COSOLIDATED PLANS ANNOUNCED

PULP MILL COMING TO PONTIAC

The official announcement has been confirmed by Consolidated Pulp and Paper that they are definitely building a 50 million dollar kraft pulp mill with a 500 ton daily capacity starting construction next summer in Litchfield 1½ miles from Portage du Fort. They expect to expand in time to an 80 million dollar project.

175 attend CBMC banquet

James O. Blackwood tells of evangelism

Stormy weather last Friday night kept many people away, and made others late, for the C. B. M. C. Ladies Night Banquet at the Shawville United Church Hall. Both the chairman, popular Hughie Horner and the special speaker J. O. Blackwood arrived late. The latter was in a plane from London, Ontario, which circled Ottawa Airport for 15 minutes, unable to land due to poor visibility. Then he and his travelling companions, Mr. and Mrs. Reg. Hobson, were caught in the Hull rush hour jam which delayed them another hour.

About 175 persons attended the banquet, and this included representation from Waltham, Pembroke, Campbell's Bay, Otter Lake Bryson, Renfrew, Quyon, and other smaller communities. The Mayor of Shawville and Mrs. Young were head table guests.

Rev. Eric Clayson, Otter Lake gave a prayer and grace before the banquet. After the banquet, the song leader, Mr. Reg. Hobson of Ottawa, led the group in the singing of "Onward Christian Soldiers". Mr. Stanley Hogg, CBMC Secretary, introduced the guests. Mr. Revel Robinson, Bryson, proposed a toast to the ladies,, to which Mrs. Verner O'Brien responded. A duet of Miss Brenda Brown and Mr. George Towell sang, as did a trio of L. Mack, B. Popkey, and W. Perry, Waltham. Rev. M. Swaren, Quyon, introduced the guest speaker, Mr. James O. Blackwood, London, Ontario.

Mr. Blackwood, who is Executive Director of Crusade Evangelism of Canada, brought the main message of the evening. He told of his own conversion and call into the evangelistic ministry. An Official of Youth for Christ, he has travelled across Canada in youth work and Crusade business. He told of his meeting with Barry Moore and the way God had led them both to work together in meeting the need of young people to live for Christ. Mr. Moore has travelled throughout Europe in preaching missions. He is a former school teacher and is very popular with teenagers and young people. Since the inception of the Crusade about twelve years ago, the Team has been instrumental in leading many hundreds across this land in a saving knowledge of Jesus Christ. Mr. Blackwood took as his text, I Thessalonians 1: 9 "ye turned to God from idols to serve the living and true God and to wait for his son from Heaven". He stated that many are praying for a spiritual awakening in the Pontiac as Barry Moore and Team arrive for eight days of evangelism.

Song leader, Mr. Hobson, led the group in another hymn, "Leaning on the Everlasting Arms". This was followed by a duet of Mrs. Asa Smith and Margarte Smith, Campbell's Bay. The first appearance of the CBMC "Quartet" consisting of Hughie Horner, Wayne McKnight, Boyd Brownlee and George Towell was well received. After the closing chorus of "Only Believe", Rev. Verner O'Brien pronounced the benediction. Miss Cathy Horner was the pianist for the evening.

Consolidated and Rolland plan close association

Lucien G. Rolland, President and General Manager of Rolland Paper Co. Ltd. and G. M. Hobart, chairman and Chief Executive officer of Consoldiated Paper Corporation Limited, announce that discussions have taken place and agreement in principle has been reached with the objective of establishing a close relationship between the two companies.

Consolidated is subscribing for a substantial number of Rolland Class A share which will be issued from the treasury.

Acquisition by Consolidated of a controlling interest in Class B voting shares in Rolland is not being considered nor is a merger of the two companies being contemplated.

This arrangement whereby the two companies become closely associated will be of mutual benefit in so far as future day to day pulp supplies are concerned. Other benefits will come from the exchange of technical aid and joint participation in possible ventures in fine paper and other fields leading to greater diversification.

