PRICE-FIVE CENTS

Pictured above is the Paraplegic Wheelchair basketball team who will meet the Westmount YMCA Senior Boys basketball team on Wednesday night, immediately after the official opening of the Hobby Show. They are, from left to right, Hal Kelley, Joe Simineau, Bill Handley, Vic McGillivray, John Allaire, John Lipson, Mike Harling Johnnie Rochon (Captain).

## Mrs. Murphy of Arlington Ave., Contest Winner

Mrs. Murphy, of 87 Arlington avenue, gets the bird. That's the opinion of the judges, Miss Audrey de Moulpied and Mr. Raymond Meikle of the Examiner staff, who picked Mrs. Murphy's entry as the best one combining the correct rhythm, originality and a dash of humour in the Examiner's recent Limerick Contest.

It was quite a task to choose the winner as there were many "last lines" that were very nearly on a par with Mrs. Murphy's entry. Hundreds of replies were received and a majority of the contestants sent in answers for every verse on the page.

It is hoped that another contest can be arranged in the near future and so those who were disappointed may have "better luck next time." Mrs. Murphy's winning jingle was as follows:

For service that's always the best you can get,

Till you've tried E.A., you ain't seen nothin' yet.

So come in and find out,

What we're bragging about.

We'll fix up your car so it runs like a jet!

## Tots Explore Westmount By Light Of The Moon

There was a full moon Wednesday night and a slight breeze whirled through the maze of Westmount buildings — symbolic of Spring. The air breathed Spring Fever and breathing the air were Linda Delafield and Paul Astrof who were walking by the light of the moon!

Why the exclamation? There's nothing unnatural about that.

Nothing at all except that Linda was all of eight years old and Paul was two years younger.

The two tots, living about a block and a half away (Linda, 65 Holton Avenue; Paul, 468 Wood Avenue), wandered from their homes about seven o'clock.

It wasn't until 2 in the morning that Ed Birmingham, well known photographer for this paper, found the couple strolling nonchalantly down Sherbrooke Street West at Claremont.

Linda's decision to explore Westmount with Paul was by no means a quick one. Although the two have not been going steady they have been pretty close pals for many a full moon.

Police say the kids haven't done much talking as to where they were (they are both still drowsy) but Paul confessed that they must have climbed a billion fences. Both were covered with splinters.

## Mayor Cameron Will Open Hobby Show Wednesday

On Wednesday evening, April 16, His Worship Mayor J. S. Cameron, Mayor of Westmount, will cut the tape officially opening the 16th Annual Westmount Boys and Girls Hobby Show at the Westmount Y.M.C.A.

This year's show will be held from Wednesday, April 16, to Saturday, April 19. Immediately following the opening by the Mayor an exhibition wheelchair basketball game will be held between the Canadian Paraplegic Association and a team of senior boys from the Westmount Y.M.C.A. The girls swim meet will be held beginning at 8 o'clock.

On Thursday afternoon at 1 p.m. the chess, checker and tennis table tournaments will begin. In the evening boys and girls sports and gymnastics will be held while the boys swim meet will commence at 7.45 p.m. in the swimming pool.

The annual music festival will be held Friday evening at 8 o'clock and on Saturday April 19 the Pet Show will be held at 2.30 p.m. Two new features of this event will be the turtle race and a demonstration of dog obedience put on by Mrs. Lorna Casgrain.

The Hobby Show exhibits will be open to the public, Thursday, Friday and Saturday from 3 to 5.30 p.m. and from 7.30 to 10 p.m.

## Basketball Game Feature of Show, Opens Wednesday

A number of outstanding highlights is promised in this year's Indoor Athletic program of the Westmount Boys' and Girls' Sixteenth Annual Hobby Show. The feature attraction on the opening night will be an exhibition basketball game between the celebrated Paraplegic team and Westmount "Y" Seniors. The game will be played with both teams in wheel chairs and should prove to be one of the top drawing cards in the Athletic program.

At the same time the Basketball game is on in the Gymnasium, there will be a Girls' Swimming Meet in the pool with competition open to all girls sixteen years of age and under. Thursday night will be highlighted by exhibition games and demonstrations in girls volleyball and badminton, while the boys will be competing in the swimming pool. Another feature in the gymnasium the same night will be an exhibition on the trampoline by a selected number of boys in Westmount.

Friday night will offer an obstacle race followed by an exhibition game of floor hockey, and Saturday — the closing night of the Show — will be climaxed with an exhibition by the Y.M.C.A. Senior Gymnastic Team which recently captured the Eastern Canadian Gymnastic Championship. This team is considered one of the best ever to come out of Montreal and should be a fitting climax to the Indoor Athletic Program of the Hobby Show.

The committee for the Department of Indoor Athletics is as follows: Fred Russell, Chairman; Mickey Brown, Janet Buzzell, Martha McDougall, Bruce Robertson, Paul R. Murphy, and Doug Seller.

## "Squirrel Trouble" In Westmount Causes Cut-off

A squirrel walked the last mile in Westmount the other day.

Described as "squirrel trouble" by City Manager, T. J. Hughes, the little animal which had fallen down a lead primary cable was electrocuted when he ate through to the wire of the lead bar in an effort to free himself.

The area between Sherbrooke Street and Montrose Avenue, Clarke Avenue and Murray Avenue was short circuited for a few hours late Sunday morning. The Fire Station, St. Andrews Church and St. Matthias' Church, also suffered the cut-off.

The electric pole, where the squirrel suffered his sad fate was located on Murray Avenue, just north of Montrose.

The animal fought furiously to free himself and ate through the lead primary cable to the wires.

City Manager T. J. Hughes described the "squirrel trouble" as the first of its kind in Westmount.

## St. Matthias' Has New Pipe Organ

The work of installing a new pipe organ at St. Matthias' Church is almost completed and it will probably be put in use for the first time on Easter Sunday. The instrument has been made by Casavant Freres of St. Hyacinthe and consists of two manuals and pedals with 32 draw stops controlling 1,843 speaking pipes. There are 11 couplers, 5 adjustable combination thumb pistons to facilitate manipulation of the Great Organ, 6 thumb pistons for the Swell organ, 6 adjustable toe pistons controlling the entire organ, also 4 reversible pistons.

The mechanism is of the latest electro-pneumatic design and the console appointments include a new type of non-glare lighting fixture attached to the music rack. This is a recent development by the organ builders.

Of special interests is an in-

## Recreation Superintendent Once Known As "Iron Man"

In the parlance of track and field, Lionel Fournier, Superintendent of the Westmount Recreation Department was once tagged the "Iron Man."

That was out West where likeable Lionel was burning the cinder paths with his spectacular showing in numerous decathlon events. He holds the Canadian record of 6,448 points in the Decathlon and was a Canadian representative in the last Olympics. He competed against the American phenomenon, Bob Mathias, considered the world's outstanding athlete. Lionel was also an outstanding football player out West where he played in the Big Four and in the Western Intercollegiate League, starring with the University of British Columbia.

Today Lionel imparts his sports knowledge to younger aspirants of track and field.

He is the present major domo of the Recreation Department which is under the jurisdiction of Westmount's City Administration.

Lionel can see Westmount going to the fore in recreational activities.

