

ORMSTOWN EXHIBITION OFFICIALLY OPENS TONIGHT

While a variety show was held in the arena last night, Ormstown Exhibition officially opens tonight with the parade of floats and bands and the speeches in the arena. Last night's performance was an extra for the fans and from the attendance it was evidently well liked.

The parade as in other years will have floats sponsored by the pupils of the two elementary schools in Ormstown, Roman Catholic and Protestant, and we know from past experience that they will be good. Coming at Examination time as the Exhibition does, it really places a burden on the children to take part in and get everything ready. They make no bones about it, they go about it cheerfully and enjoy every minute of it. They want you to enjoy it too, so be sure you are at the grounds tonight to see this spectacle and cheer on our young people. There will also be the jetties, we believe there is a new group this year so you will have to watch this for sure. Then the Chateauguy Valley Pipe Band is putting on some special numbers and you won't want to miss this. It would appear that this official opening night is going to be a gala event all the way.

Of course every night this week and in the afternoons of some days the Horse Show will provide plenty of thrills and entertainment for everyone.

We understand there are more entries this year so there should be even greater competition.

There is a full house in the cattle dept. and here again patrons are invited to watch the judging of the various breeds to see what makes them all tick. This area breeds some of the finest dairy cattle to be found anywhere and when you see these animals on exhibition you are looking at prime stock in more ways than one.

If you want fun, the King Reid Midway is holding forth on the outside with all kinds of shows, rides and games at which one can win many fine prizes. Then too, if you want a hot dog, a hamburger, lemonade, toffee apple or fluff on a stick, you will find that there is too. All the fun of the fair you want, whether you are young or old will be there to enjoy. Anyway let the youngsters have some fun. The industrial building is filled with all types of interesting exhibits which will appeal to you this year. Out on the grounds more exhibits in machinery and cars will be on view for you to inspect and ask about. Those in charge just love to explain and show you all about their various lines.

The exciting CALF SCRAMBLE at Ormstown Ex. On Friday evening eighteen boys will be slipping, grabbing,

sprawling, and finally ten successful ones will have haltered ten Angus calves loaned by Mr. Norman McLean of Dewittville.

The winners will receive prizes of a value of \$20. The other contestants will receive consolation prizes of a value of \$10, each, all donated by Green Giant of Canada Ltd.

This is always one of the most exciting events in connection with the Ormstown Ex. It not only brings the audience to the edges of their seats but there have been occasions when one of the calves landed into the seats with the people.

The contestants this year will be as follows:

CHATEAUGUY COUNTY: Gerald Brown, Jim Bryson, Morris Craig, Doug Hamilton, Malcolm McDougall, Wayne A. Sproule, Ken Whyte, Ronald Winter.

HUNTINGDON COUNTY: Larry Cluff, Randal McLean, Richard McLean, Allister McNaughton, Freddy McNaughton, Fraser Moore, Glen Moore, Don W. Smith.

BEAUHARNOIS COUNTY: John McCaig, Ronnie McCaig.

On Saturday special performances will be given in the arena between classes of the horse show which will provide enjoyable relief entertainment for the last night of the great Exhibition. Get your friends and plan to make this the holiday event of the year for everyone. See you at the Fair.

REGIONAL HIGH SCHOOL PARENTS AND ADMINISTRATION IN CONFRONTATION ON REGULATIONS; NEW H & S IS FORMED

ADMINISTRATIVE OFFICERS OF THE CHATEAUGUY VALLEY REGIONAL SCHOOL BOARD AND A HANDFUL OF PARENTS OF PUPILS OF THE CVR HIGH SCHOOL AT ORMSTOWN CAME INTO DIRECT CONFRONTATION LAST WEEK. BOTH SIDES WERE CAUGHT IN DISARRAY. AND THE ECHOES REVERBERATE THIS WEEK UP AND DOWN THE VALLEY.

Friday, May 24, teachers at the school had an obscure notice addressed "To all interested parents in the Valley" placed in their pigeon-holes for distribution to their pupils, for a meeting four nights later, Tuesday of last week.

The notice, which brought out a little more than 60 parents of the nearly 1,000 students, read:

"The first Education Workshop with respect to Regulation I has now been held and we are now ready to move to the second phase of this important development involving your children.

"In order that you may be properly informed of our deliberations to date, you are invited to a general meeting..."

A canvass of the small but alert group in the lobby awaiting the late-starting meeting failed to turn up a parent who was aware, from the notice or other sources, what the meeting was about. But one summed up the sentiment of others by declaring: "This is the first word I've had from here since the school opened so I figured I better come."

On the platform were E. Y. Templeton, principal of the school; W. McIlravye of Valleyfield, described on his notice which was over his name as "Chairman, Workshop Committee" and Mrs. Barbara Fraser, of Chateauguy, who upon subsequent inquiry turned out to be a vice-president of the Quebec Federation of Home and School Associations, who spoke later in the evening.

Little Light Shed

It was evident from the opening remarks of Mr. Templeton who briefly called upon Mr. McIlravye, who in turn launched directly into a reiteration of the notice that little light was being shed on the purpose of the meeting. A call for enlightenment from the audience resulted in Mr. Templeton asking John A. Ferris, director of studies for the regional board who was also in the audience, to explain. He dwelt mainly on the excellent work accomplished during the winter by the workshop at Huntingdon Academy.

Mr. Wm. White, Principal of Howick Elementary School, spoke on the length of service of each. Mrs. Elliott having devoted twenty five years to the profession with fourteen years in Howick.

Mrs. Robertson had fourteen years teaching experience and eleven of them in Howick. On behalf of his staff and himself.

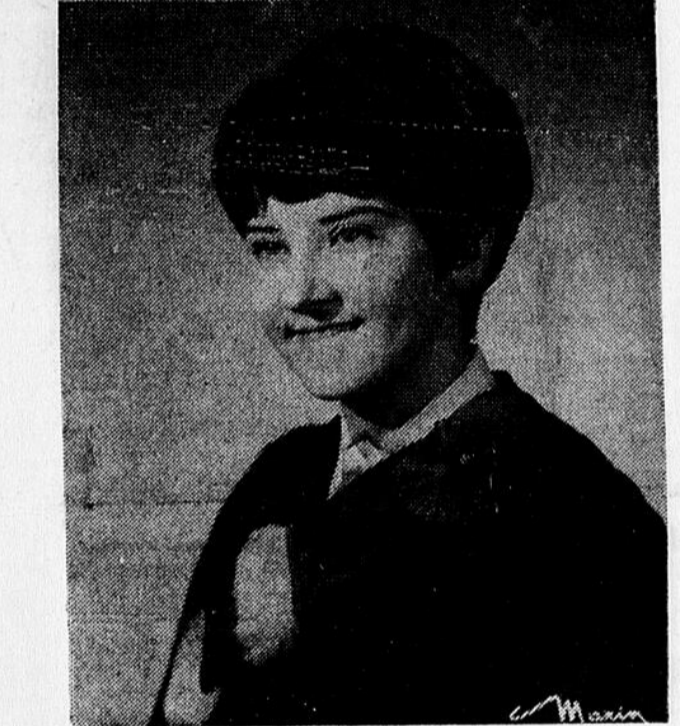

Parents' Consultation

He pointed out that, among other things, Regulation I provided for promotion of pupils by subject — an enlightened development which he lauded — and the inclusion of Grade VII pupils in high schools, emphasizing that these were matters upon which parents are required to be consulted. However, subject promotion had been in effect in the school since it opened last autumn, and plans had been completed as far back as in the planning of the school for the inclusion of certain electives under Department of Education regulations carried with it entitlement to possible additional grants from Quebec such as, for example, additional funds for the teaching of Grade VII pupils over and above those allowed for the same pupils when attending elementary schools. June 1 had special significance, he suggested, with regard to such future grants, and it therefore was desirable that the proper steps be taken.

Said Mr. Blake: Adoption of certain electives under Department of Education regulations carried with it entitlement to possible additional grants from Quebec such as, for example, additional funds for the teaching of Grade VII pupils over and above those allowed for the same pupils when attending elementary schools. June 1 had special significance, he suggested, with regard to such future grants, and it therefore was desirable that the proper steps be taken.

St. Anicet Girl Wins Scholarship To Oxford

Miss Primeau, daughter of Mr. and Mrs. Wilfrid L. Primeau, of St. Anicet, graduated from Notre Dame School, Huntingdon, in 1964. She has been attending the Institut Pédagogique, Montreal, also directed by the Sisters of the Congregation of Notre Dame, and will shortly receive the Bachelor of Education Degree. She has signed a contract with the Huntingdon Regional School for 1968-69. Miss Primeau was the Huntingdon 'Centennial Queen' in 1967.

Miss Primeau, one of a large number of candidates entered by Teacher-Training Institutions, was one of the five awarded a Clara Capp Travel and Study Scholarship to Oxford and Britain, this summer. The other winners are Miss Lorraine Brault, of Montreal, also of Institut Pédagogique, Montreal.

Two Teachers Are Honored At Howick

Shown in the photo above are Mrs. Robertson and Mrs. Elliott, the two teachers feted at Howick.

Following a recent meeting of the Howick Home and School Association, Mrs. Florence Elliott and Mrs. Hazel Robertson were honored by parents and former pupils, and the Howick School Board.

Mr. Donald McKell, Chairman of the School Board, and acting as Master of ceremonies invited the two ladies to sit at the tastefully decorated headtable. After fitting and amusing remarks, Mr. John Murray, former principal of Howick High School, was called upon. He had served five years with Mrs. Elliott and Mrs. Robertson. "Mrs. Elliott," he explained, "is a professional teacher to the core. She got the best from her pupils."

As Mrs. Robertson taught Home Economics, and organized the cafeteria, Mr. Murray stated that anyone who could start the year with \$1,000, serve some 8,000 meals and end the year with a profit of over \$300, must be an excellent manager.

He then wished them both many happy years of retirement.

Huntingdon: THREE CANDIDATES FOR TWO SCHOOL COMMISSION SEATS

Nomination day for candidates to the position of School Commissioner was held on Monday in Huntingdon. Three candidates presented themselves to seek election. As there are only two seats open due to the regrouping of all school municipalities of the region, an election will be held next Monday, June 10th (See advertising for time and place).

The three nominees are: Mr. Karl Hans Burkhardt, designer; Mrs. Thérèse Galipeau, housewife; Mr. Fernand Guérette, manager.

It is the duty of all who are eligible to vote to cast their ballot. With the importance given to education these days, it is of the utmost importance that the taxpayers take their responsibilities and choose to represent them the commissioners whom they judge the most apt to fill the position to the best interests of all concerned.

Please note that the elections will have to vote for two candidates on the same ballot paper (see specimen in advertisement) and that the poll will be held at the Knights of Columbus Hall on Dalhousie Street.

Town Council Sanctions Permit For Cookie And Confectionery Retail Store On Lake Street

The monthly Huntingdon Town Council meeting was held on Monday, June 3rd at the usual time and place. In the absence of Mayor Cappelle, Alderman McGerrigle presided; all members were present. The minutes were read and approved. The monthly bills were also approved for payment.

A request from Father Garneau to use the park for an open air Mass at 8 p.m. Thursday, June 13, for the Corpus Christi procession was granted.

Help Wanted! COUNTY CIVIC CENTRE POOL OPENS IN COUPLE OF WEEKS

Mr. Richard L. (Dick) Tinker has supplied the following progress report concerning the County Civic Centre swimming pool that is of interest to all in Huntingdon and area. The pool is in place and tilting is now taking place. Officials state the pool will be open to the public in a couple of weeks and, as announced previously.

Mr. Fernand Daoust's request for a permit to operate a cookie and confectionery store on Lake St. was granted.

Mr. Arthur Ringuette inquired as to when the sewer and water project in the North section of town will begin. He was informed that this will be done as soon as possible.

Moved by Alderman McGerrigle, seconded by Alderman Brisebois that a study be made regarding the re-routing of industrial waste from Chateauguy to the Centre St. sewer. The Town foreman informed the Council that he had installed a number of water meters in business places as requested.

Funeral Service Thursday For Mae O'Connor Conducted By Family Friend Reverend Father Georges Quenneville

"She Loved Her Community"

A Requiem Mass was for the celebration of Holy Eucharist marking the passing of our friend Mae O'Connor on Thursday, May 30th, for one life to the other. The news of Huntingdon's most loved this death — shocking, sad and respected citizens, Mrs. Mae L. O'Connor, Reverend Father Georges Quenneville of the Hudson, a long-time family friend, sang the Mass assisted by Reverend Father Marcell of Herdman and Abbe Gareau, the latter representing Monsignor J. A. David who was in hospital at the time.

St. Joseph's Church was well filled with parishioners and friends of the late Mrs. Mae O'Connor.

In his sermon, Reverend Father Georges Quenneville stated "We are gathered here

SHOCK, DISMAY, DISTRESS, SORROW were among first reactions to news this morning that Senator Robert Kennedy was the victim of an attempted assassination at 3:15 (DST) after winning last night's U.S.A. Presidential Primary in California. Two bullets struck him (one in the brain) the other a superficial hip injury. A team of six neurosurgeons removed the .22 bullets and the world is fervently praying his fate will not be the same as his brother's, President John Kennedy, assassinated in 1963. Police have apprehended a man and charged him with assault to murder. At time of writing 10 a.m. reports are that Senator Kennedy came through the 3-hour 10 min. operation successfully. Despite overwhelming odds and a terse report of his condition as 'very critical' there is reason for hope of recovery.

Interested In Huntingdon County Hospital

ROBERT JAMES CLARKE Athelstan

The following will show the efforts made by Mr. Clarke in behalf of the Huntingdon County Hospital and the results obtained to date. There is certain encouragement in the Premier's reply.

Robert James Clarke, Athelstan, Huntingdon County, P.Q. April 10th, 1968.

Personal Hon. Daniel Johnson, P.C., Q.C., M.P.P., Premier of the Province of Quebec, Parliament Buildings, Quebec, P.Q.

Dear Mr. Premier:—

I wish to bring not only to your attention, but also to recommend to you the problem of the Huntingdon County Hospital.

The hospital is carrying on with inadequate quarters, according to their Annual Report of 1967.

From the report, that appeared in the Huntingdon Gleaner of March 27th, I quote in part, the Chairman of the Board of Governors, Mr. François E. Cleyn, as follows:—

"All our efforts should be channelled to the acquisition of a new wing for our hospital, so that our medical and nursing staff will have the chance to give the sick people of our community the best service possible."

"As it stands now, our present building is inadequate for the treatment of outpatients, unhandy to operate efficiently and can only be improved by replacing it."

Unquote.

The authorities at Quebec have known about it since — 1965.

In fact, at the Annual meeting back in 1966, Chairman L. A. Sanderson, addressing the meeting had this to say, and from The Gleaner of May 4th, 1966, I quote in part, Mr. Sanderson, as follows:—

"You will recall that at our last Annual meeting, Dr. McCrimmon, Kenneth Fraser and myself were delegated to present a petition to the Deputy Minister of Health for our new hospital."

"From newspaper reports, you will recall that your hospital's delegation was courteously received but were unable to get any commitment."

DANIEL JOHNSON Premier of Quebec

OFFICE OF THE PRIME MINISTER QUEBEC CITY April 30, 1968

Mr. Robert James Clarke, Athelstan, Huntingdon, Quebec.

Dear Mr. Clarke,

Thank you for your letter of April 10, 1968 bringing to my attention the problem of the Huntingdon County Hospital.

I have taken note of the comments in your letter and also in the clipping you enclosed from the Huntingdon Gleaner of April 3, 1968. I will convey your remarks to the Minister of Health, Hon. Jean Paul Cloutier, immediately.

Please be assured, Mr. Clarke, of my regards.

Sincerely,
Daniel Johnson,
c. c. - Hon. J. P. Cloutier.

"The Deputy Minister asked for certain additional information, including photographs of the present hospital, both of its interior and exterior."

"These pictures were taken and forwarded on to the Deputy Minister of Health, along with the additional information requested."

"The Department of Health also sent an engineer to look over our hospital and though we tried to get a copy of this report, we were advised that it was confidential to the Department." Unquote.

So far — nothing has materialized.

Speaking as a member of the community, and one who cares enough to know that there is no question of the need; I would greatly appreciate any positive action which may be taken by your administration for the hospital.

Wishing you a Happy Easter, and with warm personal regards, I remain,

Respectfully yours,
BOB.

Postscript — I wish to associate myself in principle with The Gleaner's editorial entitled, "It is about time something was done for Huntingdon County Hospital", that appeared in their issue of April 3rd 1968. A copy is enclosed herewith.

BOB.

Roger Bélair President TENTH ANNUAL FEDERATED CHARITIES CAMPAIGN LAUNCHED AT VALLEYFIELD Chateauguy, Beauharnois, Huntingdon and Vaudreuil-Soulanges Counties

The official opening of the tenth annual Federated Charities Campaign of the diocese took place on Sunday evening on the Escalé showboat, anchored in Valleyfield. Approximately 250 persons were present. The presentation of a play entitled "Piège pour un homme seul" was followed by a buffet.

