

## ALLIES MAKE MORE GAINS ON THE WESTERN FRONT

### French are Complete Masters of Line of Heights in the Vosges Region. Italians Capture Important Austrian Position in the Cadorna Alps. Allies Repulse Attack of Turks in Attempt to Recapture Trenches at the Dardanelles. Austro-German Forces Keep Driving Russians in the Shavli District.

Paris, June 17.—(Special)—The War Office this afternoon gave out the following statement:  
"In the Vosges the progress made by us yesterday rendered us complete masters of the line of heights which dominate the valley of the Fecht River, to the north of Steinbrück and Metzeral. To the south also we have gained ground between the two branches of the upper Fecht and along the heights which separate the valley of the Fecht from the valley of the Lauch. Regarding the rest of the front, there is nothing to add to the announcements made last night."

### ITALIANS TAKE STRONG AUSTRIAN POSITION.

Geneva, via Paris, June 17.—(Special)—Despatches received here from Laibach by the Geneva newspapers say that the Italian Bersaglieri have stormed an Austrian observation post near Buchstein, in the Cadorna Alps, and that the strong Austrian detachment defending it was either killed or made prisoners.

### BIG BATTLE IN WEST GALICIA CONTINUES.

Petrograd, via London, June 17.—(Special)—Occupation by the Germans of additional villages in the Shavli district and further south in the region east of Mariampol is admitted by the Russians in a statement issued last night at the War Office. It is claimed, however, that the invaders suffered severely in futile attacks beyond the Niemen, and that ground lost north of Przasnysz has been regained.

The great battle along the San, in West Galicia, is reported to be continuing fiercely, with fresh Austro-German forces constantly entering the combat.

### TURKS CLAIM BRITISH BATTLESHIP IS AGROUND.

Amsterdam, June 17, via London.—(Special)—A despatch has been received here from Constantinople saying that, according to official announcement, a Turkish aviator reports having observed a British warship of the Agamemnon type aground in Kefala Bay, Island of Imbros. The deck of the vessel is almost completely submerged.

### ALLIES HOLD POSITIONS.

London, June 17.—(Special)—Turkish troops in the Dardanelles have been repulsed in their attempt to recapture the trenches lost by them to the British and the French on June 12, according to an official statement on the situation in the Dardanelles, made public here to-day.

### ITALIAN SUCCESSES AT VARIOUS POINTS.

Rome, June 17.—(Special)—Italian successes at various points on the battle line are claimed in an official statement issued last night at the War Office, which says:  
"Fighting to our advantage is reported from all along the front, notably at Seugnatorra and Brentonico, in the Adige Valley, at Fedaja Pass and Montepiano, in Cadore, along the line of crests from Valle Piccolo to Valle Grande in Carnia, where the enemy has redoubled his efforts in the last few days, and at certain points along the Isonzo, where our troops are making secure successes already obtained."

### MORE "VICTORIES" FOR TURKS.

Constantinople, June 17, via London.—(Special)—The following official statement was issued last night at the Turkish War Office:  
"Our artillery has caused the enemy heavy losses at Ari Burnu. Our coast batteries successfully bombarded the enemy's transports, camp and ship sheds at Seddul Bahr."

### GERMAN ARMY KEEPS UP DRIVE.

London, June 17.—(Special)—The latest news from the Eastern front does not indicate that anything has occurred thus far to upset the plans of General von Mackensen, who has fixed July 1 for the arrival of an Austro-German army in Lemberg, the Galician capital. General von Mackensen's army, driving due eastward across the San to the north of Przemysl, is already halfway from the river to Lemberg.

On the Danister the Teutonic forces have suffered severely.

### ANOTHER ATTACK IN RUSSIAN POLAND.

London, June 17.—(Special)—The campaign against the Russians, on which the Germans are now concentrating their offensive efforts, is developing another phase in a violent attack in Russian Poland. At the same time the Germans are pushing back the Russians in the Baltic Provinces, and with the help of the Austrians in Galicia.

## ALL THE FORTS IN DARDANELLES STRAITS HAVE BEEN DESTROYED

Athens, June 17.—All the forts in the Dardanelles Straits have been destroyed and the defence now depends entirely on movable batteries. The enormous number of wounded in Gallipoli, which the Turks themselves admit is 80,000, have shown despair among the Turks in Constantinople. Though confidence is still felt that the straits are impregnable, it is realized that if the losses continue at the same rate the defence will soon break down.

