HERE'S A ROAD WITH EXTRA BOUNCE — Cars should really bounce along this strip of roadway in Columbus, O. It's one of two streets where the Ohio Highway Department is laying a 300-foot experimental patch of rubberized pavement. The sample strips, 12 feet wide, will each include more than 400 pounds of rubber. The rubber roads will be studied as to durability and non-skid qualities. The project is expensive, and it will take years of testing to determine whether rubber roads are practicable.

Westm't Council Hands Over Deed Of Land to U.B.C.

Final authorization was given by the Westmount City Council at their meeting Monday to sign over the deed to the land for the Unity Boys' Club to that organization.

This lot on Greene Avenue was first acquired by the City in October, 1944, and was held by them until such time as the club officials were prepared to go ahead with construction.

Council also authorized the Mayor and Secretary-Treasurer to sign a new contract with the Quebec Hydro-Electric Commission for power service and primary voltage. The contract will run for nine years, dating back to January 1, 1949.

General Manager P. Jarman was authorized to attend the International City Managers' annual conference in Palm Beach, Florida, December 4th to 8th.

Council also authorized payroll deductions with regard to the forthcoming Canadian Savings Bond issue.

City Undertakes Study of Traffic

Because of the number of serious accidents that have happened recently at the intersection of Clarke Avenue and The Blvd., Westmount City Hall officials announce that warning signs will be painted on the pavement.

However, this is only the first step in their preventative measures. The city is undertaking a complete study of the situation and intends to eliminate accidents here if at all possible.

This might involve the use of traffic lights which will slow traffic or at least control it, they say.

Lectures On Baha'i Faith To Start Next Tuesday

Today, when the politicians and statesmen of nations gather again and again, in an effort to solve the problems of the world, when historians, philosophers, scientists spend great efforts in discovering what was wrong in the past, there is a group of people who are not confused, and do not waste time in regretting the past — they are members of the Baha'i World Faith.

Starting on Tuesday, October 4th, at 8:30 p.m., they will hold weekly discussions in Victoria Hall. The first speaker in this series is Mrs. Doris Richardson, of Toronto, and the public is cordially invited.

Professor Toynbee, the historian, mentioned the Baha'i Movement as the possible savior of our present day civilization. Its members work to-day in some 94 countries,

bringing hope of a peaceful world to those who despair of the future after an atomic war.

The Baha'i World Faith bases its teachings on the idea of the progressive revelation of the Divine Will, and claims that all the prophets of the past, Moses, Buddha, Christ, etc., came from the same source and with the same purpose: to show humanity the way to ultimate unity and peace. The prophets always came when the need was the greatest, just as before the fall of the Roman Empire, Christ arrived.

To-day we witness the downfall of our present day order, if we can call it order anymore. The prophet whose task will be to show the way to the new life, has already arrived.

Madam Sorel's Youngest Pupils Take Part In Ballet

By BLUEBELL STEWART PHILLIPS

Ruth Sorel, world famous ballerina and choreographer of note who has her studio in the Westmount YMCA, is hoping to present the younger pupils of her school in a children's ballet in addition to the yearly performance given by the more mature members of her classes.

Madam herself became interested in dancing and decided to make it her career when she was very young, and it is perhaps for that reason that she understands the very young children so well: it is a pleasure to watch the brilliant and talented choreographer instructing earnest four-year-olds in the mystery of balance, hand

Westmount Boys' Brigade Resumes Junior Activities

The First Westmount Company of the Westmount Boys' Brigade resumed junior section activities last night at the Junior High School. The junior section will be designated the First Westmount Team of Life Boys, catering to the boys of 8 to 12 years. Captain J. Howard Richardson will be present along with the staff, consisting of Wm. Roddick and Gordon Turner. A very active programme has been mapped out and will include participation in an International Camp this coming summer; a feature which proved highly successful this past year. Recruiting has already started and will be carried on throughout October, up until full strength has been reached.

The Life Boys, junior reserve of the Boys' Brigade, have a very attractive uniform consisting of Naval Cap, Jumper and navy blue shorts. They operate in sections of 8, known as a Team. Boys are trained to develop the Team spirit rather than individualism, and in all sports as well as efficiency training credits are built up for the Team, maintaining a keen competitive spirit throughout. Leaders of these sections wear a white cover on their cap, designating their rank and may choose the name of their section, most of which are after various animals or birds, the symbol of which is worn on their arm.

Madam Sorel studied under the foremost choreographers in Europe, danced in all the old-world capitals, and was acclaimed by one eminent critic as the finest theatrical dancer in Europe: after she and her pupils appeared at the first Canadian Ballet Festival the Winnipeg Tribune critic said: "She is instilling her skill of dance and mimetic artistry within the minds and bodies of her young proteges," and an article in the Toronto Saturday Night said, "As a choreographer and teacher she is a poet, inspired with the beauty and value of what she is creating."

The same article, quoting Madam Sorel, stated: "One must teach one's pupils not only to dance but to know the deepness of life. The dance itself is only part. One must feel a soul within the music and translate it into the dance."

Madam Sorel believes that for children who have an inability to express themselves, who suffer from inhibitions, from any inward awkwardness that creates a

Youngster Is Hurt When Hit by Truck

Three-and-a-half year old Charles MacFarlane, of 657 Victoria avenue, suffered a broken left thigh when struck by a truck while playing near his house on Tuesday.

Police report that the youngster ran out into the street from in front of a parked car, giving the truck driver, Jean Lambert, no chance of seeing him in time to stop.

He was taken to the Children's Memorial Hospital by ambulance.

OPENING DAY FRILL AT WESTMOUNT ATHLETIC GROUNDS—This bevy of high-stepping drum majorettes lent a festive air to proceedings at the Westmount Athletic Grounds last Friday afternoon as Westmount and West Hill's Senior "A" grid aggregations got the 1949 season off to a rousing start. The

gals hail from West Hill and are an important part of the West Hill band that has been following Red and Grey teams around for the past few years. The Red Raiders won the game, 17-0, and the lassies shown above stole the rest of the show.

Scouts & Cubs

By REG. GROOME

Once again our old friend, Mel Burge, takes over for us. Once again it is "our" pleasure, to wish the Cubs, Scouts and Scouters of this area, and all other areas, for that matter, a very happy Scouting Season to come. When the writer says "our", he means that the wishes come from your regular correspondent, plus your "pinch-hitter". "Scouting is what you put into it . . . The more you put into it, the more you get out of it." So said, our very good friend and Scouter, R. F. Corkran, away back in 1932. "Corky" is still going strong, and our hope is that we might live up to his expectations. We all loved "Corky" and remember him often, at Scouts, at Camp, at Church Parades "Corky" *

and many other men who have gone on before, have left us the inspiration for the "real" Scouting spirit. It is only fitting that we

pay these old timers this tribute and I'm sure any Scouter in the area would be only too pleased to have them pay their Pack, Troop or Crew a visit. So, it is with this note that we wish you all "Good Hunting" and "Good Scouting" in the 1949-1950 Season.

