## THREE-FOURTHS OF JAPAN HOME ARMY DISARMED

### World News In Brief

Tokyo, Sept. 20.—(AP)—The Japanese Home Ministry said today incomplete reports showed at least 48 Japanese killed in Japan's latest typhoon.

The 100-mile-an-hour winds wrecked numerous American airplanes and barracks on the home island of Kyushu, in the center of the storm which also lashed at Shikoku and Honshu islands in its two-day rampage.

Communications with Kyushu and Shikoku still were cut today.

The Home Ministry also reported that more than 2,000 homes were destroyed and uncounted thousands more were damaged. Crops were reported badly damaged.

Yokohama, Sept. 20.—(AP)—Lily Abegg, known also as Sybille Abe, and the only woman on Gen. MacArthur's original list of suspected war criminals, was taken into custody today by the United States 8th Army.

A naturalized German, she was allegedly linked with Tokyo radio propaganda broadcasts during the war, and earlier is believed to have represented the German Transocean Agency in Tokyo. She was known widely before the war among foreign colonies in Tokyo and Kobe.

Her husband accompanied the exchange ship Tei Maru's passengers between Japan and India in late 1943 as official representative of the Swiss Legation. He is a Swiss and before the war was a Tokyo importer and exporter.

Montreal, Sept. 20.—(AP)—Mrs. E. J. Archibald, better known to readers of the Montreal Star since 1914 as Margaret Currie, died in hospital here last night after an illness of a week.

Mrs. Archibald, whose husband was the editor of the Star, was taken ill while holidaying at Tadoussac, Que., last week. Since 1914 she has carried on the Star's "Margaret Currie" column and was the confidante of thousands of women who sought her advice on problems of romance and marriage.

Tokyo, Sept. 20.—(AP)—What is to become of the damaged Japanese battleship Nagato was a question that even Admiral Raymond A. Spruance, who last night took over command of American fleet forces in Japanese waters, had no answer.

Cmdr. Paul C. Smith, information officer for the fleet force, said Admiral Spruance knew nothing of a rumor that the ship was to be the guinea pig in an atom bomb test at sea.

Cmdr. Smith also said that plans to tow the Nagato to San Francisco for use as the centerpiece of a victory bond drive were jettisoned after orders were received from the Navy Department to do nothing pending instructions.

Three plane-carrying Japanese submarines are being prepared here for a voyage to Pearl Harbor.

Detroit, Sept. 20.—(AP)—The United States automotive industry today anxiously awaited Government action on workers' demands for a 30-per cent wage increase.

No major developments occurred Wednesday, but more than 80,000 Detroit-area workers remained idle because of strikes or layoffs, while General Motors corporation indicated 25,000 more might be laid off before the end of the week because of part shortages.

Both labor and management kept a close watch on Washington to see what action the newly reorganized Labor Department would take in the situation believed to be the first major tie-up in the United States' reconversion programme.

These were the questions that observers asked as they watched the companies and the United Automobile Workers (C.I.O.) jockey for position in the troubled situation:

- 1—Will Edgar L. Warren, named Tuesday at Washington as head of the United States Labor Conciliation Service, head for Detroit personally to seek a solution of the tie-up?
- 2—How soon will the U.A.W.-C.I.O. carry out its announced intention of seeking strike votes against the industry's "Big Three"—Ford, Chrysler and General Motors—if they refuse to grant the 30-per cent increase?
- 3—Will the U.A.W. be able to settle the unsanctioned strike of 4-500 union employees of Kelsey-

Hayes Wheel Company of Detroit, the men having been out since August 23 despite back-to-work orders from the International Union?

Two separate moves were under way today to effect peace in the Kelsey-Hayes dispute, they being led by Percy Llewellyn, administrator of the striking local, and Richard T. Frankenstein, International U.A.W. Vice-President and a candidate for mayor at Detroit's November election.

Unofficial sources indicated the International U.A.W. was "deeply interested" in settling the Kelsey-Hayes situation, feeling the clamor over the strike was drawing attention away from the union's long-range goal of increased wages for the industry.

The Ford Company said sixteen separate labor disputes in feeder plants were impeding its auto production schedules.

The U.A.W. Ford National Council was reported ready to meet here on September 29 to take action on a strike vote in behalf of 106,000 Ford workers, while U.A.W. General Motors Division spokesmen said a petition for a strike vote of G.M.'s 325,000 workers might be filed this week.

It had been announced previously that a similar petition would be filed by September 25 on behalf of 80,000 Chrysler employees.

The 6,500 employees of the Hudson Motor Car Company in Detroit were still out in a dispute that started

### Several Thousand Navy Personnel Leave Tokyo For U.S. And Discharge

Tokyo, Sept. 20.—(AP)—Seventeen ships of the United States 3rd Fleet steamed for home today carrying several thousand navy men due for discharge—while Gen. MacArthur's Headquarters disclosed that army occupation forces will increase to 400,000 before the projected slash to 200,000 takes place.

There are approximately 150,000 American soldiers in Japan.

State Department expressions of surprise and concern at Gen. MacArthur's prediction of three days ago on the size of the occupation forces drew another terse "no comment" from Gen. MacArthur himself today. His staff officers pointed out, however, that his announcement of future reductions had clearly specified a probable force of 200,000 six months hence. It did not say that this would be the maximum landed in the meantime, they emphasized.

Troops will continue to pour into Japan through September, October, November and December until about 400,000 have arrived by the end of the year, they reported.

### BALKAN ISSUE TO DRAW FRESH U.S. PROTEST

#### Renewed Disapproval of U.S. of Unilateral Action in Balkans Likely Today at Meeting of Council of Foreign Ministers.

By FLORA LEWIS  
London, Sept. 20.—(AP)—Renewed United States protest against unilateral action in the Balkans may be presented to the Big Five Council of Foreign Ministers today when it takes up the problem of peace treaties with former German satellite states.

The Council, after deciding last night to refer the problems of the Italian peace draft to deputies for further study, turned its attention to treaties with Romania, Bulgaria and Hungary.

The Balkan problem may be tougher than the Italian. Both Britain and the United States are on record as determined not to recognize the existing predominantly Communist governments in the three states, while Soviet Russia holds that the governments are representative. The crux of the issue is the long-standing question of the extent of Russian unilateral influence in Eastern Europe.

A reliable source said the United States delegation was ready to present a memorandum to the session repeating its insistence that the Yalta agreement against unilateral action in the Balkans be carried out. However, unlike the Italian question, the Balkan problem is not further.

### Find Detailed Documents On Nazi Pogrom

#### Germans' Own Story Found in Signed Letters and Reports Recovered From Third Reich's Secret Files.

By DANIEL DE LUCE  
Berlin, Sept. 20.—(AP)—The big shot Nazis' own story of their Jewish pogrom in 1928—told in signed letters and reports—has been recovered from the secret files of the Third Reich.

These include official orders for the pogrom sent in advance to police and Nazi party formations and the Gestapo's summary of crimes committed against the Jews.

It is climaxed by secret judgments handed down by the Nazi Supreme Party Court in a handful of cases involving Germans' murder of Jews.

The most severe punishment meted out by this Nazi Court, sitting in Munich, was to deprive 33-year-old Heinrich Frey of party membership for having assaulted Ruth Alter, 13-year-old Jewish student at Rheinhafen.

This, the Court held, was an infraction of the "racial purity" law.

The files showed the blood bath of German Jewry was prepared at the Brown House in Munich, party shrine, with Hitler's deputy, Rudolf Hess, and Propaganda Minister Goebbels, present.

Chronologically, the Nazi story of the 1928 pogrom begins with notes taken by the Gestapo of Goebbels' speech to 250 officials of the Berlin Police Department June 10 in the Propaganda Ministry.

Five months after Goebbels' harangue, on November 7, 1928, Ernst von Rath of the German Embassy in Paris was assassinated by an ob-

### 2,500 TEXTILE WORKERS FAVOR STRIKE ACTION

Union Charges Company Failed to Negotiate With It and Introduced Working Conditions Contrary to Law.

Montreal, Sept. 20.—(AP)—Workers of Dominion Textile Company, members of the United Textile Workers of America (A.F.L.), last night voted to go out on strike Saturday morning at 7 a.m., in Montreal plants of the textile company. The U.T.W. represents 2,500 employees in the Mount Royal and Merchants Mills.

The strike decision came after a resolution read to the assembly by R. Kent Rowley, Canadian Director of U.T.W., who said the company had failed to negotiate with the union, introduced changes in working conditions contrary to law, maintained works councils contrary to law, and refused to meet bonafide representatives of the union.

About 300 members of the union were present at the meeting, and heard Robert Heddow, organizer of Aircraft Lodge 712 of the Interna-

### Freak Escape In Motor Car Crash

Bristol, Sept. 20.—(AP)—For nearly 20 minutes, seven people cheated death as their car hung suspended over a 30-foot chasm.

