## Mayor J. Jenkins Addressed Rotary Group Wednesday

Westmount's Chief Magistrate Described Trip to London to Attend Coronation Ceremonies—Paid High Tribute to Law and Order Maintained During Festivities—He and Mrs. Jenkins Sat in Abbey—Showed Films of Ceremony and Impressive Procession

"It was most impressive the way the huge crowds were handled in London during the Coronation festivities," declared Mayor John Jenkins in addressing the Westmount Rotary Club at their regular weekly luncheon meeting at Victoria Hall Wednesday. "Perfect order was preserved among the vast multitudes that thronged the streets; in fact, the 'bobbies' themselves were hardly necessary. The streets were alive for twenty four hours every day for fully two weeks previous to the actual crowning of the King; at two or three o'clock in the morning the main thoroughfares were as busy as at a like hour in the afternoon, and yet traffic was handled and pedestrians directed just as smoothly as though nothing out of the ordinary were taking place."

Following his interesting address, His Worship showed some moving picture films taken of the procession and certain parts of the ceremony itself. One of the scenes portrayed the Archbishop of Canterbury placing the heavily jewelled crown on the head of the monarch, and other views depicted various celebrities, including Royalty, arriving at the nave of Westminster Abbey.

Mayor Jenkins spoke of the many aspects which made the Coronation of George VI unique. It was the first Coronation, he said, to be held since the signing of the Westminster Agreement. Also the fact that much of the ceremony had been prepared in the belief that ex-King Edward would be the principal figure served to make the Coronation unique.

The Coronation, being held in the Abbey, was a strictly religious service, said Mayor Jenkins, thus precluding any demonstration or cheering. He spoke of the equipment and various parts of the service used during the actual Coronation, dating back fourteen hundred years. "It is easy for one to feel," said His Worship, "the tremendous force of tradition and history back of this ceremony."

As invited guests to sit in the Abbey during the ceremony, the Mayor and Mrs. Jenkins had to rise at about five o'clock in the morning. Their car called for them shortly afterwards, and they were in their seats by 6.15. All seats had to be filled by 7.30, and at nine o'clock the doors of the Abbey were closed. The Mayor and Mrs. Jenkins had excellent seats, sitting in the second group from the organ loft in the first gallery in seats quite close to the front. His Worship spoke of the representatives of many nations who attended, including Indian Princes and Princesses, European and Asiatic potentates, members of every race under the sun.

"As no food or other nourishment was provided, we brought our own along," said the speaker. "I took some small, concentrated tablets which could easily be carried. A fellow spectator from a nearby city, whom I shall not name, brought along an immense parcel of 'lunch.' He slipped it under his seat on entering, but could not find an opportunity to eat any of it later. I helped him out by giving him some of my own nourishment."

Queen Mary was the first of the Royal family to arrive. "She is a splendid looking woman," said Mayor Jenkins, "her regal bearing and stately carriage making her every inch a queen." The Princess Mary and the two little Princesses were next to arrive, and were followed by Queen Elizabeth. His Majesty entered at eleven o'clock. We could see

## Extra Drinking Fountains Could Be Used In District

In hot weather such as we have been enjoying (?) for the past few days, the crying need for more public drinking fountains in this city makes itself strongly felt. The ones already in operation are sadly inadequate to meet the needs of a community of this size.

When one feels thirsty—which is pretty often in warm weather—there is mighty small chance that one will be in close proximity to a public fountain. The ones we have are few and far between, and in order to reach relief one must walk for many blocks under the hot sun and on sizzling pavements.

It would be a comparatively simple matter to install a dozen or so of these at different points of the district where they would be convenient for local citizens to use. The cost would not be prohibitive, and their installation would certainly be appreciated.

At the same time it would not hurt to have a few horse troughs throughout Westmount. There are still plenty of Dobbins on the streets, and they need water as much as we do.

## Holiday Advanced Publication Time

Due to the holiday on Thursday last week, The Examiner went to press twenty four hours earlier than usual, although distribution was carried out on Friday as is customary. The early press time was necessary to give the employees in the mechanical department a holiday July 1st.

We apologize to those contributors whose articles and news items we had to omit. We have resumed our usual press time, and contributions will be accepted up till ten o'clock Thursday morning as usual.

If you have anything to contribute, please have it in not later than that hour on the day preceding publication. Articles received later than that will be deferred until the next issue. The Publishers.

## Busy Season Is Scheduled By CCF Club

Westmount Group Takes Prominent Part in Campaign For New Members—To Organize French-Canadians

Great activity exists among the various units and affiliates of the Co-operative Commonwealth Federation in Montreal. A Drive is on to raise funds for a vigorous campaign to extend organizations throughout the province and to continue the Radio broadcasts which were so successful during the past season.

The Westmount C.C.F. Club held an extensive meeting last week and workers were appointed to call on the members, and prospective members on the mailing list, to solicit subscriptions and pledges for regular monthly contributions. The Southern portion of Westmount, which has not been tapped, will be circled and a determined effort made to extend membership in that area. The activities of the Workers' Aid Council on behalf of indigents recently deprived of relief have created a favourable impression throughout the city and suburbs, and a substantial increase in membership is anticipated.

A recent meeting of executives and delegates from all existing clubs, including the C.C.Y.M. units, was addressed by Mr. David Lewis, the National Secretary from Ottawa, and his inspiring story of what has been, and is being done, in Ontario and the West, stirred the meeting to renewed enthusiasm. A resolution was passed unanimously by which all executives pledged themselves and their clubs to certain fixed contributions. One of the items in the Budget which was adopted is to cover the cost of a paid French-Canadian organizer.

