**Pithy News Notes.**

John Dillon, M.P., ill at Chicago, has suffered a relapse.  
Hon. Jos. Chamberlain sailed yesterday for South Africa.  
Several Belleville merchants were swindled by a bogus check man.  
The British House of Commons adopted the Brussels sugar convention.  
Two persons were killed and eighty-two wounded during riots at Havana.  
British trade returns show increased exports to the colonies and to the United States.  
The King of Italy has given \$40,000 to various hospitals to signalize the birth of a daughter.  
Jews in Roumania have, by a recent order, been barred from practising law or acting as lawyer's clerk.  
The students of the Hanoverian University, Prussia, have decided not to accept any of the Rhodes scholarships.  
The City of St. Thomas, Ont. began operating its own street car service yesterday morning.  
Yarmouth, N. S. Conservative nominated Mr. Thomas E. Corning for the Commons.  
Sasforth carried the by-law to lead Mr. John Dick of Toronto \$10,000 to operate the woollen mills.  
A collision of two freight trains on the C. P. R. near Myrtle injured an engineer and fireman and destroyed half a dozen cars.  
Sir William Macdonald of Montreal has given an additional \$25,000 towards the Macdonald Institute at the Ontario Agricultural College.  
The jury returned a verdict of not guilty in the case of Pietro Lapore who was charged with murdering a fellow countryman named Marchione, in Montreal, some months ago.

**ADDERLEY.**

We had a light fall of snow last week which disappeared in a couple of days and we are having fine weather again.  
Messrs. Wm. Ives, Richard and Willie Wright have gone to the States, where they intend to spend the winter.  
Mr. Fred. Marshall has returned from South Stukely where he spent a couple of weeks visiting his parents.  
Mr. Donald Crawford of St. Pierre, Baptiste, died on the 11th inst., after a lingering illness. The funeral service was conducted by the Rev. H. C. Sutherland.  
Mr. Allan Crawford, accompanied by his sister, Mrs. M. Willcock of Montreal, came home to attend the funeral of their uncle.  
Mrs. H. Lowry, of Manchester, N.H., who has been visiting her brother, Mr. John Kelso, for the past week, has returned to Inverness.  
Mr. C. J. Hill, of Richmond, and Mr. A. P. Kelly of Campbell's Corner, were here quite recently and erected a monument in memory of the late Mr. John McKinnon and his two sons.

**Chronic Biliousness.**

**In Its Trial Follow Horrible Dreams, Despondency, Melancholia And General Weakness.**

The proper elements needed to promote good digestion, regularity of the bowels, correct action of the kidneys and liver, must be supplied when a bilious condition of the system is once established. Ferrozone can't help but do this. It gives the stomach perfect rest, and allows you to partake and enjoy the variety of food that is necessary for maintaining health. One Ferrozone tablet taken after each meal will separate the nutritious portions of the food from the waste, which is carried off, thus preventing and curing constipation and its attendant evil, piles.  
Being a potent blood purifier, Ferrozone cleanses the crimson flood of all bile and impurities, and as a result the complexion is restored to a rosy, healthy hue, and the dark circles under the eyes and the deathly pallor of the cheeks, go away never to return. Taken for disorders of the stomach, commencing with biliousness, and ending with derangements of the liver and kidneys, Ferrozone achieves marvelous results. It is at the same time a tonic and stimulant, and a regulator of all bodily functions, and chronic sufferers should not fail to give it a fair trial. It will do them good without doubt, and if the malady is curable it will yield to Ferrozone.  
With the use of Ferrozone appetite will be better, the blood made rich and pure, sleep will be dreamless and sound. Your muddy complexion will be cleared and beautiful, your eyes will acquire a new brightness, and as you breathe and good health returns, you will bless the day you learned the secret of Ferrozone's power.  
If you think you need Ferrozone go to the nearest drug store and procure a supply. Refuse a substitute and insist on having the genuine Ferrozone, which costs 50 cts. per box, or 3 boxes for \$1.25. By mail from N. C. Polson & Co., Kingston, Ont.

