

COATICOOK DIRECTORY,
1876-77.

COATICOOK.

AN incorporated village and station of the G.T.R., in the township of Barnston, county of Stanstead, 5 miles from Barnston Corners, 18 from Stanstead Plain, 21 from Sherbrooke, 16 from Hereford, 122 from Montreal, and 175 from Portland, U. S.

The site now occupied by the village originally belonged to Richard and Levi Baldwin, Jonathan Cutting, Nathaniel Pollard, and Robert McGill. On the 30th March, 1842, a store was commenced by H. Cutting, and this modest structure, 14 x 20 feet, was the first business stand in the place. Previous to this Richard Baldwin, one of the pioneers of the county, built a saw-mill here, and a frame dwelling was erected about the same time by Robert McGill. A tavern was soon after built by H. Cutting, and in 1844 the premises now occupied as Davis' Hotel was completed. A carding mill and store were built by the late Mr. Child, and in 1850 a grist mill by Levi Baldwin. In 1847 a school was opened

by Miss R. Cleveland, who was succeeded as teacher by the Misses Sarah Brook and Ives. Alpheus Lewis was the first shoemaker here, and John Kennedy the first blacksmith. The Post Office was opened in 1843, H. Cutting, postmaster.

On the 18th July, 1844, the G.T.R. was opened here, and the growth and prosperity of the village may be said to have begun. The splendid water-power afforded by the Coaticook River attracted capitalists, and manufacturing establishments, stores and mechanics' shops were soon after established, and the consequent general mercantile and manufacturing interests of the village have advanced with a steadiness and rapidity equal to that of any other in the Province.

Coaticook was incorporated January, 1864. It is a port of entry, and contains 4 churches, several hotels, a number of stores, two branch banks, (Eastern Townships and Metropolitan), telegraph office, a printing office, issuing a weekly newspaper, which has a large local circulation; saw and grist mills; and manufactories of mowing machines, leather, furniture, sashes, doors, matches, clothes pins,

broom handles, washing machines, churns, iron castings, boots and shoes, &c. Total value of imports for 1872, \$645,389 ; exports \$2,562,303. Population about 1,100.

Various circumstances, such as the general depression of trade, over speculation on the part of some of its traders, etc., have had a tendency to depress the people of this beautiful town, but after the revival of trade (which will, we hope, soon take place), the energy and intelligence of its inhabitants is a *guarantee* that Coaticook is destined to rank high among the manufacturing and industrial towns of our great Dominion.
