N.B. Election Date May Be Set Today

Fredericton, July 15.—(AP)—The date for a New Brunswick general election—possibly the first in Canada with union recognition as the main issue—may be announced today.

Premier J. B. McNair said last night that a government meeting today will recommend immediate dissolution of the New Brunswick legislature and issuance of writs for an early election. September previously had been mentioned unofficially as a likely election month.

Mr. McNair, declaring his government will not recognize an international union as bargaining agent for public servants of the province, named this as the issue. The announcement resulted from a decision last month by most maintenance employees of the publicly-owned New Brunswick electric power commission to quit work starting this Thursday unless the government recognizes their union, the International Brotherhood of Electrical Workers (I.B.E.W.).

A two-month interval before polling day was hinted by the Premier, who said that "no interest will be permanently prejudiced by a further delay of two months (in settlement of the union recognition demand)."

He said a shutdown of power commission operations would be disastrous throughout the province, and the government intended the service would continue.

If any commission employees stopped work on Thursday "they will, in our view, have separated themselves from their jobs and voluntarily discharged themselves from the service."

In that event, the commission would take the "necessary steps to man the plant and keep the system operating. The government will take all necessary measures to protect from interference or annoyance the personnel needed to carry on."

The province has been governed by Liberal administrations for the past 17 years. In the last election, June 26, 1949, Liberals were returned to power with 47 seats.

Present standing in the 41st Legislature: Liberals 46, Progressive Conservatives five, vacant one.

Mr. McNair, 62, has been Premier since 1940 and has served longer in that office than any other New Brunswick Premier except Hon. A. G. Blair, 1883 to 1896.

The Progressive Conservatives are headed by H. J. Flemming, 53, a Carleton county member since 1944. He became party leader last summer.

Announcement of an election this year had been generally expected. The only candidates nominated to date are 14 Progressive Conservatives and four C.C.F.

Magog Youth Dies From Injuries Received While Diving 10 Days Ago.

The heat wave, that still shows no sign of ending, indirectly claimed two lives in the Sherbrooke district yesterday when two local boys were drowned while bathing at Brompton Lake.

The victims were William Charlebois, 10, son of Mr. and Mrs. William Charlebois, and Gerald Laporte, six, son of Mr. and Mrs. Roland Laporte. Both families live in Sherbrooke.

A third fatality, resulting from a diving accident 10 days ago, also occurred yesterday.

Georges Lagasse, 18, of Magog, who was paralyzed when he dived into shallow water at Little Lake Magog on July 6 and struck his head on the bottom, died in Hotel Dieu Hospital in Montreal. The inquest will be held at Magog today, Dr. Armand Voyer presiding.

At Brompton Lake yesterday, young Charlebois and Laporte, both of them practically non-swimmers, were wading on a sand bar and apparently slipped off the edge into the deep water.

Robert Laporte, a strong swimmer, attempted to save his two friends but failed to get them into a boat. Cries of help brought several neighbors to the scene and the two boys were pulled out of the water.

The accident occurred about one-half-mile from Beaudoin's Beach.

Sherbrooke Fire Director Percy Donahue, fireman Leo Giguere and secretary Camil Gendron were called to the scene and rendered artificial respiration and supplied oxygen for more than two hours but to no avail.

Dr. S. W. Moorehead, of Philadelphia and Dr. Coville, of New Jersey, vacationing at the Lake, pronounced the boys dead after aiding in the artificial respiration attempt.

Rev. Father Rosario Moisan administered the last rights of the Church to the two boys.

Blaker's Ambulance and Hamel and Frere's Ambulance were called to the scene.

Dr. Louis Gagnon, coroner for the district of St. Francis, will preside at a coroner's inquest to be held at the Provincial Police office here today.

Funeral services for young Charlebois will be held at St. Patrick's Church at 9 a.m. Thursday, while young Laporte will be buried in Montreal.

Both boys were Cubs at St. Patrick's and the Charlebois boy was a Record carrier for the summer.

Freight Rate Boost Sought By Railways

Ottawa, July 15.—(CP)—The railways today applied for a new series of freight-rate increases that would amount to more than \$75,000,000 a year.

In a three-way move before the board of transport commissioners, they asked:

1. An immediate general increase of seven per cent.

2. A further—but not necessarily immediate—hoist of nine per cent.

3. An increase in rates on grain and grain products moving in the west for domestic consumption, bringing them up to Ontario-Quebec levels. This would not affect the statutory "Crow's Nest Pass" rates on export grain traffic in the west.

Under the two general-increase proposals, coal and coke would be exempted from the percentage boost but under each of the two sections of the application would be subject to increases of between 10 and 20 cents a ton.

Along with the application, the Railway Association of Canada served notice that the carriers will seek further increases if current wage demands of their unions result in higher operating expenses.

The unions representing 125,000 non-operating employees—those who do not operate the trains—are asking a general wage increase of 45 cents an hour and other concessions. The companies have estimated these would cost \$150,000,000 a year.

Without taking into account the prospect of higher wage costs in that direction, the railways based the seven-per cent application on other increased operating costs including those of materials and of wage increases obtained this year by other groups of employees including locomotive engineers.

They noted specifically that prices of ties and steel had gone up. The application suggested, too, that certain changes in the character of freight traffic might affect earnings this year.

The effect of the new conditions, the application said, was that the Canadian Pacific Railway—used by the board as the "yardstick" in rate making—would suffer a drop in its net earnings below the level assigned it under a formula worked out by the board.

Under this formula rates were set on a basis calculated to allow the C.P.R. a surplus of \$46,600,000 a year after fixed charges, dividends and taxes were met. The companies said today that, under current conditions, the Canadian Pacific would fall short of the allowable earnings by \$6,144,000 this year.

The further nine per cent was described in the application as necessary to provide a return of five per cent to the C.P.R. on its net railway investment. The investment figure has never been determined finally but is claimed by the company to be roughly \$1,000,000,000.

The proposed double-barrelled general increase of about 16 per cent would be the fourth in the post-war series that started in 1948. The three granted up to now added up to 70 per cent on the traffic to which they apply. They are applicable to approximately half the railways' \$900,000,000-a-year freight business.

The latest increase was one of 17 per cent, largely to cover costs of the wage-hour settlement in the 1950 dispute with the unions that culminated in the general rail strike of that year. The final 4 1/2 per cent of that boost was

World News In Brief

Athens, July 15.—(AP)—The aviation ministry today confirmed press reports that 12 officers and men of the Greek air force and seven civilians will be tried by a court martial on charges of forming a communist cell inside the air force.

They are further charged with being implicated in acts of sabotage which resulted in the destruction or damage to several military aircraft early this year.

Fairbanks, Alaska, July 15.—(AP)—Punctuated by explosive bursts of flame, fire raced through the old Pioneer hotel yesterday, leveling the three-story structure in two hours and leaving at least one person dead.

Police Chief Floyd Clower listed five persons as missing and said eight were in hospital with burns. Clower said the toll may go higher as firemen start probing the ashes. He said only 180 of 250 persons registered had reported in to police headquarters 20 hours after the fire had died down, despite urgent radio and newspaper pleas.

Buenos Aires, July 15.—(AP)—Argentina's Diligent quintuplets will not have a party today on their ninth birthday because their father is adhering to his new rule of keeping the children separated as much as possible.

Early this year the father, Italian-born Franco Diligenti, decided to send the quintuplets—three girls and two boys—to separate schools. He wants them to be kept free from publicity and to lead normal lives.

The world's only other living quintuplets—Canada's Dionne—celebrated their 18th birthday in May. They have never been separated.

London, July 15.—(AP)—The Queen is confined to her room with a slight cold. Buckingham Palace announced this afternoon.

She conferred honors on 250 men and women this morning even though suffering from a chill.

Ottawa, July 15.—(AP)—Canada's biggest army camp, one that may eventually absorb an area half the size of Prince Edward Island, will be constructed in New Brunswick, it was learned today.

The green light is expected to be given shortly for the preliminaries to a start on a multi-million-dollar base that will give Canada for the first time a camp large enough to train formations larger than a brigade.

New Delhi, July 15.—(AP)—Thirty persons drowned in Monsoon floods, reports from Jaipur said today. The area lies 145 miles southwest of New Delhi.

Reports from Darbhanga, in northern Bihar state, said 500,000 villagers have been driven from their homes by the overflowing tributaries of the Ganges.

Party Leaders Confident Of Tomorrow's Results

Montreal, July 15.—(AP)—The Quebec election campaign entered its final stages today with opposing party leaders predicting victory on election day, Wednesday.

Georges Lapalme, Liberal leader, said in an address at nearby Laprairie that "a wave of fear has penetrated the ranks of the Union Nationale as they begin to see power slipping from their control."

Premier Duplessis, speaking at Louisville, said his party had brought wealth to the province and replaced agricultural poverty by agricultural prosperity.

Mr. Lapalme said the Union Nationale would "stop at nothing to hang on to office" and that Conservative-appointed judges of police courts had refused to issue warrants sought by Liberal organizers who wanted to prosecute certain Union Nationale workers.

He promised the royal commission to investigate the administration of justice under the Union Nationale.

He said the Duplessis government has "played politics in every public domain and have used their power to intimidate government employees and make them tools of the party organization."

Under the Union Nationale "everything is directed toward the glorification of Mr. Duplessis and the maintenance of the party in office."

Mr. Duplessis had complained because some Liberal members of the Commons were campaigning on behalf of the Liberal party. "He didn't mention the fact that the biggest Conservative on the island of Montreal, Mayor Camil-

ien Houde, was one of the chief speakers at his own meeting in Montreal." Mr. Lapalme said: "The Conservative members for Roberval and Labelle are also hard at work for the Union Nationale but that does not seem to bother Mr. Duplessis."