**ABBOTT'S CORNER.**

Mr. Andrew Bassett and family left Saturday via the C.P.R. R. for Bossburg, Washington, U.S., where he intends to reside in future.  
Mr. Alfred Fisher, of Manchester, N.H., is spending a few days with old friends here.  
Mr. Chas. Gage is moving to Horford, where he has bought a farm.  
Mr. M. McMurry and Miss H. Hussey were in Sherbrooke Saturday on business.  
Mrs. Effie Palmer, of Boston, Mass., is here visiting her mother, Mrs. A. LeBaron.  
The Facto Brothers have the contract for sewing a large quantity of wood for Mr. Frank Gale of Waterville.  
Mr. and Mrs. Edward Maxfield were called to Sherbrooke Saturday by the illness of their sister-in-law, Mrs. O. Bean.  
Mr. Hamilton, of Sherbrooke, was here last week on business for the Sherbrooke EXAMINER.  
Mr. S. Clark has gone on an extended hunting excursion to New Ireland, Megantic Co.  
Mr. Austin Gilman, of East Hatley, has been stopping with his cousin, Mr. E. H. Woodward, of late.  
Mrs. Hattie McKay at last accounts was stopping at the home of Mr. and Mrs. Hiram McKay at Boston, Mass., being unable to proceed through illness on her journey to Colorado.  
Mr. Emery Lord has been tearing down and removing the buildings on what was once called the Isaac Lord farm for many years owned and occupied by Mr. Isaac Lord. He was succeeded by his son, Mr. Stephen Lord. Both raised families at the homestead and both have been dead for many years. Their children and grand children are dead and scattered and none remain to bear witness to the final act that removes the last landmarks of what was once the home of that generation are but shadows is exemplified in this instance.  
Miss Bernice Bassett and Mrs. Willis Bassett left for St. Albans and St. Johnsbury, Vt., Tuesday to visit friends.  
Aunt Rachel Adams left Tuesday for Manchester, N.H., where she will be cared for by her daughter, Mrs. Joseph Fisher.  
Mr. D. M. Bean, of Waterville, bought of Mr. Heman Call a fine Banner Boy colt Monday.  
Mr. Eugene Pool, of East Hatley, and Mr. Peter Swanson were in town Monday.

NO COST IF IT FAILS.  
Fleming Bros., Chemists,  
38 Front St., West, Toronto, Ont.

**Treatment By Christian Science.**

**To the Editor of THE EXAMINER.**  
Dear Sir:—In your issue of the 3rd, you published a report from New York concerning the death of a child under Christian Science treatment. The report contained the statement concerning two M.D.'s. "They swore that the child might have been cured by an injection of anti-toxin." I wonder what these M.D.'s would say concerning the 1145 deaths from diphtheria which occurred in Greater New York in six months after the administration of anti-toxin? When we consider the number of Christian Scientists in that city as compared with the entire population, it is conceded, that everything else being equal, the Christian Scientists are entitled to one death out of every fifty, and yet because they have had one out of 1145 they are brought to account. In the same family the Christian Scientists has healed three cases of diphtheria, and in former years four members of the family died under medical treatment. The mother of the family also has been healed of valvular heart trouble and dropsy under Christian Science.  
ALFRED FARLOW.  
Boston, Mass., Nov. 8th, 1902.

It is estimated that more than half the people in the world dwell in Asia.  
English has been made a compulsory subject of study in Austrian schools.