In his remarks, the president of the campaign, Mr. Roger Bélair, invited the residents of Chateauguy, Beauharnois, Huntingdon and Vaudreuil-Soulanges counties to be generous and make a special effort to help those who are in need of help. "We have no right to let anyone rot in misery, be it physical or moral", declared Mr. Bélair.

Their combined efforts and your generosity will help make a success of this tenth campaign.

In closing, the president appealed to all men of good will so that the projects of the Federation become realities, that is help to the needy and construction of homes for the elderly people throughout the five counties.

ARMED MEN ROB BANK AT HEMMINGFORD ON THURSDAY

On Thursday morning, May 23rd, shortly after opening time, the Canadian Imperial Bank of Commerce in Hemmingford was held up for the fourth time in recent years. Three men wearing aprons with large pockets in front and hoods on their heads dashed into the bank. One carried a machine gun, the other two were also armed. The Manager, Mr. P. Laroche, a client and staff members, Mrs. Therese Ouimet, Mrs. Bourlerice, Mrs. Lee and the other Teller were ordered by the gangsters to stay quiet. One thug jumped out the counter and cleared out the only cash drawer open and in 42 seconds they had fled.

On the way out they were met by another unsuspecting client, Mr. Frank Pelletier. One of the gangsters crashed his gun down on Mr. Pelletier, just missing his head but injuring his shoulder. They jumped into a waiting car and fled east along Route 52. The get-away car was later found in the small Provincial Park

recently made on Route 52, a few miles east of the village. It was learned later that Mr. Maurice Patenaude, on his way to the Bank, saw the men rush into the Bank and he immediately rushed into a service station on the corner and phoned the police but before they could get there the culprits had disappeared. When the robbers entered the Bank the one who ordered the staff to say quiet spoke English but later they were heard to speak in French. It is understood that between \$5,000 and \$7,000 was stolen. The MacGregor family who live at the side of the small park east of the village said later that on the Wednesday evening their dog barked incessantly and would not be quietened so they let him out. He immediately rushed over to the Park but as it was dark nothing could be seen. It is thought the gang were holed-up there then, waiting for morning. The Provincial Police are investigating.

guided tour of the N.Y. Aquarium in Brooklyn. Quite a crowded schedule. It was a tired but happy group who arrived back in Mooers at 6 a.m. on Friday morning!

Visitors
Mrs. H.T. Timmerman, sister of Mr. Gunther Gnass, with her husband and son Michael, of Latrobe, Penn. have been visiting with the Gnass family this past week. The previous week Mr. T. Timmerman, Mr. Gnass's nephew, with his wife and son Scott, of Port Arthur, were visiting here too.

Mr. and Mrs. William Werry and baby Gayle spent Monday with Mr. and Mrs. Clifford Greer. Mr. Werry who is with the U.N. in Iran, is home on leave for four months. Mrs. R. Werry spent the past week with her daughter and son-in-law, Mr. and Mrs. C. Greer.

Sorry to hear Mr. Ryder is hospitalized in Montreal and underwent surgery on Sunday. Best wishes are extended for a speedy recovery.

Hemmingford Sport & Country Club Officials Announce The 'Back Nine' During Golf Week June 10 to 16, at Molson's Press Conference

On Wednesday, May 29th, officials and members of the Hemmingford Sport and Country Club were guests of Jacques Viau and Molson's Brewery at a Press conference held in the visitors' lounge. President Mr. Norman Fortin, Club Captain and Vice-President Mr. Edwin Keddy, Manager Mr. Henri Legault, Pro Gerry Huot, the Ladies' President Mrs. Mabel Perry and Captain Mrs. Gertrude Gibeau, together with the Directors and a large number of members met and talked with sports reporters of Press, Radio and Television.

of the Club for 1968. A delicious cold buffet was enjoyed and everyone declared the liquid refreshments was the best they had ever tasted! Jean Beliveau, Jacques Plante and K. Dalton assured me they would be visiting the Club during Golf Week so have your pencils and autograph books ready all you small boys.

And what did they talk about? What else but the official grand opening of the completed 18-hole course and the special 'Golf Week' which will commence on June 10th and run until June 16th.

We spotted Norman Fortin and Henri Legault being interviewed by a reporter from Radio CKLM and the television cameras roamed around the room taking numerous shots of happy groups and several celebrities present. Tall Jean Beliveau, with his foot in a cast, and Jacques Plante were in great demand for picture-taking and autographs.

Copies of the booklet containing a short resume of the history of the Club (in English and French) with some interesting pictures, just hot off 'The Gleaner' press, were distributed to all present and it was announced that all the gentlemen of the news media had been made honorary members

Wandering through the rooms in which visitors are received I discovered a veritable treasure house of historical artifacts. There were personal letters and books of the Molson family dating back as far as the 1700's and many interesting articles which deserved much more than the quick scrutiny I was able to give them at the time. I was given a cordial invitation to return and was assured that visitors are always welcome.

Our hosts were graciously thanked by Mr. Fortin for the delightful lunch and for the opportunity of meeting so many members of the sporting world, both writers and layers. The radio interviews and television pictures were heard and seen on the various stations later in the day and the sporting columns carried the interviews also. All this will, of course, bring to the notice of the public what we believe to be the finest and most beautiful Golf Course and Club in the area and we would like to share it with you. So come along and join us during our 'Golf Week', the weather man has promised a week of sunshine!

Hemmingford Elementary School Annual Staff Celebration Held

Elementary School
The annual Staff party of the Hemmingford Elementary School was held at the Bowl Mart, Champlain, N.Y. on Friday evening, May 31st. Among those present, in addition to all members of the Staff, were Mr. and Mrs. Alister Somerville and the members of the School Board, the bus drivers and their wives, Mr. and Mrs. F. Matheson and several former teachers.

Barr on the evening of the 20th, anyone wishing further information or tickets for this event is asked to contact the school, Mrs. Ernest Merlin or Mr. Charles Barr by Monday, June 17th, at the latest.

After an appetizing turkey supper Mr. Somerville, in a brief speech, thanked the Principal, Mr. Robert McKay and the members of the Staff for inviting him and Mrs. Somerville to this annual gathering. It gave him the opportunity to thank all those who, by their devotion to their work, had contributed to the excellent progress maintained at the school during this past difficult year. Many changes had to be made both in routine and curriculum but they had been well handled and everything had progressed smoothly. Both he and the members of the Board had appreciated very much Mrs. Barr's decision in 1967 to remain one more year with Grade 6 and he complimented Mr. McKay on the success of his first year as Principal.

Hemmingford Cubs attend Rally
Hemmingford Cubs, 40 in all together with their leaders, Mrs. Yvette Ouimet, Mrs. Kay Petch, Mrs. Leila Holmes and Mrs. Teeny Wallace attended the annual Cub Rally held at Powerscourt on Saturday, June 1st. Mr. B. Keeton drove the bus which conveyed the boys and their leaders to the site and on arrival at 10:30 a.m. Cub John Rugenius led the Grand Howl. Games were played and other camps visited. Then came lunch with the hot dogs grilled over camp fires which were carefully watched by three Scouts who had come to assist, Michael Tobin, Jim Holmes and Andre Fortin.

An amusing amateur show organized by the boys was followed by a nature hunt, then came more games and a final Grand Howl. The group of tired but happy Cubs were driven home by Mr. Keeton who stopped at a local restaurant on the way and added his 'treat' to the day's enjoyment.

In his speech Mr. McKay said this past year had been made very pleasant by the excellent co-operation he had received from all members of the staff, he thanked them sincerely and added a special word for Mrs. Charles Petch who had kindly come in to bridge the unavoidable gap between the departure of Mrs. Kyle and the arrival of Miss Grey who was completing the year of Grade 7.

Senior Class Visits New York
Members of the Senior Class at Mooers Central School, among whom are three Hemmingford students, Raymond Germain, Scott McNaughton and Gloria Gnass, left on Monday morning last week on a bus trip to New York. They visited the N.B.C. Studios, Radio City Music Hall, the United Nations, Empire State Building, attended the play 'Mame' and saw the Yankees play the Mets at the N.Y.  Lord, let them rest from their labors, for their works follow them.

"Blessed is Mae who died alone in her home with God as the one and only witness. One more mystery of this life: she always enjoyed company, was the most hospitable and gracious hostess, and yet was alone at the most important moment.

Let them rest from their labors, for their work follows them.

"Here one has to be cautious for Mae O'Connor never publicized her good works and deeds. She would feel most uneasy hearing me unveiling her secret, daily acts of benevolence. She followed Baden-Powell's motto: 'A good turn every day'. That she did, and very often more than one good turn daily.

"Having no children of her own, she cast her motherly love on the community, having a strong inclination for those who were less fortunate, feeling at home with them, enjoying thoroughly the company of any one of her protégés and of her cleaning woman. She loved, understood and respected them.

"Mae always helped in parochial circles. She was a regular communicant, always at church on Sundays and often on week days. She will be missed by the clergy and the faithful of this church. She greatly admired flowers and unobtrusively she saw that the grounds of the church or the cemetery received 'a little brightening here and there'.

"This lady gave her support and more, brought her leadership into action in many fields of social life: Soldiers' Club, Huntingdon County Hospital, Red Cross; also in one particular field which she enjoyed very much, which is very explosive especially in a pulpit as this one: politics.

"Let us thank God for having given us such a friend, for having made it possible for us to enjoy her presence and to benefit from her charity, from her activities in civic circles.

"Let not your heart be troubled. You believe in God, believe also in Me. In my Father's house, there are many mansions, I go to prepare a place for you, that where I am, there you also may be. Mae is now at rest.

"For us, Thomas said to Jesus, 'Lord, how can we know the way?'

"Jesus said, 'I am the way and the truth, and the life.' 'Charity, humility, faith... let us keep on, let us fill the void created by this sudden death by following the same way, accepting the same truth and having the same style of life: 'I am the way, the truth and the life!'

The English parish choir sweetly sang Mrs. O'Connor's favourite hymns and their renditions of the funeral mass were greatly appreciated.

Members of the Ladies of St. Ann acted as honorary pallbearers and guard of honor and led the funeral procession with the banner of that society.

Mrs. O'Connor was laid to rest beside the body of her late husband, Dennis J. O'Connor in the family plot in St. Joseph's Cemetery.

Pallbearers were Dr. F. Gordon McCrimmon and Messrs. Harold Higgins, Robert Whyte, George Collum, Chester Pease and Austin Lefebvre.

Left to mourn her loss are a sister-in-law Mrs. John Leehy of Huntingdon; a brother-in-law and sister-in-law residing in Montreal, Mr. and Mrs. Walter O'Connor; a niece Mrs. Donald Ouimet (Bea Leehy) of Malone, N.Y.; two nephews, Vernon Leehy of Black River, N.Y. and James Leehy of Haverstraw N.Y.

 self, he extended good wishes to both.

Mr. Gordon Smith, President of the Home and School Association, presented the two honoured guests with China floral candlesticks on behalf of the parents.

Mr. Robert Tolhurst, on behalf of the School Board, presented a black crocheted purse to Mrs. Robertson. Mr. Merrill Tannahill presented a rug depicting the insignias of the ten provinces to Mrs. Elliott.

Former Covey Hill Couple Are Feted

COVEY HILL — Mr. and Mrs. Lloyd Waddell were surprised Saturday evening when they were taken to Havelock and saw their daughter June and son-in-law Gene. They found out it was a party for them which opened with the Grand March and congratulating the bride and groom of 40 years. Lloyd operated a store at Covey Hill for years, then he went to Montreal and obtained a position in a drug store. Gerald Bourdon was M.C. and spoke of Lloyd, how he loved parties. Then he called on Mayor Mr. Kenneth Sample for a few words.

Ken said that Lloyd had owned the first R.C.A. Victor radio and the boys would gather at the store and listen to Wheeling, West Virginia, etc. Bountiful refreshments were served and a wedding cake adorned the table. The Westernaires Orchestra furnished the music and everyone had a most enjoyable evening.

Dies in Calgary

Mrs. Lizzie Myrtle Watt McNeil passed away the past week in Calgary. She was the youngest daughter of the late John Watt and his wife Sarah Jane Burke. Myrtle went west to her brother Norman in Winnipeg and married twice. First husband Frank Johnson and second Neil McNeil who also predeceased her a few years ago. She is survived by nieces and nephews, Mary Gordon and Norman Watt's children in Florida and Winnipeg and Melba Watt, Mrs. Mervyn Forrester, Huntingdon.

Mrs. W. W. Barr attended the Deery-Proulx wedding in Montreal on Saturday.

Mrs. Florence Angell, Montreal and Mr. and Mrs. Donald Doe, Granby were weekend guests of Mrs. Chester Waddell and Clindell, also attended the Waddell Anniversary Saturday night.

Mr. Kenneth Leslie, Toronto, called on his friend Mr. Norris Sample on Thursday for a short time. Ken is working for G.E. and going to Newfoundland for 5 months. Little Miss Teresa Hébert is in the Barrie Memorial Hospital with a fractured leg.

Miss W. E. Stewart has returned home after a three-week vacation in London, Ont., guest of Mr. and Mrs. Eric Arnott and family.

Miss Bertha Montgomery and Mrs. Bill McFarlane, St. John were Tuesday guests of Mr. and Mrs. Chas. Smith. Miss Montgomery is retiring from teaching in June and being married in July.

Mrs. Chas. Smith spent the

One or two problems remain to plague officials: as yet there is no fence (required by law) around the pool and there is no building. The building is important: swimmers must have a place to change; showers are required; toilets are a necessity. Money is badly needed right now and some of the officials are more than a little despondent because recent appeals for funds have not had the anticipated results. People are prone to postpone donations until they find out what their friends are giving or else they just forget to mail their cheques. Scores of people have intimated their intentions of donating but they just seem to put it off. Right now, this week, an urgent appeal is made to everyone to mail a cheque to County Civic Centre, in care of R. L. Tinker, if they have any intention at all of contributing. It would appear that chances for government help are slim and this can be considered an earnest appeal by people who have already donated time, money and effort.

Now is the time, your contribution large or small, will be gratefully received. Another requirement is help. Voluntary labor is needed at the site and also at the Ormstown Exhibition Grounds on June 29th when the C-C-C would appreciate help at their

Each year the Montreal Branch awards four or five Clara Capp Travel and Study Scholarships to deserving students or teachers. The awards cover a 5-weeks stay in Britain travel to and from London, and throughout England. The Scholarship holders are accommodated for part in members' homes and have opportunity not only to see the country but also to fully participate in the way of life there. They will meet and work with students from other parts of the Commonwealth and the United States. While attending lectures at Jesus College, Oxford, they will live within the College itself. Visits include Buckingham and Blenheim Palaces, Stratford-on-Avon, Westminster and Coventry Cathedrals, Albert Hall, and other places of renown where they will witness theatrical productions, musical and other choice events.

The theme of the Lectures this year is 'Britain Today' and among the roster of top lecturers will be Sir John Slessor, Sir Edward Boyle, Lord Hinchinbrooke, Viscount Watkinson, Lord Walston, Alastair Burnet, Milton Shulman, Sir Thomas Armstrong and Sir Hugh Casson.

The Montreal Branch of the Union, with over 5000 members a number of whom are French-speaking, is the third largest in the world. It maintains exceptionally attractive club rooms at 2015 Drummond Street where an active and worthwhile programme is carried out during the entire year. Membership is open to everyone. However, Mr. Blake expressed uncertainty that the manner in which the present meeting had been called, in haste and at the last minute, would satisfy the department that in fact truly representative decisions had been taken.

At least two parents then expressed the view that, apart from the educational merits, the meeting had a responsibility as taxpayers to assure that all available grants would be forthcoming. In any event, they felt that the decisions for subject promotion and the inclusion of Grade VII already had been taken by others.

At this point, another question was told that the meeting could, in fact, vote against Sections 5 and 6 of Regulation I and effectively block, respectively, the introduction of Grade VII in September and reverse the subject promotion system which already had been in effect for almost a full school year.

A concerned mother, from an area some distance from the school, said she was not entirely happy about children of that age being transported so far to school and another parent threw in, for good measure, a protest that youngsters were not being stopped smoking on the school buses.

Another audience point, unrefuted by the chair, was that if parents had been made clearly aware of the importance of the meeting and the decision to be placed before it, there would have been a far greater attendance. Parents simply didn't know what help in the fight against illiteracy is not only a denial of human rights and an obstacle to social and economic development; it is also a threat to world peace. Dear Ratepayer of Huntingdon Catholic School Commission!

On June 10, 1968, you will elect two commissioners for the newly created regrouped school municipality of Huntingdon.

After due consideration and discussion with the former commissioners, I have decided to present myself for one of the seats.

I have the advantage of being completely bilingual, which I have proved to you on many occasions during my service as interim Secretary of our School Commission from November 6, 1967 until May 31 1968. This also made me acquainted with all your needs and the needs of our school. It will be my greatest obligation to help you to improve the school and look after its administration as I have done in the past, especially since I was the president of Notre Dame P.T.A. for 2 years.

