the public hearings he had described the paper as "a collection of erotic filth, whereof the headlines attract the curiosity of the young and the dirty stories poison the minds of the readers." He urged the state and religious authorities to unite to protect "the honest inhabitants of the City of Montreal against this scandalous sheet."

He recommended that the force be centralized in the hands of a competent chief whose orders cannot be disputed and whose authority is not divided and could be modelled along the lines of the Royal Canadian Mounted Police.

Under the present organization, the Provincial Police is divided into two divisions, one operating from Quebec City under the direction of Lt.-Col. Leon Lambert, and the other from Montreal under Deputy Chief J. G. Gauthier. Both divisions operate independently under orders from the Attorney General's Department.

Clerical organization of the force was good and the fingerprint and photographic sections were commended, the report said.

Gray said he continued of the opinion that there should be a just system of conscription without geographical restriction. But he could not support the suggestion in the Progressive Conservative amendment that men in the home defence army might be released to work in farms, factories and forests until needed. There should be no demobilization of these trained men.

U.K. EXPERIENCES RESPITE FROM FLYING BOMBS

Attacks Resume During Day, However, Although on Diminished Scale—Buzz Bombs Noted Approaching from Different Direction.

By JAMES F. KING, Associated Press Staff Writer.

London, July 11.—(P)—Flying bombs started slamming down on London and Southern England today after the capital's first free night from the German terror weapon in almost a month. The attacks were below the peak of previous assaults.

While the buzz-bomb attacks continued on Southern England, these assaults were not as heavy as they have been and damage and casualties were reported light.

An alert was sounded in London during the night, but it did not bother the blitz-hardened residents a great deal. They experienced great relief, however, through the absence of the terrifying "buzz" which makes every flying bomb anything from military service for farmers and farmers' sons. He said there was discrimination against men who did not volunteer for Overseas service, as they were denied access to entertainments and the usual leaves granted to general service troops.

W. J. Ward (Lib., Dauphin) said that if a C.C.F. Federal Government were elected 1,000,000 Canadians would seek to enter the United States.

H. A. Mackenzie (Lib., Lambton-Kent) said Agriculture Minister Gardiner had played "Santa Claus" to Western farmers, although it was said the Liberals lost the Saskatchewan provincial election to the C.C.F. because of federal policy.

In the area of Caen, important river port which fell to British and Canadian units Sunday, the Allies had cleaned up pockets of resistance. Canadian Press War Correspondent William Stewart reported last night.

As the Canadians drove forward with the British in a fresh advance which opened yesterday, Ross Munro, Chief Canadian Press War Correspondent in Normandy, last night quoted the Canadian General commanding all Canadian troops who took part in the capture of Caen as saying: "Our infantry, as always, has been magnificent in this battle."

The General also praised the work of gunners, signalmen, medical men and tank crews who played a part in the success of the assault.

(Munro's dispatch did not name the General, but commander of the Canadian 3rd Division fighting in the area has been identified as Maj.-Gen. R. F. L. Keller of Kelowna, B.C.)

The General said "even when the infantry were about at their last gasp from sheer physical exhaustion and lack of sleep, another task was always accepted and executed with dash and energy," Munro reported.

In another front dispatch last night, Munro said "A Canadian General"—presumably the same officer as gave the interview—and Maj. Phil Strickland, of Saskatchewan, were the first Canadians to link forces of the main group to the North and the garrison at Carpiquet during the first day of the battle for Caen.

The dispatch said Strickland and the General were riding in a jeep through the battle area when the towns of Authie and Franqueville, North of Caen and Northwest of Carpiquet, fell Saturday.

They bounced over the fields to get into Carpiquet, captured at dawn last Tuesday by Canadians and held against stiff counterattacks. There were minefields and enemy snipers in the district but the General and the Major ran the gauntlet, suffering only a punctured tire, to receive a boisterous welcome from members of a Maritime Regiment holding the Eastern edge of the village.

"COSTLIEST BRIDGE"

Costliest engineering project in the world from the economic standpoint probably was a bridge built for a railroad in Australia. Only one train has passed over it in 55 years, although it cost \$100,000. Authorities decided on another route, avoiding the bridge, after this initial run.

COUNTRY AND DAIRY PRODUCTS PRICES

Montréal, July 11.—Main produce items were unchanged but the demand was firm. Eggs were unchanged and the market was steady with receipts in fair volume. Butter was also steady. Quebec new crop potatoes were lower at \$1.53 to \$1.75 but prices on other grades were unchanged. Live poultry receipts were heavy. Chickens made up the bulk of arrivals with volume in excess of the demand which was good for well finished birds, but light weight birds were not selling well. The situation on live fowl was better as receipts were not extra heavy and demand was good. Arrivals of broilers were fewer and prices were lower.

Exhibitors At E.T. County Fairs To Be Invited To Participate In 1944 Victory Fair August 26 To Sept. 2

Announcement by Lt.-Col. Johnny Bourque, President of the Eastern Townships Agricultural Association, that \$10,000 would be forthcoming from the Provincial Government for the Sherbrooke Victory Fair and reports from various committee chairmen indicating that a colorful programme will be presented during the week of August 26 to September 2 featured a meeting of the Exhibition directors held at the Arena Building last evening.

Steps to induce exhibitors at Eastern Townships county fairs to bring their stock to Sherbrooke and the development of a greater amount of interest in harness racing were other points discussed by the directors.

Alec Ross, vice-president of the E.T.A.A., suggested that the Association should take steps to induce exhibitors at other fairs to take part in the Sherbrooke competitions. Horsemen, cattlemen and sheep and hog exhibitors at Eastern Townships fairs should be approached and invited to exhibit their stock here, he said.