Mr. Duplessis asked the farmers for support "so that we may continue our fight for the rights of our province and our people."

When his party came into power for the first time in 1936, he said, infantile mortality was high, the tuberculosis death rate was high and diphtheria epidemics were frequent.

The Union Nationale's health program largely eliminated infantile mortality and cut the tuberculosis death rate by two-thirds.

Under previous Liberal administrations, young people emigrated at the rate of 100,000 a year. That was no longer the case as 4,212 new industries were established in the province and 100,000 new jobs were thereby opened.

The iron ore lands of Ungava were opened and mining production was pushed ahead.

Mr. Duplessis said the Liberal party was the collection of remnants of a "once great" party which wanted to replace a progressive administration.

Workers could expect more justice from the Union Nationale than from those "who try to stir up disorder."

Quebec needed a greater share of the tax-dollar and once this was obtained the Union Nationale would increase pensions assistance to needy mothers and help hospitals overcome their deficits.

Canada Sends Europe New Radar Sets

Ottawa, July 15.—(CP)—Canada's three-year defence program has quietly passed a milestone.

She has started to ship new equipment to help Atlantic pact allies in the strengthening of Europe.

The arms and equipment she has sent in the past have been things left over from the second world war.

It was announced yesterday that the first of 300 secret new radar sets, a type to be used by the army in its anti-aircraft set-up, is due in Britain shortly, possibly today.

It came out of the Leaside, Ont., plant of Canadian Arsenals Ltd., a short time ago and was shipped to Britain aboard the Empress of Canada complete with the truck and large trailer which make it mobile.

The set is the forerunner of a variety of types of modern equipment and arms Canada has promised to send to allies in Europe at no charge as part of her share of the joint rebuilding of western military strength.

Officials say the flow of this new gear—including P-86 Sabre fighters, artillery howitzers, walkie-talkie wireless sets and the radar sets—won't really hit its stride until the fall.

On the basis of more than \$600,000,000 so far voted by Parliament for this mutual aid program, Canada has been sending weapons and gear she had in use or in stores when Korea came along—

notably second-world-war British-type arms for several infantry divisions.

Somewhere in Korea, July 15.—(AP)—A Canadian company commander today said communist prisoners on Kojedo island jeered and shouted insults at his men when they arrived—but cheered and waved to them when they left the island.

Maj. E. L. Cohen of Pembroke, Ont., commanding B company of the first battalion, Royal Canadian Regiment, brought his 105 men back to headquarters Monday after 42 days of guarding Red internees on Kojedo. They had pulled out of the front lines May 23 and rushed to the turbulent island off southeast Korea by train and boat.

The guard was originally posted around troublesome compound 66. The Canadians later were teamed with a company of the King's Shropshire Light Infantry and

Democratic Nomination Contest Is Still Wide Open

Chicago, July 15.—(AP)—Democratic today were busy tacking up signs, making predictions and generally building up a full head of steam for the Presidential nominating convention that opens next week.

This is a multi-candidate convention, wide as the great open spaces.

Consequently, it is full of question-marks. Backers of the various aspirants—and one of the candidates himself—have been discussing the situation since last weekend. But about the only points of agreement are that:

1—Nobody is going to be named on the first ballot, or even on an "early" ballot.

2—Senator Estes Kefauver, of Tennessee, will hop out in front at the start.

3—Somebody is going to get a powerful lift from President Truman, and all the candidates are looking hopefully toward the White House for a sign.

If the President has glanced with interest in the direction of any of the several front-runners, there is no indication of it here. The most any camp can announce is that Truman isn't opposed to their man.

Senator Robert S. Kerr, of Oklahoma, said last night he is certain "the President is not against me."

Senator Richard B. Russell's campaign manager said Russell had seen the President last week but that he did not know what passed between them.

Kefauver's campaign commander ridiculed the suggestion that either the President or the Democratic party leaders are opposed to Kefauver.

These are not the only major Democratic candidates.

Vice-President Alben Barkley is another. Headquarters has been established for W. Averell Harriman, of New York, director of the mutual security administration.

Meanwhile, rumors about Governor Adlai Stevenson, of Illinois, were still haunting the corridors.

Stevenson says, almost every hour on the hour, that he doesn't want the nomination. There is a

report that the President no longer is trying to persuade him.

But another story has it that the Illinois politician is preparing for a draft-Stevenson drive next week.

Washington, July 15.—(AP)—A top C.I.O. leader today termed Dwight D. Eisenhower, Republican Presidential candidate, a "rank amateur" in the field of civil government. He said that on major domestic issues Eisenhower would be "prisoner of his own advisers."

Joseph A. Beirne, a C.I.O. vice-president and head of 300,000 communications workers, said in an interview before leaving for the Democratic Presidential convention: "Eisenhower has unquestionably been a great military leader, but if he is elected President he will be helpless on the great domestic issues facing the country, such as the Taft-Hartley labor law, civil rights legislation, federal aid to the states, and others."

"He will have to depend completely on his advisers in making domestic policy decisions, rather than makings up his own mind."

Beirne, a member of the platform committee at the national Democratic convention, is sometimes regarded as a possible successor to President Philip Murray.

Some segments of organized labor have been fighting Eisenhower for months. The C.I.O. has been a staunch supporter of Democratic candidates. But the other and larger labor confederation, the A.F.L., has a Republican heritage.

Actually, observers say the term "labor vote" has little significance. Organized labor does not vote in a hard block no matter how strenuously its political leaders may work for a candidate.

C.I.O. opposition to Eisenhower was first evident last November at its convention in Atlantic City. Emil Mazey, a member of the C.I.O.'s political action committee and secretary-treasurer of the United Auto Workers, said that supporting Eisenhower as President would be buying a "pig in a poke."

Air Attacks Continue In Korea

Seoul, Korea, July 15.—(AP)—United Nations planes today battered communist targets near the North Korean capital of Pyongyang and along the western front.

Fighter-bombers hit a locomotive repair shop and cement factory east of Pyongyang. Pilots said they also smashed two buildings.

Military targets in Pyongyang were blasted heavily in giant raids last week.

A United States Eighth Army staff officer said that in four days of hill fighting on the east coast the Reds have lost an estimated 327 killed and 265 wounded. U.N. troops held control of the contested heights.

The navy said that since the start of the war 2,604 communist junks and sampans had been sunk, 6,547 damaged and 75 captured.

Tokyo, July 15.—(AP)—Communist prisoners of war in Korea are better fed, clothed and housed than the average South Korean civilian, a Red Cross representative said today.

Frederick William Gasson of South Africa said the Reds get such good care that the South Korean government has trouble explaining the favored status to its citizens.

Gasson said he found canned vegetables and fruits in P.O.W. kitchens. Such foods are delicacies in the South Korean home. They get 10 cigarettes a day.

Tokyo, July 15.—(AP)—Gen. J. Lawton Collins, United States army chief of staff, said today that even tougher bombing of North Korea military targets is in store for the communists if they "insist on prolonging the war."

United Nations planes within the last three weeks have hurled some of the mightiest air attacks of the war at Red power-plant facilities in North Korea and at military targets in and near the North Korean capital of Pyongyang.

He told a press conference on his return from the front that the U.N. command is prepared "to use anything—except germ warfare—to protect its forces in Korea from being driven out."

The controversial decision to bomb the Yulu river power plants was a routine one, made as part of a "shifting bombing pattern."

He said also that "within a few years he will use atomic artillery on the battlefield."

The U.S. Eighth Army would not be pushed out of Korea without "an outside power throwing considerable weight into the struggle."

The U.N. could even push the Reds out of North Korea "if we thought it was worth the cost."

The dialogue is full of quaintly amusing words and delightfully surprising syntax, and Mr. Greene has caught something else which supplies rich humor—namely, that practical realism in matters amorous as well as material which seems so often characteristic of those with a rigid code of conduct.

RICHARD WIDMARK PLANS TO BOW OUT OF MOVIES, BEND HIS EFFORTS TOWARD NEW STAGE CAREER

Hollywood—Exclusively Yours: His agents are wringing their hands, but Richard Widmark's definitely bowing out of his Fox contract and leaving Hollywood two years from now.

Here's what Dick, who's co-starring with Joanne Dru in "Big Man," told me about his big decision:

"It's not money. These days an actor can't make a fortune so I may as well do what I want to do on the stage. Age has something to do with it, too. You think to yourself that the end of the road isn't too far off, so you want to enjoy life while you can. Time is breathing down my neck. There are things that I have to do and they aren't in Hollywood, I want new challenges."

Alan Campbell is again saying that there will be no divorce filed by Dorothy Parker. It will be a permanent separation "because we are happier when we are apart."

Television, the steam-roller, is responsible for the razing of the historic outdoor cathedral set built for Lon Chaney in "The Hunchback of Notre Dame" in 1923 at U.I. Permanent outdoor sets for telefilms are replacing the famous structure.

Living Lincoln Down Raymond Massey's contract with Producer Paul Gregory stipulates that his role of Abraham Lincoln be played down in the publicity for his forthcoming road tour as Ty Power's co-star in "John Brown's Body."

Mario Lanza, of all people wants to co-star with John Carroll in a blended-voices musical and that's one reason why MGM just gave John an audio test.

It's in Charles O'Curran's contract with Paramount that he be given his chance to direct within

number of surprises at the proper points to keep the action in lively movement.

The Knowlton cast will be headed by Jessie Pitkethley, of Ottawa, as Mama. Miss Pitkethley won special mention for her work in the same play at the Dominion Drama Festival a few years ago. She will be supported by Andrew Macmillan as Papa, Claire Dew and Chruian Evans as the "worldly" son and daughter, Nan Stewart as Mrs. Yoder, the neighbor, and Richard Valentine as the State Trooper.