Between them and death was a quarter-inch thick length of wire the only strand that held their car crashed through the night sky over the town of Bristol and Weston-Super-Mare.

In the car were Charles Tuplin, 46, of Bristol, his wife Betty, her sister, her niece and three small children.

As the car crashed through the fence the strand of wire looped itself, provisionally around a back wheel. The other three wheels dangled over the edge of the chasm.

Suddenly a truckload of sailors arrived on the scene and one of them, leaning over the edge of the chasm, hitched a rope to the back axle and fastened it to the truck.

One by one the occupants of the car were shaken up, frightened and shamed but otherwise unharmed.

### JAP NEWSPAPER BARES DETAILS OF WAR FINALE

For the First Time, the Japanese People Learn of Rebel Work in Interior of the Imperial Palace.

By RUSSELL BRINES  
Tokyo, Sept. 20.—(AP)—The newspaper Mainichi today told the Japanese people for the first time some details of the fantastic cloak-and-dagger finale to Japan's war effort.

The rebels, including Hideko Tojo's son-in-law, Maj. Koga, actually reached the interior of the Imperial Palace grounds through fake orders.

The rebels were seeking Marquis Kido, Lord Keeper of the Privy Seal, and Sotaro Ishiwata, Imperial Household Minister, in order to thwart the Emperor's plan to issue his surrender rescript.

Both men barely escaped detection while hiding in a room which drew guns. The rebels locked Gen. Shigeru Hasunuma, the Emperor's chief aide, in one room and severed telephone lines within the palace grounds.

Gen. Shizuichi Tanaka waited for two hours for palace guards to disperse the rebels then personally went to the palace at 4 a.m. on that morning of August 15.

Tanaka, formerly gendarmier commander, broke down the conspirators in a three-hour test of "wills" in the office of the Imperial Guards where the rebels had set up headquarters.

The newspaper in its account suggested there was a tense dramatic scene between the tough general and the men who had murdered General Mori, commanding general of the Emperor's guards. They faced each other in pre-dawn darkness in the tiny office of the guards while the Imperial ministers still were in hiding in another palace building.

The entire palace was guarded by bayonet-wielding soldiers obeying fake orders.

Mainichi said four of the rebels committed suicide on the spot. Others were arrested by the gendarmier. No names were mentioned, but the Associated Press already had established that Major Koga was one of the main conspirators. He was among those who killed themselves.

Tanaka killed himself nine days later. Mainichi said he did so because of a feeling of responsibility for the incident the purpose of which he helped thwart.

### Manpower Policy In Event Of Another War Suggested

By D'ARCY O'DONNELL  
Canadian Press Staff Writer  
Ottawa, Sept. 20.—(AP)—The House of Commons heard a charge from a Quebec member yesterday that Canada's national unity and inter-racial harmony had been "seriously impaired" because the issue of conscription had been used in the Second Great War by "unscrupulous politicians to foster their own petty personal political advantage."

The charge came from Georges Heon, Independent Progressive Conservative member for Argenteuil constituency in Quebec. A Province which has openly opposed conscription. The Quebec member suggested that if Canada ever again was embroiled in a world war, a system of conscription by number, such as used in the United States, should be invoked.

Thus Mr. Heon became the first member of the new Parliament to mention what manpower policies the Government should follow in the event of another war.

Under this system, "the millionaire and the pauper, the sons of the president and of the laborer, the influential or the insignificant, the Republican or the Democrat alike, are called by number and treated on the same footing."

"If the number comes out, the holder is inducted in the service if he is not entitled to an exemption, and these exemptions are clear and well-defined. But if his number is not drawn, he can still attend to his civilian duties and walk around in mufti, without taking the risk of having a white feather planted in his lapel by some patriotic but irate old maid."

### Films Reveal Grim Horrors Of Nazi Camp

General View of Belsen as Found by First British Officers to Enter Camp After Its Liberation Given Court.

Luebeck, Germany, Sept. 20.—(AP)—Maj. Adolphus Berney, of the British Army, testified today at the murder trial of Joseph Kramer and 44 S.S. Guards that he found a well-supplied German military food store less than two miles from the Belsen concentration camp.

Maj. Berney, who took charge of the administration of the horror camp after its liberation on April 15th, said the food store contained 120 tons of canned meat, 30 tons of sugar, more than 20 tons of powdered milk, wheat stocks and bread, none of which was issued to the camp.

Motion pictures showing conditions of starvation at Belsen were scheduled to be exhibited in the courtroom.

Since the trial of the "Belsen Gang" began Monday a screen has been in place in the courtroom for the exhibition, which will set a precedent in British legal procedure.

The judges already have made British legal history by relaxing rules of evidence and admitting hearsay evidence given by Brig. Hugh Llewellyn Glyn Hughes under questioning by prosecution Col. T. M. Blackburne.

The prosecution yesterday presented a general view of Belsen as found by the first British officers to enter the camp after its liberation.

Kramer and all but one of the guards who served under him lost their impassivity as the story went into the record.

Only Irma Giese, 21-year-old blond woman who was Kramer's chief woman guard, managed to maintain a defiant, contemptuous look.

The prosecution told of a water supply system consisting of five concrete vats full of filth, in one of which a corpse was found.

### Open \$900 Suit Vs. Chateau Frontenac

Quebec, Sept. 20.—(AP)—Mr. Justice Oscar Boulanger yesterday granted a request for a motion in details made by counsel for the Chateau Frontenac, defendant in a \$900-damage suit filed by Dr. and Mrs. George Dow Cannon, negroes, of New York.

The hearing was adjourned sine die. The plaintiffs claim that they suffered humiliation when they were asked recently to refrain from eating in the dining room of the hotel.

### Buenos Aires Is Back To Normal

Buenos Aires, Sept. 20.—(AP)—Argentina's capital city returned to work today after virtual suspension of commercial and industrial activities yesterday while a throng estimated unofficially at almost 500,000 marched through the streets in a demonstration arranged by opponents of the Military Government.

The only incident reported was a brush between a group of demonstrators and mounted police as sabre-wielding officers sought to disperse the group.

Billed as a "march for liberty and the constitution," the parade was marked by frequent shouts of "down with Peron," "down with despotism" and "death to dictatorship" as the crowd roared its defiance of Col. Juan Peron, Vice-President and strong man of the Government.

### Alternative Plan Proposed By Retailers

Representations Made Upon Government by Delegation Representing More Than Fifty Per Cent of Retail Meat Trade.

By GEORGE KITCHEN  
Canadian Press Staff Writer  
Ottawa, Sept. 20.—(AP)—Government rationing experts studied today a proposal by Canada's meat retailers that the present meat rationing plan be suspended and replaced by a system of requisitioning the amounts needed to meet overseas commitments.

The suggested plan, recommended to Prices Board officials yesterday by a delegation of the Retail Merchants Association of Canada, called for the distribution to Canadian consumers "through the regular channels of trade" of what meat would be left after the required amounts had been requisitioned.

The delegation, representing more than 50 per cent of the Dominion's Retail Meat Trade, suggested that this distribution be subject only to the provision that the Dominion Government use the Prices Board's existing facilities to "ensure equitable distribution."

It also recommended that the suggested plan be tried out for the remainder of this year, subject to revision "in the light of then prevailing conditions."

"Careful consideration" of the suggestions was promised by K. W. Taylor, Foods Co-ordinator for the Prices Board, who presided at a meeting with the Retail delegates, who came to Ottawa at the Government's suggestion following Dominion-wide protests against the recently instituted rationing system.

The retailers made their recommendations in the form of a resolution presented to Prices Board and other Government officials at an afternoon meeting which had followed a question-and-answer session in the morning.

Last night the delegates met again with Prices Board officials but this final meeting was confined mainly to a discussion of links in the current meat rationing plan, which is considerably more complicated than the rationing system in effect in 1943 and 1944.

No immediate statement was forthcoming from either side.

At their first meeting with the Government officials, at which the retailers were supplied with information on the rationing system, the delegates to help feed the starving peoples of Europe, the delegates tabled a resolution calling for the suspension of the present rationing plan.

### Mixed Reaction To Reduction Of Force In Japan

By DEWITT MACKENZIE  
AP Foreign Affairs Analyst  
Gen. MacArthur seems to have stirred up a sizeable cloud of conflicting emotions by his announcement that United States forces in Japan may be cut to some 200,000 within six months—a divergence of opinion which isn't strange in view of the numerous issues involved.

