

ANOTHER DELAY IN PAVING.

Provisions Of City Charter Not Followed By Chairman Of Road Committee.

BY-LAW PASSED LAST NIGHT AUTHORIZING WORK, BUT MATERIAL HAS NOT BEEN DECIDED UPON.

Another delay in the matter of paving.

This time the delay cannot be charged against those who are credited with attempting to block the paving. Lack of attention to detail in following out the provisions of the City Charter is the cause. The difficulty arose out of the fact that Ald. Simoneau gave the order for Pioneer Asphalt, and that this order was not given in the regular way. The Charter provides that tenders be called for by the secretary-treasurer, and that the order be given by him.

Last night's meeting was exciting in spots. Ald. Simoneau, chairman of the Road Committee, presented a by-law prepared by the City Attorney, providing for the paving on Wellington street from the Magog River bridge to King street, and a part of King, Depot and Bridge streets. The by-law also provided that the work be of asphalt macadam, and that Pioneer asphalt be used. The adoption of this measure was moved by Ald. Simoneau, seconded by Ald. LeDoux.

Ald. McManamy then spoke, saying in part: "I have only one objection, and that is that the City will be bound by it to use Pioneer asphalt. I do not think this should be inserted. Negotiations have been going on between Ald. Simoneau and the manufacturers relative to this asphalt and no notice of this has been given to the Road Committee. He is carrying out his usual policy of doing by himself. He is a self-appointed commissioner, and is doing business of great importance without consulting with his Committee or the Council."

"Serious," Mr. Mayor, we never had business carried on before in this way. Ald. Simoneau is the only man doing it. Tenders are always called for and received by the secretary. In this case this was not done, but the order was placed by Ald. Simoneau.

"Mr. Gordon Smith is present and would like to discuss the question of pavement, and I would ask that he be heard. He claims Pioneer asphalt is not worth the money paid for it. What we want to get is the best, and there is nothing to be gained by doing business in secret."

Ald. Simoneau: "What I find queer is that during the twenty-two years Ald. McManamy has led the Council he has done as he wished, and—"

Ald. McManamy: "I would ask this man to make proof. This is a serious charge."

Ald. Simoneau: "He finds fault with whatever I do. Mr. Gordon Smith says his paving is the best, and that Pioneer asphalt is bad. I will just tell you what took place. Mr. Smith came to my office the other day and said, 'Mr. Chairman, you did not see your way clear to give me the asphalt contract.' I said, 'No.' Mr. Smith then told me his goods were superior, and said, 'If you don't see your way clear to give me a part of your order I will make trouble for you.' He said he would go and see Ald. McManamy and Jencks. I told him to go ahead."

Ald. Simoneau then gave figures to show that the asphalt sold by Mr. Smith would cost about \$38 a ton, while Pioneer would cost only \$32.

Ald. McManamy: "I would ask, Mr. Mayor, that the Council near Mr. Smith."

Mayor Hebert: "I think, gentlemen, that it is too late. We came home from Montreal and recommended this kind of paving. When we reached here we found another agent and he talked so convincingly of Rockmac that we decided to give it

TORRENTIAL RAINS SWEEPS PENNSYLVANIA.

Thousands Are Homeless and Many Houses Swept Away.

TWO THOUSAND PERSONS WERE MAROONED IN HILLS NEAR JEANETTE.

Pittsburg, Pa., July 25.—For the second time since last Sunday the Pittsburg district was flooded yesterday by one of the heaviest rains in years. In less than six hours the precipitation was close to three inches. In the boroughs adjoining the city all small streams are out of their banks. The raging torrents have crippled transportation facilities while inestimable damage has been done in small towns.

THOUSANDS ARE HOMELESS. Jeannette, Pa., July 25.—A cloudburst flooded miles of territory between here and Greensburg yesterday. The lowlands were quickly inundated and hundreds of persons were compelled to flee for their lives. Residences and business places were almost completely submerged in some districts, while the Manor Valley and the Turtle Creek Railroads, together with trolley service, were put out of commission.

Over 2,000 persons, including many women and children, are marooned in hills of Oakford Park, where the annual outing of the employees of the Union Supply Company from West moreland and Fayette counties was held yesterday.

DESTRUCTION AT DUNBAR. Dunbar, Pa., July 25.—A devastating flood, rushing down the mountain side, spread ruin throughout Dunbar yesterday. A cloudburst transformed small streams into raging torrents. A number of buildings were completely wrecked and hundreds of others damaged. The town is almost under water to-night and conditions are chaotic.

The city hall, police headquarters, Samuel Joseph's restaurant, O. E. Kelley's jewelry store, W. J. Bower's grocery store, two warehouses and a number of dwellings were swept away completely. Not a house in the lowlands escaped injury.

HORSEMEN WARN PEOPLE. Brownsville, Pa., July 25.—Horsemen dashed frantically down the Red Stone Valley yesterday, often with water up to the saddle girths, rode nine miles in time to save the lives of hundreds of persons at Smock, a mining village. Aside from the great quantity of water due to the cloudburst, it was feared a huge reservoir was about to let go.

"To the hills! To the hills! The reservoir is breaking!" The cry caused terror among the miners and within a few moments 1,000 families were rushing through the muddy water to the hillsides. Soon the water rushed into the mining village, causing heavy damage.

Last night the miners and their families camped in a pouring rain on the hillsides under makeshift shelter of blankets, quilts, boards and straw.

FLOOD SUFFERERS THANKFUL FOR DAYLIGHT.

Pittsburg, July 25.—(Special)—Early this morning brought at least one joy to thousands of flood sufferers in Western Pennsylvania, Eastern Ohio and West Virginia, and that was daylight. Camp fires, candles and oil lamps had shown the scene of devastation wrought by torrent rains in weird fashion, and all were thankful that darkness had passed.

Everywhere there was a picture of widespread desolation, a vivid reminder of the swirling, raging waters that had taken many human lives and caused much ruin.

During the night meagre reports came in that, if they are verified, will run the list of fatalities up to 61.

The list is as follows: Uniontown, Pa., 14 drowned. Smock, Pa., located in Medstone Valley, 14 reported drowned.

Grindstone, Pa., 12 miners missing and reported drowned.

At Lynn, Pa., two miners reported drowned.

At Wheeling, W. Va., three drowned.

At Lemon, Pa., mine, four miners

THREE TRAINMEN WERE KILLED.

Four Others Were Injured In Train Wreck.

EAST BOUND PASSENGER TRAINS SIDESWIPPED A FREIGHT AT STONINGTON, CONN.

Stonington, Conn., July 25.—(Special)—Three men were killed and four injured by the sideswiping of a freight train by an east bound Adams express train at Stonington yards, of the N. Y. N. H. and Hartford Railroad this morning.

The freight, which was also towing another locomotive was backing into the yards when the express came along. There was not sufficient clear room and the express engine struck the other, both toppling over and were completely wrecked.

Two cars of express were also wrecked. The wreckage took fire.

EMPEROR IS SINKING.

Tokio, July 25.—(Special)—Dr. Miur, the physician to the Emperor of Japan, in an interview this morning admitted that the imperial patient had suffered a serious relapse. The doctor says his patient's heart is weak, and he fears for the future at any moment.

MERCHANT SHIPS AS ARMED CRUISERS.

Hon. Mr. Hazen Says This Was Discussed at Admiralty.

CANADA MUST, HE SAID, HAVE A VOICE IN EMPIRE AFFAIRS.

London, July 25.—Hon. Mr. Hazen the Canadian Minister of Marine and Fisheries, who accompanied Premier Borden to England, replying yesterday to a deputation from the Imperial Marine League, declared that he said that the question of converting merchant ships into armed cruisers in time of war was discussed in the last few days between the members of the Canadian Government, who are now here and the Admiralty authorities.

In order to make such liners effective, added Mr. Hazen, guns and ammunition would have to be supplied at the ports on either side of the Atlantic between which the vessels ran, so that in the event of hostilities they would at the earliest possible moment be placed in a position to resist attack or assist other vessels attacked.

"It has been suggested," Mr. Hazen said, "that in the event of Canada contributing to the British navy, that contribution should not effect a reduction of what Great Britain should do, but should be a contribution to supplement what the Mother Country undertakes. This is the view which we have taken here during the deliberations, and which we have tried to put before the authorities."

"We Canadians feel that, having always lived under the aegis of the British Crown, it is only right and proper now that we have attained national manhood that we should cooperate with the Motherland. The feeling is that there can be no naval partnership unless the partners have a voice in the management and guidance of affairs."