**Looking Over The Land.**

**Grand Trunk Officials Speak of New Railroad Project.**  
Mr. F. W. Morse, third vice-president, and Mr. William Wainwright, comptroller of the Grand Trunk, arrived at Winnipeg on Monday with Superintendent James of the Canadian Northern Railroad. Mr. Morse said their mission in the West was to look over the country with a view to the reporting on a new line.  
"We will build either from Gravenhurst or North Bay, a line north of the C.P.R. to Winnipeg," he said, "I have no hesitation in telling you there is no question of a purchase of the Canadian Northern Railroad lines. As to the route from Winnipeg to the mountains, I am unable to give particulars."  
The officials are guests of the Canadian Northern Railroad, and were called upon by Mr. D. B. Hanna, third vice president and Traffic Manager Shaw. They will be there till Wednesday.  
"The reason the Grand Trunk Railway should be favourably received," said Mr. Wainwright, "is the fact that it has been established so long. There will be no delay in commencing hauling material for each equipment. Works in the east will build new cars and locomotives at once. The line can supply the West with products from a manufacturing centre and carry wheat to the seaboard."  
The London Times resents the suggestion made by the Earl of Dudley for a conference of Irish landlords and tenants and others interested in Ireland.  
The London Financial Times thinks well of the project of the Grand Trunk trans-continental railway.

EXPOSURE to the cold and wet is the first step to Pneumonia. Take a dose of PERRY DAVIS' Painkiller and the danger can be averted.

ROBINSON. A council of Royal Templars of Temperance was organized here Tuesday evening, 18th inst., by Mr. Thomas G. Weston, Port Hope, Ont., grand organizer, with the following as officers for the ensuing term:

Select councillor, George Stokes; Past councillor, A. Whitehead; vice councillor, K. Stobey; chaplain, Rev. D. J. Mick; recording secretary, Miss S. Barwick; press reporter, M. L. Stokes; financial secretary, Miss E. Dawson; treasurer, Miss J. Mossman; Herald, Wm. E. H.; deputy Herald, Miss Pauline; compass, guard, Lionel Flanagan; sentinel, Robert Strappe; organist, Miss Minnie Colley. The Council is named Robinson Council, No. 46.

Meetings twice a month, 1st and 3rd Monday of each month.

Mr. H. Couture, foreman Bell Telephone Co., gave an address on the line for ten new subscribers here and the instruments will be placed soon.

Miss C. Oleson went to Sherbrooke Monday to learn dressmaking.

Mr. and Mrs. Edward Ellis, of Coleraine, were visiting friends here last week.

A large number from the village attended the box social at Mr. James Leonard's, Brookbury, last Friday evening, and spent a very pleasant evening. The proceeds were in aid of the R.C. Church.

Dairy Produce.

CHEESE. Montreal, Monday evening.—The cheese situation at present is a peculiar one, for nominally prices are 1c to 2c lower than they were a few days ago. As a matter of fact, however, they are nothing of the kind, as the current business on which the lower figures are based is made up of fall ends which are not finest fall goods by any means.

Butter. The butter market is quite strong, and finest fresh creamery was not obtainable today under 22c, and possibly a fraction more than that price was made today, as the tone was quite strong and the rise. At the wharf, about 100 boxes left factorymen's hands at 22c, subject to adjustment in warehouse.

Mail advices of the 15th from Montreal speak very flatteringly of Canadian creamery products. "Canadian creameries have risen from 2s to 1s per cwt. There is no question whatever but these butters increasingly challenge the supremacy of Danish, and the former monopoly of choice butter deservedly enjoyed by Denmark is being shared by other countries in a continually increasing degree."

LIVE STOCK TRADE. Canadian Cattle Steady in London.

London, November 24.—The trade in blackstock was quiet and the mild weather that prevailed which checked the demand considerable; in consequence, the tone of the market was weaker and prices show a decline of 1c since this day week with sales of choice American cattle at 14c and Canadians at 12 1/2c.

MONTREAL. There were 700 head of butchers' cattle, 30 calves and 1,200 sheep and lambs offered for sale at the East End Abattoir on Monday.