For the soldiers who want to get back home, and for their families, such a cut means one thing. It means quite another to the exponents of using the mailed fist on the Japs. To a further group it means nothing but a thing else, and so it goes. But it strikes me that whatever may be the premise from which you argue you always arrive at the same point, which is this:

We must maintain troops in Japan as long as it is necessary to achieve the far-reaching objectives of the declaration of Potsdam by the Big Three—whether it be one year or 20. We must keep as many soldiers there as are required to enforce this programme—whether it be 200,000 or 2,000,000.

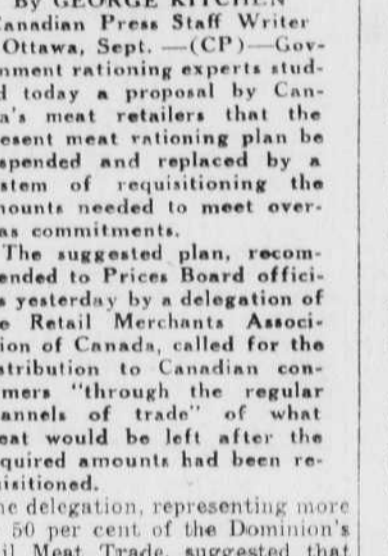

The Potsdam edict calls not only for the physical disarmament but the moral rearmament of Nippon. The very character of the people must be changed to rid them of their medieval ideas, fit them to govern themselves, and so prepare them for a place among the United Nations.

Now that's a job which can't be accomplished quickly, for it must be done by a process of education.

Of one thing we may be sure, and this is that we aren't going to be able to convert to western ways many of the militiaminded people who have passed their youth. It's an ancient wheeze but true—that you can't teach an old dog new tricks. You have to catch 'em young—and you have to catch human beings young if you are bent on changing their nature. Of course there are some Japanese who are against aggression and who believe in the golden rule, but you probably could get most of them into your back yard at one time if you wanted to make a speech to them.

This means that the educational task lies with the young folk, and it must begin with youngsters as soon as they have reached the age of understanding. That's the way both Hitler and Mussolini prepared their countries for aggression. The German anti-Christ went much further and reared a generation of barbarians who perpetrated some of the worst atrocities known to history.

Mussolini had a score of years or so in which to achieve his aim, but he concentrated on the young folk, both boys and girls. As a result when the time came for him to stab France in the back he had

BRITAIN AND U.S. REVIEW WAR CONTROLS

Possibility That Wartime Economic Controls Applied Against Spain and Argentina May Be Sharply Modified or Abandoned.

By JOHN M. HIGHTOWER Washington, Sept. 20.—(P)—Wartime economic controls that were applied against Spain and Argentina are up for review by Britain and the United States.

There is a possibility that they may be sharply modified or abandoned. Any such steps probably would be interpreted in Buenos Aires and Madrid as a softening of Allied disfavor despite the many harsh words recently aimed at their militarist governments.

Nevertheless, there is official uncertainty here over two points. 1. Whether Britain and the United States can agree on measures for continued joint enforcement of the controls, and 2. Whether such measures are practical when applied to American trade alone.

One of the most effective wartime controls was the limitation on coal and oil shipments to Spain and Argentina. These two badly needed fuels present entirely different problems at the moment.

Coal, for instance, is a shortage item, and no difficulty should be encountered in maintaining controls through the winter.

In the case of oil, however, adequate supplies are on hand. And there are pressures both in this country and in Britain to knock off all petroleum export restrictions.

This issue is reported to be figuring in both the Anglo-American Oil Treaty conversations now under way in London and in the financial and commercial policy talks in progress here.

Here are the situations involved as reported by various officials here: Spain—At the moment the United States is shipping coal to Europe at the rate of 1,400,000 tons a month. Not a lump is supposed to be reaching Spain.

Of oil, Spain now is allowed a maximum of 575,000 tons a year from British and American sources. Argentina—No coal has gone to

a great force of fanatical Fascists behind him. Hitler worked much faster, but more intensively. Only about a half dozen years elapsed from the time he assumed power in 1933 until he struck the first blow of the Second Great War.

However, Nazism had got a grip on many Germans before 1933, and he also had the advantage of working in a militaristic country.

In that brief time Hitler turned the young boys of his country into barbarians. He taught the young girls that it was their duty to have babies, and never mind marriage.

He even provided fine maternity homes for these misguided children. The lesson is conclusive. It is the young whose nature is being changed easily. And they will respond to good teachings quite as readily as to the wickedness of Hitler and Mussolini.

At 1:20 a.m., November 10, Reinhard Heydrich, S.S. (Elite Guard) group leader in charge of all security police, sent a message over the national teletype network ordering anti-Jewish demonstrations.

It listed orders from Heinrich Himmler, leader of the S.S. and German Chief of Police. Heydrich's personal report to Goebbels November 11 on Jewish losses in the preceding 48 hours listed:

Killed—36, including two Polish nationals. Seriously injured—36. Missing—1. Synagogues set afire—191; demolished—76.

Community centres and funeral chapels set afire—11; destroyed 3. Arrests—about 20,000 Jews, as well as seven Aryans and three foreigners, "the latter arrested for their own security."

Heydrich continued: "This gives only a part of the real destruction. The figures will be multiplied many times over."

After the resolution had been read to the meeting, vote by a show of hands in favor of the strike.

Bertant, Belesontz, industrial relations officer for the company, in a statement released after the meeting, said the strike vote was "a definite departure from the normal arbitration procedure laid down by law."

He added: "A course of negotiation and arbitration is the logical and sensible one to follow. This has been the course taken by the company and the union to date. The strike vote, while it may never come to a strike, is at least open indication by the organizers of the United Textile Workers of America, that they intend to abandon reason for force."

The company was ready to continue negotiations with the union in respect to the workers in two of the five mills in Montreal where the union has been certified as bargaining agent. If a strike should result, it would work hardship in the majority of employees not present at the meeting.

The Tokyo newspaper Mainichi reported three more Japanese on Gen. MacArthur's war criminal suspect list had been arrested for questioning. They were Col. Akira Nagahama, former commander of gendarmes in the Philippines, accused of brutal policies there; Shigeru Osana, former civilian official at prisoner of war camp No. 8 in Japan, and Sgt. Seichi (Gunzo) Miura, guard at the same camp, both accused of atrocities.

Members Of Milby W.I. Hear Address On Education Delivered By J. Perry

Milby, Sept. 20.—The September meeting of the Milby Women's Institute was pleasantly entertained at the home of Mrs. W. Evans, at her home, in Lennoxville.

The meeting was opened by the President, Mrs. R. Sutor, with the "Collect" and the "Salute To The Flag" being repeated in unison. This was followed by Mrs. W. Evans reading from the Book of Psalms, the meaning of "Peace and Thanksgiving." Two minute silent prayer for peace followed by the singing of "God Save The King" completed the opening exercises.

The minutes of the previous meeting as read by Mrs. A. Allen were accepted. The Secretary was asked to send the membership list to the "Macdonald College Journal." The Treasurer, Mrs. J. Yates, gave a good report and all bills were ordered paid. A card of thanks for flowers was received from the Young and Yates family.

Mrs. George McVeety gave the report of the County meeting and reported that the School Fair would be held at the Lennoxville High School on Saturday, September 22; also reported on the contents of the "ditty bags." Each is to contribute the sum of one dollar to the "Princess Alice Foundation Fund." This fund is to go towards scholarships.

A letter was read from Mrs. F. Allen, the leader of the Huntingville School, thanking the Milby W.I. for their prizes. These prizes were won by Carol Brown and David Hunting. Prizes were again voted to the local schools.

The roll call subject was what Was Your Fifth Year Reader? provided very humorous and was answered by thirteen members. The donations for the ditty bags netted three dollars and seventy cents.

The "White Elephant Sale," with Miss Elizabeth Lennon as auctioneer proved a success. The Institute was privileged in having Mr. J. Perry, Principal of the Lennoxville High School, as guest speaker, who spoke on "The Problems of Education." Mr. Perry stressed the necessity of equal opportunity for each child in Canada, of the consolidation of schools and of the necessity of physical education.

He said that the school system should be arranged to equip each boy and girl with subjects that would be a help later in their future chosen profession. He also mentioned the problem of securing equipment and teachers with adequate training. Lastly, that the communities should co-operate for better schools and not let community pride stand in the way of better education.

The speaker was introduced by Mrs. W. Evans and thanked by Mrs. E. A. Orr. Later the hostess served delicious refreshments, the table at which Mrs. H. Banfill presided, being attractively centered with vari-colored garden flowers. Assisting were Mrs. Charles Peterson, Mrs. John Cox, Mrs. George McVeety and Mrs. A. E. Allen.

General Notes Miss Bea McHarg was at her home over the week-end, after spending the summer at North Hatley. Her many friends will be interested to hear that she is now teaching school at East Bolton.