While agreement in principle has been reached negotiations are continuing in order to finalize the details of the arrangement which will add strength to both companies through close association and mutual help.

In view of the proposed plant which is being considered for Pontiac County, this news is of local interest here as it indicates a strengthening of the Consolidated Paper Corporation and possible increase in their consumption of pulp.

"Student City" school complex

At the meeting of the Outaouais School Commission on Monday last, plans were made public of revisions to the previously unveiled type of construction to be undertaken in the Student City Complex in Hull. By using a single story type of construction, which will permit the use of less expensive materials, and will incidentally avoid delays in supply, it is hoped that the new 66 room school will be available for classes in September. Also projected for an early start on construction is the technical section, to use the same modified design.

Basically, the new design will consist of a number of larger buildings, to house assembly rooms, laboratories, etc. with satellite classrooms set apart on all four sides, but allowing easy communication through enclosed corridors connecting the various buildings.

Central services, such as library, main auditorium, heating plant, etc. will be provided by the Student City Corporation, who act as landholders in asembling the project. The new design of buildings permits rapid and relatively inexpensive expansion as the need arises, and will also serve the purpose of providing the necessary shops and technical equipment in areas remote from the more quiet classrooms set up in the satellite buildings surrounding the single cell. It is unlerstood that the Quebec Department of Highways will construct the access road skirting the perimeter of the entire 25½ acresite.

It will be of interest to those who have expressed concern on this topic in recent months that no provision is immediately being made for residences — and in fact that the entire idea of student residences is still the object of considerable research in Quebec. Present feeling seems to be that students drawn from more than one hour's travelling time away would be more likely to be served by a locally constructed school rather than a mass migration of pupils. This would not in any way prevent a student desiring one particular course from attending whatever school in the Regionale was offering that particular course, but there seems to be a strong tendency towards the idea of "satellite" or "Feeder schools" taking students up to a certain level rather than moving him the minute he decides he wants to take a secondary school course.

Sewers coming for Campbell's Bay

At their last meeting held at the Court House in Campbell's Bay, the Campbell's Bay Council took another step forward towards the building of a sewerage system in the Village, by instructing their Consulting Engineers, the firm of Linsey, Cosgrove and Associates of 35 York Street, Westmount, P. Q. to prepare the plans for the proposed system. An expenditure of $9000. was approved to defray the engineer's fees.

It is expected that these plans will be completed within the next two months, and thereafter tenders will be called before a referendum is held to get the approval of the Campbell's Bay taxpayers.

Estimated costs to build the system together with the debt service is $293,000.00. Government grants will be made available to the Municipality to pay part of the estimated costs, Mayor David Lunam told councillors, after he returned from a trip to Quebec where he had interviews with governmental officials regarding the help the government could give towards the project.

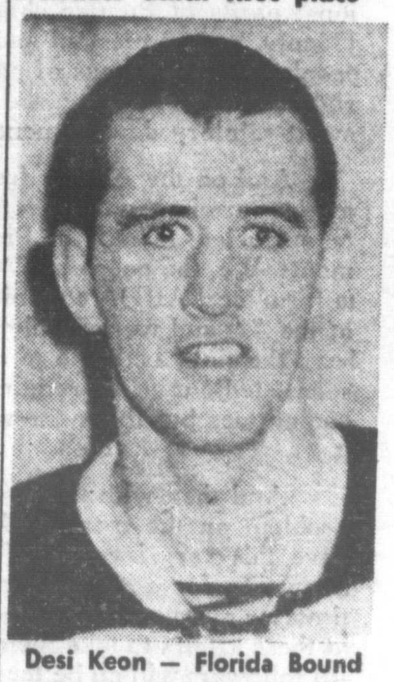

Mrs. Alphonse Martineau's best decorated house

The Campbell's Bay Chamber of Commerce at their last meeting held in the Court House at Campbell's Bay, approved the choice of the committee for Christmas decorations, and declared that Mrs. Alphonse Martineau's house was the best decorated in the village of Campbell's Bay for the Christmas period.

