World News In Brief

Montreal, June 26.—(CP)—In sunshine and with a cool breeze blowing across the harbor, the troop carrier Waterman arrived here today bringing 1,000 Netherlands to new homes in Canada.

Largest immigrant ship to come to the Dominion since before the war, the big liner was greeted by the whistles of other ships chocking the harbor. At the shed to greet the immigrants, most of them bound for farms in Ontario and Western Canada, were Dr. J. D. van Royen, Netherlands Ambassador to Canada, and other Dutch officials.

About 100 brides of Canadian servicemen were in the group.

Shelby, O., June 26.—(P)—A derailment of the New York Central railroad's St. Louis special took place, and possibly seven, lives last night at nearby Shiloh when two locomotives pulling the six-car passenger train from Cleveland to St. Louis leaped the track and plunged into an embankment.

The engineers and firemen of both locomotives and two members of a railroad work camp were killed.

Pendleton, Ore., June 26.—(P)—Army and civil aeronautics administration spokesmen expressed skepticism today over a report of nine mysterious objects—big as airplanes—whizzing over western Washington at 1,200 miles an hour.

An army spokesman in Washington, D.C., commented: "As far as we know, nothing flies that fast except a V-2 rocket, which travels at about 3,500 miles an hour—and that's too fast to be seen."

A C.A.A. inspector in Portland, Ore., added: "I rather doubt that anything would be traveling that fast."

Pilot Kenneth Arnold described the objects he reported as "flat like a pie-pan," and so shiny that they reflected the sun like a mirror.

Rome, June 26.—(P)—Italy's Constituent Assembly today re-elected Enrico De Nicola as provisional president of the Italian Republic less than 24 hours after he resigned, saying that he was in poor health.

He received 405 of the 431 votes cast, far more than the three-fifths necessary to elect.

There was no immediate indication as to whether he would accept.

Lake Success, N.Y., June 26.—(P)—The United Nations Military Staff Committee prepared today to tackle the most difficult problem in its year of deliberations—producing by Monday an estimate of the initial size of the global police force needed to preserve world peace.

The Big Five generals and admirals were handed this task last night by the Security Council, which asked that it give at least a tentative figure by Monday, if possible.

In view of Russia's reluctance in the past to produce specific figures on any phase of the committee's planning, it appeared extremely doubtful that the military group would arrive at unanimous agreement.

35,000 Acres Of Timberland Destroyed By Forest Fires

Toronto, June 26.—(C)—An outbreak of forest fires on the northern Ontario-Quebec border, 100 miles north of Cochrane, was apparently the only serious conflagration left today after dull weather helped quell the fires in northern Ontario.

Unofficial estimates were that 35,000 acres of timberland had been burned in the Kapuskasing-Hearst area roughly 200 miles north of Sault Ste. Marie in the last few days but these fires were also believed quelled. The remaining blaze has covered 60 square miles of jackpine and spruce in an uninhabited, virtually inaccessible area on the Quebec boundary.

An heroic tale came out of Cochrane last night in connection with desperate efforts to take fire-fighters into the wild territory where the new fire is raging. Tommy Cook, ex-R.C.A.F. pilot yesterday was forced to land three Cochrane men—Malcolm Young,

Steel Mills And Railways Begin To Feel Effects Of 4-Day-Old Coal Stoppage

Split On How To Cope With Mining Boss

Lewis Described as "Rebellious and Muttinous Citizen" by Fred Hartley, Co-Sponsor of New Labor Act.

By HAROLD W. WARD
Washington, June 26.—(P)—Two top framers of the Taft-Hartley labor law split sharply today over how to cope with John L. Lewis and the growing soft coal stoppage in the United States.

Representative Fred Hartley (Rep.-N.J.), co-sponsor of the new act, lashed out at Lewis as a "rebellious and mutinous citizen."

He called for adding a whole new section to the law to deal with the president of the United Mine workers (A.F.L.) and the "challenge" of other union leaders.

On the other hand, Representative Gerald W. Landis (Rep.-Ind.), second-in-command on the House of Representatives Labor Committee and a former miner, said he thinks the soft coal operators ought to "give in" to some of Lewis' contract demands in order to remove the threat of a full-fledged strike July 8.

That is the day the miners are due back at work after their 10-day vacation. The vacation starts Friday at midnight, but more than 200,000 have left work ahead of time. The vacation, plus a \$100 cash payment, is called for under the government's contract with Lewis and his United Mine Workers.

However, the government's authority to operate the seized mines runs out next Monday, and with it the contract under which the pits have been operating since May, 1946.

Lewis' 400,000 soft coal diggers don't work without a contract.

Negotiators for the industry in the north and west, representing 75 per cent of the bituminous output, appeared to be trying to revive the contract talks which were broken off about the time Congress sent the Taft-Hartley bill to President Truman, who vetoed it last Friday.

The north-west group conferred with Vice-President John O'Leary of the U.M.W., but, according to some industry reports, complained they were getting nowhere.

These industry officials said Lewis is holding out for a 35-cent hourly wage increase, a 10-cent a ton royalty to replace the current five-cent ante to his union welfare and retirement fund plus his other original demands.

Landis, however, told a reporter today he is convinced the contract deadlock could be broken if the operators would agree to:

"A five-cent-a-ton royalty for the welfare fund.

"A seven-hour day plus an hour's portal-to-portal (travel) time, instead of the present eight-hour day and an hour's portal time.

"The safety code the miners now have in their contract with the Government."

"Of course," Landis added, "they would have to pay a decent wage, too, but the wage issue isn't much of a barrier.

"It looks to me as if the operators should give in. If we ever should have to go back to Government seizure of mines in a big coal strike, it would be a disaster."

Start to Lay Off Workers Today as Wildcat Walkouts by U.S. Miners Gain Rather Than Lose Momentum—Some 222,000 Miners Idle, Majority in Protest Against Hartley-Taft Labor Law.

Pittsburgh, June 26.—(AP)—Steel mills and railroads, feeling the effects of the four-day-old coal stoppage, began to lay off workers today as wildcat walkouts by United States miners appeared to gain rather than lose momentum.

Some of the 222,000 idle miners said they were jumping the gun on the 10-day mine vacation which starts at midnight Friday. But the majority were walking out in bitter protest against the Hartley-Taft labor law.

Railroads in Birmingham, Ala., began laying off trainmen on coal runs yesterday and a road official estimated several hundred workers would be affected within a week.

Alabama, where the walkouts first started on Monday, reported all of its 20,000 miners idle.

Youngstown Sheet and Tube Co., which banked six blast furnaces and nine open hearths, estimated 4,000 men would be idle by next Monday at its Youngstown plant and several hundreds at Chicago.

Carnegie-Illinois Steel Corp. took off the equivalent of one and a half blast furnaces June 9 to save coke preparatory to the mine vacation, and banked three more furnaces yesterday. The company said no estimate of the idle could be made as yet.

The Federal Coal Mines Administration placed the tonnage loss yesterday at 1,159,119 tons, about half the daily normal output of 2,300,000 tons.

In Utah, Geneva Steel Co. was cutting production to conserve coal although the company reported it had the largest stockpile in its history. Half of the state's 4,000 miners were idle.

Pennsylvania led the list of 12 coal producing states in the number idle with 64,200. West Virginia had nearly 49,000 out despite a work return by about 5,000 miners in the Morgantown area.

Kentucky counted 35,000 out; Illinois, 18,000; Virginia, 11,000; Tennessee, 5,000; Ohio, 10,933; Indiana, 6,721; Utah, 2,000 and Colorado, 184.

Most of the idle were United Mine Workers (A.F.L.) in the soft coal fields but they included 3,290 A.F.L.-Anthracite miners in Eastern Pennsylvania and 1,700 members of the Progressive Mine Workers Union (Ind.) in Illinois.

The U.M.W., apparently, was making only scattered efforts to get the men back.

Michael Honus, secretary of U. M. W. District No. 4 (Uniontown, Pa.), said: "It's pretty hard trying to get to talk to the men." He added, "we have to look this thing over before we can do anything."

However, Frank Hughes, of Greensburg, head of U.M.W. district No. 3, said he had instructed several thousand striking miners in his area to observe their contract with the government. The navy coal mines administration said it had received reports of a back-to-work order in the Northern West Virginia fields.

Increase In Sugar Ration Is Promised

Ottawa, June 26.—(C)—Canadians today had the word of Finance Minister Abbott that they soon would get another increase in their sugar ration—both for the household table and industrial use—but he warned they could expect this last major item in the food field to stay on the control list at least until next year.

Ending recent speculation about an increased sugar ration and how much it would be, Mr. Abbott gave a 1,000-word statement on the sugar situation to the Commons yesterday and announced:

1. Three or four additional pounds will be made available to consumers through two additional coupons to be declared valid in August or one or two more to be made valid in November. This will boost the individual ration to about 45 pounds for the year.

2. Increase in the industrial ration by 10 points in each industrial category, bringing the basic industrial quota to 90 per cent of 1941 usage. This increase will go forward as a supplementary quota during the latter half of July.

The individual and industrial increases will mean a boost of about seven or eight pounds per capita in the over-all ration, that is sugar consumed by Canadians in natural form or in candies, cakes and other confectionaries.

The Minister noted that a three-pound increase was granted consumers April 1 and that a similar boost was given June 2 through rationing of jams, jellies, marmalade and honey and said the Government's conclusion in the light

Out In Protest

Steve Audler, miner at the Castle Shannon mine, Cloverdale, Pa., and 222,000 others among the nation's 400,000 soft coal miners have stopped work in protest against the new labor act. Here Audler discards a copy of the bill's passage by the Senate over the President's veto. The strike is having repercussions among railroad companies and steel mills.

Murder Said Suspected In Lake Mystery

Police Investigating Death of Popular Toronto Nurse Found Strangled on Shore of Silver Queen Lake.

Cochrane, Ont., June 26.—(C)—Amid conflicting rumors, murder seemed to be suspected today in the case of Valair Vandebelt, 22-year-old Toronto nurse found dead with a red plastic belt knotted around her throat on the swampy shore of Silver Queen Lake, 20 miles north of here, Monday afternoon.

William Vandebelt, father of the attractive girl, who arrived here yesterday to claim the body, said that the "kid was murdered" and made a vow "to find out why."

Mr. Vandebelt said from the training she had and the (Roman Catholic) religion she followed, "I am sure she didn't commit suicide."

Results of an autopsy last night by pathologist Dr. R. P. Smith of Timmins have not been released but were submitted to Inspector W. J. Frank of the Provincial Police. Insp. A. MacDougall of the local detachment said yesterday that as yet no charges were contemplated against anyone. No decision has yet been made regarding an inquest.

Question puzzling investigating officers is why the popular young nurse, who was week-ending with 5 friends at a cottage near isolated Silver Queen Lake, left the cottage hurriedly and ran through the bush.

Valair's body was found by two Boy Scouts, lying against a tree—her skull fractured, face and legs scratched and a red belt knotted tightly about her neck. She had been the object of a 10-hour search.

The girl's companions, two

Strike Call Stresses Arab Boycott Of Inquiry By U.N.

Jerusalem, June 26.—(P)—Officials of two Arab cities which the United Nations Palestine Committee will visit Saturday issued a call today for general strikes on that day, but their decision—to emphasize an Arab boycott of the committee's probe—was not unanimous.

The strike was called in Tulkarm and Nablus. However, Nablus mayor, Suleiman Bey Toukan, told reporters: "I will not be dictated to. I shall greet the delegates and welcome them in the traditional hospitality of our city."

The mayor is titular head of the so-called "defence" party first organized by Raghib Bey Nafsa Shibli, arch-foe of Jamal Effendi Husseini, deputy chairman of the Palestine Arab higher executive.

U.S.-Canada Friendship Is Strengthened At Ceremony

Coaticook, June 26.—The friendly relation existing between Canada and the United States were further strengthened at Stanhope yesterday when an impressive ceremony, attended by officials from the State of Vermont and the Province of Quebec, was held at the goodwill monument erected nine years ago.

Ernest W. Gibson, governor of Vermont, addressing the large gathering assembled at the monument in spite of the inclement weather, said that the example set by Canada and the United States should be copied by other countries, for it represented the ideal which could only lead to peace in the world.

Among others who stressed the bonnie entente existing between the two countries were Charles Audet, mayor of Coaticook, who remarked that the Canadian-U.S. boundary line was perhaps the only undefended frontier in the world; John T. Hackett, K.C., M.P., for Stanstead, J. Bonne Wilson, governor of the Kiwanis district, from Burlington, Vt., who said that the monument had been erected in 1933 at the time when other countries were preparing for war instead of the peace which it exemplified, Winston L. Prouty, speaker of the Vermont State House, who stated that during the years of warfare the monument had stood as a symbol for peace and harmony which the world is still striving to achieve in permanent form.

