SWIMMING POOL FUND REACHES $10,000 MARK

Canvassing Still Not Complete, Concerted Effort To Gather More Contributions

A meeting of the County Civic Centre committee was held at the Legion Hall, on Monday evening, with a fair number present. The full report of the amount of proceeds from the July 1st. celebrations was not fully reported so this will have to wait for a later date.

It was reported that the Penny Race held by pupils of Huntingdon High School had realized the total sum of $110.11. It was originally reported as being about $100, but more money was found on school closing and turned in to the Civic Centre. The committee feels this is a wonderful effort on the part of pupils of this school and are deeply appreciative of it.

There was great applause when it was announced that with the receipt of further contributions, the fund had now reached the $10,000 mark and may even possibly exceed this figure. The members were encouragd and felt that to have collected this amount in this time was quite good. There are still a large number of canvassers who have not turned in their reports and there are a number of people who have not yet been canvassed. It was felt that a further concerted drive should be made to bring in known outstanding mounts from both possible contributors and canvassers. The committee also felt that more larger donations should be forthcoming, some were reported and these were very much appreciated.

It was decided that the trophies awarded for the soccer games would be suitably engraved and that the large trophy would be used in annual competition in the future.

More money is urgently needed to swell the fund for the swimming pool and therefore it has been decided to hold a drawing in connection with Huntingdon Fair. It was suggested that this be for a Bridge Set (table and chairs) and to be drawn for on the last day of the Fair. Permission has been granted by the Fair Board. Tickets will go on sale almost immediately.

Mayor Cappiello told the committee that work on Russell's Island had already started and plans for the causeway were in hand and the work would be starting on that. This news was received with great delight and it is hoped that the island will be put to use in the near future in order that people may gain an idea of the island. It was suggested that a bar-be-cue or something of this sort be held in the near future. As soon as it is known what progress on the island is made, plans will go into effect to hold some function for the general public on this island.

The meeting adjourned until July 24th at the same place and hour and it is hoped at this time to have a full report of the July 1st proceeds.

Toastmasters International Region Six Contest

Valleyfield Member Gains Award

The Region 6 Conference and Speech Contest was held on June 9th and 10th at St. John Fisher College, Rochester, New York.

Toastmasters from a 500 mile radius gathered to conduct Educational Sessions, elections of International Directors, and to provide a contestant for the International Speech Contest

Eight contestants took part in the Speech contest, representing districts in Ohio, Michigan, Pennsylvania, New York State, Ontario, and Quebec. Each contestant had won contests at Club, Area, Division, and district levels in order to reach this stage.

District 61 (Quebec and Eastern Ontario) was represented for the second consecutive year by Ken Scott, a member of the Valleyfield Toastmasters Club. The competing members formed a very experienced group of speakers, including one radio announcer, and one priest.

The contest was extremely close, but the winner was announced as John Butler from Ohio, with Ken Scott in second place. A tie breaking judge was apparently necessary to provide the decision

John Butler now goes to Toronto in August to compete in the International Contest, which will provide the Champion Toastmaster for the International organization. Ken Scott is alternate contestant should Butler be unable to attend, and so the Valeyfield member is to be congratulated for coming so close to becoming an International finalist.

He has a very fine trophy to show for his efforts, however, in addition to the Club, Area, Division and District awards he won previously.

Legion Float In July 1st Huntingdon Celebration

The above float sponsored by the Huntingdon branch Canadian Legion was probably one of the best in the parade for Huntingdon's July 1st celebration. It was most colorful and done in foil which gave it a shiny appearance.

Appointed Accountant

Mrs. M. FILION
has recently been appointed Accountant of the Ormstown branch of the Canadian Imperial Bank of Commerce. She started her banking career at the Howick branch in July 1952 and shortly after her marriage in 1956, was transferred to the Ormstown branch where she has been ever since. Her husband is Maurice Filion of Ormstown and she has two children. She is the daughter of Mr. and Mrs. Donaldo Dandurand of Ormstown.

Above Mrs. Ann Cameron is seen being presented with a cheque from John Molson of Montreal, by Mr. Jacques Viau, of Valleyfield, agent for Molson's Brewery, with her on the right is Mr. Emile Senecal. The cheque is a contribution to the Huntingdon County Centennial project of the swimming pool and is most welcome.

Mrs. Angie Barrington,

Ormstown, Que.

Dear Mrs. Barrington,

The Directors of the V.A.C.M. Inc., and myself wish to thank you and your committee for the generous donation to our Club funds. This year and last year were big active years for us last year being our Club's tenth birthday, this year, Canada's Birthday coupled with Expo 67, and we sincerely appreciate the financial lift.

On asking all of our members who were present, everyone thoroughly enjoyed themselves. Without a doubt it was the most enjoyable 'Tour' that we attended so far thisnature.

May we also thank you for being so thoughtful in providing us with such a nice table of refreshments. All of us commented on how welcome they were. I am enclosing a list of the cars and owners present, and woul you, if possible, send me a copy of the "Gleaner" so we may keep it on file at our Club Library.

We wish to extend our best to Ormstown and to all of you who worked so hard to make this a night to remember,

Yours very truly,
Frank Hall, President.

SEVERAL APPEALS MADE TO COUNCIL FOR ASSISTANCE

The regular July meeting of the Town Council was held on Tuesday, July 4th, at the usual time and place, with the Mayor presiding and all members present.

The gallery was filled almost to capacity with children and the Mayor invited the public to state their requests.

Two members of the O.T.J. (Playgrounds Association asked the Council to help them cover the expenses incurred by this organization which supplies summer activities for all children without discrimination in regard to race, language or creed, for six weeks during the summer holidays. It was moved by Ald. Brisebois, seconded by Ald. Laplante that an aomunt of $400 be granted to this cause.

A young boy speaking on behalf of his friends, told the Council that they were trying to organize a ball team for French and English speaking boys between 11 and 15. They need money to buy bats and balls, sweaters, etc. This team would take part in games against similar teams from other towns and represent Huntingdon. Ald. McGerrigle moved that $50. be given to this organization; it was seconded by Ald. Laplante.

Another spokesman (this time a girl) wanted to know if the Council would help the teenagers to organize a "Boite à chansons", which is a place where the youth could meet to listen to music, dance, or see films, or hear interesting talks, etc. Unfortunately, the Council had to turn this proposition down, saying that there were no funds available at the moment, a considerable amount having been granted this year.

The Girl Guides who had written asking for an amount to help defray the cost of their annual camping week were also refused for the same reason.

Ald. Murphy requested that a siren be installed on the small fire truck to allow the firemen to get to the scene in case of fires. It seems that at times it is almost impossible for them to get near, on account of so many cars getting there before the firemen; this hinders their work and might easily be cause for serious damage to property or even

Stolen Car And Accidents

An accident occurred at the four corners at Havelock, on Sunday at 4 p.m. when one of the cars failed to stop at the stop sign. John Youskites from the States was travelling north to south and failed to stop at the stop sign at Route 52. Mrs. Jane Lipkowsky of Ville Lasalle was travelling on Route 52 when the collision occurred. The first car suffered about $150 damage while the second car had $300 damage. No one was injured.

An accident occurred on Monday afternoon on the Powerscourt sideroad, at about 2 o'clock when two cars were involved. One was driven by Howard McCracken of Athelstan and travelling toward Athelstan, the other was driven by Leigh Coffin of Ormstown and was travelling toward Huntingdon. The two sides-swiped each other causing a total damage to both cars of about $1,500.00. No one was injured.

A stolen car from Chateauguay was recovered near Ste. Barbe, around midnight on Sunday, by Q.P.P. officers of Huntingdon Detachment. The car, a '63 Chevrolet was stolen from Chateauguay, Que., at about 3 in the afternoon and was owned by Diabo Paul of Caughnawaga. A Q.P.P. patrol car happened to notice a car with only one light and followed the car to check. When the driver noticed he was being followed by a police car, he took the ditch and ran away. The police on further checking found it was a stolen car. The car was returned but the thief got away.

School Bus Contracts Awarded

There was very little of public business at the meeting of the Protestant School Commissioners, on Thursday, July 6th.

Tenders for the school bus routes were opened and two contracts were awarded to Russell Milne and two to Arnold Milne. One is still to be awarded and this will likely be done at an adjourned meeting to be held on Thursday evening of this week.

Hemmingford Centennial Celebrations

Hemmingford celebrated Dominion Day, Saturday, July 1st, with a grand parade, music, exhibition dances and an evening of dancing and various events for young and old. Under the chairmanship of Mayor Alister Somerville with André Germain as Secretary, representing the Village, Leonard Priest and Glen Hadley the Chamber of Commerce and Mayor Florian Dauphinais and W. J. Brown the Township, various suggestions and ideas were gradually accumulated until the evening of Thursday, June 22nd, when a meeting was called of all interested persons and the parade and events were planned. A second meeting on Thursday, June 29th, verified that all plans were going ahead smoothly. Gaetan Fortin was appointed Parade Marshal with Vic Rugenius as assistant. Mrs. Alister Somerville and Mrs. Norma Fortin were asked to organize the refreshments to be served at the end of the parade to all those in the parade who had come from a distance and also the free refreshments to be served during the evening. Mr. Norman Fortin to organize the open-air dance in the evening.

At 3 p.m. on Saturday the parade moved off, led by Corporal G. Morey and his fellow officer, both in full-dress uniform. Then came the Chateauguay Valley Pipe Band with their stirring music, followed by the members of the Hemmingford Branch Royal Canadian Vets. Assoc. and the Hemmingford Cubs with their display. The float which followed represented a joint meeting of the Village and Township Council and then came the three clergymen of the village, Canon L. Corriveau, Rev. O. Carmichael and Rev. H. Brown. There was the Legion Float, the Fire Engine and men from the Mooers Brigade and the Chamber of Commerce float. A very attractive band followed, the Saphirs of St. Chrysostome, in blue and white uniform, they were followed by Mr. Walter Smith who had Mr. and Mrs. Emmett Cleland in old-fashioned costume as his passengers. After David Simpson's float came Eddie Berthiaume driving his 1936 Ford with Bob White from Covey Hill as his passenger. Then came the youngsters on their gaily decorated bicycles, about 50 of them. They were followed by the Fire Engine and men from Champlain. André Gagnon paraded two antique cars, in one rode Notary and Mrs. Bouchard, in old-fashioned costume, Mrs. Bouchard was wearing her mother's wedding dress and bonnet. The Hardee Farm float had a fine display of their vegetables and the girls who handled them. The Frontier Inn had two floats, one for the Go-Go Girls and the other for the old-time violins. The float of the Women's Institute represented the many projects of this organization. Seated in the front were two Charter members of the Branch, Mrs. C. Petch wearing her medallion as Commander of the Agricultural Order of Merit and displaying the flag which she is entitled to fly; and Mrs. Susie Orr in old-time dress making butter in an old-time churn with a member standing behind in modern dress using an electric mixer. Around the float were represented Agriculture (School Fair) Citizenship (ladies in costumes from around the world), Education for young and old, Home Economics and Health and Welfare (Baby Clinic). A 1934 old-timer belonging to Charles Barr was filled with modern youngsters and behind followed the Cardinals with their Trotting ponies and sulkies, from St. Chrysostome. Leonard and Conrad Priest showed on their float how an old-fashioned kitchen appeared. All the furniture was authentic and the old cook stove really smoked. Hebert Electric had three young ladies in costume as passengers. A school band, the Lacolle Ambassadors, in smart uniform, marched along and were followed by the Lacolle float representing Man and His World. Then came the Hemmingford Fire Trucks manned by the men of the Brigade (that is to say, all those who could be spared from traffic duty and all the other jobs they had undertaken!) Willie Beattie had three floats in the parade and also served ice-cold apple juice to all. Altona Fire Brigade were there with their truck and men and they were followed by the ladies of the Cercle de Fermières who had a very interesting float. One member was spinning at a wheel while another was knitting. Other members walked behind and all were in old-fashioned costume. Mr. Ste-Marie had his 1928 car shining like new and as passengers Mr. and Mrs. Arthur Lavallee and Raymond, all in authentic old costume. The Hemmingford Scouts followed and then came Marcel Fortin with his 1928 Studebaker his wife wearing old-fashioned costume. The Band from Mooers School was in fine form, providing some fine marching music for the C.G.I.T. who followed. The ladies of the Presbyterian Guild also had a very interesting float. All the ladies on the float were wearing authentic old costume, knitting, churning, spinning and four were quilting. The Frontier Market Float displayed their wares and they were followed by the old Hemmingford Fire Pump and the very old, antique hand pumper. Bringing up the rear of the parade was Mr. Raoul Serre and his ambulance, and, unfortunately, it was put to use. Mrs. R. Laniel was jerked from her position on a float and fell, she was rushed to Ormstown Hospital immediately and given a thorough check-up. Fortunately no broken bones but some painful bruises and is now recovering well. After the parade the C.V. Pipe Band gave a demonstration of Scottish Dances and several young people gave turns. In the evening the ladies of the Cercle de Fermières entertained with square dances, a good band from Montreal played for the open-air dance at the rear of the Town Hall while the teen-agers danced to their modern music in the United Church Hall. The whole event went smoothly everyone had a good time and many are looking forward to — perhaps — next year when another such celebration might be organized.

