GREGORY FARM AND ALD. JAMES NOLAN AND ALD. TANSEY.

Taxpayers intending to vote for either ALD. NOLAN, ALD. JAMES or ALD. TANSEY, should take time with our delay to recall the incidents of the famous Gregory Farm purchase.

Fortunately, in this case, we can go to the official record for opinion and inference as well as fact. A special committee was delegated to consider the action of the Health Committee in the purchase of the incinerator sites, and, on August 10th last, it laid its conclusions before the City Council.

INSURGENTS HEMMED IN. They Will Now Have to Surrender or Be Slughtered. New York, January 23.—The Herald has received the following despatch from Rio de Janeiro.

Rhodes Feels Hurt. CAPE TOWN, January 23.—In addressing the volunteers at the railway just before his departure, Premier Cecil Rhodes spoke bitterly of the manner in which they had been victimized.

Deputy Georges Gamard, monarchist, questioned the Government, as to the negotiations had been almost concluded. The only matter of immediate importance, he added, was the treaty. The treaty was signed.

Body of Hydrophobia. New York, January 23.—Michael Fitzpatrick, a teacher, is suffering from hydrophobia, and according to the physicians attending him his death is only a question of days or two.

The Emperor's Birthday. BERLIN, January 23.—Emperor William invited Count Herbert Bismarck to attend yesterday's decoration ceremony at the Castle.

Fired on Revolving Prisoners. VIENNA, January 23.—The convicts in the Hotel Count Herbert Bismarck were fired yesterday and attacked the warders.

Mortgage Company, declares that he understood that the said Messrs. Clement and Pagnuelo were negotiating the sale with the city for his company at 12 1/2 cents per foot, and that he paid them a commission of 1 1/2 per cent therefor.

That is a pretty record to lie in the civic archives. Does any one begin to suspect why Gregory Farm was purchased when the city already owned sufficient land for its purpose in the vicinity? Of course, the aldermen knew nothing of this juggling with prices. They are a class of men wholly ignorant of the worth of real estate.

Now this rose-bud innocence of theirs works all right as an excuse at the time of the purchase by the Health Committee; but the report we have quoted from above lay before the Council when it voted on the "deal."

With both reports before it, the Council took this advice. The draft of sale by Mann to the city was approved. How could they refuse to do so little a thing "in the interests of the city"?

ALD. NOLAN and ALD. TANSEY were present, and voted for the ratification of this iniquitous, wasteful and officially condemned bargain.

ALD. JAMES "funkt" the vote. When such a "deal" was to be considered and finally disposed of, he slunk away. His act was fraught with as much damage to the city as if he had been present and helped to swell the narrow majority.

ALD. NOLAN and ALD. TANSEY were present, and voted for the ratification of this iniquitous, wasteful and officially condemned bargain.

ALD. SMITH. TO THE ELECTORS OF St. Lawrence Ward.

GENTLEMEN:—I should be most grateful if I did not feel under deep obligations to you for the very numerous requests I have received to receive a nomination for re-election as your representative in the Council.

While I am conscious that my first year of office must have been marked by some shortcomings due to inexperience, it is a source of the greatest satisfaction to me to receive so many expressions of confidence from fellow-citizens whose good opinion I value so highly.

Should you do me the honor to elect me for another term, it is my intention to devote my chief attention to an earnest and honest effort to place the city's finances upon a sounder and safer basis.

It is only by strict attention to such details as those that the burden of general taxation can be lightened, the city's credit maintained, and a safe progressive policy of city improvement carried out.

I have the honor to be, your faithful servant, E. GOFF PENNY.

TO THE ELECTORS OF St. Lawrence Ward.

GENTLEMEN: I thank you for the very flattering requisition which I have received asking me to be a candidate for the representation of your ward in the City Council.

In gratefully accepting the nomination, it is only right that I should briefly indicate to you the main features of the course that I intend to pursue if elected.

I shall regard the office of alderman as a public trust, to be exercised not for my own benefit, nor for the benefit of any great corporation, having business relations with the city, but in the interests of the public generally.

Whenever, for any reason, it is not practicable for the city to do its own work, I believe it is still possible to treat the system of letting contracts in the most judicious manner.

THE MAYORALTY CONTEST.

ENTHUSIASTIC MEETING IN HOCHÉ-LAGA WARD.