The production is under the direction of Filmore Sadler with a setting by David Haber. It is advisable to reserve seats before driving out from town.

the next year. And if he doesn't get the chance, Betty Hutton will have plenty to say about it.

Katina Paxinou, the famous Greek actress who won an Oscar and then got the kiss of death from Hollywood, has another movie comeback chance. She stars in one of the three episodes in "Tales of Cairo" now being filmed in Egypt by Victor Stoloff. The picture will be released as a movie-house feature or chopped up for TV.

Barbara Lawrence has been given the green light to resume her film career following the birth of her child. Now it can be told: Nina Foch, dropped by Columbia because she "didn't sex appeal," played the role of Marie Antoinette in "Saramouche." The rendition was so warm the studio censor ordered Director George Sidney to reshoot Nina's entire footage in the film.

Paramount has a story titled "The Road to Lisbon," all about atomic spies and stuff like that there, for guess who. There will be no music credits on Charlie Chaplin's "Limelight," he wrote and conducted the entire score. Frankie Laine's two-week stand at the London Palladium in August already is a sellout.

E.T. Get-Together Club Picnic At Guelph, Ont., Is Huge Success

Blue skies and bright sunshine, tempered with light cooling breezes, encouraged some four hundred and fifty visitors to journey to Guelph, Ont., on July 14, for the 8th Annual Picnic of the E.T. Get-Together Club.

Started in 1947 through the meeting by chance of several ex-E.T. families at the farm of Mr. and Mrs. Cecil Locke, of Guelph, formerly of Lennoxville, these picnics have grown in popularity. This year's picnic showed attendance almost double that of last year, when the weather was unfavorable. They are now looked forward to each year by the many residents of Ontario who came originally from the sister Province of Quebec, especially from the Eastern Townships, as they provide a chance to meet old friends lost track of through change of residence and the passing of the years. Many happy reunions are effected during the day and old friends are greeted, news passed on of others. Childhood friends again clasp hands and laughingly joke over youthful escapades, and mothers and grandmothers are again greeted by their maiden names.

In one instance, a gentleman passing a group of chatting friends paused at hearing a name mentioned, asked about the person mentioned and then exclaimed, "Why, she was my school teacher thirty years ago—is she here?" She was, and a short time later these two were deep in reminiscences of those happy school days of long ago.

The pleasant hospitality of Mr. and Mrs. Locke, who each year offer the use of their farm as a site for the picnic, goes a long

way to promote the full enjoyment of the day, and the similarity of Guelph scenery to much in the E.T. brings back memories of scenes "back home". The wide pleasant meadows provide ample parking space and room for races and games, these mainly for the younger ones who are not as interested as their parents in chatting and mulling over old times.

In the nearby shallow stream little ones can safely paddle about, while occasionally little boys bring back crawfish excitedly to show their parents.

Around the margin of the meadow, shaded by the river-side groves, picnic lunches are enjoyed, tables being grouped to combine families sharing their meal again after years apart. Cold spring water and hot water for tea are provided, the latter heated on a stone fireplace built by committee members. Ice cream and "pop" were sold this year, under the capable direction of Mr. Archie MacDonald, of Burford, formerly of Lennoxville, profits from these sales being added to the generous donations of visitors during the day. These are used to pay such expenses as advertising, mailing, circulars, prizes for the program and improvements to facilities at the picnic field. Picnic tables and benches have been constructed by the committee members.

The collection of donations was looked after by Mr. Ralph Libby, of Hamilton, formerly of Ayers Cliff (vice-president) who also contributed in a great way to the pleasure of the day, for through his truly amazing memory for faces, names, places and family facts, he was able to effect reunions between many visitors who otherwise might not have located each other.

The newly-elected president of the committee, Mr. Harold Roarke, and Mrs. Roarke, of St. George, Ont., formerly of Sherbrooke, greeted visitors during the day, while the retiring president, Mr. W. Peak, took charge of the program of recreations with the assistance of members of the committee. With Mrs. Peak he also looked after the registering of visitors as they arrived, this list being used as the basis of the mailing list for the picnic of 1953, circulars being mailed to several hundred each year. Mr. and Mrs. Ewart Glass, of Guelph, and former residents of Lennoxville, took charge of this registry during the sports program.

A glance over this register shows that visitors travelled from Toronto, Woodstock, Windsor, Tillsonburg, Lindsay, Galt, Oshawa, Picton, Fergus, Newmarket, Brantford, Burford, Niagara Falls and many other points. Among the ex-Quebec addresses noted were Compton, Waterville, Richmond, Inverness, Sherbrooke, St. Felix

de Kingsey, Montreal, Dixville, Richmond, Ashcroft and many others. Families well known in the E.T. in past generations were represented, such as Fairish, Pierce, Chaddock, Reynolds, Gemmill, Farwell, Seale, Dunbar, Baldwin, Hobbs, Bryan, Brownrigg, Boulter, Stevenson, McVeety, Ingalls, Huntington, Woodward, Wright, Moulton, Bonnalie, Rothney, Halliday, Morrill, Currie, Messenger, Wark, Bean, Flagg and many more. Visitors from the E.T. included Mr. and Mrs. Lewis Hewitt of Lennoxville, guests of Mr. and Mrs. W. E. Glass, Guelph, and also Mr. and Mrs. Vic Brownlow of Sherbrooke.

In the races for children prizes for first and second place were won by Douglas Dunbar, Margaret Gallagher, Ian, Jeff and "Toby" Hemming, Carol-Lynn Cascadan, Robert Little, Judy Sweet, Sheila Patton, John Bonskill, Louise Elliott and Roberta Howe, while ten-year winners included Ruth Graham, Georgine Anderson, Milly and Leslie Guy, Bryce Roarke. A peanut scramble and suckers for all children helped to console the losers.

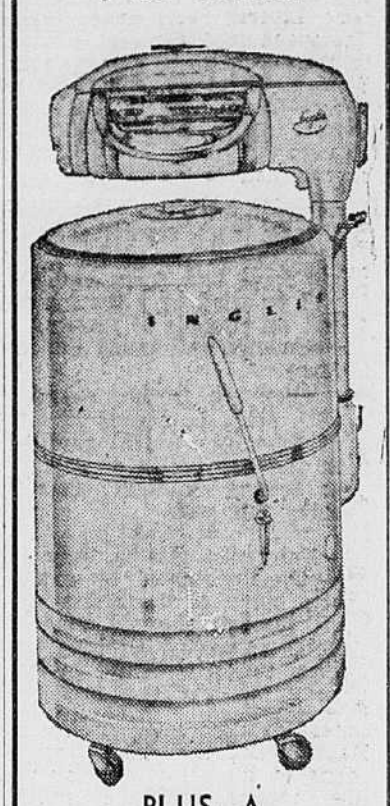

In the portion of the program planned for the older set, much amusement was provided by the "throw-the-rolling pin" contest, winners being Mrs. R. Goodsell and Miss Jean Sharples, and by the balloon contest for the men, won by Wm. Hill and Galen Drew. In this each man had a balloon tied to his back and was given a club of rolled newspapers with which he endeavoured to break the balloons worn by his rivals. Ladies winning the "running race" and the "shoe kick" were: Mrs. Goodsell and Miss J. Sweet, Miss R. Graham and Miss M. Guy.

Winners of the men's "shoe throw" in which the shoes were thrown tied together, were Robert Gosselin and Wm. Hill. The "lucky spot" prize went to Mr. Percy Denshaw of Oshawa, while special "age" prizes were given to Mrs. Charles Waller, mother of "Ed" Waller, formerly of Sherbrooke and now of Dundas, Ont., and to Mr. Charles Noble, former resident of Danville, now in Hamilton. Prize for the youngest baby was awarded to little Janice Guy, daughter of Mr. and Mrs. Harold Guy, of Kitchener and formerly of Kinnear's Mills.

The Planning Committee welcomed several new members, Mr. and Mrs. C. C. Chaddock, of Burford, Ont., former Lennoxville residents, and Mr. and Mrs. Herman Hobbs, of Hamilton, originally from Sherbrooke. Plans are already being made for the picnic of 1953 and the committee will welcome any help in locating other former E.T. residents now living in Ontario. Names may be sent to Mrs. Cecil Locke, R.R. No. 4, Guelph, Ont., Mrs. Ewart Glass, 116 Forest St., Guelph, Ont., R. No. 6 or any other committee member.

So ends another very happy day, spent at a quiet hillside farm in surrounding reminding us of another beautiful part of Canada, the "good old E.T.," with the hope

Liberal Campaign In Quebec Follows Pattern Set In Ontario, Bourque Says

The tactics being used by the Quebec Liberal Party under Georges-Emile Lapalme in the current provincial election resemble closely those used by the Ontario Liberal Party under Walter Thompson in the recent elections in that Province, Hon. Johnny Bourque, Minister of Lands and Forests and of Hydraulic Resources told a group of West Ward electors at Ste. Jeanne d'Arc church hall last evening.

The resemblance was further strengthened by the fact both Provincial party leaders were back-benchers in the Dominion Parliament that the federal party wished to get rid of.

And, continued Mr. Bourque, the Quebec voters would make the resemblance complete on Wednesday by sending Mr. Lapalme and his associates down to humiliating defeat.

The Minister's analogy came during the course of a spirited attack against certain pamphlets being distributed by the Liberal organizations which sought to cast reflections on his honesty in administering the Department of Lands and Forests.