E. E. Spafford believed that this would be a good move and would indicate to farmers throughout the Townships that the local fair authorities were interested in them.

On motion of John Peters of Magog it was decided to appoint a special committee which will visit the fairs, contact exhibitors, and induce them, if possible, to bring their stock to the Victory Exhibition.

Further regarding livestock, Wesley Nichol of Lennoxville said that although most farmers were experiencing labor difficulties good quality exhibits could be expected, particularly in the Shortford section.

Referring to the harness races held at the Fair Grounds on Sunday, Mr. Spafford said that a very fine programme had been presented and the newly-surfaced track had been in good shape. A greater amount of interest should be taken in these races, Mr. Spafford believed, and he pointed out that in other districts—St. Pie, Danville and Wootton—thousands were attracted to the grounds. There was no reason why a similar interest could not be evoked in Sherbrooke district and at least two more racing programmes would be presented before the regular exhibition schedule.

The exhibition card will include

F.O. Paul Emile Metivier Recounts Experiences To Lions Club Meeting

Announcement of the preparations already underway for the Salvage Drive to be staged here on July 25th, and a round-table talk with Flying Officer Paul Emile Metivier, a local returned veteran of many aerial campaigns on the war front, provided the main agenda at the weekly meeting of the Sherbrooke Lions Club held in the New Sherbrooke Hotel yesterday noon.

Acceptance of the proposition made last week by Roger Charbonneau, Provincial Superintendent of the National Salvage Department of National War Services at Montreal, for the organization and staging of a city-wide salvage drive for white paper was announced by the Club's President, Don Elliot.

At a meeting of the directors of the Club held following Mr. Charbonneau's address at the last meeting, the conditions for the holding of the drive under the absolute authority of the Lions Club were considered favorable, and a special committee was chosen to take charge of arrangements. Lion Alex Allard was elected President of the committee, and at yesterday's meeting announced the heads of the twelve sub-committees he had chosen to assist him in the task. The date for the drive has been set for six o'clock on Tuesday, July 25th, and the citizens of Sherbrooke are asked for full support to help in the collection of the sixty-ton quota of valuable paper, which is the objective of the drive.

Following the regular business session of the meeting, F.O. Metivier was introduced to the members, and gave a short address in which he voiced his thanks on behalf of other local boys he had encountered Overseas who have gratefully acknowledged receipt of cigarettes and other gifts sent to them by the Lions Club. "Let it be understood that everything your Club has done and is doing for the boys Overseas, is certainly very much appreciated, and we are most grateful for your generosity," he said.

F.O. Metivier then retired to answer questions from the members, and proceeded with highly interesting tales of many of his adventures while serving in England and Egypt. A hearty vote of applause was extended the young aviator at the end of his talk, and the thanks conveyed by President Don Elliot.

Deeming a coroner's inquest unnecessary, Leonidas Bachand, Coroner for the District of St. Francis, today announced a verdict of accidental death following his private investigation in the case of Georges Laliberte, 21-year-old soldier, who was killed by lightning while rowing on the St. Francis River near Richmond.

The accident occurred Sunday afternoon during a severe electric storm, when Laliberte was one of four passengers in a rowboat, who were attempting to reach shore in an effort to escape a descending from the approaching storm. While only about ten feet from the shore, a bolt of lightning struck the young soldier, knocking him from the boat into the water.

His body was recovered from the river by one of the passengers in the boat, Daniel Gervais, of Richmond, and the combined efforts of Dr. Marcel Chaput, Chief of Police of Richmond, Joffre Lefebvre, and Inspector Percy Donahue, and Constable Masse, of the Sherbrooke Police Department, were unsuccessful in returning life to the victim's body after two hours of administering artificial respiration, both physically and with the aid of an inhalator machine.

The verdict of accidental death was entered on record by Coroner Bachand, and the body has been sent to Quebec for burial.

CLINTON SOLES RETIRING FROM BANK POSITION

H. C. Walcott, Native of Sherbrooke, to Be Manager of Dufferin Avenue Branch of Bank of Commerce.

After forty-two years' service with the former Eastern Townships Bank and later with the Canadian Bank of Commerce, Clinton E. Soles, who has been manager of the Dufferin Avenue branch of the Canadian Bank of Commerce since 1937, is retiring at the end of the present month. He will be succeeded by H. C. Walcott, who is at present special representative at the Bank's Toronto head office.

Mr. Soles joined the Eastern Town-

ships Bank at Cowansville in 1902. His first branch as manager was at Scottsboro, where he went in 1914. He remained there until 1921, when he was named manager at Magog. In 1927 he proceeded to Rock Island and in 1937 was named to the Sherbrooke branch, taking over the branch on the first of January of that year.

Mr. Walcott, who succeeds Mr. Soles, was born in Sherbrooke and spent the greater part of his youth in this section of Quebec Province. His father, it is understood, was formerly manager of the Merchants' Bank, when that bank had a Sherbrooke branch. Mr. Walcott takes office on August 1.

Since coming to Sherbrooke, Mr. Soles has shown keen interest in a number of community projects. He is a member of the Sherbrooke Chamber of Commerce, keenly interested in the Sherbrooke Y.M.C.A., and holds office in several other civic organizations. He is President of St. George's Club and active in St. Peter's Church activities.

Successful Results Reported In War Savings Stamps Drive

Terminating the first week of the July month drive to encourage the sales of War Savings Stamps and Certificates, local stores and various other business establishments participating in the drive have announced extremely good success in the week's sales.

Leading with a week's total sales of one hundred ninety dollars, comes Woolworth's Chain Store, whose record tops the list only through the ardent work of their Miss Canada Girl, Miss Pauline Dupont. Placing second, and also turning in a good record of one hundred and six dollars for the first week of the drive, comes Zeller's Store, who has made a good success of their drive since opening the small sales counter in front of the establishment last Wednesday.

