GREAT BRITAIN PRESSES ATTACK AGAINST ENEMY

Germans Suffer Losses As British Armed Force Raids Enemy Coastline

Brief and Indefinite Announcement by Ministry of Information Indicates that Britain Has Taken Aggressive in European War, with Air Force, Military and Naval Units Co-operating to Land Forces on Undisclosed "Enemy Coastline"—Four Civilians Reported Dead as German Air Force Continues Scattered Raids Over British Isles.

(By GUY RHOADES, Canadian Press Staff Writer)

Britain has carried the war to the enemy, it was disclosed today, despite German threats to invade the United Kingdom.

A brief and somewhat indefinite communique from the Ministry of Information in London announced raids by naval and military landing parties on "enemy coastline" and reported they had killed some of the foe.

Although the announcement did not say where on the "enemy coastline" the raids occurred, it might be assumed that they were designed to take prisoners and seek information regarding German plans for an invasion of the United Kingdom.

The announcement came in the wake of the fifth German air raid on Britain within eight days, a raid that took four lives and left six injured. At least five of the raiders were shot down. Three of the fatal casualties occurred in Scotland, first air raid deaths there since a school teacher was killed during a raid on the region of the Seapa Flow naval base in the Orkney Islands more than two months ago.

This morning's raiders dropped a considerable number of incendiary bombs but the Air Ministry and Ministry of Home Security reported the nation's vastly augmented fire services prevented serious damage.

Britons, despite the fact they believed recent raids were only feelers, were heartened by their lack of success in comparison with the number of planes employed.

During each of the first four raids it was estimated one hundred or more planes were used by the Germans, but today the formations split, apparently before reaching the coast, and the units were so widely scattered that it was impossible to estimate the size of the force. No major damage was done to military targets.

Those not too preoccupied with the British scene turned their eyes to the Far East where Japan appeared to be taking advantage of European hostilities to further her "Monroe Doctrine" of the Orient.

Japan's idea was not new — she broached it first in 1934 as the doctrine of "East Asia for the Asiatics" — but recent developments in Europe gave her the first opportunity of trying to implement it.

The buildup for the first four weeks ago, after Germany overran Holland and Japan expressed anxiety regarding the "status quo" of the Netherlands East Indies, which were the richest possessions of the Netherlands Empire.

Japan obtained assurances from every country with interests in that part of the world that the "status quo" would remain unchanged. From Germany she obtained a statement that the Reich was "not interested" in that sphere.

Japan's "anxiety" persisted, however, and Allied preoccupation in Europe brought her to the sudden realization that alleged arms traffic through Burma and French Indo-China to the Chiang Kai-Shek army must be stopped.

Unconfirmed reports from Hong Kong today indicated fighting was in progress between Japanese forces and defenses of French Indo-China while the Japanese sought to stop

SAYS REICH AIRMEN SURVEYED ICELAND

Halifax, June 26.—(P)—German airmen, in the guise of glider instructors, carefully surveyed Iceland last year, Haraldur Arnason, director of Iceland's Chamber of Commerce, told Halifax reporters last night. He reached Halifax by train, enroute to Reykjavik from New York.

The people of his country—now guarded by Canadian and British troops—believe the Nazis have mapped sites from which to launch air or sea attacks on the United Kingdom or Canada, Arnason stated.

Third Officer Jones then told of strange happenings aboard ship, of parts stolen from the engine rooms, doors and portholes pried open and nailed back, difficulty with the steering, and missing tools and equipment.

"After four days at sea the engines broke down completely and we had to be towed all the way to Lard's End, a seven-day trip," he said. On the way to England one seaman died suddenly and while the ship was in drydock undergoing repairs the Chief Engineer was also stricken and died.

"Every day some queer thing would happen," he said.

Tale Of Horror And Hardship As Ship Torpedoed By German Planes Told Record Reporter

(By Marcel Olivier)

"I'm back and I can thank the good Lord for that." The speaker was Third Officer Henry Jones and he had just finished telling a Record reporter a tale of horror and hardship, of screaming bombs and roaring planes, of roads packed with struggling humanity and ships loaded to the gunwales and of all the terrible drama that only modern war can bring.

Twenty-seven years old, of a rather slight build and with the tan of eleven years of seafaring slightly blanching the effects of his ordeal, Third Officer Jones is now staying at East Clifton near Sawyerville in the same district where he spent his boyhood days and to which he has returned whenever on leave.

Third Officer Jones sailed from New York harbor on March 13th last as a member of the crew of the 15,000-ton liner President Harding, which had been turned over to the Belgian Government and re-christened the Ville de Bruges. He set foot in New York again last Friday after more than two months of unforgettable experiences in which he saw his ship torpedoed and felt he would never live to see Canada again.

Of a retiring manner Jones was at first rather reluctant to tell his story and to re-live in his mind the sleepless nights and horror-packed days he had passed.

"Before our ship sailed from New York we heard a German broadcast from Berlin and the announcer said we would never reach our destination. We were only two days out when things began to happen," he began.

Third Officer Jones then told of strange happenings aboard ship, of parts stolen from the engine rooms, doors and portholes pried open and nailed back, difficulty with the steering, and missing tools and equipment.

"After four days at sea the engines broke down completely and we had to be towed all the way to Lard's End, a seven-day trip," he said. On the way to England one seaman died suddenly and while the ship was in drydock undergoing repairs the Chief Engineer was also stricken and died.

"Every day some queer thing would happen," he said.

HIGHER TAXES FAIL TO LOWER WAR DONATIONS

Ontario Organizations Report Generous Response to Various Appeals for Financing War Services.

Toronto, June 26.—(P)—Despite additional taxes imposed by the Federal Government to finance Canada's war effort, the drive of Ontario societies and citizens to swell war funds continues in ever-increasing volume. Here is a representative roundup of the effort:

Two groups of Kitchener children raised \$19.43 for the Red Cross Society in one day.

Two Brantford tots—not yet six—are collecting tinfor for war savings headquarters of the Local Council of Women.

The mile-of-coppers drive by the Shelburne Chapter of the Imperial Order of the Daughters of the Empire, ended with 31,200 coppers wrapped.

A campaign to have each household in the Village of Bronte contribute to the war effort.

Surprise United States Fleet Movement Viewed As Answer To Japanese

Washington Officials Refuse to Disclose Destination of United States Fleet Which Left Hawaii Following Japanese Intimation of Intention to Enforce "Monroe Doctrine" for the Far East.

Washington, June 26.—(P)—Secrecy thrown about the sudden departure of the main United States fleet from Hawaii heightened uncertainty today over official intentions toward Japanese moves in the Far East.

Both White House and State Department turned aside questions about the fleet with cryptic remarks they had no news. Other sources were equally non-committal.

Undetermined was whether the big battle force was steaming toward the United States mainland, for South American waters, or farther out toward the Orient.

Many fliers in bidding their families goodbye at Honolulu intimated they were going to the Panama Canal.

Some diplomatic quarters, however, found it difficult to reconcile withdrawal of the fleet with the repeated insistence of the United States Government on maintenance of the status quo in the Pacific.

Others saw the possibility that Western Hemisphere defense had become so urgent that the Administration had decided upon a large naval demonstration in South American waters.

CLAIM HOSTILITIES ALREADY UNDERWAY

Hong Kong, June 26.—(P)—The British-owned Hong Kong Telegraph said today a "private message" had been received in Hong Kong this morning stating hostilities had begun in French Indo-China. It gave no hint of the source of its information and added the report had no confirmation from other sources.

The report followed persistent rumors during the past week that Japanese troops from Kwangsi Province in China were moving toward the French border.

(In Tokyo it was announced explicitly that crack Japanese troops nine days ago acted "by force" to cut the supply route from Indo-China to the Central Chinese Government at Chungking. It was not disclosed in Tokyo whether these troops actually had entered Indo-China territory.)

Japan had taken strong steps to halt the shipment of war materials through Indo-China, including among other measures the dispatch of warships to Haiphong, the French territory's principal port.)

JAPAN PLANNING TO ENFORCE DOCTRINE

Tokyo, June 26.—(P)—The newspaper Asahi said today Japan soon would proclaim an "Asiatic Monroe Doctrine" to prevent the Far East from falling to Germany or Italy as spoils of war.

Japan, said Asahi, will issue a sweeping pronouncement warning all powers against interference of any kind in all territories of East Asia.

Action At Present Session On Unemployment Insurance

Government Hopeful British Parliament Will Take Action to Amend British North America Act Within Few Days—Would Clear Way for Immediate Introduction of Measure to Establish Federal System.

(By CARL REINKE, Canadian Press Staff Writer)

Ottawa, June 26.—(P)—National compulsory unemployment insurance is practically a sure thing for Canada before the present session of Parliament is ended.

Constitutional difficulties over jurisdiction, chief obstacle in twenty years of agitation, for legislation for such insurance, are to be solved by the simple expedient of changing the constitution to meet the needs of the situation.

The House of Commons approved that change yesterday. The Senate probably will be asked for its endorsement today or tomorrow.

Then the British Government will be asked by cable to take the appropriate action and, within another day or two, the British North America Act will then be presented to the Canadian Parliament.

Introduction and passage of the Government's amendment resolution yesterday was done comparatively quickly and quietly, almost as an anti-climax to years of fiery speeches and fist-shaking.

Armed with the support of all nine provinces, Justice Minister Lapointe piloted the resolution through with no real obstruction. Some thought the amendment should have covered all social services. Some were convinced unemployment insurance was useless but none stood in the way.

With equal lack of the spectacular, the House gave third reading to the annual Unemployment Relief Bill, which had been debated intermittently over three weeks. Then it switched over to estimates, giving rise to incidental changes of "Government by bureaucracy" in Agriculture and insufficient economy in Government services generally.

Walter Tucker (Liberal, Rosthern), charged arbitrary decision in closing the Dominion Experimental Farm at Rosthern to save a few thousand dollars. Conservative Leader Hanson berated the Government for not paying services further, citing the \$9,000 salary and \$12 a day expenses paid L. W. Brookington for "writing the Prime Minister's speeches."

The Senate heard its Special Committee on War Co-operation report the need for more popular realization of the dangers to Canada of the moment. It also heard Senator Iva Falis (Conservative, Ontario), state 100,000 Canadian homes were ready to receive overseas refugee children.

Introducing the resolution for amending the B.N.A. Act, Justice Minister Lapointe said that ever since the Privy Council declared the Dominion lacked jurisdiction for unemployment insurance in 1936, the Government had intended to obtain the necessary power as soon as possible.

Just recently the three provinces which held out against the proposal, Quebec, Alberta and New Brunswick, decided to join the other six provinces.

CLAIMS COURT RULING PERIL TO CANADIANS

Toronto, June 26.—(P)—Hon. Gordon A. Conant, Ontario Attorney-General, said last night that he will ask Hon. Ernest Lapointe, Federal Justice Minister, to exercise powers he possesses to issue subpoenas to persons on proper grounds.

Extension to subversive elements of all safeguards that apply in ordinary times in the trial of criminal offences is imperilling the nation, Mr. Conant contended in comment on the questioning yesterday by the Ontario Appeal Court of the convictions against Louis Binder and Arthur Roy Saunders, previously sentenced under the Defence of Canada Regulations.

Louis Binder, his brother, Harry, and Saunders were convicted jointly by a Supreme Court jury at Ottawa earlier this month of having published and circulated anti-war pamphlets. The Appeal Court yesterday upheld the sentence on Harry Binder, former Ottawa Press Gallery representative of Toronto Daily Star, a Communist paper which is not now publishing. Harry was sentenced to three years in penitentiary and fined \$2,000 with the alternative of spending an additional year in penitentiary.

With equal lack of the spectacular, the House gave third reading to the annual Unemployment Relief Bill, which had been debated intermittently over three weeks. Then it switched over to estimates, giving rise to incidental changes of "Government by bureaucracy" in Agriculture and insufficient economy in Government services generally.

Walter Tucker (Liberal, Rosthern), charged arbitrary decision in closing the Dominion Experimental Farm at Rosthern to save a few thousand dollars. Conservative Leader Hanson berated the Government for not paying services further, citing the \$9,000 salary and \$12 a day expenses paid L. W. Brookington for "writing the Prime Minister's speeches."

The Senate heard its Special Committee on War Co-operation report the need for more popular realization of the dangers to Canada of the moment. It also heard Senator Iva Falis (Conservative, Ontario), state 100,000 Canadian homes were ready to receive overseas refugee children.

Introducing the resolution for amending the B.N.A. Act, Justice Minister Lapointe said that ever since the Privy Council declared the Dominion lacked jurisdiction for unemployment insurance in 1936, the Government had intended to obtain the necessary power as soon as possible.

Just recently the three provinces which held out against the proposal, Quebec, Alberta and New Brunswick, decided to join the other six provinces.

U.S. CRUISER CARRIES HUGE GOLD SHIPMENT

Washington, June 26.—(P)—A large but unannounced amount of gold purchased by the United States from France was brought to this country last week by the cruiser Vincennes, officials disclosed yesterday.

A joint statement by the Treasury and Navy departments said: "Some time ago the United States purchased a sum of gold from the French Government. It was transported to the United States aboard the U.S.S. Vincennes which was returning home from abroad."

The daily Treasury statement last Friday showed a \$250,000,000 increase in Government gold holdings, an amount equal to an entire month's imports under normal circumstances.

The Vincennes had been on duty off Portugal and brought the cargo with it on its return to the Brooklyn Navy Yard, thus eliminating insurance and other charges the Government ordinarily must pay.

Gold shipments from France usually come to the United States via Canada in commercial vessels.

Italian Territorial Gains Slight By Armistice Terms

Italian Occupation of Small Alpine Area, Use of French Port of Djibouti in East Africa and Broad Demilitarized Zones in Europe and Africa Main Provisions of Separate Italian-French Armistice.

Rome, June 26.—(P)—Italian occupation of a small Alpine area in France already conquered by Fascist forces, use of the French port of Djibouti in East Africa and broad demilitarized zones to separate Italian and French in Europe and Africa are principal conditions imposed by the French-Italian armistice.

The terms, announced last night, call for demilitarization of the coastal territory of French Somaliland and give Italy the right to use the French section of the Djibouti-Addis Ababa railway, only rail outlet of Italian East Africa.

For the duration of the war between Italy and the British Empire, France also must demilitarize her Mediterranean naval bases.

No mention was made of Nice and Savoy in France or French Corsica—territories Italians long have desired.

As in the French-German terms, the agreement stipulates that the French fleet be collected at French ports and that hostilities cease in all French possessions and mandated territories as well as in Continental France. Some units of the fleet are to be assigned to protect French colonial interests.

The Italians joined Germany in assurances that the fleet would be used against Britain and added a promise that at conclusion of peace Italy "does not intend to lay claim to the French fleet."

The Tunis radio broadcast last night a communique of the French commander of North Africa declaring that "no foreign power" would be permitted to occupy any part of Tunisia, Algeria or Morocco.

(An informed source in Palestine declared a new French line would be formed in North Africa and through Egypt and Palestine to Syria for resistance to Germany and Italy, using as a nucleus the French Near East army trained by General Maxime Weygand.)

The armistice parallels the French-German terms in many respects, including a provision that Italy may denounce it at any time if the French fail to fulfill the conditions.

All arms, ammunition and war materials remaining in the unoccupied territory of France must be collected and placed under Italian-German control while all French forces are to lay down arms and be demobilized except for troops necessary to maintain internal order.

The size and armaments of these troops are subject to dictation of Italy and Germany.

France undertakes to prevent any warships or war material from reaching Britain or other foreign countries and also to keep her soldiers and citizens from joining any hostilities against Italy.

All French aircraft must be grounded.

Italian prisoners captured by the French and Italian citizens interned by them are to be released.

Unlike Germany, Italy is not to occupy any considerable part of French territory.

Strong Parliamentary Bloc Still Demands Chamberlain Quit Office

By J. F. SANDERSON (Canadian Press Staff Writer)
London, June 26.—(C.P. Cable)—The future of Neville Chamberlain as a member of the Churchill Government is becoming more and more uncertain as a result of a big bloc of Parliamentary votes which are determined to oust him.

For almost a month the former Prime Minister has been the target of behind-the-scenes attack for his part in failing to organize the manpower and resources of the nation during the first nine months of the war. At least once Prime Minister Churchill has stepped in to save his Cabinet colleague but the movement against the "Man of Munich" has continued.

In some quarters it is reported David Lloyd George may enter the Churchill administration in the near future, possibly replacing Mr. Chamberlain.

The whole situation is complicated by the fact Mr. Chamberlain still commands a big following in the House of Commons as leader of the Conservative party. His following is by no means as large as when he was Prime Minister but it is large enough to command respect.

Perhaps the biggest single factor which holds Mr. Chamberlain in the Government is the belief—and it has been advanced more than once by Mr. Churchill—that this is no time for political recriminations. It is too soon to argue it would be calamitous to divide the political forces of the Conservative, Liberal and Labour parties which have been working as a team for the first time since the war started.

U.S. EXPORT SALES BOOSTED BY FIGHT
Washington, June 26.—(P)—From pursuit planes to peanuts, war-swollen exports gave the United States a \$264,666,000 excess of international sales over purchases in the first five months of 1940.

The Commerce Department reported today in the five months this country exported \$1,717,276,000 worth of all kinds of goods as against imports of \$1,082,310,000.