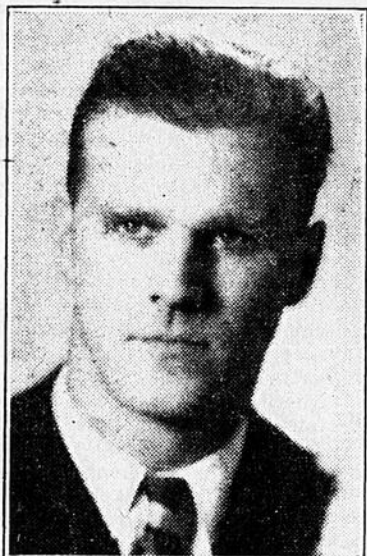

"The people of Westmount today are very recreational conscious," Lionel told The Examiner this week.

"It is not what a citizen tries to get out of recreation that will make it a success, it's what he puts into it," he added.

Indications this year are that recreational facilities will be in greater use, according to the superintendent.

Lionel is an outstanding physical specimen, who, if he could find time, would be able within a few weeks to whip himself into condition to become a strong contender in the Canadian Olympic team. This is impossible, however, as he concentrates all his power on his present position.

Lionel is married and has a boy

LIONEL FOURNIER

and girl, Bobby, 3, and Mary Ellen, 15 months.

Facilities of the Recreation Department available to the citizens of Westmount are rinks, tennis courts, skiing facilities, six soft-ball diamonds, two putting greens, three lighted horseshoe pitches, two checkerboard courts, four shuffleboard courts, three playing fields. The Department operates three supervised playground programmes in the summer.

## Fraser Lindsay Wins Award At Donnacona

Fraser Lindsay, 19, of 48 Arlington Avenue, second-year cadet, was presented an award for outstanding leadership at a recent inspection of some 150 university cadets at HMCS Donnacona last week.

Vice-Admiral E. R. Mainguy made the presentation and took the salute as the trimly-garbed cadets, products of excellent drilling, marched smartly past.

## R. T. Stackhouse Dies After Lengthy Illness

A private funeral service was held this morning for Mr. Justice Russell T. Stackhouse, widely known in Montreal judicial and political circles, who died yesterday morning at his residence, 34 Thornhill Avenue, Westmount, after a lengthy illness. He was 68.

The funeral service was held in the William Wray chapel to Mount Royal crematorium and the burial was in the family plot at Lachute. Born February 9, 1884 at St. Andrews East, Que., Mr. Justice Stackhouse was the youngest son of the late Dr. Benjamin Stackhouse and Mrs. Stackhouse. He received his early education at Lachute Academy and graduated from McGill University in 1906 with the degree of Bachelor of Civil Law.

### Admitted to Bar 1907

Following his graduation, he travelled extensively in Europe, taking courses at the universities of Grenoble and Paris. He was admitted to the Bar of the Province of Quebec in 1907, and practised his profession in Montreal.

In May, 1914, Mr. Justice Stackhouse was elected secretary of the Bar of Montreal and represented that body at the annual convention of the American Bar Association held that year in Buffalo. He was appointed King's Counsel in 1917 and was called to the bench of the Circuit Court of Montreal in September, 1925.

Prior to his appointment, he was an active and prominent Liberal, taking a leading part from 1908 in the Reform Club, and in its later reorganization. He was a charter member and on the executive for many years.

He was a life member of the Shriners Order and of the Montreal Amateur Athletic Association, and a former member of the University Club, Engineers Club, Thistle Curling Club and the Country Club of Montreal.

Surviving are his wife, Greta D. Stackhouse, and a daughter, Helen.

## Brig. G. Wallis Describes Four Years In Jap Prison

Held captive as a war prisoner by the Japanese for four years, Brig. G. Wallis told the Westmount Rotary Club, at their weekly luncheon meeting, that it meant certain death if a prisoner was detected stealing a newspaper from Japanese officers.

Brig. Wallis stated that news

meant hope, and that the British prisoner, at the risk of his life, would go to great extremes so that he could be informed of the latest happenings on matters mudane.

He praised the work of the Red Cross in sending parcels at a time described as the "last terrible winter as a Japanese prisoner." He opined that without this help they would have never survived.

"The time spent as a prisoner was not entirely wasted as I had some chance to render a service to others," the speaker told the gathering.

"For diversion, the Brigadier said, I chose carpentry and was continually reprimanded by the Japanese, for having a nail or some other metal tool in my possession.

The Japanese, he went on, were afraid to see any of the British or Americans with any metal in their possession, as they considered them a barbarous lot, ready at any time to split a Japanese throat.

Brigadier Wallis described how he was shifted to Formosa and made to work in the fields as coolies do.

"When it was feared that MacArthur was going to attack Formosa, the Japanese flew us to Northern Manchuria where the conditions were appalling," the Brigadier explained.

The speaker was introduced by Phil Page and thanked by John Lockhead.

## Joint Campaign Of Cancer Group Opens April 15

The Joint Cancer Fund Campaign will open officially through Montreal and district April 15, and officials made known today there would be an urgent need for canvassers to carry on the work of campaigning.

"There is a special need for many canvassers, and we are counting on citizens to rally to the support of the Canadian Cancer Society and the Cancer Research Society so that the appeal may be a success" a statement issued today at drive headquarters, 1522 Sherbrooke street west, said.

The two cancer societies have joined forces for appeal purposes to raise a minimum objective of \$250,000 between April 15 and April 30. They have joined for the promotion of an overall program of cancer control. The two societies actually distributed \$220,000 during the past year in the province of Quebec.

The money collected will help speed the research program which has brought a solution to cancer nearer. It will also boost the public education program of the societies, carried on through the press, radio, films, public meetings, displays, pamphlets and through information centres. In addition, the money will further the program of providing direct aid to sufferers of the disease. Welfare services include provision of free cancer dressings, nursing and home care, special diets and medication, transportation, rehabilitation and support of tumor clinics in various hospitals.

John Bassett, Allan Bronfman and Hon. Wilfrid Gagnon have been named honorary chairmen. Other officers include: W. E. McLaughlin, chairman, English special names, individuals and corporations; Mrs. R. G. Gilbride, chairman, English special names, women; Hon. Edouard Asselin, chairman, French special names, individuals and corporations; Mrs. A. Cantero, chairman, French special names, women; C. Alex Parker, chairman, industrial division; Rex. H. Vickers, chairman, publicity.

While canvassers will be used to help speed collections in various districts, officials stressed today that contributions may be sent by cheque direct to campaign headquarters if desired.

## Westmount Recreation Dept. News

The Westmount Recreation Department has obtained a pamphlet entitled "Recreation — A Problem of Grass Roots — The Why, The What and The How of Public Recreation." This pamphlet is published by the National Recreation Association.

Beginning with this week's issue of the "Examiner", it is the intention of the Recreation Department to publish excerpts from this pamphlet, and it is hoped that it will prove of interest to the citizens in the community.

### Why Is Recreation A Problem?

On the one hand baffling obstacles, and of the other, enlarging opportunities lie before a majority of Americans in their search for satisfying recreation.

To a small number of American adults and their children there is no personal recreation problem or there need no such problem. They have ample means and ample free time for the things they want to do. For them, the pleasant vistas of leisure reveal spacious lovely homes, private swimming pools, automobiles, airplanes, the theatre, concerts, country clubs, town clubs, yachting, winter vacations or summer vacations in the United States and foreign countries. If they are engaged in a business or profession, it is in itself challenging and interesting.