Referring to the possible permanent naval policy, Mr. Hazen said that if

DEMONSTRATION FARMS NOW.

Agricultural Expert Here To Arrange For Two In Townships.

ONE NEAR KNOWLTON AND THE OTHER NEAR COOKSHIRE. MORE MAY FOLLOW.

Mr. John Fixter, of the Commission of Conservation, Ottawa, one of the experts of the Department of Agriculture, has arrived in the Townships to undertake the establishment of two demonstration farms.

One will be located near Knowlton and the other near Cookshire. The first plan was to have only one in the Townships, but on representations from the E. T. Associated Boards of Trade the Department has arranged to operate one near Cookshire.

Mr. Fixter has gone first to Knowlton, and after two or three weeks there will proceed to Cookshire to make arrangements there.

Mr. Fixter explained to the Record the plans upon which these demonstration farms are to be operated. They are being established throughout Canada, and four have already been arranged for in this province.

GOVERNMENT DOES NOT OPERATE FARM.

The Government does not undertake to operate these farms. They simply arrange with some farmer to allow his farm to be used as the demonstration farm and to follow the advice of the Department in laying out his crops. They supply a certain quantity of pure seed, and the farm is carried on in a way to demonstrate the value of improved methods.

The results of pure seed sowing will be illustrated, and the methods of eradicating weed pests, etc., will also be demonstrated.

There is reason to believe that the demonstration farm plan will be greatly extended in the future, and a farm for every township is quite within the realm of possibility.

FARMERS SHOULD RAISE THEIR OWN GRASS SEEDS.

Mr. Fixter urges the importance of farmers who have clean meadows of timothy or clover raising their own seeds.

"They will save themselves money and get better seed," he stated to the Record. "The noxious weeds have been introduced through imported seeds. Farmers can raise their timothy and clover seeds to great advantage and profit. Another thing is that with seed they have raised they will feel like giving a more liberal sowing than in the case of purchased seed at 15c to 20c per pound. They will then sow twenty pounds to the acre, instead of ten, and the results will be correspondingly greater."

QUEBEC GOVERNMENT'S OFFER.

Mr. Fixter pointed out that the Quebec Department of Agriculture had offered to send a machine to thresh clover seed in any district where ten farmers would undertake to raise a crop. "This is a great offer," said Mr. Fixter, "and one that is not made in any other province."

In raising clover seed the first crop of clover is cut off about July 1st, and the second growth is allowed to go to seed, being cut late in September or October.

Mr. Fixter strongly urges Eastern Townships farmers, first, to clear their meadows of weeds, and then raise their own seed.

There is no line which opens to greater results than this.

TO ERADICATE THE DAISY.

Mr. Fixter described the best method of eradicating the daisy from the hay fields.

The fields infected should be cut early in the season and then immediately ploughed very shallow, keeping every particle of growth down till autumn, then ploughed deep. Next year put in a hoe crop, corn, roots or potatoes, then the next year follow on same land a crop of early ripening barley. With this sowing a mixture of clover and grasses at rate of 20 lbs. per acre.

This method should bring the land to a production of three tons of hay to the acre in place of, say, one-half ton, as when the daisies were in control.

Mr. Fixter has been through the Lower Provinces establishing farms, and will now spend some time in the Townships.

DESTROYED THE MOTHS.

St. Johnsbury, Vt., July 25.—When brown-tailed moths were seen on electric light poles near the park at White River Junction the other day, the hose was turned upon them and the majority were destroyed. The place has been free of the pest until recently.

GRAFT AT OTTAWA.

Ottawa, July 25.—Serious charges of grafting were made here against John F. Gray, a local immigration inspector, who, it is alleged, has been in the habit of issuing "permits" to Polacks to keep liquor on their premises. The story came out through a police raid on a house where a number of foreigners were raising a disturbance while under the influence of liquor. In the raid a whiskey permit signed "C. C. Rossi" was found by the police. One of the foreigners said he had obtained the permit from Gray, who had charged him \$10 for it. Another case of the kind was also cited, the foreigners being under the impression that the permit was official. Gray left town on Sunday.

MINERS DROWNED IN COAL PIT.

Caught Like Rats In Trap 4000 Feet From Surface.

WATER RUSHED INTO THE MANWAY AFTER A CLOUD BURST.

Uniontown, Pa., July 25.—Caught like rats in a trap when water rushed into the manway of Superba No. 2 mines at Evans Station, three miles north of Uniontown yesterday afternoon, following a cloudburst, 12 men were drowned and 37 escaped after a most harrowing experience. The men were drowned about 4,000 feet from the mouth of the mines, their only avenue of escape. All but one of the victims were married and had large families.

Although this list is given out by officials it is reported that at least one more victim, an unknown foreigner, will be added. He was passed by other men in the mine when they escaped, refusing to accompany them to a place of safety.

SUDDENLY OVERWHELMED.

Over thirty children are deprived of their breadwinners by one of the worst catastrophes known to this region. The men who escaped were forced to half swim and half walk to the pit mouth through water ranging in depth from their waists to their necks. The majority were knocked down by the timbers sent down the mine with great velocity in the raging current. Several were being carried back into the mine to certain death when rescued by companions who risked their lives.

STUNNED BY DYNAMITE AND WAS DROWNED.

A. Beauchene Was Fishing Illegally When He Fell Into River.

AGED NORTH HATLEY RESIDENT TOOK HIS LIFE BY SHOOTING.

St. Romaine de Winslow, July 25.—(Special)—Adelard Beauchene, of this place lost his life under somewhat peculiar circumstances. He was fishing in the White River, and to help in securing the fish he was using dynamite.

He set off one charge and was stunned as a consequence and fell into the water.

The body was recovered some time afterwards, but life was extinct.

Coroner Bachand presided at the inquest, when the jury returned a verdict of accidental drowning.

NORTH HATLEY MAN SHOOT HIMSELF.

North Hatley, July 25.—(Special)—Coroner Bachand was here to investigate the circumstances attending the death of Mr. Lowell. It seems that the deceased had been in poor health and some weeks ago took a dose of poison. The doctors, however, succeeded in saving his life. Although a watch was kept on his movements, he succeeded in securing a loaded gun. He placed the muzzle to his side and the contents entered his body. He died in a few minutes. The deceased was 72 years of age and had resided in this place for over forty years.

MEGANTIC MAN HELD UP IN MONTREAL.

Victim of One of Most Daring Hold ups Ever Perpetrated.

THIEF GRABBED WALLET AND \$50 WHEN H. CROTEAU LOOKED FOR CHANGE.

Montreal, July 25.—In broad daylight, in front of the Champ de Mars on Craig street, Henry Croteau, a young man lately arrived from Megantic, was made a victim of one of the most daring hold-ups ever known in Montreal. He was accosted by a stranger who asked for change for a two dollar bill, and when the man produced his wallet the stranger grabbed it and fled. Some fifty dollars was in the stolen wallet. The police are looking for the thief, but so far have found no clue either to his whereabouts or identity.

A REQUEST TO ADVERTISERS.

The Record again requests advertisers to send in copy the afternoon previous to publication. This is necessary in order to ensure insertion in case of rush of advertising.

Copy intended for Saturday's paper, owing to the fact that the Record goes to press early on Saturday, must be in by 3 p.m. Friday to absolutely ensure insertion.

BULL WRECKED A TRAIN.

London, Ont., July 25.—A bull, which got out of a field, wrecked a G.T.R. freight train at Ingersoll. Engineer Bailey was unable to stop and the engine and eight cars were thrown off the track and badly smashed up as a result of the bull getting under the wheels.

EGGS PLENTIFUL, PRICE HIGH. West Brome, July 25.—(Special)—Eggs are very plentiful this summer, yet the price holds at 22 cents. Large quantities are being shipped to Montreal.

RASPBERRIES ARE PLENTIFUL. Granby, July 25.—(Special)—Raspberries are plentiful, but the price still keeps up, 15c per lb., or 25c per quart is the price asked when retailed at the houses by the pickers in small quantities.

POCAHONTAS RUNNING AGAIN. North Hatley, July 25.—(Special)—The steamer Pocahontas, which has been tied up on account of low water, commenced making her regular trips again on Wednesday morning, when the Universalist Sunday School went for a picnic up the lake to Pointe au Faine (Abbott's wharf).

FIRST RATE CROP OF HAY. West Brome, July 25.—(Special)—Haying is well under way in this district and farmers report a first rate crop. The weather is not haying weather, however. Oats and corn are still backward, but potatoes and other vegetables and roots have picked up wonderfully and promise an average yield.