British-U.S. Plane Motor Orders To Be Transferred As Ford Balks

Washington, June 26.—(P)—Plans for faster expansion of the air force and simultaneous aid to Britain struck a snag today in the collapse of negotiations with Henry Ford for mass production of airplane motors.

Ford, who has said he could turn out 1,000 complete planes daily, refused to manufacture any engines for Britain, the National Defence Commission announced, and this stand forced abandonment of arrangements for a joint U.S.-British order.

William S. Knudsen, of the Defence Commission, who disclosed this last night, said "co-operation in the production of this important military equipment will be sought elsewhere."

This statement gave rise to belief services of other automobile manufacturers might be enlisted. It was recalled when Ford made his "thousand-planes-a-day" prediction, Knudsen, then head of General Motors, "guessed" General Motors could do likewise.

Ford said at Detroit last night he stood pat on his offer to produce motors and planes for defence purposes, but only for the United States Government. Several times in the past month he has repeated those conditions in public statements.

On the other hand, Knudsen has asserted the joint Anglo-American character of the motor order was "made plain" to Ford's son, Edsel, the President of Ford Motor Company. Edsel Ford confirmed the arrangement as satisfactory. Knudsen declared.

Announcement of the Ford break came several hours after President Roosevelt had outlined a program for building up a reserve of officers to help man the enlarged fleet under construction.

The President described at his press conference yesterday the navy's intensive plans for training 5,000 young volunteers annually for reserve commissions.

Mr. Roosevelt said that the course would be open to unmarried American-born men between nineteen and twenty-six years of age, who have had two years or more of university training.

The cancelled negotiations with Ford were disclosed yesterday.

THE NEW PREMIER THEATRE

will open its doors to the public TONIGHT AT 8 O'CLOCK

An Entirely New and Modern Theatre, the Last Word in Comfort and Luxury. Neither pains nor money has been spared to make the Premier One of the Finest Theatres of its Size in Canada. New hardwood floors, walls and ceiling of futuristic design and acoustically treated, new new DeLuxe Dunlopello Cushioned seats. The new improved Northern Electric Sound Equipment, Simplex Projectors with the New Cylex Lamps to flood the screen with crystal pure white light, new Wilton carpets throughout the theatre, new luxurious Lounge Room, beautiful decorative fluorescent lighting and many other improvements—which with high class photoplays will assure the past and future patrons the utmost in comfort, entertainment and courtesy.—R. L. VALLEE, Mgr.

NOTICE

Several improvements have not as yet been completed—such as the marquee, lobby, air-conditioning system, etc.

STARTING TONIGHT AT 8 O'CLOCK UNTIL SATURDAY

The Merriest, Marvellous Romance of the Year! Tyrone So Ardent... Love-making in a new and more exciting way!

THEIR LOVE IS NEWS AGAIN! ... and this time they mean it with all their hearts!

Along the moonlit decks of a large luxury liner a pair of happy lovers stroll... And so does... the deadliest killer on the High Seas! "CHARLIE CHAN'S MURDER CRUISE" with Sydney Toler, Marjorie Weaver, Lionel Atwill, Sen Young, Cora Witherspoon, Kay Linaker—Other attractions—

Come and See the New Premier! You get everything at the same old prices 15-20 and 30c. Performance as usual daily at 2, 7 and 8. Sundays 2 until 11.

ESCAPED ITALY ON EVE OF WAR

Lennoxville Girl Secured Passage Home on American Boat Week Before Italian Declaration of War.

Miss Margaret Stewart, eighteen-year-old daughter of Mr. and Mrs. M. G. Stewart, of Lennoxville, who sailed from a port in the North of Italy a week before that country declared war, told an interesting story of her experience in an interview this morning.

Miss Stewart said that after having obtained her passport on the "Manhattan," the last American ship to leave Italy, she went aboard shortly before two o'clock on June 1st. Since the ship was not sailing until the following day, she decided to go ashore to send a cablegram to her parents in Lennoxville. However, she was advised by fellow passengers not to do so as she might have difficulty in getting aboard again. Shortly afterward she was told that all passengers except citizens of the United States had been refused.

At three o'clock the following afternoon anchor was lifted and the voyage began.

"When news of the declaration of war by Italy was received," Miss Stewart said, "passengers expressed their relief that we were sailing for a port in the United States." She stated that those aboard were not very nervous until they neared Gibraltar, when it was feared that they might be detained for seven or eight hours. However, after thirteen minutes they were allowed to proceed.

Miss Stewart had been studying in Switzerland for the past two years, and remained as long as it was deemed safe in order to complete her studies. Had she not been able to sail on the "Manhattan," Miss Stewart would have been obliged to obtain a visa to return into Switzerland, and this might have proved difficult.

SAWYERVILLE DISTRICT HOME GUARD FORMED

Platoon Leaders for Sawyerville, East Clifton and Randboro Chosen at Meeting in Orange Hall.

Sawyerville, June 26.—Called for the purpose of forming a district home defence unit, a meeting was held in the Orange Hall and was attended by a large number of local residents. A report on a similar meeting in East Angus was given by T. E. Palmer after which the following were elected as platoon leaders:

Sawyerville, A. E. Sadler and M. D. Blain; East Clifton, Ernest Goring and Everett Blair; Randboro, O. S. Hamilton and Wallace Boyd.

Col. T. O. Farnsworth and Captain R. Bartholomew, of Cookshire, rendered material help in organizing the unit which at present is awaiting instructions on drilling and practice.

POLICE ARREST LARGE NUMBER AROUND QUEBEC

Varied Collection Taken in as R.C.M.P. Stage Series of Raids Under Defence of Canada Regulations.

Quebec, June 26.—A number of residents of Quebec and Lewis, across the St. Lawrence river from here, were arrested yesterday and during the week-end and most of them are "being held" for violation of the Defence of Canada Regulations. It was announced by Inspector Noel Courtois of the Royal Canadian Mounted Police.

Inspector Courtois, commanding officer of the R.C.M.P. here, declined to reveal the number arrested or their names. He said, however, that among them were French-Canadians, a German and a "Disciple of Adrien Armand," Führer of the banned National Unity Party, who recently was interned with a group of his followers.

Continued Campaign at Montreal.

Montreal, June 26.—An undisciplined number of Montreal residents of the outlawed Communist party were taken into custody last night by Royal Canadian Mounted Police and members of the Montreal Police Department. Names of those detained were not revealed.

NEWSY ITEMS

FIFTEEN DAYS FOR BREAKING PADLOCK

Changing an original plea of not guilty to one of culpability, Aime Ethier, of Montreal, was this morning sentenced to fifteen days in jail for deliberately causing damage during a recent stay in the local jail. The specific accusation against Ethier was that he smashed a padlock worth about thirty-five cents and the fifteen-day sentence represented the time he has already been in jail awaiting trial.

Also arraigned in Magistrate's Court this morning was Joseph Laramee, of Sherbrooke, who pleaded not guilty to a charge of stealing eight dollars in cash from A. Bolduc, a local resident. His summary trial will take place next week.

JUDGES IN W.I. CONTEST

Mrs. S. Clark and Mrs. E. J. Wingate were judges in a lemon pie contest sponsored by the members of the Brompton Road Women's Institute.

New Phase of Aggressive Action Opened By British Land Attacks

Continued from page 1.

Scotland, June 26.—The brutal of the Nazi raids on Britain. Two Scots were killed in bed. Two Germans were found dead in one of the bombers downed on Scottish soil. The survivors were taken prisoner.

A greyhound racing track in the Midlands was hit by five bombs which fired a wooden grandstand and kennels and killed one dog. High explosive and incendiary bombs were dropped on two neighboring towns.

A boy of four was killed and six persons injured in two houses which were hit.

A sixty-five-year-old widow was killed in Southern England after returning to bed from shelter in a neighbor's home.

Three German planes were brought down in Scotland, one in Wales and one in England. Others were damaged.

Many of the raiders attempting to break through defences in Eastern England were chased out to sea again after crossing the coast at a great height.

In the Scottish attacks, incendiary bombs struck several buildings, including a school.

Extensive raiding of the British Isles began last Wednesday. The civilian casualty figures follow:

Date	Killed	Injured
June 19	12	30
June 20	2	69
June 22	3	3
June 25	5	13

A Government communique said that "British casualties were slight" in today's raids, that property damage was not serious and that "no serious damage was done to any military objective."

Detailed Weather Report

COOL WITH SHOWERS

Light to moderate showers have occurred in Ontario, and it has continued cool in nearly all districts. Showers have occurred in some parts of the West, though chiefly in Northern Alberta and Saskatchewan. It has been cool in Manitoba.

Cloudy and cool with showers Thursday; moderate West to South-west winds partly cloudy and cool showers in Eastern districts.

The maximum temperature yesterday was 60 and the minimum 52. Last year the temperatures were 67 and 50.

FIRST PARADE BY LOCAL UNIT LAST EVENING

Attendance Considerably in Excess of Expectations for First Night of Drill by Sherbrooke Regiment.

Under the command of Colonel M. W. McNulty, new officer in command, the Sherbrooke Regiment last night held their first parade since announcement was made of orders to recruit up to full war-time strength on an N.P.A.M. basis. With well over a hundred members present, attendance was considerably in excess of expectations for the first night.

Beginning next week classes will be held regularly for men wishing to qualify as instructors and these will continue with an intensive course of instruction. Parades will be held twice weekly. It was announced this morning, and recruiting will go on daily, the armory being open from 8 a.m. to 10 p.m.

The next regular parade is scheduled for next Tuesday evening. It was announced this morning that a limited number of uniforms are available and early recruits will be issued with these. A small permanent staff will handle the administrative and training. These will include Captain Eugene Arnold, quartermaster, and Captain C. Arnold, adjutant.

INJURED IN COLLISION NEAR BISHOPTON

Mrs. Maxwell Weinstein, 43, of Theford Mines, was admitted to the Sherbrooke Hospital early this morning with injuries she received in an automobile collision near Bishopton. She was suffering from superficial cuts and bruises.

Italian Territorial Gains Slight By Armistice Terms

Continued from page 1

The zone of military occupation extends a short distance into France from the Swiss border to the Mediterranean.

French troops must be withdrawn from a zone extending thirty miles further into France and from zones ranging from thirty to 125 miles from the Libya-Tunisia and Libya-Algeria borders in Africa.

Within fifteen days, the French fortified areas and naval bases on the Mediterranean are to be demilitarized—at Toulon, France; Bizerte, Tunisia; Oran, Algeria; and Ajaccio, Corsica.

The civil and police authorities retain their functions in the demilitarized zones, but military and naval authorities to be designated by the Italian Armistice Commission will be stationed in these areas to supervise demilitarization.

French merchant shipping is to remain in French ports. Ships now outside France are to be recalled or sent to neutral ports. All captured Italian merchant vessels and non-perishable consignments to Italy taken from non-Italian ships are to be returned to Italy.

France will be permitted to maintain a liaison delegation at headquarters of the Armistice Commission.

All radio transmission in France is banned, with communications to colonies and with other Italian and German control.

France also concedes free transit of goods across her territories between the Italians and Germans.

Eire Rapidly Impressed By Attack Danger

Continued from page 1.

were police, soldiers swing along in forest green. They carry swaggers sticks—but wear bandoliers of cartridges and have rifles easily accessible.

Planes drone overhead and watchful eyes scan the Atlantic and Irish Sea approaches to every coastal town.

Figures on the army's present strength are guarded carefully but high officers say recruiting has been satisfactory. They promise an "Irish welcome" for any attacking force.

Northern Ireland is alert, too.

Only this week the Ulster Government at Belfast ordered strict control of migration to the six northern counties to keep guard against undesirable persons named on the "subversive" lists.

The average man believes encirclement of Britain might be attempted by moves on Ireland.

British-U.S. Plane Motor Orders To Be Transferred As Ford Bails

Continued from page 1

The Ford Company was reported to have involved 9,000 engines—4,000 for the United States and 5,000 for Britain. A \$43,000,000 appropriation was hurried through Congress to pay for this country's order, and until last night the contract agreement was believed near.

Reports from Detroit have stated that all preliminary steps for engine production had been taken in Ford plants and that actual tooling was under way. Negotiations began May 31.

Restating his position last night, Ford declared: "It was my understanding that we were dealing with the United States Government and that the (Defence) Commission represented this Government—not that of Great Britain or any other foreign nation."

My original proposal was to make airplanes on a mass production basis—up to 1,000 a day within six months—under certain conditions. The conditions among other things specified they were to be for the defence of this country.

My offer was made in response to President Roosevelt's plea for 50,000 airplanes. It still stands.

Tale Of Horror And Hardship As Ship Torpedoed By German Planes Told Record Reporter

Continued from page 1

happen on board ship—something we couldn't explain."

When the Ville de Bruges had been made sufficiently ship-safe for ocean travel the voyage was continued and the short run across the English Channel completed without incident.

"We arrived at Antwerp the day the Germans walked into Belgium and then Hell broke loose."

Third Officer Jones went on to tell how the great ship's cargo was unloaded at feverish haste while overhead the drone of Hun planes became louder and louder and the number of falling bombs became greater with every passing hour.

"For the first two days it was fairly light and I almost enjoyed the experience," he said, "but when they really got going at us there was no more fun in it."

Three days after the ship docked at Antwerp all cargo had been removed and the vessel, loaded down with refugee families that had been streaming into the Belgian port, started down the narrow leading to the open channel when a swarm of Nazi bombers suddenly appeared in the sky.

"One of those dive-bombers made right for us and from where I was on the bridge I could plainly see a huge aerial torpedo drop from it and plummet screaming right at the ship. It knifed right through the first three decks and then exploded with a terrific roar down in the hold."

Jones went on:

"With the 15,000-ton liner slowly settling at the shallow bottom and fire already raging near where the deadly aerial bomb had struck, there was a concerted rush for the boats and the officers and men had a rough time of it attempting to calm some of the hysterical refugees. Luckily for all the ship was struck near shore and landing was thus facilitated."

Third Officer Jones told how he and the crew and of the difficulties they had in procuring a vehicle to take them to Ostend, a port some eighty miles away.

"There were one hundred and fifteen of us crammed into one truck and it took us two days and a half to cover those eighty miles," he said.

As he spoke of the tortuous drive, pushing past thousands and thousands of down-stricken refugees, of cowering down as the ruthless Hun airmen ranged over the roads spraying death from the nozzles of their machine-guns, Third Officer Jones' mouth set in a hard line.

"There's not one German deserves to be alive after what I saw them do," he breathed, more to himself than to his listener.

He described how old men and toddling infants threw themselves in the dust of the road to escape the continuous gunning; told of thousands of persons pushed along by the crowd, their expressionless faces numbed with grief, and outlined a picture of the vehicles of all sizes and descriptions each one a mass of human beings piled upon each other and clinging to handholds with a strength bred in desperation.

"Those Germans didn't beat the Belgians and French with their troops. They licked them by slaughtering those people on the roads who didn't know what it was all about," Third Officer Jones said.

Asked if he had seen any of the infamous parachute troops in Belgium, the seaman told how he happened along just as four of Hitler's evil bird-men were lined up against a wall and shot.

"I saw another parachutist who had just landed with a machine-gun strapped to his back. He didn't last long when the Belgians saw him," Jones continued.

After more than sixty hours on the highway the crew members arrived at Ostend and eventually managed to get aboard one of the transporters leaving for England.

"Just as we sailed out of the harbor one of the bombers got the last of the docks," he continued. "They certainly do a lot of damage."

Queried as to what he thought would be the result of extensive bombing raids on England, Third Officer Jones puckered up his lips and whistled:

"I wouldn't want to give my idea of what they can do," he said.

Continuing his story the seaman told of a rather tranquil passage to England with the transports closely guarded by battleships and scouting planes. Once landed on British soil he was brought to hospital.

Third Officer Jones was asked whether he had been injured and off-handedly said he had had three ribs broken and had suffered internal injuries when the liner was torpedoed. He made no mention of the suffering he must have undergone while travelling along the Belgian highway.

"If only the people over here realized half of what war really means they'd know what to do about it," he said, "and unless we all dig in right now it's going to be bad for us."

The seaman was asked about his plans for the immediate future and without a moment's hesitation answered:

"I'm looking forward to going back over and doing what I can."

Jones is a native of England and his love of his mother country was summed up in his next statement:

"They haven't licked England yet, and they won't do it!"

Jones is now resting at the home of Stanley Thompson in East Clifton and expects to be in the Townships for another two weeks at least. On his return to America he was on the same ship as Canada's new Governor-General, the Earl of Athlone, and his wife, the Princess Alice.

Germans Suffer Losses As British Armed Force Raids Enemy Coastline

Continued from page 1

what they said was an arms traffic with China, French authorities said nothing but non-military supplies had been shipped to China for months.

These shiverings from the Orient coincided with departure of United

United States Committee To Aid Migration

Continued from page 1.

week was the first move by American relief and charitable agencies to participate with the British Empire in the task of evacuation.

Headed by Mrs. F. D. Roosevelt, wife of the President, as temporary Honorary Administrative Chairman, the Committee is receiving the unofficial support of the Federal Government working through Katherine Lenroot, head of the Federal Children's Bureau in Washington.

Upon the United States is expected to fall the task of receiving and caring for perhaps more children than the 10,000 Canada will take in the next few weeks. Immigration and other restrictions so far have hindered American plans for participation in the Empire-wide scheme but signs were not lacking today that moves are afoot to cut the "red tape."