The butchers were out in large numbers and there was a fair demand for anything pretty good, but the common stock are still dull of sale without any improvement. In the low prices lately paid here, a few of the best steers sold at from 1 1/2c to 1 3/4c per lb. Pretty good animals at from 2 1/2c to 3c, and the common stock at from 2c to 2 1/2c per lb. The calves paid from 1 1/2c to 2c per lb. for their supplies. The sheep brought from 2 1/2c to 3c, and lambs from 3c to a little over 4c per lb. Few hogs sold at from 5 1/2c to 6c per lb., weighed off the cars.

Blackstock Threaten French. Paris, November 25.—The Liberte says the last mail from Martinique brings news that a very serious condition of affairs prevails on the island. Mr. Lemaire, the governor, is afraid to proceed to the interior, lest his absence should be the signal for a general massacre of the white population. The blacks are reported to be in a bad humor, and are saying, "Now that Mont Pelée has swept off half the French let us finish the remainder."

One Sows and Another Reaps. When you hook up the laces on your boots or shoes with such surprising facility do you ever pause to ask yourself who invented that most valuable and progressive trifle? Would it surprise you to learn that he was one Mr. Ship, and that he is now an inmate of the San Francisco poor house? His invention, which has been a fortune to its now proprietors, was sold for \$200. Thus one sows and another reaps, and the way of the inventor is often hard.—Free Press, Ottawa.

IMPERIAL DEFENCE.

Minister of Militia Makes Important Address.

Ottawa, November 25.—Canada's contribution to imperial defence was somewhat unexpectedly called upon the public attention by the speech of Sir Frederick Borden, at a meeting held yesterday afternoon in the Board of Trade rooms, convened to hear Mr. H. F. Wyatt, envoy of the British Navy League, to discuss the aims of the League. The speaker emphasized the necessity for the British navy as essential to the integrity of the Empire. He spoke of Germany and France "with their ambitious jealousies and rivalries," as "a constant menace to the power of the Empire and her best source of safety lies in preserving each part of the Empire from danger by powerful sufficient and efficient navy."

The Navy League, he said, had formulated a scheme for the creation of a Canadian naval militia which should receive its training for sea on the ships of the British navy.

Sir Frederick Borden, introduced by President Coates, said: I came to listen not to speak, but as a representative of the Government, I am glad I have heard the excellent remarks of Mr. Wyatt.

The Government of this country recognizes the importance of an efficient defence, and I am quite sure the people recognize their duty to put themselves in a position to bear a fair share of the burdens of the Empire. Because people differ as to the means to be adopted for saying they are against the measure, the British Government takes the view that all matters of naval defence should be under the control of the Admiralty and suggests that the colonies contribute a sum of money each year to the expenses of the navy, the Canadian Government does not assent to that. The country has expressed the desire to help the mother country and to take the first steps to form the nucleus of a navy. I shall be pleased to study any scheme that may be proposed and feel quite sure that some understanding may come. The Canadian Government is not trying to dodge responsibility, but at present is not prepared to ask taxpayers to expend any money without having a word to say on the expenditure of it. I know that one of the best guarantees of the integrity of the Empire is to be absolutely prepared against any possible contingency. I am grateful to Mr. Wyatt for his address. There is ample room to encourage and educate in the matter, and it is highly desirable to hold meetings of this sort and carry on the work."

Sir Jas. Grant and Rev. S. G. Bland followed in brief speeches, approving the formation of a league in Ottawa, and Sir Fredrick further supported his remarks, saying: "Canada in all matters of defence goes hand in hand with the Imperial authorities. She sent men to support the mother country in South Africa; the time may come when she will send ships on a similar errand. But nothing will be done hastily, and what is accomplished will be done step by step, hand in hand, with the Imperial authorities."

It was resolved to form a league, and the gentlemen present signified their intention of becoming members of it.

When Your Joints are Stiff and your muscles are sore from cold or rheumatism; when you sprain or bruise yourself, Perry Davis' Painkiller will take out the soreness and fix you right in a jiffy. Avoid substitutes.

