ITALIANS GIVE UP MORE GROUND.

FRENCH REPULSE FOE ATTACK.

(Associated Press Despatch)

PARIS, Nov. 6.—The French broke into the German lines at several points last night and took prisoners, the War Office announces. A German attack near Carnillet, on the Champagne front, was repulsed.

The communication follows:

"We carried out several surprise attacks against the German lines, especially west of Auberville, and south of St. Quentin.

"A German attack on our small posts west of Carnillet was repulsed. On the right bank of the Meuse (Verdun front), the artillery fighting was rather vigorous in some sectors.

"In Belgium there were patrol encounters. Elsewhere the night was calm."

CROSSING OF TAGLIAMENTO ANTICIPATED

(Associated Press Despatch)

LONDON, Nov. 6.—The eventuality of an Austro-German crossing of the Tagliamento has been foreseen clearly since the Italian retreat began, according to a despatch dated Monday from the correspondent of the Daily Mail at Italian headquarters in northern Italy. The correspondent emphasizes the seriousness for Italy in the sudden shrinkage of the waters of the Tagliamento. He writes: "Where so much has gone against Italy it would seem that even the Tagliamento has played her false. The enemy, however, has not yet been able to push further than the bridgehead at Ponzano, and it will be materially difficult for him to bring up his invading strength for some time.

The fighting along the river has not been on a great scale. If the Austrians have crossed it has been largely because they had to do with troops desperately fatigued. The situation is changing somewhat. The Italians have been reinvigorated and have had some rest. There are many signs that their power of resistance is rising. The morale of the men has improved and is becoming more cheerful. The arrival of some allied comrades probably is all that is needed to turn them again into a stubbornly-resisting force."

Reterring that the eventuality of an enemy crossing of the Tagliamento had been foreseen, the correspondent adds that the holding of the river has not been an essential part of the Italian commander's plans.

AGGRESSIVE CAMPAIGN IN PALESTINE

(Associated Press Despatch)

LONDON, Nov. 6.—Continuation of the aggressive campaign by the British forces in Southern Palestine is shown in an official statement last night. Pressure against the Turks is being steadily exerted, notable against the coast city of Gaza, and also north of Beersheba in the interior. The statement reads: "The operations against Gaza are continuing, and we are in contact with the enemy north of Beersheba. "The total number of prisoners captured by us from the commencement of these operations is now 207 officers and 2,423 men."

BRITISH OFFICIAL STATEMENT

(Associated Press Despatch)

LONDON, Nov. 6.—The British official statement follows: "An attack was launched at 6 o'clock this morning against the enemy's positions in the neighborhood of Passchendaele. Our troops are reported to be making satisfactory progress. "Yesterday evening Lincolnshire troops raided German trenches in the neighborhood of Hulluch and brought back a few prisoners."

AUSTRO-GERMAN PRESSURE PROVING SERIOUS MENACE

(Associated Press Despatch)

LONDON, Nov. 6.—The Austro-German forces operating against the Italians along the Tagliamento River from the region of the Adriatic Sea are proving a serious menace. The invaders of Venetia have driven their way across the river at Ponzano and are proceeding westward, while to the north, on the Italian left wing, intense operations are being carried out by the Teutonic Allies, the two manoeuvres probably having as their objective the cutting off of the entire right wing of General Cadorna's army. The Berlin War Office in its announcement of the forcing of the river, says six thousand Italians were made prisoner and that an additional number of guns also were taken. The Italian official communication makes only brief mention of the operation, merely asserting that the enemy succeeded in bringing some of his forces

WILD PEACE RUMORS ON AMSTERDAM BOURSE.

According to these rumors, each belligerent will be asked to send two delegates, Germany selecting Prince von Buelow, former chancellor, and Dr. Karl Helfferich, vice-chancellor.

ITALIANS TAKE UP FINAL STAND

(Associated Press Despatch)

Gen. Cadorna Using Strong Measures to Restore Efficiency of His Troops.

(Associated Press Despatch)

ITALIAN HEADQUARTERS IN NORTHERN ITALY, Nov. 5.—The crossing of the Tagliamento at Ponzano by a considerable force of the enemy should not be a surprise, as this had been foreseen from the heavy pressure the Austro-Germans were concentrating on the Italian left wing. The River Tagliamento is only one of a series of defenses. Its main purpose was to retard the enemy's advance and to gain time for the Italians in which to rehabilitate and reconcentrate.

The Tagliamento has served that useful purpose, and the enemy is now faced by another main line of defence and other water courses. What line the Italians have chosen for their final stand cannot be indicated.

Two theories prevail concerning the outcome of the present operations. One is that the Italian army will concentrate along a chosen line with the French and British reinforcements. The other is that the Austro-Germans will not push on much further because of the coming of winter. General Cadorna is using strong measures to restore the efficiency of his troops, and will repress sternly the few who falter. An order posted today warns all those belonging to the mobilized forces that if they fail to report within five days they will be treated as deserters in the face of the enemy. Indications are that the strong measures adopted are having the effect of restoring normal conditions rapidly.

Japan And United States Reach Complete Agreement

(Associated Press Despatch)

WASHINGTON, D.C., Nov. 6.—Japan and the United States have reached a complete agreement in regard to China, and at the same time have arrived at a clear understanding as to military, naval and economic co-operation in the war against Germany.