One of the chief organizers of yesterday's ceremony was J. D. Bachand, former Coaticook resident, and industrial commissioner for the State of Vermont. Mr. Bachand remarked that the monument, erected on the very frontier of the two countries, carried in

10 Shipyards Strike-Bound, 40,000 Idle

Shutdown Expected to Spread to Include All Yards, Except U.S. Navy, on East and Gulf Coasts.

New York, June 26.—(P)—A strike of more than 40,000 repair and construction workers in 10 shipyards, nine of them owned by the Bethlehem Steel Company, was called today by the Industrial Union of Marine and Shipbuilding Workers (C.I.O.).

The strike, stopping work on more than 60 vessels, resulted from a deadlocked in negotiations for renewal of contracts that ended at midnight Wednesday night. The strike against Bethlehem yards began at one minute after midnight and the one against the 10th yard, the Atlantic Basin Iron Works in Brooklyn, was set for 6 a.m. (E.D.T.).

While union officials scheduled further conferences today with the Todd Shipyards Corporation and the Federal Shipbuilding and Dry Dock Corporation, they have predicted the strike will spread early next week to include all yards, except United States Navy, on the east and gulf coasts. The yards employ more than 100,000 men.

John Green, union president, announced failure of negotiations late yesterday after a two-hour conference with J. M. Larkin, Bethlehem vice-president in charge of industrial relations, and W. H. Collins, vice-president in charge of shipbuilding.

Green said the company had made no counter-offer on any of the union's demands, which included a 13-cent hourly wage increase and other contract benefits.

Larkin said the present basic rate of \$13.38 for mechanics, boosted to an average of \$15.37 by "overtime, incentive pay and other factors," was to blame for a current decline in American shipbuilding. He said that Bethlehem's employment had dropped from a wartime peak of 182,000 to 12,000 currently, and that the company could make no offer that would increase costs.

"Shipbuilding in this country is near extinction," Larkin said.

"British yards have 1,000 ships building or ordered. There is a world boom in shipbuilding in which American yards are not participating. The plight of the industry is due to high costs and these are due to high wage rates."

Molotov Arrives For Paris Conference On Aid Program

Paris, June 26.—(C)—Foreign Minister V. M. Molotov of Russia arrived here by plane today for conferences with the British and French Foreign Ministers on the American aid-Europe program.

He was accompanied by Alexander E. Bogomolov, Russian Ambassador to France, who had been visiting in Moscow. French Foreign Minister Georges Bidault met him at Le Bourget airport.

Molotov is slated to sit down tomorrow with Foreign Secretary Bevin of Britain and Foreign Minister Bidault of France for a conference on the Marshall proposal that future United States cash help to Europe should be based on a continent-wide economic recovery plan drawn up by Europeans.

British and French sources took it as an encouraging sign that the Soviet Union had agreed to talk about the United States idea.

Two plane loads of Russian secretaries and minor officials arrived yesterday in readiness for tomorrow's conference, which will be held in the Clock Room at the Quai d'Orsay, where the peace treaties with five Axis satellites were signed last February.

Yesterday's expression by Poland and of interest in the Marshall proposal was regarded as significant and encouraging, since Poland's coal constitutes a major factor in any European recovery plan. Almost every European state now has evinced some interest in the American Secretary of State's plan except Spain and Portugal.

Principle Of Pension Bill Is Approved

Clause-by-Clause Study of Measure to Increase Basic Payment to \$30 Monthly to Begin Today.

By GEORGE KITCHEN
Canadian Press Staff Writer
Ottawa, June 26.—(P)—The Commons yesterday approved the principle of the government's old age pension bill and then took up the time-consuming task of passing estimates.

The night sitting was devoted to the passage of appropriations for the departments of Secretary of State and Public Works but no major debate developed as members questioned the ministers responsible on departmental activities.

The pensions bill, vigorously condemned in a comparatively lengthy debate for failure to abolish the means test and provide a more substantial increase, was given second reading without a registered vote. It will increase the basic payment from \$25 to \$30 monthly. Clause-by-clause study of the measure will begin today.

In a fiery wind-up to the debate, Health Minister Martin answered Opposition criticism of the legislation and declared that anyone who voted against it would be voting against the addition of 60,000 persons to the pension rolls.

He contended that only through co-operation of the provinces with the Dominion could social security be given to the people. Much as he wanted to see health insurance initiated, it could not be brought about "with an unbalanced program."

And, as for comparisons with other countries, the legislation put Canada ahead of New Zealand, Australia and Great Britain. Though the means test still was being retained, every country in the world had a means test. "And this bill gives us the most generous test in the world."

Earlier, the House approved an interim supply bill for \$95,000,000 to provide money needed to meet certain seasonal and seasonal expenditures. Part of the sum is contained in estimates now before the House.

Feature of the House opening was the announcement by Finance Minister Abbott that the individual sugar ration would be increased by three or four pounds for the remainder of this year and that a corresponding increase would be granted industrial users. The ration itself, however, will remain until 1948.

Revenue Minister McCain said every effort was being made to expedite payment of 1944 wheat participation certificates and added that it was expected forms would go out to farmers next month, with payments beginning shortly afterwards.

Gordon Graydon (P.C.—Peel) placed before the House a 27-point proposal for improvements in its methods of business and asked members to give it consideration between now and the next session.

In the Senate, debate on second reading of a bill to establish a three-man War-time Commission was featured by a prediction by Senator Norman Paterson (L.—Ontario) that Canada would remain an important factor in the world's carrying trade.

During study of State Department appropriations, State Secretary Gibson reported that a total of 10,323 citizenship certificates had been issued since January 1st and said that no application from Igor Gouzenko, the Soviet cipher clerk who touched off last year's spy inquiry, could be considered until he had established the required five years' residence in Canada.

The Minister also disclosed that he was having investigations made into the possibility of establishing a national library, which he presumed would be located in Ottawa.

Special Program Prepared For Children At Sherbrooke Fair

A cordial invitation is being extended to boys and girls from all sections of the Eastern Townships to take part in special activities at Canada's Great Eastern Exhibition which will be held in this city from August 23 to 29. Monday, August 25, has been set aside as Young People's Day at the Fair and all young people coming to the fair on this day will be admitted free to the grounds and grandstand.

According to the official prize list which has been prepared for the Young People's Department, some 40 contests have been organized for boys and girls under 13 and between 13 and 17 years of age. The articles to be exhibited must be handed in on Saturday, August 23, before 6 p.m., at the Art Building on the Exhibition Grounds. Exhibitors unable to bring their articles must mail them, addressed to the superintendent of the Young People's Department, so as to arrive not later than Saturday, August 23.

Maurice Gignies, M.P., is president of the Young People's committee, which includes Alphonse Gauthier, Ashton Tobin and Mrs. Olivia Pinard, Mrs. W. T. Pearson and Mrs. J. A. Ouellette, the latter three persons being associate directors.

The prize list follows:

TWO ACCIDENTS ATTRIBUTED TO POOR VISION

Two minor accidents, attributed to poor visibility due to rain, occurred early last evening.

A truck driven by Jean Girard, of East Angus, collided with a taxi driven by Roland Berard, 909 McManus street, at the intersection of Council and Bowen Streets. No damage was done to the truck while the car was slightly damaged.

Another truck, owned and driven by Donald Law, of Sawyerville, hit a car on Wellington Street North when the driver of the vehicle, Milicien Gaudreau, of Magog, was attempting to pull out from the curb. Both vehicles suffered slight damage.

LAST TRIBUTE WAS ACCORDED MRS. S. LONGTIN

The funeral service of Mrs. Sidney Longtin, nee Ruby Cillis, who passed away in the St. Patrick's Hospital early Tuesday morning, was held in St. Patrick's Church at 9 a.m. today.

The body was received at the church by Rev. Canon N. Codere, who sang the Requiem Mass, assisted by Rev. Fathers Rosario Moisan and Lawrence Tierney, as deacon and sub-deacon.

Alderman Ovide Desjardis led the funeral cortege and the bearers were P. Blouin, E. Chalout, G. Richard, H. Tilbury, G. St. Germain and J. B. Gendron.

Mrs. Longtin leaves to mourn her loss her husband, Sidney Longtin; her father, William Cillis; one sister, Mrs. Leslie Holden (Muriel), of Sutton; a brother and sister-in-law, Mr. and Mrs. Percy Cillis, of Kettleby, Ont., and several cousins.

Among those who attended the funeral, besides the immediate relatives, were Mr. and Mrs. Leslie Hart, cousins, of Cornwall, Ont.; Mrs. Homer Beers and son, Bryant, Joseph Longtin, and Mrs. David Longtin, of Farnham, Leslie Holden and daughter, Steley, of Sutton; Mrs. George Coombs, Mrs. Tabby J. A. Metivier, J. Largy, Mr. and Mrs. M. Hampson, Mr. and Mrs. Georges Deslongchamps, P. Angers, Mr. Bourguignon, Mr. Robitaille, Mr. and Mrs. F. T. Vaughan, of Sherbrooke; Mr. and Mrs. Mackenzie Converse, of Lennoxville; the entire staff of St. Jean's Co. Ltd., and many others.

Interment took place in St. Michael's Cemetery.

LOCAL MAN IS SENTENCED TO 2-YEAR TERM

Pleading guilty to charges of housebreaking and attempted robbery, Leopold Vallieres, 35, of Sherbrooke, was sentenced to two years in the St. Vincent de Paul Penitentiary by Judge Dorais Paron when he appeared in Magistrate's Court yesterday.

Vallieres, who had previously served a one year jail term for car theft, was arrested at midnight on Monday when he attempted to break into the cleaning and pressing establishment of H. C. Labonte at 74 King Street West.

Ronald Gaudreau, of 65 Olivier Street, who happened to be passing by the Labonte shop around midnight on Monday, heard the sound of breaking glass. Noticing a shadow inside the store, Mr. Gaudreau notified Constable Marcel Sevigny, who was on duty at the corner of King and Wellington streets.

Constable Sevigny immediately proceeded to the place and noticing that the front door window was broken, peered inside the store. "I saw a man lurking in the shadows beside the counter at the back of the store," related the policeman. "I asked him to come out but he made no answer."

The constable then walked inside the store and arrested the man who offered no resistance. Taken to headquarters the man was questioned and put under arrest. The investigation was conducted by Chief of Police Edouard Moreau with the assistance of Detective A. Gosselin and Acting Sergeant Georges Larivee.

TRAIN SERVICE CRITICIZED BY LOCAL SENATOR

Ottawa, June 26.—(C)—Sharp criticism of the service given to the Eastern Townships of Quebec by the Canadian National and Canadian Pacific Railways was voiced in the Senate yesterday by Senator Charles Howard (L-Quebec).

As a bill providing for the financing of the Canadian National Railways was called for third and final reading Senator Howard, a prominent business man in Sherbrooke, rose to tell members "how rotten the railway service in the Eastern Townships" has become.

He complained particularly of the service to and from this city. When Sherbrooke had a population of 20,000 about 20 years ago it had a better service than nowadays when its population was 50,000.

The object of the railways should be to give efficient service and it made little difference whether the C.N.R. made a surplus or a deficit. All it signified was that in case of a surplus the taxpayers who had used the railways had paid more than was required and in the case

EISENHOWER'S BLUNT WARNING

Residents of Eastern Canada have more than a cursory interest in the blunt warning served by General Dwight Eisenhower that in the event of any war between North America and an overseas power, the industrial areas of the St. Lawrence valley and around the Great Lakes would be the first target for an enemy aerial campaign. The general, in his declaration, did not engage in a scare-mongering campaign, but rather based his observations upon a number of obvious facts, all of which make it but logical to assume that this section of the continent will receive the first attention of any prospective invader.

Exponents of total war are almost unanimous in their declarations that one of the first actions of any would-be aggressor is to knock out the industrial potential of his enemy. This is regarded as more important than any individual military victory on the battlefield. Obviously, then, the first enemy attack will be launched at the industrial centres of North America. The vast majority of these are located in the vicinity of the Great Lakes and in the watershed of the St. Lawrence River. Thus, this area must be high on the list for enemy attack.

Again, this waterway provides an important transportation system over which much of the bulk traffic of the continent passes. Containing a number of highly-vulnerable canals, this important artery could be virtually closed by a number of well-placed bombs.

The waterway is also one of the greatest sources of power needed for North American industry and the war potential of the two countries could be materially restricted if these electric generating plants were knocked out of action in the first few hours of the campaign.

The pronouncement of General Eisenhower is no cause for panic on the part of the people residing in the affected areas. Rather it should produce keen self-examination to determine just how these threats can best be met in advance. The people of Eastern Canada cannot adopt a head-in-the-sand policy, hoping that the blow might strike somewhere else and pass them over.