LINDA. Matrimony seems to be all the rage here just now, there being three cases during the month with more to follow.

Mr. David Neal, of Drummondville, has disposed of his old home that place, and has moved here with his family. It is stated he will purchase a farm in this neighborhood.

Mrs. W. J. Hodswell has returned to her home after paying a flying visit to relatives here.

A large number from here attended the reception given by Mr. George Bushey, sr., given in honour of the marriage of his eldest son to Miss Desruisseaux, Sand Hill. A very pleasant evening was spent.

The Cheese Factory closed a week or two ago after a very successful season's business. During the month of October the patrons were paid over \$1,000 per hundred for milk. Messrs. George Hedge & Co., Montreal, handled all the output from this factory and gave excellent satisfaction.

American Capital in Canada. Major Bittinger, consul general for the United States at Montreal, has sent his annual report to the State Department of Washington. It states that millions of dollars of American capital have recently been invested in the Dominion in agricultural and timber lands, and mining and manufacturing industries. In addition to these investments he adds that many American syndicates have been looking over the ground in Canada in the last few months.

Relieve these Inflamed Eyes! Pond's Extract. Reduced one-half with pure soft water, applied frequently to the eyes, the congestion will be removed and the inflammation instantly relieved.

ISLAND BROOK. Mr. Fred. Sunbury was in Montreal with a carload of fat sheep. We saw Mr. T. B. Johnson from Eaton in town last week.

Several people are repairing their buildings which make an improvement to our little village. We expect to hear the sound of wedding bells in the near future.

Mrs. J. Sawyer has returned home to the States. Mrs. A. Todd and wife have moved into Mr. Redmond's house better known as the Wilford house.

Mr. and Mrs. Horace Holbrook returned from Manitoba last week. We are pleased to see them back. At the present time of writing it feels like winter and the roads are hard and rough.

EUSTIS. Seldom has it been our duty to record a death that has awakened such very general sympathy and caused such deep sorrow as that of Miss Mollie Little, who passed away at her home near this village on Thursday morning last, after a brief illness. She succumbed to typhoid fever followed by severe complications. All that unremitting care and assiduous medical skill could accomplish was done, but in vain. The remains were interred in the Reedville graveyard on Saturday afternoon, November 22nd. A funeral service was held in the neighbouring church, Rev. Mr. Cooper, of Minton, delivering an appropriate sermon filled with comforting words to the afflicted relatives. The deceased will be much missed in the community as well as in her home circle, for she was a young woman of singularly amiable disposition, modest, gentle, kindly, patient, with a helpful word or a pleasant greeting for all. Although she has left us, the good tradition of her life will remain to inspire and elevate those who knew her, for the thoughts and deeds and memories of such a truly Christian life do not perish.

Put new life into you! A strong statement but it is borne out by facts by those who have taken the D & F Emulsion; write Miss Black, Supt. Grace Hospital, Toronto, and ask her what she thinks of it.

WATERVILLE. Temperance Sunday was observed here at the Congregational Church last Sunday. A temperance sermon was preached at the morning and also at the evening service by the pastor, Rev. Mr. Craik. It was also observed at the Sunday School services when all the scholars present signed the pledge. We are very much pleased to notice that the churches are taking hold of this good work. If they persevere they will surely succeed, as the chairman of a state liquor dealers' association remarked in his annual address, "The churches can do us no harm, if they will, and they know it."

Mrs. A. C. Spafford and daughter are visiting friends at Newport, Vt., and also at Collinsville, Conn. They expect to be absent about a month.

Mrs. C. O. Peterson spent Sunday with friends in Victoriaville. Rev. Mr. Craik went to Danville on Tuesday last to attend the funeral of Mrs. (R. v.) Pollock, which took place on that day.

Mr. F. Gale is erecting a large water tank on top of his factory, which he intends to keep continually filled with water as a protection against fire.