## FRENCH MAKE IMPORTANT PROGRESS IN THE VOSGES

Paris, June 17.—The following official communication was issued by the War Office last night:  
"To the north of Ypres the British troops have occupied a line of German trenches. The gains made to the west of La Bassee have not been maintained.  
"In the sector to the north of Arras we have gained ground at divers points, notably to the east of Loversette, to the southwest and south of Souchez and in the 'Labyrinth.' We took 300 prisoners and several machine guns.  
"To the south of Arras the Germans violently bombarded the positions which they lost in the region of the Touvent Farm, but without delivering an infantry attack.  
"At the Quenoveres Farm, after (Continued on page 6)

### Small British Coaster and Oil Tank Steamer Sent to the Bottom by Torpedoes

London, June 17.—(Special)—The British steamer Trafford, of 234 gross tons, and owned in Liverpool, has been torpedoed and sunk by a German submarine. The crew was saved. OIL TANKER SUNK.

San Francisco, June 17.—(Special)—The oil tank steamer Desabla, under charter to the British Government, was sunk by a German submarine off the North of Scotland coast on Monday.

### STRAITHNAIRN WENT DOWN WITH 22 OF CREW.

London, June 17.—The British steamer Strathnairn was torpedoed yesterday off the Scilly Islands and sank. Twenty-two members of the crew, including the captain, were drowned. The crew was composed of nine Englishmen and 24 Chinamen, and of these only one Englishman and ten of the Chinese were saved. These were landed at Milford Haven.

The torpedo struck the steamer amidships and blew up one of her boilers. Four of the ship's boats were hastily launched, but two of them capsized, while another was smashed against the steamer's side. The other boat with the eleven survivors in it was picked up later and the men taken to Milford Haven.

The survivors say that after the Strathnairn was torpedoed the periscope of a submarine was seen nearby, but that the underwater boat made no attempt to rescue the drowning men.

The Strathnairn, which was a vessel of 4,386 tons, was bound from Cardiff for Archangel, Russia, with a cargo of coal.

## GERMANS FIGHTING AGAINST ITALIANS

Verona, via Chiasso to Paris, June 17.—(Special)—A report received here from Lago di Misurina says that among the prisoners captured in a bayonet attack made by Bersaglieri on the Austrians in that district was a Bavarian, and this is regarded here as indicating that German soldiers are fighting with the Austrians.

## U. S. CONSUL AT TRIESTE ENTERS PROTEST

London, June 17.—(Special)—The American consul at Trieste has protested strongly at Vienna, according to a Geneva despatch to the Daily Express, against the arrest of his guest, the Italian vice-consul, Signor Canova, in the American consulate.

Florence, Italy, June 17.—(Special)—William Marconi has asked that he be enrolled as a lieutenant of engineers and assigned to duty with the telegraph brigade here.

## WORK ON THE BAGDAD RAILWAY

Constantinople, June 17, via London.—(Special)—The war has not interrupted the work on the Bagdad Railway, which, when it is completed, is to run from Konia by way of Adana, Mohul and Bagdad to Busra, the bridge over the Euphrates River having recently been finished. Another important link in the line was made to-day with the final blast in the Bagtsche tunnel, running through the Amanus Mountains and connecting the plain of Cilicia with Aleppo. This tunnel is three miles long and has been four years in building.

Great Britain has commenced to make payment for cargoes of American cotton which were diverted from neutral countries to English ports.

## KILLED IN STATION YARD

### Brakeman Day Met Death While Uncoupling Cars Early This Morning

BODY WAS ALMOST CUT IN TWO, HAVING BEEN CAUGHT BETWEEN DRAW BARS.

A fatal accident occurred in the yard at the Union Station shortly after twelve o'clock this morning, the victim being a B. & M. brakeman named Day. Day had just arrived from Newport, Vt., with a freight train in charge of Conductor Dundin, and was "setting off" the train on a side track. It is thought that Day tried to pass between the cars he was "setting off" and other cars on the same track, and that in doing so got caught between the draw bars. When the body was found it was almost cut in two, and his watch was smashed.

The unfortunate man was alone at the time of the accident, and the only intimation that the train had that something was wrong was when they failed to get any signal from him. A search was made and his lifeless body was found between the rails.

Brakeman Day belonged to Newport, Vt., where he leaves a widow and two children.

Coroner Bachand was notified and an inquest will be held.

## PENSION VOTE NOT SUFFICIENT \$2,000,000 Set Aside by Parliament For This Purpose Will Not Meet Demands

Ottawa, June 17.—Boards of medical men are to be appointed in every military division of Canada in connection with the granting of pensions to wounded soldiers.

Already between 300 and 350 pensions have been granted, most of them being for the families of dead soldiers. It is already apparent that the sum of \$2,000,000 set aside for pensions this year will be quite insufficient for the purpose. If more is needed before another session at Parliament it may be obtained by Governor-General's warrant.