Addresses by Ald. Villeneuve, Ald. Prefontaine and Ald. Germain. Mr. Jon. Comte Says He Did Not Sign Ald. James' Nomination Paper.

The two candidates for the Mayoralty, Mr. J. O. Villeneuve and Mr. James McShane, met last night in St. Jean Baptiste Market. The hall was pretty well filled. Mr. Edouard Roy presided. Mr. J. O. Villeneuve said that he intended this year to retire, after twenty-five years of service, but he was asked to accept the demands of his friends, who reasonably desired to elect a French-Canadian for the Mayoralty. Mr. McShane made a great mistake in thinking that he would poll all the Irish vote. If the Irish vote to elect one of their own, then no thing hinders French-Canadians from doing likewise and electing a striking victory. Mr. Villeneuve reviewed his municipal career, and showed what he did at Quebec before the time of the kingman's interests at the time of the passing of an amendment to the charter of the city.

Mr. McShane also spoke on the good he had done for the people and his right to represent them. Messrs. E. Laberge, Avila Bourbonnais, Mr. P. H. Patis and S. Campeau supported Mr. Villeneuve. Messrs. Charles Champagne, J. K. Fern and P. Archambault supported Mr. McShane.

Mr. Villeneuve, after opening the meeting at St. Jean Baptiste, went to Hoché-laga, where a meeting was being held in his favor. The voters assembled in the old town hall in goodly numbers. Mr. Amable Colin, president. Mr. Matthias Filion, of La Motte, addressed the meeting and said that Canadians would not easily elect a man who was not a native-born English-speaking elector, conceded the right. He considered that the love of McShane for the people did not always have good results. He wanted to know where the supporters of McShane were since all the papers which represented public opinion, were against him. It was easy, he claimed, to be charitable with public funds. Taxes were raised, but alas! they had to be paid afterwards. Messrs. E. Taillefer and L. A. W. Prouty spoke in favor of Mr. Villeneuve. They dwell on the theme that politics should be banished from the City Hall, in order to protect the rights of the French-Canadian people.

Ald. Prefontaine then addressed the meeting. He said that it was not his duty to offer his candidature for the Mayoralty, otherwise it would have flattered him to do so. "Some monopolized the position, but men should not be elected on a whim. Elect a man whom you can respect, and stand by your agreement. Have an English Mayor for two years, and a French Mayor for two years also. Is it McShane's place now? He will not speak to you; let him say who he would like to elect. He will say no choice, but I am sure that he will not be elected by Canadians. They may be divided, but they will not elect him. If elected, he will owe it to the Irish or English vote. If that happens, we will elect a French Mayor next year, and we will write in future to see that none other than a French Mayor is elected. I know the English papers will spread this over the city to-morrow."

There had existed for many years an agreement between the English and French-speaking citizens of Montreal that each nationality should be represented in the Mayoralty by a man of their own race. This principle had been adhered to since 1851, the Mayor of Montreal since that date having been Beauregard, Abbot, Gendreau, McShane and Desjardins. Mr. Desjardins was entitled to another year's term of office, but in the contest he had opposition to him from certain quarters, he had decided to retire in the interests of some other candidate. The English-speaking citizens. The only one to carry on that contest successfully was Villeneuve. "We form 120,000 out of a population of 200,000, and we should unite to be powerful and respected. We should put party color out of municipal affairs; otherwise, we shall be crushed as a race by the English vote from the ranks of the people. There is no aristocracy in our country; we are all on the same footing. Let us have all eyes look at the question alike; we are all interested alike. We are Montrealers, and we should be treated alike. Our efforts would have to be exerted to save her, and were McShane the only man who could do so, I would vote for him. But McShane is not in such a bad state; her affairs are all right. McShane always respects the interests of the people. He would not elect a French Mayor, and it will not be to the honor of Hoché-laga to do otherwise.