Three Miss Canada girls have taken part in the drive from the Zeller's store, these being Miss Cecile Aubin, Miss Huguette Longpre and Miss Jeanine Boisvert. The novel idea in use by these girls over their counter consists of the raffling of a five dollar certificate with the sale of every sixteen War Saving Stamp. The customer instead of purchasing stamps, may make a twenty-five cent deposit and enter their name on one of the sixteen squares enumerated on the counter. Instantly sixteen such sales have been made, the certificate is raffled. The person's name that appears on the square indicated by the "wheel of fortune" wins the five dollar certificate.

Eleven lucky winners have been announced in the first week of the drive, each winning a five-dollar War Savings Certificate for the price of a twenty-five cent stamp. The winners are as follows: Rene Montigny, Paquetville; L. R. Hebert, Sherbrooke; J. N. A. Demers, Drummondville; Leon Barrette, Montreal; G. L. Whitcher, Beebe; Roland Lacroix, Ascot Corner; Jeanine Boisvert, Sherbrooke; Leon Barrette, Montreal; Andre Royer, Sherbrooke; N. Harvey, Sherbrooke, and J. W. Farland, North Hatley.

Results from other business establishments have not yet been received although in most cases the first week of the drive has been reported as largely successful. The management of the New Premier will continue to carry on with their sponsorship of two evenings' entertainment each week for the remainder of the month, while arrangements are being made by the Granada Theatre to present a special programme in support of the drive.

Members Of Foster War Relief Group Entertained At Meeting In Sutton

Foster, July 11.—A well-attended meeting of the Foster War Relief Committee was entertained by Mr. and Mrs. Donald Hastings at their home in Sutton one evening.

The meeting was brought to order by the President, Mrs. M. B. Williams. The minutes of the last meeting, held in April at the home of Mr. and Mrs. W. R. Durrell, were read by the Secretary, Mrs. G. C. Bradford, and approved. It was reported that Mr. and Mrs. B. B. Mizener had donated five pounds of maple sugar to be shipped Overseas. The Secretary was requested to forward a letter of thanks for the gift.

Each two members are to pack ten boxes during the coming week for Overseas, each containing sugar, chocolate and socks. It was decided that cigarettes would be sent during the month of July, and chocolate and toilet sets during August.

It was voted that a cheque for \$100 should be forwarded to the Red Cross for the Prisoners of War parcels.

It was decided to serve ice cream at the regular fortnightly dances instead of coffee, Mr. G. C. Whitcher was asked to look after the purchase of same.

Arrangements were made to hold a picnic supper at Brome Lake in the near future. Several other matters of interest were brought up for discussion.

At the close of a pleasant evening, thirty refreshments were served by the hostess, assisted by her sister, Miss May Hexall, and daughters, Mrs. Earl McGovern and Miss Elizabeth Hastings.

The "piece de resistance" was a beautifully decorated birthday cake with lighted candles in the form of a question mark made by Mrs. Hastings in honor of Mrs. L. P. Durrell's birthday, which came on that date, congratulations were extended Mrs. Durrell as well as to Mr. and Mrs. Hastings, who were celebrating their wedding anniversary. Among those present were Mr. and Mrs. George Marshall, Mr. and Mrs. C. C. Bradford, Mr. and Mrs. W. of Mr. Edward Gibbs.

THE ALLIES ADVANCE

The past week-end can be regarded as a very satisfactory one from the point of view of the United Nations, with substantial victories being recorded in Normandy and Russia, and American completion of the bloody conquest of the strategic Island of Saipan in the Central Pacific.

The Allies have made important progress in Normandy. They finally have ripped the German battle line loose from its bitterly defended anchors at both ends. The Canadians and British took the ancient City of Caen on the Nazi Eastern flank after thirty-five days of hell, while the Americans captured La Haye du Puits on the Western wing in face of stubborn resistance.

The capture of Caen is of particular importance because this inland port and railway centre was the key point of the German defence of the peninsula. Had we been able to take this stronghold early in the invasion, it would have made a great difference in our progress in breaking into the French hinterland — progress which the Allied command had hoped would be much further ahead than it is now.

However, Allied supreme headquarters cautions us not to regard the victory at Caen as a major Nazi defeat. The capture of Caen and La Haye du Puits paved the way for the decisive battle which we must win before we can free the peninsula of the enemy and thereby enable our forces to reach the open roads to Paris and Berlin. This great clash may be expected soon.

While the invasion of Normandy has struck some very sticky going thus far, things are rounding up so that the wheels should turn much faster from now on. Once the great port of Cherbourg is repaired — and its restoration has been a titanic restoration job — the Allies will be able to pour into the peninsula a flood of men and equipment which the Germans cannot withstand.

Over on the Eastern Front the great Russian offensive is surging forward with a speed and force which threaten to produce a collapse of the German defense of the Baltic states and East Prussia. The Russian forces are fighting inside Lithuania and are reported to be less than eighty miles from East Prussia.

The American conquest of Saipan is a major victory. This island is the best air base the Allies have in the Central Pacific and its possession opens up great possibilities. From Saipan super-bombers can reach both Tokyo and the Philippines, which lie approximately fifteen hundred miles away.

APPEASERS QUIETENED

There has been one noticeable development in British war thinking during the past few weeks — apparently due to the slaughter caused by the Nazi robot bombs. The protests which had been heard in certain quarters, especially among ranking ecclesiastics, against the large scale bombardment of Germany, have disappeared almost entirely.

It is readily admitted that these protests were only put forward by a small group of persons, some of whom were genuine in their opinions that the British forces should not engage in such practices, while others were either publicity seekers or Nazi-inclined individuals.

