Canadian Deputy For Pooled Air Defences

OTTAWA — (P) — A pooled operational headquarters for North America's air defences will be set up soon with an American in command and a Canadian as his deputy.

Defence Minister Peakes announced Thursday that an integrated command is being set up at Colorado Springs, Colo., where "joint plans and procedures will be worked out in peacetime, ready for immediate use in case of emergency." A similar announcement was made in Washington.

Tonight Is Deadline

Murdochville Strikers Given An Ultimatum

MURDOCHVILLE, Que. — (P) — Striking employees of Gaspé Copper Mines have until tonight to decide whether they want to remain on company payrolls, company manager W. G. Brissenden said Thursday.

Mr. Brissenden said the strikers, who left their jobs March 11, have been sent letters offering them a "last chance" to return to their jobs.

"If they haven't reported to work by Friday night they will be taken off the payroll lists."

Roger Bedard, spokesman for the United Steelworkers of America (CLC), said the strikers "are not worried at all." He said the move is "just one of a series of threats the company has been making all along."

The letters were sent "in order to plan the hiring of new men," Mr. Brissenden said. "But under no circumstances will we lay off employees presently working to replace them with returning strikers."

He said 398 employees have been hired since the company resumed production on a restricted scale April 29.

PLAN BROADCASTS
Mr. Bedard said the union has scheduled for today a series of one-minute radio broadcasts on three area stations, to be heard every hour from 6:30 a.m. to 7:30 p.m. In the broadcasts, he said, the union is making these points:

1. "Of the 940 men who went on strike March 11, 850 are still on strike."

2. "Those presently working for the company are students, German and Hungarian immigrants and employees who had in the past been fired by the company as unsuitable workers."

3. "The company has not produced a single pound of copper since the strike began."

Philly Subway Riders Injured

PHILADELPHIA — (P) — Scores of passengers were injured and shaken up today when a blast rocked a Broad Street subway train at the Erie Avenue station in north Philadelphia.

Police said the blast apparently was in the electrified third rail in the city's main underground tube.

World News In Brief

WASHINGTON — (P) — Surgeon-General Leroy E. Burney said Thursday "there is a very definite probability" the U.S. will have a large outbreak of Asian influenza this fall or winter. He explained that "there has undoubtedly been widespread seeding of virus throughout the country."

VANCOUVER — (CP) — Two firemen were injured and an entire block in Vancouver's east end was threatened early Thursday when fire raged through three business premises and a house. Damage estimated as high as \$200,000 was incurred.

LONDON — (P) — Britain announced Thursday that she has recognized the new republican status of Tunisia. France did so Wednesday.

ALGIERS — (P) — Algerian nationalists set off a bomb across the street from the Algiers police headquarters at noon Thursday. A policeman and a soldier were hurt. The bomb apparently was placed in the tool compartment of a motor scooter parked across from the building.

LONDON — (Reuters) — Scottish members of Parliament pleaded with Prime Minister Macmillan Thursday to cancel a proposed merger of two famous Scottish regiments. The kilt-wearing Highland Light Infantry and the trows (royal trousers) — wearing Royal Scots Fusiliers are to be merged under the government's new defence plans.

DULLES PRESENTS PLAN PERSONALLY TO REDS

Rallies Allied Support For Air Inspection; NATO May Be Asked

LONDON — (Reuters) — State Secretary Dulles today took over leadership of the United States delegation at the disarmament talks here to present the West's latest proposals to Russia.

An Allied spokesman said Dulles would submit personally to the five-nation subcommittee proposals covering aerial and ground inspection to guard against surprise attack.

He has been here since Monday rallying support of the other three Western members of the subcommittee behind American plans.

Formal meetings of the subcommittee have been postponed all this week while the U. S. Secretary of State worked with the delegations of Canada, Britain and France to hammer out an agreed approach on the subject of inspection.

There have been frank admissions that the Westerners did not see eye to eye on all phases of disarmament, although an American spokesman said Wednesday they were agreed on a proposal for some form of aerial inspection over Europe.

MAY BE DELAYED
There was no comment from American officials today on a statement by French Foreign Minister Christian Pineau Thursday night saying the proposals would not be submitted at today's session.

Because European nations outside the subcommittee are involved, it has been known that the American project would have to be considered by the council of the North Atlantic Treaty Organization. The 15-nation council met today in Paris.

Petrov Search Today

MONTREAL — (P) — A young printer today will try to lead provincial police to a spot on the shore of a lake where clues to a linked murder and robbery may lie concealed.

Police have declined to name the 22-year-old Montreal man who claims he found a man's clothing floating two weeks ago near the shore of Lake Archambault, 90 miles north of here.

The lake is near Lake Ouaireau where two girls July 20 found a human leg believed to have belonged to Larry Petrov, 36, who disappeared July 2 while awaiting trial on a narcotics charge and has been linked by police with a January bank robbery.

Detectives said Thursday there may be a connection between the leg and the clothing — three bloodstained towels, two pullover sweaters, a pair of gum-soled shoes and one sock. A sock was on the leg discovered at Lake Ouaireau.

Living Costs Jump Again

OTTAWA — (CP) — Living costs in Canada hit record levels in June, the bureau of statistics reported today, with the consumer price index rising for the fourth consecutive month to 121.9.

The June rise of three-tenths of a point, mainly due to higher food costs, capped a 12-month increase of 2.9 per cent from July 1 of last year.

The index is based on 1949 prices equalling 100.

Near Beer Sparks Row In Ontario

TORONTO — (P) — A Liquor Control Board of Ontario statement that light beer is intoxicating has brought a prompt denial from the Great Retail Grocers Association.

The association introduced light beer into grocery stores across the province several weeks ago and since then sales have been rising.

W. H. Collings, chief commissioner of the board, said in a statement released Thursday light beer is intoxicating and should be government controlled.

John W. Kiernan, a spokesman for the grocers association, termed the control board statement "sheer intimidation."

"The Collings statement shows he is trying to frighten grocers by inferring that light beer is banned. . . ."

"We know . . . that Ontario grocers have complete legal right to sell light beer," Mr. Kiernan said.

Private Eye Calls In Cops

TOLEDO, Ohio (P) — With some embarrassment, a private detective agency called in the police force Wednesday. Someone stole its paychecks.

George de Hart, a detective from the Continental Secret Service Bureau, said he set a briefcase containing 40 paychecks beside his car while he unlocked the door.

He drove off without the case, and when he returned it was gone.

Fire Destroys Farm House — The remains of the farm house of James Woodbury, near Stanbridge Station, which burned yesterday afternoon in a fire of unknown origin, smolder in this picture. Woodbury's wife and two children were in the house when the fire started, but escaped. The young farmer had been in the district only since the spring. (Photo by Gerry Lemay)

Army Rules Cuba Street Demonstration Results In Crackdown

Like Father Like Son, Or, Ditto Dittos

HAVANA — (P) — President Fulgencio Batista's army held Cuba under strict military rule today following an anti-Batista demonstration in the pro-rebel city of Santiago de Cuba.