This momentous development was announced today by Secretary of State Lansing, who made public notes exchanged by him and Viscount Ishii, the special Japanese Ambassador, formally recording an agreement recognizing that Japan has a special interest in China, but pledging the independence and territorial integrity of the great eastern republic, and reaffirming the doctrine of the "open door" for commerce and industry.

In a statement accompanying the note Mr. Lansing said Viscount Ishii and the members of his mission, now on their way home, had performed a service of the highest value to the United States, as well as to Japan, by clearing away misunderstandings, which, if unchecked, promised to develop a serious situation in the far east. He spoke of an attitude of constraint and doubt fostered by a campaign of falsehood adroitly and secretly carried on by the Germans, and said that through the frankness and cordiality of the Japanese commissioners the propaganda of years had been undone in a few days.

FILTRATION PLANT FOR CITY.

Ald. Edwards gave a verbal report of the visit of the Water committee to Montreal where they inspected filtration plants in operation. They were very kindly treated by the authorities and had returned to Sherbrooke, feeling that the city's chief requirement was an up-to-date filtration plant. Mr. Lafreniere, the sanitary engineer for the province, had declared that some time or other Sherbrooke would have to install one, no matter from where the city obtained its water supply. The probable cost would be \$250,000.

Ald. Edwards moved that the Water committee be authorized to negotiate with competent engineers to ascertain upon what terms and conditions they would undertake to prepare preliminary plans and specifications with an estimate of the cost of a filtration plant for Sherbrooke.

GERMANS STILL HOLD NORTHERN SLOPE OF VALLEY OF AILETTE

Murderous Machine Gun Fire of Enemy Kept French From Gaining Footing on Southern Bank. Correspondent Tells of Terrible Conditions Under Which Troops Held on Under Terrific Shelling by Both Sides.

(Associated Press Despatch)

FRENCH FRONT IN FRANCE, Nov. 6.—The Germans still hold the northern slope of the Valley of the Ailette after their retreat from the Chemin Des Dames of which nothing remains but the historic name and its dominating position over the marshy lowlands. The famous little river, whose entire course the correspondent was able to follow on Sunday as it meandered through the boggy undergrowth, would scarcely be worth marking on an ordinary map, as its greatest breadth is only about three yards. The Germans had made many passes over the stream, all of which were destroyed when the last man of their retreating forces went over.

French patrols everywhere reached the southern bank, but whenever they attempted to attain the other side they met with a murderous machine gun fire. The whole southern slope of the valley was swept hour after hour on Sunday with German shells of all calibres, most of them charged with noxious gases. Every place where the Germans believed the French were concentrating received continuous salvos, which, however, did little damage. Several thousand projectiles were fired by the German artillery in the course of the day in this sector, most of which apparently were fired at very long range and struck without exploding. The correspondent approached the front lines, and a splendid view could be obtained right along the valley and over the ground for the possession of which the German Crown Prince's army has spilled so much blood. Seemingly a short distance away, well within machine gun range could be observed the ruins of the villages of Chamouille, Neuville, Chermizy, Bouconville and Vaucelle, while along the crest of the plateau could be discerned here and there faint traces of what once had been the Chemin Des Dames, now a mere collection of deep shell craters running into each other.

Below this road on the northern side the gaping mouths of great tunnels opened, showing where the Germans had concentrated and sheltered their troops. Very slight damage had been done these shelters, except in cases where the timbers sustaining the roofs and sides had been sprinkled with petrol and set afire, some times causing the earth to collapse. Marching over the battlefield, atop this plateau, it was easy to visualize the terrific nature of the fighting which has been going on these many months. Both the German and French trenches and positions had been shelled out of shape, and it was difficult to understand how the troops held on under the incessant bombardments. There was not an inch of ground that had not been pulverized, and now with the heavy autumn mists and frequent rains, the ground has been formed into a sticky mess, progress through which is really a form of punishment. The great mounds, known as Casemates, and California Plateau, stand out boldly, making the reason plain why both sides fought so obstinately for their possession.

Returning to the rear, the correspondent found the villages of Craonne, Craonnelle, and Oulches, just a heap of stones, even their grave yards having been churned into mud. Meanwhile, over on the other side, the French troops are keeping in closest contact with the Germans, whose intentions cannot yet be devised. Their shell fire, although heavy, appears to come from only a few scattered batteries, the intervals between which are held by machine guns.

MASSAWIPPI

After a short but painful illness from quinsy and pneumonia, Mrs. G. The late Mrs. Mosher, who was formerly Miss Minnie May Gardner, only daughter of Mr. Alfred Gardner, of Massawippi, was but 26 years of age, her marriage to Mr. Mosher taking place on July 26th, 1911, and had spent her entire life in this vicinity at Massawippi and after her marriage had resided upon a farm purchased upon the Woodland Road, lying between the villages of Massawippi and Hatley. HAPPENINGS AT DANVILLE

Archbishop of Montreal Pays Visit to Congregation of de Notre Dame.