My apologies to Mr. Andrew Somerville; his Float represented the old and the new in lumber. The cut logs on the float were from trees over 100 years old, the little trees were of 1967 vintage and the two good-looking lumberjacks were his daughters, Sharon and Nancy!

A UNIQUE TRADING POST IN ORMSTOWN

1. Ormstown's Northern Trading Post. — 2. Some of the Carvings on sale at the Trading Post.

Saturday will be the official opening of the "Trading Post" in Ormstown. This unique little shop is the brain child of Mrs. Jean Henshaw, of the Department of Northern Affairs. Mrs. Henshaw tells us that some months ago the Travellers' Aid Society was asked to assist with the Northern Festival, which was held in Chomedey. Some of her "boys", (Eskimos whom she has at her home in Ormstown convalescing from various forms of hospitalization) went to Chomedey to build igloos. As time went on, a desire on the part of the boys to help further develop the Festival prompted Mrs. Henshaw to seek the aid of her son Don, also of Northern Affairs. Don remembered an abandoned lodge he had on a farm in Hemmingford. Thanks to the Montreal Trust Company, heavy equipment was sent to Hemmingford and the lodge was put on a flat bed transport and tractor and hauled to Chomedey, where it was set in place by heavy crane equipment. An exhibit, on loan from the Northern Affairs Department, another one from Travellers' Aid, a few treasured pieces of art, from Mrs. Bryce Seggie of Ormstown, were part of an exhibit which brought favourable comments from far and wide, and the 'Trading Post", became a popular place to visit during the six months of the Festival. As many as 1500 persons passed through the door during a day. In May, Mrs. Henshaw decided that the building should be brought to Ormstown and used as a similar post. In no time flat, Don was on the job once more, with the help of the Montreal Trust Co. the "Trading Post" was moved, once again by heavy transport and crane, to the Henshaw property on Church Street.

The "Trading Post will be operated by Mrs. Henshaw as an outlet for Canadian Arctic Producers for the Eskimo people as a means of direct sale for their arts.

On a recent visit to the "Post", we saw beautiful soap stone, bone and Walrus tusk carvings, seal skin tapestries, woven articles, mitts, mukluks, toys and many other articles, most of them made by the Eskimos of Ormstown. Lovely pewter and silver jewellery from the Scandinavian countries are for sale, as well as paintings, bear pelts and many other articles. It will be an education for everyone, just to visit the 'Trading Post" in Ormstown, and meet the wonderful people who have created these works of art.

HAVE BAND – WILL TRAVEL

The vast area of central British Columbia known as the Cariboo has long been renowned as the rancher's paradise. It has also won claim to fame as the setting for Paul St. Pierre's popular C.B.C. series, "The Cariboo Country." Another reason the Cariboo is a focal point of nation-wide attention is that it is the home of the Cariboo Indian Girls' Pipe Band — the only one of its kind in Canada.

The band was established in the Fall of 1958 by Father Alex Morris, O.M.I., then principal of the Cariboo Indian School, near Williams Lake. James Duthie, then commanding Squadron of the boys' squadron — 610 Air Cadets Squadron, Williams Lake — happened to be an able piper. It was he who began to teach the girls the long arduous task of learning to play the bagpipes.

Before long Squadron Leader Duthie was transferred to another post and it looked as though the girls' band, then in its formative stages, would fold up; when into the picture stepped Adam Smith, an old country Scotsman and pipe major of the Canadian Legion Pipe Band at Quesnel, B.C. One weekend, on a band engagement at Williams Lake, Mr. Smith took a trip out to the Cariboo Indian School, sized up the potential of the young Indian girl pipers, and immediately offered his services as an instructor.

Thereafter, for two weekends a month for two years, the girls travelled 90 miles north to Quesnel to receive a crash program of tutoring from the veteran piper, Adam Smith. And it was during this era that the Cariboo Indian Girl's Pipe Band rose from local to provincial, then national fame.

Over the years the aging pipe major became a much beloved friend of the Indian youngsters and when he died in 1964, their grief was immeasurable. And once again it looked as though the band would sink into oblivion for the want of a dedicated instructor. However, so deep and lasting was the impression that Adam Smith had left among the pipers and so superb had been his instruction, that there arose from among their ranks a shy, young Indian girl who decided to assume the role of instructor herself. She was Phyllis Bob, from Carrim Lake reserve, now 24 years old and working as a seamstress at the school.

It takes four hours' practise a week for two years on practise chanters before a student is ready to graduate to the bagpipes. The youngsters start at the grade 4 level and are then ready to join the main band in Grade 6. There are twenty "graduates" in the band at the present time — 13 pipers and seven drummers and 12 youngsters in training for the pipes and drums. Once Phyllis trained the youngster to the point where they are ready to join the band, she hands them over to the Pipe major. In 1965 Cyril Aucoin, a supervisor at the school, took over as pipe major for the band.

In recent years the band has introduced exhibitions of sword dancing to its program. Phyllis also gives instruction to her younger charges. In addition to all this, she makes all the uniforms for the band. Once the initial uniforms were designed and samples made by a professional seamstress, Phyllis took over the making and maintenance of all the uniforms.

Describing the multiple responsibilities now assumed by the young Indian girl who has been a member of the band since its inception Father Hubert O'Connor, O.M.I. formerly of Huntingdon and Principal of the school for the past 6 years says: "Phyllis is a perfectionist in all that she does. If it weren't for her we simply couldn't have kept the outfit going."

The band has now spent 6 summers "on the road," travelling by special bus, camping out overnight when necessary. Band funds are raised by the girls themselves through various projects during the winter months. In 1965 they made a Canada-wide tour to the Blandford Highland games in Nova Scotia and were featured on the coast — to coats C.B.C. T.V. Dominion Day program.

While on tour to Nova Scotia - Huntingdon had the honor of having them play at a concert at the Arena. This was sponsored by the Royal Canadian Legion Branch 81 and was attended by well over 600 people.

This year on July 2, the Band left Williams Lake, again under the supervision of Father Hubert O'Connor, to cross Canada by bus to attend Expo, where they have been invited to play on July 12 and 13. They plan to make Huntingdon their headquarters while in this part of the country and will be around for about 10 or 12 days.

On Sunday, July 16, they have been invited to give a concert at the Salmon River Central School, Fort Covington at 8 p.m. and on Wednesday, July 19, they will give another performance at the Huntingdon War Memorial Arena at 8: p.m. Everyone from far and near is invited to give these girls a big "welcome back" and also to encourage them for keeping up their hard work and travel. Admission for adults will be $1.00 and for children over 8 years $0.50. The proceeds will be turned over to help the band defray travelling expenses.

Mr. and Mrs. J. D. Lang, Howick, Feted on 40th Anniversary

A delightful dinner party was held at the Rustik, Chateauguay, on Thursday evening, July 6th., to honour Mr. and Mrs. James D. Lang on their 40th Wedding Anniversary.

Mr. and Mrs. Lang (Jim and Bertha to their many friends) are outstanding members of the community. Their farm life at Tullochgorum, included, for Jim, a keen interest and much work in connection with forming calf clubs for young people, and the Ormstown Hatchery. Since retiring to Howick 9 years ago he continues as a judge of Holstein cattle and has a large garden.

Bertha has been a member of Howick Women's Institute for 50 years. She inspires and activates the other members and has held provincial, county and local offices during the years. Her interest in gardening equals her husband's and every vegetable and flower has experimental interest to them. Both are loyal members of the Christian Church and new neighbours soon became aware, as others have long known, that they are continually witnessing to its teachings.

Hosts and hostesses at the party were Gordon and Thelma Lang, Donald and Esther Lang and Burton Lang. The thirty-five guests included ten who had attended the wedding and four of the six grandchildren, Douglas and Janice, Kathy and Terri.

All were seated at a long table which was decorated with masses of red roses from the Lang garden. A sumptuous meal was served and cameras clicked as the happy couple rose to cut the wedding cake.

Donald Lang welcomed everyone and on behalf of the guests presented a gift of money. Then his small daughter Kathy made a little speech and along with Gordon's young son Douglas, led the honoured couple to a pair of garden chairs, a gift from the family. After the chairs had been duly admired and tried for size and comfort by the grandparents and grandchildren, they returned to the table.

Jim thanked everyone for their gifts and reminisced about happenings during the 40 years. The depression years during the 30's had been hard but he felt they had come through them the stronger for the experience.

They were particularly happy to see Mr. and Mrs. T. J. McLaron, Darien, Conn. sitting across the table from them. Mrs. (Florence) McLaron, a charming lady, was unknown to the Lang family, until recently when Mr. Lang completed a family tree. They were attending Expo and made a side-trip to attend this anniversary event. Mrs. McLaron spoke briefly.

The Rev. A. E. Loree, minister of Ormstown United Church, extended good wishes from all who were present and spoke of what the Langs had meant to him and others in the community. James B. Elliot, cousin of the groom, told of some amusing incidents that had happened in their lives.

Everyone mingled for a social hour following the dinner, before bidding Jim and Bertha goodnight, with added best wishes for the future.

Mrs. Cairns suffered cuts and bruises while her husband had slight injuries to his leg. Mrs. Cairns was treated at the Barrie Memorial Hospital.

Both cars suffered extensive damage, but the amount is not known. As far as is known no one was injured in the Montreal car.

lives. This was approved unanimously.

Moved by Ald. Brisebois, seconded by Ald. McGerrigle that the $60,000 loan be renewed.

Messrs. Louis Roy, George Boyce, Adrien Brisebois were named assessors for the next property evaluation. Mr. Orphée Legault will act as substitute.

The Council then studied the accounts of the water and garbage collection tax. Those who are in arrears will be notified by registered mail; if the bills are not paid within a certain period of time, they will be handed in for collection.

A special meeting will be held next week in connection with the water pipes to be installed in the northern section. The plans for the sewer system for that area and pumping station have been approved by the provincial authorities.

The committee in charge met the other interested party and the final deeds for Russell's Island will be signed shortly; work on the proposed swimming pool site will start almost immediately.

Editorial Notes..

We Must See It Through

THE BIG DAY that was awaited, is over. It was a success and all that, and Huntingdon celebrated Canada's Centennial of Confederation. It is old news now but it will linger in the memory.

There is disappointment however, in the fact that our Centennial project was not achieved on this important date of July 1st. Admittedly, the organization for the project was late in starting when it required as large a fund as is the target. The late start cannot be blamed on anyone in particular, just lack of enthusiasm, or general interest. About last October interest was aroused because it was felt that the time was getting short. That this was so, is proven now by the fact that we are still a long way from achieving the goal we are after. As a Centennial project and being of the nature it is, July 1st was the logical time for the official opening and it should have been an important part of the recent celebrations.

The campaign only got underway about the beginning of the year and considering what has been done so far, is probably excellent. The project was too late in starting to be eligible for the special Centennial grants, but hopes were held and are still being held that a grant may be forthcoming. Of course there is no knowing what amount of grant might be possible, but here again the hope is that it will be quite substantial. In an announcement made public in the daily newspapers of the past week, the federal government reported that "The Centennial Commission gets an extra $10,647,400 to finance the construction of museums and other lasting Centennial projects and various celebrations." This is good news in the fact that a hint has been given that should more money be allowed, that there would be a promising possibility of our project receiving some of it. This is quite heartening to the County Civic Centre.

It is quite possible that should a substantial grant be received that the Swimming Pool could still be built in this Centennial Year and a further celebration be held to inaugurate the event. Its usefulness this year may be curtailed somewhat, but at least we should have it in readiness for the 1968 season. According to a report of the Town Council Meeting appearing in this issue, work is to be started on Russell's Island immediately. The signing of the Deed has been completed. This again is cheering news and it is to be hoped that some speed will be initiated in getting this work done. The public will then be aware that progress is being made. Up until now there has been little to show that we even had a Centennial project in mind. We feel that a signboard announcing this fact should be erected on the island for everyone to see and that the boards in town should be livened up to show what progress is being made. Such little things proclaim that activity is really in progress which helps to promote enthusiasm in the project.

