Diefenbaker Claims National Support

Vote May Bring Back Peron

Peronist Support Decisive

Buenos Aires (AP)—Gaunt, bespectacled Arturo Frondizi, a leftwing intellectual, is the new president-elect of Argentina. The support of banished dictator Juan D. Peron apparently was a decisive factor in his landslide victory.

Frondizi ran far ahead of middle-of-the-roader Ricardo Balbin Sunday in Argentina's first free presidential election in more than a decade. Nine other opponents trailed far behind.

Both Frondizi and Balbin are lawyers and represent left and right wings of the Radical party—a conservative group despite its name.

Frondizi's wing apparently collected votes from many of the strong-arm segments of Argentina's political spectrum. His backers ranged from Communists to labor to Peronists and Fascist splinter parties.

With more than 8,000,000 Argentines voting, unofficial figures early today gave Frondizi 1,434,773 votes, Balbin 892,133.

PERON TO RETURN?

During his campaign Frondizi, 49, pledged amnesty for all Peronists. He never specifically included Peron, but his statement raised speculation as to whether Frondizi would let the banished dictator return.

From his current refuge in the Dominican Republic, Peron today hailed Frondizi's victory as the result of the support he gave him. Peron said he would consider a return to his homeland, but planned a trip "to rest" first. He did not elaborate.

In his first post-election interview, Frondizi said he welcomes foreign development of Argentine oil pipelines and refineries, but the government oil monopoly would continue to handle the exploration and drilling.

Balbin's defeat was a blow to President Pedro Aramburu's provisional government, the military regime which came to power after Peron was kicked out in 1955. The government Continued on page 5

ARENA COLLAPSES — Fourteen-year-old David Bjurstrom of St. Johns died in hospital Sunday of injuries suffered when the wooden RCAF arena at St. Johns (above) collapsed during a boys' hockey game Saturday. Truman Sparks Campaign

WASHINGTON (AP)—The U.S. congressional election race, aided by a powerful push from former Democratic president Harry S. Truman and a vigorous Republican reply, moved off in full force during the weekend.

Republicans accused Truman today of conducting a "fear" campaign they said could bring about an economic depression.

Truman's Saturday night broadside against the "economic misrule" which he said had produced a Republican recession was assailed by leading Republican senators as a disservice to efforts to slow the business downturn and to lift employment.

Truman also strongly criticized the Republican foreign policies. Senator Alexander Wiley (Rep. Wis.), citing income and employment statistics, said the country is not going to the dogs. He added:

"But if the people are going to continue to be told that everything is haywire they are going to get in a mental condition where they will stop spending and then anything could happen. What Harry Truman is doing is creating fear of the worst kind."

Real Robinson Crusoe Spends 33 Years On Persian Gulf Island

BAHREIN, Persian Gulf (AP) — The strange story of a real Robinson Crusoe who lived 33 years on a tiny island in the Persian Gulf came out of Kuwait Sunday.

No one in Kuwait at first believed the story of Al Haj Nassir bin Alin bin Omran, and maybe he was off somewhere else besides on the island all these years.

But he has convinced Mayor Sayid Yusuf bin Sayid Mafur of his native village of Sar and just about everyone in Bahrain. They'll all turn out to welcome Haj Nassir when he arrives from Kuwait today.

Haj Nassir was believed to have perished when a storm wrecked the Bahrain pearling fleet in 1925. His two small sons grew to manhood thinking him dead.

Two Rockets Fired At Fort Churchill

FORT CHURCHILL, Man. (AP) — Two rockets were fired within 35 minutes of each other to altitudes of 128 and 91 miles in International Geophysical Year tests made here today.

An Aerobee rocket reached the greater altitude after being fired from this sub-Arctic base near Hudson Bay. A Nike-Cajun solid-fuel rocket was launched 35 minutes later. Information from both stations manned by United States scientists and personnel of the Canadian Defence Research Board and the transport department.

Will Power Miracle Saved Winnie In '53

LONDON (AP)—A posthumous book by a son-in-law of Sir Winston Churchill says the "miracle of will power" enabled the statesman to recover from his second stroke in 1953.

The 83-year-old former prime minister, now reported making satisfactory progress against pneumonia and pleurisy on the French Riviera, overcame a first stroke in 1950.

The book giving details of his second stroke is Focus on Fame by Anthony Beauchamp, society

Boys Find Bombs By Power Line

SOUTH SLOAN, B. C. (AP) — Sack-encased bombs were found Sunday by boys near this Doukhobor village 25 miles west of Nelson.

The boys, Gerry Planidin and Mike Verigin, were roaming in search of beer bottles when they saw the sacks at the base of two main-line power poles of the West Kootenay Power and Light Company. A series of recent bombings and attempted bombings in the area was climaxed in mid-January when a small passenger train was derailed.

Beauchamp wrote that he learned about the second stroke from Sarah's sister, Diana.

"She asked me to come around and see her immediately," Beauchamp wrote. "When I reached the house she told me her father was very seriously ill. She told me that on the previous night he had been working in a private room when he suddenly found he was unable to rise from his chair."

"By the miracle of will power my father-in-law soon completely conquered the effects of the stroke, both in mind and body."

"He went back to work with renewed vigor and only a little later went to Bermuda for a postponed meeting with Eisenhower."

"I saw many ships sailing past, but I was never able to attract attention," the telegram quoted him as saying.

First Visitor Since Illness

ROQUEBRUNE CAP MARTIN, France (AP) — Sir Winston Churchill was sufficiently recovered today from an attack of pneumonia and pleurisy to receive his first visitor since being confined to his bed last Tuesday.

Pierre Jean Moatti, prefect (governor) of the Alpes Maritimes district of France, called on Churchill this morning. The prefect was accompanied by his wife.

Rebels Kidnap Fangio

HAVANA (AP)—Cuban rebels had President Fulgencio Batista on a new hot spot today with the kidnapping of Argentina's world champion auto racing driver, Juan Fangio, from his hotel in the heart of Havana.

Embarrassed police searched frantically for abductors of the 46-year-old, five-time world titleholder as the capital-jammed for today's Gran Premio auto races—buzzed over the audacious feat.

Special guards were assigned to the 24 other internationally famed drivers here for the race in an effort to avert any more incidents.

Authorities refused to discuss the Fangio case, but rebel leader Fidel Castro was quick to claim responsibility. A rebel spokesman telephoned The Associated Press to confirm the abduction Sunday night but would not say what would be done with Fangio.

NO DANGER FEARED

Friends expressed doubt the champion was in any danger. They believed the rebels were holding him in an attempt to force cancellation of the auto races—slated to start at 2 p.m.—and thus give Batista an international black eye.

Brig.-Gen. Roberto Fernandez Miranda, head of the national sports commission, after conferring at length with a group of drivers, informed them the race would be held on schedule.

The kidnapping probably also was intended to throw a scare into Cuba's big tourist industry. Castro has been trying to sabotage various sectors of the economy in hopes that the island's business leaders would seek peace by helping to force Batista out.

The Argentine driver was grabbed at 8:35 p.m., just after he had returned to the hotel from the racing course where he had chalked up the fastest trial run.

A stranger walked up to the veteran driver as he was talking to friends in the lobby, asked if he was Fangio, then walked out. He returned about five minutes later with a drawn gun and stood guard in the doorway while a second man walked up to Fangio, poked a gun in his ribs and marched him out. The pair hustled the racer into an automobile where a third man waited and sped off.

Gunman Was A Family Man

SAN FRANCISCO (AP) — "Hand over your wallet," the bandit told hotel clerk David H. Haight Sunday night.

Haight did, apologizing for having only \$2.

"Got any kids?" the holdup man asked.

"Two," Haight replied.

"Keep the two bucks," said the gunman and left with \$48 from the hotel's till.

Kinsey Institute Issues New Report

NEW YORK (AP)—One in 10 American women becomes pregnant before marriage, the Kinsey Institute reported today.

Of those pregnancies which do not lead to quick marriages, 89 per cent end in abortion, the institute said, six per cent produce illegitimate children and five per cent end in miscarriage.

A copyrighted article in the current issue of McCall's magazine is based on the report, the first issued by the Institute for Sex Research at Indiana University since the death of the institute's founder, Dr. Alfred C. Kinsey, in 1956.

The report, titled Pregnancy, Birth and Abortion, also said: Among all American women of child-bearing age now alive, one

Opens Quebec Campaign

By ALAN DONNELLY

OTTAWA — Five weeks before election day, March 31, Prime Minister Diefenbaker is claiming widespread public support for the return of a majority Progressive Conservative government.

In a speech at Trois-Rivieres, Que., Saturday night he said there is an attitude "everywhere apparent" to give his party a majority in the 265-seat Commons. In the last Parliament the Conservatives held a minority 113 seats.

It was his first campaign speech in Quebec—a province where the party apparently must make gains if it is to reach its majority goal.

Mr. Diefenbaker used the occasion to make his most vigorous reply yet to Liberal Leader Lester B. Pearson's pledge of \$400,000,000 in tax cuts.

"He says the time has come to reduce taxes," Mr. Diefenbaker said. "I ask him why he voted against reducing taxes in March and April of 1957."

MOVES TO ONTARIO

The prime minister returned to the capital here Sunday. Tonight he is scheduled to motor to Cornwall, Ont., for another election meeting. Tuesday night he speaks at Hull, Que., before heading east again for one-night stops at Rimouski, Que., Charlottetown, Sydney, N.S., and Saint John, N.B.

At Trois-Rivieres he spoke to almost 4,000 persons at a \$2-a-plate testimonial dinner for Solicitor-General Leon Balcer, seeking re-election in Trois-Rivieres.

The tables were jammed with diners who kept up a clatter of dishes and babble of conversation throughout Mr. Diefenbaker's 45-minute speech.

Conservatives held only nine of Quebec's 75 seats in the last Parliament and Mr. Diefenbaker made a plea for increased support.

"It is essential for our party and government that the province of Quebec play a leading role in the Progressive Conservative party," he said while speaking briefly in French.

SPEAKS OF REPORT

Speaking in English he asked the province to elect a Conservative representation "in keeping with the responsibilities of this province."

Mr. Diefenbaker hammered hard at Mr. Pearson's election platform, which features the promise of big tax cuts to stimulate the economy and ease unemployment.

He said Mr. Pearson has come up with many new ideas after seven months in opposition. Another four or five years in opposition.

Pearson Is Doubtful Election Fund Sources Will Ever Be Revealed

VANCOUVER (AP)—Liberal Leader Lester B. Pearson has expressed doubt whether the sources of election campaign funds can ever be fully brought into the open.

There has been much talk in the last 50 years of such a step, he told a press conference Sunday, but little has been achieved. The reason, he suggested, is that many a campaigner would be reluctant to make contributions to political parties if every contribution came under the public eye.

Mr. Pearson answered reporters' questions for about an hour after arriving at Vancouver Airport to a rousing reception by party supporters. More than 1,000 persons turned out at the airport in mild weather to greet Mr. Pearson and his wife.

Mr. Pearson opens his big rally here tonight, the first in an eight-day tour of the four Western provinces.

The Liberals face an uphill battle in this province. They held only two of British Columbia's 22 seats in the last Parliament. The Progressive Conservatives and CCF each held seven and the Social Credit six.

