Plane crashes near Compton

Two Coaticook residents were slightly injured in a plane crash early last night at the Compton Veilleux airport. In good condition suffering from a fractured knee, and cut face and neck at Sherbrooke's Hotel Dieu Hospital is Marcel Poulin, 36, pilot of the private plane that plunged into the ground at the airport after the controls failed and a forced landing was attempted. The only other plane passenger, Normand Laferriere, 24, was returned to his house last night with stitches in the thigh, and treatment to his swollen face. Although both were able to walk away from the crumpled craft, the telephone call for medical aid was put through by Paul Veilleux who landed his plane after having watched the incident from the air.

Royal baby expected in 1964

LONDON (CP) — Congratulations poured in from around the world today following an announcement Monday that the Queen is expecting a fourth child early next year. Some of the messages were sent directly to Scotland's Balmoral Castle, where the Queen and her family now are vacationing, and many others were received at Buckingham Palace, her London residence. Crowds of people were gathered around the palace early today to watch for official visitors. Police on duty were often asked when the Queen was scheduled to return. She was expected to interrupt her vacation Thursday to accompany her 13-year-old daughter, Princess Anne, to Benenden school, just south of London, where she will study this year. She is not expected to undertake any more official engagements after returning from Balmoral at the end of October. Meanwhile, the British press saw in the announcement a trend to larger families in the country as a whole. The Daily Mail, commenting on the announcement, rejoiced that the 37-year-old Queen and the Duke of Edinburgh, 42, were "reviving the old tradition of big families."

Mrs. Lina Poulin, wife of the pilot, said this morning that the uninsured aircraft was a total loss.

According to Mrs. Poulin the accident happened as her husband's craft returned to Coaticook from a brief trip. She said that when Mr. Poulin noticed that he was coming into the landing area from too low a level he tried to direct his plane upward.

This is when, she said, "the controls must have failed" and he was forced to land. As he came towards the land strip, he crashed through a fence just before his plane dove nose-first into the land.

Both passengers managed to crawl from the wreck, she said, where they met Mr. Poulin's 12-year-old son. Mr. Poulin, the father of two young boys, is a Coaticook merchant. He received his private pilot licence five years ago.

Proposes fund

VANCOUVER (CP)—Al Hartung of Portland, Ore., president of the International Workers of America, proposed Monday that union workers set up a giant international strike fund. He said each worker should contribute \$2 a month, \$1 to go into the international fund and \$1 to the Canadian Labor Congress in Canada and the AFL-CIO in the United States.

\$500 million order

Russia buys wheat

OTTAWA (CP)—Soviet Russia dropped a pep pill into the Canadian economy Monday, signing to buy nearly \$500,000,000 worth of wheat and flour by July 31.

The unprecedented order poses a great challenge to Canadian transport and handling facilities, Trade Minister Sharp said.

But the economic benefits were seen spreading out from the prairie grain belt into auto, farm machinery and other durable goods industries as well as transport and port employment payrolls.

The contract, largest single one in Canadian history, was cloaked in renewal of a three-year trade pact with the U.S.S.R. The first was signed in 1956 and extended most-favored-nation tariff treatment to Russia, plus providing for some wheat deliveries there.

The new agreement restricts that trade accord, ending the conditions of the expired or second-pact which called on Russia to buy \$2 from Canada—including wheat—for every \$1 spent in Russia by Canada.

By July 31, Russia will take 198,000,000 bushels of wheat and 29,500,000 bushels of flour in wheat equivalent—about a third of this year's near-record wheat crop of an estimated 694,000,000 bushels.

PROVIDES CREDIT
Canada is providing credit up to \$200,000,000 and Russia is paying—probably in dollars—25 per cent down and the rest over 18 months.

These financial conditions are the same as in the second long-term agreement with Red China for a maximum 186,700,000 bushels of wheat up to July 31, 1965.

Canadian wheat and flour exports are certain to hit a record 550,000,000 bushels—worth more than \$1,000,000,000—by next July 31, Mr. Sharp said. The

record is 408,000,000 bushels in 1928-29.

Wheat and flour exports in the calendar year 1962 ran about \$657,000,000 and totalled 333,000,000 bushels for the year ended last July 31.

Mr. Sharp indicated Monday that the public signing of documents that Canada might have sold more to Russia. But the physical demands of moving wheat and other grains into position—for domestic use and for regular customers a broad-limited size of the sale.

UNAWARE OF ORDER

Negotiations began Sept. 3 with Canada unaware of the magnitude of the Russian order. It followed the straight cash purchase worth \$22,000,000 — for 11,000,000 bushels—of Canadian wheat now being shipped. The total of both sales in long tons is 680,300.

After April 17, 1963, Russia will buy another 18,700,000 bushels of wheat.

S. A. Borosov, first deputy minister of foreign trade, signed the trade and wheat deals Monday and blamed the need to import wheat on adverse weather.

More than half the wheat will be shipped from eastern ports although every one in Canada will be used, Mr. Sharp said. In a strictly cash deal, Cuba is getting \$33,000,000 worth of the wheat and flour, unspecified other amounts can go to other Communist countries in Europe.

Exports hurt

PRETORIA (AP) — Figures released Monday indicate that trade boycott threats against apartheid have had little effect except in the case of exports to African countries. Exports to Asia grew 25 per cent in the last five years. Exports to African countries fell by 17,500,000 (\$52,000,000) between 1957 and 1962.

Senator Hubert H. Humphrey, Minnesota Democrat, urged the U.S. to "come to its senses" and allow American farmers to sell wheat to the Russians. Describing the Canadian deal as sound, Humphrey maintained the U.S. is being by-passed in market opportunities because of curbs against doing business with the Communists.

After the U.S. leader makes a brief visit to address the UN Friday, UN sources said the two leaders are expected to be guests of Secretary-General U Thant at a luncheon, and may also confer privately.

On the eve of the session opening it was disclosed that Canada's Milton F. Gregg, 71-year-old former politician, soldier and educationist, is almost certain to head the assembly's administrative and budgetary committee.

IS UNOPPOSED
Gregg was nominated for the post by the Canadian delegation, of which he is a member. A UN spokesman said Monday that no other names have been put forward in opposition.

Dr. Carlos Sosa - Rodriguez, head of the Venezuelan delegation, is unopposed for the assembly presidency. Pearson also is expected to meet with President Kennedy when the U.S. leader makes a brief visit to address the UN Friday.

Already some observers are calling it the "African session." Delegates from 111 member states will hear Mohammad Zafrulla Khan of Pakistan, retiring president, open the session at 3 p.m. EDT in the big blue and gold assembly chamber.

Among the few national leaders present will be Prime Minister Pearson of Canada, who flew from Ottawa by department of transport Viscount Monday night accompanied by External Affairs Minister. The prime minister will address the assembly Thursday, with his emphasis expected to be on ways of improving the UN peace-keeping potential.

MONTREAL (CP) — The 1,400 delegates attending the Quebec Union of Municipalities convention voted Monday in favor of a Coaticook-sponsored motion for municipal income taxes.

Coaticook Mayor Leger Cameron, explaining the motion, said that the municipal property tax was fair at the time when the majority of property owners were also the majority of the wage-earners.

At present, he said, many married women and young people living at home earn wages and benefit from municipal services while contributing nothing towards their cost.

The resolution approving the tax in principle left to the union executive the responsibility of determining the percentage of present federal or provincial income taxes required by the municipalities.

"The rate of taxation is an extremely important question which has not been studied enough to allow us to take a definite decision," Mayor Armand Turpin of Hull, Que., told the delegates.

A federal royal commission and Quebec provincial royal commission now are studying taxation and the Quebec Union of Municipalities is preparing a brief for the Quebec inquiry. "It would be logical to wait for the recommendations of this study before adopting resolutions," Mayor Turpin, a former president of the organization, said.

Mayor Marcel Marier of Drummondville, president of the union, said in a pre-convention interview he believed a municipal income tax would soon be levied. Permission to levy such a tax would have to come from the province and Pierre LaPorte, Quebec municipal affairs minister, said Monday the government is "not now considering such a measure."

The municipalities delegates also voted unanimously to ask the Quebec government for a part of gasoline sales tax revenues. They also voted to ask the province that Crown-owned Quebec - Hydro pay municipal and school taxes on all its property, "not excluding power houses and dams."

Cameron, a small fishing village due south of Lake Charles, was sealed off as rising tides covered the only two highways leading inland.

Only law enforcement officers and civil defence workers remained in Cameron, which vividly remembers 1957's hurricane Audrey which flattened the town and left over 500 dead.

Church guests

VATICAN CITY (Reuters)—Vatican sources reaffirmed Monday that Roman Catholic Church's wish is for improved relations with non-Christians. But they said it would be impossible for Jewish, Moslem or Buddhist observers to attend the ecumenical council Sept. 29.

These sources blamed a misleading Italian translation of Pope Paul VI's Latin announcement Saturday convoke 2,000 bishops and cardinals to the second session of the council for giving rise to false hopes about non-Christian observers.

Quints healthy

ABERDEEN, S.D. (AP)—The Fischer quintuplets went into their fourth day today, breathing easily and with reported good color on all of them.

Dr. James Berbos, who reported the four girls and a boy into the world between 1 a.m. and 3 a.m. Saturday had termed the first 72 hours crucial. He left St. Luke's Hospital shortly before midnight, apparently satisfied his charges were doing well.

Hall opens

MONTREAL (CP) — After much uncertainty, Montreal's costly Place des Arts concert-hall opera house is to open Saturday with a makeshift program far from the gala opera and ballet show originally planned.

However, tickets to the opening at the 3,000-seat auditorium are still selling at from \$15 to \$100 dollars and the art centre says they are going fast.

Baby Malaysia cuts diplomatic relations

KUALA LUMPUR (AP) — Newly-born Malaysia severed diplomatic relations today with its two largest neighbors, hostile Indonesia and the unfriendly Philippines. A screaming, rock-throwing mob stormed the Indonesian Embassy.

The anti-Indonesian violence broke out shortly before Malaysia's one-day-old government announced the break in relations.

More than 1,000 Malays marched on the Indonesian Embassy and 200 surged into the embassy grounds. They set fire to one building, smashed windows and furniture, tore up a picture of Indonesian President Sukarno and denounced him as a liar.

The riot was revenge for a similar mob action Monday against the Malaysian Embassy in Jakarta, the Indonesian capital. Indonesia bitterly opposed the British-sponsored federation of Malaysia — a union of Malaysia, Singapore, Sarawak and North Borneo launched at midnight Sunday night. All are former British colonies.

No one was injured in the 35-minute demonstration here. Riot police, armed with clubs, rifles, and tear gas, made little attempt to break up the melee with force. But police kept demonstrators from crashing through the main embassy gate. Some demonstrators hurled packs of exploding fire crackers at police as others broke through an auxiliary gate. Ten reached the empty embassy flagpole, raised the Malaysian flag and minutes later brought it back down. They set fire to an Indonesian consular building but the blaze was quickly extinguished without much damage. Tunku Abdul Rahman, Malaysia's prime minister, said in a statement his government took its diplomatic action because Indonesia "has broke off diplomatic relations with Malaysia without any apparent reason."

Negroes plan to march on capital of Alabama

BIRMINGHAM, Ala. (AP)—held Wednesday. The three Birmingham Negroes, incensed over the bombing deaths of four of their children, plan to march on Montgomery to lay directly before Governor George C. Wallace their feeling that he is to blame for the slayings.

At their first gathering since the Sunday dynamite blast, an estimated 1,200 Negroes took a unanimous standing vote Monday night to endorse a march on the state house of representatives. The vote came after three integration leaders called for non-violence and accused Wallace of causing the racial tension that led to the dynamiting of the Sixteenth Street Baptist Church. No date for the march was set. Funeral services for 14-year-old Carol Robertson, one of the four girls killed by the blast, will be held this afternoon.