In the course of time Russell's Island could become a real recreation centre in more ways than one and it would be well worth the money being raised to finance it. The people must be more enthusiastic, there must be a look to the future. Not only are we now here going to benefit, but those who will come after. There is no doubt when this project has been accomplished that all citizens will point to it with pride. That being the case, why not get down now to more support and seeing that this project is completed in this Centennial year? It can be done if the proper support is forthcoming. The July 1st celebration was an evidence of what co-operation can do toward success. Why not give more of the same thing? We cannot rest on our laurels for one success, there must be more and then more and more concentrated effort. Get out those pledges and let us put this project over the top!

Prices Rising Again!

EARLIER THIS YEAR women put on a big fight against high prices of food. After protests to the government, picketing various stores and also of boycotting some, price were lowered on many lines of food, including meat.

Now the Dominion Bureau of Statistics has reported that food prices have jumped sharply. The consumer index has risen in June seven-tenths of a point to 148.8. Food is blamed as the cause in the recent rise of 1.1 points, items named are as follows: milk, bread, pork, sugar, potatoes, cheese, cookies, infants' food, jelly powder, chicken, grapefruit, apples, cabbage and a number of other fresh vegetables. Some other items fell in price. From last August's peak, food prices fell rapidly to an index of 143.3 in March of this year. While consumer prices are up, wholesale prices of raw materials and farm products at terminal markets held generally steady in the period May 26 to June 23. Manitoba's sales tax has contributed to increase in prices.

While we have all been busy with Centennial celebrations, Expo and what not, little attention has been placed on the inflationary spiral which is still continuing. There is no doubt but what Expo has contributed toward a higher demand for some goods and probably has left them in short supply. This could account for some increased food prices in particular. The difference in the index from 143.3 in March to 148.8 at this time is a considerable jump. Had food prices remained what they were earlier, then we should really be in the throes of inflation by this time.

Mention is made of the Manitoba sales tax, but no mention is made of the increase in Quebec Sales tax and it must have had some effect. Any taxation which affects prices directly or indirectly, ultimately shows up in the final cost of things. As the cost of doing business increases, so the price to consumer increases as the additional cost is passed on. Various rounds of wage increases finally reach the consumer and he has to pay. As the consumer is all of us, it means that any benefit occasioned by increases in pay will finally come to the consumer. So it works out that something is placed in one hand and taken away with the other. The net gain is still a mathematical problem that has not yet been solved. That mathematical problem is known as economy — no not economize — but the state of the economy. It used to be known as supply and demand, but we do not think that fits any more. The purpose at one time was to try and bring about a balance between the two. The emphasis today seems to be on production, which in other words is supply. When production exceeds the demand, we have deflation. As the opposite balance is put into effect and we have goods is short supply, we have inflation. In other words artificial prices.

The general view of the economists is that we have a fairly good year for 1967, but after that there could be a serious decline in the total economy. There are several ways of combatting this but all would have various effects on the economy. We could try to increase our exports and curtail our imports, thus making our own goods in greater demand. We could devaluate the dollar to make it more attractive to foreign buyers to trade with us. Naturally these would have diverse effects. It is possible that such tactics would call for retaliation from other countries in order to protect their trade.

Perhaps these things would be preferable to having wide unemployment because of shut-downs in industry forced by low demand for the products being offered. At our present trend of high prices, it would be hard to compete in world markets for many of the products we would have to offer. Already many of our manufacturers are feeling the pinch from foreign goods that are allowed into this country. One country in particular is competing in so many lines that there is hardly one domestic manufactured item that is not challenged.

This year, to a certain extent, Expo is bolstering our economy due to the fact of the influx of so many visitors from all parts of the world and the extra employment that is offered. Once this is withdrawn, our economy is going to suffer to a great extent. There does not appear anything in sight to act as a stopgap.

SUGAR AND SPICE
by Bill Smiley

IT GETS A FELLA DOWN

If you are about to enter an institution, it helps considerably to know the written and unwritten rules, what the grub is like, and what you can get away with.

As a 20-year inmate of that great institution known as Marriage, may I be of help to those thousands who are going to leap before they look, in this month of July.

In this particular institution, unlike most, the written rules are almost non-existent. Even the vows are delivered verbally. This, of course, is one of the great flaws in marriage.

In my opinion, no wedding should take place until both parties, in the presence of witnesses, have signed a written contract. During the drawing-up of the contract, every man should be represented by a lawyer who has been married for 20 years, every woman by her mother.

What a deal of heart-burning and soul-searching, recrimination and retaliation, such a document could prevent!

What would be in the contract? Anything you like: who handles the money; who does the dishes; who gets up with the baby; who gets out how many nights a week; how high the bedroom window is to be up; number of children. The possibilities are illimitable.

There should also be a clause stating that the whole contract will be reviewed and redrawn every two years. This would provide a regular and endless source of income for 20-year-married lawyers.

But let's get on. No matter how airtight the contract, it is the unwritten rules of the institution that will make you come up gasping for air.

For the men. Some things you should accept without question. First, you'll never win an argument, so don't argue. Just quietly admit you are wrong and then go ahead and do what you know was right all the time.

Second, she's going to make you a "better" man. Even though she thinks you're perfect on D-day, she'll soon find room for improvement. The only defence against this is passive non-violent resistance. My wife has been trying to remold me for two decades, and I'm proud to say I'm not a "better" man than on my wedding day. In fact, I'm worse, as far as she's concerned. "Hopeless," is the way she puts it, and nowadays she tries to improve me only about once a month.

For the ladies. You, too, will find the unwritten rules work best, even though you have to make them up as you go. I could write a book of unwritten marriage rules, but will limit myself today to only a couple.

For example, the only way you're going to make the bum work hard and get ahead in the world is to keep him constantly, and deeply, in debt. This is a cinch, in these days of easy credit.

Second, keep him on the defensive. About everything. Compare him aloud with your brothers, your father, your male neighbors. He'll feel guilty all the time, and you can make him jump to it like a trained chimpanzee.

For both sexes, a few general tips. Marriage, despite the women's magazines, is not a beautiful fusing of two minds, hearts and souls; nor is it simply a matter of give and take; neither is it a formula of sharing of communication, of "talking things out." That's a lot of poppycock written by women who have been divorced twice.

Marriage is a ruddy armed truce, that's what it is. The only difference is that there are no Big Powers to get involved. If it turns into a cold war, or a hot one, depending on the situation, you have to fight it out for yourself.

After a few years, you get mighty good at skirmishing, advancing and retreating, consolidating your position, and setting up an ambush.

About kids. Have them early and have lots. After the first novelty of living with a strange woman (or man) wears off, it is in them that you will find your greatest joy — and sorrow. They keep you young. They drive you crazy and keep you from going insane.

Let's see, I think there was one other item. Oh, yes, the grub. It's usually pretty good, after the first year or two.

Bless you my children.

This and That in Town

JUST WHO is that lady Customs Official at a local port who thought the brake release on one of those brand new foreign sports cars unlocked the seat belts? Watch that R, it just might be that the Rescue Squad from south of the border would have to be called if you don't smarten up.

THE ROYAL YACHT "Britannia" passed downstream through the Seaway last Wednesday evening about 10:30, probably on its last trip in this area for some time. Unlike the voyage we spoke about last week when Her Royal Highness was aboard, the ship travelled at a fairly fast speed. It was well lighted as previously, but we doubt if many small outboards would have been able to keep alongside for long. Despite the speed, the engines were barely audible on shore ... a direct contrast to most passing ocean-going vessels.

PEERING UP from that hot place His Honor told us to go last Wednesday night we indeed perceived that all the lights on the Henderson St. bridge are in working order. Humble apologies, sir. And you're so right, we won't have a thing to crab about any more. Yes yes, we'll say something good for a change, maybe about how well kept the parks are, especially the rose garden on the riverbank near the County Hospital. Maybe a little about the attractive disposal containers or the flower boxes near the Lorne Ave. approach to the Walker Bridge. Could be we might comment about Pat Barr's work even ... he seems to take real pride in keeping the streets brushed clean. Don't ask us to make complimentary remarks about all those four-way stop signs though, in this writer's opinion they're a hazard to safety .. traffic lights have to come some time and the sooner the better ... maybe even long before the new Catholic Regional School is built when lights will be an absolute necessity, especially at McCoy's Corner. Now now Mr. Mayor, watch your blood pressure and anyway I find it hot enough right here these days without going all the rest of the way down there. One thing more, who designed the "Huntingdon 1867 - 1967" signs at the entrances to town? Most people agree they're attractive and just what was needed.

WOULD YOU BELIEVE a petition is circulating to rid Ourtown of those four-way stop signs at several busy intersections? We'll bet you would! At best they're a nuisance and at worst they're a safety hazard. BUT, would you also believe that one resident near the intersection of Prince and Bouchette thinks they're the greatest? Seems hard to believe but he says he has been watching and cars from all directions just converge until one gets up nerve enough to venture into the paths of the others. The drivers are so cautious and confused that our observer says accidents will never occur at that intersection. Well - - -

LAST WEEK Dr. C. Gaillard inserted a classified advertisement in this newspaper offering a reward for information leading to the return of his pet Dachshund dog. This week, Dr. Gaillard is offering a handsome reward for information leading to the identity of the person who shot his dog. Yes, someone shot him, and only a short distance from the Gaillard home. It is inconceivable that even the most stupid of hunters could possibly mistake a friendly red Dachshund for a wild animal, but then we have strangers coming into the community who shoot robins and other song birds as well as cats, chickens and cows. Only last fall a man and his dog were killed by hunters. We deeply sympathize with Dr. Gaillard and we sincerely trust he learns the identity of the person who shot his dog. It is high time that the Provincial Government took steps to protect persons and property from so-called hunters.

SEVERAL YEARS AGO many of us in this locality listened every Saturday night to the National Barn Dance over WLS Chicago. One of the originators and program director for many years, Mr. George C. Biggar spent last week visiting his relatives in Ourtown. His son-in-law, Mr. Robert Hare, senior scientist for Operations Research in Silver Spring, Maryland, was seen trying out his canoe on the Chateauguay River — minus rocket propulsion!

TWO HOLE-IN-ONE'S were recorded recently at Hemmingford Golf & Country Club equalling the total recorded by this club since its opening in the summer of 1965 — June 19/67 — Mr. Walter Powers of Rouses Point, N.Y. on No. 3 Hole, 135 yds. with a 6 iron while playing with A. Powers. June 28/67 — Mr. Bill Clark of Verdun, on No. 8 Hole, 140 yds. with a 6 iron while playing in a foursome with Fred Orr and Leonard Priest of Hemmingford and George Nickel of Verdun.

BANGOR VOLUNTEER FIRE DEPARTMENT'S tenth annual smorgasbord and field day will be held Sunday, July 23, at the Cunningham Grove on Route 122 in North Bangor. Serving will commence at 11:30. On the menu will be turkey, ham, potato salad, macaroni salad, cabbage salad, baked beans, pickles, cottage cheese, cranberries, rolls, assorted homemade pies, cupcakes, coffee, tea and milk. Dinner prices are $1.50 for adults, 75 cents for children under 12 and youngsters under 5 admitted free. Games and rides will be available throughout the day. Various other refreshments and entertainment will be available on the grounds.

VALLEYFIELD — This fast-growing city will soon become one of the province's mail centres. This means that all in-going and out-going mail for most of the Chateauguay Valley will be handled at Valleyfield. Rumour is that Huntingdon will still only receive mail twice daily but the evening mail will arrive a little earlier. We're hoping our local P.M., Jim O'Hare, will have a statement to make next week. Meanwhile, this is one rumor that just may be true.

VALLEYFIELD AGAIN: Unconfirmed reports have it that a young man from this city, driving a 57 Chev at over 100 m.p.h. while racing with another car, piled into the back of an out-of-town motorist from the U.S. Monday evening.

ORMSTOWN: It it true that it cost a young fellow four dollars recently because he sounded his horn several times, before midnight, following a stag party for a friend who's taking the marriage vows in the near future? In comparison to some of the noises we've heard in Thattown, from squealing tires to straight pipes on cars and motorbikes, that just doesn't sound quite kosher. Agreed?

GERARD FOURNIER, a Montrealer who plays the accordion and sings, entertained golfers in a big way at the Trout River Golf & Country Club last Sunday after the successful pro's tournament sponsored by Dow's and Tod Campeau.

THE THIRD ANNUAL Horse Show sponsored by the Huntingdon Fair Board will be held on August 6th. This event is becoming increasingly popular among horse lovers.