Of prime importance to the people of this area is the preparation of an effective defence policy by the Government. This involves the acquisition of ample material as well as the maintenance of an adequate standing army, navy and air force. These must be backed up by a fully-trained reserve force capable of being mobilized within a few hours and transported without delay to the endangered areas. The refusal of any government to undertake such a program is a clear betrayal of the basic duty to the Canadian people.

THE ROTARY CLUB CHANGES

The installation of George Murphy, Jr., as president of the Sherbrooke Rotary Club effectively demonstrates that the younger business men of Sherbrooke are fully prepared to take their responsibilities in the field of community service. The Rotary Club has become one of the most important factors in the development of welfare work in Sherbrooke and the president of this organization must be prepared to assume substantial burdens little appreciated by the great majority of his fellow citizens. The election of Mr. Murphy also proves that the older men who are taking an active part in community affairs have confidence in their younger confreres and that they are prepared to yield a degree of power to the junior members of the organization.

The out-going president, Walter Sutherland, can look back to a term of office which witnessed one of the most active years in the history of Sherbrooke Rotary, being climaxed by the first District Conference to be held here. In retiring, he takes with him the congratulations and best wishes of his fellow members and the citizens at large.

A change of control was also announced in an important branch of Rotary activities locally, F.O. Cliff Bryant being named to command the 67th Sherbrooke Air Cadet Squadron which is sponsored by the Rotary Club. He succeeds F.L. J.A. Archambault, who for

the past three years has proved an inspiration to the boys under his command and has provided a splendid example of the Rotary motto of "Service Before Self." F.L. Archambault took over the arduous duties of commanding this squadron at an age when most men have given up any idea of rendering uniformed service to the community and the splendid record of the 67th Squadron is in itself a tribute to his fine work.

HOLIDAY SAFETY

The close of the school term, leaving hundreds of thousands of Quebec children free to enjoy the long summer holidays, also brings its responsibilities to parents who are called upon to do their part in the drive to reduce the dangers of a heavy death toll on the highways at this time. Various government and safety bodies have issued pamphlets on the dangers inherent during the vacation season, but unfortunately the great majority of children have a tendency to ignore their contents. Thus, it is left up to the parents to impress upon their own children the basic rules of safety.

At this time, the parents could do much to cut down the accident toll, which often converts the ordinarily happy summer season into one of tragedy, through teaching the following simple lessons:

By emphasizing the fact that motor traffic reaches its peak in the summer and early fall.

By advising children of the safest places to play in their neighborhood and discussing these places and their advantages.

By discussing safe, traffic-free routes when children plan jaunts and picnics.

By instructing older children to look out for younger ones, guiding them on the streets and highways.

By warning young bicyclists of the dangers of "hitching on" to trucks and automobiles.

By informing the children of the proper way to move in traffic on the highways.

If these basic thoughts are impressed upon the children by the parents, it may be hoped that the sorrowful headlines which too often feature Monday's newspapers may become fewer and fewer. Most accidents result from carelessness or thoughtlessness, which could be avoided by the display of a reasonable amount of commonsense.

Washington Column

BY PETER EDSON

YES, WE HAVE NO PLAN

"What Can We Do for Europe?" is now the number one question in circles where international affairs are discussed, and it has everyone talking in circles.

Intimations that the U.S. has a five or a ten-year plan all worked out—that it will be strictly a loan program with every expectation that repayment and interest will be demanded in full—all such gossip is purely in the realm of speculation. There is no American plan for Europe, period. There will be no American plan till the European leaders get together and decide what they need.

Secretary of State George C. Marshall has said this. Undersecretary Will Clayton, in charge of economic affairs, has repeated and emphasized the words of his boss. Still the idea dies hard. It would be so much nicer if somebody had a plan.

Part of this general belief that the U.S. has a plan all worked out comes from the fact that Secretary Marshall now has a long range policy planning staff, meeting in a conference room adjoining his palatial office in the new State Department building.

Head of this policy group is George F. Kennan, a career Foreign Service officer with 21 years' experience, including three assignments in Moscow.

Working with him are Joseph E. Johnson, American expert on UN Security Council policy; Ware Adams, formerly an adviser to General Eisenhower in Germany and General Clark in Austria; John P. Davies, formerly with the Chungking and Moscow embassies; and Jacques Reinstein, an economist with Treasury and State Department background. Carlton Savage, who was special assistant to Cordell Hull, acts as executive secretary of the group. It is a confidential staff with no administrative duties—its only job is to think.

NOT A STATE DEPARTMENT FUNCTION

Secretary Marshall's idea that the problems of Europe must be treated as a whole rather than piecemeal, and that European countries must work out their own plan for salvation, may have come from this planning staff. The idea got its big build-up from Marshall's speech at Harvard commencement. It is not, however, a new idea.

It was first presented by the U.S. delegation to the UN General Assembly last March. The suggestion was accepted and an Economic Commission for Europe, now known as ECE, was created. It held its first meeting in Geneva last May. So there is a going UN concern to study Europe's needs. Next meeting of ECE will open in Geneva July 5. Will Clayton will be present as U.S. representative.

The big question before ECE will be what the European countries can do to make themselves independent and get back on their feet, with a minimum of U.S. aid.

Clayton points out that the problem of determining the ability of the U.S. to meet Europe's needs—as outlined by former President Hoover and amplified by Sen. Arthur Vandenberg—is not a State Department function. That would be up to Interior as regards natural resources, Agriculture as regards food, Treasury as regards finances, and so on. No wheels have yet been set in motion to grind out this information.

KEY IS EUROPEAN PRODUCTION

Concerning Europe's approaching great need for dollars with which to buy what it lacks, there may be some misunderstanding. Emphasis has so far been put on the need for the U.S. to buy more foreign goods so as to give Europe more dollars with which to buy goods, fibers, and fuel.

Undersecretary Clayton says that actually the U.S. has imported more from abroad than it did before the war. There is a demand in the U.S. for still more imports. Europe's trouble is that it cannot produce a surplus of anything to export—cannot even produce enough for its own needs.

To get Europe in a position to export more to the U.S. its own level of production must be stepped up. That requires more raw materials than Europe used to import. Buying them is what runs up Europe's shortage of dollars in the vicious circle.

The situation is becoming more urgent all the time. Whether it will wait for the next Congress to settle is a question.

Press Comment

THEY ARE NOT APT PUPILS

The Montreal Gazette Words out of the past often sound very unreal in their remoteness from the realities of the present. What members of Canada's C.C.F. Party used to say about national defence and foreign policy now drifts back from the past with an almost antiquarian quaintness.

It will be recalled how Mr. M. J. Coldwell used to say that "Canada's best defence is defencelessness." Or how Mr. J. S. Woodsworth used to say: "In the event of war, Canada should remain strictly neutral, regardless of who the belligerents may be." Or how Mr. T. C. Douglas used to say: "I speak for my colleagues and myself when I say categorically that we (the C.C.F.) are opposed to increases in the defence estimates." Or when Prof. F. R. Scott used to remark upon how odd it was that those who talked much about the need for national defence never seemed to pause to think how anybody could ever be able to attack us.

But the C.C.F. Party, however forward-looking it may be in some spheres of thought, chooses in this sphere to live in its own past. In the House of Commons there was recently an issue which prompted them to unburden their minds on the old issues. The measure under discussion concerned the admission of U.S. troops into Canada and the right of the U.S. Government to establish military courts in Canada for their discipline. Many members of the C.C.F. Party spoke on the issue. All alike spoke against it.

The real issue of the debate concerned Canada's relation with the United States. The C.C.F. Party was of the intense conviction that any alliance between Canada and the United States would be greatly to our own and the world's disadvantage. In the great test of strength of resources and ideas between Russia and the United States, Canada should remain neutral, placing all its hopes in the United Nations for its security.

Mr. S. H. Knowles, C.C.F. member for Winnipeg North Centre, declared that the admission of U.S. troops would be a capitulation to U.S. policy. The Truman Doctrine and the Stalin Doctrine are alike odious and alike to be shunned. Canada should not become a plague on both their houses.

Mr. H. G. Archibald, C.C.F. member for Skeena, B.C., painted a more terrible picture of the consequences of any alliance with the United States. His contribution to the discussion was in these words:

In the final analysis it will at least solve one question, namely the flag issue. All the Americans will have to do will be to stick more stars on their flag and that will finish it. Either that, or we can create one with a bald-headed eagle carrying a wet muskrat in its claws and that would be our national flag.

When it was pointed out in the House that even as the debate was in progress the Soviet Union had swallowed Hungary in its unending expansion, the C.C.F. only saw that this fact strengthened their argument that Canada should keep out of the claws of the United States. Both Mr. Archibald and Mr. Knowles said that if U.S. troops were admitted to Canadian soil Canada would be, technically at least, an occupied country, like Hungary and the rest, and a mere satellite in the world's opinion.

The old neutrality was spoken of, too, in case of war. Mr. T. J. Benley, of Swift Current, Saskatchewan, said that the strongest moral course we could follow would be to preserve our neutrality and attack whatever nation first crossed our borders. He assured his listeners

that he had often made such statements in C.C.F. gatherings and had never been disputed there.

Benjamin Franklin once said: "Experience keeps a dear school, but fools will learn in no other, and scarce in that."

The last phrase of Benjamin Franklin's wise dictum seems specially to apply to what Canada's C.C.F. Party has been saying about national defence and foreign policy. The war might almost have never opened as far as their thoughts are concerned. As they thought they now think. Experience has kept a dear school for Canadians. But the C.C.F. has not provided apt pupils.

ELDER STATESMAN

Kansas City Star

There has been much discussion in recent months about the comeback of ex-President Hoover. He has not only made important economic surveys abroad, but also he has made statesmanlike reports on the wisest and most effective course for the United States to pursue. His recent letter to Senator Bridges urging a study of the limits that must be imposed on American generosity has been widely commented on. In fact, Mr. Hoover has been coming into his own as one of the nation's soundest elder statesmen.

The serious Bridges letter was preceded by a wise and witty radio broadcast on the philosophy of fishing, and now it is followed by a speech at Princeton which is a wonderful mixture of wisdom and humor. In this he calls attention to the immense achievements of the American system which often are overlooked by critics who centre attention on the flaws in the system. His points are the more effective because they are made with such wit.

It can be set down that when Herbert Hoover appears in a news article what he says is worth reading. In these difficult times the nation is fortunate in having such a counsellor.

MARSHALL PLAN: RUSSIA'S CHOICE

Christian Science Monitor

Russia will talk business. That is the latest news about the Marshall Plan. It is the best news to come out of Moscow since the end of the war. It may mark the point at which post-war roads, from East to West, have turned definitely toward One World.

Of the potentialities one cannot say too much. They are almost endless. They involve the entire peace-making. The Marshall Plan is economic, not political, in emphasis. But its success or failure was bound from the first to have enormous political consequences.

The Russians have shown themselves acutely aware of this. They seem to have sensed that an abrupt dismissal of the Marshall Plan by them might well write finis to Anglo-American efforts to retrieve some common ground for East-West co-operation. They have shown they did not want this to happen.

Not now, at any rate. Not just like that.

Even that is good news if it is read in the light of the purposes of the Marshall Plan. For if these purposes are achieved, the ideological conflicts with which Europe has been torn since the war will no longer offer advantages to imperialism in East-West rivalry which have been diminished, and perhaps, with them, the rivalry itself.

But when news is so good on its face, discretion is the better part of optimism. This news, then, must remind many in the West of earlier cooperative gestures from Moscow. The technique of giving openly with the right hand while the left hand is secretly taking back—the left will not be forgotten in the length of a broadcast from Moscow. It is

best to approach this new and perhaps epoch-making development in international affairs with our expectations firmly in control, forewarned against disillusion but alert to recognize any and all its opportunities.

One of the most striking and heartening aspects of the Kremlin's response is the date named by Russian leaders of a Foreign Ministers Conference to discuss the Marshall Plan. This is June 27. There is here none of that "delay" against which Britain's Foreign Minister Bevin warned.

The Russian response shows how well in the main the Marshall Plan has been conceived and developed. The Marshall Plan confronts Russia with a need for a very serious decision. This is not merely a decision to advance against or retreat before Western ideologies or power. It is a choice between world co-operation and what is essentially sheer isolationism.

It is a choice between keeping a major and recognized role in the reorganization of western Europe or withdrawing from a position of direct influence. If Russia chooses the latter course, Moscow will have to rely on underground activities in a climate growing less and less favorable to them.

This newspaper has welcomed the Marshall Plan both as an extension of the Truman Doctrine and as a shaping of it to broader purposes than it needed to serve in Greece and Turkey. We hope Western statesmen will be able to convince Russia's leaders of this. They have more to gain from co-operation under the Marshall Plan than by a hostile attitude which would leave that plan's development wholly in non-Russian hands.