I would like to take the opportunity to thank my proposer, Mr. Lawrence McCallum, and my seconder, Mr. Donald Deyette, for the confidence shown.

The Last Call For Ormstown Exhibition

ANOTHER year has rolled around and here we are at the period of Ormstown Exhibition, which never fails to stir the emotions that urge one to see more show. Each year the officials who plan the program and the events, watch to see where improvements can, or should be made. All is done with an eagle eye to making the exhibition just a little more attractive.

It is not easy year after year to bring fresh attraction to an annual event. Parts of such an exhibition must remain the same, its general make-up remains the same; it is what goes into the make-up that changes. New exhibitors, new exhibits, better ways of showing, more attractive prizes and so on, and so on maintain the interest. The program has to be presented to give the patrons the best at a time when they want to see it. The grounds must present an attractive appearance and the lighting arrangements must be such that night time has its pulling power.

Seating arrangements must be studied. Oftentimes sell-outs take place for certain nights, but this cannot be avoided. The officials try to accommodate all possible and to this end advise early booking of seats to avoid disappointment. Even at this late time, it may still be possible to get choice seats for various nights it attended to at once.

We suggest that everyone plan to attend this exhibition at least once during the period of its showing, more if it can be managed. There is much to see and it takes time. It is not really possible to see all in one visit. There is something to interest everyone in some area of the Exhibition. We suggest however, that you take a look at all the exhibits to learn what this area can produce and to see the type of stock that is raised here. To do this is to understand the real purpose of Ormstown Exhibition — to be the showplace of our area on these few special days each year.

Supporting The Cause Of Huntingdon County Hospital

FROM time to time representations have been made on behalf of renovations or additions to Huntingdon County Hospital both by persons and through the editorial columns of this newspaper. This is truly a genuine cause for the benefit of humanity, as this hospital serves the public of this surrounding area to a great extent. It would be sorely missed if it could not function at all.

Functioning now is done under many difficulties, but which are cheerfully overcome by the entire staff. There is a saying "one can get used to anything" that is more or less what is happening at the hospital as the staff knowingly surmounts the problems which have to be overcome. These problems could be overcome if renovations and additions could be carried out to the existing hospital. We have pointed this out time and again and at least one person in this area has taken up the cudgel and is attempting to support the plea for better facilities.

In this issue will be found a letter from Mr. Bob Clarke, who has had need to use the facilities of our hospital and has noted with some concern some of the difficulties that must be overcome. While deploring this and sympathizing with the hospital staff and officials, he

is loud in his praise of the services rendered by this same group while endeavouring to give the public using the hospital the best of care.

In an effort to try to help the situation, Mr. Clarke has written to Premier Daniel Johnson pointing out the conditions and the need for something to be done. He has quoted editorial comment from The Gleaner as well as remarks of some personnel of the Hospital Board. Mr. Johnson has replied that he has noted what has been said and has turned the matter over for attention.

We have no means of knowing what results Mr. Clarke's efforts will have, but we do hope that they may lead to something being done at the Huntingdon County Hospital very soon. In this too, we know we shall be speaking for the officials and the staff who have been patiently going about their duties in the hope that improvement will come soon. The matter has now been acknowledged by the head of the Government and there is hope that it will be followed through. We are presently waiting for further word that permission will come from Quebec to do whatever is required to make this hospital more up-to-date so that it may give even better service with improved facilities.

CBC 'COUNTRY CALENDAR' A NIGHT AT ORMSTOWN

The arena at Ormstown Exhibition resounded to the sound of Country Music last evening, June 4, as Country Holiday, a CBC programme was recorded for broadcast coast to coast at a later date.

A record crowd was on hand and late comers could find standing room only. Bobby Hill, a well-known country music artist in this area, acted as host of the program and Charlie Gursky of radio and TV personality was the announcer.

The first segment of the programme featured Bobby Hill and The Canadian Country Boys. Their rendition of The Orange Blossom Special, several old-time fiddle tunes, songs by Linda Lou, stories by Ronald D. Scott and The Battle of Chateaugay, sung by Bobby Hill was enthusiastically received.

Mr. Carlyle Dickson, secretary-manager of Ormstown Exhibition, during the course of an interview with Mr. Gursky gave a brief outline of the history of the 54-year-old fair and also gave interesting statistics concerning this year's show.

Red Smiley and the Country Cut-Ups from Wheeling, West Virginia were the next artists and delighted the audience with their fine five-string banjo picking and Blue Grass music.

Q.P.P. Are Investigating Two Robberies

Quebec Provincial Police are investigating two robberies committed during the last week of May. During the evening of the 25th, thieves entered the Rod and Gun Motel at Port Lewis and stole the contents of the basement. Part of the loot, valued at \$300, has been recovered.

The second robbery occurred on the 29th at the summer home of Mr. Robert Vernon Barber, located on the Dewittville side road about one mile from Rockburn. Mr. Barber, who lives in Greenfield Park and uses his country home on week-ends, reported that a valuable gun collection had been stolen from the cottage.

Agents Ferland and Lizotte of the Q.P.P. are investigating both cases.

Cards of Thanks

I wish to thank Dr. G. Lefebvre, nurses and staff of the Huntingdon County Hospital for the good care I received while a patient there. Also my relatives and friends for flowers, cards, visits and gifts.

Mr. Marcellin Demer

Many thanks to all our friends and relatives for the lovely 40th Wedding Anniversary party and special thanks to Dorothy and John Clark and Lois and Garth Waddell for giving us the nicest evening of our lives.

Lloyd and Lou Waddell

We wish to express our sincere thanks to relatives, friends and neighbours for Mass cards, floral tributes and other acts of kindness during our recent sad bereavement.

Family of the late Paul Flynn

The family of the late Jessie Older wish to thank friends, relatives and neighbours for their beautiful floral tributes and expressions of sympathy during their recent sad bereavement; also a very special thanks to nurse Yolande and staff of the Davidson Nursing Home for their wonderful care to our mother and wife, while a patient there. All was deeply appreciated.

Mr. Henry Older, daughter, Mrs. Wilbur Stowell, son Mr. George Older.

We wish to express our sincere thanks to relatives and friends for flowers, cards and gifts on our 45th anniversary. All was much appreciated.

Hazel and Martin Beattie

We wish to express our sincere thanks to Miss Lillian Rankin and her nursing staff for the excellent care shown our mother while a patient there; also to the doctors and nurses of the Barrie Memorial Hospital and for messages of sympathy, flowers and cards received during our recent sad bereavement. All was deeply appreciated.

The Craig Family

My sincere thanks to Dr. Kelen, nurses and staff of the third floor of the Barrie Memorial Hospital for kindness and care while a patient there.

Miss A. Baker

I wish to thank Dr. McCallum and Dr. Johnson and the nurses on the second floor of the Barrie Memorial Hospital for their kindness and care during my stay there. I also wish to thank all my friends and neighbours for cards and gifts.

Mrs. Fred Lee

A sincere "Thank You" to Dr. G. Lefebvre nurses and staff of the Huntingdon County Hospital for the excellent care received while a patient there. Also relatives and friends for visits and get-well wishes.

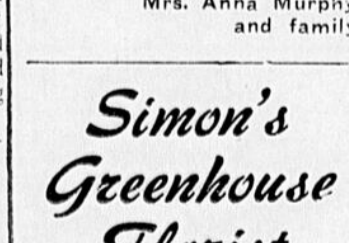

Linus Ouimet

We wish to express our sincere thanks to our relatives, friends and neighbours for their many acts of kindness, also for messages of sympathy, flowers and Mass cards received during our recent sad bereavement. All were very much appreciated.

MEMO FROM MRS. NANCY McCRIMMON — Tickets for the Caledonian Highland Games at Ormstown on June 29 must be bought this week or next if the Huntingdon County Hospital is to benefit. (See advt.) Also, please return all unsold books to Mrs. McCrimmon before June 15.

DAVE (King Corn Cob Dry Cleaner) ZABITSKY, president of the Huntingdon Branch of The Navy League of Canada extends an invitation to the local public to view the annual inspection of the "St. Francis" Sea Cadet Corp. on Wednesday, June 5 (tonight) at 7:30 at the Legion Hall. Commander E. V. Margetts C.D. will perform the inspection and he will be accompanied by Lieutenant Vaillancourt, District Area officer. Dave says: "We are looking forward to having you on board this evening. The public has shown such interest in the Sea Cadets and we would very much like you to attend as this will encourage the lads ever more in their endeavors."

THOSE NEW SIDEWALKS — Council is to be commended on the new blacktop sidewalks and curbs along Chateauguay St. Aldermen and contractor alike assure us Milady needn't worry about those high, sharp little heels digging into the sidewalk in summer any more than she does when crossing the street. Appearance-wise, there shouldn't be any complaint at all except from those who just don't take to black. Of course, Safety Sam says the sidewalks should be blue and Liberal leaders wanted red, but that's par and nothing to worry about.

TALKING ABOUT PAR, Joe Prairie, a member of the Hemmingford Sport & Country Club Inc. set a new club record for 18 holes: one over par 71. This was witnessed by fellow members Fred Coveney and John Pelkaus.

THAT WAS A GRAND OPENER for the '68 Ormstown Ex last night (Tuesday) sponsored by the CBC. Bobby Hill and his Canadian Country Boys thrilled music lovers from here, there and everywhere with the same ability as Red Smiley and the Bluegrass troupers from Wheeling, West Virginia. Frankly folks, Ormstown is hitting the jackpot with publicity and celebrities. Leading horsemen and cattlemen will be on the grounds every night this week and Ormstown Exhibition, recognized and patronized by at least three provinces other than Quebec and by four States, promises to be the best ever. Expo was tough competition in '67, but this year it seems everyone is planning at least a couple of nights at "the fair." The grand parade is tonight and there is something special going on every night. We suggest you buy a programme as soon as you get on the grounds... there's so much going on that a programme is a necessity. Everything is planned to the last minute at Ormstown Ex and you really mustn't miss anything.

LAST FRIDAY was Memorial Day south of the border and that accounted for the many extra U.S. cars on local streets and in stores. Schools, stores and other places of business were closed, of course.

JACQUES LE MAIRE of Les Canadiens played at Hemmingford Sport & Country Club on Saturday. We're told that 107 guests paid green fees on Sunday and the chef served 87 charcoal steaks.

ALDERMEN Laplante, McGerrigle, Legault and Brisebois paid a visit on Sunday to our Mayor who is in the Montreal General Hospital at present. While there they also said hello to Messrs. Steve McWhinnie, William (Billy) Boyd, Jack Kirby and W. R. Wilson, all local residents.

MAN AND HIS WORLD isn't the only place where those bogus bills are being circulated. We're told a recently married young Ormstown woman was victimized with a counterfeit twenty and in Huntingdon a couple of bad tens have turned up.

ONE LOCAL FISHERMAN who always does well got off to a bad start on Saturday at the lake: a slippery slimy son of an eel that was about 30 inches long. Tough.

TALKING ABOUT FISHING we hear some members of the Lefebvre family (Jean-Claude of CPLV), Dr. Marc (Huntingdon), Edgar (notary Place Ville Marie) of St. Lambert, Andre (sales manager) Montreal, Bob (Dorval Immigration) of Ville LaSalle and Roland (Customs) LaColle are applying to a remote lake after some big trout one of these week-ends.

BUD BOURGON claims when he isn't cutting grass at the lake or at home these days, he's raking those big brown maple tree seeds. Tough Bud, but where we come from we'd like to do those things but it takes all our time to slap away mosquitoes. Talking about the latter, they must have had a population explosion last year. And don't you think they're bigger? Too bad the poppa mosquitoes can't find some other fun during the long, cold winter.

NOTRE-DAME STARS took a trip to Champlain, N.Y. on Sunday to take part in a parade in connection with St. Mary's School Bazaar. Despite the rain, the girls also gave a performance on the grounds. The gathering showed its appreciation by a good round of applause.

At the McGill Convocation held last Friday, afternoon Miss Anne Fraser, daughter of Mr. and Mrs. Lester Fraser, received her Bachelor of Education degree. One Monday she attended the graduation ceremonies at Macdonald College where she received her diploma.

Mrs. Alma Fraser and David also Rev. Howard C. Fraser of Chateauguay attended the convocation at McGill, also the dinner for the graduates at the Berkeley Hotel in Montreal. Miss Fay Ferguson, daughter of Mr. and Mrs. Hugh Ferguson has just received word that she has been awarded a Trustee Scholarship of \$1700 and an Educational Opportunity Grant of \$800, toward her Senior year 1968-69. Fay has just finished her third year at the George Washington University and is now employed with Retailers Commercial in Washington, D.C. for the summer months.

Miss Barbara Fraser of Montreal spent the week-end with her parents, Mr. and Mrs. Donald Fraser, and Bill. Miss Doris Fraser of Boston, Mass. spent a few days last week with her mother, Mrs. W. D. Fraser.

ago and lost their seed, others waited but we've had too much rain lately. Bill Brown says if he doesn't get his corn in by the 10th, he'll forget about any more for this year; on the other hand, Mac Arnold isn't worried at all "I've planted corn during the last week of June and always had a good crop." There you are folks, but I just wish I had 100 acres to sow with anything.

SMOKERS, have you tried those cigarettes with the new filters? Lots of filter, not much tobacco. We know one fellow (not you Mac) who likes to blow smoke rings. Well sir, he huffed and he puffed but couldn't draw in enough nicotine, tar and other harmful ingredients to even get half a ring into the air.

HAVE YOU SEEN the two-storey privy near Cazaville? We don't believe it either, but we know some people who say that's what it is. (NO SIR, we aren't asking).

MAYOR LEO CAPIELLO'S trouble has been diagnosed as a fractured vertebrae and he is wearing a tight belt to correct the problem. He expects to remain in hospital for several weeks. Good grief man, we didn't say we'd look after those budge lights THAT long. (Wonder if the doctors and nurses have discovered his bark is worse than his bite?)

ABOUT BITES: rumor has it that a grey squirrel bit a lady on the hand the other day, right near the Gleaner Office. If she'd been any nearer and the squirrel able to reach, he might have bit her somewhere else. Frankly, we think the grey squirrels around here are pretty friendly. We like to think he heard the old doll raising heck because she hadn't received her Gleaner and we wish he'd been two feet taller (her subscription expired three weeks ago and she was flipping her cool because we didn't keep sending it to her "I've been a subscriber for 35 years and Mr. Sellar wouldn't have done that.") Maybe not M'am, and I'll bet it's more like 55 years.

WHICH REMINDS US to remind you that we aren't having a booth at the Ormstown Ex this year. We're sorry too but one of our key men who doesn't want his name mentioned is taking a well earned extra few weeks of vacation and we just can't spread ourselves any thinner and still get all the prize winners, etc. at the Ex. We hope readers will understand and mail in their renewals, classifieds, orders for Sellar's History, etc. Don't forget The Gleaner is only as far away as your phone, give us a call and we'll renew your subscription for another year and send along the bill at the end of the month. And speaking of Sid we know you all join in wishing him and Mrs. Smith an enjoyable holiday in England.

THREE CANDIDATES — One woman and two men were nominated on Monday to fill two seats as School Commissioners in Huntingdon. Mrs. Dan Galipeau and Messrs. Fernand Guérette and Karl Hans Burkhardt are the candidates and the election has been called for Monday. (See advt. elsewhere). More than 1900 are eligible to cast their ballots.

MRS ANN CAMERON, President of Br. 81 of the Royal Canadian Legion, returned Sunday evening after representing Br. 81 (Huntingdon) and District 13 at the Royal Canadian Legion Dominion Convention. The Convention this year took place at Penticton, B.C. and the local Legion President attended all sessions of the ten day convention. Ann is full of praise for Westerners in general and claims British Columbia is beautiful beyond words. "Ici nous parlons l'hospitalité" can be truly said in British Columbia also, according to the Huntingdon delegate.

TALKING ABOUT ANN CAMERON, she came home to face the problem of the County Civic Centre swimming pool again. Everything is going according to schedule, except for steel fencing which is holding up progress at the moment. The pool is in and a picture appears elsewhere showing the pool being filled with water for testing purposes. The pool will not be open to the public for a couple of weeks. All this sounds fine in print, but would you believe Ann and everyone on the committees are getting pretty well browned off with the whole project? The fact is that money is badly needed. People have been saying they intend to make donations but they just aren't materializing. The pool is paid for and all outstanding accounts but, before it can be opened to the public, a building has to be erected. The building is required as a change-house and it certainly should have toilets and showers. The town has offered to provide the toilets, showers, etc and have the plumbing done, but there has to be a building to put them in. Right now money is urgently required and those in Huntingdon and area who plan to donate are asked to do so this week. Cheques may be made payable to Mr. R. L. Tinker and official receipts will be given. Frankly government grants appear to be out of the question. Other centres have been catered to but it appears that the County Civic Centre in Huntingdon has to go it alone. Fine. If we can't get our share of tax monies back, let's finish off the project without grants (and let's have politicians conspicuous by their absence at the official opening on July First). Ann Cameron and her committees have sweated blood hours on end to complete this project and they deserve full support now. If you've already given, give again; if you've neglected to donate yet, please do so this week.