The complainants voiced their protests on the argument that it was the civilian — old people, women and children — who was the biggest sufferer from these raids. There can be no denying that the two or three thousand plane raids carried out against German military and industrial objectives must have caused non-combatant suffering. But there is one distinct difference between the raids conducted by the United Nations and the launching of late robot bombs from Continental emplacements.

The Allied raids were conducted against definite military and industrial targets, with every possible step being taken to assure that the bomb load was concentrated on the target area. Thus any non-combatant losses were those that are inevitably confined to any military operation. But the German robot bomb, or the buzz bomb as it has been christened by the Londoners, make no pretence at serving any military purpose. Its sole object is to spread death and destruction in civilian areas with the idea of breaking down the morale of the home front. Thus

it is nothing but an instrument of terrorism and it is accepted by the British people as such. In itself it is the best answer to those who plead for mercy for a defeated Germany for the buzz bomb is a typical evolution of the Hun mentality of beastliness.

SAFETY FOR BICYCLISTS

One of the greatest causes of casualties in highway accidents at the present time are crashes between bicycle operators and motorists, the blame for which can often be the cyclists, especially those of the younger generation. To this end Canadian safety officials have prepared a simple code of safety rules designed to remove the bulk of the causes of accidents. These rules are:

- Obey all traffic regulations, such as red and green light, one-way streets, stop signs and hand signals.
 - Ride in a straight line.
 - Have a white light in front and a danger signal on rear, for night riding.
 - Have a satisfactory signalling device, such as a bell, to warn of approach.
 - Give pedestrians the right-of-way.
 - Look out for cars at crossings and pulling out of parking spaces.
 - Don't hitch to other vehicles.
 - Don't carry another person on a bicycle.
 - Keep bicycle in good condition.
- The rules are simple but they might go a long way in reducing the death and injury toll of cycle accidents.

THE OVERHEAD OF SOCIAL INSURANCE

One of the strongest arguments which has yet been advanced against the great expansion of social insurance is the claim that the overhead which inevitably accompanies such undertakings is out of all proportion to the benefits which are distributed. This is given substantial support in the Federal Government appropriation figures for the current year which provide \$5,000,000 out of the funds of the country to pay for the expenses of the Unemployment Insurance Commission. This is more than twice as much as the Commission has paid in workers' benefits in the previous three years. Administration costs or expenses during those three years were almost five times as great as the total amount paid in benefits.

Workers' benefits to the end of March last totalled \$2,465,043.01 while administration costs for the same period totalled \$12,187,993.64.

It must be remembered that under the terms of the present Unemployment Insurance scheme, the administrative costs are borne directly by the Federal Treasury and thus do not appear in the reports of the receipts and disbursements of the Commission. And in too many cases, social insurance proposals also contain similar clauses. Thus the proponents of any particular suggestion come forward with the argument that certain assessments will cover the costs of the benefits payable, but forget to tell the public that other substantial sums must be disbursed by the Federal Government. Thus a false picture of the whole proposal, from the taxpayer's point of view, is advanced.

Few, indeed, are the people who wish to return to the "good old days" when a man had to advance by his own efforts or starve. The development of the industrial system has made life more complicated and the individual is not the self-contained unit he was half a century or more ago. Then the majority of the people lived in rural areas or in smaller towns and had a small plot of land from which they could get the basic needs of existence, even if economic conditions prevented them from receiving gainful employment on a large scale. But today, at least half the population must depend upon its cash earnings for existence. The only alternative is social insurance in its broadest sense — either through some scheme of contributory insurance or by a public works programme.

But any such scheme that is ultimately adopted must provide that a clear statement as to the revenues, benefits and entire costs be issued from time to time so that all concerned may gain a true picture of the financial set-up. It is only in this manner that any permanent system can be established.

EDITOR'S NOTE-BOOK

To people who are compiling "Ten Best" lists for the end of the war we nominate Nazi Propaganda Minister Paul Joseph Goebbels as the man with the most vivid imagination. We would bestow the honor on the Herr Doktor for his lucid explanation of the presence of Allied armies in France. "They're refugees from the German rocket robots raiding England," he explained to harassed Berliners. Now all he has to do is think up similar comforting explanations for the presence of Allied armies in Africa, Sicily, Italy, Greece, Yugoslavia and Finland.

Women are so silly — kicking up almost as much fuss over a bridge prize as a man does over a golf cup.

PRESS COMMENTS

BETTER HAY

London Free Press
Here is one new wrinkle from these "slow" English farmers which might be of some use here in a wet season. The South of England farmer who frequently has difficulty in curing his hay crops has produced a new grass-drying system. The hay is cut when it is green and sappy. It is dried quickly with hot air so that all its nutrients, color or flavor are retained. When it is done it looks like green chaff. It is bagged and stored for winter use. As a feed it contains all the advantages of new-mown grass, is palatable and liked by all classes of livestock. The chief objection is the cost which in wartime is running as about \$30 a ton.

It is hoped that after the war, when larger co-operative plans are built to lower this figure. The benefits are that even in a wet summer it can be cut and processed, and that it does not suffer from heating or from mildew as hay will if put into mows when damp. The process is a new one and needs a good deal of testing but it may point a way to a more efficient way of handling one of the most important of our farm crops.

TRIBUTE TO ENGLISH

St. Catharines Standard
It is unusual for a July Fourth banquet to be featured by a speech of glowing tribute as implied in the title, "England and the Everlasting English," but that is how P. J. Philip, Canadian correspondent of The New York Times, spoke at a Rotary in Montreal. He addressed Canada as a United Nation and America as an independent English-speaking Union of States, and he declared that he made no apology for saying on the natal birthdays of both that "you would never have been born and that you would not now be free from war on your shores, from invasion and perhaps defeat, if it had not been for the Mother Country, which has never been more glorious than she is today."