ALLEGED THEFT OF CLOTHES. Bromptonville, July 25.—(Special)—A man by the name of Paquette, and said to belong to East Angus, was arrested yesterday on a charge of theft. He left for Windsor Mills and it was then discovered that clothing and a pair of shoes were missing from the house where he had been here. Mr. Allaire and others went into pursuit, and after locating their man, brought him back to this place where he was placed in the lockup in charge of Constable Edmond.

FARNHAM'S NEW MUNICIPAL BUILDING. Farnham, July 25.—(Special)—From the ruins of the old Town Hall and Court House, is rising a very stately and handsome red brick building, stretching one hundred and thirty five feet upon Depot street, with a frontage of fifty feet upon Main street. This building will contain a modern fire station, a suitable chamber for council room and town officer, also accommodation for the holding of the Circuit Court, over which the citizens of Farnham sincerely hope Judge Lynch may long be spared to preside.

LEMAY-MERCIER. Kingsbury, July 25.—(Special)—The marriage of Miss Alice Mercier to Mr. Philip Lemay took place Monday morning at St. Bibiane Church, Richmond. On their return from a wedding trip Mr. and Mrs. Lemay will reside at Greenlay.

PROHIBITION LAW TO BE ENFORCED. Premier Matheson Says No Violation Will be Allowed in P. E. I.

GOVERNMENT WILL NOT ATTEMPT TO JUSTIFY ANY FAILURE.

Charlottetown, P.E.I., July 25.—In a letter to the press Premier J. A. Matheson of Prince Edward Island says that the Government which he leads stands for the strict and effective enforcement of the practically

prohibitory liquor law, and will not justify failure with the excuse that under former governments the law has been violated with impunity. If any person can show that the law is being violated, that any public officer is unfaithful to his trust, his complaint will be heard and the wrong will be righted. The letter concludes by stating that newspapers which have made charges of non-enforcement of the law should place the information on which these charges are based in the hands of the proper officers of the Government.

How You Can Go Into Business For Yourself.

Every man, no matter what his age, if he has a spark of ambition in his make-up, would like to go into business for himself. He would like to become a partner in some growing and prosperous concern. Working on a salary and being able to save but a comparatively small amount per year, he has almost persuaded himself that a partnership in a prosperous business is altogether unreasonable for him to expect. Live, wide-awake men should not be carried away by this idea. Such a partnership is possible as we shall point out in our next talk in this space.

DIED EN ROUTE TO SHRINE.

St. Johnsbury, Vt., July 25.—A woman afflicted with paralysis, who was on her way from Boston to the shrine of Ste. Anne de Beaupre, in Canada, to pray for recovery, died on the train en route and was taken off at Barton.

ROME HONORS AMERICAN PRELATE.

Rome, July 25.—(Special)—In the chapel where 25 years ago he was ordained a priest, the Rt. Rev. Thomas F. Kennedy, the popular and distinguished rector of the American College in Rome, today celebrated mass and received the congratulations of a host of friends and admirers on the occasion of his sacerdotal jubilee. The Pope and practically all of the members of the Sacred College resident in Rome, together with a host of other high officials at the Vatican were among those who offered their congratulations to Bishop Kennedy, and in addition the American prelate received a bundle of felicitous messages from his personal friends among the clergy and laity of the Roman Catholic Church in the United States.

BILL FOR BRITISH LABOR DISPUTES.

London, July 25.—The chancellor of the exchequer, David Lloyd-George announced in the House of Commons Tuesday night the intention of the Government to introduce a bill to deal with labor disputes, such as the present dock strike. The chancellor did not define the measure, but indicated that it was likely to involve compulsory arbitration and financial guarantees for observing agreement.

FENIAN RAID GRANTS.

Ottawa, July 25.—The issuing of the Fenian veterans' one-hundred-dollar grant is proceeding very slowly. In two weeks but 450 grants have been paid. This delay is not due to any lack of application, but rather because of the number of letters or requests being received at the Militia Department from men who believe that they are entitled to the money, although they actually never were in active service. A number of these applications have to be carefully examined and returned and the process of sorting the good from the bad is a slow one.

ENGINEER AND FLAGMAN HELD.

Corning, N.Y., July 25.—In a verdict returned the coroner's jury held Engineer William Schroeder and flagman Edward Lane responsible for the wreck on the Delaware, Lackawanna and Western Railway near here on July 4th. Warrants charging them with manslaughter in the second degree were issued by Coroner Herbert B. Smith.

BEDFORD DISTRICT LOCAL HAPPENINGS

Daily Reports From Correspondents

Of What is Going on.

KNOWLTON.

Mr. Rupert Mitchell, of Granby, is
assisting Mr. F. N. Williams.
A recital will be held in the Pettes
Memorial Hall on Friday, August
2nd, under the auspices of the Knowl-
ton Reading Club. Miss Ella Lambly,
eloquentist and monologue artist, of
Montreal, will be present, assisted
by Mrs. Fay and other local talent.
The funeral of the late Mrs. Charles
Bancroft took place here on Wednes-
day at 1.30 o'clock at St. Paul's
Church. The ceremony was performed
by the rector, Canon Carmichael,
assisted by Rev. Dr. Rexford. The
bearers were Mr. Justice Lynch, Mr.
F. P. Williams, Mr. W. H. O'Regan
and Dr. MacDonald. Deceased was a
well-known resident of Knowlton and
had lived a great part of her life
here. She was born not far from
Knowlton, and was 66 years of age.
The interment took place in the
Knowlton Cemetery beside her hus-
band, Rev. Charles Bancroft, and
two daughters.

Those who attended the funeral
from out of town were: Mr. and Mrs.
Charles Bancroft, of Boston; Rev.
Dr. Rexford.

You May Have Catarrh And Not Know It

HEAD AND THROAT BECOME DIS-
EASED WITH CATARRH FROM
NEGLECTED COLDS
AND COUGHS.

Catarrh is Treacherous -- When Fully
Developed is a Horror--Note its
Symptoms.

"Is your breath bad?"
"Is your throat sore?"
"Is your voice hoarse?"
"Is your nose stop up?"
"Have you nasal discharge?"
"Do you spit up phlegm?"
"Has your nose an itchy feeling?"
"Have you pain across the eyes?"
"Is your throat irritable, weak?"
"Do you sleep with mouth open?"
"Are you subject to sneezing fits?"
"Do your ears roar and buzz?"
"Are you hard of hearing?"
If you have any of these indications of
Catarrh, cure the trouble now--stop it
before it gets into the lungs or bron-
chial tubes--then it may be too late.
The remedy is "Catarrhine," a di-
rect, breathable cure that places antiseptic
balsams and healing medication on
every spot that's tainted by catarrhal
germs.

There can be no failure with Cat-
arrhine--for years it has success-
fully cured cases that resisted other
remedies. "No one can know better
than I the enormous benefit one gets
from the very first day's use of Cat-
arrhine," writes T. F. Hopkins, of
Westvale, P.Q. "I had for years a
stubborn case of Bronchial Catarrh,
ear-noises, headache, sore eyes, stop-
ped-up nose and throat. It affected
my appetite and made my breath
rank. Catarrhine cured quickly."
Get Catarrhine, use it, and you are
sure of cure--beware of imitations and
substitutes. Large size Catarrhine
with hard rubber inhaler, lasts two
months, and is guaranteed. Price, \$1.00
at all dealers, or the Catarrhine Co.,
Buffalo, N.Y., and Kingston, Ont.

**DEATH TO DANDRUFF GERMS
LIFE TO ALL HAIR**

No More Dandruff, Falling Hair, Scalp Itch, Bald Heads or
Dull Faded Hair.

This is a free country. It's your
right, your privilege to use any hair
tonic you desire.
But why continue to use a hair tonic
that doesn't do what it should do? Kill
the germs and banish all dandruff and
hair troubles?
If you have dandruff, if your hair is
getting thin and falling out, if your
scalp itches and your hair isn't bright
and lustrous, bear in mind this fact:
that PARISIAN SAGE, now sold all
over Canada, is guaranteed by F. T. Ansell
to give the limit of satisfaction if

FRELIGHSBURG.