Mr. D. A. Stuart (Garth's Father) put in an appearance and treated the pack to "cokes". Thanks, Mr. Stuart, it was a grand way to end the meeting. Sixers are asked to call up their boys before meetings. New chums who have joined this season are: Michael Warmington, Jack Wither, Teddy Gosse, Bevin Boyd, Bobby Buckley, Gilbert Cooke and Bruce Hutchison. Thirty-six Cubs will be accepted at Trinity, and there are Cubs on the waiting list, so regular attendance is imperative.

David Dorrance, Bill Hartley and Earl Bisson are off to Boarding School. We hope when they are in Montreal on holidays and such, that they will be down at the Jungle to look us up.

CHILDREN'S FILMS

Britain leads the world in making films for children and yet this special department of film making began less than five years ago. Till then, a few story films for children had filtered through from Russia and the Germans, had made a few puppet films for young people and that was all. Mary Field, Director of the Children's Film Department of Gaumont British Instructional and producer of a great many children's films, and her associates decided to start something in this field. They formed a small planning group using all kinds of film companies — nineteen of them — and worked in fourteen different countries and in this way got a tremendous amount of variety of style and content into their films. In a recent BBC broadcast Mary Field said that one of the first things they had to learn was not to surprise their youthful audiences. "Children like to know well beforehand what's going to happen, so that they can have all the pleasure of anticipation and the satisfaction of knowing a great deal more than the characters on the screen." She said that the child audience is extremely logical far more so than adults, who accept the most staggering non sequiturs with apparent complacency, and gave the classic example of a small boy who wrote, "This is a silly film. The schoolmaster said the swimming race was going to be three lengths of the baths and they finished up the end they started".

"One of the chief pleasures of any audience, adult or child, is to identify itself with the actors on the screen", said Miss Field. "For this reason a children's film must have young children in it. Besides seeing boys and girls of their own age, the children like to see younger children, to whom they can be protective, and very old people, for whom they can also feel protective sympathy. In adolescents they have some interest as this is the age group next to theirs, but in ordinary adults they have practically no interest at all.

"A very interesting problem in making children's films relate to sound. If you imagine for a moment an audience of anything from four hundred to a thousand children between the ages of seven and eleven, you'll realize at once that this audience couldn't possibly be quiet for two hours on end unless all its members were in a state of coma. Children like to talk and comment on what they

Monday's meeting, was led by Sixer Teddy Roberts. The meeting had 29 in attendance. New Sixers appointed were Jim Goddard — Gold; Graham Martin — Red; Acting Sixer of the Blue Six will be Gary Worsley. Seconds of the Gold, Red and Blue Sixes respectively, will be Barry Barth, Brian Carson and David Shaw.

Instruction was carried on in signalling, First and Second star work, Exercises and Guide Badge. Tests passed: First Star completed, Brian Carson; Exercises, Paavo Wright, Garth Stuart and Ronald Leadbetter. The Red Six under the leadership of Sixer Graham Martin won the competition for the evening and was presented with the Good Hunters pennant. This marked the last meeting that "Rikki" (P. L. Robert Matthews) would be in attendance, and a goodwill gesture, the pack bid him farewell with the Grand Howl. Bob has put in 3 seasons as a Cub instructor, not only that he was a 2-star cub and a sixer in the Cub pack. Thanks, Bob for all the help given us.

BLIND MAN LOSES HOME AND DOG

"Losing my home is bad enough, but losing my dog was too much", said Lealand (Dutch) Brown of Simcoe, seen with grandchildren, Doris and Lewis. Blind for 13 years, his dog was his guide and companion. The animal perished in a fire which destroyed Brown's home.

see, and they have a perfect right to do so. Children's films must, therefore, be planned so as to allow for full and active participation on the part of the audience. There must be plenty of action with dialogue and an ample number of silent scenes during which the children can tell each other what has happened, what they think is going to happen and what they hope will happen. If they have plenty of time for talk and conjecture, an audience of children will be ready and anxious to listen to any dialogue which is necessary for the development of character and plot. Not only do they attend carefully, but they remember and apply what they've heard. But they don't waste time listening to bad or unnecessary dialogue. They very rightly talk it down. A delightful thing about a child audience is that it brings such zest and vitality to its film-going. There is no greater nonsense than to say that film going is a passive amusement for children."

Miss Field concluded her talk by repeating what is already a truism to herself and her colleagues, that although they can plan and make films, judge their moral fitness for juvenile consumption and know whether they are sufficiently well produced to train children's appreciation, they cannot judge their entertainment value, which only children themselves can assess.

Her happy combination the classical with its rather abstract ideology, and the modern with its concern with the realities of life touches the needs of younger children as well as those girls and boys who are a little older.

CHALK RIVER ATOMIC ENERGY PLANT MAY PRODUCE A-BOMBS FOR CANADA

This plant at Chalk River, Ont., Canada's principal atomic research laboratory, has, up to the present, been devoted to experimenting with peaceful application of atomic energy. If, however, the U.S. will not divulge its knowledge on atomic bomb manufacture the plant may be devoted to making bombs for Canada.

Successful Golf Tourney Held By Monitor Pub. Co.

The Monitor Publishing Company Limited acted as a super chef at the Lachute Golf Club, Friday.

Mixing together advertising, editorial and executive members of the staff, adding a dash of golf, a liberal amount of food, and an abundance of recreation and enjoyment, Harold G. Phillips and Miss Pearl Howard, joint organizers of the event, served up a dish, that tickled the palates of all attending.

Annual Event

The tourney, an annual fall event for the office employees, was born out of an idea of Hugh E. McCormick, president, to have the different staffs of The Monitor, The Guardian and The Westmount Examiner, get to know one another, while enjoying themselves.

After the staffs had been split up and played two-ball foursomes, with two ladies and two gentlemen on each team, a banquet was held in the club house.

Short speeches were given by Mr. McCormick, Harold Phillips, Harry Houghton, general manager, Lorne Macbean, secretary-treasurer, Miss Pearl Howard, Hugh Mount, Barry West, Paul McCaffrey, and Wilf Burnley.

One of the highlights of the dinner was a skit on some of the company's personalities, given by Ray Meikle and Reg. Groome.

After the meal, prizes were given to all attending, regardless of the figures on the score cards. A special prize, donated by Ayers Co. of Lachute, of a beautiful woolen blanket, was won by Phil Atkinson, of The Guardian.

VOLTAIRE'S BOAST

Voltaire said, "It took twelve ignorant fishermen to establish Christianity. I will show the world how one Frenchman can destroy it."