PEOPLE OVERRULE KING

Minneapolis Star

Norwegians have just come off victorious in a controversy with their beloved King Haakon, who will celebrate his 75th birthday on August 3rd.

They have been collecting a purse for the occasion. Similar gifts in the past have been turned over to various charities by the king. So he began casting around for some worthy cause. But the people said no, this gift was for personal use of Haakon.

He has surrendered and suggested that he could use a modest yacht. He never has had one. But if any money—some of which is being contributed by Norwegian-Americans—is left over, the king wants to pass it on where it will do the most good.

Such mutual good sense and good feeling probably explains why Norway is so well along on reconversion to peace.

McKENNEY ON BRIDGE

By Wm. E. McKenney, America's Card Authority

A DOUBLE SQUEEZE AFTER

THIRD TRICK

Today's hand was sent to me by Sam Gold of Montreal, who said it came up in the women's pair championship of the Province of Quebec. Tournament, Mrs. J. Beggin was declarer (East) and her partner was Miss C. Migneault.

Mrs. Beggin's pass over one heart is surprising to say the least, but she knew there would be more bidding by North and South. When Mrs. Beggin did bid five clubs, North's speed in doubling proved that her analysis of the bidding was good.

South won the first trick with the king of diamonds and shifted to the queen of hearts. Mrs. Beggin did not cover with the king. She played low from dummy and trumped the trick in her own hand. Then she led a small club. North won with the ace, and while she was trying to decide what to return, Mrs. Beggin amazed everyone by spreading her hand and saying, "I have a double squeeze. If you both have three spades, I do not need the squeeze. But South could not protect four spades and the ace of diamonds, and North could not protect four spades and the ace of hearts."

That proved to be the situation.

QUEBEC'S ROLE IS OUTLINED BY IVAN SABOURIN

Ivan Sabourin, leader of the Progressive Conservative Party in the Province of Quebec, last night outlined the part which Quebec has played and which Quebec will be called to play in the Canadian Confederation.

The Province of Quebec, the speaker said, joined the Confederation in its own accord and free will, and upon conditions well agreed upon and well established. "It is the sacred and solemn duty of the Federal authority in Ottawa to respect these conditions," he said.

The Province of Quebec through the Liberal-Socialist regime of Mr. King is not only disregarded but

humiliated and betrayed by these men whom the Province has maintained in power since almost 25 years.

These gentlemen who have lived on political prejudices for the last 25 years at the expense of the Province of Quebec are now surprised to see the people of Quebec stand up by the side of other Canadian provinces in order to resist to both centralizing and destructive usurpation by the evil regime of Mr. King.

The Progressive Conservative Party which is responsible for the Confederation Act has the duty of maintaining the Confederation in the spirit in which it has been conceived and in which it was meant to be kept.

During the last Progressive Conservative annual meeting held in Montreal approximately ten days ago many hundreds of delegates have been pleased to approve resolution adopted by the party and have applauded the declaration of our leader, Mr. Bracken, who said at the Windsor Hotel on

June 18th, that the Province of Quebec may rely upon the government which will be formed by the Progressive Conservative Party in Ottawa after the next general election, that the Province of Quebec may depend upon a maximum of decentralization and a minimum of centralization, that the Province of Quebec may be assured that its rights which have been given and guaranteed by the Confederation Act will be fully respected with the Progressive Conservative Government.

"The welfare of Quebec," the speaker said, "is not to be found in the formation of narrow minded nationalism groups nor is it to be found in other third party groups which would only contribute to obstructing the development of the Province."

At present, all books published in Canada were kept on file in the parliamentary library.

Works Minister Fournier said, during study of consideration of his estimates, that his department was making a survey of Canadian cities and towns to ascertain the need for public building replacement and improvements.

Eleven members completed the opposition attack on the pension bill.

PICNIC PLANNED BY GUELPH

A Quebec picnic will be held on Cecil Locke's farm, R.R. 4, Guelph, Ont., on July 1st, it was announced today. The picnic will start at 10 o'clock in the morning and everyone is asked to bring a basket lunch.

SCOUTS MAKE PRESENTATION TO E. O'BYRNE

At a dinner held in the Magog House the executive of the Sherbrooke District Council of the Boy Scout Association paid tribute to E. O'Byrne, Assistant District Commissioner, who leaves Sherbrooke this week to assume new duties with the Canadian Pacific Railway.

Mr. O'Byrne, who has been a resident of Sherbrooke for the past two years, has been keenly interested in sporting and social endeavours and particularly in boys work, being Assistant District Commissioner of the Boy Scouts Association. Before coming to Sherbrooke he was a member of St. Aloysius Troop in Montreal, and he will be greatly missed in local circles, where his thoroughness and good judgment have made him a popular officer in Scouting. Mr. O'Byrne was also the general chairman of the committees in charge of arrangements for the combined rally of Girl Guides and Boy Scouts on the occasion of Lady Baden Powell's visit to Sherbrooke and when the Chief Scout Lord Rowan came here.

The District Commissioner, C. G. Blake, presided at the dinner and expressed the appreciation and good wishes of the district to Mr. O'Byrne. A Thanks Badge, suitably engraved, was presented to him by J. H. Wark, honorary president of the District Council and vice-president of the Provincial Council. Others, who also voiced appreciation and good wishes to Mr. O'Byrne, were R. E. Blake, president of the District Council, D. B. Racey, District Scoutmaster, and R. Pearson, Cubmaster, representing the District Cubmaster, L. Humphries, who was unable to attend.

Train Service

Continued from Page 3

of a deficit the remainder had to be made up by all tax payers.

The two railways had steadily reduced their service between Sherbrooke and Montreal, Boston and New York. Trains in the mornings left Montreal for Sherbrooke 40 minutes before trains arrived from the West, and the people wanting to change had to loaf around Montreal until late in the afternoon.

Twenty years ago trains made the runs between Sherbrooke to Montreal—96 miles—in two hours and 30 minutes. Now the fastest one takes two hours and 55 minutes.

"How can they expect to get the business when I can make the distance in my car in an hour and 45 minutes?" he asked.

Senator J. J. Kinley (L—Nova Scotia) did not agree with the C.N.R. should not be taken seriously and said in his province few people travel on trains for so short a distance as 96 miles. They went by motor. In his opinion railway transportation for short distances was outmoded.

PASTURAGE

Pasturage varies so much in nutrition value (sometimes even on a single range) that there would be danger in cutting down too much, at this season, the proportion of poultry feeds to your young birds. Give them pasture, yes, but give them in addition plentiful rations of "FEDERAL" GROWING MASH to supplement pasture deficiencies. If your feed merchant doesn't sell "FEDERAL" BALANCED RATIONS write us direct.

scriptions in both French and English, and that it contained a valuable lesson for all people. "It is the symbol of the peace and harmony which should exist throughout the world," he said.

Governor Gibson placed two wreaths on the monument and the guests returned to Coaticook where the city council received at dinner in honor of the delegates from Vermont.

Among others present at the afternoon ceremony were the councillors of Coaticook, Jay N. White, Charles Ackhurst, Ferrier Pelouquin, Hubert Rousseau and Albert Leclerc; the secretary, Ronald Dumont, Notary G. A. Normandin, J. C. Samson, Alfred Marcoux, Roch Dandaneault, Gilles Simard, president of the Junior Chamber of Commerce of Coaticook, and J. H. Pelouquin, all of Coaticook.

Among the American delegates were Col. Paul A. Chase and Col. E. S. Kimball, Clyde Kittredge, of Island Pond, Carol Dezell, former president of the Kiwanis Club, of St. Johnsbury, Vt.; Earl Williams, president of the Kiwanis Club of Hardwick, Vt.; Jimmy Hall, former Kiwanis president, of Hardwick, Ernest W. Gibson, Jr., and W. Grishin, secretaries for military and civil affairs, of the State of Vermont, and M. J. Marshall, of Norton Mills.

Mayor Charles Audet of Coaticook, presided over the banquet, at which Notary G. A. Normandin represented Premier Maurice Duplessis, and extended greetings to the Governor of Vermont and American delegates.

OUT OUR WAY

By J. R. Williams

EAST FARNHAM

Mrs. W. J. McCulloch very pleasantly entertained the Women's Association one evening with a large attendance. Plans were made to hold a lawn social on Mr. Charles Horner's lawn on July 11. Refreshments were served at the close of the business meeting.

Mrs. P. W. Taber, Mrs. Philip Thompson and Mr. Graham Thompson, all of Longueuil, spent the week-end and holiday at her home here.

Mr. Domaraki has sold his place here and will return to Montreal with his wife to reside.

The Protestant School closed on June 20 with a picnic on the school grounds.

Very fine motion pictures were shown in the school room on Wednesday evening by the National Film Board, directed by Mr.

Taylor, and were greatly enjoyed by the large company present. Mrs. Dawson, Sr., was taken to the Sweetburg Hospital for treatment. She is under the care of Dr. Rogers.

Mrs. Thomas Thompson has been confined to the house for several days with a bad attack of lumbago.

Plan Brief History Of British Air War

London, June 26.—(Reuters)—A preliminary history of Britain's war in the air—pending publication of a complete official history

which may not come for several years—will be written by Denis Richards and Hilary St. George Saunders, the air ministry announced.

Saunders has written many of the official "best sellers" of the war, including "Battle of Britain," "Bomber Command," "Combined Operations" and "Coastal Command." He is the House of Commons Librarian.

Richards, a member of the ministry's historical branch, has been in charge of a staff engaged on preliminary narratives of the war's air history.

Preston became a town in 1899

when it had a population well over the 2,000 mark. When incorporated as a village in 1852, Preston's population stood at 1,600 and only increased 200 in the next 32 years.

Then business boomed for little Preston and in the last 46 years the census showed an increase of 4,676. If that rate keeps up, the necessary 12,000 population will be reached in 1992—maybe.

FINAL MEETING OF SEASON IS HELD BY GUILD

Waterville, June 26.—Mrs. H. W. Burton and Mrs. C. E. Traflet were hostesses at the tea hour, when they entertained the members of St. John's Guild at their home in Lennoxville, this being the closing meeting prior to the summer recess.

The president, Mrs. Robert Grey, presided over the business session. The secretary, Mrs. C. Parrish, read the minutes of the previous meeting.

Brief reports were given by the convener of the Sunshine Committee, Mrs. C. E. Burton, and the treasurer, Mrs. Fred W. Ayer.

After the disposing of routine business, Mrs. Grey on behalf of the congregation of St. John's Church presented Mrs. Elwin Brown with a bronze plaque on the eve of Mr. and Mrs. Brown's departure for St. Thomas, Ont., where they will make their home. Mrs. Brown sincerely thanked the donors for the gift.

Rev. Mr. Marston on behalf of the congregation then presented Miss Iva Blake and Miss Elaine Labonte with duplicate console sets, on the occasion of their approaching marriages.

Miss Blake and Miss Labonte graciously expressed their thanks and appreciation for the gifts.

give fried fish the master touch

RECIPE
For a tempting, tangy, rich brown crust, dip fish before frying in milk or beaten egg highly seasoned with Heinz Yellow Mustard. Dust with flour. Cover with fine bread crumbs or cornmeal. Used in cooking or at the table—there's nothing like Heinz genuine stone-ground mustard to add rich zest to plain foods.

"Let's have 'em OFTEN!"

Your first dish of Shreddies leads to many more dishes of Shreddies, because these tasty crunchy morsels are not only swell to eat, but are just the thing to supply energy to active folks. And "often" means more than every breakfast. Shreddies are good at any meal—between meals—or before bedtime. Have *Shreddies often.

MRS. WHITEHEAD ENTERTAINED AT RICHMOND

Richmond, June 26.—Mrs. K. G. Nourse, Mrs. George Chamberlin and Mrs. H. Stone entertained upwards of forty-five guests at the latter's home in honor of Mrs. W. R. Whitehead, who is leaving shortly to join her husband in Fredericton, N.B.

The spacious living-room and

A delightful social hour was enjoyed when the hostesses served delicious refreshments. Mrs. Fred Smith presided at the tea table which was centred with pansies in a low silver bowl. Mrs. F. Pessig, Mrs. C. E. Burton and Mrs. Fred Ayer assisted in serving.

THE BUSY BEE CLUB
The Busy Bee Christmas Club was entertained by Mrs. W. McCormick at her home. All were sorry to lose a member.

Mrs. McCormick presented Mrs. Lundburg with a tea pot on the occasion of her birthday.

Refreshments were served by the hostess.

The July meeting will be entertained by Mrs. Hubert Meigs, at her home.

A BIRTHDAY PARTY
Mrs. Frank Smith entertained at the tea hour on Sunday to observe the third birthday of her little daughter, Gail.