But this is not the recreational outlook of the ordinary American. His income is low and it permits little margin for the recreational activities that must be bought. His home or apartment is small and crowded. The theatre, concerts, the country club and foreign travel are beyond his financial reach. Millions of his children in the cities do not have access to playgrounds. The "old swimming hole" or the river where their fathers and grandfathers swam is polluted, and they cannot afford to pay fifty cents admission to a commercial swimming pool or for a locker at the beach. They find that most of the shore line of lakes and the ocean front are in private ownership. The simple good times of many rural communities have vanished.

As for work, much of it in these times is mechanized and unstimulating. The jobs of many are made up of routine, repetitive, monotonous, simple movements. Men and women tend machines or they stand behind counters and sell gadgets. Such work does not stir the imagination or permit the personal growth of which most people are capable.

This rather dismal picture is relieved, of course, by several circumstances. If labor is dull and uninteresting, the hours are mercifully much shorter than was the work time of grandfather and great-grandfather. Today the eight hour day, and the five day week, are in vogue. Organized labor advocates a thirty hour week. Thus grows leisure. There have come surpluses of time and energy for the practice of the good life. And it is true that certain leisure assets are available to most American families. Millions have managed to buy automobiles and radios. And motion pictures are available to all except the extremely poor and the isolated dwellers.

Commercially promoted amusement is the most conspicuous leisure time diet of the public. At its best such entertainment is a worthy use of spare time, but much of it makes for passivity and not for personal effort and personal growth. If passive, it fails to provide the mental, physical and moral discipline and the enduring satisfaction that comes through participation in hobbies, sports, music, drama, crafts, camping, social recreation and many other forms of participant leisure experience. Then, too, much commercial amusement has failed to keep free from low moral standards, as the history of horse racing, prize fights, dance halls, pool rooms, amusement parks, motion pictures, and radio records. Legal restraint and periodic public crusades have been necessary to maintain minimum standards. Because of their expense worthy types of commercial recreation are beyond the reach of the people who need them most. Essentially, recreation should not be commercialized.

As Stuart Chase has pointed out it "most emphatically does belong in the field of vendibility."

Plainly, this rough, hasty sketch of the leisure life of Americans is one-sided and incomplete. Nothing has been said about wholesome informal social life, many families and clubs or work of numerous societies, semi-public agencies or of achievements of government recreation. Let us postpone discussion of these influences until we have examined the recognized values in recreation which have led to public and private action for it.

### Senior Stamp Club

The Westmount Stamp Club which was recently elected Chapter of the American Philatelic Society, is holding an Exhibition on May 15, 16 and 17, 1952 at Victoria Hall Westmount. The Exhibition Committee under the Chairmanship of Mrs. R. M. Watson, of 5444, Duquesne Avenue, Montreal, to whom enquiries relating to the exhibition should be addressed.

Exhibits from members of the Club will be shown in both competitive and non competitive classes, it being ruled that exhibits that won awards at "Capetown" or at any other International Exhibition would not be eligible for competition. It is anticipated that there will be a good showing of B.N.A. material that the awards at Toronto in the competitive class.

Collectors are cordially invited to visit the Exhibition and a special welcome is extended to out-of-town visitors.

The Club holds weekly meetings every Thursday at Victoria Hall Westmount (except during the summer months) and collectors visiting Montreal are always welcome at the meetings.

### Putting

The Putting enthusiasts of Westmount are well on their way to having a good season.

A meeting was held at the Westmount Athletic Grounds at which a committee was chosen to handle the program.

The residents present at the meeting were totally interested in the putting green at Westmount Park. However, there is another fine green at the northeast corner of King George Park and it was felt that anyone from that area of Westmount interested in Putting should get in touch with Rocky Rothwell, the Recreation Supervisor, at FI. 6975, with a view to organizing a Putting group.

The next meeting will be held in the near future and the date will be advertised in the Westmount "Examiner."

(The following are excerpts from the sermon given by Rabbi Dr. Harry J. Stern at the Passover Morning Service, yesterday morning at Temple Emanu-El.)

Each year in the glorious spring season The Feast of Passover comes and recalls for us the dramatic story of Israel's liberation from Egyptian slavery. "Let My people go that they may serve Me," was the demand Moses made before Pharaoh. It constitutes the source of every cry of all the dispossessed and the oppressed throughout history. Freedom as indicated in the declaration of Moses before Pharaoh is not merely to be released from bondage. Primarily it has to do with accepting the responsibility to serve God and through service of God that of serving fellowman. Liberty in truth entails responsibility. When liberty is without responsibility it degenerates into libertinism. Only a freedom that entails the service of God, where we accept responsibility is what Passover demands of us. The hope and happiness of individuals and nations rest upon that freedom which seeks to serve not self but fellowman. Indeed the Jewish people did not become free actually, when they crossed the Red Sea. In truth, they really were on freedom's road, when at Sinai they accepted the Ten Commandments.

We in this blessed land of Canada enjoy political freedom. But with political freedom, we urgently need spiritual freedom, the kind of freedom that is tied up with the story of Sinai. Where shall spiritual freedom be found? (a) In an age of "money culture" and the worship of things, let Passover with its lesson of spiritual freedom awaken within us through truth, that the greatest things in life are the things we cannot see—love, goodness, justice and peace. Let us espouse these values by which we are spiritually free. (b) Passover speaks also of the faith in the eternal springtime of human nature. On this Feast, we are reminded that we can rise above the lower impulses of life, the irrational and the frightening found in every human heart and become masters of our souls. (c) Spiritual freedom, means that we are to be not spectators upon life, but sharers in life.

In the Haggadah ritual, one of the four sons is designated "the wicked one," because he excludes himself in his questioning—"what are these statutes to you?" They who are truly spiritually free ever choose to identify themselves personally and share the burdens and struggles with humankind. Life is ever a relationship to others, a concern for others.

Thus on Passover, 1952, we of the Household of Israel surely identify ourselves with the colored folk, who in the Union of South Africa are restricted in their democratic right of franchise. Indeed from the point of view of great religion, racism in any form is immoral and negates the doctrine of

loist in our Synagogue Choir. Mrs. Alton Goldbloom, Honorary Chairman, presided and a brief summary of the Institute's activities during the current season was given by Mrs. Alex Shulman, Chairman of the Advisory Committee. Greetings were extended by Rabbi Wilfred Shuchat and by Mr. Samuel J. Leibowitz, the Educational Director, on behalf of the Faculty. Mrs. H. C. Lightstone expressed the appreciation of those present to the guest artist and to Mr. Jacob Rosemarin, Director of the Synagogue Choir, who provided the musical accompaniment. The Advanced Hebrew Class under the leadership of Mr. I. Lief will continue its Wednesday morning meetings several more weeks.

### Library News

Interesting displays were arranged for Purim and Passover. The colourful exhibits included artistic ceremonial objects and new publications for these holidays. Preparations are now being made for the Annual Bar Mitzvah Shelf Ceremony to take place on the

human brotherhood which flows from the Fatherhood of God. On Passover 1952, we pray for the release from the chains of totalitarianism of all human beings. We pray that redemption and deliverance come to all peoples who find themselves enslaved in any form. May the day speedily come when the Universal Passover will be ushered in and all peoples will come to worship the One God of Freedom—The Father of all mankind.