Mr. Villeneuve said that he had not expected to be called upon to run for the Mayoralty this year. However, he had accepted the honor, believing that it was the right and the wish of the French-Canadian people to have a French Mayor this year. Any man who is elected Mayor, if McShane is sure of the Irish vote, why do you (Canadians) not unite and vote for me? If you do not, and if we do not assert our rights, McShane will be Mayor as long as he wants. Since 1851, we have respected the agreement of the different nationalities, and I know that the result of it will be my election. At the expiry of my office it will not ask for a longer term, rest assured of that. Mr. McShane made a great outcry against his love for the people. He, Mr. Villeneuve, was a man of the people. No one had started in his power, but he had never refused to support a man who was seeking work. When he some time ago started a cigar factory he decided to employ only upon men, and to have only an eight hour day. The workmen could not get along with a single misdeed word. He was never afraid to meet them, because he had always been their friend. "There should be no party cry in this contest. I am supported by staunch Liberals. They forget their color, and only remember that they are Canadians. McShane is a Liberal, but Liberals want him for his turn."

Dr. Germain followed, and the meeting closed amidst cheers for Mr. Villeneuve. St. Lawrence Ward Elections. Mr. Jos. Comte, of 88 St. George street, authorizes us to state that he has not signed either the registration or nomination papers for Ald. James, and further, that he is doing all he can to secure the election of Mr. E. J. Fenby.

Meeting of Park Commissioners. Mr. McLannahan, the lessee of the Mount Royal Park, who wants \$11,000 damages because he was not allowed to sell Weas Beer on Sunday, appeared before the Park Commissioners yesterday afternoon to plead his cause. He was allowed to plead in private, the Park Commissioners not caring that they should listen to the pleadings. The commissioners, however, did not come to any decision, but will discuss the matter to-morrow, when the question of allowing McGill University permission to extend the botanical gardens will also come up. The Commissioners consented that in this matter, the City Attorney giving his opinion regarding the right of the Park Commissioners to grant the Golf Club's application for permission to move their golf course without authority from the Council. Mr. Edler said that he was the father of the law was concerned, it was not legal that any club or syndicate should be allowed special rights in any portion of the park. At the same time the Golf Club had been tolerated with the understanding that the Council would not intervene unless a suit was commenced. Mr. Edler did not see any objection to granting the Golf Club the desired privilege, provided no one objected. On motion of Ald. Wilson it was resolved: That the Park Commissioners report to the

Council in favor of granting the Royal Montreal Golf Club their prayer for permission to change their clubhouse from the present site to the west side of Mount Royal, adjoining the superintendent's residence, on the same conditions as those of their present lease. In the event of the Golf Club erecting any building on Mount Royal Park, the erection of any such buildings to be approved by the Mount Royal Park Commissioners.

OSCAR WILDE'S BRIGHT PLAY.

Miss Herndon at the Academy of Music Opera and Variety-Felix Morris Coming. Probably for the first time Montreal theatre-goers have an opportunity of judging of Oscar Wilde's ability as a playwright, and of enjoying his brilliant epigrams delivered from the stage. The play is "Lady Windermere's Fan," produced with pleasing success last night at the Queen's Theatre and booked to run all the week. It is a very entertaining production, the plot is interesting; the story of a charming wife who almost ruins her life through one rash act, but is saved heroically by the woman of whom she is jealous. All this is cleverly done and gives scope for considerable fine dialogue, and the feature of the piece is the dialogue, and the feature of the dialogue the epigrams. They are bright and pointed, but all are tinged with cynicism, and perhaps on one or two occasions there are too many of them, giving one the idea that the characters are not conversing, but reciting these smart sayings. The company presenting "Lady Windermere's Fan" is an excellent one, and they give a very enjoyable evening's entertainment. There is a feature of novelty about the piece, both in the manner in which it treats of a phase of society, and in the observation put into the mouths of the characters. It was thoroughly enjoyed last night by a large audience. A feature of the evening was the introduction into the musical programme of a harp, guitar and mandolin overture, under the direction of Prof. T. A. Simpson, which delighted the audience much.

Miss Agnes Herndon at the Academy of Music. The Academy of Music was well filled last evening, when "La Belle Marie," or "A Woman's Revenge," was presented. Miss Agnes Herndon, as Jean Lightfoot, who is betrayed by a pretended lover, and as Marie Dubois, the relentless and revengeful woman pursuing him to ruin him financially and have him cast adrift into the world, has a part peculiarly suited to her talents, especially as the heartless La Belle Marie, and the younger brother of the man she is pursuing appeals to her to save his family from disgrace, and supports his plea by presenting her with a letter from him by her brother whose last moments he had soothed at sea. Her change from her tenderness towards her lover, to the weak and revengeful woman when in the presence of her betrayer. Miss Herndon has many magnificent costumes. Mr. W. H. Hainbury as George Leighton, the villain, while stagey at times, was conscientious, and Mr. Albert West as John, the good son of George Leighton. Miss Louise Blanchett made a pretty Grace Leighton.