TALKING ABOUT HORSES, some of the boys in Huntingdon and Ormstown have been striking it pretty rich of late at Blue Bonnets. Others aren't doing so well though, eh Bob?

CONTRARY to Dame Rumour, the Pet Show will be held as usual at Huntingdon Fair. The Board will be sponsoring the attraction and Master Feeds will be donating dog food to every entrant. (Sure Tom, but what about cats and canaries)?

AGAIN: The Gleaner prints wedding invitations and yes, we do have photographers ... black and white or color.

$10,000 MARK: Richard L. Tinker reports that more than $10,000 has been subscribed to the County Civic Centre for the swimming pool to date. Town work in preparation for the pool is also getting into high gear. We'll have that swimming pool all right, but will it be for '67? We hope so.

A HUNTINGDON LADY accidentally lost more than seventy dollars on the street recently and another, who manages a store, had her purse which contained quite a large sum of money, stolen. That folding green stuff is too hard to come by girls, better hold onto it real tight.

RECENT APPOINTMENTS by the Cleyn & Tinker Ltd. complex see Phil Tinker at Sherbrooke and Frank Cleyn, Jr. in Toronto. Downright sorry to have you leave us men, but congratulations re. your appointments.

"GREAT GROWING WEATHER and great crops" most farmers tell us ... who says these fellows are never satisfied? Oh yes, we must admit they added that hay isn't drying worth a darn ... but that was an after-thought. (Our own personal after-thought is that it's so blinking hot and humid that the fish aren't cooperating).

Hinchinbrooke Fire Brigade Awaiting Approval of Plans

At the recent monthly meeting of the Hinchinbrooke Volunteer Fire Brigade it was drawn to the attention of the members that the Fire Commissioner's office in Quebec City had advised the Municipal Council that the plan and specifications for the erection of a Fire Station met their requirements except for some minor changes, and that the electric wiring diagram and the heating system arrangement should be sent to them for approval. After this has been done, and studied by their engineering staff, final approval will then be given.

The Brigade would like to remind the residents of this Municipality that the cards with numbers thereon, where to call in case of fire, are available to anyone. A call to the secretary at 264-2284 will bring you one by mail. Further they would like to advise the citizens that when they see the tanker on the road, and the siren is not being blown, then it is just going to a fire drill. If it is going to a fire the siren will be in operation.

Graduates of Mooers Central School

Miss Jean Palmer, daughter of Mr. and Mrs. Harold Palmer of Hemmingford, received her New York State Regents Diploma at the High School Graduation ceremonies at Mooers Central School, Mooers, N.Y. on Friday, June 23rd. Jean delivered the Salutatorian Address, welcoming the many parents and friends of the Class of '67 who filled the auditorium. The Valedictory was given by Mr. Frank Stewart of Mooers. Principal Paul Vogan distributed awards to deserving students. Dr. Nicholas Troisi, Director of Continuing Education at State University College, Plattsburg, gave the Commencement Address, stressing the extreme importance of education, and of continuing education in the rapidly changing society in which to-day's High School graduates will live.

Jean was the recipient of the Scholarship given annually for scholarship and leadership by the national Honour Society of the school, and of an Activity Pin, awarded for participation in school programmes and projects. She received praise for qualifying for a New York State Regents Scholarship, even though she is not eligible to receive it because of her Canadian citizenship and residence. Other awards for Jean included pins for participation in the Mooers Central Chorus, in One-Act Play, for representing her school at the Syracuse Citizenship Conference, and as contestant in the Interscholastic Social Studies Quiz. Jean has been accepted for admission to Sir George Williams University for the Fall Session.

Mrs. E.M. Best of St. Petersburg, Florida, now visiting at the home of her son-in-law and daughter, Mr. and Mrs. Palmer, attended the Graduation Ceremonies of her granddaughter.

MAN DIES IN TAVERN BRAWL

A fist fight near a tavern on D'Anjou Boulevard last Saturday night ended in tragedy. Mr. George Fewtrell of Colonia Street, Chateauguay was engaged in what onlookers described as a fight stemming from a wager as to who was the better man. A Police spokesman denied reports that the cause of the fight had been a dispute over the current strike at Northern Electric Co. Ltd.

The same spokesman stated that no weapons were involved — other than fists — and that Chateauguay Centre Police responded to a call for help at 10:30 p.m. The stricken man was rushed to LaSalle General Hospital, where he died shortly after admittance. Immediate cause of death was listed as a heart attack.

Mr. Fewtrell and his opponent were reported as being employees of Northern Electric. The dead man, aged 27, is survived by a wife and three children.

The scuffle is said to have invovled up to nine men, but one of the principals has been detained as a principal witness.

The autopsy was scheduled for last Monday, and the inquest, to be held by Coroner Dr. I. K. William was due to be held yesterday (Tuesday) or today at Chateauguay, Centre Town Hall.

The detained man is said to be from Chateauguay and the Father of four children.

The dead man and his opponent were due to have returned to work early this week following the end of the prolonged Northern Electric strike.

EDUCATION IN THE VALLEY

No. 111-8

A PROGRESS REPORT

Chateauguay Valley Regional High School:

Construction at Ormstown on the new Chateauguay Valley Regional High School is progressing even at a faster rate than anticipated. All subflooring is laid and many of the finished floors also. Room partitions on the second floor are nearly completed; partitions on the ground floor are advancing rapidly. Outside bricking is going up. In all areas of construction the contractor is on schedule or ahead. There remains little doubt today but what the school will be ready for the admission of students on schedule on September 5th, 1967.

The approval of orders for furniture and equipment is a slow and tedious task. This, too, is progressing but at a frighteningly slow pace. It is expected that some auxiliary furniture and equipment will be delivered late. The main objective now is to ensure that all essential furniture — classroom desks, laboratory furniture and equipment — will arrive on schedule.

Staffing of the new school was complete as of the end of June. What with Bill 25 and the general spirit of unrest which prevailed among teachers of the Province, recruiting, this year was slow. We are pleased with the results, however, and can look forward to the opening of a large new school with an excellent staff in whom we can place great confidence.

Individual student timetables for an estimated enrolment of just under 1000 students are still being processed. The machine timetabling is completed. The more tedious routine of manual checking, adjusting class sizes and teacher loads is progressing favourably.

Students have already been issued with manuals providing them with basic information which they require for their transfer to the new school. Included in the manual is a complete outline of transportation routes and schedules.

Howard S. Billings Regional High School, Chateauguay:

Final plans and specifications for the huge expansion programme designed to join together the present Chateauguay High and Maple Elementary schools are nearing completion. Tenders are planned to be called for construction to commence later this summer.

In the meantime, Maple Elementary School is being emptied of all elementary furniture and equipment and renovations are being carried out to provide for all extended high school facilities required for school opening in September, 1967.

Orders for all supplementary furniture and equipment are being placed.

Staffing is complete.

Student timetabling for some 1700 students, an increase of over 700 over the 1966-67 enrolment, is in process.

Much more remains to be done before September. The Regional Board office remains open throughout the summer with a number of people on duty. Holidays are somewhat curtailed and adjusted to meet the demands of the situation.

As in past summers, many of our teachers are enrolled in six-week summer courses in preparation for changing curriculum, advances in educational policy, as well as for further academic studies.

R. D. Mosher,
Director General.

Chateauguay Centre Parks, Playgrounds Now Open

The official opening of Chateauguay Centre's parks and playgrounds took place on Tuesday, July 4th.

Mr. Larry Eldridge, Director of Recreation for the Town of Chateauguay Centre, told the Gleaner last week-end that approximately 800 children had been registered for the eight-week parks programme. Mr. Eldridge, a former Physical Education teacher at Chateauguay High School, recently received his Bachelor of Arts degree from Bishop's University, Lennoxville, and in the Fall will join the staff of Selwyn House School in Montreal.

Activities planned for the summer months include tennis in two parks and an Arts and Crafts course in three schools. Each week will see a different theme — next week's theme being on "Nature".

Movies are planned for the immediate future, and trips to Belmont Park, Expo, Botanical Gardens and Lafontaine Park are scheduled. It is also hoped to offer swimming instruction in a local private pool.

A Theatre Group is coming later this summer to present children's drama.

Most parks are staffed with two monitors each, and larger parks have three or four monitors.

Centre City Dump Dispute

The Town of Chateauguay Centre has appointed Mr. Yvon Rivard as Special Administrator responsible for law enforcement of the city dump regulations.

The dump, close to the Centres Industrial Park area on Ste. Marguerite Boulevard, has recently been the scene of unauthorized burning of refuse. This violation of regulations is thought to have been made by residents of the Caughnawaga adjoining land. Mr. Rivard's responsibility, backed by a resolution of Council, will be to see that the law is respected in this matter.

A "First" In Chateauguay

Although we have no way of knowing, we believe that for the first time in this area, an Amati violin was the instrument used for a solo at a wedding.

Last Saturday, in St. George's Church at the wedding of Janet Layzell to Frederick Hamilton, Young Martin Foster played Schubert's 'Ave Maria' on a very valuable Amati violin which was made around the year 1630 in Cremona, Italy. The family of Amatis, Andrea, Antonia, Geronimo and Nicola were all very great in their day in the making of violins. Nicola Amati was the teacher of the better-known Antonius Stradivari.

What makes this violin even more famous, besides its beautiful tone is that it is actually owned by the well-known novelist Daphne du Maurier. She has loaned it to Martin Foster's violin teacher, who in turn loaned it to Martin for his solo, which was played during the signing of the register. Incidentally, Martin is the youngest son of Mr. John Foster, Organist and Choir Director of St. George's Church.

Another little point of interest is the fact that the Layzells (Woodbine St. Seigniory Park) came to Canada aboard the same ship as the Fosters eleven years ago last June.

We hope that we may be able to hear this beautiful violin once again, before it is returned to its owner, in Europe.

Queen Visits Indians Of Canada Pavilion

Queen Elizabeth, accompanied by the Duke of Edinburgh, was welcomed to the Indians of Canada Pavilion at Expo last week by Commissioner General Andrew Delisle of Caughnawaga.

The Indian Pavilion, which tells the story of the white man's conquest from the Indian point of view, has been widely criticized as being "anti-Canadian."

The Queen was reported as being non-committal as regards the controversial aspects of the Indian Pavilion and Commissioner Delisle stated that he was disappointed at the reaction.

Cost of the Pavilion, some $400,000, has been under-written by the Canadian Government.

Chateauguay Mayors Guests At Quebec Pavilion

Town of Chateauguay Mayor Joseph Laberge and Heights Mayor Jean M. LaBerge were among some three hunderd Mayors from Chateauguay and neighbouring counties, who attended a luncheon last week as guests of the Provincial Government at the Quebec Pavilion.

There was a last-minute disappointment when it was announced that Premier Daniel Johnson was unable to be present due to a change of plans. Mr. Edgar Charbonneau, Minister Without Portfolio, welcomed the guests on Mr. Johnson's behalf.

BUS SHELTERS

Dunver-Yes! St. Francis Maybe

It is reported that agreement has been reached between the Towns of Chateauguay and Chateauguay Centre for the installation of a bus shelter on the East side of Highways 3 and 4 near Dunver Street. Chateauguay Centre has agreed to pay for the cost of the land plus the cost of constructing the shelter. The Town of Chateauguay will be responsible for the installation of the base.

A spokesman for the Town of Chateauguay Centre stated that plans for additional shelters for the convenience of the bus-commuting citizenry are being studied. No comments was available from Town of Chateauguay officials concerning the mooted shelter at the St. Francis Boulevard intersection with the main highway. Action is expected shortly on this matter. The shelter could be erected on the Centre side of the highway or on the western side in Town of Chateauguay.

Memorandum from McLeod

Correspondent:
Mrs. Edith Bate

Route Boy:
Peter MacLean
246 McLeod Ave. 692-9669

Seems to me that last week was fairly eventful, so I should be able to get a paragraph or two out of the happenings.

One evening last week I decided to go to see the Royal yacht "Brittania" go through the Seaway. I headed for Beauharnois around seven-ish but heard on the car radio that the yacht was still at St. Lambert. So then I drove to Caughnawaga, picked a very excellent spot to watch, right at the edge of the Seaway, on the west side of the Mercier Bridge and I waited and waited and waited. Had a few old magazines in the car and the radio on, but it still seemed like an extra long wait.

At 9:30 I gave up and started back home. However in the dark streets of Caughnawaga, I got lost. The rain was pouring down in buckets and finally I found the Highway. However it proved to be the road leading up over the bridge, so I had to go over there, turn around by Labatt's and head back for Chateauguay. So I missed seeing H.M. the Queen, Prince Philip and of course the yacht too.