The members hope this campaign will discover many thoughtful and well-intentioned men of means who, though unable to join an organization devoted to social reform, may be willing to express their sympathy silently by co-operating in other ways.

## OUR ERROR

In last week's issue the four Patterson boys attending Kamp Kanawana were erroneously stated to be sons of Mr. H. C. Patterson, Physical Training director at the Westmount Y.M.C.A. Their father is Mr. J. M. Patterson. Our apologies to all concerned.

## FILM STARLETS 'BOOKING' A SUMMER VACATION

School's out! Registering happiness was no task at all for three budding picture stars whose classes ended along with those of public school students in Los Angeles. Now, instead of studying history, the girls will spend the summer making it—in the film studios. Left to right are Deanna Durbin, Jeanne Danto, Mrs. Mary West, teacher; Nan Grey. They attended classes in one of the most exclusive schools. Its major entrance requirement is possession of a studio contract.

## Horticultural Society Offering Many Awards

Cups and Trophies Will be Competed For at End of This Month—W. Allen Walsh Has Presented Attractive Prize—Entries Close July 15th

Visitors to the city this year comment favourably upon the increased number of beautiful gardens in this section of the community, particularly in Westmount and N.D.G. This favourable feature has been apparent for the past few years, but is especially noticeable this year. Many untidy back yards have been transformed into neat looking gardens, providing the owners with a plentiful supply of fresh salads and vegetables, and in many cases with nice bouquets of flowers, whilst many plots of hard baked clay have been made over into beautiful lawns. All this has entailed considerable labour but the results have more than justified the expense and labour expended.

It is significant to note that the improved conditions have become most noticeable since the West End Horticultural Society came into existence a few years ago. An untidy back yard looks far worse when someone plants a nice looking garden alongside of it, and there is no doubt but that the good example set by members of the West End Horticultural Society have stimulated many of their neighbours to improve the appearance of their premises. Much more, however, could be done in the matter of city beautification. Some vacant lots adjoining such an important thoroughfare as Sherbrooke St. could be vastly improved by substituting delphiniums and hollyhocks in place of the crop of burdock and mistle now growing there.

The West End Horticultural Society are holding Garden and Porch Box Competitions the latter part of this month and a special feature this year is a competition for apartment houses and business establishments. Mr. Allen Walsh, M.P., has generously donated a cup for this competition. Another new feature is the Dent Harrison Memorial Trophy for the best amateur garden in Westmount. The Monitor Cup is presented for the best front garden in N.D.G., the Ald. Biggar Cup for back or side gardens, whilst the Notre Dame de Grace Women's Club are giving prizes for vacant lot gardens.

The R. S. White, M.P., Cup is awarded for the best garden selected from the winners of all these classes. Entries for all garden competitions close July 15th and the Society are anticipating keen competition in all classes. Other valuable trophies and money prizes are being offered for the Annual Flower Show which will be held Aug 18th and 19th.

## DRIVE CAREFULLY

The daily press reports that over the Independence Day week end in the United States, no fewer than 342 persons lost their lives; of these only one death could be traced to carelessness in handling fireworks, whereas the balance were caused on the highways. This just reverses the tendency of fifteen or twenty years ago, when three or four hundred persons would lose their lives or limbs celebrating the "glorious" fourth, while two or three would get hurt in traffic mishaps. In common with other cities of any size throughout North America, Westmount has her quota of street accidents. Thanks to the reputation that the local police have established for being strict with traffic law violators, motor mishaps are few and seldom due to careless driving. Compared with some other municipalities, Westmount enjoys quite a favourable situation as regards street accidents; but there is still room for improvement.

Few people stop to consider their responsibility when they get behind the wheel of a car. A moment's inattention may result in lifelong disability, lifelong indebtedness, or lifelong imprisonment. Yet faced with the possibility of any one or all of these retributions for carelessness, all too many drivers thoughtlessly exceed speed limits, go past stop signs and red traffic lights, follow other vehicles too closely, and break all the safety and common-sense measures ever devised.

A week or two ago Westmount Police staged a drive against cyclists who failed to observe traffic regulations, with the encouraging result that many were hailed into court, fined, reprimanded, and generally given to understand that they must be more careful in future. Every week as well, motorists are given similar treatment. The results are generally satisfactory, for nothing strikes a man's consciousness so much as to have to part with a few dollars for his own carelessness.

You can save yourself a few dollars, a morning's time, and plenty of embarrassment if you observe the laws carefully NOW. Don't wait until you get summonsed for some infraction to be more careful. Your careful driving from now on may save someone—perhaps yourself—injury, expense, or imprisonment.

## Cam Gorrie Takes Post Here For Summer Months

Cameron Gorrie has joined the staff of the Westmount YMCA for the months of July and August, and will take an active part in the doings of the Vacation Club and boys' work generally. Mr. Gorrie comes here from the Notre Dame de Grace branch, where he has been doing fine work in this line for the past year.

Following his short term here, Mr. Gorrie will go to the YMCA branch in Peterborough, Ontario, as Boys' Work Secretary.

## Girl Is Cut In Striking Windshield

American Visitor Injured When Autos Collide at Lansdowne and Sherbrooke Tuesday

Miss Gladys Gerber, of Brooklyn, New York, suffered painful injuries to her forehead when the car in which she was riding, driven by her aunt, Edith L. Gerber, also of Brooklyn, collided with another car driven by Fred W. Diamond, of Madison ave., at the corner of Sherbrooke street and Lansdowne avenue Tuesday morning at about 10.40.

First aid was rendered by Dr. Smith, 4656 Sherbrooke street west.

Mr. Diamond's car was waiting for the traffic light at the intersection to change to green, when the Americans' vehicle struck it at the rear. Mr. Diamond's car suffered a damaged rear bumper and the shield over the gas tank, and the tire guard was also damaged.

