German Attacks Are Everywhere Repulsed

Indications Point To Further Hun Retreat

Americans Advance Lines Slightly in Fierce Fight—Germans Fear Allied Offensive—Allies Carry Bombing Raids Into Germany—Germans Have Won No Success in Effort to Resume Offensive.

(Canadian Press Despatch)

WITH THE AMERICAN ARMY ON THE AISNE-MARNE FRONT, July 31.—(By the Associated Press)—Through a barrage as deadly as any the Germans have laid down on any sector for months, the American soldiers, comprising men from the middle west and eastern States, pushed their line forward a little more yesterday and last night it formed the apex of the long Allied front.

Their progress was considerable, though less than two miles, but it is regarded as a brilliant operation, in view of the determined countering by the Germans.

FRENCH AND AMERICANS MAINTAIN POSITIONS.

(Canadian Press Despatch)

PARIS, July 31.—American troops maintain their positions in the region of Seringes-Et-Nesles, which they carried after violent fighting, according to an official statement from the War Office today.

The Germans made four attacks against the new French positions east of Oulchy-Le-Chateau. They were repulsed and the French line was held intact. The French and the Germans carried out a raid at a number of other points on sectors east and west of the Marne salient but there was no change in the general situation at these points.

BELIEVE GERMANS WILL RETIRE FURTHER.

(Canadian Press Despatch)

PARIS, July 31.—(Havas Agency)—French aerial observers, says the Matin, report that there are signs behind the present German battlefront of preparations for a continuation of the retirement northward.

The enemy is destroying much material and big fires have been seen. The newspapers generally point out that the fighting Tuesday was marked by brisk but vain enemy reactions. They believe that the German line of resistance has been reached although the Allies were able to make additional gains.

Military experts do not believe that the Germans have yet reached the end of their retiring movement.

FRENCH OFFICIAL TELLS OF ENEMY REPULSE.

(Associated Press Despatch)

PARIS, July 31.—The morning French official statement follows:

"After a heavy bombardment the Germans attacked the new French positions east of Oulchy-Le-Chateau. Our troops repulsed four enemy assaults and maintained their lines intact.

"On the right bank of the Ourcq there were lively combats northeast of Fere-En-Tardenois. The village of Seringes-Et-Nesles passed from hand to hand, but was finally taken by American troops in a counter-attack.

"A number of raids were made by the Germans near Mesnil-Et-Georges, west of Mont Didier; in Le Pretre Wood on the right bank of the Meuse and in the Vosges. They were without result. Our troops made successful incursions into the German lines northeast of Perthes-Les-Hurlus (in Champagne) and brought back prisoners. The night was quiet on the remainder of the front."

GERMAN ARTILLERY ACTIVE ON FLANDERS FRONT

(Canadian Press Despatch)

LONDON, July 31.—The German artillery displayed considerable activity last night in the region of Merris, on the Flanders front, taken yesterday by the Australians, and in the Kemmel sector, the War Office announced today.

It was also active on both sides of the Somme. Prisoners were taken in raids and patrol encounters in the Lens region and north of Bethune.

AVIATOR USES THE PARACHUTE

AMERICAN OFFICIAL REPORT

(Canadian Press Despatch)
WITH THE AMERICAN ARMY IN FRANCE, July 31.—(By the Associated Press)—Captain Sarret, a French aviator, has carried out the first experiment on record of falling from a moving airplane with a parachute. He dropped 800 yards with an umbrella twelve yards in diameter, and landed safely. Although Sarret's trial was made at a height of 800 yards, it is declared there is no obstacle to jumping a greater distance, since the parachute has an even better chance to open. When successful, the employment of parachutes will save the lives of many aviators, as they will be able to leave their flaming machines.

(Canadian Press Despatch)
WASHINGTON, July 31.—Repulse of enemy counter-attacks on the line of the Ourcq, after severe fighting and improvement of the American positions there were reported in General Pershing's communique for yesterday, received today at the War Department.

NEW FRENCH CONSUL FOR MONTREAL

(Canadian Press Despatch)
MONTREAL, July 31.—Auguste Henri Ponsot, Chief of the Secretariat Department of the Financial and Commercial Affairs and of the Department of Education in the French Ministry of Foreign Affairs, has been appointed Consul-General of France at Montreal, in succession to C. E. Bonin, who has been named to head the French Legation at Bangkok, Siam. Mr. Ponsot has had a distinguished career in the French consular service.

EARL'S DEATH AN ACCIDENT

(Canadian Press Despatch)
LONDON, July 31.—The coroner's jury rendered a verdict that the Earl of Lichfield came to his death through an accident. He was engaged in duck shooting at the time of his death.

RETURNED MAN IS VICTIM OF GUN ACCIDENT

Private Healey, of West Sheffield, Lies in the St. Vincent De Paul Hospital Suffering from Gunshot Wounds.

Pte. Richard Healey, who has just recently returned from overseas, was the victim of a serious accident which occurred at West Sheffield yesterday, and today lies in the St. Vincent de Paul Hospital suffering from severe gunshot wounds about the breast. The young man, who resides with Mr. Besette, was teaching one of his friends the art of shooting. His friend was attempting to knock down a hat with the aid of the weapon, but in some manner missed his object, and instead Pte. Healey received the lead.

A doctor was called, and he advised that the injured lad, who is only twenty-three years of age, be taken to the Sherbrooke Hospital. An X-ray examination was made this morning at the hospital, and it was found that it will not be necessary to perform an operation.

Condition is worse.

Jos. Cousignat, who was seriously burned in the fatal powder explosion which took place recently at the Canadian Explosives Company's plant at St. George de Windsor, is reported to be in a very serious condition at the St. Vincent de Paul Hospital this morning. The condition of the unfortunate man is worse today, according to the medical report, although hopes are still entertained for his recovery.

WHAT NEW DRAFT TREATIES REALLY MEAN

Americans, Canadians and Britons of Ages 21 to 31 Given 60 Days in Which to Enlist.

(Associated Press Despatch)
WASHINGTON, D.C., July 31.—It is estimated that some fifty-four thousand American citizens in the British Empire, including thirty-six thousand in Canada and two hundred and fifty thousand British subjects, and sixty thousand Canadians in the United States will be affected by the draft treaties.

American citizens between the ages of 21 and 31—the American draft age—resident in the British Empire, will be given sixty days from today in which to enlist, or return to their own country for service, but after that time they will be subject to draft unless they have been granted exemption by the American Ambassador as provided in the treaty.