Covers were laid for ten and the attractive centre piece being the very pretty birthday cake with three pink candles, with buttercups and pansies in a low crystal bowl.

Little Miss Gail received very nice gifts and cards, which she opened and thanked the donors.

Before leaving Miss Diane Broker, of Greenfield, Mass., sang "Happy Birthday" for Gail.

General Notes

Mr. O'Neil Fortin and Mr. Armand Bruin spent the week-end in Ottawa and attended the Marian Congress.

Mrs. J. B. McNaughton spent the week-end in Montreal with her brother, Mr. Thomas, and her niece, Miss Jennie Thomas.

Congratulations are offered to Miss Margaret Milmore, who has passed her examinations at Bishop's University, Lennoxville, and received her B. A. Degree.

Mr. and Mrs. Gerald Daine were guests of friends in Dixville.

Mr. and Mrs. Irene Rouillard spent a few days in Ottawa and attend the Marian Congress.

Mr. and Mrs. William McCormick and Miss K. McCormick attended the graduation exercises at the Sherbrooke Hospital, when their daughter, Miss Arlene McCormick, won the Judge McKinnon prize.

Mrs. Vincent Holtham and Miss Laura Holtham were guests of friends in Sherbrooke for a day.

BEDFORD

Dancing every Saturday night at Brookside Pavilion on Knowlton and Covansville highway. Music by Well's Orchestra.

sunporch were attractively decorated with large vases of purple violets and white lilies. The lace-covered table in the dining-room was centred with lilies-of-the-valley and green tapers in silver holders and was presided over by Mrs. Thomas Torrance and Miss M. Harkom.

During the afternoon, Mrs. Chamberlin, on behalf of the guests, expressed regret of the departure of Mrs. Whitehead, who had been an active member of several organizations in town and had always given very helpful co-operation in all the activities, and Miss Norrey Nourse made the presentation of a beautiful leather travelling bag.

Mrs. Whitehead thanked her many friends in her usual charming manner and stated how much she had enjoyed her associations in Richmond.

Delicious refreshments were served by the hostesses, assisted by Mrs. C. E. Manning, Mrs. W. J.

Gillen and Miss Anne Nourse, THE MARJORIE GROUP

Mrs. Roy Andrews presided at the monthly meeting of the "Marjorie" Group of the United Church, which was held at the home of Mrs. R. Bedard.

Owing to the inclement weather there was a very small attendance.

Plans were made to hold a rummage sale on June 28, at 2 p.m., in the Memorial Hall.

Refreshments were served at the close of meeting by Mrs. R. Bedard, Mrs. J. Hawker, Jr., and Mrs. John Barrington.

TEA AT BELLE-VUE

The opening tea of the Belle-Vue Golf Club was held in the Club House. The conveners were Mrs. C. W. Armstrong, Mrs. Roger Nadeau and Mrs. Grant Campbell.

The Ladies' Division served a supper for the members of the Board of Trade, when they held their regular meeting at the Club House.

The conveners were Mrs. Grant

Campbell and Mrs. Lucien Gagnon. Several members assisted in the serving.

General Notes

Miss Margaret Boa has accepted a position in Granby, where she will join the High School staff there.

Mrs. J. H. Lamb, of Bangor, Me., is the guest of her sisters, Mrs. Grant Campbell and Mrs. Edgar Poulin.

Mr. and Mrs. George Bedard and daughter, Doreen, of Sherbrooke, were guests in town.

Mrs. Harry Frazer, of Windsor Mills, attended the regular meeting of the Order of the Eastern Star, I.O.E. The members were pleased to welcome Mrs. Frazer into the Order.

Friends of Mrs. Lance, Sr., of Montreal, formerly of Richmond, will regret to learn that she is a patient in the General Hospital, Montreal.

MODERN
MARRIAGE

DON'T BE TOO AGGRESSIVE!
Dr. Paul Popenoe

Yesterday I offered five suggestions by which you could tell whether you are very aggressive. Here are the other five:

6. You would rather have a business of your own in which you could be your own boss, than to make considerably more money by taking orders from someone else.

7. Your opinions on politics and religion are quite different from those of your parents.

8. If you tackle even an unimportant job, it is a matter of pride.

CHILDREN'S DAY!

**WE DON'T WANT
TO BRAG BUT —**

What better way to observe Children's Day (Saturday, June 28th) than by shopping at Tot's Town, the children's store?

To continue this blowing our own horn, we're the "best of the Bestest" for children; there are, for instance, the popular "Goosey Gander" dresses and wash suits and "Lonwear" dresses—both exclusive to us in the Eastern Townships.

• BATHING SUITS AND SHOES
• TERRY ROBES

Sunsuits, Slacksuits, Overalls, Jerseys, Sweaters, Pyjamas and Bathrobes; in fact, everything for the new baby and his brothers and sisters up to the age of twelve.

Make it a very special Children's Day by making your purchase at Tot's Town, the Children's Store.

This is a treasure design for trousseau or to replenish your own stock. Ten little motifs make lines, gay! Easy needlework.

Simple embroidery and a bit of cutwork! Pattern 7214 has a transfer of ten motifs 5 x 6 to 3 x 10 1/2 ins.

Our improved pattern—visual with easy-to-see charts and photos, and complete directions—makes needlework easy.

Send 25 cents in coin for this pattern (stamps cannot be accepted) to Sherbrooke Daily Record, Household Arts Department, Sherbrooke, Que. Print plainly name, address, pattern number.

with you to stick to it until it is finished—even if a good deal of trouble or inconvenience is involved.

9. You pride yourself on your willingness to assume responsibility—even if you are sometimes inwardly uncertain of your fitness for the particular responsibility.

10. When you are defeated it is hard for you to avoid showing your disappointment.

Aggressiveness of this sort often covers up a wretched feeling of inadequacy. Since its roots usually go back to childhood experiences, the proper treatment is to go back into memory, find the causes of the original frustration, and remove them, or recognize that they no longer justify the sort of protest that you are still making. Such treatment is likely to require help from a disinterested outsider—a counsellor of some sort.

But the importance of "doing something about it" justifies serious effort, for the aggressive personality (more common in men than women, but likely to be a particularly great handicap to a woman) too often develops into a hardness, a bossiness, a tyrannical selfishness, a tendency to unfair attack, which will keep her from enjoying life in hot water continually.

Individuals of such extreme and unwholesome self-assertiveness are likely to be conceited, overbearing, prone to talk loudly and boastfully and criticize others caustically. They play to the grandstand, they demand flattery and flourish on it, they bully the weaklings.

If your answer to most of the 10 statements in my scale for the measurement of aggressiveness is Yes, you should lose no time in overhauling and reorganizing your patterns. You'll be happier if you do. Tomorrow I shall discuss in detail the ways of doing this.

Questions and Answers

Q—The tragedy of our marriage is that we have no children. What are the chances of remedying sterility?

A—Dr. Samuel Meaker, one of the foremost American authorities in this field, declares that only about 30 per cent of sterile marriages are absolutely hopeless, unless treatment is delayed too long. The causes are many, and the husband quite as likely to be responsible as is the wife. Consult a specialist.

Q—I am so tied down with the care of my children that I never get rested. I don't see how other women can stand it without an occasional let-up.

A—They can't. You must get away from home occasionally at almost any cost. Even among professional home economists, trained for the job, Dr. Ruth Lindquist of the University of North Carolina found the same complaint of fatigue. She says, "The refreshment and relaxation which 'time out' affords enables these women to secure, or maintain, their poise and to evaluate affairs of the household much more wisely than they are able to do when they are constantly on the job acting as philosopher, judge, and peacemaker."

A silver jubilee was celebrated in Sherbrooke yesterday, by Rev. Sister Mary Immaculata, of the Sisters of Mercy, South Carolina, a former Sherbrooke resident, Gladys Williams Codere, Rev. Canon N. Codere officiated at a special mass in St. Patrick's Church, in honor of the Reverend Sister, after which relatives and friends entertained at luncheon at "Rockcliffe." The arrangements for the occasion were under the capable supervision of Mrs. Doris Allard.

Seated at the head table, which was covered with a lace cloth and arranged with snapdragons in a silver bowl, were the guest of honor, Sister Mary Immaculata, Sister Mary Carmel, who accompanied her from South Carolina; her own sister, Sister Joseph Clement, of the order of St. Anne, Lachine, Que.; Mrs. Katherine Perrault, another sister; Rev. Canon N. Codere, Mr. and Mrs. Arthur Simoneau, of Montreal, Mr. and Mrs. Clement Williams, brother and sister-in-law; Mrs. Corinne Codere, Rev. Father A. Larocque, of Montreal, and Mrs.

Jacob Nicol. The guests were placed at individual tables in the living room and library, each table being centred with small vases of snapdragons.

After luncheon the guest of honor was presented with a basket of twenty-five beautiful roses, by her niece and nephew, Nicole Williams and Michel Allard. Little Pierrette and Pierre Larocque, another niece and nephew, presented her with a purse of money, also a scroll containing the names of relatives and friends present. Rev. Sister expressed her thanks in a few gracious words, in both French and English, after which Canon Codere spoke briefly, on behalf of all those assembled, congratulating the Sister Mary on her twenty-five years in the Order and stating that the ties which bind her to Sherbrooke and her relatives and friends here, are still as strong as ever and will continue to be so.

An impromptu musical program then followed. Mrs. L. E. Codere presiding at the piano and playing her composition "Silver Wedding Bells," which was sung by Miss Margaret Doherty. Mrs. H. Perrault and Mrs. P. Beaudry, accompanied by Mrs. C. Heinerth, rendered a vocal duet. By popular request, Mrs. Codere was asked to play her arrangement of "The Bells of St. Anne" after which Mrs. O. Leveque, Miss Corinne Codere and Mrs. Carl Codere sang "Action de Grace" words of which were composed by Rev. Sister Adolphe of the Congregation of Notre-Dame (Gertrude Codere) and the music by Mrs. L. E. Codere.

Many relatives and old friends of the guest of honor were present to greet her, among them Rev. Canon N. Codere, Mrs. Jacob Nicol, Mr. and Mrs. Louis Codere, Mr. and Mrs. Clement Williams, Mrs. A. Perrault, Mr. and Mrs. D. Allard, Mr. and Mrs. L. Leveque, the Misses Corinne, Eugenie and Augustine Codere, Mr. and Mrs. A. Simoneau, Rev. Father R. MAGOG SCHOOL ASSOCIATION HELD MEETING

Magog, June 26. — The first meeting of the Magog and District Home and School Association following its organization in May, was held in the auditorium of the Magog High School, at 7.30 p. m., with Mrs. N. Peters, vice-president presiding.

The general aims of the Association were presented and included as its objective, the welfare of the child. Its membership is to include all adults interested in children. The meetings are to be held monthly at the school. It is organized for the constructive co-operation of parents and teachers in the function of the School Board and the Staff only.

The support of the school is a public responsibility. Essential needs are met by the system of taxation, material and should supplement this, not replace it. It may include: (a) Demonstration of new educational activities, which the Board approves but cannot afford. (b) Improvement of cultural and recreational aids and equipment for happiness and comfort of the school. (c) Emergencies which sometimes arise calling for assistance from the community. Funds raised should be through methods in keeping with the educational nature and high aims of the organization. The work is shared by mutual arrangement, the burden of the work is

accepted by the parents, with the assistance and advice of the teachers, whose position and training qualify them to render such service. Entertainment: Money making should remain of minor importance, while programs and activities are planned to further the real purpose, the welfare of all children.

Grievances are to be adjusted privately. Misunderstandings among parents and teachers are not to be discussed publicly. (Some Associations have a Personal Relations Committee to deal with such emergencies.)

At this meeting Mrs. C. Graves was appointed to act in conjunction with Mrs. W. E. Jackson as conveners of the program committee.

Rev. P. Matthews was appointed the parliamentarian.

Mr. C. M. Styan, chairman of the School Board presented Mrs. B. Osborne with a gift on behalf of the School Board in recognition of the twenty-three years of faithful service in the Primary Department. Mrs. Osborne responded with a few appropriate words of appreciation for this gift.

Mr. A. E. Smith gave a resume of the minutes from the records of the Board of School Commissioners, which was established by a charter from the Town of Magog in 1856. The School was then the Magog Academy. Mr. Ralph Merry was one of the first commissioners. Mr. Henry Chamberlin was also one of the early commissioners in 1890. In passing Mr. Smith noted that this Board has the distinction of having had on its board the first lady commissioner in the Eastern Townships and possibly in Canada, Miss Florence L. Merry, in 1890.

Mr. Smith advised all those concerned with the building of a new school, which is badly needed now with its overflow of pupils. One grade has occupied the Curling Club House this past term. That they should profit by the mistakes of other communities, the School at Knowlton, which was completed recently is already inadequate in size and they are to add another wing of five class rooms. The new school under consideration should be built no larger than to accommodate the present needs.