WHILE WE'RE TALKING POOL, volunteer labour is needed at the site and also on June 29 at Ormstown when the C-C-C is operating a hamburger and soft drink booth

Come on, get in the swim and help out.

THE ANNUAL CONCERT of the Kindergarten class will be held at Notre-Dame School on Sunday evening. All parents are invited to attend and see their children at their best. Admission is free.

CBC COUNTRY HOLIDAY — The opening night of the '68 Ormstown Ex was a tremendous success with 3500 people on the grounds. The show was highly successful from every point of view and Frank Heron, Bob Hill, Charlie Gursky from the CBC and the visiting Wheeling, West Virginia talent said later the huge crowd was an excellent audience.

TONIGHT (Wednesday) another record crowd is expected at the official opening of the Ormstown Ex. Assistant secretary Daryl Lang told a Gleaner reporter last night the advance sale of reserved seats for the arena show has been most encouraging. Last night all seats were taken and little, if any, standing room was left. Again we suggest Gleaner readers be on the grounds early tonight. (See report).

Witnesses Open Eastern Townships Bible Convention

Granby is to be the focal point for Jehovah's Witnesses in the Eastern Townships and South Shore Areas this coming June 7, 8 and 9. The site of the semi-annual convention will be the new Palais des Sports on Léon Harmel Street in Granby.

Mr. Miro Kowalenko, presiding minister of the Huntingdon-Rockburn congregation, explained that the Bible convention planned would accentuate the command of Jesus Christ to become preachers and teachers.

This preaching and teaching Mr. Kowalenko said, was a necessary thing. "Because no other generation of mankind has had such an urgent need for moral and spiritual strengthening. Morally and spiritually our generation is one of the weakest if one considers the tremendous increase in immorality, rape, murder and other violence from day to day."

Mr. Kowalenko went on to explain that each Christian has the responsibility of showing by his actions that his hope for the future, his faith for the future are solidly based on the Holy Bible. In speaking of hope for the future, he added: "What our young people need the most today to help them shake off their spiritual lethargy is a firm faith based on a clear understanding of God's Word, the Bible."

On the three-day programme Mr. Kowalenko outlined some of the highlighting subjects to be discussed in talk form and with an arrangement of stage demonstrations and pantomimes: "Strengthening One Another to Remain in the Faith", "Let Anyone Hearing Say: 'Come!'" and "Keeping Free from the Spirit of Complacency".

More than 800 delegates are expected at these sessions which will begin at 6:45 Friday evening. On Saturday at 1:30 p.m. a baptismal ceremony by complete water immersion will be held. About baptism Mr. Kowalenko says: "Jehovah's Witnesses copy the example of Christ Jesus in the matter of water baptism. Being dipped completely under the water symbolizes water baptism as being their burial to their past course of life, to do the will of God henceforth. For us the act of water baptism constitutes our ordination as a minister."

Sunday at 3 p.m. Mr. William Veenstra, provincial director

of the Witnesses, will discuss the following subject: "Why

Howick W.I. Members Hear Address By Mr. R. J. M. Reid

Howick W. I. held their June meeting at the home of Mrs. Bruce Cairncross, when 16 members were present to answer to the roll call which was "tell a natural weather sign used before modern forecasting."

A letter of thanks was read from the Salvation Army for the large load of clothing, paper, etc. that had been collected from the Howick district recently.

Petunia and salvia plants have been purchased for planting around the flagpole in the village and a committee was named to look after this task. An invitation was received from Dewittville W. I. to attend an evening in Huntingdon Presbyterian Church when Mr. Garth Stephen will show slides of the Chateaugay River. The president, Mrs. H. Greig, was named a delegate to the Provincial Convention in June. Home Economics convener read a letter from Mrs. Keddy County Convener, drawing attention to the advantages of belonging to the C.A.C.

Mrs. Greig introduced the special speaker, Mr. R. J. M. Reid of Hemmingford. His subject was soils. These are varied that what is necessary for good growth in one garden is just the opposite in another. The answer to this is to take a soil sample and have it ana-

lysed, then apply the correct fertilizer recommended for each case. There is often a deficiency of some element and if the wrong one is added, the result only makes the condition worse. Mr. Reid, who is an expert on this subject, cited a number of cases and the final outcome. For instance too much nitrogen on tomato plants will produce more foliage and stems but less fruit. It is better to use potash, even wood ashes is better.

He also stressed the fact that lack of boron in the soil is the cause of cracks on tomatoes, also blight and rot on the fruit, brown heart in turnips, woody beets, or dark cores in apples. A remedy for this boron deficiency in tomato plants is to add one heaping tablespoon borax in one gallon of water, put this in a watering can and drench the foliage at intervals from the time the blossoms form until frost.

As the soil ages, supplements may have to be added. Lime and potash do not burn the plants, but soil should be tested before they are applied. When using insecticides and herbicides BE SURE to follow directions for each kind. Protect the eyes, do not allow spray to dry on the skin. Do not spray on windy days. If you use a hand sprayer, keep it for one variety of spray. There are some bugs that are beneficial such as the colored red ladybug. If there were no ladybugs around, the

orchardist would have to use many other sprays as they destroy millions of aphids, thrip, etc. In California, ladybugs are raised and sold by the bushel. Frogs and toads also are beneficial, also song birds, even starlings eat bugs.

With the run-off from all the spray used, rivers and lakes are gradually becoming contaminated. This should be stressed by every organization and means taken to remedy it. Many questions were asked and were very ably answered. Mr. Reid's final warning was emphasized: BE CAREFUL, follow directions as if your life depended on it, as it does, and he cited a number of incidents where no help could be given and the person, having been careless, had died, or was maimed for life.

Mrs. Tolhurst thanked Mr. Reid for all the information he

Howick

HOWICK — Mrs. Robert Helmer, daughter of Mrs. James E. Keir of Calgary, received her Ph. D. (Chemistry) at the Convocation of the University of Alberta this past week.

Mr. and Mrs. Ross Hardy of Pembroke, Mass., and sons, spent a few days last week at the home of Mr. and Mrs. Roy Young.

Mr. and Mrs. Derek Munery of Waldwick, N.J. and the twins, Christine and Stephen, visited for a few days last week at the home of Mr. and Mrs. Arnold McKell.

Charles Adams of Coaticook popular teller at the local branch of the Canadian Imperial Bank of Commerce is reported to have suffered severe injuries on Friday night when his car overturned on Highway No. 4 near Ormstown. His companion Donald Morison, was bruised and scratched but was able to go for help and Mr. Adams was taken to the Barrie Memorial Hospital.

Eridal Shower — Lynne Brown was the guest of honour at a delightful miscellaneous shower on Saturday evening, May 25. About 20 former school mates and several relatives gathered at Barbara Logan's home, where they surprised the bride-elect when she arrived as pre-arranged.

The living room was decorated with baskets of lilacs and bouquets of fragrant lily of the valley, which made a pretty setting for such a party.

The many attractive gifts were opened and admired and Lynne graciously thanked her friends for their kindness.

Several brainteaser games were played and there was a steady flow of conversation for some time as everyone tried to cover the four years since they graduated from Howick High School.

Sandwiches and squares were served by the hostesses, Barbara Logan and Sandra McFarlane.

U.C.W. Meeting — Unit A met at the church hall on Tuesday afternoon, May 28 under the leadership of Mrs. Robert B. Tolhurst.

The worship service, based on the theme, "The Gift of Speech" was led by Mrs. Math McKell assisted by Mrs. John Anderson and Mrs. Walsh.

Rev. John Anderson gave the third study from The Panorama of the Bible, "The New Quality of Life." The Life of Love as shown to the world by Jesus Christ. A question period followed. These studies have been most worthwhile and rewarding.

Mrs. W. Bradley expressed the heartfelt thanks of the members to Mr. Anderson.

Mrs. Mackie read an interesting poem "God Send Us Men". Seventeen members answered the roll call with a stewardship item. Two visitors were present.

Routine business matters were discussed. Current

Mesdames Winter and Hooker Fêted At Testimonial Dinner

On Friday evening the staff of Ormstown Elementary School and School Board members entertained two retiring staff members at the beautiful home of Mr. and Mrs. Keith Greig.

Mrs. Marion Winter and Mrs. Willa Hooker were completely taken by surprise, when they slowly became aware that the sixty or more guests were gathered for the purpose of paying homage to them for long years of service as teachers and co-workers.

Mrs. Greig presented each lady with a corsage and Principal Leigh Coffin paid glowing tribute to the ladies, then introduced the three former principals of Ormstown High School, Professor David Monroe, Mr. Eric King and Mr. Clifford Moore. Each expressed regret at the resignation of Mrs. Winter and Mrs. Hooker but related many highlights of their associations with them.

Incoming President of C.V.A. Mr. Jack Johnson also spoke a few words of regret and of his pleasant memories as a co-teacher. Chairman of the School Board Mr. B. McGerrigle related many incidents of happy and not so happy childhood memories. Mrs. Genevieve Glover was then called upon to read the presentation speech, prepared in poem form by her and humorously decorated with the clever art work of young Robert Loree.

Both ladies were overcome when presented with beautiful gifts, by Mrs. McNicol, grade one teacher at OES. Mrs. Hooker received a winter chafing dish with tray and Mrs. Winter was presented with a magnificent Brass Vase.

Each one expressed her regret at leaving her profession, each one said that almost every teaching day brought its griefs and sorrows which soon passed

into oblivion as the more pleasant aspects of teaching and child association became evident. They graciously thanked all for the lovely gifts and tributes.

A delicious buffet dinner was served while all teachers and principals reminisced of old times.

Mr. and Mrs. Harold Coffin, Mr. and Mrs. Roger Birt, Nancy and Stephen and Miss Edith Coffin of Charlottetown, P.E.I. EXPO-STYLE CALEDONIAN HIGHLAND GAMES AT ORMSTOWN ON SATURDAY JUNE 29

By: Frank R. Stott, B.E.N., President The Caledonian Society of Montreal
This year's Caledonian Highland Games at Ormstown are assured of success, thanks to the imagination, driving energy, and administrative know-how of Rev. Alan G. Hasson, this year's Games will be the largest exposition of Scottish talent ever seen in Quebec.

27 Pipe Bands will take part in a double Massed Band March Past, before and after the main competitions. These bands include such champions as the City of Toronto Pipe Band, The Cameron Highlanders of Ottawa, The Worcester Kiltie Pipe Band from Massachusetts, The City of Wilmington Pipe Band from Delaware, The Granite State Highlanders Pipe Band from Greenland N.H., The Clan MacFarlane Pipe Band from St. Catharines, Ontario, The Pipes & Drums of the Chrysler Corporation Michigan and many others.

A host of Highland Dancers from all over North America will provide the hottest competition that Montreal's own Highland Dancers have ever faced. Edmond "Scotty" Porter, Canadian Open Highland Dancing Champion, will be expected to retain his grip on the Governor-General's Cup, which the late General Georges P. Vanier presented to our Society for annual competition.

Taking advantage of all the attention focussed on Montreal recently, our Society has invited thousands of Scottish organizations to support this unprecedented effort. Already, over 10,000 tickets have been sold.

The whole atmosphere of the day is going to be that of a gigantic family picnic. A complete programme of children's sports will be run alongside of the main events. A special section of the grounds has been set aside exclusively for Senior Citizens, who will be assisted by Mrs. Ed-ward Elliott.

On the local scene, the Caledonian Society's own official Band, the Saint Laurent Pipe Band, spent the week-end with the Summerfields in Massena. Mrs. Wilbert Gruer and Holly attended a shower in honour of Miss Allana Marshall on Saturday evening at the home of Mrs. Jim Winter. To comment on the day's proceedings, for the benefit of the

uninitiated, will be Dave Patrick of C.J.A.D. Radio Station, all 6'4" complete with kilt.

Scotland's bonny lassies will be represented by Miss Laurie Worton of St. Eustache, who won our first ever 'Queen of Scots' contest, and who will reign over thousands of admiring subjects at Ormstown on Saturday 29th June. The official opening is at 1 p.m.

Band, under Pipe-Major Iain G. Millington, is expected to provide keen competition for the visitors. The Town of Mount Royal Police Pipe Band (formerly the City of Montreal Pipe Band) will be another distinct local asset, under Pipe-Major Donald MacFarlane. Inverleann and the Black Watch are also expected to submit entries for local Pipe Bands.

In conclusion I wish to thank my colleagues in the Committee of the Caledonian Society and the many volunteers in Montreal and the Chateauguay Valley area who have been preparing for months for this greatest of Scottish events. Without the enthusiastic work of all of them, the Caledonian Highland Games would not now be poised for its greatest ever exposition.

Aubrey-Riverfield OBITUARY

The Late Mrs. J. J. Craig

The funeral of the late Marion McClenaghan, widow of the late James John Craig, who held in Riverfield Presbyterian Church on Friday afternoon, May 24th.

Mrs. Craig who had lived her entire life in this community was born on April 23rd, 1871 on the Australian Concession, the daughter of William McClenaghan and his wife Jean Bennie, where she resided until a few years ago, when she and her husband retired to Rosedale Cottage at Riverfield.

Mrs. Craig was a devoted wife and mother and was happy to spend her time with her family and looking after her beautiful flowers which were always a delight to see. She was a faithful member of Riverfield Presbyterian Church and attended the morning services until prevented by her failing eyesight.

An unfortunate fall last February resulted in a fractured bone in her leg which hospitalized her until her death. Although in extreme pain she bore her suffering with great fortitude.

She leaves to mourn her loss six of her children — Mervyn, Lois (Mrs. Everett Orr), Ruth (Mrs. Wm. Rorison), Esther, Lwida (Mrs. Ewart Orr), and Wallace as well as grandchildren and one brother, Robert McClenaghan of Ormstown. She was predeceased by one son, Willis in 1951 and her husband in 1961.

The funeral service was conducted by her pastor, Rev. Wm. Brown assisted by Rev. John Anderson and the choir sang "The Old Rugged Cross".

The pallbearers were Clifford Craig, Eldon Orr, James Chisholm, Raeburn Orr, Brodie Craig and Ross Craig.

W.I. Meeting
Grandmothers' night meeting of Aubrey-Riverfield W.I. was held on May 30th, at the home of Mrs. Ewart Orr and Miss Berta Orr. Following the Ode and Collect the President Mrs. Math McKell welcomed two guests Mrs. Ida Kerr and Miss Esther Craig. Nineteen members answered the roll call by naming an article found in a store twenty-five years ago and not found today.

Mrs. Wm. Allen reported the Salvation Army truck had collected a good load on May 23rd. Donations were handed in for the Christmas stockings. An invitation from Dewittville W.I. was read to attend an evening at Huntingdon on June 13th, when Garth Stephen would speak on water pollution and show pictures of the Chateauguay River.

Ten dollars was voted for prizes to Grade VI and VII in Howick Elementary School for the pupils making the most improvement during the year.

CHATEAUGUAY YMCA BLOWS UP!

Usually typesetters get the headings right for most newspapers. But even the best typesetter can't control all phases of news reporting. It takes a lot of men to put a newspaper "to bed". Teamwork is needed... just as in the YMCA!

A blow-up in newspaper terminology is usually a photograph which has to be enlarged for a feature section. It also indicates an article of value and importance to the community.

However, even without photos this time, the big news is here! We'll try to blow it up large enough so you can see the value.

The YMCA is reorganizing, re-evaluating, and Pierre Elliott Trudeau notwithstanding, the Chateauguy YMCA

elections will be held! Yes, friends, out of all those people you see in Chateauguy with their right hands twice the size of their left (you know, muscle-bound from electioneering) several may be those of our new board members. Not that any are politicians, it's just that hand-shaking is usual with any appointments to important functions, as you know. Anyway, it's the Y's election time again.

A gala night is planned for June 27th at the Georges P. Vanier Cultural Centre where the YMCA will elect new officers, present its regional annual report, and reward those who are helping to make the Chateauguy YMCA a

success. "A gala night?" I hear you ask. Well, anyway, coffee will be served. Later. More information in later news columns, but we are all enthusiastic about this meeting. It will be open to sustaining members and the general public.

Instead of "Chateauguy YMCA Blows Up", maybe we should have said, at least, "The Y is Expanding". Actually, a better title for the column this time would have been "Chateauguy YMCA Puffs Up", but that sounded a bit like anti-antidistestablishmentarianism.

Keith Strike,
Public Relations Director
Chateauguy YMCA.

Protest Garbage Trucks IRATE CHATEAUGUAY CENTRE CITIZENS BLOCK STE. MARGUERITE BOULEVARD

Some one hundred irate residents of the Ste. Marguerite Blvd. area of the Centre, armed with brooms, rakes and hoses blocked the passage of garbage trucks on Monday evening, protesting the heavy traffic of garbage trucks on the road.