The committee was formed of three businessmen of the village who made their unanimous choice after touring the village on numerous occasions at Xmas time

A letter of congratulations is being sent by the Chamber to Mrs. Martineau.

THINGS ARE LOOKING UP
AND NOW THE CRUSADE

Today there is a story in the paper about an association of interests developing between Consolidated Paper Corporation Limited and Rollands, which is a producer of fine paper. As this mutual aid agreement will mean a larger potential use of pulp by Consolidated, it is possible that the move may be influencial in bringing closer the day when that corporation will need their proposed new pulp mill.

No options have yet been taken up in the Litchfield fields which Consolidated has been surveying and examining for the past many months but nevertheless it is considered quite possible that some action might be seen there by spring.

Meanwhile ,for those who are hoping for better things for Pontiac County it appears that the Department of Education has come around to seeing things our way and is now busy studying methods by which the educational needs of Pontiac children can be met inside the County, both Protestant and Roman Catholic. Since the people in the positions of power are now moving in the right direction the populace can sit back for a while and await salutory developments.

And on the ARDA front we are also assured that matters are in hand and representations are being made on our behalf to both the Provincial and Federal governments. We, the people of Pontiac, are going to be asked to form local ARDA committees to comply with the rules of the Act and we can only hope that enough people will have the time available to organize such committees. It seems tedious to be required to sit on more and more committees but that's the way it has to be, so let's face it.

And then with the Mill prospects good, the School problem on the mend and ARDA on the horizon we have this very interesting religious crusade coming to Shawville for a week starting Sunday. This is a good time for everyone who has ever wondered what goes on at these affairs to take their seat and find out. The faithful followers will all be there, of course, but these rallies are particularly intended to attract others, the curious, the skeptical, and the seekers alike. Sometime during the crusade everyone should go down to the High School and see for themselves. Such an event may never return to Shawville, and the ten churches who have cooperated in bringing the group here would be most gratified to see them well received.

What is Social Service?

Yes, what is it really? And for the County of Pontiac, what does it mean?

Many persons have been wondering about it and, in order to answer this very legitimate curiosity, we will in the coming weeks try to explain the major services of the Hull Social Service in this area.

As an introduction, we can mention that there now are four Social Service sub-offices in the County. One is located at Campbell's Bay, at the Court House, with office hours every Wednesday from 10 a.m. until 3 p.m.; at Fort Coulonge, at the Town Hall, every Tuesday afternoon; Chapeau and Quyon offices are on an alternate basis, with office hours every second Wednesday at Chapeau, the office is at the Priest's house (Father Harrington) in the forenoon, while at Quyon, we are in the vestry of St. Mary's Church in the afternoon. (I am in Campbell's Bay, while Gilles Lemay is looking after the other offices).

Office hours might seem rather few, but nevertheless two social workers are working full time for the County. (Speaking of personnel for the County, I can mention that there also is a social worker, Nicole Massicotte, looking after children placed in foster homes; and, from Hull, we have the services of the secretaries and accountants.) Much of our work, besides interviews, consists of visiting families at home. And, the last part of our work, as administration, correspondance, record keeping, etc. is being done at the Hull Social Service's Main office, in Hull (256 St.-Joseph Blvd. Tel. 771-6631).

So, that is, briefly, the organization of what we can call Pontiac Social Service. What can we do exactly, we will outline in the coming weeks.

Readers, you can help me very much: what would you like to know about our services or about problems we can deal with? Any question is most welcome. Just send me a word, at one of the addresses below, and I will try to answer your questions in this column.

Mayor Orla Young brought greetings from the town of Shawville.