Mr. Pearson told reporters he was encouraged by the "large and enthusiastic" meetings he held in Ontario. There would be no stalemate in the next Parliament. The Liberals would come through to win.

Then as he plunged into replies on entangled election issues, he indicated he was in favor of competition in Canada's air transport service, with some reservations, and suggested Prime Minister Diefenbaker was not the first to propose an emergency United Nations police force for the Middle East.

On other points he left some doubt in reporters' minds whether he would favor free and open competition with the publicly-owned CBC's television outlets and shied away from stating a view on the pricing of Canada's natural gas in Canada and the United States.

Mr. Pearson said no persons and no country had any monopoly on the suggestion of a UN police force. Former prime minister St. Laurent, however, was almost the first to suggest it before the

Nasser Flies To Syria

DAMASCUS, Arab Republic (AP) — President Gamal Abdel Nasser paid his first visit to the Syrian province of his United Arab Republic today and received a tumultuous welcome from 100,000 of his new subjects.

Damascus radio's announcement of the surprise flight from Cairo brought crowds rushing to the building where Nasser was conferring with outgoing Syrian President Shukri Kuwatly. Both appeared on the balcony and waved.

"Long live Nasser our new president," the crowd chanted. The Cairo press had been predicting that Kuwatly would arrive in Egypt at any moment to transfer power to Nasser. The Egyptian leader was thought to have changed signals for security reasons, visiting here to confer with Kuwatly on a cabinet for the new state.

The Egyptians and Syrians voted almost unanimously Saturday to join in the UAR with Nasser having almost absolute power as president during a transition period of unspecified length.

Foreign governments continued to recognize the new Arab state. The latest were West Germany, Indonesia and Switzerland.

Show Business

By BOB THOMAS

HOLLYWOOD (AP) — "It was much more exciting than acting, because you were taking part in real and important drama."

This was Irene Dunne's reaction to her recent experience as a United States delegate to the United Nations General Assembly. Some of her impressions.

"The language of diplomacy is very careful and polite. Your opponents can sound just as pleasant as can be while they are quietly cutting your throat. . . . 'I think it is a healthy thing for laymen to serve on the assembly each year. We come in full of enthusiasm to get things done—and sometimes we do accomplish things. . . .'

"Yes, my having been in films did create a little notice. One day, one of the delegates came up and said, 'oh, I hate you!' Then he explained that he had stayed up until 1:30 in the morning, watching one of my old movies on television. Even Andrei Gromyko said that he had seen me on TV. . . ."

"I found Gromyko very cordial—all of the Russians, in fact. I always went out of my way to talk to them at social affairs. . . ."

NO STAGE FRIGHT

"When I made my first speech, I was amazed that I wasn't nervous at all. Yet, when I make a TV or stage appearance, I shake all over. Perhaps it was because I wasn't giving a performance. I pledged \$27,000,000 for the relief of Palestine refugees, which was a pretty nice gesture for our country to make. . . ."

"I came away greatly impressed with the work the UN does in its limited field—and it does have certain limits. I think we averted a serious situation in Syria, which might have been much worse without a forum to hear it. . . ."

"And I'm much impressed with the work the UN agencies do. I'm especially interested in UNICEF's work with children. And the health organization, which has found it can control the dread disease yaws with a five-cent injection of penicillin. I might add that Russia doesn't contribute one hot ruble to the organization. . . ."

I asked her about her resuming her acting career.

"Sure, I'd like to do something if the right thing comes along, but I'm afraid the movies are limited now to only the super-special epics."

Sutton Awarded Second Place For Fire Prevention

SUTTON — The Sutton Fire Brigade has again won honours in the National Fire Protection Week contest, placing second in the Province of Quebec and gaining honourable mention in the Dominion for Class F, cities and towns of 2,500 and under.

The contest was conducted by the Fire Brigade, under the leadership of Chief P. J. Shepard during the week of Oct. 6, 1957. Public buildings were inspected for fire hazards and school children were instructed in fire prevention.

This is the sixth year in succession that Sutton has been awarded honours in the National Fire Protection Week contest. The town won first place in the Province of Quebec in 1953, 2nd place in 1954, 3rd place in 1952 and 1955, and honourable mention in Class F, and 25th in Canada for all classes.

Much credit for these honours goes to P. J. Shepard, who was fire chief from 1949 on. Mr. Shepard has now resigned and has been succeeded by John McCallum. Mr. Shepard has been appointed as assistant director of Fire Services.

Kiwanis Club Of Thetford Holds Speaking Contest

THETFORD MINES — Six girls from Johnson High School entered the annual public speaking contest sponsored by the local Kiwanis Club recently, the winner of which, in addition to receiving a cash prize of \$15, was eligible to compete in the St. Francis Valley McGill Graduates public speaking contest, this year held in Sherbrooke.

Winner of the Thetford Mines contest was Marlene McFadden, with the second prize of \$10 going to Helen Henderson of Inverness. The four other entrants were Susan Hodge, Rena Melrose from Inverness, Joann Tearney, Allison Nugent from Kinross Mills.

Attending the Kiwanis dinner, along with the contestants, were their teachers, Miss Rahal, Mr. Norman Bradley and Principal S. L. Hodge.

Marlene McFadden's prize winning speech was entitled "Hints on Reading" and in it she stressed the thought that one should read only the best books. She pointed out that reading is a

personal matter, therefore though one person may extol a book, it is quite possible it will not appeal to another. However

she did note one pertinent thought in this connection, that if you find yourself disliking, or disagreeing with too many books, then perhaps you should take stock of yourself and ask whether you have developed slovenly mental habits or even developed a taste for the tasteless in literature.

Runner-up in the contest, Helen Henderson, chose as her subject, "The attitude of Young People Toward Religion." In her talk she asked such perceptive questions as "Is religion a large influence on young people?" "What is the attitude of young people to religion?" and "Which is more important, science or religion?"

Since Helen Henderson, in age at least, is representative of what the Americans are now glibly writing about as the "beat" generation, it might be worth quoting for the sake of parents disturbed over recent juvenile terrorism in New York schools a couple of paragraphs from her address.

She said, "Perhaps this indifference (to religion) is due to the failure of some religious people to practise what they know to be right. Even they, like to follow the crowd."

And her closing paragraph: "Although the majority of young people find religion dull and boring and science adventurous, there is the all-important remnant that believes and holds fast to the fact that Christian religion is a most powerful force in the world today. It is this remnant which will act as leaven in the promotion of better and more peaceful world conditions."

Members of the Legion joined the ladies for refreshments, the hostesses being Mrs. John Morrison and Mrs. Colin Henderson.

Students Pelt Rector

LONDON (Reuters)—A storm of editorial abuse has descended on some 2,000 Glasgow University students who Friday bombarded Deputy Prime Minister R. A. Butler and an assemblage of other dignitaries with rotten fruit, bags of flour and soot bombs.

Most newspapers blast the students as "louts," "foafs," "morons," "juvenile delinquents," and "gowned teddy boys."

Butler Britain's secretary of state, went to Glasgow to be installed as the university's rector. He left with his face and gown covered in flour and a splattered tomato dripping from his shoulder.

Trying to make a speech on the benefits of hydrogen energy, he ignored the hail of tomatoes, rotten eggs, bags of soot and toilet rolls.

He went on even after a paper sack of flour burst full in his face. He stood there as students played a fire extinguisher on his head, turning the flour to paste.

KO'D BY CABBAGE

A cabbage hit a news photographer on the head. He was carried out unconscious.

Nobody could hear Butler's speech as bugles, whistles, bells and a four-piece rock'n'roll band created bedlam in the hall. Finally, after many of the university officials, city fathers and other dignitaries had retreated, Butler gave up.

A rector is a purely titular figure elected each year by the students. His installation sets off a week of carnival, hi-jinks and chaos known here as "rag week."

The newspaper say the Glasgow undergraduates this time carried their traditionally chaotic greeting of a new rector too far.

The Times, which Friday described toilet rolls thrown at an installation in Edinburgh University attended by Prince Philip as "rapidly unwinding paper rolls," now comes right out and says "toilet paper" in its editorial on the Glasgow students.

ROCK ISLAND — The Boundary Rotary Club has set up a student loan fund of \$600 with C. R. MacLean and L. F. Tilton as administrators. The fund may be drawn on by students on either side of the Border Line, on a long term, low interest basis.

The fund was established with money raised at the annual Rotary fair, for the benefit of students desiring a higher education but lacking the necessary means. They will be expected to pay the amount back, plus a small interest charge when earning their own money.

A loan was approved by the club directors to a worthy Derby Academy student, amounting to \$500, to be taken in installments as needed. John Poaps, club president announced the sum of \$500 voted for the Frontier Swim project, another \$500 for the Weir Memorial Park project, and \$150 for the children's room of the Haskell Opera House.

As there was no special speaker present at last week's meeting of the club, E. J. Struthers took the chair and called upon Bob Webster, of Sherbrooke, Everett Greaves, Archie Grady and George Carruthers, who spoke briefly of their home towns across Canada and of hospitality received from a Rotary Club in South Carolina, all of which made up an interesting evening.

Liberals Select Three Candidates At Week-End

With nominations by the major parties for all Eastern Townships seats virtually completed, campaigning for the March 31 federal general elections will get underway in earnest this week.

Maurice Gingras, who has represented Sherbrooke county in the House of Commons since 1940, has called a Liberal party convention for the Central School, Ball and Gillespie streets, for tonight. As his selection is expected to be unanimous, the gathering is regarded as the opener of the Liberal campaign locally with Hon. Lionel Chevrier being listed as the special speaker.

On Thursday night, the Progressive Conservative candidate, Maurice Allard, will hold his first meeting at Ste. Jeanne d'Arc Church Hall, Galt Street West, the featured speakers being Hon. J. S. Bourque, Minister of Finance, of Lands and Forests and of Hydraulic Resources in the Provincial Government, and Henri Courtemanche, Deputy Speaker of the House of Commons.

The Progressive Conservatives have completed their list of official candidates in the Eastern Townships and the Sherbrooke convention tonight rounds out the Liberal nominations.

Three conventions were held by the Liberals over the week-end.

At Asbestos Saturday afternoon, Richmond-Wolfe Liberals selected Ernest O. Gingras, member since 1949, on the first ballot.

Meeting at Victoriaville yesterday afternoon, Drummond-Arthabaska Liberals unanimously selected Samuel Boulanger as official candidate.

Mr. Boulanger was elected as an Independent Liberal in the 1957 elections but was accepted into the party ranks after the voting and sat during the official opposition during the last session.

Richmond-Wolfe Liberals Again Select E. O. Gingras

E. O. GINGRAS ACCEPTS

By CUTHBERT JONES

ASBESTOS — Ernest O. Gingras, Liberal Member of Parliament for Richmond-Wolfe since 1949, was named as official candidate for the party in the March 31 federal general elections at a county convention held in St. Aime church hall Saturday afternoon. But his selection was by no means unanimous, strong opposition coming from a group supporting Gaston Theroux, Asbestos theatre operator, who obtained 135 votes in the balloting to the 213 cast for Mr. Gingras. Two ballots were spoiled.

A third man, Marcel Roy, Richmond attorney and secretary of the Richmond-Wolfe Liberal Association, was placed in nomination, but withdrew before the voting took place. He explained that Richmond electors apparently held a low opinion of lawyers as Members of Parliament as never since Confederation had a lawyer been elected to the House of Commons from the county and he did not want to risk losing the county for the party by lying in the face of tradition.

