

## BODY OF LOUIS SEGUIN FOUND.

### Recovered By Dr. McGree Last Night.

**CORONER'S JURY RETURNED VERDICT OF ACCIDENTAL DEATH.**  
North Hatley, Oct. 9.—(Special)—The body of Louis Seguin, 37, who was drowned near Rivest's Bay, Lake Massawippi, was found at about six o'clock last evening by Dr. McGree. An inquest was held by Coroner Pichard last night and a verdict of accidental death was returned.  
The coroner's jury was composed of Messrs. S. A. McKay (foreman), P. A. LeDuc, H. A. McGree, J. O. Brousseau, E. Faucher, and George Dubois. Mr. E. L. Fleming, deceased, was in the canoe with the body. The force of the boat sent him backward, and he fell into the water. I clung to the canoe and was almost exhausted when rescued by Mr. Perry.  
The other witnesses examined were Dr. C. J. Edgar and Mr. H. A. McGree.

## MRS. TURNER GUILTY OF MURDER OF CHILD.

### Toronto Jury Returned Verdict Early This Morning.

**RECOMMENDS THAT TORONTO SHOULD ESTABLISH FOUNDLING HOME.**  
Toronto, Oct. 9.—(Special)—After being out for fifteen minutes the jury in the Arthur murder inquest returned a verdict at an early hour this morning. It was as follows: "We find that this female infant came to her death in the city of Toronto, between the dates of Saturday, Sept. 11th and Thursday, Sept. 16th, by strangulation, at the hands of Mrs. Mabel Turner, and that aforesaid Mrs. Mabel Turner did kill and slay the infant child of Mrs. Arthur."  
The jury added a rider that the authorities should establish a home where foundling infants may be cared for.

## WARSHIPS FOR CANADA'S NAVY.

### Will be Built in Dominion by Harland & Wolff.

**FIRST DOCKYARD AND PLANT WILL BE LAID DOWN AT HALIFAX.**

Ottawa, Oct. 9.—According to a story printed in an evening paper, Harland & Wolff, the Belfast shipbuilders, will construct in Canada the first warships for the new Canadian navy. It is probable that the first dockyard will be constructed and the plants laid down at Halifax, which has the only docks in Canada which are capable of accommodating first-class ships of the British war type.

## WARSHIPS DEPART FROM NEW YORK.

### About 200 British Sailors Deserted.

**FRENCH SHIPS ONLY LOST THREE MEN—OFFICERS SEARCH FOR THEM.**  
New York, October 9.—Six of the great foreign men-of-war, three British armored cruisers and three French battleships, crept out to sea through the Narrows just at dusk last night, leaving behind a great cloud of black smoke and a substantial number of their men. Just how many of the bluejackets remained in the city for one reason or another is a matter of official knowledge only, but it was reported that 200 men from the British ships had failed to turn up for duty. Of the Frenchmen it was said that only three out of the 2,500 sailors had stayed behind. Fleet officers remained to search for the men of both squadrons.

When the British squadron visited New York several years ago it lost 300 men.

A concert will be given on Tuesday evening in the hall of the Church of the Advent, East Sherbrooke. A good programme has been prepared. Refreshments will be served.

## THE TOWNSHIPS ARE INTERESTED.

### Prospective Tariff War Regarding Forest Products.

**UNITED STATES PAPERS CONDEMN PROVOCATIVE ACTION OF THEIR CONGRESS.**  
The pulpwood and lumber question is one of the most important matters occupying the attention of the business public of this province to-day.  
How will read the story of this industry in the future?  
Is the forest and its products to form the basis of a tariff war between Canada and the United States?  
Many American publications are strenuously criticizing the attitude of the U. S. Government in its recent tariff regulations on this matter.

**AN AMERICAN POINT OF VIEW.**  
In its latest issue The Editor and Publisher, New York, gives the following bulletin, issued by the American Newspaper Publishers' Association:—  
"To protect a combination of worst-out paper mills, some of which have been abandoned for news print paper-making purposes, the United States Government has been forced into a tariff war with Canada, which promises to be far-reaching in its scope. The Canadian authorities say they sell \$90,000,000 to the United States and buy from it \$100,000,000. If it comes to a tariff war they claim to have the whip hand, and while they regret the situation, they do not propose to be forced to terms."  
The stages of the trade war thus far indicated are as follows:—  
(1) A circular of the United States Treasury Department, dated August 26, 1909, imposing a retaliatory duty of \$2 per ton on print paper and \$1.67 per ton on mechanically ground wood, made from wood cut from Crown lands in the Provinces of Quebec and Ontario. This \$2 per ton duty supplemented the duty of \$3.75 per ton fixed by the Payne bill.  
(2) The announcement of Premier Gouin, September 6, 1909, that the Province of Quebec would join with the Province of Ontario and prohibit the exportation of unmanufactured wood cut from Crown lands.  
(3) Beginning March 31, 1910, the Payne law, imposing 25 per cent. ad valorem duty, or \$10,500,000 additional duty, on \$82,000,000 worth of imports to the United States from the leading Provinces of Canada.  
(4) Threat by Canada that if the maximum tariff of the Payne law is enforced Canada will retaliate by applying its surtax act of 1903, adding one-third to duties on articles from any country which discriminates against Canada. This is equivalent to an addition of \$7,500,000 duty on articles sent from the United States to Canada.  
(5) Canadian Manufacturers' Association, at Hamilton, Ont., last week asked the Canadian Government to stop the exportation not merely of wood cut from Crown lands, but of all unmanufactured wood, whether cut from Crown lands or private lands, in all of the nine Provinces of the Dominion.  
(6) Threat by Canada to stop importations from the United States to Canada, which amount to \$167,000,000 per annum.  
"Although the threatened war means interchanges of the two countries amounting to \$250,000,000 per annum, and this has been brought about to bolster a combination of paper mills.  
"That if the American paper mills wanted to obtain this supply of pulpwood from Canada free of any export charge, the American papermakers should not object to a reasonable rate of duty on paper made in Canada from pulpwood. A committee of the House of Representatives, after a ten months' study of the subject, approved of that view, which was confirmed and ratified by the Ways and Means Committee and by the House of Representatives. Senator Hale objected to such an arrangement, and the United States Senate, to please him, upset it and raised the rate above that passed by the House. The Provinces of Canada now declare that since the United States has refused to admit print paper upon reasonable terms they will protest Canadian interests by meeting retaliation with retaliation, and will force many of the American print paper mills to move to Canada.  
"Canadian retaliation will strike American exports as varying as coal and cotton, iron and meat, fruit and automobiles, oil and live stock. But the most serious feature of the prospective war is that which affects wood products, valued at \$30,000,000, brought into the United States from the Dominion.  
"Directly or indirectly, all the mass-es who read for amusement or instruction must pay a tax upon newspapers for the benefit of domestic paper-mills, and trade between the two countries is to be paralyzed."  
**RESOLUTIONS OF PROTEST.**  
Detroit, Oct. 9.—Strong resolutions condemning the action of the Treasury Department of the United States in putting into effect a retaliatory tariff against Canada, which may provoke a tariff war, greatly to the detriment of this country, were passed this week at a special meeting of the board of directors of the Detroit Wholesale Association.  
**THE RETALIATORY DUTY.**  
The concluding paragraphs read as follows:—"Whereas, according to a circular of the United States Treasury Department, dated August 26, 1909, a retaliatory duty of \$2 per ton on print paper and \$1.67 per ton on

## FOURTH FIRE IN TWO WEEKS.

### Granby Fire Brigade Kept in Good Practice.

**INTERIOR OF GUERTIN BLOCK GUTTED—NO INSURANCE WAS CARRIED.**  
Granby, Que., Oct. 9.—(Special)—The fire alarm again sounded on Friday morning at 1.30 o'clock a.m. and the fire this time was found to be in the Guertin Block on Main street. The building is occupied by a fur merchant milliner and dressmaker, but there is no one living in the apartments.  
The fire brigade are in good practice this being the fourth fire inside of two weeks and were quickly on the scene doing excellent work.  
The interior of the building was almost entirely gutted.  
It is stated there was no insurance on the building.  
The origin of the fire is unknown.