I heard next morning that three quarters of the population of Chateauguay waited at the locks at Beauharnois, and had a marvelous view of everything. The Queen, resplendent in a sapphire blue gown, studded with diamonds, a diamond tiara and necklace to match, Prince Philip in uniform and all the guests.

Visiting Chateauguay once again, is Mrs. Dorothy Lowe of Cheshire, England, who will be staying for three weeks at the home of her sister and brother-in-law, Mr. and Mrs. George Lyon of 220 Dubé St. in the Centre. Mrs. Lowe arrived last Thursday with her 12-year-old daughter and a little foster child boy, who is one of many that have been cared for by Mrs. Lowe.

More news from the Lyon's household too — on July 18th, they celebrate their 25th wedding anniversary, and we would like to wish them congratulations and many more happy years together.

Visitors from Scotland are Mr. and Mrs. William Crawford of Coatbridge, aunt and uncle of Bill Young of 259 McLeod Avenue.

Our neighbors the Robinsons also have had guests — from Ontario as well as the Gross who are, or have been, entertaining friends from our next door province.

I drove up to Rawdon last Thursday, and found the trip takes one hour less, the mileage also less, since the opening of the Decarie expressway. Now it's a breeze, except for a short drive from Metropolitan Blvd. up Pie IX but once over the bridge at the Back River, the road is good. Our son, Steven, decided to say on, sans toothbrush, sans pyjamas, sans change of socks and clothing. All he had with him were the clothes he had on and his bathing suit, a towel. However I have now dispatched some essentials to him.

Sorry to hear Mrs. Betty Lunn had an accident to her foot and is incapacitated temporarily. Betty, who lives on Pine Crescent in the Heights was out walking the dog when she stepped on a board with a rusty nail projecting from it. A very nasty wound, indeed, and hope it won't be too long before you are back on both feet again, Betty !

For former members of the Chateauguay and District Horticultural Society: If you are at present holding a trophy won in the past, would you please contact me? I am not in much, to answer the phone-mostly out in the garden and can't hear the phone, so I would appreciate it if you could drop me a line by mail. Thanks very much.

ST. GEORGE'S NOTES

On the Sundays of July 16th, 23rd and 30th, St. George's welcomes to the Parish the Rev. Gordon C. Dickin of St. Cyprian's Church, Calgary, Alta. The Rev. Dickin and his family will be staying at the Rectory, for a short while.

Next Sunday's 9:30 service will be Mattins; on the 23rd and 30th Choral Communion.

Nitro

NITRO — Down Ormstown way, folks are all interested in the new school being built. Of course that affects us here too as a number of Nitro children will be going there to school. One of the mothers loaned me her "Handbook" of the new school to read and it certainly was most interesting to me. More especially when I saw the name of the Principal! IF he's the E. Templeton who was in one of the lower grades, in the old Riverfield school, many, many years ago now — little did either of us think of him being Principal of such a large school with such a number of pupils! What a difference, to one teacher with eight grades to teach, because there was usually Grade I A and Grade I B. And the excitement learning songs, recitations, dialogues, etc., for Christmas and June School closing, with Mrs. Chester Orr coming over to play the organ for our songs. There's none of that today.

Here in Nitro, another new school is being built. Blocks off the good view I'm used to having of the highway! But it is interesting watching it being "put together." A real time stealer believe me. I'm getting mighty curious so I'm quite sure it won't be long before I get a lot closer to see how things are done.

If any of my readers are interested in the birthstone for October, the Opal, and are going to Expo, be sure and visit the Australian Pavillion and then go across to the Australian Boutique. If I had the money, not one of the opals there would be sold to anyone else! As it was — what a feast for my eyes! And I had such an interesting talk with the girls in the Boutique. I sent in later, for "The Opal Book" and I have learned a lot more about opals. Most people think of Australia and kangaroos — oh I saw them also — but the first pavilion I visited was that of Australia and if I'm able to go back to Expo again later on, it will be "Australia — here I come, a second time!".

Reading about the wonderful parade in Ormstown and horse and buggy days — it's too bad a certain quite elderly gentleman from Riverfield now living in Ormstown, isn't as young as he used to be! In my mind I can still see Bob McClenaghan coming out Australia Concession, past Chester Orrs', the Manse and across the bridge! No slow poke was my old friend Bob, when he had the reins in his hands, a shiny buggy to ride in, and a spirited horse ready to step out and cover the miles. I'm thinking Wallace and Olive Craig must have some of the "old blood" in their veins as I also read about their drive to the annual Farmers' Picnic in Greig's Grove. As for Bill Hooker and his wife — boy — that picture reminded me of more years than I like to count now! His Dad and Mother are old, old friends of mine — and I can remember when "courting" was done horse and buggy style and Mrs. Eddie Hooker was still Miss Mayford Orr!!!

Had a silent chuckle to myself this past week. Mrs. Loney, here of Nitro, was telling me they'd found Riverfield, to have a visit with the Hanson family, who used to live here in Nitro. She went on to tell me an old house had just been moved from in front of where the Hansons live and there was a pink peony root still there and she'd never smelled a peony so sweet. So she dug a root Out of tow guests of the up and brought home. Oh — she was telling me quite a bit about this place and then noticed I wasn't saying much — and at last I burst out laughing and said — "Guess I didn't dig out all the root when I left! You're talking about my own old home!" Was she surprised!

Double Wedding in Nitro
Lascelles — Loney
Wiliston — Lascelles

Saturday, June 17th at 11 a.m. in Ste. Jeanne d'Arc Chapel, Nitro, with Canon Omer Tessier celebrating the mass, assisted by Gilles Derocher (cousin of the Lascelles) a double wedding with double ring ceremonies was solemnized.

The first bridal party to be met at the Chapel door was that of Miss Patricia Loney, eldest daughter of Mr. and Mrs. Byron Loney. Patsy was escorted to the altar by her father followed by her youngest sister Dorothy, who was her flower-girl.

The second bridal party was that of Miss Celine Lascelles, eldest daughter of Mr. and Mrs. René Lascelles. Celine too was escorted to the altar by her father, followed by her little cousin Lynn Lalonde, who was her flower girl.

A truly family wedding as André Lascelles the eldest brother was witness for his brother Guy and Roger, the youngest of the Lascelles brothers was witness for his sister's fiancé, Ralph Wiliston of Miramichi, N.B.

Both brides were the traditional long wedding gowns but different styles and materials although their bridal bouquets were identical — nosegays of pink roses and stephanotis with white tulle and long streamers of white ribbons.

Patsy's dress was of antique white lace over silk of same shade, made with a shorter overskirt banded with wide scallops. Her short veil of white tulle was held by a coronet of white flowers. Her only ornament, was a string of pearls — the something "old" loaned by her grandmother, Mrs. McGinnis. Her little flower girl wore a long dress of lime green tulle with white flower appliques over angel skin of the same shade. She wore a headband of tulle and flowers and carried a miniature nosegay of white carnations.

Celine chose a high waisted Empire style gown of white organza with organza and alençon lace chapel coat held with a white satin bow. Her shoulder-length veil was of tulle held by white satin roses. She, too, wore a strand of pearls, the gift of the groom. Her little flower girl, who is so very, very blonde, were a short dress of white organza with pink appliques and she wore pink bows in

ST. ANDREW'S NOTES

Guest preacher at last Sunday morning's service was Rev. Archibald McCurdy, B.A., B.D. A former classmate of Rev. Howard C. Fraser at United Theological College and McGill University, Mr. McCurdy was ordained in 1957 and has served on pastoral charges at Canora, Saskatchewan and Stettler, Alberta. In 1966 he was appoined an Associate Secretary of the Board of Evangelism and Social Service at the United Church of Canada headquarters in Toronto. Mr. McCurdy was born at Old Barns near Truro, Nova Scotia and attended Dalhousie University in Halifax before coming to Montreal. His wife is a native of Vankleek Hill, Ontario and the McCurdys have two children, Scott and Anne.

The theme of Mr. McCurdy's sermon was "A Nation Under God."

Tenting on the grounds behind Memorial Hall this week are the Rev. and Mrs. Donald A. MacPherson and their family of four. Mr. MacPherson is a cousin of Mrs. Fraser and he is Minister of the United Church of Canada in Edson, Alberta.

Today, Wednesday, and tomorrow, members of the 1957 graduating Class of United Theological College (to which Mr. McCurdy and Mr. Fraser belong) are gathering at the Manse in Chateauguay for a reunion. After ten years in the ministry in various Provinces (two from British Columbia and one hopefully from Japan), they will have many interesting experiences to share. Wives and children are, of course, also included. There were nine ordinands in the 1957 graduating class.

The Committee of Stewards can take credit for having the church sign on Church Street refinished and a new sign erected in front of Memorial Hall in Dupont Avenue.

An Indian Prayer

O Father, whose voice I hear in the wind and whose breath gives life to all the world, hear me. I am a man before you, one of your many children. I am small and weak. I need your strength and wisdom. Let me walk in beauty and let me ever behold the red and purple sunset. Make my hands respect the things you have made, my ears sharp to hear your voice. Make me wise so that I know the lesson you have hidden in every leaf and rock. I seek strength, Father not to be superior to my brothers, but to fight my greatest enemy, myself. Make me ever ready to come to you with clean hands and straight eyes, so that when life fades, as the fading sunset, my spirit may come to you without shame. Amen.

from Canadian Centennial Anthology of Prayer.

CHATEAUGUAY VALLEY CONSUMERS' LEAGUE

Here we are again, after a short recess. Please do not think we have been on vacation. We were very busy, just like you, with EXPO visitors, garden work and children.

The Provincial Government was approached by us, concerning the forthcoming increase in the price of bread, but we have not yet received any reply.

When it comes to a necessity like bread, we think the Government should step in. Bakers claim that the increase in the price of bread is due to higher wages. In our opinion, if this is so, prices of cakes and cookies should have been increased, not bread. The bakers' argument is very practical (for them at least), because they claim that sales in cakes and cookies will go down, whereas everybody HAS to buy bread.

What is your stand?
Will you back us up?
Call 692-2751 or 691-0541.

Valleyfield

VALLEYFIELD —Mrs. Margaret McRae and Miss Ethel Johnston of Seattle, Washington were recent guests at the home of Mrs. Wm. White.

Mrs. J. Carter of Aurora, Ont., spent a few days during the past week at the home of her son and daughter-in-law, Mr. and Mrs. T. Carter. Miss Carol Lyn Carter has returned to Aurora with her grandmother for a visit.

Mr. Gary Halpin has arrived home from South Africa to spend a short time with his parents, Mr. and Mrs. H. N. Riley. Gary has spent the past few months touring Europe, the Middle East, and Africa. LETTER FROM
SEIGNIORY PARK

FERGUS HORSBURGH
Route Boys:
ROLAND and PAUL LUSSIER

FRANK TOTH
388 Woodbine 691-2495

Woodbine Park had its first hair cut last week, and now presents a vastly improved appearance. There has been much controversy over the past four years over our park, and I wonder how the majority of us now feel about it? Personally — and I'm not alone in this — the planned future park was almost a deciding factor in the selection of the location of our house. Now that we can see the design of the park, we are very happy indeed with our choice.

Installation of park equipment is now under way in the various parks. The quota for Woodbine includes two swing sets for intermediate children and one gym set with rings and horizontal bars. Parks Director Ted Miletics tells me that they should be installed within the next two weeks. Mr. Miletics says that there will be further seedings of grass over the next five years. The hope is that the grass will gradually gain an ascendancy over the weeds. Our climate here is not really conducive to grass, and some mingling with deep rooted weeds is essential for the conservation of moisture in the upper layers of topsoil.

Our crab apple tree finally produced a couple of dozen blossoms this year, and upon my word, we now actually have two apples. Any crab apple jelly lover may have my entire crop with my blessing.

Those of us who moved here just over five years ago have, in recent weeks been receiving very unpleasant shocks from our mortgage companies. Tax arrears — or "tax debit" as they call it — have been allowed to accumulate over the years, and one neighbour found himself owing $200. to the Town, which gave him one month to pay, whereupon the mortgage company graciously consented to spread it over two months. It appears that several mortgage companies have been grossly negligent in allowing such situations to develop, as it is surely simple arithmetic to compute a year's tax bill and divide by twelve.

Other more recent arrivals here have also been hit with increases in their monthly mortgage payments, and this has inevitably led to second thoughts as regards curbstones above the line. Two months ago, Home Owners President Warren Hart tells me, a large majority was in favour of the curbs by-law, but now it is doubtful. The referendum on the by-law will be held on July 19.