Mr. Philip paid a glowing tribute to the independence of spirit and mind of the British people. "It is not," he said, "democracy — and it certainly is not doctrine that has saved England. It is the instinct for leadership that rises up in all classes, the capacity for spontaneous organization, the love of order and efficiency that have prevented them during these four years of dreadful strain, from disintegrating in the face of the Nazi attack."

In closing, Mr. Philip made a significant reference to private initiative. He said: "I am satisfied that there, whatever the rest of the world may do, private initiative will remain free to serve the people, to give opportunity to every man of worth and a chance for adventure and enjoyment in life for those with the courage to take it. There may have to be much done by State capitalism towards which so many countries are drifting, there may have to be some measure of controlled economy for a time, but the most prevalent feeling that I found among these English people of all classes . . . was one of a revolt against government organization and government administration. They accept it, because they realize that it has been essential but . . . all emphatically declare that once the war is over — no more civil service and government regulation for them!"

Members Of Women's Institute Held Regular Monthly Meeting At Melboro

Melboro, July 11.—The regular monthly meeting of the local Women's Institute was held at the home of the Misses Emily and Marion McMorine, with Mrs. James Baker and Mrs. A. Batchelor as joint hostesses. There were nineteen members and ten visitors present.

The President, Mrs. G. Frank, was in the chair, and the meeting opened in the usual manner with the pledge to the flag, Mary Stewart, Collect and the Ode, with Mrs. R. Pariseau presiding at the piano. The Secretary, Mrs. Minnie Solomon, read the minutes and called the roll, which was answered by handing in an old photo of oneself. Mrs. R. Kerr gave the Treasurer's

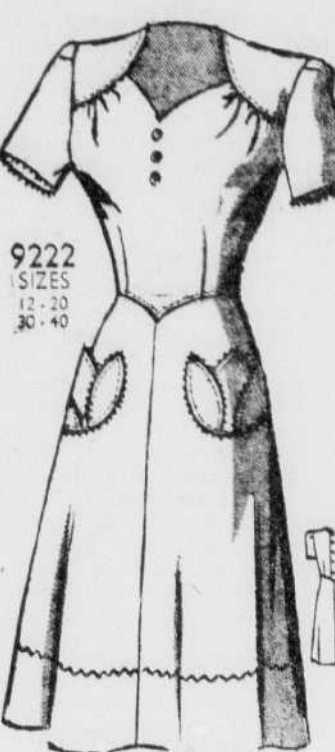

report, which showed a balance on hand of \$100. The correspondence consisted of a letter from the Navy League of Canada and a sample of yarn for knitting socks.

Mrs. W. Adamson, the War Service Convener, has received the fifteen ditty bags which the local society plan to fill. A pair of socks and a tuck-in muffler are to be included in each bag.

Two birthday contributions were turned in, also one membership fee. Mrs. S. E. Morrison has completed the quilt, the top of which was on display at the last meeting. This is to be given to the Red Cross Society. A donation was received from Mrs. Gordon Brooks, of Greenlay, of one dollar, quilt blocks and one crib quilt top. Mrs. H. Fowler and Mrs. E. G. Sims took home the quilt blocks and Mrs. M. Watters took the crib quilt. Upon the completion of these quilts they will be turned over to the Red Cross Society. Miss M. Dohan donated some woolen pieces, which are to be pieced together. Mrs. J. D. Stalker took these home to make up. Letters of thanks are to be sent to Mrs. G. Brooks and Miss M. MARRIAGES

DENENBERG-MILLER

The marriage of Fannie, daughter of Mr. and Mrs. M. L. Miller, to Mr. David Max Denenberg, son of the late Mr. Isaac Denenberg and Mrs. I. Denenberg, of Montreal, was solemnized in the Shaare Zion Synagogue, on Sunday afternoon, July 2nd, in Montreal. The Rev. Dr. Abramowitz officiated, assisted by the Rev. Miller and Rabbi Wachfogel.

The bride, who was given in marriage by her father, wore a street length frock of dusty rose crepe with lace trim, and carried a Bible, the gift of her mother. The maid of honor, Miss Rita Miller, wore a silk print jersey, and had a corsage of roses. The best man was Dr. Ben Denenberg, brother of the groom.

The bride's mother wore an aqua lace dress with white accessories and a corsage of American Beauty roses. The mother of the groom wore a mauve and white print frock with a matching hat, and wore a corsage of white carnations.

Before the service Mr. Al Cohen sang "Because" accompanied at the piano by Miss Eva Wolfe, cousin of the bride.

The reception was held in the Hall of the Synagogue. The bride and groom left by car on a trip through Eastern Ontario. Mr. and Mrs. D. Denenberg will reside in Ottawa.

The out of town guests included Mrs. Harry Freedman, Mrs. B. Finkelshtein and daughter Leah and Becky of Ottawa, Mrs. Bert Hyman, Dr. and Mrs. Simon Marcus, Mr. and Mrs. Charles Rich and son Morris, Mr. B. Steinberg and daughter Doris, Mr. and Mrs. M. Smith of Sherbrooke.

GLORIFY YOURSELF....

IF EXERCISE IS FUN YOUR PLUMP YOUNG'UN WILL REDUCE WILLINGLY

BY ALICIA HART

Best way to sell a healthful summer sport to a teen-age daughter, if she has a lazy girl's allergy to exercise, is to tell her what figure benefits are guaranteed.

Bicycling? All-around body builder for the thin child, and especially good for rounding out skinny legs.

Roller or ice skating? Sell this one to a child who is hippy or has too curvy thighs. Skating will also make weakish ankles as strong as steel.

Bowling? If daughter needs to pare down her thick little waist, this is right up her alley. Also good for flattening a tummy.