Reports that trouble was brewing appeared to heighten interest in the convention and a crowd estimated in excess of 800 jammed the hall well in advance of the scheduled opening of the meeting.

Four Injured In Head-On Crash At Lennoxville

Four people were taken to the Sherbrooke Hospital Sunday morning after a head-on collision near the F & L lunch, Queen St., Lennoxville.

Admitted to hospital with lacerations to the face and scalp were Gisele Gill and Monique Roy. They were reported in satisfactory condition this morning.

They were passengers in a car driven by Louis Gagne, 27 of Newcombe, New York, who was uninjured.

The occupants of the second car, Malcolm Campbell, 19, of 333 Frontenac Street, Sherbrooke, and Tommy Dearden, 18 of East Angus, were released after being treated for facial injuries. Campbell, the driver had two teeth extracted.

The fronts of both cars were completely demolished.

At the time of the accident, Campbell was driving toward Sherbrooke while Gagne had come from Sherbrooke and was attempting to turn left into the F & L lunch parking lot when the two cars collided.

Campbell said that he had seen one car turn left ahead on his path and drive into the lot and that Gagne's car was right behind.

"I saw him (Gagne) stop and I thought he was going to wait for me to go by," said Campbell at the Sherbrooke Hospital Sunday morning, "but I guess he thought he could make it because he cut in ahead of me. I hit my brakes and that's the last thing I know."

Gagne told substantially the same story to Constable Russell Wells of the Lennoxville Police Department who investigated the accident. "I turned slowly," he said, "and before I knew it, he was right on top of me."

Mr. Gagne, formerly of St. Denis de Brompton, has been living in Newcombe, N. Y., for the past five years.

Defamation Charge Laid By Couple

FLORENCE, Italy (Reuters) — A Roman Catholic bishop said he had accused a young married couple who refused a church wedding of "living in concubinage" was absent when his trial on a defamation of character charge opened here today.

Most Rev. Pietro Fiordelli, the bishop of nearby Prato, told the court in a letter that his "conscience as a bishop" had forced him to stay away.

He is the first Catholic bishop to face a criminal charge in recent Italian history. He is being tried with Rev. Danilo Aiazzi, a parish priest accused of defaming the couple by reading the bishop's denunciation of his parishioners.

Don Aiazzi was also absent when the trial began today.

The trial arises from the marriage of 1956 of Mauro Bellandi, 33, and Lioriana Muniziani, a Catholic. They were married in a civil ceremony in the Prato city hall after refusing a church wedding.

The charge carries a sentence of up to a year's imprisonment or a fine of 80,000 lire (about \$140).

LENNOXVILLE GET-TOGETHER — The above picture shows those attending the Father and Son Banquet of the First Lennoxville Scout troop. Among those present were: Rev. H. E. Lewis, Mayor E. W. East Sherbrooke Father And Son Banquet Tonight

Among the Father & Son banquets being held in this district to celebrate the birth of the founder of Scouting, Lord S. S. Baden-Powell, the function planned by the First Sherbrooke Troop, attached to the Anglican Church of the Advent, East Sherbrooke, tonight, promises to be of an exceptional nature.

This Troop was formed by Rev. Vere Hobart, Incumbent of the Church, about 1910, two years after the birth of Scouting. It dissolved in 1914, when Mr. Hobart and several senior members of the Troop enlisted for active service in the First World War.

Guy Bryant, ex-major of Sherbrooke, Assistant Scout Master and his brother, Albert E., went overseas.

This family has an exceptional record in local Scouting. The father, J. H. Bryant, had three sons and one daughter. The youngest boy Cliff was a member of the original troop but was too young to enlist. The daughter, Florence, was a member of the first Girl Guide group formed in Sherbrooke. She married James H. Wark, who joined the original troop of Boy Scouts with the three Bryant boys. He also enlisted in the Army. After his return he resumed his interest in Scouting and today is the Commissioner for the Sherbrooke District.

In 1915 Wm. C. Guy and Tom Keeley, a former Scoutmaster, revived the Troop. Mr. Guy enlisted the same year, and Mr. Keeley carried on until 1918 with the help of Clifton Hall, Ph.D., a graduate of Bishop's University. The dissolution this time was due to Army enlistments and Messrs. Keeley and Hall leaving town.

In more recent years, Harold Bench, Arnold Price, Kenneth Muzzy and Frank W. Edwards have given good service as Scoutmasters. Mrs. Leslie Humphries has devoted herself to maintaining an efficient Cub Pack for the past eight years.

The present Scoutmaster, Gordon W. MacMillan, of East Sherbrooke, has made a promising revival and he has the confidence and good will of the Scouting fraternity. As an evidence of appreciation of his efforts, most of the former members of the Troop mentioned above intend to be present tonight.

Church Service At Waterville On Founders Day

WATERVILLE — In commemoration of "Founders Birthday," February 22, the Cubs, Scouts, Brownies and Guides held a church parade to the United Church on Sunday.

During the singing of the Doxology the groups filed in with their leaders. The flags were presented during the first hymn by Terry Crowley, carrying the Union Jack, Kathleen Williams the Guide Flag, Chris Campbell the Cub Flag and Murray Powell the Scout Flag. These were accepted by Rev. A. G. MacLeod.

The lesson was read by Scout Henry Pessig, after which Guide Heather Spafford led in prayer.

Mr. MacLeod welcomed the groups and visitors and paid special tribute to the leaders. He noted that the flowers on the altar were in memory of the late Cubmaster Bob Gale.

Following the offering, taken by Cubs Ian MacLeod and Barry Barter, a Boy Scout Hymn, "For God and Country" was sung by Mrs. Charles Smith, accompanied by the organist and choir director, Mrs. C. Burton.

Mr. MacLeod related briefly the history of scouting. "Where freedom is challenged, the Scout movement is the first to be banished," he said.

The special speaker was 1st Class Scout Gordon Mosher, a member of the Hatley-Massawippi group and one of the Scouts who attended the World Jamboree in England last summer.

In a few minutes he was able to take the congregation with him on his trip and shared with them some of his experiences. Among the many places visited while in England were Buckingham Palace, Trafalgar Square, Westminster Abbey and the Houses of Parliament.

After a week of touring, the Jamboree was officially opened on Aug. 1st at Sutton Park, Coldfield, by the Duke of Gloucester over 3500 Scouts represented every country where there is a scouting movement; so it is little wonder that their camping ground was soon known as Tent City.

A heavy rain presented a major problem, but before long the difficulty was overcome. During this Jamboree each troop was expected to demonstrate something, the demonstration of a Transporter being the contribution of the Quebec Troop.

The 12 days were all too soon ended, but regrets were eased a bit when the scouts had the exciting thrill of having Lady Baden-Powell with them the last day to officially close the Jamboree. Closing of camp was followed by another week of touring.

Russell Marois, left, and Ashton Tobin, Q.C., are co-chairmen of the 1958 campaign of the Sherbrooke branch of the Canadian Red Cross Society which opened last Saturday with an objective of \$10,000.

Seventh Troop Dinner Held On Saturday Night

The 7th Sherbrooke Troop and Pack held their annual Father and Son Banquet in St. Paul's Church Hall Saturday evening, attended by 75 Cubs, Scouts, fathers, visiting officials and clergy. Troop Leader Brady Gelinis was chairman of the proceedings.

Seated at the head table with the chairman were Rev. Dr. J. E. Boucher of Sangster Memorial United Church, Leslie Humphries, District Cubmaster, Archdeacon T. J. Matthews, guest speaker from St. George's Anglican Church, Lennoxville, J. H. Wark, District Commissioner, and Rev. R. S. Jervis-Read of St. Paul's Anglican Church, Sherbrooke.

The Venerable Archdeacon T. J. Matthews gave a very interesting talk on Lord Baden-Powell and also on the ways in which the Boy Scout Movement is endangered today. The Archdeacon was introduced by Rev. R. S. Jervis-Read and thanked by Rev. Dr. J. E. Boucher. Cub Peter Smith thanked the ladies for the supper and decorations.

A very tasty turkey plate was prepared by St. Mary's Guild of St. Paul's Church. The tables were very colorfully decorated by the Group's Ladies' Auxiliary who assisted in serving.

Following the supper the group proceeded to the Lawrence School Auditorium where a Going-Up ceremony was held in which Cub Ian Henderson was entered into the Troop.

This was followed by a game of floor hockey in which the boys beat the fathers by a score of twelve to eight. The fathers got their revenge by defeating the boys two out of three in Tug of War.

Bastarache Guilty In Theft Case

Twenty-five year old Andre Bastarache, of Montreal, was found guilty by a Court of the Queen's Bench Jury Saturday of theft of cash and cigarettes November 11, 1957, from a Stafford Sales Reg'd truck, parked at the Sports Club on Fraser St.

The trial was presided over by Mr. Justice William Mitchell. Sentence will be rendered March 14 at the end of the Assizes.

In its declaration to the jury, the defense insisted on the alibi established by various witnesses that Bastarache spent the day at his mother's home. The defense lawyer pointed out that the jury must give Bastarache all the benefit of a reasonable doubt concerning whether the accused knew of the robbery.

The Crown insisted that Bastarache knew there was to be a crime when he lent his car and that later he knew of the theft when he helped Rejean Charlebois carry the suitcase which contained the money.

United Nations back in 1946 or 1947. Mr. Diefenbaker made his proposal in 1956.

IDEA WASN'T BACKED

For years the Liberal government's UN delegation had tried to get the UN to set up a permanent police force to prevent little wars from growing into big ones. Even when Mr. Diefenbaker made his proposal in the Commons in 1956, Mr. Pearson replied at that time that he already had discussed it with the UN secretary-general, but was told that the Middle East powers and other countries would not support it.

And when he sought to have the proposal discussed at a Commons external affairs committee meeting, none of the Conserva-

tive members participated in the discussion and Mr. Diefenbaker did not even appear.

The Canadian delegation at the UN finally got member countries to agree to the temporary police for the Middle East after the Suez flareup. Mr. Pearson said he wasn't satisfied with the temporary arrangement. As prime minister he would press for a permanent police body in his drive for peace.

A Liberal government, he said, also would review the 20-per-cent advertising tax on Canadian editions of foreign magazines. The tax was imposed by the former Liberal administration and, so far, retained by the Conservatives as a measure of protection for Canadian magazines facing foreign competition.

The former Liberal government had "hidden" an economic advisory report which warned a year ago that unemployment in the 1956-57 winter had been "clearly not seasonal." The report had predicted a fall-off in business expansion, housing and exports.

Arthabaska Girl Crowned Dairy Queen

MONTREAL. —(CP)— Marie-Reine Verville, 29, of Arthabaska Que., Sunday, was named Quebec's 1958 dairy queen.

The blonde, whose interest in milking cows was aroused only by curiosity, was presented with a milk stole and a bouquet of roses after being chosen from four finalists at the national salon of agriculture here.

She will attend farm exhibitions this summer, speak to women's groups and probably travel to a farm show at Toronto.

Miss Verville, eldest of seven children, said her father's farm is well-stocked with milking machines and she never had to milk cows by hand.

Judges made the award after considering milking skill, appearance and personality, hygienic and the use of milking equipment.