Felix Morris coming. A great success for the patrons of the Academy of Music next week. Felix Morris, the delightful comedian, is coming with his own company, and during the week they will give two different plays. When last here Felix Morris was playing with Miss Rosina Volkes, whom his health has compelled to leave the stage.

French Opera Theatre. There was a full house at the Theatre Francaise last evening, when the company produced "Le Grand Mogol," a three-act opera by Chivot & Durey, music by Edmond Audran. This opera, put on in Paris in 1881, has kept up its popularity, and Montreal was no exception to the rule. It is altogether original in its character and the costumes for the most part appropriate to the time. The production was quite good last evening; in fact it was one of the best performances given here by this organization. The cast is as follows: "Irina," a Greek girl, as "Bengaline," lead the female cast, while Messrs. Valdy, as "Mignapour," Bissou, as "Nikolai" Fontier, as "Girard," as "Crakson," were all good, giving a comprehensive rendition of their roles. This evening "Le Maître de Forges" will be given. There are two matinees now, on Wednesday and Saturday. To-morrow afternoon "La Fille de Madame Angot" will be given, and on Saturday evening there is to be a benefit for M. Dorel, the leader of the orchestra. A double bill is being prepared. Thursday and Friday evenings "L'Avengle," a drama, will be put on.

Theatre Royal. After several weeks of drama the Theatre Royal is this week producing a variety entertainment, some of the artists engaged are very clever. The programme is a varied one, made up of songs, dances, music and acrobatic work. The house was crowded at both performances yesterday.

Patti Wants to Learn. On the 21st of January, one of the papers here said this morning that Patti did not know how to sing "Home, Sweet Home," and furthermore, that she pronounced "splendor" with the accent on the last syllable. The prima donna was dumfounded.

When I called to see her the first thing she said was: "Do you know music? Won't you teach me to sing?" The request was novel; not to say terrifying. "Caroline, bring me that paper, won't you, please?" "What does it mean? I sing 'Home, Sweet Home' like a novice. That is what he says, I when I have sung the song since I was five years old. Perhaps he was dreaming. Hold the paper, please. Now read what he says while I sing, and then sing 'Home, Sweet Home' with the room with the song as only she can sing it. As I was going away the diva said: "Don't forget, now, to ask that man to come and teach me how to sing, 'Home, Sweet Home.'"

A CHANCE FOR ALL MEN! On Wednesday, Thursday and Friday We will sell any HAT in our Hat Store, 665 CRAIG STREET, FOR \$1.25

Perhaps your last season's hat looks shabby, a bit out of style, or faded in the color. Now you may feel it's too early to buy a new one, but on the few mild days we have just now before the fine weather settles in, would it not pay you to give away that old hat when you can buy a new one, worth from \$1.50 to \$2.50, for only \$1.25. Think of the pleasant feeling it gives you when you walk out with your wife or best girl.