The demonstration culminated in a series of verbal protests to the Centre Council (mentioned recently in News Notes) against the use of this road to get to a nearby dump. According to an informant, the trucks use the road until the small hours of the morning, besides all hours of the day, passing a playground where the area children play from early morning until dusk.

Other alternate routes have been suggested to the Company involved, however with no result to date.

Ian Watson Attacks South Shore Transportation Problem

A four-point program to tackle current transportation difficulties for south shore commuters was outlined by Liberal candidate for LaPrairie Ian Watson at a press conference held in the newly-opened St. Lambert Committee rooms on Wednesday evening.

Mr. Watson stated that he believed such a program, if implemented by the federal government, would go a long way toward solving the problem for all commuters and in particular for those in the Central South Shore area, including St. Lambert, Greenfield Park, Preville, Ville LeMoine and Ville Brossard.

He proposed:

1. That the National Harbours Board proceed without further delay, and in cooperation with the provincial and municipal authorities, to construct ramps connecting the Victoria Bridge with the Bonaventure Expressway.

"This would enable traffic from the bridge to disperse through the city via the Expressway rather than funneling into the Bridge Street bottleneck," he said.

2. That the Federal cabinet

should remove tolls for auto bus transportation on the Champlain Bridge to encourage public autobus transportation from the Brossard, Greenfield Park, LaPrairie area in Montreal.

3. That he, together with the municipal authorities con-

cerned, should meet with the Minister of Transport, the Board of Transport Commissioners and C.N.R. authorities to secure additional C.N.R. commuter train service for St. Lambert.

4. He would make every effort as M.P. for LaPrairie to persuade the Federal government to allocate additional funds for rapid transit feasibility studies. Mr. Watson pointed out that such studies should be undertaken for the entire South Shore area, which is hampered in its development by the limited existing facilities.

AT MERCIER PARK Little League Baseball Opens

Despite overcast weather which later turned to rain, the Chateauguy Little League (Baseball) season got off to a fine start in Mercier Park on Sunday afternoon.

First at bat was Mayor Joseph LaBerge who faced pitcher Ray Leduc, Little League President, Catcher was Lions President Bob Johnson and in the outfield were such sporting notables as Town

Sports Director Phil Depatis, Chief of Police Meloche, Alderman Phillip Bonneau, and Louis St. Jean Baptiste, President Albert Snyder.

Mayor succeeded, with the third pitched ball, in making a lustrous hit deep into the left field.

Apart from the opening spectacular, the opening game in the Major Division (ages 9-12) saw last year's champions, the Pirates, face last year's playoff winners, the Braves. The Braves emerged the winners by 8 to 2. Other teams in the Majors this year are Astros, Giants, Orioles and Yankees.

Next Sunday at Chateauguy North Park will see the opening of the Senior Division (ages 13-15).

Gala Parties Mark Opening Seignior Park Beach Club Swimming Pool Now Open

Just two months after the formation of The Community Association of Greater Chateauguy, the Seignior Park Beach Club opened its swimming pool to members last Saturday.

The Community Association was formed for the express purpose of keeping the Beach Club open on a non-profit community project basis, when the owners for the past six years, Concordia Estates Limited, decided to discontinue operations. A small group of Seignior Park Home Owners Association members conceived the idea of taking over the club. The odds against the group were prodigious, and it was early recognized that Seignior Park area alone could not hope to make a viable project.

From an initial response of disbelief, the Chateauguy public, with an assist from the Montreal area, gradually came to accept that the Community Association meant what it said, namely that the Club would open on June 1st.

A Club spokesman last weekend stated that as of opening day, the Beach Club had more paid-up members than joined in the full season last year.

In truth, although the weather conditions last Saturday were all and more than all that could have been expected, the pool water was cold enough to deter all but the most ardent swimmers. Nevertheless, Chateauguy's crack corps of the pool was crowded, mostly

the youthful segment of the membership. Professional lifeguards under the supervision of Pool Manager Guy Reid were in place and on time. Mr. Reid had the distinction to be the first man in, although the distinction was involuntary and unscheduled.

A planned gala party in the evening developed into three separate though intermingling parties on Club premises in the beergarten in the woods, the main hall and in the lounge. The theme of the evening was set as German Day, as the Club hosted the Chateauguy German Club in its final function of its season.

The three-piece Blanfunken Band from Montreal entertained the guests, who numbered some 300 in the largest function in Beach Club history.

Unscheduled entertainment in the form of an impromptu honky-tonk piano recital by Joe Blanche of Ville La Salle (quickly had standing room only in the lounge. It was later announced that Mr. Blanche will pay a series of return visits.

Although the pool is now open, official Grand Opening Day Ceremonies are not scheduled until Saturday, June 22nd. Following Expo's examination last year, there will be a series of national days, and the Grand Opening Day theme will be "Scottish Day", with a pipe band and, hopefully, the ever-popular Les Riveraines, Chateauguy's crack corps of the pool was crowded, mostly

No Increases For Mayor And Aldermen Ratepayers Turn Down Pay Increases For Town Fathers

A landmark in salary negotiations was achieved in Chateauguy last week. The occasion was the Electors' Meeting for the proposed increase in remuneration for the Mayor and Aldermen. 23 electors formally objected to the By-Law which would have increased the Mayor's salary from \$1,500 per annum to \$2,000 per annum. Rates for Aldermen would have increased from \$900 per annum to \$1,200 per annum.

Short of a referendum, the proposed increases are now effectively stalled. A spokesman indicated that there was no possibility of a referendum being held.

THUS THE TOWN OF CHATEAUGUAY HAS GIVEN A LEAD TO THE REST OF CANADA. NO STRIKE ACTION IS CONTEMPLATED.

Perspective:

BASEBALL FOR FUN & PROFIT

There is mixed reaction in Chateauguy this week to the announcement that Montreal has been given a major league baseball franchise. There were the sports fans who welcomed the opportunity to see big leagueball in the flesh. Others spoke of the prosperity that would come from such a large scale economic investment. Both in the operation of the club and the construction of a thirty-five million dollar stadium. Jobs will be created and money is bound to circulate.

There were even those who saw this development as a great moral booster for local youngsters, some of whom may eventually get their chance at the "big time."

As always, there are the pessimists who claim this as a foolish move. That Montreal is not a baseball town. That the area would not support

such an expensive operation. That the whole deal would be a financial flop. These of course are the same people who sneered at the thought of Expo. The same people who were laughing, a few weeks ago, at the very idea of Montreal getting the franchise at all.

Some people have completely missed a very large point in all this. That Montreal's Mr. Impossible, Jean Drapeau, has done it again. I take nothing away from the outstanding work of Gerry Snyder, it is doubtful if anyone else could have pulled it off. But let's face it, even Mr. Snyder could not have done it without the background figure of Mayor Drapeau. There seems to be nothing the man can't accomplish once he sets his mind to it.

As for those who think a lot of money will be spent

Don Chart Reports... THE WEEK AT SEIGNIOR PARK COUNTRY CLUB

After three months of back-breaking work the Club finally opened on Saturday, June 1st, right on schedule! The weather was perfect and even at this early date there were a good number of members who took the plunge into the pool. Water temperature was hovering around the 50° mark indicating that the swimmers were either extremely brave, a little foolhardy or that they just didn't know what they were getting into.

It had been anticipated that opening day would be quiet but it might just have well

Tony Cornford Speaker Parents Invited To Learn About Drugs At Julius Richardson Home And School Meeting Tonight

The Julius Richardson Home and School Assoc. has invited Mr. Tony Cornford, police officer and Program Secretary of the Chateauguy Y.M.C.A. to address a general meeting about drugs and its effects, which will be directed towards all parents in the Chateauguy area.

This timely information will be presented at the Julius Richardson School gymnasium, 25 Abbottsford on Wednesday, June 5th at 8 P.M.

This drug program will deal with various drugs, available to children, their effects, signs, symptoms and their legal status.

Because this subject is topical, the Julius Richardson Home and School urgently invites all interested parents to attend. Refreshments will be served at the conclusion of the meeting.

Mr. and Mrs. Emmet Cooney Of Colonia Suffer Injuries In Accident On Bonaventure Exp.

Mr. and Mrs. Emmet Cooney of Spring Crescent, Colonia were involved in a head-on collision on the Bonaventure Expressway last Saturday morning.

Mr. Cooney suffered both legs broken below the knee, and Mrs. Cooney a fractured arm and fractured collarbone. Both were taken to Montreal General Hospital, and their

condition is reported as fair. It is reported that the driver of the other vehicle involved in the collision was confused by directional signals and was proceeding in the wrong one-way lane.

Mr. Cooney is prominent in Chateauguy Little League, and was instrumental in starting the Senior Division four years ago.

Mrs. Jan Morgan FORMER TEACHER A CANDIDATE IN PROTESTANT SCHOOL BOARD ELECTION

A group of interested parents and teachers met last week-end to nominate Mrs. Jan Morgan as candidate for Commissioner in the Protestant School Municipality of Chateauguy's election, June 10th, in Ward No. 2, which includes the whole west side of the Chateauguy River in the Towns of Chateauguy and Chateauguy Center, namely West End and Chateauguy Station.

Mrs. Morgan, the mother of five children, has been a member of the staff at Howard S. Billings High School for the past six years, both as a teacher and Guidance Direc-

tor. Before coming to Chateauguy, Mrs. Morgan taught at Ormstown and Macdonald High, then took the position of Principal at Howick High School.

In her twelve years in the Chateauguy Valley, Mrs. Morgan has been very active in the field of education. She has served as President of the Chateauguy Valley Teachers' Association, Director of the Provincial Association of Protestant Teachers, and Chairman of the Curriculum Committee of the P.A.P.T. Last year she was granted her Master's of Education degree from McGill University.

Next year, Mrs. Morgan will continue her work in education in Montreal.

With the tremendous changes taking place in education, the group supporting Mrs. Morgan believes that the School Board should sponsor more participation by parents in the development of the schools. Besides feeling that administrators should enjoy the protection in their jobs as teachers do, they also hope to see an increase in the re-training of teachers, and a much greater programme of development of new courses of study to meet the needs of the children of Chateauguy.

Come To The Fair

SOMETHING OLD (China), NEW (Humor), BORROWED (Japan) and BLUE (Quebec).

by Russ Faughnan

This week's survey at Man and His World revealed that the honeymoon might be over as far as Expo visitors are concerned. Some boredom as we look at the old, but still some excitement as we gaze at the new.

China retains some of last year's exhibits. Unfortunately they did not keep the best. As in so many pavilions much has been replaced by photographs. We can only presume that there was not enough time to replace the old material. In this case, there is some very fine jade statuary and little else other than a fair restaurant and a handy out-door snack bar.

The Pavilion of Humour (Switzerland) is one of Montreal's new presentations. It is a resounding success, especially to those who saw the motley collection of cartoons at Place Victoria last year. These are all really well done, funny and expertly arranged. There is even a collection of humorous sculpture, some pieces hundreds of years old. Who would think that satire was not a new expression. A special feature is a half-hour showing of classic comedy films including Chaplin Laurel and Hardy and the like. Of course, the big attraction will be the giant 20-ft mural that faces the visitor as he walks into the building. It depicts a gathering of government leaders in a rather unusual (but apt) pose. We won't say more but don't miss it.

Japan is frankly, a poor show. Gone are the automatic cars, the computers and the closed circuit TV. All that is left is last year's furniture display, photographs and seemingly thousands of trays.

THE PRO SHOP

We hear that baseball fans are planning a "love-in" in the steps of Montreal City Hall. Gerry Snyder could be named "pitcher of the year" with no opposition. And how many local fans were saying it couldn't be done. In any event, now that it's here, how many of us can learn to be fans. We have never been a fan of this particular sport. In fact, we find the game a monumental bore. When this was passed on to our editor, he replied that we would not feel that way if we had ever suffered through a cricket match. Some consolation.

Of course the new stadium gives real hope to the football fans. It makes a major football franchise almost a certainty. And before that, at least once, perhaps a Gray Cup. In our book, that would make everything else worth while. And speaking of football, we see Ted Workman is featured in a local magazine telling his side of the story of his stormy years with the Alouettes. You have to read between the lines to get the full picture but it's pretty clear. The next installment will tell the "true" version of the Etchevery-Patterson trade but you can bet the really true story of that sad event will never be printed. Should be interesting though.

In the golf world, Arnold Palmer has finally agreed to make the Canadian Open coming up in a few weeks. And make it he will. Arn still packs 'em in but his game seems to be suffering. The rumor is that he may take time off, perhaps a full season. The next few weeks may decide it.

Over on the hockey front, the trades are running thick and fast. Draft time is upon us and we think you will need a program to tell the players

in vel posters. Fortunately, the attractive Japanese garden and pleasant restaurant remain. In the latter, food and drink is served at reasonable prices and in full native dress.

The telephone pavilion has become "Canada 1967 - Montreal 1968." The first half of the show is still that great Disney film in 360. The second part of the display shows how Montreal and Canada developed from the great explorers. Actually it is like a giant map room but including some large models of the city as it was and is now. The whole effect is a bit flat but we understand some additions are due.

Quebec is one of the few buildings still under government control. After Expo's display we did not expect much but were pleasantly surprised. There have been a number of changes, all for the better. As last year, the top floor is of little interest but at least what is there is real, not painted. The ground floor gives a pretty good idea of Quebec, its industry and Resources. Instead of a picture of a great crab, there is a giant crab. Also a great lobster and other equally ugly buttes. Still hard to describe and not much to rave about, but at least it's worth a walk through.

It is beginning to be clear that most new exhibits are equal to or better than last year. The old ones have suffered through the loss of their best material. Still, there is the site itself which is beyond description and which you can only appreciate when you come to the Fair.

in the coming season. Some of the big name changes will lift eyebrows. The reason is that there will be a big accent on youth over the next year or two. Watch for more "assistant Coach" appointments such as Doug Harvey with the St. Louis Blues. We note that Ville Lasalle is having a big Jacques Lemaire Day for the starchy Canadian rookie. A great way to honor a lad who has every chance to become a superstar. Reports are that he spends many a summer night playing ball with neighbourhood youngsters. Just the thing for a nervous bridegroom.

I heard a couple of little stories last week which seemed to indicate that the

French-Canadian so-called problem is being taken much too seriously. The first concerned a French-Canadian farmer in rural Quebec being interviewed by a newspaperman on the constitutional problem. "Constitution?" he said. "What's that? No, I don't want any of that - things are bad enough as they are!" The second story happened right here in Seignior Park last Saturday, when five small children on the swings sang in unison to the rhythm of the swing "Un jour - un jour, quand tu viendras."

Last Friday evening at the Clubhouse, for no particular reason that anyone could think of, was perhaps the best attended ever in the lounge - except of course for very special occasions. On the other hand, Ted Sonne was there with his guitar, so it really was something special. Perhaps it was just the fact that the family atmosphere in the club on Friday evenings is becoming better known as the weeks go by.

We had stewed gooseberries for the first time this year during the week-end. This was rather extravagant, as the berries were not yet fully grown, but this is the week when picking should start. If you leave it too late the berries start to turn red and lose their tartness.

Last week, for the first time this year, mosquitoes were bothersome. If memory serves correctly, though, this stage has been reached later than in former years, and I'm sure the little pests aren't quite so pesky this year. Probably the main reason for the improvement is the development of Woodbine Park plus the continued housing construction programme in the neighbourhood. The improvement is all the more significant when it is recalled that in former years the Town paid a lot of money for massive anti-mosquito spraying.

Once again this column is very short on Above the Line news and views. I'd very much like to cover Above the Line more extensively, but I must have help. I'd pay for such items, of course - although not very much, unfortunately. Any volunteers?

Miserable weather last Friday caused postponement of the Robert Jobber Kindergarten trip to a farm in Huntingdon. Weather permitting, the trip is re-scheduled for this week. Daughter Caroline has promised to write an account for The Gleaner.

We have an account of the Beach Club opening for this issue. What a tremendous

achievement for the small group which worked so hard to make the opening possible. Heartiest congratulations to Don and Malvina Chart, Geoff Jullier, Karl Fuchs, Jim Thistle and many others. Up until opening day, the club executive either couldn't or wouldn't (in any case they didn't) touch any money received for membership to finance the vast pre-opening effort to prepare the pool, grounds and clubhouse. Now that the pool is open and the official club year commencing June 1st is past, the club has hired employees to handle pool-cleaning, ground maintenance, clubhouse, upkeep and so on. This hopefully will take some of the heat off the Charts and the others, who may now relax a bit and enjoy the amenities they have worked so hard to produce. Have a good summer, all of you - you have certainly deserved it.

Former club regular and service station proprietor Dick Noonan paid a return visit to the lounge last Friday.

What a treat it was to have Maple Boulevard at the d'Anjou end resurfaced. This is now one of the best stretches of roadway in the Chateauguays, with divided highway and all.

Preparations are now well under way for the installation of overhead aluminum luminaires on Routes 3 and 4 south of Mercier Bridge. Sorry, I just couldn't resist the plug for aluminum!

Keith Strike, in this week's Y.M.C.A. column, uses a word which for many years I thought was the longest in the English language - ANTIDISESTABLISHMENTARIANISM.