Comments on the demonstration and the situation in Cuba by Earl E. T. Smith, the new U.S. ambassador, brought a fusillade of criticism from political leaders loyal to the president.

Batista's cabinet suspended constitutional guarantees for 45 days and immediately directed the army to take control of Santiago, capital of Oriente province and a hotbed of anti-Batista sentiment.

A general strike had been called in the city to protest police action in dispersing Wednesday's demonstration. Most places of business were closed, although police forced some food stores to reopen. Port operations were halted and banks were shut down.

Except for members of the armed forces, Santiago's streets were almost deserted Thursday night. A café near the city that had remained open was hit by gunfire and hand grenades hurled from two automobiles.

IMPOSE CENSORSHIP
Censorship again was clamped on local and incoming foreign newspapers and radio stations and on outgoing press dispatches. Specifically banned was publication or transmission of news implicating support for the rebels led by Fidel Castro.

No. 3 For Rosemary
SANTA MONICA, Calif. — (P) — Singer Rosemary Clooney gave birth prematurely Thursday to a four-pound boy, Gabriel Vincente. His condition was considered hopeful. Miss Clooney, who expected her third child in October, was in good condition. She is the wife of actor-director Jose Ferrer.

Jury Trial Wrangle

Amendment Kills Civil Rights Bill

WASHINGTON — (P) — The Eisenhower administration lost the battle against trial by jury in civil rights cases and Senator William Knowland said today the civil rights bill probably is dead for this session of Congress.

Knowland, Senate Republican leader from California, told reporters he had "no alibis" for the 51-42 vote by which the Senate adopted a jury trial amendment shortly after midnight.

"I just didn't have the votes," he said.

Adoption of the amendment, he said, probably means that any measure the Senate passes will be tied up in a Senate House of Representatives disagreement. The House had rejected any provision for jury trials.

HOW THEY VOTED

On the roll-call vote the party lineup was 39 Democrats and 12 Republicans for the amendment and nine Democrats and 33 Republicans against it.

Supporters of the amendment maintained that the bill otherwise would violate a constitutional guarantee of the right to trial by jury in criminal proceedings.

The bill, as it now stands, would authorize the U. S. attorney-general to obtain federal court injunctions against violations, or threatened violations, only of the right to vote.

The amendment adopted early today would provide that in criminal contempt cases arising from these injunctions, defendants

shall be entitled to trial by jury.

In civil contempt cases, designed to force compliance with court orders but not to punish for violations, there would not be a jury trial.

INCLUDES PROVISION

Written into the amendment was a provision to wipe out the requirement of present law that federal court jurors must be qualified under state laws.

This was designed to meet the argument of opponents that Negroes are discriminated against in the selection of juries in the south.

Vice-President Nixon said in a statement, "This was one of the saddest days in the history of the Senate because this was a vote against the right to vote."

Mr. and Mrs. William Brighten, Mr. and Mrs. Gordon Murphy and two children, Carol and Gail, of Toronto, have been spending their holidays with Mrs. E. J. Munroe and Mr. and Mrs. Edgar Stimson. They also visited other relatives in the vicinity.

Mr. and Mrs. Ernest Rowe, of Tamworth, N.H., were recent guests of Mr. and Mrs. Roy Harrison. Mr. and Mrs. Harrison attended the amateur hour and fireworks at Bury and the Band Festival at Black Lake where the Richmond Harmony Band was also in attendance.

Mr. and Mrs. D. D. Nixon, Mrs. C. N. Taber, Mrs. A. R. Bowden and son, Danny, attended the funeral of their brother and uncle, Mr. William Copping, of Waterloo.

Mr. and Mrs. William Byron, of Dixville, were overnight guests of Mrs. W. J. Longe. Other recent guests have been Mr. and Mrs. Floyd Sanbourn, of Tilton, N.H., and Mr. and Mrs. Fred Lamoine, of Granby.

Mr. and Mrs. Frank Cusick, of Bury, spent a few days with the former's sister, Mrs. Fred Henderson and Mr. Henderson.

Mr. and Mrs. Frank Blanchard accompanied their son, Mr. Eldred Blanchard and Mrs. Blanchard, of Toronto, to Geneva, N.Y., to spend a few days with Mr. and Mrs. Z. Smith before returning to Toronto.

ser was assisted in unwrapping her gifts, by Mrs. W. Lepitre. Miss Fraser then thanked everyone for their kindness and thoughtfulness.

At the close of the evening refreshments were served.

VACATION BIBLE SCHOOL
The Vacation Bible School, which has been held for the past two weeks in Trinity Hall recently held its closing exercises. This has been a very worthwhile effort and much praise is extended to Rev. and Mrs. E. Breen and their several helpers for this untiring work.

Over seventy names were on the roll and the average attendance was sixty-four.

Tables of hand-work were on display which showed the effort on the part of pupils and teachers.

The topic of the school was "Pioneering with Christ," the reciting of Bible verses and the singing of songs, this was brought out very clearly.

Certificates for attendance and several prizes were presented.

General Notes
Mrs. R. G. Hodge accompanied Mrs. C. H. Picard, of Eaton, to Knowlton, to a tressau tea in honor of Miss Faye Armstrong.

Mr. and Mrs. F. McCormick, of Montpelier, Vt., were recent guests of Mr. and Mrs. K. Fraser.

85-Year-Old Bowker Lake Man Killed

An 85-year-old man died beneath the wheels of a truck and two occupants in a hauling-van were injured, the driver seriously, in accidents in the past 24 hours.

Hermidas Bosse, of Bowker Lake, was killed about six o'clock this morning when he ran in front of a Shefford Dairy truck, driven by Gerard Laplante, 30, of Lawrenceville, about three miles from Bowker Lake on the road from Sherbrooke.

According to Provincial Police, Bosse's car was stalled on the Bowker Lake Road in the wrong zone when Laplante attempted to pass with his truck on the right side where there was more space. Bosse, police report, suffered from defective hearing which may have caused him to panic and accidentally run in front of the truck.

Laplante swerved his vehicle into the ditch but was unable to avoid hitting Bosse, they said.

Yesterday afternoon around 4 p.m. a Trois-Rivières truck-trailer van loaded with cement went out of control on a hill when the brakes failed about a mile from Danville on the Richmond road, ran over a ditch and stopped in a field.

George Pratte, of St. Maurice, suffering from severe shock, concussion, and multiple cuts, has not regained consciousness in the Hotel Dieu Hospital and his condition is reported as serious. The other occupant of the vehicle, Wilfred Brochu, 23, of Pointe du Lac, is also in Hotel Dieu with injuries to the eyes from cement that spilled from the truck during the crash.

Bon Voyage — Mrs. M. C. Shea, organist at St. Patrick's Church for the past 40 years, who with her daughter, Miss Mimi Shea, is leaving for Europe shortly was tendered a dinner at Hillcrest last evening by the choir members. Twin Complaints Laid Following Fatal Accident

Yves Tremblay, 25, of Tupper Lake N. Y., and Coaticook, must appear on August 9 on charges of dangerous driving and impaired driving.