Why are We Doing This? Well, We'll Explain. We are receiving our New Hats for Spring, 1894, and as we need room for them we are going to clear out the balance of last season's Hats (some of which are equally as good as the New ones) at this very low figure. We don't wish to mix them in with our NEW GOODS. Now we do not wish to deceive you, we'll keep all the New Lines upstairs for the next three days and will only sell them to those who particularly wish them at the regular low prices. BUT THERE WILL BE NO NONSENSE ABOUT THE OTHERS. Come in and pick any Hat in the Shop, leave \$1.25 and you can take it with you or we'll send it home. When I was a Boy, Writes Postmaster J. C. WOODSON, Forest Hill, W. Va., "I had a bronchial trouble of such a persistent and stubborn character, that the doctor pronounced it incurable with ordinary medicines, and advised me to try Ayer's Cherry Pectoral. I did so, and one bottle cured me. For the last fifteen years, I have used this preparation with good effect whenever I take it. A Bad Cold, and I know of numbers of people who keep it in the house all the time, not considering it safe to be without it." I have been using Ayer's Cherry Pectoral in my family for 30 years, with the most satisfactory results, and can cheerfully recommend it as being especially adapted to all pulmonary complaints. I have for many years made pulmonary and other medicines a special study, and I have come to the conclusion that Ayer's Cherry Pectoral occupies a position pre-eminent over other medicines of the class.—Chas. Davenport, Dover, N. J. Ayer's Cherry Pectoral Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Prompt to act, sure to cure THE CHURCH WINS. TORONTO, January 23.—The appeal case of Kennedy vs. the Methodist Church came up at Osgoode Hall before Justices Boyd and Meredith, who gave judgment on appeal for the plaintiff from the judgment of Robertson J., at the trial, dismissing the action, which was brought by a superannuated Methodist minister to recover his share of or annual payment under a superannuation fund, from which he has been expelled from the church. The court ordered a minister till 1871, when he was superannuated. The court also ordered a minister to be a contributor to the fund, and from 1871 to 1880 he received a share of it. In 1880 he was expelled from the ministry by a vote of the Niagara annual conference for the offence of having gone through the ceremony of marriage with a woman at Niagara Falls while his wife was alive. The plaintiff contended that his expulsion was irregular. The appeal was dismissed and the judgment affirmed with costs. REINFORCEMENTS FOR INSURGENTS. LONDON, January 23.—A despatch from Buenos Ayres says that it is now impossible for vessels to discharge their cargoes at Rio Janeiro. Further details have been made public regarding the movements of General Saravia, who is said to have arrived in Rio Janeiro Bay with reinforcements of eight thousand troops for the insurgents. This force is said to have numbered twenty-two hundred men. Before leaving Parana, General Saravia seized 2134 rifles, 400,000 cartridges, two Krupp guns and ammunition for them, and \$250,000 in cash. All the seized articles, with the cash, were turned over to Admiral de Mello. The Embargo on Cattle. TORONTO, January 23.—The following special cable from London appears in this week's Empire: The Scottish protest against the embargo on Canadian cattle is being pushed forward without delay along the lines agreed upon the other day. The committee appointed at the meeting of Glasgow dealers in Canadian cattle arrived in London yesterday in pursuance of their instructions to interview the Board of Trade. They will demand the removal of the embargo, and the hoped-for result will be their successful in this mode of procedure. Otherwise they intend to bring possible pressure to compel the removal of Mr. Gardner's restrictions on the trade. Bank President Punished. STERLING, Cal., January 23.—Judge Glynn yesterday sentenced M. H. Sweeney, president of the Bank of Sterling, to three years in the penitentiary for receiving money on deposit after the bank had become insolvent. Women with pale, colorless faces, who suffer from indigestion, will receive both mental and bodily vigor by using Carter's Little Liver Pills. Special Notices. Mothers Will Speak. When Babies are Made Well Lactated Food is Praised. No Other Food Has Such a Record! While the dear mothers of Canada continue to testify in favor of Lactated Food, there is no fear about its ultimate triumph in the country. Nothing gives a mother greater delight than to see her babe grow up fat, healthy and vigorous. Lactated Food does this great work for the baby—it does more—it causes baby to be bright and vivacious, good natured and happy. Thousands of homes can boast of lovely babies brought up on Lactated Food. It is a case in point. Mrs. George Copeman, of Dundalk, Ont., used Lactated Food, and the result follows: "I was laboring with a very bad cold, and I am glad to tell you how pleased I am with the wonderful Food. Baby has now four months older, he is rosy and fat, and as quiet as any baby could be, and has had no trouble in raising him, and must give all the praise to Lactated Food." Bessie Bonehill in "Playmates." Miss Bonehill, the idol of the London theatres, will make seven different changes of character in "Playmates" at the Queen's next week. She has no equal in her line on the stage to-day. Her rendition of "Have cups and Daisies" is a gem. She is equally at home in both male and female roles. AN IMPERIAL SUBSIDY. The Canadian-Australian Company Want One. AUSTRALIAN MAILS VIA CANADA. Much Need Now For a Fast Atlantic Service. BY CABLE FROM THE STARS SPECIAL CORRESPONDENT IN LONDON. LONDON, January 23.