But alas for that boast, it is said that twenty-five years after the unbeliever died his home was purchased by the Geneva Bible Society and became a storage building, and that his printing press was used to print an entire edition of the Bible.

Enlightened personnel policies by Canadian industry can contribute significantly "in the struggle against those who would destroy our way of life." Earl M. Patton, general employment supervisor of the Bell Telephone Company in Montreal, declared at Westmount's Rotary Club luncheon meeting held Wednesday.

Introduced by James Lawson,

EARL M. PATTON

an employee of the Bell Telephone Company and a member of the Westmount club, Mr. Patton stressed the influence which progressive personnel relations have on the outlook of the workers.

"Personnel programs which ensure an interested informed and enthusiastic body of Canadian workers will do much to guard against the inroads of totalitarianism," he said.

Mr. Patton suggested that Canadians want more than unemployment assurance in its broad sense, assurance not only of an opportunity to work and earn, but an opportunity to work and earn under conditions which recognize the individual and make for a better and happier national life," he said.

While not quarrelling with present social legislation, Mr. Patton was apprehensive about the trend such legislation is taking.

"It is doubtful this type of re-

strictive legislation can be made to work successfully," he continued, "not only because people will not accept and apply in the manner intended legislation which attempts to govern their way of life, but also because, once embarked on this path, there is little chance of withdrawing; each piece of legislation requires another and yet another more restrictive in nature to assure the effectiveness of those preceding."

The speaker held, that basically, the challenge must be met by industry and business, rather than by government.

He emphasized that not only personnel people as such but everyone concerned with hiring and placing employees, with supervising, with deciding policies affecting the workers' welfare has a part to play.

Mr. Patton discussed briefly the value of procedures — particularly the nondirective interview and pre-employment tests — developed by personnel experts to assist in hiring and placing workers.

The speaker was thanked by Jack Burroughs, who said that most Rotarians would find his talk a great aid in their handling of personnel.

Mrs. A. Thornton Funeral Service

Funeral services for Mrs. A. W. Thornton, 86, who died Saturday after a lengthy illness, at the home of her son, Dr. Laurence Holmes Thornton, 2147 Marlowe avenue, were held in Dominion-Douglas church on Tuesday, at 2:30 p.m., with interment at Dresden, Ontario.

Born Ella Minetta Shorey, at Sydenham, Ontario, she later moved to Dresden, Ontario, where she married the late Dr. A. W. Thornton, first dean of the faculty of dentistry at McGill University. She was an active member of Dominion-Douglas Church, and of the Nolan-Cornell Chapter of the Imperial Order of the Daughters of the Empire.

Christian Science Lecture By Archibald Carey C.S.B.

How to "fling aside the garment of heaviness, of sickness and sorrow and despair, and in the dawn of a new light to follow Jesus in the way," was the theme of a public lecture on Christian Science delivered on Monday evening by Archibald Carey, C.S.B., of Detroit, Michigan.

Today we can learn the same method that Jesus utilized in healing, and achieve similar results, Mr. Carey told a large and responsive audience in Victoria Hall, Westmount. A member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, he spoke under the auspices of First Church of Christ, Scientist, Westmount.

"Christian Science gives a scientific explanation of the Christianity which was taught and demonstrated by Jesus and his apostles," Mr. Carey declared. "The discovery of this Science is an interesting story. The Discoverer of Christian Science was Mary Baker Eddy, a woman of brilliant intellect. Her parents were devout Christians, and her intellectual attainments were balanced by a deep appreciation of

spiritual Truth. As she grew up and her breadth of vision increased, she could see beyond the narrow limitations of dogma and creed which would describe God as limited, changeable and supernatural.

"She also rose above the scientific and intellectual bigotry which would describe the world as wholly material, ignoring the existence of such an essential characteristic of God as love. She could see no reason for the conflict that seemed to exist between science and religion. A scientific approach which was based upon an honest search for truth would find its goal in a Christianity founded upon an understandable Principle, a Principle which maintains and controls every fact and law in the universe.

"As Mrs. Eddy sought to understand the right relationship that must exist between true science and true religion, an incident occurred which brought a practical answer to her questions. She met with an accident which was expected to prove fatal. She took her Bible and opened it at the account of the healing by Jesus of a palsied man. As she studied this, she was instantaneously healed.

"Here she gained an intuitive indication of the method of healing used by Jesus, and she devoted herself to a study of his teachings and works, by approaching this study from a scientific point of view and looking for facts and laws rather than for miracles and supernatural occurrences, she discovered the laws that Jesus had used and the methods of making practical use of them. This was the Science of Christianity, and she called her discovery 'Christian Science.'"

As tangible evidence that Christian Science heals today in the way taught by Christ Jesus, Mr. Carey related actual instances of healing. These embraced not only physical recoveries, but relief from sorrow, the improvement of home conditions, and the development of ability to meet business conditions successfully.

These beneficial results, the lecturer said, are truly scientific in that they follow the application of definite rules in the Science of Christianity.

BOY REPAIRS OLD CLOCK

The people of Long Itchington, Warwickshire, were startled one other day to hear the 100-year-old clock in the church tower striking the hour after ten years' silence. They soon discovered that a village boy, Harry Windsor, home from college, had climbed the ancient tower, found out what was the matter with the workings of the clock, and then, with the aid of a fretsaw and pieces of lead and steel, had managed to set it going once more.

Yom Kippur, Holiest Jewish Day, Begins Sunday Evening, October 2

Yom Kippur, the Jewish day of Atonement, begins one half hour before sunset on Sunday, October 2, and concludes after sunset on the morrow, Monday October 3.

Yom Kippur is the most sacred day in the Jewish calendar and brings to a culmination the Ten Days of Penitence ushered in by the New Year. The observance of the Holyday is characterized by a strict fast and abstinence from all worldly pursuits and by extensive public worship.

The well-known Kol Nidre prayer is solemnly chanted by the Cantor and Choir in the Synagogue on the Eve of Yom Kippur. The entire next day is spent in the Synagogue. Confession and atonement of sins constitute the main motif of the beautiful liturgy.

Yizker, the Memorial Service for departed kin, fallen soldiers, and Jewish martyrs will be held just prior to the early afternoon prayers. Very colorful is the Avodah which describes the manner in which the day of Atonement was observed by the priests and the people in the ancient temple in Jerusalem. Towards nightfall the solemn and impressive "Neilah" (closing Service) is chanted by the Cantor and the Congregation. Yom Kippur is officially ended with the sounding of the

Shofar, the ram's horn.

The day of Atonement has ever been a festival of great hope and encouragement for all humanity. Through its message of sincere contrition and forgiveness, and through its teaching of the ultimate goodness and unlimited potentiality of the human being, it offers mankind the impetus to overcome past failings and start afresh.

The Montreal Board of Jewish Ministers announce that Yom Kippur Services will be conducted in all Synagogues in this City. Jewish visitors in the community are cordially invited to contact local Synagogues for Yom Kippur worship arrangements.