## VALUATION INCREASED OVER HALF MILLION.

### City Valuation Shows Large Increase in Past 30 Years.

**WILL MEAN AN ADDITIONAL REVENUE OF OVER \$4000 TO CITY.**  
Now that the valuation roll of the real estate of the city has been homologated the Secretary Treasurer has been enabled to give the correct figures. These show a much larger increase than was first anticipated, being \$512,981. That is on the taxable real estate property of the city and will mean an increase of about \$4000 to revenue of the city. In the increase is included of course some properties on which only school taxes are paid.  
The increase in valuation for the past three decades shows a remarkable increase. In 1879 the figures stood at \$2,026,205, while today the valuation of the taxable property is \$6,325,186.  
The valuation by wards is as follows:

1909	1908	
East .....	742,595	697,620
South .....	1881,600	1,687,500
Centre .....	1,885,966	1,777,300
North .....	1,815,025	1,699,775
	\$6,225,186	\$5,812,195

## THE CENSUS OF UNITED STATES.

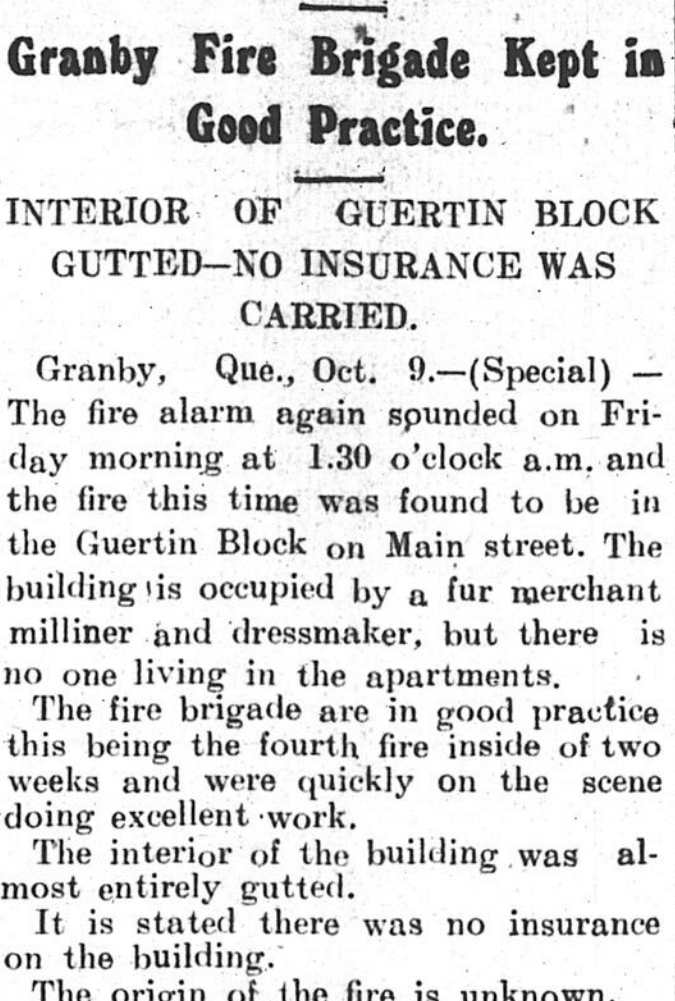

### WILL TAKE SIXTY-FIVE THOUSAND INQUISTORS TO DO THE WORK.

New York, Oct. 9.—Sixty-five thousand men are being appointed by the American Government to assist in taking the thirteenth decennial census of the United States, covering the decade 1900-10.  
This army of inquirers will ask a total of 2,250,000,000 questions in securing the data for the census returns. The census report will include complete statistics not only of population, but also of industries, transportation, agriculture, and all other employments.  
Visits will be paid to 4,000,000 farms by 45,000 of the investigators, who will secure information concerning the farm operations during 1909 and the farm equipment on April 15th, 1910.

## THE WEATHER.

**LOCAL FORECAST:**  
Light to moderate winds, fine and moderately warm.

## EDUCATIONAL INSTITUTIONS OF EASTERN TOWNSHIPS.

ST. CHARLES SEMINARY, SHERBROOKE, QUE.

This institution was founded in 1875 by the late Monsigneur Racine, first Bishop of Sherbrooke, and was affiliated with Laval University in 1878. The present main building of eight stories in the middle and five at the ends was built in 1898, the first one having been destroyed by fire on Dec. 29th, 1897. It is absolutely fireproof, being made of iron and terra cotta brick. It contains five large dormitories, where the students have each a lavatory with running water.  
The class rooms and study halls are large and airy and have the most hygienic systems. Electricity is used as lighting power.

## DEATH RATE FOR SEPTEMBER.

### 27 Deaths Occurred During the Month

**FEWER DEATHS AMONG CHILDREN—CAUSES OF DEATH.**  
One more death occurred in this city during the month of September than occurred during the month of August or the corresponding month of last year. The number of deaths during the month was 27.  
During the month of September two families were afflicted with diphtheria, but in each case the patients recovered.  
In looking over the ages at which death claimed its victims, it will be noticed that the mortality rate among infants is much smaller than during the hot months of June, July and August.  
The following is a resume of the ages at death: One year and under, 7; over one year and under ten, 5; over ten and under twenty, 2; over twenty and under 50, 6; over fifty, 6.  
Of this number 16 were males and 11 females. Eighteen were single, 5 married, and 4 widowed. Twenty were French-Canadians, 5 were English-Canadians and 2 Irish-Canadians.  
The causes of death were as follows: Cancer of the stomach, 1; gastro-enteritis, 2; fracture of skull and arms, 1; endocarditis, 1; acute peritonitis, 1; pyo-thorax, 1; atrophy, 1; infantile debility, 3; pneumonia, 1; per-pneumonia, 1; acute tuberculosis, 1; asystole, 2; poisoning (accidental), 1; syncope, 1; general peritonitis, 1; intestinal tuberculosis, 1; phthisis, 1; carcinoma of bladder, 1; malformation of the heart, 1; diabetes, 1; pulmonary tuberculosis, 1; fatty degeneration of the heart, 1.  
For comparison the mortality statistics of the past ten years are published: 1899, deaths 16, 1900, deaths 28, 1901, deaths 16, 1902, deaths 26, 1903, deaths 23, 1904, deaths 17, 1905, deaths 20, 1906, deaths 21, 1907, deaths 27, 1908, deaths 26, 1909, deaths 27.