Rev. Fred Shuttlesworth told the rally that mass services for the other three victims will be held Wednesday. bombing and called on all Americans to put aside prejudices and to unite in working for justice and peace. "Words and actions" of Wallace and the segregation system caused the Sunday deaths, Dr. Martin Luther King Jr. said at the rally.

He said Wallace "had allowed himself to defy the law of the land and to deal with Negro citizens in Alabama as if they didn't live in the state." The governor declined comment on the proposed march on the state capital and on King's accusation. He had said earlier he deplored the bombing and hoped the perpetrators would be caught. They have not been caught. Neither have the persons who staged 21 other bombings in the last eight years. FBI bomb experts continued to sift through evidence at the church for clues.

In New York, responsibility for the bombing was laid to Wallace by the 10 sponsors of last month's march on Washington, by a meeting of Harlem clergymen and civil rights leaders, and by Gus Hall, American Communist leader.

The Washington march sponsors, along with several other groups across the U.S., called on Kennedy to guarantee federal protection for Negro citizens of Alabama. Sheriff Bailey said Michael Lee Farley and Larry Joe Sims, each 16, were being held on an open charge in the shooting of Virgil Ware while he rode a bicycle with his brother Sunday. An unidentified white man wounded 17-year-old Oliver Williams in the left arm when the man fired into a crowd of Negroes in suburban Ensley Monday. Williams was reported in good condition. No arrests was made.

man is strictly of the non-forcing variety. The two club response is artificial in all forms, but the opener must respond as follows:
a. Two spades with four or more spades.
b. Two hearts with four or more hearts and less than four spades.
c. Two diamonds with any other holding.
Playing Jacoby - Stayman North has no problem in re-

East and West can make three clubs, but it is rather difficult for either of them to get into the bidding against the opening no-trump.
There is no defense against two spades. In the actual play South ruffed the opening club lead in dummy and led a low diamond to his king. West won with the ace and shifted to a trump. East cashed the ace and led back another trump. South cashed the queen of diamonds and ruffed a diamond.
He hoped to set up two diamond tricks in dummy, but when the suit failed to break South had to content himself by ruffing one more club with dummy's last trump and winding up with exactly eight tricks.

Show Business

By BOB THOMAS
GLENDORA, Calif. (AP)—What New York's World Fair needs is a Sally Rand. So says Sally Rand, an expert on fairs, fans and other matters.
Chicago's Century of Progress in 1933 is remembered more for Sally than any of its attractions. Something similar should be done for New York in 1964, she said, admitting that it probably won't be. Her ideas run counter to those of the fair chief, Robert Moses, veteran city planner.
"Mr. Moses is very set in his ways," observed Sally. "He is determined, in his inimitable wisdom, that there will be no midway at the fair."
"He is a good bridge builder and no doubt expert in matters of landscaping, but I doubt if he has the know-how to put on an exciting and successful fair."
"People got to fairs for fun. Part of the fun and excitement off airs is the midway."
CLAIMS ITS TRADITION
It is the tradition for fairs to be characterized by the female image of one exciting woman. The first Chicago fair had Little Egypt. The early one in San Francisco had Stella. I was at Chicago in 1933, then at San Diego, the Texas Centennial and at San Francisco in 1939-40.
"I understand Mr. (Leon) Leonidoff of the Radio City Music Hall is training 60 rockettes to appear at the New York fair. That's all right, if you like to watch 60 girls kicking their legs in machine precision. But it's rather impersonal. There's not much feminine appeal."
Sally doubts she will be invited to the New York fair—"but there's always a chance; people do change their minds."
Since she readily admits to having been born in 1904, the year of the fair would see her behind the fans at an amazing 60 years of age.
Amazing she is, for she still tours the country for more than half the year, performing the act that made her famous. She works most of the time with the fans, which are pure ostrich and run \$500 a pair. What with all that waving, they must be replaced three or four times a year.

About Television

NEW YORK (AP)—Six new series made their television debuts during the weekend, marking the opening of the fall season.
One program of general interest was ABC's Sunday night 100 Grand, a quiz show that seemed to be a dreary bore.
We were repeatedly assured the show is on the level. Alas, an honest game, big money prizes and people who know everything about the American Civil War or grand opera aren't as entertaining as they once seemed to be.
The 90-minute Arrest and Trial, also an ABC Sunday night entry, proved a satisfactory pair of stories involving the same central character. The situation—a tough guy mixed up in a police killing—was familiar but the acting and the production were superior.
Ben Gazzara, the police sergeant in the series, is a particularly fine actor. Chuck Connors played the lawyer in a rather subdued and earnest style. Anthony Franciosa was impressive as the man Gazzara arrested and Connors defended.
Harry's Girls, a half-hour comedy about a hoover traveling around Europe with a troupe of three pretty girls—NBC's Friday night entry—was pretty thin stuff.
Tonight's debuts are The Outer Limits, ABC's series with science fiction themes (7:30-8:30 EDT) and Breaking Point (10-11) a series about a team of psychiatrists and their patients.

Plowing match on Oct. 5

The 84th annual plowing match will be held on the farm of Eddie Goodfellow, Scotch Road, Bromptonville, on Saturday, October 5.

The annual plowmen's banquet will be held on Thursday evening October 10, in St. George's Church Hall, Lennoxville from 5:30 to 7:30 o'clock.

This will be followed by a program of motion pictures and distribution of prizes. The directors have made several new rules this year. The judges will use a score card with a scale of points recommended by the provincial association. Ten points will be deducted if the competitors are not on the field before 10 o'clock. Lots will be drawn at 10 o'clock sharp. Tractors which are not on the field before 10 o'clock will not be serviced.

The following are the committees appointed by the Sherbrooke Plowmen's Association for the 1963 Match.

Executive: F. Loomis, Ed. Sarrasin, W. G. MacDougall, M. Paige, L. Clarke, G. Macdonald. Land: G. S. Macdonald, H. Loomis, W. S. Richardson, L. Clarke, R. R. Ross, M. Paige, C. Bernard, K. Rose, A. Sultor. Lunch: D. G. Ross, J. Beattie, G. McElreath.

Banquet: W. W. Nichol, W. S. Richardson, Keith Rose. Entertainment: E. Smith, K. Rose, E. Parkinson, C. Bernard, A. Sultor.

Prize list: F. Loomis, Ed. Sarrasin, W. G. MacDougall, L. Clarke, M. Paige, W. S. Richardson, H. Loomis. Judges: H. R. Ross, plowing; M. Paige, L. Clarke, V. Bessette.

CLIFFORD CURTIS

Is crowned maple monarch for Quebec

A Hatley man has been chosen King of Kings of Quebec maple sugar for the second consecutive time, it was learned today.

Clifford W. Curtis of R. R. 1 Hatley, was chosen King of Kings in a special class competition held at the Provincial Exhibition at Quebec City this month.

Second place winner was Mr. Curtis' neighbour, Roland Bowen.

The contest, sponsored by the department of agriculture is open to a select group of Quebec Maple Sugar Kings who compete for the King of Kings title and cash prize.

First held in 1959, the competition is open to all maple sugar producers who have first been declared top winners in regional or county fairs.

Only nine men in Quebec are eligible to enter this contest Mr. Curtis said.

The last contest was held in 1960 at which time Mr. Curtis was chosen King of Kings for the first time. He had been eligible to enter the competition since it had started.

Products, including syrup, hard and soft sugar, maple butter, wax and maple candy are judged on quality, variety, commercial interest, artistic design and presentation.

City evaluator resigns

City evaluator Rosalre Morin has handed in his resignation after 23 years as a civic employee to go into private practice.

Mr. Morin's letter of resignation was tabled but not formally accepted at Monday afternoon's council meeting.

Contacted by The Record following the meeting, Mr. Morin said he felt there was a need in Sherbrooke for a private evaluator, and he considered he had the qualifications to fill it.

Private firms have often brought evaluators in from Montreal to evaluate property in the city, he said. There is no local man in the business.

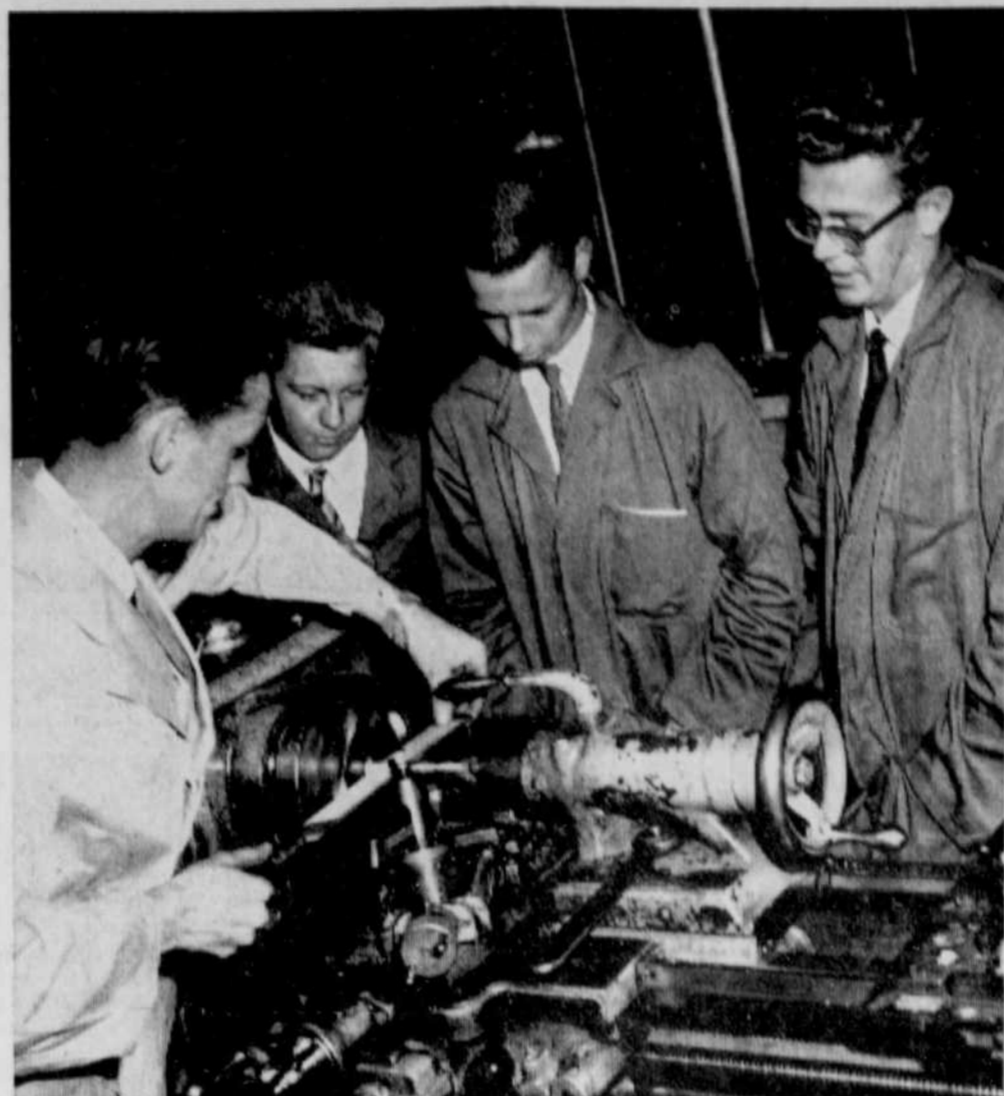

His letter of resignation stressed that he left Sherbrooke's employ in a spirit of goodwill.