Alternative Plan Continued from page 1 and substitution of an alternative plan to supply meat and meat products for the world pool.

The resolution, however, did not make any suggestions for an alternative plan, such as was contained in the second motion.

The meetings were attended by J. G. Taggart, Chairman of the Canadian Meat Board, which handles the purchase of meat for overseas shipping. L. B. Pearsall, Meat Board Manager, M. W. McCutcheon, Prices Board Deputy Chairman, and H. I. Ross, Rationing Administrator.

George Hougham, of Toronto, Dominion Secretary of the Retail Association, headed the delegation.

Government Action Continued from Page 1. ed with demolition of a foreman.

The company also faced continued trouble at its neighboring Windsor, Ont., plant where a week-long strike of 10,000 workers continued in protest against working conditions.

Windsor police said two union pickets at the plant have been summoned to Court on charges of "intimidation" of non-strikers at the plant.

In other angles of the automobile industry labor picture: Fears that a strike of oil workers would cripple service to hospitals, government buildings and essential industries in the Detroit area were averted Wednesday when union spokesmen said they would not interfere with such shipments.

The workers, members of the United Oil Workers' Union (C.I.O.), have walked out at several Detroit refineries, crippling an estimated 75 per cent of the city's gasoline and fuel oil supplies, according to reliable sources.

To Move Tojo To Kokohama Prison

Yokohama, Sept. 20.—(P)—Japan's warlord Hideki Tojo will be moved into Yokohama prefectural prison with other members of his Pearl Harbor Cabinet as soon as he recovers from his self-inflicted bullet wound, Lt.-Gen. Robert L. Eichelberger, Commander of the U.S. 8th Army, said today.

The 8th Army, occupying Central and Northern Honshu, now has 22 suspected war criminals in cells in this jail on the outskirts of Yokohama.

Tojo is reported improving rapidly at the army hospital here, and all indications are that he should be able to move within a week.

BATTLE OF MUSIC A good crowd was on hand last night for the Battle of Music between the band of the military camp at St. Jerome, and the band of the Lord Sherbrooke Training Camp, held in the drill hall of the Colinsville camp. The two played alternately throughout the evening for the dancing that has become a regular Wednesday night feature at the camp. O.C. Col. E. Nantel introduced the visiting band to the assembly.

## Award Of Military Medal To E.T. Man For Gallantry Is Announced

The award of the Military Medal for gallantry and meritorious service overseas to Sergeant Robert Wilson Leatherbarrow, D-76511, of Lisgar and St. Lambert, was announced by the Department of National Defence today.

Sgt. Leatherbarrow was born on January 12, 1915, in Montreal. A farmer in Lisgar at the time of his enlistment on September 28, 1939, he proceeded overseas as a private on Dec. 12 of the same year. He served with the 21st Armored Regiment, and was promoted to the rank of Acting Sergeant in June, 1943. His wife, Mrs. Eleanor Leatherbarrow, lives at 625 Birch Avenue, St. Lambert.

His citation reads: "Early in the afternoon of April 28, 1945, No. 2 Squadron 21st Canadian Armored Regiment was ordered to support an attack being put in by 'A' Company of the Lincoln and Welland Regiment. The whole area was being subjected to the most severe shelling and mortar

## OPENHOUSE AT LOCAL Y.W.C.A. ON SEPTEMBER 27

The official opening of the Fall and Winter programme of the Sherbrooke Y.W.C.A. will take the form of an Open House on Thursday, September 27th, when all the facilities, parts of which have been newly decorated, will be open for inspection. The evening's programme, which will give a preview of the coming "Y" activities, will begin at eight o'clock.

The President of the Association, Mrs. George Carr, will introduce the staff who are: Mrs. Ruth Glanville, Staff Work Secretary; Miss Evelyn Tindale, Health Education Secretary; Miss Ida Murphy, Residence Superintendent; Miss Ruperta Wiggett, House Mother; Miss Kate Fales, Desk Secretary.

One of the highlights of the programme this season is "Fun Nite." As the title indicates, it will be an evening of fun spun around such activities as gymnastics, swimming, crafts, dramatics and bowling. This is a brand new type of programme to which everyone is invited.

"Four O'Clock Fun" is a special feature on the fall schedule for High School girls this year. The programme will be similar to that mentioned, but will take place immediately after school hours.

From October 1st to October 6th, the Y. W. C. A. is holding "Free Week" which will give everyone an opportunity to try out all or any of the activities free of charge.

The Board of Directors and staff of the Y.W.C.A. extend an invitation to the public to be present at "Open House."

## Preparations Are Being Completed For Holding Of Ninth Victory Loan

Although the campaign does not open until October 22, preparations are already being completed by the local branches of the National War Finance Committee for the staging of the Ninth Victory Loan.

This loan will be the last one of its kind to which Canadians will be asked to subscribe. It is also the largest loan that has ever been requested of citizens of this country with the national objective being \$1,500,000,000. Individual objectives for the different communities throughout the Dominion have not yet been announced. However, such particulars as the rate of interest and the date of maturity of the new bonds are expected to be released shortly by the Minister of Finance, Hon. J. L. Flavel.

In view of the fact that the loan will cover double the time that former loans have and of the increased national objective, officials of the local office of the Finance Committee for the County of Sherbrooke explain that the objective for this district will be considerably in excess of the \$4,085,000 objective set in the last loan.

They state that in order for residents to obtain the quota set them for this loan it will be necessary for them to increase their purchases of bonds by at least 50 per cent over the last loan.

The extra staff taken on by the local office during each loan have already been employed and are now busily engaged in arranging the canvassing lists. The head office for Divisions 5 and 6 in the New Sherbrooke House has also been opened and similar arrangements are being prepared.

## MORE E.T. MEN WILL ARRIVE HOME SHORTLY

Six Eastern Townships men will arrive tomorrow aboard the repatriation liner "Louis Pasteur" which docks at Quebec, it was learned officially today. The men, all members of the Royal Canadian Air Force, will proceed to No. 1 "Y" Depot at Lachine the following day and probably arrive home that evening.

The names are listed below: P/O W. C. Ray, Lennoxville. Sgt. C. T. Goyette, Magog. Sgt. W. P. S. Lozanski, Granby. LAC R. Charpentier, St. Joseph de Grantham, Drummondville. LAC L. R. Findlay, Danville. LAC J. A. A. Richard, Robertsonville.

## Loan By-Laws Delayed As Aldermen Discuss Further List Of Projects

Sherbrooke's City Fathers are still far from final agreement on the terms of the three loan by-laws they propose to submit to the ratepayers in the near future. As a result when last night's adjourned session of the Council was formally wound up, no action had been taken to give second reading to by-laws 646, 647 and 648. These by-laws, providing for the borrowing of approximately \$300,000 for an extended list of public improvements, are designed to replace by-law 646 which was defeated some time ago at the polls.

One Alderman, in explaining the delay, stated that several new projects had arisen in the past few days which the Council felt would better be included in the new by-laws than submitted separately at a later date. These developments compelled certain changes in the terms of the by-laws, but it was hoped they would be ready for second reading at a special session next week.

Notice of a motion to amend the by-law governing the operation of taxis within the city was given by Ald. Armand Fiset, the purpose of the amendment being to increase the number of taxi permits which may be issued from fifty-five to sixty-five. For some time there has been considerable discussion against the lack of taxis in the city, the general feeling being that the existing limitations failed to take care of the increased demands. The amendment will provide a solution of the difficulties.

The city engineer was also authorized to prepare a plan for the embellishment of Victoria Park.

## PLANS DRAWN UP AT MEETING OF AUXILIARY

Lennoxville Boy Scouts' Mothers' Auxiliary held Opening Meeting—Resignation of Rev. E. Scott Received—Letters From Former Scouts in the Services Read.

The opening meeting of the Boy Scouts' Mothers' Auxiliary was held at the home of Mrs. G. H. Sutherland, Main Street, The President, Mrs. John Morrison, was in the chair and the meeting was opened by repeating the Scout Mothers' Prayer.

It was with regret that Rev. E. Scott's resignation as Scoutmaster was received. Suggestions regarding a new Scoutmaster were made and information will be forwarded to the men's committee to be acted upon by them.

Tentative plans for a rummage sale were made with Mrs. J. Morrison and Mrs. G. Sutherland as joint conveners. Several letters from former Scouts now in the services were read, each expressing appreciation for the boxes and cigarettes sent by the Auxiliary.

Mrs. A. Rowat and Mrs. A. Hodgman were appointed to attend to the renovations in the Scout room. Mrs. A. L. Kuehner invited the members to her home in October.

Following adjournment refreshments were served by the hostesses.