NEW EXPORT IN SCALLOPS

Canadians are now enjoying the first scallops to come from the newly located field near Picotou Island, N.S. A carload of the seafood from the new field, the discovery of which was announced recently, was shipped recently by Canadian National Express to Montreal.

The scallops are of the delicious white inshore variety, and it is expected their discovery will result in a large increase in Maritime fish exports.

Vocal Ensemble Entertain Blind With Fine Recital

An impromptu concert was given Monday afternoon at the Montreal Association for the Blind by the Hayward and Hayward Vocal Ensemble of Bermuda, B.W.I., when a reception was given for 33-year old Lancelot H. Hayward, blind conductor of the group and his entourage numbering 11 men and five women. His assistant, Robert E. Hayward, has been a cripple for the past 15 years, and under leadership of this courageous pair the group has gained a fine reputation as the outstanding musical organization of the British West Indies.

The concert was held in the School building and was attended by adults and children who showed appreciation of this special treat. Tea was served with Secretary Gilbert Layton presiding and he suitably welcomed the group which had the opportunity of touring the Association buildings, seeing the workshop and watching brooms in manufacture by blind workers, and in observing how blind children receive a fine education. Mrs. P. E. Layton and Rev. Dr. T. W. Jones of Calvary United Church were present at the recital.

Lancelot Hayward himself is a living example of what courage and faith can accomplish. The ensemble under his direction entertained the audience with excellent vocal numbers at random from their repertoire.

YOUNG ADULT SECTION

Bridge Club — Last Monday night saw the members of the Bridge Club around the tables, with some members learning the rudiments of the game and others enjoying the fellowship in the game itself. At nine o'clock the play was stopped and Alf Smieszko, the acting chairman, called everybody's attention to the need for a committee to handle the affairs of the club for the next season. The results of the election which followed were: Walter Ramshaw, appointed to the chairmanship of the club; Althea Harned, to the secretaryship and Bob Morrisette to the tournament secretaryship. The roster of instructors was brought up and it includes Ernie Hall, Howard Fairbairn, Walter Ramshaw, Alf Smieszko and Mary Morton. These members, along with others who are capable, will be on hand to assist new-comers to learn the game.

Badminton Club — On last Tuesday, ten members turned out to play the game and we are anticipating several more will be out tonight. If you are interested in learning to play, be sure you come out and get in at the beginning of the Club's activities at 7.30 p.m.

Music Appreciation Group — Last Thursday evening the members listened to selections from Verdi's "Othello", and the Gilbert and Sullivan "The Gondoliers". Anne McFeely was the member

in charge of the program and she made the account of the operas most interesting. Future programs are being arranged by members of the group and any new-comers will be given an opportunity to offer their choice of recordings.

Friday Dance — This activity is being developed this year along a club basis and in time members will be asked to supply a suitable name for the club. Under the leadership of Bob Morrow, Jean Mitchell and Ernie Hall the members are undertaking full responsibility for the planning program and the reception of members and their guests. This week Dorothy Pullin and Don Ferguson will be in charge of proceedings. This is a definite step forward in the direction of this social club and will mean that any new-comers to the membership will find ready work. How about coming out tonight at 9.30?

A group which has no name as yet will meet on Monday evening at 8 p.m. to discuss a place of the Co-ed group for 18-22 year-olds. The objectives of the group would be to sponsor discussions, speakers and social activities for this age group. Anyone interested in such a project is requested to be out on Monday night.

Leathercraft — The opening night of an eight week course in leathercraft will be on Thursday, October 13, at 8 p.m. Leadership of this group will be given by Gina

GREATER WEALTH AHEAD

No Recession Seen By Business Leader

Canada is on the march to greater wealth, increased population and larger stature in the eyes of world and industry in this country must be prepared for this nation's increased role in things to come, J. B. Flanagan of Montreal recently told delegates to the 17th annual general meeting of the Canadian Institute of Plumbing and Heating, at Murray Bay.

Present conditions do not seem to indicate an approaching business or economic collapse and general business conditions are still excellent as measured by any normal standard, the Montreal businessman said.

Even though business failures are reported higher, collections slower, prices levelling off gradually, and inventories reduced, there should be no cause for alarm, said Mr. Flanagan. "It all adds up to sound business

judgment for the future. It represents a return to a much more suitable business basis considered from the long-range point of view."

The tendency of waiting for a change in prices has meant a reduction in orders which has resulted in scattered layoffs and some unemployment, he explained. "However, with such means as unemployment insurance, family allowance, bank and bond savings, we are in a much better position to adjust ourselves to a business slowdown than at any other time in our history."

XMAS GIFT SUGGESTION

Give Something Everybody Already Posses

Reluctantly last January I dumped about seventy Christmas cards into the incinerator and as I did so the thought occurred to me that it would be economical if I could use those cards next Christmas, writes William Feather. Unfortunately, names were printed or written on them, thus making the idea impractical.

But there's the germ of an idea here. By this time everybody has a lighter. Suppose, next Christmas, I give a Dunhill lighter to a friend on December 15. He (or she) can give it to a friend on December 18. On December 20, it can be passed to No. 3. On December 22 it can be given to No. 4. At Yuletide it can be handed to No. 5 and before bedtime it may come back to me. The possibilities are infinite, friends.

Church of the Advent

The Right Reverend Douglas J. Wilson, Bishop of Honduras, will celebrate the Holy Communion at 8 a.m. Sunday and on Monday at 3 p.m. he will address a meeting for women in the Advent Parish Hall.

Calvary Church

The Communion of The Lord's Supper will follow the morning service on Sunday in Calvary United Church, Westmount, when new members will be received into the fellowship of the Church.

The Service at 7.30 p.m. will be quite unique and spiritually inspiring with the Hayward Negro Choir from Bermuda, conducted by Lancelot H. Hayward, Bermuda's Blind Pianist, and Robert Hayward as narrator, supplying the entire musical programme of the evening including Negro Spirituals and other uplifting numbers.

Very Rev. T. W. Jones, M.A., D.D., will preach at the morning service and will conduct the service of worship at the evening, giving a brief address while the Choir will present its inspiring programme in place of the usual sermon. All are cordially invited to attend this unique service and to hear this outstanding Choir.

On Sunday, October 9th, Harvest Thanksgiving Services will be held at 11 a.m. and 7.30 p.m. Gifts of Flowers, Fruits and Vegetables, or canned goods may be sent to the Church during the week.

and the Molotovs couldn't stand.