"It goes without saying," the letter added, "that there may arise circumstances where problems which had begun while I was in city employ are concluded after I leave: I hereby offer myself for any assistance that might be required in such a case. The need may never arise for the city evaluators' office to call on me, and I offer my services now only for any case where I might be useful."

Mr. Morin told The Record he would not charge the city fees for such special consultations.

He said he hoped to be able to withdraw his municipal pension contributions.

The resignation, dated Sept. 9, asks to become effective Oct. 9.

More English high school grads urged for city technical school

By MALCOLM REID
(Record Staff reporter)

Not enough English-speaking high school graduates in Sherbrooke and district seem to know about the technological training available to them at the Sherbrooke Institute of Technology, the institute's director declares.

Daniel Frechette says that despite the lack of a final year taught in English this year, the Institute's English language classes are growing, but most English students come in at the preparatory year level.

Few graduates from high school arrive to enter the first year class available to them with their diploma.

He quoted this year's admission figures at the Camirand Street institution to make his point: there were 35 English to the technical course but speaking students admitted to the technical course but only 14 of them were high school graduates who could go directly into the first year class.

The other 21 entrants had to enter the preparatory year, and will take four years to complete their course.

The Institute was forced to ask final, or third-year students who had been studying in English to do their final year in French this year, because there are fewer than 10 left of the pioneer group which began studies in English in 1960.

With the healthy admission figures of subsequent years, including this fall's 35, there should be enough students coming up to form an English third-year class in future years.

A WORD FROM THE PROF. — Sherbrooke Institute of Technology senior student Niles Peasley gets a word of advice from drafting instructor Georges Jacques. Niles was forced to complete his course in French this year, because the first English class in the institute had dwindled down to six by the final year. (Record photo by Gerry Lemay)

Mr. Frechette assured The Record in an interview at the Institute.

To persuade high school graduates there is a future in technical education, the Institute has gone into high schools and to home and school meetings to spread its message recently.

Niles Peasley of Sherbrooke, one of the English-speaking students who survives from the first English class and finishes his course this year in French, has helped the institute in its appeal to the high school diploma holder, visiting Sherbrooke High and other schools on career days.

He says of this finishing-year studies in French, "It's tough, but a lot of the technical terms are pretty well the same in French and English. He plans to teach in an institute of technology himself on graduation.

Alongside the technical course, the institute offers the shorter trade course, and here there is a large English graduating class this year — two boys in electricity, one in cabinet-making, three in machine shop, three in welding, and five in automobile.

The city's business

Agenda shortened

With Aldermen Berard, Camirand, Jeanson and Roy absent and attendance just one over a quorum, Sherbrooke council Monday put off several agenda items until next week. They included a request for a building permit for two houses on De-nault Street where no water or sewer is available, and the hiring of new firemen for the city's brigade, now that the new North Ward fire station is ready.

Council Monday turned down a request from Mormon Church Elders for use of a city park on a Saturday morning and a weekday after school hours.

The University of Sherbrooke was granted use of various city parks during the fall for inter-faculty sports. Softball will be played in Sangster Park and football in Jacques Cartier Park.

The university sports department expressed a wish to have the pavilion at Jacques Cartier

Park, in which football equipment would be kept, heated from Sept. 16 to Oct. 26. The university would buy heaters, and the city would charge for the cent-an-hour cost of running them.

City parks superintendent Gaston Lebrun's report to council said the use of the parks by out-of-town students would show them "what the members of council do for the people of Sherbrooke."

Council granted the Sherbrooke Junior Chamber of Commerce, French section, the right to put up their projected welcome-to-Sherbrooke sign on city property across from the Carnation Milk plant on Wellington Street South. The Jaycees are collaborating with other city organizations in assembling the sign, and the municipality will light it.

Council increased its offer to Adalbert Veilleux, whose house must be moved from its

present location on the proposed route of Caron Street, from \$4,200 to \$4,500. Mr. Veilleux had advised city lawyer Albert Rivard he wanted \$4,796 for the moving expenses.

Sylvio Doyon, who requested the right to establish a Class 1 business on King Street West after council rejected his request for zoning changes to let him put up an auto demolition shop, was told to bring a petition bearing signatures of zone proprietors favoring the business.

Mr. Doyon had hoped for council approval for the Class 1 change without a petition, because he had earlier presented a zone property owners' petition favoring even the heavier auto shop.

Vallee case

Says city council hasn't authority to stop construction

Lawyer for a North Ward establishment argued Monday that the Sherbrooke building inspector is the only person permitted to issue building permits and that he alone can ask for work stoppage on any project.

Sherbrooke's attorney replied that although council has vested this power in a municipal employee, he cannot sign a permit that permits violation of city bylaws.

The City of Sherbrooke is seeking an injunction to have work suspended on the Vallee Store's \$80,000 commercial extension on Victoria Street, claiming a zoning violation. Mr. Justice William Mitchell yesterday adjourned the Superior Court case until Friday.

Attorney F. Edmund Barnard, representing the Vallee Brothers, co-owners of the store, said that the City and Towns Act empowers municipal councils to delegate this responsibility to its employees, and council can only assume these duties by passing a bylaw. This has not been done he said.

Attorney Barnard added that notice to stop work on the extension was never received from Sherbrooke Building Inspector Aime Gagnon, although it had been from Sherbrooke council.

He said the Vallees had contacted the local council about their projected commercial extension as "An act of prudence and courtesy." They need not have, he noted. Sherbrooke's Attorney Gerald Allaire contended that acts of municipal councils are valid only if they conform to the law. In this instance he said that the extension violated zoning regulations.

Mr. Allaire reiterated that Mr. Gagnon believed city council had inspected the architect's plans prior to its passing a resolution approving the extension.

He claimed that the Vallees, in not forwarding complete architects' plans to the council, had acted in bad faith. Furthermore he claimed that extension rights on the property did not include adding a barbershop.

No mention was made of the particular type of enlargement that the Vallees were considering either in the letter or plans that they presented to the council, he need.

By JAMES DAVIES
(Record Staff Reporter)

Attorney Barnard argued that city officials had been aware of the projected extension since 1959 when the Vallees' first request was turned down, because he said, the city made known that the area might be needed for a municipal project.

According to Sherbrooke zoning bylaw number 140 Mr. Barnard said, the Vallees were entitled to expand on their premises because the bylaw allows for use of the land for ends for which it had been destined.

Seeking purchase of registry office site

The American Bilrite Company has indicated a desire to buy from the city the land on which the Sherbrooke registry office stands.

City council, receiving word of the firm's interest in the property at Monday's meeting, decided to offer Bilrite an option to purchase as soon as the city ceases to need the land.

This will have to wait until a new location for the facilities of the city registry office has been found, council decided.

American Bilrite, whose plant overlooking the Magog River neighbors the registry office on Bank Street, is in the process of constructing an addition.

The registry office building is 79 years old, and crowded conditions and disrepair led registrar Camille Charron to remark in January, "There have been no major changes made around here since the place was established in 1884, and I suppose that none will be made until a crisis arises."

The building is also on the site of the first church in Sherbrooke, and the Sherbrooke Historical Society came before council in July asking for the right to put up a provincial government plaque commemorating the church.

Msgr. Maurice O'Bready of the society said at the time that the Anglican Archbishop of Quebec would attend a ceremony to place the plaque on the registry office, since the early church was an Anglican.

The question of the replacement of the registry office has been discussed several times over the past six years. Mr. Charron says the city's electrical department building has been considered as a site.

Since that time the city has begun making plans for a new and integrated city hall on Couture Street, which would include even provincial government services' offices.

Responsibility rests with governor

Responsibility for the weekend of violence and outrage which resulted in the death of at least six young Negroes at Birmingham rests directly with Alabama Governor George Wallace and some of his more violent anti-segregationist colleagues whose actions over the school integration issue have served to inflame the fires of racial hatred.

Governor Wallace has been loud in his denunciation of the bomb-slaying of four Negro girls who were attending Sunday school but the token rewards he offered for uncovering the perpetrators of the outrage cannot reduce his responsibility for the incident.

Supposedly elected to assure the observance of peace, order and good government in his state, the Alabama Governor has resorted to every device available to him to hamper the enforcement of the land and has defied the edicts of the Supreme Court. By resorting to violence in his attempt to prevent or delay school integration, the Governor

has encouraged further violence among his less-responsible followers.

He has made a mockery of those laws and has acted in complete disregard of order, justice and plain common decency.

He has justified his previous defiance of the federal government and the acts of violence this defiance generated on the grounds he was maintaining the southern tradition.

But there is nothing in United States tradition, either northern or southern, that says a person may murder, or intimidate, or mock the judgment of the law.

Probably the individual who actually set the bomb which killed the four Negro girls may be arrested, brought to trial and convicted. But in the minds of right-thinking people everywhere the real culprit is Governor Wallace and other fanatical white leaders who have done everything within their power to stir up racial hatred and violence for possible petty political advantage.

Some television and radio singers murder a new popular song until they kill it.

When is a depressed area depressed?

Some of the areas that the federal government has designated as "depressed" regions are rather surprising choices.

Note, for example, that Shawinigan is among those so designated. Under the federal program, the Quebec city qualifies for income tax exemptions for new industries, write-offs and increased assistance for winter works. Yet Shawinigan has the second highest per capita wage rate in the province.

This is not to say that Shawinigan is not deserving of some kind of assistance. But there are hundreds and hundreds of other areas in the province to which the word "depressed" can be applied with a vengeance.

It has already been pointed out that it must have been quite a feat for the Liberals to draw up a list of needy regions which does not include the Gaspé. Our own Eastern Townships are relatively prosperous, but no one will deny

Autumn madness grips Townships

The Eastern Townships is arrayed with a rapture of color for a final fling before winter.

For most of the year the area presents a face of serene beauty. Clothed in rich fertile green, or in glistening virginal white, it is a land that pleases, soothes, comforts and uplifts.

In autumn a madness overcomes the land. It becomes excited with a riot of reds, yellows, golds.

The cool blue lakes that in summer nestle between green hills, become wildly rolling, foam-flecked and dangerous creatures, held in check by the same hills, now wearing jewelled armor of brass, copper, bronze and gold.

So great a change although an annual occurrence, cannot be instantaneous. It has started now and will progress. The fiery red of one maple which can be seen through the green of others will spread, gain speed, and turn all into a frenzied blaze.

The madness, the fire, the riot will go beyond the point of endurance. Quickly, quickly it will die. The bright lights will dim, the trappings of the trees will be cast to the ground to be covered by gently drifting snow. A cold peace will descend.

The party will be over.

The folder never mentions such distinctive Canadian products as French-Canadian pea soup, Winnipeg goldeye, BC salmon or Canadian bacon. Never a word on Western beef, Durham wheat, or the fact that "instant" foods and the irradiation of certain vegetables and fruits—a process that preserves them perfectly for months—were pioneered in Canada. None of it, in fact, has a spark of life. Canada may set the table, but it will take more imaginative prose than this to bring the guests to dine.

'Go against incumbent'

Get out the vote campaign is a strong, organized, Negro weapon

By RAY CROMLEY

BALTIMORE — (NEA) — Every afternoon two dozen members of the Jackie Robinson Youth Council fan out in a door-to-door search in Baltimore looking for unregistered Negro voters. A sound truck goes ahead of the teams.

"Every Thursday," said the Rev. Gentry McDonald, who calls himself a "leg man" in the registration drive, "we send a bus around to pick up the eligible voters we have found and take them to the elections office."

"We're asking each Negro pastor to check his parishioner for potential voters. We've got people stationed even outside the Rent Court to catch Negroes as they come out of the building."

This Baltimore example points up the fact that behind civil rights demonstrations is a strong, though spoty, nationwide drive for building Negro political strength at the grass roots.

Negroes are pouring \$10,000 into an all-out, year-and-a-half voter registration in Brooklyn, and are trying to raise the money for a similar voter push in Queens County where Negroes are demonstrating for more jobs.

