

E. T. FARMERS AIDED BY IMMIGRATION SOCIETY

Precautions Necessary For Travellers To United States

Over 500 Men Placed On Farms Since January

Local Society's Work Reviewed at Magog Meeting—Farm Production Aided—More Financial Help Needed—Handicapped for Lack of Funds—Will Appeal for Increase in Grant—General Discussion—Society's Busiest Year—The Secretary's Report.

(Article III. Associated Boards of Trade)

IMMIGRATION matters received more than a cursory consideration at the summer session of the Eastern Townships Associated Boards of Trade, held in Magog on Tuesday, and the important services which this organization is rendering to the farmers of the Eastern Townships was reviewed.

The session was held under the presidency of Mr. B. N. Robinson, of Coaticook, and an interesting outline was presented of the work accomplished during the past few months. Mr. Robinson emphasized the fact that, to ensure greater efficiency and carry on the intricate work of distribution, more funds were urgently required.

SECRETARY'S REPORT.

Mr. W. M. Hillhouse, secretary-treasurer of the Immigration Society, presented the following report dealing with recent activities:

"During the present year the E.T.

Immigration Society has been very actively engaged in immigration work, more so than in former years. We have been fortunate in securing the co-operation of the Canadian Pacific and Canadian National Railways, who have directed to us a large number of men, the greater number of whom are experienced farmers. The demand for farm help during the present spring and summer has been unprecedented, and owing to the large influx of immigrants who have arrived at the office in Sherbrooke this demand has been pretty well supplied, and the Eastern Townships Immigration Society has this season justly earned the approbation and approval of hundreds of our farmers, and could the Government only be persuaded to grant the Society further funds, there is the certainty of it becoming the greatest factor in the increase of agricultural production in the Province of Quebec. Although the Society was organized as an Eastern Townships institution, as a matter of fact our work now extends to the river St. Lawrence and is now the greatest Society of its kind, in production of actual results at the least expense in the Dominion.

"I again wish most strongly to place before our members the great need of a fund to assist us in the handling and distributing of our men, most of whom arrive in Sherbrooke from the boats late on Saturday evening, or early Sunday morning, many of whom have not the necessary money to enable them to pay their hotel expenses over the weekend. This fact has been the most discouraging feature of the work of your Secretary, times without number I have been obliged to help these men to food and lodging during their sojourn in Sherbrooke, and I have thus been constantly losing money which I can ill afford, and which I feel should be provided by the Government for this purpose, as immigrants cannot be left to starve on their arrival here. I would most earnestly urge the consideration of this question, possibly the appointing of a strong committee to take up this matter with the Government and devise ways and means for the creating of a fund through which your Secretary can be relieved of this anxiety and numerous losses in connection therewith.

"Our President, Mr. B. N. Robinson, is proving himself to be, indeed, a live wire and an active working chief officer of the Society.

"We have secured this year to date immigrants as follows: From the British Empire: English, 100; Scotch, 36; Irish, 144; Welsh, 6; From Denmark, 33; Norway, 12; Finland, 1; Switzerland, 26; Holland, 35; Poland, 1; West India, 2; Armenia, 2; Hebrews, 4; Slav, 1. Total, 404.

"In addition to immigrants received we have placed 136 Canadians, secured from the unemployed in Montreal, with farmers of the Eastern Townships, making a total to date of 540, and the year is scarcely more than half over. This denotes the busiest year in our history."

Assistance Needed from Quebec.

Col. Bruce Payne—"Has nothing been done at Quebec?"

Mr. Robinson—"Mr. Nicol seems to think that it is up to the Federal Government. It is very discouraging when we get down to actual

facts. The delegations have been received nicely and promised help but we are still on the waiting list. Of course we are thankful for the grant made to cover the requirements of the office. Our secretary's salary is small compared to the amount of work he is doing and it is not fair to have him pay out money from his own pocket. This is the fund we need to care for those staying over for a few days."

Mr. Paradis—"Was the matter taken up with the minister of colonization?"

Mr. Robinson—"We took it up with Mr. Nicol in Sherbrooke."

Mr. C. E. Soles—"I was one of the delegation which went to Quebec, and although they promised to do what they could nothing has been done."

Mr. Paradis—"I might say that I have seen Mr. Perrault and I am inclined to believe that he is favorable to further help."

Mr. Davignon—"We could place from ten to fifteen thousand in the Eastern Townships and I think the help ought to come from the Federal Government."

Mr. Paradis—"I believe that if we take the matter up with the minister of colonization at Quebec we will get something. It is all very well for delegates to interview ministers but the latter have so many of them that they are very likely to forget."

Col. Payne—"You will remember that at the Granby meeting we invited Mr. Jas. Robb. One of the difficulties he pointed out was the fact that there were a thousand and one immigration societies and that it was evidently impossible for the government to consistently recognize them as the Dominion had its own agents handling colonization and immigration and addition societies would be superfluous. I think we should concentrate upon the Provincial Government as the distribution work is largely of a provincial nature. We should go back to the departments through Mr. Perrault and Mr. Nicol and endeavor to get a revolving grant of \$500 which will be used for caring for immigrants over night and over the week-end. I think we should place our case strongly before the provincial authorities."

Mr. V. E. Morrill—"Some years ago we went to the federal authorities and urged them very strongly to support our society. The replies were emphatic and definite, it being pointed out that the immigration scheme was one for the whole of Canada, regardless of localities and no grants would be given to special

IRISH QUESTION IS UP TODAY IN PARLIAMENT

Statement Made by Colonial Secretary—Craig and Cosgrave Summoned to Conference—Amending Bill if They Fail to Agree.

(Associated Press Despatch) LONDON, Aug. 1.—The House of Commons upon resuming this morning at once took up the Irish question. Colonial Secretary Thomas said the Government proposed immediately to introduce legislation giving effect to the Anglo-Irish Treaty and to press for passage of that legislation through Parliament regardless of the consequences to the Government.

He announced that he had invited Wm. T. Cosgrave, head of the Southern Irish Government, and Sir James Craig, the Ulster Premier, to come to London to confer with him. The proposed legislation would not be introduced until he had met Mr. Cosgrave and Sir James, but a bill dealing with the treaty would be introduced if they failed to agree before the adjournment of Parliament.

Mr. Thomas said that it was no doubt the intention of Parliament when it approved and ratified the treaty that, in the event of the Government of Northern Ireland exercising their opinion under article twelve the commission to be appointed under the proviso of that article should in fact be appointed. They (the Government) felt bound in honor to secure, so far as it lay in their power that this intention be carried into effect.

He expressed hope that the Government of Northern Ireland might yet see its way clear to appoint a representative on the boundary commission, but if it did not the legislation would be proceeded with.

He hoped there would be no passion or feeling in the discussion. He was sure, however, that the suggested legislation would be hotly contested and that the long controversy could not be settled smoothly.

Former Premier Lloyd George, said he understood Mr. Thomas' statement to mean that he would make clear to the world that the Governmental heads of this country were not to shuffle out of the bargain on a more question of machinery and that, whatever measures were necessary in order to carry out an honorable engagement, honored by the people of Great Britain, with the Irish race, they intended to carry it out. If they did that, they would have the support of his colleagues and himself.

JEAN JAURES WILL REPOSE IN FRENCH PANTHEON

(Associated Press Despatch) PARIS, Aug. 1.—The Chamber of Deputies yesterday voted to transfer to the Pantheon, the West-minster Abbey of France, the remains of Jean Jaures, the socialist leader who was assassinated just ten years ago on the eve of the outbreak of the world war.

Hope For Agreement Re Germany

Progress Being Made at the Inter-Allied Conference in London—Germany Criticizes French Plan—Herriot's Proposals Help.

(Associated Press Despatch) LONDON, Aug. 1.—Premier Herriot's proposals have revived hope in the Inter-Allied conference which is seeking ways and means of putting the Dawes reparation plan into effect.

Following acceptance of the proposals by the first committee of the conference yesterday as basis of settlement the experts went into session in an effort to reconcile the views on certain important phases, and adjourned at 2.15 o'clock this morning after a lengthy sitting which left them tired and haggard. They agreed upon adjournment to reassemble at 11 o'clock and James A. Logan, Jr., the United States official observer, expressed hope that a settlement would be forthcoming today.

When this has been reached, an invitation will be despatched to Berlin asking German delegates to come here and make the final arrangements for putting the new reparation project into effect. The reparation commission, with which the Germans will deal as usual yesterday decided to sit officially in London for that purpose.

EXPERTS MAKING PROGRESS LONDON, Aug. 1.—The experts of the Inter-Allied reparation conference indicated early this afternoon that they expected to settle all the outstanding problems of the conference up to them for solution before the afternoon was over.