The Gerber's vehicle was more badly smashed, the radiator and screen grid being pushed in on top of the engine. The right front headlight and fender were damaged, and the windshield splintered where Miss Gerber's forehead struck it as the car came to a sudden stop.

## Statistics Show Loans In Demand Locally For H.I.P.

Westmount Residents Taking Advantage of Facilities Offered Under Government Plan—\$23915 Borrowed at Local Banks—Considerable Increase Over Figures For Previous Months—Local Building Trades Feel Stimulus

Further evidence that Westmount residents are taking full advantage of the easy loan facilities provided under the Home Improvement Plan is shown in figures released late last week by Hon. J. L. Isley, Acting Minister of Finance in the Dominion Government.

The figures cover loans made up till the end of May, and reveal considerable advancement over like figures released some time ago covering activities till the end of February. For convenience, Municipalities are grouped according to their populations, cities of 40,000 and over being in one group, and other municipalities being classed according as they fall within 5,000-10,000, 10,000-20,000, and 20,000-40,000 populations.

In the group of cities having populations between 20,000 and 40,000, Westmount stands seventh in point of total loans made. Up to the end of May residents of this city had made loans numbering 33 and amounting to \$23,915.00 in value. Sydney, N.S., heads the list with 120 loans for \$45,016.80, and Moncton, N.B., Kitchener, Ont., Glace Bay, N.S., St. Catharines, Ont., and Sherbrooke, Que., rank second to sixth in the record book.

At 8.25 a.m. a horse ran away on St. Catherine street at Oliver avenue, hauling a bread rig and driver with it. The driver says he was about to dismount from the rig when the horse took fright and ran. The driver caught the reins, but seeing he could not stop the animal's wild flight, decided to attempt steering it from the street.

He succeeded in guiding the animal to the right, over the sidewalk towards a lawn, when the right front wheel caught in a lamp standard, effectively stopping the wagon, while the top of the vehicle also struck the post. The shock was sufficient to knock the horse over between the shafts, putting an end to his wild trip, which took him from Olivier to Metcalfe avenues. Constable Lawson investigated.

At 9.15 a.m. at the corner of Western and Metcalfe avenues, a car driven by Miss Myrtle Turner, Coolbrook avenue, and a bicycle driven by Wilfred White, Desnoyer street, collided. The bicycle suffered a bent front wheel and damaged front mudguard. Sergeant Riddoch investigated.

Later in the day at five o'clock three year old Stanley Graham, 4378 Western avenue, ran in front of a car proceeding west on Western avenue, and was knocked down. His aunt, Miss Barbara Graham, with whom he had been walking, stated that the driver, a woman, stopped and made inquiries as to the boy's condition, and seeing that he did not seem to be hurt, drove away. Dr. Lefebvre, Queen Mary Road, who examined the boy later, took him to St. Mary's Hospital, where he was found to be suffering from concussion of the brain, and was detained for observation. Constable Belec investigated.

At 10 p.m. at Green and Sherbrooke, an Essex coach driven by J. E. Metevrier, Lecaron street, collided with a Buick driven by Robert D. Stuart of Toronto. The Essex incurred damage to both front mudguards, and the windshield was broken. The Buick incurred a bent rear bumper.

Constable Brooks, investigating, found that the driver of the Essex had disappeared following the collision. He warned the other occupants of the car that details of the mishap must be furnished the police, and they claimed that the Buick, which had been in front of them, had stopped too quickly for the traffic lights at the corner.

Local builders, renovators, plumbers, etc., report that business in this city has picked up to a considerable extent since the Home Improvement Plan has been put into effect, and throughout the city activity is keen in the modernizing and renovating of homes.

## FUNERAL TODAY

The funeral is being held this afternoon from the Chapel of Jos. C. Wray and Brother, Mountain Street, of Mrs. Robert R. Foster, who died on Tuesday at her former residence, 4474 St. Catherine street.

She was the former Janet Gunston. Interment will be made in Mount Royal Cemetery.

## GONE TO BAY VIEW

Mrs. Robert Waincock, Grosvenor ave., and her small son, have left for Bay View, Maine, where she has taken a cottage for the summer.

## Apartment House Project Is Temporarily Abandoned

What has become of the mammoth apartment house project that was to set up a building similar to The Chateau in the heart of Westmount?

The Examiner gets many inquiries about this proposed structure.—When will it start? Who is running it? Will it be as big as previously announced? etc., etc.

It has been learned by The Examiner that the parties negotiating with Westmount authorities on the matter have temporarily dropped the project. One of the chief backers has returned to Europe and England this summer ostensibly for the purpose of interesting some investors in the proposal.

It is doubtful, however, whether the building may ever be erected. It is understood that architects' plans have been prepared, but lack of financial backing has caused at least temporary abandonment of the whole scheme.

## Three French Air Aces Staynor Ave Feature Local Pageant Busy Place

Michael Destroyat, Marcel Doret and Rene Drouillet Will Appear Here on August 28th and 29th—Pageant Organized by l'Air Propagande of Paris

Three outstanding French aces, known throughout the world for aerobatic flying and skywriting, will be featured at the forthcoming air pageant taking place in Montreal on August 28th and 29th. All three fliers are test pilots for leading aviation firms in France and each has an enviable record to his credit.

Michel Destroyat, who will be seen here, is an expert in speed flying. In 1932 he distinguished himself in the United States when he won two of the leading races at the Los Angeles Air Races.

Marcel Doret, known throughout Europe as "The King of Aerobatics", won 15 world records for altitude flying, speed and distance flying during his entire career. Rene Drouillet, the third ace taking part in the local activities, was during the Ethiopian war private pilot to Haile Selassie, as well as technical adviser and chief of the Ethiopian air force. It will be the first time in history that four of the finest French fliers will meet together on Canadian territory.