ST. ANDREW'S NOTES

The Pentecost Message 1968 in the Church Bulletin featured a quotation from the Book of Ezekiel - "A new heart I will give you, and a new spirit I will put within you."

Elsewhere in the Greater Montreal area the first Canadian heart-transplant operation was attempted. Unhappily the patient died, but already the ratio of survival seems to be increasing in the worldwide series of these heart operations.

On Sunday evening the congregation met to welcome into full communion a group of young people pledged to the profession of christian faith. During the previous week each

We are also trying to organize groups of players for bridge, cribbage and darts. Just give your name in at the lounge in the clubhouse and tournaments will be set up shortly.

Membership count to Saturday 1st of June was 288 the majority being newcomers. Time is running out for our old members. Our cut off point is 500 which means that someone is going to be disappointed when trying to renew.

VETVILLE VIEWS

(By Mrs. Jalbert 692-2044)

Someone called me last week enquiring about Mrs. Chamber. Unfortunately I was mistaken in stating that she was in the Montreal General Hospital. Mrs. Chamber is in the Reddy Memorial, Room 324.

This time next year I will be getting very excited about my trip home - the first since I sailed for Canada more than sixty years ago.

Three more weeks to go before schools close on June 21st.

I must have more help than I have been receiving in recent weeks, or I'll have to reconsider writing these Vetteville Views. Why not give me a call at 692-2044?

Mr. and Mrs. Mills with their attendants. Left to right:— Mr. Lorne Tanner, Mr. Garfield Findlay, David Mills, The Bride, Groom, Miss Doreen Reddick, Miss Donna Holley, Miss Linda Craig, Miss Marion Craig, Mrs. Sharyn Trimmer.

The marriage of Lorraine Elizabeth Tanner, daughter of Mr. and Mrs. Richard Tanner of Willowdale, Ont., to Mr. Terry Dennis Mills, son of Mrs. L. Mills, Willowdale, Ont., took place recently at Thornhill Presbyterian Church. Rev. D. T. Evans officiated at the ceremony. Mr. W. Stothers provided the wedding music. Easter lilies and candelabra, white mums and daffodils were used as decorations.

The bride, who was given in marriage by her father, wore a white georgette overpeau de soie gown, fashioned on Empire lines, the bodice and bell sleeves being of white Chantilly lace. The cathedral train falling from the waistline was also applied with

lace roses and seed pearls. Her shoulder length veil of tulle illusion was held by organza roses and seed pearls. She wore her grandmother's two-strand pearl necklace. Her bouquet was Easter lilies and blue cornflowers.

Miss Doreen Reddick, maid of honour, Miss Donna Holley, Mrs. Sharyn Trimmer, Miss Marian Craig and Miss Linda Craig, bridesmaids were dressed alike in printed nylon in pastel shades over yellow peau de soie. They wore yellow organza bows with tulle as headdresses and carried bouquets of daffodils and blue cornflowers.

Mr. David Mills was best man. The ushers were Mr. Lorne Tanner and Mr. Gar-

Mrs. Tanner, mother of the bride, wore a mint green corded silk gown with green and white accessories. Her corsage was a pale green orchid pinned to her beaded bag.

Mrs. Mills, mother of the groom, wore a two-piece Italian knit suit of peacock blue with black accessories and a white orchid corsage.

Following the reception at Fantasy Farm at Don Valley, Mr. and Mrs. Mills left by air for Bermuda, the bride travelling in a two-piece coral wool crepe suit, black accessories and a corsage of pink Sweetheart roses. The couple will reside in Willowdale, Ont.

The bride is a granddaughter of Mr. and Mrs. Ernest Robertson of Riverfield,

usually dunked into gravy have it. From beautiful tables with ivory inlay and objets d'art to fish and tobacco! On their many holidays to the coasts of America Mr. and Mrs. Jackson have visited numerous Aquariums but never have they seen anything to equal the marvelous Aquarium in Durban. The tank is as large as a three-storey building and contains all species of fish including huge turtles weighing 200-300 lbs. A frogman inside the tank feeds the fish. Another huge tank contains man-eating sharks which are caught in the Indian Ocean. Data for research purposes on these sharks is kept by the University.

Durban they found to be a very interesting city with its colourful Rickshaw Bantu Boys dressed in native beadwork with oxen horns on their heads and various animal skins on their bodies. The exciting rickshaw rides will not soon be forgotten! The Boys take off with a three-foot jump into the air and a wild whistle! An other memorable visit was to the famous Indian Market where — you name it, they

country is dotted with the round native huts made of clay with a thatched roof. Driving through the Reserve one is obliged to stay on the main highway unless an official permit is obtained from the official in charge of native affairs.

A visit to the Highgate Ostrich Farm at Oudtshoorn proved very interesting. Between 1800 and 1900 birds are raised here. At nesting time the male bird kicks a depression in the ground in which the female lays 12-15 eggs, each about the size of a medium-sized melon and edible. One egg could be made into an omelet which would serve forty people. Mrs. Jackson was informed that the shell of the egg is so strong that it could stand the weight of a 250 lb. man, without breaking.

While in Cape Town Mr. and Mrs. Jackson stayed at Sea Point and went to the top of Table Mountain in the Cable Car. A magnificent view of

the Cape and Town is obtained from this height. Touring the city they saw the now famous Grootte Schuur Hospital where Dr. Phillip Blaiberg was recovering from his heart transplant operation.

If there was only one word to describe the beautiful Cape Peninsula, said Mrs. Jackson, one would have to say 'spectacular.' The Great Cape Marine Drive from Cape Town to Cape Point and back by way of both coasts is the most magnificent scenery they have ever seen.

From Cape Town their return journey took them inland. They visited the lush 'Valley of the Vine's at Paarl where the largest co-operative wineries in the world, known as K.W.T., established in 1918, are situated. They saw the wine and brandy vats, the wine vats labelled for export to various countries. The names of Montreal and Quebec city caught their eye, and, by the

way, Montreal is by far the largest consumer! South Africa is only allowed to have the 10-year old Brandy for home consumption. All wines are for export. The 10-year old Brandy has recently been exported to Canada and it is available in Ontario!

Much of the inland route is uninteresting, especially in the drought stricken areas. Dozens of dried-up river beds were seen, there has been little rain in the past 5 years.

The Karoo country is famous for its sheep, some of the ranches inland from the high way were as large as 50,000 acres. In the Orange Free State the land is beautiful, rolling pasture, excellent for farming. In Natal, the Garden Province, sugar cane and bananas are the main crops.

And then it was time to leave. Taking the plane in Lisbon they touched down at Santa Maria Island in the Azores and then home to Dorval and Hemmingford, with pictures and films and many happy memories of a most enjoyable holiday.

Mrs. Bruce Cleland of Montreal was a dinner guest, and Mr. and Mrs. Elred Ford of Montreal, supper guests, at the home of Mrs. Robert B. Tolhurst and Mrs. W. Bradley recently.

ORMSTOWN VARIETY STORE

It is estimated that there is more copypity per square foot in the Ormstown Variety Store than any other type of business of its kind anywhere in this entire district. The business is under the capable and friendly management of Mr. W. Fearn, who came to Ormstown several years ago from Cape Breton, Nova Scotia and established himself in business. His methods of doing business have resulted in an ever-increasing amount of satisfied customers, who find just what they have in mind in the large selection and variety of merchandise carried at this popular store.

Cigarettes, smokers' sundries, newspapers of all kinds, a large selection of magazines and pocket books, school supplies, confectionery, chocolates and candies, drug sundries, etc. are only a few of the things which can be purchased at the Ormstown Variety Store. All merchandise is nicely displayed to make selection easy.

No matter what the need may be, if it is usually carried in any kind of variety store, the chances are that you will find it in the large selection available at the Ormstown Variety Store.

A HOLIDAY THAT WAS DIFFERENT

There are many pleasant holiday areas on this continent as Mr. and Mrs. Cecil Jackson have discovered on many occasions, but this year they decided to go farther afield and planned a 7-week tour of Europe and Africa. They have returned with many interesting pictures and films and wonderful memories of the many exciting places visited.

They flew by jet to London airport where they changed planes for Rome. The flight to Rome was enjoyed during the daylight hours and flying over the Alps in brilliant sunshine with Mt. Blanc clearly visible was a sight never to be forgotten. Our travellers stayed two and a half days in Rome, took two extensive sight-seeing tours and then went off to explore on their own — and here they were well rewarded. While walking in a park near the Colosseum they noticed some excavations and steps leading down to what appeared to be an entrance, dimly lighted. They were about to retrace their steps when a Priest came out of the entrance and walked up the steps. Mr. Jackson asked him if he spoke English and the reply was, 'I most certainly do, I'm from New York.' After mutual introductions the Monsignor explained that as far as he had been able to learn, the excavations were portions of Nero's Palace, unearthed just eight years ago and work was still going on! This was something not to be missed. Down the steps and through the dimly-lit entrance they walked through room after room, along many passageways. There must be about 35 rooms already uncovered, said Mrs. Jackson, many had the original scroll work and etchings on the walls. The whole area was but dimly lighted and several times they thought they were lost, it was somewhat of a relief to see daylight once more. Nevertheless, for them, this quite unexpected tour of the historical site was the highlight of their visit to Rome.

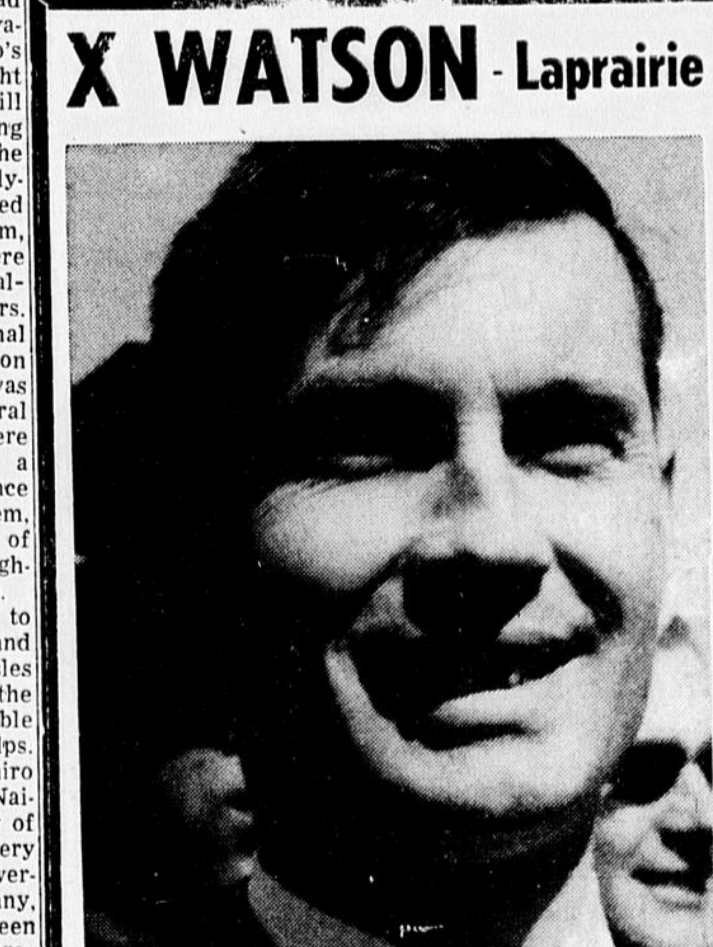

The flight from Rome to Nairobi was taken at night and the sight of the Greek Isles sparkling like jewels in the sea will be as unforgettable as the sunshine on the Alps. They touched down at Cairo for one hour then on to Nairobi in Kenya. Again a stay of two and a half days. It's a very pretty city ablaze with flowering shrubs and trees, many, many more than may be seen in Florida. No language problem, the native swahili and English is spoken. On a Safari tour of Nairobi's National Park all Africa's wild animals were to be seen with the exception of the elephant and the leopard. Roaming at will in their natural habitat were eland, impalla, gazelle, storks, ostrich and, going to and from the Reserve, baboons were frequently seen leisurely crossing the highway. A rather unpleasant but nonetheless awe some sight was that of a lion which had just made a kill. On the second day, Mr. and Mrs. Jackson drove 100 miles out

of Nairobi to Lake Nakuru National Bird Sanctuary. This is the home, the paradise of these beautiful birds, a sea of pink (no, not elephants!) said Mrs. Jackson with a smile, as far as the eye could see. Here they nest and raise their young.

From Lake Nakuru they went on to the Menengai Crater, at one time an active volcano. It is situated on the Equator, 7466 feet above sea level, is 20 miles across and one mile deep, a rather terrifying sight if one lets one's imagination run riot! On this tour they passed the Rift Valley which stretches from Nairobi to Cairo. At Nairobi airport beautiful, snow-capped Mt. Kilimanjaro was clearly visible 100 miles away. Incidentally, they left Nairobi just a few days before the great exodus of Asians, mainly Indians, to Britain, an event which made the headlines recently.

After leaving Nairobi the plane touched down at Malawi, an independent country with its own government. Then on to Johannesburg where they had a three hour wait for the plane to Durban. A little disappointment awaited them here, they had hoped to see a gold mine in operation but

South Africa is a bilingual country, Afrikaans and English is taught in the schools and the children are educated in their own language. The first or original settlers were the Bushmen or Bantu (black African) followed by the Dutch, French Huguenots and some German. The English settlers arrived at Part Elizabeth in 1820. The Bantu language is Zulu and the children have their own schools. Their staple food is mealie meal, a species of corn which is white, ground here, they had hoped to see a gold mine in operation but formed into balls which are

La 10e campagne de la Fédération en marche

Le lancement officiel de la centième campagne annuelle de véritables efforts pour aide souscription de la Fédération de ceux qui, à un moment ou l'autre de leur vie, tendent la main effectue dimanche soir à bord du bateau "l'Escale" où environ 250 personnes s'étaient réunies pour l'occasion. La présentation d'une pièce intitulée "Piège pour un homme seul" suivie d'un buffet froid a donné, il faut l'avouer, un cachet tout spécial à la cérémonie qui a été simple mais non moins significative pour autant.

Dans l'allocution qu'il a prononcée, le président de la campagne 68, M. Roger Bélair, s'est fait le porte-parole de tous les nécessiteux pour inciter la population des comtés de Chateauguay, Beauharnois, Huntingdon et Val-de-Cap à se montrer particulièrement généreuse et à faire de cette campagne un événement de leur vie, tendent la main effectue dimanche soir à bord du bateau "l'Escale" où environ 250 personnes s'étaient réunies pour l'occasion. La présentation d'une pièce intitulée "Piège pour un homme seul" suivie d'un buffet froid a donné, il faut l'avouer, un cachet tout spécial à la cérémonie qui a été simple mais non moins significative pour autant.

indescriptible dont nous ne connaissons pas encore les limites.

S'attachant davantage au concret, le responsable de l'engagement de la campagne a demandé aux personnes présentes de même qu'à tous les citoyens de bien vouloir consacrer à la Fédération la valeur d'une heure de travail par mois précisant qu'ainsi l'objectif de \$150,000. serait facilement atteint. Il nous faudra également, de continuer M. Bélair, environ 500 collaborateurs directs qui accepteront de travailler avec les principaux dirigeants à mettre sur pied dans chacun des villages et dans chacune des municipalités une organisation forte et efficace qui, à son tour, se joindra à la grande machine où chaque engrenage ne peut fonctionner que si celui qui le précède et le suit fait véritablement son travail.

A un certain moment de son discours, M. Bélair a noté l'absence d'une autorité municipale de la Cité de Valleyfield disant qu'on s'en surprenait et qu'elle ne passait sûrement pas inaperçue au moment même où chacun est censé faire sa juste part.

En terminant, le président de la campagne 68 a lancé un appel à toutes les bonnes volontés pour que deviennent réalité les projets de la Fédération à savoir venir en aide aux gens dans le besoin et construire des centres d'hébergement pour vieillards dans les cinq comtés.

Un musicien qui promet

Camil Frédéric, 12 ans, élève de Soeur Paule Champagne, d. Huntingdon et de Mlle Yvonne Hubert, Montréal, s'est comporté brillamment à chacun des Festivals où il s'est présenté.

Le 24 avril dernier avait lieu le Festival de Musique de la Vallée de Chateauguay. Le juge Laure Fink lui a décerné la 1ère place dans la classe Senior avec la note 92%. On lui a remis la bourse commémorative Sherrington ainsi que le magnifique trophée Beau lieu, don du maire et de la mairesse d'Ormstown, trophée décerné au concurrent ayant donné la meilleure interprétation individuelle du Festival. De plus à la bourse de \$75, on ajoutait un chèque de \$10, parce qu'il s'était classé 1er dans les 3 classes auxquelles il s'était présenté.