The experts who did not leave Downing Street until 2.15 o'clock this morning, returned to their task at eleven o'clock and during a two hour session adopted the French proposals for the modification of the Dawes plan. They then adjourned to reassemble later in the afternoon.

GERMANY CRITICIZES FRENCH PROPOSALS

(Associated Press Despatch) BERLIN, Aug. 1.—The French proposals regarding the evacuation of the Ruhr are severely criticized by the newspapers here.

Die Zeitung declares them unacceptable; the Kreuz Zeitung complains that they fail to provide even a basis for discussion, while Vorwaerts remarks that they are repulsive and contrary to the spirit of the Dawes Report.

UNITED STATES IS LENIENT IN PERSIAN CASE

Vice-Consul Killed by Mob, But Uncle Sam Accepts Apologies and Compensation.

(Associated Press Despatch) TEHERAN, Persia, Aug. 1.—The press is generally relieved at what is regarded as the moderation of the United States demands made in connection with the killing of Vice-Consul Imbrie. The tone of the United States note is said to be greatly appreciated.

The reply of the Persian Government to the United States communication apparently meets with the approval of the majority here. The reply states that the Government and natives are horrified and sorrowful over the Imbrie killing, and that every effort will be made to find the culprits and punish them, that proper compensation will be given the widow, and that, in order to afford greater security to American citizens, Persia is agreeable to an increase of the legation and consulate guards. The reply concludes with the statement that Persia will carry out as always, the treaty of friendship between that country and the United States.

BATTLE WITH TRAIN BANDITS IN NEW JERSEY

One Killed and Another Wounded—Plucky Mail Clerk Also Wounded.

NEW YORK, Aug. 1.—(Special)—In a running pistol battle, during which he exchanged more than thirty shots with two bandits who attempted to steal fire pouches of registered mail, valued at from \$50,000 to \$75,000, Eugene Stack, a mail clerk, after being shot twice, killed one of the robbers and wounded the second on the platform of the Lackawanna Railroad station at East Orange, N. J., yesterday. The dead bandit is described as thirty years of age.

Despite his wounds, the second robber escaped in an automobile operated by a third bandit, who fired several shots at Stack and Golden Treadwell, assistant baggage master, who gave chase. The police force at East Orange in seven automobiles also joined in the chase.

Stack, who is only 23 years old, was hurried to the Orange memorial hospital, where he is lying in his right leg, while a second one passed through his right hand. It is said his condition is not serious.

HOUSEKEEPER KILLED, THEN SHOT HIMSELF

Tragedy Involves Wealthy Staten Island Real Estate Man.

(Associated Press Despatch) TOTTEVILLE, N.Y., Aug. 1.—Charles Blatt, 50, wealthy Staten Island real estate operator, yesterday shot and killed his housekeeper, Mrs. Sadie Tarbone, 35, in his apartment, and then committed suicide.

The two had been quarrelling earlier in the day, according to Blatt's daughter-in-law, Mrs. Ida Kurgisk, who witnessed the shooting, the police say. The police believed the two quarrelled when Blatt endeavored to regain property he had given Mrs. Tarbone. A report that the woman objected when Blatt threatened to sell a diamond belt which he is believed to have given her, is being investigated.

The belt, which belonged to Blatt's wife, who died four years ago, was valued at \$15,000, and was won by Mrs. Blatt, who appeared professionally as the "strongest woman in the world."

MANY TRAVELLERS BEING TURNED BACK FROM THE UNITED STATES BORDERS

Even Canadians, Many Years Resident in States, Coming to Canada on Holiday Visit, Have Trouble in Getting Back—Cases in Point Cited—An Immigration Visa Necessary in Most Cases.

The new restrictions at the United States ports of entry continue to spell trouble and disappointment to travellers.

Scores of people travelling by automobile or train are being turned back, sometimes in order that they may obtain their birth certificates as evidence of nationality and sometimes for other causes.

Even Canadians who have resided for many years in the States and who have come to Canada on a holiday trip are finding difficulty in getting back across the line.

On Pilgrimage to Ste. Anne.

For several days a lady, whose home for many years has been in Lynn, Mass., has been detained in Sherbrooke. She came to Canada on a pilgrimage to Ste. Anne. On returning she was refused readmission to the States. She was told that she must get two copies of her birth certificate. She wired to the bishop of the diocese where she was born in New Brunswick and received two copies, one in French and one in English. She was then told that the French copy must be translated and attested before a notary. When this was done she could not proceed because the U.S. official was for the moment out of the necessary printed forms.

Another somewhat similar case is that of Mr. David Adam, for 17 years a resident of Lawrence, Mass., and a native of St. Isidore, Que. Mr. Adam came north on a holiday trip. On the return journey he was turned back at the Derby Line port as he was travelling by motor. Birth certificates, head tax and other things were required. He was married in the States and all his children were born there.

His friends claim that Canadians living in the States, coming to Canada on a brief trip, are exempt from immigration visa under clause seven of the U.S. Immigration law amendments which reads: "Excepted persons. An alien lawfully resident in the United States who is returning from a temporary visit to the Dominion of Canada Newfoundland, the Republic of Mexico, or the Republic of Cuba, whether such alien is or is not possessed of the return permit referred to in the foregoing paragraph."

The Amendments.

The amendments to the U. S. immigration laws are summarized in a circular issued to agents and conductors of the railways as follows: Immigration visa when required: With the following exceptions, all aliens seeking entry to the United States must be possessed of an immigration visa.

(1) A government official, his family, attendants, servants and employees.

(2) An alien visiting the United States temporarily as a tourist or temporarily for business or pleasure.

(3) An alien in continuous transit through the United States.

(4) An alien lawfully admitted to the United States who later goes in transit from one part of the United States to another through foreign contiguous territory.

(5) An alien entitled to enter the United States solely to carry on trade under and in pursuance of the provisions of a present existing treaty of commerce and navigation.

(6) An alien lawfully resident in the United States who is returning from a temporary visit abroad and who is possessed of an unexpired return permit.

(7) An alien lawfully resident in the United States who is returning from a temporary visit to the Dominion of Canada, Newfoundland, the Republic of Mexico or the Republic of Cuba, whether such alien is or is not possessed of the return permit referred to in the foregoing paragraph.

It will be noted that immigration regulations insofar as Canadians visiting the United States as tourists or temporarily for business or pleasure, have not in any way been changed, but in order to avoid inconvenience or delay at the border, agents should impress upon such passengers the advisability of carrying documentary or other satisfactory proof of their status.

Passport visas (not immigration visas) are still required in connection with persons residing in Canada other than Canadian or United States citizens, or British subjects permanently domiciled in Canada, who desire to visit the United States.

Definition of classes from whom visas not required:

(1) The term "government official" shall be construed to mean an official of a foreign government coming to the United States upon business of his government, whether for temporary or permanent stay.

Precautions Necessary.

It will be seen from the above that unusual precautions are necessary in the case of all international travellers if they would avoid delay

and disappointment often involving considerable expense.

MATTHEWS WILL NOT FIGHT HIS EXTRADITION

Deputy Treasurer of Ontario Will Return to Toronto for Trial.

(Associated Press Despatch) SAN FRANCISCO, Aug. 1.—Charles A. Matthews, Jr., former Deputy Provincial Treasurer of Ontario, under arrest here as a fugitive from justice, told immigration officials that he would not fight extradition to Canada.

WILL RETURN WILLINGLY.

SAN FRANCISCO, Aug. 1.—"If they want me up there I am willing to go back without making any fight against extradition." So declared Charles A. Matthews, Jr., former Deputy Provincial Treasurer of Ontario, after he had been taken into custody as a fugitive from justice.

Matthews was arrested in Santa Clara, south of here by immigration authorities after identification had been made by Jack Martin, formerly of Toronto. Booked at the police station here under the alias of George Gray and with no explanations by the Federal officials the first intimation that Gray and Matthews were the same person was given in announcement at Angelus Island detention station.

FOREIGN JEWS TO BE EXPELLED FROM TURKEY

Order to That Effect Has Been Issued by the Turkish Government.

(Associated Press Despatch) CONSTANTINOPLE, August 1.—The Turkish Government has passed an ordinance whereby Jews who are foreign subjects and are temporarily resident in Turkey must leave the country. One year's time is given to those Jews who desire to appeal from this order. All Russian Jews and those from White Russia are prohibited from using Constantinople as a transit center.