Swimming? Is fine for developing a fuller chest, grace, good posture and long, fluid muscles.

Tennis? Builds strong up-pulling pectoral muscles and a lithe, well-knit figure.

FRANKFURTERS GO WITH HOT DOGS

BY GAYNOR MADDOX

Frankfurters are a good warm weather labor saver. They are already cooked when you buy them, and need only be heated through. They are made from boneless beef and fresh pork, blended with spices. Identified brands are made according to recipe, and can be counted on for uniform taste.

Frankfurt Macaroni Salad (Serves 6)

Mix 3 cups of cooked elbow macaroni with 3 tablespoons of French dressing. Let stand for 10 minutes. Combine with 1/2 cup diced celery, 1/2 cup diced cucumber, 2 tablespoons minced onion, 1 tablespoon salt and enough salad dressing or mayonnaise to moisten. Add 3 frankfurters, sliced crosswise, and 2 diced hard-boiled eggs. Cut green peppers into halves, scoop out and stuff with salad. Chill. Serve on lettuce nests with sliced tomatoes and a buttered fresh vegetable.

BREAKFAST: Orange slices, bran flakes, crisp bacon strips, buttered toast, coffee, milk.

LUNCHEON: Creamed eggs on biscuits, tossed lettuce and tomato salad, enriched bread, butter, nutmeg, tea, milk.

DINNER: Chilled tomato juice, frankfurt-macaroni salad in green pepper shells on lettuce, relish tray of pickles and radishes, buttered wax beans, hard rolls, butter, apple streudel, coffee, milk.

Stuffed "Franks" (Serves 4)

Slit 8 frankfurters lengthwise, not cutting clear through. Fill with a bread dressing, made by mixing 1 cup soft bread crumbs and 1 tablespoon diced onion, 1/4 cup diced celery, 1/2 teaspoon salt and enough water to moisten. Wrap each stuffed frankfurt with a strip of bacon, spiral fashion, fastening with a toothpick. Broil in a hot oven about 15 minutes, turning to brown bacon.

Mustard Sauce (Yield: 1 cup)

Brown 3 tablespoons of flour in a skillet, mix with 2 tablespoons of fat. Add 1 cup of soup stock or bouillon. Cook until thick. Remove from heat, add 1/2 teaspoon salt, 2 tablespoons prepared mustard, and 1 teaspoon Worcestershire sauce.

What I WANT in Life...

"I want my wife to be free from money worries if I shouldn't live.

"I want to be sure of an income if I should be disabled and unable to earn another dollar.

"I want to live comfortably when it's time to retire.

"These are the things I want, and I've a contract with the London Life that takes care of them all.

"It was an eye-opener to find that I could get all the insurance I needed for \$21.20 a thousand. And what's more, in the six years I've had this contract, the London Life has returned to me almost a whole year's premium in dividends." (Jubilee Life policy with Income Disability Benefit, age 30)

ISN'T IT THE TRUTH ? By Ti-Jos No. 46

WHAT DO THE CITY FOLKS THINK OF THIS PRICE CONTROL ?

WELL IT'S A NUISANCE, OF COURSE BUT ABSOLUTELY ESSENTIAL.

AND THE FARMERS WOULD GET MORE MONEY, WHAT'S WRONG WITH THAT ?

THEY MIGHT TAKE MORE IN BUT THEY'D HAVE TO PAY VERY MUCH MORE OUT SO WHAT GOOD WOULD THAT DO YOU ?

A NUISANCE IS ONLY HALF OF WHAT I'D CALL IT! WHY DO YOU FIGURE IT'S NECESSARY ?

WELL THERE'S SO MUCH MONEY TO SPEND AND SO MANY PEOPLE AND MACHINES PRODUCING FOR THE WAR THAT WITHOUT A CEILING AND RATIONING, PRICES WOULD GO SHOOTING UP.

THAT'S THE WAY I FIGURED IT, MISS! I JUST WANTED TO SEE IF YOU AGREED

HEADS YOU LOSE...

...and tails nobody wins if inflation once gets underway. So it's up to each of us to see it doesn't! What can we do? Tell everyone the facts. Never cheat on rationing. Spend as little as possible. Save all we can to spend after the war.

Says Mr. Gold Seal

"Floors have a lot to do with Morale"

"Transforming drab, shabby, depressing floors has been my life's mission for more years than I care to count. I was lucky to get off to a flying start with so fine a product as Congoleum and I've been at it ever since.

"War has only intensified my effort. The need for the colourful beauty, cleaning ease, comfort and enduring quality always assured by Congoleum Gold Seal Rugs and Congoleum by the yard, is greater than ever and we at the Congoleum plant, besides devoting our entire machine-shop facilities to specialized war production, are going all-out to meet it, thus aiding morale and the will to victory."

HOW TO HELP MR. GOLD SEAL MAKE GOOD

You can get added wear out of your Congoleum floors with very little effort. Brush and mop them regularly and renew the brightness of their surface with an occasional waxing. Make sure too, that the floor underneath is smooth and free from cracks or knots. If it's a rug, move it every few months to "spread" the traffic. Yes, a little care will pay big dividends.

QUEBEC PRODUCES FOR WAR

Quebec can well be proud of her tremendous war effort. Every day in ever increasing quantities, materials for war surge from the production lines of Quebec's many war plants.

Every worker, in mine and factory, field and office, pledges not only his or her unceasing labour, but also, the purchase of Victory Bonds to help pay for the materials needed to help our fighting men.

SHAWINIGAN FALLS — DOES HER SHARE!

