

Italian Delegates Withdraw From Conference

President Wilson's Action Brings About Most Serious Situation At Conference

Premier Orlando and Italian Delegates Have Announced Their Decision to Withdraw from the Peace Conference—Everywhere President Wilson's Declaration is Regarded as Having Created an Acute Situation and the Unravelling of the Big Problem Now Presented Will Be Watched With Great Interest.

(Associated Press Despatch.)

PARIS, April 24.—Premier Orlando, of Italy, and the Italian delegates have announced that they will withdraw immediately from the Peace Conference as a result of the statement issued by President Wilson regarding the claims of Italy. President Wilson declared that America must stand by the principles it has already enunciated in making decisions regarding Italy's claims. A new set of principles cannot be established for the Balkans, said President Wilson.

The President of the United States held that Fiume cannot be given to Italy, but must be made available as a seaport for the small nations behind it.

Premier Orlando reiterated this morning that he would leave Paris today, his departure being set for two o'clock in the afternoon. He added, however: "We do not break with our Allies, but hand over our interests to their hands, trusting they will loyally fulfill their mission."

The other members of the Italian delegation may remain in Paris a few days longer.

REPRESENTATIVES OF GREAT BRITAIN AND FRANCE BUSY POURING OIL ON TROUBLED WATERS IN PARIS TODAY

(Associated Press Despatch.)

PARIS, April 24.—It is understood that Great Britain and France, after a consultation with President Wilson, will make another effort to draw from the Italians a further declaration as to the situation which has arisen, and the hope is still entertained in conference circles, that in spite of Premier Orlando's decision to leave Paris, a way may be found at the last moment to terminate to the satisfaction of all parties the admittedly grave incident which arose yesterday.

UNDER TREATY ITALY WAS ENTITLED TO TRIESTE, POLA AND PART OF DALMATIA, BUT FIUME WAS TO GO TO CROATIA

(Associated Press Despatch.)

LONDON, April 24.—With reference to the Italian claims, the Associated Press learns that under the Treaty of London Italy was entitled to Trieste, Pola and part of Dalmatia, but Fiume was to go to Croatia.

Great Britain has advised Italy in her own interests to forego some of her claims, but if the Italians insist on their rights under the treaty, Great Britain and France are prepared to honor their signatures, in which case, as pointed out to Italy, Fiume must go to Croatia.

Declaration At Inopportune Time Says Premier Orlando

(Associated Press Despatch.)

PARIS, April 24.—(Havas)—Premier Orlando of Italy expressed profound surprise at the declaration of President Wilson which, he said, came at a time when he was "about to make a supreme attempt at conciliation."

"The Italian delegates, hoping to see the Italian problem adjusted amicably," he continued, "might have taken some other decision than ceasing to collaborate in the labors of the Conference, had this statement not been issued."

The Premier added that he would address a message to the Italian people, who he said, "will express themselves."

Following the publication of Mr. Wilson's note on the Adriatic question, newspaper men flocked to the Hotel Quatre, where the Italian delegation makes its headquarters. In the salon reserved for Italian newspapermen, Premier Orlando received the correspondents. He recalled to them the fact that Italy had consented to all possible concessions regarding Dalmatian and added that he had received that morning from Great Britain, France and the United States a reply recognizing the rights of Italy over the Italian cities of Dalmatia, but refusing to give recognition to Italian claims on Fiume, which would become a free city without mandatory administration by any power.

"The delegation having learned that this was the opinion of President Wilson," he said, "declined in the course of a meeting to acknowledge the declaration of Mr. Wilson which was published this evening and decided to address to France and Great Britain, signatory nations to the treaty of London, a letter setting forth the impossibility of continuing participation in the labors of the Peace Conference and expressing regret that the declaration of Mr. Wilson had rendered impossible the last supreme effort toward conciliation on the part of Italy."

PARIS, April 24.—The Council of Five Foreign Ministers yesterday approved a clause for the peace treaty submitted by representatives of nations.