WEST BOLTON

The funeral of the late R. P. Duboye was conducted from his late residence on Saturday at one o'clock. Rev. Chas. Huxtable preached an impressive sermon. The bearers were Messrs. R. Frost, W. Stone, P. Clark and Arnold Bailey, with Funeral Director G. H. Robb, of Knowlton. Interment was made in the Duboye cemetery beside his late wife, who predeceased him nearly six years ago.

The late Mr. Duboye was one of West Bolton's oldest citizens and had always lived in or near the spot from which his remains were borne, with the exception of a winter spent with his son, Mr. P. C. Duboye, in Richmond, and a short time in Knowlton. Being in feeble health for several years, it was not a surprise to his friends to hear of his suffering from a paralytic stroke the Sunday previous to his death on Thursday. A sad circumstance in connection with his death was the fact of his only son, Mr. P. C. Duboye, being absent, who is still considered past the crisis stage from his serious operation in a Montreal hospital. His wife came at once and was with him to the last and made all arrangements for the funeral. An aunt of hers was buried the following day, her father, Mr. T. Halladay, leaving from the funeral to attend that of his sister.

General Notes

A very pleasant afternoon was spent at Mr. V. J. Allen's on Saturday, when a "kitchen shower" was given Miss Beulah Allen, whose marriage to Mr. G. Claude Whittaker takes place in August. A little wagon containing a very large number of useful and fancy articles, with a miniature bride on the front, drawn by two little boys, viz. Masters Foster Williams and Merton Allen, was borne into the living room and presented to Miss Allen, who proceeded to undo them and read the donors' names, as well as the many verses attached, which were very amusing. A poem, "How to Cook a Husband," presented by Mrs. F. G. Johnson and read by Mrs. G. H. Durrell, afforded much amusement. The recipient, in a kind manner, thanked all for their remembrance, after which refreshments were served, and the large gathering departed for their homes wishing Miss Allen every good wish for her voyage through married life.

Mr. and Mrs. R. Righton and little daughter Mary, of Warden, were guests of Mr. and Mrs. B. R. Mizener on Sunday.

Mr. Alexander Bugler, from England, spent the week-end with her brother, Mr. Ronald Bugler, at Hillside farm.

Mr. T. McKinley spent the week-end in Montreal.

Mrs. George Lynes, of Montreal, spent a few days among former friends and neighbors.

Mr. Edwin Salisbury, of Montreal, is at the home of his mother, Mrs. W. H. Goddard, for his holidays.

Mr. W. H. Goddard, for his holidays, is at the home of his mother, Mrs. W. H. Goddard, for his holidays.

Mr. B. R. Mizener is suffering from blood poisoning, caused from cutting a finger.

BOLTON PASS

Mr. Carl Blunt, of Boston, Mass., was guest of his uncle, Mr. John Pibus, for a few days this week.

Mrs. Otis Cobb returned to her home in Waterville, Me., on Monday morning after a couple of weeks visiting friends and relatives.

Miss M. Manning, of Oakland, Cal., was a guest at Mr. J. Pibus, Sr.'s, for the week-end.

An interesting ceremony took place at Our Lady of Mount Carmel Church, Toronto, on Sunday, when Father Du Vigilant, standing on the church steps with the reliquary containing a bone of St. Christopher in his left hand and a sprinkler in his right, blessed a long line of five hundred automobiles, praying for safety for their occupants.

Mrs. Blunt, Mr. Walton Blunt, Miss Seavy, Miss Richardson, of Granby; Mr. and Mrs. Hugh Pibus, of Cowansville; Mr. and Mrs. L. H. Pibus, Master Harry Pibus, Mrs. Fred Aubin and son, of Knowlton.

Mr. and Mrs. Tibbitts, of Cowansville, Mr. and Mrs. Freeman Norton, of Knowlton, were at Mrs. Mary Gardner's on Sunday.

Miss Elizabeth Pibus went to Newport on Tuesday.

Mr. and Mrs. Orin Wing are spending some time with their daughter, Mrs. Don Fuller, at South Bolton.

Mr. and Mrs. Forrest Giddings attended a family gathering in the form of a basket picnic at Orford Lake on Sunday. About twenty were present.

Mrs. Fox, of Montreal, is spending some time at the home of Mr. and Mrs. Forrest Giddings.

Mr. and Mrs. Garraway and little daughter, of Verdun, and the Misses Burritt, of Montreal, are spending their holidays at Mr. Fred Knowlton's, Mapleton farm.

Master Clare Devlin, of Toronto, is spending his holidays with his cousin, Donald Pibus.

MANSONVILLE

Mrs. Borbridge, of Calgary, Alta., is a guest of Mrs. E. R. Shepard.

Mrs. Mary Aiken was in Sutton last week to assist her son, Mr. A. Aiken and his family, who have moved to Orleans, Vt.

Master Grant George is visiting his aunt, Mrs. O. E. Harrison, in Sherbrooke.

The results of the examination in Grade X have been received and the pupils Maud Thayer and Winston White, were both successful in passing.

Birds Of The Eastern Townships

(Written by Bertha Price)

"Listen! Just listen to that!" exclaimed one of a group of young people who were enjoying an evening stroll through a wooded section on the hills of Hatley. "Isn't that sweet?"

"Yes, indeed. 'What is it?' asked another.

"Oh, it's a—chickadee, or a swallow, or—"

"Don't be flippanant," retorted the girl who had walked along in silence. "Surely you must know that music is the evening song of the hermit thrush."

A full chorus of: "Oh! So that is the hermit thrush." Then they all joined in animated conversation with birds as a topic.

"How many different kinds have you here?" a fair visitor from across the border questioned.

"That's a poser!" cried one of the boys, and as no one appeared eager to give the desired information a summary of the birds of the Eastern Townships was made, a fair number being enumerated on fingers, each one endeavoring to outdo the other in bird lore. The total was twenty-nine; one girl, a Sherbrooke high school girl, named seven, "that I'm sure of," she explained.

The Wraith hovered near and, convinced that here was the time to intervene on behalf of the bird census, she waved her flimsy mantle (really an evening zephyr) and whispered:

"Children of earth, there are one hundred and eighty-eight varieties of birds in this section of the Eastern Townships. Mr. Henry Mousley, of Hatley, will vouch for this statement. Of these there are twelve winter residents, and while some are rare, most of them are to be found in our woodlands, our fields, along lake shores and in towns and cities."

This information was accepted gratefully, one of the party remarking:

"And we could name only twenty-nine out of that large number. Whew!"

"Do not feel too badly about it, young man," whispered the Wraith. "There are many residents of the Eastern Townships who could not name that number."

Our Native Birds.

Then the question arose: "How many of our native birds do we know by sight, or sound, or both?" and the merry group became thoughtful as they unanimously acknowledged that they could count the birds with which they were familiar on their fingers, some using one hand only.

This fact alone strengthens the argument that the study of bird life in our schools is needful both for the welfare of the birds and the betterment of boys and girls. Someone once said that familiarity breeds contempt, but it does not apply to the sweet familiarity that exists between the bird student or bird lover, and the birds themselves.

Listen to the hermit thrush when he is singing his vespers hymn, or his morning song of love and good will toward all. You will not feel out of sorts with your neighbor, even though his hens have stratched up your choicest flower bed. Watch the domestic life and conubial bliss of Mr. and Mrs. Robin and you will not scold if they do take a few berries and strawberries. You will remember that a diet of garden worms, no matter how fat and juicy they may be, becomes monotonous at times to these tireless toilers and sweet singers.

"We are so ignorant of what the birds are doing at their nests," remarked Mr. Mousley in a conversation, "just as we think of flowers as blossoms without giving a thought to their roots or the earth they grow in; their parentage, their habits and their needs."

Among our best known and most loved native song birds are the robin, bluebird, oriole, song sparrow, chickadee, phoebe, vereo, the gold and the purple finches, the wax wing, flicker, meadow lark, the cat bird who is the clown of birdland, the hermit, Wilson's and olive-backed thrushes, the hummingbird and the warblers.

Of the latter Mr. Mousley has found twenty-five different kinds in a radius of fifteen miles, with Hatley as a centre; and considering that there are fifty-five different kinds in America, the record is good for the townships. It takes an expert to designate these tiny minstrels, but we can all listen to their music and try, by careful attention and keen interest, to make acquaintance with them.

Among the warblers are many beautiful singers. The northern water thrush is one of the sweetest. Mr. Mousley says:

"It is a secretive bird. I have never found a nest, though I have watched the birds feeding their young."

The so-called wild canary, which is either the gold finch or the yellow warbler, is a general favorite as a songster, and our summers are brighter and happier for the music provided by these twenty-five different birds known to the initiated.

as warblers.