Edward Findlay, of Buckingham, Que., was named grand champion judge Saturday in the salon's judge-judging contest. He had the most overall points in three categories of judging although did not take first place in any one class.

Successful Year For Empire Life

KINGSTON (Special) — "Company progress in 1957 was noteworthy in several important respects," stated C. P. Fell, President, at the annual meeting of The Empire Life Insurance Company. "Realized surplus on insurance account was the largest in the company's history, permitting more liberal provision to be made for participating policyholders. The favorable mortality experience of the past year contributed substantially to this result, and reflects the sound and progressive nature of the company's growth."

"Sales of new insurance in Canada and the British West Indies established a new high record of business in force — \$219,354,748 at December 31st, 1957 owned by 66,073 policyholders. This indicates a net gain of business in force of more than \$24 million, the largest in the company's history," he said.

"The rate earned for the year was 4.61% compared with 4.48% in the preceding year and 3.85% 10 years earlier. The 1957 result is the highest rate of earnings in the past 20 years," Mr. Fell stated.

"Benefit payments to policyholders and beneficiaries total \$2,028,154, bringing the aggregate of such payments by the company since its inception to the impressive total of \$24,540,887."

Blood Clot Cure Found By Doctor

BOSTON (AP)—Discovery of a mold extract that seeks and destroys fresh blood clots in minutes was announced recently by the Massachusetts Heart Association.

The extract discovered by Dr. Mario Stefanini at St. Elizabeth's Hospital is described as a treatment that can be used safely on the sickest patient.

The substance is credited with furnishing quick relief for sufferers of heart attacks, phlebitis and other ailments involving blood clotting.

Stefanini said the technique can be used "in any good hospital" although not yet ready for home use by family physicians.

Stefanini referred to a man who suffered a coronary attack. He was in deep shock and also suffering pulmonary edema—filling of the lung cavity with fluid.

This patient was treated with the mold extract as well as receiving standard treatment, and the doctor reported that while initial heart damage remained the patient was freed of pain and shock within two hours.

Some 350 spectators rallied at the Magog arena to witness the game, which displayed keen competition and excellent hockey.

GENERAL NOTES
The Magog and District Home and School Association held a bean supper in the cafeteria of the P.E.H.S. The turn out was very gratifying. After the supper a hockey match took place between the Fathers and the school boys which ended in a 2-2 decision. Then skating took over and dancing in the cafeteria, both proved very popular with the youngsters. On the whole the evening proved a tremendous success and thanks are due to the organizers of the program.

Television, Taxes Cause U.K. Film Business Crisis

LONDON (Reuters)—The British movie industry is in the throes of a crisis caused by television and taxes.

Attendance at movie theatres last year continued to fall, says J. Arthur Rank, "with the widening range of television as a powerful competitor." In the first six months of 1957, the number of seats in Britain's 4,000-odd theatres was 70,000,000 fewer than in the corresponding period of 1956.

The slump in revenue ranged up to 25 per cent. The Rank Organisation paid £10,275,000 (\$28,770,000) in entertainment tax alone—36 per cent of its box office gross—and decided to close down 24 of its 500 theatres.

STAFFS CUT

Over the country as a whole, 350 movie theatres have closed during the last 18 months, and more are doomed.

Pine wood Studios has postponed making four major films costing £1,100,000. It has paid off 250 technicians and others. The studios at Elstree have dismissed 148.

Tom O'Brien, general secretary of the National Association of Theatrical and Kine Employers blames the government for taking one-third of the box office money in the form of entertainment tax. Some theatre managers say that they are running on profits from the sale of ice cream and chocolates.

With the budget due in April, the chancellor of the exchequer is being pressed to lift the

COOKSHIRE —

The Sr. W. A. of Trinity United Church held its monthly meeting at the home of Mrs. C. Cooper, with Mrs. J. H. Beaumont in the chair. Mrs. Butler's report showed a good balance on hand, the proceeds from the recent food sale held at Hurd's Meat Market were very satisfactory. A small bill was ordered to be paid. Mrs. Robinson reported she sent out convalescent and sympathy cards and read a few thank you notes. Means of raising money was discussed, and it was thought a musical evening would be held in April. The Dime Cards were turned in to Mrs. Gordon Learned. The next meeting will be held at the parsonage, with Mrs. Breen as hostess.

The weekly Bible Study fellowship was held in Trinity United Church Hall, with Rev. E. Breen in charge. The meeting was opened with the singing of hymns, followed by a short prayer period, and a lengthy discussion on the Book of Revelations. The special feature of the next meeting will be the answering of questions from the question box.

Korean Supper Sponsored By Melbourne Group

MELBOURNE — The C. G. I. T. Hosanna Group of the French Protestant Church held a Korean supper in the Church Hall. The girls were dressed in Japanese and Korean costumes. The guests were greeted by Raymond Parent.

The menu consisted of Korean dishes, sauces and beverages. Some of the guests dined in the traditional manner, seated on a carpet, while others were seated at tables.

After supper was served a short program followed. The C. G. I. T. girls sang a familiar hymn in Korean, while the Explorers sang "Jesus Loves Me." Two sound films on Japan were shown, entitled "Kimono" and "Japanese Inn." A religious film strip, "The Church in Nishio," was also shown with Mrs. J. A. Smith as commentator.

The hall was attractively decorated for the occasion with lighted Japanese lanterns, posters, scrolls, screens and flowers. The china too was made in Japan.

Much credit is due Mrs. J. A. Smith who was assisted by Miss Jean Larochelle with the cooking and arrangements.

Miss Louise Larochelle, president, voiced the appreciation of the group to those present, also to Mrs. J. A. Smith who organized the supper.

Pulpit-Fall Dedicated At Upper Melbourne
UPPER MELBOURNE — An impressive dedication service was held in St. Andrew's Presbyterian Church on Sunday morning, Feb. 16th before a large congregation.

The student minister, Mr. Charles Townsley, received and dedicated a pulpit-fall given by Mrs. Ethel MacRae of Toronto and Whitby, Ont., in memory of her sisters, Mrs. Anna R. Verrill and Miss Jennie Rose.

Owing to the absence of Mrs. MacRae, the presentation was made by her daughter, Mrs. Wm. Pringle, of Whitby, Ont.

The pulpit-fall is of beautiful maroon velvet with the burning bush, inscription and fringe of gold. It is indeed a lasting and fitting memorial to two devoted servants of the church.

Spring Suits With Back Interest

New Year —(NEA)—There's a fresh new look in spring costume suits, one that centers around back interest. This isn't a matter of trim; it's detailing which is part of the silhouette.

In this look the jacket melts into the skirt to achieve a lithe and gently-fitted line, one which blends with the movements of the body. It's a subtle and infinitely elegant way of handling fabric and of giving suits a soft, pretty look.

Fabrics themselves include textured Italian silks, wafer-light wools and worsteds, some of these blended with silk, tweeds and solid colors. The colors are enough to make you dash out and buy a suit this minute: burning lilac, molten gold, pink ember.

We show two such suits from the collection of Arthur Jablow. These are spring suits at their best: beautiful, lovely to see and to wear.

Imported wool crepe in glow red is used for suit (left) with fold across the back of the jacket. A flat, tailored bow tops an open fold. Bow is repeated at each side of the jacket front.

The demi-fitted gray suit in tissue-weight wool crepe (right) has a scissor fold that begins just under the standaway collar. It opens to display a wide inset of leather in belt effect.

Pioneer Doughnuts

¾ cup boiling water, 1 cup evaporated milk, at room temperature, 1 cup firmly packed brown sugar, 2 eggs, lightly beaten, ¾ cup lard or shortening, 2 teaspoons salt, ½ teaspoon nutmeg, ½ cup lukewarm water, 1 teaspoon granulated sugar, 1 envelope active dry yeast, 4 cups sifted all-purpose flour, (approximately)

Four rapidly boiling water over evaporated milk. Add brown sugar, eggs, lard or shortening, salt and nutmeg. Stir until well mixed and cool to lukewarm. Meanwhile, in ½ cup lukewarm water thoroughly dissolve 1 teaspoon granulated sugar. Sprinkle yeast on top of water. Let stand 10 minutes. Then stir well. Add to cooled mixture. Blend, and beat in enough of the flour to make a soft dough. Pour onto a floured board and knead until smooth and elastic, about 5 minutes. Place in greased bowl. Cover with clean towel and let rise in a warm place free from draft for 1 hour or until doubled in bulk.

Punch down dough and pull sides into the centre. Dough will be easier to work if chilled at this stage in refrigerator for about 2 hours. Then knead about 2 minutes. Roll, Cut with doughnut cutter. Place on greased baking sheet. Cover with a clean towel and let rise in a warm place free from draft for about 15 to 20 minutes or until doubled in bulk. Fry in deep fat at 365 deg. F. allowing 3 to 5 minutes for each side, turning only once. Drain well on absorbent paper.

MANNERS MAKE FRIENDS

If you return to a store to purchase something a clerk previously showed you, it is courteous to ask for the same clerk. In most stores clerks work on commission, and the one who first shows a product should make the final sale.

Husband Should Be Glad Wife's Modest About Beauty

Will wonders never cease! Today I actually received a letter from a husband asking me to take his side in convincing his wife she ought to wear clothes that show off her beautiful figure, instead of hiding it in loose-fitting dresses.

He claims that being modest about her looks is her only fault; that she is a wonderful mother, a perfect wife, and so pretty he throws out his chest when he walks down the street with her.

But she buys dresses a size larger than she can get into. And he thinks she ought to be proud of her figure and want to show it off.

All I can say is that this husband obviously has been seeing too much TV. Also too many pictures of Misses Monroe and Mansfield.

He's evidently been too much impressed by the contests press agents dream up between glamor girls and their respective (not respectable) chest expansions.

Life's No Beauty Contest

So he has come to think that any woman who doesn't wear skin tight clothes and get in the contest isn't making the most of her

Climate Causes Unruly Hair

Climate definitely has its effects on your hair. The girl who lives in a big city and has to contend with soot and grime will need to shampoo her hair oftener than the girl who lives in the country. Sea air definitely affects the hair; it makes it go either limp or frizzly.

So these are factors you must take into consideration in caring for your hair. City grime means more frequent shampoos. Sea air or the humid air of any port city means that you must use a hair spray fairly often, have your hair cut in layers for maximum curl and make use of a hair brush. (You should do this no matter where you live.)

Constant sunshine tends to bleach and streak the hair and will also dry your hair, so if you live in a sub-tropical climate, it's best to tie a chiffon scarf about your head when you go out of doors.

Fashion

A pale pink or mauve chiffon scarf does far more than its price tag would indicate to brighten up a winter coat this time of year.

Lots of evening gowns pose a problem when it comes to packing them into a suitcase. One solution lies in buying the short evening gown in a soft fabric such as silk chiffon.

Orange, that high fashion color, combines beautifully with periwinkle blue in a print to wear now under a winter coat, or later on when the sun shines.

natural endowments.

He has evidently forgotten that modesty and dignity are more becoming to a wife and mother than glamor girl antics.

It is also easy to see that he has fallen hook, line and sinker for the cynical notion that the highest tribute that can be paid to a woman is the wolf whistle of the corner loafer.

My only advice to this husband is to have his head examined.