DANVILLE, Nov. 6.—(Special)—The Archbishop of Montreal, Monseigneur Bruchesi, paid Danville a visit on Monday. The occasion was for the purpose of paying his respects to the Superior of the congregation de Notre Dame here, who is related to him. He was also the guest of Rev. Father Hebert. During the afternoon a number of prominent Catholic citizens were presented to him at the Masson College. An address of welcome was read by Master Germain Greigore, and was responded to by the Archbishop. He was taken to Asbestos by auto, accompanied by some of the citizens, where a pleasant hour or so was spent.

PRIZE WINNERS AT RECENT FAIR.

An error was made in the awards given at Danville exhibition recently. In the beef class, Mr. H. S. George received first prize on bull calves under six months old and Mr. Henry Silver second prize. It was reported that Mr. H. J. Elliott received first and second prizes in this class. Mr. George also received second prize on bull calves under six months in the dairy class.

A GENUINE SURPRISE

On Wednesday evening, Halloween, a party of young ladies and gentlemen, numbering about thirty, gathered at the home of Miss Bernice Shaw, The Maples, Crown St., and gave her a true surprise. On returning home at eight o'clock, from a previous engagement, she found the house invaded by ghost and goblins. A very enjoyable evening was spent in music, dancing, fortune telling and games. At midnight Mrs. Shaw, assisted by Mrs. F. W. Gibson, opened the baskets and served the contents, accompanied with a delicious cup of coffee, to which all did ample justice. Another hour of fun took place after which they thanked their hostess and parents for the very pleasant evening and wished Halloween came oftener.

REAL VALUE

is based, not on the price paid for a commodity, but on the benefit derived. That is why Zam-Buk is the cheapest skin healer on the market—because the benefit derived is 95% greater than can be got from ordinary ointments. This is due to the fact that Zam-Buk is all medicine—100%. Ordinary ointments are 5% medicine and the balance animal fat.

The superiority of Zam-Buk is proved by the many cases of chronic skin trouble and old sores which yield to the power of Zam-Buk after all other treatments have failed.

The unusual power of penetration which Zam-Buk possesses enables it to reach the underlying tissues, where skin troubles have their "root." Then the germicidal properties in Zam-Buk destroy all germs. Until this is done healing can never be thorough. The reason why sores that have been treated with ordinary ointments break out again is because the remedy has never got to the seat of the trouble, but has only healed over the outer skin. Zam-Buk, on the contrary, breaks skin disease, and the cure is complete and permanent.

Zam-Buk should always be used for eczema, ringworm, scalp sores, pimples, abscesses, ulcers, blood-poisoning, bad leg, piles, cuts, burns and scalds. All dealers or Zam-Buk Co., Toronto. 50c. box, 3 for \$1.25.

TROUBLED WITH CONSTIPATION

From 16 to 20.

Constipation is one of the commonest ills of mankind, and one too often allowed to go unlooked after until some serious complication sets in. If the bowels are properly looked after there will be no constipation, jaundice, sick or bilious headaches, heartburn, coated tongue, sour stomach, floating specks before the eyes, etc.

Milburn's Laxa-Liver Pills will keep your bowels so regulated that in no time the constipation will disappear entirely. Miss Emma E. Melanson, Halifax, N.S., writes: "I am now 20 years of age, and since I was 16 I have been greatly troubled with constipation, so much so that at times I would be in bed 3 or 4 days a month. I tried all the old-fashioned remedies, castor oil, cascara, etc., with only temporary relief until my sister-in-law gave me some of Milburn's Laxa-Liver Pills. From the first they seemed beneficial and I gave them a fair trial. This was two years ago, and with an occasional dose I have kept entirely free from constipation for the period mentioned."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

She Went Days Without Food

When Hospital Treatment Failed an Operation Was Advised—But Cure Was Effected Without the Uce of the Knife.

GLACE BAY, N.S., Nov. 6.—Here is a case which sorely puzzled the hospital doctors. It was evident that the great suffering from pain under the left shoulder-blade was due to torpidity of the liver, but no medical treatment seemed to do any good.

In fact medicines failed, and the doctors said an operation was the only hope. But Mrs. Watkins hesitated before the enormous risk of an operation and decided to try Dr. Chase's Kidney-Liver Pills first.

The result was that she was perfectly cured three years ago, and feels now that she can report the cure as thorough and lasting. This is not an isolated case, but proves that this great medicine cures when ordinary prescriptions fail.

Mrs. Annie Watkins, Glace Bay, New Harbor, N.S., writes: "I think it is time for me to give my experience with your wonderful Kidney-Liver Pills. For seven months I suffered with what the doctor called indigestion; but whatever it was, I suffered terribly. The pain would start under my left shoulder and pass down my side until it reached the pit of my stomach. It just seemed as if the flesh were being torn from the bone.

At times I used to go without food from one morning until the next. I had no energy left for work at all. At last our doctor sent me to the hospital for a month. For four days and nights I never broke my fast except for a drink of water. After four weeks' treatment there I returned home, and was back only four days when the pain came back worse than ever. Then I was told I would have to undergo an operation, but I would not consent to that. At last I read about Dr. Chase's Kidney-Liver Pills and started to take them. At first I did not notice much difference, but still I kept on using them, and by the time four boxes were used I was perfectly well again. That was in 1914, so you see I can safely say that I was cured. I shall always be grateful to Dr. Chase's Kidney-Liver Pills, as they did more for me than four doctors."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, all dealers or Edmondson, Bates & Co., Limited, Toronto. Refuse substitutes, for they only disappoint.