These counts were brought against Tremblay following an accident which took the life of Raymond Trudel, 32, of Coaticook, on July 21.

A coroner's jury sitting July 26 returned a verdict of accidental death in Trudel's case.

Customs, Excise Receipts Show Modest Increase

Collections for the Sherbrooke office, customs and excise division of the Department of National Revenue, showed an increase of \$9,131.57 during July, 1957 over the corresponding month of 1956 according to a report released this morning by L. W. Greenland, collector in charge of the local port.

Revenues for the past month totalled \$309,815.99, compared with \$300,484.02 a year ago. The increased July collections cut the cumulative decrease for the first four months of the 1957-58 fiscal year as compared with 1956-57 to \$96,286.26, the receipts for the 1957 period being \$1,333,339.64 and for the same four months of 1956 they were \$1,229,625.90.

The increased July collections resulted from a jump in excise tax receipts — mostly the manufacturer's sales tax — from \$213,030.03 in July 1956 to \$226,892.27 last month. This more than offset a decline in customs import duties from \$87,325.16 to \$82,849.47.

Sundry revenues this year were \$73.85 and in 1956 were \$66.95. Excise duties, which produced \$61.88 in July 1956 were entirely lacking last month.

Sherbrooke district residents who blame the weather for spoiling their July holidays can find satisfaction in the official figures which show that their complaints are based on solid facts and not merely on poor memory.

For instance, figures issued by the Lennoxville Experimental Farm show that sunshine for the past month was substantially below normal, totalling 215.4 hours against a 43-year average of 243.9 hours and a July, 1956 total of 241.4 hours.

The brightest July was registered in 1955 when the sun appeared for 324.9 hours and the darkest in 1938 with 178.7 hours. Rainfall of 6.2 inches during the past month far exceeded the 43-year average of 4.11 inches and the July, 1956, rainfall of 4.33 inches. The record for precipitation was established in 1931 with 9.12 inches and July, 1952, was the driest month with only 1.36 inches of rain.

The highest rainfall for any one day during the month was 1.58 inches on the 14th, far below the single day record of 2.67 inches established on July 16, 1916.

Despite the lower sunshine and the heavier precipitation, the average temperature for the past month—65.56 degrees—was above the 1956 average of 63.93 degrees and only slightly below the 43-year mean of 66.78 degrees.

The highest temperature for the month—85 degrees on the 10th—was 4 degrees below the all-time high of 89 registered on July 8, 1921. The low mark of 40 recorded on the 3rd was far above the near-freezing 33 established on July 30, 1952.

Menzies Wants To Know Agenda

OTTAWA — Australian Prime Minister Menzies says he favors the idea of a Commonwealth trade conference but he wants to know what topics are proposed for discussion first.

He expressed this view Thursday at a press conference during his brief visit here. He arrived Thursday morning and was to leave today.

The Canadian government as yet had not informed other Commonwealth countries of the agenda it would propose at the conference.

Divert Traffic For Re-paving Montreal Street

Traffic along the lower part of Montreal St. is to be suspended for a short time while the city is replacing the old paving blocks, or cobbles, with asphalt surfacing. Director of Services Charles Langlois announced today.

Citizens utilizing the Larabee bus service in that particular area will notice the detour, but it is unlikely that it will cause a great deal of inconvenience.

However, those living on William, Winter or Cliff Sts., will find their homes accessible only via Court, Bank, High or Island Sts.

Work will last for about a week.

Impressive Induction At Richmond Anglican Church

RICHMOND — Following the traditional ritual laid down in the Book of Common Prayer, the Most Reverend Philip Carrington, Archbishop of Quebec, last night inducted Rev. Hugh L. Apps as rector of St. Anne's Anglican Church here.

During the service, Rev. J. R. Brown, rector of St. George's Church, Drummondville, read the licence in the absence of the archdeacon, and church warden, L. Somerville and J. H. Coles, presented the keys to the new rector.

In his sermon, His Grace spoke of his work as an Archbishop, and of the vacancies to be filled throughout the vast domain of the Diocese of Quebec, which has a northern frontier of 1000 miles. He said he was looking forward to great advances in St. Anne's.

Following the service, a reception was held in the church basement, when Mr. Coles, acted as master of ceremonies. He called on Mr. Somerville, to introduce the new minister to his congregation and give a brief history of his life.

Mr. Apps was born in Quebec City, but spent most of his early youth in East Angus and received his high school education there. He later attended Bishop's University, receiving his degree of B.A. (Th.) in 1943.

He had charge of churches in Leeds and Frampton, 1943-44; in the Quebec Labrador, 1944-45; and in Malbay, Gaspé, 1945-57, becoming rural dean of Gaspé during the latter years of his ministry there.

In 1945, he married Miss Anna Cheban of Montreal, who was principal of Malbay High School, and they have seven-year-old twins, Audrey and Dean.

Mr. Coles then asked the Archbishop to say a few words. His Grace spoke of the varied experience of Mr. Apps and of his special capabilities for the position he now holds.

Unscheduled Swim Proved Prolonged

A 12-year-old-boy who took an off-hour dip in the municipal swimming pool at Dufresne Park kept a crew of firemen and policemen busy for two hours last night when his foot caught in a water outlet.

Pierre Lajeunesse, of 526, Galt St. West, made his unscheduled swim in the pool around eight o'clock last night but his foot got caught when he attempted to leave.

Firemen from station No. 1, under the direction L. P. Lesard, arrived with a pump to empty the pool but were forced to obtain two more before they managed to draw 25,000 gallons from the 35,000 gallon pool.

This method proved successful after earlier attempts to saw the grill on the outlet failed.

The firemen, aided by police, removed part of the mechanism weighing some 15 pounds that was still attached to the boy's foot and transported the whole works to the St. Vincent de Paul Hospital.

Eventually the hospital officials managed to dislodge the boy's foot.