Mr. Gordon Pepper, CTA publicity director, proved to be very popular as guest speaker for the evening. Mr. Pepper said that 1964 was a banner year for harness racing — for the first time in Canadian history more money was bet on harness racing in Canada than on Thoroughbred racing and indications are that 1965 will be an even bigger year, since the opening date of harness racing in Canada will be March 13th at Greenwood in Toronto, the earliest in history, and the closing on December 18, at Garden City Raceway at St. Catherines.

The "Pontiac Harness Horse of the Year" trophy was awarded to "The Gibb" owned by Mr. and Mrs Marshall Young of Shawville; The Gibb paced to a 2:05 record winning 5 out of 6 starts at Buffalo in 1964.

Door prizes were presented by A. C. Foster Harness Shop of Ottawa, Les Ehrlick Harness Shop of Toronto, Rideau Carleton Raceway, Ottawa, Stevenson, Turner and Boyce Drug Firm. $100.00 cash draw was won by Mr. Gerald Ferrigan of Campbell's Bay. Dr. Roland Armitage, Vice-President of the Shawville Driving Club, and CTA director of Zone 6 thanked the large crowd for attending.

The McCann Orchestra from Quyon provided lively music throughout the evening and set the stage for a keen step-dancing competition which was judged in this order: 1st, Don McCord, Charteris; second, Garnet Cotie, Ottawa and third, Tom Smith Renfrew.

Len Beaupre, as usual, had a sumptuous smorgasbord which all present seemed to enjoy to the fullest.

Among those in attendance, were: J. C. Cameron, Bernard Elliott and Ken Carmichael, Smith Falls, Tom Smith, Duguald Jamieson, Dick McManus and Bill Smith, Renfrew, George Scott, Ridgeway, King Armitage, STP representative from Ottawa, Dr. John Henry, Kemptville; Wally and Ray Gemmill, Cobden, Alex May, Pembroke; Tom and Allan Watchhorn, Beachburg, Bud Findlay, Cooksville, and Clure Archdekin, Brantford, Dr. John Findley and party, Arnprior, Dr. Arnie Quackenbush, Kinburn, Dr. Rabb, Dr. Laycock, Lorne Routliffe, Bill Sharpe and Hugh Proudfoot, Fort Coulonge; Frank Gorman, Connaught Park, Chief Inspector Borden Hobbs, Ottawa, Stan Carruthers, Carp, Bill Mucha, Noranda, Herve Fillion and party from Angers, Que., Harry Aultman, co-owner of "Peaches Atom", Ottawa, Eddie Galligher and Al Grillo, Rideau Carleton Raceway, Ottawa, Mayor Scott Burchill of Perth, G. E. Trahan, CTA Racing Supervisor Don Booth, Ottawa, Sid Sheppard Mayor of Thorne, Bill Hawkins and Stewart Ferguson, Carleton Place, Silvio Juneau, presiding Judge of Three Rivers raceway.

Nat Frost fetches record price

Bud Findley of Cooksville, Ont., son of Mr. and Mrs. Walter Findley, Shawville, sold Nat Frost to Clure Archdekin of Brampton for $11,000. Nat Frost is a full brother to Jimmy Frost, top two-year-old trotter bred and raced in Canada in 1964 with earnings of $10,000.

The deal for Nat Frost was made while the colt was still a yearling. However, the transaction was not completed until last January 4. The $11,000 purchase price is believed the highest ever paid for a Canadian-bred yearling sold in Canada, either privately or at public auction. Nat Frost is by Philip Frost out of Cabin Gal, dam of Jimmy Frost, Johnnie Laird and George Volo.

Pontiacs clinch first place in the ASHL

Jim Carmichael
League's leading goaltender

Although limited to only one game since last Tuesday, the Shawville Pontiacs made the most of it as they won a squeaker 5-4 over the Renfrew Royals in Shawville last night.

The victory, their fourteenth during the year, clinched first place in the Algonquin Senior Hockey League for the Pontiacs and they still have four games remaining before the beginning of the playoffs.