Louisa McCarty, widow of the late
Chauncey Monte, passed away at her
home "Elm Liddon" near Frelighs-
burg, Que., July 16, 1912. She was
born in Brockville, Ont., February
15, 1836, and at the age of twelve
years with her parents, she moved to
what is now Stanbridge Station. In
1861 she was married to Chauncey
Monte, who died three years ago. After
spending the greater part of their
married life at Stanbridge Station,
they moved in 1903 to Frelighs-
burg. Converted at an early age she
was long a faithful and consistent
member of the Methodist Church. Domestic
in her tastes, she was an obli-
giving neighbor, a kind friend, a
thrifty wife and a devoted mother.
One daughter and three sons survive
her, viz.: Mrs. G. W. Brady, Frelighs-
burg; Seymour J. Monte, Stan-
bridge; Homer H. Hartford; Chaun-
cey D. Frelighsburg. An impressive
funeral service was held in the Bed-
ford Methodist Church on Saturday,
July 20th, conducted by her pastor,
Rev. R. S. Eagleson, B.D., assisted
by Rev. Mr. Garvin of Bedford. In-
terment was made in Maple Dale Cem-
etery, Morgan's Corner, Que.

The Sacrament of the Lord's Sup-
per will be administered in the Meth-
odist Church next Sunday morning.

The funeral of the late Mrs. C. Monte
took place on Saturday, July 20th.
The service was conducted in the
Bedford Methodist Church by the
Rev. R. S. Eagleson, assisted by Rev.
John Garvin. The interment took
place at Morgan's Corners.

WEST BOLTON.

Children's Day was observed in
Drill Church on Sunday last. At the
opening of the service the Sacrament
of Baptism was administered to
Fileen Elizabeth, infant daughter of
Mr. and Mrs. Carmi McLaughlin. At
this service the beautiful silver Bap-
tismal bowl presented to the Church

by Messrs. Arthur, Will and Frank
McLaughlin, of New York, was used
for the first time. Rev. Mr. Pates
gave a splendid sermon for the chil-
ren, taking for his text a part of the
5th Verse of the 14th Chapter of
Hosea, "I will be as the dew unto
Israel." The Church was beautifully
decorated for the occasion with ferns,
flowers and potted plants.

Mr. Roy Allen, who has been in
Sherbrooke since last Spring has

On St. James' Day (to-day) the church used to perform the ceremony of blessing the crop of apples, a custom perhaps derived from the ancient practice of Domona blessing the fruits of the earth at this propitious season.

Sherbrooke Subscription Concert guarantee list to Wednesday evening amounted to \$911.00. It is expected that the addition of the Sherbrooke Symphony Orchestra will considerably add to the interest in this series and that the amount required will be fully subscribed within the next few days. Intending subscribers should note that the best seats are being secured rapidly.

Mr. E. S. Foss, S.P.C.A. inspector, was called to South Stukely yesterday to investigate a complaint made against a farmer in that vicinity of abusing and overworking a horse.

The inspector found that the charge was well established, as the animal was in a shocking condition, scarcely able to put his foot to the ground and nearly a skeleton, but as the owner represented that it would be useless to fine him as he had nothing with which to pay, the inspector succeeded in having the horse killed and put out of misery. It appeared that he was a recent purchase and cost two dollars and a half.

The funeral of the late Alexander Roy, the oldest conductor on the Quebec Central Railway between Sherbrooke and Levis, took place Tuesday morning at the parish church of Notre Dame, with a vast attendance. Many of the citizens of Levis and the employees of the Quebec Central Railway swelling the long cortege. The chief mourners were: Messrs. L. P. Begin and Alphonse Dumontier, brothers-in-law of deceased, and their sons, his nephews; the Rev. Abbe Roy, parish priest of Riviere du Loup, and Rev. Camille Roy, professor at Laval University, cousins. The Quebec Central Railway was represented by Mr. Joseph Fortin, superintendent and Mr. T. D. Walsh. The requiem service was most impressive, a large number of the clergy assisting. The late Mr. Roy was born in Levis in 1858, his father at one time being mayor of that town. He early entered the employ of the Levis & Kennebec Road, and later passed to the service of the Quebec Central, in which he continued for 35 years. No employee of the road was better known or more highly esteemed either by the manager and office staff, or the travelling public than Alexander Roy, who counted his friends by scores in Levis and Sherbrooke, as well as in all the places along the line. Deceased had been ill for some two years and had borne much suffering with manly courage and patience. He was a bachelor and is survived by two brothers, one in Toronto, and one in California, and five sisters. He was the cousin of Mgr. P. E. Roy, Auxiliary Bishop of Quebec. The remains were laid to rest in the Cemetery Mont Marie.

SUSPENDED PUBLICATION. The French journal "La Voix Libre" which was brought to the attention of the public a few months ago, has discontinued publication. Mr. Felix Leclair, the editor and publisher, has returned to Danville and his assistant, Mr. Donat Fortin has left the city for Quebec.

RUNAWAY COUPLE FOUND AT ST. JOHNSBURY, VT. Clarinda Bilodeau, of Sherbrooke, P. Q., whom her father claims ran away from home, was found here Wednesday by her irate and anxious parent, and taken the following day to Sherbrooke. The young woman, who is 17, came here the week before in company with Albert Millette, also of Sherbrooke, and both obtained positions in the Lyric theatre, the girl as pianist and the man as soloist. On their leaving Sherbrooke the girl's father notified the police of Boston and Lawrence, Mass., and Manchester, N.H. After several days of unavailing search they were finally located here, the local officer assisting. The young man in question decided that his safer course lay in remaining on this side of the Canadian line.

ANOTHER DELAY IN PAVING

(Continued from page 1.)

a trial. Now that we have decided on what to use, I think we should go on as we are.

Ald. McManamy then called the attention of the Council to the fact that the last clause of the resolution passed at the meeting held on July 15th provided that estimates of the cost be furnished, and that arrangements be made by the Finance Committee for providing the money. On Wednesday, July 17th, the resolution of the Finance Committee was submitted, but was thrown out. At this meeting it was decided to adjourn till Friday, the 19th, when a proper report was to have been submitted.

This meeting was never held, and tonight we have not the report. Before we can proceed we must have this report, yet in spite of the fact that we haven't it Ald. Simoneau tries to rush everything through.

Ald. McManamy again asked that Mr. Smith be given an opportunity to speak.

Ald. Ledoux: "I was of the opinion that the question of paving was settled. I thought that at the last meeting we decided on it. Anyway, the question of paving cannot be discussed tonight."

Ald. McManamy: "No?"

Ald. Ledoux: "No, because it was not mentioned in the notice calling the meeting."

Ald. McManamy: "I would move that Mr. Smith be heard."

Ald. Ledoux: "It is not in order, Mr. Mayor, as no provision is made for such discussion in the notice."

Ald. McManamy: "Oh, you are a humbug."

Mayor Hebert was also of the opinion that it was out of order, and the matter was dropped.

Ald. Thompson: "As a member of the committee that visited Montreal, I would like to make some explanations. We examined many kinds of pavement, but it was with the view of getting the best system we made our examination, not for the purpose of examining price or quality. We did not go into this question. This Pioneer asphalt may be the best. The street where we saw it laid down had not been opened, so we could not judge. Three or four weeks ago Ald. Simoneau was of the opinion that Trinidad was the best. Now he has changed. Let Ald. Simoneau look into the matter, and if he reports that Pioneer is the best I will stand for it."

"I do not think we should overlook Rockmac. The agent invited us to go to Montreal at his expense and see what had been laid down. I understand Simoneau was invited to take his committee down to a street paved with Rockmac, but he told us nothing of this. I want the work done well."

Ald. Ledoux: "When, two years from now?"

Ald. Thompson: "I want it done this fall."

Ald. Ledoux was surprised that Ald. Thompson would go to Montreal.

Do Your Looks Quite Satisfy You?

If Your Color is Bad, if you Suffer From Pimples, Here is Good Advice.

Fine Results in Two Weeks. Miss Nettie E. Callaghan, a well-known young lady in Middleton, writes as follows: "I was affected for two years with a rash, and ugly looking pimples spread over my face. My color was poor, and my blood evidently completely out of order. Certainly it was a most despairing sort of a case, because various treatments did but little to help me. A friend of mine in Toronto, Ont., advised me to get Dr. Hamilton's Pills. I sent at once for five boxes. In two weeks I felt like new. My looks improved, spirits rose, and I felt I was getting well. I have used this remedy for a long time, and now would not be without it."

If you are in ailing health, have blood disorders, stomach trouble or headaches, Dr. Hamilton's Pills will help you quickly. All druggists and storekeepers sell Dr. Hamilton's Pills of Mandrake and Butterat. 25c per box. Five for \$1.00. Sent postpaid by the Catarthozone Co., Buffalo, N.Y., and Kingston, Canada.

EGG MARKET STRONGER.
Montreal, July 25.—A stronger feeling has developed in the egg market for selected stock and prices have advanced 1¢ per dozen owing to the continued good demand and the fact that the recent hot weather cut down the percentage of such of each case considerably.