In Paris the pageant is being organized by l'Air Propagande, of Paris, a society dealing in the promotion of aviation throughout the world, of which Henri Dravet and M. Ganneau are directors with lengthy experience in the organization of air meets. This society annually organizes the Paris air pageant which is the largest and most popular air show in Europe. Over 200,000 persons assisted at the last pageant held there on April 25th.

The work of organization in Canada is being directed by Henry Prysky, local flier and member of the Montreal Light Aeroplane Club, who is the present manager and representative in Canada of l'Air Propagande Society. Mr. Prysky has made arrangements for the holding of three other pageants besides the Montreal show. The others will be held in Toronto, Ottawa and Quebec.

According to Mr. Prysky's plans, whose wide experience in Canadian aviation is indispensable in the organization work, the biggest show will take place in Montreal and will last two days, while the remaining shows will last a day each. An interesting program has been prepared when some of the outstanding aerial performances will be given by some of the foremost Canadian, American and French aces.

Miss Atwell and Mr. Parsons in Charge of Activities at Popular Recreation Spot

The Staynor avenue playground run by the City of Westmount presents a scene of intense activity these days. Warm weather seems to be no deterrent to children of all ages, who flock to the well equipped enclosure to partake in the various games and events staged there.

Under the direction of two competent supervisors, Miss Atwell and Mr. Parsons, a wide variety of sports and occupational activities is carried on. Handicraft work is one of the outstanding divisions of the programme, and a large number of boys and girls of all ages are engaged in fashioning useful and ornamental articles.

A badminton court has been installed, and has proven very popular. Softball finds many followers, and soccer and cricket are enthusiastically followed. Horse-shoe pitching, track and field activities and other competitive sports are carried on extensively.

On Monday of this afternoon a doll show and party for younger girls was held, and on Tuesday a pet show was put on. Every imaginable type of pet was shown, cats, dogs, rabbits, turtles, white mice, etc.

The Staynor playground is open six days a week.

by its presence. Enormous efforts were made so that Montreal and a few other cities of Canada might have an air pageant of a unique importance. The presence of the French "Aces" is a novelty, every one will wish to see them and to applaud them. Three pilots, four mechanics, four airplanes, all from France are due here in August. It will be the first time that French pilots will fly especially for the Canadian public.

Fred Duckett, Drowned on Saturday, Played on Westmount Rugby Team From 1911 to 1914

Many friends and former business and sporting associates joined family relatives on Monday in the chapel of the Seale Undertaking Parlour to pay last honours to Frederick Duckett, well known insurance agent and veteran of the Great War, who died by drowning in Lake St. Louis on Saturday. Mr. Duckett had complained of feeling ill recently, and had gone to the Military Hospital at St. Anne de Bellevue for a rest. He was missing from that establishment some days ago, and his body was found by a lockman near St. John Carling, bereaves Major Wilfred H. Carling of this city of his aunt, Mrs. J. A. Carling of Montreal is a niece.

Miss Carling, who was 81 years of age, acted as hostess for her father during his lifetime, and was founder of the first Morning Musical Club in Ottawa and in London. She was also responsible for the inauguration of French weekly teas in Ottawa, where the guests spoke entirely in French.

He served overseas as a gunner with the 35th Battery of Sherbrooke and was slightly wounded on several occasions.

Mr. Duckett enjoyed a wide circle of friends in all parts of the city. He was unmarried. He is survived by three brothers, William M., Frank M., and George S. Duckett, and one sister, Mrs. S. C. Holland, all of Montreal.

Interment was made in Mount Royal Cemetery.

## Male Escort Bureau Is Proving Popular

A unique service has been provided, not only for our Tourists and Visitors, but with the intention of supplying an extra gentleman for bridge or dinner or as an Escort.

It is Registered as "Montreal's Male Escort Bureau." The idea is not new but the Bureau is the only one of its kind in Montreal. The majority of the escorts provided are McGill men but there are a few from other universities. Each gentleman is selected and approved only after a very thorough investigation by the Bureau. Photographs and descriptions are kept on file for your selection. Any further information may be obtained by phoning or writing to Mrs. Alice Courchesne, Lancaster 7010 at 1421 Crescent St. Just above St. Catherine.

## Laundry Room Improvements

The laundry-room should not be forgotten when mapping out your home improvements. The task of keeping the family wardrobe clean and pressed is much lightened if the person who is doing the work has a cheerful workshop. If possible, the room in which the work is to be done should have a window. A light and cheerful colour scheme should be chosen and there should be adequate lighting. The Dominion Government's Home Improvement Plan may be invoked for the painting of walls, the installation of lighting fixtures and other permanent improvements.

A long list of attractions have been brought down to three cents during these days. All you need is a coupon from The Examiner, or a coupon that you may obtain at The Examiner Office, 2191 Hampton Ave., and you will be all set for the big event.

On each day a lucky number will be drawn and the holder will receive a bicycle—a brand new, late model, full size bicycle!

## Miss L. Carling Dies In London

The death in London, Ontario, on Saturday of Miss Louise M. Carling, daughter of the late Sir John Carling, bereaves Major Wilfred H. Carling of this city of his aunt, Mrs. J. A. Carling of Montreal is a niece.

Miss Carling, who was 81 years of age, acted as hostess for her father during his lifetime, and was founder of the first Morning Musical Club in Ottawa and in London. She was also responsible for the inauguration of French weekly teas in Ottawa, where the guests spoke entirely in French.