All British subjects and Canadians between the ages of 21 and 31, the State Department explained, who have made declaration of intention to become citizens of the United States, and who are liable to service under the Draft Law, may during the sixty days from today enlist or enroll voluntarily in the British or Canadian recruiting station in the United States, or may leave the country for the purpose of military service in their own country.

GERMANS FEAR ALLIED OFFENSIVE

Prisoners State that Whole Battalions Have Been Wiped Out.

(Canadian Press Despatch)
LONDON, July 31.—(Via Reuter's Ottawa Agency)—The press correspondent with the Canadian forces telegraphed today:

"Prisoners captured in one of our 'big little' raids on July 26 state that the German troops are no longer boastful about the coming offensive. On the contrary, although prisoners claim there are thirty reserve divisions between Amiens and the sea, the Germans are in deadly fear of anticipated attack by the Allies.

"The raid mentioned was successfully carried out by men from Saskatchewan. It nipped in the bud a similar German project which was intended to ascertain if any Americans were acting with the troops from the Dominion.

"Ontario troops carried out another raid in which a dozen of the enemy were killed, two taken prisoner, and machine guns captured.

CAPT. PASSOW, WELL KNOWN SEAMAN, DEAD

Had Crossed the Atlantic Almost One Thousand Times and Never Met With an Accident.

Death removed a well-known and renowned seaman this morning in the person of Captain F. M. Passow, who passed away at the Sherbrooke Hospital after a rather lengthy illness, during which time he underwent two operations in an effort to prolong his life. Captain Passow was known at almost every port, for during his career he had crossed the Atlantic Ocean almost 1,000 times without experiencing a single accident worth while reporting, and it is the general opinion that he held the record in that respect. He was a bold, but careful, com. and, and his fine personality gained him many friends.

It was only two years ago that the late Captain Passow was performed to give up his career as a commander of a sea-going vessel. He was very anxious to continue his career but his health broke down and he was not able to pass the medical examinations. Consequently he retired from service after serving forty-seven years on the seas, and took up his residence at Lennoxville, where he was well known and highly respected. The deceased, who was 67 years of age when overtaken by death, had a very historic career, for, in addition to crossing the Atlantic almost 1,000 times and not meeting with a single accident, he took a prominent part in the Spanish-American war, when he was in command of the American auxiliary cruiser Harvard. Just previous to the war he was in command of the St. Paul, of the American line, which plied between New York and Southampton, while after the declaration of war his vessel travelled between New York and Liverpool.

Born at Halifax, N.S., the son of the late F. M. Passow, who was employed in the civil service, Captain Passow went to England at an early age, and was educated there. Early in life he went to sea and has been a successful career. He was married at the age of 40, and made his home in England for the greater part of his life.

Two weeks ago the late Captain Passow took a turn for the worse, and was removed to the Sherbrooke Hospital, where he underwent two operations.

He is survived by a son, Mr. F. M. Passow, manager of the Eustis Mines, and a daughter, Mrs. Herbert Stewart, wife of Col. Stewart, U.S.P., who is in England, and three sisters. The funeral will take place tomorrow afternoon.

STORY OF TRAGIC DEATH OF NICHOLAS

A Berlin Paper Claims to Have True Account of Execution of Former Emperor.

(Canadian Press Despatch)
AMSTERDAM, July 31.—Given two hours in which to prepare for the end, Nicholas Romanoff, former Russian emperor, was taken out by his executioners in a state of such collapse that it was necessary to prop him against a post, says the Lokai Anzeiger of Berlin, which claims to have received from a high Russian personage an account of the emperor's last hours.

Nicholas was awakened at five o'clock on the morning of the day of his execution by a patrol of non-commissioned officers and six men. He was told to dress and was then taken to a room where the decision of the Soviet Council was communicated to him. He was informed the execution would be carried out in two hours.

The former emperor, it is added, received the announcement of the sentence of death with great calmness. He returned to his bedroom and collapsed in a chair. After a few minutes he asked for a priest with whom he was allowed to remain unattended. Subsequently he wrote several letters.

When the escort arrived to take him to the place of execution Nicholas attempted to rise from his chair, but was not able. The priest and a soldier were obliged to help him to get to his feet. The condemned man descended the stairs with difficulty, and once he fell down.

As he was unable to stand without support when the place of execution was reached he was propped against a post. He raised his hands and seemed to be trying to speak, but the rifles spoke and he fell dead.

"The Canadian casualties were light."

HUN LOSSES VERY GREAT IN PRESENT BATTLE

Prisoners State that Whole Battalions Have Been Wiped Out.

(Canadian Press Despatch)
LONDON, July 31.—The Reuter correspondent with the American army on the Aisne-Marne front sends the following under Tuesday's date: "Yesterday was a day of ceaseless fighting, in which little actual progress could be made. The enemy offered a most determined resistance and brought up fresh troops, but although he delayed us for a day, my conviction is unaltered that the Germans have no intention of standing this side of the Vesle.

"Prisoners report severe losses. Two stretcher bearers say their company went into action with reduced numbers, and that this morning the commanding lieutenant told them that only thirty men were left, while during this morning's fighting all the remaining thirty were killed. Almost all their casualties, the prisoners say, were from rifle and machine gun fire. "The enemy is still retreating, but it is very plain that we have slow work before us."

WHEAT FROM MIDDLE WEST

(Associated Press Despatch)
NEW YORK, N.Y., July 31.—European bound wheat from the middle west, now shipped by way of Canada, will be brought through the Great Lakes and the Erie Canal and aboard trans-Atlantic vessels at his port after mid-August, according to General Manager Tomlinson, of the New York Canal System of the Federated Railroad Administration.

GERMANS SUNK SPANISH SHIP

SPAIN VIEWS INCIDENT AS MOST SERIOUS SINCE WAR BEGAN

(Canadian Press Despatch)
PARIS, July 31.—A despatch to the Havas Agency from Madrid says the Spanish newspapers assert that the torpedoing of the Spanish steamer Ramon De Larrinaga, is the gravest incident that has occurred between Germany and Spain since the beginning of the war. Eight Spaniards perished in the disaster, and the petroleum which the ship carried, together with that burned aboard the Spanish freighter Serantes in New York harbor, constituted almost the entire stock assured to Spain under the Spanish-American agreement.