Mrs. Ruby Hurley, six-state chairman for the NAACP, has sent word to her workers in Georgia, Florida, Mississippi, North Carolina and Tennessee:

"Wherever there's a demonstration, move in fast with voter registration."

She said, "I point out that demonstrations are all right to awaken a community, but when you want to achieve results, then you've got to get names on the voter registration books at the court house."

Preparations are now underway at points through the country for next year's presidential and congressional races. Negro groups are not planning to run Negroes for

office in most places, though they're going to run more Negroes than ever before. By and large they aim to exercise a balance of power between two white candidates.

One Negro registration drive leader says, "We hope to elect a man favorable to us, but at the worst we can work for whom we consider to be the lesser of two evils."

Another Negro leader puts it this way: "We tell our people, 'When you don't know whom to vote for, vote against the incumbent. That will show our strength. The new man will know something hit the old man and he'll walk more cautiously.'"

The Negroes have some key targets. Some have been picked for their emotional impact—Prince Edward County, Vt., where the public schools have been closed for years to prevent integration; and in Jackson, Miss., where the governor and the legislature have taken a hard stand against integration.

One Negro active in the Mississippi registration drive said, "Some people think it sounds hopeless in Jackson. But we've thought things were hopeless in a lot of places where they haven't been. We've found that where we get the votes, people listen."

In other places the objectives are chosen after a careful study of past votes and rivalries. John Brooks, the NAACP's national legislative chairman, said that in some areas a Negro vote of 2 to 3 per cent would be decisive. In other cities and counties, says Brooks, "we figure we need a third of the votes" to swing the election from one candidate to another.

George Fleury, NAACP legislative chairman for New York State said, "We're running canvasses among Negro and white voters in cities through New York State with big Negro populations. We want to see what voter strength we have." Negro voter registration drives are started where the prospects are best.

Gerald Waring REPORTING

VANCOUVER — There are three provincial elections on in this country, but undoubtedly the wackiest of them all is the one out here in British Columbia.

Social Credit Premier W. A. C. Bennett sprang it 17 days after he said he wouldn't, and apparently because he fears his financial problems will get worse rather than better. An election now may have seemed desirable on another score too: the new Tory leader and former federal minister, Davie Fulton, is said to be making some headway in wooing the conservative vote away from the Socreds.

The danger to Bennett is that Fulton will drain off enough votes so that either the New Democrats will win the election, or the Socred will be reduced to a weak and unstable minority government.

Neither Fulton's Conservatives, nor the Liberals led by Ray Perrault, seriously think they can win the election — or even come second. While the Tories expect to make a better showing than in 1960, almost anything would be better, because they elected no one three years ago. But by cutting into the Socred vote, the Tories may help the Grits and the NDP win more seats from the Socreds.

Bennett had 31 seats in the last Legislature, the NDP 16 and the Liberals five. A net loss of five seats by Bennett would result in a Socred minority government, with the Liberals holding the balance of power.

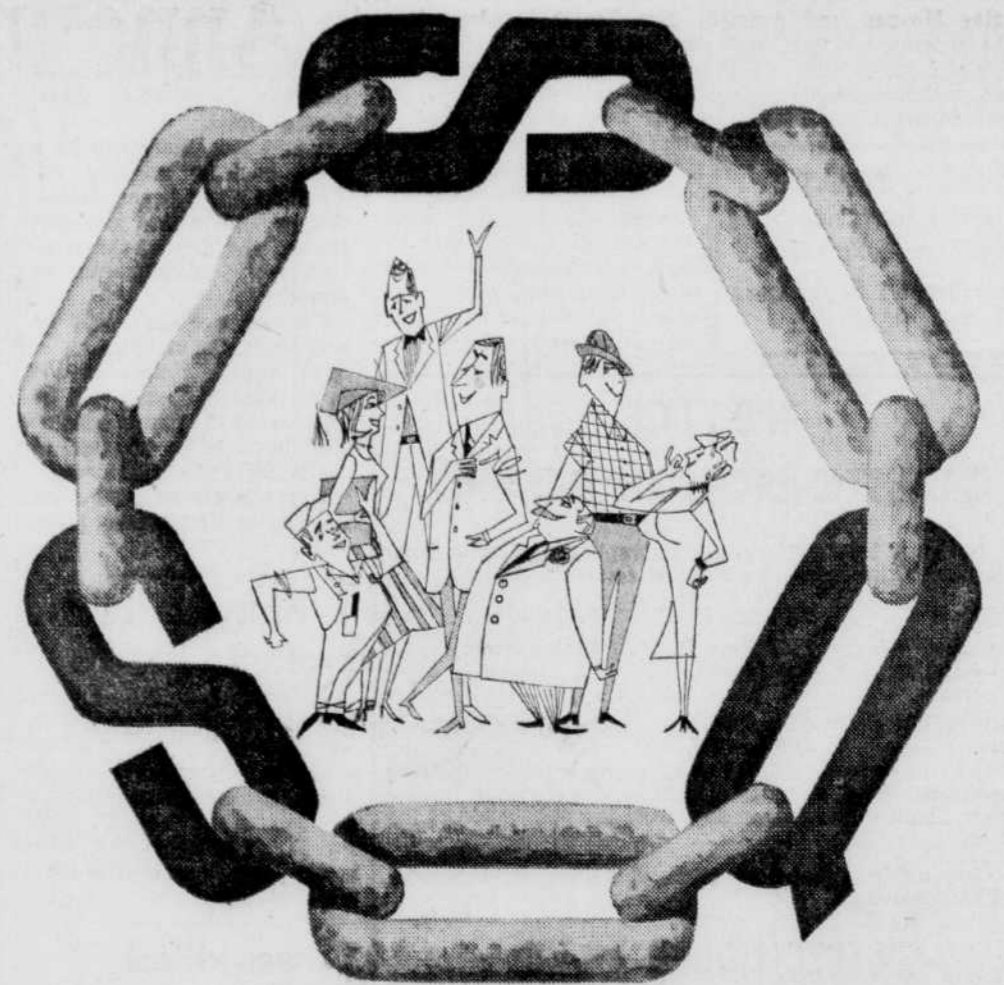

Popular disillusionment with Bennett has increased in Greater Vancouver, where nearly half of all British Columbians live — a further augury for Liberal and NDP gains. Rural BC is unlikely to change much, with even Fulton rated as the underdog in his home town of Kamloops, which he represented in Ottawa for 18 years, but where his formidable opponent is the minister of high ways, colorful Phil Gaglardi.

Picked by the pundits as least likely to win, Fulton is nonetheless the dramatic figure, the white knight — albeit a knight who demanded a guarantee of \$20,000 a year for five years to enter the lists. And his foe is his one-time political friend: a dozen years ago he nominated Bennett for the BC Tory leadership.

NDP leader Bob Strachan's problem is to persuade the people that his brand of mild, middle of the road socialism will be good for them. The main prop of Social Credit has been the fear of socialism by business in BC, which has communicated itself to many ordinary voters. So Strachan's strategy is to build himself a new image, a good-old-Bob image of concern for the people's welfare. His main plank is a promise of complete medicare for everybody with no insurance premiums and no increase in taxes.

The Grits and the Tories are campaigning on program for the economic betterment of BC. But what both Perrault and Fulton are trying to do is usurp Bennett's place as the publicly acclaimed protector of BC against socialism. If either overwhelmingly succeeds, he will be premier of BC after Sept. 30.

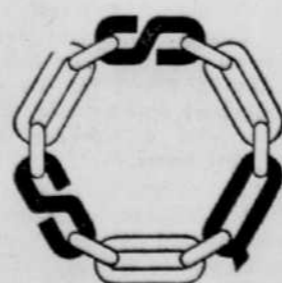

But from my observations in BC the best either can expect is that Bennett will be cut down to a minority government so that one of the old party leaders — and by long odds it would be Perrault — will hold the balance of power, and thus get a leg up on the premiership in the next, and perhaps quickly next, election.

Brome County Historical Society plans committee for 1967 centennial program

KNOWLTON — (Special) — The 66th annual meeting of the Brome County Historical Society took place September 7th, at St. Paul's Church here.

Nearly one hundred members and other interested friends attended the meeting which was presided over by the Society's president, Harry B. Shufelt.

Mr. Shufelt welcomed all who were in attendance and asked anyone from other historical societies to stand and be welcomed. Rev. Nurse and the Church board were also thanked.

The president reported on the past year's activities and commented on plans for the future. The income of the Society, through admissions to the Museum and donations was reported to be satisfactory and the Society is operating without incurring any debt.

It was noted that a gift of showcases and mannequins had been gratefully received.

It was reported that the Society was represented at the Eastern Townships meeting on June 25, and members were reminded of the provincial Museums meeting taking place at Jacques de Chambly Village, September 21.

At the conclusion of the president's report several letters were read, in which congratulations and best wishes to the Society were extended. Among these was a letter from the Hon. George E. Lapalme, minister of the Department of Cultural Affairs of the Province of Quebec.

The minutes of the 65th annual meeting were read and adopted.

Miss Marion Phelps, curator gave her report, which showed that attendance to the Museum had grown from 1006 in 1960 to 1570 in 1963. About one third were children. Fifteen cents admission was charged the children this past season.

The many donations given during 1962 and up to the end of August 1963 have been acknowledged. Some 350 donations have been received and more have been promised.

A very recent donation of a pieced woolen quilt in the pattern of the court house steps, made in 1876 by Susannah Pearson Douglas and in recent years owned by her daughter, Anna Douglas Moynan and donated to the museum by the Douglas family of Sutton.

Two receptionists were employed during the summer, so that the museum could be kept open all day right through from 10 a.m. to 5 p.m. except Sunday, instead of closing from 12 to 2 p.m. Mrs. James R. Armstrong and Miss Sharon Jolley both of whom did wonderful work in meeting the visitors

and conducting them around the museum.

During the last two weeks in August it was decided that a man was needed on duty in the War Museum. Tom Connolly was employed.

The treasurer's report was read by Glen Brown. The financial position of the Society was noted to have improved during the recent fiscal year, and it was stated that the Society is steadily expanding its operations, while incurring no debts. A small balance is on hand as of August 31.

The properties committee gave its report noting that it is planned to install a wooden floor in the museum to cover the old concrete, as it was felt that the present floor is unsightly and cold. At the same time, some other minor carpentering would be done around the premises. It was reported that the frame building behind the Knowlton Court House had been donated to the Society by the Brome County Municipal Council, and will be used to house archives and research. The building will be moved nearer the museum sometime in the Fall, and in the Spring it will be painted white and renovated.

The membership committee reported a total of almost 300 members for 1963.

The activities committee gave its report and informed members that this year's Fall foliage picnic would be held toward the end of September, and would include a visit to the grave of Cyrus Thomas, the Eastern Townships historian, at Abercorn. The picnic will be held at the Pinnacle.

It was suggested that the Society might undertake two projects. One, to set up a Committee for 1967 Centennial Program in each community in order to reorganize a pageant of period costumes sometime in the summer of 1967 to culminate in a costume ball. Second, a possible joint project of the Brome and Missisquoi County Historical Societies to commemorate the Eccles Hill Engagement of 1870, with a duplicate of the battle. This is of more than local interest, as this Fenian Raid was the last battle involving a foreign invader on Canadian soil.

Resolutions of thanks were adopted and will be sent to: Hon. George Lapalme; Mayor and Councillors of the Village of Knowlton for continued support and interest. Charles Barnes, superintendent of the Village of Knowlton for ready assistance with work on the grounds and buildings of the Society.