The Department of Education favors the building of a single building, which would house all the grades rather than to maintain two separate buildings. Possibly a larger grant would be forthcoming if this plan was followed. The School would be under the Stanstead Central School Board with a local Board of three trustees.

Dr. Georges Roy, Dr. D. St. Jacques and his staff representing the Stanstead Health Unit, which will be established here within a couple of weeks were present and addressed the gathering. Preventive medicine will be the program outlined for the next two years to stamp out communicable diseases. Pre-school children, six months to six years of age will be examined at a free clinic and vaccinations, antitoxins and inoculations will be given.

A clinic at the school will give all children free examinations for teeth, heart and lungs etc. Vaccinations for small-pox, inoculations against diphtheria, whooping cough, scarlet fever and the tubercular patch tests with a follow up of free X-Rays, if the reaction is positive. The aim will be to work hand in hand with the family doctor. A dental clinic will also be established.

Dr. St. Jacques explained that he represented Public Health Sanitation. The milk supply here has been found fairly free from bacteria. The water following the chlorination plan, was satisfactory. All meat supplies were also found to be satisfactory. No nuisance

complaints had as yet been registered.

The meeting concluded with the serving of refreshments provided and served by members of the executive committee. These were upwards of fifty-four people who attended the meeting.

A BIRTHDAY PARTY

Mrs. G. R. Hulme, Mrs. G. P. Hall, Mrs. E. A. Henson and Mrs. G. W. McLaughlin entertained at a tea in honor of their mother, Mrs. J. D. Samson, on the occasion of her birthday, on June 11. A number of friends were graciously received by Mrs. Samson in the living room, which was prettily decorated with lilies and lilies-of-the-valley.

A pleasant evening was spent, with refreshments being served by the hostesses, assisted by the Misses Alice and Veronica Hulme and Shirley Hall, granddaughters, and Mrs. C. E. McLaughlin, Mrs. V. Corcoran and Miss Joan Hall.

Yellow tulips and tapers on an Indian damask cloth decorated the table, where tea was poured by Mrs. G. R. Hulme, eldest daughter of the guest of honor. Masters Russell Hulme and Douglas Hall, grandsons, presented their grandmother with a birthday cake illuminated by numerous candles.

Mrs. Samson was the recipient of a number of beautiful gifts and cards for which she voiced her appreciation and thanks.

Pimples Can Mar A Beautiful Face

Boils, pimples and other skin eruptions can make even a beautiful face seem ugly. Most sufferers realize their skin ailments look disgusting and they suffer embarrassment and mental anguish.

Some skin troubles are caused by impurities in the system. The best way to get relief from pimples, boils and other skin eruptions is to give the system a good cleansing. For this purpose, use Burdock Blood Bitters.

Burdock Blood Bitters is a remedy with a reputation of 60 years' standing. It helps to stimulate the action of the bowels, kidneys, liver and stomach. It aids in the elimination of wastes and impurities from the body. The result is often a smoother, clearer skin.

Open Verdict Is Given In Strange Case

Examination of Honey-moon Cottage Showed no Evidence of Premeditated Fire, Coroner's Jury Told.

By RON GADSBY
Canadian Press Staff Writer
Sherbrooke, Ont., June 26.—(C)—The strange drowning of pretty Christina Kettlewell, bride of eight days whose body was found in shallow water near the Dinner-time Rapids of the Severn River May 20, today was as much a mystery as ever. The inquest concluded last night with an open verdict.

After two days and nights of testimony last week, and another brief hearing late yesterday, the verdict returned by the five-man jury under Coroner Dr. C. G. Johnston read as follows:
"This jury finds Christina

Kettlewell came to her death on May 20 at Dinner-time Rapids in the Severn River, Muskoka, in a small cove near the cottage owned by Ronald Barrie, by drowning.
"Due to the fact that the post mortem examination disclosed evidence in the stomach of the deceased, and the suspicious fact that she was found drowned in nine inches of water, your jury is unable to decide from the evidence given whether or not there were foul means employed in her death."

The verdict left it to police to pursue their investigations which had already resulted in a tangled tale before the inquest jury. The two principals in the case, and the two witnesses whose testimony occupied the greater part of the inquest, are Jack Kettlewell, husband of the dead girl, and Ronald Barrie, his long-time friend.
Inspector Ray Simmons of the Ontario Fire Marshall's Department testified that examination of the honeymoon cottage—owned by Barrie—which was destroyed by fire on the night Christina was found drowned showed no evidence of premeditated fire. There was nothing "of a physical kind" to show the fire was of incendiary origin.

25TH WEDDING ANNIVERSARY IS OBSERVED

Friends in Sherbrooke and the Eastern Townships will be interested in learning that Mr. and Mrs. Kenneth MacLeod have recently celebrated their twenty-fifth wedding anniversary at their home in Timmins, Ontario.

Mrs. MacLeod was the former Bernice Bennett, of Bury, Que., and Mr. MacLeod, son of Mr. and Mrs. John MacLeod, came from Gould. They moved to Timmins the year of their marriage and have resided there ever since.

They have six children, Marion, 24, a graduate of Queen's University; Garneth, 23, a graduate nurse; Peggy, who is leaving for the University in the fall, to study pharmaceuticals; Kay, 16, a student in High School; John, 13, and Donald, 10.

On this occasion Mr. and Mrs. MacLeod entertained at their home for a number of their friends. The popular couple were the recipients of many gifts as well as messages of congratulations.

The Doctor Says

PENICILLIN HELPS HEART INFECTIONS

By William A. O'Brien, M.D.

Encouraging records of the beneficial effects of penicillin in the treatment of heart infections (endocarditis) continue to appear. Before penicillin, it was rare for anyone to recover from either acute or subacute bacterial endocarditis.

Patients with endocarditis usually complain of fever, pallor, and weakness. The disease may start insidiously or it may follow an upper respiratory infection. In most cases, the patient does not realize that his heart is infected until the examination, in the course of his examination, discovers a murmur. Examination of the blood discloses the germs which originate from the infection inside of the heart.

Lining membrane of the heart is seldom infected unless it has been previously damaged by rheumatic fever. Following rheumatic fever, the roughened lining of the chambers or covering of the valves may act as germ catchers. When infection occurs, clots form on the ulcerations. Pieces of the clots may break loose and cause difficulty in other parts of the body.

When sulfa drugs were discovered, it appeared that a remedy for endocarditis had been found but it only checked it for a time. When the treatment was stopped, the germs would reappear.

Today penicillin is the treatment of choice. As soon as a diagnosis of endocarditis is made, penicillin should be injected into the veins or in the muscles. Continuous injections by vein help to destroy all the germs before they have had a chance to develop.

Treatment is continued for at least four weeks after apparent recovery. If any signs or symptoms indicate that there is a recurrence, penicillin should be administered at once.

Sixty to 70 per cent of the patients with the usual variety of endocarditis are reported to have been cured by penicillin, and from 10 to 50 per cent of the less common types have also been cured.

Question: Is radium treatment of the throat of value in the treatment of all types of hearing loss?
Answer: No. It helps most cases of tubal deafness but will not help cases of otosclerosis, nerve deafness, or those which result from destruction of the ear.

BROME
Friends of Mr. Douglas Gebbie will be sorry to hear that he received a severe injury to one leg while working in the woods. He had the misfortune to inflict a severe gash in his leg while chopping. Mr. Gebbie was alone at the time and was obliged to walk a distance of a mile to reach his home. Dr. A. S. Douglas, of Knowlton, was called and sixteen stitches were needed to close the wound. Mr. Gebbie will be confined to the house for a few weeks.

Mr. A. Gingras, of Granby, was a business visitor in Brome. Miss Roma Jones, daughter of Mr. and Mrs. James Jones, has entered the Royal Victoria Hospital, in Montreal, for a check-up.

Mr. H. A. Toof, of Sutton Junction, was a visitor in Brome. Mrs. Maude Rhicard, of Springfield, Mass., is a guest of Mr. and Mrs. Robert Hamilton and other relatives in this locality.

Dr. J. G. Page, V. S., of Cowansville, was called at the farm of Mr. and Mrs. Leonard Clark, on professional business.

Mr. George Fontaine, of Knowlton, was in Brome. News items, advertisements and subscriptions to the Record will receive prompt attention if given.

3 HALF-SAFE GIRLS
could one of them be you?
MARY gambled with her popularity—and lost. Does YOUR deodorant really kill odor instantly, safely, surely? Or are you only half-safe?

JANE ruined a dress she loved. Some deodorants rot fabrics, others do not stop the perspiration which stains clothes. Are your clothes only half-safe?

SUE took chances with her skin. Some deodorants may seriously irritate underarm. Is your deodorant gentle, antiseptic? Or is your skin only half-safe?

DON'T BE HALF-SAFE!
get ARRID'S 3-way protection
1. Arrid really protects you from offending. Proved by tests of leading deodorants.
2. Arrid is really safe for clothes—stainless, stainless. Stops perspiration, so prevents stains and odor on clothes.
3. Arrid is really safe for your skin. Gentle, antiseptic, creamy. Arrid does not irritate. More nurses use Arrid than any other deodorant.

Don't be half-safe. Be Arrid safe. Use Arrid—to be sure! 15c, 39c, 59c.

The "Eclair" waxer is a new invention, which will enable you to wax your floors without fatigue. This waxer resembles a very light sweeper and weighs only two and a half pounds. The handle is filled with liquid wax which spreads to the base, to a cushion of lamb skin. When wax is required you have but to turn the handle and the liquid will be applied to your floors. The "Eclair" is made of aluminum and can contain an eighth of a gallon of wax.

HOW TO OPERATE THE NEW MODERN "ECLAIR" Waxer

- 1) Unscrew handle cap.
- 2) Be sure that the valve is closed, (handle completely turned to the right).
- 3) Pour liquid wax in handle and replace cap.
- 4) The waxer being now ready to operate, turn handle to the left gradually, according to the quantity needed.
- 5) To wash pad, simply place it under running cold water without taking it off.

Canned Fish Included In European Aid

Campaign to Be Launched to Educate Canadians to Eat More Fish from Health and Economic Point of View.

Ottawa, June 26.—(C)—The government is going to spend \$8,000,000 for Canadian canned and salted fish as part of its aid to Europe program and at the same time is going to launch a campaign to educate Canadians to eat more fish from a health and economic point of view.

That was the news Fisheries Minister Bridges gave to the House of Commons yesterday and at the same time announced that the government was ready to proclaim the fisheries prices support act of 1944 and to establish a five-man board to buy and sell fish and to prescribe prices in a support program related to efforts to increase domestic consumption.

The \$8,000,000 will be made available as part of the government's \$20,000,000 program for post-U.N.R.R.A. relief to Europe but the Minister emphasized that the government in "no way commits itself to a continuation of relief purchases next fiscal year."

He said the \$8,000,000 would be used to buy, at prices to be determined, up to 10,000,000 pounds of dried salted cod and related species, up to 40,000 barrels of pickled fish, up to 50,000 boxes of bloaters, up to 900,000 cases of west coast canned herring and up to 100,000 cases of eastern canned fish. The latter is in addition to current purchases being made in the east through U.N.R.R.A.

He said details of the methods of purchase, of prices and other terms of contract will be decided in discussions with representatives of the fishing industry here next week.

Mr. Bridges warned, however, that the prices would not necessarily be at the level which U.N.R.R.A. has purchased in the last season.

The Government had been trying without result to obtain a European market for Canadian frozen fish and had concluded the problem depending on increasing domestic consumption of frozen fillets now standing at an annual average consumption of about three-quarters of a pound for each Canadian.

The five-member board would be established "without delay" and would be asked to prepare, in collaboration with industry, a general distribution program including advertising, designed to increase domestic sales of fish of all species and kinds and particularly packaged fish.

The board also would be called on to give particular consideration to the specific species of fish in the east, the prairies and British Columbia in which the prices received by fishermen from the freezers are "unduly low in 1947 and to devise means of maintaining prices at or near their current levels."

Mr. Bridges said he wished it clearly understood that the government was not prepared to support or subsidize the export trade in frozen fillets and the attentions of the board would be devoted mainly to expanding the domestic market through improvement of quality, grading and the standards of inspection which will be set up.

He said fishermen could expect that their current prices would be "well maintained during the season."

MEETING HELD BY LIBRARY AT WATERLOO

Waterloo, June 26. — The Library Committee met in the library reading room one evening under the leadership of their president, Rev. E. D. Mitchell. Librarian Miss Gabrielle Labelle, reported that one hundred and seventy books have been added to the library shelves. She announced that twenty-eight free subscriptions to the Library had been donated to the students of Maplewood Convent, the College and Sacred Heart School. Eight of these were for the following students enrolled there: Joyce Shanks, Evelyn Winslow, Barbara Johnson, Isabel Campbell, Beverly Mitchell, Sonia Hayes, Charles Mitchell and LeRoy Labrecque. These prizes are donated to foster the study of English Literature, and were won by the pupils who attained the highest marks in that subject.