Mr. Jack Miner, when in Sherbrooke last winter, said that without doubt the martin could be persuaded to become one of our good neighbors, but as yet they are very scarce. Mr. Mousley says that he has only seen one bird, and adds:

"I wish someone could tell me where I might find a family to get correct records. It is a lovely bird to have around our homes."

Continuing the conversation he stated that at times the tree swallow is mistaken for the martin, and related incidents when the former had arrived at martin houses ahead of the desired tenants and had driven the martins from their rightful homes. This fact forms a problem for the one who wants to introduce martins into a neighborhood, as it proves the statement that "the survival of the fittest" exists in birdland.

A New Neighbor.

Perhaps few people know that we now have the English starling in the townships. Two years ago they were located at Magog, and last year Mr. Mousley found that a pair had nested in the hall at the top of the spire on St. James' Church at Hatley. Close watching this year revealed the fact that family contention began when the young ones decided to build a nest there. The parents drove them off, and Mr. Mousley lost sight of them. Later, however, he was delightedly surprised to locate the birds in another part of the village, and found that they had made their nest in the belfry of the Methodist Church. Therefore Hatley has both Anglican and Methodist English starlings who have solved the housing problem in a businesslike way, and have given an example of church union in bird life that is quite exemplary. These starlings, Mr. Mousley states, brought up two broods each.

A young Englishman living in Sherbrooke noticed some starlings on the fair grounds, and a little observation revealed the fact that there are two pairs rearing their families there.

Doubtless other families of the birds, which were introduced to America by the liberating of sixty pairs, then forty pairs, will be located and reported, and it is hoped they will have become Canadianized. Those under Mr. Mousley's observation came in March and remained quite late in the autumn. (Were seen last on December 10.)

Game Birds and Bird Menaces.

The ruffed grouse is one of our best known game birds, and it is stated that they are very plentiful this year. The writer watched a nest having fourteen eggs for several days in hopes to peep at the chicks, but was disappointed. They are adepts in the art of "camouflage."

Great misunderstanding exists regarding some of our birds of prey, especially as to the hawks, many of whom are good friends to the farmer and householder. Children, especially the boy with the catapult and air gun, should be taught the difference between the harmful and helpful hawks, while many adults might learn a thing or two about these birds before shooting them promiscuously.

The tramp sparrow is not a favorite with people any more than with birds, but he is not a menace in the country. So many die in the winter that their number is kept down, and bird life is more free, but here another menace presents itself in the form of the red squirrel, who is undoubtedly the birds' enemy.

The owl and crow, while quite

common and often harmful to small birds, have their good points. They must have their place in the list of our common townships birds, and should be studied in their natural haunts as well as made to keep their proper places.

SHERBROOKE CLEARING HOUSE RETURNS

The total clearings at the Sherbrooke Clearing House for the month of July, 1924, were \$3,899,614.17. The total for the corresponding month in 1923 was \$3,809,692.84, and for 1922, \$4,121,950.28.

The clearings for the week ending July 31, 1924, were \$609,765.00, for the corresponding week in 1923 they were \$769,166.71, and in 1922, \$1,006,823.38.

SHERBROOKE WILL HAVE A NEW LAWYER

Sherbrooke is to have a new lawyer in the person of Mr. Eugene Rivard, son of Mr. and Mrs. J. A. Rivard, of Compton, who intends opening a law office at 66 Wellington street, North.

Mr. Rivard was a former student of St. Charles Seminary, where he received his Bachelor of Arts Degree, and later at Laval University, where he took his law course.

Mr. Rivard was formerly employed on the staff of the "Tribune", and while working for that firm made many friends in the city who are glad to welcome him back and wish him the best of luck.

CHORAL SOCIETY HELD LAWN SOCIAL

A band concert and lawn social were held on Portland Square last evening in aid of the Choral Art Society of Sherbrooke and Lennoxville. A similar event was held recently in Lennoxville for the same purpose. The band of the Sherbrooke regiment was in attendance with Bandmaster Hayward conducting. Ice-cream, soft drinks and home-made candy sold, and, despite the coolness of the evening, a good sale was reported. The attendance was about average at such events in Sherbrooke.

Mrs. Salter was the convener of the evening's entertainment and assisting her were Mrs. Humphrey, Mrs. Green, Mrs. Havard, Miss Hodge and Miss Lothrop.

SHERBROOKE MEN ATTEND FRENCH COURSE

A number of Sherbrooke young men attended the annual summer school at McGill University, which closed yesterday. This was conducted in Royal Victoria College for over five weeks and was for the purpose of promoting the speaking of the French language by English people.

During the five weeks the students, who numbered around one hundred and fifty, were not supposed to speak English at any time, except on Sunday. A number of professors were in attendance, including Mr. S. J. McGowan, formerly French specialist at the Sherbrooke High School. Lectures were delivered and general conversation took place in the mornings, while the afternoon were devoted to excursions to various points of interest in Montreal, all the time nothing but French being spoken. In the evenings, concerts, dances and other entertainments were on the programme. The course was open to men and women and they assembled from many different parts.

Of 75 who wrote the exams, 74 passed. Those from Sherbrooke who took the exams were Mr. Alfred Penale, who obtained a first class diploma, and Messrs. Neil and Hugh Skinner, who got second class ones. 61 others did not write the exams, but got a certificate for their work. Messrs. Carl Skinner and Gerald Rowell were in this group. The diplomas and certificates were presented by Sir Arthur W. Currie, Principal of the McGill in Royal Victoria College yesterday morning.

FINAL ARRANGEMENTS MADE FOR ALUMNAE REUNION OF BISHOP'S UNIVERSITY TOMORROW

The officers and members of the Alumnae Society of Bishop's University at a meeting last evening made all final arrangements with regard to their reunion which is to be held at Bishop's University, Lennoxville, on Saturday at two o'clock.

There is to be a reception of guests between 2.30 and 3.30. Tennis, croquet and lawn bowling between 3.30 and 5.30, and a dinner at 6 p.m., at which Prof. E. E. Boothroyd will make the principal address in the absence of the Principal, Rev. A. H. McGreer, who is sailing for England. The address of welcome will be given by the President of the Alumnae Society, Miss M. Hume. After the dinner, there will be dancing until 11 o'clock with an orchestra from Sherbrooke furnishing the music.

The Committee in charge of tennis, under the Chairmanship of Miss G. Drummond, is Miss M. Martin, Miss Hazel Bennett and Miss E. K. Standish, with Mr. R. O. Bartlett and Mr. A. E. Bartlett.

The Committee in charge of lawn bowling is Miss M. Hume, Miss Dora Baldwin, with Mr. Aylmer Morris and Mr. Hugh O'Donnell.

The croquet will be arranged for by Miss Hazel Bennett assisted by Miss R. Hopkins.

The dance arrangements are in charge of Miss Iris Nichol. She will be assisted by Miss Francis.

LENNOXVILLE

Lennoxville Band Gave Concert. The weather not proving favorable for the fortnightly open-air band concert, it was held last evening, the Lennoxville Band giving a generous number of selections. Although the evening was cool, the attendance was good, and the Women's Institute took advantage of the concert to hold a lawn social on the Town Hall grounds. Ice cream and cake were served at small tables effectively trimmed with sweet peas, while home made candy was dispensed from a special booth. Cones were also sold to those desiring them. The proceeds will be used in the work of the Institute.

General Notes. Mr. John Paige, whose return from Illinois was postponed by illness, arrived on Wednesday. Mr. and Mrs. Arnold Bown and little daughter, Mrs. Hooper and Mrs. C. Hooper have returned from a visit to Mrs. Bown's and Mrs. Hooper's sister, Mrs. Connell, of Boston, motoring through the White Mountains and on their return trip visiting several of the beaches, as well as many other points of interest along the way. Dr. T. E. Burton's office will be closed until August 11th.

Wilson, Miss Marion Matthews, with Mr. J. K. Flaherty and Mr. R. O. Bartlett. J. K. Flaherty will be in charge of the transportation Committee, who are looking after the parking of autos.

Professor and Mrs. E. E. Boothroyd, with Prof. and Mrs. A. G. Hatcher will receive the guests on the lawn, and will act as chaperons for the occasion.

ARRESTED FOR ABUSING A HORSE

Theodore Jacques was arrested yesterday by the local police on a charge of abusing a horse. Jacques appeared in the Recorder's Court this morning and was fined \$5 and costs or five days in jail.

Apart from this arrest and one or two other arrests on slight charges, activities in the local police court have been very quiet during the past few days.