The Brome County municipal council, composed of the 17 Mayors of Brome County municipalities for donation of the building;

Air Marshal C. R. Dunlap, Chief of Air Staff, R.C.A.F., for restoring and putting on exhibition the Society's Fokker Aircraft at Trenton and Ottawa; K. M. Molson, curator of the National Aviation Museum in Ottawa on the same occasion; Major General C. B. Price and the Brome Branch Royal Canadian Legion for their assistance with the maintenance of the Society's War Museum; to Mrs. Enid Bailey, and Mr. Howard Eldridge retiring officers of the Society for their various efforts on the Society's behalf.

The following officers and trustees were elected by acclamation:

Honorary presidents, L. M. See "Pageant" Page 7

Rally day for church activities is held at Cowansville United

COWANSVILLE — (Special) — A rally day for the fall opening of church activities, took place at Emmanuel United Church here September 15, during the regular morning service. All Sunday School teachers and leaders of mid-week groups were declared in office.

Children registered in their several Sunday School classes under Duncan Elvidge as superintendent of the juniors, and Warren Brown as superintendent of the seniors.

Rev. McCord asked for the cooperation of the parents in sending their children regularly. He told a story to the children about a wood carving of praying hands. This was a carving he had obtained while in Germany.

Sixteen members of the junior choir, under the direction of Mrs. Douglas Smith, sang the Anthem, Lord I Want To Be A Christian.

F. B. Archer, chairman of Christian Education Committee, read a meditation called How do Children come to know God? A flannelgraph, entitled Learning to Love and Care, was illustrated by Miss Norma Archer. Sector plans were announced by George Tickle.

Both parents and children gathered in the hall for a picnic luncheon following the service.

Waterloo Kiwanis members to attend district convention at Niagara Falls

WATERLOO — The Kiwanis Club of Waterloo will be represented at the 1963 convention of the Ontario - Quebec - Maritime Kiwanis District at Niagara Falls, Ontario, September 22-25, club president Gerry McGovern announced today.

Traveling to Niagara Falls for the three and a half day meeting at the Sheraton-Brock Hotel will be president Gerry McGovern, president elect Gene and wife Joyce Shepard, Kiwanian Claude and wife Rave Remy, and Lt. Gov. Roger McKergow and his wife Clara.

Hosts for the convention will be members of the Kiwanis Club of Niagara Falls. Some 195 clubs, with a total membership of approximately 9,000, will be represented at the convention. Principal business will include committee conferences, a discussion of community service and administrative plans for the coming year, and the election of a district governor and other officers for 1964.

MANSONVILLE —

Mr. and Mrs. L. Lachance, who were in Montreal on Sept. 9, were accompanied by Mrs. Paul Turcotte to the city.

Venice is just one of many cities included in KLM's fascinating selection of European "Sun and Fun Vacations".

1. Why you should make this your Winter to fly KLM to Europe: With the introduction of their new 21-Day Excursion Fares to Europe and to destinations beyond, KLM offers passengers a special bargain in air travel. To be eligible for these new, money-saving fares, you have to be back in Canada within 22 days from the date of your departure.
2. Winter travel has many advantages. By planning to take your European vacation during the Winter, you are able to benefit by such pluses as KLM's generous Family Fare Plan that enables your wife and children to fly with you at greatly reduced fares... special off-season hotel and pension rates... the height of the European theatre season... the superb Mediterranean climate. And there are lots more. Ask the advice of your Travel Agent. He has had lots of experience in planning Winter vacations in Europe.

3. "Sun and Fun Vacations", KLM's latest brochure, is a complete world-travel guide book condensed into 24 colourful, fact-filled pages. "Sun and Fun Vacations" has been specially prepared by KLM to help you make this Winter's vacation your most successful ever. Not only does "Sun and Fun Vacations" contain detailed information on several fascinating new Caribbean cruises and independent tours, it also shows you how KLM's money-saving 17-Day Excursion Fares to the Caribbean can make your Winter travel dollar stretch just that much further. You'll also discover how KLM's completely new 21-Day Excursion Fares to Europe can open up a whole new vista of fascinating vacation possibilities that are now well within the reach of your pocket book. Complete and mail coupon for your free copy of "Sun and Fun Vacations" today.
4. KLM Inclusive Tours are tailored to your own tastes. KLM Inclusive Tours are individual, low-cost package vacations linked to KLM's regularly-scheduled flights. Your Travel Agent can help individuals or groups plan Inclusive Tours to just about any country in the world and to suit any vacation requirement. KLM Inclusive Tour passengers receive the same outstanding service afforded all other travellers aboard KLM flights and, at destinations, they enjoy the same hotel service as all other visitors.

5. KLM's Amsterdam-London route is the oldest scheduled air service in the world still operated by the same company. KLM was the first European airline to fly to the Far East. Today, for the convenience of passengers and air freight shippers, KLM maintains 18 offices east of Karachi to serve their interests. KLM started the world's first long-range inter-continental scheduled air service in 1929. The route was Amsterdam to Jakarta, a distance of 9,120 miles.
6. You can take a convenient KLM bus from Amsterdam International Airport into Amsterdam, to The Hague, or Rotterdam. Most airports offer bus service to one city only. Amsterdam Airport goes two cities better. From the airport, you can reach Rotterdam in 60 minutes, Amsterdam in 25 minutes, The Hague in 50 minutes—all by convenient KLM bus.
7. There's lots to do at Amsterdam International Airport. Passengers with time to spare can take a shower, feed their babies, have their hair cut, visit a bank and three post offices, eat in four restaurants, go to the doctor, take a sightseeing flight. The aeronautical museum is worth a few hours' visit. There are tax-free cars to buy, Avis cars to rent, and 200-minute guided Minitours of Amsterdam and environs.
8. Two senior KLM stewardesses fly KLM's world-wide routes constantly to check that standards of service are being maintained. KLM has about 300 stewardesses in all. One in every five is on duty at any one time.
9. Every KLM intercontinental flight carries a travel information case full of tourist information. There is a set of KLM Tourist Information Leaflets covering more than 100 countries. There

- is information on KLM's fleet, a time table, and detailed tourist information about the Netherlands.
10. KLM makes special arrangements for ski equipment. Winter sportsmen may include skis, bindings and poles in their free baggage allowance. On some routes, they can take advantage of exceptionally low excess baggage rates as well. Travel Agents and KLM have all the details.
11. KLM's cooking is masterminded by 55 uncompromising chefs. They demand all the best cuts of meat from their butchers—hence, most KLM steaks are filets mignons. They also have their roasting chickens grown to specifications, so that they're all exactly the same size. KLM has its own kitchens in Amsterdam, New York, Curacao, Buenos Aires, Johannesburg, Beirut, Karachi, Bangkok and London.
12. Nine weekly flights from Montreal to Europe until the end of October, then daily flights from November 1st. KLM has been established in Canada since 1946 and now has offices in principal Canadian cities. Something to remember: KLM has several flights daily out of New York.
13. Your Travel Agent will help you with all your travel arrangements. He is a specialist. He knows fares, rates, hotels, tours, documents, currencies better than anyone. And all the odd little details. His experience can make a world of difference to your trip, and, as professionals in air transportation for more than forty years, KLM recognize that it takes professionals to plan trips efficiently. That is why in every city in Canada, KLM is represented by a professional—your Travel Agent. See him soon.

COWANSVILLE BREAK-IN — Above photo shows soft drink boxes stacked up by youths to gain entry to Paquette Restaurant, on South Street, Cowansville through the top window. Cigarettes and chocolate bars were stolen. (Record photo by Studio Eclair)

2 youths to appear before court today

COWANSVILLE — (Staff) — Two 15 year-old youths were to appear in Sweetsburg Court today to answer to charges in connection with a break-in September 15 at the Paquette Restaurant, South Street here.

Cowansville municipal police said this morning, the youths, one a Cowansville boy and the other from Montreal, stacked soft drink boxes against a wall to gain entrance through the top window of the restaurant.

Cigarettes and chocolate bars were taken.

Owner of the store, Lucien Paquette, who lives above the restaurant said he heard voices and called the police.

Rotary district governor visits Boundary club

ROCK ISLAND - Russell G. Sholes, Rotary district governor, a retired professor of Middlebury State College, Middlebury, Vt., made the first of his official visits to Rotary Clubs in his district on Sept. 9, at the Boundary Club.

Mr. Sholes gave a challenging talk on Why you are a Rotarian, based on an article in the Rotarian magazine written by a physiologist, on which Mr. Sholes elaborated.

Human beings, he said, need to belong, Rotary fulfills a real need, it supplies fellowship, eating together provides association in a pleasant way. Classification, meeting people other than business associates, the need to find a worthwhile cause to work for, to find something one is interested in to give oneself a purpose.

Where else is interested in to give oneself a purpose. Where else is interested in to give oneself a purpose. Where else is interested in to give oneself a purpose.

Human beings need community for they have the ability to think and Rotary gives this opportunity through assembly, a need to identify themselves with other people's welfare, a need to help solve world problems and here is where International Rotary helps.

Mr. Sholes also referred to the program of Carl Millers, International president, of exchange of International relations.

The speaker was introduced by C. R. MacLean, the immediate

Large stamp display is held in Richmond

RICHMOND (Special) — A very interesting display of stamps of all countries was shown Sunday afternoon and evening sponsored by the local Knights of Columbus. Over 350 persons viewed the stamps on exhibition by local stamp collectors Maurice Jean, Donald Jean, Albert MacDonald and Gilles Fontaine. Among those shown were a series of Vatican stamps displayed by Fontaine showing first day covers, Golden Series commemorating the opening of the Vatican II Council; Ecumenical Council Oct. 30, 1962; 1929 Arms and Pius XI issue which is scarce; 1933 Pictorial; 1939 Coronation of Pius XII; 1958 100th Anniversary of Lourdes and many others. Fontaine also received a letter from the Vatican City dated

June 3, 1963 the same day that Pope John XXIII died. Albert MacDonald's collection mostly depicted Scouting—from the Scout Jamborees of Canada and the Philippines, commemoration of 50th Anniversary issue 1957 of the 10 rials of Iran; 5 rials, Iran showing picture of first scout of the kingdom, chah and the National Boy Scout Encampment in 1958. He also displayed several of other countries. Maurice Jean displayed his collection of Hungarian stamps. They commemorate sports, Red Cross work, composers, politicians, etc. Even the Russian astronauts were pictured on a stamp of Hungary-In Orbit. Jean also has a Canadian collection. Among rare ones are the issue of 1897, Queen Victoria; George V issues and Canadian War Issue, 1942-43. A very interesting display of stamps was the collection of Donald Jean, brother of Maurice. His depicted the fight against malaria. Issued for the World Health Organization drive to eradicate malaria, these were stamps of all countries.

Caritas drive to open on October 16

Caritas, the Sherbrooke Catholic charity campaign, has announced an objective of \$150,000 for its Oct. 6-13 drive this year. The campaign will be divided into five sections, the largest being the parishes of the Sherbrooke diocese, where \$100,000 is the aim. Dr. Patrice Gauthier is chairman of the section, with 17 regional chairmen under him. Collectors will visit 37,700 families Oct. 6. The second section embraces industry (Jerome Bessier, chairman), commerce (Jacques Laliberte) and services (Roland Genest). The objective here is \$38,500. The clergy section has an objective of \$5,000 and is headed by Rev. Paul-Emile Morin of Assot. A section for religious orders is headed by Rev. Brother Allyrius and has a \$5,000 objective. Among students, Jacques Galipeau's committee hopes to raise \$1,500. Caritas raises funds for 18 organizations.