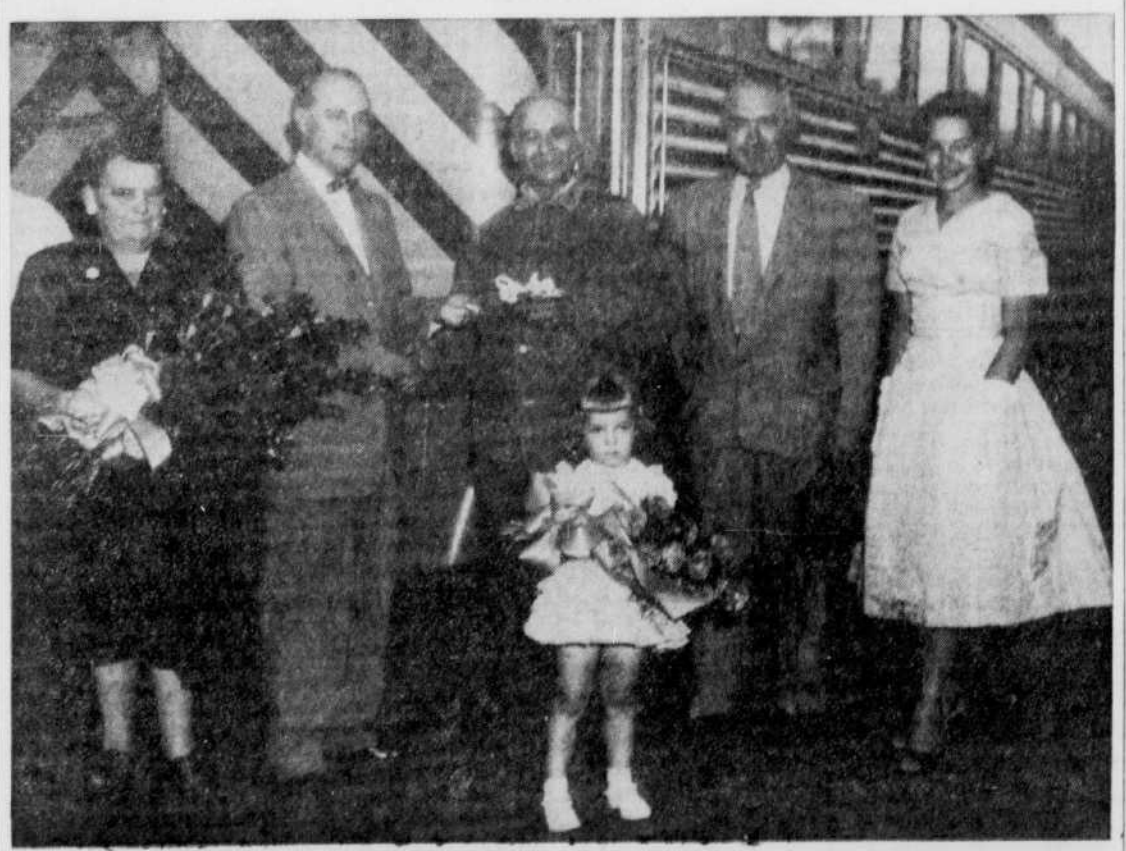

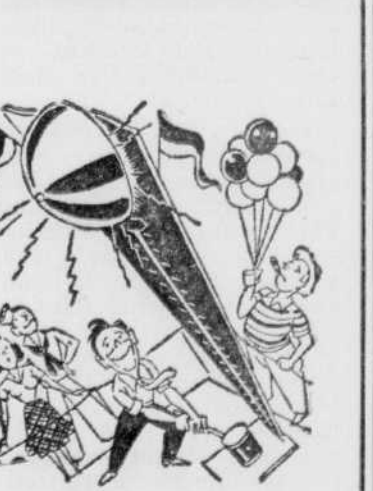

One of the hospital nurses commented this morning "When I saw them arrive, I thought they were bringing the whole pool."

Young Lajeunesse was returned to his home none the worse for wear.

Arvida Strikers Get Concessions

QUEBEC — The Aluminum Company of Canada said Thursday it has made important concessions in the hope of ending a strike which has kept its Arvida, Que., operation idle since May 17.

The announcement was made following adjournment of talks aimed at settling the dispute.

Last Stop — Engineer Honore Bouliane, third from left, was presented with a gift by Q.C.R. General Manager, J. U. Brazeau, at the C.P.R. station last night. His trip from Quebec City closes a 45-year career with the railway which started in 1912 as a sechionman at Newington. He transferred to the operating department as fireman on March 28, 1914, and was promoted to engineer in May, 1921, and has worked as such ever since. Pictured above, from left, are: Mrs. Bouliane; Mr. Brazeau; Mr. Bouliane; Jacinthe Bouliane, his granddaughter, front; R. J. Portelance, master mechanic, and his daughter, Mary, who presented Mrs. Bouliane with a bouquet of flowers. (Record photo by Gerry Lemay)

A Critical Election In Germany

In mid-September the West Germans will hold one of the most important European general elections of the postwar era.

At stake will be the political future of Chancellor Konrad Adenauer, long one of the West's stoutest friends.

Very likely in the balance, too, will be West Germany's continued major participation in NATO and its possible future cooperation in the common European market.

Defeat for Adenauer probably would elevate the Social Democratic party to power. The Social Democrats have been relatively cool to the idea of strong ties with the West, favoring instead a neutrality they believe may promote early unification of West and East Germany.

Realists feel that the Soviet Union would simply find new reasons for opposing unity if the Socialists won. In that event, the disillusioned winners might turn as strongly to the West as Adenauer has.

But Western diplomats prefer the certainty of Adenauer's allegiance to

the shaky prospect of a Social Democratic regime.

What they may well fear as much as a Socialist victory, however, is a narrow squeak for Adenauer which would put him at the head of a fragile coalition vulnerable to the first stiff opposition winds.

Word from Berlin is that the Kremlin is hoping for just such a result, since this outcome above all will make difficult the framing and executing of strong West German policy.

Unhappily, the opinion polls taken thus far indicate that a narrow verdict is in the cards. Both Adenauer's Christian Democrats and the Social Democrats are showing about the same strength, with roughly a fifth of the voters split among many smaller parties or listed as undecided.

A hair-breadth triumph for Adenauer would not necessarily be disastrous, for the old man's powerful personality conceivably could help him bull through programs in spite of all. But the strain on him would be great and he is already 81. His death while at the helm of so wobbly a government would open the way for grave trouble.

Good News For The Overweight?

California investigators have published findings on the subject of overweight which should hearten those who have been subject to a flood of warnings relating obesity to short life, heart disease, and general ill health.

A group of investigators in the California Department of Public Health found in a survey among 3,992 San Francisco longshoremen that although the longshoremen, as a group, were greatly overweight by life insurance standards, they had a strikingly lower incidence of coronary disease and other mortality than the general male population in comparable age groups.

The experts were astonished at their findings. They say that the study

"throws doubt on the widely accepted thesis that overweight universally raises the mortality from heart disease." It also may lead to modification of the widely-held theory that an overweight man must not exercise too much because of the supposed extra strain on his heart.

Many doctors will be quick to point out that longshoremen are hardly average physical specimens. Much of their excess weight is muscle, not fat, because they do so much heavy labor.

The fat man is usually a jolly fellow, however, and while the experts scratch their heads, they may rejoice in hearing some good news about their physical state for a change.

This And That

A Paris fashion report says skirts are going to be longer this year. A London report says they're going to be shorter. It was bad enough buying a new set of clothes every time the fashion designers changed their minds — now women will want two complete sets.

The British Board of Trade spent six years measuring women and came up with the astounding conclusion that the average female Britisher has almost the same measurements as the Venus de Milo. Of course, if they had arriv-

ed at any other conclusion, they wouldn't have dared to go home to their wives.