We quote prices as follows:
Selected stock in round lots, 25¢; selected stock in single cases, 26¢; straight receipts in round lots, 22¢; straight receipts in single cases, 22¢; second grades in round lots, 15¢; second grades in single cases, 16¢.

HONEY MARKET QUIET.
Montreal, July 25.—There was no change in the honey market to note, business being still on the quiet side as the demand is chiefly for small lots.

We quote prices as follows: clover, white honey, 10¢ to 11¢; dark grades, 7¢ to 8¢; white extracted, 8¢ to 9¢; buckwheat, 7¢ to 8¢.

MAPLE PRODUCTS SLOW.
Montreal, July 25.—Business in maple product continues rather slow, but as the offerings are not excessive the tone of the market remains steady. We quote:—Maple syrup in wood, at 7¢ to 7½¢ per lb., and in tins, 7½¢ to 7¾¢; as to size, and maple sugar at 9¢ to 9½¢ per lb., as to quality.

BEAN MARKET QUIET.
Montreal, July 25.—The demand for beans is quiet, but the undertone to the market is firm and prices show no further change. We quote Car lots of three-pound pickers at \$2.75 per bushel.
Toronto, July 26.—Beans, selected, 21¢; fresh, 21¢ to 25¢.

WHY THE PRICE OF
BUTTER WENT UP.

One Reason Given Is That Cream Is Going to States.

SCARCITY OF MILCH COWS MORE THE CAUSE THAN ANYTHING ELSE, IT IS SAID.

The high price paid for butter at the present time has given rise to a good deal of speculation as to the cause for this. One Montreal paper in dealing with the subject says: "There is no longer any mystery as to the reason for the shortage of butter throughout the Eastern Townships. It has been discovered that many farmers there have entered into contracts with Vermont firms to deliver all the cream, which on receipt is tested and weighed, and prices allowed to weight and test made on arrival at the creamery. "Reports say that big prices are being received. The fact is that the farmer does not know whether he is receiving the full amount for his shipment or not, as the cream is all paid for according to the Vermont creameries' figures. "No pay is received for the cream shipped for four weeks after receipt. "Spot cash is demanded for all receipts which are shipped here from the same district."

From enquiries made at certain sections in the Townships the above statement is not quite correct. While a considerable quantity of cream is being shipped across the line, there is not being the amount there was two or three years ago.

One reason advanced for the shortage of butter this year is the scarcity of good milch cows. During the dry summers of two and three years ago farmers had to sell their young stock at any price. The result has been that the farmers have been unable to keep up their herds to the full standard, and in consequence there is less milk going to the creameries.

SHOCK CAUSED PANIC.
Guayaquil, Ecuador, July 25.—The heaviest shock of earthquake felt for many years occurred here yesterday. It caused a great panic among the inhabitants of the city. No material damage has yet been reported.

ESCAPES FROM FOURTEEN ICEBERGS.

Boston, Mass., July 25.—The Parisian, of the Allan line, which arrived Monday from Glasgow, narrowly escaped disaster off Newfoundland last Thursday. This was admitted by her officers. While the Parisian was poking through a blanket of fog the mist suddenly lifted, revealing icy mountains on both sides of the vessel. By actual count there were fourteen icebergs. The Parisian moved out of the dangerous locality, but it was two hours before she reached a clear atmosphere.

PEARY'S SHIP AT AUCTION.

New York, July 25.—(Special)—The Arbuckle wrecking fleet, including the steamer Roosevelt, which was used by Commodore Peary on his North Pole expedition, was put up for sale at public auction yesterday. The sale follows the recent death of John Arbuckle, who spent, it is said, \$100,000 on the wrecking fleet in an attempt to demonstrate the feasibility of his plan to raise sunken vessels by means of compressed air. Mr. Arbuckle employed his method in raising the United States cruiser, Yankee, after she had gone to the bottom, by striking a ledge in Buzzard's Bay several years ago. While the Yankee was being towed to port one of the Navy Department tugs rammed her and she sank, never to be raised again. Mr. Arbuckle blamed the Navy Department for his second loss of the ship, and put in a bill for \$30,000 for his services, but he never got it.

MEGANTIC CO. HAPPENINGS

Budget of News From Various Sections of Country.

LEEDS VILLAGE.

Very few people are in the village these days as all who are able to work are busy at haying.

Mr. and Mrs. Duncan Thompson and daughter, of Regina, who have been in Leeds for some time past left for their home the other day.

Berry pickers have their little excursions these days and report that the crop is none too good.

Mr. A. W. Lefebvre and his sons, Archie and Allan, are gathering in Mr. McKenzie's hay crop this week.

Mr. Francis Squire has sold his back farm on the 12th Range and will now be able to spend all his time on his farm in the village.

Messrs. Richard and Joe Wark spent the early part of the week in Quebec.

Mr. Amos Church of the Megantic People's Telephone Co., is busy looking after the electrical part of the line in Leeds these days.

Mr. Alphonse Poulin has finished gathering Mr. O. F. McCutcheon's hay and is now working for Mr. C. Jiggins.

Mr. Albert King is making great improvements to his dwelling house and also build a new kitchen and woodshed.

Mr. O. F. McCutcheon, Inspector of Schools, is now home after spending some time in Quebec looking over the examination papers.

ST. SYLVESTER EAST.

Rev. Mr. E. Lachance and brother have returned from their vacation.

Mr. Joseph Dion, an old and respected resident of this place, passed away on Wednesday of last week. The funeral service took place on Friday and was largely attended. Rev. O. Taberger, of St. Mary's, celebrated Mass in the absence of the Pastor.

Mr. James Dougherty of Lincoln, N.H., is visiting his brothers, Messrs. Dan and Hugh Dougherty of the village.

Mr. Henry McGrath left on Tuesday for Rosetown, Sask., with a carload of stock and household goods. His sister, Ann, will go in a few days.

Mr. Francis Boyce, who was in the Hotel Dieu Hospital, Quebec, to undergo an operation for appendicitis, has returned home and is much better.

The farmers in this vicinity are busy haying and some report fair crops, while others say it is light. However, hay will not be very plentiful, this season, as the wet, late spring, followed by the recent drought prevented its growth. The potato crop will not be up to other years. The gardens in general suffered from frost and drought, therefore vegetables will be very scarce this season.

INVERNESS.

The application of Miss Bridgette for the Model Department of the Inverness Academy has been accepted.

Messrs. Geo. Miller and Geo. Thompson left on Monday to spend their vacation in Sawyerville.

Mr. and Mrs. Jas. Kinnear and daughter, who have spent some time visiting friends here left on Tuesday for their home in Toronto.

Rev. Mr. Geo. Kinnear, of Montreal conducted the morning service in the Presbyterian Church, last Sunday.

Miss Olive Fortier of Montreal, visiting friends in this vicinity; Mrs. J. Walker of Govan, Sask., visiting her mother, Mrs. D. McKenzie; Mr. Wilbert Howard, a few days the guest of his grandfather, Mr. W. H. Lambly.

Miss Catherine Stewart, who has been ill for some time is recovering her health again.

Mrs. (Rev.) J. M. Miller returned from her long trip through the Western provinces this week.

Miss C. George spent a few days in Sherbrooke this week.

MAPLE GROVE.

Arrivals and departures: Miss Mabel Hague, of Montreal, with Mrs. D. Bennett; Miss Wilson, of Montreal, with Mrs. John Bennett; Miss Stevenson, at the Rectory; Mr. and Mrs. Miller, to Barre, from a visit to their parents; Mr. and Mrs. R. Bennett; Miss Hazel Bennett accompanied her sister to Barre; Miss Cora Annesley, with her cousin, Miss Hazel Bennett.

A party of Inverness friends held a picnic at Lake William, by the summer cottages of Mr. Duncan Stewart and Mr. Fred Wood, Saturday. Those who attended from here were: Mrs. S. H. Bennett and family, Mrs. H. H. Wood, Mrs. H. T. Cross and family, Mrs. T. A. Rowden, Mr. and Mrs. F. Wood, Jr., and Mr. and Mrs. Fred Wood, Jr.

Haying is in progress and the crop is much better than was at first expected and help is scarce.

A number of the young people from here spent a very pleasant evening at the home of Mr. Hugh Andrews.

NORTH THETFORD.

Haying is progressing. The crop is, on an average, very good.

The caterpillar and other insects continue their work of destruction. The maple tree is a prey to their ravages. The spruce trees in many localities have the appearance of having been passed over by fire.