The establishment of medical boards in the different divisions will materially assist in the work of paying pensions which is expected to reach large proportions. Reports will be sent from these medical boards to the pensions board in Ottawa which will then pass on each case.

Where a man is temporarily incapacitated the practice so far has been to pay him his regular active service pay until he recovers. Where it is evident, however, that the injury will outlast the war the man is put on the pension list at once.

The problem of caring for convalescents is expected to prove one of the heaviest burdens of the war and action will shortly be taken to deal specially with it.

## LONDON AND PARIS EXCHANGES ARE STEADIER

## FRENCH ESTIMATE TEUTONIC LOSSES AT 6,720,000

Paris, June 17.—The military expert of the Matin estimates the total casualties and losses in prisoners of the Teutonic allies at 6,720,000 men. The French general staff computes the German losses alone at 3,290,000 up to March 21st. According to the Matin's war expert, the German losses in killed, wounded and prisoners are 4,200,000 out of 8,500,000 men called to the colors, and Austria's losses are 2,520,000 out of 4,500,000 men called to the colors.

## REGENCY LAW FOR GREECE

### Demand Made That This be Passed and Chamber Convoked Immediately

Athens, June 17.—The Minister of Finance, who lost his seat in the general election, has resigned his portfolio. The Hestia, a Venizelist organ, declares that in the present critical situation the idea of postponing the meeting of Parliament until July 20 must be abandoned. The Chamber must be convoked immediately for the urgent business of voting a regency law, since the King's illness will prevent him for several weeks, from discharging his constitutional function.

The Patrias, also a Venizelist organ, says Venizelos has decided to return to active politics. Prince George and his wife have arrived from Paris.

## CLAIMS ROBBER KILLED WIFE

### Well-To-Do New York Merchant Tells Police a Doubtful Story

MURDERED WOMAN HAD THREE BULLETS IN HEAD, WHILE INTRUDER WAS SHOT IN THE TEMPLE.

New York, June 17.—(Special)—Carman Cornelius, a well-to-do merchant, summoned neighbors to his apartment in east New York early to-day, with the announcement that a burglar had shot and killed his wife. Those who returned with Cornelius to his suite found his young wife, Barbara, dead in bed, with three bullet holes in her head.

Nearby on the floor was the body of a young man who had been shot through the temple. The intruder, whom neither the police nor Cornelius could identify, still clutched a pistol.

Cornelius declared that the man entered his bedroom to commit robbery, and fired a shot at him which killed Mrs. Cornelius. The police, after two hours' questioning, could not get Cornelius to change his story.

## 200 KILLED IN AIR RAID

### Damage by Allied Airmen at Karlsruhe Much Greater Than First Stated

### FIFTY BOMBS WERE DROPPED AND DUCAL PALACE WAS ONE OF BUILDINGS DESTROYED

London, June 17.—A Rotterdam despatch to the Exchange Telegraph Company reports that the damage done at Karlsruhe by the air raid of the French squadron of aeroplanes was much greater than the papers were allowed to state.

"Two hundred persons were killed," says the correspondent. "Fifty bombs were dropped, one of them almost destroying one of the ducal palaces used as headquarters by the Karlsruhe commandant. Others destroyed a number of factories engaged in manufacturing shells. A great panic was caused, and the victims will be buried secretly at night."

"The people are ignorant of the utter failure of the anti-aircraft measures and they complain that no signals of the approach of the French aviators were given."

## BRITISH COAST RAID

London, June 17.—Further details were issued officially last night in connection with the airship raid on the northeast coast of England on Tuesday night. The statement reads: "Further inquiries show that the casualties in connection with a Zeppelin on the northeast coast Tuesday night amount to sixteen killed and forty injured."

"It is now possible to state more exactly the casualties resulting from an airship raid on another portion of the northeast coast on the night of June 6. The number of deaths there were twenty-four, comprising five men, all civilians, thirteen women and six children. There were also forty cases of more or less serious injuries.

"The principal fires were in drapery establishments, a lumber yard and a terrace of small houses."

He went from here to the two appointments of his son, Mr. C. V. Farmer, at Abbott's schoolhouse and the Baptist Church, North Hatley, where he preached afternoon and evening. He finds this part of the country extremely beautiful, "so much like Scotland."

HATLEY.

It is a matter of regret that in a recent issue of the Record, owing to a slight misunderstanding, an error appeared in the report of the proceedings of the village council with reference to the proposed memorial to the late Pte. Ray B. Hodges. As previously stated, a petition signed by all the ratepayers of this municipi-

pality was presented and accepted at the last meeting, held on June 7. It was not, however, at once acted upon, but was laid over for further consideration. The gentlemen who were instrumental in circulating the requisition state that the question was not raised as to the form the memorial should take, but a committee, composed of Mayor Gage and Councillors Howe and Brown, was appointed to ascertain the views and wishes of the ratepayers in the matter. It is now generally thought that a memorial drinking fountain, to be placed in a conspicuous and convenient spot in the village, to relieve the thirst of both man and beast, and which the village water company have offered to supply free of expense, will meet with popular and universal favor.