Federal authorities have outlawed an electronic duck call. That's what's known as putting the sport back in sportsmanship.

Kids are kids, says the mother of the two boys blamed for the derailment of a passenger train. The switch which was tampered with was supposed to be locked by railway workers for just that reason — kids are kids.

CANADA'S FIRST LADY
(Brandon Sun)
Because of John Diefenbaker's spectacular victory at the polls and his subsequent elevation to the Prime Ministership,

all eyes at the Commonwealth Prime Ministers' Conference in London were prepared to focus upon him. But when he arrived, accompanied by the attractive and charming Mrs. Diefenbaker, many eyes were diverted. Canada's new Prime Minister had an appropriate co-star in the person of Canada's new first lady, says the Toronto Telegram.

Jane Armstrong, the Telegram's resident correspondent in London, said in a recent dispatch that she could not recall any Prime Minister's wife at a Commonwealth conference making such an impact, except perhaps the Begum Ra Liaquat Ali Khan, who later became Pakistani ambassador in The Hague. However, Miss Armstrong pointed out, the Begum was attempting to make an impression — by fighting to get Asian women a new deal.

"Our Mrs. Diefenbaker doesn't seem to have any hobby horse," Miss Armstrong wrote, "and I think it is sheer force of personality that attracts attention to her. All sorts of people have gone out of their way to meet her. She had almost all London looking at her."

Any man can consider himself truly blessed if he has a genuinely cheerful and intelligent wife. Mrs. Diefenbaker was at her husband's side almost constantly during the arduous election campaign, inspiring him and sustaining him during his exhausting travels. She impressed thousands of Canadians then who, because of her genuine fondness for

people, were able to meet her and chat with her. Long may she reign!

Red Double Talk

Satellites Thrown Into Confusion

By WILLIAM L. RYAN

NEW YORK (AP) — Torrents of double talk from Russia's current rulers have thrown Moscow's satellite empire into high confusion.

A picture emerges of Nikita Khrushchev intent on reasserting total Soviet domination over Europe's Communist countries while he tries to avoid the label of latter-day Stalin.

Once again the echoes of the Kremlin reverberate through the empire. Communist rulers, playing safe, ape the masters' lead. Romania, Bulgaria and Albania dutifully purge their own "anti-party" groups.

East Germany, Czechoslovakia, Hungary, all hail the Moscow purge as another infallible revelation from on high.

For maverick Communists in Poland, discouragement sets in. They have seen in the Kremlin purge of V. M. Molotov, Georgi Malenkov and others a prospect of relaxed Moscow pressure.

Hope began to fade as Khrushchev launched into ambiguous descriptions of the shape of things to come. At one and the same time Khrushchev:

Condemned and condemned Titoism.
Blessed an independent course, and warned that there could be no independence from Moscow.

Laid down a policy of more bread and meat — and declared that there would be no retreat from the policy which prevented abundance for consumers.

Thus, a year of shock for the satellites is climaxed by a spectacle of Soviet leadership trying to go in all directions at once. Khrushchev began to apply cement to the cracks in the empire by visiting Czechoslovakia, whose regime has the least difficulties. Apparently the most docile of the satellites, Czechoslovakia offered the best platform from which Khrushchev could speak of Communist success without looking too ridiculous.

But the rest of the empire was a sorry picture.

Khrushchev's attitude to Yugoslavia, a key to the whole satellite puzzle, points up the raging confusion. Only recently Tito was being accused of the Russians of "revisionism" — a turning away from the path illuminated by Moscow. Tito publicly showed his annoyance.

When the Kremlin purge was announced July 3, to the obvious surprise of the Yugoslavs, Belgrade hailed it as a sign of a resolute stand against the "political practices of the Stalin era" which caused the 1948 break.

But Khrushchev then said that while there were "various roads to socialism" there is only one socialism — the Soviet kind. He sneered at Yugoslavia's acceptance of aid from capitalist countries. He frowned on developments like Yugoslavia's worker councils which have some voice in industrial management. He condemned "liberalism and gradualism," which might be applied to Yugoslav peasant policies. Yugoslav peasants detest collectivization.

people, were able to meet her and chat with her. Long may she reign!

All this must have been a shock for Poland's Communists under Wladyslaw Gomulka. Attempting to find their own way, they had copied some of Tito's ideas.

Khrushchev's pronouncements seemed likely to induce a sort of paralysis in the satellites while leaders waited to see which way the ball might bounce. The satellites, meanwhile, presented a melancholy picture judged from these examples:

Poland — Gomulka recently admitted that the shocks to the Communist world, beginning with Poznan's "bread and freedom" riots a year ago and continuing beyond the Hungarian uprising, had seriously weakened Poland's Communist structure, brought ideological chaos and created mutually opposed groups.

Hungary — The wave of arrests following the revolution continues, along with a harsh drive against "economic crimes." Almost any offence now can bring the death penalty.

Hungary's puppet rulers saw in the Soviet changes a sign that they could not relax the "struggle against revisionism."

East Germany — The Soviet shakeup was a political shock. Stalinists who rule East Germany jumped for the Khrushchev band wagon, but a purge seems unlikely for a while.

Czechoslovakia — Best off

economically of the satellites, and most orthodox from Moscow's viewpoint, the Czechs, too, have many troubles. For example, they admit heavy harvest losses last year. But Czechoslovakia is an important industrial supplier of the Communist orbit, and equally important in Soviet foreign policy.

Romania — The Communist regime staged its own copy of the Soviet purge and in faithful compliance, held the same farcical series of public "denunciation" meetings against those purged. The country seems apathetic.

Bulgaria — Most Sovietized of the satellites, Bulgaria probably is the shabbiest, too. Its regime admits to many tens of thousands of unemployed.

Bulgaria's purge, two weeks after Moscow's, was an exact duplicate of the Kremlin's, in wording, style and even in the subsequent "denunciation campaign" of those purged.

Albania — Most isolated satellite, Albania is in constant ferment. A split in the regime is obvious.

BACHELORS GAY THEY STAY

(Toronto Telegram)
Canada, at the last count, had 422,593 more bachelors than spinsters, a snippet of news which will either cheer you or shatter you, depending on whether you are an unmarried young woman or an unmarried young man.

For the girls, lack of balance widens the field and they should whistle for joy, unless it also means that men are caring less about marriage: for young men, it increases competition and, alas, girls will expect to be spoiled even further.

The 1956 figures of the Bureau of Statistics show that there were 1,691,761 single males (over the age of 15) in Canada and 1,269,168 single women; and that the margin between the two has been widening over the past five years.

Of the whole population, of all ages, 50.9 per cent. are single, but in the country areas the percentage is much higher — 57.

The rise in bachelorhood ranks could be caused either by the influx of young immigrants seeking economic security before wedding bells, or simply by a tendency to stay single longer. Or both.

But undoubtedly, there is a strong core of die-hard bachelors, the men who become realists and are not tempted by romance, the men who acquire the "habit" of being a bachelor and won't change.