Disagree on A-sub's usefulness in Arctic

MONTREAL (CP) — Naval men think the nuclear-powered submarine is the logical thing to get oil out of the Canadian Arctic. But an engineer working with the United States Army's gold regions laboratory doesn't. The engineer, British-born Frederick J. Sanger, told a symposium on Canada's Arctic Monday that even if oil is found in the Arctic islands—there is every indication it may be found shortly—high transportation costs would make it an item hard to sell. The submarine tanker, proposed as a way to beat the ice problem that limits conventional shipping to a few months each year, is too costly, he said. Sanger has been indicating the sub tanker would cost 10 to 12 times as much as conventional tankers. It would be almost as cheap to fly the oil out by plane. O. C. S. Robertson of Montreal, secretary of the Arctic Institute of North America which is sponsoring the symposium, was backed by some U.S. shipbuilders in disagreement. He said Mr. Sanger's cost figures are based on proposals for a high-speed tanker for military use. Doubling the speed of a ship requires increasing the power eight times, he said.

Montreal livestock market

MONTREAL (CP) — Prices were steady on the Montreal livestock markets today. Receipts were: 715 cattle, 176 calves, 30 hogs and 189 sheep and lambs. Choice steers 26.25-27.35, good 25.50-26, medium 22.50-25 and common 15.50-22. Good heifers 19-32 and common 13-18.25. Good cows were 18-19.50, medium 14-15.75 and canners and cutters 10.50-13. Good vealers were 28-32, medium 22-28, common 16-22 and fields were near good subgrassers 15-16.

cularly anxious that a maximum number of high school grads enter the technical course, though, because Montreal and Sherbrooke are the province's only two institutes of technology offering the whole course in English. The institutes of technology plus specialized institutes such as the paper industry one at Trois-Rivieres and the textile one at St. Hyacinthe — are the only schools in the Quebec system coming directly under the youth department, Mr. Frechette says.

Youth Minister Paul Gerin-Lajoie's portrait hangs in his office.

"Our institute is non-confessional," he says, "though we could arrange for a special class in ethics for Protestant students, as we have for Catholic students."

Engagement

Mr. and Mrs. Joseph Fortin, Stanstead, announce the engagement of their daughter, Jeanete, to Mr. Robert Dennis, son of Mrs. Edward Harvey, Pierrefonds, and Mr. Gerald Dennis, Peterboro, Ont. The wedding is arranged to take place on October 12 at Sacred Heart Church, Stanstead.

Weddings of interest

Letourneau - Bacon

ORLEANS, Vermont — The marriage of Enid Cecilia, elder daughter of Mr. and Mrs. Manfred Bacon, Marlinton, Quebec, to Mr. Robert Rene Letourneau, son of Mr. and Mrs. Oscar Letourneau, Orleans, Vermont, took place at ten o'clock on Saturday morning, September 14, at St. Theresa's church. Reverend Father Arthur J. Hamel, officiated for the double ring ceremony. The organ music was played by Miss B. Lussier. Seasonal flowers were used to adorn the Altar and in the Sanctuary.

The bride given in marriage by her father, was in a gown of white Alencon lace over satin, fashioned with a bouffant hooped floor-length skirt, the fitted bodice having long sleeves en point, with a square neckline terminating to a V at the back, was enhanced with crystal sequins and pearls and featured three self material roses at the center back to form a bustle effect. A crown of pearls and crystal held in place her fingertip length veil of silk illusion. She carried a lace covered missal, having a white orchid with mauve orchid tips. Her jewelry was a single strand of pearls and tiny earrings.

Miss Phyllis Bacon, as maid of honor for her sister, was in a dress of Virginia green silk organza, over taffeta, having a sheath type skirt with an overskirt effect, caught at the back with a matching butterfly bow, the bodice was finished with a scoop neckline and cap sleeves. Her matching chapel length veil was held in place by a double crown of pearls and she carried a colonial bouquet of pink Sweetheart roses.

The bridesmaids, Miss Frances Embury, Tomiobia, in Montezuma rose, Mrs. Michael Judd, Beebe, in Canterbury blue, and Mrs. Maurice Sanville, Irasburg, gold, wore dresses identical to the maid of honor, with a matching chapel veil, held in place by a double crown of pearls. They carried colonial bou-

quets of yellow Sweetheart roses.

Miss Donna Baker, niece of the groom as flower girl, was in a dress of pink and white nylon over taffeta, and wore a garland of matching flowers in her hair, she carried a basket of rose petals which she strewed before the bride. Mr. Maurice Sanville was best man for the groom and the ushers were John Lussier, Maurice Nadeau, and Raymond Royer. Gary Royer was ring bearer and carried the rings on a white satin heart design cushion.

Mrs. Bacon, mother of the bride was in a jacket dress of chocolate brown gabardine and wore a matching felt hat, brown accessories and a corsage of brown and gold marigolds.

Mrs. Rivard, the groom's mother was in a sheath of beige brocaded satin and wore a brown hat and accessories and a corsage of Sweetheart roses. The reception took place at Ridgewood Inn, Fitch Bay, Que., where the High noon dinner was served to 125 guests. The bride's table was centered with a three-tier cake made in a church design, having the bride and groom upon the red velvet carpet stairs, and was topped with white and silver wedding bells and doves holding the wedding rings. Seasonal flowers completed the decor.

Later Mr. and Mrs. Rivard left on their honeymoon trip, motoring to Cape Cod, Mass. For travelling, the bride wore a beige linen suit, a cranberry red velvet, feather trimmed hat, matching red accessories and an orchid corsage.

The couple will reside in Irasburg.

Miss Judy Johnson, was in charge of the guest book. Guests attended from Beebe, Newport, Irasburg, Orleans, Niagara Falls, Ont., Claremont, N.H., Montreal, Sherbrooke, Magog, Granby, Bromptonville, Rock Island, Stanstead, Lennoxville, Holland, Barton, West Charleston, Tomiobia, Grantville, Marlinton.

MR. AND MRS. ROBERT JAMES MILLS

Mills - Dallaire

The marriage of Monique, daughter of Mr. and Mrs. Thomas Dallaire, of Sherbrooke to Robert James Mills son of Mr. and Mrs. James Mills, of Rock Forest took place on August 31, 1963 at St. Joseph Church. Rev. Raymond Latulippe, cousin of the bride officiated.

The bride given in marriage by her father wore a floor length gown of peau de soie with a chapel train. She wore a crown of natural flowers tinted blue which held her veil of silk illusion in place and carried a matching bouquet of blue tinted carnations.

We love raising club funds the hard way

Raising money for clubs and dollar or two, it just doesn't appear projects the hard way seems to be an incurable habit of women.

Not long ago I mentioned in a column a book that offers clubwomen hundreds of money-making schemes. I mentioned it only to point out that women wouldn't have to spend time and energy — and no more in money — if they would give a dollar or two to a cause outright instead of planning bake sales, silver teas, bazaars, and the like to raise the money for organizations and charities.

What kind of response did the column bring? Well, it didn't bring any letters from women saying they agreed wholeheartedly with the idea of contributing cash instead of time, effort, AND cash, when their organizations need to raise money.

Instead, frantic letters came from clubwomen wanting to know where they could buy the book with all the money-raising ideas.

So the bake sales are going to continue. The bazaars are going to flourish. Women are going to keep right on running themselves ragged and paying baby sitters to look after their children, while they meet and work and plan to buy each other's bakery and craft items — instead of each one's kicking in a little cash to the kitty.

Obviously, women like it that way and aren't looking for any easy, simple, practical solution to the "How to raise money?" question.

If the solution is as simple as each member's handing over a

Tips on care of furniture

Your furniture is one of the major investments in living pleasure that you make. And it is the reflection of your taste and your way of life.

Proper care can mean the difference between a long and beautiful life for your furniture — or a short and marred one that also means expensive replacements.

According to one of the leading manufacturers of posishes and waxes for the home, you need both cleaner and wax for most furniture finishes.

If your furniture is finished with a high gloss and luster, your dusting should be done with a spray wax that cleans as well as polishes. And high gloss furniture should be periodically cleaned with a liquid wax cleaner.

With oil-rubbed or sealed finishes, such as is given most of the new modern furniture, in either light or dark woods, this manufacturer makes a liquid cream polish. It thoroughly cleans and enriches the wood grain without making the finish shiny — it leaves that beautiful soft hand-rubbed glow enriched and subtle.

Some furniture is finished with a medium luster. If this finish is on the slightly shiny side, the spray wax is best for your regular dusting.

ST. ANDREW'S WOMEN'S MISSIONARY SOCIETY

St. Andrew's Women's Missionary Society held their first meeting of the fall in the church hall on Wednesday, September 11. The president, Mrs. W. W. Laurison, opened the meeting with an appropriate talk on "Beginnings." This was followed by the devotions, consisting of a hymn, with Mrs. A. McCombie at the piano, and a reading and prayer by Miss Beulah Page.

After the reading of the minutes and the treasurer's report, a moment of silence was observed in memory of Mrs. George Stevenson, who had been president for many years, and for two other workers of the church, Miss Bessie MacMurphy, a deaconess for many years in India, and Dr. George MacKay, a missionary in Formosa. A donation is to be sent to the memorial fund at headquarters in memory of Mrs. Stevenson, who was always interested in the missionary work of the church.

Plans were discussed for entertaining members of the Synodical Society of Montreal and Ottawa at their executive

meeting in St. Andrew's September 17. Dinner is to be served at noon, with Miss Dora Smith and Mrs. J. Imrie as conveners.

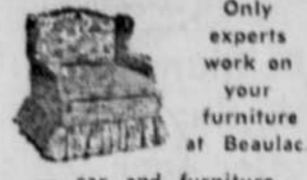

Guest speaker was the Presbyterian minister, Mrs. Herbert Mayhew, who gave a very interesting address on the aims and purposes of the forthcoming anniversary of the Women's Missionary Society (W.M.S.) to be held in Montreal next May. These are the 100th anniversary of the first missionary society, and the 50th anniversary of the society in its present form. She also told of the

projects planned, some of which have been completed.

Mrs. Laurison thanked the speaker for her informative address.

After singing a hymn, the meeting was closed by Mrs. McCombie leading in prayer.

Refreshments were served by Mrs. H. Miller assisted in serving by Miss Dora Smith.

Polly's pointers

by Polly Cramer

DEAR POLLY — Is your house in need of an "emptying out?" (Polly's note—it surely is.) If you are storing things you really have no further use for, here is one way to start. Go through those boxes of old photographs. Package them and send them off to the ones who are in the pictures.

You have no idea how pleased a young mother is to get a picture of herself as a baby or teenager. Give those pictures that are cluttering up your house back to the rightful owners. This will cheer someone else immensely and you will be cleaning out your house at the same time.

I keep all the straps from worn-out slips and bras. If they are cotton, all the better, as I make the loop hooks for my pot holders out of cotton straps which are strong and

washable—V. S.
DEAR POLLY — The best way I know to cut an angel food cake is with a piece of silk thread. The thread does not break the frosting or crush the delicate cake.—MRS. M. B.

DEAR POLLY — Try using pre-electric shave lotion to remove any kind of paint from the skin. It removes the paint and does not burn the way turpentine does when used for this purpose.—MRS. D. M.

GIRLS — If you are just out of shaving lotion, try this next one.—POLLY

DEAR POLLY — When I get paint on my skin, I use baby oil to remove it. It's easy to use and is good for the skin, too. Wonderful when children get into paint.—A. B.

GIRLS—So it goes.—POLLY

DEAR POLLY — When dusting Venetian blinds, avoid chipping the paint on the wall along the sides of the windows, by using two pieces of heavy cardboard (cut from a large carton) to the exact height of the window and the width of the window sill. I insert these on the sides between the blind and the wall. The blinds bang against the cardboard and the wall is protected. I move them from window to window as I dust and can use the same ones for months.—MRS. C. E. L.

DEAR POLLY — I have found a good use for some of my husband's wide outdated ties. I slide an umbrella into the wide end of the tie, cut off the extra length, sew the bottom, drawing it in to fit, and have a cover to use on my umbrella. It is also a nice protector for an umbrella you might want to keep in the car and soon find faded from the sun.—MRS. C. W.