Mrs. H. L. Bachelier, of "Fairview Farm," who is now in her 86th year, and who is one of Hatley's oldest and most highly esteemed residents, is making gradual progress towards recovery after an illness of the past ten days.

A large congregation crowded the seating capacity of the church to see the Bishop on this his first visit to the congregation since his consecration. In his charge to those who were being confirmed, he urged them to see that this was made a turning point for good in each one of their lives. The choir sang very effectively several hymns selected for the occasion. After the service the Bishop was introduced to the members of the congregation by the rector.

The remains were laid to rest in the Episcopal Cemetery. Mr. Nugent was a man well known in this part and respected by all who knew him. He held the position of councillor for a number of years. He leaves a widow, his loss, his wife, three sons, two grandsons, one brother and one sister, besides a large number of relatives and friends.

W. C. T. U. CONVENTION AT WINDSOR MILLS MANY ATTENDED 25TH ANNUAL MEETING OF THE COUNTY ORGANIZATION.

The 25th annual county convention of the W.C.T.U. was held at Windsor Mills on Friday. The delegates were met at the station by officers and members of Windsor Mills Union and conveyed in carriages to the Presbyterian Church, where the convention was held. Each county was well represented by delegates. The forenoon meeting at 11 a.m. was devoted to the executive staff to discussing the different phases of the temperance work and best methods of conducting each department. At 12 noon the Windsor Mills Union spread a sumptuous dinner for all present.

At 2 p.m. the meeting was opened by the president, Mrs. Ewing, giving out the hymn "O Lord, Thy Kingdom, Lord," followed by the provincial president, Mrs. Sanderson, reading of John, 15th. Mrs. Crack, of Kingsbury, read the minutes of last meeting, also an announcement that Mr. Roberts, of the Dominion Alliance, is expected to lecture in Richmond June 29.

Miss Greenlay gave the greetings of the local union and extended from them warm cordial Christian friendship.

Mrs. Skillen, of Richmond, gave the response, thanking them for the exceedingly kind and more-than-friend-ly welcome proffered them, and said it was truly a pleasure to walk around in their lovely dry town. After this Rev. and Mrs. McLean sang a touching song, "Friendless and wandering to-night." Mrs. Cutler, from North Troy, was present with cheering words. She got a whole regiment to pledge against drink.

Autocratic Russia had stopped the sale of vodka, France abstinence, Germany beer, His Majesty King George, the Archbishop of Canterbury and Bishop of London were leading the reform by banishing it from their homes, while the government is regulating the sale of liquor. The object of the W.C.T.U. is to gather, vitalize and utilize all temperance forces.

From reports read, Danville has 26 members and 50 juvenile workers, Richmond and Melbourne 24, Kingsbury 12, Richmond and Melbourne sent twenty-four comfort bags to the sailors, these gifts being greatly appreciated. The remainder of the afternoon session was spent in hearing the reports of the different superintendents of the Union and appointing officers for the ensuing year, as follows: Mrs. John Ewing, president; Mrs. Skillen, vice-president; Mrs. Arthur Crack, Rec. Secy.; Mrs. Lett, Cor. Secy.; Mrs. (Rev.) Muir, treasurer; Miss Greenlay, president of the Y's.

The evening session opened with "Onward, Christian soldiers." Mrs. Sanderson read a scripture lesson, followed by prayer by Rev. Mr. Sinclair.

Mrs. Lett expressed the thanks of the convention. Rev. Sinclair then addressed the meeting. He spoke very plainly of the painful conditions which exist at present. Graft at home and war abroad.

If they were to have a clean country they must purge out the old leaven of drink. The choir gave a beautiful anthem after which Rev. Nichols, of Boston, addressed the audience. "I am trying," he said, "to get liquor from the man and the man from liquor and the saloon. The advocates of drink say we take away their liberty, while we claim that it inflicts a far heavier bondage than Pharaoh ever inflicted, as it blunts his moral sense and destroys his will power. It is a menace to our civilization, which it threatens to destroy. There is a law against cruelty to animals. You cannot kill even a rat in a cruel manner. If we protect our dogs and dumb creatures how much more our boys and girls from the curse of rum. If you purchase a suit from the tailor you get value. If you buy a pair of shoes you get value, but far better lose your money than buy drink to ruin your soul and body."