### THE ROOSEVELT SUIT

Tribute to the hardness of Scottish tweed has been found in the letters of President Roosevelt. "In 1878," he wrote, "my father had a tweed suit made in Edinburgh... He wore the suit constantly until his death in 1900. I inherited it and wore it steadily until 1926, when I passed it on to my boy, James. He still has it and wears it in the winter time, when he is in the country."

Mental illness should be regarded as an ailment comparable to other ills and not something of which to be ashamed. Most illnesses of the mind are today known to be amenable to treatment if taken in time. Any symptom of emotional or mental disturbance should have medical attention as soon as possible, in order to give the doctor an opportunity to diagnose the case and arrange for treatment.

## Solar Club Plan Event

Community Hall on Friday evening, April 25, which will be the final project of the year, bringing to a close a busy season of activities. The Solar Club was founded in October 1934 by the late Dr. A. R. Griffith and nine business men for the purpose of rendering service to the community generally and particularly to assist the Homoeopathic Hospital of Montreal, now known as the Queen Elizabeth Hospital; to create in the minds of the members an appreciation of the relationship of a hospital to the community and a realization of their responsibilities with respect to the welfare of their fellow citizens as well as to develop a lasting friendship among the members.

The Solar Club has donated to the Queen Elizabeth Hospital equipment such as an operating table, fracture reducing table, modern operating room lights, moving picture projector and sound equipment. Its members have also rendered valuable services to the Hospital and have taken an active part in financial campaigns.

## Tips For Teens

Swiftwater is a tale that will interest boys who like an outdoor story. The Callaways were fighting to establish a wild geese sanctuary. The people of the town put up quite a battle against their plans, but the opposition was only a spur, and they won over the town and saved the geese from needless slaughter. Here is all the allure of outdoors and the companionship of a father and son on trips, which gives the tale a refreshing slant.

**Fifth Chinese Daughter** by a famous American-Chinese girl,

Jade Snow Wong, who was raised in San Francisco's chinatown, and Jade Snow writes with charm of her college and high school days. While in college she became interested in pottery and is now an outstanding ceramist. Girls from 14 to 16 will read with enjoyment her true stories about herself.

**Wasa-Wasa**, by Harry MacFie, will thrill boys and adults who like first hand adventure, as it is the story of the North country. Two great friends who were trappers and prospectors, the story has all the excitement that the Canadian North can give. It is full of the glamour of the rush for gold.

**Geordie**, by David Walker, is a charming story of the Highlands with Wee Geordie who was so anxious to enter the Olympic championship that he took a correspondence course to build up his physique. He was so successful that he was sent to America and astonished the crowds by appearing in his kilt, against all rules and pleading, he marched right on to win both the races and his bonny Jean.

**Room for One More**, by Anne Wright, is the humorous account of a family who always had room for one more waif. Each child had a different problem and appeal, the home life did wonders for the children and when the story appears in the movie version, it will make a fine tale with a different atmosphere. Both young people and their parents will enjoy this.

**A Lamp is Heavy**, by Sheila Russell, tells the story of Sue Bates who experiences some hard knocks and shocks in her first year training to be a nurse. Written with a good sense of humour, but with a real down to earth approach to nursing, with no false glamour but an inspiring attitude towards nursing, this will appeal to older girls who have their hearts set on holding up a lamp, that is sometimes heavy.

**Rotary Leader**  
Rev. J. Kingston Lattimore, Smiths Falls, Ontario, Governor of District 250 of Rotary International, who will preside over the District Conference of Rotary to be held in Montreal on April 27, 28 and 29 at the Mount Royal Hotel. Rotarian Joe Lattimer is past Moderator of the Synod of Montreal and Ottawa of the Presbyterian Church in Canada, and a member of the Senate of Knox College, Toronto.

#### Seminary Campaign

Under the co-chairmanship of Mr. Melvin Chorney and Mr. Jack Flanders, arrangements have now been completed for the 1952 Shaar Hashomayim Seminary Campaign in support of the Jewish Theological Seminary of America. Mr. Leon Levin, chairman of the Seminary Affairs Committee of our Congregation, has announced that the objective in the current appeal is \$25,000.00. This sum represents a minimal contribution in support of the vital education and spiritual work conducted by the Seminary, from which we draw our inspiration and guidance. The Board and the Men's Association have pledged full support, and approximately 100 workers have volunteered their services to this vital appeal. The Campaign will open on April 23 with a dinner sponsored by Mr. Horace R. Cohen, O.B.E., Honorary President of the Congregation, and Mr. Lazarus Phillips, Q.C., O.B.E., the Honorary Chairmen of the Drive. The Guest Speaker will be Dr. Max J. Routtenberg, Executive Vice-President of the Jewish Theological Seminary of America, and Director of the College of Jewish Music and the Cantors' Institute of the Seminary. Born and educated in Montreal, Dr. Routtenberg was ordained as Rabbi at the Seminary, where he received the degrees of Master and Doctor of Hebrew Literature. He served as Senior Chaplain for the Jewish Forces in the United Kingdom

*"It makes such a difference"*

Mrs. Helen V.... was so pleased by the courteous treatment she received from a bank teller during a holiday trip that on her return home she wrote:

*"It was really a pleasure to transact my modest banking affairs with you and I think the bank is very lucky to have such a charming and welcoming young woman with them. It makes such a difference when one is travelling to feel so at home."*

At your own local branch, at any branch of any bank, you will find bank people going out of their way to look after you, efficiently and courteously. That is the way the chartered banks compete with each other for your business.

## Cruelty At Easter

S.P.C.A. Seeks To Halt Needless Slaughter of Baby Animals

The Society for the Prevention of Cruelty to Animals has once again issued its annual appeal to the citizens of Montreal for kindness to pets during the Easter season.

It is something of a paradox that the Easter season, that time of the year when all Christianity should naturally be turning to thoughts of love and compassion, should be chosen especially by commercial interests for the sale of tiny members of the animal kingdom as pets for children.

Each year the S.P.C.A. asks dealers not to

sell baby chicks, ducklings, or bunnies as pets; each year the S.P.C.A. urges parents to refrain from buying these living creatures for their children to fondle and then discard. One would think that people would realize the cruelty of these practices.

More than 500,000 chicks are sold at Easter in the Montreal area, and, in each case, the chick is condemned to death through squeezing, insufficient heat, or improper food.

Police action will be taken during this season under the terms of city by-law 828. Article 20 of the by-law states: "The keeping of live poultry is expressly prohibited in (a) dwelling houses, and (b) premises where any foodstuffs are stored or exposed for sale."

Article 21 of the same by-law states: "It is forbidden to keep live poultry in any coop or other premises within the city so as to create a nuisance."

And Article 542 of the Criminal Code of Canada forbids anyone to permit any unnecessary suffering by animals.

Despite these laws, the needless slaughter of these baby animals goes on. A solution would be a provincial law forbidding the sale of baby chicks, ducklings, or rabbits. This is currently being sought by the S.P.C.A.

And if parents are thinking of the children's ultimate good, a much better way to invest Easter money would be in Canada Savings Bonds.