## S. LACHARITE APPOINTED TO HARMONY POST

The Sherbrooke Harmony Band last night appointed Sylvio Lacharite to replace Prof. Charles Delvenne as Harmony director, a post which Prof. Delvenne filled since 1929, but apart from this further details of the meeting were kept secret today.

Armand Nadeau, local lawyer, stated to a Record representative this morning that he had gone to the meeting with Prof. Delvenne, but he had been obliged to leave when a vote was taken by the members excluding him from the session.

"This thing isn't finished, however," said Mr. Nadeau.

He added that at the time of his dismissal from the Harmony Band Prof. Delvenne was in Belleville, Ont., where he was sent to officially represent the city at the congress of the Canadian Band Association, and while there succeeded in obtaining next year's congress of the association for Sherbrooke.

President of the Band Ovide Pouliot stated this morning that Mr. Lacharite, who is 28 years of age, will begin his duties as musical director of the organization this Sunday. A native of Sherbrooke, Mr. Lacharite is a noted pianist. He began his studies in his early childhood and has taken lessons from Professor Montoux.

## BOUNDARY CLUB HEARS ADDRESS ON U.S. MARINES

Rock Island, Sept. 20.—Experiences of the United States Marines were related to the members of the Rotary Club of the Boundary at their weekly meeting Monday evening at the Del Monty Hotel. The guest speaker, Lieut. Lawrence Thompson, son of Raymond Thompson, member of the Club, has just returned home on leave after completing a tour of training duty, and his talk was both interesting and informative to the members.

Lieut. Thompson related many of his own experiences during training, and his points stressed the thoroughness and careful attention to routine that the Marines displayed, doubtless explanatory of their successful undertakings following out the well-known saying "The Marines have landed and have the situation well in hand."

Lieut. Thompson was introduced to the Rotarians by the President of the Club, Clifford F. McLure, and the thanks of the members was expressed by Dr. E. O. Millay.

Three Newport Rotarians were present at the meeting, A. B. Cobleigh, Percy Lawson and Ernest Martin. The first week of the attendance contest between the Canadian and American members of the Club found the Americans one down but the possibility that make-up cards from absent members will alter the standing is still hoped for.

The balance of the meeting was devoted to discussion of various matters in connection with the Club's First Rotary Fair which opens in the Rock Island Army this evening and will continue Friday and Saturday evenings. Raffle tickets on the three \$50 Victory Bonds are selling well and all committees gave most encouraging reports indicating that every effort is being made to give the public something really worth-while in entertainment and in prizes. As an additional added attraction it was announced that the famous Border Musical Club Band would be present each evening to give a short concert from 7 to 7:50 p.m.

Following the meeting the members adjourned to the Armory where further work was done in completing last-minute decorations and arranging of the stock in the various booths.

All those who helped the Rotarians to make the Fair a success will be present as guests of the Club at the next meeting when a complete financial report of the event will be given.

## COMMERCIAL SOCIETY NOTES

The first fall meeting of the Philathea Society of the United Church was held at the home of Mrs. William Mark Academy Street, with Mrs. R. H. Frizell as assisting hostesses.

Mrs. Austin Scott, the President, presided and opened the meeting with prayer. There was a good attendance of members and several visitors. Three new members were enrolled, Mrs. J. Stedward, Mrs. William Marlin and Mrs. Wesley Robinson. Several letters of thanks were read from servicemen overseas for boxes received from the society and from several members of the local Sunday School for prizes donated by this Society.

During the business plans were made to hold a rummage sale October 27. The sum of \$15 was voted to the Sunday School for prizes for the next term and \$10 to the fund for the welcome home banquets to be held for the local servicemen and their families. A shower of dish towels for the church kitchen was arranged. Other plans for the coming months were discussed and the meeting was closed with the Mizpah benediction, to meet at the home of the President, Mrs. A. Scott, Main Street, with Mrs. J. Crawford as assisting hostesses in October. The hostesses served lunch with Mrs. William Marlin doing the honors at the tea table.

The Men's Own Club will hold their opening meeting of the season in the Gertrude Scott House tonight. All men of the town will be made welcome and are asked to bring any new residents who might like to join this social group. A get-together is held each Thursday evening in the hall where after a short business session a friendly evening is spent.

Lennoxville School Fair is being held Sat., Sept. 22, at the Lennoxville High School. Parents and friends.

Mr. John Sample, Reid Street, who has been ill for the past three weeks, is now a patient in the Sherbrooke Hospital.

## PROPERTY AT AYER'S CLIFF RAZED IN FIRE

Ayer's Cliff, Sept. 20.—A fire alarm was sounded about 4:30 Monday afternoon, and the call went out for "help," as a fire had started in the barn belonging to the village property of Hugh McComb, on Pleasant Street, known as the Edgar Davidson property.

The hand brigade was very soon on the spot, but Mr. J. A. Lundeborg, Fire Chief, Nelson Pierce and Lennox Frappied had bad luck when starting out with the new engine, so were late in starting the large stream, and the small hose attached to the town water supply did not have force enough to extinguish the flames and the barn was soon destroyed. While they were fighting the fire, which had started in the barn, which had caught fire from a hot iron, things were better organized and the engine bringing the water from the river soon put out the fire, saving the structure of the main house which was then considerably damaged.

The McComb furniture was carried to safety and the family, which fortunately have a farm on the Sherbrooke-Stanstead highway about three miles from town, proceeded there, as the family which had been living there moved into town.

The origin of the fire is unknown. The buildings carried insurance. Mr. McComb purchased this property only last fall from Mr. Perry M. Staudish and moved here about Christmas time. To them the sympathy of the community is extended.

1 cup light molasses  
1/2 cup melted shortening  
2 1/2 cups sifted flour  
1/2 teaspoon soda  
2 teaspoons salt  
1/2 teaspoon allspice  
1 1/2 teaspoons ginger  
Soak bran in molasses 10 minutes; add shortening. Sift flour, salt, soda and spices together; stir into molasses mixture; mix well. Knead and shape into rolls about 2 inches in diameter. Wrap in waxed paper, covering ends so that dough will not dry out. Chill in refrigerator until firm. Cut in thin slices and bake on ungreased cookie sheet in moderate oven (350 degrees F.) 8 to 10 minutes.  
Yield: 5 dozen wafers (2 1/2 inches in diameter).

**MUNICIPAL CHAPTER I.O.D.E.**  
The Municipal Chapter I.O.D.E. held its opening meeting of the season at the Mackinnon Memorial with the Regent, Mrs. W. E. Loomis presiding.

After the customary opening ceremonies the Regent welcomed members and spoke of the eventful summer they had experienced and the rejoicing in all their hearts that hostilities had ended. The Regent then urged the members to continue and increase their sewing for Great Britain and the European countries.

Mrs. Loomis mentioned the National Drive for Clothing to be held during the month of October and asked for co-operation from the Chapters.

The Secretary's report was read and approved, and the Treasurer, Mrs. Dean Bishop, presented the financial statement.

It is with sincere regret that the Municipal Chapter accepts the resignation of Mrs. J. A. Donald as Echoes Secretary. Mrs. Donald, who has left to rejoin her husband in Ceylon, has done outstanding work in this capacity and her efforts are greatly appreciated by the Chapters.

The Regent announced that the Elizabeth Thompson Bursary has been awarded to Howard McIntyre of the Sherbrooke High School.

The War Service Report given by the Convener, Mrs. H. M. Brown, stated that 257 articles for the Armed Forces and civilians had been forwarded in September.

The H.M.C.S. M.L.Q. 100 which was adopted by the Municipal Chapter of Sherbrooke, and to the crew of which many Christmas boxes, electric appliances and comforts were sent, has been decommissioned.

A letter of appreciation from Lieut. D. A. Dobson, Commander of the ship, was read in which he expressed not only his gratitude but that of the crew for the many gifts received.

While Home Hospitality for the Services is practically finished, the Convener, Mrs. Norrey Price, stated that the King George V Chapter had entertained 41 soldiers during the summer and the De Laval Chapter 3,435 at the weekly dances at the

### Social and Personal

Miss Doris Michie, McManamy Avenue, left yesterday to spend a few days visiting friends in Montreal.

Official word from Ottawa has just been received that Rfmn. Gerber and Lachance, who has been a prisoner in Hong Kong for four years, has been released. The good news came to his aunts, Mrs. Rose Murphy and Miss Mabel Lachance, 82 Quebec Street.

Tpr. F. D. MacIsaac, who recently returned from Overseas, and has spent a seven day leave at Mrs. Maurice Lacharite's home, 20 Murray Street, left on Sunday, accompanied by his wife, formerly Miss Cecile Lacharite, for Regina, Sask.