The new horse sheds at the Congregational Church are drawing near completion. They consist of three separate buildings containing four large stalls in each building. The farmers and others can now have their family carriages and spanking pairs well housed during the winter.

Mr. Roy, of Montreal, was in town over Sunday. The water company is continually at work with a gang of men digging ditches and laying water pipes on Pleasant Street. They intend to supply the G.T.R. with water at their station here, and intend fishing it this fall.

The funeral service of the late Miss Millie Little was held at her home on Saturday afternoon. Interment at Reedville cemetery. Miss Little was highly esteemed by all who knew her. She was well and favorably known in this village having been a pupil of our Model School some years ago.

John Twiss was found dead in a stable at Seaford, Ont., where he was employed, with his hand grasping an electric light wire.

Forty cases of smallpox have been discovered at Rochester, N.Y.

Subscription \$1.00 per year in advance; six months 50c., three months 25c.

WEDNESDAY, NOV. 26, 1902.

Monday Brand Soap will wash a house from cellar to roof, but won't wash clothes.

A regular term of the Superior Court opened this morning, with Mr. Justice Levesque presiding.

The Street Railway was closed down yesterday owing to a break in the water wheel at the power house.

The annual meeting of Sherbrooke County Liberal Association will be held on Tuesday, December 2nd, in the Association Rooms, Odell Block.

Geo. Gagnon, of Dudswell, was arrested at the instance of Mr. Plante, Dudswell, charged with the theft of tools from the latter's property. The case will be heard this afternoon before Judge Mulvena.

The Court of King's Bench, which was adjourned on October 23rd, will open on Monday, December 1st, when it is expected by that time the Court of Appeal will have rendered judgment on the reserve case in connection with the Belanger conspiracy trial.

The New England supper and entertainment under the auspices of the ladies of the Methodist Church will be held in the lecture hall of the church on Friday evening, December 5th. In the afternoon the ladies will hold a sale of useful and fancy articles, tea and light refreshments will also be served. Particulars will be given later.

A social was held in St Peter's Church hall on Tuesday evening the purpose of which was to give the rector, Rev. Dr. Shreve, an opportunity of meeting the young people of the Church. There was quite a large attendance, and an informal programme was rendered taken part in by Miss Kate Edgell, Miss Bradford, Miss Amy Dumbell, Messrs. A. F. Fraser, H. H. Morency, A. H. Genge, C. F. Bowen, and W. F. Carter. At the close of the programme refreshments were served. The evening was a most pleasant one.

Plymouth Congregational Church.

This evening at eight o'clock, the regular mid week service will be held in the main auditorium of the church. The subject of the address will be "Life as a ladder". At the conclusion of the service there will be meeting of the officers and committee of the Young People's Association.

Trackman Injured.

An Italian employed on the C. P. R. track was struck by an engine near Jolville this forenoon and seriously injured. He was removed to Sherbrooke, and the ambulance conveyed him to the Protestant Hospital. Dr. Worthington was called. It is thought the man's skull is fractured as he has a bad gash on the back of the head.

Danville Man Robbed In Montreal.

Omer Wagner, a carter, twenty-two years of age, took a taxi cab to the Central Police Station in Montreal, Monday night, for protection. Wagner, a Lieut. Provost, who was on duty in the station, that he found the man lying in St. Paul street and that he called a cab to take him to the police station. The carter who brought Wagner, and the man who he was supposed to be protecting to the station, told Lieut. Provost that Wagner had the watch belonging to the intoxicated man. Provost put a few questions to Wagner, and he soon found that Wagner not only had the man's watch, but also his pocket book, although he denied it at first and told the police officer two or three different stories. Wagner was locked up on a charge of suspicion of theft. The man who was brought to the station was too drunk to give his name but from the name on his pocket book, he is supposed to be Hormidas Beliveau, Danville, Que.

PERSONALS.

Mr. J. Keith Edwards was in Montreal yesterday on business.