### Westmount Baptist

Easter will be observed at both services in Westmount Baptist Church on Sunday. The Choir, under the direction of W. J. Neale, will carry through an inspiring Ministry of Music.

"Now is Christ Risen". This will be the theme of the Morning Sermon by Dr. J. A. Johnston. It will emphasize the effect of the Living Christ in the Lives of Men. There will be two special features in this Service. One will be a Song by a Chorus of Little Children, entitled — "It is the Joyful Easter Time". This will be followed by a "Presentation and Dedication Service" for young Parents and their Infant Children.

"He Shows Himself Alive". This will be the Theme of the Evening Address. In this Service Easter Hymns and Easter Music will occupy a very prominent place. The Service of the Evening will reach its climax in an impressive Scene amid Baptismal Waters. Dr. J. A. Johnston will preach at both Services. Visitors will be most cordially welcomed.

### St. Andrew's-Westmount

On Good Friday there will be a service of Public Worship in St. Andrew's, Westmount, at 11.00 a.m. "The Message of Good Friday" will be the theme of the message by the Minister, Rev. D. M. Grant. There will be appropriate selections by the Choir, including two anthems, "Surely He hath borne our Grievs" by Handel, and "He Humbled Himself" by Palestrina.

But Good Friday is not the last word. The first Good Friday was followed by Easter. "Thanks be unto God who giveth us the victory through our Lord Jesus Christ." So the last word is not death but glorious life!

In St. Andrew's Easter will be observed with services of worship in which the glad music of the Resurrection and the Life will predominate. In the morning Mr. Grant will give the sermon — his subject being, "The Message of Easter". Music by the Choir will include the Anthems, "Christ the Lord hath risen" by Lang and "Let the Celestial Concert all Unite" by Handel and the "Hallelujah Chorus" by Handel.

The service in the evening will be a Choral Service in which the Choir, directed by Phillips Motley, B.A., Mus. Bac., F.C.C.O., will sing some of the outstanding Easter selections that enrich our Christian heritage. These will include: Solos by Mrs. E. B. Reynolds, and Mr. John Grant; such anthems as "Christ the Lord is risen" (arr. by Whitehead), "The Joyful Easter-tide" — a Dutch carol, and "The Hallelujah Chorus" (Handel). As a special feature in the ministry of music, morning and evening, the Organist and Choir

will be assisted by Mr. Allan Knapp, trumpeter.

A suitable program has been arranged for the children of the Church School who will assemble in the Church at 11 a.m. and will later retire to their classrooms.

On Monday evening — The Evening Group of the Women's Association (formerly called Young Women's Association) will be held Monday, April 14, at the home of Miss Marion Mansfield, 543 Prince Albert Ave., at 8 p.m.

The 3rd Annual Festival of Easter Music will take place in St. Andrew's Church on Wednesday Evening, April 16, with seven Choirs participating.

The Ladies of St. Andrew's are looking forward to the Annual Spring Luncheon taking place in Hutchison Hall on Tuesday, April 22nd.

### Westmount Park Emmanuel

On the evening of Good Friday, at 8:00 p.m., a service of worship will be held in the Westmount Park-Emmanuel Church, in which an augmented choir will sing some of the finest of the music from "The Messiah", "The Crucifixion," and "The Seven Last Words."

Supported by the Scripture story of the Trial and Crucifixion of Jesus, the service will be a musical dramatization of the events leading up to Easter.

No admission fee will be charged, and the public is cordially invited.

On Easter Sunday, the Church Choir will present some of the best Easter Music, and at both morning and evening services the Easter theme will be dealt with. In the morning, Dr. Campbell will preach on "The Day Shall Break" and in the evening, on the theme, "If a man die, shall he live again?" Visitors will be most welcome.

Thou wilt shew me the path of life; in thy presence is fulness of joy; at thy right hand there are pleasures for evermore.

—Psalms 16: 11

## Christian Science

"Are Sin, Disease, and Death Real?" is the subject of the Lesson-Sermon to be read in Churches of Christ, Scientist, on Sunday, April 13th, 1952.

The Golden Text is from Romans 8. "The law of the Spirit of life in Christ Jesus hath made me free from the law of sin and death."

Among the citations which comprise the Lesson-Sermon is the following from the Bible: — "In the end of the sabbath, as it began to dawn toward the first day of the week, came Mary Magdalene and the other Mary to see the sepulchre. And the angel answered and said unto the women, Fear not ye: for I know that ye seek Jesus, which was crucified. He is not here: for he is risen, as he said. Come, see the place where the Lord lay. And go quickly, and tell his disciples that he is risen from the dead; and, behold, he goeth before you into Galilee; there shall ye see him: I have told you." (Matthew 28)

The Lesson-Sermon also includes the following passage from

Such indignities as he received, his followers will endure until Christianity's last triumph. The meek demonstrator of good, the highest instructor and friend of man, met his earthly fate alone with God. Forsaken by all whom he had blessed, this faithful sentinel of God at the highest post of power, charged with the grandest trust of heaven, was ready to be transformed by the renewing of the infinite Spirit. He was to prove that the Christ is not subject to material conditions, but is above the reach of human wrath, and is able, through Truth, Life, and Love, to triumph over sin, sickness, death, and the grave."

**A New Anno Domini**  
By LEWIS MILLIGAN

People of the Western World are living in a prehistoric age. It is quite true that their way of life is far advanced from that of the Stone Age, since they do not live in caves and have developed agricultural, industrial, artistic and political ways of living which are far in advance of those of the pre-Christian era. We are in the habit of dividing historic time into B.C. and A.D. But we do this out of crass ignorance or perversity. Henceforth — or as soon as we become enlightened or converted to the Soviet way of life — we shall date the real history of mankind from the year 1917, and to be exact, October of that year. All that occurred before that point of time will be known and referred to as "prehistoric."

This is no mere fancy or baseless conjecture; it is cold fact, for I got the information from an official Moscow paper, Literaturnaya gazeta. In its issue of January 1st of this year that journal published an article entitled, "Concerning the Present and the Future," by Academician G. Alexandrov. A translation of this article appears in the Current Digest of the Soviet Press, which is really a mine of information on what the highbrows of the Soviet Union are thinking and talking about. They think very freely, within certain limits, and they talk or write in a grandiose and verbose style, which enables them to avoid or obscure the plain truth and at the same time to impress their readers with their profound knowledge and wisdom. Occasionally they can be quite clear and concise in their statements, and it was such a statement that seized my attention when I was reading Academician Alexandrov's article. This is it:

"All history before October, 1917, may be called merely the prehistory of mankind. The Soviet regime opened up a new phase of historical development.

The real history of mankind began."

To make sure that there would be no mistaking their meaning, the words, "real history of mankind," were printed in italics.

Alexandrov is absolutely sure of the ultimate universal acceptance of his new Anno Domini. He declares that "the laws of history are inexorable and cannot be changed by the desperate efforts of the capitalist class, their politicians and ideologists, to restrain the powerful forces destined to hurl capitalism into the abyss!" He is no Calvinist, of course, but he does believe in predestination, for he says so in so many words, and he himself claims to have specific foreknowledge. "Let the enemies of Communism rant and rave. Their fate is predestined!" he rants and raves. He says the "popular masses are moving along the road indicated by Lenin and Stalin . . . The future belongs to Communism. It will prevail over the forces of the rotting world." If the Western World is rotting and pre-doomed, then Alexandrov is wasting his breath ranting against it, and the Soviet government is needlessly piling up armaments to destroy rotten forces.