It's obvious that he has been brainwashed by the press agents who earn their living by publicizing sets of figures that should be a secret between a woman and her dressmaker.

Beauty Tips

A prompt brushing of teeth after each meal may save you pain and money later. Getting rid of harmful bacteria and acids is essential. Office girls can have an after-lunch brush by carrying a pocket toothbrush.

Before embarking on a diet, first try standing tall, tucking your tummy and buttocks in. It may be you need to correct posture faults and exercise to make your muscles do their work.

New Storage Units Are Spaced For Today's Living

BY KAY SHERWOOD

Haphazard storage of the bulging load of equipment we consider vital to our education or amusement during our leisure hours has posed a housekeeping problem for which answers are beginning to appear.

Some modern homes boast the custom-built storage wall where an assortment of objects can be gathered together handily and neatly. But most do not.

We continue to spot the TV there, the hi-fi here, the records yonder, the extra books in boxes; film, camera, games, correspondence and so on go where there's an empty drawer, shelf or closet corner.

EFFORTS TO TIDY the situation with ready-made units have led to some imposing arrangements of stacked-up chests and cabinets, sometimes rather block-like and monotonous.

This spring, however, we'll see more adaptable versions.

One of the outstanding ones is made up of seven coordinated units that can be used together or separately.

These units are designed more or less with the specific problems of leisure-center storage in mind.

THE UNITS consist of base cabinets in three widths, 26 inches 5 1/2 inches, and 19 inches, with shelf and drawer storage; three decks in comparable widths and an open, adjustable bookcase.

Cabinets are all the same depth, 19x29 inches, and all boast pull-out service shelves to serve various purposes.

The drawers are an innovation. They are molded of high-impact styrene and are said to be about two-thirds lighter than ordinary drawers. The smooth plastic is easy to clean, resists chipping and won't stick or warp out of shape.

The drawers are faced in the walnut used for the rest of the units.

ONE OF THE WIDER DECKS has a drop-leaf compartment with desk space and open shelves above it for books or bric-a-brac. The other wide deck has open and closed storage, with cane-paneled doors closing off part of the space.

The narrow deck has a tamboured (roll front) compartment and a cane-paneled door at the top of three adjustable open shelves.

All the cane-paneled doors have removable back panels so that a hi-fi speaker could be installed quickly behind any one of them.

Homemaking

Dusting shelves of books is an unwelcome chore in many homes. Often a housewife can avoid frequent dustings by covering the book tops with a plastic film wrap. The books stay clean and all she has to do is replace the transparent wrap occasionally.

Minerva was the ancient Roman goddess of wisdom and good counsel.

Vanilla is derived from a type of orchid. Another type yields saffron, once used as the base for a nutritious drink.

Storage center assembled from seven coordinated units can be arranged in many combinations. Walnut finish makes units adaptable for use with several furniture designs. Cane-paneled doors have removable back panels to permit installation of hi-fi speakers. Drawers are of lightweight, serviceable, molded styrene.

IN OLDER HOMES where rooms with 13 feet of uninterrupted wall space are scarce, the individual units still give promise of the good use of the slim wall space between windows or doors, or in the architectural jogs and turns one encounters in such dwellings.

The versatility of the units, the light weight and dimensional stability of the drawers in any climate are aimed to attract the attention of the family that moves around as well as the stay-at-homes.

Incidentally, the molded drawers with their smooth, seamless construction provide a snag-free and clean place to store delicate fabrics and lingerie as well as sturdier items.

Flourishing Business Run By Teenagers

VANCOUVER (CP) — Seventeen-year-old Miss Sidney Freeman is president of a flourishing manufacturing company here.

As head of Lite-O-Craft Products, she is showing city businessmen how youngsters can organize, manufacture and market a product to compete with goods put out by large industry.

Lite-O-Craft is one of 22 companies organized by the 400 high school members of Junior Achievement, an organization sponsored by city firms to train potential business men and women.

Sidney and her 17 fellow students are selling their hurricane lamp, an elaborate metal-work lamp used for mantel decoration which they manufactured through a city departmental store.

Sidney was elected president

after a company with \$200 capital was formed. Shares valued at 50 cents each were sold to parents, school teachers and friends, each person being limited to five shares.

Steve Ross, also 17, purchased raw materials and youngsters went to work cutting, bending and assembling the lamps.

Cost of the lamp is \$1.19. It retails for \$1.95 including tax.

Thirty lamps are turned out in an evening and 600 will be made in a season.

Wages run only 15 cents an hour, but will be increased as profits roll in.

"We've sold 36 already," says sales manager Palle Bognes, 16. "We have a team of door-to-door salesmen ready to go into action when we build up a stock."

DRESS MATERIAL
Cotton was first mentioned as a manufacturing enterprise in 1641.

EARLY FABRIC
Needle-point or point lace dates from the 16th century.

SIMPLE PROCESS
Broiling, probably the earliest known process of cooking meat, consists of exposing the surface to direct heat.

A neighbor of mine who likes to kid me about some of the things I say in this column told me the other day that I was going to talk myself out of business if I kept on passing out free tips on how to do this or that cleaning or spot-removing job at home.

I kidded him right back about him not being able to read, because I've never suggested people take up dry cleaning at home.

Cleaning — and especially spot removal — calls for a healthy measure of professional know-how, as I've pointed out before. But what I have said is that there are certain things you can do to keep a stain from setting into a fabric before you get it down to us for dry cleaning.

However, my neighbor's jibes did raise a question in my mind later. What about readers who haven't saved my past columns, or who can't remember what sort of treatment to give a particular stain to keep it from setting?

So I decided I should make it clear in this column that we're always ready to give you advice over the phone about ways of keeping stains from causing permanent damage to your garments until such time as you can get them cleaned properly.

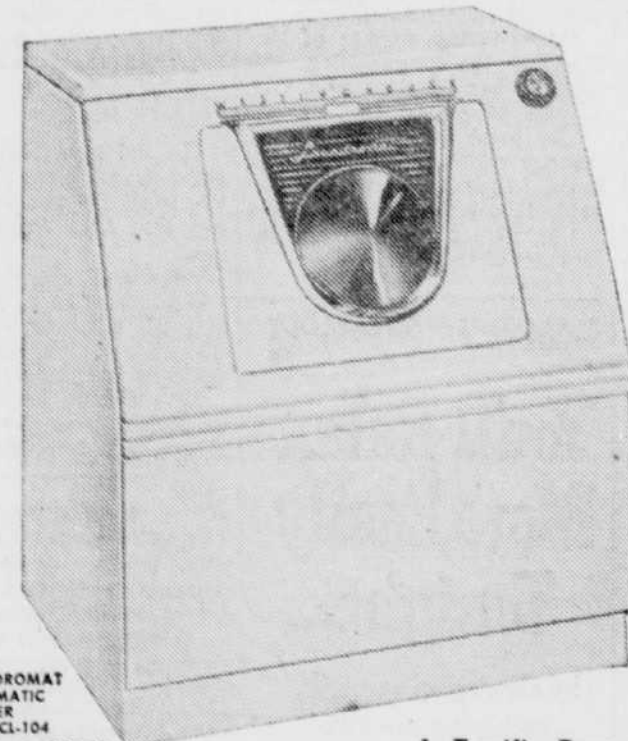

Especially if you spill something on your best suit, or on some other expensive garment, don't hesitate to call us right away and get advice over the phone about ways of keeping stains from causing permanent damage to your garments until such time as you can get them cleaned properly.

But don't forget, either, that getting the stained garment into us quickly is just as important. These are two ways you can help us with our main purpose in life: To give you the very best in dry cleaning.

The meeting adjourned and a humorous reading by Mrs. Sam Denney was greatly enjoyed. Mrs. Ezra Woodard and Mrs. Albert Elliott received the prize for a guessing game and Mrs. Oscar Reeves was awarded the prize for the best decoration made on a paper napkin. Mrs. E. Sheldon and the Sunshine committee were in charge of the entertainment. The round robin was won by Mrs. Howard Cass.

Savitt Wallops Budge Patty To Win Indoor Title

NEW YORK (AP)—Big Dick Savitt, the reluctant Davis Cupper, blasted Budge Patty to pulverizing power Sunday and regained the United States indoor tennis championship he first won in 1952. The scores were: 6-1, 6-2, 3-6, 12-10.

Savitt, who quit bigtime tennis shortly after his Wimbledon and Australian triumphs of 1951, swept through the first two sets easily. He then stood off a spirited Patty rally in a fierce battle of crackling services and volleys.

AT LENNOXVILLE

Stan Hamilton of the Lennoxville Curling Club led his foursome to victory in the 11th annual Eastern Townships Bouspiel by staging a three end comeback to edge Nelson Lathrop of Sherbrooke 9-8 in the finals of the main event for the Record Trophy.

In the semi-finals in the afternoon the Hamilton rink pulled one out of the fire as they trailed 'Duke' Doucet of Windsor Mills 6-3 going into the last end. The Lennoxville rink had three stones in the front of the house when skip Doucet played his last rock. He was narrow on an attempted dead draw and fell on the rocks at the front of the house leaving Hamilton with the winning stones.

Nelson Lathrop won his game in the afternoon over Ron Mooney's Lennoxville squad rather handily with an 8-3 count. The Lathrop rink took the lead in the first end and never looked back as they capitalized on last rock shots in at least three ends.

Lathrop's crew appeared to be continuing at the same pace they were setting in the afternoon as they moved into a 4-2 lead in the 4th end of the finals after registering a dead end in the 3rd. Hamilton counted one in the 3th, but Lathrop came right back to add two to his total in the 6th, and another two in the 7th, to stand the count at 8-3 going into the 8th end.

On a last rock draw the Hamilton quartet scored two in the eighth and added another three in the ninth to tie the tilt 8-8 coming home. As the last end developed it was certain that the game was going to be in doubt until the final rock was thrown.

And so it was. Stan Hamilton had shot rock well guarded when Nelson Lathrop played his last stone. He had to play a difficult double raise to push his own stone onto Hamilton's shot. He was close to being successful but did not hit the front stone squarely and the Hamilton rink won the game 9-8.

The finals for the H. W. S. Downs, third bracket trophy, were in no way less climatic than those for the Record Trophy as it took Andy Michaud and his rink from Windsor Mills an extra end to win 9-6 decision over Dr. John Hibbard's Sherbrooke foursome.

Dr. Hibbard had trouble dispensing with Spencer Clark's Caledonia rink from Montreal as Sherbrooke won the semi-final round 8-6. Hibbard trailed for the first two ends and then moved into a one point lead in the third, a lead that he never lost, but one that was in danger more than once. The Caledonia rink trailed 3-5 coming into the final end. When skip Hibbard went to

play the last rock of the game Clarke had three stones in the house—the game tied. Hibbard got the shot and rolled to tie second and win the game 8-6.

The Hibbard-Michaud final proved to be somewhat the same as the Hibbard-Clark game in the afternoon with the difference being that Hibbard trailed most of the way. Michaud picked up one in the first, then Hibbard took out a Windsor rock to tie shot in the second end. In the third Michaud pulled a big three to move out in front 4-1. Hibbard was up against it again in the 4th end as Michaud had three stones in the house when he played his last rock. This was the end in a row that the Sherbrooke skip had been faced with the same situation when he went to play.