The Pontiacs held a commanding 5-2 lead with only five minutes remaining but two goals by Bill Wren, the second at 18:54 of the final period closed the score to 5-4 and sent up an exciting finish to a good hockey game.

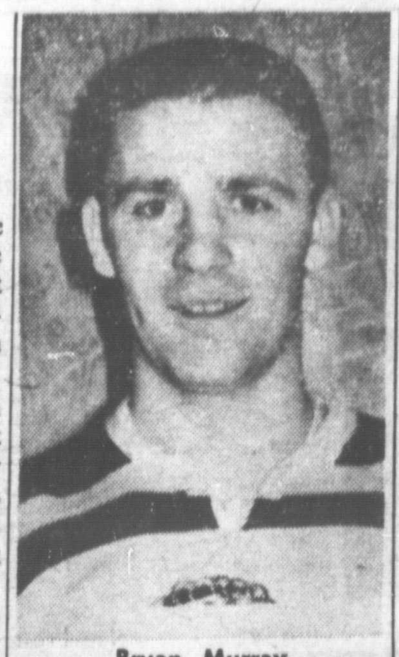

Royce Richardson and Glenn Richardson each pumped home a pair of goals for the Pontiacs and Edward Pare scored the other on a brilliant first period rush.

Wren led the visiting Royals with a pair of markers with Bob Newberry and Ricky Provost adding one each.

There were 15 penalties in the game, nine to the Pontiacs and six to Renfrew.

The Pontiacs play Renfrew in Shawville next Tuesday in what should be a very exciting game.

Desi Keon will not be playing here for a couple of weeks as he has gone to Florida for a holiday.

Aylmer Jottings

Aylmer's Winter "Carnival" ran into some tough weather on Saturday last but the hard-working committee of the Aylmer Youth Club who were sponsoring the event managed to get the whole program off without a hitch. Full details of the results of the many races, costume prizes, and other events will be available next week, but meanwhile congratulations to Rachelle Hamelin who reigned over the festivities as Carnival Queen, assisted by Snow Princesses Claire Leblanc and Charlene Warden. Presiding over the costume party were Costume Princess Carole Bertrand and Prince Paul Rockbrune. Judges for the Carnival Queen contest were Mrs. Betty Yetts, Geoff Baxter and J. P. Gagne.

* * *

While more formal thanks will be forthcoming from the Carnival organizers, the committee has already expressed their gratitude to the Council and especially Alderman Arthur Croteau for their excellent cooperation in getting the washrooms at the town rink in shape for the event — particularly when a reluctant pipe decided to erupt and threatened to drown out the canteen. An emergency crew was on the spot in no time and everything was back in working order in good time for the afternoon's events.

* * *

Aylmer Rotarian's are going to be getting to their meetings on time now — the appropriate committee has decided to levy fines (nominal) for latecomeres.

* * *

While on the subject of Rotary. Economic Council manager Fred Metcalfe was a guest at last week's meeting — and from all accounts he didn't even get a chance to say a word about his favorite topic which is to develop the area — economically, socially, and just about every other possible way. Wonder if Aylmer Rotarians had any idea what a good bet they were missing?

* * *

There are a few Aylmer service station operators who are almost wishing that some of the snow would either let up or pace itself at a more decent interval It sometimes seems that the various jeep plows will never get caught up — just when they seem to be getting the upper hand — and driveways in this part of the country are generally long — the weather forecaster dumps another half a ton of snow in the nice clean spots! To which this correspondent can only add one footnote — at least thank heaven for jeeps!

* * *

Skidoos, snow-cruisers, or what ever you want to call them, are becoming almost as numerous on the river these days as outboards in summer. They're almost as noisy — and a very fast means of getting from hither to thither — including out to the fishing holes in the river!

7th Line

Mrs. Gladys Sly, Ken Smiley and Walter Kilgour attended the Co-operative Federee meeting in conjunction with Quebec Farm Forums and Quebec Farmers Association last Wednesday and Thursday at the Queen Elizabeth Hotel in Montreal.