## Mrs. D. Rowat Burial Held

Descendant of Famous George Pozer, Pioneer Settler, Died on Monday on Way to Visit Physician

Services were held yesterday at Melville Presbyterian church for Mrs. Donald McKenzie Rowat, Rev. J. B. McLean, of Huntingdon, P.Q., officiating. Formerly Miss Rhoda Isabella Pozer, Mrs. Rowat collapsed and died on Monday while on her way to her physician's office.

A keen church worker, Mrs. Rowat took particular interest in W. M. S. affairs, and was among others who entertained and otherwise provided hospitality for the women delegates attending the International Union of Women's Home and Foreign Mission Societies of the Presbyterian and Reformed Churches held in Montreal recently.

Mrs. Rowat was a direct descendant of George Pozer, famous pioneer, who came to this province in 1785 and who established a German colony with a number of seigniories. She was born at the seignior of Aubert Gallion at St. Georges Beauce in 1885, daughter of the late John Pozer, and of Mrs. Pozer, now residing in St. Lambert, and a niece of the late Senator Henry Pozer.

Besides her husband, Mrs. Rowat is survived by a daughter, Miss Isabel Rowat; two sons, the Rev. Ronald Rowat, of Saskatoon, and John Pozer Rowat, notary, Montreal; three sisters, Mrs. Wyatt, St. Lambert; Mrs. Melboune McKee, Richmond, Que., and Mrs. David Salls, Sherbrooke.

Interment followed at Athelstan, P.Q.

NOT IN HIS PANTS Teacher (to pupil): Well, Billie, if you have two-and-six in your left pocket and four-and-six in your right, what must you have? Witty Pupil: "Please, sir, somebody else's trousers on."

## PICNIC HELD

Fairmount-St. Giles Bowling and Recreation Club held a picnic at Crystal Beach, St. Genevieve, on Saturday afternoon.

Under the leadership of Mr. C. G. Thackway, the president, and his committee a programme of races was indulged in, after which two teams were chosen for a soft ball contest. Supper was next in order. When the inner man was fully satisfied, the distribution of prizes was held.

## C. Patterson Is Interred; Died Sunday

Managing Director of Willis and Company Had Been With Firm For Forty Four Years

The funeral was held on Wednesday morning at the Church of the Ascension of Our Lord, of Charles David Patterson, 4876 Westmount avenue, who died in the Ross Memorial hospital on Sunday in his fifty-ninth year following a brief illness. Mr. Patterson was well known in Montreal musical circles, and had been with Willis and Company for forty-four years. He was managing director of the company at the time of his death.

The cortege left Mr. Patterson's residence, 4876 Westmount avenue, and proceeded to the church, where Rev. Father H. Gagnon, of the seminary of philosophy, received the body. The solemn Requiem High Mass was chanted by Father W. E. McDonagh, pastor of the Church of the Ascension, who was assisted by Rev. Father Gerald Berry and Rev. Father M. J. Healey, of St. Augustine Church, as deacon and subdeacon respectively.

Born on July 25, he was the son of the late George Patterson, of Ayrshire, Scotland, and the late Anna Waters, of Montreal. He was educated at the Plateau Academy and entered the employ of Willis and Company, Limited, at the age of 15 years.

Early in life Mr. Patterson showed a great interest in music and attended most of the musical performances in Montreal. He derived his musical interest from his aunt, the late Madame De Angèle Waters, well-known Montreal composer and musician. He was an ardent sport enthusiast, canoeing, sailing and lacrosse. He was an active member of the Isle-aux-Coues Golf Club until recently. Surviving him are his widow, formerly Teresa Hart; a daughter, Mrs. Arnold J. Groleau; one nephew, Jack L. Patterson, of Montreal. Interment was made in Cote des Neiges cemetery.

### THOUGHTFUL

There was one piece of pie left from the noon meal on the table and Mrs. Powell divided it between Helen and Buddy.

Buddy looked at his mother and saw she didn't have any. "Mother," he said earnestly, "I can't enjoy this pie when you haven't any. Take Helen's."

## F.M. McRobie Represents Westmount

Sits on Montreal Protestant Central School Board; Installed With Six Other New Members Friday

F. M. McRobie, Grosvenor avenue resident, is representative for Westmount on the Montreal Protestant Central School Board. The initial meeting of that group was held Friday afternoon at the McTavish street headquarters of the Protestant School Commission, and W. H. Biggar, Notre Dame de Grace alderman, was elected chairman.

The installation of seven new members, including Mr. McRobie and Mr. Biggar, took place, the other members being Dr. Malcolm Campbell, Ald. W. S. Weldon, W. M. Birks, representing the Protestant Board of School Commissioners of Montreal; Prof. H. E. Reilly, representing Montreal West, Verdun and Lachine; W. A. S. Ayerst, representing Outremont, Hamstead, St. Laurent, Pointe-aux-Trembles and Sault-aux-Relouets. They will hold office for four years.

## Renew Water Agreement

Council Approves Extension of Contract With City of Montreal to Supply Water For Nine Years

Routine expenses for the month of June, comprising mostly regular bills and salaries, to the amount of \$99,233.78, were approved by City Council at a meeting held Monday evening. His Worship Mayor John Jenkins presided.

Alderman George S. Currie, commissioner of finance, submitted the report on these expenses.

Renewal of Westmount's contract with the City of Montreal regarding water supply for this municipality was also approved by Council, and the secretary treasurer, A. F. Bell, was instructed to serve notice on the City of Montreal to this effect.

### BABE IN WOODS

Exposed to freezing weather for four days and four nights while lost in the woods near Upton Mass., little Winona Nelson, not yet three years old, was found more dead than alive. She was suffering from pneumonia, but after being placed in an oxygen tent, rallied, and is now recovering. Her first words after regaining consciousness were spoken to her mother—"Winnie dot losted."