—The Marquis of Ripon, Secretary of State for the Colonies, yesterday received a deputation consisting of Sir Charles Tupper, Canada's High Commissioner, Mr. James Huddart, of the Canadian-Australian Pacific Steamship Line, and the Agents-General of Tasmania, New Zealand and Victoria. Able speeches were made urging the Imperial Government to subsidize the Canadian-Australian Steamship service to the extent of £250 yearly for ten years in order that the service might be sustained. If this were done assurances were given that the Company would undertake to build another steamship which would be available as an armed cruiser in time of war. The Company would also undertake that all future steamers would be similarly built. It was urged that the Government would save by granting this subsidy, as the decrease in the subsidies hereof paid via the Suez Canal route would be greater than the subsidy asked for by the Canadian-Australian line. The importance of the route to mails, passengers and trade and also to the Admiralty and for communication with the Fiji Islands was pointed out. Mr. Huddart said that without an Imperial subsidy of £25,000 the Company could not comply with the Admiralty conditions, as such steamers as are used in the service cost £200,000 each. The Marquis of Ripon promised the deputation to give the matter his consideration and bring it before the Cabinet. The British Postmaster-General, the Right Honorable Arnold Morley, has recognized the new route and has given instruction that all Australian letters marked "via Canada," are to be sent by it in future. In making this announcement, the Postmaster-General urged the imperative need of the much talked of and long promised fast Atlantic service. THE PACIFIC CABLE. New York, January 23.—The following cable appears in the Times: The Colonial Office is in favor of a plan to subsidize the enterprise of Ryms & Co. purely British cable from Australia to England via Canada. In consulting with the Right Honorable Arnold Morley, Postmaster-General, the Marquis of Ripon, the Colonial Secretary, discovered, however, that the Post Office could not be committed to the policy of a grant. The question had been referred to the Cabinet. OTTAWA, January 23.—Mr. Sanford Fleming has returned from his trip round the world. He spent a month in Australia, where he was looking after the interests of a direct cable between Canada and Australia. He had been in Australia for the establishment of the line, and was thoroughly satisfied with the attitude of the Imperial Government toward the project, notwithstanding the cable reports of Imperial apathy in the coming conference. "It will be satisfactory from what I learned in Australia and have since learned, that when the conference meets in Ottawa means will be devised to carry out the undertaking as a Government work." Sir Henry Ponsonby's Health. New York, January 23.—Edmund Yates cables from London to the Tribune as follows: Sir Henry Ponsonby, the Queen's private secretary, who is now at the state of his health causes much anxiety. Sir Henry, who is in his 69th year, has been private secretary to the Queen and keeper of the Privy Purse since 1878, when he was appointed on the death of Sir Thomas Biddulph, and has then been for many years in the household, and for a long time was equerry to the Prince Consort. Lord Dufferin is said to deserve a good deal of the thanks due to those who dressed the Government into a show of taking action on the navy question. It is reported that he is in excellent health, and that the fact is that he refused this post some time ago. Lord Rosebery offered it to Lord Lansdowne, but soon after the death of Sir Robert Morley. Ask Only What is Right. WASHINGTON, January 23.—Further Hawaiian correspondence has been transmitted to the House, and among it a petition from the Patriotic League addressed to President Cleveland. It states that though the principle of non-monarchical government may be distasteful to the radical democracy of America, it is the chosen and preferred form of the Hawaiian people. Therefore, they say in conclusion: "We now pray God of a common faith that right, justice and honor prevail in Hawaii, our home and country, be again allowed to enjoy the blessing of an independent autonomy and constitutional regime, which was so infamously subverted on January 17th." How Cabinets are Treated in Serbia. BUDAPEST, January 23.—King Alexander and ex-King Milan summoned the chiefs of the parties to the palace. Milan reproached the Radical leaders and told them it was impossible to allow them to remain in power unless they would give certain pledges. They were: Revocation of the order against Milan's residence in Serbia; abandonment of the impeachment proceedings against the Liberal ministers, who had April 12, and expulsion of the anti-dynastic members from the Radical Club. The Radicals declined to accept any of these conditions. Delap vs. Charlebois. TORONTO, January 23.—The case of Delap vs. Charlebois came up yesterday before Chancellor Boyd. The motion of the judgment pronounced on the 25th of November last was spoken to. The court directed that the judgment recovered by Mr. Charlebois should stand subject to the amount thereof being cut down to such sum on reference to the Master as shall be found justly due to him. Sentenced to Death. FREDERICTON, N. B., January 23.—Wheary was to-day sentenced to be hanged on Friday, April 27. A movement will at once be set on foot for the commutation of the sentence.