The battle saw-sawed back and forth to the eighth end and the count stood at 6-5 in favour of the Windsor Mills quartet. Skip Michaud chose to play for a dead end in the 9th, so, as to have last rock going home. His ruse did not pay off however as John Hibbard drew with accuracy behind one of the Windsor rocks to tie shot. Michaud was heavy on an attempted draw and slid through the house, forcing an extra end.

The Windsor quartet built a good end and when skip Hibbard played his last stone they were counting three. He chose to play a draw to the two foot but was narrow and the Michaud rink counted three to win the H.W.S. Downs Trophy.

Ivan Saunders of the Sherbrooke Daily Record presented the Record Trophy and prizes to the winning Hamilton rink and runner up prizes to the Lathrop quartet.

Ernie Gilbey representing H. W. S. Downs made the presentation in the Downs event.

Wings Going To Protest Storey's Work, Says Adams

DETROIT (AP)—Jack Adams, Detroit Red Wings general manager, said his club plans to file a protest with the National Hockey League over Red Storey's officiating in Sunday night's 3-3 tie with Montreal.

Adams said he will ask for an investigation of Storey's "directing" of the Montreal club during the play.

The Red Wings official said Storey yelled "Lookout, Doug, lookout" at defenseman Doug Harvey as the Montreal player was being pursued by Detroit's Forbes Kennedy.

Andy Bathgate's Scoring Effort And Lumley's Solid Goaling Virtually Wipes Maple Leafs Out Of Playoffs

An artistic scoring effort by Andy Bathgate and a solid goaling job by Harry Lumley may have ended the National Hockey League playoff race.

The first of Bathgate's two goals Sunday broke a 2-2 tie and enabled New York Rangers to defeat Toronto Maple Leafs 4-2, after the Leafs had defeated Chicago Black Hawks 3-1 Saturday.

Lumley scored his third shut-out of the season Sunday as Boston Bruins beat Chicago 2-0. The results left Boston in fourth place, six points ahead of Toronto which has 13 games left.

The double loss left Chicago last, two points back of Leafs.

In other games Saturday Detroit Red Wings whipped the Bruins 6-1 and Montreal Canadiens tied New York 2-2. Sunday Montreal and Detroit tied 3-3.

JAMES GETS GOAL

George Armstrong and Gerry James gave Toronto a 2-0 lead Sunday against New York. But George (Red) Sullivan and Dave Creighton tied the game, setting the stage for Bathgate's brilliant effort in which he circled the net and poked the puck between Toronto goalie Ed Chadwick and the goalpost.

He scored his second goal and 24th of the season after Toronto yanked Chadwick for an extra forward. It was New York's fifth game without a loss.

Lumley stopped 33 shots as the Bruins knocked the Hawks deeper into the league basement. Chicago's Glenn Hall stopped 23. Bronco Horvath scored his 25th and Vic Stasiuk his 20th for the Bruins.

Canada Wallops Two Swedish Teams Over Weekend While U. S. Tops First Club 5-2; Russians Dump Norway 11-3

STOCKHOLM (CP)—Competing countries in the world hockey championships which begin Friday in Oslo conducted tests of strength in weekend exhibition games.

Canada's entry from Whitby, Ont., made short work of two third-grade Swedish provincial teams, winning 17-0 Saturday and 9-1 Sunday.

The best of Sweden's players were in Stockholm. There an all-star team bowed 5-2 to the United States.

In Oslo, the Russians tried out the arena where the world title will be decided in defeating Norway 11-3.

Everybody was sizing everyone else up. One thing on which the experts and pundits were agreed: Canada looks tough.

Anatoli Tarasov, Russia's

League-leading scorer Dickie Moore notched his 31st of the season, high in the league, to give Montreal a 3-3 tie with Detroit and move the Canadiens within one point of their second league title in three years. Montreal leads the second-place Rangers by 23 points with 11 games to play. New York has 12.

PICNIC FOR HOWE

Billy McNeill, Gordie Howe and Alex Delvecchio scored for Detroit, each time putting the Wings in front. It was Howe's 275th goal in a weekend that saw him collect seven points on two goals and five assists. The tie moved the Wings three points ahead of Boston.

Andre Pronovost and Claude Provost were the other Montreal goal-scorers.

The Wings were paced Saturday by Jack McIntyre, who scored three goals with Howe assisting on each. Howe, Norm Ullman and Bob Bailey were the other scorers against the Bruins. Horvath scored the lone Boston goal.

Toronto's Frank Mahovlich clamped harder on the rookie-of-the-year award with two goals against Chicago, giving him 20. The second was scored into an empty net.

Bob Pulford for Toronto and Ed Litzenberger, with his 23rd, scored the first two goals in the game.

Henri (Pocket Rocket) Richard's 25th goal was his first this season against New York and gave Montreal a 2-2 tie. Doug Harvey also scored for the Canadiens. Camille Henry with his 27th and Dave Creighton were the Ranger scorers.

coach, conceded Whitby wouldn't give them the same easy scoring chances the Norwegians did.

"The Canadians are also much stronger," he said. "There are professionals among the Canadians and they know how to play this game."

Don Clark, U.S. manager, said: "The Canadians sure have a strong team and I won't be surprised if they turn out to be the champions."

AT SHERBROOKE

In the duel for the Mitchell Trophy between Ken Jackson and Bill Hammond, both of Sherbrooke, it was close until the seventh when Hammond's quartet gradually pulled away to emerge the winner 10-6. The Hammond foursome was ahead 4-3 after five ends but the Jacksons rallied with a three-end to move to tie in front 6-6.

Hammond bounced right back with two to knot the count and then on added one in the eighth, two more in the ninth and wound up with a singleton in the tenth to post the victory.

In the Sangster Trophy it was George Boulay of Drummondville Celanese the whole way. Drummondville got away to an early start and was out in front 5-1 after three ends. Jackman rallied with two and they then played a dead-end but Boulay picked up two in the eighth to move ahead 8-3. Jackman got one but the early lead was too much to overcome despite some good shots by the Granby skip and the cagey Drummondville walked off with an 11-4 verdict to take home the trophy.

Rudolphe Masse of Granby and Fred Pattison of Lennoxville staged battle to the wire for the La Tribune Trophy with Pattison's rink emerging the victor. At the end of the fifth Pattison was out in front 5-2. They got singles in the next two ends while holding the Granby pilot quartet to one. At the end of the seventh it was 6-3 for Lennoxville. Pattison sealed the bargain with a single and two to move out in front 9-3 coming home. In the final skip Pattison made sure to protect his lead giving Granby three but they won the match 9-6. It was a close battle the whole way but Lennoxville held the edge in the play.

In the semi-finals of the main event, the Record Trophy, Nelson Lathrop of Sherbrooke upset Sonny Mooney's Lennoxville foursome 7-3 to move into the finals. In the other half Stan Hamilton's Lennoxville quartet came through with an 8-6 win over Duke Doucet of Windsor Mills after a close battle.

In the Mitchell it was the Jacksons who pulled out with an 8-5 victory over Oddie Goyette of Sherbrooke. Bill Hammond of Sherbrooke posted a close 10-9 win over Bruce Millar of Sherbrooke but required an extra end to do so. The Miller foursome was down 9-6 coming home when the veteran skip Miller came up with a big three-end to knot the count and force the extra end.

In the Sangster Toby Jackson of Granby emerged an 8-7 win over A. Stafford of Magog after an up-hill fight. The Magog quartet was out in front after the first three ends but the Jacksons rallied in the closing to post a three and win the tilt.

J. Lessieur of Granby copped the other berth in the finals of La Tribune with a 9-6 victory over Vic Lyon of Quebec Victoria to meet Oddie Smith of Sherbrooke.

In the semi-finals at Sherbrooke for the Mitchell, Sangster and La Tribune trophies all three matches were close as all six rinks battled right to finish in an effort to cop the trophies and main prizes.

AT SHERBROOKE

In the lower half of the draw Bill Hammond of Sherbrooke downed T. Delaney of Quebec Curling Club 10-5 while Bruce Millar of Sherbrooke was forced to go an extra end before he managed to eke out a 9-7 victory over P. Giroux of the Wabasso Club of Three Rivers.

In the Downs Trophy Dr. J. Hibbard of Sherbrooke walked off with a 9-1 win over D. MacDonald of Danville and Andy Michaud of Windsor Mills rolled to a 12-3 victory over P. Gruet of Outremont. The two matches went extra ends before the winners were declared. Dr. J. Dion of Sherbrooke and H. Cass of Bordier ended in a 5-5 stalemate after eight ends. In the extra end Dr. Dion's rink picked up a single to cop the match 6-5.

The other battle between Spence Clark of Montreal Caledonia and Gordon Conway of Bordier also ended in a deadlock after regulation ends. The Clark quartet picked up the winning point for a 7-6 verdict and a spot in the semi-finals.

In the Sangster Trophy Toby Jackson of Granby won his way into the semi-finals with a 9-3 victory over Guy Lemieux of Danville while A. Stafford of Magog came through with a 10-1 win over Guy Lemieux of Danville while A. Stafford of Magog came through with a 10-1 win over J. McFadden of Bordier. In the other half G. Boulay of Drummondville stopped R. Stafford of Bordier 7-4 and A. Joyal of the Bordier won out over A. Hand of St. Lambert 8-4.

Quebec Aces upset the league-leading Chicoutimi Saguenéens 8-4 in Sunday's Quebec Hockey League action while Montreal Royals shaded the rail-end Trois-Rivières Lions 2-1.

Quebec's triumph advanced the club to within seven points of the second-place Shawinigan Cataracts who were idle and 14 points off the Saguenéens. The fourth-place Royals remained a point behind the third-place Aces and advanced to six ahead of the Lions.

Bill O'Ree and Bob Sabourin scored two goals each for the Aces at Quebec City. Stan Maxwell, Michel Labadie, Gary Blaine and John Sleaver getting one each.

Jackie Leclair counted two for Chicoutimi. Georges Roy and Gerry Glaude got singles.

Beavers, Meteors And Rockets Post Victories In Opening Playoff Tilts

Bob Bedard And Ray St. Cyr Pace Locals To 7-2 Win With Two Goals Each In Hard-Hitting Fixture

Sherbrooke Beavers, paced by Bob Bedard and Ray St. Cyr with two goals each, romped to a 7-2 verdict over the Magog Aces in the first game of the best-of-nine semi-finals of the Massawippi Hockey League yesterday afternoon before 1,589 fans. The next game is slated for Magog tomorrow evening.

The Beavers had just too much all around power as they peppered Yvon Lavoie from all angles and drove more goals into the net than they did at any time during the season against him. It was a hard-fought battle and a total of 19 minors were dished out along with two majors, one to each club for fighting.

The tilt was a close-checking affair as both teams were going all out and at the start of the game it was steady parade to the cooler. The penalty bench, during the first and second periods, was a over-crowded place with front-row seats at a premium. In the third stanza the players settled down with only five minors being called.

Ray St. Cyr opened the scoring when he batted home a loose puck to beat Lavoie from close quarters. Each team had men in the cooler. At the six-minute mark Marcel Mirault evened the count when he snared the disc in Sherbrooke's end to tally.