Shawinigan Falls . . . is producing for War! Model industrial city of the St. Maurice Valley . . . peacetime paradise of sportsmen—that is the dual distinction carved into history by Shawinigan Falls! One of the best managed cities in Canada, conveniently located halfway between Montreal and Quebec at the foothills of the majestic Laurentians, this warm-hearted French-Canadian community has earned wide recognition for her beauty, hospitality and, for her many contributions to the Victory.

With the mighty Shawinigan Falls harnessed to provide an almost unlimited amount of water power, this city has become one of our busiest centres of military production. From Shawinigan Falls to all parts of the world go such important supplies as aluminum conductors and cables . . . stainless steel products . . . almost a hundred important war chemicals . . . ammunition . . . ammunition containers . . . newsprint . . . cellophane . . . textiles . . . and other vital war goods in thousands of tons and thousands of varieties, all to speed the Victory that those fighting for us may come marching home—soon!

Shawinigan Falls . . . producing for war! It pays her way! The people of Shawinigan Falls are not only breaking records of war goods production, they, in generous measure, are helping to pay war's tremendous cost. In the Victory Loans to date, they have subscribed over \$10,639,580.00. An inspiring tribute to the future of Canada from a people united in their devotion to duty and constant in their self-sacrifice for the common good.

Yes, these good folk of Shawinigan Falls have reason to be proud of their war effort. Reason, too, to be proud of their plans for the future. Their energetic and competent city administrators—aided by such wonderful organizations as the Imperial Order Daughters of the Empire, Red Cross Society, Cascade Inn Knitting Group, Rotary Club, and their many churches and schools—are right now planning the way to a happier, more secure future. When Peace comes, it is certain to usher in that era of happiness, growth and prosperity for which these people are so hard working, saving and praying.

Published that neighbours may know of each other's contributions to our common War Effort

Memorial And Honor Roll Services
Are Held At Drummondville Church

Drummondville, July 11. — Cere-
monies were held both on the Church
grounds and in St. George's Church,
Drummondville, on June 20th, for
the dual purpose of paying tribute to
the memory of Major-General Heriot,
who founded Drummondville one
hundred and twenty-nine years ago,
and of unveiling an Honor Roll on
which are inscribed the names of the
men and women of the parish, who
have joined the forces for active ser-
vice.

The first part of the ceremonies
began at 7:30 in the evening, at the
flag-draped grave of Major-General
Heriot. Visitors present included
the Rev. Canon Paul Mayrand, of St.
Frederick's Church, Drummondville;
the Rev. J. S. Ford, B.A., of St. Paul's
Church, West Sherbrooke; His Wor-
ship the Mayor, Dr. J. Garon; J. O.
Munro, Napoleon Garneau and
Capt. Foster, representing Military
District No. 4, Montreal; Ivan Mil-
lar, President of the Legion; C. F. K.
Woodruff, of the Manoir Drum-
mond, and F. Pearson, the new man-
ager of the local Canadian Bank of
Commerce.

The Rev. N. D. Pilcher, B.A., Rec-
tor of St. George's Church, spoke a
few words of welcome to the gather-
ing, explained the purpose of the
ceremonies, and then called on the
Rev. J. S. Ford to address the as-
sembly. The Rev. J. S. Ford, speak-
ing fluently and in a most engaging
manner, in the French language,
gave an eloquent address, during
which he took occasion to stress the
unique atmosphere of the "home
entente" that existed in this district,
and the importance of fostering an
increase in the practice of bilingual-
ism, which is of such value in break-
ing down the barriers of race. He
also referred in gracious terms of
admiration to the size and beauty of
St. Frederick's Church, Drummond-
ville, which he had visited earlier in
the day.

The Rev. Canon Mayrand also
spoke at some length, dwelling on
some of the incidents that are re-
corded as having taken place during
Major-General Heriot's day—incidents
that symbolized the friendly
feelings that existed among both
Catholic and Anglican parishes.

BELVIDERE AND NEWSMEN IN SOFTBALL WINS

Kayser Defeated 13-4 Before Loop-Leaders' 14-Hit Assault

Starting the game with a four-run onslaught, the league-leading Belvidere squad last night blasted its way to a 13-4 triumph over the Kayser in a regular game of the Sherbrooke Industrial Softball League played at Dufresne Park.

The win further consolidated the Belvidere crew's perch atop the league standings. The leaders now have 22 points, eight ahead of the second place Canadian Silk and Sherbrooke Pneumatic Tool teams.

In other games of last night's programme, the Newsmen defeated the Canadian Silk 3-0, while the Parisien squad won over Philip Carey by default. The game was awarded to the Parisien men by Empire Herve Courchesne when the Lennoxville team failed to show up at the appointed time.

Pounding Houde, Kayser pitcher, for fourteen hits, the Belvidere men had little difficulty in topping the fourth-place Kayser team as they

scored in every inning but the third. Gerard "Lefty" Dube, manager and coach of the Belvidere squad, sent in a new pitcher to face the Kayser last night, Nova Corriveau, pitching his first softball game, nailing the mound chores for 4-1-3 frames before being relieved by the team's star twirler, Johnny Collin. Though Corriveau gave up six hits and walked five men, he nevertheless showed promise of developing into a good pitcher with a little practice.

Johnny Collin, taking over on the mound from his duties at first with three men on base and one out, stifled a Kayser threat by forcing Lauzon to fly out to second, and then retiring the side by fanning Castonguay. He proceeded to strike out two more men before the game was over, allowed but two hits.

Houde, Kayser hurler, was hit freely for fourteen safeties. He also gave up two walks while fanning none.

The game started off with a bang as the Belvidere men led off with four runs on three hits and an error by first baseman Joffre Kiel. In the last of the first, the Kayser gave the impression that the game would be close when they drew near to the league-leaders with three runs, collected through a home run by Auray, two singles and a base on balls.