Mrs. Frank Eastman, Mrs. Everett Bayley, Mrs. Stanley Saunders and Mrs. Charles Coombs will act as hostesses next Wednesday afternoon, for a Sunshine salad tea to be given in the Parish Hall under the auspices of St. Peter's Guild. Plans for the coming event were made at the opening meeting yesterday afternoon, with Mrs. James Strickland, President, in the chair. Members were reminded that "Sunshine" bags must be handed in at next Wednesday's tea party. After adjournment tea was served informally.

Mrs. E. Maddis, Mrs. Bessant and Mrs. S. Wells were welcomed as new members of St. Mary's Guild at the regular meeting held last evening in the Parish Hall of the Church of St. Paul the Apostle. The President, Mrs. J. Allanson, presided, and the members were busy sewing while plans for future activities were discussed. Later refreshments were served. Mrs. A. Broadbent and Mrs. R. Benton acting as hostesses for the pleasant social hour.

The christening of the infant twin daughters of Mr. and Mrs. H. L. McVeety, 83 Belmont Street, Sherbrooke, took place in the Stanstead South United Church, Rock Island, on Sunday, September 16, the pastor, the Reverend H. A. Carson, officiating. The babies received the names Doreen Leta and Maureen Lee, the godparents being Mr. and Mrs. Howard Nutbrown, Lennoxville, grandparents. After the christening tea was served at the home of the great-grandparents, Mr. and Mrs. Austin Whitman and family, the table being covered with a beautiful cloth, which belonged to the twins' great-great-grandmother, and was centered with a very lovely christening cake, made especially for the babes by Mrs. Georgia Hall.

Lord Sherbrooke Training Centre. The Red Shield Canteen, sponsored by the Salvation Army and staffed by I.O.D.E. members, has closed after more than five years of operation. During June, July and August of this year 270 workers served 708 hours while 552 servicemen attended the Canteen.

A hearty vote of thanks to Mrs. T. Wyatt, Canteen Convener, was duly recorded. Mrs. Wyatt has convoked this project since March and has been tireless in her efforts to keep the Canteen staffed.

Mrs. W. Kinkead, Child and Family Welfare Convener, reported that the Sir John Sherbrooke Chapter and the Duke of Wellington Chapter were sending milk to needy families, and the 53rd Regimental Chapter to the East Ward School. Contributions have also been made to the V.O.N.

The Canadianization and Immigration Convener, Mrs. McIver, read a letter of appreciation from the school teacher at the Lawrence Colony school thanking the Chapters for the treat of ice cream, cakes, etc., for the school closing.

Mrs. Loomis stressed the Princess Alice Foundation Fund, to be established for the education of youth leaders and requested that every Chapter contribute. This fund is being donated to by the women of Canada in recognition of the interest Her Excellency Princess Alice has taken in the youth of the country.

Mrs. R. M. Loughheed was elected Echoes Secretary and kindly consented to continue for the remainder of the year.

Mrs. J. E. Dorrian was elected Girl Guide Convener to replace Miss Shirley Wright who, following her marriage to the Rev. MacFariar, has left the city to reside at Niagara Falls.

Plans were reviewed for the coming Provincial semi-annual meeting to be held at the New Sherbrooke Hotel on Wednesday, October 10th. The meeting events of the afternoon will be the exhibition of scrap books which have been made by the members of the Junior Chapter Admiral Sir Dudley Pound. These scrap books will be judged and the prizes awarded by the Provincial officers.

The meeting adjourned with the singing of the National Anthem, after which refreshments were served by the Aldershot Chapter.

**LE MOYNE—CONSTANTINEAU**  
Bedford, Sept. 20.—The following item will be of interest to the friends in Bedford of the late M. Constantineau, K.C. The bride is a granddaughter of Mr. Constantineau, who was a well-known lawyer of this district in his life-time and is a great granddaughter of the late Dr. Chevalier, who for many years was a leading physician of this district.

St. Viateur Church, Outremont, was the scene of a wedding at ten o'clock on Saturday morning, September 8, when Miss Jeanne Constantineau daughter of Mr. and Mrs. John L. Constantineau, of Outremont, Montreal, became the bride of Mr. Robert Gerald Le Moyné, son of Mr. and Mrs. A. R. Le Moyné. The Rev. Father Lavalle officiated, the soloists being Mr. John Savoy, baritone, and Mr. Vendry, tenor, with Miss Marcelle Martin as the organ.

The couple were unattended. The ushers were Messrs. Louis and John Constantineau, brothers of the bride, Mr. Gaston Normandeau, her brother-in-law and Mr. Pierre Le Moyné, brother of the bridegroom. Mr. Constantineau gave his daughter in marriage. She wore a long white chiffon gown buttoned down the back and having tight fitted sleeves and a full skirt. From a small feather cap fell her full length veil while she carried a small colonial bouquet of delphiniums.

Mrs. Constantineau, the bride's mother was wearing a turquoise blue crepe dress, with a large black picture hat, beige gloves and black accessories, her corsage was tea roses, Mrs. Le Moyné, mother of the bridegroom was gowned in black crepe with pink trimmings with which she wore a black felt hat, antelope accessories and a spray of pink roses, formed her corsage.

The reception took place at the Ritz-Carlton in the Vice-Regal Suite, where late summer flowers were arranged. For the wedding trip to the Laurentians, the bride wore an Elizabeth blue woollen suit with matching hat, a carnation pink blouse and brown accessories. The couple will later take up residence in Outremont. Out-of-town guests at the wedding included Mr. and Mrs. J. L. Demers, aunt and uncle of the bride, Mr. and Mrs. Gaston Normandeau and Miss Mary Lynn, of Thetford Mines, Mr. and Mrs. J. R.

## North Hatley Women's Institute Will Purchase Radio For High School

North Hatley, Sept. 20. — Discussion of many matters of interest featured the September meeting of the North Hatley branch of the Women's Institute, which was held at the home of Mrs. Charles Daintrey. Much of the discussion followed the reading by Mrs. Bennett of two letters from the Provincial President, Mrs. Smallman. A committee with Mrs. Best as chairman will supervise the collection and packing of used garments for distribution through the U.N.R.R.A. This collection will be made between October 1 and 20, and it is hoped that everyone having good used clothing to spare will contribute to this very worthy work. The need is greater than we can possibly realize.

The request for a contribution to the Princess Alice Foundation Fund was granted unanimously, the donation to be forwarded to the County Treasurer. This branch signified its willingness to purchase stamps from the P.W.I.C. to the value of \$2.50. This branch will also support the "Family Herald and Weekly Star" in its new undertaking, the preparation of material for a study of current affairs.

A letter from the Demonstrator, Miss Walker, stated that she would like to visit this branch and give a choice of demonstrations. All were in favor of the "Remake" demonstration and an effort will be made to have Miss Walker come in October.

Since a new school year is beginning it was thought best to decide at this meeting in what way this branch should show its interest in

Whitehead, of Cornwall, Ont., and Mr. and Mrs. Paul Constantineau, uncle and aunt of the bride from Quebec.

# The Doctor Says

**HOSPITAL CARE REDUCES MATERNAL DEATH RATES**  
By William A. O'Brien, M.D.  
Maternal death rates continue to decline as more women go to hospitals for confinement. Hospital officials would be pleased to take all the credit for this reduction, as hospital maternity patients receive better care during pregnancy and following delivery, since the majority are attended by licensed doctors of medicine.

In the last decade there has been a decided shift from home to hospital for confinement, until now more than three-fourths of all babies in the U.S. are born in hospitals. In one north central state noted for its reduction in maternal deaths, hospital confinements have increased from 42 to 84 per cent in the last ten years. The success of hospital confinements is largely the result of high standards and a specialized care programme. Maternity patients are segregated in one part of the hospital. Rooms or wards provide at least 70 square feet for each patient with at least three feet between beds. A delivery room is equipped with modern facilities for the relief of pain and the conduct of aseptic delivery. Special arrangements are provided for the reception of the newborn infant. As soon as a mother shows any sign of infection, fever or other condition which may be harmful to the other mothers, she is isolated. When Dr. Oliver Wendell Holmes reported on the contagiousness of childbed fever 100 years ago, he called attention to the importance of crowding and carelessness in spreading infection. Rules for Visitors  
Approximately 85 per cent of all births are uncomplicated, according to most reports. If an emergency arises, the hospital is prepared for immediate action with plasma, blood, fluids and operating room equipment. Hemorrhage is more liable to occur at this time and must be treated promptly. Hospital authorities recommend the following rules for maternity visitors:  
1. The number of visitors to a maternity patient should not exceed two exclusive of the husband at any one time.  
2. Visitors known to have an existing or recent communicable infection, as well as those having contact with such infections, shall be excluded.  
3. Visitors must not sit on beds or place articles of clothing on the beds of maternity patients.  
4. Children are not permitted to visit in the maternity section.  
5. Visitors may not enter the nursery or have direct contact with infants. Whenever babies are shown there must be complete separation of babies from visitors by glass. No visitor should be allowed in the mother's room during nursing of the infant.