Miss F. R. Graves was elected as publicity agent for the Library. The subject of a "Story Hour" for the children was discussed, and further plans will be made at a later date.

Many children are taking advantage of the opportunity offered them by the committee of the Library to attain a subscription at a very reduced rate, and it is hoped that this number will grow. It is also to be made known that all veterans are welcome to accept a free subscription to the Library, and it is also hoped that they will avail themselves of this offer.

The election of officers resulted in the following being elected: President, Rev. E. D. Mitchell; vice-president, Mr. A. V. Beale; secretary-treasurer, Mr. Andrew Baldwin; Committee, Mr. R. B. Mowsey, Mr. O. T. Pickford, Mr. C. W. Slack, Rev. Harry Andrews, Mrs. Earl Blake, Mrs. K. Booth, Mrs. C. G. Hall, Miss Lucia Knowlton, Mr. Robert Flood, Mrs. D. Poirier, Mrs. W. D. Schofield, Miss Marjorie McKenna, Mr. Herbert Boyle, and Mrs. F. Graves, publicity.

The Women's Association of St. Paul's met one evening at the home of the minister, when a good turn out was on hand. The president, Mrs. F. W. Bockus, was in charge of the business, when committees were selected for the coming "Lawn Social" to be held shortly, and the auction sale, which has been postponed until a future date, due to lack of goods.

A sing-song was enjoyed by the gathering, under the leadership of Mrs. Charles Daigneau, followed by the serving of refreshments by the hostesses, Miss Myrtle Caw and Miss Lucia Knowlton.

No further meetings will be held until after the summer months.

BURY

Mrs. Mabel McKay, of Montreal, is the guest of her daughter, Mrs. C. A. Royer, and Mr. Royer.

Mrs. Hazel McNeely and son, Howard, of Colebrook, N.H., spent a few days with her sister, Mrs. T. Brazenall.

The many friends of Mr. Alex Dougherty will be pleased to know that he is progressing satisfactorily after having his leg amputated in the Sherbrooke Hospital, after six months of intense suffering.

Mrs. Annie Dougherty has returned from a delightful six weeks vacation spent at Nantasket Beach, Hingham, Mass., and other points of interest.

Mr. and Mrs. Arthur Rich and Sheila, Mr. and Mrs. Harris Olson and little son, of Sayreville, were guests of Mrs. R. Clark and family, and called on Mrs. T. Brazenall.

Mrs. Charles Cowling and Miss Irene Cowling spent a day in Sherbrooke.

E.T. DISTRICT EXPERIENCES HEAVY STORM

Drummondville experienced the heaviest lightning storm of the season on June 18. The roof of the house owned by Mr. M. Thibault, Newton Street, caught fire but the Fire Department soon had the blaze under control. The Southern Canada Power Company reported a number of poles damaged near Marcotte Village and the community was without electric power for the evening. A couple of horses and a barn belonging to Mr. Rondeau, of St. Eugene, were destroyed. A small aircraft made a forced landing near the Fourth Range damaging its landing gear. The heavy rains and wind only added anxiety and worry to the farmers, who are far behind their schedule in seeding and planting.

It was announced by Mr. M. P. for Drummond County, Mr. Robert Bernard, that a public works grant has been obtained of the sum of \$250,000. This amount is expected to cover the cost of paving and improving the road from Drummondville to Sorel. The motorists will welcome this information. It is also expected that the part of the road between Drummondville and Richmond not paved will be completed this summer.

Building has been started on the site of the building on Lindsay Street that was burned last Sunday, and owned by Mr. A. Birtz. The fire started from an unknown origin, much the same as the fire in the same building about four years ago. The damage is estimated at about \$100,000. Ten tenants were put out of their homes. Messrs. J. Come Dore,

OUR BOARDING HOUSE

with Major Hoople

Jean-Marie Sirois, B. M. Templeman, L. N. Riopel, H. Giguere, H. A. Cuthbertson, Laval Langlois, H. Meyers, George Caya, Mrs. I. Legallais and son, Mrs. Leon Bernard, also two business offices occupied by Coriveau and Ostiguy and Mr. Noel Decary. A few of the tenants carried no fire insurance on their furniture therefore suffering a total loss. The first floor of the building was occupied by Woodhouse Company and the contents were a complete loss. It is reported that the new building will be for tenants only.

The quick thinking and courage of a woman saved the life of a two-year boy. The three children of Mr. and Mrs. Raoul Bedard

were playing along the shore of the Cacouna River, a small tributary of the St. Francis, the youngest, a two-year old, slipped and fell into the river. The two brothers, aged five and six years ran to their mother a few hundred yards away, when she arrived she saw the baby being carried away, and though unable to swim jumped into the river and succeeded in reaching the baby and struggling to safety. The baby was revived by artificial respiration and Dr. Rodrigue Dugre was called.

The superintendent of Brigade No. 158, of the St. John Ambulance, Mr. Romeo Patenaude, has stated that in the future qualified first aid men will attend all sport events such as baseball games,

aces and wrestling matches etc., and will be on hand to help in case of emergency. These men will wear an arm-band, with the emblem of the St. John Ambulance Brigade, the eight pointed star, and will carry a first-aid kit supplied by the Drummond Drug Store. In many cases there are no doctors in attendance and these men will be of great assistance to those who might happen to need first-aid. The Brigade also wish to invite all those who own a first-aid certificate and wish to join the local brigade to get in touch with Mr. C. Sinclair, 986 Mercure Blvd., Tel 2695.

Preparations for the Drummond County Exhibition to be held in Drummondville for the first time is progressing very satisfactorily, under the management of Mr. Ubald Lahaie. The construction of the buildings is well under way, considering the unfavorable weather for outdoor work. The Exhibition is to be held in August.

Another sub-post office will be opened in Drummondville on July 15th in the building of Mr. J. C. Blanchard, 285 Celanese Road. This is the fifth sub-post office in the city and has been granted at the request of Mr. Armand Cloutier, M. P.

The citizens of this city are very happy to know that the Mayor, Dr. Joseph Garon, has recovered from his illness sufficiently, to preside at the last meeting of the city council. At this meeting a by-law was passed that all stores will close at 6.30 o'clock, on Saturday evening. Another order was passed granting Mr. Bourgeois the right of operating his bus service in the city limits for another ten years.

One of the lucky winners of the Irish Sweepstake was a former resident of this city, Mr. Georges D. Dallaire, manager of the Waterloo branch of Canadian Bank of Commerce.

Dr. E. Beaulieu has been appointed chairman of the organiza-

tion of the Catholic Scouts' campaign in Drummondville. Father Yves Marier, son of Mr. and Mrs. Joseph Marier celebrated his first Mass at the St. Frederick Church last Sunday. A banquet was held at the Manoir Drummond in his honor, after the service, which his family and a few friends attended.

The open air concerts of the Drummondville Harmony Band under the direction of Mr. Ralph Nolet have been started for the season. These concerts will be presented each Tuesday and Thursday evenings and are very much enjoyed by all.

Mr. Paul Theroux, manager of the local branch of A.P. Food Stores, has been re-elected president of the local branch of the Junior Chamber of Commerce. Mr. Paul Vaillancourt, Jr., general secretary of the Provincial League of Proprietors, was in Drummondville to attend a meeting. This meeting was held in preparation for the Congress to be held in this city on September 15 and 16.

Mr. and Mrs. James Heys have returned home, after spending a very enjoyable two weeks' vacation in Toronto, Ont.

Miss Kettie Grimms spent a week-end with her parents, in the Town of Mount Royal.

Mr. and Mrs. Edward Woodard, of Moncton, N. B., spent a few days here visiting relatives.

Mr. Wesley Doull has returned home to Moncton, N. B., after spending a week at the home of his brother, Mr. and Mrs. L. Doull.

Mr. and Mrs. Maurice Whittingham and family, of Cowansville, spent a week-end in the city visiting relatives and friends also attended the dance at the Drummondville Golf and Country Club.

Mr. and Mrs. D. Millar, of Chalk River, Ont., have returned home, after spending two weeks' visiting relatives and friends here. They also attended the dance at the Drummondville Golf and Country Club.

BROME

The Ladies' Guild of St. John's Anglican Church held its regular meeting at the home of Mrs. G. Wedge with Mrs. L. E. Armstrong, the joint hostess. After the devotional exercises, led by Rev. F. W. Gedy, Mrs. J. C. Soles, the secretary-treasurer, presided. The minutes of the previous meeting were read and approved. There was a good attendance of members and visitors as follows:

Rev. F. W. Gedy; Mrs. G. A. Manson, Mrs. L. E. Armstrong, Mrs. J. C. Soles, Mrs. William Barnes, Mrs. G. Wedge, Mrs. G. E. Soles, Mrs. E. W. Ray, Mrs. Lyla Owens, Mrs. B. O. Mitchell, Mrs. Frank Rhicard, Mrs. C. M. Eldridge and Mrs. Earle Porten. All were pleased to welcome the infant daughter, Elizabeth Ann, of Brome.

Mr. and Mrs. G. E. Soles. The meeting adjourned, after which a hot supper was served by the joint hostesses assisted by Mrs. C. M. Eldridge.

Mr. and Mrs. Clarence Booth, of Modesto, Calif., and grand-daughter, Gail Spohn, of Escalon, Calif., have been visiting at "Maple Ridge Farm," the home of Mr. Howard French and Mrs. Rhoda Sullivan.

Mr. A. Lapointe, of Granby, was in town on business. Mr. Howard French and Mrs. Rhoda Sullivan spent an afternoon in Waterloo and South Stukely, where they visited their sister, Mrs. Martha Smith.

Mr. and Mrs. Adelard St. Mar-All were pleased to welcome the infant daughter, Elizabeth Ann, of Brome.

Are You REALLY One of the Best Drivers in Sherbrooke?

Here's how to rate yourself in the Police Traffic Safety Check

Let's be honest now... remember, your own safety and that of your family depends on you

YES NO

1. Do you always signal before turning or coming to a stop (never play guessing games with the driver behind you)?
2. Do you always come to a FULL STOP at a stop sign (never coast through)?
3. Do you give the pedestrian a break EVEN THOUGH HE MAY NOT HAVE the right of way? REMEMBER, YOU WALK SOMETIMES, TOO.)

10 "YES" answers—Are you really that good?

8 to 10 "YES" answers—Good driving. We need more of you!

6 to 8 "YES" answers—Fair driving. You must improve.

Less than 6 "YES" answers—Poor driving. You're headed for trouble; possibly injury and serious financial loss.

YES NO

4. Do you obey traffic lights — even when you're in a hurry?
5. Do you drive in and turn from the proper traffic lane?
6. Do you REFUSE TO DRINK before driving? (Think, now, before answering.)
7. Do you drive with extra caution in fog, rain or snow and on wet or icy pavement?

YES NO

8. Do you know and observe the rules of the road in your community? (Frankly, now, have you ever looked them up?)
9. Do you keep alert when driving — keep your mind on traffic?
10. Do you drive within the speed limits — never yield to the temptation to do a little "low altitude flying?"

P.S.—Take another look at your score. Would your family and friends rate you the same?

Seriously, don't you wish when you and your family are on the streets that all drivers could truthfully answer YES to all ten questions? Of course you do—and the next driver feels the same way about it. So start today to improve your score.

These are the mechanical features that are being examined in the Police Safety Check:

BRAKES—Do they need adjustment?
How about the hand brake?

LIGHTS—Do any bulbs need replacing? Are headlights properly focused and aimed? Are tail and stop lights in good condition?

TIRES—Are they all in safe condition? (No cuts, fabric breaks, excessive wear?)

WINDSHIELD WIPERS — Do they operate satisfactorily? Do blades need replacing?

HORN—Does it operate easily and when you need it?

Are there any other safety items that need attention, such as steering, defects in glass, rear view mirror, muffler, etc.? (Have these checked regularly.)

JOHN PHILIPS TO TWIRL AGAINST ST. HYACINTHE TONIGHT

Third Position At Stake In This Evening's Fixture With Saints

John Philips will be on the mound this evening at the local ball park when Sherbrooke will be at home to the third place Saints of St. Hyacinthe in a regular scheduled fixture of the Provincial Independent Baseball league.

Philips, who arrived in town late Tuesday evening, and missed the St. Johns tilt, will toe the slab to night with Bill O'Brien, the local's heavy hitting catcher behind the bat. The rest of the team will be the same that defeated the Braves of St. Johns 6-2.