### THROWN FROM SULKY.

Beebe, Que., Oct. 9.—(Special)—Mr. A. F. Davis is laid up with sprains and bruises, being thrown from his sulky while exercising his trotter on Stanstead race course. The horse stepped into a sand hole throwing him into the ditch while the horse turned a complete somersault. Mr. Davis will be laid up a while.

### HAND BADLY CRUSHED.

Brisette Corner, Hatley, Oct. 9.—(Special)—Mr. C. O. LeBaron met with a painful accident on Wednesday by getting his hand caught between the engine cutter and the wagon wheel while loading the machine. No bones were broken but his hand was badly crushed, leaving the bones and cords bare, making a very painful wound.

### SUSTAINED A BROKEN LEG.

Granby, Que., Oct. 9.—(Special)—The friends of Mrs. Wright Ball, who formerly lived with her daughter, Mrs. Fisher at Granby, now of Sherbrooke, will regret to hear that she had the misfortune to step through a hole in the floor where the stove pipe had been removed, breaking her leg and also, injuring the knee. Mrs. Ball is nearly 55 years old and the accident is deeply regretted.

### SUFFERED NO INTERNAL INJURIES.

Coteau, Oct. 9.—(Special)—Mr. Henry Edwards, who was severely handled and injured by a bull on Wednesday is as comfortable as can be expected. In conversation with Mrs. Edwards it is learned that no internal injuries exist as far as is known at present, and although Mr. Edwards is very sore all over besides his broken leg, there seems to be no reason why time should not see his complete recovery. Mr. Edwards is 67 instead of 37 years of age.

### HARVEST HOME FESTIVALS AT JOHNVILLE.

Johnville, Oct. 9.—(Special)—The Harvest Home services of both Churches have been held, that of the Church of England on Friday evening, Oct. 1st. Although the evening was exceptionally rainy a good number gathered to hear Rural Dean Robertson, always a favorite preacher here. The Ladies' Guild served an old-time supper in the hall after the service and added something over \$10 to the treasury.  
On Sunday afternoon at the Methodist Church the service took the form of a Harvest Thanksgiving. Rev. Geo. Mossop preached an earnest and impressive sermon based on the incident of the Rich Fool, Luke 12, 15. A thank offering was taken up. The Church had been prettily decorated for the occasion. Noticeable among the decorations were stalks of corn grown in Mr. W. C. Smith's garden, measuring over eight feet in height.

### COOKSHIRE LITERARY CLUB.

Cookshire, Oct. 9.—(Special)—The Literary Club met in the Academy on Wednesday evening. The programme was devoted to Tennyson, his life and works.  
The evening's entertainment was opened by Rev. Rural Dean Robertson, who gave an interesting and graphic account of the poet's life. Selections from Tennyson were also read by Misses Dorothy McLeod, Hattie Hurd, Alice Cleveland and Mr. Clifford Oughtred.  
The officers for the next quarter were elected as follows: President, Rev. Dean Robertson; Secretary, Mr. W. C. Smith; Treasurer, Mr. W. C. Smith.

The subjects taken up were: Patriotism, School Visits and Virtues, and Recitation Lessons. A very pleasant and profitable day was spent.

### HARVEST THANKSGIVING SERVICES.

Danville, Oct. 9.—(Special)—St. Augustine's Church was most beautifully decorated for the Harvest Thanksgiving service, held last Wednesday evening. The richly varied tints of the autumn leaves blended tastefully with the grain, vegetables, flowers, fruit, etc., so that the general effect was both pleasing to the eye and suited to the festive occasion. There was a good congregation and a hearty service, while the sermon preached by the Rev. J. F. Belford, B.A., of Windor Mills, was most appropriate and was listened to very attentively by the congregation.

### WHO WAS TO BLAME?

Granby, Que., Oct. 9.—(Special)—Two gentlemen travellers met with rather an unpleasant experience on Wednesday on the road leading to Roxton about one mile from the village. This was caused by the auto and the horse not being on friendly terms. When Mr. Arthur Picard reached the spot where the friction occurred he found the wagon upside down and the horse in the ditch and the two occupants who had been landed on the barbed wire fence, badly scratched up. Mr. Picard helped to right the team and took the two gentlemen to the doctor where they also were fixed up. Who was to blame, the auto or the horse?

# NEW BRIDGE OVER COATCOOK RIVER.

Will be of Concrete and Iron Combined.

WORK WILL BE COMMENCED IN SPRING, AND WILL BE FIRST OF KIND IN PROVINCE.

Coaticook, Oct. 9.—(Special)—It is now practically decided that no new bridge will be built this year in Coaticook across the Coaticook river.

The council took advantage some months ago of an offer of the Provincial Government to assist in the construction of an iron bridge. Coaticook has likely more bridges to maintain than any other town of its size in the Province of Quebec.

In addition to those across the river, the name of which means "crooked river," the crookedness of which is the reason for so many bridges, there is a brook running through the town as crooked as the river and necessitating a considerable number of bridges. It is therefore, any municipality is entitled to help in the bridge line, it may well be Coaticook.

The Government sent on one of its surveyors some time ago, and he decided that there was special need of a new bridge at what is known as Lower Town, that is, the middle part of the municipality. He sent on specifications for an iron bridge, and the Government promised its aid. The corporation advertised for tenders according to these specifications, and among them found one for a concrete and iron bridge combined. This was not according to the specifications of the Government, and it was necessary for the council to approach the Government to ascertain whether, if a concrete and iron bridge were built instead of an iron one the Government would still continue its aid.

In the tender for the concrete bridge the work was guaranteed for one year. The Government replied that if the contractors would guarantee the bridge for ten years the council might close with them for the concrete bridge.

When the matter was again taken up with the contractors they said they would extend the guarantee for ten years, but would not undertake to complete the bridge this fall, for the reason that with cold weather there was more or less danger in frost getting into the concrete and hurting its staying qualities. It is therefore likely that the whole matter of the bridge will rest in abeyance until next spring.

We understand that this will be one of the first structures of its kind in the Province. It is said to be as strong a bridge as the all iron one, some cheaper in the beginning, and without any expense of maintenance after completion, while an iron bridge has to be painted periodically to preserve it.

THE ONLOOKER

The Neglected Graveyards.

The neglected graveyards of country and village, or small town, have long afforded opportunity for criticism and regret. The indifference generally shown regarding the condition of these local cemeteries appears to be too common to be noteworthy, and too well rooted to be quickly dispelled.

The latest complaint of such local carelessness was expressed by the Clareville correspondent a few days ago and his description of the condition of the deplorable state into which Clareville cemetery had fallen would be fitting for many others of our country or village graveyards.

The condition of many lots overgrown with weeds, and in ragged and unkempt condition, is not always due to the fault of anyone. It may be that the last of a family has been buried, and no one is left to tend the graves of the dead. Other families may have moved away and the graves of children and grandparents are left to the temporary mercy of neighbors and friends.

Very honest and appreciative commendation has been expressed in many quarters in regard to the recent land clearing competition in the Townships of Spaulding, Ditchfield and Whitton. The enthusiasm and interest shown in this direction, this year, is worthy of praise, and should prove an example to other sections of the country.