He praised the two local papers for refusing to carry an advertisement based on this circular and reiterated a statement by Premier Maurice Duplessis made at St. Johns to the effect that criminal libel actions would be launched against certain newspapers which published the ad in question, and against the printers of the circular.

The land exchanges in question

Dr. Rouville Noisieux was the attending physician and it marked the first time in many years that triplets were born in the hospital.

Libel Action Threatened For Advertisement

St. Johns, Que., July 15.—(P)—Premier Duplessis said Sunday night newspapers which carried a Liberal party advertisement alleging that two Eastern Townships lumber operators became "millionaires in seven days" faces libel actions unless they publish a retraction.

Speaking at a meeting here in connection with next Wednesday's provincial election, the Premier, who is also Attorney-General, said the advertisement dealt with the exchange of Crown lands in the Townships and cutting rights on this acreage. He said the advertisement appeared 10 days ago.

The advertisement was published in a number of French-language dailies and weeklies. He said the exchange of land had been carried out with the approval of the Department of Lands and Forests and the Department of Colonization in an effort to provide suitable land for colonization wishing to settle in the Eastern Townships.

Montreal, July 15.—(P)—Most of Quebec's French-language daily newspapers yesterday published prominently a statement by Premier Duplessis that they face libel action unless they retract a Liberal party advertisement in connection with Wednesday's provincial election.

The political advertisement alleging that two Eastern Townships lumber operators became "millionaires in seven days" was run by the Liberal party July 3rd in a number of the province's French-language dailies and weeklies. Two of four Montreal French-language dailies reproduced the Premier's statement in which he said provision of land for settlers was the reason for an exchange of Crown lands with which the advertisement dealt. A third Montreal newspaper ran an editorial note last week drawing attention to the advertisement and disclaiming responsibility for it.

Newspapers in other parts of the province which had carried the advertisement also reported the Premier's statement and his explanation to the land transaction.

brought loud and continued applause from the gathering. Preceding Mr. Bourque was Charles Edouard Heon, of Sherbrooke, who contrasted the fine record of service of the National Union Ministers with the sorry story of the Liberal team. Mr. Lapalme had been absent from most of the important votes taken during his term as Member of the House of Commons, while Mayor A. A. Mongrain was venting his spite on Premier Duplessis because the latter had insisted that Three Rivers be given a sane and efficient government.

He said the Liberals are admitting in advance that they had lost the elections because they are loudly asserting that the Union Nationale Has Stolen the Election. Tony Pinard, speaking for the

New Industry, Polyrein Corporation, Plans To Open Factory In Sherbrooke

Completion of arrangements for the opening of a new industry in Sherbrooke were completed at a special session of the Sherbrooke City Council last evening when a contract was signed whereby the Polyrein Corporation will lease the three-story city-owned building on Laurier Street formerly occupied by The National Thread Company, Ltd.

Under the terms of the agreement presented by Ald. Leo Cadorette, chairman of the Industrial Relations Committee, the company will lease the building for a period of two years at a monthly rent of \$150.

The purpose for which this company was formed is to manufacture a wide variety of polyester reinforced laminates—a comparative new product in Canada, and practically unknown in this area. The physical properties of this material says the company, have been recognized as being superior to most metals including steel, in many respects. It has been stated that, pound for pound, it is the strongest substance known. Its application in the United States, both for defence and domestic uses has expanded to the point where over 50,000,000 pounds of material were used last year with an annual payroll approximately \$18,500,000.

The Polyrein Corporation intends starting operations in the near future and will produce a line of corrugated and plain sheet stock to be used largely in the construction industry. These sheets

Union Nationale Labor Legislation Is Attacked By Liberal Speakers

An enthusiastic crowd, numbering in the thousands, listened attentively last night at Dufresne Park to the Liberal candidate, Jacques Lagasse, N.P., to Carrier Fortin, local attorney for the Catholic Syndicates and a number of labor chiefs, denounce the Duplessis regime as being against the rights of the laboring class.

"What is the use of all the technical, arts and crafts schools in the world," said Mr. Fortin, "if once you are thrown into the labor world there is no legislation to protect your rights and you are not allowed reasonable salaries?"

Duplessis is not the friend of labor he pretends to be," he said, "he recognizes the rights of union, but will not give the laborers a chance to exercise their rights."

Mr. Fortin scored as completely untrue a statement made over the radio last week by Noel Dorion, Q.C., attorney who acted or the prosecution in the Asbestos strike cases.

He claimed that Mr. Dorion said the Liberal party had accused the Judge and jury as well as the five Judges in the Court of Appeals of injustice, in the sentencing of Rene Roque, one of the

96 Degrees Was The Top Yesterday

Did you find it hot yesterday? Well, it really was and it wasn't just the humidity.

An official reading of 96 degrees was the peak recorded by the Experimental Station at Lennoxville, a record for this and many other years.

Even that was cool compared with some of the readings along Wellington Street. Thermometers there touched as high as 108 in the shade at some points.

Last night's sudden rain cooled off the air slightly, but it was just a temporary respite as the mercury began climbing back towards the 90's again today.

It is unlikely, however, that yesterday's mark will be equalled.

Chicago, July 15.—(P)—Another day of hot, muggy weather appeared in prospect for areas in the eastern third of the United States today. Pleasant summer weather was the outlook for most other parts of the country.

The Midwest got refreshing breezes and rain to break the warm and humid weather of the last several days. Cooler air moved through the western Great Lakes region and upper Mississippi valley south-westward to Oklahoma and Texas.

The hot belt extended from Texas and the Gulf states north-eastward to the eastern Great Lakes and New England. Record temperatures for the date were set in several eastern cities yesterday. Temperatures were in the 90s in the sweater belt and continued above normal in most areas during the night.

Summer Camp Of School For Crippled Children Opens At Lake Massawippi

By LOUIS CASSAR
The Summer Camp of the Montreal School For Crippled Children was officially opened Sunday afternoon at Lake Massawippi.

A crowd of well over 200 people, including prominent civic and educational authorities, was on hand for the special ceremonies, which were highlighted by a Friendship Fire. As each guest passed before the fire and dropped a wooden torch into it, he repeated the words of the dedication.

"As we place our token upon the fire, we dedicate this camp to the health and happiness of physically disabled children of any race, color or creed."

Douglas Bremner, president of the Montreal School For Crippled Children, opened the outdoor ceremonies by welcoming all who were present, and introducing several of the distinguished guests, including Mayor Rexford, of Ayer's Cliff, W. P. Percival, director of Protestant Education in the province, Denis Gerin, M.L.A. for Stanstead County, and J. T. Hackett, Q.C., of Stanstead.

Mayor Rexford extended a warm welcome to all and expressed pleasure that a worthwhile project such as the Crippled Children Camp was located in his community.

Dr. Percival spoke briefly, and brought congratulatory greetings from the Department of Education which he represented.

Brief remarks were also made by Mr. Hackett and Mr. Gerin, who extended a welcome from Stanstead County. Mr. Hackett pointed out that one might be crippled in body but not in mind, and that many who were physically handicapped had exerted a great influence in the world.

Dr. L. P. Patterson, principal of the School For Crippled Children and director of the Camp, spoke briefly, and reminded the guests that their interest in the Camp was appreciated.

A conducted tour of the Camp brought the official ceremonies to a close. Camp activities began on June 27 and will continue until August 15. The Camp was in operation on a limited scale for a few weeks last summer when construction of most of the buildings had just begun.

There are a total of 87 children including boys and girls, attending the Camp, all of them suffering from some physical handicap. They include victims of polio, heart trouble, congenital malformations and cerebral palsy. Four are in wheelchairs and three of these are carrying cases.

Adherents of at least five different faiths can be found among the campers, including Protestants, Roman Catholics, Jews, Greek Orthodox and a Buddhist.

The Camp is owned and operated by the Montreal School For Crippled Children and there are no fees charged by either the School or Camp.

As normal a camp program as possible is conducted, but it is geared down to accommodate the ability of the campers.

Youngest camper is 6-year-old Billy Friedman, of Montreal, a cerebral palsy victim. Oldest camper is 21-year-old Yuri Hoshiko, another cerebral palsy victim and also of Montreal.

Miss Hoshiko was forced to spend several years in Japan during the war. She had gone there

To The English Speaking Electors

OF SHERBROOKE COUNTY

JOHN S. BOURQUE

Ladies and Gentlemen: -

For the sixth time in seventeen years I am appealing for your support tomorrow in a Quebec provincial general election.

In asking you to vote for me tomorrow, I can point to a record of achievement for my county unequalled by that of any other representative either at Quebec or Ottawa at any time in the history of the county.

The policies of the National Union Government are based on the principle of goodwill and justice for the minorities and I am certain everyone of you will agree that during my term of office, the English-speaking minority in this county has been justly, even generously, treated by the Government of which I am a member.

Without going into too much detail, I can point to substantial financial assistance given the Sherbrooke Hospital, Bishop's University, the Sherbrooke and Lennoxville Protestant School Boards and other welfare organizations in this and adjoining counties.

My record of accomplishment in the field of general administration will also bear the closest scrutiny.

Roads have been improved, antiquated bridges replaced, rural electrification lines extended, aid given to the construction of workers' houses, loans granted farmers on a sound and practical basis.

Through the policies of the National Union Government, the tuberculosis toll and infantile mortality rates have been reduced over fifty per cent.

Encouragement has been given private enterprise to develop the resources of the province and labor has been supported in its fight for reasonable and decent wage and working conditions.

I am making no promises of what I will do in the future except that I will do everything to promote the interests of Sherbrooke and its citizens, regardless of race, religion or color.

I believe that the best promise of my future policies is my record of the past which I have outlined briefly. Thanking you in advance for the support you will give me tomorrow.