The above despatch is the first intimation that the Spanish steamer Ramon De Larrinaga had been sunk. She was a vessel of 2,975 tons and was owned in Bilbao. She was last reported as arriving at an American Atlantic port on May 29.

GIGANTIC COST OF WAR TO GT. BRITAIN

Expenditure is Now \$34,930,000 Per Day, or \$25,000 a Minute.

(Canadian Press Despatch)
OTTAWA, Ont., July 31.—The war is costing the people of Great Britain the gigantic sum of \$34,930,000 per day, or \$1,455,000 every hour, or nearly \$25,000 a minute, according to advices received from the British Ministry of Information by the Director of Public Information here.

Britain's national debt has increased during the war from \$3,225,000,000 to \$39,900,000,000, or in excess of twelve times over, and yet she is paying all—and much more than all—her debt charges out of current taxation. Before the war the people of Great Britain paid taxes amounting to approximately \$1,000,000,000 a year; today they are paying taxes to the tune of \$3,270,000,000 annually. In spite of this, Great Britain raised her third war loan of \$5,000,000,000.

FRUIT NOT A NECESSITY

SO PRICES WILL NOT BE FIXED, SAYS CONTROLLER THOMPSON.

(Canadian Press Despatch)
TORONTO, Ont., July 31.—Because fruit is not a necessity of life, and it would be unfair to the growers, fruit prices are not fixed, Food Controller Thompson stated here today. Besides, he declared, it would discourage production, to the detriment of a country if a low price were fixed on fruits. The Food Controller said that experiments are being made at the present time to ascertain the advisability of going in for the dehydration of vegetables on an expensive scale. The country's sugar supply, he said, is getting shorter, but no further restrictions are at present contemplated.

KEEP BACK NEWS OF AMERICANS

(Canadian Press Despatch)
PARIS, July 31.—Information reaching Paris from Swiss sources tends to show that the Germans are still trying to keep from the German people the fact that American troops are now engaged in battle with the Germans on the Soissons-Rheims sector. These advices say that the Germans recently stripped the uniforms from a number of Americans they had made prisoners and gave them other clothing to wear.

THE WEATHER FINE TODAY AND THURSDAY.

Light to moderate winds, fine today and Thursday, and on Thursday a little warmer.

HOG PRODUCTION

It is a matter of the greatest importance that Canada should increase her production of BACON HOGS and other live stock as there is at present a world-wide shortage of meat. Good markets for some time to come are assured.

THE CANADIAN BANK OF COMMERCE will gladly make loans to assist farmers in good standing to acquire live stock.

Norton, of Boston, the largest Jack Manufacturer in the world. His voluntary testimonial regarding ZUTOO follows: 286 Congress St., Boston, Mass. 'I have been a sufferer from Headache since childhood and have used all, or nearly all the so-called 'cures' on the market. Some months since my attention was called to Zutoo Tablets and I have been using them ever since with the most gratifying results. I find they cure a 'sick' or 'nervous' headache in a few minutes and leave no bad effects. My family use them whenever needed with equally good results. I have frequently given them to friends who were suffering from Headache and they never failed to give quick relief. I always carry Zutoo Tablets in my grip on the road and WOULD NOT BE WITHOUT THEM AT ANY COST.' A. O. NORTON. 25 cents per box--at all dealers

WAR GARDEN BULLETIN.

(Issued by Canada Food Board)

"That's the style, Sonny. You have the geysir idea. Now, when I was a youngster like you all I knew about hoeing was to make a bee-line straight at the poor vegetables until they were nearly washed out of existence. But when you shoot it up into the air, presto! the watering has the same effect as rain. It is gentle and helpful."

How often in passing some one's garden do you see the hose directed slap bang at the vegetables! Only here and there do you find the gardener who waters his ground in a skilled and gentle manner."

FOOD BOARD FLASHES FOR FEMINE FOLK

More and more are we realizing on this continent that the efforts being made by the women of Europe to cope with the conditions in which they find themselves are little short of superhuman. Take the case of Paolina Benedini, an Italian widow whose five sons are under arms. She has just received an award from the Agricultural Department of Italy.

She was left with three grand nephews and ten nephews and nieces, ranging from 1 to 12 years of age. Not only did she provide for this large family but in addition she cultivated a farm of ten acres and raised 15 head of cattle without any outside aid.

Surely she was as deserving of decoration as the Red Cross nurses, whose bravery and devotion to duty have placed them on the country's honor list.

Arrivals and departures: Mrs. G. Sheldon, to Newport; Miss Lynn Shufelt to her home in Cowansville; Mrs. Wm. Liffiton, and Miss Dorothy, visiting relatives in Hamilton, Ont; Misses Hilda O'Hara and Maude Smith, to the Knowlton Conference, accompanied by Miss Lucia Graves, of Waterloo.

Miss Blanche Lareau has returned to Montreal, after a few days with her aunt, Mrs. Portelance.

branch. Mr. and Mrs. F. A. Johnston returned Monday from a delightful trip through the White Mountains and other places of interest in New Hampshire.

The special children's day service in the Congregational Church on Sunday morning was a delightful change, and a very pleasing cantata entitled "Summer's Crowning" was successfully given by members of the Sunday School. An anthem by the choir and a quartette by four of the younger members of the choir were well rendered. There were choruses by the Sunday School pupils. The church was decorated with beautiful flowers and flags. The infant daughter of Mr. and Mrs. E. P. Lyon was christened during the service, Kathleen Helen. The devotional exercises were led by the pastor, Rev. Churchill Moore, assisted by the Rev. Elwin Hitchcock, of Newport, N. H., and the Sunday School superintendent, W. E. Hunt.

Sunday morning next, Rev. Elwin Hitchcock, a guest of Mr. W. E. Hunt, will address the congregation in the Congregational Church.

Messrs. Harold and Albert Johnson spent Sunday with their parents at Glen Villa.

The farmers have been taking advantage of the good weather and haying is advancing rapidly.

NOTES FROM THE THREE VILLAGES

ROCK ISLAND.

After fifteen days of extreme heat and no rain over this section, the record was broken at midnight on Monday by a heavy rain and thunderstorm. This lasted fully an hour and the lightning was most vivid, and mostly a continuous series of flashes. This storm was followed after a half an hour pause by one much more severe. No damage has been reported in this section. Light rains fell the greater part of the balance of the night and Tuesday, and the Tomfovia river that was reported last week as lower than at any time for a number of years, is now at floodtide, conclusive proof of the heavy fall of rain in a few hours. The streets in some sections are badly gutted, the ditches and culverts full, the sidewalks an inch or more covered with mud, grain in localities being laid flat with the force of the downpour of wind and rain.