## UNITED IRISH PICNIC SUNDAY AT BELMONT PK.

Approximately 10,000 to Hold Second Annual Celebration at Cartierville

Political differences will be entirely forgotten next Sunday as approximately 10,000 Irish Canadians hold their second annual celebration at Belmont Park, Cartierville. Sponsored by the United Irish Society of Montreal, the gathering will mark a revival of the old-time Irish Days that were a feature of Montreal life back in the eighties and nineties.

For the Irish festival, Belmont Park will be literally covered in green. During the day there will be speeches and games and Irish dances. Leading Irish Canadians and Irish Americans will be present from other cities in eastern Canada and the eastern states and as was the case last year, special arrangements will be made to see that every Irish Canadian child in Montreal is able to attend.

Transportation plans for the celebration include special trains, busses, tram cars and private automobiles, with numerous societies making up the united organization going out in separate groups. Celebration arrangements are in the hands of committees with jurisdiction over sports, entertainment, transportation and special events.

## Need New Jar Rubbers Yearly

New jar rubbers each canning season are an economy in both time and materials. It is a good precaution to test all rubbers before using; pull each ring out about four inches. If it springs back to its original size it is probably all right for making an airtight seal. Boil the rings along with the caps, just before using.

With the necessary utensils and other supplies ready the night before, and the kitchen work out of the way before the material to be canned is brought in, one has an excellent start toward making canning the pleasurable it should be. The method to be used depends upon the home manager and her equipment. For years, at demonstrations and in the public schools, cold pack, hot pack, open kettle, oven and pressure canning have been taught. To some women, the open kettle method seems to require less time when there is only a small amount to be canned, the hot or cold pack being used when there is a good deal to be accomplished in a short time. With owners of pressure cookers pressure canning is popular for meats and some vegetables. And women having automatic heat regulation on their stoves are apt to prefer oven canning for most of the products they put up. But with all methods, it is essential to cook the fruit or other product until it is nearly done, and leave it to finish cooking in the boiling juice with which it is sealed.

The laundry room should have convenient shelves for storing washing materials, there should be provisions for a mending basket to fasten on buttons, etc., and a place to keep mending will aid the worker. A floor that is easily cleaned is important.

## The Week At Victoria Hall

During the coming week, the only important reservation listed on the book at Victoria Hall is that of the regular weekly luncheon of the Westmount Rotary Club on Wednesday. A private wedding party has asked for the use of one of the salons, but this event is limited to a very few invited guests.

**ON HOLIDAYS**  
 Arthur F. Bell, secretary treasurer of the City of Westmount, is on his holidays at present.

Europe. Mr. Palmer who accompanied her is returning to Canada the middle of July with his son, Mr. Kenneth Palmer, who has completed his college course in England. Mr. and Mrs. Palmer and their family will occupy "Cairndale," Hudson Heights for the summer.

Among the Montrealers vacationing at Ross's Point, Lake St. Francis, are Mr. and Mrs. Andrew Gow, and family, of Royal avenue; Mr. and Mrs. James Campbell, Regent avenue; Mr. and Mrs. Gordon Walker and family; Miss Agnes Kehoo, Hingston avenue; Miss Dorothy Brown, Outremont; Mr. Archie Jeffries, Hingston avenue; Miss J. English; Mr. and Mrs. J. E. Hamilton; Mr. and Mrs. Fred McCarthy, Outremont; Mr. H. D. G. Roe; also Mrs. Walker and family of Quebec City.

## PATRICIA ELLIS

Patricia Ellis who will be seen with James Melton in "Melody For Two," a musical comedy based on a new angle—the stiff competition among jazz bands and their leaders, especially for places on the big and profitable aerial networks. This feature opens a three day engagement at the Westmount on Sunday, following directly at the other local United Theatres.

## Pat Ellis And James Melton In Delightful Movie At Westmount

Tin Pan Alley, night clubs and radio stations figure prominently in the background of "Melody For Two," new Warner Bros. musical production with James Melton, famed air-singer and Patricia Ellis playing the principal roles, which opens Sunday at the Westmount Theatre, following at the other local United Theatres.

The story, much stronger than most musicals, concerns the love affair between a singing orchestra leader and his young woman soloist, their separation through a misunderstanding which all but ruins the man, his comeback by adapting the seductive swing rhythm to the ballroom, and a spirited competition staged between his orchestra of gorgeous blondes and the girl friend's band of young men musicians over the radio.

Melton, of course, has the lead-singer role, Miss Ellis is his girl friend who later becomes his greatest professional rival, and Miss Shaw is a torch singer who takes over Melton's affections after he and Miss Ellis go their different ways.

Fred Keating also is a member of the cast, enacting the role of a comedy manager. Marie Wilson is a bull-fiddle player, and Charles Foy is a hoofing press agent. Craig Reynolds plays the part of a gossip columnist.

Al Dubin and Harry Warren and M. K. Jerome and Jack Scholl provided a snappy collection of swing tunes, and Louis King directed the dramatic part of the picture, with Robert Vreeland guiding the songs and dance numbers.

### Laurentian Ranges Rank Among Worlds Finest Vacation Lands

The Laurentian country, one of the most beautiful and unspoiled holiday fields in the North American continent, lies at the back door of Montreal. But a few short hours' drive takes one to the heart of this land of green, rolling hills, pleasant valleys, winding rivers and tree fringed lakes, where the soft breezes are heavy with odours of balsam and spruce and pine, and where the cool, dark forests and rippling streams abound with game and fish.

According to geologists the mysterious fascination of great age hangs over these mountains, but mighty ice caps have hallowed their sides, humbled the pride of their peaks and have polished a chronicle of themselves on the scattered rocks which abound in this great region.