Or they may believe that marriages really are made in Heaven and they're just waiting for "Miss Right."

But even these die-hards fall, e.g. this gentleman in Much Ado About Nothing:

When I said I would die a bachelor, I did not think that I should live until I were married.

BRAIN WORK SETS CONTRACT

East won the opening club lead with the king and looked dummy over very carefully.

The chance that he could find some way to defeat the four-spade contract did not appear too good. If his partner had opened a singleton club things would probably come out all right, but he did not think that South would have bid quite so strongly with three potential club losers. Hence South must have the singleton club and the defense already had its one and only club trick.

It West should hold the queen of diamonds, a lead in that suit might produce two tricks but one more trick would be necessary and that would have to be in trumps.

Now, if West could show up with a trump trick. East saw a

better defense that did not depend on the queen of diamonds. East led his singleton heart right into dummy's strong holding. This couldn't really cost him anything as West was never going to make a heart trick in any instance.

This play cooked declarer's goose. He played the ace and another spade in the vain hope that East would only hold two trumps, but West won the king and gave his partner a heart ruff.

Now East exited with a club and waited patiently for the diamond trick that set the contract.

Dairy Prexy Denies CFA Allegations

OTTAWA — President F. J. Reynolds of the National Dairy Council of Canada says allegations that dairy processors are holding butter stocks in anticipation of higher prices this winter "carry an entirely unreasonable implication."

"Suggestions to the effect that dairy processors will make large profits are unrealistic and inconsistent with the facts," he said Thursday in a statement.

Mr. Reynolds was commenting on a brief submitted to the cabinet Wednesday by the Canadian Federation of Agriculture. The brief said the current butter marketing situation "indicates that butter is being privately held in anticipation of a profitable rise in price during the coming winter months."

British sources said they expected Dulles to deal with both a ground and air inspection plan today. The area involved is believed to cover most of Europe and the Arctic.

The inspection proposals will form the last major feature of a series which the United States has been gradually submitting during the last two months of the four-month conference to obtain a first stage partial disarmament treaty.

FIRST OUTCOME

Completion of the inspection plan would be the first tangible known outcome of the almost nonstop series of meetings Dulles has had since his arrival here Monday.

Dulles decided to take over leadership of the U. S. delegation today despite a statement by an American spokesman Thursday

that it would be left in the hands of Harold Stassen, the official chief delegate.

The spokesman was commenting on British press reports that Stassen had been a "delaying factor" in the protracted negotiations. They said there was "no lack of confidence" in his leadership.

Observers here thought Dulles hoped his personal intervention would lend weight to the proposals and bring new life to the conference.

Senator Jose Gonzalez Puentes, leader of the president's National Progressive party in the senate, talked with Batista and later issued a statement saying: "Cuba rejects and repudiates everything that could be interference in the affairs of the Cuban government."

Communications Minister Ramon Vasconcelos wrote in his newspaper Alerta that Smith had acted "as though Cuba was a Yankee protectorate."

ceptor squadrons, it would have available the force's vast communications and logistics organization, plus the DEW Distant Early Warning and Mid-Canada radar lines and the Pinetree radar-control network.

The defence minister said the role of Canada's projected CF-105 supersonic jet fighter, on which more than \$200,000,000 already has been spent, is still to be determined. The CF-105 program will be up for review later this year.

NO ATOMIC WEAPONS

Mr. Pearkes added that there is no suggestion that under the new command Canadian fighters will be equipped immediately with atomic weapons.

The integrated air-defence headquarters will be responsible to the chiefs of staffs of both countries, and the procedures developed will require the approval of both governments before becoming the authorized pattern. Thereafter, however, sole responsibility for sending the air defenders into the skies to attack an invading force would rest with Gen. Partridge or, in his absence, Air Marshal Slemmon.

Births

HARRISON — At the Sherbrooke Hospital, on Tuesday, July 30, to Mr. and Mrs. Valmore Harrison (nee Elizabeth Henderson) of Beebe, Que., a daughter, Stillborn.

Cards Of Thanks

NEEDHAM — We wish to express our sincere thanks to all our kind friends and neighbours, who assisted us in any way at the time of the death and burial of our dear father and grandfather, Mr. Frank Needham. Especially do we wish to thank, Dr. E. H. Gray, the bearers, all those who sent flowers, cards, and messages of sympathy.

The many acts of kindness shown us at this time, will always be remembered.

The NEEDHAM FAMILY
Knowlton, Que.

In Memoriam

CATHCART — In loving memory of a dear husband, father, and grandfather, Ferguson Cathcart, who passed away Aug. 2, 1945.

You bade no one a last farewell. Nor even said goodbye. You had gone before we knew, And only God knows why.

Ever remembered by
HIS WIFE,
children, and grandchildren.

LANE — In loving memory of my dear sister, Myrtle Lane, who passed away on Aug. 2, four years ago. Gone but not forgotten.

MARTHA SMITH, sister.

Ice Cream Social — Dreamland Park in North Hatley was the site of an Ice Cream Social last Wednesday evening on behalf of the North Hatley High School Memorial Scholarship under the convener ship of Mr. Frank Woodward, president of the Home and School Association. Interesting Talk Given At Sutton W.I. Meeting

SUTTON — The Sutton Branch of the Women's Institute met at the home of Mrs. Dorothy Seaman with Mrs. Seaman and Mrs. J. W. Westover as co-hostesses.

The business of the meeting included the reading of the minutes and correspondence from Macdonald College. Bills were presented and ordered paid, and plans were made for the food sale.

Mrs. Westover, convener of home economics, gave a paper on "Dutch Town", and delighted the group with her description of the "Dutch Festival" which she and her daughter Carolyn attended in Pennsylvania. Mrs. Dorothy Seaman presented a splendid report of the convention held at Macdonald College, which she attended as delegate.

A cookie sale followed from which a fair sum was realized, and a surprise package was won by Mrs. B. Russell.

The meeting then closed with the singing of the "Ode", and lunch was served by the hostesses.

General Notes
Mr. Raymond Miller of Winchester, Ont., is at his home for a two weeks' holiday, and is also spending a few days in Toronto as the guest of his aunt.

Aunt Lizzie Mothers Homeless Children

RENFREW, Ont. — In a cheerful, temporary home for homeless children, Mrs. William Farrell has carved out her own mission fields.

Known as Aunt Lizzie, the woman who first wanted to become a missionary has for 25 years been matron of the Children's Aid Society receiving home in this town 60 miles west of Ottawa.

Hundreds of children under the society's care have stayed with Aunt Lizzie awaiting more permanent placement in foster-homes.

The motherly woman who runs the small, neat house on a shady Renfrew street, has her own formula for making her transient family happy.

"I put them under my wing, clean them up and they're mine," she told a reporter. "All they need is lots of love and a sense

Fall Styles Represent World Tour

PARIS (Reuters) — Jacques Griffe offers a quick world tour in his new fall and winter collection, displayed during the current Paris high fashion showings.