What About Thanksgiving?

The Canadian Thanksgiving Day appears to be a "general concession" day. The original Thanksgiving Day was supposed to come in November. That date, however, brought it too late for our early winters and going to mother's over muddy or frozen roads, was too unpleasant to be endured.

day," but he could not really enjoy a substantial meal if he had to hurry to it and catch a train before he had finished it. Therefore, the "drummers" begged for Thanksgiving Day on a Monday and won out.

Afflicted Humanity.

The escape in Montreal of the Chinese who were being deported because of a physical affliction supposed to be leprosy, brings to the public mind, if only transiently, a consideration of the unfortunate fate which follows the considerable numbers of people afflicted by this dreaded disease.

Encouraging Effort.

The general attitude of town and country towards the question of good roads is encouraging. Constantly during the past summer and early fall have come reports from the different sections of the Townships, as to plans or work for bettering roads and sidewalks.

An Example to be Followed.

Very honest and appreciative commendation has been expressed in many quarters in regard to the recent land clearing competition in the Townships of Spaulding, Ditchfield and Whitton. The enthusiasm and interest shown in this direction, this year, is worthy of praise, and should prove an example to other sections of the country.

**JEWISH FESTIVITIES BROUGHT TO CLOSE.**  
Yesterday brought to a close the remarkable series of festivals in connection with the Jewish New Year, the last being the Feast of Tabernacles, or booths. In other countries the rules enjoined in the Old Testament are strictly carried out, and the worshippers live in booths built of the boughs or branches of trees during the eight days of the feast. In the changeable and often inclement climate of the New World this is impossible, but all orthodox Jews observe the festival as did their forefathers, according to the laws of Moses. The Feast of Tabernacles is called also the Feast of Ingathering. It commemorates the pilgrimage of the Israelites with the Promised Land, but is also looked upon as an agricultural feast, corresponding to our Thanksgiving Day.

**What a Great Man Said to the Great American People.**

Parisian Sage is a discovery of a celebrated scientist, who spent the best years of his life in perfecting this great hair tonic.

In giving his recipe to the American people he said, "Parisian Sage is the most delightful hair dressing in the world, but it is more than a hair dressing. It cures dandruff by killing the germs that infest the roots of the hair; it stops falling hair; it gives vigor and strength to the hair roots." P.T. Ansell sells Parisian Sage at 50 cents a large bottle and guarantees it to do all that is claimed for it, or your money is refunded. If you do not reside near a druggist who sells Parisian Sage, send 50 cents to Groulx Mfg. Co., Fort Erie, Ont., and a bottle will be sent you all charges prepaid.

# A Great British Industry to Invade Canada

## The Oxo & Lemco Company of London, Eng. To Establish Themselves In This Country.

A new and striking example of British interest in Canada is the announcement that the historic Oxo and Lemco Company, whose head offices are in London, England, are to invade this country with their famous concentrated beef foods known as "OXO" and "LEMCO".

This great firm, the originators of concentrated beef foods, who have agencies and depots in all parts of the world, do things in a big way, and now that they have turned their attention to this country, they will not be satisfied until they have established a huge business here.

Already the firm has some of the most tremendous cattle farms on the face of the earth, their area running into millions of acres of nutritious pasturage.

The fact that this firm, long ago, adopted these unique and progressive measures to provide the richest, purest and most nourishing of beef foods will accentuate the importance of the step it is now taking to establish itself in Canada.

It seems almost like a fable to say that the extent of the Oxo and Lemco Company's grazing lands at the present time are so great that if stretched out into the width of a foot-ball field,

Would Girdle The Earth FIVE AND A HALF TIMES at the Equator.

The Oxo and Lemco farms are situated on the River Plate, which is considered the most healthful of any place on the Globe. Far beyond human vision stretch vast areas of fertile grazing lands upon which more

than a quarter of a million of cattle feed; these cattle are being raised with the utmost cleanliness and care, for the use of humanity in condensed forms under the names of OXO and LEMCO.

Of a truth the River Plate district is a veritable paradise where many millions of cattle can draw sustenance from the plentiful verdure of its rich lowlands. Little wonder that cattle so raised impart to OXO and LEMCO the life-giving qualities so much commented upon, and endorsed by prominent physicians.

Practically half a century has been devoted, by the OXO firm, to developing and extending its farms in this district. In the year 1868 the Company had less than twenty nine thousand acres and twelve thousand head of cattle, but to-day its acreage runs into millions.

It is in this Paradise that every ounce of OXO is made—from cattle that have no superiors as to breeding and absolute healthfulness in any land, hence it is little to be wondered at if OXO is rapidly displacing all other brands of fluid beefs.

### OXO Is Good Every Way

OXO has a wonderful effect on the vital energies—the very springs of life. Without putting any strain on the digestion OXO gives real nourishment to the system. OXO repairs the bodily waste and stimulates the mental faculties. And for that reason it is a most valuable daily beverage.

### OXO Is Good For Everybody.

A cup of OXO and a biscuit about 11 o'clock in the morning will give you energy till lunch time. Between meals it is invaluable as a sustaining food. Children love OXO. It is good for them at any time, day or night. It makes them healthy and strong. It builds up their little bodies and helps nature to make blood, bone and muscle. For delicate children and invalids there is nothing in the world so rapidly nourishing as OXO and hot milk. As a night-cap for yourself there is nothing to equal OXO—take it just before bed-time.

### DAIRY AND COUNTRY PRODUCE.

**BUTTER MARKET QUIET**  
Montreal, Oct. 9.—Another quiet week has to be recorded in the butter market. With a slight tendency in values as some holders have accepted a fraction less during the past day or two in order to business, the market is quiet that he could only get 24 1/2c this week in the place of 24c and 25c last week. This was probably due to the absence of an export demand. Receipts it is true are light but stocks in store here are still large. Holders as a rule however have a good reason for their attitude of the market and maintain that present prices are all right, and do not call for nervousness and a desire to realize a sacrifice. Amongst the sales reported to us was a lot of 100 boxes of Townships creamery at 24 1/2c and 50 boxes of the same figure, and a lot of seconds at 24c. Several car lots of dairy butter have been offered from the Northwest. In parties here did not care to make bids. Of course the weather will be an important factor in determining the future of prices as an open fall will be against much higher values, whilst cool frosty weather would be to the contrary effect. There is a difference of opinion among dealers regarding the real condition of the market. Some dealers are inclined to shade prices others maintain a firm stand, one large dealer stating "Change that he had refused 24 1/2c a car load of creamery for shipment West; and that he has sold 50 to 100 boxes lots at 24 1/2c to 25c."

**CHEESE MARKET DULL**  
Montreal, Oct. 9.—This is the third week in which the cheese market is quiet, the high prices having curtailed the sale. The receipts continue light and are hardly enough to cover the requirements of the trade for immediate use and dealers have been compelled to break into their stock for storage. The market of the eggs coming continues to improve. Dealers are paying this week 24 1/2c for country points which is equal to about 22 1/2c to 23c cost Montreal for straight gathered receipts. It is difficult to get eggs in the country now, farmers are not anxious to sell as they want to put away supplies for their own use during the winter. This has kept the market firm at the advance. No. 1 stock is selling this week at 22 1/2c to 23c per dozen and selected at 23 1/2c to 24c per dozen. It is stated that the supplies of eggs in the North West are light, which has resulted in a number of inquiries coming in from that quarter. One round lot of storage eggs is reported as having been sold by a Western house at 25c f. o. b. shipping point for export to Great Britain.