RESPONSIBILITY OF WAR REPORT IS PUBLISHED

Committee States that All Persons of Enemy Countries May Be Objects of Judicial Prosecution.

(Associated Press Despatch.) PARIS, April 24.—The Temps publishes in detail the report of the Commission on Responsibility for the War. This report was presented some time ago, but the Council of Four has since taken action, differing from the original draft.

The report, as published, contains four chapters. The first reviews the history of the origin of the war and formally concludes that Germany and Austria-Hungary were responsible. The second presents thirty-two indictments for violations of the laws and customs of war as formulated in International Conventions, and concludes with the statement that the Central Empires, Turkey and Bulgaria conducted the war by "barbarous and illegitimate methods."

The third chapter declares that all persons belonging to enemy countries, however high their station, may be objects of judicial prosecution. The fourth demands the constitution of a high tribunal to judge crimes committed during the war, without, however, excluding competent tribunals of the different nations from acting in cases not coming under the jurisdiction of national courts.

PREMIERS LLOYD GEORGE AND CLEMENCEAU SAID TO HAVE APPROVED

PARIS, April 24.—It is said that Premier Lloyd George approved of President Wilson's statement without reserve and that Premier Clemenceau has described it as "admirable" and has said he "would not change a word." It is explained that the reason that Mr. Lloyd George and M. Clemenceau did not join the statement was the fact that they were parties to the Treaty of London.

London Is Taken By Surprise—The Papers Did Not Comment To Any Extent On Situation

Declaration Proved a Regular Thunderbolt in London—Several London Morning Journals Refrain from Making Any Comment, Apparently Temporarily Halted By Astonishment.

LONDON, April 24.—"A thunderbolt," "a bomb shell," "an appeal to Caesar," and other descriptive expressions are used by this morning's newspapers in connection with President Wilson's declaration on the Italian situation. The President's step is threatened as a drastic development at the Peace Conference by most of the journals. Apparently halted temporarily by astonishment, some newspapers refrain from making any comment.

Everywhere Mr. Wilson's action is regarded as having created a most serious situation, the unfolding of which will be watched with anxious interest. Such editorials as appear were manifestly written with an eye to Italy's possible withdrawal from the conference, though Premier Orlando's announcement of his decision to quit Paris had not reached London when the papers were published. Opinions on Mr. Wilson's statement and Italy's attitude vary. The Graphic, while disclaiming any hostility to Italy, refers to her "obdurate attitude," and advocates the Croatian claims to Fiume. It heads its news columns with the caption: "Italy jeopardizing peace."

The Chronicle places over the news from the Peace Conference the heading: "Wilson's stirring appeal for small nations," but is editorially perturbed. Without opposing President Wilson it calls its action a "strong step and a momentous innovation." The editorial takes a sympathetic attitude toward Italy's position, although it is admitted the issue is one upon which opinions can be honestly held.

"Mr. Wilson's appeal from the diplomatic table to the general public may at first sight commend itself as consonant with democratic statesmanship," the editorial reads. "The result in making an exception in Italy's case to past secrecy is to create a danger from the whole League of Nations," which the newspaper adds, may if the Italians withdraw, "find its existence virtually terminated before it is begun."

The Daily News, under the heading: "The breaking point," calls attention to the grave crisis.

A conviction that President Wilson would never have taken such a step, except as a last resort after the failure of all private negotiations, is voiced by the Express. "It would be idle to speculate on what will follow," the newspaper says. "The two antagonistic principles which have been more or less in valid conflict throughout the deliberations of the conference are now met in a death grapple. One or the other must yield, and the defeat of either will, in all probability, be final. If Mr. Wilson's principles prevail, all claims such as those Italy is now advocating must be abandoned permanently. If, on the other hand, Premier Orlando's claims are recognized, then there is an end to the principle of self-determination everywhere."

The Express declares the situation is very serious, but maintains that in questions of life and death, the conference which threatens the conference with disaster, "the press and public have no power to give any sort of judgment." It urges the British to unitedly support Premier Lloyd George as the nation's representative.