Jacques Emond got the Beavers' second tally to break the deadlock when he drove a hard shot by Lavoie. Just before the half-way mark Bob Bedard got his first of the afternoon when he picked up a beautiful rink-wide pass to walk in alone on Lavoie. He deked the Magog netminder and lifted the rubber behind him for the Beavers third goal. On all tallies the teams had men in the cooler.

The middle session Ray St. Cyr teamed up with Bob Bedard on a nice passing play and the Beavers were away in the clear. Frankie Reid was the next to beat Lavoie as the locals were going all out. With four minutes left in the frame a fracas broke out.

Benoit and Bourassa went off for roughing and just before they returned George Goyette got the thumb for holding and in the last minute of play the fight broke out. When things had cleared away St. Cyr and Mirault got majors for staging the main bout while Bedard and Bourassa drew minors for their flare-up.

In the third period when the teams got back to an even keel the teams began to settle down and play some hockey. Vaillancourt and Benoit followed each other to the sin-bin and the time-keeper was having a busy time.

Bert Cotterell tested Labossiere from close range as the hard-driving Magog centre, and captain, was the most aggressive man on the ice for the Aces. He came right back on his next trip and registered Magog's second, and final, tally of the tilt with

seconds left in the second period.

The third period saw the Beavers extend their lead despite the efforts of the Aces. Robidas drove a hard shot by Lavoie which the Magog net boy failed to see as his view was blocked by his own players. Frankie Reid set up one of the nicest goals of the day when he put Bob Bedard in the clear behind the Magog defense and again Bedard came up with a repeat on Lavoie to out-play him and tallied the final goal of the afternoon.

Lester Lahaye Leads Drummondville To 4-2 Win Over Richmond With Two Goals; Meet In Second Tilt Tomorrow

DRUMMONDVILLE (Special to the Record) — The Rockets jumped into an early lead in their opening tilt of the quarter-finals of the Massawippi Hockey League here Sunday afternoon and managed to hold on to post a close 4-2 verdict over the Richmond Braves before 1,100 fans.

The tilt was closely fought the whole way with all the scoring being registered in the second and third periods. A total of nine minors and one misconduct were dished out during the tilt. Real Jacques was tagged with the misconduct for trying to belittle the referees.

In the second period Ken Biggs was Johnny-on-the-spot when he snared a loose puck to lift it behind Beauchamp for the first marker of the game just at the 4-minute mark. A few minutes later Lahaye extended the lead when he teamed up with Bobby Pepin and Biggs for the second tally of the game and the only one of the period.

In the third period Lahaye posted his second tally while his mates, Pepin and Biggs, drew assists on the play. This moved the Rockets into front 3-0 with just eleven minutes left to play in the game.

The Braves rallied at this stage and St. Jean assisted by Jacques and Grenier potted Richmond's first goal. Lahaye was sitting out a tripping penalty when St. Jean came up with his second tally to put the visitors within hailing distance.

Jacques had just returned from a boarding penalty when the Rockets registered the final goal of the game. M. Boivin was the marksmen while Bob Houde and G. Boivin helped on the play. Aubry was thumbed off for interference but despite this the Rockets managed to hold the Braves at bay until their mate returned in the last minute of play.

The Braves were short-handed as a few of their players were on the injured list. The second game is slated for tomorrow evening in Richmond.

Revenue Agents Attach Tatum's Share Of Gate

CINCINNATI (AP) — Basketball player Goose Tatum says he worked for nothing Sunday night when his Harlem All-Stars played an exhibition game at Cincinnati Gardens.

Shortly after the game started, two internal revenue agents showed up and attached his share of gate receipts for what they said is a \$5,674 judgment he owes in back income taxes.

And after they left, sheriff's deputies walked in with another attachment for \$10,080 which Bill Spivey, former barnstormer with the team, claims is owed him for back pay.

Tatum was unruffled. He said he once owed \$24,000 in back taxes because of "mistakes . . . by a man who did my tax returns" but that he whittled it down by a "little arrangement I have with the income tax people."

He said: "When I get to a town where I think I'll draw a good game, I call up the tax bureau and tell them. Then they come around and attach me. 'As for Spivey, I don't owe him anything.'"

Barons Finally Catch Bears In Top Spot In AHL

Cleveland Barons, capping an uphill struggle, share first place with Hershey Bears today in the nip-and-tuck American Hockey League race.

The Barons, who have been closing in on Hershey for the last month, caught up Sunday night. Cleveland's 4-1 victory over Rochester Americans coupled with the Bears' 7-3 setback by Providence Reds produced the stalemate.

Each club has 71 points. The Barons have 13 games left compared to 11 by Hershey. The Bears had led the league since Oct. 29 and in December they had opened up a seemingly unsurmountable lead of 16 points.

Springfield Indians scored four times within four minutes to down the last-place Buffalo Bisons 6-3 in Sunday's other game.

In Saturday night's action, Cleveland trimmed Rochester 6-1 and Springfield edged Hershey 3-2 in overtime.

Maurice Vachon Leads Meteors With Two-Goal Effort To Edge Canadiens 4-2 In Closely Contested Fixture

ASBESTOS — (Special to the Record) — Maurice Vachon, the Meteors' hard-working forward, was the difference in Sunday's tilt when he tallied two goals to lead his team to a 4-2 victory over the Victoriaville Canadiens in their first tilt of the best-of-five quarter-finals of the Massawippi Valley Hockey League here before 1,340 home town fans.

The tilt was closely fought the whole way and only eight penalties were dished out with only one figuring in the scoring. They were all for minor offences. Victoriaville was out-shot 38-23 and it was only the outstanding work of Ronald Hamel which held the score down.

The Meteors banged home the first marker when Maurice Vachon teamed up with Albert Moore and Paul Drouin with their team-mate Drouin sitting out a boarding penalty. They caught the Canadiens on a gangling play and beat them to the draw.

Playing coach L. Michelin evened the count when he drove the rubber by Bergeron after taking a pass from Boisvert. Just before the fifteen minute mark Richard Champagne gave the Meteors a 2-1 lead when he teamed up with Illick and Perron to register Asbestos' second goal.

In the second frame Jack Illick came up with the only marker of the period when he accepted a pass from Champagne and drove it by Hamel from close quarters. The Canadiens had a man advantage when Perron was thumbed off but nothing happened as Trotter got the nod for slashing.

The parade to the cooler kept up with Michelin, Leger and Trotter moving in but even with the count in their favor the Canadiens just couldn't capitalize on their breaks.

The final frame was wide-open as each team tallied a marker. Vachon came up with his second of the afternoon to put the Meteors out in front 4-1. In the closing minutes Raymond got Victoriaville's second goal of the afternoon but time ran out before the Canadiens could connect for any others and the Meteors edged out the verdict in the first encounter after a close battle.

Asbestos: Bergeron, Forques, Michelin, Champagne, Illick, Perron, Moore, Vachon, Leger, Bisson, Malone, Glaude, Heon.

Victoriaville: Hamel, Boisvert, Ross, Trotter, Bergeron, Raymond, Michelin, Paul G. Bergeron, Plourde, Belhumeur, Thibodeau, Larocque, Dufour, Corriveau.

NEW YORK (AP) — Toronto Maple Leafs and New York Rangers completed a deal Sunday night moments after the Rangers defeated the Leafs 4-2.

Toronto purchased goalie Jacques Marcotte from the Rangers' Trois Rivières farm club of the Quebec League for Bill Kennedy, a 19-year-old amateur centre, and an estimated \$5,000.

Marcotte, who will be 23 next month, will report to the National Hockey League club immediately and probably will replace Ed Chadwick in the Leafs' nets.

Kennedy, who has been playing with Toronto Marlboro juniors of the Ontario Hockey Association, will report to the Rangers next season. He is in his final year of junior hockey.

Kennedy quit the Marlboros Thursday, saying he didn't have an NHL future and should concentrate on his studies at the University of Toronto in first year of an arts course.

"Sure, I once hoped to make hockey a career," the 185-pound six-footer said.

Loyola Warriors-Swamp Bishop's In Hockey Fixture 14-3 In One-Sided Tilt; Meet Macdonald Here Friday

Loyola Warriors humiliated the Bishop's Gaitsers 14-3 in an Ottawa-St. Lawrence Valley Conference game Friday night at the local arena. The loss pushed the Gaitsers even closer to the league cellar, while preserving the Warriors stranglehold on first place.

The first period was a nightmare for the local fans, as Loyola pumped nine goals into the Bishop's cage, on 19 shots. The Gaitsers were pitifully weak in the nets in this period, and coach Pat Murphy replaced Peter Hellyer in the second period. Bob Sinclair goalied the two final frames, playing good in the second period, when he handled 14 of the 15 shots on goal. Although he allowed four goals in the final canto, he was blameless on the shots that eluded him, and the Gaitsers' defense must share the blame.

In every category the Warriors were a better team, justifying their high standing in the league. They skated faster, turned more quickly, backchecked harder, and were generally a more spirited crew than the listless Gaitsers.

Beauregard, Moore, and McNally scored hat tricks for the visitors, while Forget in the Loyola cage played a steady game, handling 34 shots, compared to the 40 fired at the Bishop's net.

Bishop's Gaiters Split Weekend Cage Bill, Drop Macdonald College 49-38, Lose 40-36 To University Of Montreal

Bishop's Gaiters split a weekend basketball doubleheader, defeating Macdonald College 49-38 Friday night and losing a tight game to University of Montreal by a 40-36 count. These were the last two games of the intercollegiate season for the Gaiters, and gave them an even record of four wins and four losses, the best a Bishop's team has done for several years.

The Macdonald game was a complete reversal of the first meeting of the two clubs, when the Aggies were on the right end of a 50-43 score. The visitors complained bitterly about the quality of the officiating, suggesting that the two referees were partial to the home team.

However, when the final score-sheet was compiled, it turned out that Macdonald had drawn one more personal and one more technical foul than the Gaiters. Lacking a good tall man, the Macdonald squad played a driving game, but they were unable to penetrate the Gaiters' defense, and were forced to shoot from outside the key. Unaccustomed to the rims and the lighting in the local gymnasium, their shooting suffered, but percentage-wise they still outclassed Gaiters who had a greater territorial advantage than the score would indicate. Both teams lost numerous chances to score from the foul line, and had records of 30% from the floor.

The Gaiters were in command of the play throughout the game, with Gordon Johnson, and Blaikie controlling the backboards, and McMorran doing most of the playmaking. Bishop's led 25-18 at the half, and maintained an eight point lead in the second half, as the Macdonald squad were unable to put together a strong offensive display.

High scorers for Bishop's were Johnson and Blaikie with 10 apiece, while Carrier and Lamher paced the Macdonald attack, with 13 and 18 points respectively.

The game with University of Montreal revealed another brand

of basketball, with the visitors forcing the Gaiters to change their style of play. This was evident in the erratic passing, and generally poor ball handling displayed by the Bishop's squad, especially in the second half, when at one point they went seven minutes without getting a basket.

Again the Gaiters started off quickly, and they led throughout the first half, in which they played steady, cautious ball, using every opportunity to advance. They controlled the ball for most of the half, and were defensively good, although the Carabins were able to score on several long set shots. The first half ended with the Gaiters ahead 21-18.

The second half, and particularly the final quarter, told a totally different story. This was partly the result of fatigue on the Bishop's squad, for they were moving more slowly, and losing a great many rebounds and scoring opportunities. Nevertheless, the Montreal squad took control of the game in the final quarter, when they had a small lead. For three minutes they were able to freeze the ball, while the Gaiters had to commit personal fouls in the hope of getting possession.