**BEAN MARKET QUIET**  
Montreal, Oct. 9.—The market is rather quiet, the demand being for small lots. Quite a number of small orders have been placed for Austrian beans from outside points. Holders of Austrian beans are asking \$1.90 to \$1.95 per bushel. Car lots of New Ontario beans have been placed for November delivery at \$1.70 to \$1.75 c. and f. Montreal for three pound pickers some shippers are asking as high as \$1.85 track Montreal.

**NEW HONEY ARRIVING**  
Montreal, Oct. 9.—A few more arrivals of new honey made their appearance this week. White strained clover selling at 9c to 10c and white clover honey 13c to 14c. New buckwheat honey is now offering freely at 7c to 7 1/2c per pound.

**MAPLE PRODUCT QUIET**  
Montreal, Oct. 9.—The market for maple product is quiet and unchanged. The market is well supplied with maple syrup which is selling at 5c to 5 1/2c per pound in wood and 6c to 6 1/2c per pound in tin. There is very little sugar maple syrup in nominally worth 6 1/2c to 7 1/2c per pound in one pound blocks and 6c in mixed sizes.

**INFERIOR POTATOES ON MARKET**  
Montreal, Oct. 9.—There is still quite a considerable quantity of inferior quality potatoes yet on this market. One car lot is reported to have only realized \$10.00 the quality was so poor, that it was sold for hog feeding purposes. Other car lots realized 30c to 35c. Most of these potatoes have come from the Lower Provinces and the Far Eastern Sections in the Province of Quebec. Good ones are selling in car load lots at 50c to 55c per bag.

**HAY AND STRAW**  
**ACTIVE DEMAND FOR HAY**  
Montreal, Oct. 9.—The hay market has been very active this week. There is a very good local demand and prices have been maintained, but there is an export feeling in the market owing to the poor reports from the English markets. The export trade this week continues to be active owing to the heavy feeling in the English market, which was caused by the heavy exports during the past few weeks. Prices in the local market have shown no change. No. 1 hay is worth \$12.00 to \$12.50, and No. 2 \$10 to \$10.50; No. 3 \$9.00 to \$9.50; clover and clover mixed \$9.00.

**GRAIN AND FEED**  
**FAIRLY ACTIVE BUSINESS DONE**  
MONTREAL.—The market is quiet and lower cargo lots about here being quoted at 69c to 70 1/2c and at 72c in store for No. 2 yellow.

**BAKELAY**—The market is quiet and prices are steady at 52c to 53c for soft and 55c to 56c for matting.  
**BUCKWHEAT**—The market is steady at 52c in store.  
**RYE**—The Canadian market is nominal here. No. 2 Canadian rye is quoted at 87c to 70c f.o.b. west.  
**MALT**—Old malt is quoted at 10c. The price of new not yet fixed.  
**BARLEY**—There has been no further change to note in the market for bran the arrivals of new Manitoba bran have been liberal. Manitoba bran is offering this week at \$20.00 to \$20.50 per ton on track Montreal and in a jobbing way sales are being made at \$21.00. The live stock market is offering more freely but prices show no further change sales being made at \$22.00 in car load lots and \$23.00 in a jobbing way. Ontario bran is unchanged. Ontario bran is quoted this week in car load lots at \$21.00 to \$21.50 per ton and middlings are quoted at \$23.00 to \$24.00 per ton. The quote prices purely nominal: Manitoba bran \$20.00 to \$21.00 per ton in bags. Shorts \$22.00 to \$23.00 per ton. Ontario bran \$21.00 to \$21.50 per ton in bags. Middlings \$23.00 to \$24.00 per ton in bags. Mixed mouille \$24.00 to \$25.00 as to grade, pure grain mouille \$26.00 to \$28.00 per ton as to variety. Pure grain pea and oat feed \$31.00 to \$32.00 per ton ex track.

**COITCOOK MARKET PRICES.**  
Coitcook, Oct. 9.—(Special)—Butchers are paying this week for extra steers 4 1/2c per lb., medium steers 4 1/4c per lb., common steers 2 1/2c per lb., extra bulls 4 1/2c per lb., business, medium, select cows 3 1/2c per lb., light cows 2 1/2c per lb., dressed hogs 11 1/2c per lb., choice sheep 3c per lb., lambs 4 1/2c per lb., veal (grass) 2c per lb., veal suckers 4c per lb., chickens 8c per lb., fowls 6c per lb.  
Butchers and grocers are selling: hind quarters of beef 4 1/2c per lb., beef in the pound 10-12c per lb., pork by the carcass 12c per lb., pork by the pound 15-16c per lb., hind quarters of veal 12 1/2c per lb., fore quarters of veal 6c per lb., hind quarters of lamb 10c per lb., leg of lamb 10c per lb., chickens 16c per lb., fowls 12 1/2c per lb., lard 17c per lb., potatoes 40c per bush., dairy butter 27c per lb., creamery butter 27c per lb., cheese 15c per lb., eggs 25c per doz., oats 47c per bush., corn 85c per bush., corn meal \$1.60 per cwt., bran \$1.25 per cwt., feed wheat \$2.00 per cwt., maple sugar 7c per lb., maple syrup 75c per gal., granulated sugar \$4.75 per cwt., honey 15c per section, strained honey 30c per pint, flour \$8.15 per bag and \$6.50 per bbl.

**AFTER COUNTRY MILK SHIPPERS.**  
Claimed That They Send Poor Milk to Montreal.  
CITY DEALERS SAY MILK IS BELOW STANDARD WHEN RECEIVED.  
Montreal, Oct. 9.—An attempt will be made by the city authorities to get at the country milk dealers who are shipping poor milk to Montreal. Mr. McCarty was authorized at the meeting of the Health Committee to enter actions against four dealers who send hundreds of gallons of milk daily to town by the Boisbriand route. In drawing the attention of the committee to the matter, Dr. McCarty, chief food inspector, said that it was the pretension of many city milkmen that they got milk in the condition they got it, and that if it was below standard the trouble must be sought out of town. The committee was informed that much milk was coming in by boat from Boisbriand, which, upon examination, was found to be below the required standard, and the committee was accordingly asked to authorize proceedings against the dealers in accordance with the provisions of the provincial law, which applies particularly to rural districts. The committee agreed to the proposal, and the cases against the dealers will be entered at once. Dr. McCarty announced afterwards that the decision was the start of a campaign that would be instituted against all dealers who shipped milk by train or boat which was found to contain less fat than is required by the city regulations. The remark was added that many city milkmen were complaining that the actions taken against them were not justified, as the milk was poor when they got it. Some of the country milk dealers seemed to think that they could put any kind of milk they liked on a boat or train, and ship it to Montreal. An order will now be made to change the order of things on the part of certain shippers, which was the reason the first actions were taken.