NEW TARIFF FOR HIGHWAYS

A much needed piece of work is being done on the Government highway between Sherbrooke and Newport, this being the laying of tarmac on the section of the road made of that material. This part of the road has been in poor condition for several years and the work being done will be welcomed when finished. While in progress, however, it is causing considerable worry to many automobilists, as the cars get splashed with the tar and skid badly, making it hard to steer properly. This trouble must, however, be expected while this necessary work is going on.

STREET CAR AND AUTO TRUCK COLLIDE

An accident which might have had very serious results occurred this morning about six o'clock when a street car and one of the city's auto trucks came into collision.

It appears that the auto truck was parked on Ball Street, facing westward. A Belt street car was coming down Alexander Street, and when it was nearly at the corner of Alexander and Ball Streets, the truck backed out of Ball Street onto Alexander Street. The street car was so near the truck that it was impossible for it to stop in time to avoid striking the truck.

No one was injured, but the street car was considerably damaged, the truck, however, was practically not damaged at all.

REGATTA NEWS

The Committees in charge of the different contests report that entries are coming in very satisfactorily, and that everything looks promising for the big event on the ninth.

A large number of prizes have been offered by the different interested parties, and these prizes are now displayed in the window of Messrs. Codere & Sons, Wellington Street.

Anyone desiring to take part in the regatta should not delay making application. Entries will close on the 6th, but can be made now with Mr. Richardson, Crown Laundry, or Mr. McVie or Mr. Peak, at the Y. M. C. A.

The committee in charge of the swimming events at the Regatta to be held on August 9th, are anxious to have all registrations in as early as possible. The events will be a Girls Swimming Race, 25 yards; Boys Swimming Race, 50 yards; Men's Swimming Race, 100 yards; Duck Race.

IMPROVEMENTS ON ROSEN. BLOOM'S STORE

Extensive improvements on one of Sherbrooke's old and reliable stores are about to commence shortly. This is the firm of J. Rosenbloom and Company, Wellington street, which has been dealing in men's clothing goods since 1898.

The improvements are to take the form of new entrances and enlarged windows. The present windows are too small to display necessary goods and objects in the windows are at a disadvantage by the sharp corner. The new windows will have a width of over twelve feet of displaying room and will extend the whole length of the store. The entrances will, therefore, be further back from the store and will be approached by a gradual ascent from the sidewalk instead of the present step. The windows will form a wide V from the doors out to the sidewalk, thus doing away with the corners in the present windows.

Later it is the intention of Mr. Rosenbloom to extend his store further back to take the place of the store space being lost by the wider windows. It is declared that the new store will be very modern and will show up favorably with any other stores of the city.

PRICE OF BREAD IS NOT CHANGED IN SHERBROOKE

One Cent Advance Is Reported from Ottawa and Toronto.

So far the price of bread in Sherbrooke remains the same, and an increase has not been noticed here. Reports from different Canadian cities, however, state that there has been an increase in the price of bread in some places.

Speaking to Mr. Allatt this morning the Record was informed that so far the price of bread in his bakery was the same. "But I am prepared to make any definite statement regarding an increase in the price of bread. Flour has gone up one dollar a bag, but whether or not that will alter the price of bread I am not in a position to say at present," Mr. Allatt said.

Mr. W. G. Lynn was also interviewed by the Record, and Mr. Lynn had much the same statement to make as had Mr. Allatt. He said that up to the present time he had not raised the price of bread, but stated that he could not be sure of the future. Mr. Lynn also remarked that flour had gone up one dollar a bag, which of course is quite an increase.

UP ONE CENT IN OTTAWA

OTTAWA, Aug. 1.—Commencing today Ottawa bakers have decided to increase the price of bread owing to the recent advance in the price of wheat and flour. The advance will be one cent a loaf, making the price of a twenty-four ounce loaf 11 cents for wrapped and special bread, and ten cents for unwrapped bread.

ALSO IN TORONTO

TORONTO, Aug. 1.—Bread prices were increased here yesterday by an addition of one cent for twenty-four ounce loaf being made.

CAPELTON BOY, N.W. POLICEMAN, NOW U.S. SOLDIER

New York Paper Contains Article on His Transfer—Tired of the Prairies.

CAPELTON, Aug. 31.—(Special)—John Henry Pope, Jr., son of Mrs. J. Pope, of this place, former Canadian Northwest Mounted policeman, has enlisted in the U.S. Army.

A New York paper which has come to hand contains the following: With two years to his credit as a lonely far north patrol in the Canadian Mounted Police, John Henry Pope, Jr., of Canada, enlisted in the United States Army Monday. He will go to Hawaiian Islands Monday night to join the infantry outposts there.

"I came down here to join the uniformed service where I'll have friends," he told The Journal. "I'm well near tired of nothing but the prairies, a horse and dogs, you know. I think I'll like Hawaii. There'll be more things there to interest a young man than on the far north prairie, don't you think?"

When Maj. R. L. Weeks, of the Merchants Bank building headquarters staff, assured Pope there surely would be things of more interest in Hawaii Pope signed up for three years, but after his eye caught the pictures of the Hawaiian dancers and surf bathers.

Pope was a constable in the Canadian Mounted Police. The former name of Royal Northwest Mounted had been succeeded by the new name several months ago. The common belief in the States that a mounted man must follow "his man" to the ends of the earth "is all common chatter, you see," says the new recruit. "In Canada a mounted man must appear in court to press his own case like your lawyers do here, you know, and we are specially trained for this feature of the work."

"I was stationed at Brandon, Manitoba, and was given what we call the far north patrol. That is, you see, I had 90 miles of prairie to cover in a temperature of 50 below zero. Prince, my dear old horse, and I were the only living things there for weeks at a time. Then I had dogs for mushing over the snow. What was I there for? Well, you see, I'm after Indians who are wanted by the law. The Indians many times gave themselves up when caught alone in the prairie and snow."

Pope is tall, well educated, and a likeable sort of a chap. His enlistment in the Service Monday marks the entrance of the first mounted man through this office, Major Weeks said.

Responsible for the Eastern Townships Boys Conference, was held at the Y. M. C. A. Chairmen of Committees were appointed and the proposed programme for the Conference was ratified.

The Chairmen of Committees for the Conference are as follows: General Chairman, C. K. Tate; Finance Committee, J. H. Hunter; Registration Committee, E. T. Harbert; Billings Committee, H. Griffith; Reception Committee, Messrs. Bell and Bouchard; Pulpit Supply, McVie; Banquet Committee, E. Johnson; Publicity Committee, McVie and Tate.

The dates arranged for the Conference are October 10th, 11th and 12th. The leaders will be Mr. L. A. Buckley, who was the leader of the Conference last year, and who is without doubt one of the finest workers for Boys in Canada, and Mr. Cecil Brown, the General Secretary of Westmount Y. M. C. A., who in the past has given the boys of Sherbrooke some of the finest talks they have yet heard. Assisting these it is expected there will be Principal Halpenny and Professor Cavan of Stanstead.

NEW COUNCIL TO BE ELECTED AT SCOTSTOWN

Several Members of Old Council Resigned Owing to Difference Over By-Law.

SCOTSTOWN, Aug. 1.—Nomination and election of new councillors to replace those who resigned were as follows: D. L. McRitchie, Jos. Langlois, John McDonald, J. N. McIver and S. A. Scott, who replace R. D. Farley, Mayor, A. Gobeil, Geo. Cowan, Payson Sherman and Neil McKenzie.

The retiring councillors resigned on account of the by-law to spend \$38,000 to consolidate the debt and build a new bridge and waterworks, which the people turned down. The next meeting of the Council will take place on Monday, August 5, when a mayor will be elected.

CONFUSION OF TIME.

The Hon. George H. Boivin, M.P., for Shefford, in his address at the E. T. Boards Convention, at Magog, suggested that this organization undertake the task of bringing about the adoption of uniform time for the whole Eastern Townships. Mr. Boivin pointed out that the Federal Government had not and would not enact a uniform summer time for the whole Dominion, because the agricultural districts were opposed to advanced time while the urban centers favored it.

The task which the member for Shefford has set for the E. T. Boards is, therefore, one in which the Parliament of Canada has failed with all its legislative power.

The Eastern Townships as a territory does not differ greatly, comparatively speaking, from the larger realm of the Dominion as a whole. We have urban and rural districts where views with regard to summer time vary as greatly as in any other part of the country. Half a dozen towns have enacted summer time while all the rest of the territory continues on standard time. If uniformity is desired the only course to pursue would be to persuade the towns to abandon their advanced time and leave things as they were and as they will continue to be so far as the rural districts are concerned.