Miss Beatrice Laughrea of Lancaster, N.H., is the guest of her aunt, Mrs. J. Couston.

The pilgrimage to Ste. Anne left here on Sunday a large number prohibited by the occasion to visit the shrine.

Mrs. Filgate of Lemesurier is still in a weak condition.

HORRORS IN

P.RU RARE NOW

PERUVIANS SAY THAT ALL IS TRANQUIL IN RUBBER DISTRICT.

Lima, Peru, July 25.—The immense distance between the city and the Putumayo rubber district, in regard to which Sir Roger Casement recently reported to the British Foreign Office that wholesale horrors had been committed on the native workers, and the difficulties of communication, cause considerable delay in obtaining news from that region. The Peruvian Government, however, some time ago sent a judicial commission, accompanied by a prefect and a body of troops, to the district. On their approach many criminals escaped into the forests while others fled to various countries, from which the Peruvian Government is asking their extradition. As a consequence of the activity of the local prefects and the police several criminals have been arrested and are awaiting trial.

According to the latest official information similar crimes to those reported by Sir Roger Casement, as well as ill treatment, are now very rare. When, however, they do occur they are generally discovered and their authors punished. The region is now said to enjoy relative tranquillity. The prefect of the district is untiring in his efforts to blot out the atrocities, and the Peruvian Government constantly recommends him to continue his energetic measures.

LARD.

There is Lard and Lard. The so-called pure lard is rendered in a closed tank and no chance for evaporation consequently is full of water. Our pure open kettle lard is rendered in an open kettle and all the moisture is cooked out until it is perfectly dry and no water left in, consequently it goes further and is cheaper in the end to the consumer. Why buy an inferior article when you can purchase An Absolutely Pure Open Kettle Rendered Product that smells better, goes further, lasts longer, does not spatter, but leaves a pleasant taste in the mouth. WITNESSES AFRAID OF THEIR LIVES.

Fear of Revenge at Hands of New York Gangsters.

AS A RESULT PROCEEDINGS WERE TEMPORARILY BLOCKED YESTERDAY.

New York, July 25.—Fear of revenge at the hands of Fast Side gangsters yesterday temporarily blocked the efforts of District Attorney Whitman to draw closer the lines about the men who assassinated Herman Rosenthal eight days ago. Apparently awed by the presence of gangsters in the coroner's court, John Reiser, known to the sporting fraternity as "John the Barber," retracted at the coroner's examination a statement which he made a few minutes earlier to Mr. Whitman. Reiser was later arrested on a charge of perjury.

The coroner's hearing was in the nature of an examination of "Bridge" Weber and Sam Paul, charged with complicity in the murder. Having failed to get desired statements from the witness, District Attorney Whitman secured an adjournment of Weber and Paul's examination for 48 hours.

reported drowned.

At Ellenswood, Pa., H. L. King, his wife and child drowned.

At New Martinsville, six reported drowned.

At Monongah, Va., one drowned. Fairmont, W. Va., two drowned.

On this list of fatalities it has been possible to account definitely for 23. Those who are known to have met death are at Uniontown, Wheeling, Ellenswood, Fairmont and Monongah.

Admitted death list will not be known for many days to come. A large number of mines were flooded in a short space of time.

Working men were compelled to flee for their lives. Whether some or all of the miners reported missing escaped watery graves can only be ascertained by time.

It will take months to clear some of the mines of water.

Many sections have not been heard from up to daylight today. What has taken place at these places is not known.

SHORTAGE OF BINDER TWINE.

Winnipeg, July 25.—Careful enquiry shows that the Canadian prairie west, on the eve of harvest, is confronted by what may develop into a serious binder twine famine. Local agents of the two great concerns which practically control the binder twine industry in the United States and Canada, the International Harvester Company and the Plymouth Cordage Company, admit the shortage, which they put down to the altogether unprecedented demand of the Southern States, which had not been anticipated and to the wonderful expansion of production in the Canadian West.

ITALY AND AUSTRIA INCREASING FLEETS

THIS IS SAID TO BE DONE AT THE INSTIGATION OF GERMANY.

Paris, July 25.—That the world is not yet on the eve of the cessation of the struggle between Great Britain and Germany for naval supremacy is the prevalent opinion in France after careful study of the recent speech by Winston Spencer Churchill in the House of Commons.

The continuation of the rivalry between those two countries causes a note of regret here, but there is an inclination to believe that if it must go on, France should learn a lesson from England's procedure and herself increase her navy.

The Matin, commenting on the subject, says it is in a position to declare that Italy and Austria, at the instigation of Germany, are about to build additional super-Dreadnoughts in regard to which nothing has been permitted to transpire.

Italy is to construct six of these vessels, each of 20,000 tons displacement and capable of steaming at a speed of 25 knots, while Austria is to build three, each of them displacing 20,000.

The newspaper continues: "The fulfilment of this programme will destroy the present naval equilibrium in the Mediterranean and give the advantage to the triple alliance."

MERCHANT SHIPS AS ARMED CRUISERS

(Continued from page 1.)

The Dominion participated she must be adequately represented at the councils. The feeling in Canada was that there could be no partnership without a voice in the management of affairs.

Sir William Mackenzie, who sailed for Canada yesterday, declared strongly in favor of three dreadnoughts from Canada to be donated immediately for use in the North Sea.

SPENDING \$225,000,000.

London, July 25.—In the debate on the naval estimates in the House of Commons yesterday Winston Churchill, the first lord of the Admiralty, replying to the criticism that he had made inadequate provision to meet the menace described, said: "We are spending 45,000,000 sterling (\$250,000,000) this year and we are going to spend more next year. We are raising the personnel of the navy to 141,150 by 1913 and to 146,000 in 1914. As regards construction, Germany this year is laying down two new battleships and we four. Next year Germany is laying down one extra, and we two. This year Germany is laying down two small cruisers; we are laying down eight. Germany in the course of the next 13 months is laying down 21 destroyers, we 43. There is no cause for panic or alarm."

TAKES OVER ZEPPELIN AIRSHIP.

Berlin, July 25.—The most modern military airship of the Zeppelin rigid system was taken over yesterday by the war department after an endurance and speed trial lasting eighteen hours. The dirigible developed a speed of forty-nine miles an hour and is considered the fastest lighter-than-air craft in the world. It has been christened the Z III, and is to be stationed at the fortress of Metz, near the French frontier.

COAL MINERS TO WORK A YEAR.

Pittsburgh, July 25.—Peace for another year in the Pittsburgh coal fields was assured late on Monday, when a special convention of district 5, United Mine Workers of America, approved by a two-thirds vote a new wage scale. The action affects 45,000 men. The men get an increase of 5 cents a ton.

Municipality of the City of Sherbrooke. By-law No. 307

At a regular session of the Municipal Council of the City of Sherbrooke, held at the usual place of meeting on the 4th day of June, 1912, in conformity with the provisions of the City Charter, at which session were present Mayor F. H. Hebert, Ald. McManamy, L. H. Olivier, Simonson, Ledoux, Ebling, Brault, Rousseau, C. F. Olivier and C. G. Thompson, and forming a quorum thereof, the following resolution was passed, and it is hereby enacted and decreed by the Council as follows:

By-Law No. 307

To authorize and provide for the borrowing of \$615,000 and the issuing of debentures therefor.

Whereas the Corporation of the City of Sherbrooke has incurred different liabilities still existing and desires to further improve its electric plant, water-works and other property, as the whole is hereinafter detailed, and

Whereas it is desirable to borrow money to pay the present liabilities and procure the means of improving the property of the said City;

1st—Debentures of the said City shall be issued to the amount of six hundred and fifteen thousand dollars in denominations of not less than five hundred dollars each. The said debentures shall be payable to the order of the City of Sherbrooke and shall bear interest at the rate of four and one-half per cent per annum, payable half yearly to wit: On the first day of November and on the first day of May in each year.

2nd—The said debentures may also, at the discretion of the Council, be issued to the said amount of six hundred and fifteen thousand dollars, and interest payable in sterling money, and may be made up to represent in sterling money the said sum of six hundred and fifteen thousand dollars and interest.

3rd—The said debentures may, at the discretion of the Council, be made payable at the City of Montreal, or at the City of Sherbrooke, or at the City of New York, in the United States of America.