**PUMPKINS EMIGRATED TO CANADA.**  
**JNES CROSSED BOUNDARY LINE AND OWNERS CANNOT HARBOR THEM.**  
Seattle, Wash., Oct. 9.—Theodore Mastin, a farmer living north of Blaine, has a piece of land the north line of which is the international boundary between Canada and the United States. Mastin, while aware of this, has never had cause to regret it until this year, when he planted one hundred rows of corn along the line. In the field of corn he planted pumpkins, and now harvest time is nigh, and Mastin has written to Federal officers in Seattle asking how he can gather some fifty pumpkins which have emigrated into Canada without taking out naturalization papers. Some of the pumpkins are as much as thirty feet into forbidden land. Just what the Federal law says regarding the unique question is not known, but the jurists replied to Mastin's letter that he might stand directly on the international line and pull on the vine which had root in the United States and if the pumpkins could be dragged in, well and proper; but if any should be snipped off and remain in Canadian territory he should leave them alone.

Fifteen Years of Agony

"Fruit-a-tives" Promptly Cured Him After Doctors Had Failed To Give Relief.

CHARLES BARRETT, Esq.

Harbor au Bouche, Antigonish Co., N.S., March 24, 1909. "I wish to express my sincere appreciation of the great benefit I received from taking "Fruit-a-tives." I suffered from Biliousness and Dyspepsia for fifteen years and I consulted physicians and took many kinds of ordinary medicine, but got no relief. I was in miserable health all the time and nothing did me any good. I read the testimonial of Archibald McKeechie, of Ottawa, and I decided to try "Fruit-a-tives." I have taken a number of boxes of "Fruit-a-tives," but before I had taken one box I felt better and now am entirely well. I am thankful to be well after fifteen years suffering, and I am willing to have this statement published for the sake of other sufferers, and to them I strongly recommend "Fruit-a-tives."

MAY NOT WEAR CASSOCK ON STREET.

Priests Favor Secular Dress on the Street.

QUESTION IS NOW UNDER CONSIDERATION OF PLENARY COUNCIL.

Montreal, Oct. 8.—Considerable interest is felt amongst the Catholic clergy of this city, as well as of the whole province, concerning a certain phase of the deliberations of the Canadian Plenary Council at present in session in Quebec. As is known, councils of this nature deal solely with matters moral and disciplinary, and one of the principal items on the agenda paper of the Committee ofishops is the question of the change of dress in the clergy.

It is affirmed that the Catholic clergy, especially in the large cities, are strongly in favor of the adopting of secular dress on the streets—reserving the cassock for ceremonial purposes only. Those in favor of the project claim that such a change would be for the general good of the Church in the Province, as it would give the priests more freedom in mingling with their parishioners. They point out that, as matters stand, there is no distinctive dress for priests, as lay brothers, church students are permitted to wear the priestly habit, and they lay emphasis on the fact that this province is almost the only part of North America where the custom prevails. The majority of the local clergy are strong in their advocacy of a new regulation.

UPPER MELBOURNE.

Arrivals and departures: Miss Ivy Alford returned to her home in Waterloo after visiting her uncle and aunt, Mr. and Mrs. J. Galbraith. Miss Aline Lamoine has gone to school at Grande Ligne; Mr. and Mrs. Royal attended the funeral of the late W. L. Davidson, of West Ely; Mrs. Hills, Mrs. Jasper Fowler's sister, has returned home after having been the guest of her sisters; Mrs. ... has returned from visiting friends in Waterloo, Waterloo and Granby; Willie Fowler to St. Francis College; Mrs. J. Galbraith has returned from Coaticook, where she attended as delegate from Upper Melbourne to the W. C. T. U. convention; Mr. R. Beers, of West Ely, spent the week-end visiting his family and friends; Rev. Ross, of Montreal West, conducted divine service in St. Andrew's Church last Sunday; he preached a most excellent sermon.

On Wednesday, Oct. 13th, the members of the W.M.U. are to meet at the home of Mrs. J. Galbraith, at near 10 o'clock as possible, to work making two comforters, etc., for the Deaconess Home. Any second hand clothing will be thankfully accepted, as the society intend to send clothing to the poor in Montreal before Christmas. The contents will be wisely distributed by the Deaconesses, who know where to place the different things.

Potatoes are turning out finely. Both quantity and quality are superior.

There will be no service in the Methodist Church, Melboro, on Sunday, 10th, on account of repairs now progressing.

On Sunday, Sept. 26th, Mr. Goodwin, of Montreal, took the service at Melboro Methodist Church and spoke with great enthusiasm and earnestness on the Laymen's Movement.

On Sept. 25th the Literary Society of Melboro met at the residence of Mr. Arthur Johnson. Notwithstanding the very wet and stormy evening, there were 27 present and a very fine programme rendered, consisting of recitations, readings and musical pieces. On account of absence, the paper on Bunyan was not given or discussed. Refreshments were served at the close. Next meeting will be at Mr. Burrell's.

On Sept. 27th Mr. J. Dionne, of U. P., passed away. The family have our deep sympathy in their bereavement.

On Sept. 25th between 35 and 40 friends and neighbors met at the home of Mr. and Mrs. Ernest Taber, Melboro, the occasion being the 15th anniversary of their marriage. A very pleasant evening was spent, the company being entertained by Mr. Nelson Solomon giving a photographic, recital, which all enjoyed. Refreshments were served, a part of which was a large and pretty wedding cake. They received many beautiful and useful souvenirs in glass, as well as congratulations. Mrs. Wm. Taber and Miss Norris, from Boscobel, were present.

FONTENOY.

The Ladies' Guild of St. John's Church were entertained Thursday of this week at the home of Mrs. Wm. Frater.

Mr. W. Fleming had the good luck to bag a fine deer last Tuesday morning. When on his way for the cows he saw two feeding in the meadow. He returned home and got his rifle and secured the first trout to venison in this locality this year.

Messrs. Jones and Johnston gave an oyster supper Friday evening, Oct. 1st, at Hillsdale Farm. Although the weather was unpleasant a good number attended and dancing was enjoyed till the early hours of the morning. Messrs. Fleming and Fleming furnished the music.

REEDSDALE.

Arrivals and departures: Miss Violet Robinson, of Montreal, is visiting relatives here; Dr. Reed and Mr. J. L. Kinnear took a business trip to Nelson on Tuesday; Mr. John Cox, who spent a couple of weeks here, returned to Barre, Vt.; Miss Mary Maxwell, who has been home to attend the McVey-McVey wedding, returned again to her duties in South Ham.

Owing to the continued wet weather, harvesting operations have been greatly delayed. A large quantity of grain still remains in the fields.

TRAIN SAVED BY BOY'S DREAM.

VANCOUVER EXPRESS HAD CLOSE CALL NEAR BRANDON.

Montreal, Oct. 8.—The passengers by the tainted C.P.K. Vancouver express, which reached here at 12:20 p.m. instead of 8:20 a.m., yesterday morning, brought a thrilling story of the destruction of a bridge by fire, in the early morning hours, and the possible saving of the train itself from grave disaster through the services of a boy who was warned by a dream that the bridge which carried the track over a creek between Brandon and Winnipeg was on fire.

About three o'clock on Tuesday morning the passengers—several of them on the way to England, intending to make the journey by the Empress of Britain—were aroused by the alarm given of "bridge on fire." The train was stopped some hundreds of yards west of where the clouds of smoke and tongues of flame indicated clearly enough the burning structure.