Mr. J. H. Walsh, general passenger agent of the Q.C.R., was in Montreal yesterday.

Mr. H. R. Fraser, batonnier of the Bar of the St. Francis District, recently attended a general Council of the Bar of the Province of Quebec.

Col. C. King expects to leave Sherbrooke on Saturday or Monday next for Hamilton, Bermuda, to spend the winter, returning to the city in May next.

DORIAS—CABANA.

St. Michael's Cathedral was the scene of a quiet wedding yesterday morning when Miss Bella Cabana, daughter of the late H. C. Cabana, prothonotary, was united in marriage to Mr. A. P. Dorias, advocate, Montreal. The ceremony was performed by Bishop Bruneau, Coadjutor Bishop of Nicolet, Mr. Tanguay, Rev. Father Giguere, parish priest. Owing to the family of the bride being in mourning the invitations were limited to the members of both families. Special music was rendered during the ceremony. After the ceremony a reception was held at the home of the bride's mother on Wolfe Street, and the newly married couple left on the B. and M. on their honeymoon trip to Boston.

LENNOXVILLE.

Diphtheria has broken out in Lennoxville. One little girl died a few days ago and two little boys are now ill, but improving. In consequence of many being exposed, it has been thought best to close the village school for a week. Every precaution is being taken to confine the disease and it is hoped no new cases may develop. The village Council are removing elms that have long encumbered the sidewalk on College Street and their removal will be followed with other improvements on the same south side of the street from the C. P. R. track to the river and Mr. J. White.

On the street Mr. David Harrison is erecting a very pretty house. A cage as it were where we shall expect in due time to look for more than one occupant. This house makes the street full.

The musical people of the Methodist Church are rehearsing for a concert about Christmas.

Just now we in snow, slush and mud waiting for Jack frost to put in his usual visit.

Notes From Coaticook.

Mrs. Fowler of Compton, and Mr. John King and son, Clyde, from Craftsbury, Vt., spent last week in town the guests of Mr. and Mrs. J. N. White.

We regret to hear that Mrs. Wm. Clark has been obliged to return to the Royal Victoria Hospital, Montreal, where she went for medical treatment some months ago.

Mr. J. A. McCabe, of the E. T. Bank, Sherbrooke, spent Sunday in town the guest of Mr. and Mrs. E. N. Robinson.

Rev. Mr. Hunter, lately pastor of the Baptist Church, returned last week for a short time, and occupied his old pulpit at both services last Sunday.

The funeral of the late Miss Jessie Thompson took place yesterday afternoon at St. Stephen's Church.

Rev. Mr. Stevens conducted the service, assisted by Rev. G. H. Parker, of Compton. The burials were Messrs. F. E. Lovell, P. L. Baldwin, L. M. Thomas, F. H. Malony, C. B. Charlewood and E. H. Campbell.

The casket was covered with beautiful flowers, the gift of many sympathizing friends.

On Friday forenoon and evening, coffee and cake were served at the reading room by Miss Draper and her willing assistants, when the rooms were well filled throughout.

At the end of the evening it was found that the funds were enriched by the sum of \$18.

Hospital For Tuberculosis.

Montreal, November 25—A public meeting will be held on Saturday afternoon next at 4 o'clock in the Art Gallery, Phillip's Square, for the purpose of discussing the expediency for the erection of a tuberculosis hospital in Montreal.

His Excellency the Governor General has consented to preside, and a number of the surgeons and prominent citizens who have taken up the movement, will speak. It is the intention to have the meeting appoint a citizens' committee to actively push forward the project and secure the necessary funds. It will be remembered that a few days ago a meeting of the men who originated the idea was held, and it was then decided to call a public meeting.

The Argenueuil Campaign.