STATE OF PEACE IN SIXTY DAYS AFTER SIGNING

New Clause Has Been Drafted for Insertion in the Peace Treaty.

(Associated Press Despatch.)

PARIS, April 24.—A clause has been drafted for insertion in the Peace Treaty fixing the date for the transition to a state of peace sixty days after the signing of the treaty. If the treaty is signed about May 15th, peace thus will become effective throughout the world on July 15th.

The purpose of this provision is to prevent confusion among the more than twenty belligerent nations, which might fix different dates in their various ratifications. According to the present plan, each nation will ratify the treaty according to its own laws, but all will unite in a common day which will become a universal day of peace.

DISCOVER PLANS FOR REVOLUTION IN SWITZERLAND

Documents Found from Nicolai Lenine—Planned to Capture All Officials.

(Associated Press Despatch.) GENEVA, April 24.—The Lausanne Gazette this morning publishes documents from Nicolai Lenine, Bolshevik leader of Russia, marked "very confidential" and entitled "general instructions for revolution in Switzerland."

The documents declared: "All the Federal authorities, and also the military staff, must be captured and held as hostages. The banks, railways, factories and newspapers must be seized, and placed under the control of Comrade Radek."

Karl Radek, was prominent as a Bolshevik agitator in Germany.

BIG DEMONSTRATION IN ROME YESTERDAY

(Associated Press Despatch.)

ROME, April 24.—An imposing demonstration occurred here yesterday, paraders traversing the principal thoroughfares acclaiming Fiume and Dalmatia and cheering for Premier Orlando and Foreign Minister Sonnino, because of their attitude regarding Italy's claims at the Peace Conference.

The British, French and American Embassies and the offices of the Socialist newspaper "Avanti" were each guarded by Italian soldiers to avoid possible incidents.

MEXICO RECALLS DELEGATES FROM PEACE SESSION

Mexican Government Officials Refuse to Recognize the Monroe Doctrine.

MEXICO CITY, April 24.—The non-recognition of the Monroe Doctrine by the Mexican Government and the recall from Paris of Alberto J. Pani, minister of finance, to await orders in Spain, formed the substance of two statements privately issued by all Mexico City papers last night as having been given out officially by Salvador Sirgo Fernandez, chief of staff in charge of the department of foreign legations.

The statement reads: "Since December last year, Alberto J. Pani has held credentials as minister to France, signed by the president of Mexico. Notwithstanding the fact that the French Government last November expressed its willingness to accept Señor Pani's nomination, he has been unable to present his credentials to the French Government throughout his long stay in Paris. In view of the above circumstances President Carranza, through this department, has ordered that Señor Pani, together with the legation corps, proceed from France to Spain, there to await cabled instructions."

The other statement follows: "The conference now meeting at Paris has considered the recognition of the Monroe Doctrine. Some governments, friends of Mexico, have asked Mexico for its opinion regarding the doctrine, and the Mexican department of foreign relations has answered that the Mexican Government has not recognized, and will not recognize, the Monroe Doctrine or any other doctrine that attacks the sovereignty and independence of Mexico."

The recall from Paris of Minister Pani has been rumored unofficially for more than a week. There have also been reports that General Eduardo Hay, who has been nominated Mexican minister to Italy, will also be recalled, although there is no official information relative to the latter report.

THE SOVIET LEADERS IN HUNGARY HAVE REQUESTED A SUSPENSION OF OFFENSIVE BY RUMANIANS

One Report States that the Bela Kun Government Has Announced Its Readiness to Retire in Favor of a Socialist Cabinet—Make Request for Armistice at Once.

(Associated Press Despatch.) BUDAPEST, April 24.—The Soviet Government in Hungary has asked for a suspension of the Hungarian offensive and the arrangement of an armistice, according to Vienna reports received here. One of these reports quotes the Neue Wiener Journal to this effect. The despatch adds that the Government of Bela Kun has announced its readiness to retire in favor of a Socialist cabinet.