However, the Carabins calmly sank three out of five foul shots in the final two minutes, to crush a desperate Bishop's rally, which fell short by four points 40-36. Lamoureux, who went 0 for 17 in the first game, led the Montreal attack with 16 points, with the rest being evenly divided. For Bishop's, Bob Gordon regained his scoring touch, potting 15 points, while Bud McMorran added another 7.

WEEKEND NHL STARS

Detroit's Jack McIntyre, who went on a three-goal scoring spree Saturday to lead Red Wings to a 6-1 win over Boston Bruins.

Rookie Frank Mahovlich of Toronto Maple Leafs, who scored the winning and insurance goals Saturday as Leafs downed Chicago 3-1.

Andy Bathgate of New York Rangers, who banged in two goals Sunday in a 4-2 Rangers win over Toronto.

Henri (Pocket Rocket) Richard of Montreal Canadiens, whose first goal of the season against New York gave Canadiens a 2-2 tie Saturday.

Jimmy Demaret Leads Houston; Leonard Seventh

HOUSTON, Tex. (CP)—Veteran Jimmy Demaret, a golfer who seems to revel in bad weather, led the \$50,000 Houston classic invitational into its final round today.

The 47-year-old professional thrived on mud and water puddles Sunday in grabbing the lead on the back nine of a delayed third round while Pete Mazur, the halfway mark leader from Buffalo, N.Y., had trouble with hook shots off the tee.

Demaret's 70-70-69—209 left him two strokes ahead of Marty Furgol of Lemont, Ill., and Roberto de Vicenzo, the long-driving Argentine playing out of Mexico City. Mazur ended with a 218, seven strokes back of Demaret, a native of Houston.

Stan Leonard, the Vancouver veteran who jumped to a five-over-par 77 after sharing the first-round lead at 68 with five others, came back with a 69 Sunday. That left him in a seven-way tie at 214.

Two of the three other Canadians in the hunt reached today's final round. Toronto's Al Balding recovered from a shaky second round and stood 72-75-72—219 and Lyle Crawford, young Vancouver prospect, played steady golf with three 74s for a 222 total.

Adams Named Coach Of Canada's Team

SASKATOON. (CP)—Bob Adams, a 33-year-old Saskatoon man with previous experience in international competition, has been appointed coach of the Canadian track and field team which will travel to Cardiff, Wales for the British Empire and Commonwealth Games in July.

The British Empire Games committee confirmed the appointment Saturday after results of a vote conducted by the track and field committee of the Amateur Athletic Union of Canada were revealed by Neil Farrell of Hamilton, Ont., the national chairman.

Adams was a member of the Canadian Olympic team at Helsinki, Finland, in 1952 and then was captain of the Dominion's track and field squad at the British Empire Games at Vancouver in 1954.

Windsor Mills Wins J. S. Mitchell Trophy And St. Francis Valley Team Championship; Magog Ends Second

The J. S. Mitchell Trophy, emblematic of the St. Francis Valley Badminton team championship, is resting on the mantelpiece at the Canada Paper Club in Windsor Mills for the second consecutive year. The "Paper Makers" clinched the victory yesterday in Drummondville.

Windsor Mills yesterday picked up 13 out of a possible 15 points to make a total of 37 points for the three round-robin tournaments. Magog finished the season second with 31 points while Drummondville and Bishop's University trailed with 12 and 10 points respectively.

Yesterday Windsor downed Bishop's 5-0, stopped Drummondville 5-0 and eked out a 3-2 win over Magog who re-arranged their lineup in an effort to catch the winners.

Diane Johnstone, Gordon Harmer, Murray Parker and Norm Allard each picked up three points for Windsor yesterday. Mrs. H. R. Cleveland, Miss Charlotte Paquette, Mrs. Betty MacKenzie and Jack Bagnall picked up two points.

Allan Channel, vice-president of the St. Francis Valley Badminton Association, presented the Mitchell Trophy to Allan

Bagnall, captain of the Windsor Club, in the absence of Ian Patterson, the resident.

This week-end the Canada Paper Club will take on Limilou in Windsor Mills in the semi-finals of the Provincial Playdowns for the Paul Gascon Trophy.

Three mixed doubles, two men's doubles and two ladies' doubles will be played in this semi-final. Murray Parker and Jack Bagnall will team up in one men's doubles, while George Corbiere and Gordon Harmer will pair up for the other combination. Diane Johnstone and Mrs. H. R. Cleveland will team up and so will Betty Webster and Gwen Gaunt. The mixed is undecided.

This is the first year that the St. Francis Valley team championships have been decided by three round-robin tournaments. Previously there were home and home matches between the various clubs. The new system proved very successful, it cut down on travelling and increased the interest.

The date for the Eastern Townships closed championship is still undecided but it will be played sometime in March. Watch this paper for further details.

John Konrads Of Australia Breaks Four More Swimming Records While Dawn Fraser Breaks Two Global Marks

MELBOURNE, Australia (AP)—John Konrads, Australia's human fish, broke four more world records Saturday night and Dawn Fraser smashed two global marks as the Australian national swimming championships closed before 5,500 frenzied fans at the Olympic pool.

Konrads, 15-year-old Latvian-born youngster who claims 10 world freestyle records, was timed in an amazing 17 minutes, 28.7 seconds for the 1,650 yards and 1,500 metres.

On the way he was caught in 9:17.7 for the 880-yard and 800-metre distances, also breaking the old marks. The listed 880 mark is 9:34.3 set by Aussie Murray Rose at Sydney in 1956.

If the international swimming federation recognizes Konrads' time, it will mean that Australians hold all of the men's world

freestyle records. Seventeen world marks were broken during the meet which began last Saturday.

HELPED FROM POOL

After the race Konrads was assisted from the pool but quickly recovered. He had predicted he would swim the 1,550 in 17:40.

"You ask, was I tired?" he replied to a question. "Oh, boy, I was more than that. I felt myself weakening over the last six laps of the 30 laps in the 55-yard pool and when I heard that whistle go at the last 110 it was the most beautiful sound I ever have heard. And I can tell you those last five yards were the most glorious five yards I ever swam."

Earlier Olympic champion Dawn Fraser sliced three seconds from her own world 220-yard freestyle record. She was timed in 2:14.7, and set up a new world 200-metre mark at the same time. She won by 10 yards from Lorraine Crapp, another Olympian.

Ireland's Delany Wins His 21st Mile

NEW YORK. (AP)—Ireland's Ron Delany literally ran Ivan Rozsavolgyi of Hungary into the boards Saturday night as he won his 21st indoor mile in a row in 4:03.7, just one-tenth of a second off the world indoor record.

Rozsavolgyi tried to steal the race by opening up with two laps to go, but Delany stayed right with him, and passed the triple world record holder as though he were standing still.

When Delany hit the tape, he was 11 yards in front of Rozsavolgyi, and lengthening his margin with every stride. Jim Grelle of the University of Oregon was third in the feature event of the annual track and field championships of the U.S. Amateur Athletic Union at Madison Square Garden.

In his second try on boards, Rozsavolgyi hit the tape in 4:05.5. Delany ran the final quarter in 56.4. He arrived at the first quarter in third place in 63.5, the half in 2:05.2 and the three-quarters in 3:07.3.

Hayes Jones, a 19-year-old Eastern Michigan sophomore, won the 60-yard high hurdles in 7.1 seconds.

Jones was just one-tenth of a second off the world's record of seven seconds held by Mit Campbell.

Ed Collymore of Villanova sprung a major upset by winning the 60-yard dash in 6.2, nipping Ira Murchison at the tape. Dave Sime, the Duke sophomore, pulled a leg muscle after winning his semi-final and was forced out.

Oligarchy Pulls By Iron Liege To Win Widener Classic

MIAMI, Fla. (AP)—Brookmeade Stable's Oligarchy passed Calumet Farm's Iron Liege in the long stretch at Hialeah Saturday and went on to win the \$130,000 Widener Handicap.

Iron Liege was a head back at the finish. His top weight of 125 pounds apparently cost him the race. He had set the early pace and it wasn't until they turned into the stretch that Oligarchy, packing only 108 pounds, moved alongside and went on to win.

Mrs. Ada L. Rice's Hoop Band put on a fast finish to take third money. He was five lengths back of Iron Liege and a neck in front of Pintor Lea, the other Calumet horse.

Mrs. Wallace Gilroy's Oh Johnny, who battled Iron Liege for most of the first mile, dropped back to fifth at the end.

Guy Thibeault Wins E. T. Junior Ski Zone Championship; Named To Quebec Team To Compete In Finals

Guy Thibeault of the Victoria Club of Victoriaville, won the Eastern Townships Ski Zone junior championship at Mount St. Michel of Arthabaska yesterday afternoon.

Thibeault was chosen as a member of the Quebec team at the Canadian junior championship meet.

Louise Thibeault won the women's junior championship. Jacqueline Blanchette, who won the award last year broke her leg a few hours before the competition.

After placing third in the downhill, Guy Thibeault won the slalom to capture the junior title. He succeeds his brother Jean who won the title last year.

Poor weather cut the number of club represented to only two, Hillcrest and Victoria.

Michelle Vanasse won the downhill in 48.1 seconds. J. P. Blanchette placed second with a com-

bined time that was seven seconds behind Guy Thibeault. Michel Dupuis, Michel Vanasse and Pierre Giroux placed third, fourth and fifth. They are members of the Victoria Club.

Despite the small number of woman participants, the ladies held the spotlight. A young girl from Victoriaville, Louise Thibeault made the best time in the slalom to win the women's section.

Louise manoeuvred the obstacles in 60.7 seconds a combined time of 2:10 minutes. Jacqueline Thibeault placed second taking the downhill in 1:06 minutes for a combined time of 2:29 minutes.

Miss Blanchette who was favored to keep her title broke her leg a few hours before the meet. Hospital examination revealed a fracture just above the ankle.

The series is deadlocked 1-1. Next game will be played in Sydney Tuesday.

Manchester United Holds Nottingham To 1-1 Tie Before Record Crowd Of 66,123; Youngsters Show Up Well

LONDON (AP)—Manchester United, playing only for the second time since the Munich plane tragedy, tied Nottingham Forest 1-1 Saturday in an English Soccer League match that attracted a post-war record of 66,123 to Manchester's Old Trafford Stadium.

Seven Manchester stars had been killed in the crash. Halfback Duncan Edwards died from his injuries in a Munich hospital Friday.

Saturday Manchester's new-look team of youngsters, backed by the experience of 33-year-old inside forward Ernie Taylor, took on the might of Nottingham Forest.

Manchester again showed the spirit that gave them a 3-0 mid-week cup victory over Sheffield Wednesday. The team was 1-0 down at halftime but the United piled on the pressure in the second half and got an equalizer in the 74th minute.

The scorer was centre forward Alex Dawson, the 18-year-old replacement for Tommy Taylor killed in the Munich crash. Manchester attacked almost throughout the second half.

The big crowd joined a memorial service before the start of the game. There was a one minute silence to the players killed in the crash.

The draw proved that the United has the youngsters to carry on the great traditions of the famous "Busby Babes"—the team that earned world-wide fame before the crash at Munich.