A widely read, accurately informed and amazingly well-edited Monthly has something like this to say — Not many intelligent people disagree with the assertion that the world's need is a great spiritual awakening which would raise human conduct to a Christian level. In addressing the Canadian Club this week, Mr. Beverley Baxter, M.P., declared that "Communism can not be destroyed by the atom bomb, the jet plane, or any other physical force. It can only be destroyed on an ideological plane and I suggest we adopt the preaching of Christ, as outlined in His Sermon on the Mount." This transformation can be brought about not by great conventions or high-sounding, pride gratifying resolutions but by the Christians of each local church coming together in utter sincerity, seeking the infilling of the Grace of God and then setting themselves to "Seek the Kingdom of God in His Righteousness."

On Sunday morning Dr. J. A. Johnston will have as his Theme "God will Put You On Your Feet". This is based upon the word of Ezekiel "Son of Man! Stand upon thy Feet!" The Communion of the Lord's Supper will be observed at noon.

At the Evening Service the Address will carry the Title "What Seek Ye" and will bring to us Christ's pressing question and our honest answer.

Westmount Bible School now meets in two sections. The Section from Grade IV upward assembles at 10 a.m., while that from the Nursery to Grade III begins its session at 11. The Bus Service, leaving Montreal West at 10.20 a.m., and calling at the Benny Farm Area continues. Parents may accompany their children in the Bus. Others, coming to the Morning Worship Service, may also avail themselves of this facility.

Christian Science

"Unreality" is the subject of the Lesson-Sermon to be read in Churches of Christ, Scientist, on Sunday.

The Golden Text is from Proverbs 12-5. "The thoughts of the righteous are right; but the counsels of the wicked are deceit!"

Among the citations which comprise the Lesson - Sermon is the following from the Bible: —

"And he turned him unto his disciples, and said privately, Blessed are the eyes which see the things that ye see: And he was casting out a devil, and it was dumb. And it came to pass, when the devil was gone out, the dumb spake; and the people wondered." (Luke 10: 23 and Luke 11: 14.)

The Lesson-Sermon also includes the following passage from the Christian Science Textbook "Science & Health with Key to the Scriptures" by Mary Baker Eddy:—

"If God heals not the sick, they are not healed, for no lesser power equals the infinite All-Power; but God, Truth, Life, Love, does heal the sick through the prayer of

Asymmetry Is Keynote Of Many New Designs
 Collars are fashion news in Paris. Never have they been more varied or larger. Scarfs and shawl collars, cape collars and cowl-collars, which can be pulled forward over the head as hoods, are plentiful. Cup collars often lined with fur, fit closely round the neck, funnel collars are taller still.
 Asymmetry is the keynote of most designs. There is nothing regular, nothing balanced, and hardly a line of bodice or skirt goes unbroken. Fold-over bodices jut out in points over one shoulder, coat-collars are often cut in winged movements — one side short the other long. One side of a collar may stand up, the other be smoothed down upon the shoulder.
 Skirts are slimly molded down one side and draped upon the other. Jeanne Lafaurie and Jean Dessès both show gaping funnel pockets on one hip only, while Christian Dior puts bunched drapery to the back of the left hip and to the front of the right.

WICKHAM - DOWNES

White gladioli against a background of palms and cybotium ferns adorned the Church of the Ascension of Our Lord, Westmount, illuminated with tapers in tall candelabra arranged along the aisle, for the wedding at half-past eleven o'clock Saturday morning of Miss Dorothy Patricia Downes, daughter of Mr. and Mrs. Walter L. Downes, of Westmount, to Mr. A. Patrick Wickham, graduate in Law of McGill University, class of '19, and son of Dr. and Mrs. John C. Wickham, of Westmount. Rev. Lionel Stanford S.J., officiated. Organist was Mr. G. Savaria and Mr. John Wickham was soloist.

The bride, given away by her father, was wearing a gown of French ivory satin made on princess lines with a fitted bodice, having a sweetheart neckline edged with the same silk Chantilly lace worn by her mother on her wedding day, and finishing the cuffs of the tight fitting sleeves ending in points over the hands. The bodice was fastened down the back with tiny buttons and circular skirt fell into a long train. Her veil of tulle illusion extended beyond the hem of her train and was held by a coronet of orange blossoms. She carried a bouquet of Joanna Hill roses centred with stephanotis.

The matron of honor and bridesmaids wore bouffant gowns of rose beige net over rose shot taffeta having fitted bodices and sweetheart necklines, with matching taffeta sashes and mittens, rose shot taffeta halos trimmed with matching ostrich tips and carried bouquets of Bagdad gladioli.

The reception was held in the Montreal Badminton and Squash Club. Here tall standards of pink and white gladioli and boltonia were arranged in the rooms and the bride's table was decorated with Sweetheart roses and bouvardia. Mr. Wickham and his bride are motoring to Sea Island, Georgia, and New York for their wedding trip and for travelling the latter is wearing an imported suit of cerise French broadcloth, a hat of soft grey felt trimmed with feather mount, grey suede accessories and a corsage of white fleurs d'amours. They will reside in Montreal.

Among recent arrivals at the Cloister, Sea Island, Georgia, were Mr. and Mrs. R. E. Chadwick, Westmount.

WEDDINGS

LEPINE - WALSH

A very quiet wedding took place recently in the Church of the Ascension of Our Lord, Westmount, when Madeleine Marie Therese, daughter of Mr. and Mrs. Leonard Walsh, of Westmount, was united in marriage to Mr. Maurice A. Lepine, of Sherbrooke, son of Mr. and Mrs. A. J. Lepine, of Magog, Que. Msgr. Wilfrid McDonagh officiated, while Mr. Leonard Walsh, brother of the bride, sang "Panis Angelicus" and an "Ave Maria" composed by the bride's father. Mr. Savaria was at the organ. Autumn flowers formed the decorations.

Given in marriage by her father, the bride was attended by her sister, Miss Florence Walsh, as junior bridesmaid. The best man was Mr. Lorne E. MacPherson, cousin of the bridegroom, the ushers being Mr. R. D. Walsh, brother of the bride, and Mr. Alec MacPherson, cousin of the bridegroom.

The bride wore an original suit of Burgundy wine with grey and wine accessories and carried a cascade bouquet of Hibbert roses. The bridesmaid wore a pink taffeta frock with matching nosegay and headband of pink and blue flowers.

The reception was held at the home of the bride's parents, where autumn flowers and foliage formed the decorations, and later the newly weds left by motor for a honeymoon to New York and other points east. They will later reside in Sherbrooke, Que.

Out-of-town guests included: Miss Florence Walsh, Mrs. C. C. Walker, Mrs. G. M. Brunton, and Air Vice-Marshal G. V. Walsh, all of Ottawa; Mr. and Mrs. C. C. MacPherson, Miss Sybil MacPherson and Mr. Alec MacPherson, of Magog.