Seventh line Farm Forum

The Seventh line Farm Forum met on Monday evening at the home of Mrs. Wilbur Horner. The topic for the evening was "Freight Rates". To the question 1. Should Farm policy attempt to equalize opportunities in all provinces" ,the answer was yes, if possible but not probable, and to the question "Do you think a feed freight assistance policy makes a contribution to equalizing opportunity", the answer came back, yes, it definitely helps providing it could be properly administered but so far the farmer hasn't been benefiting by this."

After the discussion refreshments were served and a birthday cake to celebrate Mrs. Wilbur Horner's birthday and Everett McDowell's birthday (both February 9) was enjoyed by all present.

Next forum will be at the home of Mr. and Mrs. Lloyd Conolly.

Aylmer district Friendship Club

Thursday evening Aylmer's oldest youngsters launched their own social activities at the inaugural meeting held in St. Mark's Church Auditorium. First item on the agenda was selection, or confirmation of the provisional executive, and second was the choice of a name. With suggestions running all the way from the "Sourdoughs" to the "Senior Citizens" it emerged that ten of the members had selected "Friendship Club" — so the Aylmer and District Friendship Club was launched. Despite a bitterly cold night, 35 members turned out for an evening of cards, a sing-song, and refreshments served by the members of St. Mark's CWL.

The next get together will take place on February 18th in the auditorium of Aylmer United Church, also on Main Street.

Provisional officers of the executive are: Mrs. Carroll Boucher of St. Mark's CWL; Mrs. Carman MacKenzie of Aylmer United, Mrs. George Kelley of Christ Church, Miss Claire McDermott of St. Paul's and Mrs. Beverly Kerr of St. Andrew's Presbyterian.

Father Joseph Welch, pastor of St. Mark's in welcoming the members to the first gathering stressed that he was glad to see all creed and cultures in the town well represented. Anyone wishing to attend the next meeting, and in need of transportation, should get in touch with any member of the executive.

Quebec will have 2 Liberal parties except in Pontiac

by Jim Robertson

A meeting of the Pontiac Liberal executive was held last Wednesday at Campbell's Bay. Main topics of discussion were Quebec organizational changes and a possible spring convention.

From now on there will be two Liberal organizations in Quebec, one Federal and one Provincial. The only exception to this will be in Pontiac and Temiskamingue where the Liberal organizations will come under Provincial jurisdiction only.

In the Provincial organization the old system of selecting convention delegates has been abolished. Henceforth every card carrying Liberal in the riding will have the right to vote at a convention. The card carrying delegates must be over 18 years of age and must have had their cards for 30 days.

Sufficient cards are now in the hands of local secretaries to supply all the Liberals in Pontiac.

President S. Wyman MacKechnie advised the meeting that a convention would be held in Tmeiscamingue if a Federal election were called. In this forthcoming Federal Convention the delegates would be card carrying Liberals selected by the poll-chiefs.

Treasurer Hugh Proudfoot stated the financial position of the Association, and indicated that the treasury was in a healthy state as a result of the banquet held in Shawville.

At this meeting considerable discussion centtered around the possibility of a spring election. Hugh Proudfoot stated that in his opinion there would be one. President MacKechnie hoped an election would not be necessary, but said that the Liberals must be ready just in case.

The last item of business was the nomination of a committee to work in cooperation with Temiscaming in preparing for a convention.

She was married on September 20, 1898, to the late Robert George Hodgins. They had four children, Reilly, Cornwall, Morley, Shawville, Roberta (Mrs. Wynn Dickson), Pointe Claire, and Melvin, Brockville. Also surviving are 9 grandchildren and two great grandchildren.

AYLMER COUNCIL

Aylmer Council expressed congratulations to the Aylmer Volunteer Fire Brigade and to the works department of the town at its regular meeting on Monday night, February 1st. In a technical and unusual move Council found itself in the position of having to authorize the legal sale of property to itself in order to clear titles on properties resold many years ago. The action was taken on advice of the Town Solicitor at the request of the purchasers of the properties which were not identified other than by lot number.