Appeals to the State Department by Joseph P. Kennedy, United States Ambassador to Great Britain, to speed up the immigration selective process were expected to hasten American evacuation plans which officially are in the "study stage" by the Department of Justice and State and a Congressional Committee. Miss Lenroot's Bureau is participating.

No figure has been set on the number of children to be admitted. Present plans provide care in family homes for such children as may qualify to come into the country within the limitations provided by law. This limits the quota of British immigrants to 75,721 yearly and requires posting of bonds guaranteeing that aliens will not become public charges.

The Committee formed in New York is pressing for the relaxation of the restrictions. The Immigration Service will be asked to allow organizations to be held responsible for groups of children. Posting of bonds may be lifted. Co-operating child welfare agencies will select the right home for the right child. As a first move, the Committee will extend financial aid to Canadian organizations which will handle the first contingent.

GREAT MIGRATION DAYS RECALLED

London, June 26.—(CP-Cable)—Scenes reminiscent of the days of active migration to Canada are being re-enacted in busy steamship offices in London where hundreds of bookings are sought daily.

Most of those making application are the wives and children of Canadians living in Britain who are anxious to send their families back to the safety of the Dominion. Also seeking information at steamship and passport offices are scores of persons with relatives in Canada who are hoping to find a haven for aged persons or children.

Steamship officials pointed out that these persons should not be classed as "refugees" as they are paying full fare and travelling under their own auspices. They said there has been a "quiet, steady flow of these people for several weeks now and that booked for the next four sailings are 600 more."

STARS TO CO-OPERATE

Englewood, N.J., June 26.—(A)—Helen Hayes, stage and screen star, said here plans were being mapped by a group of actors and actresses to bring about 6,000 children a week to the United States from England.

Chief obstacles to the plan were immigration quotas and a lack of ships.

Mrs. Dwight W. Morrow, widow of the former Senator and Honorary Chairman of the Unit, said she had "learned that if the British can keep the Nazis at bay until Christmas they can win the war." She said Britain felt certain of support from the United States and urged its shipment to England of food, planes and munitions.

LENNOXVILLE

The Very Rev. R. H. Waterman, B.A., D.D., Dean of the Diocese of Niagara and Rector Dean of Christ's Church Cathedral, of Hamilton, Ont., and Mrs. Waterman, who have been the guests of Mrs. Lee M. Watson at her residence on Church Street, will leave on Friday for Metis Beach. Mrs. Watson will be their guest there for about a month.

The Lennoxville Boy Scouts are collecting papers and magazines of all kinds this week for the benefit of the Red Cross Society. These will be sold and the receipts turned in to the Lennoxville Red Cross.

Sunday callers at the home of Mr. and Mrs. Jack Spray included Miss Bertha Crawford, R.N., of Montreal, Mrs. Christie Woodward and her two grandchildren, Mr. C. Crawford, of Mountain Hill, and Mr. George Price, of Sherbrooke.

States Pacific naval units from Hamilton on secret orders. Some naval officers were reported to have told their wives they believed they were going to the Panama Canal zone, but there were some observers who thought they were going to the Philippine Islands—just in case.

Action At Present Session On Unemployment Insurance

Continued from page 1.

ces in endorsing the move for amendment.

Mr. Hansen recalled the Unemployment Insurance Bill passed by the last Conservative Government, which was ruled out by the Privy Council, as evidence of his party's stand on the question.

M. J. Caldwell, (C.C.F. Rosetown-Biggar) contended the amendment should have been broad enough to give the Dominion power over all social services. He objected to going to a body outside of Canada for permission to change the constitution of Canada. Joseph Thorson (Liberal, Selkirk) also protested this "archaic" method of constitutional reform.

George Wood (Liberal, Brant) also urged broader legislation. While he said he did not wish to take a "big-brother" attitude with regard to the former, the farmer was simply forgotten as far as social legislation was concerned, not only in Canada but elsewhere, he said.

The farmer could benefit from a contributory pension scheme, he submitted. At present the pension is supplied the food of the nation at less than cost and paid taxes to maintain social services from which he benefited little.

The New Democracy position, voiced by J. H. Blackmore (N.D.-Leith-bridge), was that unemployment insurance was a national problem but the people would have to try to believe that; so they supported the amendment resolution.

Prime Minister Mackenzie King traced the Liberal party's several moves regarding unemployment insurance, starting with a National Convention resolution in 1919. Obtaining the consent of all provinces to the constitutional amendment was a great achievement in itself, he said.

As soon as the Senate passes the resolution, the wishes of the Canadian people will

Organization Of War Service Committee By Rotary Club Is Urged By Retiring President

Reports Reviewing One of Most Successful Years in History of Local Organization Presented at Annual Meeting—Sum of \$2,724.43 Expended in Service Work, Financial Statement Showed.

Formation of a war service committee by the incoming officers of the local Rotary Club was suggested by President Gerald Wiggitt in his report to the members at the concluding meeting of the 1939-40 Rotary year, held last night at the New Sherbrooke Hotel.

"The time is not distant," said the retiring President, "when we will be called upon to perform or should offer our services for such work as assisting in the placing of refugee children and many other war-time duties."

"This club, along with all other Rotary Clubs has a great duty to perform in the future. Our real work has not begun. Let us all feel that we must put our shoulders to the wheel more firmly than ever and that by God's grace we may help to establish a peace which shall be everlasting in this world," President Wiggitt declared.

The report of the President, the Treasurer, Emile Gagne, the Secretary, Bert Williams, and the Chairman of the various Committees were received with great interest by a large number of Rotarians, and showed that the past year was one of the most eventful and most successful in the history of the club.

The financial statement showed that the sum of \$2,724.43 had been expended in service work, perhaps the most important part of the Rotary programme. In boys' work the club spent \$212.75, and the care

of crippled children cost \$1,090.68. The sum of \$1,405 was disbursed in donations.

Total assets of the club at present are \$5,081.93, and cash on hand amounts to \$3,931.93. Total receipts total \$3,696.25 and total expenditures \$4,810.20. Because the annual Rotary Fair was cancelled as a result of the outbreak of war, a portion of the cash on hand from last year was carried forward for this year's balance.

President Wiggitt pointed out that when the country was plunged into war last September the club immediately passed a resolution of loyalty to King George VI. This was forwarded to the late Lord Tweedsmuir, the Governor-General, and in turn to the King, from whom a message of thanks was received. During the year the club lost a much respected Honorary Member in the person of the Governor-General. President Wiggitt represented the club at the state funeral in Ottawa.

Five of the members—Past President Lee Watson, Past President Rosaire Samson, C. D. Armistage, K. B. Jencks and Bertram Lyon—have gone on active service, and they have been placed on the honorary membership list.

President Wiggitt explained that because of the war the Rotary Fair was cancelled, and he expressed the opinion that the club had acted wisely in cancelling the event. However, he said, the club was able to carry

MANY PROMOTED AT HIGH SCHOOL IN LENNOXVILLE

Of 167 Students of First Nine Classes Who Completed Year, Eighty-Two Per Cent Passed—Results Announced.

The results of the work done by pupils of Lennoxville High School during the past session, as announced today, show that a considerable proportion have earned promotion to higher grades. Of the 167 students of the first nine classes who completed the year, 137 or 82 per cent have passed.

In Grade I and V promotion is based entirely upon the year's work, as determined by the bi-monthly examinations. Pupils of Grades VI to IX inclusive write "June papers" set by the Department of Education at Quebec and these count equally with the average of the tests held throughout the term.

Pupils of the first four classes are unranked and the names of the successful ones appear in alphabetical order. Among the older students, Grades V to IX, the first five are listed in order of merit and the balance of those who have passed are given alphabetically. The papers written by the two senior classes of the school are sent to Quebec for marking.

The results follow:

Grade I: John Andrews, Frederick Day, William Blake, Alvin Crosby, Janice Greenfield, Margaret Home, Ronald Jenne, Floyd Koz, Barbara Peacock, James Sutherland.

Grade II: Joyce Allen, D'Arcy Ayotte, Alton Brazel, Grace Day, Dorothy Deacon, Norman Drew, Dorothy Hunting, Eileen Littlejohn, Howard Littlejohn, Jean McKindsey, Mark Prinn, Robert Pattison, Doreen Sorensen, Garth Smith, William Tapp.

Grade III: Eileen Bennett, Betty Bignell, Ronald Butler, Glenna Coates, Ronald Drew, Allen Hunting, Marguerite Hunting, John Kuehner, John Langley, Charles Locke, Mary MacMillan, Jean Rowat, Joyce Sarasin, Barbara Smith, Beverly Stevenson.

Grade IV: Peter Blake, Charles Clarke, Evelyn Deacon, John Giroux, Alison Husbands, Marion Kerr. Continued on page 5, col. 6.

on its fine work and make donations to many worthy organizations through the generosity of the members.

At the beginning of the year a permanent Fair Committee and a Past Presidents' Committee were formed, and both of these functioned efficiently. President Wiggitt mentioned several of the more important meetings during the year ended, among them Ladies' Night, attended by members of many clubs in the 195th District of Rotary, the inter-city meet with the Lancaster and Whitefield clubs at Dixville Notch, the rural-urban meeting at Lennoxville and the inter-city meeting with the North Conway, N.H. Club. Ex-Mayor Marcus Armistage, Mayor Joseph Labrecque, officers of military units stationed here and several members of the medical profession were guests of the club at various times during the year.

Expressing thanks to the members, Directors and Committee chairmen for their interest and co-operation with him during the year, William Gaylick and Wright Gibson for their assistance with the musical portions of meetings and concerts given by the club, and the Past Presidents for their support, President Wiggitt extended best wishes for a successful term of office to his successor, James H. Wark.

The President-elect expressed confidence that during the coming year the club would live up to its added responsibilities brought on by the war, and that the members would carry out their duties "as Rotarians, as Canadians and as members of the British Empire," making the Sherbrooke organization a worthy club to bear the name of Rotary.

Average attendance at meetings throughout the year was 78.19, it was revealed in the report of the Secretary, and this was announced as an improvement over the previous twelve-month period. Ninety-two members were enrolled, six less than on July 1, 1939. New members numbered six, while seven members resigned and five went on active service.

Reports of the various Committees were given by the following: Chairman: Arthur Kerridge, General Chairman of Club Service: Francis Hove, Fellowship: J. K. Flaherty, Programme: L. W. Dixon, Attendance: W. G. Cross, Luncheon: Thomas Keeley, Music: Ernest Gilbey, Inter-City: W. S. Sutherland, General Chairman of Community Service: Leonard Dunn, Crippled Children: Charles Hatch, Boys' Work: Norreys Hunting, Rural Urban, and H. S. Ball, Vocational Service.

District Governor George E. Ewing extended a vote of thanks to the outgoing officials, which was seconded by Past President A. C. Skinner. Birthday greetings were extended to Rotarian Forrest Keene.

Guests of the club were D. H. Barclay, Treasurer of the Quebec Kwanis Club, Claude Charest and Marcel Duchesne, members of the Safety League Brigade of the Sacred Heart School, which was formed through the co-operation of the club and municipal police authorities, and Norman Dixon. They were introduced by Rotarian Hove and welcomed by the Vice-President-elect, E. E. Goodenough.

Seated at the head-table were President Wiggitt, President-elect Wark, and Rotarians Goodenough, Gings, Ball, Williams, Sutherland and Kerridge. Rotarian Giesler led a sing-song, with Rotarian Keene at the piano.

Approval Given Plan To Help In Care Of Refugee Children

Deputy Minister of Health Sanctions Steps Taken by Representative Citizens to Organize Scheme in Districts of St. Francis and Arthabaska for Receiving and Allocating Evacuated Children from Great Britain.

Plans for assisting in the reception and distribution of refugee children from Great Britain began to take definite shape here today when word was received of the approval of Dr. Jean Grogan, Deputy Minister of Health for the Province of Quebec, of a plan to organize a scheme in the Districts of St. Francis and Arthabaska for receiving and allocating evacuated children.

Subsequent to an informal meeting of representative citizens of Sherbrooke and Lennoxville, held last night at the University of Bishop's College at the invitation of Dr. A. H. McGree, the Provincial Minister of Health, plans for assisting in the reception and distribution of refugee children were discussed, a luncheon with representatives from all parts of the St. Francis and Arthabaska districts was arranged to be held at noon today with the approval of Dr. Grogan.

Plans for mobilizing the households in these districts were to be discussed at length and tentative arrangements made.

At the meeting held last evening at Bishop's it was unanimously decided to confer immediately with the Provincial Government regarding the distribution of children among families able and willing to provide hospitality for them for the duration of the war. The urgency of the situation was discussed at some length and the necessity of evacuating the children from England with the greatest possible speed was stressed.

United States Government To Re-Establish Consulate Here

After a lapse of seven years, Sherbrooke will again have an American consulate, it was announced this morning from Ottawa. In reply to the heavy demand for the new twelve-month, \$1 passport being issued to Canadians desiring to visit the United States and the consequent extra work issuing visas, the United States Government is establishing four new consulates at Sherbrooke, Fort Erie, Ont., Sault Ste. Marie, Ont., and Kingston, Ont.

Since the consulate closed down here in March, 1933, it has been necessary for Eastern Townships residents visiting the United States to have their passports issued by the American Consul in Montreal, but south-bound visitors, from now on, will be saved this extra trouble and expenditure. It is understood that the new American post here is being established for the sole purpose of taking care of passport work.

The twenty-one consular offices already existing in Canada have been literally swamped with enquiries regarding the new United States regulations and the new posts are expected to take care of a good part of the extra work in some of the larger centres, hitherto without an American Government representative.

Applications continue to pour in from Eastern Townships residents to the local offices of the C.N.R. and C.P.R. who are handling applications for the new short term passports.

FIST FIGHT AT DANVILLE HAS COURT SEQUEL

Thirty Witnesses to Be Heard in Charge of Grievous Assault Against Herve and Gilles Roux.

One month after a fist fight in which he sustained a broken nose, a fractured rib, two black eyes and other injuries, Sandy Grimaud, this morning appeared in Magistrate's Court as plaintiff in a charge of grievous assault taken out against Herve and Gilles Roux. Grimaud and the Roux brothers are residents of Danville.

The altercation in question took place on May 27 in a Danville restaurant and the complaint against the Roux brothers sworn out some time later. Grimaud claims that the attack on him was unwarranted and has summoned eight witnesses to back him up while the two accused will have twenty-two persons testify on their behalf.

Dr. R. H. Stevenson, Danville physician, was the first called to the stand and stated he had treated Grimaud on the night of the brawl. As a result of his injuries Grimaud had to spend the better part of a week in bed and must have suffered considerable inconvenience from his broken nose and rib, the doctor told the Court.

Others who will testify today are the Roux brothers, Grimaud, Edward Gale, Jules Laprise, Paul Desile, Georges Dandeneau, Charles Gaudreau, Wilfrid Morin, Hector Marcotte, Alphonse Morin, Raymond Parenteau, Wilfrid Perrault, Napoleon Roux, Roland Bernier, Edmond Marcotte, Raymond Allaire, Georges Desile, Mrs. E. Leclerc, Antonio Plante, Gerard Chagnon, Adolphe

Les Fusiliers Also To Recruit To Full War-Time Strength As Member Of Non-Permanent Active Militia

French-Canadian Regiment Will Have Total Personnel of 934 After Recruiting Completed—Unit Will Continue to Supply Men to C.A.S.F.

Under instructions similar to those already received by the Sherbrooke Regiment (M.G.), Les Fusiliers de Sherbrooke, under the command of Lt.-Col. Emile Levesque, will begin recruiting at once to bring the unit up to full war-strength on Non-Permanent Active Militia basis, it was learned this morning.

Yesterday it was announced that the Sherbrooke Regiment, also to recruit as a member of the Non-Permanent Active Militia, would be under the command of Col. M. W. McNulty.

The strength of Les Fusiliers de Sherbrooke as it stands at the present time is in the neighborhood of 200, but with a full complement of officers and men the unit will, after recruiting has been completed, have a total personnel of 934.

Enlistment will be carried on to the fullest possible extent under existing and training facilities, Colonel Levesque stated this morning, and at the same time the unit will continue to supply men to the C.A.S.F. on the same basis as at the present time. Applications will begin coming in tonight, it was stated.

Training will be carried out in the evenings with probably three nights a week being devoted to military work. There will be a permanent staff in connection with the regiment which will include the Officer Commanding, Colonel Levesque; the Adjutant, Captain Armand Dupuis; and the Quartermaster, Major Henri Boisvert.

From the ranks, five N.C.O.'s will be taken on the permanent staff, two of which will be clerks and three instructors. This will enable recruits from out of town who are unable to attend parades at night to take their training in the day time. The administration of the regiment will also be largely in the hands of this staff.

Members of the regiment will receive full N.P.A.M. pay for their training which will be continued indefinitely. Instruction will proceed along regular infantry training lines, with lectures and specialized instruction being given in the various branches of infantry work. It is understood that schools will be conducted to enable men to qualify both for N.C.O. rank and for commissions.

Commenting on the new establishment of the regiment this morning, Colonel Levesque stated that already a number of enquiries had been received from prospective recruits and he said that much interest has been shown throughout the district. People who in times past had shown no interest whatever in military matters, now were evincing considerable interest in the training. Young men realized that con-

WAKE UP YOUR LIVER BILE—
And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of fluid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, sick and the world makes you sick.