But to return to this new Anno Domini. Who is to be the Dominus of the new division of time? There are three candidates for that divinity — Marx, Lenin and Stalin. Alexandrov leaves no room for doubt as to his choice. He makes no mention of Marx, but he does couple the names of Lenin and Stalin as the dual indicators of the road to the new era. He reserves, however, his highest adoration for "The great Stalin who wisely said: 'In general history makes no substantial move without special necessity for so doing.' Moreover, preparations are evidently under way for exalting Stalin to the position of Dominus. He already appears as an object worship in Soviet music. An article published in Izvestia recently refers to "the monumental oratorio, 'Songs of the Forest,' inspired by the great Stalin plan for the transformation of nature in the land of socialism.' We are also told that "the inspired hymn to the great Stalin in a musical finale of a picture, Fall of Berlin, has become one of the best-loved and most popular works in Soviet music."

Hymns are usually addressed to a deity, and it seems there is a co-ordination of effort on the part of Soviet historians, poets, musicians and artists to carry out a

Well, we had no luck getting a driver for Miss Shirley Ramsdale who is, you may remember, a social worker at the Montreal Hygiene Institute, 531 Pine Avenue West, (BE. 3971). The Mental Hygiene Institute as part of its Community Mental Health program has instituted a program of Group Play Therapy for young children, who need careful training in small selected groups. We asked that kind-hearted folks lend a hand in getting the kiddies to the Institute, but as this seems to involve too much time out for busy people, we have another idea. How about some club helping the project by setting aside a donation to be used as taxi money for transportation of these little pupils whose mothers are unable to convey them to the Institute? It is just a thought of my own. Would somebody like to discuss it further?

**Cows and Crocuses**  
Hey hum! I think I'm getting a touch of spring fever. Mary Etta MacPherson in her editorial "The Moment and the Miracle" in the April Canadian Home Journal, sprang the trigger which loosed a flood of memories when she said, after describing the colorful march of Spring from the Maritimes to the west coast, "for blues and purples in abundance, however, you must take to the open prairies in April; where rotting patches of snow have exuberant neighbours in the clumps of prairie crocus — a prouder flower, with its beautifully shaped blossoms springing from a base of furry leaves, than many an exotic in our gardens."

My own opinion is that the wild crocus of the west is seen at its loveliest in B.C., up in the Rockies. I haven't seen crocus on the prairies, but cannot imagine that they are prettier there than on the "bench lands" at the foot of the white-topped peaks. The time to see the crocus clumps at their loveliest is in late afternoon, when glancing up a slope, you see the little purple cups filled with sunlight. That is something never to be forgotten.

When I lived in the Columbia 1950. The bride is a graduate of Netherwood School, Rothesay, N.B.

Those attending the wedding from out of town included Mrs. Gordon Powis, of Hamilton; Mr. and Mrs. T. N. Blakney, Mr. and Mrs. Gordon Strachan, of Ottawa; Mr. and Mrs. Kenneth Doyle, of Toronto, and Mr. M. J. McAlpine, of Bancroft, Ont.

Valley there seemed to be a curious affinity between the freely ranging cows and these flowers. Half-an-hour after you'd discover a heavenly patch of them, they'd be, as likely as not, down the throats of Bossy and Bess. These cows ate such quantities of the little purple chalice of light, it seemed that the beasts must give purple milk. They never did, of course. But when they feasted on wild onions alongside the lakes, it was a different story — even their best friends ostracized them — particularly the people at the butter factory.

... Consumers And The Milk Board ...  
... Report From Manitoba ...

The Canadian Association of Consumers in the Province of Quebec has set, as one of its objectives, the obtaining of representation for the consumer on the Milk Board of this province. C.A.C. has long felt the injustice of the fact that only the milk producers and the milk distributors, sitting under a Provincial Government Chairman, compose the Board which sets the marketing policies and prices of milk and various milk products in Quebec. The one person so vitally affected by the actions of this Board — the Consumer has no voice and not even the right to have a voice. Of course C.A.C. has many reasons besides the question of prices, in pressing this matter of consumer representation. While prices are of extreme concern in the case of such a vital food as Milk, there are many other points on which the consumers' opinion would be of value. Marketing practices greatly affect the consumer and while several suggestions of merit concerning changes in the methods of milk selling in Montreal have been discussed, no action has even been taken.

Your reporter has just read a

**C.A.C. LAUDS BUDGET CLAUSE ON APPLIANCES**

The Quebec Provincial Branch of the Canadian Association of Consumers is very gratified with the provision in the Budget which abolishes excise taxes on stoves, washing machines and electric refrigerators. C.A.C. has been to the forefront in urging this action, feeling that such taxes on articles of household use placed an unfair burden on the home and on the housewife.

C.A.C. will continue to work for consumers on the 10% tax still payable on tea and coffee. The Association feels that these are foods and as such should not be subject to the household tax.

long and extremely interesting account sent in by the Chairman of the C.A.C. Milk Committee in Manitoba. Milk prices, she says, had increased three times in the period from September 1950 to May 1951. Each price increase brought about a drop in consumption and consumers, in their search for good nutrition at a reasonable price, bought a great deal of powdered milk. C.A.C. in Manitoba has been very active in championing the cause of the consumer, and has been successful in getting legislation establishing a minimum as well as a maximum price for milk, with fluctuations allowed between the two prices. This resulted in a two cent difference between the delivered price of milk and the price as sold in stores. The business being done at stores is fairly large, as due to a five-day delivery system, many families with no proper storage facilities for milk, now go to their neighbourhood store for supplies. It is estimated that store sales of milk in Winnipeg account for nearly 60% of all sales.

**Public Hearing**

A Public Hearing is called for by law before Milk Prices can be increased in Winnipeg and on December 29th, 1951 the Association of Distributors gave notice of application for an increase in the price of Milk. The hearing was called for January 7th, with all submissions on the matter to be in the hands of the Milk Board by January 5th. The C.A.C. of Manitoba immediately protested that in a holiday week, this gave them no chance to prepare their case. The Press and local Municipal Governments supported C.A.C. and a delay of two weeks was finally granted. At the hearing, members of the public and strong delegation of C.A.C. members were present. Much discussion of a friendly and informative nature took place on various problems connected with the sale of milk.

The decision when given DID NOT grant the increase in the price and milk in Winnipeg has stayed at 20 cents a quart delivered, with some stores selling at 18 cents and some at 19 cents. The Chairman of the C.A.C. Milk Committee is urging all C.A.C. Branches in other Provinces to press for the right to public hearing when changes in the price structure of milk products is asked. This should be a right for all consumers and your Provincial C.A.C. in Quebec feels that another right is that of the consumer, not only to appear at such hearings, but to have its own representatives on the Provincial Milk Board. The aim in Quebec is

**Rapid Growth Noted At Annual Meeting Of C.A.C. Branch**

The annual meeting of the Westmount Women's Club Branch of the Canadian Association of consumers was held recently in the new Y.W.C.A. building under the chairmanship of Mrs. J. Weir Brown, when the past year's activities were reviewed.