I Remain,
Yours Sincerely,

JOHN S. BOURQUE.

500 New Phone Subscribers Get Service

Telephone service will be provided to most of the waiting applicants in the Sherbrooke exchange area as the result of an extension to dial equipment in the local exchange.

H. E. Walker, Bell Telephone manager here, said today that some 500 new subscribers were given service yesterday and today when the equipment went into operation. Another 300 waiting applicants will have service by the middle of August.

The extension to the dial equipment consists of 1,300 terminals, each terminal representing a new telephone number.

"The work of installing the necessary wires and cables leading into the exchange," he said, "will continue until service has been provided to all those whose applications now are on file."

All persons who will receive service as the result of the extension have been notified.

The work of installing the new dial equipment in the exchange building and extending the city's cable and wire network has taken several months to complete. The cable, connecting with other smaller cables and wires branching out throughout the exchange area, are all terminated at the central office.

Canada Sends

visions as well as artillery pieces, mortars, grenades and other things. The new radar sets are designed to replace a type which became familiar to thousands of Canadian soldiers in the last war.

They were mobile sets which moved about from field to field, scanning the horizon for enemy aircraft which might try to attack Canadian troops.

The army has taken over some of the new sets itself for use in Canada and they will gradually usurp the previous type.

Canucks Aid

placed in charge of enclosure three.

The enclosure contained a total of 2,030 Chinese and North Korean prisoners.

Red prisoners are not the only people on Kojie who will remember Cohen's men.

Miss Ada Sandall, a Canadian-born missionary from Magog, Que., who has spent 25 years in Korea, will remember them too, but for different reasons.

Before the company pulled out all ranks contributed food and other supplies to the growing pile of foodstuffs to be distributed to families and orphanages by Miss Sandall.

Freight Rate

granted by the transport board last Jan. 25.

The board exempted coal, coke and potatoes from that increase, adding these to the already-exempted grain traffic in the west and certain types of other traffic which normally are exempt.

The railways' request for increasing the rates on grain in the west was made in a separate application from the one for the general increase. The board had made an exception for domestic grain in the west in all the post-war cases.

In the last previous case, the railways asked that they be allowed to raise these rates, which have not been touched since 1921. But the board advised them to bring in a separate application—the one filed today.

There was no immediate estimate of the dollar-and-cent amount of the proposed grain increase. However, the railways said that basing the grain rates on the Ontario-Quebec charges would leave them lighter than if they had been increased by the general hoists.

Eastport, Me., July 15.—(AP)—A miniature hurricane left a swath of uprooted trees, tangled power lines, toppled chimneys and smashed windows in the St. Croix river valley today.

Property loss was estimated unofficially at more than \$50,000. There were no reported casualties.

Winds of 80 to 90 miles an hour struck last night. Then came thunder, lightning, hail and rain — .85 inches in 15 minutes.

Westover Air Force Base, Mass., July 15.—(AP)—Two high speed bombers—pointed for Europe—took off at 9 a.m. E.D.T. today in an attempt to make the first helicopter flight across the Atlantic.

The "flying windmills," heavily laden with supplies of gasoline, got off the ground after taxiing along runways instead of the customary straight-up take-off of helicopters.

Final Tribute Is Paid To Dr. Darche

Impressive tribute was accorded Dr. J. A. Darche, of Sherbrooke, when funeral services were held in the St. Michael Cathedral on Saturday.

Both children are reported to be in good condition according to hospital attendants.

Food Sale And Festival Planned By Magog Ladies

ployee. They want someone at the head of the country to represent the party, he declared.

He deplored the party spirit which he said is still too strong among the laboring class and claimed it is ridiculous for a man to vote a certain way just because his father and grandfather did so before him.

The interests of the people should be considered above the party, he declared.

Referring to the Liberal claim that none of the members of the Duplessis government have any say in provincial matters but are always subject to the will of the Chief, Mr. Girard said the situation reminded him of the olden days among the Indians.

"Indians did not speak much, they did not think and they did not write," he said, "so a Chief was appointed to think for them and to make all decisions, even over life and death. I am wondering if the present members of the Duplessis government are not going back to the system of the Indians.

Unless their Chief approves, nothing can be done about any important question."

He attacked the Duplessis program of schools, bridges and roads, stating that where there are children it is understood there will always be schools, and pointing out that even in the most primitive country, such as India, where there is water usually a bridge will be found, and roads as well.

"What about the housing problem?" he asked. "That is an essential question and what is being done about it?"

"Johnny Bourque is a good fellow," he said, "but he never delivers the goods. He says he will do nothing. We need someone in Quebec who is independent and will work for the good of all the people. You members of the laboring class, forget your party spirit and vote in your own interest."

Wilfrid Garant, of Brompton, a labor chief who was a former member of the National Union, claimed that his association with that party was not his fault and that he had finally seen the light.

He said the Richmond electors are united to chase from Quebec the public enemy number one of the labouring class—Maurice Duplessis. He claimed that he has nothing personal against either Albert Godreau or Johnny Bourque but that he prefers the program of Marler and Lapalme.

"We must seek our revenge—in a clean fight—for the sabotage of our unions," he said, and referred briefly to the asbestos incidents.

"You have nothing against the minister, but all it is perhaps not their fault, there is only one Minister who runs everything in Quebec."

He promised a victory for the Liberal member in Richmond and urged Sherbrooke to follow in the same footsteps.

The local candidate, Jacques Lagasse, spoke briefly, and referred to Bourque as "the man who turned his back when the police massacred your brothers in Asbestos."

A Liberal victory on the 16th, he said, will not be a victory for Lagasse or Lapalme, but a triumph of social justice over Duplessis dictatorship.

Guy Desjardins, of Montreal, predicted that the Liberal wave in Quebec indicates the greatest victory ever won by the Liberal party. He denounced the corruption of the Duplessis regime and said that the Liberals did not need to pay their supporters nor to import hockeys celebrities to boost the popularity of their meetings.

Emery Bombardier, another labor head, claimed that Rene Rucque is a hero, "worth all the medals which Johnny Bourque has ever worn." He also referred to Mr. Bourque as the "good fellow" who sits quietly at home and leaves the laboring class to defend itself.

"This is a serious hour, it is life or death for the Syndicates," he stated. "Let us unite so that on the 16th, Wednesday night, we may sing Maurice Duplessis' Libera!"

Philippe Pepin, ex-candidate for the C.C.F., presided at the gathering, which he called a Labor meeting, attended by a majority of the laboring class, with labor heads as speakers.

Mr. Lagasse's final meeting will be held this evening in the St. Therese hall, on Victoria Street.

Girl Guides National Camp Opens Today

Canadian Girl Guides National Camp, to be opened by the Rt. Hon. Louis S. St. Laurent, P.C., LL.D., Q.C., at the Connaught Rifle Range, Ottawa, today, will be conducted as a true Guide Camp, the main emphasis and the theme of the Camp to be our Canadian heritage.

The learning of citizenship is one of the chief tenets of Guiding, but this summer the girls will learn about citizenship as Canadians, not as Newfoundlanders or British Columbians. They will learn to know each other. Every day there will be a Home Town Gossip Forum when they will talk about life in their own towns. Every Guide will be taken on an all-day sight-seeing tour of Ottawa and will also have one day in town, to explore the Capital for herself.

The Guides will camp in groups of twenty-five. Each group will have the name of a Canadian river, lake, a mountain or a National Park. The program will contain Canadian songs and dances, as well as simple dramatics on a Canadian theme. The skills and handicrafts at camp will also be built around their Canadian heritage.

The girls who will attend this Camp will be outstanding members of Guide Companies throughout Canada. They will carry back the responsibility of giving the knowledge they have acquired at camp to their own Guides and their communities.

The Guides from Sherbrooke and the vicinity, who left yesterday for their National Camp, are: Doris Hatch, 1st Sherbrooke Company; Beverley Martin, 2nd Sher-

Party And Holiday Meal Planning Is Simple With New Menus Cookbook
Even with a pretty fair idea of the what to serve as a main dish for a holiday dinner, the average homemaker is stumped when it comes to deciding what to serve with it—both from the standpoint of what tastes best with certain meats and from the even more important angle—what can be served that will balance the meal. With an easy meat a hostess does not mind a little fussing over the trimmings, but if the meat requires considerable attention then the rest of the dinner must be planned so that it can be prepared the previous day or else it must be simple. Here, for instance, is a wedding breakfast taken from "Menus for Every Day in the Year" which can be prepared in advance except for the mushrooms and the peaches; Peaches and cream. Individual chicken salads in sliced tomatoes. Olives, celery curls with Mushrooms stuffed with Brazil nuts. Crescent rolls. Orange marmalade. Toasted nuts. Candy acorns. Egnog ice cream. Wedding cake, coffee.

Mishap Created the Bunt

BY JAMES ALDREDGE
NOBODY can deny today that the bunt has played quite an important part in the modern game of baseball. On more than one occasion it has helped to win a game at a time when the fans were about beside themselves with excitement. It has certainly proved itself in this sport of millions. But how was it first introduced? Who was the first batter to bunt and what was the result? The best authorities on America's national pastime now pass up the claim that Dicky Pearce invented the bunt away back in 1868. Instead, they feel the honor really belongs to Tim Murnane. Tim was badly handicapped. He was swift as an arrow in the infield and in his base running, but when he stepped up to bat, he usually made his teammates feel like groaning right out loud. Murnane first played with the old Philadelphia Athletics in the early seventies. When the new

When the pitcher woke up Tim was on first.