Miss Annie Gilmore is spending a few weeks in Sherbrooke the guest of Mrs. J. D. Gauthier.

Mr. and Mrs. Atwood Caswell, of Lyndonville, Vt., were in town last week calling on friends.

A little eight-year-old girl had a close call from probably instant death on Tuesday afternoon on Main street in front of the Rock Island Drug Store, when she dodged out from the sidewalk in front of an automobile while in play with other children. Happily the driver was going very slowly and the car was fully under control, the mud guard barely striking the little girl enough to throw her to her knees.

DERBY LINE.

The artesian well that is being drilled for the International Water Company east of the village and above the main reservoir, is now about 350 ft. deep and is now producing about twenty gallons of water a minute, or 28,000 gallons each 24 hours. It is planned to drill 100 ft. below this point which will make the well 450 feet deep and should produce an abundance of pure, clear, cold water.

The New Wilson Player Piano

Has The "Floating Rail" Invention.

The theory of the Floating Rail is almost the reverse idea to all other methods of hammer rails on Player Pianos. The principle of the Floating Rail is that when the Player is being blown with a minimum of pressure, the hammers automatically work forward toward the strings, and when the Player is pumped forcibly the "Floating Rail" automatically brings the hammers back from the strings, making a long stroke. More beautiful expression can be given to music by the simple blowing of our new Wilson Player alone without the operation or use of any buttons than in any other Player known.

THE CANADIAN SOLDIERS CELEBRATE DOMINION DAY

Letters from Colonel Worthington Tell of Programme Carried Out By the Lads.

Letters from Colonel E. B. Worthington, O.C. of the Canadian Base Camp at Etaples, France, speak of the celebration there of Dominion Day. On June 30, the eve of Dominion Day, the decoration of Canadian graves took place by the Canadian nurses and soldiers, under the auspices of the Canadian Chaplain Services.

The printed programmes, headed "Dulce et decorum est pro patria mori," besides the words of "O Canada" and of the hymn, "For all Thy saints who from their labors rest," gave the order of service, a verse from one of Rupert Brooke's poems entitled "The Dead," and the well-known poem by the late Col. John McCrae, C.A.M.C., "In Flanders Fields."

Next day, at Le Touquet polo grounds, the sports were held, including the usual races, a cricket match between two base depot teams, and a championship baseball match between a picked team from the bases and outside American or Canadian soldiers. Light refreshments were served free from Y.M.C.A. and mess marquees. All events were judged under the rules of the Amateur Athletic Union of Canada. A clown competition caused much amusement. The weather was fine, and everyone tried to put the war and all its works away from their minds for a day at least.

HOUSEWIVES' LEAGUE TO CAMPAIGN FOR BETTER FRUIT SUPPLY HERE

Matter of Eggs Was Taken Up and is to Be Dealt With at an Early Date—Other Plans on Foot.

"There are many matters waiting for us to consider," said the president of the Housewives' League at a recent meeting, and the subjects of a better egg and fruit supply here were discussed, some insight into the present condition of things being given the members by the president, who had made enquiries from authentic sources. The project of buying a large quantity of eggs for the benefit of the League members was necessarily laid over for later consideration, as it is impossible to get eggs now, but will be taken up again.

It was decided to begin the "hammer and tongs" system, for which the Housewives' Leagues are noted in other cities, and will be in this, regarding fruit supply. "Other Leagues have brought about improvements, and we are going to do the same," was Mrs. Odell's statement, and the members were unanimous in their desire to work for this necessary improvement. The co-operation of the Market Committee and leading merchants is greatly appreciated by the League, and means success in their work.

ANNUAL CAMP MEETING AT MAGOG

Will Be Held From August 3rd to 11th, Inclusive, and Pastors are Invited to Attend.

The Lakeview annual camp meeting will be held at Magog, Que., from August 3rd, to 11th, inclusive. A number of able speakers are expected to be present during the entire session to preach the gospel. The children's meetings will be in charge of Miss L. Grace Prior, of Morrisville, Vt., who is a very competent and successful worker with children and young people. The singing will be conducted by H. E. Dean, of St. Johnsbury, Vt., who is well known for his ability to successfully conduct this branch of the service. The services will be in charge of the president, Rev. C. W. Shattuck, of Lynn, Mass., assisted by the Vice-president, J. E. Lary, of Exeter, N. H. The steamer Anthemus will run from Newport, Vt., to Magog, Que., Tuesdays, Wednesdays, Fridays and Saturdays, returning the same days. All pastors and churches of the I.A.C. Conference are invited to attend the camp meeting this year.

DISCOVERED A WANDERER.

Constable Messier was rather surprised to discover a steed wandering along King street at an early hour this morning, and took the wanderer in charge. However, later Mr. Thos. Rousseau claimed the horse.

SPLENDID SUM WAS REALIZED

The garden fête given by the De Laval Chapter, brought in the splendid result of \$173. The articles raffled were a little pig given by Mrs. E. W. Tobin, which was won by Miss Beattie Beaudry, of Bromptonville, and which added the handsome sum of \$55 to the fund. A dozen fresh eggs given by Mrs. Horace Roy were won by Mrs. T. McClay. An oriental scarf given by Mrs. Campbell has not yet been raffled. The proceeds of the fête are to be devoted to the French Red Cross.

NORTH HATLEY SOCIETY BECOMES BRANCH OF THE SHERBROOKE P. A.

Final Arrangements Made at a Special Meeting Held Last Night and Officers Elected.

The North Hatley Patriotic Society, which has hitherto been an independent body, have decided, in order to avoid the expense and trouble of incorporation, according to the War Charities Act, to become part of the Sherbrooke Patriotic Association.

The resolution was carried into effect last evening. Mrs. C. H. Bowen, president; Mrs. DeLottinville, Mrs. Drury, Mrs. W. E. Paton, Mrs. Parmelee, officers of the S.P.A., and Mrs. A. F. Fraser, convener of the work committee, drove to North Hatley and were cordially received by the members of the society.

The Rev. E. B. Husband, rector, presided at the meeting, which was well attended and quite representative, a number of the American summer visitors being present.