Miss Janet Layzell, daughter of Mr. and Mrs. Denis Layzell of Woodbine, was married to Mr. Earle Hamilton at St. George's Church last Saturday. A group of neighbours set up a small grandstand on the Minde's lot to see the lovely bride leave for the church. See details elsewhere in this issue.

ABOVE THE LINE
BY SANDRA MALLET

Well I am very sorry about last week's column. We were away and half way to our destination on Friday — Oh, boy, my column. We were not back until late Sunday and I must give this column to the editor by early Sunday evening.

I must make a correction on the name of the man in charge of the mosquito programme, his name is Mr. Strand. They are still here in large numbers so let's hope this programme will do something, Mr. Strand.

I have been speaking to Warren Hart in regard to the sidewalks and curbstones referendums. The referendum for the sidewalks on St. Francis is July 27, time 7 to 9 p.m. The place has not been fixed as yet so watch the paper. The referendum for the curbstones is July 19.

THIS IS VERY IMPORTANT YOU MUST VOTE FOR OR AGAINST. IF YOU ARE AWAY ON HOLIDAYS YOU CANNOT VOTE BY PROXY AND THERE IS NO ADVANCE POLLING.

You must be there that day or your vote will not count. I understand there is a percentage for a Home Owner vote and a percentage for property value. There must be a 51% majority.

The new protestant Robert Jobber School looks as though it will be ready for September for sure. It will certainly make a difference with the school traffic. We hope not so many buses.

Well we have company in from Ottawa this week-end so I am afraid I have not done too much work on this column this week. If you have any news please call, for you know if we don't have news, we don't have a column. Please call 691-1495.

Chateauguay News Notes

The Centre had its official opening of the Parks on Tuesday, July 4th, with over 800 youngsters registering for the 8-week program.

Remodeling of the Centre's Town Hall on d'Anjou Blvd., is just about complete now. The premises now appear to be a bit more roomy. A vast improvement, to say the least.

Following are nine paragraphs from the minutes of the July 4th regular meeting in the Town of Chateauguay Centre.

(1) Council adopted a resolution to pay the Administration accounts in the amount of $42,915.87 and the Capital account $31,152.14.

(2) A Police Committee met with Town officials on July 11th regarding the contract with the Centre. More on this in next week's Gleaner.

(3) Three by-laws numbered 634, 635 and 636 were adopted. By-law 634 provides for a Census in the Centre; 635 concerns works on Laval and Delisle Streets; 636 for piping of Barette Ditch. Please see public notices in these pages for dates and time of electors meeting for the last two by-laws and all other information.

(4) The Loisirs Sport Committee will meet on July 14th.

(5) Council has authorized the purchase of 30 wire waste baskets for the Parks.

A loan of $129,000. is required for work. The referendum will be held in Laberge School, 9 a.m. to 8 p.m.

Another referendum to be held on July 27th on the construction of sidewalks on one side of St. Francis Blvd. is to be held in St. George's Church same hours as above.

Two Aldermen recently re-elected by acclamation were sworn in at the last meeting in Town of Chateauguay. They are Ald. P. A. Garand, Ward 2 and Ald. Marcel Seers of Ward 3.

At long last — Taylor Street from the river up to Station Road has been completely repaved. Not just a few patches but the whole width of the road! What a tremendous improvement, and not too soon either.

We observed a new Tavern going up on rue Principale the other day. Can't say whether that is an improvement or otherwise.

Shades of Paris! Tables outside Place Chateauguay Restaurant! We rather doubt one could obtain an aperitif there, though.

D'Anjou Blvd. undergoing a resurfacing job — but there's still lots of unpaved road on each side. Very dusty on a dry day.

A resident of Colonia died shortly after being involved in a fist fight outside a tavern on d'Anjou Blvd. last Saturday night. An enquiry is under way. Read details elsewhere.

Town Police report very few traffic accidents since July 1st. and all except one so far, have been of a minor nature. Last Saturday at 5.25 a.m. a resident of St. Jerome, alone in his car, failed to see the STOP sign at the corner of Jack Street and Salaberry Blvd. He also didn't see the river, and was too late to apply his brakes and went right over the bank into the river. He was uninjured but did suffer shock and a thorough wetting.

Nitro

her hair.

The organist was Mr. Beriault, formerly of Nitro and an old friend of the Lascelles family, now living in St. Timothée. The soloists were Mrs. Eddie Nadeau and Mrs. Armand Leduc, these two ladies are among the "old-timers" of Nitro.

Mrs. Loney wore a teal blue dress of silk and lace with matching flowers in her hair and wore a corsage of white carnations on her fur stole.

Mrs. Lascelles wore a suit of pale pink broché with hat of silk petals shading from light to dark pink and wore a corsage of rose carnations.

If the old saying "Rich is the bride the rain rains on" has any truth in it, then these two brides certainly will be rich ! It had begun to drizzle as they arrived at the Chapel but was raining quite heavily as they left.

The reception was held at the American Hotel at Coteau Landing. The brides' table was decorated with flowers and the highlight was the two cakes, almost identical, Patsy and Guys' decorated in yellow and white and Celine and Ralphs' in pink and white. These beautiful dark fruit cakes were made and decorated by Mrs. Poulin, mother of Mrs. Lascelles and grandmother of Guy and Celine.

A most enjoyable afternoon was spent and when it came time to "throw the bouquet", Patsy's was caught by her sister Betty.

The happy couples then left on their honeymoons. Guy and Patsy had a few days at a cabin loaned to them — as a wedding gift, from an old Nitroite we all know so well, Capt. Heron.

Celine and Ralph left for his home town. Their honeymoon was saddened a bit as Ralph's mother had been in a bad accident the night before and at that time, none knew how badly she had been injured.

On their return Mr. and Mrs. Lascelles will be living in an apartment, at Coronation Drive.

Mr. and Wiliston will be residing in Chomedey.

Among the invited guests were a number from out of town, those of the Loney family being Mr. and Mrs. Hugh McGinnis, Westboro, Mass, grandparents of the brides, Mr. and Mrs. Rolland Blanchard (aunt), Bobby, Darlene and Sheila, also of Westboro, Mass, Mr. and Mrs. Wm. Milburn (aunt) of Cornwall, Ont. and Miss Suzanne Marion (cousin) of Lewiston, Maine.

Out of town guests of the Lascelles family were, Mr. and Mrs. Poulin, grandparents; Mr. and Mrs Doris Myre (aunt) and daughters and Mr. and Mrs. Emmet Gray (Guys' godmother) all from Hawkesbury, Ont.; Mr. and Mrs. Paul Seguin (aunt) of Rockland, Ont.; Mr. and Mrs. Jean-Guy Poulin (uncle) of Alfred, Ont.; Mr. and Mrs. Robert Caron of Ottawa, (cousin); Mr. and Mrs. Pierre Dupuis (aunt) of Eastview, Ont.; Mr. and Mrs. Arthur Lascelles (uncle) of Beamsville, Ont., also Mr. S. Krauspé of Montreal, who is Ralph's employer and numerous co-workers and their wives or girl friends.

After the reception was over and the bridal couples had departed, another wedding party was held here in Nitro, at the Lascelles' home. I should say two parties, as the Loney family had a get-together also but it wasn't the same as that held at the Lascelles. We hear everywhere these days about "Expo" and "Man and His World" — his was a small Man and His World! Ralphs' guests were of different nationalities, so French, English, German, Italian and Greek friends all enjoyed an evening of music — sing-songs in native language. This was an evening that will be long remembered by all those present.

In business arising from the minutes it was reported that the reupholstering of the furniture in the lobby of the hospital, that was voted on at the last meeting, has been completed now.

Following this there was the treasurer's report from Mrs. H. J. McMahon.

Mrs. Anderson's report was a request for help. Volunteers in the shop and also for the cart are needed. Anyone willing to help should contact Miss Mildred Hay — 829-2657 for the shop, Mrs. G. McLaren — 829-2273 if you could go on a Sunday and Mrs. Jim McCaffrey — 829-2290 for help with the cart. Bamy Knitting is also greatly needed and anyone willing to take some wool to knit should phone Mrs. Anderson. The Hospitality shop donated to the General treasury $200.00 a this time. It was also announced that a new appointment had been made to the Hospitality Shop, Mrs. Thompson. The report of the Howick - Aubrey - Riverfield Branch was read, in Mrs. N. Simms' absence, by Mrs. J. Whitehead. As noted in the Financial report the Card Clubs in Howick donated $123. to the Auxiliary and the Centennial Evening held there April 15th cleared $611.67. The membership drive is also very near completion. Altogether a very good year for the Howick-Aubrey-Riverfield Branch.

Mrs. Fearn in her report on the Bursary Committee said that five applications have been received this year. This is the largest number of applications ever received and if all the girls passed their matriculation the committee wanted the members of the auxiliary to give them some guideline as to how many they could accept.

Under new business it was moved by Mrs. Gartshore and passed by the members that all five applications be accepted, if eligible. At present there are two bursary graduates on staff and one student in training.

Mrs. J. Whitehead reported that the membership campaign was not quite finished. To date the figures are ....310 members in Ormstown, 40 in Valleyfield, 32 in Nitro and 13 in Havelock.

The Ways and Means Committee reported that the receipts from tag day at the Ormstown Fair were $360.50.

There being no further business, Mrs. E. Sauve adjourned the meeting and Mrs. Fearn introduced the speaker for the evening, Dr. Tom Jeyachandaran. Dr. Jeyachandaran has been at the Barrie for the past year and is now leaving us to spend a year up north in the Great Slave Lake area. He spoke and showed slides on all the countries that he has lived and worked in.

The members present had a marvelous trip through India, Algeria, Morroco, Spain, France, England and Scotland. As Dr. Jeyachandaran has lived in all these places the slides he showed us were not only the usual tourist spots but of the people and out of the way places in each country. His Commentary accompanying these slides was extremely interesting and amusing. To end his program Dr. Jeyachandaran showed us a few slides he had taken in Canada of Niagara Falls, Expo 67 and some Fall scenes and mentioned that the Fall season in Canada, when the leaves changed colour was one thing that he and his wife found very impressive.

Mrs. L. Lauzon thanked Dr. Jeyachandaran for a lovely evening and expressed the hope that he would keep a place in his heart for Ormstown.

The meeting concluded with the serving of refreshments.

POWERSCOURT — The Gordon McClatchie farm was recently sold to a Polish group from Montreal. On Sunday they celebrated Mass at the Open session of the Polish Mutual Aid Society Chapter 5, Mass was conducted by a Polish priest who although, only six months in Canada has a good command of the English Language. Hinchinbrooke Councillors and Mayor were invited to the opening. A loud speaker was used and radio personnel were present. We hope to have more details of this group and their work at a later date. During this session the sound of the Speakers and the music was heard for considerable distance around, on account of the loud speaker being used.

The children of Powerscourt Sunday School had a picnic at Moonlight Lake on Tuesday. They all had a happy time and thanks are due to Mrs. Carpentier who made the arrangements and provided transportation.

For her contribution to Centennial, Peggy Wood made a burlap History Banner. It can be seen in the window at Braithwaite's Store. Congratulations to this young girl as the idea was entirely her own.

Liturgie — Paroles du Seigneur: Si quelqu'un jouissant des richesses du monde (que lui offre la cité moderne), voit son frère dans la nécessité et lui ferme son coeur (comme à un étranger), comment l'amour de Dieu demeurerait-il en lui? (I Jean III, 17) Vous êtes tous Fils de Dieu par la foi au Christ Jésus: il n'y a plus ni Juif, ni Grec, ni esclave, ni libre, ni homme, ni femme, car vous ne faites qu'un dans le Christ Jésus (Gal. III, 27). Revêtez-vous de sentiments de tendre compassion, de bienveillance, d'humilité, de douceur, de patience; supportez-vous les uns les autres et pardonnez-vous mutuellement. Et puis, par-dessus tout la charité lien de toutes les vertus (Gal. III, 12).

Liturgy — Watch your words, Canadians. It is by our deeds that we prove the genuineness of fraternal sympathy; but it is also a matter of common knowledge that by mere words we can improve good relations or destroy them. We believe that all Canadians should stern watch over their opinions concerning others, above all when such opinions bear on whole regions or groups, and when expressed in public. Everybody should see the urgent duty of doing away with prejudices half-truths, crude or unfair judgments, and attitudes of contempt. Often enough it is ignorance which explains hostile and unfair opinions. Against such ignorance it should not be difficult to campain by encouraging meetings, cultural exchanges, and a supply of exact and reliable information. Mutual explanations, made with frankness and respect, should also be invited, and everything possible should be done to open the way for such encounters.