# THE STORY OF THE ATOM

(1) When the smoke, dust, and debris had cleared away after the explosion of the atomic bomb in the New Mexico desert, the scientists rolled over on the ground where they lay and exchanged hand shakes. The greatest and most spectacular experiment in the history of science had been a success. They cautiously ventured to where the steel tower with the bomb had stood. It had been completely vaporized. The explosion left a crater nearly two city blocks across. (2) The scientists gazed with amazement into the great pit. Then when the crater appeared safe enough, the scientists conducted an expedition into it. Making their way cautiously, they used specially adapted Army tanks to see what the outburst of atomic power had done to the earth. (3) The tremendous heat had melted rocks. Even though "the height of the explosion was necessarily low," they found that only "a very small fraction of the radioactivity" released by the explosion was deposited immediately below the bomb, the official report says. From the effect of the bomb on the rocks beneath it, the scientists estimated the enormous power which they had released. (4) How in July, 1945, had scientists found enough material to create such an explosion? In 1940 they did not have a bomb—U-235—to see under an ordinary microscope and had only a few grams of pure uranium metal out of which to make U-235. The answer is that the bomb was produced by one of the most remarkable examples of scientific co-operation in history. In 1942, the scientists found a cheap process for making uranium on a large scale. From uranium they produced an entirely new chemical element—plutonium. It was comparatively easy to turn plutonium into U-235.

## THE POWER OF X-999 CHAPTER VI

The Story: Spud Delaney, driver of the truck carrying Hale's precious cargo, stops for a beer. Then, curious to know more about his unusual load, he opens the box as a saloonkeeper watches. A bit of hot cigar ash falls. Carolyn, at home, suddenly hears a terrifying roar. Fearing that X-999 is the cause of the blast, she hurries to the scene.

"Gee!" murmured the driver, appalled. He slowed down because he had to, now. In a moment the traffic stopped entirely. "Come on, miss! On foot, eh?" He was excited.

Efficiently he escorted her up a railroad embankment. He asked questions of everybody. He climbed part way up a power pole the better to see, then boosted Carolyn up.

The devastation was overwhelming. From her point six feet up the power pole Carolyn could see limitless wreckage. Twisted girders, piles of brick and stone. Flames.

Smoke. Every kind of debris. It was as if the whole area had been run through a grinder, so small were the pieces. She wasn't familiar with this section of town and so couldn't tell what structures had actually gone down, but the whole lurid landscape here was a scene from a warfront hell.

She looked around to side and rear. She couldn't even pick out their taxi now in the sea of cars that had crowded up behind. Honking and shouting, police whistles, sirens, all added to the general hysteria.

Carolyn learned that Bob Hale was safe when she telephoned her mother at 5 a.m.

"He called here twice and came out just a little bit ago!" Mrs. Tyler said, after Carolyn's initial explanations. "Carolyn, you haven't had any rest and—"

But personal rest and comfort were farthest from Carolyn's mind. After her mother hung up, she went outside again and a newsboy crying third extras assailed her. She

bought one. "With only four lives known to have been lost," the paper read, after the opening summary, "citizens can be thankful for a miracle, the Chief of Police said. He warned that other bodies may yet be found although the wreckage has been fairly well combed. The four dead were all plant watchmen. In daytime the explosion would inevitably have taken hundreds of lives."

"Two other men are reported missing and may be dead. One is W. H. Delaney a truck driver for the Metropolitan Transfer Company, and the other is a liquor store owner, M. M. Cragin."

"Cragin's establishment was near the apparent center of the explosion and was so completely destroyed that no trace of it has been found, only a great crater showing on that spot now (see second photo, page 1). Delaney's truck also is missing and so he may turn up safely, his company admitted, but he is so long overdue as to cause grave concern."

Carolyn read and re-read. Then she found herself walking up a street. She had long since lost her friendly taxi driver, hadn't even thought of paying him. Presently she was on the edge of the big crowd of people and cars and found another taxi that could turn around and take her away.

She had herself driven directly to the Schoenfeld Laboratory. By the time she arrived its main plant and its office building were bathed in dawn's sunshine, and the sheer beauty of that was a sort of spiritual lift. Moreover, she instantly saw Robert Hale. When she jumped from her cab, ordering it to wait, Dr. Hale ran to her.

He couldn't talk for a moment. He just jabbed a finger at her awkwardly and swallowed. "It's all right! All right!" Carolyn murmured intently.

He didn't look like a boss now. In truth, he was simply a young man half crazed with anxiety. "You were at the farmhouse when it happened," she said for him.

"Yes, I—It didn't come! The X-999, then—I heard the explosion. That's what I cannot understand, Carolyn. Why? Why did it explode?"

"We'll never know that, Bob." "And it's only part of what we have, Carolyn. My thought was to divide it in separate localities to guard against the possibility of tampering, for the first bit moved has caused this. It's appalling!"

"Bob, you must not blame yourself! It's an unknown quantity. You took every precaution possible. Carolyn spoke so vehemently that he was impressed and he squeezed her hand in gratitude. Leana Sorni had seen them; she came out of the office building walking fast. Her face was even more pale than normal, and strained.

"Robert, you must come home with me," she ordered, peremptorily, ignoring Carolyn. "We must be rational. Say nothing to any one. Nothing! You haven't slept for two days and nights. You will collapse!"

That much was true, surely. Carolyn saw Miss Sorni take Bob's own taxi. When the driver began to explain that he was waiting on order, Carolyn hastened to pay and release him.

But she stood watching, vaguely alarmed in an entirely new way, as

### ASBESTOS

The Home and School Association met in the Asbestos High School one evening. Mr. George Laxson, the new President, conducted the meeting. Plans were discussed to have the Adult Education School join with the work of the Home and School Association.

Mr. G. M. Boyd was called to Sherbrooke suddenly. Her brother Mr. Fred Oates was very ill and had been rushed to the Sherbrooke Hospital. Sincere sympathy is extended to Mrs. Boyd and to all the family.

All hope that both Mr. Fred Oates and Mr. Earl Oates will soon be able to return home from the hospital.

Mr. William Ross has returned from Montreal and was accompanied home by his brother, Mr. Robert Ross, who has been taking a summer course in McGill University and Sir George Williams College.

Mr. Gordon Clark is receiving treatment in the Canadian Johns Manville Hospital. All hope that he may soon be feeling much better.

Mr. Edward Geraghty, of Lawrence, Mass., was a guest of Mrs. E. C. MacGonigal, Chasse Street. Mr. Geraghty came over from England as a young boy, and lived for a good many years around the Pinnacle. It is twenty-five years since he left for the United States, and he saw many changes on his return, especially around Asbestos Mines.

Mrs. E. E. Heelis has gone to Montreal for a few days.

The United Church Sunday School had its first meeting for the fall session with the following staff: Miss Jean Ross, Superintendent; Mrs. James Gilbert Organist and Teacher of the Junior Boys; Miss Lillian MacGonigal, Treasurer and Teacher of the Primary children; Miss Dorothy MacGonigal, Miss Rita Robinson and Miss Dorothy Deeley.

Mrs. Fred Ward is the guest of her parents, Mr. and Mrs. Walter Bryne, St. Hubert Street.

Congratulations are extended to Mr. Hubert Whitehead, who has received the Canadian Johns Manville Scholarship, entitling him to two years at the Technical School, Shawinigan Falls, with all expenses paid. Mr. Whitehead is the son of Mr. and Mrs. Roy Whitehead, King Street.

Mrs. Sutor accompanied by Mrs. Norman Farrar and Miss Jane Farrar, motored to Lennoxville, where Miss Jane has enrolled at Bishop's College in the Science Course.

Rev. Mr. Ross was in Ulverton where he conducted the service for the induction of the new minister, Rev. Mr. Kerr, into the United Church there.

Lt. William Ross and Miss Jean Ross motored to Drummondville.

Mrs. Roy Whitehead accompanied her son, Mr. Hubert Whitehead, to Shawinigan Falls, where he will enter Technical School. All wish him the best of success.

### SAND HILL

The Ladies' Guild met at the home of Mrs. Walter Blodgett. The meeting was opened with the Lord's Prayer. The business meeting was presided over by the President, Mrs. Reuben Copping. There was a large attendance. After adjournment, delicious refreshments were served.

Friends of Capt. L. W. Paige will be interested to learn that he is stationed at Melfort, Sask. His wife and daughter, Arlene, have left to join him.

Mrs. James Swinden and two children, of Sherbrooke, spent a week at the home of Mr. and Mrs. Gladwin Blodgett and family.