"The reorganization was completed, officers elected, conveners of committees appointed and hearty co-operation promised, the new name of the society being "The North Hatley Branch of the Sherbrooke Patriotic Association." An address was made by Mrs. Bowen, who spoke of the aims and objects of the association, the various relief movements assisted the large amount of money raised, and the many patriotic enterprises engaged in. "Every appeal has been responded to, and the association had lived up to its name and to its high standard," she said.

Mrs. Arthur Fraser explained the connection of the work committee with the C.W.C.A. in England, and gave a brief account of what this association was accomplishing in England for the soldiers at the front.

The utmost friendliness and enthusiasm prevailed, and the evening was pleasantly and profitably spent.

In England and France from 15 to 30 per cent. of wheat substitution, chiefly corn, barley and rice are required by the food scarcity in the milling of flour. The people of Great Britain are now making or consuming white bread.

A Baby's Skin

What is so beautiful as baby's soft, smooth, velvety skin? And how is it to be kept free from chafing, irritation and distressing eczema? This is every mother's question. Many have found the answer in the use of Dr. Chase's Ointment. Applied after the bath, this soothing, healing ointment overcomes irritation of the skin and prevents the development of eczema and other annoying skin diseases.

MANY PAY LAST TRIBUTE TO LATE HON. H. AYLMER

Highly Respected and Well Known Resident Buried Yesterday Afternoon—Beautiful Floral Offerings Received.

The funeral of the late Colonel, the Hon. Henry Aylmer, took place yesterday afternoon, from his residence to St. George's Church, and from there to the old English cemetery, Sherbrooke, where the interment was made in the family lot. The service was conducted by the Rector, Rev. R. W. E. Wright, assisted by Rev. Prof. Vial, and Rev. Prof. Burt, of Bishop's College. The choir sang the hymns "There is a Blessed Home," and "How sweet the name of Jesus sounds," both favorites of deceased.

The church was filled with friends of deceased and family, many from a distance being present to pay their last tribute to a well-known and highly respected citizen. The bearers were: Messrs. W. J. McKindsey, Hugh McFadden, Chas. White, Arthur Spied, C. F. Wiggett and C. J. Lane; pall bearers, Col. Bernard, Col. Harkom, J. A. Cochrane, G. E. Borlase, W. A. Hale and Wm. Morris, K.C. The principal mourners were Messrs. John, Harry, Gerald and Felton Aylmer, cousins of deceased, Dr. Austin and Mr. A. Morris. Among those from a distance were Col. Harkom, of Melbourne; Col. Bernard, of Richmond; Mr. Elkins, New Jersey, and many friends from Sherbrooke and vicinity.

Floral offerings were received from the Bar of St. Francis, Lennoxville Patriotic Association, Dr. and Mrs. Austin, Mrs. John Hall, Mr. and Mrs. Gerald Aylmer, Montreal, Mrs. Lucke, Mrs. Willis, Prof. and Mrs. Vial, Mr. E. Parker, Mr. and Mrs. and the Misses Cochrane, Mr. Geo. McDougall, Mr. and Mrs. Borlase, Mrs. Andrew Steele, and Miss Wilson, and others.

SUFFERED FALL WHILE WORKING ON CITY BUILDING

Pierre Therriault Fell a Distance of About Fifteen Feet, But Did Not Sustain any Fractures.

Pierre Therriault was rather painfully injured as a result of an accident which occurred at an early hour this morning at the city's new electric power distributing station, corner of Galt and Belvidere streets. The injured man was at work in the building when in some manner he lost his balance and fell a distance of about fifteen feet. Therriault landed partly on his back, and it was at first thought that he had been seriously injured.

Lord's motor ambulance was called and the patient taken to the office of Dr. George Hume, where on examination it was found that the unfortunate man had not suffered any fractures. Consequently, he was taken to his home at 18 Bowen avenue, where he is reported to be making good progress toward recovery.

Chairs are best Upholstered in Craftsman Quality FABRIKOID

THE constant wear on chairs will quickly destroy the finish and body of any material less durable than Craftsman Quality Fabrikoid.

Fabrikoid is tough and serviceable. It is pliable and soft, but does not grow shabby or lose its original, attractive surface. It is made in shades and grains that exactly duplicate first-grade leather. For every purpose where an upholstery or covering material is required, Craftsman Quality Fabrikoid is found highly satisfactory.

Fabrikoid is on sale in most Department Stores, Dry Goods Stores and at Furniture dealers—but if you are unable to obtain it locally, write us and we will see that your requirements are supplied.

GOVERNMENT SETTLED MATTER OF TWO RANGES

Average Crop of Hay This Year But Not as Good a Crop as Last Year, is the Report from Lake Megantic District.

LAKE MEGANTIC, July 30.—(Special)—It is understood that the two ranges in the Township of Clinton, the only ranges that have settlers on them, and the assessed value of which is over \$19,000, have been attached to the Township of South Marston for municipal and other purposes. There has been a dispute over these two ranges between South Marston and Woburn for a number of years, and it is believed that the Provincial Government through the energy of Rev. Mr. Robita have settled the matter.

Hay is progressing quite favorably during the fine weather of the past week and many of the farmers have half their hay in. The crop is an average one, but not so bountiful as last year. Where the land is in good or the hay is new it is in prime condition, but where it has been grown for several years or on poor soil it is very thin and short.

Messrs. John Boyle, John Patton and E. Mills, from Lake Macconnamac, were visitors in town on Monday. Also Mr. W. S. Stuart and daughter-in-law, from Ditchfield.

Mr. and Mrs. Louis Birigneuil and child, from Sandwich, Ont., who have been visiting Mr. Birigneuil's parents, Mr. and Mrs. Louis Birigneuil, Sr., Wolfe Avenue, for a month or so, have returned home.

Mr. Charles Fletcher, son and daughter, from Waterville, Maine, after spending three or four weeks at the home of her brother, Mr. Gideon Lessard, Ness Hill, returned home last week.

Mr. Arminia Dubuc has gone to visit his uncle, Mr. Jos. Dubuc, Pifofis, for a few weeks.

QUEBEC POWER PLANT WAS DESTROYED BY FIRE LAST NIGHT

Bad Fire Broke out at St. Anne de Beupre Last Night.