The train crew were apprised of the perilous condition of the bridge through a boy named Guthrie, the son of a trackman, who lives in a cottage on the line some distance above the bridge. He said he was awakened by a dream that something was burning that seemed like the bridge, and seeing that everything was all right in the house he went out and saw the bridge in flames. It was then something after one o'clock and instantly remembering the express he woke his father, who arranged a plan for signalling the express of the peril ahead before it reached point of danger.

MR. PREVOST WILL BE ASKED TO RESIGN.

CLAIMS THAT HE IS NOT NOW REPRESENTING THEIR INTERESTS.

Montreal, Oct. 5.—The rumor is current in political circles that the Liberals of Terrebonne County will request Hon. Jean Prevost to resign his seat at the Legislature, on the ground that the ex-Minister of Colonization is not now representing the views of those who elected him.

Hon. Mr. Prevost was elected as a supporter of Sir Lomer Gouin and his policy, and it is well known that since his election he has disregarded his mandate as a supporter of the present Provincial administration. It is the contention of those electors who are about to ask for Mr. Prevost's resignation, that if that gentleman desires to continue expounding the view of the enemies of the Government, the least he should do would be to seek re-election under his true colors.

MELBOURNE RIDGE.

Tyler S. Miller, of the Can. N. R.R., Quebec, is visiting his parents, Mr. and Mrs. E. L. Miller.

The residence of Mr. Patrick Healy was the scene of a merry gathering on Monday evening. His large commodious house afforded dancing room to over sixty invited guests, who were hospitably entertained by himself and sisters, twenty-eight couples dancing at once in the large dining room, and made a lively scene. Delicately refreshments were served. Music was furnished by Messrs. Flemming, Pariseau and Nixon, violinists, with organ accompaniment. Among the guests were Mr. T. S. Miller, Que.; Mrs. Kelly, Richmond; Mrs. Garwood, Sherbrooke; Miss Armstrong, Melboro; Mrs. Kingsbury, Mr. Todd and Mr. Keenan, Windsor. The guests dispersed at 3.30 after a pleasant time.

RUPTURE

Mr. A. Claverie, the Celebrated Specialist in Sherbrooke.

This is a rare chance for the ruptured of Sherbrooke and surrounding district which they will not miss.

No system has given results to be compared to those obtained through the method and with the apparatus of Mr. A. Claverie, which is approved by the highest medical colleges and adopted by nearly 1,000,000 (one million) patients all over the world. No more sufferings! No more danger!

As those who are tired of wearing spring trusses which torture them and, moreover, which, instead of curing, are apt to aggravate the rupture through their violent pressure, and which are thrown out of place upon the least exertion, will not fail to go and see Mr. A. Claverie.

Let all those who have uselessly tried the so-called elastic trusses with soft or flat balls, unable to maintain the least rupture, also go and see Mr. A. Claverie.

They will all, at last, find means to get rid of their sufferings and to be safe from all danger. The famous patented apparatus of Mr. A. Claverie, which is scientifically perfect, will maintain perfectly ANY RUPTURES, without causing the least pain or never displacing itself.

They are light and hygienic. And they are constructed according to scientific and medical rules and anatomy so as to render possible, with certain hygienic precautions, A NATURAL AND DEFINITE CURE.

Thousands of testimonials received every year part of the world have established the universal superiority of the Method and apparatus of Mr. A. Claverie.

DOCTOR NAMY.

Mr. A. Claverie will be in Sherbrooke to-day, Saturday, October 9th, and to-morrow, Sunday; he is receiving at the Chateau Frontenac from 9 a.m. to 3 p.m., and from 6 to 9 p.m. All advice given free. Absolute secrecy.

NEW RELIGION "BORN IN HELL."

REV. COURTLAND J. MYERS PASSES A FEW REMARKS ON ELIOT'S DOCTRINE.

Providence, Oct. 8.—Rev. Courtland J. Myers, pastor of Tremont Temple, Boston, scathingly arraigned, last evening, the "New Religion" as recently set forth by ex-President Eliot of Harvard.

"Your new religion—what a farce it is," he exclaimed, "and how old. It is only of the devil and was born in hell. It shuts out Jesus Christ worse than did the blasphemers on Calvary, and even puts an interrogation point after the omnipotence of God."

BEBEE.

Arrivals and departures include: Mr. and Mrs. Willie Stanton, of North Danville, Vt., guests at B. F. Carr's Monday; Mrs. Annie Carpenter, of St. Johnsbury, guests at B. F. Carr's Thursday; Rev. W. T. Smith, home from Montreal and Ontario; Mrs. Pearl returned to Lennoxville Thursday; Mrs. Edson Spear has arrived and is a guest at E. M. Mr. A. Parker held an auction on Thursday afternoon and starts for California next Thursday.

GEORGEVILLE.

Mr. T. Routledge has taken Ellebank for the winter. The Harvest service in St. George's Church on Tuesday evening was well attended. The Church was nicely decorated for the occasion. The Rev. Dean Carmichael, of Knowlton, was the preacher and he gave a sound, practical sermon appropriate to the occasion.

The chicken pie social given by Mr. and Mrs. John Wells at the Cook farm, was a grand success, socially and financially. The receipts were \$25. Mr. Chas. Fletcher, of Boston, has been visiting friends in Georgeville.

HOTEL BURNED AT BIDDEFORD, ME.

TANNEAU HOTEL AND SUMMER RESIDENCE DESTROYED.

Biddeford, Me., Oct. 8.—For the second time in two years the summer hotel Tanneau at Fortunes Rocks was burned early yesterday, with a loss of \$28,000. No one knew how the fire originated as the hotel was closed for the season a month ago. The adjacent residence of Dr. Z. J. Emery, of this city, also was burned to the ground. The cottage was occupied by Dr. and Mrs. Emery, their daughters, Miss Helen Emery of this city, and Mrs. (Dr.) Wheaton, of Portland, and Dr. Wheaton. They were forced out of doors in their night clothing. The hotel was owned by Chas. V. Tanner of Biddeford, and he carries an insurance of \$16,500. Dr. Emery's loss was \$1500, insured.

Mr. Tanner believes the fire was purposely set by some enemy and has called upon Chief of Police Thos. B. Harmon, and Chief Engineer E. J. Sullivan for an official investigation. He is undecided about rebuilding.

WARDEN.

A temperance lecture was given in the Methodist Church last Sunday evening.

Arrivals and departures: Mr. and Mrs. Fred Bowker and little daughter, Glenna, went to Sherbrooke last week to attend the wedding of Mrs. Bowker's brother, Mr. Ernest Booth; Mrs. A. M. Bryant as visiting friends in Bolton; Mrs. P. HOW LITTLE RAIN-WATER REBELS SECRETLY DESTROY MOST ROOFING. Rain-water is deadly to nearly all Roofing, except Brantford. It contains millions of little germs which eat away its very life, and you are not aware of it until the bellion until Roofing is destroyed. Wood pulp, lute, cotton-cloth, etc., is used as a foundation in most Roofing. It is brittle, and cannot fight for itself. The refuse coating which does not possess one particle of resistance, is itself injurious to Roofing. Slight bending will produce numerous cracks or open seams, because it is brittle. But the foundation of Brantford Roofing is a long-fibered, evenly condensed sheet of pure Wool, which goes through special Saturation Process, forcing asphalt saturation through and through, and becoming as hard as flint. This saturated Wool now alone, is capable of resisting the onslaught of any enemy. But to make it doubly durable Brantford is heavily coated with weather-resisting, fire-proof Rock Crystals, which require no painting. After going through this process Roofing Enemy can effect.