Camil s'est aussi présenté au Festival de Montréal dans la classe 15 ans. Jugé en finale régionale par 5 juges il méritait la note 91% et se voit attribuer prévisiblement une bourse de \$100. Le 23 mai il s'est rendu à Rivière du Loup pour rencontrer en finale provinciale onze autres concurrents choisis parmi les 37 qui s'étaient présentés et il décroche la note 93% et une autre bourse de \$100. Cette fois les juges étaient: Maître Wilfrid Pelletier, Anton Kuer (Toronto), Boris Berlin (New York), Thomas Manshardt (R. York), John Brownlee (New York), Mme Yvonne Lefebvre (Paris) et M. Yvonne Lefebvre (Paris) qui d'ailleurs, possède de grandes qualités musicales et des Dames Chrétiennes du diocèse qui aura lieu à Rigaud le mercredi 12 juin sont priées de donner leur nom à Mme Georges Bazinet ou Mme Robert Bureau.

Libéraux: 50%.
Conservateurs: 29%.

C'est clair! C'est évident! Les chiffres ne mentent pas. Le parti libéral de M. Trudeau a les faveurs de la population. L'enquête Gallup menée au Canada dans la semaine du 19 mai a prouvé que le parti libéral recueillera 50% des voix et le parti conservateur, 29%. Ce dernier par rapport à 1965 a subi un recul de 4%! Les enquêteurs ont aussi prouvé que le N.P.D. recueillera 16% des voix et le Crédit social un maigre 5%. C'est la première fois, depuis 10 ans qu'un parti politique (de parti libéral) obtient autant de suffrages. Ces enquêteurs ont de l'expérience. Ce sont eux qui régulièrement président, sans trop d'erreur, les succès, les victoires ou les échecs des candidats américains. Cette prédiction est donc une bonne nouvelle pour tous les partisans du parti libéral, qui d'ailleurs, n'ont jamais douté de leur victoire le 25 juin. Le parti libéral est le parti de la liberté. On ne force la main de personne par des promesses exagérées ou des menaces voilées.

Les réalisations du gouvernement libéral

Au cours de cette campagne beaucoup d'électeurs veulent connaître les réalisations du gouvernement sortant. Les exemples qui vont suivre vont satisfaire leur curiosité et provoquer leur admiration.

Pour la santé

Le Gouvernement Libéral a assuré des subventions annuelles de recherche au Conseil de la Recherche Médicale se montant à \$20.5 millions en 1967, soit le double des deux années précédentes. De plus, le Programme National de Subvention-Santé a déboursé \$4.5 millions et le Bureau de Recherches pour la Défense, \$500,000 en 1967. Comme tous les autres nations de haut standard, le Canada a grandement favorisé la recherche scientifique comme le levier

du progrès.

Le Gouvernement Libéral a créé un Fonds de Santé de \$500 millions pour aider les provinces à acquérir, à construire et à rénover leurs établissements pour la formation de médecins et pour les institutions se vouant à la recherche.

Pour la sécurité

Votre Gouvernement Libéral a créé le Plan d'Assistance du Canada pour permettre au Gouvernement fédéral de contribuer au coût des programmes provinciaux d'assistance et de bien-être.

Avant l'entrée en vigueur du Plan (1965-66), le programme d'assistance à la vieillesse, les allocations aux aveugles, aux infirmes et aux chômeurs ont coûté \$194 millions et couvert 844,262 personnes. En 1966-67, le coût de ces programmes qui ont été incorporés dans le Plan a atteint un total approximatif de \$298 millions et couvert 1,058,077 personnes.

Trois candidats en lice au poste de commissaire d'école éléction le 10 juin

La mise en nomination des candidats au poste de Commissaire de la Commission Scolaire Catholique de Huntingdon s'est tenue lundi, le 3 juin.

Trois candidats se sont présentés dans la limite prévue. Ce sont: Mme Thérèse Galipeau, qui termine un terme à ce poste; M. Fernand Guérette et M. Karl Burkhardt.

L'éléction aura lieu lundi prochain, soit le 10 juin.

On sait qu'à la suite du regroupement des commissions scolaires de la région, Huntingdon aura deux représentants. Les électeurs auront donc à voter pour les deux candidats qu'ils préfèrent, puisque les trois noms seront inscrits sur les bulletins de vote. (voir annonce de la Commission Scolaire pour plus de détails).

Ralliement des femmes catholiques à Rigaud

Le 12 juin aura lieu à Rigaud un grand rassemblement de toutes les femmes catholiques.

Le programme de la journée débutera à 9:30. A dix heures, Mme Thérèse Casgrain donnera un exposé dont le thème sera: La femme au cœur de l'histoire. A 11:15 Mgr Percival Caza chantera la messe et prononcera l'homélie.

Ceci sera suivi du diner libre. Puis les dames se réuniront au Collège à 1:45 pour assister à un panel dont le sujet est: Femme d'aujourd'hui. Mlle Francine Campeau, auxiliaire rurale traitera de son rôle

Le candidat conservateur un homme actif

M. Armand Miron débordé d'énergie. Raresment, il nous a été donné de voir un homme de ce genre dynamique, aussi soucieux de maintenir de bonnes relations extérieures avec le public.

Cette observation, nous l'avons faite depuis très longtemps, nous la répétons. Tous ceux qui le connaissent ne peuvent contredire cet avis.

Toujours souriant, il reçoit avec attention son interlocuteur et prodigue les sages conseils que lui dicte son expérience de la vie.

Notre futur député participera à de nombreuses activités. Samedi, le 1er juin, il était parmi les invités au banquet

de donner une bonne poignée de mains à celui qui s'intéresse à tous. Partout, M. Miron laisse une bonne impression en créant ce climat de confiance.

Dans la soirée, accompagné de son épouse, il se rendit au Théâtre de l'Escalier applaudir nos artistes, goûter quelques moments de saine distraction tout en encourageant les œuvres de charité de notre diocèse.

M. Armand Miron est anxieux de rencontrer la population, pour ce faire, il tient à informer les gens que ces rencontres se tiendront dans la

Les Fermières en journée d'étude à Ste-Martine

La journée d'étude de la Fédération No. 12 des fermières fut tenue à la salle de l'école d'Agriculture de Ste-Martine, le 25 avril 1968. L'assemblée débuta par la prière pour la paix "de St-François". Mme Murielle Primeau, la présidente, souhaita la bienvenue aux dirigeantes de chaque cercle, persuadée, dit-elle, du bien à faire, de l'utilité de ce travail, de l'enrichissement ainsi que de l'épanouissement chez la femme par ce moyen.

M. Houle, directeur de l'école, était heureux de nous recevoir si nombreuses. Il dit que les cours donnés à l'école continueront d'exister comme tels en attendant que la polyvalente puisse les donner par système d'options.

Ensuite, il fut question que les élections se tiennent en automne; elles se feront selon les statuts et règlements des fermières. Les anciennes méthodes annulées, suggestions, explications des rôles de chaque directrice à l'assemblée de septembre afin de préparer les élections soigneusement.

Le congrès d'août aura lieu à Ste-Martine à l'occasion du 50ième anniversaire de leur cercle local. Il sera présidé par Mme Clément Vincent. Il y aura également éléction à la Fédération, pour la présidente et pour trois administratrices. Les délégués choisis dans les cercles s'y présenteront avec une lettre de créance.

Les activités des cercles sont très nombreuses; un rapport de l'année fut lu par les

Chers contribuables de la Commission Scolaire de Huntingdon

Vous devrez élire deux Commissaires pour la nouvelle Commission Scolaire regroupée de Huntingdon le 10 juin 1968.

Après maintes discussions avec les commissaires actuels de la Commission, j'ai décidé de poser ma candidature pour un des sièges vacants.

J'ai l'avantage d'être complètement bilingue ce que je vous ai prouvé à maintes occasions lors des services rendus comme secrétaire-trésorier intérimaire du 6 novembre 1967 au 31 mai 1968. Cet emploi me fit réaliser les besoins de notre école. Ma plus grande obligation sera de vous aider à la meilleure administration possible, tel que je l'ai fait dans le passé.

Je tiens à remercier mon proposeur, M. Lawrence McCallum ainsi que mon second, M. Donald Deyette pour la confiance qu'ils m'ont accordée.

It Has Occurred To Me

Followed with interest the write up in the Gleaner on Mr. Levesque's speech at the Huntingdon Academy. Certainly I am in agreement that it is only just that we be faced with both sides of a controversial problem... and the Quebec situation is a problem.

However, I do feel that this assembly might have been more productive in the form of a debate, for the specific reason that so many of the public had questions but were

Mount Allison University, and son Gordon at the University of New Brunswick. They visited Prince Edward Island before returning home.

Mrs. Gerald Roy accompanied Mr. and Mrs. Elton Robertson to Wellesley, Mass., attended the double wedding ceremonies of Donna Rene Holley to Lerne Richard Tanner, and Sharon Lee Holley to John Edward Mango. On the return trip they visited Mr. and Mrs. Alstine Rorison at Rutland, Vermont.

Mr. and Mrs. Robert Craig of Long Sault, Ont., visited friends in the district on Thursday of last week.

Ian Bustard, spent the holiday week-end at his home. He works at Sudbury, Ont. and lives with Mr. and Mrs. Alfred Dawson. Mrs. Dawson accompanied him home and enjoyed meeting his family and seeing the Chateaugay Valley. Other visitors last week end at the home of Mr. and Mrs. John Bustard, were Miss Ethel Barr of Barrington and Miss Helen Bustard of Montreal.

There were two birthdays in the Gallie family on Sunday. Mrs. Randolph Benoit of St. Hubert and Mrs. Clifford Gallie of Howick, celebrated at the latter's home where a buffet lunch was served at 1:30 to 22 guests. Included were nieces and nephews from Montreal and Mrs. Douglas McCole and family of Dewittville.

loath to get up and ask. Here was an experienced politician and public speaker, giving his views in rapid-fire formation. I do believe that with so little time on such a subject there could not have been adequate opportunity to really take advantage of Mr. Levesque's presence.

It is somewhat intimidating for the average citizen to be confronted with such a tremendous speaker as Mr. Levesque certainly is, and of course questions asked would depend largely on how long in advance the audience had to prepare an outline of pertinent inquiry.

I agree wholeheartedly on the precept of equal rights expressed, but as some indicated there should have been more stress on the implication of the term "sovereign state".

As for full power on the levy of taxes — implying full responsibility of outgoing money also — they must bear in mind that this not only includes Hospitalization, but Family Allowances, Old Age Pensions, Unemployment Insurance and Social Welfare etc. Not only that, but we mustn't forget this new Provincial Family Allowance. One should also keep in mind that though the province of Quebec pays considerable tax money to Ottawa, they in return, receive more back from Ottawa per capita than any other segment of the Dominion.

On top of all this, the province of Quebec has been borrowing an inordinate amount of money from "outside". What's done is done, but once committed, the money must eventually be paid back. And what about Quebec's share of the National Debt? How does Mr. Levesque equate all this with the fact that he considers Quebec will be a strong "sovereign state"? For it may be taken for granted that many American owned or subsidized companies will pull up stakes and establish elsewhere should Quebec actually separate from Canada. Certainly U.S. — Ca-

nada relations cannot be enhanced by Mr. Levesque's attitude of "Canada's Subservience to the United States." Keep in mind also that Mr. Levesque's attitude was considered to be more anti-American than anti-Canadian. I think it deplorable that it should have been "anti-either".

Now, really — I believe the Americans are wonderful neighbours. They have no desire to take over Canada. We invite their participation in Canadian industry because it will be advantageous to us. Then we turn on them because they are successful in their business ventures... little appreciating that their industries here have provided Canadians with much employment.

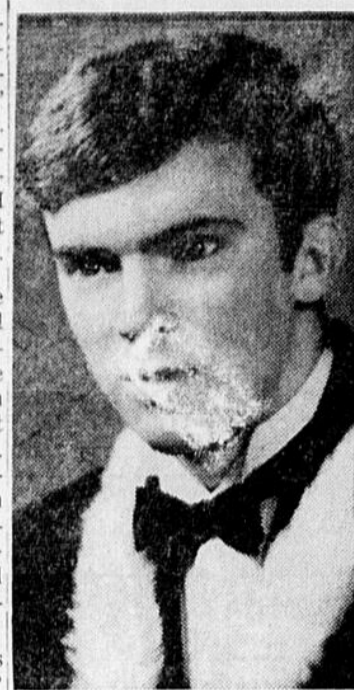

Why do we need a customs union with the rest of Canada? Things are fine as they are with no customs offices for inter-provincial trade. This would just mean more red tape and administrative expense — and for what?

Why full control over its own radio and television network... What is the complaint with present communication medium? Is this a plan for mass censorship of other T.V. and radio stations? Does Quebec not have the right to present programs over their own channels as they see fit now?

And the complete control of its own immigration policy... That sounds ominous. Just what would this involve, and how would it differ from present policy?

As for Mr. Levesque's remarks denouncing the "tremendous outlay on our present armed forces and equipment". I take it from this that Mr. Levesque would have no means of protection for the separate sovereign state of Quebec! What happens, Mr. Levesque when some power causes trouble for Quebec? Perhaps the Mafia moves in, or perhaps the Communists infiltrate to the degree that it has been done in France right at this moment. Do you feel so cosy and secure in the knowledge of your great neighbours to

the south, and surrounding you that you have no fear of takeover from another nation? Do we have here the makings of another "Cuba"?

Don't forget, Mr. Levesque, when you alienate your neighbours through your brand of criticism, you must not rely on them to come to your aid after. The U.S. has been a great friend in the past. Don't forget World War II when so many Americans gave of themselves and their resources to protect Commonwealth and European countries, all in the interest of loyalty and freedom.

Yes, Quebec has its culture. It is nice to have this French speaking colourful province in the Dominion of Canada. The richness of our combined cultures and languages has made a decisive contribution to the unique variety of Canada. Why

The sympathy of the community is extended to the family of the late Mrs. J. J. Craig, who passed away in the Barrie Memorial Hospital last Tuesday.

Mr. Willard Orr of Ste. Agathe, attended the funeral of his grandmother, Mrs. J. J. Craig, on Friday.

Mr. and Mrs. Raeburn Orr and three daughters of Phillipsburg, spent the week-end with relatives and attended their grandmother's funeral also.

Mr. and Mrs. Robert Templeton returned home on Tuesday after spending a week in Summerstown with the Bunbury family.

Glad to report that Mrs. Douglas Templeton who underwent surgery last week in the "Barrie" is progressing satisfactorily. Best wishes for a speedy recovery.

Miss Gail Allen and her friend Miss Agnes Staynes, both student nurses at the Queen Elizabeth Hospital, were recent guests of Mr. and Mrs. Kenneth Allen.

The Evening Auxiliary of Riverfield Presbyterian Church met in the Church Hall on Tuesday evening, May 21st., when seven members answered the roll call with a verse containing the word "Sow". Mrs. Carmen Goundrey was in charge of the Devotionals. Mrs. Stewart Carmichael took the Study Chapter on "Christian Truth and other Religions".

Following the meeting refreshments were served by Mrs. Goundrey and Mrs. Carmichael.

The W.M.S. met in the Church Hall, on May 13th., at 7 p.m. with the Vice President, Mrs. Addie Roy in the chair. After the singing Hymn 447 the Devotional was taken by Mrs. Wm. Allen who read from Psalm 19, followed by prayer.

Mrs. Allen also read an item "Delinquent Youth in the Church" from the Glad Tidings.

Mrs. Erown read a paper on "Motherhood" and ended with a poem "This Earthly House". The meeting closed with the Hymn "Blest Be The Tie That Binds" and a prayer by Mrs. Brown.

On Friday evening a Pot Luck Congregational Supper was held in the Church Hall from 5-8 p.m. when a social get-together was much enjoyed by all.

Saturday evening Mr. and Mrs. Peter Miller of Montreal and Aubrey put on their Spring Revue of dancing gymnastics and song in Howick Elementary School.

It proved to be a most enjoyable evening with a nice variety of items which were well done.

Special mention must be made of Eva Stein who performed several difficult ballet numbers like a real veteran (Olga Melnik who gave a fine display of gymnastic feats and little Donna Ward and Michel Richard who really stole the show with his rendering of "O You Beautiful Doll"). It isn't often (except in the movies) that one knows precisely the hour when a spectacular blaze will occur but such was the case last Thursday morning when a building at Aubrey went up in flames.

The C.N.R. is busy digging a new ditch on their property where the old station stood in past years so the old tool shed being in the way, had to be disposed of.

Promptly at 9 A.M. (as we had been advised) the first smoke began to rise and it wasn't long till the whole building was ablaze. For such a small structure it really created a raging inferno and made a fascinating picture.

Bridal Shower
Mrs. Ruth Towns and Mrs. Wilbert Gruer were joint hostesses at the home of the latter on Saturday evening, May 19th, at a miscellaneous shower in honour of Miss Allana Marshall whose wedding takes place in the near future.

The guest of honour was welcomed by about thirty-five relatives and neighbours from Ormstown and escorted to a chair prettily decorated in pink and white over which a watering can was suspended.

A lovely corsage of mums was pinned on the bride-to-be by Miss Holly Gruer.

After opening her many beautiful shower gifts Allana graciously thanked the donors in a few well chosen words.