A mere howl movement doesn't always get at the cause. You need something that works on the liver as well. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up." Harmless and gentle, they make the bile flow freely. They do the work of a laxative but have no calomel or mercury in them. Ask for Carter's Little Liver Pills by name! Stubbornly refuse anything else. 25c.

Marriage, June 26.—A quiet but very pretty wedding was solemnized on Wednesday, June 19, when Mary Irene MacLeod, daughter of Mr. and Mrs. Angus W. MacLeod, of Mars-

FEMALE PAIN

Women who suffer painful, irregular periods with nervous, moody spells due to functional cause should find Lydia E. Pinkham's Vegetable Compound simply marvelous to relieve such distress. Pinkham's Compound is made especially to help weak, tired women to go smiling thru difficult days. Over 1,000,000 women have reported amazing benefits. WELL WORTH TRYING!

DOCTORS CHECK KIDNEYS FIRST

Because they know that healthy kidneys remove from the blood the waste matter—the excess acids and poisons, formed by the ever-changing human body as it decays and rebuilds itself. But if the kidneys fail, illness surely follows. Backache, Rheumatic Pains, Impure Blood, Lack of Energy, Too Frequent Urination, Sleeplessness, Headaches—all may result from faulty kidneys. As a health safeguard—as a wise precaution—regulate your kidneys frequently with Dodd's Kidney Pills—for over fifty years the favorite Kidney remedy—non-habit forming.

Dodd's Kidney Pills

CLEAR THE CAUSE OF

BABY'S DIARRHOEA

IT saps your baby's strength. Lowers his resistance to disease. Leaves him a prey to other sicknesses. Regulate the bowels and banish it immediately.

Read the experience of Mrs. Edith Stroud, of Brown's Line P.O., Ont.: "I have five children, have not had one serious illness among them, and owe this to Baby's Own Tablets. For diarrhoea they are invaluable. They quickly clear up the cause."

Promptly effective, also, in cases of simple fever, colds, colic, upset stomach, constipation, simple colic, indigestion and teething troubles.

Free of stupefying drugs and opiates. Easy to take as candy. Safe and harmless. Analyst's report in every box. Get a package today. Sickens so often strikes in the night. 15 cents. Money back if you are not satisfied.

Lost your PEP?

Don't grow old before your time. Keep your body free of poisons, blood impurities, Kruschen in your ready aid. Take just the "little daily dose" and feel like a million dollars! Kruschen is British and highest quality—25c, 45c and 75c.

In The Women's Sphere

Social and Personal

Miss Idonea Nourse is a guest of Mrs. A. S. Lothrop, London Street.

Dr. and Mrs. F. H. Bradley have taken up residence for the summer season at their country home near North Hatley, Lake Massawippi.

Mr. John Tonkin Ball, son of Mr. and Mrs. H. S. Ball, Waterville, left on Sunday for Toronto, to join the R.C.A.F.

Mr. Harry Gray, Montclair Street, has left on an extended motor trip to St. Louis, Missouri, and other points of interest.

Friends of Mr. Donald Bushey, of Richmond, will regret to hear that he is a patient in the Sherbrooke Hospital, where he underwent an operation for appendicitis last Wednesday.

Mrs. John Davey and Miss Ann Armstrong have returned from Newport, Vt., where they were guests for ten days of Mrs. G. T. Armstrong at "Camp Sherbrooke".

Mr. and Mrs. G. Stanley Walsh and their children, Barbara and Kenneth, are arriving on Saturday to attend the Makrauer-McNab wedding, and will be guests of Mrs. Walsh's mother, Mrs. Andrew Sangster, at her summer home at "Shore Acres Club," Little Lake Magog.

Mrs. G. T. Armstrong, who has taken up residence for the season at "Camp Sherbrooke," her country home at The Bluffs, Newport, Vt., has as her house guest her daughter, Mrs. Charles H. Hudson, of Portland, Maine.

The I.O.D.E. "Bomber Fund" will be substantially augmented by the proceeds from a most successful card party given last evening by the 53rd Chapter I.O.D.E. in the Sons of England Hall, which was generously placed at the Chapter's disposal for its effort on behalf of the urgent appeal sent out from the National Chapter.

Mrs. R. M. Longueville, Regent of the Chapter, received, and Mrs. Clifford Beaudreau its Treasurer, acted as cashier. Cards were played at upwards of twenty tables, the acceptable prize at each being two small individual pyrex dishes. An additional feature of interest was a large fruit cake donated by Mr. Kimmis, the guests enjoying the guessing contest to the utmost. Finally the cake was cut in three pieces, Mrs. F. A. Cutter, Mrs. McNab and Mrs. Justin Williams each having the good fortune to receive a part of the luscious prize, their conjectures on its weight having been identical. The pretty door prize was won by Mrs. W. Boland. Later dainty refreshments were served the following members assisting, Mrs. E. Worby, Mrs. Livingstone, Mrs. G. Berwick, Mrs. Davies and Miss Sykes. The Regent and members of the Chapter are deeply grateful to the Sons of England, through whose kind co-operation they were enabled to answer the Order's appeal. They also wish to thank the many guests who patronized their party and everyone who helped in any way towards its splendid success, thus tangibly expressing their sympathy with the object and loyalty to the British Empire for the defence of which the "Bomber" is being donated by the Order, which has for its motto, "One Flag, One Throne, One Empire."

IF SPAGHETTI TASTES FLAT

Add a few drops of a concentrated relish

WHETHER you buy spaghetti in the can or cook it yourself, you will improve the flavour wonderfully if you add a little H. P. Sauce. A good way is to stir in H. P. while heating up or cooking the spaghetti. And some people like the H. P. flavour so well that they will add a little more when the spaghetti is served on their plates. One good point about H. P. is that you use it sparingly. A little of this thick, fruity sauce imparts a lot of flavour and it's a flavour that is appetizingly delicious. Don't forget H. P. Sauce next time you have spaghetti or macaroni. Use it also for flavouring soups, stews, meats, fish, fowl, sandwiches and salads.

COOKING CENTRE IN A MODERN KITCHEN

A General Electric Hotpoint Range surrounded by ample working surface makes this corner of the kitchen an efficient work-center. G. E. Ranges are available in different sizes and styles to fit the needs of all families. Their outstanding features include the Automatic Triple Oven, Five Heat Hi-Speed Elements guaranteed for three years, Thrift Cookers, Oven Timers, Smokeless Broilers and Tel-A-Cook Lights. Built entirely of steel, they are rugged and dependable, and are finished in gleaming porcelain enamel to give years of economical, trouble-free service.

Women's Clubs

BROMPTON ROAD W.I.

Mrs. Fred Page and Mrs. Charles Page were joint hostesses at the former's home on Saturday afternoon for the June meeting of the Brompton Road Women's Institute. Mrs. L. Clark, President, was in the chair and after the opening ceremonies, which included the singing of the W.I. Ode and the recital of the Mary Stuart Collect, the roll call was seasonably answered with "Different Uses for Strawberries."

The minutes as read by Mrs. A. J. Goodfellow and the financial statement presented by Mrs. W. F. Goodfellow, were adopted prior to the reception of departmental reports. These included Red Cross work, Miss Verna Hatch, Convener, stating that four hospital gowns, four refugee dresses, seven pairs of socks, twenty "T" bandages, twenty slings, two scarves and two pullover sweaters had been handed in.

A vote of thanks was recorded to the President of the Orford W.I., for a generous donation to the Community Hall Fund.

A successful shower for the Hall was also reported. Mrs. E. M. Goodfellow won the ladies' prize in the lemon pie contest and Miss Lila McGenty won the prize in the girls' contest. Later the hostess served delicious refreshments, assisted by Mrs. M. Rymill, Mrs. E. Faith and the Misses Jean and Annie Page. Before dismissing all united in singing "God Save the King."

MANSONVILLE

EXAM RESULTS

Following are results of June examinations at the Turner School, with percentages given:
Grade Six: Robert Henderson 72.
Grade Four: Clare Mae Schoolcraft 87, Margaret Salls 82.
Grade Three: Ross McNeil 89, Ephraim Salls 85, Gladys Salls 77, Raymond Schoolcraft 71.
Grade Two: Pearl Salls 79%.
Grade One: Morris Gately 90, Marvin Allen 87, Edward Salls unranked.

General Notes

Miss Jessie Morrison, of Sherbrooke, spent a day with her parents, Rev. and Mrs. W. A. Morrison, at the Parsonage.

Mr. and Mrs. Kenneth Cowan, Mrs. Sadie Cowan and Mrs. E. R. Boright, of Sutton, were guests of Mr. Thomas Logan.

Mrs. G. A. George entertained the Women's Association of the United Church.

Mr. Glendon Darling returned to Waterloo where he has obtained a position.

Sunday guests at the home of Mr. and Mrs. George Darling were Mrs. George Logan, Mrs. Conche and Mr. Gordon Jackson, of Glen Sutton, Mr. and Mrs. Roy Logan and son, Mr. Harold Logan, of Waterloo, Miss Mildred Glenn, Mr. and Mrs. George Turner and Mr. and Mrs. Dufresne.

orial at the eleventh hour owing to the unfavorable weather conditions.

ANSWER TO CRANIUM CRACKER

1. Northwest to southeast; the Pacific end is 27 miles east of the Atlantic end.

4. Lake Superior.

5. Chile borders Argentina on the west, Bolivia to the north, Paraguay, Brazil and Uruguay to the east.

GUESSWORK NOW REMOVED FROM CULINARY ART

The art of cooking by electricity has, within recent years, made strides that to many people may be almost unbelievable.

Not many years ago the person who told of a stove that was capable of turning itself on at appointed time, cooking a meal, and then turning itself off at the right moment—all without human guidance—would have been looked on as crazy. Yet that is just what happens today in thousands of Canadian homes.

Engineers of Canadian General Electric Company, Limited, explain this apparent magic by describing the methods of oven control now in use. Ingenious devices have at last been perfected, they say, that completely remove guesswork from the art of cooking.

Automatic oven temperature controls combined with a Timer Clock make possible miracles of cookery with a Hotpoint Electric Range. It is possible to have the Timer Clock turn the oven on and off at any predetermined time—no matter where the cook may be—and, while foods are cooking, a constant, accurate temperature will be maintained in the oven.

The housewife can now leave home, with her meal in the oven of her Hotpoint Electric Range, and return at any time that suits her convenience, to find her dinner perfectly cooked and ready to serve.

increase of 58,869 pairs over January of 1938.

STRONG TREND TOWARD ELECTRIC COOKING

Cooking With Electricity Is Much Cleaner And Cheaper While Easing Work In Kitchen

Southern Canada Power Company, Preparing to Launch Its Annual Sale of Electric Ranges, Has Obtained Many Concessions from Dealers Which Will Be Passed on to Purchasers.

Southern Canada Power Company's annual electric range sale is about to open. Special arrangements have been made with outstanding manufacturers to secure a large quantity of the very latest electric ranges, and as a result of the quantity of the order, the Company has secured many other concessions which will be passed on to purchasers.

With electric cooking becoming so widespread the question is often asked, "Why cook with electricity?" Satisfied users of electric ranges reply that it is cheaper, cleaner and means much less effort than the old-time methods.

The housewife of today is noted for her acceptance of new ideas and new inventions. This perhaps accounts for the invention, manufacture, sale and use of such conveniences as the electric lamp, vacuum cleaner, washing machine, iron, refrigerator, and now the modern electric range.

How many housewives of today would go back to the days of candles

and oil lamps? To sweeping with the old fashioned broom? Or to stooping and rubbing clothes for hours on a wash board? To walking to and from a hot stove heating irons? How many would prefer an old fashioned ice box, with all its uncertainty and inconveniences, to the modern, sparkling refrigerator of today? Housewives of today not only buy a device that looks modern, it must have modern advantages. This being true they are certain to become aware of the fact that with the electric range she gets all the advantages of these other conveniences, and more.

Picture the kitchen of a few years ago, with its old fashioned stove. Real effort was required in order to keep it clean. By scrubbing and scouring! The air in this room was constantly being consumed and contaminated by the fuel, it was hot and uncomfortable. It had darkened walls and wilted curtains. The housewife who worked under the conditions very often had a

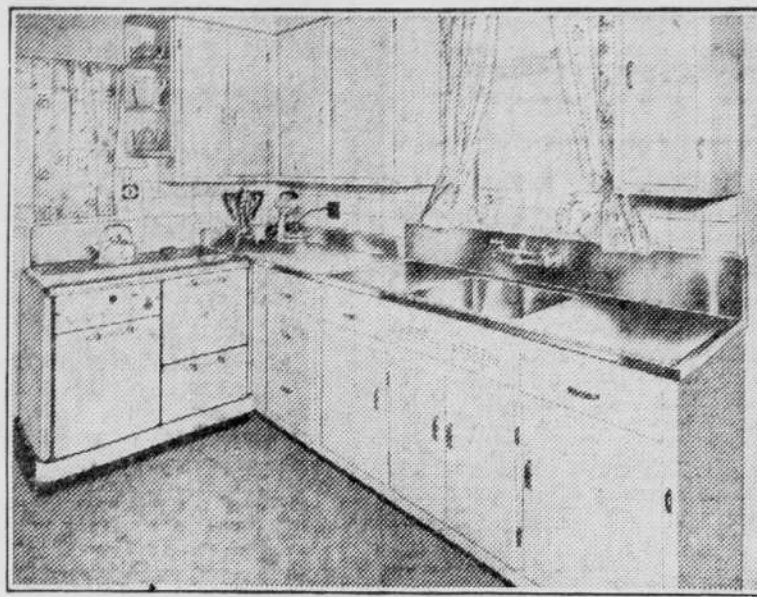

wilted disposition and a "kitchen headache," her personal energy wasted. Women sacrificed both time and beauty for the well-being of their families.

Contrast with this the kitchen of today, made possible with new ideas and inventions; beautiful walls and floor coverings; sparkling glass and crisp curtains; cleanliness, comfort and pure air. Wishing this to be permanent, the housewife selects only the best in modern tools. She realizes her task of preparing and cooking foods of paramount importance. All other work which she may do is secondary. Her first job is feeding her family with food which is healthful to the highest degree. She knows that the only answer to this is electric cookery with all its consequent advantages.

The three great essentials of life are food, rest and shelter. Speaking on electric cookery, Miss E. Miller, well-known home economic expert, says: "Give a housewife a sparkling kitchen to work in, an electric range to work with, and the food will be perfect and the one who prepares it will have added time for rest and relaxation. Why? First of all, due to electric heat which is flameless, it can be controlled. It requires no oxygen, for this heat has no flame. There is no combustion; consequently there are no by-products of flame, no residue.

Electric cookery is as clean and pure as the air we breathe. We have nothing of the dust in our kitchen which flame type fuels give us, dirt in every form, on the stove itself, on cooking utensils, walls and furnishings. With electricity we have an advantage which

WOMAN'S "PRIDE AND JOY"

A modern electrical kitchen has been described as "a modern woman's pride and joy." Even a passing glance at the above illustration will reveal many reasons for this description. Flooded with brilliant sunshine, this kitchen radiates a gleaming cleanliness with its gleaming monel metal working surfaces, modernistic chrome taps and other sparkling appointments. Plenty of cupboard space, close proximity of the up-to-date sink and dishwasher to the beautiful modern Moffat Electric Range, and an attractive color scheme are but a few of the many reasons for the steadily increasing popularity of these kitchens.

is priceless—cleanliness." Simplicity is the watchword of electric cookery. There is nothing mysterious about it. You simply turn a switch and regulate the oven control, if oven cooking is needed, or turn a surface switch to the heat intensity required for steaming, or any type of surface cookery. It is

MOFFAT RANGE MAKES BAKING AN EASY TASK

Electricity and Streamlining Have Made a Veritable Aladdin's Lamp Out of Kitchen.

"Let's bake a cake!" And many a little girl has started towards becoming a successful housekeeper through baking her first cake.

It's easier today—electricity and streamlining have made a veritable Aladdin's lamp out of the kitchen. With a new Moffat Electric Range it's easy for the housewife to produce baking results that before were only attained by long practice.

One reason why consistently good results are obtained from a Moffat Range is the oven-foundation of all good baking. The Moffat scientific oven heat deflector disperses an even saturating heat throughout the entire compartment, eliminating "hot spots." The doors open only on useable space, reducing heat loss and providing plenty of space for any baking job. Perfect control ensures that no housewife will have the mortification of seeing her skillful preparatory work wasted by mechanical factors, over which she has no control. Perhaps that's why good baking and Moffat are synonymous!

A delightful recipe that the family will love is:

CANADIAN MAPLE SYRUP CAKE

1/2 cup butter
1/2 cup brown sugar
1/2 cup maple syrup
2 eggs
2 cups pastry flour
2 1/2 teaspoon baking powder
1/4 teaspoon baking soda
1-3 teaspoon salt
1/2 cup milk

Method: Cream butter, blend in sugar and maple syrup. Add beaten eggs. Sift flour, measure and re-sift three times with baking powder, soda and salt. Add dry ingredients alternately with milk. Bake in greased and floured 8-inch square pan at 350° for forty or forty-five minutes.

every woman's birthright to be a good cook. With the electric range she need have no fear of trying any recipe. With her modern electric range, foods cook as well as they can be cooked with any other type of fuel. Electricity has the advantage of performing instantly. Ovens can be heated to the desired temperature in less time than it takes to prepare the food.