Brantford Roofing is reliable, and water, frost, snow, alkali, acid and fire-proof. It cannot absorb moisture, freeze, crack or open at seams. It fits itself smoothly to Roof—cannot warp—and remains that way, resisting ravages of savage winter and tortures of summer's heat—it cannot melt or become sticky. And in the end, after many years of service, you will be glad you made the investment. Only one cost to Brantford: First.

## REGARD FOR NEW ZEALAND INTENSE.

IN CANADA SAYS PREMIER SIR JOSEPH WARD.

Wellington, Oct. 9.—Sir Joseph Ward addressing the New Zealand Club, said he trusted Parliament, at its coming session, would take steps to give New Zealand a position under the British navy superior to that which would accrue as a result of having local naval protection.

The Premier, continuing, said clubs which held meetings at the luncheon hour were becoming more numerous in Canada, and, as a result of their efforts, a very fine feeling was beginning to permeate among the different towns. When in Vancouver he was a guest at one of these luncheons, and was greatly struck by the enthusiasm shown. Without exaggerating, he could say the regard for New Zealand was much more intense in Canada now than on the occasion of his former visit. He was anxious to cultivate a closer acquaintance with the Dominion.

mechanically ground wood cut from Crown lands in the Provinces of Quebec and Ontario has been imposed, this retaliatory duty supplementing the duty of 83.75 per ton provided by the Payne bill; and whereas this action is in the interests of a combination known as the "paper trust," and protects only a number of paper mills for the manufacture of print paper, some of which have been abandoned, and widens the breach between the two countries, to the injury of the general business interests of both;

**AN EMPHATIC PROTEST.**  
Therefore, be it resolved: That the Board of Directors of this organization emphatically protests against the action of the Treasury Department in establishing a retaliatory duty on paper and pulp wood which has led to the prohibition by the Provinces mentioned of their exportation to the United States, for the reason that this action is taken by Canadians as an indication of the future policy of the United States with regard to the trade relations between the two countries, resulting in a threat that if the maximum tariff of the Payne law is enforced Canada will retaliate by applying its surtax act of 1903, adding one-third to duties on any article imported from the countries which discriminate against the Dominion, and possibly to prohibit the importation from the United States of any goods. This would mean a loss of trade amounting to \$167,000,000 annually, this amount representing purchases by Canada from the United States, as against \$90,000,000 imported from Canada.

**CHINESE HOGS DISEASED**  
LARGE PERCENTAGE AFFECTED WITH TUBERCULOSIS.  
London, Oct. 9.—No fewer than 9 per cent. of the carcasses of Chinese hogs recently imported into England and thus far inspected by the sanitary committee of the city of London, have been found to be affected with tuberculosis. This remarkable outcome of the inspection has occurred in spite of the fact that carcasses were labelled at the port of shipment in China "Medically examined and certified to be free from disease."  
The first shipment of 5,000 hogs was brought from China in a refrigerating ship. They arrived on August 7, and sold well in the wholesale market. Although they were offered by the retail butchers at 25 per cent. below the prices charged for other imported hogs they did not find favor with the public, who displayed great prejudice against them. The butchers were then obliged to raise the prices of American and British hogs in order to dispose of their Chinese stock. The steamship company which endeavored to introduce the Chinese pork was of the opinion that it would prove, owing to its cheapness, a strong competitor with frozen beef and mutton.

Freeman's Journal Out With Strong Article Against Canada

OBJECT IS TO RESTRAIN IRISH PEOPLE FROM EMIGRATING TO THIS COUNTRY.

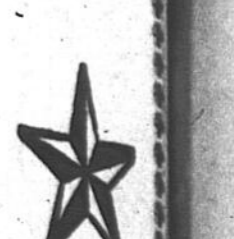

London, Oct. 8.—In the course of a remarkable editorial article, the object of which is to restrain Irish people from emigrating to Canada, the Freeman's Journal says: "The reason Canada requires immigrants is that it must get inhabitants at any cost in suffering to the newcomers. When the wolves howl round the cowboys there is need of foreign thousands if only to act as a sort of vermin killers. Many of the newcomers will go mad with the desperation of the loneliness and bitter hardships of the life; many will fall in utter misery by the way-side, but some will live through it all. The vermin killing will one day all be done and the dreary empty space begin to be really habitable by a normal human being."  
"This is Canada's need: First hands of victims romantically called pioneers; then, afterwards, on the ruins of these, happier throngs who will reap in joy where others sow in sorrow."

## GERMANY WANTS

### \$125,000,000

SAID TO BE NEEDED TO COVER DEFICITS.

Berlin, Oct. 8.—The Imperial Government will ask for a loan of \$125,000,000 in the beginning of 1910, says the Tageblatt in its financial article, to cover deficits. This accounts, according to the newspaper, for the recent tendency to sell imperial issues on the Bourse.

The bonus of \$7,000 for the Shoe factory, Valleyfield, was announced by the ratepayers without opposition, but we are informed that it has been declined by the promoters, reasons not made public.

Placide Gosselin, Leaving Her

A fatal accident occurred on Saturday afternoon when Placide Gosselin, a 40-year-old man, was struck by a train and almost instantly killed. Gosselin, who was the son of a well-known family in this city. It appears that he was crossing the bridge over the Grand River with the intention of visiting some friends on the other side of the river. The train had just left Sherbrooke and was speeding along at a high rate of speed when it struck Gosselin. The train was bound for Montreal.

# BLAZE AT LENNOXVILLE

Residence of Mr. Davidson Destroyed

FIRE STARTED IN EARLY YESTERDAY

Yesterday morning Chief Davidson received a message from Bishop's College, Lennoxville, that a fire had broken out in the residence of Mrs. E. Lennoxville. The Chief immediately proceeded to the scene and found the residence of Mrs. Lennoxville under control. The fire started in the kitchen and before it was discovered had done considerable damage. Mr. Vial and his family were staying with Mrs. Lennoxville at the time. Considerable of Mrs. Lennoxville's furniture was saved.

The low water pressure in the city is being repaired. The number of the residents that they are afforded protection. The foundation walls are still intact. The loss is estimated at \$10,000.

CROWD OF FIFTEEN TACKLE ON

Amphip, Ont., Oct. 8.—A day night at Galetta, Ottawa, on the G. T. P. time indulged in a row. Escaped from their prison thought that they were not far from the village. They saw them say the train was to be bagged out and it was the man worked in Wakefield, where they were early Thursday. They were principally from Quyon, a distance of 100 miles, principally from the Ottawa side. They proceeded down a road from the river. Gosselin notified of their arrival at the village constable and were waiting for the train to arrive. The constable arrived the constable to halt and hold up the train. North Wakefield last night. The reply was in the shape of a letter from at least two of the men.