The reports are connected with the departure for Budapest of Colonel Cunningham, the British representative in Vienna, but the Vossische Zeitung's correspondent says Colonel Cunningham has gone to the Hungarian capital merely in response to an invitation by Bela Kun's Government, which wished to convince him that the reports of murder and robbery in Budapest were baseless.

DENIES GOVERNMENT IS SHAKEN

(Associated Press Despatch.) LONDON, April 24.—Rumors that the position of the Hungarian Soviet Government is shaken are absolutely unfounded, according to the Daily Herald, the Laborite organ, which is championing Bela Kun against the Allies. The newspaper says that the Soviet regime has, on the contrary, been materially strengthened.

The Herald prints a Budapest despatch, filed in that city on Tuesday, stating that the military situation is improving, that Hungarian resistance has brought the Rumanian offensive to a standstill, and that the frontier is now firmly held.

Russian and Siberian Have Cleared the Bolshevik from Ust Ishma.

(Associated Press Despatch.) LONDON, April 24.—A War Office communication issued last evening, dealing with the situation on the Russian front, says that from information received from the Russian forces on the Petchora River, it has been learned that the Russians, in conjunction with Siberians, have cleared the Bolsheviks from Ust Ishma, and that the Bolsheviks are retreating to the upper reaches of the Ishma River, taking horses and some of the male inhabitants with them.

The statement adds that the Siberians are being joined everywhere by the local inhabitants, and that the Siberian commander has been met by a British mission from Archangel.

He also paid a fitting tribute to our fallen. A special feature of the service was the singing, which was excellent and was rendered by a large choir. NO CONSTIPATION
NO PILES

We think, without a doubt, that constipation is the most prevalent, and at the same time, one of the greatest troubles human nature is afflicted with, and causes more sickness than anything else.

Unless a free action of the bowels occurs at least once a day, constipation is sure to ensue, then comes the sore and uncomfortable piles, sick and bilious headaches, coated tongue, obnoxious breath, sour stomach, heartburn, water brash, and many other ailments.

Milburn's Laxa-Liver Pills will regulate the flow of bile to act properly on the bowels, thus removing the constipation and its allied troubles.

Mr. Dan Doucette, Eel River Crossing, N.B., writes: "Having been troubled for years with constipation, and trying everything I knew of, a friend advised me to use Milburn's Laxa-Liver Pills. I used four vials and am completely cured. I can gladly recommend them to anyone who suffers from constipation."

Milburn's Laxa-Liver Pills have been on the market for the past 25 years, and have been used with the best results by thousands of people in that time, and we have yet to hear of a complaint as to their curative powers.

Price 25c. a vial at all dealers, or mailed direct on receipt of price, by The T. Milburn Co., Limited, Toronto, Ont.

NOT QUITE ALL ROCK. "Being in the hole when playing 500 can't be compared to this," exclaimed Mr. John Campbell, when his horse and wagon broke through terra firma on Mount Pleasant street and required an hour's hard work for the city road men in extracting said team from the embrace of Mother Earth. This adds one more to the list of residents who have found that our fair city isn't built on rock—at least, all of it—and also opens a revenue for scientific study regarding the many places which has shown a peculiar condition of the ground this spring.

ANNUAL MEETING OF ST. PETER'S GUILD HELD

Reports for the Past Year Were Received and Officers Elected.

The annual meeting of St. Paul's Guild was held yesterday in the Church Hall, the rector, Rev. H. Reginald Bigg, acting as chairman. After the opening prayer, Mrs. David Wilson, the president, gave her address, saying that she was much gratified by the result of the year's work, which had been carried on under unusual difficulties. The weekly teas had been suspended, owing to war exigencies, but nevertheless, interest had been maintained and progress made. The president thanked the members for their loyal support and co-operation, and felt sure that the same relations would continue in the future. The reports of the secretary and treasurer were presented, the latter showing a good balance on hand.