Electric cookery to the housewife means the kind of cooking. No matches, kindling or pilot light are necessary. There is no flame, so naturally there are no fumes or gases. Fire hazards are eliminated, and inexperienced grown-ups as well as children are safe.

An advantage not to be overlooked is the more healthful food resulting from electrical cooking. The reason for this is that waterless cookery can be accomplished easily due to controlled heat. In this method all nutritive value and vital minerals are not thrown away. Children will have sturdy little bodies, and the older members of the family, health and cheerful dispositions. Natural moisture carries the flavor of the food and much of the food value. Foods are even more palatable, nutritious and healthful when cooked in the oven, because flameless heat requires no oxygen, therefore the oven can be of airtight construction, causing no drying out of foods. Electrically boiled meats are not saturated with indigestible, unpalatable and unhealthy scorched grease. Perfection in broiled food is attained by the red-radiant heat, which it gives.

GIVE A GARDEN

If a friend is an enthusiastic gardener, it might be a nice idea to wire her an attractive garden basket complete with the most essential tools, a selection of spring blossoms and some of her favorite potted plants, which she can transfer to her garden later. Also appropriate would be a gaily painted watering pot filled with stock, snap dragon and iris.

Make YOUR COOK BOOK

Come True

A reputation for delicious baking is so easy with a new G-E Hotpoint. For a G-E cooks better, faster and cheaper. Its exclusive Guaranteed Calrod element—its Measured Heat principle and its Triple Oven combine to produce the tempting masterpieces shown in your own cook book.

Put a G-E Hotpoint in your home today for only a few dollars down. Your dealer will be glad to demonstrate the new 1940 G-E Hotpoint. Ten models from \$116.50. Easy budget terms are available.

ELECTRIC RANGE EASES HOUSEWIFE'S TASK

Users Discover Electric Cooking Is Much Superior To Old-Time Method

Cleanliness, Rapidity, Economy, Ease of Operation Are Chief Characteristics of Modern Electric Range—Housewives Express Their Satisfaction.

"I never dreamed electric cooking could be so easy," writes a housewife from Farnham in appreciation of her newly-found method of preparing meals. "When I think of the years I spent toiling over my old kitchen stove carrying wood, poking at ashes which flew all over the house, not to mention oven-peeking, I feel sorry for myself. However, better late than never." Such is the reaction of a lady who has spent years cooking and preparing meals over the old time kitchen range, and then suddenly finds herself the owner of a new up-to-date electric kitchen range. The sentiments she expresses are common to every woman who finds herself cooking for the first time by means of electricity.

Another user in Acton Vale writes: "Like many another woman I thought that electric cooking was a sort of fad. However no one can believe how marvellous electric cooking really is until this method is given a trial. No smoke, no flame, no dust—just the turn of a switch. What a difference from what I used before."

From Granby another lady gives her views: "The automatic oven control is in my opinion probably the best feature of my new electric stove. Imagine placing a roast in the oven, setting the regulator for a certain hour, and then forgetting all about it. For a busy mother this is a great feature, as it allows her to attend to other duties without having to worry about her dinner."

From Drummondville: "I have had an electric range for five years but this year I decided I wanted one with all those modern gadgets so I exchanged my old range for a new one. The new ranges are perfect in every detail and I cannot see how

they could be improved. They save both time and work, two important factors in any home, and from past experience I know positively that electric cooking is the cheapest method one can use."

These spontaneous testimonials pretty well corroborate what is being said everywhere concerning the advantages of cooking with electricity. It is interesting to read what Miss Katherine Caldwell, Director Home Service Bureau Canadian Home Journal has to say regarding the electric cooking range. "Women like the cleanliness, the precision, the dependable performance of a good electric range. We appreciate the fact that the most expert engineers and designers have brought today's good electric range to truly amazing heights of beauty, convenience and efficiency."

"But, speaking for the Home Service Bureau, and at the same time for all teachers and propagandists in the cause of good eating, let me tell you our greatest difficulty. It lies in the equipment our public is using. The new, the old, the efficient, the deplorable, there's a variable we cannot hope to control."

"Your range—that's the biggest factor in governing your success with the suggestions we make to you. And, of course it is a tremendous factor in your whole relationship to your housekeeping. If your stove backs up all your good work and carries your efforts to a triumph, you are inspired and encouraged to aim higher and higher. If your range is balky, slow, troublesome, unsightly, a 'bad baker,' you are definitely at a disadvantage. Your best plan is to face the facts and study the possibilities for a new stove."

Electric ranges appeal to Can-

WESTINGHOUSE RANGE CARRIES NEW FEATURES

Most Recent Advancements in Electric Cookery Combined with New System of Coal or Wood Heating.

A perplexing problem has been successfully solved!

In most homes today there exists a need for cool electric cookery during the summer months, coupled with warm comfort for the kitchen during the cold months of winter.

Both of these requirements are met by the new Coal-Electric Combination Range now introduced by Westinghouse. The new model known as the "Warmaire" combines the most recent advancements in electric cookery with a new system of coal or wood heating for the cold weather.

Special air-ducts are built into the range on either side of the fire-pot. These draw the old air from the floor, heat and circulate it through the room.

This provides the maximum amount of cold weather comfort, while the modern electric oven and four element cooking top give the advantages of electric cooking at its best.

New features of the Westinghouse "Warmaire" range include the new Pyrex element, noted for its extra fast heating; the large heat balanced oven; automatic oven heat control; smokeless broiler; and attractive white porcelain enamel finish.

adrian women—that fact is well established wherever power-supplies have given it a chance to take root. We like the cleanliness—the precision—the dependable performance of a good electric range. Whether or not their work is beyond our comprehension, we appreciate the fact that the most expert engineers and designers have brought today's good electric range to truly amazing heights of beauty, convenience and efficiency."

REVOLUTION IN COOKING WITH POWER RANGES

Electric Stoves Make Kitchen Tasks Easier and More Pleasant for Modern Home-maker.

With the coming of the holiday season an added burden is thrust upon mothers' shoulders. Children are home all day, visitors are frequent and old Sol keeps turning on the heat with added zest. All of which implies more work for the housewife. The trend today among home-makers is to give up the antiquated and fatiguing methods of cooking. Arrangements can be made now to install an electric cooking range in the home on easy, convenient terms.

Electric cookery today features new ranges, modern in every detail, new roasters for big and small cooking needs, all designed to provide better living for the modern home-maker and her family.

Thousands upon thousands of home-makers have proven that electric cookery does contribute to better living. Hundreds of statements of users have proven that they have found the electric range to be a more healthful, easier, cleaner, and a more thrifty method of preparing the food in their homes.

Electric cooking is more healthful because it does retain the full flavor and health-giving nourishment of delicious fresh vegetables—because the vegetables are steamed and not boiled. Cauliflower, beets, carrots, potatoes—all have a new flavor when cooked electrically. Only those who have eaten food so prepared can appreciate the new flavor, the new delicious appearance that fresh vegetables can have.

The less costly cuts of meat seem to acquire a new flavor, a new tenderness that rival the most expensive meat. The making of angel food cakes and other extremely difficult cooking tasks become simply a matter of adjusting the

temperature control and turning the switch.

We think of healthfulness in food as an important factor in cooking. The retention of the nourishing juices, the deliciousness of appearance, and the juicy tenderness are enjoyed by everyone. We oftentimes overlook the healthfulness to the mother who must prepare the family's daily meals. The clean, cool cooking of electricity certainly will add to the health, happiness, and longevity of the home's most precious possession—the mother who must prepare the food.

Many of us spend our lives doing little tasks. This is particularly true in the home. Most home-makers only undertake such major tasks as house cleaning twice a year, redecorating once every three or five years. But think of the hundreds of little tasks that must be performed daily. The older methods of cooking consume a tremendous amount of time. First, the preparation of the food, then the actual cooking operation with its oven-peeking, heat-treating the home-maker when basting, and testing cakes and vegetables with broom straws. The electric range is a far cry from this old cooking torment for the home-maker.

The electric range is exact. You simply determine the quantity of food to be cooked and set the temperature accordingly. At the end of the given time, your food is cooked as deliciously as it could be.

Young children in the home increase the demands upon the mother's time. The electric range with its time-releasing features will enable the mother to give the amount of time necessary to her children and still have hours of leisure to devote to her own personal pleasures. The automatic temperature control takes the guesswork out of cooking. The automatic timer makes cooking by "proxy" possible—the timer turns the oven on and off automatically. No further attention is required on the part of the home-maker.

The electric range is bringing new leisure and new comforts to the home-makers and thereby bringing better living to all the family.

Every home-maker knows how much time is required in scouring blackened utensils when older cooking stoves are used. Greasy deposits and discoloration of the finished surfaces of the ranges are eliminated with clean electric heat. Each home has electric heating devices in our homes and we know

GONE FOR THE DAY

Yet when this family returns at dinner time, dinner will be completely prepared—ready to serve. The housewife in this picture is setting the Timer Clock on her G-E Hotpoint Range so that when the time comes for the meal to start cooking the oven will be automatically turned on, and when it is cooked the oven will be turned off. She's not afraid of burning her roast, for the accuracy of electrical control safeguards her against mistakes.

that from their use no dirt is created. Elimination of dirt in the kitchen lengthens the life of all painted surfaces and lengthens the time that curtains can be used without washing. Clean cooking is possible with the electric range and it contributes materially to better living for every home-maker.

The cost of operating the range which in itself is extremely low, is only a minor consideration. Many savings are effected both in redecorating and in increased food value, resulting in greater healthfulness for all the family, and a tremendous saving of time. The cost of electric cooking in Southern Canada Power territory more than compares favorably with the cost of other cooking fuel. Electric range users appreciate the low cost of operation as well as the delicious electrically cooked food and escape from the torment of hot kitchens, open pecking, scouring utensils, and costly redecoration.

Electric cooking is thrifty because it is economical, better, easier and cleaner. Today, every home-maker has the opportunity to live better—electrically.

Alaska has approximately five miles of airway for every mile of highway or railroad.

Progress is inherent in the very nature of the work carried on by the electrical engineer. Always he is seeking improved methods of utilizing this invisible source of power.

He has, in recent years, given us the washing machine, refrigerator, ironer, vacuum cleaner, shaver, etc.—and the electric range, lightening the burdens of housekeeping and literally revolutionizing our whole mode of living, even within the lifetime of a large section of today's citizens of this progressive continent.

"The way to a man's heart is through his tummy"—and here is where the electric range comes in. Playing perhaps the most direct part in the happiness of the home by furnishing the means to hearty and extra tasty meals "cooked to a turn," cakes and pies to that even golden brown, so easily obtainable with the new even-heat oven, a special feature and the result of over ninety-eight years of experiment and experience in the design and manufacture and merchandising of ranges, stoves and heating systems of all kinds, in the long established plants of the Gurney Company in Quebec and Ontario.

Gurney is a family tradition, both as to manufacture and to use. Holt Gurney is head of the firm today; and many hundreds of Canadian families have always had a Gurney Range in their homes.

Progress in the kitchen is exemplified by the greatly increased working space on the new Gurney Ranges, over what the housewife yesterday had at her disposal. And what would she have thought, as she filled the fire box with wood, could she have looked into the future and seen the time-saving feature of today—the automatic heat control which relieves the housekeeper of the necessity of keeping on her mind those important details of time and heat whilst baking, thus eliminating all chance of spoiled food.

Or the special automatic kitchen help which Gurney this year adds to the many progressive steps in a long career of range design—the combination of Lamp, Automatic Timer and Minute Minder Unit—you set it and forget it.

Progress also has been maintained in beautifying the appearance of the Gurney Range, in keeping with the trends of each year's fashion, until today a stable beauty of lines has been achieved that enhances the appearance of any kitchen where this famous range is used.

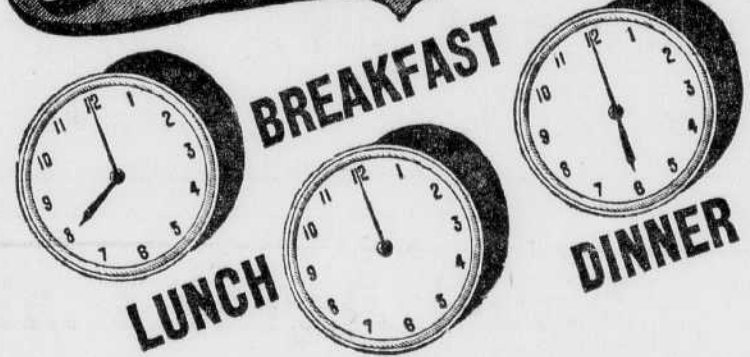

Progress is inevitable in the field of electricity. And Northern Electric progresses with the industry, offering to the Canadian public the latest advancements in the various lines of electrical appliances which it distributes, and stands back of every one as an extra guarantee of dependable service.

GURNEY RANGE EASES BURDEN OF HOUSEWIFE

Progress in Kitchen Exemplified by Greatly Increased Working Space on New Ranges Over that of Yesterday.

"Progress is not inevitable" declared a prominent speaker, recently, and that is a very true statement, borne out by many instances of fact. Take, for instance, the "black spot" in the islands of the Pacific inhabited by a tribe of aboriginal negroes in primitive style, and contrast that with the Fiji Islands where progress has been rapid in the past half century. In the last case there was a desire for inspiration, whilst in the first no urge to improve themselves. Progress is not inevitable. In the field of electrical research, however, the case is different.

3 TIMES A DAY!

This new McClary will reduce preparation time to MINUTES!

This IS the time to buy a new range — now! So see the McClary first. Examine for yourself these outstanding features of the most famous range in McClary's century of experience.

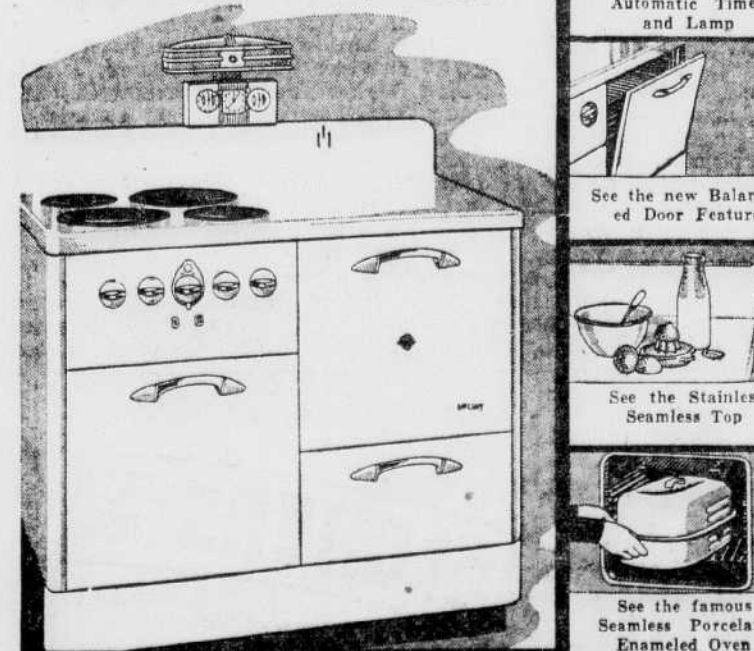

★ The top-cooking elements include the new, powerful, exceptionally fast "Red-Hed" unit and three of the famous "Speediron" elements — all protected and reliable and guaranteed for 3 years!

★ The big McClary seamless, porcelain-enamelled oven with the new rigid pullout racks, the new balanced-door construction and the McClary broiler with its smokeless grid.

★ Oven Switch and Heat Control are in one unit — simple operation, positive heat control. The Electric Automatic Timer and Lamp includes 3 features in one — Electric Time Clock controls oven operation; Minute Minder for timing cooking; and the lamp for illuminating cooking-top. Available at slight extra cost.

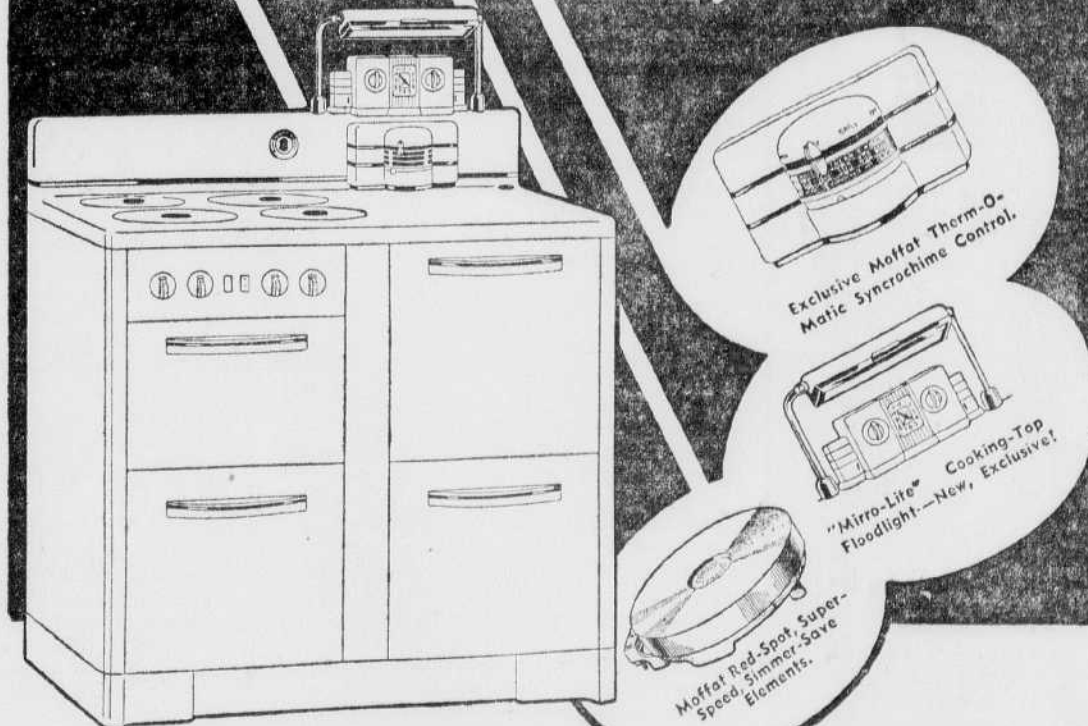

★ Among many other features are included the heated compartment with racks for plates, condiment holders, etc.; "Konony" Cooker of a portable type, removable to leave cooking-top free; the new tilted, streamline handles.