Old Russia turns up in Griffe's suit and ensemble treatments. Long jackets are mated with draped Russian - collared tunic over-blouses.

There also are comfortable Arctic coats, with long scarf collars or necklines draped and muffled against winter breezes. Toga coats bring in the Roman empire, with cascade drapery suspended from one shoulder.

The majority of Griffe's coats are roomy and loose with intricate cutting. They stress wrap-around effects rather than conventional buttoned closings.

In late day and formal dresses, Griffe takes costume ideas from the Near and Middle East. Domed and minaret skirts swell out over the hips and are restrained at the hemline.

TOP OUTFIT

Real stars of the formal picture are the authentic sari evening gowns, copied in thin satin crepes, chiffons or silk jerseys.

Griffe travels to Greece for draped statuary gowns that are neo-classic in their simplicity.

Formal fabrics endorse many supple weaves, chintilly and alencon laces, besides a new lace with the relief pattern traced in woolen threads. Cut velvets in floral patterns, broches, lames and brocaded faconnes complete the picture.

Daywear color tones are restrained, and include powdery beige and greys, all the tobacco, chestnut and brown shades, plus occasional touches of plum, parma violet and deep purple.

FIRST CENTURY

ROSEDALE, Ont. — Mrs. Levena Robinson, "grand old lady" of this village near Orillia, recently celebrated her 100th birthday.

MR. and MRS. ANSEL GEORGE WINTLE photographed signing the register following their wedding which took place in St. Paul's Presbyterian Church, Scotstown on Saturday, July 20. The bride is the former Margaret Isabel MacLennan, daughter of Mrs. Margaret MacLennan of Scotstown and the late Mr. MacLennan, and the groom is the son of Mr. and Mrs. Sidney Wintle of Gould.

WINTLE — MACLENNAN

SCOTSTOWN — The marriage of Miss Margaret Isabel MacLennan, daughter of Mrs. Margaret MacLennan and the late Mr. Alex MacLennan, to Mr. Ansel George Wintle son of Mr. and Mrs. Sydney Wintle of Gould, took place on Saturday July 20, in St. Paul's Presbyterian Church, Rev. Ivor MacIver officiating.

Mrs. Ivor MacIver played the wedding music, accompanying Mr. Henry Moulard in the rendition of "O Perfect Love" and "Because."

Baskets of flowers adorned the altar, and the guest pews were marked with white satin bows.

The bride, who was given in marriage by Mr. Harry MacLennan, wore a floor-length gown of nylon net and lace over satin. The bodice had a lace yoke encrusted with iridescent sequins, with a boat neckline and long lace sleeves ending in points over the hands. The full skirt was trimmed with a wide band of lace. Her short, lace-edged veil was held in place by a narrow bandeau of sequins, and she carried a colonial bouquet of Better-roses and baby's breath.

Miss Lorraine Young as maid of honor, was in a gown of pale pink organdy styled on princess lines. She wore a matching bandeau hat and accessories, and carried a colonial bouquet of pale pink carnations and sweet

peas.

Mrs. Galen Vance in pale blue, and Miss Lise Lamoureux in pale yellow, as bridesmaids, were gowned identically as the maid of honor. They wore matching bandeau hats and accessories and carried colonial bouquets of pale pink carnations and sweet peas.

Mr. Ernest Wintle acted as best man, and the ushers were Mr. Norman Wintle and Mr. James Rodgers.

The bride's mother, Mrs. MacLennan, chose a pale grey dress of acetate and nylon lace over pale pink taffeta, with which she wore a white linen hat, white accessories, and a corsage of pink sweetheart roses.

Mrs. Wintle, mother of the groom, was attired in a dusty rose dress of nylon lace over taffeta.

Tasty Salad Sandwich Loaf

One double loaf unsliced enriched bread, 1/3 cup soft butter, 1/2 cup ham salad filling, 1/2 cup pineapple slaw filling, 1/2 cup green bean filling, 1 (8-ounce) package white cream cheese, 1/4 cup honey, 1/4 cup drained, crushed pineapple.

Remove crusts from bread and cut lengthwise into 4 equal-sized slices. Butter each slice. Spread with fillings in the following order and stack: Ham salad, pineapple slaw, green bean salad. Top with fourth slice. Press loaf firmly together. Wrap in moisture-proof paper and refrigerate until about an hour before serving time, when it is "frosted." Blend cream cheese with honey. Add pineapple and spread mixture on top and sides of loaf. Chill until served. Serve slices on lettuce leaves. Yield: 10 to 12 servings.

Accomplished Blind Housewife

VANCOUVER — Mrs. Ruby Matheson, blind for the last 12 years, expertly manages a home here for herself, husband and son.

She can cut bread straight, flip flapjacks in one easy motion and iron a shirt without leaving a wrinkle.

She finds such tasks easy with gadgets supplied through the Canadian National Institute for the Blind. The breadknife has a guide bar, the flapjack lifter a little lever to do the flipping. For the ironing and other household tasks, Mrs. Matheson took special instruction at C.N.I.B. offices here.

She cooks from recipes printed

in braille. Her stove timer and oven thermometer have braille markings, and the labels on canned goods are special removable braille tapes. Such equipment is obtained through the C.N.I.B.

Greeting a visitor, Mrs. Matheson moves freely to take his hat and show him to a chair.

It is quite simple, she explained in an interview. Everything is kept in its place. Mrs. Matheson herself is as neat as her home. She does her own hair, puts on her makeup and selects and buys her clothes.

When a person first becomes blind there is a short period of adjustment, she said. "Then life can become almost as normal as

it was before.
"Once you find out you are not the only one in the world with a handicap, it isn't so hard."

She is helped by her sense of humor. She tells laughingly of her most embarrassing moment—going into a restaurant, sitting on a table and putting her feet on the chair, believing she was at the counter. Her son rescued her.

Mrs. Matheson is considered by C.N.I.B. officials as a successfully completed case, completely independent.

She belongs to the Gadabouts, a blind women's service club which last year raised \$650 for retarded children.

Bride-To-Be Given Shower At Birchton

BIRCHTON — Miss Nancy Brazel, of Eaton, an August bride-to-be, was guest of honor at a miscellaneous shower in the Birchton Hall.

Miss Brazel entered to the strains of the wedding march, played by Mrs. Claris Phillips, aunt of the bride-to-be, and was presented with a corsage of pink pom-pom roses and conducted to the bridal chair. Mrs. Clifford Brazel, mother of the bride-to-be was also presented with a corsage as were Miss Diane Brazel and Miss Pauline Brazel, sister and cousin respectively of the guest of honor.

Diane in blue and Pauline in pink then presented the bride-elect with a basket filled with daintily-wrapped gifts, the basket being replenished several times.

Miss Brazel who was assisted in opening the gifts by her mother, thanked those present for the many lovely articles for her new home.