(Canadian Press Despatch) QUEBEC, July 31.—The workshops of the Quebec Railway, Light & Power Company, at Ste. Anne de Beupre were practically destroyed by fire last night. The blaze broke out in the old shops and spread to the roundhouse which was also destroyed. Three freight cars and a passenger car were burned completely to their trucks. Fortunately the strong wind which was blowing did not carry the flames in the direction of the village, otherwise a serious conflagration might have resulted. The reflection of the blaze could be plainly seen in Quebec City, twenty-one miles from the scene of the fire.

ALLIED EMBASSY LEAVES RUSSIA

(Associated Press Despatch) KANDALASKA, Russian Lapland, July 31.—The Allied embassies which recently left Vologda for Archangel were not permitted to remain in Archangel, and have arrived in Kandalaska.

The embassies left Vologda July 25 in response to a message from Foreign Minister Tchitcherin, declaring that they were in great danger, and that a bombardment of Vologda was threatened for the next day. He urged the embassies to come to Moscow, but the ambassadors decided to proceed to Archangel, where they expected to communicate with their governments.

At Archangel the Soviet, acting under orders from Moscow, refused to permit the foreign representatives to remain, but placed two small Russian ships at their disposal, and aboard these they left on July 28, escorted by a Russian trawler, on an uneventful voyage across the White Sea.

On the night they were leaving Archangel it was reported that the Moscow Government had ordered that the sailing of the ambassadors be prevented.

Official reports received from Coventry yesterday show that not only have the absentees returned to work, but they are hurrying operations in the hope of making up the time lost by their strike.

PERMANENT FOOD COMMITTEE NAMED

(Canadian Press Despatch) LONDON, July 31.—It was announced that the food controllers of Great Britain, France, Italy and the United States, who have been holding

daily conferences here, have appointed a permanent committee, called the Committee of Representatives. This committee will study various programmes of food supply and transport, and co-ordinate programmes among the various commodities with shipping, and supervise their execution.

Keep the Sickroom Sanitary

IN ILLNESS vitality is low

The system can't put up a good fight against disease-bearing microbes. A patient suffering from one ailment often contracts others. That is why it is so important to keep the sickroom sanitary; to see that no dangerous germs reach the patient while in a weakened condition.

Acme Chlorinated Lime

will make the sickroom safe; no germ can live where it is used. Physicians and nurses all agree that chlorinated lime gives effective protection both to the patient and other members of the family. ACME Chlorinated Lime kills odors as well as germs; keeps the sickroom and home fresh and clean.

A wonderful sterilizer and bleacher of white goods. Simple, safe, sure.

Be sure it's ACME. Substitutes may be stale and worthless.

WELL KNOWN RESIDENTS PASS AWAY AT GRANBY

Funeral of Mrs. H. H. Collins Was Held on Monday—Mr. Jacob White Laid to Rest on Sunday.

GRANBY, July 31.—(Special.)—The funeral of the late Mrs. H. H. Collins, who passed away in Trenton, Ont., was held in the Methodist Church on Monday afternoon.

After a prolonged illness extending over many weeks, the late Mr. Jacob Smith died on Friday last at his home on the outskirts of this place.

During the month of July the Congregational Church has been closed, and union services have been held in the Methodist Church, with the Rev. A. J. H. Strike officiating.

During the month of August the Rev. A. J. H. Strike will preach in Montreal, in Douglas Methodist Church in the morning and in Calvary Congregational Church in the evening.

Mrs. William Nell, of Montreal, is visiting friends in town. Pte. A. Allen and his sister, Miss Allen, of St. Lambert, spent Sunday in town, guests of Mrs. Wiggins.

You Are Urged by The Government to Practice Thrift in Buying--to Do that You Must Study the "Ads" of the Stores

That you may not waste money through purchasing the things you need at prices higher than necessary—that you may buy where VALUES are assured as well as reasonable prices—you must study the store ads.

There is keener competition between merchants now than ever before. In an era of mounting costs—applying to commodities as well as to the administration expenses of a store—the merchant who realizes his service obligations to his customers will see to it that they shall not be required to pay a penny of tribute to profiteers. He will not merely meet competition—he will "take the offensive," and carry the war against inflated prices to a finish.

The President of the United States has said that no man should become rich through this war. The people of all of the free nations, united in the struggle to preserve their liberties, assent to this proposition. No illegitimate profits are to be collected from the people by men, either manufacturers or distributors, who place greed above the common good.

The merchant who does business in the light always advertises. He builds confidence and good will in a period when prices are shifting day by day—nearly always upward—and when the people must rely upon him to protect them from exploitation.

You owe it to yourself to study the store ads. They will keep you informed—and that is of the highest importance. They will bring you good news—enable you to manage your buying with the wisest economy—make it possible for you to provide a surplus out of your earnings for investment in the war securities and for the support of the various war activities.

INQUEST WAS ADJOURNED. Coroner Dr. Bachand went to Windsor yesterday and opened the inquest into the death of Peter Huot, who died in the St. Vincent de Paul Hospital on Sunday as a result of the severe burns he received in the recent powder explosion at the Canadian Explosives Company's plant. However, owing to the fact that several of the witnesses required were not on hand, the inquest was adjourned until August 10.

PTE. WEBSTER ARRIVES SAFELY Mr. W. R. Webster has received letters from his son, Pte. Robert A. Webster, of the 1st Canadian Tank Battalion, who has arrived safely in England. Private Webster says that the crossing was delightful, the sea being as smooth as glass. He thought he might have crossed in a motorboat. The ship, of course, was convoyed, and a strict watch was kept for submarines, not one of which, however, was seen. In the danger zone, of course, life preservers were constantly worn, but nevertheless in the long voyage of twenty days there was plenty of sport and fun, so that no one found the time very long. Nursing-Sister Eva Fales Jones, who spent several weeks in Sherbrooke recently, was on board the ship, returning to England.

Pte. Webster relates quite an interesting incident in camp. He was watching a number of airplanes high up overhead when suddenly one dropped down almost beside him, and from it stepped Lieut. Roy Foss, a friend and neighbor at home, who greeted him warmly.

GERMANS FAIL IN TREMENDOUS EFFORT TO CHECK THE ALLIES

Associated Press Summary States Present German Positions are in Grave Danger and a Hurried Retreat May Be Forced —Continuous Battle is Going on—Allies in Dominating Position.