The chairman, in his remarks, took occasion to congratulate the members of the Guild on the excellent showing made in the reports, which he considered remarkable in view of the difficult conditions mentioned by the president, under which they had worked. He went on to point out the value of lay help in the church, and that the clergyman was a "minister" in the highest sense of the word to his people.

REMAINS OF J. HARDESTY SMITH LAID TO REST

Was Resident of This City for Some Time.

A funeral service for James Hardesty Smith, who died at Boston, took place from the Church of St. James the Apostle, Montreal, Monday afternoon. Burial was in the Hardesty plot in the Mount Royal cemetery.

James Hardesty Smith, the only son of the late Lady Strathcona and brother of the present Lady Strathcona, of London, England, spent many years in Montreal. He was educated in Montreal and resided in the Strathcona home on Dorchester street west. Mr. Smith was born in Labrador and spent the early years of boyhood at the Hudson Bay post.

In 1875 Mr. Smith was married to Emma R. Davis, of Surrey, England, a sister of Horace Davis, of Montreal. Before making his home in Boston, Mr. Smith was a member of the firm of John Maclean and Co., of Montreal, wholesale milliners.

Mr. Smith was a member of the Church of St. James the Apostle, when the late Canon Ellegood was rector. For many years he was the rector's warden. In accordance with his wish, the funeral service took place from that church.

Mr. Smith leaves his wife, one son Donald Alexander Smith of the Canadian Pacific Railway at Hamilton, and three daughters, the Misses Isabella, Nellie and Katie Smith.

The late J. H. Smith will be remembered by old residents of Sherbrooke as he lived in this city for some time, being employed on the Paton Mill staff.

ple. Missionary work could be done by the women of the Guild, in giving information to the rector of new arrivals in the parish, and he hoped for such assistance in the future. In conclusion, the rector thanked the Guild for their kindness in connection with certain improvements in the rectory, and wished them a prosperous and successful year. A resolution passed at the last annual meeting, that the officers of the Guild retire automatically at the end of two years and shall not be eligible for re-election until a year has elapsed, was ratified, and the election of officers was carried out as follows: Mrs. Harding and Mrs. Southwood being appointed scrutineers; Hon. president, Mrs. Bigg; president, Mrs. David Wilson; 1st vice-president, Mrs. Wyatt; 2nd vice-president, Mrs. James Mackinnon; 3rd vice-president, Mrs. D. J. Salls; secretary, Mrs. J. F. Wilson; treasurer, Mrs. J. B. Beach; executive committee, the officers and Mrs. S. A. Jones.

The tea committee and the sewing committee will be appointed later. A standing vote of thanks was accorded to the Rev. Mr. Bigg for presiding so ably, and the chair was resumed by Mrs. Wilson. The object of the work for the coming year was brought up for discussion, and a plan was submitted by Mrs. Jones for enlarging the church hall, which met with general approval.

At the close of the meeting Mrs. F. Pearson served tea.

"PICTURESQUE CANADA" IS SUBJECT OF ADDRESS BY REV. E. C. RUSSELL

Lecture in St. Andrew's Church Hall on Monday Evening Was Well Attended.

A large audience assembled in the lecture hall of St. Andrew's Church on Monday evening to hear the Rev. E. C. Russell speak on "Picturesque Canada."

Rev. Alfred Bright acted as chairman and made a few preliminary remarks, pointing out the fact that considerable ignorance of Canada prevailed even among well-informed people, and every method of making the country known should be welcomed, especially since the Dominion had won such prestige from the glorious deeds of her sons in the war.

Some popular songs were joined in by the Boy Scouts, for the benefit of whose baseball team the lecture was arranged, and a large number of clear and beautiful colored slides were thrown upon the screen, the views having been loaned by the Canadian Pacific Railway authorities.

Starting at Halifax, the great seaport, the route of the railway was followed, Mr. Russell making explanatory references in regard to the various cities and scenes, interspersed with amusing comments and stories.