GIRLS! MAKE LEMON LOTION TO WHITEN AND BEAUTIFY SKIN

All weathers the skin and complexion can be kept wonderfully clear, soft and white by the use of this inexpensive lemon lotion which any girl or woman can easily prepare.

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart pint of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold creams.

Care should be taken to strain the lemon juice through a fine cloth so no pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smoothen and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quart pint of this sweetly fragrant lemon lotion. It naturally should help to soften, freshen, bleach and bring out the roses and hidden beauty of any skin. Those who will make it a habit to gently massage this lotion into the face, neck, arms and hands once or twice daily may be repaid with a skin that is flexible and young looking and a peach-like complexion.

'Received your parcel all o.k. about a week ago, and was very glad to receive it safely. I will give you notice my address has changed a little, and that has mixed my mail up pretty well. 'Everything was fine, and as I am going up the line tomorrow, can make real use of that grey-back killer.
'It has rained every day since I got here, and that is extra nice. Have said a few things about it when the greatcoat got heavy, but it is all in the game, and lots more for the winter, I guess. I will close, thanking you again, and also the members of the Knitting Club, and I wish you all the best of luck in your good work.
'Very sincerely,

WEST BOLTON TOWN COUNCIL

Considerable Business at Special Meeting. New Bridges to Be Erected.

WEST BOLTON, Nov. 6.—(Special)—A special meeting of the Municipal Council was held at the usual place of meeting, Councillors Brown, Wing, Woodley, Stone and P. H. Mizener and Secretary-Treasurer H. W. Pary present. Through some misunderstanding, the Mayor did not receive any intimation of the night the meeting would be held. However, business proceeded satisfactorily. The sum of \$400 was loaned from Mr. Stephen Mooney with interest at 6 per cent, to pay for the newly remade road in Division No. 5. All taxes remaining unpaid by November 15 will be collected with costs. The question of the new bridges that are to be erected in the municipality, viz., the Snodgrass bridge over the Creek and the Brock bridge in the Glen, was discussed. These bridges should have been rebuilt the past season, but owing to the large number of bridges that have been carried away in different localities it has been impossible for the Government to get the work done in this locality. Hon. Mr. Vilas wrote, stating that the Government had the matter in hand, but that probably the work could not be started before spring. Road Division No. 22 will not be a money tax this winter, it being let by contract as heretofore, but each ratepayer in that division will break his allotted portion.

SUMMER IS PAST.
The summer is past, the harvest ended. Summer visitors, have all returned to their respective homes and employments. Many flocks of wild geese and ducks are sailing southward, and with the ground covered with its mantle of snow it is reminding that a long Canadian winter is ahead. Hopes are held by many for Indian summer yet, which would be a little help to the careworn farmers, who as long as the winter continues, need all the sunshine they can get, and which they have but seen very little of during 1917.

LOCAL TRIBUNALS.
November 16 and 17 are the dates chosen for the boys who have registered under the Military Service Act who are asking for exemption in this town, to either send in writing or appear at the local tribunals. The number of English-speaking Canadian boys left could easily be counted on the fingers throughout the township that are of military age. It does not seem but what there is just as much need of their services in helping to produce, at this critical period, as to enlist for overseas work, especially those who have always attended to farm work and have not been drifters.

On Saturday evening a large party gathered at the home of Mr. and Mrs. Fred Parkin, the event being a "kitchen shower" given in honor of Miss Gladys Tarte, whose marriage takes place on Wednesday, November 14. The evening was enjoyably spent in games, music and cards. Prizes were given in the guessing contests. Dainty refreshments were served about 11 p.m., after which the "basket" was brought forth and the "bride-elect" opened each parcel and read the verses sent with each article. After each parcel had been inspected everyone joined hands and sang "For they are two jolly good fellows," "Auld Lang Syne," and God Save the King brought a very pleasant evening to a close.

Mid-Winter Opening of dressy Hats will be held Thursday, Friday and Saturday at Suzanne's.

The pretty and useful gifts were presented to the guest of honor in a novel way, being placed in a basket on a sleigh drawn by the little Misses Edwina Ducker and Doris Gills, driven by three-year-old Kenneth Dakin, the white basket, sleigh and harness making a pretty effect. Vocal solos were given by Mrs. Dakin, an appropriate reading by the hostess, and dainty refreshments served.

BOY'S AUXILIARY MEETING

It was decided that on Sunday next, the members of the Auxiliary attend the morning service in a body, occupy seats in the front of the church and present their offering to the Church Society, as a co-operative organization of the Church. It was moved and carried unanimously that the sum of \$5 be sent to Mrs. Kirby, at Cookshire, for the fund for Archdeacon Timmons.

Mrs. Bowen generously presented badges, consisting of a small button, enamelled with a gold cross, to all the members, and was rewarded with a very hearty vote of thanks.

Mrs. Bowen announced that the arrangements for the approaching lecture programme were practically completed, and also spoke of the first meeting of the Junior Auxiliary, which had taken place on Friday last very successfully in charge of Mrs. Laws. Fifteen boys were present, and more members were hoped for.