BENSON - JENNINGS

Multicolored gladioli with palms and candelabra, decorated St. Luke's United Church for the marriage on September 24, of Joyce Grace, daughter of Mr. and Mrs. S. G. Jennings, of Notre Dame de Grace, to Mr. Frank Earle Benson, son of Mr. and Mrs. F. H. Benson, of Westmount. Rev. Ralph Spencer performed the three o'clock ceremony and Mr. K. Cunningham played the organ, with Mr. Fred McMillan as vocalist.

Mr. Jennings gave his daughter in marriage, Mrs. Ronald Bower, was matron of honor, with Miss Ruth Jennings, sister of the bride, and Miss Shirley Roberts, as bridesmaids. The best man was Mr. Rodney Klein, the ushers being Mr. James Crozier and Mr. Ronald Bower.

The bride wore a long sleeved gown of white Chantilly lace over satin, and having a fitted bodice, with a three tiered bertha of satin with lace applique on a net yoke, the full skirt ending in a fan shaped train. Her fingertip veil of tulle illusion was held by a half of shirred tulle illusion and orange blossoms while she carried a Cascade bouquet of Talisman roses and stephanotis.

The three attendants in full-skirted frocks of chiffon velvet fashioned with fitted bodices having softly draped off-the-shoulder necklines wore Juliet caps of matching shirred velvet trimmed with feathers and carried Cascade bouquets of yellow and bronze 'mums. The matron of honor was in spice rust and the bridesmaids in Killarney green.

The reception was held at the home of the bride's parents on Hingston avenue, where gladioli decorated the rooms, and later Mr. and Mrs. Frank Earle Benson left by plane for a wedding trip to Bermuda. For travelling the bride wore a two-piece aqua wool suit with brown accessories and a corsage of yellow gardenias.

BLACK - WELTER

The marriage of Francine Julie, daughter of Dr. George F. Welter, Consul-General of Luxembourg in Montreal, and Mrs. Welter, of Westmount, to Mr. Eldon Pattysen Black, son of the late Charles Eldon Black and of Mrs. W. Arthur Grafftey, of Montreal, took place quietly on Saturday afternoon at half-past three o'clock, in Congress Hall of St. Patrick's Church, the Rev. Charles Cahill officiating. White gladioli were used to decorate.

The bride, who was given away by her father, was in a gown of white taffeta faille with a fitted bodice and a full skirt falling into a train. Her veil of Brussels lace, which belonged to her grandmother, was held by a bandeau of orange blossoms and she carried a bouquet of white gladioli blossoms and bouvardia.

Miss Elise Black, sister of the bridegroom, as maid-of-honor, and Miss Francine Vanier, as bridesmaid, were in frocks of hyacinth blue faille with bodices having long sleeves and boleros and bouffant skirts. They wore coronets of bronze gladioli blossoms in their hair and carried bouquets of the same flowers.

Mr. William M. Wood, of Ottawa, acted as best man for Mr. Black and the ushers were Mr. Rene Welter, the bride's brother, Mr. Kingham Black, brother of the bridegroom, and Mrs. Kenrick Gunn, of London, Ont.

Mrs. Welter, the bride's mother, was gowned in grey crepe and wore a matching hat and a corsage bouquet of red roses.

Mrs. Grafftey, mother of the bridegroom, wore a gown of grey crepe trimmed with gunmetal satin, with a hat of matching feathers and a spray of white carnations.

A small reception was held at the residence of the bride's parents, 4832 Westin Ave., Westmount, where white gladioli and pompoms were used as decorations.

Later Mr. and Mrs. Black left by motor for the United States, the bride travelling in a tailored

New Canadians Model At Speirs - Miller Review Of Fashion

A Fashion Show of more than
usual interest was held on Thurs-
day evening at the Speirs-Miller
Dance Studios when in addition
to the attractive display of suits,
coats and dresses presented by
the Alice and Maud Dress Shop,
several girls from different Eu-
ropean countries who had acted
as models in the show, spoke
briefly, outlining their reasons for
coming to Canada, giving their
impressions of life in Montreal,
and telling of their ambitions
regarding careers in their adopted
land.

All those modelling the Alice
and Maude Dress Shop styles were
members of the Speirs-Miller
Dance Studio model classes.

Among the countries repre-
sented by the new-Canadians
were Bavaria, Austria, Czechoslo-
vakia, France, Spain and the
Scandinavian countries.

The audience, after heartily
applauding the smart autumn and
winter fashions displayed expertly
by the class, gave the newcomers
to Canada a rousing ovation as
each girl gave her brief talk.

The wartime chapters of some
of the girls' stories had been on
the grim side, and as they told
in their broken English of their

Trinity Players Take Jr. College As Story Theme

Trinity Players are in rehearsal for their first production of the season — "The Young and the Fair" — a play in 3 acts by N. Richard Nash.

This is a story about a fashionable Junior College for young women and tells how a sincere and intelligent alumna returns to her Alma Mater with her attractive and idealistic young niece, who enters the school as a student. — There is a conscientious elderly woman as Principal — a hard-headed board of Directors — and students of every type and nationality — who all help to give scenes of light comedy and tense drama.

Basil Donn, C.D.A., Trinity's Veteran Director — will direct "The Young and the Fair" and the interesting set of three rooms on one stage will be designed by Bruce LeDain, assisted by Howard Angers.

The production will be given at Trinity Memorial Hall from Oct. 25th to 29th.

M.R.T. Acquires New Teachers

Jean de Savoye, Amelia Hall and Elizabeth Leese have joined the staff of the MRT School of the Theatre, which opens Oct. 3. Mrs. de Savoye and Miss Hall are taking over the newly-formed Junior and Intermediate Schools, designed to give young students a course on the basic fundamentals of dramatic technique, including voice and diction, pantomime, improvisation and a study of problems in theatrical production.

Mrs. de Savoye has been a well known and popular director in Montreal for many years, and Amelia Hall, who will also work with Roeberta Beatty in the Studio Workshop, has had a successful career with the Ottawa Drama League. She directed the MRT Studio's "This Way To The Tomb" in the spring.

The course in creative pantomime will be under the supervision of Elizabeth Leese, who is well known in Montreal as a dancer, choreographer and teach-

Direct From Hollywood

By Jack Hirshberg

WESTMOUNT LASS WRITES

HOLLYWOOD, Sept. 29 — There is to hand a letter from a Westmount, P.Q., lass who says she looks like Betty Hutton and encloses a snapshot to prove the point. She's been active in church dramatic chors, studied dancing at a popular Sherbrooke Street school of terp, and now she says she'd like to crash the movies.

All she wants of me is the formula for film fame.

Well, Sis, If I had the formula I'd use it myself. There's really no such thing, anyhow. As soon as anything becomes formal, whether on the stage, either or screen, it loses its charm and potency.

The essence of success in show business is personality. Your own personality, that is — not somebody else's. That's why anyone who looks like Betty Hutton, ought to forget it, rather than use it as a selling point. If the studios want an actress to look like bouncing Bettina, they'll hire Miss Hutton, herself.