National League was organized in 1876, however, he switched colors and joined Harry Wright's Boston team. There, his poor showing with the willow continued to shadow his record. It was like that for some time until— ONE day he was at bat. By accident, he happened to give the ball a weak, half-hearted tap. It

died in front of the pitcher's box before that gentleman had awakened to the significance of the weak little thing. When he did wake up, Tim was on first. That feeble tap set Tim Murnane to thinking. He whittled one side of his bat flat—as a means to a new end—and practiced until he could "lay them down" in whatever direction he wanted. It was in this way that the bunt was born. Murnane was looked upon as the master of the hit that died of its own weakness. After he retired from baseball, the bunt went out for a time. Players scorned it, and sports writers spoke of it as one of the freak stunts of batting. But then, in a few years, it had a spectacular revival. In their exciting race for the pennant in 1894, the famous Baltimore Orioles fell back upon the forgotten art of stopping the ball cold and were able to march off with the crown. From that time up to now, there has never been a season when some batter hasn't used the bunt in one or more breath-taking moments of a big game.

Good Decorations

BY ANNETTE LINGELBACH
THE next time you make table place-cards, or any type of table or wall-decoration for a special party, or meeting, why not use your state flag in your design? Not only your state flag, but your state bird, and state flower, make very colorful and distinctive designs, for any decoration scheme. If your meeting is of a patriotic nature, a life-size state flag could be made by the members, and placed in some prominent spot in the room, where all could see and admire it. For a special contest, at such a meeting, ask members to write down what they know about your state flag. The one with the longest or the most accurate list, or both, could be given some special prize, such as a book on history, or tales of adventure in the pioneer days of America, or even of your own state.

SECOND DIVISION CLUBS IN AMERICAN LOOP HAVE FIELD DAY

Bobby Thomson Gets Four-For-Five; Tigers Bump Yanks; Browns Take Sox While Senators Cuff Indians

New York Giants hits freely behind Jim Hearn Monday and the steady righthander pitched his 10th win of the season, a 6-2 victory over Cincinnati Reds.

The Giants moved to within five games of the league-leading Brooklyn Dodgers, but how long they would remain there depended on the outcome of a night Dodger-St. Louis Cardinal tilt in Sportsman's Park. The Philadelphia Phillies-Chicago Cubs game was rained out, while Boston Braves and Pittsburgh Pirates were not scheduled.

In the American League, the second division clubs had a field day.

The last-place Detroit Tigers hauled off to thump the front-running New York Yankees 8-2. Washington Senators, in fifth place, routed the runner-up Cleveland Indians and St. Louis' seven-h-place Browns took Boston Red Sox 7-5.

Chicago White Sox were at Philadelphia for an arc light contest.

The Giants belted four Red pitchers for 11 singles and four doubles with Bobby Thomson getting four for five, including three two-baggers.

Hearn, however, needed all the help he could get. He gave up at least one hit in seven of the nine innings, but his mates came to his rescue with double plays in both the first and second frames. The Reds left 10 runners stranded.

Billy Hoelt, a 20-year-old left-hander, was the Yankees' nemesis as he held the New Yorkers to two runs for the first seven innings before yielding in the 93-degrees heat while base running in the eighth. Hal White finished up and pitched two scoreless innings. First inning errors by Billy Martin and Yogi Berra helped get the Tigers off to a 3-0 lead. They added one in the sixth and four in the eighth.

Jersey Joe Ready To Meet Winner In Sept.

New York, July 15.—(AP)—Felix Bocchicchio, manager of heavy-weight champion Jersey Joe Walcott, said yesterday he is willing to have Walcott meet the winner of the Rocky Marciano-Harry Matthews fight July 28 in a title bout in September.

Walcott, attending the signing ceremonies for the Marciano-Matthews 10-round bout at Yankee Stadium, said Sept. 8 has been reserved by the International Boxing Club as a tentative date for the match. The only question is where to hold it, he said.

Bocchicchio suggested that if Marciano, of Brockton, Mass., defeats Matthews, the championship fight should be held somewhere in the East, but that if Matthews wins it should be held out West. He

Italy yesterday defeated Denmark, 4-1.

He was mentioned San Francisco, Los Angeles or Matthews' hometown of Seattle as possible sites.

Lee Yoder, University Of Arkansas Hurdle Ace, Draws Honor Of Being First American To Test Russians

Helsinki, July 15.—(AP)—Lee Yoder, 400-metre hurdler from the University of Arkansas, yesterday drew the honor of being the first American athlete to meet a Russian rival in the 1952 Olympic Games.

Yoder, top-seeded in the second heat of the long hurdle race, faces Timoff Luvv, the Soviets' third best man. They race next Sunday in the opening competition. Three men from each heat qualify for the second round of trials in the event.

Pre-Olympic competition started today in basketball as 13 teams began a round robin to determine the six that will enter games competition next week. The results: Hungary 75, Greece 38, Cuba 59, Belgium 57, Canada 68, Italy 57, Philippines 57, Israel 47, Bulgaria 69, Switzerland 58, Egypt 64, Turkey 45.

The United States, as defending Olympic champion, and Russia, the European champion, were automatically qualified with eight other teams.

Today the elimination rounds start in soccer. The game between Russia and Bulgaria at Kotka, 83 miles east of here, is the feature. The United States meets Italy Wednesday at Tampere, 100 miles West of here.

Eliminations were needed to complete the competitions within the regular period of the games, July 19-Aug. 3.

Meanwhile the political situation still simmered. The East German team, mostly yachtsmen, arrived. West Germany has been recognized, and the Olympic Committee tried to set up procedure whereby a single German team would be chosen, but the East Germans would have no part of it.

Nationalist China is due this week and Red China was reported en route. Both Red and Nationalist China have been denied entry on the grounds their dues aren't paid. The German and Chinese problem will come before the full Olympic Committee Wednesday.

Canada's Cagers Romp Off With 72-51 Win Over Romania For Second Win In Olympic Elimination Series

Helsinki, July 15.—(AP)—Canada's Olympic basketball team today defeated Romania 72-51 in their second-round elimination contest. Canada yesterday defeated Italy 68-57.

The Canadians overpowered the speedy but awkward Romanians mainly on the work of towering Harry Wade, the six-foot, four-inch centre from Tillsonburg, Ont. Wade roved under the basket throughout the game, using his height to advantage and tapping in nine field goals. The Romanians ran into trouble trying to guard him and he was awarded 12 free throws. Wade made eight of them good.

Romania was never in the game after the first half, when they trailed 28-21. Miami Naghy racked up 14 points for the Eastern European team, which was playing its first game in the pre-tournament qualifications. Romania got a by in the first round.

Canada has now won two games, and seems sure of one of the six places left open in the 16-team Olympic Tournament starting July 24.

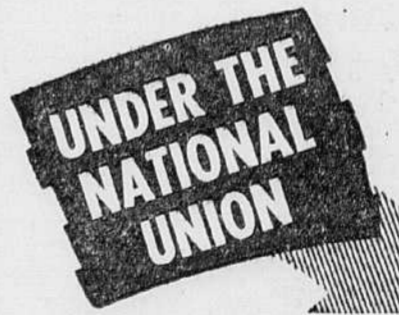

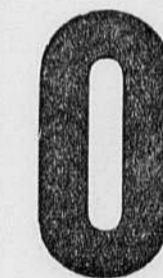

In the 1948 Olympics Canada placed with ninth in the basketball competition.

SOCIAL JUSTICE as practised for 40 years by The Liberals

In power for 40 years, the Liberals, motivated by their own peculiar type of "justice" toward the people, allowed the ravages of tuberculosis to flourish along with a steady growth in infant and maternal mortality. Their combined efforts to bring relief to the situation amounted to

- In 1936 Duplessis set up a Health Ministry
- Industrial medicine (1936)
- Tuberculosis division (1938)
- School for Preventive Medicine, (1946)
- \$10,000,000 to fight tuberculosis (1946)
- A law to encourage country doctors (1947)
- \$10,000,000 to provide for mental patients (1952)
- Diagnostic clinics (1952)
- A building program to provide for 100 new hospitals (69 are completed)
- SINCE 1944 THE NATIONAL UNION HAS INVESTED IN HEALTH

\$ 72,866,494.00

(IT'S A FACT THAT INFANT MORTALITY DROPPED 50% SINCE 1936 — AS FOR TUBERCULOSIS THIS IS WHAT FEDERAL HEALTH MINISTER PAUL MARTIN SAID IN THE HOUSE OF COMMONS JUNE 26, 1952:

"THE DEATH RATE FROM TUBERCULOSIS IN QUEBEC WHICH WAS 72.4 PER 100,000 POPULATION IN 1946 HAS DROPPED TO 39.3 PER 100,000 POPULATION IN 1952.") (HANSARD, page 4001.)

Becker Fired, Grimes Hired By Leafs' Cooke

Toronto, July 15. — Joe Becker was fired early today as manager of Toronto Maple Leafs of the International League and Burleigh Grimes was appointed as his successor.

Owner Jack Kent Cooke announced the change a few hours after the fourth-place Leafs dropped a 10-inning 8-4 decision to Ottawa Athletics.

Grimes, one of the last of the spitball pitchers for Brooklyn Dodgers in the 20's and 30's, managed Toronto for two seasons and part of a third, leading the Leafs to their last pennant in 1943.

Cooke said Grimes has left his post as a scout for New York Yankees and will fly to Ottawa to take charge of the Leafs for tonight's doubleheader against the Athletics.

The Leaf owner said Becker's salary will be paid for the remainder of the season and that he would offer the deposed manager a front-office job, Frank Coleman of London, Ont., will be retained as playing coach.

Becker had been manager of the club since the start of the 1951 season.