A Product of GENERAL STEEL WARES LIMITED.

MOFFAT Electric Ranges

THE NEW Westinghouse Warmaire Combination COAL-ELECTRIC RANGE

SOLVES BOTH THESE PERPLEXING PROBLEMS

COOL SUMMER COOKING

The last word in cool, clean electric cookery... with the new, exclusive Westinghouse Pyrox Element; the Heat-Balanced Super-Oven; Automatic Oven Heat Control; Smokeless Broiler; and all the other features that insure convenience, ease and uniformly successful results. Every meal is a real delight when you own a new Westinghouse Combination Range.

WARM WINTER COMFORT

Yes... this new Westinghouse Warmaire Combination really does heat your kitchen in the winter. Its efficient coal or wood fire generates heat in abundance... and the sensational new Warmaire ducts at either side of the fire box draw cold air from the floor, heat it and circulate it through the room. It works like a warm-air furnace. No home should be without this wonderful all-seasons range!

BEDFORD BANK BRANCH MARKS 30TH BIRTHDAY

Bank of Montreal in Bedford,
Established as Result of
Citizens' Petition, Com-
pletes Third Decade of
Financial Career.

Tomorrow marks the thirtieth an-
niversary of the Bedford branch of
the Bank of Montreal, Canada's first
permanent bank, that office having
been opened on June 27, 1910.

It was as the direct result of a
petition signed by influential citi-
zens of the town and prominent
farmers of the district that the Mol-
sons Bank, later to be amalgamated
with the Bank of Montreal, first es-
tablished its branch here. The first
premises used by the Bank were in
the old Eaton Block, a red brick
building on the south side of Main
Street. These proved adequate until
1921, when the present attractive red
brick building was erected. This
building has all the equipment of a
modern office and has proved ade-
quate in every way to provide the
people of Bedford with an efficient
banking service.

While the progress and develop-
ment of Bedford during the period
under review has not been specta-
cular, it has nevertheless been very
steady. The population of the town
has grown from approximately 1,200
in 1910, until today it is 1,800. The
prosperity of the town and sur-
rounding district in the past was
based largely on agriculture. With-
in the last three decades several
flourishing industries have grown up
in this community and the town is
fast developing into an industrial
centre. The chief industry of Bed-
ford is, of course, that of the manu-
facture of knitting machine need-
les, the most important of its kind
in Canada. Besides this, however,
other industries of which the town
boasts are saw mills, manufacturers
of bee-keepers' supplies, golf shoes
and advertising rulers, golf tees and
other wood products. In keeping with
the general trend of progress, a new
Post Office was erected in 1938, and
during the past year a new tele-
phone exchange incorporating the
dial system was installed in a new
building. In this progress that has
taken place in Bedford during the
past thirty years the bank has played
an important part, and it has
stood ready at all times to assist in
the development of the town and the
town's industries.

The first manager, Vernon Barry,
held the position for seven years. He
is now retired on pension after a
long and varied career. Mr. Barry
was succeeded by A. E. Hickey, now
manager of the Bank's office at
Bleury and St. Catherine Streets in
Montreal. Subsequent managers have
been H. E. Bieher and W. C.
King. The present manager, S. C.
Molson, has had charge of the office
since April, 1934, and is very highly
regarded in the district.

Mr. and Mrs. Herbert Robinson
were dinner guests of Mr. and Mrs.
Carol Farnham, a former resident
of Sherbrooke and Danville, occu-
ring at Dexter on Saturday, June 28,
following a heart attack. Mr. Moun-
tain was fifty-one years of age. He
was one of the leading woolen
manufacturers in Maine, and at the
time of his death was Vice-Presi-
dent, Treasurer and General Man-
ager of the Dumbarton Woolen
Company of Dexter, Me. He had been
associated with the mill for the past
twenty years, and had for several
years been manager of the George
Park Manufacturing Company of
Dexter.

The deceased began his career in
the woolen business at an early age
in East Lynne, Conn., then going to
Stafford Springs, Conn., for a time,
moving from there to Dexter where
he was associated with his uncle,
George Park, of Waterville Hills, a
resident of Dexter at that time.
Later he resided for a time at San-
gerville, but returned to Dexter,
where he has since resided.

The deceased was born in Ames-
bury, Mass., the son of William T.
Mountain and the late Eunice Park
Mountain, formerly of Sherbrooke.
He received his early education in
Massachusetts.

Funeral services were held Tues-
day afternoon, June 11th, at the
First Universalist Church in Dexter,
Rev. K. R. Hutchinson officiating.
Burial took place in the family lot
at Sangerville, where Masonic com-
mittal services were held.

Mr. Mountain is survived by his
widow, Mrs. Mabel A. Mountain, a
son, William H. Mountain, two
daughters, Mrs. Robert W. Buxton
and Mrs. Charles Dyer, two grand-
children, niece and nephew, all of
Dexter; his father, William T. Moun-
tain, of Amesbury, Mass.; two bro-
thers, Ronald, of Pontiac, Mich., and
Angus P., of Dexter.

Mr. Mountain was a cousin of Dr.
F. H. Bradley and Mr. Edward D.
Bradley of Sherbrooke.

MRS. JAMES BUCK, OF
COWANSVILLE.

Cowansville, June 26.—The funeral
of Mrs. James Buck, of Cowansville,
Vt. (nee George E. Armstrong), who
passed away at the age of sixty-
seven years, was held at the United
Church, Cowansville, on Friday after-
noon, June 21, Rev. S. W. Boyd
officiating.

The choir sang two favorite hymns
of deceased, "Nearer My God to
Thee" and "What a Friend We Have
in Jesus." Mrs. Gordon McHarg sang
the hymn, "My Faith Looks Up to
Thee."

The bearers were Messrs. A. Eli-
son, J. Stocks, B. Miner and K. El-
lison. Interment was made in the
Higgins Cemetery by the side of a
son who died in childhood.

The chief mourners were the hus-
band, a daughter (Etta), Mrs. Lloyd
Douglass, of Portland, Me., and sis-
ter, Mrs. Mervin Crawford, of Brigh-
ton.

There was a large attendance of
friends and neighbors who assembled
to show a last tribute of respect to
a well-beloved friend who had shown
wonderful courage and patience
through many years of suffering.

Sympathy is extended to the be-
neaved family.

Among those present from out of
town were Mr. and Mrs. Orville
Armstrong, Mr. and Mrs. Martin, of

BANK OBSERVES 30TH ANNIVERSARY

The Bedford Branch of the Bank of Montreal, originally established as Molsons Bank, tomorrow completes its thirtieth year of business in the district.

RED CROSS TEA FINE SUCCESS AT SWEETSBURG

Seventy-Five Dollars Realized from Garden Party Staged at Mr. and Mrs. Eugene Hall's Residence.

Sweetsburg, June 26. — Mr. and Mrs. Eugene Hall opened their home for a garden tea in aid of the Red Cross blanket fund. This proved a fine success, socially and financially, tables being placed on the grounds and in the house and were prettily decorated with flowers for the occasion.

Tea and coffee were poured by Mrs. C. B. Jameson, Mrs. Damase DeGuire, Mrs. S. J. Mackie and Mrs. F. X. A. Giroux.

The event was sponsored by the ladies of Sweetsburg and over seventy-five dollars was turned in to Red Cross headquarters in Montreal. Among those who were in attendance from a distance were Mrs. J. Hart, of Kingston, Jamaica, and her daughter, Mrs. Leslie Collins, of East Farnham, Mrs. Kenneth Battley, Miss Hazel Rollett and Rev. A. E. Rollett, of Knowlton, Mrs. E. Hall and Miss Mildred Hall, of Knowlton, Mrs. C. R. Morris and son, Philip, of Medford, Mass., and Mrs. D. Jennings and son, Michael, of Rutland, Vt.

General Notes

Mr. P. A. Roy has received word of the sudden death of his brother, Mr. J. F. Roy, of St. John's, N.B.

Mr. and Mrs. Hugh Miller and Mr. and Mrs. Kenneth Miller were guests of Mr. and Mrs. Arthur Miller and daughter at Sutton.

Mr. Lawrence Lee has begun training with the Royal Canadian Regiment in Westmount.

Miss Vera Chapel, R.N., and Mrs. G. J. Labrecque spent a day at Swanton, Vt., at the home of the former.

Dinner and tea guests of Mr. and Mrs. Hugh Miller included Mrs. F. E. Miller, Mr. and Mrs. Arlie Mizener and Miss Alice Mizener, of Knowlton.

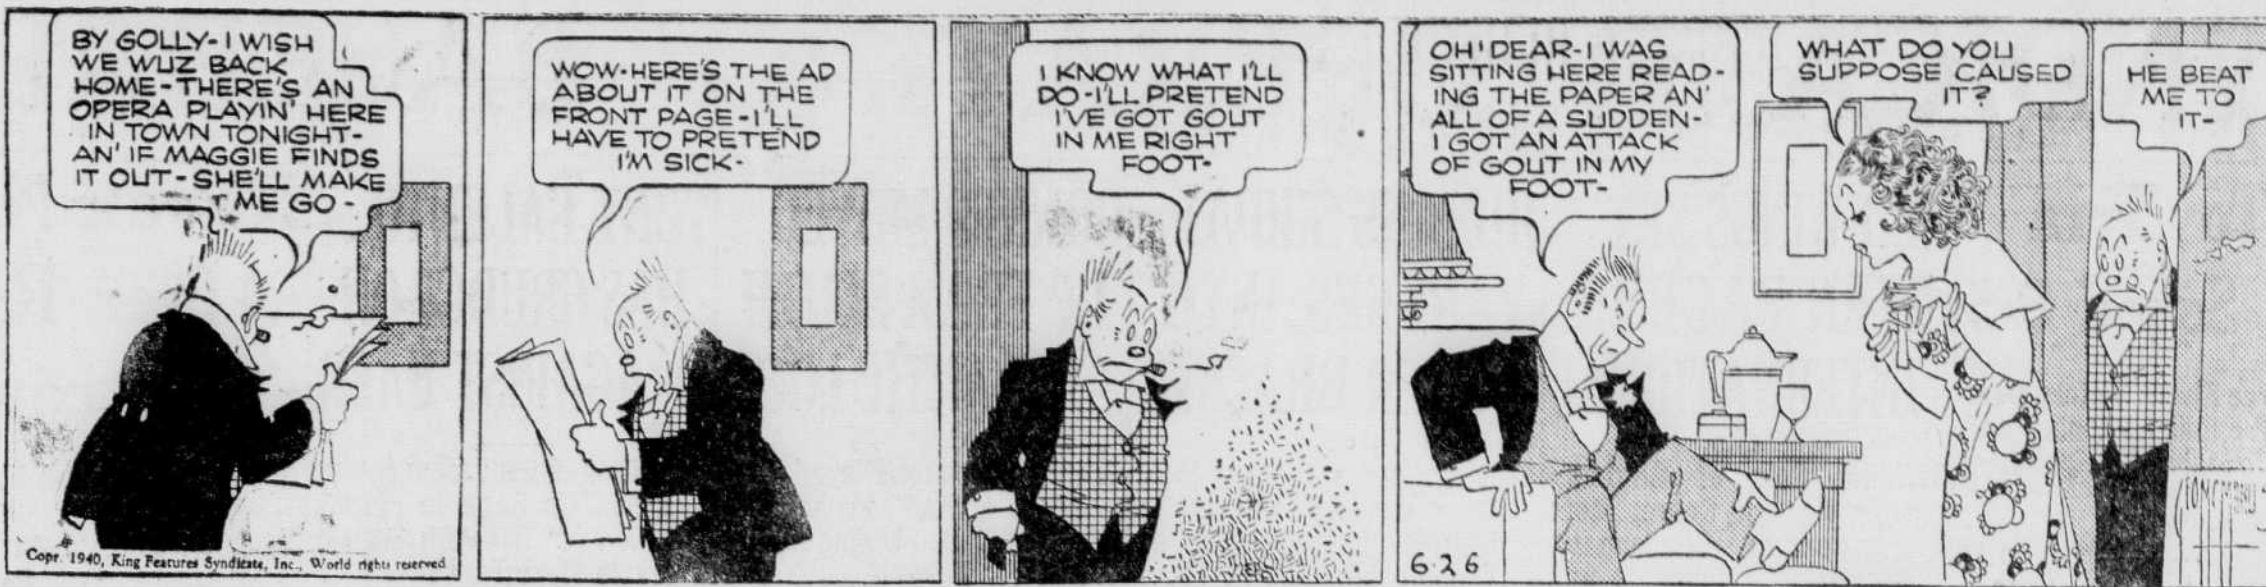

RHEUMATIC PAINS?

GIN PILLS help to tone up clogged kidneys and eliminate pain-causing excess acids. In the United States ask for "GIN PILLS".

AUSTIN

Mrs. Rollin Stone entertained the Ladies' Association. A very nice lunch was served by the hostess, assisted by her daughters.

A box social was held at the home of Mr. and Mrs. Hazen Bryant's.

Week-end visitors of John A. Patterson, Russell and Mabel Patterson were Sunday guests of their mother, Mrs. Sissie Patterson.

Miss Edith Currie Mills, of Shawville, was visiting at J. M. Bryant's home.

Mr. and Mrs. Roy Brown and Mr. and Mrs. Andrew Dunsmore, of Newport, Vt., were Sunday guests of Mr. and Mrs. J. M. Bryant at Baker Beach.

Mrs. Harry Dowson underwent an eye operation by Dr. McKelvey, of Magog. Her friends wish her a speedy recovery.

Mr. and Mrs. J. M. Bryant were at Newport, Vt., for a day.

Person were Dr. and Mrs. W. H. Hatcher and daughters and Miss Frances Patterson, of Montreal. Mr. and Mrs. Owen Griffith were dinner guests at the same home.

Albert Darlington, of Montreal, and some friends were callers in town.

Mrs. Alice Johnson, of Middleboro, Mass., Mrs. Margaret Morse,

and Mrs. Lucien Ruess, of Beverly, Mass., and Lyman Whitcomb, of Hamilton, Mass., are spending a month with Mr. and Mrs. J. M. Bryant.

BEEBE

Dominion Day celebration, Hatley, for benefit of churches.

Mrs. Roy Cooper, Mrs. L. B. Cooper, Mrs. Frank Wilkinson and Miss Isabel Bullis were tea guests of Mrs. O. T. Pickford in Coaticook.

Miss Maude Akin and Miss Mattie Miller spent a few days in Newport, Vt., as the guests of Mrs. Bessie Akin.

Mr. and Mrs. James Longway, of Fitchburg, Mass., are guests of the former's sister, Mrs. Wallace Brevoort, and Mr. Brevoort.

Mr. William Elliott, of Huntingdon, spent a few days with his parents, Mr. and Mrs. B. R. Elliott.

Miss Barbara Beane has returned to her home from East Northfield, Mass., where she has been attending school.

Miss Beatrice Cass accompanied Mr. Harold Cass, of Ayer's Cliff, to Montreal one day recently.

Mr. and Mrs. I. B. Corey were visitors in Montreal recently.

The members of the United Church Choir were very pleasantly entertained at the home of Mr. and Mrs. I. B. Corey, the occasion being a farewell get-together in honor of Rev. and Mrs. I. W. Tyson. Twenty-two members were present and the evening was spent in music and social intercourse. A gift was presented to the guests of honor with all good wishes for happiness in their new home. Delicious refreshments were served by the hostess. Among the guests present was Mrs. Ruby Berry, of Ayer's Cliff, who for a number of years was organist and choir director.

Mrs. Laurie Cooper is quite ill at her home here.

Mr. and Mrs. Wayne Campbell and children, Donald and Betty, have gone to Nova Scotia, where they are guests for two weeks of Mrs. Campbell's parents, who on June 30 are celebrating their fiftieth wedding anniversary.

Mr. Hamilton Tinker, of Montreal, spent a few days with his parents, Mr. and Mrs. Will Tinker.

BURY

The monthly meeting of St. Paul's Guild was held at the rectory with an average attendance of members.

Prayers were said by Rev. Mr. Rowe. The President, Mrs. Rowe, took charge of the meeting and Mrs. T. C. Brown read the minutes of the last session which were adopted.

A pair of blankets were donated by the Guild for the refugees and plans were made to hold a strawberry social the first week in July.

The treasurer reported paying several bills in connection with recent repairs. At the close of the meeting lunch was served by the hostess, Mrs. Rowe. Next meeting will be held at the home of Miss Trombley.

