Message from the Mayor

Dear fellow citizens of Saint-Laurent,

We are finally at the start of a long-awaited summer that promises to be festive, complete with the **Saint-Laurent Summer Celebrations**. There is no doubt that the tourism season will be tremendous this year! We encourage you to take part in these activities, which help to make Saint-Laurent a wonderful place to be and which provide a great opportunity for you to mingle with the members of your community.

I would like to say a word on the many awards garnered by the Borough. I am very proud of these rewards won thanks to the work of a team of passionate experts. **Sustainable development** has always played a major part in my action plans. I find these awards encouraging as I move forward with my social and environmental sustainability projects.

Another highlight, the Bibliothèque du Boisé and Mon école écolo program are finalists for **Phénix de l'environnement awards**, so we ask that you please vote for your favorite

project. You will find information about the contest on the first page of this newsletter.

I would like to take an opportunity in these few lines to congratulate my colleague **Mr. Maurice Cohen**, who was re-elected as a Board member of the Federation of Canadian Municipalities (FCM) for the 14th year! I admire his involvement and his dedication to working for citizens.

Along the same lines, I would also like to commend the recipients of the **Ordre des Grands Laurentiens** awards, who accomplished some tremendous achievements and participated in helping to improve the quality of life of citizens here and elsewhere.

I wish you all a wonderful summer.

Happy reading!

New organic waste collection in 2015

At a public meeting held on May 22 at the Centre des loisirs, **François Lapalme**, Director of Travaux publics, and **Francesco Miele**, City Councillor for Côte-de-Liesse District, presented the report on the local action plan for waste management and its future outlook.

Mr. Miele explained that despite a 29% increase in the Saint-Laurent population over the past 10 years, the tonnage of waste continued to decrease, and the amount of recyclable materials has continued to rise. Although its efforts may have proved positive, the Borough believes that it could do even better by gradually implementing a weekly organic waste collection operating year-round as of 2015. This advancement will ensure the Borough's compliance with the new municipal and provincial policies in effect with respect to reducing the amount of organic waste that is sent to landfill sites.

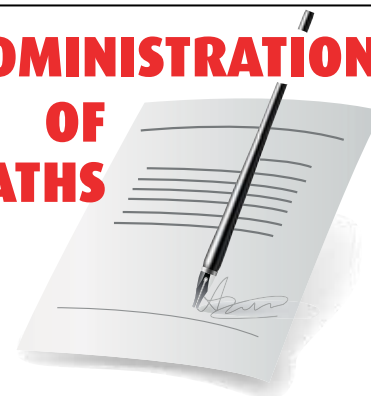

Highly beneficial for the economy and for the environment, organic waste will be collected at the same time as recycling. Organic waste, which specifically comprises food waste, will be converted into compost for redistribution to citizens and to municipal workers to improve soil quality and reduce the need for fertilizer.

In the coming months, the Borough will launch a major communication initiative to guide the citizens targeted by this collection, and make every effort to ensure its success.

François Lapalme, Director of Travaux publics, and **Francesco Miele**, City Councillor for Côte-de-Liesse District, answering citizens' questions.

RECREATION & SOCIAL DEVELOPMENT

2014 Ordre des Grands Laurentiens

On June 9, Saint-Laurent Council presented the Ordre des Grands Laurentiens awards for outstanding achievements in four categories: Citizens, Organizations, Employees and Families. The Ordre des Grands Laurentiens was created in 1993 to mark Saint-Laurent's Centennial.

Citizens

Michel Cohen stood out for his long-standing volunteer work with the Comité de hockey de Saint-Laurent.

Community organizations

The **Centre communautaire Bon Courage** in Place Benoit has been serving families in the Place Benoit and neighbouring sector for more than 20 years.

Employees

France Goyette headed a fundraising initiative to benefit a Lac-Mégantic among her colleagues in Travaux publics, thereby collecting \$1151 and 200 books.

Families

Every spring in Parc Beaudet, Saint-Laurent residents of all ages can learn, among other things, how to make maple syrup during the **Urban Sugar-Shack** event, which is a tremendous asset that celebrated its 10th Anniversary in 2014.