Congratulations were handed to the works department because of the very efficient way in which they have handled the snow removal job when Aylmer received some 9 inches of snow in a 48 hour period. In all that time four of the town employees, had very little time off for sleep. As one alderman put it, the streets were in much better shape than in town".

Council was formally notified by the Fire Brigade that they had placed second in their class in the province for Fire Prevention Week. This gives Aylmer the highest standing of all municipalities in Western Quebec, and the council was duly appreciative of the fact. The awards will be presented at the annual association of Fire and Police Chief's Convention to be held later this year.

Alderman J. E. Whelan offered notice of motion to present the bylaw fixing Aylmer's tax rate as the budget is brought down at a forthcoming meeting.

A GENERAL MOTORS VALUE

Multi-stop city driving calls for CHEVROLET

workpower

Says W. M. Browne, Toronto Caretakers, Toronto, Ontario. "We have used panel trucks of various makes for the past 15 years. Nine months ago we put six Chevy-Vans into service and, from our experience with these, we have purchased six more.

"Accurate comparative analysis of our vehicle operation proves Chevy-Vans to be most economical. The six-cylinder engine is really lively with plenty of power. Gas mileage is very good and has given us a substantial saving per unit.

"Manoeuvrability in city traffic is excellent, resulting in reduced time between calls. Mechanically, Chevy-Vans have proved to be first-class—we have had no failures.

"In summary, I would say that Chevy-Vans are far superior to any units we have previously operated."

Caldwell

Monday, February 8, the roads all looked like a skating rink and the children thought Blue Monday was going to turn out the opposite as surely the school bus couldn't come on such roads. Walter Kilgour was out on the 7th Line good and early sanding, while the children at Caldwell looked on with disgust. The roads were going to be passable after all and mostly everyone would be picked up for school. Children never think of what roads like these would mean to the bread winner or to some who have to walk on them if we didn't have faithful men like Walter Kilgour to look after our roads. Thanks Walter regardless of what the children say, they don't always mean it.

Mrs. Tom Glenn of Chelmsford spent a few days with the Ivan Orrs.

Agricultural Extension

A month or so ago, we included an item "What is a Farmer?". We received many favorable comments on it, including a letter from a lady who felt that the farmer's wife should be given equal time. She took the trouble to write a companion piece, and with her permission, here it is. I regret that she prefers to remain anonymous, but I can say she lives "somewhere in Quebec".

"What is a Farmer's Wife? A farmer's wife is found in the kitchen baking bread, sweeping up chaff after, patching patches, peeling, preserving, pickling. In the cellar sprouting potatoes, in the garden planting seeds, pulling weeds, covering vines before a frost, but mostly in the kitchen.

She can be found in the bush picking raspberries, getting the cows while the men get another load of hay, driving the tractor for stone pickers, holding wire for fence fixers, taking drinks to the field and shopping in town on a rainy day, always on a rainy day.

Husbands take them for granted, city relatives feel sorry for them, few women envy them. She can make over, make do or do without. Nobody eise can make such a pretty bedspread out of a few sugar bags, an emergency meal out of a cup of macaroni or a crunchy piece of toast on top of an old range.

She can paper the bedroom ceiling, pluck a chicken, fix a broken clothes line, put a new rope on a sled, clean the stovepipes and keep a meal warm for hours.

She must be crafty and play her cards well. If the table is set he thinks the dinner is ready, if she wants a window over the sink it must be his idea, if she wants to do shopping she starts the family wash.

Her own kids feel sorry for her isolation, town kids like her popcorn, homemade fudge, doing the Watusi in her living room and her invitations to stay for supper.

She learns to live with fear of snow blocked roads when the baby needs a doctor, being alone in a thunder storm and chimney fires. But the cry "The cows are in the garden!" can stop her heart beating.