(Associated Press Summary) In spite of the tremendous efforts put forth by the Germans to check the relentless pressure of the Allies north of the Ourcq River, today finds the German positions there in grave danger. French, British and American troops, fighting their way forward to the east of Fere-en-Tardenois, have driven a wedge into the enemy's line and seem to be in a position to compel a hurried retreat from Roncheres and St. Gomme, at the extreme bottom of the pocket between Soissons and Rheims.

The Allied line today runs south from Soissons to Grand Rozoy and then it begins to turn to the east. It passes just north of Fere-en-Tardenois and continues to the apex of the wedge at the village of Nesles, where it turns sharply south to Roncheres. The Allies' advance in this region seems to have placed them in a dominating position.

All around the salient there has been a continuous battle during the past few days, with the Germans launching repeated counter-attacks against the Allied lines. They have all failed, and the Allies have gained important ground at vital points.

Immediately south of Soissons and west of Rheims the German lines are strongly held, but enemy efforts to improve his position in the latter region have broken down.

There now seems to be little doubt that the Germans will retreat to the Vesle River as soon as possible, any possibility of making a stand north of the Ourcq being seemingly gone.

Against the new British positions at Merris, in the Lys salient, where the Germans were driven back by a surprise attack on Tuesday, there has been a heavy bombardment.

MEN OPTIMISTIC AND CONFIDENT OF VICTORY

"Organization Behind the Allied Lines is Almost Miraculous," is Statement of Canadian Journalists.

(Via Reuter's Ottawa Agency.) LONDON, July 31.—The Canadian journalists, in an interview given upon their return to London, said that they were most impressed by the wonderful spirit of the men.

"Along the whole front, amongst all ranks, from general to private, there is absolute confidence in victory," said Mr. G. Penny, of the Quebec Chronicle. "There is no sign of faltering, no depression, no doubt whatever of the result."

Another member of the party said: "The organization behind the lines is almost miraculous. Everywhere are signs of coming victory, and the optimism of the men is wonderfully stimulating. Whilst they are yearning for home, they show everywhere determination to see it through, whatever the time or cost."

M. Reinfret, of Le Canada, Montreal, said he found it difficult to restrain his emotion when he thought of the work accomplished by the women of France in the course of the war, and particularly in the region the Canadian journalists had visited. After a further tribute of respect to the work done by the French soldiers, agricultural and factory hands, M. Reinfret concluded by referring to the pleasure caused in Canada by the Allies' new advance to the Marne river, which the recent victory had rendered doubly French. All who have seen this war will hold on until France and her wounds are healed.

When the treaty was first drawn an order-in-council approving its terms was passed by the Government here. It has since been amended in some respects. It is, therefore, understood that an order bringing the treaty, as amended, into force in Canada will be passed, probably tomorrow.

The treaty, briefly, deals with American citizens between the ages of 20 to 31, both inclusive, living in Canada, and Canadians 20 to 44 years old living in the United States. There would seem to be a discrepancy in respect of the ages of the men affected. In point of fact, however, the treaty at the outset only operates with respect to British subjects in the United States between 21 and 30 who have not declared intention to become naturalized and British subjects who have declared intention to become naturalized and are under orders to register under the draft law of the United States within 60 days from July 31. Men who fall within the classes covered by the treaty are given 60 days from July 31 to return to their own country. Those who fail to return home within the period become liable for service under the draft law of the country in which they are.

Claims for Exemption. One task which will have to be undertaken by both the Canadian and the United States Governments will be the provision of tribunals to hear claims for exemption.

Canadians in the United States covered by the treaty who wish to remain there in civilian capacities technically would have to secure exemption through the British ambassador at Washington. It will be necessary, however, to provide machinery for passing upon their claims. Similar provision will have to be made for the hearing of applications for exemption by United States citizens who wish to remain in Canada. There have been varying estimates of the number of Canadians in the United States who will be affected by the treaty. A Washington despatch puts the figure at 60,000. An official here, on the other hand, expressed the opinion that the treaty would result in the return to Canada of more than 100,000 men of military age.

Canada was represented in the negotiation of the treaty last winter by E. L. Newcombe, K.C., Deputy Minister of Justice, and Col. C. S. McInnes, assistant adjutant-general at Military Headquarters.

La Bassee. "The enemy artillery has been active on both sides of the Somme, and has shown considerable activity about Merris and in the Kemmel sector."

Several prisoners were captured by us during the night in successful raids and patrol encounters in the neighborhood of Lens, north of Bethune and on the northern sector of our fronts. A hostile raiding party was driven off by our fire southwest

of the front. Loud cheers greeted the concluding sentence of M. Tardieu's address, "it is because we are united that we shall be victorious."

BRITISH TAKE SEVERAL PRISONERS IN RAIDS (Associated Press Despatch) LONDON, July 31.—British official statement: "Several prisoners were captured by us during the night in successful raids and patrol encounters in the neighborhood of Lens, north of Bethune and on the northern sector of our fronts. WALL STREET SHOWED AN ABRUPT REACTION

*NEW YORK, N.Y., July 31.—(Wall St., noon).—The abrupt reaction in United States steel, which yielded all its gains, and further weakness in Sumatra tobacco and general motors at four-point declines, provoked general uneasiness, leaders falling under yesterday's final prices.

People's gas also cancelled nearly all its advance, but oil shares were advanced 1 1/2 to 2 1/2 points, on reports of improvement in the Mexican situation. Prices steadied irregularly at midday, steel making full recovery.

CHICAGO LIVE STOCK MARKETS

(Canadian Press Despatch) CHICAGO, ILL., July 31.—(United States Bureau of Markets)—Hogs, receipts, 15,000; market mostly 10 to 20 cents higher than yesterday's average. Butchers 18.90 to 19.35; light, 19.15 to 19.40; packing, 17.75 to 18.80; rough, 17.25 to 17.60; bulk of sales, 18.10 to 19.35; pigs, good and choice, 17.75 to 18.50.

Cattle, receipts, 9,000; steady, veal calves 16.50 to 17.00. Sheep, receipts, 12,000; slow, but about steady as killing classes; feeder lambs higher.

CORN MARKET SHOWS GREATER STRENGTH

(Associated Press Despatch) CHICAGO, ILL., July 31.—Corn developed fresh strength today, influenced by the rapid falling off in the movement of the eastern terminal markets. Receipts were again much less plentiful than has been the rule of late, and it took but little buying to make prices advance. There was a notable lack of pressure to sell. Opening prices which ranged from between 21 and 30 who have not declared intention to become naturalized and British subjects who have declared intention to become naturalized and are under orders to register under the draft law of the United States within 60 days from July 31. Men who fall within the classes covered by the treaty are given 60 days from July 31 to return to their own country. Those who fail to return home within the period become liable for service under the draft law of the country in which they are.