Rev. Mr. Muir closed the convention with the benediction.

UPPER MELBOURNE Miss Hazel Minut, who is staying with her grandmother, Mrs. Chas. Pepler, is on the sick list.

Departures include: Mr. A. Pease, to Beebe after a few days with his mother, Mrs. R. Pease; Miss V. Burdill and her cousin, P. Gallup, to visit friends in Boston and Holyoke, Mass.; Mrs. W. Mitchell to Montreal for a few days.

BUDGET OF NEWS FROM MAGOG Home of Mr. E. Buzzell Near Cherry River Burned to the Ground

ONE OF THE CHILDREN WAS RESCUED WITH GREAT DIFFICULTY FROM THE FLAMES

Magog, June 17 (Special)—The members of Golden Rod Lodge A.F. & A.M. No. 5 of Stanstead, will hold their annual basket picnic at Owl's Head on Thursday, June 24, as usual. A number of the local members of this ancient order have signified their attention of attending. Exemplification of the third degree will be held in the Natural Lodge Room on the top of Owl's Head.

HOUSE BURNED TO GROUND Mr. Edgar Buzzell's home near Cherry River was burned down on Thursday forenoon of last week. They lost all their household effects, the fire gaining such rapid headway that it was with difficulty that they got out one of their children. Much sympathy is felt by the neighbors as there was but little or no insurance. Fortunately, however, a new barn quite close to the home was saved through the efforts of friends and neighbors who were summoned by phone as soon as the fire was noticed.

PATRIOTIC SOCIETY MEETING A regular business meeting of the Ladies' Patriotic Society was held at their headquarters on Monday evening of this week, at which it was decided to raise funds to donate a bed to Cliveden Hospital, England, which hospital is now being enlarged to accommodate more soldiers. As there are numerous demands upon their funds it was decided to ask the public to assist them and with this aim in view a number of young ladies have been appointed to solicit subscriptions. The expense of the bed and furnishings will be about fifty dollars.

ANTICIPATING VISIT OF PRICE WEBBER Mr. H. Price Webber will be in Magog once more the latter part of this week and on Monday of next week. Mr. Webber has for many years been greeted with a good house whenever he appeared here and we have no doubt but that he will once more receive an enthusiastic welcome on the part of the public.

FORMER TOWNSMAN AN AUTHOR The Wide World Magazine for May contains an article entitled "The Gold Seekers" by Edward J. Hoyt, which is certainly a thrilling one. Mr. Hoyt is a former townsman and many of our citizens remember him well. The story gives an account of his struggles through nightmarish jungles, fighting fevers, hitherto unknown wild beasts. A hardy little band of pioneers headed by Mr. Hoyt forced their way into the unexplored wilds of Central America, in search of gold. They found it in plenty but just when fortune seemed to smile upon their efforts disaster befell them and they had to retreat leaving the bones of several of their party behind in that land of gold and death. This narrative gives a vivid description of the manifold vicissitudes of the prospector's life and shows what hardships and perils men will endure in the quest for wealth.

SAY - POWERS A very pretty and quiet wedding was held at St. Luke's Church on Tuesday afternoon of this week at 4 p.m., when Mr. Walter Philip Say, of Bridgeport, Conn., and Miss Edith Esther Powers, daughter of Mrs. L. Powers, were united in holy wedlock, Rev. J. Fothergill officiating at the ceremony. After the service, Mr. and Mrs. Say and immediate relatives repaired to the home of the bride's mother, where a reception was held, and thence to the C. P. R. station, leaving for Sherbrooke on the evening train. A number of friends accompanied them to the station where they were given a rousing send-off. Mr. and Mrs. Say will take up their residence in Bridgeport.

MILLER-TAYLOR One of the prettiest weddings held in Magog for a long time was solemnized at St. Luke's Church at noon on Tuesday of this week, the contracting parties being Mr. Bruce Macdougall Miller, of the Bank of Commerce staff, Sherbrooke, and Miss Rosalyn Oliver Taylor, daughter of the late James Taylor of this place. The ceremony was performed by the Rev. R. J. Fothergill. The bride entered the church with her mother, who also gave her away. She was beautifully gowned in white satin, with veils in Dolly Varden style and wreath of orange blossoms and carried a shower bouquet of white roses and lilies of the valley. The bride was attended by Miss Emily Fothergill, who was gowned in pale green silk and black picture hat and carried a bouquet of pink roses. The best man was Mr. Douglas Miller, a cousin. After the ceremony the bridal party and about eighty guests repaired to Maplehurst, the home of the bride's mother, where a reception was held and a delicious luncheon served. Mr. and Mrs. Miller left on the afternoon train for Montreal and other points, their friends being on hand at the station to give them a hearty send-off.