PO. D. R. Paige has returned home after visiting his brother, Mr. Carl Paige, and Mrs. Paige, in Grenville, Ont.

Eleanor Laberge, Merna Savage and Peter Wilkins are attending the Lennoxville High School.

## Sherbrooke Daily Record MYSTERY MAN

Every person attending the Boundary Rotary Fair in the Rock Island Armory on Thursday, Friday and Saturday nights, September 20-21-22, can enter this entertaining and amusing contest. Anyone can win. The rules are simple but must be observed: Approach the person suspected of being the Mystery Man and state: "YOU ARE THE RECORD MYSTERY MAN, I have a copy of the Sherbrooke Record in my hand!" Say just that, and nothing else. You must not ask if he is the Mystery Man. If the person challenged IS the Mystery Man, he will admit it and conduct you to the Rotary Fair Treasurer for your reward. The Mystery Man will be present every night of the Fair and will be a different person every night. He will be a well-known citizen of the Border Communities, and will mingle with the crowds between 8 and 11 p.m.

NOTE: You must carry a copy of the Sherbrooke Daily Record in your hand!

# JOE LOUIS TO RETIRE FROM RING IF DEFEATED BY CONN

## Brown Bomber Admits Conn Is Now Much Sharper Fighter Than In '41

By ELAINE KAHN  
Pittsburgh, Sept. 20.—(AP)—Heavyweight champion Joe Louis says he'll retire from the ring if Billy Conn beats him badly enough when the pair finally get around to their title meeting.

"It all depends on how I lose," said Louis. "If it's a close fight and I lose bad and I figure it's because I'm too old, I'll retire."

Then, says the Brown Bomber who is sporting a brand new hair-line mustache, he'll go to California because "I like it there."

The champion is not making predictions on a Conn-Louis bout. Re-

mindful that Billy the Kid had confidently announced he would knock him out, Louis just smiled and said: "Maybe he knows about that. I don't."

"Conn is a rough man," says Louis. "He looks good and he's put on some weight. No question about it, he's also a much smarter fighter than when we last met in 1941."

The champion, clad in army khaki with a too tight windbreaker binding his powerful shoulders, was in town for the Sammy Angott-like Williams fight last night and refereed a three-round exhibition between Conn and Al Patterson, Pittsburgh.

## LOLLAR SMASHES HOMER TO BREAK 4 TO 4 DEADLOCK

Baltimore, Sept. 20.—(AP)—Sherman Lollar, the International League's 1945 batting champion, drove a terrific home run into the left field stands tonight with one on in the tenth inning, to break a 4-4 tie and give Baltimore Orioles a 6-4 victory over Montreal Royals in the crucial fifth game of their play-off series.

The smash, coming with two out, broke up a tense game that saw Baltimore take an early 4-0 lead, only to have the battling Royals tie it up with a brace of runs in both the sixth and seventh innings.

Thus, the teams leave for Montreal and the sixth game Friday night, with Baltimore holding a 3 to 2 edge in the series.

## Jacobs Takes Boxing Law Into Own Hands; It's About Time Somebody Did Something

Boxing in New York has become so muddled with weird happenings that even Mike Jacobs views it with alarm. And, brother, that's something.

It was a slap at the commission when Promoter Jacobs, disgusted by the board's inept handling of the epidemic, promised to take the law into his own hands and do a little suspending on his own hook.

Immediately following a commission meeting to hear a charge and counter-charge of "fix," sandwiched in between mis-matches and unsatisfactory endings, the board permitted Danny Bartfield to tackle Willie Joyce in a Madison Square Garden main event despite the fact that everybody within the fringe of the dodge knew the lower east side lad had not one, but two bad hands. They also knew that Bartfield couldn't whip one side of the polished Joyce with two good hands.

Yet Bartfield was officially okayed to be cut up and belted until he decided to quit in his corner following the sixth round.

After 13,071 people had paid \$51,677 to see a fighter who admitted he was helpless take a beating, Chairman Eddie Eagan of the Commission wanted to know what kind of an examination was made of Bartfield's hands by the board's doctor.

That's the trouble with the commission. It's always asking questions of this kind after the damage has been done.

Alarmed at the rate of fiascos and such, Promoter Jacobs finally threatened to suspend Willie Ketchum, manager of Bartfield, which means he would have nothing to do with any of his fighters.

"I think he put one over on me," said the old Broadway ticket scalper, with his usual considerate thought for the public. "He must have known that Bartfield's hands

were not right."

All that came of the charge and counter-charge of "fix" were two 60-day suspensions "for not notifying the commission of an alleged attempt to bribe in time."

In time for what?

When Willie Glizenberg, manager of Freddie Educia, finally did get an opportunity to advise Secretary John M. Christenson and Deputy James Bruno at the weighing in, hours before his heavyweight was knocked out in a Garden main event by Freddie Schott, the commission did precisely nothing about it. Perhaps this was because the fight was for the heavyweight championship of New Jersey.

Anyway, the commission tossed out the counter-charge, which allegedly would have arranged a "fix" for welterweight champion Freddie Red Cochran, on the ground that the dirty work was to have been done in New Jersey.

Glizenberg says he twice attempted to advise Eagan of the allegedly proposed bribe. Told three days before the fight Eagan was too busy to see him, he requested that the chairman telephone him at Fiducia's Summit, N.J., camp. When the call didn't come, Glizenberg called the commission office only to be told that Eagan had left. He was asked to put his important communication in writing. There wasn't time for that, so Glizenberg waited and told Eagan's aides the day of the fight.

The point is that supervising boxing is an all day and all week job.

There have been too many smelly bouts since Eagan took charge early this year.

Eddie Eagan may have been a remarkable amateur, but this job calls for a professional.

If the boxing racketeers insist on handling fight racketeers with kid gloves, it's high time to put horseshoes in them.

## NEWARK BEARS DEFEAT TORONTO BY 6-5 COUNT

Newark, Sept. 20.—(AP)—In one of the most exciting finishes ever seen in the International League play-offs, stocky Mike Portner cracked a three-run homer with two out in the tenth inning here last night before 7,085 to wipe out Toronto's two-run burst in the top half of the overtime frame and give Newark Bears a 6-5 victory which carried them into the final play-off round against the Baltimore-Montreal survivor.

## Tigers Falter Before Bob Feller As Advantage Over Washington Cut

By JACK HAND  
Associated Press Sports Writer  
Prospect of a fourth Detroit-Chicago World Series hit a snag today with the Tigers faltering before Bobby Feller's one-hit shutout pitching.

The Cubs held up their end of the bargain as Hank Borowy broke the Cardinals' "hex" with a 4-2 decision in 19 innings in St. Louis. It was the ninth victory for the former Yankee whom Larry MacPhail sold to Chicago for a reported \$70,000 "because he couldn't win after July 4."

If Chicago does hit the pennant grade, much credit must go to Borowy who has lost only two games since leaving New York in late July and holds two important decisions over the Red Birds. Counting his American League triumphs, Hank now has a total of 19 for the year.

Just when it appeared certain that Billy Southworth's World Series Champions were going to cram another shutout down the throats of the Cubs, needing only one more out in the ninth for a 1-0 verdict, Andy Paiko ruined George Dockins' day with a tying single. The National League Leaders then went on to score three times in the 10th on only one base hit for their fifth success in 19 meetings with the Birds.

It's now three games for Chicago on top of St. Louis in second place with only nine to go, an overwhelming advantage as the two clubs go into the final game of their all-night series at Sportsman's Park.

Things were not so happy in the camp of the Detroit Club which saw its American League advantage over the Washington shrink to a single game after the 2-0 shutout by Feller's Cleveland tribe.

Jimmy outlaws Texas League single in the fifth inning saved the Tigers from the humiliation of having a no-hitter thrown against them in the thick of the race.

One long clot by Jeff Heath, his 15th homer of the year with one man on, was the difference between Feller's near-perfect job and a combination three-hitter offered up by Les Mueller, George Caster and Tommy Bridges.

Feller, who failed in his only start against second-place Washington, now has faced the Bengals three times. Holding two decisions over them, it is possible he may work one of the three remaining tilts between the two clubs.

While Washington tangles with the Yankees today in the opener of a two-game series preparatory to a final three-game set in Washington, Detroit must meet Cleveland again and then face St. Louis Browns this week-end.

If the Senators can sweep all five remaining games, the Tigers must take five of seven to tie or six to win. What looked like a sure thing for Steve O'Neill's gang after they had taken three of the first four in Washington now has become a nerve-racking scramble that probably will not be settled until late next week.

Most important of these lesser major league games played yesterday were the two contests in the Yankee Stadium where St. Louis sunk the Yanks twice, 6-5 and 4-3, both times in 10 innings. The results left New York three full games out of third place, threatening them with a fourth-place finish for the