Règlement abrogé concernant les professeurs non diplômés

M. Léopold Weaner, conseiller technique du ministre de l'Education faisait parvenir une lettre en ce sens au président de l'Alliance des professeurs récemment.

Nous reproduisons ici un article se rattachant à cette décision des autorités et qui devrait intéresser la population locale.

Les instituteurs, non-diplômés de la région de Montréal peuvent maintenant soupirer d'aise; ils pourront obtenir les brevets d'enseignement qui leur permettront d'exercer leur profession en toute quiétude, au même titre que tous leurs confrères qui possèdent, eux, les brevets "A" et "B". Le ministère de l'Education vient en effet de faire savoir à la direction de l'Alliance des professeurs de langue française de Montréal que des cours, à temps partiel, seront donnés à compter de ce jour à l'école normale Ignace-Bourget, sise au 10500, de la rue Bois-de-Boulogne, à Montréal. Ces cours d'été qui se poursuivront par la suite en soirée, pendant l'année académique qui s'ouvrira en septembre, permettront à cette catégorie de professeurs, au nombre d'environ 400, dans les maisons de la Commission des écoles d'obtenir six crédits en psychologie.

Ces instituteurs font de l'enseignement dans nos écoles sur une base temporaire, même s'ils ne sont pas légalement diplômés, c'est-à-dire qu'ils ne possèdent pas les brevets nécessaires du ministère de l'Education. Parmi ces professeurs se trouvent des personnes qui possèdent néanmoins leur baccalauréat ès-arts. Mais ne pourront s'inscrire à ces cours que ceux qui possèdent au moins un an d'expérience et un minimum de scolarité. Tous les professeurs de cette catégorie peuvent s'inscrire, qu'ils soient de la région de Montréal, ou des autres parties de la province. On croit cependant que ceux de la région immédiate de la métropole pourront le faire dès ce jour.

C'est en raison d'un manque de professeurs que l'ancien Département de l'instruction publique ou l'actuel ministère de l'Education et les commissions scolaires devaient embaucher ces personnes qualifiées, mais non-brevetées.

Le règlement qui interdit l'engagement de professeurs non-diplômés est maintenant abrogé pour une période de cinq ans.

Ainsi est rendue possible la mise en oeuvre d'un programme de recyclage de ces instituteurs employés sur une base temporaire dans les différentes commissions scolaires de la province. Jusqu'à maintenant, il n'existait aucun cours qui permettait à ces personnes d'obtenir les brevets tant convoités. L'Alliance des professeurs de Montréal s'était penché sur leur cas. Cette nouvelle série de cours est le couronnement de deux ans et demi de pourparlers avec les autorités de l'éducation dans la province.

La lettre annonçant la bonne nouvelle a été adressée à M. Mathias Rioux, le nouveau président de l'Alliance. Elle était signée par M. Léopold Weaner, conseiller technique du ministre de l'Education, au nom du sous-ministre, M. Arthur Tremblay. Seule l'Ecole normale Ignace-Bourget de Montréal est actuellement autorisée à donner ces cours de recyclage. Mais des cours identiques sont prévus pour d'autres écoles de la province, dans un avenir que les instituteurs non-diplômés espèrent prochain. On souligne qu'ils sont au nombre de près de 5.000 dans le reste de la province. La sécurité d'emploi leur sera ainsi assurée.

Le Conseil de Huntingdon en assemblée régulière

L'assemblée régulière du Conseil de Huntingdon avait lieu mardi soir, le 4 juillet sous la présidence du Maire; tous les membres du conseil étaient présents.

La salle était presque remplie à capacité surtout d'enfants et le Maire invita le public à s'adresser au conseil.

Deux membres du comité de l'O.T.J. demandèrent l'assistance de la ville pour aider à couvrir les frais de cette association qui procure des loisirs sous surveillance à tous les enfants qui désirent y prendre part sans discrimination de race, langue, religion pendant six semaines des mois d'été. Proposé par M. Brisebois, secondé par M. Laplante qu'une somme de $400 soit octroyée à cette fin.

Un jeune garçon au nom de ses camarades expliqua qu'on veut organiser un club de balle pour les 11-15 ans langue française et anglaise. Le groupe a besoin d'argent pour se procurer balles, bâtons, équipement nécessaire. Ce club jouerait contre d'autres de municipalités et villes environnantes et représenterait Huntingdon. M. McGerrigle proposa de donner $50. à cette organisation et fut secondé par M. Laplante.

Une jeune fille voulait savoir si le Conseil aiderait financièrement les adolescents à fonder une boite à chanson. Les jeunes pourraient s'y réunir sous la surveillance de personnes responsables pour danser, écouter des disques, assister à des causeries, forums, etc. Malheureusement le conseil dut refuser car une somme considérable a déjà été versée cette année à toutes sortes d'organisations et on ne peut faire plus.

Les Guides qui avaient écrit pour demander aussi de l'aide pour leur campement annuel se sont vu refuser également, pour la même raison.

M. Murphy demande qu'une sirène soit installée sur le petit camion à incendie afin que ce camion puisse se rendre sur les lieux concernés. Il semble que beaucoup d'automobiles y arrivent avant le fourgon et bloquent le chemin, ce qui pourrait être la cause de lourds dommages matériels et même de perte de vie advenant un incendie grave. Ceci fut adopté à l'unanimité.

Proposé par M. Brisebois, seondé par M. McGerrigle que l'emprunt de $60,000 soit renouvelé. Accepté.

Messieurs Louis Roy, George Boyce et Adrien Brisebois seront engagés comme évaluateurs, M. Orphée Legault agira comme substitut.

Puis le Conseil étudia la liste des comptes en retard pour la taxe d'eau et de la collecte des déchets. Tous ceux dont le compte est en souffrance seront avisés par lettre enregistrée et après le délai prévu, les comptes non acquittés seront mis en collection.

Une assemblée spéciale aura lieu la semaine prochaine au sujet des tuyaux d'aqueduc qui devront être installés dans la partie nord de la ville. Les plans pour le système d'égout et la station de pompage dans ce secteur ont été approuvés par les autorités provinciales.

Le comité en charge a rencontré l'autre partie intéressée et le contrat final pour l'acquisition de l'Ile Russell sera signé sous peu. Les travaux doivent commencer incessament à cet endroit; déblayage et route d'accès à l'île.

Assemblée du Conseil de Godmanchester

La session régulière du Conseil municipal du Canton de Godmanchester eut lieu mardi, le 4 juillet.

Après la lecture des minutes de l'assemblée précédente, le maire prit charge de l'assemblée.

On discuta du chemin Barrett et de la pauvre condition de cette route. Il fut suggéré de la couvrir de gravier.

Le conseiller Billette fit un rapport sur le fossé McDonagh et suggéra qu'un ponceau soit installé à cet endroit. Le maire mentionna que le responsable des routes, M. Hay, serait mis au courant.

Il fut unanimement résolu que la résolution adoptée le 6 mars 1966 soit maintenue au sujet de la chasse dans les limites de cette municipalité et que le comté de Huntingdon en soit avisé.

M. Philippe Cardinal demanda de plus amples informations au sujet du règlement de la construction.

Il fut décidé d'imposer une charge de $50 par année à tous les détenteurs de permis de vente de boissons alcooliques dans les épiceries de cette municipalité.

Les comptes suivants furent approuvés et seront acquittés: La Corporation Scolaire de Ste-Agnès de Dundee $8.75; liste des jurés $29.20; Ministère du Revenu $18.; Hydro-Québec $92.56; Cie de Téléphone Bell $2.85.; Commission Scolaire Protestante $2.47; Geo. Sutton $33.61; Noel Billette $10.; E.C. Martin $100.; The Huntingdon Gleaner Inc. $328.28; M. A. Barrette $34.95; Chas. A. Reid $25.; Mme R.B. Barrette $5.

Les Condors en vacances

Les activités des Condors sont terminées pour l'été. Le résultat a été assez satisfaisant, malgré le manque d'intérêt qui existe dans cette organisation. Nous souhaitons que le public en général a apprécié les parades par ces jeunes. Nous voulons aussi nous excuser auprès des dignitaires qui n'ont pas été visités comme promis. Ceci est dû aux membres qui ne se sont pas rendus pour les parades.

La vente des billets pour le Stéréo est encore très lente, mais nous voulons bien vous annoncer que le tirage aura lieu vendredi le 21 juillet entre 7 à 8 heures p.m. à la Caisse Populaire. Rermerciant ceux qui ont bien voulu nous encourager, et soyez l'heureux gagnant.

Un groupe de jeunes hommes m'a demandé s'il était possible de former une fanfare ou une garde, consistant de trompettes. Je suis d'accord de rencontrer tous ceux qui seront intéressés, à l'école St. Joseph, jeudi le 13 juillet à 8 h. p.m. Je vous fais remarquer que ces personnes doivent avoir 17 ans et plus. Merci.

Hervé Tessier

Ormstown

Nos félicitations à M. et Mme Maurice Leduc, à l'occasion de la naissance d'un fils le jeudi 6 juillet dernier.

Samedi le 8 juillet dernier, Mme James Lussier recevait ses enfants et petits-enfants: M. et Mme Louis Lussier, M. et Mme Arthur Robert de Montréal, M. et Mme Roland Lussier et leur famille de Verdun. M. et Mme Roger Soucy et leurs enfants de Canton, Conn., Mlle Simonne Lussier et M. Frank Hahn de New Brittain, Conn.

M. et Mme Odilon Chayer de Beauharnois visitaient M. et Mme Emile Beaulieu, dimanche dernier.

Mariage Leduc — Léger

Samedi le 1er juillet à 11 h. a.m. en l'église St-Malachie Fafard, vicaire, bénissait le mariage de Mlle Claudette Léger, fille de M. et Mme Adrien Léger de St-Louis de Gonzague et de M. Marcel Leduc, fils de M. et Mme Adélard Leduc d'Ormstown. Après une réception à l'Hôtel Dorais, les nouveaux époux partirent en voyage autour de la Gaspésie.

ICI ET LA DANS LA VILLE

Aux régates de Valleyfield

Bien que la température n'ait pas été idéale, des milliers de personnes se sont rendues dans la Venise du Québec en fin de semaine dernière pour assister à la première partie des régates mondiales. Encore samedi prochain ainsi que dimanche, les amateurs des sports nautiques pourront voir des coureurs très nombreux se disputer la palme lors des différentes épreuves au programme.

En vacances

Maintenant que la période des vacances est commencée pour de bon, les villégiateurs sont plus nombreux aux abords du lac St-François. Toutefois, il semble que cette année l'affluence n'est pas aussi grande que dans le passé. Serait-ce dû à l'attraction particulière de l'Expo? Les citadins préfèrent-ils passer leurs heures de loisir à visiter la Terre des Hommes?

Au terrain de l'exposition

Presque chaque soir de la semaine, des équipes de balle s'affrontent dans des parties fort intéressantes. Les amateurs qui voudraient les voir évoluer n'ont qu'à se rendre à cet endroit. Ils y rencontreront des amis et pourront applaudir aux prouesses de certains joueurs qui sont fort habiles.

Voulez-vous entendre de la cornemuse?

Si oui, ne manquez pas le concert que donnera une fanfare formée de jeunes indiennes bientôt à l'aréna locale. C'est mercredi soir prochain le 19 juillet que vous pourrez les entendre. Nul doute qu'elles sauront vous intéresser.

Arrêt

Il faudra sans doute un peu de temps aux automobilistes pour s'habituer à faire l'arrêt à l'intersection Bouchette et Prince. Les signaux ont été installés et tous doivent en prendre note s'ils ne veulent pas recevoir de contravention.

Fêtée

Les parents et amis de Mlle Alberte Lalonde s'étaient réunis mercredi soir dernier au Château Huntingdon pour la fêter à l'occasion de son prochain mariage. Le Gai Lounge était fort bien décoré pour l'occasion.

A l'arrivée d'Alberte, on lui offrit un corsage avant de la conduire au fauteuil qui lui était réservé. Une adresse de circonstance fut lue comme cela se fait en pareilles occasions. Puis on offrit à la future mariée une machine à coudre portative et une polisseuse électrique au nom de toutes ses amies. Elle sut remercier en quelques mots choisis. Pendant qu'elle circulait parmi les invitées pour faire signer chacune, on put entendre quelques jeunes filles qui exécutèrent quelques chants. Puis un délicieux goûter fut servi pour terminer la soirée.