On their return Mr. and Mrs. Miller will reside for the summer at "Kum Inn" cottage on the west shore of Lake Memphremagog. The wedding gifts sent in by relatives and friends were exceptionally numerous, consisting of nearly everything in linen, cut glass, china, silver, furniture and cheques. The groom's gift to the bride was a Queen Anne silver service, and the bride's mother, a dinner set in white and gold limoges china.

The Hundred Ways Which Don't End Corns

Perhaps you say—"I've tried and tried, but found nothing that ends a corn."

You might keep trying for years, Madam. There are a hundred ways which don't. Most of them are very much alike.

But remember this: There is one way which has removed 70 million corns. It is now removing half the corns that grow.

It's a plaster which contains a bit of wondrous wax. It ends the corn pain in a jiffy. It ends the corn itself in two days. It gently loosens the corn until it comes out without any pain or soreness.

When you merely pare corns—Bear this in mind. There are folks all around you—users of Blue-jay—who never suffer corns. You are wronging yourself when you fail to do what they do.

When you use some folder—Bear this in mind. There are folks all around you—users of Blue-jay—who never suffer corns. You are wronging yourself when you fail to do what they do.

A very pleasant and successful tea was given by the Willard W. C. T. U. yesterday at the home of Mrs. Henry Bartlett, Brewster Avenue, East Sherbrooke, the majority of the members and a number of friends taking advantage of the opportunity for an out of door festivity. The pretty, shady lawn, bordered with trees, was dotted with tea tables which were occupied during the afternoon and the guests chatted, knitted and listened to the music of a good gramophone with much enjoyment. Mrs. Hallett, President of the Union received the visitors, assisted by Mrs. Bartlett and Mrs. Nutbrown. Mrs. Harner, Mrs. Duncan and others were in charge of the refreshments which were very dainty. The receipts were quite satisfactory.

The following poem reprinted from the May issue of the Canadian Monthly, is by Mrs. A. A. Bowman (nee Morey) who was a resident of Sherbrooke until her marriage and removal to Toronto. In an early issue we shall reprint from the "University" Magazine another of her poems entitled "The Wealthy Shepherd," both of these will doubtless interest our readers.

Even before you had one church-steeples

Springing up from the ancient mould,  
King-cups glowed in your lush green meadows;  
Bluebells gleamed in your dusky woods.  
Ay! Old battlefields bloom in an English Maytime,  
(England! Our England!)  
Primroses, cowslips,  
Violets, bluebells,  
Hawthorn, heather and broom.  
Send the word to the reeking trenches  
(Into the horror and smoke and stench)  
Of England's posies bloom!

A pleasant surprise was in store for Captain Tritsch and several of the men of the rear guard of the Fifth Mounted Rifles who left Sherbrooke for Valcartier on Monday.

While waiting for the train at Quebec to take them to the camp they went over to the Khaki Club opposite the station. It happened that T. R. H. the Duke and Duchess of Connaught and Princess Patricia were visiting the institution, and on learning who the soldiers were the Duke

shook hands with them, asked each man where he had enlisted and engaged them in an interesting conversation for about twenty minutes. The Duchess and Princess Patricia also received the Sherbrooke soldiers very cordially.

A few Sherbrooke citizens were amongst the visitors and to these also the Governor-General extended his usual courtesy.

At the last meeting of the King George Vth, Chapter of the Imperial Order of the Daughters of the Empire, held at the officers' mess of the 53rd Regiment, Mrs. MacLeod presided. Odell was elected First Vice-Regent, replacing Miss Eva White, whose multifarious duties in connection with Red Cross work are very engrossing. The sum of ten dollars from the treasury was unanimously voted for the Red Cross fund which must be kept supplied as long as the war lasts.

The King George Vth is a popular Chapter and is constantly receiving new members, ten being enrolled at the above meeting which closed with the National Anthem.

All present with the members of the other Chapters then engaged in the making of hospital supplies and sewing for the Red Cross, turning out a large quantity.

The closing exercises of Miss Winifred Wiggett's private school, which took place at the residence of Mr. F. N. McCrea, M.P., was an event which always arouses much interest, and is greatly anticipated by the young pupils.

The pleasant, spacious school room was decorated with flags, wild flowers and ferns, and looked very bright and attractive and the parents and friends of the children formed an appreciative audience.

The following programme was carried out with perfect success, every item being applauded.

Chorus, "Soldiers of the King."