A game was then enjoyed, the winner of which was Mrs. Archie Brown of Ottawa.

Delicious refreshments were served by the hostesses and the guests departed wishing Allana much future happiness.

On Saturday she attended the church wedding of Miss Dorothy Gruer and Mr. Burton Frenzia at which there were a hundred guests. Prior to the ceremony Mrs. Wood sang the Wedding Prayer and later Mr. Vardbergh of Perrys Mills sang The Lord's Prayer. Later a reception was held on the lawn of the Gruer home. The happy couple received many lovely gifts and cheques.

Mr. and Mrs. George Taylor and Mrs. Smallman visited with Mr. and Mrs. Bruce Scriver at Fraser's Point on Sunday evening. Mr. and Mrs. Scriver have sold their home in the city and have taken up residence at the point.

Mr. Wm. Willock and Donald arrived from Los Angeles during the week-end and have joined Mrs. Willock who has been visiting at the home of Mr. and Mrs. John Koski.

Obituary

The Late Catherine H. Graham

On Sunday morning, May 19, the community was saddened to learn of the passing of Catherine H. Graham, of the Huntingdon County Hospital.

Although not in the best of health the past year she had been about until entering the Hospital April 23rd. Catherine was the daughter of the late John Graham and his wife Mary Ann Crawford of Elgin, Que.

She was a member of the Athelstan Presbyterian Church, also of the Ladies' Aid and Women's Missionary Society, and was seldom absent when health permitted.

She is survived by one sister, Mary E. (Bess) a brother-in-law and three nieces besides many cousins in this vicinity and in the State of Iowa, U.S.A. A sister Janet (Mrs. W. B. Levers) predeceased her, also a brother Wm. H. Graham.

The funeral service, conducted by her minister Mr. Campbell Smyth, was held from the Kelly Funeral Home on Wednesday May 22nd at 2 o'clock with Alex Hay, Arthur Goodfellow, Clifford Hamilton, Raymond Macfarlane, Donald Grant and David Rankin as pallbearers.

The floral tributes were numerous and beautiful, and she was laid to rest in the family plot at Athelstan Protestant Cemetery.

Elgin
ELGIN — The May Meetings of the Elgin Presbyterian Church were held in the Church Hall on Friday afternoon at which there were 14 members present.

The President of the W.M.S. Mrs. Grace Macfarlane, opened the meeting with prayer and Scripture reading after which she gave the lesson for the meeting. She took for her theme "The Tree of Life." Lillian Murdoch led in prayer. After the reading of the minutes and Roll Call by Mrs. Roberta Ferns, the business of the meeting was transacted.

"Hope" is the word to be used for Roll Call next meeting.

Mrs. Leah Brooks then took over for the Ladies' Aid. Mrs. Ida Macfarlane read the minutes of previous meeting. Potted plants and cloth donations were on sale, the proceeds of which to be divided between the two societies. Refreshments were served at the close, hostesses being Mrs. Roberta Ferns, Mrs. Leah Brooks and Mrs. Lillian Stark.

Mr. and Mrs. David Murdoch and children, Monica, David, Marcia and Dean of Cortland, N.Y., spent the week-end at the home of Mr. and Mrs. Wm. Murray.

Mr. Wm. Willock and Donald arrived from Los Angeles during the week-end and have joined Mrs. Willock who has been visiting at the home of Mr. and Mrs. John Koski.

SUGAR AND SPICE by Bill Smiley

I HATE PAINTING

Did you ever sit down and make a list of the things you like and dislike, love and hate? It's good therapy, and if you try it, you'll learn something about yourself.

I like sleeping and can sleep 14 hours without a twinge of guilt. But I don't like going to bed. Seems such a waste of time.

And I hate getting up, but I like being alive and part of the human race, once I've groped through that first fearful fog of reality.

I like sports, but not the spectator variety. I love to fish for speckles, all alone in a vasty swamp; to deliver a curling stone right on the nose; to sink the black ball in the corner pocket; to make one crisp golf shot out of three. But I wouldn't give 20 cents for a ticket to the World Series or the Grey Cup final.

I like parades, any kind; trees, any kind; grass, green; water, rough or calm, green or blue; babies, either sex.

I dislike Italian food, Chinese food and most other "foreign" foods. Yet, when you go out to eat, I'm always the guy who orders something exotic like jugged hare or boeuf sauvage or chicken moulin rouge, only to find that I'm eating baked bunny, raw hamburger or fried chicken with paprika sprinkled on it.

And yet I love swill. That's what you get when you decide to have something different. Like the other night. Things were not marching in the cuisine. In fact, the stove hadn't even been turned on. So I pitched in. Literally, I pitched in a can of salmon, one of mushroom soup, one of vegetable soup, one of wiener and beans. Then I pitched in all the leftovers in the refrigerator: a chunk of corn beef, a glob of cheese, half a tomato, some olives, two hard-boiled eggs and four limpish sardines.

It was delicious. In fact, it was so good that the rest of the family couldn't bear to desecrate my masterpiece by eating it, and I had it three times a day, for three days.

On toast, I even gave it a name — Then Burning Belch.

I like women and men, in that order. Women because they're not like men, and men because they're not like women.

I like fires, everything from bonfire to barn-fire. Though I'm bone-lazy, I actually like work. And I love loafing in the backyard, with a cold beer and the black squirrels and the cocky robins.

I like shaving, but despise electric razors. I like peace and order, but my study is a model of confusion, and my life is a masterpiece of strife, internal and external.

I like to be alone but I hate loneliness. I like money, but it apparently doesn't like me.

I like people, especially those with courage and humor, but I dislike mobs. I detest violence, but I love western movies in which ten people bite the dust.

I could write a book about the things I like, a few paragraphs about those I don't. But, as you have craftily surmised, all this is leading up to something.

I HATE PAINTING and

DECORATING. Sorry to shout like that, but it's true. I mildly dislike dogs and cats, bores and hypochondriacs. But I can put up with them. However, when my wife starts asking "Which do you like, the turquoise or the aqua?" that's a house of a different color, and I begin to see red.

She's in one of her annual Spring frenzies and the house is littered with wallpaper books, color charts and carpet swatches.

Normally I snort, "Why the hell didn't you marry a painter?" and the battle is on. But she's been loo, physically, and I let my principles droop. I painted. And painted. And swore. And grousched.

I stood up to ease my aching back and caught a cupboard door corner right in the ear. And the blood spurted and I vented a most mighty oath which I haven't heard since World War II. She didn't even squeak for 20 minutes, knowing that one word would have sent her, brush and paint can out the door.

Oh, well. I guess one can't be perfect. Now, make your list.

FRANKLIN CENTRE — Mr. and Mrs. Norman Dawson, Beverly, and Noreen were supper guests on Sunday at the home of Mr. and Mrs. Robert Barr.

W.I. Meeting
The June meeting of the Franklin Centre Women's Institute was held at the home of Mrs. Harold Eder, assisted by Mrs. Rod Arthur. There were twelve members and one guest present.

A report was given on the Chateaugay-Huntingdon Annual County Convention which was held in Dundee.

The conveners' reports for the evening were Agriculture read a story on "Devil's Lane". This is the space left between two farms when a boundary

line fence can not be agreed upon. Education: "Money in Meteorites". Every day there are meteorites falling around us. These hold secrets of our planet. They may be of any shape or size and are not likely to be hot. If one is found laboratories are happy to receive them for testing. Home Economics. When frying hamburgers in a frying pan and in order to heat the rolls at the same time place a piece of tinfoil over the hamburgers and set the rolls on top. This is a way to save time and dishes.

New business for the evening concerned prizes which are to be handed out to students of Franklin Elementary School. There is a quilt which has to be quilted. Delegates for Provincial Convention were elected. A trip to Man and His World was discussed by the group. This trip is to take place in the near future.

The meeting adjourned and a social hour was spent.

Franklin Centre Cubs
On Saturday, June 1st, nine cubs, cubmaster assistant and Mrs. C. P. Jackson attended the cub rally at Dunn Memorial Camp. This was an enlightening day for the boys and they thoroughly enjoyed it.

CATTLE BREEDERS' NEWS

by ART RANKIN

A Bull Worth a Bundle (\$)
What is the dollar value of a sire when he is at the top of the world popularity contest? The enquiries keep rolling in from all over the world each with the same question: how can we get semen from "Selling Rockman, Excellent and Extra"? This same Holstein celebrity bred an average of 70 first service cows every day of 1967 throughout Eastern Breeders service area, and at the regular fee. This adds up to nearly 26,000 offspring of this bull in one year in Eastern Ontario and part of Quebec. They certainly will not all be classified 16% above average and 9% better for production, but a great number of them will be in that range.

Does the Best Man ever win?

Well, your old buddy is getting married and wants you for best man.
Isn't that great?
Sure.
Just one or two little things . . . like the wedding will be in another city, and you'll have to rent a dinner jacket, and you remember he went all out in the present line when you got married.

Moments like this, you're a wise man if you can take advantage of complete banking service at the Commerce.

One account—your Chequing Account, you use for month-to-month expenses

And the other—your Savings Account—makes sure you've kept cash on hand.
So go ahead.
Call the airline.
Rent the jacket.
Spring for that nice chunk of Eskimo art.
And have fun at the wedding.

When there's cash on hand at the Commerce, the best man wins.

All Roads!
Adapting an advertising slogan to fit this occasion, "All Roads Lead To Ormstown", on Thursday, Friday and Saturday (June 6, 7 and 8) for the Cattle Breeding classes and the 4-H Calf Club exhibits at Ormstown Exhibition. The Beef Cattle on the Thursday, the Dairy Cattle on the Friday, and the 4-H Calf Club and Showmanship competitions on the Saturday.

It's therefore to be hoped that a considerable number of the non-showing cattlemen in this area will turn out to see the show of whichever breed they may be concerned in. Thereby, not only for their own information as to the animals of their own breed, but, as well, in moral support, so to speak, of the efforts made by the Exhibition Management, and of their fellow breeders of this and other areas whose exhibits constitute their respective breed sections.

High Class Exhibits
Most people are aware that Ormstown Exhibition, originally in the Spring Fair category, has a very high rating as a Class A Exhibition. However, for the information of others who are similarly interested in cattle, it may be stated that most of the cattle on exhibit will be the tops of many leading herds in this and other areas; that, as

heretofore, many of same will doubtless go on to win at subsequent large exhibitions, including the Royal Fair. Also that the tops in the Ayrshire and Holstein classes will be eligible for nomination in the All-Canadian Awards competitions of both breeds of cattle.

The 4-H Calf Club Show also has a very high rating; in that respect, probably next to that of Ottawa Winter Fair, the greatest annual event of its kind in Canada.

Pre-Packaged Calves
While such operation is confined to the U.K., with, as far as we are aware, no similar one in Canada. That is, the purchase and subsequent feeding of steer calves on an extended scale. However, we are taking a chance that the following be of some interest to our readers. Our source of information being the May 10, 1968 issue of Farming News of Scotland. In part it reads:

"Under a new calf contracting scheme, a container load of 40 calves arrived at Aberdeen by British Railways Freightliner, only 11 hours after leaving London. Within two hours of arrival in Aberdeen, the complete 30 ft. container had been off-loaded and delivered the final 25 miles to Walter Smith's Lethenty Farm, Fyvie, Aberdeenshire. It was unloaded in under half an hour.

This was apparently a "Pilot" shipment, and, in that connection, the report states: Premium Fatstock Marketing Ltd., Foxhills, Surrey, in conjunction with Lever's Feeds Ltd., intend to supply vetted, guaranteed bullock calves, with a minimum weight of 100 lbs. from selected dairy farms in the South-West of England. These will sell at £18 per calf delivered, and carry a 14 day guarantee, and they already have orders for 11,000 calves for delivery to Scotland.

Each calf will be inspected by a Veterinary before dispatch and checked on arrival at destination; will be transported in individual, extra wet strength cardboard containers. The containers are wax lined, have a chemically impregnated sawdust to absorb ammonia, and can be used as individual pens for over a week.

Lethenty Farm
That news item was also of personal interest to this writer because Lethenty Farm is only a few miles say 10 or so, as the crow flies, from my own home district. At that time, however, the cattle in that area, called the Howe of Fyvie, were mostly pure bred Shorthorns, or Shorthorn and Aberdeen-Angus grades. In the latter instance steers being raised and fattened for the Aberdeen and other markets, with a lot of same going to London as Prime Aberdeenshire beef. It would therefore seem from the report that not only are dairy steers being raised on that farm, but as well on many other similar farms.

It is noted that the 200 acre Lethenty Farm of Walter Smith carries 150 half-bred ewes and fattens about 80 good stores (steers) each year. The latter go to market, Turiff Auction Mart, at 16 to 18 months of age and he recently sold 20 head at 16 months old, averaging £90 per head.

He usually purchases most of his calves, up to 80 at a time, in December. However, due to the Foot and Mouth outbreaks, in England, he was unable to buy calves, as usual at that time. Hence the Pre-Packaged ones.

It was also interesting to note that, says the report: "This is a barley beef type of calf", indicating that Lethenty Farm also grows a considerable amount of barley.

English Farm Wages
It was also interesting to read in Farming News that the National Union of Agricultural Workers (of England) is demanding a minimum wage of £16 for a five-day week of 40 hours, for its members.

The present basic wage in England is £11.11s for a 44 hour week, and the increase of £4.9s represents a rise of nearly 40 per cent. The Union secured an increase of 15s a week last October, and this came into operation in February.

In support of the resolution, it was said: "We have been told that the wage should be tied to production. "Our production has been the highest per man in the country, yet our wages lag behind. Most farm workers took home £10 13s a week.

For a family of four, a man needed a minimum of £14 If the Government wanted more home-grown food to save on imports it would have to be paid for with good wages.

Lord Collinson, the Union's General Secretary, said their first objective was to get equal treatment with industrial workers. That means a similar working week and the same take-home pay. There must be a wages structure for the industry, and earning capacity must be increased."

"COUNTRY NOTEBOOK"

BY WALKER RILEY

If you didn't get enough nitrogen on your corn before planting, there is still time. But it is too late to put on phosphorous and potash if seeding is finished. They say if corn plants could squeal like pigs when they are hungry, fertilizer sales would boom overnight. But they can only very quietly tell you what they do want, if you want them to produce a top crop.

A nitrogen-short corn plant lacks that healthy dark green shine; the lower leaves "burn" at the tips, and down the mid-rib. If it is potash that is short the lower leaves will be dead and brown along the edges. Phosphorous shortage is harder to see. If it is severe, leaves will appear purple. If all three elements are in short supply, none of these deficiency symptoms may show; the crop simply responds with a low yield.

Nitrogen is the element most often short. The air over every acre of a corn field contains 33,000 tons. But the corn can't get at it. The corn plant can take oxygen, hydrogen and carbon from the air, but not an ounce of nitrogen.

The nitrogen must come either from decaying plant material or from the fertilizer bag.

As a rule of thumb, a corn crop needs a pound of nitrogen for every bushel of corn. Or put it another way, a twenty ton silage crop has to find the equivalent of 300 lbs. ammonium nitrate somewhere. Or it just does not grow. It is not just a "shot in the arm". Nitrogen forms a definite part of every particle, every cell, of the plant.

If you plowed down a good aftermath of alfalfa or red clover, or if the corn field got a good coat of manure, then you don't need to worry. Either will supply close to the needed nitrogen.

But if the corn is following a grass sod, or if corn or cereals was in that field last year, and no manure this year, you can bet your bottom dollar the crop will need a lot more help out of the bag than you ever gave oats or barley.

The catch is that these amounts of nitrogen will burn the seed if it all goes on at planting time. Another catch is that nitrogen fertilizer dissolves very quickly and could be lost from the soil in very wet weather, or over winter.

When nitrogen fertilizer dissolves, it divides into ammonium ions and nitrate ions. The ammonium ions stick to the soil particles, but the nitrates stay in solution, and move up and down with the soil moisture. Eventually, the ammonium converts into the nitrate form also, which is the form of nitrogen used by the plant. Nitrogen can be lost also if the nitrates lose the oxygen part of the stable partnership, and the freed nitrogen escapes into the air.

Ideally, then, nitrogen should go on corn as it grows — a little at planting time, and the rest fed to the crop as it grows. But few people can afford the time or the equipment to side-dress corn. And the risk of loss of nitrogen is really not that serious. So more and more nitrogen fertilizer is going on ahead of planting. Ammonium nitrate or urea can be broadcast and disced in, or one of the several liquid forms injected into the soil, a day or two before planting.

As an alternative, if the corn is in and you know it didn't get enough nitrogen you could try broadcasting it over the growing crop. I am told this method is fairly successful in the corn country. There is some risk of burning where the fertilizer falls into the whorls of the plant, but as a method of applying nitrogen, it is quite efficient. The nitrogen falling on the surface goes into the soil with the next rain.

This idea won't work for phosphorous and potash, though. Both have to be placed down in the soil where the

roots can get at them. Phosphorous is best banded two inches from the seed, and two inches below. Potash, because ploughed down.