The only place for effective action to put an end to confusion of time is Ottawa. The power rests with parliament and in the absence of its application the people of the cities and the people of the country will operate their watches to best suit their own convenience.

THE K. K. K. MENACE.

Is the Ku Klux Klan organization gaining a foothold in Canada? Its menace has become so great in the States that it has become a national issue. Its method of taking the law into its own hands has caused riots and destruction and disorganized authority.

It would appear that in the West the approaching menace of the K. K. K. is already felt. The Vancouver Sun has the following editorial comment:

"Membership in the Ku Klux Klan must be made a criminal offense in Canada, because, if permitted to grow and spread, that organization will have the same cancerous effect in the Dominion as it has had in the United States.

"The Klan, a branch of which has been formed in Vancouver, is a purely anti-Catholic and anti-Jewish organization. It has committed more bestial atrocities, provoked more bitter religious prejudice, aroused more inter-racial intolerance, and given a greater setback to national progress than any other device of the devil that has come into the world in the last thousand years. It is a retrogressive force inimical to civilization and debauching to the best interests of mankind.

"This Dominion was born with a heritage of religious and racial dislike. Generations of Canadian statesmanship have been devoted to eradicating that stupid dislike, until, today, Catholic French-Canadian and Protestant Anglo-Canadian live together in mutual trust, tolerance and affection. The whole trend of Canadian thought and action, just now is toward eliminating the little dark patches of factionalism and sectionalism that yet remain.

"If the Ku Klux Klan is allowed to gain a foothold in Canada, 150 years of unifying effort will be a total loss, and the realization of united national ideals will be farther off than ever before.

"No religious war, no racial war, will be tolerated in Canada. And it is up to Ottawa to say so plainly and definitely without delay."

UNLIGHTED VEHICLES.

Efforts have been made to have enacted as a part of the traffic regulations of the province a provision ordering that all conveyances upon the public highways at night shall carry lights. The governmental authorities have refused to pass such a law on the ground that rural sections are opposed to it, or at least that of the rural public which still travels by means of horse drawn vehicles.

And yet the law if applied, particularly on motor roads, would be wholly in the interests of their own protection. The man who rides along the Government highways at night in a horse drawn vehicle, without lights, is in constant danger in spite of all that the motorist can do to protect him.

In Quebec the urgent need of some regulation in this regard is being urged. The Quebec Telegraph says:

"Grave dangers undoubtedly lurk at night upon country roads in the number of vehicles of one kind and another, particularly buggies and bicycles, which fail to carry lights both in front and rear to warn motorists of their presence. One motorist in giving his experience tells of meeting on a country road in the space of one hour, four horse drawn vehicles, three bicycles and one man lading a horse and carrying no light. As he says: 'It is hard to understand why people will take such chances. Particularly in cases where there is much dust created by passing cars, and with the glare from approaching cars, it is absolutely impossible to see these people in rags, on wheels or walking. In our car a man who sat with me in the front seat, as well as myself, were looking ahead all the time watching for these lightless vehicles, and we escaped one just by a matter of inches in a cloud of dust and a glare of approaching lights.' It is one of the most dangerous practices on the road. There have been fatal accidents all over the country from this same cause, and the wonder is that a person will venture on these much-travelled highways without the precaution of displaying or carrying lights."

There is no desire on the part of the motorist to place any undue obligation upon the man who travels by other conveyance. The motorist, however, feels that he is himself under handicap in his effort to avoid collision with these other

travellers. Dust and the glare of motor head lights add to the difficulty. On the roads leading from Sherbrooke, particularly in the evening following market day, there are many horse drawn rigs. Few of these carry lights. Do they realize their imminent danger? Without lights, particularly on the Government highways, they are constantly defying death or injury. Regulation or no regulation, as a measure of self-protection, these travellers should carry warning lights.

PRESS COMMENT

INTERNATIONAL SPORT.

Sport, of course, can be overcome. The greatest menace to its usefulness is the spirit which sees victory as its only end. The self-assertion which this point of view involves is the ruin both of true sport and of those who succumb to it. The chivalrous ideal of the true sportsman is to try his best to win, but to rejoice that the best man or the best side should carry off the prize. When that sense prevails, sport, in its proper place in life, can do nothing but good. International sport has a great future before it. It will promote the unity and brotherhood of man just in proportion as those who enter its competitions are inflexibly faithful to the best traditions of good sportsmanship.

BABIES BY THE TON.

We are certainly working up to a fine point when we measure our baby crop by the ton and appraise its value in dollars and cents. If this thing keeps on the stork will have to revolutionize his industry. His great ambition was to reach high numbers and it is doubtful how he will take to the idea of directing his activities toward tonnage production at so much per ton.

It is interesting to know that California produced 260 tons of babies during the last year, of an average economic value of \$154 per baby. That adds \$39,000,000 to the value of the State's products. All this information comes from the Bureau of Vital Statistics of the State Board of Health. L. E. Ross, chief of the bureau, has figured it out.

We do not know what it all amounts to or what great benefit it will be to the populace, but we cannot submit without a protest to referring to the great California baby as we would to the fruit crop or the coal supply and appraising it as a merchant would the goods on his shelves. Every California baby is worth its weight in gold and that is sufficient. What is really important is: How many are there?

MAKING CANADA KNOWN.

Senator Beaulieu, who spent the summer and autumn of 1923 on the Continent of Europe with the Canadian Exhibition Train, for which he displayed the natural affection of a proud parent, believes that Canada could do most effective immigration and commercial intelligence work by keeping an exhibition on wheels constantly moving through the countries of continental Europe from which it is hoped to obtain settlers and with which it is desirable to do an increasing business. The tour through France was the sequel to the journey across Canada in 1921 of a French Exhibition Train, which was visited by great crowds. The Canadian Exhibition in France and Belgium was housed, not in a railway car, but in motors, and it is estimated that it was seen by over three million persons at a cost to Canada of \$100,000. The French Government provided thirty entirely new motor cars with special devices for hauling trailers, and thirty steel trailers, each taking the shape of a large show window by the lifting of hinged panels. There were also motors and trailers and a dynamo car for moving picture display, baggage car, repair car and cars for a personnel of fifty men. The entire equipment was of battleship grey with a wide blue band bearing the words, "Exposition Canadienne."

EASTERN TOWNSHIPS FARMER

RECENT INVENTIONS OF INTEREST
TO EASTERN TOWNSHIPS FARMERS

(By C. J. Lynde, Macdonald College, Que.)

FLEXIBLE DISC PLOW

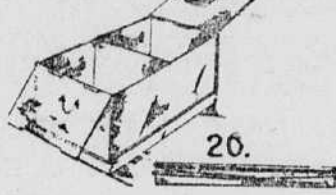

The novel feature of this scraper is the inverted U bracket which allows the scraper to meet the disc at

an acute angle. The scraper is adjusted to stand a little off the disc and the pressure of the furrow slice presses it against the disc.

FOLDING EGG CRATE

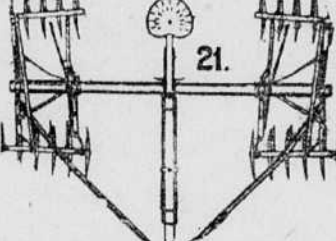

The sides of all walls of this crate are provided with funnel sleeves which align in alternation with simi-

sleeves on adjacent sides. The crate is secured in open position by passing pins through these sleeves. It is folded up by removing the pins and folding the sides inwardly as illustrated.

ORCHARD DISC HARROW

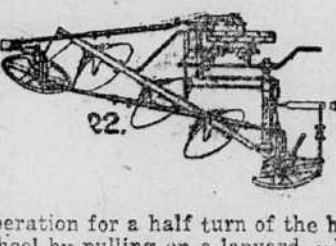

In this harrow the gangs are mounted on sleeves which slide on the tubular axle. They are held

part as required by collars clamped on the axle at their inner ends. Drawn forward, the gangs incline to close in and backed up they spread apart. The collars are loosened and the gangs adjusted in this way.

POWER LIFT PLOW

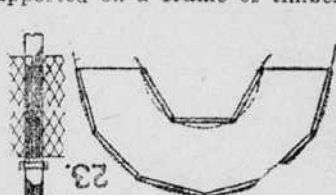

In this plow a clutch drum and a clutch plate are connected with the land wheel and are brought into

operation for a half turn of the hand wheel by pulling on a lanyard, which is carried forward to the tractor. The rotating clutch plate operates a link which raises and lowers the gangs by the plow's own power.