**GERMAN INTERESTS NO LONGER CONNECTED WITH ST. LAWRENCE SUGAR REFINERIES, LIMITED.**

For some time past a strong feeling has manifested itself in the community directed against persons of either German name or birth. As a consequence, the St. Lawrence Sugar Refineries, Limited, has been adversely criticized because it numbered among its shareholders certain persons of German name or origin. The old St. Lawrence Sugar Refining Company, which was organized over forty years ago, included many Germans among its shareholders, several of whom resided in Germany. When the St. Lawrence Sugar Refineries, Limited, acquired the assets of the old Company, nearly all of the former German shareholders disappeared.

With the retirement of Mr. A. Baumgarten and Mr. O. W. Donner, as announced last week, the last German of either name or origin has ceased to hold any interest as a shareholder and at the present time there is not one single dollar of German money invested in the Company, on the contrary, the entire capital is now held by investors of Canadian or British origin.

The present officers and directors of the Company have taken every step necessary to place the Company beyond criticism with respect to the interests connected with it either financially or otherwise and, while malicious reports may be circulated as to the continuance of German interests in the Company, the directors are able to give an unqualified denial to any such statements. If these reports are made it must be considered that they are made with the object of damaging the Company's business and injuring its name and reputation. The Company is therefore prepared to take such legal steps as are necessary to protect itself against the further circulation of any such reports.

## ALLIES MAKE MORE GAINS ON THE WESTERN FRONT

(Continued from page 1)

Having repelled several counter attacks by the enemy, we extended our gain to the northwest of the trenches already captured. We made about a hundred prisoners, including two officers.

"The town of Rheims has been bombarded. The enemy has thrown about a hundred shells, several of which were of the incendiary type, and about a dozen of the projectiles fell on the cathedral.

"In the Vosges we have realized important progress on the two banks

of the Upper Pecht. On the north bank, more particularly, we have taken possession of Braun-Kop. The enemy left in our hands 340 prisoners, not wounded, of whom four were officers, and a large quantity of material, comprising a number of rifles and 500,000 cartridges.

"Yesterday several bombs were dropped on Nancy, St. Die and Belton by German aeroplanes operating singly. At Nancy several civilians suffered by the attack."

## BRITISH FORCES IN FRANCE CAPTURE GERMAN TRENCHES

London, June 17.—Sir John French, commander-in-chief of the British forces in France, reports that the British troops captured and then lost a line of German trenches at Festubert, but that the British have occupied the German positions to the north of Hooge for a distance of one thousand yards. The report says: "Last week there was no change in the situation. The enemy exploded five mines on different parts of our front, but none of these caused any damage to our trenches, and only one caused any casualties.

"Yesterday evening we captured the

German front line trenches east of Festubert on a mile front, but failed to hold them during the night against strong counter-attacks.

"Early this morning in the neighborhood of Ypres, we successfully attacked the enemy's positions north of Hooge (to the east of Ypres). We occupied the whole of his first line of trenches on a front of 1,000 yards and also parts of his second line.

"By noon today 157 prisoners had passed to our rear. The German counter-attack has been repulsed with heavy losses."

### PATRIOTIC WORK AT EAST ANGUS.

East Angus, June 17.—(Special)—The tea given by Miss Frances Cowling and Miss Effie Bothwell on Saturday afternoon was, in spite of the unsettled weather, a great success. Miss Cowling and Miss Bothwell furnished everything in connection with the tea and were assisted by Mrs. C. Barlow, Mrs. S. B. Summers, Mrs. J. Westgate, Mrs. C. M. Cooper, Mrs. J. H. Eckberg and Mrs. C. D. Metcalf. The decorations were lilies-of-the-valley and pansies. The notices for the tea read "from three to six" but owing to the large number of people who attended, it was almost seven before the ladies were at liberty to take a well earned rest and appreciate the fact that they had taken in \$22.77. While tea was being served, a food sale was held on the verandah, those presiding being Mrs. R. Edwards, Mrs. T. McCormick, Mrs. S. A. Banfill, Mrs. Fred Little, Mrs. Samuel Cooper and Miss F. Cook. The ladies of the town contributed most generously to this sale, and there was hardly room on the tables for the quantity of dainty eatables which had been sent in. Things were lively in this department until about six p.m., the amount realized from the food sale being \$32.25. Work becomes a pleasure with such results, and the hostesses as well as the ladies who assisted, felt well repaid for their efforts when they learned they had raised the total amount of \$56.02.

The proceeds of the tea and food sale has been handed to the Secretary of the East Angus Patriotic Society, who with the President and Vice-President, extend their warmest thanks to all who contributed in any way to the above, as by so doing they have made it possible, for those in charge of the Patriotic work being done in East Angus, to purchase the necessary material to make suitable garments for our wounded soldiers, and in this way carry out the wishes of many who are anxious and willing to devote a few hours a week to help with the great work being done by the Red Cross Society.