EAST HEREFORD

Hereford School No. 1 closed on June 14 when a picnic was enjoyed by the pupils and several visitors. The following are the percentages obtained in the different grades:

Grade V: Phyllis Bryan 87, Rona Cunningham 75; Grade III: Olive Bryan 85, Irene Bolton 80, Stewart Fox 77; Grade I: Desmond Cunningham 93, Rodney Haynes 91.

Messrs. Ray, Bryan and Tim Aldrich spent a week at their camp here.

Mrs. R. E. Ellingwood has returned home after spending three weeks with friends in Barnston.

Mr. and Mrs. Masters, of Sawyerville, spent a day with Mr. and Mrs. Henry Brown.

Mr. and Mrs. Leonard Gray and daughter, Verda, and Mr. E. C. Gray spent a day in Sawyerville with Mr. and Mrs. George Speck.

Mrs. Lillian Howe and Mr. Arnold Cunningham have returned home after spending two weeks at Mr. Claude Cunningham's place in Dixville.

A large crowd attended a birthday dance for Mr. Bill Owen in Hereford Hall.

Mr. R. A. Owen attended the Synod meeting in Quebec as a delegate for Hereford.

Mrs. Straw and Miss Jennie Owen spent a few days with Mrs. George Wright in Dixville.

FITCH BAY

Mr. and Mrs. Frank Bennett and children were guests of their grandparents, Mr. and Mrs. N. H. Baird.

Mrs. Jane Tryan was a week-end guest of Mr. and Mrs. J. H. Simcock at Apple Grove.

At an afternoon service at St. Matthias Church the son and daughter of Mr. and Mrs. J. H. Simcock were baptized, receiving the names of Mitchell Ronald and Audrey Olive, as was the daughter of Mr. and Mrs. Alex Hamilton, who received the name of Laura May. The ceremony was performed by Rev. B. Watson.

Mr. Gordon Watson has returned from Bishop's University where he has completed his First Year Arts course.

Miss Margaret Rider, R.N., has returned from Stanstead, where she spent two weeks.

Mrs. Mary Comeau, of Magog, was a guest of her parents, Mr. and Mrs. N. H. Baird.

GOULD STATION

The Women's Institute met at the home of Mrs. E. Coates with Mrs. P. Jackson as joint hostesses and the usual business routine was followed.

The roll call was answered by "An Early Recollection," after which Mr. Laramore, of Cookshire, an official of the health unit, gave a most interesting and instructive talk on "Child Welfare." Lunch was served by the hostesses.

Guests at the home of Mr. and Mrs. K. MacLean included Mrs. E. Mills, Mr. and Mrs. Walter Latty and children, Wilma, Wilber and Bobby, and Mr. Percy Mills, of Megantic.

Mr. Leland Clark sold his car to a friend who is taking a motor trip through Western Canada.

Mrs. Smith, of Vermont, and the Misses M. MacLeod and Jean Applegate, of New York, are spending a holiday at the home of Mrs. A. J. MacLeod.

Miss R. O. Churchill spent a week-end as a guest of her son, Mr. Percy Coates and family.

Mr. and Mrs. A. Lemond spent a week-end in Megantic. They were accompanied home by Miss Lillian MacLean, who spent a week as a guest of friends there.

Recent visitors at the home of Mrs. W. O. MacLeod included Mr. Leslie MacLeod and Miss Theresa Jackson, of North Stratford, N.H., Mr. John MacLeod, of Foster, and Messrs. Eric Olson and Henry Dougherty, of Bury.

Mr. Leland Clark spent an evening in Megantic.

Mr. Clarence Thompson was a week-end guest of friends in Sherbrooke.

KINGSEY FALLS

Miss J. E. Grossett and Mrs. D. C. Hastings were in Danville, where they attended the funeral of Mrs. F. B. Chadsey.

Mr. and Mrs. E. A. Rockett and daughter, Kathleen, have returned to their home in Dalhousie, N.B., after being absent for the illness and death of Mrs. Rockett's father, Mr. James A. Rose.

Mr. and Mrs. Godfrey Blundon have returned to their home at Shawinigan Falls after spending two weeks with Mrs. James Blundon.

About thirty members of La Certe de Premiere motored by bus to Montreal and St. Helen's Island where a picnic was much enjoyed.

Mr. and Mrs. W. W. Rose accompanied Mrs. A. H. Vance to her home in North Hatley en route to Dalhousie, N.B., where Mr. and Mrs. Rose are making their home.

Dr. H. V. Driver, of Montreal, spent a week-end with relatives in this vicinity.

Mr. Eric Turfiff, of Verdun, was a tea guest of Mr. and Mrs. J. W. Smith.

Mrs. Peter Young, of Asbestos, visited her parents, Mr. and Mrs. J. Smith for a few days.

MARSBORO

Miss Florence MacLever has returned home from Lennoxville after spending some time with Mrs. L. Allan.

Mr. and Mrs. Ben Stewart, of Coaticook, have been visiting relatives.

Miss Marion MacLever, of Springfield, Mass., will spend the summer months with her parents, Mr. and Mrs. Dannie MacLever.

Mr. and Mrs. Rupert Gilbert, of Bishopton, and Mr. and Mrs. Cecil Coates and two children, of Bury,

ter of Mr. and Mrs. Ronald Muir, of Magog, were baptized, receiving the names of Mitchell Ronald and Audrey Olive, as was the daughter of Mr. and Mrs. Alex Hamilton, who received the name of Laura May. The ceremony was performed by Rev. B. Watson.

Mr. Gordon Watson has returned from Bishop's University where he has completed his First Year Arts course.

Miss Margaret Rider, R.N., has returned from Stanstead, where she spent two weeks.

Mrs. Mary Comeau, of Magog, was a guest of her parents, Mr. and Mrs. N. H. Baird.

MARLINGTON

EXAM RESULTS

The Marlinton School closed on Wednesday, June 19, 1940, for the summer holidays, after examinations had been held in Grades III to VI.

Following are the results, successful pupils arranged in order of merit:

Grade VI: Jeanne Soutiere and Francis Smith.

Grade V: Dorothy Jones, Wayne Wood, Arnold Wood.

Grade IV: Shirley Bullock, Marion Wood, Louis Woods.

Grade III: Anita Soutiere, Grade II Jr.: Mackenzie Ross, Grade I Jr.: Ruby Woods, Donald Young.

The teacher, Miss Janice Bennett, has returned to her home in Brookbury.

MILBY

Miss Mary Tambs and Mrs. Maude Dewar were recent dinner guests of Mr. and Mrs. Spafford at their home in Compton.

Mrs. M. Glass and Mr. and Mrs. Fred Glass and daughter, Miss Bernice Glass, of Lennoxville, with Mr. Charlie Glass were Sunday guests at the home of Mrs. E. Lennon.

A meeting of the Cemetery Association of St. Barnabas Church was held recently.

Mrs. Harold Raymond, who has been very ill, is greatly improved in health.

Mrs. Annie Colby, Mrs. Gordon Coleman and son, Ehan, and Miss Arlene Warren have been guests at the home of Miss Tambs.

MOE'S RIVER

The village school concluded its activities for the year with a picnic dinner and races. Reports were given by the teacher, Miss A. Gemmell. The following report is given of the successful pupils in their respective grades:

Grade VII: Margaret Hughes, Geraldine Luce; Grade VI: Bertha Hughes; Grade IV: Elsie Gemmell, Leona Hughes, Margaret Luce; Grade III: Beverly Young; Grade II: Charlie Stevens; Kindergarten, Mabel Stevens.

WINDSOR MILLS

Rev. A. J. Oakley attended the Diocesan Synod meeting in Quebec.

Miss Oakley, of Thetford Mines, visited her parents, Rev. A. J. and Mrs. Oakley.

Mr. and Mrs. Laird Thomas were in Montreal for a week-end visiting Mr. and Mrs. Thomas, Sr.

Mr. and Mrs. John Bagnall and family were visiting in Drummondville.

Junior Force and Angus McIntyre cycled to Richmond on a visit to their grandparents, Mr. and Mrs. Angus MacIntyre.

Miss Florence Provencher is spending a few days in Montreal as the guest of her brother-in-law and sister, Dr. and Mrs. Pesant.

Mrs. Charles Sundborg entertained two tables of "500" in aid of the I.O.O.F. bomber fund. A most enjoyable time was spent and a gratifying sum of money raised.

The annual church parade of the I.O.O.F. was held at St. George's Church. There was a large attendance of Oddfellows and Rebekahs including visitors from Richmond.

With a record of 50 years as a most satisfactory treatment for piles or hemorrhoids, you can positively depend on Dr. Chase's Ointment

wish him a successful outcome.

Mrs. J. J. Emerson is recovering rapidly from her recent operation.

Mr. and Mrs. Henry Smith, of Concord, N.H., are guests at E. J. Smith's home.

Mr. Edward Hayes has rented the tenement in the Mandigo house recently vacated by the Wilson family.

Mr. Gariepy and family spent Sunday in Burlington, Vt., with Mr. Francis Gariepy and his family.

Mr. and Mrs. Russell Binning, of Montreal, are spending some time at their country home here.

GOULD

Strawberry supper, dance, Bishopston, June 29, for war work. Supper served from 6 to 8 p.m. D.S.T.

COOKSHIRE

Miss Velma Campbell, a bride of the month, was the guest of honor at a lovely party given by her friends at Mrs. E. A. Seale's home.

About the attractive rooms a profusion of lovely garden flowers and peonies carried out the pink and white color schemes. The bride-elect was presented with a large basket containing daintily wrapped parcels from the guests assembled in her honor. Refreshments were served with several young ladies assisting.

Mr. and Mrs. J. C. Blackwood and Miss Janet Blackwood, of Knowlton, Mr. and Mrs. E. L. Booth and Mrs. Goodyear, of Montreal, were recent guests at the home of Mr. and Mrs. E. A. Seale.

BROOKBURY

Dance, Hall, Friday, 28th. Entire proceeds aid of Overseas Soldiers. Music by Swingsters.

GLEN LLOYD

Mrs. W. G. White has returned home after spending a few days visiting Mr. and Mrs. W. J. Turner and other friends in Inverness Village.

Mr. and Mrs. E. Lowry were evening guests of Mr. and Mrs. F. George.

Mr. Douglas Longmore, of Montreal, was a guest at the home of Mr. Andrew Smith.

Mr. John Smith spent a few days visiting friends in Danville.

Mr. and Mrs. F. George were guests of Mr. and Mrs. J. Mathers, Craig's Road.

Mr. and Mrs. W. Downes were guests of Mr. and Mrs. Harry Cummings.

Miss Agnes Grey has returned home after spending a few days with friends at Lemesurier and Kinneir's Mills. She was accompanied by Miss Joyce Guy, who is spending some time with her grandparents, Mr. and Mrs. A. Guy.

Mr. and Mrs. Stanley White and family, Mrs. W. G. White and Mr. and Mrs. Joseph White spent an evening as guests of Mr. and Mrs. Roland White.

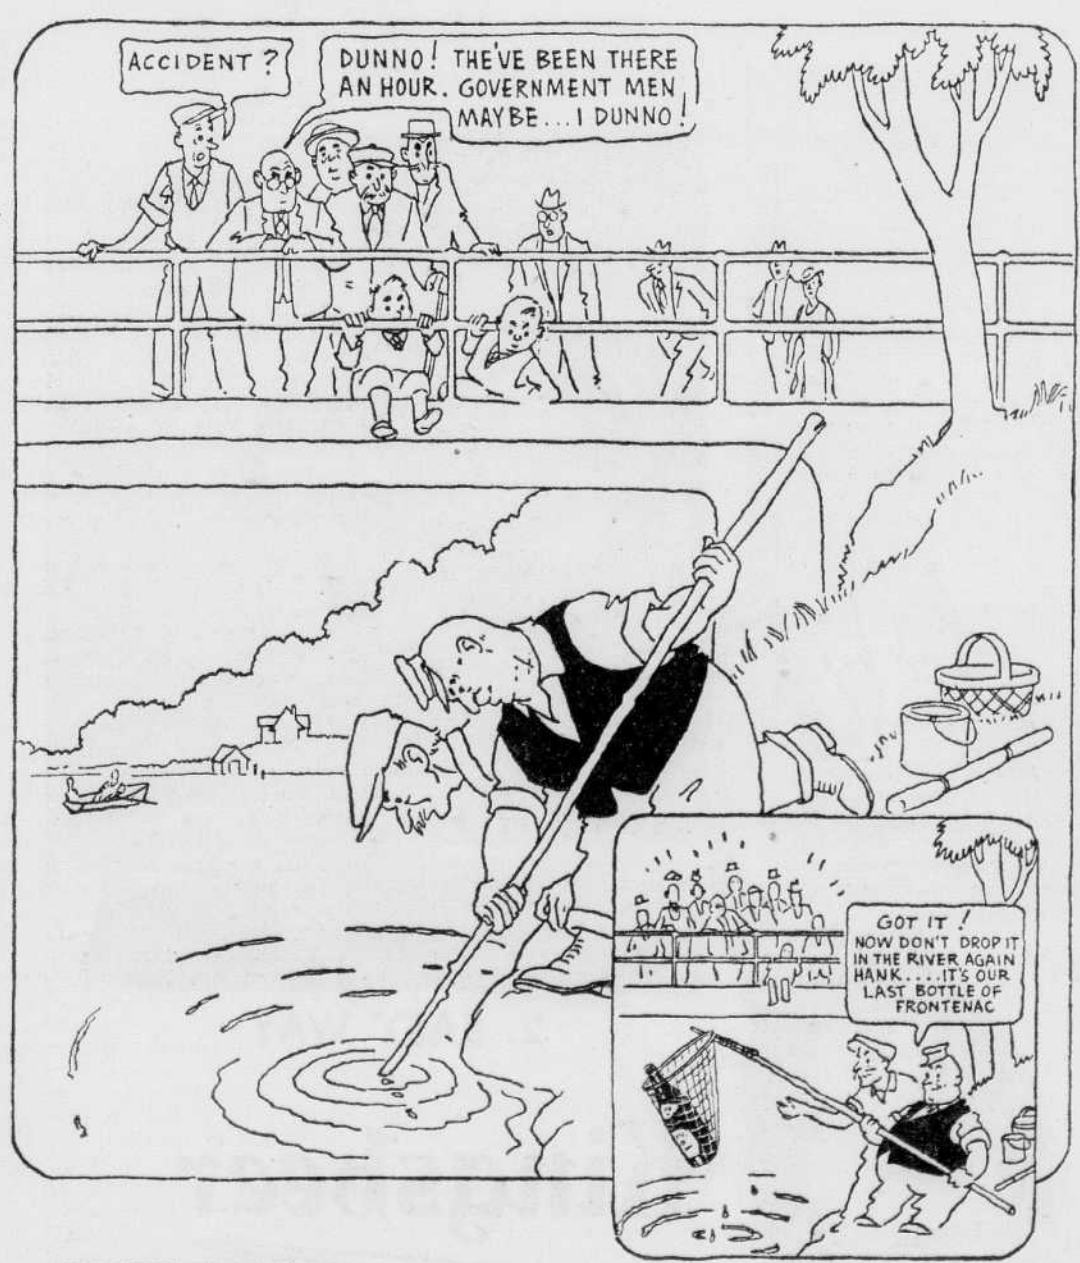

Mr. Clayton McKee, who was in the employ of Mr. Roland White, has entered the Jeffrey Hale Hospital for an operation. All wish him a speedy recovery to health.

Miss Alma White spent two weeks at her parents' home.

Mr. and Mrs. Fred George were guests of Mr. and Mrs. Roland White.

NEW SYNDICATE OPERATING BASEBALL NINE

Trifluvians Rally To Turn Back Sherbrooke Squad 6-5

Three Runs in Last of Seventh Give Three Rivers Victory Over Eastern Townships Outfit—Effective Relief Pitching and Timely Hitting Combine for Gruffy's Eighth Straight Win, 5-4 Over Quebec.

Granby Red Sox looked back on a winning streak of eight games today. They trimmed Quebec Athletics 5-4 last night while Three Rivers edged out Sherbrooke 6-5 in another Provincial Baseball League game.

Cold weather kept many fans away from the game at Three Rivers while rain forced postponement of Drummondville's match at St. Hyacinthe.

Three Rivers fought an uphill battle to win their match with Sherbrooke. The Eastern Townships squad was leading 3-1 at the end of the third inning but the Riverside team tied the score with two runs in the fourth.

Sherbrooke went ahead with two runs in the seventh but Three Rivers came back in their half with three runs.

The Red Sox won their victory by combining timely hitting with effective relief pitching of Joe Gaffney and Roy Moore. Both teams collected eight hits each on opposing pitchers but the Red Sox bunched theirs in late innings for all their runs.

RED WINGS SET EVEN PACE IN INTERNATIONAL

Dividing Pair of Shutouts with Newark Bears, Most Dangerous Challengers, Rochester Holds Four-Game Edge.

There's a strong suspicion going the rounds in International League circles that Rochester Red Wings not only have first place in the circuit but have a whole of a ball club any way you look at it.

Since the start of the campaign, Red Wings have trailed under three managers and they may have a fourth within a few days. Still they're four games ahead of the field and haven't been pushed out of the league lead since the middle of May.