4th—That the said debentures shall be equal to two per cent, upon the amount of the said debentures shall be created and provided for by the said City of Sherbrooke, and that in order to supply the said sinking fund and pay the interest on the said debentures as aforesaid, the sum of thirty-nine thousand nine hundred and seventy-five dollars (\$39,975.00) shall be annually levied for the period of thirty years from the taxable real estate within the said City for the period of thirty years, according to the valuation roll in force on the 1st day of January, 1912, and above any other rate and assessment shall continue unchanged, and it is expressly enacted that a special yearly rate and assessment over and above all other rates and assessments shall be and shall be imposed according to the valuation rolls which may be in force hereafter, sufficient to pay the interest on the said debentures as aforesaid, until the final extinguishment of the said debentures.

5th—It shall be lawful for the Mayor and Secretary-Treasurer of this Corporation to advertise for tenders for the purchase of the said debentures and to sell the same at such price as the Council, by resolution, may hereafter determine, and the proceeds of the sale shall be applied to the extinguishment of the following liabilities and to improve, as follows, the property of the said City, to wit, to pay:

1st—To the Eastern Townships Bank for a loan of \$100,000.00, authorized under By-Law No. 287 for improvement to Electric Light Plant..... 100,000.00

2nd—For the purchase of site for the Canadian Brakeshoe Co. and the Sherbrooke Iron Works..... 15,000.00

3rd—For the bonus to Jencks Machine Co. for the purchase of site for the Canadian Brakeshoe Co. and the Sherbrooke Iron Works..... 100,000.00

Paving and permanent road work..... 50,000.00

\$615,000.00

Enacted at Sherbrooke this 7th day of June, 1912.

(Signed) F. H. HEBERT, Mayor.

F. J. GRIFFITH, Sec.-Treas.

Moved by Alderman White, seconded by Alderman L. H. Olivier, that a public meeting of the electors of the City of Sherbrooke, for the purpose of ascertaining whether By-Law No. 307 is to be approved or disapproved by the electors who are real estate owners.

Carried.

I, the undersigned, F. J. Griffith, Secretary-Treasurer of the City of Sherbrooke, certify the foregoing By-Law to be a true copy of By-Law No. 307 of the by-laws of the Municipal Council of the City of Sherbrooke, which said By-Law was enacted and passed on the seventh day of June, nineteen hundred and twelve, the original of which is on file in my office, and I further certify

that the foregoing resolution is a true copy of resolution passed by the said Council on the 17th day of June, nineteen hundred and twelve.

F. J. GRIFFITH, Secretary-Treasurer

NEW CALL COMING FOR BRITISH DOCK STRIKE.

Another To Be Made To Get National Support.

GREAT CONCOURSE OF STRIKERS PRAY FOR LORD DEVONPORT'S DEATH.

London, July 25.—Joseph Havelock Wilson, president of the international Seamen's Union, who arrived in this country last Monday from Australia by way of San Francisco, already is organizing with a view to making another attempt to call a national strike of transport workers in support of the London dockmen who have been on strike for ten weeks. In an appeal issued yesterday to the workers for immediate funds, to aid the starving families in "Dockland," Mr. Wilson announces that he intends to visit all the ports in the United Kingdom and urge that the men be ready for action in the event of the London dispute not being settled favorably to the men.

Fifty thousand strikers paraded through London yesterday afternoon and at a meeting held subsequently on Tower Hill a dramatic incident occurred. Ben Tillet one of the strike leaders, after an address in denunciation of Lord Devonport, chairman of the port of London authority and a leader among the employees, asked the men to join him in prayer. Ben Tillet and the immense concourse, with bared heads, prayed: "Oh God, strike Lord Devonport dead."

In some quarters it is reported that a general strike of transport workers will be declared on July 27. There was a sharp conflict yesterday afternoon between the police and a number of strikers who were attempting to molest non-union workmen. Many heads were cracked.

FARMERS WILL OUST MIDDLEMAN

NOVA SCOTIA AGRICULTURALISTS SAY HE MUST GO.

Some farmers down in Nova Scotia have got the right idea of things. They say the middlemen must go. He it is who forces up the price to consumers and at the same time beats the farmers down to the lowest figure possible for all they produce. If over one thousand Nova Scotia farmers have their way he will not last long in the Province down by the sea, for they have joined hands in a determination to put him out of business. Hereafter, these farmers will buy all they require to carry on their business, right over the heads of the "dealers," and when the time comes to sell their products they will turn them over to the highest bidder among the wholesalers and keep for themselves the difference that has formerly gone to a bunch of commission men.

BROME CENTRE.

Little Mary Vernal, daughter of Mr. and Mrs. Galen Vernal, of this place, fell off a double wagon, and was injured quite badly about the face on Wednesday.

Arrivals and departures: Mrs. Auburn and Little son, of Montreal, at "Mountain View; Mr. and Mrs. Clinton Devlin and son, of Montreal, guests of their parents at Springdale over the week-end; Mr. and Mrs. A.J. Iyer, of Sutton; Mrs. Arthur Miller of Highwater and Mrs. Ed. McCrum of Iron Hill, at Mr. L.L. Mandigo's on Tuesday; Mrs. Myron Hastings and children, of Brome, the week-end at Mr. A. B. Vernal's.

NEW IRON BRIDGE NEAR SUTTON.

Has Been Placed In Position, and Is Fine Structure.

THE APPROACHES TO THE BRIDGE HAVE BEEN IMPROVED—COST IS \$3,000.

Sutton, July 25.—(Special)—The new iron bridge for the river or Alder Brook, crossing between the Mack O'Brien place and Chas. W. Shepard's, has arrived and was moved to the new bridge site on Tuesday by Messrs. N. G. Bates, Henry Allen, Tom Hextall and one of the Bridge Company's men from Lachine. The bridge clears 40 feet, with a total length of 46 feet, and is a duplicate of the Tryhorn bridge. Mr. H. G. Bates, with a force of men, finished the abutments of solid concrete several days ago. The abutments are 23 feet at the base and 20 feet 9 inches at the top, 9 feet wide and 12 feet high. The figures 1912 and H. G. B. are stamped into the concrete, the latter letters being the initials of its builder, Hiram G. Bates, a veteran bridge builder of many years experience.

The bridge itself cost around \$740, while the concrete and other work will bring the total cost up around \$3,000, but it is well worth its cost.

The "sag" at this point has been filled up several feet, and the approaches to the bridge raised accordingly, while the government is to have the road on the rock at the top of the little hill just south of the bridge widened by blasting out the rocks that pinch the road at that point.

The whole town need feel proud of its new permanent bridge.

PROGRESSIVES IN VERMONT

REV. FRANCIS METZAR OF RANDOLPH NOMINATED FOR GOVERNOR.

Burlington, Vt., July 25.—The following State ticket has been nominated by the Progressive Convention: Governor—Rev. Francis Metzgar, of Randolph.

Lieutenant Governor—F. H. McGinnis, Essex.

Secretary of State—Dr. J.W. Blake, Barton.

Treasurer—H. S. Howard, Burlington.

Auditor—E. W. Gibson, Brattleboro.

Attorney General—Richard R. Hoar, Barre.

The platform favored equal suffrage, direct election of United States senators, establishment of a parcels post, Government ownership of express and telegraph companies, publicity of campaign expenses, and free passage of ships through the Panama canal. The platform also denounces the alleged fraudulent methods used in renominating President Taft at the Chicago convention.

WILL NOT ABSORB RURAL LINES

MANAGING DIRECTOR SAYS BELL CO. HAS NO SUCH INTENTION.

Montreal, July 25.—Mr. L. B. McFarlane, managing director of the Bell Telephone Company, stated that his company had no intention of absorbing the rural telephone lines operating throughout Ontario and Quebec. A statement to the effect that the Bell Company was about to absorb all the rural lines has been current for the past few days, but Mr. McFarlane's denial of its truth will likely set the rumors at rest.

THE PROHIBITION FIGHT IN MAINE.

Lecturer Tells What Was Done By Temperance Party.

INFLUX OF FOREIGNERS FROM WINE DRINKING COUNTRIES A MENACE TO THE COUNTRY.

Knowlton, July 25.—(Special)—"The influx of foreigners from beer and wine-drinking countries into the United States and Canada threatens to replace our civilization with an inferior one, one on a lower moral plane, and it may easily be that the prohibition states and communities of North America will become submerged by an overwhelming tide of drunkenness."

Thus spoke Mrs. Livingstone, dealing with "The Recent Prohibition Fight in Maine," at the Temperance Conference being held here. The speaker showed how the liquor dealers had vainly tried several times to repeal the prohibition amendment to the constitution which Neal Dow had placed there, and then said: "When the Democrats captured the State Government two years ago, the saloon men realized that their chance had come, and they determined to repeal prohibition at any cost. They poured millions of dollars into Maine, they besieged every elector with arguments against prohibition and resorted to every shady political trick they could devise, but failed. The foreign vote, purchasable and corrupt, went their way, but the work of the women's organizations, the State Grange, the Sunday schools, the churches, and especially, the appeal of the children, saved the state."