En convalescence

Nous sommes heureux d'apprendre que Mlle Mercédès Daoust est de retour chez elle après avoir passé plusieurs jours à l'hôpital à la suite de l'accident survenu dernièrement. Tous nos voeux de prompt rétablissement.

M. Yvan Bisson se remet également après avoir subi une opération la semaine dernière nécessitée par les blessures reçues dans le même accident.

Elles voient du pays

Le 23 juin, sitôt les classes terminées, quatre institutrices locales partaient en voyage. Mlles Bibiane Daoust, Marielle Billette, Monique Leblanc et Diane Primeau qui avaient loué une automobile ont visité la Gaspésie qui les a enchantées; elles ont vu aussi le Nouveau-Brunswick, sont passées par l'Ile du Prince Edouard puis se sont rendues au Cap Breton. Pour le retour elles ont emprunté les routes du Nouveau-Brunswick et des Etats-Unis. Ces quatre voyageuses ont couché sous la tente et cuisiné leurs repas, sans doute des souvenirs du temps où elles faisaient du guidisme. Elles revenaient le 7 juillet. Mais ce n'est pas fini comme dirait Jean Rafa et dès jeudi, Marielle, Monique et Diane prendront l'avion pour se diriger cette fois vers la Barbade où elles comptent passer trois semaines. Nous leur souhaitons un autre beau voyage.

Accidents et vol d'automobile dans la région

Un accident s'est produit aux quatre coins à Havelock, dimanche après-midi, quand une des autos impliquées négligea d'arrêter tel qu'indiqué. M. John Youskites des Etats-Unis qui se dirigeait du nord au sud sur la route 52 ne vit pas l'enseigne. Mme Jane Lipkosky de Ville Lasalle qui circulait sur la route 52 ne put éviter la collision. Personne ne fut blessé mais les véhicules ont subi des dommages, l'un pour $150, l'autre environ $300.

— Un autre accident s'est produit lundi vers deux heures de l'après-midi sur le chemin de Powerscourt. M. Howard Cameron se dirigeait vers Athelstan tandis que M. Leigh Coffin d'Ormstown se dirigeait vers Huntingdon. Les deux autos se frôlèrent au passage causant des dommages évalués à environ $1500 aux deux automobiles. Personne ne fut blessé.

— Les officiers de la Police Provinciale de Huntingdon retrouvaient dimanche soir vers minuit une automobile qui avait été volée à Châteauguay. M. Diabo Paul de Caughnawaga avait rapporté que son auto avait disparu vers 3 hrs. de l'après-midi à Châteauguay. Une patrouille apercevant une auto ayant un seul phare allumé dimanche soir, la prit en chasse; se voyant poursuivi le chauffeur prit le fossé et se hâta de déguerpir. Ceci se produisait près de Ste-Barbe. La police en faisant l'enquête découvrit que c'était l'auto mentionnée plus haut. Elle fut remise à son propriétaire, mais le ou les voleurs n'ont pas été retrouvés à date.

Le fonds de la piscine a atteint $10,000

Le Comité du Centre Civique du Comté se réunissait lundi soir dernier à la salle de la Légion. Un bon nombre de personnes étaient présentes. Le rapport des fêtes du 1er juillet n'est pas encore complété, nous vous le communiquerons aussitôt que possible.

La course aux sous qui avait lieu au Huntingdon High School a réalisé la somme totale de $110.11. Le comité apprécie cet effort des écoliers.

On annonça au cours de l'assemblée que l'on avait maintenant atteint le $10,000, cette nouvelle fut accueillie avec joie. Il y a encore plusieurs solliciteurs qui n'ont pas terminé leur secteur et bien des personnes n'ont pas eu leur visite. On s'attend à ce que des dons substantiels soient versés sous peu et les dirigeants du projet sont très optimistes.

Il fut décidé que les trophées offerts aux joutes de soccer soient gravés et que le gros trophée soit à défendre chaque année.

Il manque encore beaucoup d'argent pour construire la piscine. C'est pourquoi on organisera un autre tirage qui aura lieu lors de l'exposition de Huntingdon. Cette fois, vous aurez la chance de gagner un ensemble pour le bridge (table et chaises). Les billets seront en vente sous peu.

Le Maire Cappiello informa le Comité que le travail est commencé sur l'île Russell. On se réjouit d'apprendre le progrès accompli et on espère pouvoir inviter le public à se rendre sur l'île pour se rendre compte du site, on songerait à organiser un Bar-B-Q dans un avenir rapproché.

La prochaine assemblée aura lieu le 24 juillet à la même heure et au même endroit et on espère connaître le résultat des fêtes du 1er juillet alors.

A Former Ormstown Resident Celebrated 100th Birthday At Her Residence In Vancouver

A former resident of Ormstown, Mrs. Emily Brailey, rectified a mistake in her birthday date last October, when she celebrated her 100th birthday. For 99 years she had been celebrating her birthday on October 20th. Her daughter, Mrs. Frank Hoy with whom she lives in Vancouver, wrote to Liverpool, England, her mother's birthplace, for a certificate and it was discovered the actual date is October 13th. Thus last October, Mrs. Brailey celebrated her 100th birthday on the correct day for the first time.

From letters received by her different people in Ormstown, it is learned that Mrs. Brailey arrived in Ormstown about the year 1885. She was married in Ormstown to Mr. Walter Henry Brailey, who came from London, England, and he was employed by Gale & Bryson's in Ormstown. When Mrs. Brailey arrived in Montreal with her sister and brother-in-law, Mr. and Mrs. Jack Croft, they were advised to go to Mr. Brailey, who would help them to get settled in Ormstown. They were married by the Rev. David W. Morrison and the minister and his wife served tea and cakes — (Editor's Note: The Gleaner printed and published a book on the life of the Rev. Morrison in Ormstown and written by his son, C.K. Morrison of Victoria, entitled "Pope Of The Chateauguay.").

Mr. Brailey also played in the Ormstown Band as a cornet player and was a tailor by trade. — (Editor's Note: In connection with the band The Gleaner also printed a book recently with regard to same). Mrs. Brailey is also an accomplished musician, having played in the Calgary Symphony Orchestra. Her instrument is the violin, which she enjoys playing and on her birthday was still in the process of improving her playing. A photograph in a Vancouver newspaper shows her playing her violin on her 100 birthday.

Mrs. Hoy relates that the family lived on the banks of the Chateauguay River, in Ormstown and that they had to break the ice in the river in the winter time to obtain water. On one of these occasions her father fell into the water while doing this chore. She says her mother is not too well at this time, although suffering no pain; she eats little and is weak and feeble and spends most of her time in bed. This family left Ormstown in 1892, went to Liverpool, England, and then returned to Canada and resided in Calgary about 1910.

Up and until two years ago, Mrs. Brailey was a familiar figure at the Exhibition Park Race Track in Vancouver. She would only put money on grey horses and never met with a great deal of success in her betting. Her recipe for long living is plenty of activity and music. She has never smoked and until recently did not drink alcoholic beverages. Now she takes a little brandy for medicinal purposes. She has lived in Vancouver for fifty years.

Round Byre and Ring

By FRANK NAPIER

We read the Editorial, titled "Recognition for 100 Year Farm", in last week's Gleaner with considerable interest. Partly because we were at one time well acquainted with that part of New Brunswick which was used as the "Text", so to speak, of the said editorial, including the Sussex area. Mainly, because of the comments made by the Editor in support of his suggestion a similar project be given consideration in connection with one or both of the Country's Fall Fairs.

It is of course true that the stories and items in the Gleaner's Centennial Supplement anent the district farms which have been owned by members of the same family for a hundred years or more constitute an intensely interesting, shall we say, historical record. As a matter, of fact, it might be suggested that consideration might well be given to having the said record being reprinted as a sequel to Robert Sellar's History.

Nevertheless it's to be hoped that all concerned will give the Editor's suggestion their early, serious consideration. And in that connection, we would suggest to Huntingdon Fair that they appoint Sydney Smith, News Editor of the Gleaner, Chairman of a Special Committee to give consideration to a Project for this year's Huntingdon Fair that would embody the suggestions made in the Gleaner editorial. (No we haven't discussed the foregoing with the Editors of the Gleaner, and at the time of this writing are hoping that same will not be modestly blue pencilled — F.N.)

With reference to the other members of the suggested committee, we might suggest the Mayors of the Townships of Huntingdon and Chateauguay Counties; the President of the Howick-Huntingdon Ayrshire Breeders' Club and the Huntingdon - Ormstown Holstein Breeders' Club — with power to add.

It is true that the Huningdon Fair buildings, including the Huntingdon War Memorial Arena which is part and parcel of same during the duration of the Fair, are already preempted by the other regular, exhibits, etc. However, a Marquee could be hired for such occasion — for the display of the articles suggested by The Gleaner.

The 4-H Club Show

While the reason annexed to the delayed report of Ormstown's 4-H Club Show was given in last week's Gleaner, together with a full report of the said Show, we are perhaps to blame for the lack of any preliminary comments about that great annual Calf Club Classic.

We were asked to give our comments on the Cattle Show in general, but since we had another important chore to do we were unable to attend Ormstown Exhibition on the Saturday. We therefore confined our comments to what we had seen of the various cattle shows on the Thursday and Friday. By the way, the 4-H Club Show was hitherto staged in the Arena on the Friday afternoon, but this year it was not held until the Saturday, in the cattle barns instead of the Arena.

Anyway, while The Gleaner gave a full report of not only the various Calf classes, but also the Showmanship and individual Judging Contests, we may here mention a few of the highlights.

Ormstown Centennial Parade

Above are three members of the Parade Committee for Ormstown's Centennial celebration, June 30th. From left to right — Doug. Elliott, Marshal and English Bobby on ancient bicycle with wooden wheels. Angie Barrington, Secretary of the Parade committee. Jim McCaig, Preacher on mock wedding float and a member of the Parade committee. The "cop" surely kept the crowds in order.

The Champion Ayrshire heifer calf, shown by Diane Vaillancourt, St. Chrysostome, was the top winner in the A. Group of junior heifer calf class. The reserve Championship went to Keith McKell's heifer which was adjudged the best in Group A of the senior heifer calf class.

The Holstein championship went to Ralph Templeton, Howick, on his heifer which topped the Group A class of senior heifer calves. The reserve Championship went to Jan Scott, Ormstown, on the calf which topped the A. Group of junior heifer calves.

The championship of the Jersey section was not reported but it will have been noted that the exhibitors in the only class of same were Susan Barbe, Douglas McAdam and Andrew Whyte, all of Hemmingford, and Larry Eastwood, Ormstown.

The Professor Alex R. Ness Memorial Prizes for the Champion Interbreed calf were won by: 1, Ralph Templeton and 2, Diane Vaillancourt.

The Zephyr Textiles Trophy and prizes for the best group of 5 calves exhibited by a recognized 4-H Club, were won as follows: 1, Howick; 2, Ormstown; 3, Huntingdon; 4, Hemmingford.

The Alvin Ness Memorial Trophy for the best Showman, 15 to 20 years of age, was won by Andy Ness, Howick, while the Roland Glen Memorial Trophy was won by Bobby Scoble, Howick.

Steven McDonagh, Huntingdon, won first in the Kiwanis Club (Montreal) judging competition and also the Lorne Templeton Memorial Trophy.

The Huntingdon-Ormstown Holstein Club Trophy for the best showman — 11 and 12 years of age and the Wilfred Bryson prize for showmanship were won by Larry Ness, while his brother Andy Ness, both of Howick, won the Ormstown Board of Trade Trophy for the highest aggregate score in the Showmanship and Judging Competitions.

Carolyn Templeton, Howick, scored "a Hat Trick", by winning the Montreal Livestock Exchange Trophy for the highest aggregate score in 4-H Club activities at Ormstown Show; also the Canadian Imperial Bank of Commerce Watch which accompanied the other Trophy. Also the Family Herald Trophy for the best Junior Farmer Judge between 10 and 20 years of age.

Bridal Shower

A miscellanous shower was held in the church hall on Thursday evening, June 29 in honour of Miss Ann Hirsch who is to be married in the near future. The hall was nicely decorated for the event and Ann was met at the door by her sister-in-law, Mrs. Marvin Hirsch, who presented her with a corsage and escorted her to a chair besides a "Wishing Well" decorated in white and in which were placed the many gifts. After opening the gifts and passing them around to be admired by the guests Ann graciously thanked all for their kindness, gifts and good wishes and invited them to visit her in her new home. Refreshments were served by the hostess.

Mrs. J. Solan returned home Saturday afternoon after spending the past week with her son and daugher-in-law, Mr. and Mrs. Walter Sloan in Ottawa.