Calumet November 25—A well attended and enthusiastic meeting in the Liberal interest was held in the school house on Saturday evening. Messrs. Paterson and Hamilton addressed the meeting in English and Mr. Geoffrion in French. In spite of the bad state of the roads quite a number of Mr. Christie's supporters drove in from a distance, and showed by their enthusiasm, that the electors in this section are well satisfied with the Government, and the Liberal candidates, Mr. Christie, Mr. W. H. Walker acted as chairman.

New Church For Farnham.

Farnham, Que., Nov. 25—The foundations of the Farnham Roman Catholic Cathedral have been completed, and work has begun on the walls. This church when completed will probably be the largest and most imposing country church in the province. The walls are to be constructed of quarried gray limestone to a height of forty feet. The contract price for the masonry alone is fifty-seven thousand dollars. Contractor Prevost intends putting on a large staff of workmen and rush it to completion as soon as the spring opens.

RELIEVING TRAFFIC CONGESTION.

The grading and laying of ties and heavy steel rails has been finished on the S.P.R. double track from here to Brigham Junction. Ballast trains are now running over the line from end to end daily, distributing ballast and preparing the roadbed for the hauling of freight during the season. The completion of this track will greatly relieve the congestion of traffic in the Farnham yards, and will be much appreciated by all the operators.

BIRTHS.

HINCH—At Windsor Mills, on Oct. 31, 1902, a daughter to Mr. and Mrs. Henry Hinch.

WRIGHT HAND—At the home of the bride's parents, on the 15th Nov., 1902, by Rev. R. Smith, Angus J. Wright, of Ascut, to Annie Hand, of Lennoxville.

CONSUMPTION CAN BE CURED

EDITOR'S NOTE.—The Slocum System of Treatment for the cure of Consumption, Pulmonary Troubles, Catarrh, General Debility, and nearly all the ills of life, is medicine reduced to an exact science by the world's foremost specialist. By its timely use thousands of apparently hopeless cases have been permanently cured. The Emulsion of Cod Liver Oil is needed by some, the Tonic by others, the Expectorant by others, the Oxojeol by others still, and all four, or any three, or two, or any one, may be used singly or in combination, according to the needs of the case. Full instructions with each set of four free remedies illustrated here. Our readers are urged to take advantage of Dr. Slocum's generous offer.

THE FREE TRIAL

The honor of this effectively arresting the progress of this fatal malady rests with the wonderful system of treatment which has been reduced to an exact science for the cure of Consumption and for the cure of Catarrh and other prevalent conditions which pave the way for Consumption—that successful method evolved by America's greatest scientific physician, Dr. T. A. Slocum, whose great liberality, through his Free Trial Treatment, sent broadcast throughout this broad land, has contributed—set to the root of the most potent agency in the destruction of human life in this hemisphere.

His Free System of Treatment has arrested the hand of death in the cases of thousands of consumptives and has prevented the disease in countless instances. The Slocum Treatment consists of four distinct remedies for the cure of Consumption, Weak Lungs, Bronchitis, Catarrh, and all pulmonary and wasting diseases, and is based upon principles essential to the correction of function, the rebuilding of the tissues, the overthrow of parasitic animal organisms and the establishment of health in all the departments of the human body.

BOUCHER & LACROIX.

What has made our Store so Popular?

It is not for us to say. For we might talk all day about our methods and you would not know any more about it than you do now.

We want you to know. We want you to profit by it. Therefore we invite you to come and see for yourself.

We will try by honest dealings and fair treatment to gain your confidence.

You make stores, and just such stores as you want, by coming to those you like best.

We have studied, and are studying the wants of the public, and are using our help, our equipment and our facilities to give satisfaction to everybody.

Our aim is to keep only worthy goods, and our prices will speak for themselves.

We are in a better position than ever to command trade, and we want every body to realize it and to give us a trial. Remembering always that the more goods we handle the closer we can figure our profits.

Therefore we ask one and all, come and join hands with us and make this store your store.

Remember, Mr. Cash buyer, if you fail to get our prices you do yourself an injustice, for they are invariably the lowest.