A committee of three was appointed to assist W. Giovetti in the collection of rubbers, and the superintendent suggested an appeal to the public for more contributions, which would be called for on telephoning No. 1456, as the secretary is not able to be present every evening, an assistant was appointed, also two ushers for the evening of the lecture. The attention of the boys was again called to the sale for the teacher of the Indian school at Stoney Point, Vermilion Lake, Sask. Other matters were talked over and work entered into. The meeting closed with the benediction.

VICTORIAN ORDER OF NURSES

The regular monthly meeting of the Victorian Order of Nurses was held yesterday afternoon in the Assembly hall of the Y. W. C. A., a large number of members being present. The president, Mrs. A. W. Blue, called the meeting to order.

The report of the treasurer was given, and a couple of letters submitted.

The secretary of the Protestant School Board stated that, owing to expenses in connection with the new expenses in connection with the school inspection by the V. O. Nurse for the coming year. It was a matter of great regret as the inspection had proved valuable, and satisfactory to the Commissioners, parents and teachers alike.

A letter was read from the Council, in regard to certain matters of interest to the members of the committee.

A discussion followed, a number of questions being considered, relief cases, the raising of funds for the work and others, definite decisions being arrived at.

The report of the V. O. Nurse was given by Miss Munt, and was very satisfactory as follows: Number of old cases 21, number of new cases 30, cases nursed during month 51, cases of more than one visit 25, average daily hours on duty 7, average Sunday hours 4, number of V. O. N. Nurses 2, total number night cases 10, total number of confinements 7, total number nursing visits 205, casual visits 13, pre-natal visits 9, child welfare visits 16, Metropolitan 72, grand total visits 243.

The following was read by the secretary, at a special meeting of the Executive Council of the Victorian Order of Nurses, held at Ottawa on the 4th of October, 1917, the following resolution was carried unanimously.

As a certain degree of unrest appears to exist among some of the nurses of the V. O., arising in part, from an interpretation of suggestions and resolutions in our annual report of 1916, it is desirable that a clear understanding of the intentions of the Executive Council should be made known to all those who take an interest in the work, and welfare of the Order.

Be it resolved, that the Executive Council of the Victorian Order of Nurses, declares that it is not their intention to take any steps which would tend to the lowering of the standard of the Nurses, employed by the Order, but that it is the Supreme desire of the members of the Executive Council to aim at a still higher standard, if possible, of efficiency. The meeting then adjourned.

GERMAN SOLDIERS PROTESTED ATROCITIES
Made Appeal to U. S. Ambassadors Against Crimes Which Officers Forced Them to Do.

(Associated Press Despatch)
WASHINGTON, D.C., Nov. 6.—The fact that German soldiers themselves appealed to Ambassador Gerard, as "the representative of a Christian state," to protest against atrocities and butcheries in which their commanders forced them to participate, will be disclosed in a forthcoming issue of a pamphlet by the committee on public information, entitled "German war practices."
One German soldier, conscientiously stricken by the massacre of Russian soldiers, implored the Ambassador to protest, and signed his letter "A German soldier and Christian."
Another, who, through the Ambassador, addressed his appeal to the American Government against the butchery of prisoners, and signed his letter "A soldier and man who is no barbarian."

HOW TO CONSERVE MEAT AND WHEAT

Demonstration Given at Lennoxville. Valuable Information Furnished.

The demonstrations on "Substitutes for Wheat and Meat," given by Miss Babb, of Macdonald College, last evening in the Town Hall, Lennoxville, was most instructive and interesting. Miss Babb made a few preliminary remarks in regard to the necessity of conserving food stuffs, to help the Allies in their great struggle. "Germany having failed in a battle of strength of arms, has adopted an attempt to starve her enemies." Sixty million men are in the firing line and are served one pound of meat per day, and no fancy sweets. This was a lesson to the people here in this land of plenty to learn to use less wheat and meat, use and conserve material that is perishable, and to eliminate waste in every way.
The demonstrator strongly emphasized the necessity of using more cereals in the daily menu, and to increase the quantity of corn meal and rolled oats; also the fact that "all these dishes should be made pleasing to the eye as well as to the appetite."
A list of substitutes for meat was given, with explanations in regard to proper cooking, etc. For beef loaf, substitute walnut roast; bacon fat, nut oil; meats at supper, hot cream soups; butter, oleomargarine, and the most valuable of all, when properly used, milk cheese and eggs.
Wheat substitutes—Oatmeal, cornmeal, graham, nuts, macaroni and cheese, fish balls, etc.
Samples of corn meal, porridge, date cornmeal loaf, nut roast, macaroni and cheese and fish balls were offered to those present and were proof of the value of these foods, when properly cooked.

A list of recipes for these dishes were given, also many helpful suggestions, among them being "use less pastry and cake, pies with only one crust, eggs used in sweet cakes are more economical for breakfast, and care should be taken in the cooking of cheese and eggs that they are not toughened."
A vote of thanks for Miss Babb's excellent address was moved by Mrs. McCurdy, after which a vocal solo was given by Miss K. Davenport, accompanied by Miss R. Nutbrown, who also gave a piano solo before the meeting was opened.
Little Louis and Hugh Lahue, in a patriotic duet were heard with pleasure.
Mrs. Robinson presided, and other officers and members of the Lennoxville Homemakers' Club under whose auspices the demonstration was given were present.