St. John, N.B., the Bay of Fundy, the ancient capital, Quebec, and modern Montreal were all shown, and further West, Toronto, the Great Lakes, crossed by the C.P.R. steamers; Fort William and Winnipeg, the wonderful city of the prairies.

Sunny Alberta, Calgary, Edmonton, Banff, Lake Louise and other places were revelations to those who only know the East.

Finally Vancouver and Victoria were reached, two beautiful cities by the sea, and a short excursion made to Alaska, Dawson City, the White Horse Pass and Skagway.

A cordial vote of thanks was moved by Rev. Mr. Bright, seconded by Mr. P. M. Sennis, and carried, for Mr. Russell's entertaining talk, so well illustrated as to make the heart of every Canadian thrill with pride. In turn Mr. Russell thanked Rev. Mr. Bright for the loan of the hall, as well as for many other kindnesses received at his hands, and Gos Save the King was sung.

Both bride and groom are well known in Sutton and vicinity. DOCK WORKERS ON STRIKE AND HOLD UP SHIPS

Number of First Division Canadian Troops Must Remain in England Longer Than They Expected.

(Canadian Press Despatch) LONDON, April 24.—A number of first division troops ready to sail for Canada must remain in England owing to a dock workers' strike at Liverpool, which held up the departure of the White Star liner Baltic, upon which they were to make the trip.

A singular incident marked the departure yesterday of the Metagama from Liverpool for Quebec with five hundred wives, two hundred children and fifty babies and husbands and fathers from Buxton. The strikers threatened to hold up the sailing of the ship by refusing to put the baggage on board. Arrangements were quickly made for a fatigue party among the married soldiers to get the baggage of the wives and children on board. It was safely stowed away without loss of time, many on the ship being unaware of how nearly their voyage had been delayed or cancelled altogether.

The strike was absolutely unauthorized and is not likely to last long. Seven thousand men refused to work yesterday.

Brigadier-General Hill and Colonels A. B. Eve and G. S. Rennie are aboard the Metagama.

The Tunisian sails Friday and will be almost wholly filled with munition workers.

NO IMMEDIATE ELECTION IN BRITISH COLUMBIA

(Associated Press Despatch) VANCOUVER, B. C., April 24.—There will be no immediate election in British Columbia. Premier Oliver yesterday afternoon announced that he "respectfully declined" to meet a request of the committee of returned soldiers that the Government resign and go to the people at once. The Premier declared that he did not believe that the committee which met the Government represented the rank and file of returned men.

SCHOOL BOARD TAKING CENSUS OF CHILDREN

Boy Scouts are Canvassing City Today—Record Will Be Obtained of All English-Speaking Children.

Acting on behalf of the Protestant School Board, the Sherbrooke Boy Scout Troop is today canvassing the city, taking a census of all children of English-speaking ratepayers. The census comes as an effort of the Board to line up the children who are attending, and who are not attending school, so as to be definitely informed as to the number of each.

If compulsory education should be adopted, this would be of great assistance, and even under the present system, it will help the authorities to know just where they stand in regard to school attendance.

The boys who are taking the census of all children between six and sixteen, expect to cover the North and Centre Wards today, with the West and South on Friday, and the East on Saturday.

THE LONDON BOARD IS LIFTING RESTRICTIONS

(Associated Press Despatch) LONDON, April 24.—The Board of Trade announces that under an inter-Allied agreement all commodities, except war materials, may be imported to the northern neutral countries and Switzerland, without restrictions as to quantity.

The Board has removed restrictions from the importation from neutral and Allied nations of twenty-one classes of materials, the most important of which are machine tools and parts. The order also provides for restricted imports of carpets, cotton duck, coal, rolled steel, ball bearings and retainers and plated and gilt wares.

tions which severed diplomatic and trade relations with Germany without declaring war.

This clause provides that Germany renounce any claims for damages from these nations for acts committed during the war. The clause covers a point which is very important to those states, which seized German and Austrian ships during the period of her hostilities.