However, in the second, Belvidere furthered their lead with another run when Corriveau, who had been bailed, was brought in by Gilles Dube's rousing triple. Both sides were then held scoreless till the fourth frame when Belvidere added

another run to bring the score to 5-3. Each side got a run in the fifth, but though Kayser stopped there, the Belvidere men went on to score four times in the sixth and twice more in the seventh to emerge the victors to the tune of 13-4.

Powerhouses among the Belvidere hitters were Gilles Dube, Fern Metivier and Chartier. Dube had a perfect night at bat, hitting four for four, including a triple. He also scored twice as well as knocking home one run.

Fern Metivier, Belvidere second baseman, collected three singles, scoring twice and bringing home a single run. Chartier, center fielder, connected for a triple and two singles, besides knocking in three men and scoring once himself.

Other Belvidere hitters were "Lefty" Dube, Pelletier, with a double, Lorenzo Dube, and Pitcher Johnny Collin. Hitting heavily for the Kayser were Latulippe and Auray. The former connecting for a double and two singles, hit three for four, while Auray had a perfect night with three for three, a three-run homer, a triple and a one-run single.

The two Kayser hits were made by Lauzon and Timmy Whalen, a newcomer to the Kayser line-up.

One double play was seen in the game as Fern Metivier displayed good headwork in the seventh inning. Picking Dion's grounder off the ground between first and second, he held on to the ball till Latulippe tried to make second from first, tagged the runner and then whipped the ball to first in time to cut off Dion.

At Least Two More Harness Races To Be Held Between Now And Fair

At least two more harness races will be held at the Exhibition Grounds between now and the Sherbrooke Fair August 26 to September 2, it was stated last night by E. E. Spafford, member of the racing committee, at a meeting of the E.T.A.A. directors.

Mr. Spafford pointed out that much work had been done to the half-mile circuit, which has been completely re-surfaced, and he hoped that the public could be interested to a greater extent in these events.

Mr. Spafford said that other racing centres attracted thousands every Sunday and he did not see why the same conditions could not apply to Sherbrooke. Other sports, like wrestling, had been built up and the same could be done for horse racing which he considered one of the finest sports in existence.

The newly-surfaced track had been tried out last Sunday when a very good programme was presented. Despite the fact there had been little or no rain to pack the new surface, the track was in pretty good shape and all the races were keenly contested, with particularly good starts and close finishes.

Rip Harvester, owned by J. A. Boulet, of North Ham, won the free-for-all Sunday, with "Cabin", Huckings and Sons of Derby, Vt., carrying off top honors in the 2:20 and "Nancy Budlong", A. L. Tilton, of Richmond, first in the 2:27 class.

NEWARK POUNDS OUT 4 TO 1 WIN OVER SYRACUSE

At Newark, the Bears, behind three-hit pitching by Rookie Johnny Maldovin, who also picked up 10 strikeouts, galloped to a 4-1 victory over Syracuse Chiefs. The triumph was the eighth in the last nine starts for the Bears and Maldovin's fourth of the season.

Steven Kuk, with two singles, led Newark's seven-hit attack against George Woodend. He drove in one run and scored another. One Newark tally was the result of a double steal and the fourth cashed in on a squeeze play.

Newark, 111 000 10x—4 7 1
Batteries: Woodend and Valdivia; Maldovin and Vangrofski.

Scribes Jump To Third Place By 15 To 3 Win Over Silkmen

The fast-climbing Newsmen last night took over sole possession of third place in the Sherbrooke Industrial Softball League by pasting the second-place Canadian Silk team with a 15-3 trimming in a regular league game played at Dufresne Park.

Recovering from a first-inning three-run setback, the Newsmen settled down and went on to pile up fifteen runs to swamp the powerful Silkmen.

Lessard, Newsmen pitcher, was touched for six hits in the first frame, but tightened up for the rest of the game and allowed but four more hits. He sent one man down swinging and allowed no bases on balls.

Les Bessant, Canadian Silk hurler, evidently hurling with a sore arm, was definitely off last night as he allowed eleven hits and batted thirteen men. At times, however, he tightened up and succeeded in striking out six men. His wildness at times was very concentrated and he forced four runs in on bases on balls.

Starting out with a rousing single, Metivier began the six-hit attack in the first inning for the Silkmen. Auray was retired, shortstop to first, and Metivier was picked off from second to shortstop. However, the Canadian Silk powerhouse started rolling and five consecutive hits, including a double, brought in three runs. The Silkmen might well have given up there, however, for they were stopped dead in their tracks for the rest of the game.

Errors were not very numerous, the Newsmen committing none while the Canadian Silk made three. The three miscues, however, helped the Newsmen gain the one-sided triumph.

Heavy hitters for the Newsmen were Roger Dion and Charest. Dion, short fielder, picked up three hits in four trips to the plate and also ac-

counted for two runs. Charest, first baseman, had a perfect night as he poled out a double and a single in two appearances. Besides scoring twice himself, he also knocked home a run.

Lessard helped his own cause as he singled twice to knock in two runs. Guillemette also hit two singles and brought in one man. Boisse, Silkmen third baseman, was the only man connecting for an extra-base hit, his double coming in the first frame. Other hitters for the Canadian Silk were Metivier, Auray, O'Connor, Guillemette, Proteau, Lamontagne and Bessant.

JERSEY REGAINS FIRST PLACE IN INTERNATIONAL

Jersey City's Little Giants climbed into undisputed possession of first place in the International League's hot pennant race in a home game last night when they came from behind to defeat Baltimore's Orioles 6-5.

Jim McAlarney, 18-year-old, started for the Little Giants but was lifted for a pinch hitter after giving up four hits and four runs over the first six innings. Ken Brondell, who finished up, was credited with the victory, his seventh against one defeat