Oats hardened with corn. Exporters were buying, and rural offerings were not large. After opening 1 1/4 to 1 up with August 67 1/2, prices scored moderate gains.

Higher quotations on hogs gave strength to provisions. The market was also bullishly affected by the firmness of cereals.

LIVELY TRADE AT LIVE STOCK MARKET

Butchers' Cows Sold up to \$10 Per 100 Pounds Under Good Demand at Montreal.

(Canadian Press Despatch) MONTREAL, July 31.—Offerings of live stock at the East End Market today were: cattle 200, sheep and lambs 325, hogs 400, calves 200. There was an active trade at this market, which cleaned all offerings.

The market was better in some lines, notably butchers' cows, which sold up to \$10 per 100 pounds, under a good demand.

Market for hogs very firm, and choice selects were sold freely from \$15.50 to \$19.25 per 100 pounds off cars.

Calves in demand and milkfed stock sold from \$7 to \$14.50. Choice steers sold at from \$11.50 to \$12 per 100 pounds for the best. Butchers' bulls \$7 to \$8.50. Butchers' cows \$8 to \$10; canners \$5.50.

TORONTO, ONT., July 31.—Receipts: cattle 400; calves 311; hogs 1,135; sheep 506.

Trade rather slow, good demand for choice export cattle and canners.

ANTI-BOLSHEVIKI FORCES WINNING IN RUSSIA

Alexieff and Howarth Gaining Rapidly—People Now Against Lenine Regime.

(Associated Press Despatch) AMSTERDAM, July 31.—A Moscow telegram to a Berlin paper says that the entire region from Tomsk, in West Siberia to Udinsk, on the Uda, including Krasnoyarsk, capital of the Government of Yeniseisk and Irkutsk, are under the control of General Alexieff, formerly commander-in-chief of the Russian armies. General Horvath, the anti-Bolshevik leader, is east of Irkutsk, and controls the regions from Trans-Baikal to Vladivostok. General Horvath and General Alexieff are co-operating in military matters.

BOLSHEVIKI NEAR END. (Associated Press Despatch) LONDON, July 31.—Information reaching Stockholm, says the correspondent of the Times there, shows that the Bolsheviki regime has come to the end of its tether and that the Russian masses—workmen and peasants—are about to rise in arms against the Bolsheviki tyranny.

Official representatives of the social revolutionary and social democratic parties in Russia have arrived in Stockholm, says the correspondent and have issued a remarkable appeal to the Socialists of Europe. They call upon the Socialists to form an international commission, representing all socialist parties to visit and ascertain by direct information whether the Russian Socialists are not right in declaring that the Bolsheviki have brought widespread evils of Russia, destroyed industry, caused universal starvation, despotically oppressed the people and are now concerned in retaining power at all costs.

LARGE QUANTITY HADDOCK WAS SOLD TODAY

The Campaign for "More Fish at Reasonable Prices" is Meeting With Success in Sherbrooke.

It was quite evident this morning that the campaign for "more fish at reasonable prices" in Sherbrooke is successfully under way, for the demand for haddock today was such to delight the men who have been working hard to encourage the eating of more fish. The housewives did their part well and "Haddock Day" was pronounced a success by all parties at an early hour in the morning, and the dealers were kept busy taking and delivering orders for this fish.

Almost one thousand pounds of haddock were ordered by the various local dealers, and at noon there was a very small quantity left, one dealer alone claiming that he had sold about three hundred pounds. In fact, all of the dealers were quite delighted at the successful turn of the campaign, for the fish which they received was of a high variety and pleased their many customers. In the majority of cases haddock was sold at 12 1/2 cents per pound, but if the fish was cleaned the dealers quoted it at fifteen cents a pound.

HABEAS CORPUS ACTION TAKEN

ANOTHER EFFORT TO GET A DRAFTEE OFF IN MONTREAL.

MONTREAL, QUE., July 31.—Percy Ryan, K. C., prominent Montreal barrister, applied for a writ of habeas corpus yesterday morning in behalf of Morris Cotter, drafted for active service under the Military Service Act. Cotter is the son of a native Russian and naturalized British subject. The writ is directed against General Wilson, Commanding Officer of the Montreal Military District, and Lieut.-Col. Piche, in command of the First Quebec Depot. Mr. Ryan contends that the recent judgment of the Supreme Court upholding the Orders-in-Council does not apply to the present case and he announces his intention of taking it to the Privy Council.

GERMAN WOMEN HOSTILE TO DUTCH WORKERS

LONDON, July 31.—Women at Essen are determined that no more neutral workmen shall be employed at Krupp's during the war because for every neutral who comes to work there is a German workman sent to the fighting front. The Amsterdam correspondent of the Daily Express, who makes this statement, says he learned the facts from Dutch workmen who just returned from Essen.

When the last batch of Dutchmen arrived at Essen stones were thrown at them by thousands of women who renounced them as "neutral job stealers." The women are resolved to give a similar reception in future to all Dutchmen.

No. 10, C.O.F., with visiting brethren attended divine service in the Methodist Church on Sunday afternoon last. There was a very large congregation. The pastor, Rev. Mr. Brundage, gave a splendid address on "Brotherhoods," and excellent music was rendered by the choir.

DESIRES TO CALL TO COLORS CLASS OF 1920.

(Canadian Press Despatch) PARIS, July 31.—(Havas Agency) Premier Clemenceau will put the question of confidence in the Government in the Chamber of Deputies today, according to the Echo de Paris. The question will be brought forward in the discussion of the bill relative to the census and the call to the colors of the class of 1920, which the Government desires to have passed.

SPANISH GRIP IN SWITZERLAND

DISEASE SPREADS RAPIDLY IN LITTLE REPUBLIC.

(Canadian Press Despatch) SWITZERLAND, July 31.—Reports from Switzerland say that the epidemic of Spanish gripe in that country has grown to alarming proportions. Entire families have died from the disease. Funerals are being held at night, and relatives are forbidden to follow the deceased to the grave. The bodies of the dead turn black. The epidemic is thought to have emanated from Austria or Germany.