STACK FORMING APPARATUS

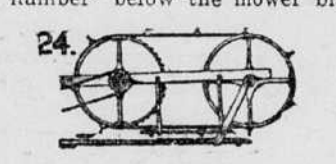

This semi-circular stacker is filled from the thrasher at the centre. Supported on a frame of timber or

iron pipe is a permanent lower portion of wire mesh with a temporary extension of canvas raised on pulleys. The ends and extended sides are afterwards removed, permitting stock to feed from the ends only without risk of the pile falling.

WEED CUTTING DEVICE

This device is designed to fit on a binder with its gathering arms "six in number" below the mower blade.

A series of toothed cross bars rotates round the large sprocket wheels and the teeth pull such weeds as Russian Thistle right into the teeth of the mower blade.

QUEBEC APPLE GROWERS LOOK FOR BIG CROP

Quebec Will Have Fine Crop—Predictions Not So Good for Rest of Canada.

An apple crop fully 75 per cent greater than harvested last year is predicted for the Province of Quebec by R. E. Robinson, of the local branch of the Dominion Department of Agriculture. Early apples in abundance give promise of filling the demands of the local market for "fameuse" and McIntosh reds, which last year were brought in at fancy prices from New York State owing to the small crop in this vicinity. Estimates from St. Hilaire are given for a harvest of 40,000 or 45,000 barrels; and a good crop is likewise expected at Rougemont and Abbotford. Especially in the latter neighbourhood the apples are said to be of very good quality.

While the apple harvest will be a satisfactory one, it will not be early. Picking time will not be before the end of August, two weeks later than last year. It was pointed out by Mr. Robinson that the early and fall apples constitute the most important part of Quebec's export as this does not to any extent produce winter varieties. The promising conditions which exist here, however, extend to Ontario, and it is anticipated that the apple season will be a most successful one.

Although the latest published reports for the Maritime Provinces are for the month of June, general optimism was then expressed in regard to the prospects for the yield in New Brunswick, which it was estimated would be 100 per cent. of that of 1923, or 69,300 barrels. However, in the Annapolis Valley, the great apple-growing centre of Nova Scotia, experts at that time gave it their opinion that the 1924 crop would be only four-fifths of that of 1923, or 1,638,957 barrels. British Columbia predictions were for a season with a yield only two-thirds of that of last year.

BEEF SCRAP VERSUS SKIM MILK FOR HENS

Possibilities for Realizing Good Value for Skim Milk by Feeding More of It to Hens.

It is an accepted fact that hens must have some form of animal protein in their feeding ration and this is usually supplied by beef scrap. Two years ago an experiment was started in the Experimental Farm, Nappan, N.S., to determine the relative values of beef scrap and skim milk when added to the laying ration. Two pens were made up of ten birds each, as uniform in breeding, age and type as it was possible to select. The rations fed to each pen were alike and constant except that pen 1 received beef scrap and pen 2 skim milk. The results obtained show the possibilities there are of realizing good value for skim milk by feeding more of it to the hen.

The average production from the ten birds receiving beef scrap for the two six-months feeding periods (November 1 to April 30 each year) was 615.6 eggs at a feed cost of \$13.75 or 26.8 cents per dozen, leaving a profit over feed cost of 97.2 cents per bird. In pen 2 the ten birds receiving skim milk over the same period had an average production of 699.5 eggs at a feed cost of \$12.70 or 21.8 cents per dozen, leaving a profit over feed cost of \$1.49 per bird.

By taking the average of two years it was found that 598.7 pounds skim milk valued at 20 cents per hundred and thus costing \$12.00 gave greater returns than 39 pounds beef scrap at a market price of \$7.24 per hundred, thus costing \$2.82. If as believed at the Experimental Farm, the increase in production from the pens receiving milk can be attributed to the value of skim milk as a food for laying hens, it would only be fair to state that the farmer had received slightly better than one dollar per hundredweight for his skim milk when he marketed it through his eggs.

As this feeding test has only been carried on for two years it does not permit our drawing definite conclusions yet. However, the results to date would lead one to believe that a part of the skim milk available on the farm can be very profitably marketed through the egg and would seem to be a more profitable proposition than paying \$7 per hundred for beef scrap in order to supply the amount of protein so essential for profitable egg production. — W. W. Baird, superintendent, Experimental Farm, Nappan, N.S.

STRUCK BY CAR AND KILLED AT SOUTH STUKELY

Aged Woman Was Walking Along Road When Struck by Car.

SOUTH STUKELY, Aug. 1.—Special.—A very sad thing happened here on Sunday evening when Mrs. Charles Gaty was struck by a car and killed. She was walking along the roadside when struck by a passing car. She was in her sixtieth year. The funeral was held on Tuesday morning at ten o'clock in the Methodist Church here. The remains were taken to Granby to be buried beside her husband. She leaves to mourn her loss two sons, Albert and Melvin, with whom she lived.

South Stukely Notes.
Mrs. Susan Goddard returned here on Wednesday after visiting at her son's, Mr. J. R. Goddard, of Knowlton, for a week.

Mrs. C. W. Pettis and Miss Marguerite, of Montreal, spent a few days this week here guests of Mr. and Mrs. W. R. Peters.
Mr. and Mrs. George Gray, of Rock Island, spent the week-end guests of Mr. and Mrs. Wm. McClure.

Mr. Rupert Phillips of St. Johns, spent the week-end here with his parents, Mr. and Mrs. Walter Phillips.

Mr. and Mrs. H. H. Savage and son, Russell, Mrs. W. N. Swett and Miss Margaret Swett spent Sunday in Kingsbury with Mr. and Mrs. Nelson Moffatt. Miss Emily Nixon returned home with them to spend a few days.

Mrs. H. H. Allen and son, Avey, and Messrs. E. and O. Wolfe, of Brownville Junction, Me., spent a few days here this week guests at Mr. E. W. Martin's.

Plans are being made for an ice cream social and sale in the Association hall on August 14th.

SEES HIS OWN MONUMENT UNVEILED.—Tom Wilson, the earliest guide in the Canadian Rockies, was present at the Trail Riders Pow-wow at Yoho Camp, B. C., last week when the above bronze portrait tablet was unveiled to commemorate his many years' pioneer work in marking out Rocky Mountain trails. Mr. Wilson, now 65 years of age and living at Enderby, B.C., reached Lake Louise and the Yoho in 1882. The tablet is fixed to a huge boulder in the centre of some of the loveliest scenery.

BEATING OFFICERS IS NOT SO EASY

ONE CASE WHERE SILK STOCKINGS FAILED IN THEIR MISSION.

(Associated Press Despatch.)
CHICAGO, Aug. 1.—A ruling by Judge John K. Caverly today is expected to end the legal battling over the introduction of testimony of defence witnesses in mitigation of the punishment to be imposed on Nathan Leopold, Jr., and Richard Loeb, for the kidnapping and killing of Robert Franks.

For more than two days prosecutors and defence counsel have debated the State maintaining that evidence as to the degree of mental responsibility of the youths was incompetent, irrelevant and immaterial after a plea of guilty had been entered, and the defence holding that a diseased condition of mind, not amounting to legal insanity is a proper mitigation.

Walter Bachrach, attorney for the youths, was to continue his analysis and comparison of the hundreds of citations from decisions given by the State in support of its contention, when court opened today. Clarence Darrow, chief defence attorney, argued yesterday.

Mr. Darrow's argument was the high point of yesterday's proceedings. His voice, replete with emotional power, thundered denunciations of the prosecution for its "enthusiasm for the death penalty" and was softly tremulous when he discussed the youthfulness and mental condition of his clients.

ANOTHER LEVEL CROSSING CRASH IN ONTARIO

Two Killed Near Milton, Ont.—Third Accident in That Region Lately.

(Associated Press Despatch.)
MILTON, Ont., Aug. 1.—In the third fatal level crossing accident in central Ontario in three days Alfred H. Terrill, and his aged father, Jas. H. Terrill, were instantly killed at Anderson's Crossing, on the second line, Trafalgar, west of Milton last evening when the automobile in which they were riding was struck by an eastbound Canadian Pacific passenger train.

LIGHTNING BOLT STRUCK HOUSE IN WHICH HE WAS STAYING

(Associated Press Despatch.)
MOSCOW, Aug. 1.—President Kalenin, of the Soviet Government, had a narrow escape from death by lightning today when the house in a village in which he had taken refuge during a thunderstorm while on his way from his country residence in Moscow was demolished by a bolt. The driver of his carriage was instantly killed and an accompanying photographer injured.

STOCKS BENEFIT BY LONDON CONFERENCE PROGRESS
(Associated Press Despatch.)
NEW YORK, Aug. 1.—Prospects of an early agreement being reached at the London reparations conference had a bullish effect on sentiment at the opening of today's stock market. Buying orders were again spread over a broad list with an exceptionally good demand noted for the rails and motors. Atlantic Coast Line moved up one point to a new 1924 top at 135, and Houston Oil advanced 1 1/2.