She doesn't worry about grey hair, reducing diets or wrinkles. She has little use for ballet, cake mixes, lounging pyjamas or interior decorators.

She likes comfortable shoes, a cat behind the stove, an occasional Sunday with no company, petunias and a little extra treat in with the groceries when hubbie does the shopping.

When a prize annual dies or a crop is poor, she can fill a discouraged man's heart with new hope with "It's not the end of the world, we'll manage".

Farm Machinery Syndicate Loans is the title of a new pamphlet we received this week from the Farm Credit Corporation. It gives an example how a syndicate could be formed under the new legislation.

"Three farmers each operating a livestock, forage crop and grain program decide that their operations permit them to profitably share the use of a forage harvester and other matched forage handling equipment costing a total of $6,000. Based on the feed to be handled on each farm farmer A will require its use 50% of the time, farmer B 30% and farmer C 20%. They agree in advance that all payments they will make towards the capital investment in this equipment will be made in these proportions. (They may make different arrangements to cover operating costs according to the specific circumstances under which they will operate.) Thus, the $1,200 down payment will be allocated $600 to farmer A, $360 to farmer B and $240 to farmer C.

"They agree to apportion the remaining capital cost of $4,800 spread over 7 years, on the basis of $2,400 to farmer A, $1,440 to farmer B and $960 to farmer C."

The Corporation is prepared to give advice and assistance to any group of farmers in organizing and in financing the operation of a syndicate.

If you would like a copy, I would be pleased to get one for you.

Rev. Dennis J. Harrington, Bristo

THE HOLY SPIRIT SPEAKS

"My great work for mankind is that of leading them to their salvation. God, the Father created the World, God the Son Redeemed it, God the Holy Spirit must sanctify it. All three functions are necessary for man to be saved. All individuals must acept these bounties done for them and cooperate with the Person of God, who acted and acts on their behalf.

Most Christians find no difficulty in realizing what God the Father did for them, and out of gratitude for their creation, strive to know God, to love Him and to serve Him. They are faithful in prayer and love to recite the beautiful prayer taught us by God, the "Our Father". The graces which came to them and continue to come to them through Christ's Incarnation and Redemption, they recall at Christmas time and on the anniversary of Christ's death, and they do this by acts of charity and of sacrifice. But unfortunately many do nothing to show appreciation for what I, the Holy Spirit, have done for them, and very few cooperate with me in the work that is still to be done. Those who were baptized and became Christians received me into their souls at that important moment and they became, as Paul explains to the Corinthians: Temples of the Holy Spirit. Some, in reciting their Creed, or the summary of their beliefs, say: 'I believe in the Holy Spirit', but their devotion to me ends there. They have one special prayer to be directed to Me, which they have learned by heart, for frequent use.

They do not realize that I have seven wonderful gifts, very helpful and often necessary for their redemption: Wisdom, understanding, counsel, fortitude, knowledge, piety and fear of the Lord, as well as twelve wonderful fruits, which brings them in contact with the twelve moral virtues, of which they have most need: Charity, Joy, Peace, Patience, Benignity, Goodness, Longanimity, Mildness, Faith, Modesty, Continency and Chastity.

Many Christians today resemble the twelve disciples of Ephesus, who, though they were baptized ,had little or no knowledge of the Holy Spirit. When Paul asked them "Have you received the Holy Ghost since you believed?" They answered "We have not so much as heard whether there be a Holy Ghost". It took the laying on of the hands of this Bishop of Ephesus before they were filled with the Holy Ghost so they could speak with tongues and prophesies. Do we really believe that there be a Holy Spirit? If we do, what role is He playing in our Spiritual Life?

Shawville
TEEN & 20

The dance on January 29 was a success. There were many teenagers there, although not as many as had been hoped. If we do not have the support of the teenagers in the Shawville area, we will have to discontinue the Teen and Twenty Club.

The executive will meet sometime this month to discuss the possibility of another dance. Our profit from the last dance was $19.35.