The camps of the Indians, wise with centuries of nature lore in their blood, were scattered throughout the million acres of this natural park which stretches for a thousand miles north to Hudson's Bay.

The highest point of the range is Mount Tremblant, rising 3,400 feet above the sea, known to the Indians as "Manitou Ewitschi-Saga."

Many of the Indian camps have now been replaced by modern hotels, where excellent bathing, dancing, bridge, golf, tennis, riding,

and motoring may be thoroughly enjoyed.

Others have been taken over to provide complete facilities for those who prefer to spend their vacations hunting, and fishing in some of the 35,000 lakes, and virgin forests, of the Laurentians.

For the angler, trout and bass are abundant. The glistering denizens of the mountain streams provide plenty of thrills, and a good catch almost any day of the season can be depended upon.

### LES KIMRIS IS NOW HEADLINER AT BELMONT PK.

Act Headed Billy Rose Extravaganza Jumbo and Texas Frontier Centennial

Rated by critics and show managers as the world's outstanding aerial act, the French-born duo, Les Kimiris, now at Belmont Park, Cartierville outdoor amusement park, are providing Montreal amusement seekers with their greatest thrill of the 1937 season. Beautiful, skillful and daring, Vera Kimiris is the darling of three continents. Since coming to America two years ago she and her partner have played before greater crowds than any other imported act. Before coming to America the two artists played every large theatre, hippodrome and concert hall in Europe.

With their arrival at Belmont Park Les Kimiris crossed the Canadian border for the first time. "We had heard much about Canada, particularly French Canada," Miss Kimiris said, "but we had no idea that Montreal would be so French and so thrilling. Every day as we go through our act, we try to make it as exciting and new as possible. We are always adding to our repertoire and we are never sure that the act will be the same two nights running. We try to give our audience thrills and, since coming to Montreal, the procedure has been reversed, as well. Montreal is thrilling us, too. It seems so like home to be among people who speak French and

### AERIAL STARS AT BELMONT PARK

Applauded by thousands of Montrealers during their first visit to Canada, Les Kimiris, the world's outstanding aerial duo, will remain at Belmont Park, for another week. The two French artists appear every evening in the open air, performing a series of thrilling stunts in the air.

Montreal is certainly the Paris of the new world. We have already made many friends here and before we leave we hope to make many more."

In the United States Les Kimiris headlined the Billy Rose circus extravaganza "Jumbo", later went with the producer to the Frontier Centennial at Fort Worth, Texas. Until the last minute it was not definite that they would come to Canada this year but under strong pressure from the Belmont Park management the Montreal booking was made possible. "Now we are here," they both say, "we would like to remain all summer. Belmont Park is not the largest amusement park in the world, but it is certainly the most beautiful."

And between acts we have made a few discoveries for ourselves. We have been on the Loop-o-Plane, the Tilt-a-Whirl, and a few of the other rides. And, when it gets too hot, we just amble through 13 Spook Street. There are enough chills there to make anybody cool off."

### LUCKY FIND

Mrs. Juneved: Darling, I found the dress I've always wanted this afternoon!"

Him: "I'm glad that! I certainly couldn't afford to buy it for you!"

### Famous Final Sayings In Hollywood

Hollywood, Calif.—After a long spell of keeping his eyes and ears open, Ray Milland, actor, came out with a list of Hollywood's "ten most famous last lines."

1. Director — "Temperamental eh? I'll show her."
2. Director — "This time I'm going to make a picture without star names—a director's picture."
3. Most any film employee — "I'm holding out until the studio comes to terms."
4. Star — "Watch me put this cameraman in his place."
5. Star — "An interviewer? Tell him I never grant interviews."
6. Producer — "Pictures should be educational as well as entertaining."
7. Star — "I'm too busy for love."
8. Same star — "My private life is nobody's business."
9. Same star — "We're just good friends."
10. And the same star a little later — "Our careers will never interfere with our marriage, will they, darling?"

### Of..... Masks and Mikes ..... and Things

By JACK HIRSHBERG

### MYSTERY OF SOUND

Hollywood, California., June 30—Though it's an integral part of every photoplay destined for the audible screen, sound still goes its merry way alone, separate from (but in exact unison with) the visual branch of filming.

It does, that is, until weeks after actual filming is completed, when, still in precise synchronization with scene, it is captured at last upon the same strip of celluloid to become a complete sound picture—the "All Talkie" of the theatrical world.

This may at first blush appear to be a mystifying routine, but it is wholly necessary, owing to the very nature of sound as a lusty but younger brother of silent film, though they are of such different temperament that the very degree of their fraternal relationship may be questioned.

The film camera, itself, does not record sound. This is accomplished by a wholly separate set of mechanisms, detailed below.

First, the dialogue is picked up by a super-sensitive mike dangled over the players' heads on a moveable boom, resembling a dentist's drill which allows it to follow the players about the set.

Because of the extreme sensitivity of the microphone the camera is cased in a soundproof box, muzzling the whirring of its gears. This box, often called a blimp by members of the profession, keeps the sound of the camera from entering the mike.

Explanation here is clarified by illustration. Let's assume that our players are Irene Dunne and Randolph Scott doing a scene from "High, Wide and Handsome," where your reporter visited yesterday during production at Paramount. The principals are dancing together, so we are afforded a fine example of intricate microphone work, for the mike must follow them around the set yet always keep its shadow out of camera range.