WANTS E. T. BOYS FOR FLYING CORPS

Capt. Mackay Here in This Connection. "Nothing Like it For a Young Man," He Says.

Captain J. Ewart Mackay, chief recruiting officer for Quebec Province, with headquarters in Montreal, was in town yesterday, to meet the local committee.
Capt. Mackay is a son of Mr. J. F. Mackay, publisher of the Toronto Globe and has seen several months service with the Royal Flying Corps in France. Capt. Mackay was shot down in a battle with five Hun machines, and though he was two miles beyond the enemy lines at the time he fortunately glided back and landed within the allied lines. The observer with him had been killed and he was himself unconscious. Capt. Mackay is very enthusiastic about the flying service. Nothing like it for a young man, he says. He believes that the war will yet be won in the air. The Canadians have a fine record in the flying service, and he expects the American aviators will prove a great aid in the work.
A number of Eastern Townships young men have recently joined the Royal Flying Corps and he hopes many more will come forward. Major E. W. Farwell, is chairman of the local committee.

Weston, on Sunday; Mrs. Elwin Barter, East Angus, in town recently, the guest of Mrs. Fred Westman; Miss Beatrice Bishop, Sherbrooke, at home for the week-end; Miss May Weyland, Cookshire, and Mr. and Mrs. Clifford Weyland to Sanford, Me., on Monday; Mr. Clement Weyland to Sherbrooke recently.

LADIES' PATRIOTIC SOCIETY OF FOSTER.
FOSTER, Nov. 6.—(Special.)—The annual meeting of the Ladies' Patriotic Society of Foster was held recently at the home of the president, Mrs. Robert Hillhouse. There was a large and enthusiastic attendance, and the yearly report of the secretary-treasurer, Mrs. Ernest Inglis, was very encouraging. As is customary, the meeting was opened with prayer by the Rev. Mr. McCormack, and the report given as follows: A grand total of 2,812 articles, including 352 pair of socks, 145 day shirts, 135 suits pyjamas, towels, pillow slips, slippers, etc., were forwarded to the Red Cross Society, Montreal. There were collected some 33 bags of vegetables and forwarded to Miss Walker, Montreal; \$353.09 was also collected in various ways, \$150 of which was sent to London for a "Foster" room in the Maple Leaf Club. Various sums were sent to Miss Bell at the rest rooms in France and elsewhere, and the Red Cross Society and Prisoners' Aid funds, altogether a very creditable showing for the Patriotic Society. The meeting unanimously voted to retain the present officers, who had proved themselves so efficient and hard working. Mrs. C. A. Martin was elected for a term to help the executive in their work. The question of enlisting more helpers in this worthy and noble cause was discussed, and an earnest and hearty invitation is hereby extended to all Foster ladies to come along and do their bit to help the boys at the front.

From the Food Controller — You Should Eat More Fish—Reason 8
Fish is now landed by special fast express trains in Montreal in prime condition. The railways claim that the consumption of fish is not sufficient to justify this special service for your benefit. Do you insist on paying high prices for food? We are convinced that the trouble lies in the fact that you do not know that cheap food is now at your door. That is why we are advertising. We expect an enormous increase in fish consumption.
Economize without stinting yourself. Eat fish!
You can now buy Haddock, Codfish, Whitefish, Mackerel, Pike, Halibut, Smelts, Flounders, Eels, Finnan Haddie, Bloaters, Kippered Herring, Sardines and Oysters.

GIBBS' HOME BOY MAKES SUPREME SACRIFICE

In a letter received from a commanding officer of his company, the story of a brave lad's "supreme sacrifice," is told as follows:
"It is with regret that I write to tell you of the death of Pte. Daniel Street, who was instantly killed by a bullet through the head on the 15th, ult. Our battalion attacked and occupied a strong German position on this date. I was with two others, firing over the parapet, with Private Street standing just behind me pointing out Germans within rifle range. Just after he said to me, 'there goes another,' I heard a sharp crack, and knew he was hit. He dropped without a word; another gallant boy had made the great sacrifice.
He was buried near where he fell. Pte. Street was loved and respected by all who knew him. He was a man in or out of the line. A conscientious worker, who also excelled in sport, he won his way to the hearts of all ranks. His loss is keenly felt by all who knew him; and we wish to extend to you our deep sympathy in the loss of our, and your friend.
J. L. S., Lieut.

GOT WET FEET TOOK AWFUL COLD COULD NOT SLEEP FOR COUGH

A bad cold accompanied by a distressing cough that keeps you awake at night is most aggravating, and unless it is attended to at once may develop into something very serious. Dr. Wood's Norway Fine Syrup is the remedy you should take. It heals the mucous surfaces, relieves oppression and tightness of the chest, removes the accumulation of phlegm, quiets the most obstinate and distressing coughs, and secures rest and sleep at night, not only to the sufferer, but to others whose rest would be otherwise broken.