The Saints are at present half a game ahead of Sherbrooke and the winner of tonight's contest will move into undisputed possession of third place in Leopold Durivage's circuit. If the locals play the same brand of ball they displayed Tuesday evening, when they upset the pace-setters, the fans should be in

for a good evening of ball. Philips should prove a great asset to the local over-worked pitching staff. He has played good ball and comes to Sherbrooke highly recommended and is rated fairly good as a twirler. He formerly performed with Montgomery in the Southern Association, a league that carries a class A-1 rating in organized ball, and should be a great help in the locals bid for top honors in the loop.

Sherbrooke has at present only four hurlers working, Angelo Folini, Yvon Marcell, Larry Letteri and John Philips. Lefty O'Rourke is still on the injured list and is only expected to be back in another week. When he returns the locals will have a twirling staff, second to none in the circuit, and will not have to take a back seat from any other team in the league.

The locals have two solid backstops in O'Brien and Flynn and with Big Don Sheeran at first they seem fairly well set. The outfield is in capable hands with Normie "Flash" Dussault patrolling centre, flanked by Gilles Dubé and Jimmy Fox. The only present spot seems to be second base, but the executive is working to obtain a good second baseman and should have some results in the near future. The other positions seem to be working out in a fair manner with Taillefer at short and Bellemare at the hot corner, and when the locals get clicking they should roll right up the ladder.

The League standing follows:

	P	W	L	T	Pts
St. Johns	20	14	6	700	
Granby	28	17	11	607	
St. Hyacinthe	20	12	8	600	
Sherbrooke	25	14	11	560	
Drummondville	18	9	9	500	
Farnham	19	9	10	474	
Acton Vale	21	5	16	238	
Lachine	15	3	12	200	

YESTERDAY'S PITCHING AND BATTING STARS

Pitching, Frank Shea, Yankees—Blanked the Indians 3-0 with three hits for his third shutout and his ninth victory against two defeats. Batting, Walter Cooper, Giants—Slammed his fifth home run in four days and singled twice to drive in four runs as the Giants whipped the Cubs 9-3.

HEAVY-HITTING CHIEFS TAKE OVER 2ND SPOT

Millard (Dixie) Howell, the big right-hander of Syracuse Chiefs, is enjoying one of his finest seasons since he entered the game in 1937 despite possession of only a so-so won-lost record for the International League's second place Chiefs.

Howell, who like all pitchers takes more pride on the base hits he collects over an outstanding pitching performance, has won only seven games while losing six. However, four of his victories have been shutouts, three of them two-hit jobs.

The 27-year-old former Cleveland Indian pitcher turned back Toronto Maple Leafs, 4-0 on two-hits in the second game of a double-header on Wednesday night after teammate Howie Fox blanked the Leafs in the seven-inning opener, 6-0.

Howell, who is used frequently by Manager Jewel Ens as a pinch-hitter, slammed out a double and drove in one run to boost his batting average to a hefty .395.

However, the slugging honors for the night went to Big Hank Sauer the Chiefs hard-hitting outfielder. Sauer, who belted three homers in one game against the Leafs Tuesday night, rapped one in each game to increase his total to 23 and take over the circuit home run leadership from defending title holder Howie Moss of Baltimore who has 22.

The twin victories moved the Chiefs over Jersey City Giants to second place, five games behind the pace-setting Montreal Royals. The Giants' scheduled game with the Royals was postponed because of rain.

Rochester's fourth place Red Wings split a doubleheader with the Newark Bears, winning the nightcap in the last inning, 5-4 after the Bears took the opener, 8-2.

Tommy O'Brien singled home the tying and winning runs in the finale.

In the opener, Rookie Dick Starr pitched his first complete game of the season and limited the Wings to six hits while his Mates slugged three Red Wing pitchers for 15

Jimmy Doyle Succumbs After Fight With Champion Ray 'Sugar' Robinson

Cleveland, June 26.—(AP)—Declaring that he does not want "a cloud on Ohio boxing," Coroner Samuel R. Gerber today promised a complete investigation of the death of Jimmy Doyle, 22-year-old Californian who never regained consciousness after being knocked out by Welterweight Champion Ray (Sugar) Robinson in the eighth round of a title fight at the Arena here Tuesday night.

"A great deal of unholy pressure has been put on me to divert this investigation," said Dr. Gerber. "I am going to make a complete investigation. I will talk to anyone who had anything to do with this."

Dr. Gerber did not elaborate on what he meant by pressure. The coroner opened his probe last night by questioning Robinson, his manager, George Gainford, and two other handlers of the champion.

Robinson was accused during questioning by Dr. Gerber of being "evasive." So was Gainford, later.

"This is an unfortunate incident, and you are not to blame," the coroner said to Robinson. "But I want to know Doyle's condition as observed by laymen, and I want to arrive at a conclusion without pressure from anybody."

blows including homers by Dutch Meyer and Bill Drescher.

Buffalo Bisons moved into fifth place, a half-game in front of Baltimore, by outslugging the Orioles 10-7 in a day game.

Johnny Bero, with a single and two doubles, drove home three runs to lead the Bisons to victory while Ralph Weigel kept the Orioles in the game by driving in three runs on three doubles.

FIGHTS LAST NIGHT

Chicago — Gene Burton, 143, New York, knocked out Nick Gasignone, 142 1-4, Chicago, (6).

Youngstown — Sonny Horne, 158 3-4, Valley Stream, N.Y., outpointed Henry Jordan, 150 3-4, Philadelphia, (10).

Hartford, Conn. — Lou Cassiano, 132, New York, outpointed George Dunn, 132, Hartford, (10).

LOCAL RIFLE ASSOCIATION REORGANIZED

Jack Beattie was elected president of the newly-reorganized Sherbrooke Rifle Association at a meeting of the club held at William Street Armory on Tuesday night. Other officers are:

Fred Gray, vice-president; Percy E. Gray, secretary-treasurer; Ray Winget, captain, and Hugh Wallace, vice-captain.

Plans are being made for an active summer of outdoor shooting on the Brompton Road Military Range. There was a fine turnout at this meeting, and it is hoped that anyone interested in this type of shooting will get in touch with Percy Gray a telephone number 299 as soon as possible.

NICK WISNOCK FAVORED IN ONTARIO OPEN

Toronto, June 26.—(C)—On the strength of the radical new putter he invented last year and his ability to use it, Nick Wisnock of Detroit was the favorite to win it all as the three-day Ontario Amateur Golf Championship teed off today at the Toronto Thornhill Club.

The 1946 Ontario Open Champion, despite the fact he has not played on a Canadian course this year, was installed as the man to beat, just ahead of defending champion Jack Nash of London, Ont., and Phil Farley of Toronto Scarborough.

The weatherman who had promised cloudy skies in the morning, said it would be showers in the afternoon for the field of 127 golfers who are taking part in the 18-hole medal play qualifying round.

From this field, the 16 best scores go into the match play championship flight with the next 32 to be divided between the first and second flights. Match play will start Friday morning and four 18-hole rounds will produce the 1947 champion late Saturday afternoon.

In practice rounds yesterday the contestants found the fairways almost rock-hard.

A heavy thunder shower late yesterday missed the Thornhill layout. The baked course did not seem to bother Gil Walker of the London Hunt Club and his three-under par 69 was the hottest practice round score of the day and included a hole-in-one on the short 12th hole.

That effort boosted him into the ranks of the rated contenders, just back of the top three and alongside Young Rudy Horvath of Windsor, who was 11 under par in winning a recent tournament at Pontiac, Mich.

British Empire Net Stars Upset American Team Of Brown-Patty

Wimbledon, June 25.—(AP)—British Empire stars collaborated to repel some tennis invaders from the United States today as Australia's Billy Sidwell and England's Tony Mottram ousted Tom Brown of San Francisco and Budge Patty of Los Angeles from the men's doubles, 6-2, 2-6, 7-5, 4-6, 6-4, in the first upset of the Wimbledon championship.

The five-set duel filled the centre court stands with 14,000 fans and kept 80-year-old Queen Mary sitting on the edge of her chair until long after dinner time.

Little Billy, wearing a white baseball cap, sparked on the sun-drenched court, in a first-round match that was the feature of the tournament's third day.

The sixth-ranked Australian who lost to Patty in a first round singles match, dishes up a service that kept the Americans jumping and sometimes still starting helpless at nets. Mottram, also eliminated from the singles, filled in the gaps but committed many errors.

"I am happy that we won today for England's sake," said Sidwell. "It will do a lot for their suffering tennis prestige. We don't expect much trouble now until we meet the South Americans, Pancho Segura and Enrique Morea."

Three other seeded men's doubles teams advanced to the second round. Top-ranked Kramer and Bob Falkenburg, of Los Angeles, were unimpressive, however, in beating Englishmen M. D. Delford and N. R. Lewis, 6-1, 6-4, 6-3.

Second-seeded Dinny Pails and Jack Bromwich, of Australia, humbled by B. E. Whitman and S. C. Clark, of Britain, 6-2, 6-0, 6-0, while the other Aussies, Geoff Brown and Colin Long, also clobbered in straight sets.

Segura and Morea knocked over the veteran Australians, Jack Crawford and Jack Harper, 6-2, 6-4, 7-5; Yvon Petra, the defending singles champ teamed with countryman Pierre Pelizza, of France, to drub W. T. Anderson, of Britain, and K. B. Hansen, of Denmark, 6-3, 6-2, 6-2, and the Czech Davis Cup team, Jaroslav Drobný and Bohous Cerník, won easily from Don Butler and F. H. D. Wilde, of Britain, 6-1, 6-2, 6-3.

Sandwiched into the menu of doubles were enough women's singles matches to clean up most of the second round schedule. The most impressive triumph was scored by seventh-seeded Mrs. Sheila Summers of South Africa, who routed Mrs. Nina Hamilton, of St. Louis, Mo., 6-0, 6-0.

Doris Hart, of Miami, seeded No. 8, had more trouble subduing Mrs. W. C. J. Halford, of England, 6-0, 7-5. Mrs. Patricia Canning Todd, of Hidden Valley, Calif., No. 4, breezed through Mrs. R. T. Ellis, of Britain, the former Anita Lizana, of Chile, who won the U.S. title in 1937, 6-3, 6-2. Mrs. Jean Bostock, the only other seedler player to see action, trimmed Mrs. C. E. O. Lister, 6-2, 6-3, in an all-British match.

Johnny Mize, Walker Cooper and Willard Marshall, the thumping trio of New York's Giants, have been slugging enemy pitching at such a terrific rate that veteran observers have begun to compare them with the famous old Murderers' Row of New York Yankees.

But even that Yankee wrecking crew of Babe Ruth, Lou Gehrig and Tony Lazzeri, despite its tremendous slugging prowess, could not accomplish what the 1947 Giant trio is heading for.

At their current pace, Mize, Cooper and Marshall may finish one, two, three in the National League home run and run-batted-in championship race. No other trio ever achieved such a feat.

Ruth, Gehrig and Lazzeri wound up one, two, three in the home run parade in 1927 but could not repeat in the run-batted-in race.

To date, Mize leads both majors with 19 home runs and 54 runs batted in. Cooper and Marshall are tied for second place in home runs with 14 apiece. Cooper also is runner-up in R.B.I. with 53 and Marshall is next with 52. Charley Keller of the Yankees tops the American League with 13 home runs and Billy Johnson, his teammate, is in front with 42 runs batted in.

Mize, Cooper and Marshall drove in all the Giants' runs yesterday in their 9-3 victory over the Cubs in Chicago. Each walloped a home run, with Cooper knocking in four runs, Mize three and Marshall two. While the Giants hammered, three Cub hurlers for 11 hits, Lefty Dave Koss turned back the Bums with seven safeties for his seventh victory. The win moved the Giants a game away from the front-running Boston Braves and

a half game back of second-place Brooklyn.

Rookies Harry Taylor and Johnny Jorgensen starred for the Dodgers who defeated the Pirates 6-2 in Pittsburgh for the 21st setback in the Bums' last 26 games. Taylor limited the Pirates to seven hits in gaining his fifth victory while Jorgensen drove home five runs with a single, double and triple against his formate mate, Kirby Higbe.

Rainbow Trout Landed By Students

The above picture shows two young Sherbrooke High School fishermen, Gordon Budning on the right and Leonard Bordeoff on the left, displaying their record catch of a 6 1/2 pound rainbow trout measuring 21 inches.

The fish was caught in a brook at the upper head of Little Lake, past the Y's Men's Camp. After a struggle of about ten minutes the rainbow trout was landed. A common worm and an ordinary fly hook did the trick.

While local fishermen travel hundreds of miles to their secret fishing grounds these two beginners decided to stay at home and were well rewarded. This sort of contradicts the old saying that "farther away pastures are always greener."
