the price of pork by the carcass. Last week this price ranged from 8c to 9c and today the price ranged from 9c to 9 1/2c per lb.

COATCOOK MARKET PRICES.

Coatcook, Jan. 30.—(Special)—The butchers are paying for the following stock: Select steers, 4c to 4 1/2c per lb.; medium steers, 3c to 3 1/2c per lb.; common steers, 2c to 2 1/2c per lb.; select cows, 3 1/2c to 3 3/4c per lb.; medium cows, 2 1/2c to 2 3/4c per lb.; common cows, 1 1/2c to 2c per lb.; bulls, 1 1/2c to 2c per lb.; select hogs, 6 1/2c per lb.; light hogs, 6 1/2c to 6 3/4c per lb.; heavy hogs, 6 1/2c per lb.; dressed hogs, 8 1/2c to 9c per lb.; suckers, 4c per lb.; veal, 2c to 2 1/2c per lb.; lamb, 5c per lb.; sheep, 3 1/2c per lb.; fowls, 10c per lb.; chickens, 11c per lb.

day at 20c and mixed chickens and fowl at 14c per lb. We quote prices per pound as follows: Fresh killed turkeys . . . 19c to 20c Frozen turkeys . . . 17 1/2c to 18 1/2c Chickens . . . 12c to 14c Ducks . . . 10c to 12c Geese . . . 10c to 12c

EGGS.

Montreal, Jan. 29. A feature of the egg situation is the weaker feeling in the market for strictly new laid and prices have declined. We quote prices per dozen as follows: New laid eggs . . . 33c to 35c Selected stock . . . 28c to 29c No. 1 stock . . . 25c to 26c

DRESSED MEAT.

The demand for dressed beef continues to be limited, of which supplies are plentiful, but prices show no change. Car lots of good Manitoba hinds and front quarters of beef, averaging 500 lbs. to the carcass, are offering at 6 1/2c per lb. The market for lamb is easier and prices are 1-2c per lb. lower. The demand for veal is good which is scarce and dearer.

GRAIN.

Wheat—No. 1 Northern closed yesterday at Winnipeg at \$1 Jan., 99 1/2c Feb., \$1.02 1/2 May, and \$1.03 1/2 July. Today's closing was \$1.00 1/2 Jan., 99 1/2c Feb., \$1.02 1/2 May, and \$1.03 1/2 July.

PROVISION MARKET.

Montreal, Jan. 29. Receipts of provisions yesterday were 22 barrels beef, 160 packages lard 20 do, tinned meats, 16 boxes hams and bacon, and 144 dressed hogs. A fairly active trade continues to be done in dressed hogs, and, as supplies are not excessive, the undertone to the market remains strong, but prices show no actual change.

DRESSED POULTRY.

Owing to the continued small supplies of dressed poultry coming forward and the very light stock on hand the market is much stronger for all lines and prices have advanced. There is considerable inquiry and sales of fresh-killed turkeys were made yesterday at 20c and mixed chickens and fowl at 14c per lb.