Ken Banks, Montreal, Wins Alexander Trophy

Ottawa, July 15. — Ken Banks, smooth-stroking Montreal Country Club Champion, finished with the course last at Rivermead here Saturday, but had the lowest score and captured the Alexander Golf Trophy competition.

Brian McGuigan of Montreal Summerlea fired a one-under-par 150 for 36 holes in getting the trophy back for Montreal. The Alexander was first won in 1950 by Bobby Hall of Royal Montreal, and last year by Bobby Pollock of Ottawa Hunt Club.

Textile Strengthen Lead In Softball Loop With 13-4 Win Over Rand; Tilt Slated Tonight At Parade Grounds

Textile took a firmer grip on their league leadership when they defeated Rand 13 to 4 last night at DuRoi Park, in the only game played in the Sherbrooke Industrial Softball League.

Textile, pilning up eight runs in the first four innings, the result was never in doubt, from there on in or they just coasted. Rand played well but seemed to be a bit stale after their two weeks lay-off. J. P. Pepin, used on the mound for the first time by Jack Castonguay, showed up pretty well and is going to be a good man to have around.

Textile batters had a big night, no less than six home runs being knocked out by the Textile crew. Tonight at 7 p.m. at the Parade Grounds Sufferfield will tangle with Shermac.

Wednesday's games are cancelled owing to the election.

Top Flight Pros Tune Up For Canadian Open Golf Test Which Commences Tomorrow At Winnipeg

Winnipeg, July 15. — (CP) — The straight hitters will be the men to beat in the four-day Canadian Open Golf Championship, which opens Wednesday.

Roughly two-thirds of the 150 entries checked in yesterday and tuned up for the 72-hole medal play test over the deceptive championship layout of the St. Charles Golf and Country Club. Many had trouble with traps, ringing most of the greens, and with the trees lining the narrow fairways.

Consensus of the players was that the long-ball hitters and chance-takers may get into trouble on the comparatively short course — 6,216 yards — which is made to order for the fellows who are accurate off the tee and can take full advantage of the true-putting greens.

Forecasts of the score likely to carry off the \$3,000 first prize in the \$15,000 tournament ranged all the way from 270, 18 under par for the 72 holes, to 280. About midway between — 274 to 276 — would seem to be a good guess. Defending champion Jim Ferrier shot a 273 over Toronto Mississauga to capture the 1951 championship and the record for the event is 268 shot by Bobby Locke over Toronto Scarborough's par-71 layout in 1947. St. Charles par is 72.

Jim Ferrier, out for his third Canadian title, checked in late today and set out on a nine-hole practice round. Two other former Canadian champions were expected tomorrow — Dutch Harrison who won in 1949 and Lawson Little who won in 1936. Ferrier, out for his third straight Canadian title, was expected today. So were two other former Canadian champions — Dutch Harrison who won in 1949 and Lawson Little who won in 1936. The Canadian pros, who played their own Professional Golfers Association Championship over the Niakwa course here last week, had little hope of dislodging the American entries from their grasp on the Canadian Open. Last Canadian winner was Karl Kel-

Large Delegation Of Canadian Carsmen To Be On Hand To Welcome Racing Shells Arriving Today

Helsinki, July 15. — (CP) — An air of expectancy gripped the Canadian Olympic camp last night on the eve of the scheduled arrival of new sweep-oared shells from Canada.

Earlier, two shells arrived by ship from Stockholm. The Canadian shells are being rushed by air from Toronto to replace those battered to pieces aboard ship during an Atlantic storm. Their lack has handicapped the training of Canadian oarsmen for the Olympic rowing scheduled to start July 20.

Today will be the biggest day since the first batch of Canadians arrived at Helsinki more than a week ago. And when the plane from Canada lands there'll be a big delegation of Canucks to meet it. Oarsmen and scullers will be there to unload the shells from the plane.

Arrangements have been made to ease the way through customs. The oarsmen and scullers waited most of the day due to the late arrival of the two sweep-shells by ship from Stockholm. However, the Leander and Argonaut crews managed a two-hour workout late in the day. The Argonauts called at 9 p.m. curfew to be fresh to try out their new boats Tuesday.

The Leanders four went out again last night. They're gradually hitting their peak.

The most optimistic news comes from the paddlers and the women track competitors. Paddlers Art Johnston, Tom Hodgson, both of Toronto, Jim Nickel and Bill Bridgen, both of Winnipeg, and Norman Lane of Ottawa are looking in top shape. Manager E. Howard Radford of Montreal is optimistic his paddlers will hold their own when the Olympics start.

The paddlers are out four hours daily in all kinds of weather. Radford says they're in razor-keen condition and ready to go. Lane, third in the 10,000-metre single-

blade event of the 1948 Olympics, has gone over the Olympic course two days in succession. Canadian hopes in this event appear particularly bright.

The feminine track competitors have been going great guns in training with the exception of Shirley Eckie of Toronto, one of the brightest hopes in the 80-metre hurdles. She missed training for the third straight day because of a knotted leg muscle which is causing some anxiety. She's expected to resume training today, however. The tiny sprinter, most photogenic on the Canadian team, has had her picture appearing almost daily in the Helsinki newspapers.

Alice Whitty of Vancouver, who placed first in the Hamilton Olympic trials with a high jump of five feet, today made the best practice showing of her career, leaping just over five feet, one inch. Officials figure she'll wind up in the first six.

A front-page spread in the Helsinki papers showed the twisted mass of skulls and sweep-cars on the Helsinki docks — the debris of the Canadian shells wrecked in the Atlantic storm.

The Canadians are receiving plenty of sympathy from all competing countries over the misfortune.

Canadian boxers did two hours' roadwork and the swimmers tried out the Olympic outdoor pool and found it "wonderful."

Warren Spahn Receives Threatening Letter

Chicago, July 15. — (AP) — A letter threatening pitcher Warren Spahn of Boston Braves prompted police yesterday to assign a detail to guard the star hurler during his stay in Chicago.

The Graves arrived today for a three-game series with Chicago Cubs.

Police said the letter apparently was inspired by the June 8 injury of Frank Baumholtz, Cub outfielder. Baumholtz suffered a broken right hand when hit by one of Spahn's pitchers.

The letter was sent to Spahn in Pittsburgh during the recent Braves series there, contained a newspaper clipping of the Baumholtz injury, and was unsigned, police said.

Police said it read: "How do you like this you — When you come back to Chicago I'll see you and make good. I know what hotel you stay at you — This is not a crank letter but a sore head like you will get it from me. I'll get you somehow, you can be handled."

Finnish Prime Minister Picks Mathias, Whitefield, U.S.A., and Emil Zatopek As Olympic Stars

Helsinki, July 15. — (AP) — Prime Minister Urho Kekkonen of Finland predicted yesterday that the stars of the 1952 Olympic Games will be Bob Mathias and Mal Whitfield of the United States and Emil Zatopek of Czechoslovakia.

It could only happen in Finland — a Prime Minister so well posted he can deliver authoritative opinions on sports. It is no accident, Dr. Kekkonen in 1924 was Finnish high jump champion at 1.85 metres (6 feet, 7/8 inches).

"I think every Olympic track record, with four exceptions, probably will be bettered here," he said in an interview. "Finland will be lucky to win two championships, the javelin and marathon."

Mathias, from Tulare, Calif., is the defending Olympic champion in the decathlon and the world record holder. This is a 10-event test of all-round skill and stamina. Whitfield is an Ohio State negro who won the 800-metre event in 1948 at London and is out to retain his championship and add the 400-

metre title to it. Zatopek, the world's best distance runner, may try to win the 5,000 and 10,000 metres and marathon. He won the 10,000 at London in 1948.

The four Olympic records that Dr. Kekkonen thinks will stand up are: 100-metres, 10.3, Eddie Tolan, U.S., 1932; and Harrison Dillard, U.S., 1948; 110-metre hurdles, 13.9, W. F. Porter, U.S., 1948; broad jump, 8.06 metres (26 feet, 5-5/16 inches), Jesse Owens, U.S., 1936; and hop, step and jump, 16.00 metres (52-5/8), Naota Tajima, Japan, 1936.

CLIFF COURTNEY FINED \$100 BY LEAGUE

The backstop will miss five games, since the Browns have two doubleheaders and a single game scheduled.

Memorial Service At Denison's Mills

Denison's Mills, July 15. — Rev. T. L. F. Beattie, of Kirkdale, conducted a very pleasing service in Holy Trinity Church, in remembrance of all those buried in the cemetery at Denison's Mills.

The church was well filled with local and former residents and many lovely floral tributes were placed on the altar, comprised mostly of garden flowers.

Immediately following the service young and old decorated the graves and also reminisced with friends and former neighbors.

Mrs. T. L. F. Beattie presided at the organ and Mrs. Pearl Carson, Mrs. Stewart MacNughton, of Richmond, and Miss Marjorie Denison, of Danville, assisted in the choir. Mr. W. J. Denison read the lesson and Mr. Elton Carson took up the collection.

AN ENDOWMENT FUND

The special church service was held in connection with the campaign to increase the present Denison's Mills Cemetery Endowment Fund and the committee is very gratified for the interest shown.

Mr. and Mrs. Nelson Brock and children, Barry and Karen, motored to Wyman, where Mrs. Brock and children remained for two weeks with Mr. and Mrs. Stanley. The latter accompanied their daughter and family home and remained for a short visit here.

The annual Sunday school picnic, of St. Ann's church, Richmond, was held in Denison Bros. pasture. Swimming in the lake, racing, and eating for the happy group present, as well as good weather, produced a pleasant outing.