Many promising careers in Hollywood have been ruined simply because the newcomers painted their lips to ape Joan Crawford or bobbed their hair peekaboo style after Veronica Lake.

About the only advice I can give my Westmount correspondent is to be herself. Then she ought to forget about the movies, go marry some nice young guy in N.D.G., and settle down. Life out Hollywood way really isn't anywhere near as exciting as it's built up to be. And the darned sunshine gets on your nerves.

Flying back to Hollywood from New Orleans a few days ago, I found myself seated next to a young attorney from Atlanta, Ga.

Atlanta, as you know, is the seat of the Ku Klux Klan headquarters and the home of its recently resigned Grand Dragon, Doc Sammy Green. For years the courageous clansmen have pillaged the countryside, lynching both blacks and whites, whipping and murdering — their faces shielded by pillow-case type hoods.

Naturally, the forces of freedom and progress have long tried to obtain passage of a law banning masked organizations. Several attempts have been made, and all have failed — though several weeks ago the state of Alabama did pass such an ordinance.

However, my travelling com-

Tie South Shore 11 - All In First Home Game

By BOB LUNNY

Coach Bruce Johnston's Westmount Warriors opened their 1949 home season of football with a 11-11 tie against a powerful South Shore aggregation last Saturday. The grid battle was witnessed by some 500 loyal fans.

The locals have improved greatly in only a week and the only weakness shown by the Westmounters was a defence against aerials in the early stages of the battle. It was through the use of the overhead weapon that the visitors set the stage for their first touchdown but after that the home forces solved their rivals' delivery and gave them no further chance to threaten.

George Strike and Jack Lawson were the big guns for the locals with the latter scoring both touchdowns. Both boys turned in spectacular games much to the delight of the crowd. The defence after a bad game last week, was thoroughly squelching against every manoeuvre and the boys came through in grand style.

Ted Tobias proved an important cog with his field generalship, his handoffs and pitchouts.

The Westmount squad, which Bruce Johnston had to rebuild virtually from scratch, faces Lachine to-morrow at 2:15 at the Westmount Park gridiron.

Deadline Flashes

When the Westmount Warriors and Rosemount Bombers played at the Northend gridiron two weeks ago, the running and passing attacks of both teams were continually running into trouble unimagined plays. With neither team able to stage a sustained ground or aerial attack groans could be heard from the crowd. To see them play last week would change a person's mind completely. The locals improved immensely in a short space of a week. If they still improve a notch more they will be strong contenders once again.

English Rugger To Be Played At Murray Park

The first inter-city English Rugger game will be held at Murray Park, King George V grounds on Saturday afternoon, with McGill University facing a strong squad from Westmount.

Many of this year's players on the Westmount team are west end residents, while a number of others are newly arrived from the British Isles, where they played the game regularly.

Captain of the Westmount English Rugger squad is Tony Beck who plays fly half, while Charlie Turner will look after one of the two centre spots open. Canadian born Jordan Beverly will fill in the fullback position, while five of the eight forwards are: Dick Miller, Frank Rolland, Bill Hedges, Jim Hibison and Doug Vevers.

The game, played in two 45 minute periods with no break during the play, is considered one of the toughest games in the world, with McGill also turning out a smartly working team. Their captain is David Floyer, while other players on the squad are John Price, Jack Fairweather, Charles Alexander and John Glenn.

The game will start at 3 p.m.

Colds Afflict Local Bowlers

Tuesday saw the City of Westmount Keglers in their first drive for team points. All teams were short of players due to illness, brought on by the recent cold spell, and were unable to show their full power.

Ross Sheppard's crew copped three points, but dropped the last game to Cliff Thompson's team. Alex Russell led his team to first place with 4 points.

Ross Sheppard took high honours with 161 for the second line and cleared the men's triple with 418.

Pat Hurst now holds a wide lead over her nearest rival in the race for ladies high honours. Pat held her lead in the total pin fall and paid out to a double "69" count, in the first two lines.

Locals Meet Montreal West At W.A.G. This Afternoon

By ALLAN SANDZELIUS

Westmount High's Senior A pigskin artists will be out after their first win of the season this afternoon when they take to the Westmount Athletic Grounds this afternoon at 4:00 to do battle with Montreal West.

The Purple and White, who were blanked 17-0 in the season inaugural a week ago today, have been drilling hard all week under the skillful tutelage of coach Jim Patrick and are entering this afternoon's fray with plenty of confidence.

The Blue and Gold, however, are not going to prove any pushover. They blanked Verdun 11-0 at Molson Stadium last week and displayed plenty of speed and brawn in doing so. One boy the locals will have to watch is Ronnie Lamb, a young gentleman who broke loose for a 75-yard touchdown gallop last week.

Although the score became 17-0 in favour of West Hill High, the season opener at the Westmount Athletic Grounds last Friday afternoon saw Westmount High put up an excellent fight against overwhelming odds. The Purple and White warriors came very close to scoring several times, but they were always stymied by the heavy, tricky West Hill line.

The first quarter produced most of the scoring with Whitman and Economides making majors and Stryde converting the second touchdown after the first convert attempt had been foiled by Johnny Lough of Westmount.

Economides, 'The Golden Greek', again crossed the goal line in the second quarter and the Maroon and Grey marauders finished the pointage then and there with a final pass into goal territory for

to 3rd and 4th spot respectively in the 'Big Seven' fall race. Congratulations, boys . . . The 'Big Seven' expects to expand with a heavy waiting list . . . Mickey Bourassa out with Junior Royals . . . A big 'hello' to Weston from Jack, Jerry, Mike, Carmen and 'Capi' . . . Dave Ross to coach again this winter in Juveniles . . . Charlie Hyndman and Mickey Berry, two top football scouts from across the border, rate Ted Barry of South Mountain, Ontario, a sure thing. Charlie thinks either Ottawa Rough Riders or Toronto Argos will secure Barry's talent next year . . .

a clinching convert making the count read 17-0. Quarterback Hutchison of West Hill was expelled from the game for tripping as was another unfortunate team mate in the first half.

The second found Westmount beginning a sustained drive which almost netted them some points, but having played a terrific game all the way, the strain showed through and they were forced to be content with slowing West Hill down to a crawl

Last Minute Notes

It was really something to see "Ricky" Laffoley take three West Hillians out of the play at the same time . . . after playing such a swell game for Westmount, it was with deep concern that we noticed "Ruby" Rubenstein being carried off the field with a dislocated knee; let's hope he recovers in time to show other teams his prowess . . . This afternoon at four — Montreal West High (at the Grounds) . . . And let's see more rooters for Westmount this time; there weren't half enough last week.

Army - Navy Classic Tomorrow

Army Mule, Navy Goat Will Take In Grid Proceedings

BY MEL JAMES
 Kelly and Salty wouldn't talk; that is, they couldn't, even though they represent the two Intermediate Q.R.F.U. teams taking part in the big contest at Westmount Athletic Grounds tomorrow.