DEAR POLLY—I have a question. How do you clean parchment lampshades? I know they cannot be washed because of the paper content.—MRS. D. S.

GIRLS and Mrs. D. S.—Most of the present day lampshades are really more paper than parchment. I have cleaned mine with a cloth dipped in skimmed milk and squeezed as dry as possible. Wipe but do not rub with the milk-dampened cloth. Some shades with a high glossy finish can stand wiping with a water-dampened cloth. Do not wet the paper tape, top and bottom, or you will be in a real mess. In any case, always try a tiny spot first. While we are on the subject of lampshades, may I urge you to always remove the cellophane that comes wrapped around many shades? Rather than protecting it, you are ruining the shade by leaving the cellophane on. Dirt can sift through in streaks and the shade may warp or shrink if left covered.—POLLY

Canadian Conference Leaders

East		West	
Halfback George Dixon of Montreal Alouettes advanced into the top 10 in Eastern Football Conference individual scoring Monday night, scoring a touchdown as the Als lost to British Columbia Lions 20-9 in Vancouver.		British Columbia Lion's Peter Kempf edged to within two points of the lead in the Western Football Conference scoring race Monday as the West-ern team defeated Montreal Alouettes 20-9 in a Canadian Football League interlocking game at Vancouver.	
It was the only Canadian Football League game of the night, and Dixon was the only player to advance his position. He moved from 11th place up to a ninth-place tie with teammate Dave Hoppman. Both have three touchdowns for 18 points.		Kempf kicked two field goals and two converts to give him a point total of 58—two behind Winnipeg Blue Bomber's George Fleming who has 60.	
Montreal lineman Bobby Jack Oliver booted a convert and a single for two points, but remained in eighth place with 22 points.		The leaders:

Ron Stewart to play defense, says Imlach

PETERBOROUGH, Ont. (CP)—General manager Punch Imlach of Toronto Maple Leafs said Monday Ron Stewart, a Leaf regular last season at right wing, may start the 1963-64 campaign on defence.

"Stewart has signed his contract and will play defence until further notice," Imlach said at the National Hockey Club's training camp here.

Stewart is likely to patrol the blue line until all-star defenceman Carl Brewer returns from the injured list, and that may be as late as Christmas.

Imlach also announced that two Swedish amateurs, goalie Kjell Svensson, and left winger Carl Oberg, have been loaned to Rochester Americans of the American Hockey League for tonight's exhibition game with the Leafs here.

Imlach said he has signed Darryl Sly from Rochester and Bill Hucul from Calgary Stampeders of the Western Hockey League.

Bill MacMillan, left winger with Neil McNeil juniors last season, has turned down a professional contract and decided to enter university. He left Monday for his home in Charlottetown.

Trimble's squad dominates final half but just couldn't get ball across goal line, defenses star

VANCOUVER (CP)—The head-hunters have saved another game for British Columbia Lions and it's getting to be the most successful habit in the Canadian Football League.

Head-hunting is a parochial term for the work of the B.C. defence. It was about 75 per cent of the grand total that went into a 20-9 victory Monday night over Montreal Alouettes.

The defence took credit for 10 of B.C.'s points and then held rock-solid on four third-down Alouette plays in the second half.

The victory meant a three-point first-place lead over Calgary, and a record of 7-1, as Lions enter the second half of the Western Conference schedule. They play games next weekend in Ottawa and Hamilton.

Alouettes, now 3-4, failed to move out of their first-place Eastern Conference tie with the Rough Riders and Tiger-Cats. They hit the halfway mark next Tuesday at home to Calgary.

Belgians pace six-day bike after four days

MONTREAL (CP)—The Belgian team of Robert Lelange and Emile Severyns was leading Monday night in the fourth day of the six-day bicycle race in Montreal's Paul Sauve sports centre.

Behind them were Italy's Nando Terruzzi and Mino De Rossi while Andre Darrigade and Willie Altij of France held down third spot.

One lap back were Lucien Gillen and Jean Raynal of Luxembourg. Canadian team members Andre Retrain and Roger Gagnard were two laps back in fifth place.

SCORE TOUCHDOWNS

Defensive end Dick Fouts and offensive end Pat Claridge scored the B.C. touchdowns, and Canadian rookie Peter Kempf wrapped up the rest of the scoring by converting both and kicking two field goals.

George Dixon shot 21 yards around right end for Alouettes' only touchdown, Gino Berretta punted for a single, and Bobby Jack Oliver scored two points on a convert and 40-yard field goal attempt that fell short for a single.

Lions scored both their touchdowns in a first quarter that ended 14-1 and gave up Montreal's touchdown in the second quarter as the score went to 17-8 at halftime. Only a field goal and a single were scored in the dull second half.

Lion's only sustained drive came the second time they got the ball. Joe Kapp put everyone in the backfield to work for 85 yards in 10 plays, nailing Claridge in the end zone from 10 yards at 8:32.

On the third play after B.C.'s kickoff, linebacker Tom Brown blocked Berretta's punt at the 25-yard-line and Fouts scooped it up for his touchdown.

Two more B.C. line-men were on hand when quarterback Bubba Marriot attempted to pass early in the second quarter, six-foot six tackle Emery Barnes to deflect it, and end Mike Martin to intercept it, setting up a field goal.

KAPP FUMBLES

When Marvin Luster — who played an inspirational game going both ways at end—got through to hurry Kapp on a second-quarter pass play, Kapp fumbled to set up the Alouette touchdown.

Montreal's Mike Dalatri recovered on the 29-yard-line, and Dixon took a pitchout all the way from the 21 at 13:19.

Both head coaches, Jim Trimble of the Als and Dave Skrien of the Lions, pointed to a third-quarter play as the key to the ball game.

Dixon slipped away on a counter play and ran 46 yards to the B.C. 25 before rookie half-back Bill Munsey caught up. Had Munsey missed his lunging tackle, the score would have been 20-16.

Marriot's receivers were well covered and he made only five of 16 passes good for 67 yards. Dixon carried 25 times for 190 yards and Don Clark 11 times for 43 yards as Montreal rolled for 249 yards rushing. Total Alouette first downs were 18.

Kapp completed 13 of 21 passes for 157 yards and Lions gained 132 yards rushing for a total of 17 first downs.

Neither coach reported any injuries, although B.C. flanker Jerry Janes was knocked cold in the fourth quarter.

F. St. Denis retains lead for driving honors

Florent St. Denis extended his lead in the race for individual driving honors at the Sherbrooke Race Track over the weekend. He picked up a first, third and a fourth to jump his total for the season to 243 points.

Guy Robichaud moved into the runner-up spot with 134, two more than Rene Claing who is on the sidelines with an injured wrist. Robert Jutras is fourth while Paul Charbonneau is one point behind with Guy Jutras in sixth with 153.

Fern Desrochers moved up the line with a total of 147 points good for seventh spot in the standing while next in line is Buster Huckins of Derby Line, Vt., with 123. Claude Gremier is close on Huckins' heels with 122 while Henri LePage is in tenth slot in the standing with 113 points. Frank Newell is the next with 103 to complete the drivers who have amassed over 100 points since the beginning of the season.

St. Denis teamed Mighty Council C to first place in the first division of the Adio Abe Pace while he finished third with Chief Corsica and picked up a few more points for a fourth-place finish with Birdie O'Brien.

Tomorrow evening the main event on the card will be a Trot-Pace event in the Ninth class when seven starters will go to the wire to battle it out for the major share of a \$300 purse. This is open to non-winners of \$3,000 in 1963.

El Dora's Irishman, New Girl and Prince Gerry C are slight favorites but tough competition can be expected from Forbes Castle, with F. St. Denis teaming, Bluet Scott, Royal Match and Ginger McElwyn. In fact any in the class could cross the wire ahead of the field.

Dickie Moore decides to retire, legs don't have it any more so fiery winger to hang up his skates

Dickie Moore, Montreal Canadian left winger who rewrote the National Hockey League record book just five years ago, decided Monday that his legs really don't have it any more.

Moore, 33, told team officials Monday he would not be doing the team or himself justice if he tried to keep on playing.

Moore, who scored a record 96 points—on 41 goals and 55 assists—in the 1958-59 campaign, has been bothered throughout his 12-year NHL career with various leg injuries, especially during the last three seasons.

At the same time, defenceman Bob Turner, with Montreal for five seasons before joining the Chicago Black Hawks in 1961, left the Chicago camp in St. Catharines, Ont., when the team apparently couldn't guarantee he would play in the NHL.

General Manager Tommy Ivan said he expects to hear from Turner before next weekend.

In Peterborough, Ont., Toronto Maple Leaf manager-coach Punch Imlach said he is moving veteran forward Ron Stewart to defence.

Imlach has been looking for a replacement for All-Star defenceman Carl Brewer, recuperating from a broken wrist suffered in the last game of the Stanley Cup finals last spring. Brewer isn't expected back until about Christmas.

Stewart played defence as a junior, and in the NHL was a regular defenceman with Leafs in the 1957-58 season. He has always been one of Toronto's top penalty-killers as a forward.

Imlach also announced that his two Swedish amateurs, left winger Carl Oberg and goal-tender Kjell Svensson, have naturally they can't all start in the NHL schedule in Chicago.

Bob Turner leaves camp to consider

ST. CATHARINES, Ont. (CP)—Veteran defenceman Bob Turner has left the Chicago Black Hawks training camp to "consider his hockey future," general manager Tommy Ivan of the National Hockey League club said Monday.

"There's no bad feeling between Turner and the hockey club," Ivan said. "We talked things over Friday and he asked for a few days off."

It is understood that Turner sought some assurance that he would be signed to an NHL contract, something the Hawks couldn't promise.

Although not referring directly to Turner, Ivan said: "There are nine or 10 players who can't be guaranteed jobs in the NHL this year. We winger Carl Oberg and goal-tender Kjell Svensson, have naturally they can't all start in the NHL schedule in Chicago."

Stephens' contract impossible

VANCOUVER (CP)—Coach Jim Trimble of Montreal Alouettes says quarterback Sandy Stephens' contract with the Alouettes "made the situation impossible."

In Vancouver for the Alouettes' game against British Columbia Lions Monday night, Trimble said on a personal basis, he and Stephens "got along fine."

The coach reaffirmed the crux of the problem between Stephens and Montreal was the contract.

"Imagine a kid that young making that much money with no conditions. He couldn't be cut, he couldn't be traded and he couldn't be waived."

"He couldn't play anywhere but quarterback and there was even some wording that said he couldn't be fined," Trimble went on.

"There was nothing anyone could do to motivate him and he had no incentive."

Montreal paid Stephens the equivalent of two years salary in a lump sum and waived him to Toronto for \$350.

"I see where he is doing fine with Toronto, which makes me happy because sometimes I had a hell of a time getting him out to practice," Trimble said.

"But make no mistake, he has a lot of ability and a change of scenery and a change of pay may be just the thing to snap him out of it all."

Dodgers tally two in 9th for 3-1 win over St. Louis

Sandy Koufax and Simmons clash tonight in second game of series; Marichal stops Braves for 23rd win

"They've just got to fold," said Leo Durocher. "They've been so hot, they've just got to."

Is the outspoken Los Angeles Dodgers coach right, or can St. Louis Cardinals bounce back from Monday night's 3-1 defeat by the National League leading Dodgers in the opener of the three-game showdown that may decide the pennant winner?

That was the question today as the Cardinals made ready for round No. 2 — against Dodger ace Sandy Koufax, 23-5. Starting for St. Louis will be Curt Simmons, 15-7.

Leo made his comment before the game, with the Cardinals heading into the series at home only one game back of the Dodgers after rolling to 10 consecutive victories and 19 in 20 games.