THREATENED STRIKE AVERTED. NEW YORK, Nov. 6.—The threatened longshoremen's strike, involving 40,000 waterfront workers, which was set for Wednesday, has been averted as a result of a conference between harbor interests and the Government arbitration board. The Investment Value of Canada's Victory Bonds

THE purchase of Victory Bonds means a distinct benefit to the buyer. To obtain the money with which to buy bonds may involve much self-denial and even some sacrifice. But there is nothing but benefit to you in buying Victory Bonds because your money is loaned on the very highest security, and it earns a high rate of interest.

LET us work it out like this:— Suppose you carried a hundred dollar bill in your pocket-book for fourteen years, what would you have at the end of that time? Just one hundred dollars, and no more. Suppose on the other hand you invested one hundred dollars in Canada's Victory Bonds, what would it mean to you, merely in money, at the end of fourteen years? It would mean that your hundred dollars would be just about doubled—because every six months you would receive a sum of interest-money, which in fourteen years, if saved and compounded, at ordinary bank interest, would equal the original cost of the bond, and you would also have the bond, worth a hundred dollars. That is the mere dollars and cents meaning to you of one hundred dollars invested in Victory Bonds. And there are no Dominion taxes on this issue Victory Bonds, nor will there be any. AND then suppose you have right now, a little nest egg of say \$500, and you put it all into Victory Bonds, —and suppose as the years go by you accumulate another little nest egg, —and you begin to think that with the money you put into Victory Bonds in 1917, and the new nest egg, say in 1922, you could have bought a home or gone into business or bought more land; —you will be glad your money is invested in Victory Bonds, —because it is not "locked up" and for these reasons: —it is the highest class of security, saleable at any time in any market. —you can borrow practically the full value of the bond on the security of the bond alone, and the interest earned by the bond will be about equal to the interest charged for the loan. Because that bond has behind it the faithful promise of Canada to repay the principal with interest—a promise backed by all Canada's wealth in natural resources and other assets; supported by the moral and legal obligation of the people of Canada, and buttressed by the national honor of Canada.

and labor in this country during the
war was emphasized by members of

the British munitions commission in
addresses at the City Club yesterday.

"If England had had during the
war any part of the industrial dis-

turbances now existing in the United
States," said Mr. H. W. Garrod, "we

would have been obliged some time
ago to conclude a disgraceful peace

with Germany."
Sir Stephenson Kent, director-gen-
eral of the labor supply department

of the ministry of munitions, said
that "an everlasting stream of mun-

itions" was necessary to win the war,
and that the United States must

provide sufficient raw materials.

be said that the maintenance of the supply of food, with particular reference to fish, wheat and meat, of coal, steel and certain kinds of metal, and of timber of certain kinds, is or may be of primary importance. The same is also true of certain manufactured products and of the operation of railways, steamships, telegraphs, telephones, light, heat and power plants. The machinery of finance must also, of course, be kept in full and efficient operation to ensure the continuance of production and the distribution of the produce over those areas in which they are required. While, therefore, national interest is primarily concerned with processes and products essential for war purposes, it is also vitally concerned with the maintenance, so far as consistent with the performance of her military obligations, of the economic fabric of the nations.

In regard to business obligations, tribunals must bear in mind the additional consideration of the possible hardships to others than the man called, if such others would be by his withdrawal for military service be deprived of their means of livelihood owing to the disappearance of the business in question.
The circumstances relating to the domestic position may have regard to the financial support the man may have been in the habit of providing for relatives or others. They may even relate to purely personal considerations, also by reason of the extent to which voluntary enlistment has already taken place. Indeed, where from a given family one or more men are already members of the Expeditionary Force, every humane consideration would point to the propriety of a single remaining member being granted exemption.
On grounds of ill-health or infirmity, it is understood that only Class A men are required. All those in B, C or E will be entitled to exemption until men in their categories are called, or if placed in category D until they have been further examined. Even though a medical board may son.

French Official Charged With Giving Away Confidential State Documents.

(Associated Press Despatch.)
PARIS, Nov. 6.—Captain Mangin Bocquet, judge advocate attached to the second Paris court martial, dissatisfied with the explanations made by M. Paix-Seailles, one of Premier Painleve's subordinates, has charged him formally with having communicated confidential state documents to an unauthorized person.
M. Paix-Seailles' name was mentioned last week in connection with a secret document concerning the situation of the Saloniki army, which was found in the safe of the Bonnet Rouge, whose editor, M. Almereyda, died in prison after being arrested on the charge of sedition. In view of the position occupied by M. Paix-Seailles as one of the Premier's principal assistants, the case is regarded as grave and the Government will be interpellated on this subject as soon as the Premier returns from Italy.
A charge of misappropriation of some forty thousand francs has been made by Bolo Pasaña, one of the principal figures in the recent exposure regarding pro-German propaganda, against Senator Humbert, owner of the Journal, in which an interest was acquired by Bolo. Yesterday 2,660 men registered in this district, out of which seventy-five waived exemption. If this pace is maintained this week should double last week's total registrations. **PAN-GERMANS
IN NEW MOVE**

Use Victory in Italy as Lever to Overturn Previous Peace Decisions.