BOTH JUGO-SLAVS AND ITALIANS HELD FIUME

(Associated Press Despatch) PARIS, April 24.—"If the Jugo Slavs had shown the slightest inclination to concede any point in the Italian difficulty, the Italians probably would have been prepared to follow their lead," was a statement made last night in French circles. "Both sides, however, displayed the utmost stubbornness, the Italians being too proud to give way," it was said. "First they consider that, as they fought throughout the war as a solid entity they were entitled to consideration on that account, while, the Jugo-Slavs, according to Italian views, become an entity only when hostilities ceased and after some of them had been fighting against Italy."

It is recognized that both France and Great Britain are in a difficult position, owing to the existence of the secret agreement with Italy, as laid down in the treaty of London.

GERMANY MUST SEND RESPONSIBLE DELEGATES

(Associated Press Despatch) PARIS, April 24.—When Premier Clemenceau recently telegraphed to Berlin demanding that Germany send plenipotentiaries to Versailles, instead of messengers as Germany proposed, it was fully understood that the reason for asking for the presence of responsible personages was that they would be able to raise points for reasonable discussion and decided upon their acceptance, or not.

It was pointed out today in competent Allied quarters here that such raising of points did not anticipate long arguments, with possible references to Berlin, but merely questions which the Allies consider might admit of slight modification.

DISPUTE NOT TO DELAY VERSAILLES SESSION

(Associated Press Despatch) PARIS, April 24.—The Echo de Paris today expressed the belief that because of President Wilson's direct appeal to the Italian people, Great Britain and France will be brought to make known the viewpoint of their representatives in the Italian dispute. The same newspaper gives its opinion that the dispute will not lead to delay in the opening of the negotiations at Versailles.

The Paris newspapers as a whole declare that the situation must not be

ASK WHY TRANS- ATLANTIC TRIP IS NOT STARTED

Harry Howker Now Realizes He Passed Up Almost Perfect Weather Conditions for a Start.

(Associated Press Despatch) ST. JOHN'S, Nfld., April 24.—A cable message from the British Air Ministry, asking reasons for the failure of Harry G. Howker, Australian aviator, and Captain Frederick Raynham, his British rival, to start their trans-Atlantic flights, created a stir in the two aviators' camps here yesterday.

The cablegram, directed to Lieut. Lawrence J. Clements, meteorological expert of the Royal Air Force, assigned here in connection with the proposed flights, said that all weather reports reaching England had indicated favorable weather conditions for the start.

Following consultation with Hawker and Raynham, Clements replied that daily wireless reports from vessels at sea showed that conflicting winds made a start inauspicious. Both aviators, when asked about their "failure to fly," said it had been due to local conditions and reports of adverse winds and weather in mid-ocean as received from Clements.

It has been generally conceded here that Hawker realizes now he allowed almost perfect conditions to pass on April 10 and 11, but unpreparedness, notwithstanding his haste to forestall Raynham, was advanced as his reason for letting the opportunity pass.

permitted to develop any irrevocable step in the wrong direction. They recognize the seriousness of the incident, but do not consider it in the nature of a break, and express the hope that an acceptable compromise will shortly be reached.

ITALY DEMANDS FRUITS OF HER GREAT VICTORY

ROME, April 24.—(Havas)—Addressing a throng that had gathered, Prince Colonna, the Mayor of Rome, asserted that Italy's right to demand the fruits of her great victory "would not have to be compromised by hypocritical combinations."

The Rome newspapers are unanimous in declaring that the Italian programme as set forth by its delegation at Paris presented the minimum demands compatible with the dignity and safety of Italy.

THE DISPUTE OVER THE TESCHEN MINING REGION

PARIS, April 24.—(Havas)—The question of the Teschen mining region, in dispute between Poland and Czechoslovakia, will have to be settled by means of an understanding reached directly by the Poles and Czechoslovaks, according to the Petit Parisien. It says the Committee of Five of the Peace Conference has so decided.