Director Mamoulian, reclining in a chair beside the camera with a script in his hand, has announced:

"This will be picture."  
An assistant director barks "Quiet—lights—roll them."  
Nearby, at a portable control panel resembling a tea wagon in appearance, sits a gent called the

small light glows through a "light valve" onto the sound track edge of a slowly moving strip of ordinary movie film. There, due to the fluctuation of light, the edge becomes exposed to variable degrees. Later on, by merely reversing this process, the sound track is converted back into sound. Thus we see that in movies today, sound is really photographed and printed as we print an ordinary picture.

## Five Records Are Broken At Women's Track Tourney

Betty Orr Outstanding in Events Staged Wednesday at Westmount Athletic Grounds—Theo Keeley and Isobel Bleasdel Share Senior Honours—List of Results

Capturing three junior events and cutting down her own time for the 60-yard hurdle by seven tenths of a second, Betty Orr of the Pats Olympic Club shone at the annual Provincial women's track meet Wednesday at the Westmount Athletic Grounds. She also ran anchor on the winning relay team.

Theo Keeley and Isobel Bleasdel shared the honours in the senior division, each capturing two individual events, with Miss Bleasdel also running on the victorious relay quartette. Miss Keeley broke the tape in front in the 90-yard hurdles, and inasmuch as the event was staged for the first time in a Quebec meet, her time of 1:4.3 will go down in the books as a record. Theo Keeley added the broad jump title to her hurdle crown with a leap of 15 feet 2 1/2 inches.

Miss Bleasdel, running with a strong, smooth stride, outclassed Violet Spencer in the 20-yard dash, winning over last year's titleholder by a margin of over eight yards. Isobel also headed her teammate Dolly Moore in the 100-yard dash.

In all, five records were thrown into the discard. Ruth Mackclair, Maroons A.C., was in a class by herself in the senior running high jump, shading her own 1936 mark by five-eighths of an inch with a

## Tennis Notes

The Interprovincial tennis tournament drew to a close here on Saturday. About 250 players took part. Finals were played at N.D.G.

Westmount leads both ladies' and men's "C" divisions in the inter-club series. Ladies recently defeated Stuart 4-1, and are leading the league by two matches. On Saturday the men defeated Sun Life 7-0, and ladies defeated Benedicts 5-0. Women's singles began on Wednesday with about thirty-two entries.

Boys', students' and scholars' singles, and men's singles, are now just about finished.

Dancing will be held tonight in the hall of the Athletic Grounds following completion of the evening's tennis games. Music will be provided by the newly-installed electric sound reproducing equipment.

## CRICKET NOTES

Games tomorrow: Westmount 1 and Mount Royal; Westmount 1 and Verdun, all in A division. In B division, Wanderers 11 and Westmount.

## Westmount Soccer Team In 2-2 Draw

Goal Disallowed in Game Against Point St. Charles, Referee Claiming He Didn't See It

Westmount soccer team held Point St. Charles to a two-all draw Monday night at the Athletic Grounds, Stewart and Duncan being the local scorers.

During the first half Point St. Charles were pressing Westmount and the home team fighting hard to defend their goal were fortunate when Duncan scored on a pass from Feeny. With only one minute of the half left to play.

It was one of the few times Westmount had the ball in the Point territory.

Starting the second half Westmount forced the play. After five minutes Stewart, Westmount captain, scored, beating both the Point backs and then the goaler on a clean shot in the corner. Two minutes after this Westmount scored again, Grey lifting a beautiful shot over the goaler's head. This goal was disallowed, the referee claiming he didn't see it.

Westmount seemed a little disappointed, and Point St. Charles taking advantage of their good fortune equalized the score on shots by McDonald and Nowan. Westmount's best were Gill playing a wonderful game in the nets ably assisted by Alexander, Gray, Feeny, Stewart and Duncan.

Line-up: Westmount: Gill, Blake, Lutledge, Tillman, McKellar, Alexander, Grey and Feeny. Stewart, Walker and Duncan; sub, McNiven. Point St. Charles: Ross, Russell, Vince, Worsley, Alford, Hosley, Alenshaw, McDougall, Albert, Nowan, McDonald; subs, Brazier, Allan, Garbish.  
Referee: W. H. Green.

On Monday night Westmount play Emard, league leaders, at the Westmount Athletic Grounds, at 6.30 p.m.

## FAN-PLEATED GOWN FOR EVENING SMART

Paris. — Many a fan-pleated evening dress is abroad in Paris these days. Countess Jean de Beaumont has chosen a Patou model of crepe in romance blue, with little fan pleats crowded into the skirt. The bodice is backless. The front is halter-strapped around the neck with a rope twist of the crepe.

## Return Game With League Stars To Be Packed Full Of Action And Excitement

Westmount Fire and Police soccer team of the Industrial League, will meet George W. Reed's tonight at the Glen Yards field in a return league game. Although the local group have not done so brilliantly this season as was hoped, they have shown great persistence and have always given the spectators their money's worth; and tonight's game promises to follow the custom established by Westmount's punters to be a hard-fought, exciting game with plenty of action on both sides.

The last game with Reed's was played June 9th, and Reed's were victors by the narrow margin of 1-0. Westmount's team had then little experience, and the visitors' win was not an easy one, despite their superiority and more practised playing. Since that time, the locals have gained considerably in experience and ability, and are promising Reed's a good contest for tonight.

Constable Lowson will captain the team, and the players will be Doucet, MacIlwaine, Workman, Knight, Stevens, Macintosh, Eaglesham, Carmichael, Sloan and Forrest, with Bunten and Crouch as subs.

On Wednesday the local punters will meet Montreal General Hospital at the Westmount Athletic

Grounds, also a return game. The first game with this team was played May 9th, and Westmount won 2-1. The Hospital team is out for revenge, and the contest should be an interesting one.

With six games still to be played in the league schedule, Westmount has a good chance to end up the season near the top of the list.