Front row: **Maurice Cohen**, Borough Councillor, **Michel Cohen**, Citizen category, **Mario Bonenfant**, Family category, **Alan DeSousa**, Mayor of Saint-Laurent, **Hicham El-Haous**, Community Organization category, **France Goyette**, Employee category, **Diane Eng**, political assistant for Christine St-Pierre, **Marie-Ève Racette**, Employee category. Back row: **Francesco Miele**, City Councillor, **Simon Broquet**, Family category, **Deborah Mbombo**, Community Organization category, **Véronique Doucet**, Borough director, **Aref Salem**, City Councillor, **Brian Karmazin**, special assistant to Stéphane Dion, Member of Parliament for Saint-Laurent-Cartierville.

Ground-breaking ceremony for synthetic football and soccer field at Vanier College

A ground-breaking ceremony was held on April 28 to underscore the beginning of the construction works for a **synthetic football and soccer field** at Vanier College. The field will comply with sustainable development principles in construction and operation, a concern shared by all partners. The field will consist entirely of recycled products and be equipped with a low-consumption lighting system.

This project was jointly announced in December 2012 by its partners, the Ministère de l'Éducation, du Loisir et du Sport (MELS), the Saint-Laurent Borough and Vanier College. With a Phase I estimated at \$2,493,198, the new field's construction will be made possible by a \$650,308 investment from Vanier College, \$800,890 in support from the MELS, \$592,000 in funding from Saint-Laurent Borough and \$450,000 from the Vanier College Students' Association.

Monique Magnan, Director of student services, and Normand W. Bernier, Director General, Vanier College, Kent Frimpong, member of the men soccer team, Maria Angurias, member of the women soccer team, Christine St-Pierre, MNA for L'Acadie and Québec Minister of International Relations and Francophonie, Alan DeSousa, Mayor of Saint-Laurent, Omar Riaz, President of the Vanier College Students' Association, and Jean-François Parent, acting-chair, Board of Directors, Vanier College.

The Borough launches its priorities for 2014-2017

Under the theme **"A community that is active, attractive, responsible and innovative"**, the Borough recently launched its *Plan prioritaire 2014-2017*, composed of some thirty priorities. The completion of these myriad projects will extend over the coming three years: some are already in progress, while others will begin in the short- to medium term.

"These are highly stimulating and innovative projects that take into consideration our uniqueness with respect to sustainable development, our role as a "smart community", and last but not least, our land planning practices. A number of internal management projects will also enable Saint-Laurent to even further improve its performance," explained **Véronique Doucet**, the Borough Director.

"In identifying these priorities we took into consideration the issues that the people of Saint-Laurent care about and that correspond to their values and interests. Sports, social development, cultural life, transit, environment, economic development, major urban projects: all of these areas will be covered. In order to serve a growing borough like Saint-Laurent, which will soon be home to 100,000 residents, this Plan prioritaire 2014-2017 is an ideal tool and the outcome of a lengthy consideration by Saint-Laurent's administration," explained the Mayor, **Alan DeSousa**.

BIODIVERSITY IN SAINT-LAURENT

Biodiversity Day

A number of Saint-Laurent residents took part in Biodiversity Day on Sunday, May 25 behind Bibliothèque du Boisé. Several booths, activities and shows allowed participants to learn more about organic diversity in Saint-Laurent.

In the photo we recognize the City Councillor for Côte-de-Liesse District, **Francesco Miele**, the Mayor of Saint-Laurent, **Alan DeSousa**, and the City Councillor for Norman-McLaren District, **Aref Salem**, posing with the mascot **Laurent**, horticulturalist **Albert Mondor** (in blue shirt), and representatives of the Comité Écologique du Grand Montréal and the Zoo Écomuséum.

The chimney swift

The chimney swift is a bird whose shape resembles that of a swallow, and one whose wings are narrow and arched. In Saint-Laurent, these birds can be seen in summer flying over Parc Marcel-Laurin in their hunt for insects. This tiny species builds its nest exclusively in concrete chimneys, because the nest is able to stick to the rough walls. Since these types of chimneys are becoming increasingly less common, the Canadian chimney swift population has declined by 95% since 1968.

To learn how to protect the chimney swift, please visit the following address: <http://bitly.com/Martinet> or contact the Regroupement QuébecOiseaux at 1-888-OISEAUX (647-3289) or at info@quebecoiseaux.org.

Woodlands newly restored for summer

Close to 70 volunteers hailing mainly from the Saint-Laurent business community and educational milieu, collected 900 L of recyclable materials and 1620 L of trash during the cleaning blitz held in the Parc Marcel-Laurin woodlands on Friday, April 25. This activity, which is held each year to commemorate **Earth Day**, is organized by the Borough in collaboration with the Éco-quartier de Saint-Laurent and the Comité Écologique du Grand Montréal.