In case you don't quite understand, Kelly is a donkey and Salty, a goat. They'll be at the big game Saturday along with three bands and a host of fans, and, of course, their respective teams, Army and Navy.

Now the Army-Navy classic to take place isn't quite the same as

the famous Army-Navy gridiron clashes of the United States, that is, the players aren't as well known publicly, but the spirit of the contest is liable to match the well known American classic with ease.

Navy In First

Navy are presently tied with Lakeshore for first place in the league standings, having won two games and divided their clash with each other; while the Army boys are one point behind with two wins and a loss. Should Kelly's squad not budge and Salty's usual charging bog down, the Army may take over first place. Of course, our friend, the goat, may charge and remove Kelly whereas Navy would move well up in the standings.

A spokesman for Kelly (Army) announced that team Captain Johnny Kay wouldn't be playing because he has to sit for some exams at McGill University. He also reported that Kelly was a little downhearted to hear that Arnie Chaikin was still out with his broken finger, but was happy to learn that Billy Telfer, the former Junior star with the Westmount Warriors, would be serving in the backfield.

Season Highlight

Whatever the outcome in Saturday's contest, it should be one of the highlights of the Q.R.F.U. Intermediate season, as both teams consider anything between Army and Navy is strictly competition. And so do Kelly and Salty, the mascots, one spokesman pointed out. They'll be on hand to see a high ranking army official kick-off at 2.15 p.m. Saturday.

Frost Reach Ball Finals

Charles E. Frost (Dingbats) fought their way into the finals of the Montreal Drug Softball League last Saturday at Westmount Park by defeating Mesck and Company in the semi-final game of the series. Dingbats came back to take the last two games in a best of three series.

Bob (Tootsie) Prevost put our local drug team into the finals by breaking up a 6-6 tie in the seventh inning by smashing a lone home run on to Academy Road.

Russ King, Dingbats' pitching ace, struck out 12 Mesck batsmen while issuing two bases on balls. Frost Dingbats now meet Ayerst, McKenna and Harrison at Westmount diamond No. 1 tomorrow at 1.30 p.m. This will be the first game of a best of five series.

BOX SCORE
 Mesck 002 211 000 — 6 11 2
 Frost 100 041 10x — 7 10 1
 Batteries: Jack Kerr and Hargrave; Russ King and G. Presho.

Larks Defeat Whites 5-1

Grant Gill's Pee Wee soccer team, the Westmount Whites, could not get started against the sharpshooting Alouettes in a game that took place at the Westmount Athletic Grounds last Saturday morning. The Alouettes come out on top by a 5-1 score. In the first few minutes of play Albert Black kicked in two goals and Ray Faust scored another to make the score 3-0 at the half way mark. In the second half Black banged in a long shot for his third goal of the game. Dick Christensen scored a goal for Westmount, but Noel Nantel came right back to score for the Larks.

Eddie Matsubuchi and Wayne Hibberd played good ball for the Whites.

On Tuesday evening the Westmount Start travelled to Ville St. Pierre to play the Blue Bonnets

Pee Wee team. The Ville team was too strong for the locals and defeated them 3-0. Louis Bedard scored the first goal on a penalty shot. Eddie May put the Ville St. Pierre team two up when he beat

Dick Ryan in the Westmount nets. George Nimijean finished the scoring when he booted in a penalty shot. Tom Lonadale and Paul Hamilton were the best men on the field for Westmount.

how far birds fly to migrate?

Every year, at certain times, millions of birds in every part of the world suddenly take wing and fly varying distances to foreign climes. No one yet has been able to satisfactorily determine the prime impulse of these migrations and to fathom the great mystery of its accomplishment.

Do You Know . . . that the Arctic Tern nests within the Arctic Circle and then flies over more than 10,000 miles of ocean to winter on the islands of the Antarctic! . . . that the Grey Plover breeds in the Arctic Circle and winters in equatorial countries! . . . that swallows ringed in Great Britain have been traced to South Africa, more than 6,000 miles away!

Do You Know . . . that migrants usually fly at under 3,000 feet? . . . that the average distance flown in a day is 200 miles, even though the full flight may be thousands of miles? . . . that many species manage to cross these enormous distances without a break! . . . that even young birds, making the trip for the first time, make the flight unerringly, without guidance from the older birds!

Do You Know any interesting and unusual facts? Our "Advisory Panel" will pay \$25 for any authenticated readers' submissions if they are usable. All letters become our property. Write Black Horse Brewery, Station L, Montreal, P.Q.

Church Cagers Annual Meeting Wednesday

Officials Forecast Banner Season

THE 16TH ANNUAL Meeting of the Montreal City and District Church Basketball League will be held Wednesday, October 5th at 8.00 p.m. in Room 334 Central Y.M.C.A. (Stanley Street entrance).

Tentative plans call for the operation of all sections: Senior, Intermediate, Junior, Juvenile, Midget and Bantam as in past seasons. Several enquiries have been made to Secretary C. Gordon Hynes for application in this League, and signs point to a banner year.

All church boys' clubs and welfare associations interested in entering a team are asked to have two representatives present at the Annual Meeting Wednesday, October 5th, at 8.00 p.m.

R.C.M.P. Speaker On Duck Hunting

Lake St. Louis Bird Lake has, for the short time it has been open for fishing, proven a very popular spot. A good number of their members have taken advantage of the fishing with very satisfactory results. The members are unanimous in their praise of the accessibility of the

lake, the setting and the fishing.

At the recent meeting held in Lachine the special speaker was a member of the R.C.M.P. His topic was ducks, the dates the season opens in different parts of the Province and the laws governing the shooting of them.

HISTORIC HOUSE

in his own state, where a bill outlawing the wearing of hoods or masks, had just been vetoed.

"Do you know the reason for its veto?" he asked with a smile. "They claimed such a ruling would abridge the religious rights of Moslem women!"

I'll bet Mohamet did several cartwheels in his tomb at that one.

TICKERTAPE — That long-delayed film teaming Greta Garbo and James Mason finally gets go-

ing next week in Rome. It is titled "Lover and Friend" . . . One of the year's top picture and possibly an Academy Oscar winner, is "The Heiress" with Olivia de Havilland and Sir Ralph Richardson. Movie making at its intelligent best . . . Jack Beutel, the lad who teamed seven years ago with Jane Russell in "The Outlaw" and has not worked since, will be seen in several up-coming RKO films. He's been on salary all these years with nothing to do . . . Los Angeles newspapers, which play up sex and crime on page one, have all turned down ads for the New York drama hit, "The Respectful

Prostitute". . . Cy Enderson, mer director of a Montreal dramatic group headed at the YMCA, is now directing "The Whip" for Allied Artists.