ERROR HELPS

The tension-filled game moved into the ninth with the score tied 1-1 before the Dodgers put together a double by Ron Fairly and an error for Willie Davis and an error for the two runs that gave them the vital victory and a two-game lead over the Cardinals.

Now, even if the Cardinals take the remaining games of the head-to-head clash, the Dodgers still will be in first place.

"I am not the least bit pessimistic," said St. Louis manager Johnny Keane. "We've got two more with 'em. This pennant race is a long way from being over yet."

In the Dodger dressing room, manager Walt Alston was asking the questions of reporters. "Well, we didn't play too badly, did we?"

Then came his answer. "I would say we won a pretty good one. That first game is always a big one."

While they were playing the big one at St. Louis, two other games were played in the National League.

PIRATES EDGE CUBS

Bob Veale pitched a two-hitter and Bill Mazeroski drove in the game's only run with a single in the last of the ninth as Pittsburgh Pirates edged the Chicago Cubs 1-0.

Juan Marichal won his 23rd game with a six-hitter and Orlando Cepeda hit a decisive homer to snap a 3-3 tie in the fifth and gave San Francisco Giants a 4-3 victory over Milwaukee Braves.

40,000 fans on hand to honor Warren Spahn

MILWAUKEE (AP)—Despite persistent rumors that the Braves are headed for Atlanta in 1964, Milwaukee's largest turnout of the season is expected tonight to pay tribute to Warren Spahn.

Some 40,000 fans, civic leaders and baseball officials will join in tendering the 42-year-old southpaw one of his greatest honors on Warren Spahn Night.

Carl Hubbell, Lefty Grove and Gabby Hartnett of the Hall of Fame will participate in the pre-game festivities before Spahn makes a bid for his 21st victory of the season and No. 348 of his career against San Francisco Giants.

The usual shower of gifts will be missing. Instead, Spahn's name will be perpetuated by establishment of the Warren Spahn Scholarship Foundation. The fund will be financed by the sale of "Spahn" buttons at 25 cents each and private gifts.

Eddie Machen scores KO over Ollie Wilson

SANTA MONICA, Calif. (AP)—Eddie Machen, once the No. 1 heavyweight contender, fought for the first time in 14 months Monday night and scored a six-round knockout over Ollie Wilson of Miami, Fla., in their scheduled 10-rounder in the Santa Monica Civic Auditorium.

The 31-year-old Machen, a trim 196, dumped his 30-year-old opponent with a succession of blows, the final a right uppercut, in a neutral corner. Wilson was counted out on one knee. He weighed 206.

Machen suffered a mental breakdown about a year ago and this was his first match since he boxed a draw with Cleveland Williams in Houston, Tex., July 10, 1962.

Wilson was a late substitute for Alonzo Johnson, forced out because of a virus attack. The big fellow, formerly of Hartford, Conn., came to life in the fifth round and the two slugged it out toe-to-toe as a crowd of a little more than 1,000 cheered what had been a dull match.

In the fifth, Wilson went down and got up at three from a solid right that caught him half off balance.

Wilson came back strong and twice rocked Machen with long rights to the jaw before the round ended. He was obviously tiring, however, and Machen carried the fight to its conclusion with a steady bombardment in the sixth.

YESTERDAY'S STARS

Pitching—Johnny Podres and Ron Perranoski, Dodgers, combined for three-hit 3-1 victory over Cardinals that increased Los Angeles' National League lead to two games over St. Louis, with Podres going the first eight innings and Perranoski pitching a perfect ninth.

LAST NIGHT'S FIGHTS

Santa Monica, Calif.—Eddie Machen, 196, Beverly Hills, Calif., knocked out Ollie Wilson, 206, Miami, Fla., 6.

Tokyo — Katsu Haga, 118 1/2, Japan, outpointed Somsak Laemapha, 118 1/4, Thailand, 10.

ET golfers win John Manville Trophy downing Vermont in annual match, Gaetan Cote just misses ace at 7th

The Eastern Townships 16-man squad walked off with the honors in the International Four-ball match played at the St. Johnsbury Country Club, St. Johnsbury, Vt., Sunday. It was the 12th victory for the Townships team since the annual tourney has been held.

The Canadians posted a total of 20 points compared to four for the Northern Vermont squad. Don Doe and Arnold Baker paced the attack with 73 each while Duke Doucet and Connie Dion, two youngsters, finished with 75 each.

The best ball was turned in by Don Doe and Gordon 'Dusty' Miller when they posted a 67. Baker and Jean-Paul 'Babe' Dussault were next with 68 for their combined efforts.

Announce New Healing Substance: Shrinks Piles

Exclusive healing substance proven to shrink hemorrhoids and repair damaged tissue.

A renowned research institute has found a unique healing substance with the ability to shrink hemorrhoids painlessly. It relieves itching and discomfort in minutes and speeds up healing of the injured, inflamed tissue.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most important of all—results were so thorough that this improvement was maintained over a period of many months.

This was accomplished with a new healing substance (Bio-Dyne) which quickly helps heal injured cells and stimulates growth of new tissue.

Now Bio-Dyne is offered in ointment and suppository form called Preparation H. Ask for it at all drug stores—money back guarantee.

Braves Hank Aaron has good chance of becoming first player in 26 yrs. to win triple crown in National loop

NEW YORK (AP)—Hank Aaron, the majors' home run and runs batted in leader, has a good chance to be the first National League player in 26 years to win the triple crown.

But he'll have to beat out three batting champions to do it.

The Milwaukee slugger, hitting .321, is only six points behind pace-setting Dick Groat of St. Louis, the 1960 batting champion. Roberto Clemente of Pittsburgh, the 1961 titleholder, is second with .325. Tommy Davis of the Los Angeles Dodgers, the 1952 winner, is tied with Aaron at .321.

Groat jumped one point to .327 in last week's games with eight hits in 26 times at bat. Clemente gained six points with 11 safeties in 25 trips. Aaron climbed one point with an 11-for-32 performance while Davis dropped two points with eight hits in 28 at bats.

HITS FOUR HOMERS

Aaron walloped four homers and drove in nine runs in last week's games, giving him 42 homers and 126 RBI. The last National League player to capture the triple crown was Joe Medwick of St. Louis in 1937. The last to do it in the American League was Mickey Mantle of the Yankees in 1956.

Carl Yastrzemski of Boston continues to lead the American League. He remained at .322 last week during which he collected eight hits in 25 tries. Little Albie Pearson of Los Angeles moved into the runner-up spot despite a one point loss to .312. Rich Rollins of Minnesota fell three points and is third with .310.

Detroit's Al Kaline, in second place a week ago, slumped to fourth with a .309 average. He dropped six points with only one hit in 14 times at bat. Frank Malzone of Boston is fifth with .296 followed by rookie Pete Ward of the Chicago White Sox, .294. The figures include Sunday's games.

Dick Stuart, Boston's hard-hitting first baseman, is the pace-setter in homers with 40 and runs batted in, 110. He had three homers and five RBI last week.

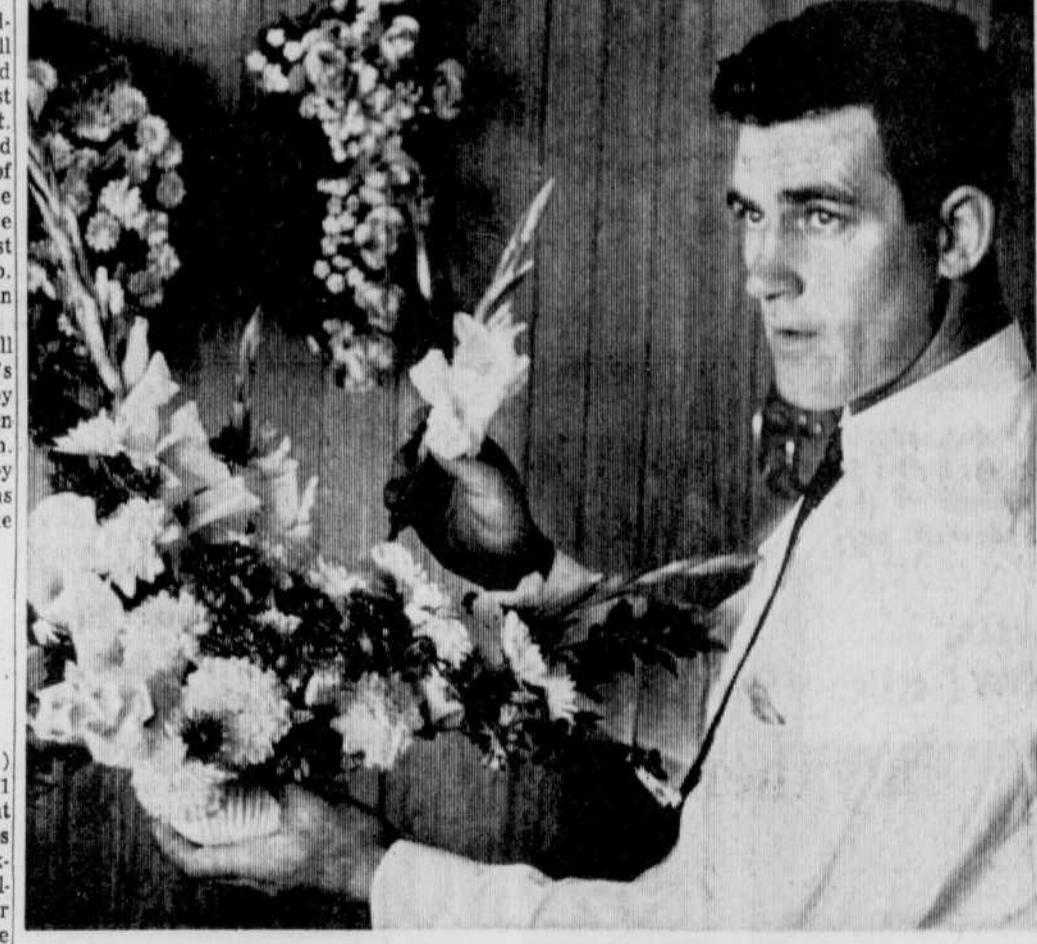

Boston—Tom McNeely, 205, Arlington, Mass. stopped Earl Atley, 202, Kennet Square, Pa., 2.

Football to flowers for former Bomber

LORNE BENSON, former Winnipeg Blue Bombers fullback whose football career ended when he injured his leg in an exhibition game in 1952, has a slightly different career now. He runs a florist shop and is an expert at arranging flowers — a task the 225-pounder describes as "darn tough." (CP Photo)

It wasn't until after three months in hospital that Benson realized what trouble he was in. He had a wife and four small children and was paying for a house. And he was accustomed to living on a salary of \$6,000 to \$7,000 a year from Bombers plus about \$4,500 earned as a railway pipefitter.

He conditioned his game leg until it was stronger than the other one and figured on getting back to football in the 1957 season. But it never regained its agility and he still can't bend it as far as his good leg.

Finally realizing that football was out, he began a grind of long hours of work that turned him from a gridiron terror into a florist—a polite, friendly man with a gentle touch.

Dressed in a dark suit and fresh white shirt, he talked the other day about how the change took place.

"There are a lot of kind and generous people. . . . While I was in hospital here they brought flowers. Being a tough type, I was taking them and I was chucking them."

"This was a lady-like thing. Flowers suggested softness, and this one wasn't soft."

Then one day his wife Betty brought him scissors and he gradually changed his mind about flowers.

When Benson got out of hospital and learned later that his football career was over, he got a job as a flower delivery man during the day and stayed with his pipefitting at night.

He watched the florists work and became more and more impressed with their skills.

In 1958 he opened a florist shop of his own. He didn't have much money to start and it was a "two-by-four" store. He got his first job when "one of my friends allowed me to do his wedding."
