American people, and its reputation and sale are unrivalled by any similar preparations elsewhere. The testimony in its favor given by the most eminent and well known Physicians and individuals in all parts of the country is immense, a careful perusal of the Almanac, published annually by the proprietor, and to be had gratis, of any of his Agents, cannot but satisfy the most skeptical that this remedy is really deserving the great celebrity it has obtained.

Derangement of the Liver & Stomach.
 Are sources of insanity. From disorder or

of the brain, a morbid action of the nervous system, the functions of the brain are impaired and deranged; derangement of the functions of the brain will also produce diseases of the Heart, the Lungs, the Liver, the Gall-bladder, the Stomach, the Intestines, the Kidneys, that thousands die with Cholera, Biliousness, Yellow Fever, and that most baneful of all diseases Consumption.

Whoever wants of success in treating diseases of the liver and stomach, and not being deficient of pathological knowledge of the functions of the liver and stomach, must know the nature of the disease and all the sympathetic affections. That has been gained in these Bitters, and they can be used by persons who are ignorant of the nature of the disease, safely—as they will not time dilute the patient, but give strength and increase the nervous energy. They can be taken at all times, and will not produce any ill effects. Exposure will prevent them having any salutary effect, and no bad effect can be thought of.

Whoever will persevere in the use of this remedy, and use it accordingly to directions, it will cure the foregoing diseases in every instance, if the patient will persevere in its use. It will enable many to enjoy the blessing of robust health, and in many desperate and abandoned cases, a perfect and radical cure.