Matters of interest to consumers were discussed and extracts from C.A.C. bulletins were read. The report of the secretary, Miss W. A. Mann, showed that the membership of the branch had increased over 100% since its formation in 1950. Guest speaker was Mrs. W. V. George, vice-president of the Quebec English branch of the C.A.C. who gave an interesting address on home economics stressing the importance of the housewife in the community.

Officers elected for the coming year were: Honorary President, Mrs. J. Weir Brown; President, Mrs. H. S. Jacques; vice-president, Mrs. D. A. McNiece, secretary-treasurer, Miss W. A. Mann.

Tea was served at the conclusion of the meeting, Mrs. J. C. McKean presiding at the tea table.

for two women representatives, one to speak for the women of towns and cities, and one to speak for the women of farm and country areas. This is an aim which should have the support of all housewives. Milk is an essential food and dairy products are the backbone of good nutrition; nothing must prevent the people of Canada from having such nutrition, but C.A.C., representing also many thousands of rural women, feels that greater understanding is needed of the problems confronting the milk producer. Mutual efforts of an urban and a country consumer on the Provincial Milk Board would help to create this understanding.

THE AIMS OF EDUCATION

It may be wise at this point to clarify what I am attempting to do in this discussion, which began in this space last week, of the aims of education. I am not trying to foist upon anyone — not at this time, at any rate — my own philosophy of education. I am merely presenting for your consideration several different sets of aims of education with the hope that by so doing I shall be stimulating thinking on educational matters.

Let us first consider the aims of education as drawn up by the Educational Policies Commission of the National Education Association of the United States. These are divided into four parts as follows:

1. Education for self-realization. This involves command of important physical and intellectual skills, knowledge and practice of healthful living, ability to play, love of beauty, growth in self-direction.
2. Education in human relationships. This includes laying the basis for a satisfying home life and pleasant and useful association with others.
3. Education for economic efficiency. This involves preparation of competent producers and consumers who understand economic forces and can constructively help solve their own problems.
4. Education for civic responsibility. This includes increasing the social, economic and political understanding of individuals, increasing their loyalty to democracy and their ability and desire to improve.

#### Education in U.S.S.R.

And now, at the risk of being branded a Communist or a fellow traveller, I should like you to consider the avowed aims of education in the Union of Soviet Socialist Republics as set forth in "Education in the U.S.S.R." by Yeygeny Medynsky. Let me quote at some length from this brief but interesting work which was published in 1950:

"The education and training of the growing generation is regarded in the USSR as one of the key functions of State and is, naturally, subordinated to State interests. The Soviet school sets out to provide all-round development to its pupils, to train highly educated, active conscientious builders of Communist morality.

"The late Chairman of the Presidium of the Supreme Soviet of the USSR, Mikhail Ivanovitch Kalinin, gave the following definition of the principles of Communist education:

"Communist principles, if we take them in their simple expression, are the principles of the highly educated, upright and forward-looking person, love of the Socialist labour and a whole series of other lofty qualities, forms a highly component part of Communist education."

"Different, but closely integrated facets of Communist education, are mental, moral, aesthetic and physical training and polytechnical education.

"Mental training and education develop a truly scientific, dialectical materialist outlook, provide systematic knowledge — the rudiments of the sciences — develop the pupil's memory, attention, imagination, independent thinking, speech, and his ability independently to acquire and apply knowledge.

"Moral education aims at rear-

If you want the nuts you serve at your party to have that fresh taste and be crisp and crunchy, salt them yourself. It is easy to do. Just place blanched almonds (or other nut meats you like) in a shallow pan. Add one teaspoon oil or butter for each cup nut meats. Roast at 300 degrees F. 25-30 minutes, stirring occasionally. Spread on brown paper to cool. Sprinkle with salt while hot.

"Golden Girl," new Technicolor musical set in Gold Rush days and detailing in song and story the life and times of famed entertainer of the period Lotta Crabtree, opens Saturday at the Monkland Theatre. To play Lotta, Twentieth Century-Fox selected from its roster the most promising young star of recent Hollywood years, Mitzi Gaynor, whose vivacious presence and rounded talent gifted supporting roles in "My Blue Heaven" and "Take Care Of My Little Girl."

**On The Same Program**

Bundle-up the family, little junior and all, and hustle right down to the Monkland Theatre if you want to see the most delightful comedy that has come this way in many moons. In "Elopement", Twentieth Century-Fox has cooked up a richly comic family stew, if one may be permitted an exaggerated metaphor.

Clifton Webb, departing from his customary Belvedere role, is the sharp-tempered father of Anne Francis, a cute ash-blonde, who elopes with a young college professor, William Lundigan. The presence of the irrepressible Webb and Charles Bickford, leading their respective families in a chase to stop the marriage sets the stage for much of the hilarity in this wonderful human interest comedy.

The enmity between the two families leads to many hilarious complications before they learn to like each other. Bedded down in a barn after an all night chase, the parents discover that the elopers have called off their marriage after a heated prenuptial argument. Then they do an about face to patch up the differences between the youngsters. Naturally, love overcomes temperament and the elopers make a new and successful dash for their Gretna Green.

"Elopement" is aimed at the hearts of young lovers, especially those who ever headed for an altar without parental consent. It has a point for parents, too, and it hits its mark entertainingly, due in no small measure to Producer Fred Kohlmair and Director Henry Koster's deft, sparkling handling of Bess Taffel's warm script.

Meekness, moderating human desire, inspires wisdom and procures divine power.

Youth meets experience, as pert, young Mitzi Gaynor and veteran musical comedy man James Barton demonstrate their knowhow on "Oh, Dem Golden Slippers," one of the musical production highlights in "Golden Girl," Technicolor hit. Dale Robertson and Dennis Day also star. On the same program, "Elopement," Clifton Webb, Anne Francis, William Lundigan. Also cast in the film are Charles Bickford, Reginald Gardiner, Evelyn Varden, Margalo Gillmore and Tommy Rettig, whose bubble-gum is just about to burst in Webb's somewhat suspecting face. This big Easter show starts Saturday till Tuesday at the Monkland Theatre.

**At The Westmount Sunday**

Detective Kirk Douglas (right) prepares to coax a confession from a four-time loser in this scene from Paramount's "Detective Story," opening Sunday at the Westmount Theatre. This film adaptation of the sensational Broadway play was produced and directed by Academy Award winner William Wyler, also stars lovely Eleanor Parker and William Bendix.

**"Detective Story" At Westmount Sunday Based On Kingsley Play**

A sensational drama that had Broadway theatregoers ooh-ing and ah-ing for almost two years will be generating tense excitement on the screen of the Westmount Theatre when Paramount's "Detective Story" starts rolling this Sunday. Based on the play of the same name by Pulitzer Prize winner Sidney Kingsley, the picture stars rugged Kirk Douglas, Eleanor Parker and William Bendix. "Detective Story" concerns it-

self with a conscientious, but brutal, detective with a psychopathic hatred of crime, weakness and immorality. When he learns that his wife has been involved with a cheap gambler and an unlicensed doctor whom he is trying to collar, his rage and torment drive him to a violent solution.

As in the play, much of the action is concentrated in the turbulent setting of a big city police station, through which parades an arresting gallery of characters. Pickpockets, embezzlers, murderers and dope addicts are some of the types peopling the tale and their individual drama and pathos is neatly woven into the fabric of the plot.