#### NET RECEIPTS FROM THE PLAY "HIS EXCELLENCY THE GOVERNOR" WILL AMOUNT TO ABOUT \$600.

A meeting of the Entertainment Committee was held on June 14th, Mrs. J. F. Morkill presiding. After the usual business had been transacted, votes of thanks were passed to the members of the cast of "His Excellency the Governor" for their untiring efforts to make a success of the play; to Mr. Edmund Burke and Mrs. Alberta LeBaron Adams for their generous assistance; to Mr. Teel for his valuable advice and help; and to the Sherbrooke Daily Record for the courtesy extended to those in charge of the advertising part of

Dr. Rose.

the venture. It was announced that the gross receipts from the performance amounted to over \$800 and though the account for expenses is not entirely completed it is expected so to be not more than \$200, so the net result is very satisfactory. A note of thanks was also passed to Mr. Tyson Williams of Bishop's College School and to the boys for the fine entertainment given in aid of the Red Cross Funds on Saturday evening, June 12th, and to the officers of the 53rd Regiment for their readiness to assist in any way by placing whenever possible their fine armory at the disposal of the several committees. Also to Sergeant Martin for his very efficient services in this connection. Mrs. J. F. Morkill then announced that there would be no further weekly meeting until further notice. The meeting then adjourned.

I. O. D. E. NAVY FUND.

Very little has been said of late about the Navy Fund, and yet through kind friends it has been steadily growing. In March last Mrs. Kate Derbistine sent in an antique tumbler of quaint and artistic design, over one hundred years old and valued at \$50.00 to be sold and the proceeds given to the Navy Fund. Through the untiring energy of Miss Mary Wilson, Treasurer of the Municipal Chapter I. O. D. E., who is in charge of the Navy Fund, sold chances at one dollar each, and Monday afternoon the drawing took place at the Melbourne Street tea rooms. A large majority of the ticket holders being present. Private N. J. Egan of the 5th Mounted Rifles held the lucky number and the prize will be forwarded to him at Valcartier. Tea was served on the wide verandah, Miss Lomas, Miss Marion Tomlinson, Miss Vera Hale and others assisting.

Room, Dufferin Ave. Workers welcomed Monday afternoon from 3 to 5.

### REPORT OF WORK COMMITTEE

The following is the report of the Work Committee presented at the special meeting of the Patriotic Association held Monday, June 8th. Reports of various other committees will appear in different issues of the "Record."

"The Work Committee supplies the soldiers in the field with 'comforts' not provided by the Government and unobtainable by the men themselves when they are at the front. We have accomplished a good deal, but could have extended our work and have done a great deal more had we not unfortunately from the very first been hampered and kept back by lack of funds.

"Socks, Balalaclava caps, abdominal bands, housewives, etc., were sent to the men who enlisted from the 53rd and 54th, 2nd Battery and Army Service Corps at Valcartier Camp; also 295 parcels containing, muffler, cigarettes, chocolate, etc., were sent to the same men when they were in camp at Salisbury. These parcels filled five large packing cases. Mufflers and caps were given to the Daughters of the Empire for the Navy. Caps and wristlets supplied to 120 men of the Veterinary Corps under Col. Piche. Caps, socks, mufflers, etc., to 26 men from 53rd who were with the 24 Batt. under Col. Gunn, and 24 men from the 54th at St. Johns under Col. Gaudet. Bath towels, socks, handkerchiefs, housewives, etc., to the men of the 5th Mounted Rifles under Col. Baker, also felt slippers to men of the same regiment who were ill in the Hospital.

"During the last three months what I call the real work of this committee has been carried on, namely the sending of necessities to our own Canadian soldiers at the firing line. Three large packing cases have been sent (1 each month) to the Canadian War Contingent Association London, England, who send them direct to France, as they requisitioned by officers at the front. 500 pairs socks

## TRUE ECONOMY

consists in buying toilet goods from a quality instead of a price standpoint.

Read a little plain talk. We are building a business in Toilet Goods that grows larger and better every day. We are able to forge ahead constantly because we make it worth while for the men and women of this place to buy Toilet Goods at our store. We stand for highest quality in Toilet Goods and have made it an article of our business faith to sell nothing that we cannot stand back of and recommend to our customers. The inferior or indifferent goods that find their way into other stores because of a pretty package or a tempting price, cannot get into our store. Our customers know this and more and more people are finding it out every day and becoming customers because of it. We don't ask you to pay more for high grade Toilet Goods, very often you pay less, but what you buy here is better than what other stores sell for the same money or more. Make up your mind that you ought to buy Toilet Goods at a store that safeguards your interests in every possible way. We know that it pays us to keep the best grade of Toilet Goods and we feel that it will pay you to buy only the best.