"Had women possessed votes," declared Mrs. Livingstone, "the issue would never have been in doubt for one moment. Prohibition is in the constitution of Maine to stay, for if the liquor traffic could not win in the recent contest with everything in its favor, it never can do so."

A session was devoted to the consideration of Temperance work in the Sunday school, stimulating addresses being given by Mrs. Livingstone and Rev. J. G. Fulcher, the new secretary of the Provincial Sunday School Union.

NO FOUNDATION FOR RUMOR.

S. S. Mutual Will Not Take Over Richmond, Drummond and Yamaska.

RUMOR OF AMALGAMATION ORIGINATED AT RICHMOND, FOLLOWING MEETING OF LATTER COMPANY.

A despatch from Richmond states that a rumor was afloat there to the effect that the business of the Richmond, Drummond and Yamaska Insurance Company will shortly be acquired by the Stanstead and Sherbrooke Mutual, of Sherbrooke.

Senator William Mitchell, of Drummondville, and Mr. Savoie, ex-M. P., were in Richmond this week in connection with the business of the first mentioned company.

When seen by the Record this morning Mr. George Armitage, general manager of the S. and S. Mutual, stated that there was nothing to the rumor. The matter had been discussed by both companies during the past, but nothing has been done.

CATERPILLARS ARE DESTROYING TREES.

Spruce and Balsam Chief Object Of Attack From These Pests.

LARGE SECTION OF WOODS IN LAKE MEGANTIC DISTRICT KILLED.

Lake Megantic, July 25.—(Special)—Chas. D. Woods, director of the Maine Agricultural Experimental Station says that the spruce bud moth caterpillar is doing an immense lot of damage through different parts of the State to the spruce and balsam especially, and also to the hemlock and tamarack. This pest appeared about three years ago and is now widely distributed over Maine, also in Canada. About 100 years ago these trees were badly injured and in many cases killed by the depredations of this pest. It has also occurred in other periods since then, the attack lasting generally four or five years. The caterpillar that is responsible for this destruction is about 1/2 of an inch in length. Its head is blackish and the body ranges from a pale brown to a rich brown dispersed with green, each joint with several conspicuous whitish warts, each with a dark centre from which a single hair arises. The worm attacks the new growth of the above named trees and devours all of the soft green succulent matter during June and July, thus stopping all growth, and often if not killing the trees outright, so weakening them that they fall an easy prey to the bark beetles.

This accounts for the peculiar appearance of the spruces and balsams in the Lake Megantic District looking as if the fire had passed over them, and not to the effect of the June frost as reported in a former issue of the Record.

THIS IS A REAL GOLD BRICK.

Comes From California Mine In Which E. T. People Are Interested.

GLOBE CONSOLIDATED MINING CO. HAS EXHIBIT OF ITS PRODUCTION. — SOME-THING OF THE COMPANY'S OPERATIONS.

There is a present on exhibition at the office of the Bank of Montreal in this city a genuine gold brick weighing 308.75 ounces and valued at \$5,018.73. This gold brick was received here from California recently, and was the result of thirty days' run of a small ten stamp mill operated by the Globe Consolidated Mining Co., in Trinity County, California, and the average value of the ore milled was \$20.31 per ton. The Globe is a producing mine which a number of Sherbrooke citizens and residents of other parts of the Eastern Townships are interested.

The officers of the incorporated company are President R. K. Clancy, Dedrick, Cal.; Vice-Pres., J.B. Goodhue, Rock Island, Que.; Sec. and Treas., T. M. Craig of Sherbrooke. These gentlemen control the proposition, and hold a majority of the stock.

By careful examination, tests and measurements have been made, upwards of one million dollars' worth of rich ore has been developed and is ready for treatment in the new 100 ton stamp mill and cyanide plant which is now being erected on the property, and the mine is one of wonderful possibilities.

The property consists of over 1200 acres of mining lands, on which there is an abundance of timber for all purposes, and there are large water power rights partly developed, much more than sufficient for all operating requirements which belong to the property.

It is expected that the new plant will be in operation early the coming year, and it is the intention of the management to double the capacity of this plant in the near future with every prospect of the "Globe" Mine becoming one of the largest producers in the State of California, a state famous for gold mines that have produced and are producing millions yearly.

Messrs. Craig and Goodhue visited the mine in June of this year and at that time, a large new body of ore averaging in value over \$40.00 per ton had been opened up for some hundreds of feet. Latest news from the mine states that this ore body has increased in richness as the work has progressed and that the breast of No. 2 Tunnel now being driven through to the west side of Globe Mountain shows an average value in a 3 1/2 foot vein \$325.00 per ton. This tunnel is now about 1500 feet in length in good ore, all the distance, and getting richer as the work progresses, and with about 180 feet still to drive to reach the surface on the west side of the Mountain, and at an elevation of 6,274 feet above sea level. The new mill is being placed about 3000 feet below this tunnel and it is the plan of the management to develop and work the mine from the west side of the mountain (instead of the east as formerly operated on a small scale) where there is no snow, and where conditions will permit of steady operation the year around. Values have been proven to a depth of some 1600 ft. below the present deepest workings of the Globe Mine, and have been found highly satisfactory.

It is claimed by the management that with the starting up of the new plant a production of from \$40,000 to \$50,000 per month is assured and that with the contemplated increase in capacity of this plant in the near future to 300 tons or more daily, the Globe Mine will become one of the largest gold producers in the State.

The small amount of stock disposed of to finance the proposition is practically all held in the Townships, and has been taken up by friends of the promoters, who regard the proposition as an excellent one.

Windsor Mills, July 25.—(Special)—The by-law to authorize the Municipal Council to borrow \$20,000 for the purpose of laying concrete sidewalks was submitted to the ratepayers yesterday.

The result of the vote was a majority in favor of the by-law, there being 77 ratepayers for and 13 against.

The money will be spent on laying concrete sidewalks throughout the town, there being about four miles of streets in all.

BOLT CURED RHEUMATISM.

Binghamton, N.Y., July 25.—A despatch received from Harpursville announced that in a thunderstorm lightning struck near Mrs. Polly Harper, knocking her unconscious. She remained in that state for some time. On recovering she found her chronic rheumatism had vanished. When the lightning struck an electric current passed through her body. On returning to her house she felt weak, but declared that she could feel no rheumatic pain.

MR. CLARY FOUND BY SEARCH PARTY.

Had Lived on Blueberries, Being Without Food.

LOST HIS VOICE AND COULD NOT MAKE SEARCHERS HEAR HIM.

A despatch from Sudbury, Ont., says that Mr. J. H. Clary, Crown attorney of the Sudbury district, who had been missing for some days, had been found. Mr. Clary was a former principal of Cookshire Academy and was well known in that district before going to Ontario. The despatch says: "Mr. J. H. Clary, Crown attorney, was found Tuesday night about seven o'clock sitting on a log about three miles from his farm house very exhausted after three days and four nights' exposure. A small party was returning from their day's search and found him by the merest chance. Seventy-five men had been beating the same territory all day and Mr. Clary says that he heard voices on all sides of him. He had, however, almost completely lost his own voice, and was unable to speak above a whisper. He had existed on blueberries, being entirely without other food, and has held up wonderfully. He said he had just about located his whereabouts when found, and thought he would have been able to make home unassisted. He was completely lost, nevertheless, which is not singular on account of the nature of the country."

The calling of an extra session of Parliament, even if the Government was in the position of having definitely decided on its policy, would cost the country a large sum of money, while the practical benefit to Canada and the Empire would be no greater than if the Government waited till the opening of the regular session of Parliament in November.

At least thirty days' notice is always given by the Government of its intention to call Parliament. Premier Borden will not be able until some time in September to get together a full cabinet to consider the naval situation as it has been laid before him in London by the Lords of the Admiralty.

NO EXTRA SESSION IS EXPECTED.

Nothing Would be Gained By Calling Dominion Government.

PREMIER CANNOT GET MEMBERS OF CABINET TOGETHER BEFORE SEPTEMBER.

Ottawa, July 25.—There is little disposition here to take seriously the report that an extra session of Parliament will be called for October to vote a large emergency contribution to the British Navy. That the German menace is of such grave import as to warrant hurry-up action on the part of the Canadian Government is not believed in the best informed circles.