The proposed statue will probably be a companion piece to the bronze figure of Evangeline which was dedicated in Grand Pre Park several years ago. This statue was the work of Henry Hebert, the noted sculptor of Montreal, Canada, and it was cast in France. Mr. Hebert, whose father also was a noted sculptor, has designed several other statues that are in Nova Scotia, notably one of those who lost their lives in the late war which occupies a prominent place in Yarmouth, that province.

RUSSIA HAS NEW PROPOSALS FOR GREAT BRITAIN

Negotiations for Recognition Have Been Long Held Up.

(Associated Press Despatch.)
MOSCOW, Aug. 1.—After a series of hurried conferences with the government respecting the present status of the Anglo-Russian conference, M. Rakovsky, the principal Soviet delegate, left yesterday for London by airplane.

In collaboration with the council of commissars he has formulated a set of new proposals for submission to the British Government, which, in the opinion of responsible officials here, removes the obstacles which hitherto have hindered a successful issue of the negotiations for recognition.

NEW YORK MORNING LETTER

(Associated Press Despatch.)
NEW YORK, Aug. 1.—The market's upturn continues. There is reported to be a very good chance for settlement of the reparations problem within the next few days. Partial agreement now has been reached. The trade reviews today speak of a sharp upturn in retail and wholesale buying, most emphatic in those sections which have benefited by the advance in the grains. The floating supply of most prominent stocks is not a very large one at the present time, and in the case of some of the railroad shares, in particular, little stock is to be had at present levels. Oil and copper shares, although unmistakably behind the market, are gradually being picked up.

INDUSTRIAL ALCOHOL FEATURING OPENING TODAY

(Associated Press Despatch.)
MONTREAL, Aug. 1.—Canadian Industrial Alcohol, with a turnover of about 1500 shares, featured the first half hour's trading on the Montreal Stock Exchange this morning. This issue in addition to accounting for over three quarters of the total turnover registered an overnight gain of 1/2 to the new high of 34 1/2. Spanish River preferred and Montreal Power were the next most active issues and both were unchanged at 115 and 170 respectively. The balance of the market was quiet and firm with the exception of two issues, namely, Cuban Canadian sugar preferred and Canadian Car preferred. The former suffered an overnight recession of 3 1/4 points to 35 1/4, while the latter was off 1/2 to 86. Abitibi, Spanish River common and Steamships preferred were all firmer, registering gains ranging from 1/2 to 1 1/4 points. The first-named sold up 1 1/4 points to the new high of 58. Spanish River was up 1/2 to 109 and the last named moved up 1/2 to 47 1/2.

NEW YORK PRESS MARKET COMMENT

Furnished by McManamy & Walsh
Journal of Commerce—Wall Street is of the opinion that, subject to the usual technical reactions, the trend of the stock market in a general way is still upward.
New York Tribune—Steel rail and specialty stocks led an advance again yesterday which even sizeable profit taking was unable to check for more than a moment at a time.
Wall Street Journal—Bullish enthusiasm that followed the steel report was if anything, increased Thursday and the market surged forward irresistibly.

“My Wife Handles the Money”

The wife deposits —so a business man writes us.
“She can do it better than I. Each pay day she always deposits our savings first. We never buy anything unless we have the cash to pay for it and each year our savings are growing.”
A Joint Account in the name of husband and wife allows the wife to deposit or withdraw money during her husband's absence or when he cannot get to the bank during business hours.
A Savings Account for the children will teach them the value of keeping their money, thus helping them to form the habit of saving.

SHERBROOKE
LOST GAME AT
ST. JOHNSBURYVermonters Won Yesterday's
Match by Score of 6 to 4.(Special to the Record)
ST. JOHNSBURY, Vt., Aug. 1.—
After jumping into a 1 to 1 tie in the
second frame, Jeff Tesreau's hench-
men trampled Jacham's offerings in
the third with three hits and three
runs that won the 6 to 4 victory over
Sherbrooke yesterday afternoon on
the campus. Less than three hun-
dred fans were out to greet the
home team in its fighting back.Both moundmen had busy days,
but Jipper Jordan was more
fortunate in his backing. Sher-
brooke's eleven safe thumps were
all singles besides, while St. Johns-
bury's twelve safe ones went for
seventeen bases, erratic support in
the Canadian infield and a tendency
to throw wildly spelled ruin for the
visitors.In the first of the eighth, with the
score 6 to 1, Jordan had his worst
scare. Eight men faced him with
five hits and a base on error, to
cross the platter three times. A field
out was all that prevented extra
runs.Ralph Jenkins, of Sherbrooke, and
Clarence Parker, of St. Johnsbury,
both took three hits with four
chances. Parker looked mighty wel-
come in centre, with his added stick
work. Billy Murray, at third for the
locals, also played slapstick with
two of three tries, however. Wally
Reed, of the linemen, tied him for
honors with an equal showing.

ST. LOUIS BEAT
THE YANKEES IN
DOUBLE HEADER2 to 1 and 5 to 1 Were Scores—
Giants Were Beaten by Pirates
—Chicago Wins Victory Over
Boston.

(Associated Press Despatch.)

NEW YORK, Aug. 1.—St. Louis' south paws proved too much for the league-leading Yankees yester-
day and the Browns romped home with both ends of a double-header, 2 to 1 and 5 to 4. Wingard in the first game, limiting them to five singles. Danforth was the Yankee nemesis in the second. Babe Ruth was the only one able to solve the left-handed slants of the Brown twirlers, gathering two singles in the first and a home run and a single in the second. His circuit clout was his thirty-third for the season and his fourteenth this month, establishing a new monthly record. His best previous market was established in June, 1921, when he made thirteen home runs.

The double defeat cut down the Yankees lead to one-half game over Washington, as the Senators defeated Detroit by 1 to 0.

Harvey McClellan substituting at second for Eddie Collins, who is out for a few days due to a strained leg, was a big factor in Chicago's victory over Boston, five to four. The Athletics and the Indians broke even in a double-header, Philadel-
phia taking the first 7 to 3, and Cleveland the second, 4 to 3, in a ten innings battle.John McGraw's Giants took another drubbing at the hands of the Pirates in a game that rain limited to six innings. The score was 5 to 0. It was the Pittsburgh team's seventh straight win and places them only eight games behind the League leading New Yorkers. Chi-
cago remains in second place, six games behind.Chicago evened up the series with Brooklyn, winning a closely con-
tested game, 4 to 1.Defeat once more was Philadel-
phia's portion when the St. Louis Cards batted Mitchell out of the box in the first inning, scoring four runs, enough to win. The final score was 6 to 3.

The Cincinnati-Boston game was called at the end of the fourth inning when rain made it impossible to continue play.

GOLF OPENS AT
ST. BRUNO TODAYWhile Several Noted Players
Withdrew, Contests Open with
Many Skilled Players Compet-
ing.

(Associated Press Despatch.)

MOUNT BRUNO, Que., Aug. 1.—
Despite withdrawals of several
noted players from the United
States—notably Walter Hagen,
MacDonald Smith and Joe Kirk-
wood—the first two rounds of the
Canadian open championship, play-
ed today, saw a very classy field
competing for the blue ribbon of
Dominion golf.Thirty-six holes were played to-
day and thirty-six will be staged
tomorrow. The feature pairings
today were those of Gene Sarazen,
former United States open cham-
pion, and Johnny Farrell, New
York; T. G. Armour, former Scot-
tish champion and now of the West-
chester Biltmore Club, and Redvers
MacKenzie, Montreal; Clarence
Hackney, Atlantic City, and G. S.
Lyon, Toronto, veteran Canadian
ex-amateur champion; Tom Kerri-
gan, Siwaney, runner-up in the Can-
adian open on a couple of occasions,
and N. M. Scott, Montreal; George
Cumming, Toronto, and Mike
Brady, Detroit, an ex-Canadian
open champion; Frank Thompson,
Toronto, Canadian amateur cham-
pion, and W. E. Melhorn, United
States player of note; Al Watrous,
Detroit, also an ex-Canadian open
champion, and William McLuckie,
Montreal; and Leo Diegal, Philadel-
phia, and G. Joseph, Montreal.The matches started at 8.30 this
morning, and owing to the large
number of contestants cannot be
finished until late this evening. Only
those players with scores twenty
strokes higher than the lowest card
will qualify for the thirty-six holes
play tomorrow.(Associated Press Despatch.)