The City Councillor for Côte-de-Liesse District, **Francesco Miele**, and his colleague from Norman-McLaren District, **Aref Salem**, attended this year's event to encourage the volunteers. A video clip of the 2014 edition of the blitz can be viewed on the Saint-Laurent YouTube channel at youtube.com/MTLsaintlaurent.

Garage sales

Garage sale season is back! After the weekend of June 28 and 29, residents may register for the third and final summer garage sale weekend, namely **Saturday, Sunday, and Monday, August 30 and 31, and September 1**.

By publishing the list of registered garage sales, the Borough is helping organizers to enjoy better visibility by attracting bargain-hunters. The latter can also peruse the list at the following link: ville.montreal.qc.ca/saint-laurent/ventedebarras, and even refine their searches according to product categories.

WATER BYLAW

Since June 20, 2013 in the 19 boroughs

Watering has been permitted at even-numbered addresses on even-numbered dates and at odd-numbered addresses on odd-numbered dates.

If it is not raining, watering is permitted:

- Using a moveable sprinkler between 8 and 11 p.m.
- Using an automatic sprinkler system equipped with a moisture sensor at night from 3 to 6 a.m.
- Watering by hand is permitted at all times.

For more information on all of the aspects of this Bylaw, call **311**, or visit ville.montreal.qc.ca/eaudemontreal.

Proper practices are becoming the rule!

MANY HONOURS FOR ALAN DESOUSA AND SAINT-LAURENT

And at its annual conference, the Canada Green Building Council (CaGBC) also rewarded Mayor DeSousa for his outstanding leadership in the Public Sector category.

“It is with great pride that I am receiving such recognition from my peers, nation-wide, for my involvement with the various authorities governing the island of Montréal and its agglomeration. My heartfelt commitment toward sustainable development for the past 24 years has enabled me, I believe, to initiate a major paradigm shift among the decision-makers as well as among the population in general. For sure, this encourages me to continue implementing exemplary practices and carrying out various projects right within our own Administration and our own community,” stated Mayor DeSousa in accepting the award.

At the same event, the CaGBC and SAB Magazine awarded the **Canadian Green Building Award for 2014 to Bibliothèque du Boisé** for the excellence of the design, architecture and technical innovation of this municipal building.

To Bibliothèque du Boisé:

- Award for Excellence from the Canadian Institute of Steel Construction (2013):
 - Green Building projects
 - Commercial – Institutional projects
 - Jury Favourite projects
- Project of the Year of the Project Management Institute (2013)

- Canadian Architect magazine’s Award of Design Excellence (2010)

To the Borough of Saint-Laurent:

- Sustainable Communities Award from the Federation of Canadian Municipalities, Energy 2014 – Honourable mention: Pilot project on LED lighting along Boulevard Alexis-Nihon and Boulevard Toupin
- Grand Award of Excellence in transportation from the Association québécoise du transport et des routes 2013, Road safety: Reconfiguration of Avenue de Saint-Exupéry
- Défi sans auto 2013 (car-free challenge): Grand prize winner in the Medium-size Business category for the Greater Montréal area
- For the project involving new rules and regulations on planning parking spaces geared toward sustainable development:
 - Grand Award of Excellence in transportation from the Association québécoise du transport et des routes 2012, Sustainable Mobility
 - Ovation Municipal Award from the Union des municipalités du Québec 2013: Environment and sustainable development
 - Award of Excellence from the Canadian Association of Municipal Administrators (2011)

L'ÉTÉ À SAINT-LAURENT

Application mobile et carte touristique

L'application mobile **Saint-Laurent en mouvement** permet aux citoyens de rester branchés sur les nouveautés laurentiennes comme la programmation des Fêtes estivales et de se déplacer aisément sur le territoire grâce à la nouvelle section sur les transports actifs et collectifs.

De plus, l'arrondissement rend disponibles dans la section Audio-guides les trois saisons du Sentier littéraire du boisé du parc Marcel-Laurin. Le détenteur d'un téléphone intelligent ou d'un iPad peut désormais écouter les poèmes et extraits de romans téléchargés dans son appareil en se baladant dans le boisé. Aucune connexion Internet n'est requise.

Enfin, les citoyens peuvent se procurer une carte touristique imprimée dans les édifices municipaux. Bref, Saint-Laurent innove et souhaite que la population soit informée sur la vie laurentienne tout au long de l'année.

Bon été!