Mr. Moreland, a brother of W. Moreland, of Claremont, N. H., was a visitor in this community renewing acquaintances with friends of a number of years ago, when he worked on farms in the vicinity. Mr. Moreland was holidaying with his brother and relatives, in Richmond.

Mr. and Mrs. J. G. McKinnon and sons, Allan and Brian, and daughter, Susan, of Montreal, are again holidaying at the Armstrong farm.

Mr. Eric Armstrong is employed in Richmond, where he resides.

Miss Shirley Stevens, of Toronto, Ont., was visiting her parents, Mr. and Mrs. Arthur Stevens, for a week-end.

Mrs. Muriel Hill and son, Alan, of Shawinigan Falls, have been visiting with Mr. and Mrs. Avery Denison, for two weeks. Miss Diana Hill is at a girls' camp.

Mr. and Mrs. Clare Rief, of Springfield, Mass., with their three daughters, and one son spent the week-end visiting Mr. and Mrs. T. Demers, and other relatives and friends.

Farnham Centre Bride-Elect Given Shower

Farnham Centre, July 15. — A charmingly arranged "shower" was held by the ladies of Farnham Centre and Brigham, at the home of Mrs. Clarence Powers, in honour of her niece, Mrs. William McVettie, nee Jean Mahannah.

The rooms were tastefully decorated with bouquets of mixed flowers and the dining room table was centered with a very beautifully decorated bride's cake, made by Mrs. Walter Hawthorne.

Upon Mrs. McVettie's arrival, she was greeted with the strains of "Here Comes the Bride" and escorted to a chair, where she was given a slip of paper with directions, which she was to follow, which eventually led her to a beautifully wrapped box containing a white all wool blanket and a purse of money.

Although very much surprised she thanked her friends very kindly.

Refreshments were served and a social time was spent by all.

Stanstead Co. Fish & Game Club Heard Speakers

Rock Island, July 15. — A regular meeting of the Stanstead County Fish and Game Club was held at St. George's Hall, Ayer's Cliff, on July 8, with about 25 members attending.

Mr. J. H. B. Huard, of the Sherbrooke Tribune, was a special guest and gave the group a few ideas on improving fishing conditions in the waters of Lake Memphrémagog.

Mr. Fayson Davis of Montpelier, Vt., was also a guest and spoke on the advisability of building a dam on the International Waters at Wallace Pond. With Mr. Davis was Mr. Robert Collins.

It was decided to have another meeting of the club on August 5, at St. George's Hall, for the purpose of organizing and making plans for the annual fall season's chicken shoot.

The secretary was asked to write a letter to Dr. Prevost asking for 1000 muskies for stocking East Branch Pond, and a game warden was named for the purpose of protecting the undersized fish in the waters of the pond.

This club was pleased to have received second prize on their float, which was entered in the Independence Day parade, at Newport, Vt., in the Canadian entries. The prize is a silver cup which is on display at Crawford's filling station.

JOLLY TWELVE CHRISTMAS CLUB

The Jolly Twelve Christmas Club was delightfully entertained at the home of Mrs. Floyd Webb,

with Mrs. William Higgins, the co-hostess, on Wednesday evening, July 9. All the members were present except Mrs. William Comstock, who was replaced by Mrs. M. MacDonald as a guest.

The brief business session was presided over by the president, Mrs. Webb. Mrs. MacDonald, who is a past member of the club, was then taken by surprise, when she was presented with a basket, prettily decorated in colors of blue and filled with "pink and blue" gifts, by Miss Bonnie Webb.

After Mrs. MacDonald had opened and all had admired the lovely gifts, she graciously thanked her friends for the grand surprise.

Mrs. Higgins was also presented with a gift of money on the occasion of her birthday.

The remainder of the evening was spent playing "500" with the high prize winners being Mrs. Cyril Crawford, and Mrs. Howard Miller. The consolation prizes were awarded to Mrs. Armande Carbonneau and Mrs. Lloyd Broadbelt, and Mrs. Charles Sisco was the winner of the door prize.

Delicious refreshments served by the hostess terminated the enjoyable evening. The next party will be held on August 20, at the home of Mrs. Armande Carbonneau.

JACQUES LAGASSE

YOUR CANDIDATE

Four years from now, I would not want to be in the position Mr. Bourque is in at present; faced by thousands of workers who demand an accounting.

For this reason, I obtained Mr. Lapalme's word that labour laws would be applied, before accepting the candidacy. I have never taken part in shady political dealings, and I do not wish my name to be linked with politicians who make empty promises for sole reason of getting votes.

I have, therefore, taken all precautions to be sure that I will be in a position to fulfill my promises to the workers. I saw to it that Mr. Lapalme agreed to the following before he accepted me as a candidate:

Mr. Lapalme's labour programme must become law within the next four years. If not, Jacques Legasse, Sherbrooke deputy, will leave the Liberal party and will denounce the politics of his leader. Mr. Lapalme answered: "Don't worry. I'm not going to stab you in the back. I will fulfill my promises to the workers. I could not stay in power otherwise."

These are the conditions under which I accepted the candidacy. To become a member of the legislative assembly; to represent the workers and be their mouthpiece. It's up to the workers of Sherbrooke County now to decide if they have faith in me.

— JACQUES LAGASSE'S PROGRAM —

SOME HIGHLIGHTS OF THE LAGASSE-LAPALME PROGRAM

Labor Legislation

- **PERMANENT TRIBUNAL**
The institution of a permanent tribunal to study and pass judgment on disputes between employees and employers. Experience has shown that ordinary tribunals are incompetent in this sphere.
- **LABOR CODE**
A labor code prepared in co-operation with the High Labor Council, after consultation with groups representing labor and capital, to replace the code that Duplessis has proposed to serve employers.
- **FAMILY SALARIES**
Study a new salary formula, whereby not only production, the only present consideration, but also family responsibilities, will count. This will mean social justice for the fathers of families.
- **WORKERS' UNIONS**
Asks the help and co-operation of workers' unions in studying workers' problems.

Agricultural Legislation

- **AGRICULTURAL LOANS**
The Liberal party will help, by loans, the establishment of 25,000 young farmers yearly who wish to settle on undeveloped land.
Raise farm loans from \$6,000 to \$10,000, to offset costs which have increased steadily since 1936.
Creation of a production credit to be tied directly to the purchase of farm machinery, construction of farm buildings, improvement of farms.

For Sherbrooke County

- **CONSTRUCTION OF A PROVINCIAL BUILDING**
This building would bring all provincial government services under one roof and would be built to plans described earlier.
- **FOUR-LANE SHERBROOKE-MAGOG HIGHWAY**
This would reduce the number of accidents on this road.

Social Legislation

- **ABSOLUTE CONTROL OF THE LIQUOR LAW**
This would discourage our large alcoholic consumption and safeguard the morals of our youth.
- **HEALTH INSURANCE**
A health insurance law studied in collaboration with the medical profession to replace the present system of public assistance. Workers should be entitled to good treatment at reasonable cost, without asking for charity.
- **INDUSTRIAL ACCIDENTS**
The Liberal party will amend the Industrial Accidents law in a manner to modify the sliding scale of compensation according to the percentage of permanent incapacity. Compensation will be paid on a more equitable basis.
- **ASSISTANCE TO MOTHERS**
The worker will no longer have to meet heavy childbirth expenses. The Liberal party will vote funds for maternity assistance.
- **FREE SCHOOL BOOKS**
Fathers of families will be interested.

A VOTE FOR LAGASSE IS A VOTE FOR SOCIAL JUSTICE!

Mrs. O. Dougherty, the president, opened the meeting. The devotional period included a hymn, and the "Lord's Prayer".

The business period was opened with "roll call" followed by the reading of the minutes of the previous meeting by the secretary, Mrs. S. C. Clarke, which were adopted as read.

A motion for the payment of all outstanding bills was passed, the larger items of which included a five dollar prize given in Scripture to Bury High School; six dollars for building fires in the church; nine dollars and eighteen cents for flowers sent in sympathy; thirteen dollars to the Brookbury W.I. to reimburse them one-half the expense of conveying Brookbury children to Bury Sunday School; two dollars to be paid Bury Sunday School to defray any expenses remaining on Sunday School supplies for Brookbury children; and several smaller bills for fruit sent to sick and shut-ins.

After due consideration, it was decided to organize a Sunday School in St. John's Church, Mrs. O. Dougherty is to appoint a superintendent.

Receipts for the afternoon were eleven dollars and eighty-five cents, also several donations towards the sale table.

A delicious tea served by the hostess, assisted by Miss G. Clark, brought a very pleasant afternoon to a close.

2ND GUILD MEETING

Sixteen members as well as several guests and many children availed themselves of the opportunity of attending a most interesting meeting of St. John's Guild on June 18th, at Mrs. Sidney Ward's, with Mrs. C. Sylvester for the co-hostess.

Mrs. O. Dougherty presided, and a hymn was sung and the "Lord's Prayer" repeated in unison.

The secretary called the "roll" and read the minutes of the previous meeting, which were adopted as read; also several items of correspondence in thanks for gifts received. She also tendered a vote of thanks to Mrs. Sidney Ward and Mrs. Clayton Sylvester, who so generously gave their time and work in cleaning St. John's Church, Mrs. O. Dougherty reported that Mrs. Ibrey Batley had graciously accepted the appointment as superintendent of St. John's Church Sunday School and that they had four Sunday School teachers, each with a substitute. The start with an attendance of twenty-four children was most gratifying.

"Ways and Means" came under discussion, and it was decided to make inquiries concerning "movies" to be shown in the near future in aid of the Guild. It was also decided to put on a float in the parade in Bury on July 1st, as several members offered to cooperate with same.

A shut-in and a veteran are to be suitably remembered.