The Wings divided a pair of shutouts with the Newark Bears, currently their most dangerous challengers, last night. Bouten in a doubleheader Sunday, they won the opener 4-0 behind Hank Gornicki's three-hit pitching. Newark's Hank Borowy stopped them cold 1-0 in the afterpiece, however, when the first man up, George Kurwsky, hit a single and not another Red Wing could connect the rest of the way.

No gains or losses were registered as second-place Jersey City was rained out at Montreal.

Down in the lower half of the standings, Syracuse and Buffalo also split a twin bill while the cellar-dwelling Toronto Leafs smacked down Baltimore 13-3.

With three big league scouts watching him, Hal White, Buffalo rookie, whitewashed the Chiefs with two hits in the first game for a 4-0 triumph, his fourth straight. Homers by Kroner and Scarsella provided the runs. But Freddie Hutchinson couldn't match the performance and went down 4-2, giving 12 hits. Four of these, including a homer, were made by Gene Hasson.

INDIANS SHOVE YANKEES INTO LOWER BRACKET

Trosky Homers Twice to Pace Cleveland to 5-3 Victory—Browns Pass Yanks by Topping Athletics 12-10.

There is no time like midnight to unmask a miracle. Chicago Cubs did it last night, revealing even to the stout-hearted Flatbush fans that Brooklyn Dodgers are no wonder-workers and that it will take a long and bitter battle to bring the National League pennant to Ebbets Field.

Of their last nine decisions the Dodgers have dropped seven. The fact that it took 26 innings to decide a game in which Pittsburgh scored six runs in the first half of the eighth, 8-3, couldn't soak the Dodgers' disappointing slide.

The only other game in the National League saw Pittsburgh Pirates outlast the Phillies to win 9-7 and rise into fifth place. It was the kind of a game in which Pittsburgh scored six runs in the first half of an inning without the Phils changing pitchers and then the tail-enders coming back for four runs in their half of the same frame.

The day was a big but generally ineffectual interlude in the American League, where the Cleveland Indians stopped the New York Yankees again while Boston and Detroit were standing each other off in a doubleheader.

Hal Trosky hit his 16th and 17th homers of the year to lead the Indians to a 5-3 triumph over the world champions before rain halted the game at the end of five innings.

The big bats of the Tribe were enough to give "Lefty" Al Milnar his 11th victory of the season and steer the Yanks to fifth place—a not wholly unexpected occurrence.

The Red Sox routed Schoolboy Rowe for his first defeat in taking the first half of their doubleheader 11-7 despite three home runs by the Tiger sluggers. Lou Finney and Jim Tabor each made four hits. But in the second game Soxers with four hits and seven strikeouts to win 5-1.

The St. Louis Browns, eager to pass the Yanks, had quite a struggle before they managed it by downing the Philadelphia Athletics 12-10 in a night game. A one-man show by John Berardino made it possible. He hit a triple and two singles to bat in six runs.

In another night game the Washington Senators staged off a four-run rally in the ninth by the Chicago White Sox to win 7-6. The Senators outlast the Sox 15-9, but two of Chicago's blows were homers good for four tallies.

John Berardino made it possible. He hit a triple and two singles to bat in six runs.

REMEMBER WHEN?

Gene Samson, fresh from his British Open golf triumph, romped home first in the United States Open championship at Flushing, N.Y., eight years ago today. He fired a four-under-par final round of 66 for a 72-hole score of 286, three strokes better than T. Philip Perkins and Bobby Cruikshank, tied for second place.

BONNER MOVED UP FROM SOUTH ATLANTIC LOOP

Granby Shortstop Played Four Years at Jacksonville, Fla.—Noted for Fielding Ability and Team Spirit.

Paul Bonner never demolished any fences with his hitting during four years of play with Jacksonville, Fla., of the South Atlantic League, but folks down that way still say he was as good a shortstop as the loop could boast.

The little chap who is holding down short for the Granby Red Sox was known as a great team man who never sukked about his failure to get a hit as long as he could do something to help his team win.

Babe Ganzel, veteran manager of the St. Paul Saints, who was pilot of Bonner's Jacksonville club in 1936, said Paul was one of the best team men he had ever seen in his long baseball career.

As for his fielding, there was never any question. He studied each and every batter in the league and knew just where to play for them.

Of course, it's not always possible to play the batter exactly right, but when Bonner made a mistake and did not happen to be just where the ball was hit, he made it his business to get there if it was humanly possible. He didn't wait for line drives to get in front of him, as some infielders do. He hustled out and got in front of them.

His ability to make great throws from all imaginable positions is another of his defensive assets. It doesn't seem reasonable for a little man to have such a whip, but he usually gets the ball there in time to flag the runner.

Manager, "Lefty" Larsen of the Sox, a resident of Florida, played with Bonner several years and knew he was landing a fielding gem and a great hustler when he got Paul from Jacksonville.

Bonner had a trial with the Philadelphia A's and Birmingham 'n 1934, but played his first pro ball at Knoxville, Tenn., in 1935. He was a civilian clerk living on the army post at Fort Brannan, Fla., and it was while playing with the army post team there that he first bloomed into prospect as a real ball player. He attended Mercer University for one year.

TONY GALENTO HAS GRUDGE ON AGAINST BAER

Keg-Shaped Gent from Jersey Builds Up Rage in Preparation for Tiff with Slapsie Maxie Next Tuesday.

Summit, N.J., June 26.—(AP)—Tony Galento, at 240 pounds, is a mere shadow of his former self. And every inch of his 42-inch circumference bristles with a grudge. The grudge is against "Madcap" Maxie Baer.

Tony tangles with Maxie in the Jersey City ball park next Tuesday for 15 rounds or less in a brawl for the championship of the Screwballs and Presidency of the Whackos. It seems the keg-shaped gent from Jersey hasn't felt the same about Maxie ever since he, himself, took all of Joe Louis' Sunday stuff last June and then recalled that Baer had been accused of "quitting" to the Brown Bomber back there five years ago.

"Imagine any bum quitting to Louis," he shouted. "And imagine dat bum out of all of dem doin' it."

So Tony collected himself a homemade grudge because of it. Now, some cynics may say this is only part of the build-up for the fight, but no one, to date, has ever accused the roly-poly one of being that subtle.

He took the Baer bout against the best judgment of his advisors, Joe Jacobs, before he died, advised against it. Since Joe and his big cigar left, Herman Taylor and Harry Mandel, carrying on for him, argued the same thing. They pointed out the match could mean nothing to Tony.

They showed him that by his stand against Louis last year he was a cinch to get the title shot anyway. "I gotta belt dat bum out," said the man with a purpose. "And," he added today, "I'll do it in three rounds, too."

So Tony is getting into some kind of shape for Tuesday's fight. Don't be alarmed, now—he's still on a beer diet. He's inhaling more, if anything, of the brew, his handlers tell you. But, despite this intake, he has shed 30 pounds since he started training.

What's more, he has actually taken an inch from around his middle, which is a major operation.

In the playing card manufacturing industry, plates of pure nickel are used in the printing to insure a smooth, slick finish.

Klivak Named Manager After Resignation Of Gautreau Is Accepted

Oscar Henaire, Elie Blais, Adelard Dumas and Eddie Blouin Rent Franchise and Stadium from Sherbrooke Baseball Club, with Option for 1941 Season—New Management Releases Red Joubert and Lou Sakas as Economy Measure.

A new syndicate is in charge of the local franchise in the Provincial Baseball League and a new manager is at the head of the team.

Lighting developments saw the Sherbrooke Baseball Club rent the franchise and the baseball stadium and turn over the control of the players to Oscar Henaire, Adelard Dumas, Elie Blais and Eddie Blouin. Walter "Doc" Gautreau handed in his resignation, and has been replaced as Manager by George Klivak, the tall pitcher who was sent to Sherbrooke by Philadelphia Athletics of the American Baseball League.

The new management announced today that Catcher Red Joubert and Pitcher Lou Sakas have been released. Artie Galen will do all the catching, and until Red Durand's sprained ankle comes around Don Pill, right-fielder, will continue to fill in at second base. The pitchers will take turns at right-field until the line-up returns to normal.

It is no secret that the Sherbrooke Baseball Club was riding through stormy waters. Operation of a ball team demands heavy expenditures in salaries and traveling expenses, and chances for an even break or a small clearance depend on gate receipts.

Since the start of the season, the ball team has not received a decent break from the Weather Man. It has been cold for every night game to date, and usually threatening weather has kept fans at home. Attendance reached a new low last week when only 235 people, including pass-holders, witnessed a game at the local stadium.

So there was plenty of grounds for the club to fold. The new controlling group stepped into the picture to keep baseball going here and are willing to gamble on a turn for the better. Mr. Henaire said this morning, "This weather can't last. When conditions improve next month the fans will rally behind the team."

Payments to the players are made twice a month, and the players are paid up to date. Dismissal of Joubert and Sakas was an economy measure, it was explained today. Expenses have got to be cut down as much as possible if the team is to continue to operate. Charlie Mistos, George Klivak, Walter Morris and Jack Kimble will handle the hurling duties from now on.

"Doc" Gautreau, who severed connections here yesterday afternoon, brought most of the players here, although a few were secured by the club itself prior to the start of the season. Under his leadership the team won fourteen games and lost the same number for a .500 average. He did not make the trip to Three Rivers last night.

Announcing his resignation, Gautreau told the Record he felt the condition of the league and the team was too insecure for comfort. He said he has another coaching position in the United States that he will go to immediately.

The new controlling group will operate the club throughout the season, and will have an option for the 1941 season.

MONTREAL LIVE STOCK MARKET

Montreal, June 26.—(C)—The daily market report of the livestock branch of the Dominion Department of Agriculture stated: There were fifty cattle, 15 sheep and lambs, 55 hogs and 155 calves for sale on the Montreal livestock market today.

All classes of livestock were firm. The cattle were mostly steers of fair to good quality and these were sold in mixed lots at \$8.25.

Good veals made \$8 to \$8.50 with a few tops at \$9. Medium veals were \$7 to \$7.50 and common light kinds down to \$6. Drinkers were \$6 to \$5.75, selling mostly between \$5 and \$5.50.

Lambs were sold on a flat basis at \$10 and sheep \$5.50.

Hogs were steady at \$8.75 for bacon or trucks. Selects drew \$1 per hog premium with the regular cuts on off grades. Sows were \$4.50 to \$5. Hogs sold on rail grade brought \$11.40 hot weight.

FOREIGN EXCHANGE

In Montreal yesterday the buying rate for United States dollars was 10 per cent premium and the selling rate 11 per cent premium. Sterling buying was 4.43 and selling 4.47.

The following were the nominal closing rates in New York:

Surprise United States Fleet Movement Viewed As Answer To Japan

Continued from Page One

The declaration would oppose the transfer of territories and any change in the present status, either through cession or by force. Japan, said Asahi, now is prepared to establish a guarantee of the autonomy of East Asia.

The present Government is not inclined to link Japan's course either with the Rome-Berlin axis, with Britain or with the United States. The cabinet simply is aiming to establish Japan definitely as the dominant factor in East Asia, consolidating her political and economic position, semi-official sources said.

Country and Dairy Products Prices

Montreal, June 26.—Produce prices were steady to easier. The butter market was weak, with declines of 1/4 to 1/2 occurring for 92 score stocks. The 38 score item was off 1/4, while November contracts remained unchanged. Egg prices were steady for the top grades, lower grades reflecting a slightly easier tone with the posting of fractional losses. All potatoes were in limited supply, demand being moderate for domestic stocks and good for imported items. Steady trading prevailed.

GRANBY BRIDE OF THE MONTH GIVEN SHOWER

The Misses Margaret Bradford and Juliette Girard Hostesses at Pleasant Social Event for Miss Marguerite Dickenson.

Granby, June 26. — The Misses Margaret Bradford and Juliette Girard gave a delightful tea and shower at the home of the former's parents, Mr. and Mrs. William Bradford, Mountain Street, in honor of Miss Marguerite Dickenson, a bride of the month.

Twenty-eight young ladies were present and a shower of Georgian crystal was presented to the bride-to-be.

The table, at which Mrs. Arthur Dickenson poured tea and Mrs. George Shutt cut the iced cake, was decorated with pink and white sweet peas and gypsophylla in a crystal bowl and pink and white candles. Cakes and confection completed a most charming and effective color scheme. The drawing room and house decorations were pink and white.

The hostesses were assisted in serving by the Misses Jean Bradford, Emma Girard and Mary Simpson.

General Notes

The organist and members of the United Church Choir met at the home of Mr. and Mrs. J. G. Fuller to honor one of their number, Miss Marguerite Dickenson, whose marriage takes place on June 29. During the evening the bride-to-be was presented with an occasional table, music and games were enjoyed and a delicious lunch served.

Mr. and Mrs. Ames Clements spent a week-end in Waterloo with Mr. and Mrs. Frank Graves.

Miss Pearl Borden, of Mount Royal, who was in town attending the funeral of Mrs. John Boyd, spent a week-end as the guest of Mr. and Mrs. R. P. Martin.

Mrs. A. A. Graham and Mrs. H. M. Duncan, of Montreal, were guests of Mr. and Mrs. James Duncan and other relatives.

Mrs. Robinson and Miss Edith Robinson, of Montreal, were recent guests of Mr. and Mrs. W. J. Galbraith.

Mr. and Mrs. Frank Harris, Mrs. Isabel Meacham and little nephew, of Barton, Vt., were recent guests of Mrs. Mattie McCullough and Miss Galbraith.

Miss E. Simpson was a recent week-end guest of Miss Margery Fisk at Abbotsford.

Mrs. W. F. Giddings spent a few days in Montreal with her daughter, Mrs. E. Longan, and Miss Miriam Longan.

Mrs. C. Armour has gone to spend the summer holidays with her mother at Ormstown.

Mr. and Mrs. H. Walton Blunt and little son, Peter, are spending a week at the home of Dr. and Mrs. H. W. Blunt.

Mr. F. W. Taylor, who has been a patient at the General Hospital, has returned home. Both Mr. and Mrs. Taylor are much improved in health.

MAPLE GROVE

Rev. M. H. W. Seeley, of Thetford Mines, conducted service at Holy Trinity Church in the absence of the Rector.

Messrs. Randolph Annesley, Hubert Bennett, Glanville Cruickshank and Omer Gardner spent a day with Natt and Irvine Amadon. Other callers at the same place were Mr. and Mrs. O. Simons, Mr. and Mrs. L. C. Pharo, of Thetford Mines.

Mrs. Hubert Bennett and three children spent a day with Mrs. O. R. Bennett.

Mr. and Mrs. H. S. Bennett, of New Hampshire, Mrs. Dan Bennett and Rev. M. H. W. and Mrs. Seeley and daughter, Pearl, of Thetford Mines, were guests at the tea hour of Mr. and Mrs. Jasper Dinning.

Mrs. Jessie Annesley is visiting her niece, Mrs. E. A. Johnson, of Clapham.

A number from here attended a concert held at Lower Ireland Hall for the Girl Guides.

Miss Gwen Nugent, of Thetford, spent a week-end at her home here. She was accompanied by her friend, Miss Frances Ward.

Rev. James Barnett was calling on Mr. John Bennett who is still confined to his bed. Friends will be sorry to learn that he is not gaining very quickly.

Mr. and Mrs. N. Porter, Messrs. Melvin Porter and Lawrence Bennett spent a recent evening with Mr. and Mrs. Norman Gill.

Messrs. N. Porter, O. Bennett, F. Gill and A. Hoot spent a recent evening at Mr. Hubert Bennett's home.

Mrs. Leonard Bennett and her daughter, spent a week-end with her sister, Mrs. W. Wallace, of Crawfordville.

Mr. Leonard Bennett spent a day with Mr. Albert Nugent. Friends will be glad to learn that he is much better and able to be out again.

Mr. and Mrs. L. C. Pharo, Miss Lila Pharo and Master Eric Pharo spent an evening with Mr. and Mrs. R. Annesley.

Rev. James Barnett was a guest of Mr. and Mrs. Falconer Gill.

Messrs. F. N. Gill, Natt Amadon and Hubert Bennett motored to Cookshire for a day.

Mrs. George McReynolds visited friends in East Angus and Sawyerville en route to Groveton, N.H., to spend a few weeks.

Mrs. Katie Annesley, of Montreal, and Mr. and Mrs. Ruel Annesley and two sons, of Keith, spent a week-end with their mother, Mrs. I. Annesley and brother and sister-in-law, Mr. and Mrs. R. Annesley.

At Holy Trinity Church Rev. James Barnett baptized the infant son of Mr. and Mrs. Randolph Annesley. The child received the names of Douglas Robert. Godparents were Mr. and Mrs. Ruel Annesley.

Beautiful flowers on the altar at Holy Trinity Church were in loving memory of Mr. Irvine Annesley and were placed there by his wife and family.

Mr. and Mrs. Bert Dinning motored to Gould to visit her parents, Mr. and Mrs. A. Morrison. They were accompanied by Mr. and Mrs. H. S. Bennett who intend spending a few days with her brother, Mr. Fred Wood, and Mrs. Wood, en route to their home in Lancaster, N.H.

Mrs. J. Gill, her son, Mr. George Gill and grandson, of Cookshire, spent a day with Mr. N. Gill.

Indians of Northwestern Saskatchewan have refused to accept their treaty money this year, as a means of helping the British Empire win the war. The noble Redman doesn't want a Great White Father who wears a tooth brush moustache.