SUMMER IN SAINT-LAURENT

Mobile app and tourist map

The **Saint-Laurent in motion** mobile app allows citizens to stay updated about innovations in Saint-Laurent, such as the program for the Summer Celebrations, and can help them to get around the territory easily thanks to the new section on active and public transit.

Furthermore, in the Audio-guides section, the Borough has included three seasons of the Sentier littéraire from the Parc Marcel-Laurin woodlands. Smart phone and iPad users can now listen to poems and excerpts from novels as they stroll through the park. An internet connection is not required.

Finally, citizens can now pick up a printed tourist map, available at municipal buildings. In short, Saint-Laurent is innovating, and hopes that the public will stay informed about life in Saint-Laurent all year long!

Enjoy your summer!

On a grandi ensemble

La population de Saint-Laurent atteindra le chiffre magique des 100 000 habitants au cours de l'année 2014. Ce passage symbolique sera souligné dans la communauté laurentienne cet été grâce à une campagne du ruban, laquelle porte le slogan On a grandi ensemble, clin d'oeil au slogan de Saint-Laurent qui était autrefois : *Grandir ensemble*. Le ruban est distribué gratuitement à la mairie. Portez-le fièrement!

We have grown together

The Saint-Laurent population will reach the magical 100,000-resident milestone in 2014. This symbolic moment will be celebrated in the Saint-Laurent community throughout the summer with a ribbon campaign bearing the slogan We have grown together, which is reminiscent of a previous Saint-Laurent slogan: *Grandir ensemble* (Growing together). The ribbons are being distributed free of charge at Borough Hall. Wear yours proudly!

Saison culturelle 2014-2015

Le 12 juin dernier, au Centre des loisirs de Saint-Laurent, s'est déroulé le dévoilement de la programmation de la Saison culturelle 2014-2015. L'événement a permis aux passionnés de culture d'échanger, dans un cadre intimiste, avec certains des artisans des séries *Théâtre* et *Grands concerts*.

2014-2015 Cultural Season

June 12 marked the unveiling of the program for the 2014-2015 Cultural Season at the Centre des loisirs de Saint-Laurent. The event provided the opportunity for people who are passionate about culture to mingle in an intimate setting with a few of the artists from the Theatre and Grands concerts series.

La Fête AlterAuto : une célébration des transports actifs et collectifs à Saint-Laurent

Pour une première fois à Saint-Laurent, des employés provenant des secteurs municipal, public ou privé de l'arrondissement se sont réunis pour participer à la Fête AlterAuto. Cet événement, qui s'est tenu le 5 juin dernier, visait à valoriser les transports actifs et collectifs : marche, vélo, autobus, métro, train ou covoiturage. Plus de 300 personnes ont profité des nombreuses activités organisées au parc Marcel-Laurin par l'administration laurentienne, le Centre de gestion des déplacements de Développement économique Saint-Laurent et le comité AlterAuto, formé d'employés municipaux.

À cette occasion, le maire de Saint-Laurent, **Alan DeSousa**, a présenté le bilan des réalisations du *Plan local de transport 2009-2014* de l'arrondissement ainsi que ses projets à court, moyen et long termes. « Saint-Laurent développe, avec ses partenaires, des solutions de rechange à l'automobile-solo. Nous visons ainsi à augmenter la qualité de vie de la population laurentienne, en forte croissance, en favorisant l'accès des résidents à leur travail ou à leur résidence par la voie des transports actifs et collectifs », a affirmé M. DeSousa.

The Fête AlterAuto: a celebration of active and public transit in Saint-Laurent

For the first time in Saint-Laurent, employees from the Borough's municipal, public and private sectors gathered to participate in the Fête AlterAuto. The event, which took place on June 5, aimed to promote active and public transit: walking, cycling, bus, metro, train and carpooling. More than 300 people took part in the many activities in Parc Marcel-Laurin that were organized by Saint-Laurent, the Centre de gestion des déplacements de Développement économique Saint-Laurent and the AlterAuto Committee, which is composed of municipal employees.

On this occasion, the Mayor of Saint-Laurent, **Alan DeSousa**, presented the progress report on the *Plan local de transport 2009-2014* adopted by the Borough along with its short-, medium- and long-term projects. "Along with its partners, Saint-Laurent is developing alternatives to solo driving. By doing this, we are improving the quality of life enjoyed by the Saint-Laurent population, which continues to grow, by encouraging residents to travel to work or home using active and public transit," Mr. DeSousa explained.