Kirk Douglas, who secured his reputation as one of the films' most important performers in Paramount's "The Big Carnival," plays the harassed detective torn between his love for his wife Eleanor Parker and a tormenting sense of right. William Bendix is cast as a veteran detective who knows the difference between duty and compassion. The film also features top members of the original Broadway cast; Horace McMahon, as a tough, understanding Detective Lieutenant; Lee Grant as a pathetic shoplifter; and Joseph Wiseman and Michael Strong as three-time losers with a flair for homicide.

Also on the same program is the miracle men of sports in a full-length fun hit, "The Harlem Globe Trotters," with Thomas Gomez and Dorothy Dandridge.

## End Of Hectic Season For St. Leo's In Senior Bid

St. Leo's Senior "A" Hockey Club, will officially close their 1952 season on Saturday April 19, with a house party as guests of Mr. and Mrs. John Orr of Beaconsfield, Que.

For Coach Andy McGillis, it marks the end of a hectic season in senior school hockey competition. In spite of poor co-operation from a good number of the team personnel, the team itself fared out exceedingly well in the standing. With the exception of Ray Losito and Mike Dodman, there was not too much to enthuse over. Tommy St. James and Dave Orr, showed well in the first half of the schedule but faded badly towards the end. In most games, coach Andy McGillis was handicapped with an understaffed team that compelled him to use more combinations than a safe-cracker.

With the actual playing season now but a memory and the scars of battle healed, the more pleasant task at hand now, is rallying the lads and lassies, for a social evening on the banks of the St. Lawrence river on the 19 of April.

**Little League Baseball**  
On May 20 at Kent Park, St. Leo's Indians will make their debut in Little League Baseball, when they oppose the White Sox from St. Andrews Youth Center. With the Westmount Athletic Grounds, fast drying out, the Indians will be holding their initial work out very soon. René Lagarde will be the club president, with Ray Losito assisting as coach and John Foy as business manager.

**Pee Wee Presentation**  
Last week in the school hall, before a large gathering of parents, students and friends of St. Leo's, the Maple Leafs 1952 Pee Wee Hockey Champions were on the receiving end of beautiful new Trophy and individual crests. Rangers who made a gallant bid for the title and went as far as the finals, were presented a Trophy in recognition of their efforts. Moving pictures were shown of the 1951 Grey Cup Football Final and the 1951 World Series.

**Track and Field**  
Track and Field seems to have but little appeal to the high school students at St. Leo's. It is unfortunate that this fine sport does not catch on with the older boys but with Track and Field shoved into the background at the Athletic Grounds for a good number years, it seems the revival of this sport will depend on selling it to youngsters of the Pee Wee age groups.

**Boxing**  
The attendance at the Junior and Pee Wee boxing sessions is excellent and already plans are well to the fore, for the Annual Pee Wee and Junior Boxing Show, scheduled for the school hall on Friday May 9th. This will be the only boxing show on the sports menu this year. The senior boxing show has been discontinued.

Congratulations are in order to Ray Losito and Dave Orr. Ray has been selected by his coach, as the outstanding Senior Athlete in the school and worthy winner of the Rev. Monsignor Wilfrid E. McDonagh Trophy. To Dave, goes the Catholic Mothers Club Award, for being nominated as St. Leo's Junior Athlete of the year. The Ramsey trio will be leaving shortly to take up residence across the border, so it is good luck and pleasant journey to Paul, Gerry and Phil Ramsey. Peter Grant, Dave Donohue and Frank Jago, showing plenty of class in the Junior boxing group. . . Ken Farrell, coach of Maple Leafs, Mike Dodman of Black Hawks and Tommy St. James, of the Bantan Q.A.H.A., were singled out by school director Mr. Lagarde, for doing a fine job bringing along St. Leo's future hockey greats. Each boy was the recipient of a school cross. . . Mr. Bill Phelan, of the Parish, has generously loaned his station wagon, to help ease the transportation problem to the senior hockey party at Beaconsfield. So far none of the parents of the boys on the team have come to the aid of the boys and girls.

## Track And Field Club Hold Successful First Clinic

The Westmount Track & Field Club held its Clinics on Wednesday evening, April 2, at 8:00 p.m. at the Athletic Grounds.

The members present were shown instructional films on Sprints, Hurdles and Relays. These films were excellent and it is felt that the boys were able to pick up some valuable points to help them correct their own particular faults.

At the conclusion of the films, Mr. L. J. Fournier gave the members a short instruction period on the different events, using the actual equipment to demonstrate. The boys were very attentive and showed plenty of enthusiasm during the course of the evening.

The second clinic was held on Wednesday afternoon at 4:00 p.m. April 10. This afternoon meeting was introduced because of the number of young school boys attending.

Films on the Broad Jump and High Jump were shown and explained by Mr. L. J. Fournier. Attendance was slightly lower at this meeting due to the first real spring day outside. However, we shall be on the track in about a week's time and the attendance will rise accordingly.

All members and any boys residing in or attending school in Westmount are reminded that these clinics take place every Wednesday at 4:00 p.m. Experience in track and field is not necessary to become a member of this club. All boys are welcome to come along and try in any event they desire. Should there be some ability, the coaches will most certainly bring it out.

For information call Rocky Rothwell at FI. 6975 or call in at Westmount Athletic Grounds at 4350 St. Catherine St. West.

**DECKED OUT**—Tommy Corcoran is only four-years-old, but he's an old pro when it comes to baseball. The Madison, Wis., youngster has a collection of more than 375 picture cards of big league ball players, is able to identify any one at a glance. He has an incredible memory, can identify Ted Williams by just looking at the Boston slugger's foot. (NEA)

## Intermediate Softball To Be Affiliated With QASA

The Westmount Municipal Intermediate Softball League held a meeting at 8:00 p.m. on Monday, April 7th, at the Westmount Athletic Grounds. Rocky Rothwell, Recreation Supervisor, outlined the plans and the team representatives present were all in favour of joining the loop.

While at this time there are no club names, five representatives have signified their intention of coming into the League. One more entry would round out a comfortable six-team league. If you are interested in playing, please come forward immediately. Each team will be allowed to sign up three non-resident players only.

The next meeting will be held at the Westmount Athletic Grounds on Wednesday evening, April 16th, at 8:00 p.m. The purpose of this meeting will be to outline the whole operation of the league and to discuss the schedule.

This League will also be affiliated with the Quebec Amateur Softball Association and will be eligible to enter the winner in the Provincial play-offs.

Further information may be obtained by calling Rocky Rothwell at FI. 6975.

**Art**  
The art class has been going along extremely well, with interest running high.

Mrs. Peter Donet (Ruth Dingle), the art instructress, took her class to the Art Galleries on Wednesday evening, April 2nd, where they were addressed by a very prominent art authority. The attendance at this evening out was one hundred per cent.

Should you be interested in this form of recreation, further information may be obtained by calling the Recreation Department at FI. 6975.

### USED MORE PLAYERS

More players have worn the livery of the Chicago Black Hawks this season than any other N.H.L. club. No less than 30 players have performed for the Hawks during the 1951-52 campaign. The National Hockey League champion Detroit Red Wings used the fewest number of players this season.