(Associated Press Despatch.)
COPENHAGEN, Nov. 6.—An attempt is being made by the pan-German forces to use the victory in Italy as a lever to overturn the previous decisions on peace terms, and particularly to coax or bludgeon Count Czernin, the Austro-Hungarian Foreign Minister, and Chancellor Von Hertling into a revision of the attitude taken in the replies to Pope Benedict's peace note.
The Isanzo offensive has been revealed as being even more political than military in character, designed not only to induce sentiment which will perhaps force Italy to abandon the war, but also to bolster up the very shaky war spirit in Austria and relieve the pressure which Count Czernin has steadily exercised upon the German Government to conclude peace at almost any price.

ATTACH IMPORTANCE TO CONSEQUENCES.

COPENHAGEN, Nov. 6.—Considerable importance is attributed by the Berlin newspapers to conferences that are being held by Count Von Hertling, the new Imperial Chancellor, Field Marshal von Hindenburg and General von Ludendorff, the first quartermaster general.

BEGIN TO DOUBT POSITION OF CHANCELLOR.
(Associated Press Despatch.)

COPENHAGEN, Nov. 6.—First doubts whether all would be as rosy with parliamentarism under the Von Hertling era, as was generally assumed, are beginning to be expressed in parliamentary circles in Germany. The report is in circulation that Chancellor Von Hertling, in conversation with members of the Bundestag, declared that his personal views on parliamentarism are unchanged, and that he had conducted negotiations with the party leaders only for information and to quiet their minds. The Vossische Zeitung points out that the Chancellor has found no time to confer personally with any of the leaders since his appointment.

SUGAR SHORTAGE IN NEWFOUNDLAND

(Associated Press Despatch.)
ST. JOHN'S, Nfld., Nov. 6.—Newfoundland is suffering from a severe shortage of sugar, with little hope of relief for several months. The Food Control Board is doing everything possible to procure supplies, but the shortage in Canada and the United States has resulted in a cutting down of allotments for this colony. In addition, there is great difficulty in obtaining vessels for the importation of sugar as well as other foodstuffs. It is feared that before the winter is over the supply will be practically exhausted in the "out ports," the fishing settlements along the coast, which are cut off from communication with the outside world by ice floes from January to June.

**RUSSIAN WAR
MINISTER OUT**

Granted Leave of Absence and Relieved of His Office By Government.

(Associated Press Despatch.)
PETROGRAD, Nov. 6.—General Verkhovsky, the Minister of War, has been granted an indefinite leave of absence by a Government order, which relieves him of his office. General Manikovsky has been appointed acting war minister temporarily, while the department will be under the general direction of Premier Kerensky.
Serious differences had arisen between the Minister of War and his colleagues, according to the newspapers. It is said that the minister's associates disapprove of his actions, and especially of his views on Russia's foreign policy, which they see something of an internationalist tinge.
It is reported that Gen. Verkhovsky, on a plea of illness, has asked for a fortnight's leave of absence.

General Verkhovsky has been a member of the Cabinet since September 5. He has been a strong advocate of better discipline in the Russian army, and has endeavored to introduce reforms.

Simultaneously the committee sent military commissioners to all the important points in and around Petrograd.
The afternoon papers interpret this action as an attempt by the Maximalists to seize political power. The papers believe, however, that the Government has decided to combat vigorously any such attempt.

**STATEMENT BY
GEN. MEWBURN**

Says Criticism of Militia Department Did Not Refer to Work of Predecessor in Office.

(Canadian Press Despatch.)
OTTAWA, Ont., Nov. 6.—Major General S. C. Newburn, Minister of Militia, has given the following statement to the Canadian Press, regarding his alleged criticism of the Administration of the Militia Department by his predecessor in office, Sir Edward Kemp, at the convention of conscriptionist Liberals held in Hamilton last Friday.
General Newburn absolutely denies that he in any way criticized the administration of Sir Edward Kemp. What he said was that he always thought that the sending of complete units overseas in 1916 was a mistake; that reinforcing drafts should have been sent overseas instead of complete units.
Regarding the Canadian Defence force scheme, General Newburn stated that he urged the government to fill this force under the terms of the Militia Act, by compulsion, and that he stated at the inception that he did not believe it could be filled by voluntary enlistment, and that during his tour through the country he was completely convinced that it was impossible to get men, either for overseas or for home defence, except by compulsion. Instead of criticizing Sir Edward Kemp's administration, he states that he has always eulogized him for the magnificent work he did in the Department during the short tenure of his office, and that nobody realizes more than he does the great responsibility that rested on Sir Edward Kemp's shoulders, and that many things that he accomplished during his tenure of office that the public generally does not appreciate.
General Newburn further states that, if in the account of his speech he was made to criticize the administration of his predecessor, he was entirely misquoted. Any criticisms made by him were directed at military conditions which have grown up since the beginning of the war, which could not be, and were not by him, attributed to Sir Edward Kemp's administration.

MONTREAL, Que., Nov. 6.—The Grand Lodge of Free Masons of England is responsible for the Canadian Conscription Act, according to Mayor Martin, who told a Liberal gathering in St. Mary's electoral division last night that the said Grand Lodge passed the word to Sir Robert Borden, and, as a result, the Military Service Act came into being. Mayor Martin announced that he would no longer represent St. Mary's division in the House of Commons, as he intended to run again for mayor next spring, and would be occupied with city business from fourteen to sixteen hours a day, and he named Dr. Deslaurier as his successor.