At the tea, served in the dining hall, to approximately 70 relatives and friends, the guest of

honor's table was centered with a basket-bouquet of pink sweet peas and sprigs of Sweet Baby's Breath. The other floral decorations followed the same pattern.

The hostesses were Mrs. Arnold Brazel of Birchton and Mrs. Raymond Brazel of Cookshire, assisted in the serving of the tea by relatives.

ALL MODELS NOW AVAILABLE WITH

QUADRI-BEAM HEADLIGHTS

MONTCLAIR 4 DOOR PHAETON

Mercury reaches into the future to bring you the beauty and added safety of Quadri-Beam Headlights as an optional Dream Car feature on all Mercury models. Beauty and utility are tastefully combined in new Quadri-Beam Headlights. Outside lights have both high and low beams. Inside lights have high beams only. Using all four high beams for highway driving gives 50% additional light providing an all new and safer illumination pattern. Flicking a floor switch turns off high beams, switches on low for city driving. To accommodate these new headlights, Mercury stylists have given a new look of eagerness to the front fender profile and added new massiveness to Mercury's low, wide-set grille. Quadri-Beam Headlights on all models are exclusive with Mercury in Canada at slight extra cost and standard on all Turnpike Cruisers.

Judy Darling Puts Marlene Stewart's Crown In Jeopardy With 4 Under-Par Round At Canadian Ladies Tourney

MONTREAL—(P)—Marlene Stewart, grim little champion of champions, today found herself in danger of losing a golfing title she has won six years in a row.

The precarious situation came about because a winsome blonde bomb from the Montreal Whitlock Club gave an unmerciful beating to the Royal Montreal course Thursday and grabbed a four-stroke lead in the first round of the Canadian Ladies' 54-hole Close championship.

Judy Darling, 19-year-old and an even five feet, was the wrecker of the first-round party. In the process of firing a sizzling 73—four strokes under women's par and only one above men's—Judy not only gave a shocking setback to Marlene but threatened to run away from the field of 100 before the tournament scarcely got started.

There was nothing radically wrong with the game of Marlene, pride of Fonthill, Ont., nor with that of four other girls who matched Marlene's par 77.

It was simply a case of too much Judy. The youngster had just about everything, including an eagle three at the 16th that proved the squelcher.

Marlene, who has international victories to her credit, now shares the runner-up spot at this stage with four girls from widely separated parts of Canada.

In the select company with the defending champion, all tied at 77, are Mary Ellen Driscoll of Saint John, N.B., Janet MacWha of suburban St. Lambert, Que., Donna Patton of Winnipeg and Rae Milligan of Calgary.

Judy's 73 was also the main factor in giving Quebec's four-member team a one-stroke working margin, at 323, over defending Ontario in the interprovincial team matches. Alberta was a close third with 326.

The two-member junior teams, playing for the junior interprovincial championship on a net score basis, were well bunched. Ontario led with 64, followed by New Brunswick with 167, Saskatchewan and defending Quebec had 169.

The interprovincial title hunt is a 36-hole affair and ends Saturday.

Mary Ellen Driscoll breezed

along the front nine in one-under-par 37 and came home in 40, one over, to join the 77 bracket.

Her card was 12 strokes better than her closest teammate on the New Brunswick quartet—Cairine Wilson.

Rita Lohnes of Lunenburg was low scorer for Nova Scotia with 80.

Molson Defeats Duchess 15-4 In Richmond League

RICHMOND—A seven-run rally in the fourth inning enabled the Molson softball club to tie Legion for third place in the Senior League by downing the Duchess 15-4 before a small crowd, recently.

The league resumed activities after a two-week holiday and last week, the league-leading Brown Shoe squad shut-out the Legionnaires 7-0. These same clubs have yet a game to play to catch up with the schedule, which has two tilts remaining.

Young "Bunny" Smith hurled for Molson going the distance. He was tagged for five hits, with no strikeouts or bases on balls against him. Duchess used three hurlers in Denery Bouchard who started, lasting only four innings when he was replaced by Sylvio Viens. The latter was replaced in the sixth by Rouville Beaudet, who finished the seventh inning game.

Bouchard, in his four innings, was tagged for fourteen hits while Viens and Beaudet allowed one each. Bouchard fanned three and walked the same number while Beaudet had one strike-out, the first man he faced in the sixth frame.

Bob Beaudet, playing first base for Molson, had the best average on his team with a four-for-five. He scored three runs. Hurler Smith acquitted himself well at bat with three-for-four. Paul Desmarais and Wayne Crack were the best hitters for Duchess, each having a two-for-three.

Line Score.
Molson 300 741 0-15 16 3
Duchess 003 000 1-4 5 7
Smith and Gagne; Bouchard, Viens (5), Beaudet (6) and Langlois.

Senators Beat Athletics 15-6 In Little League

A barrage of 12 hits gave the Kiwanis sponsored Senators a 15-6 victory over the Lions sponsored Athletics in a Little League game played last night at the Parade Grounds. The win gives the Senators a tie for third spot in the league standing along with the Indians. Saturday afternoon the Red Sox meet the White Sox at the Parade Grounds while the Senators travel to Lennoxville to take on the Yankees.

Athletics came up with three runs in the top of the first inning; singles by Bourque and Fortier along with three walks accounting for the runs. The lead was short lived as a big first inning tallied six runs for the Senators, four hits, by Bergeron, Cooper, Belanger and Payette sending the runs across.

D Ginges, who had started on the mound for the A's was replaced by G. Ginges in this last inning. G. Ginges and Bourque came up with hits for the A's in the second to push home one more run. Senators got this one back and added one for good measure in their half of the same inning.

The teams went scoreless in the third, a single run in the top of the fourth for the A's cut down the Senators lead and the Senators in their half of the fourth put the issue beyond doubt getting five more runs. Bergeron started this inning off with a triple, his mates Cooper, Dion, Payette and Lessard clicking for singles.

A single run in the top of the sixth was the A's only run a double by Y. Roy sending the run home. Cooper on the mound for the Senators was the winning pitcher. He allowed only six hits, one walk and had 10 strikeouts for his win. Bergeron and Fortier starred for the winners along with Cooper. Athletics did not play their usual game and there was a lot of loose infield play. Largy, Wilcox and Roy umpired the game.

Athletics 310 101—6 6 2
Senators 620 52x—15 12 2
D. Ginges, G. Ginges (1) and Roy, Provencher, Cooper (1) and Belanger, Boisvert. (1).

Alouettes Win 39-13

MONTREAL—(P)—Montreal Alouettes humbled Calgary Stampeder 39-13 Thursday night in a pre-season exhibition before 21,184 Montreal fans.

The Alouettes ran up a 20-0 lead by half-time and let their second stringers play the entire second half, scoring 19 points to Calgary's 13.

The Western Interprovincial Football Union's representatives got all their points on a late rally in the fourth quarter.

Stampeder quarterback Jim Finks proved he could throw as well as any quarterback, but he had no receivers.

The A's, pushing Calgary around on the ground and easily out-distancing them in the air, never were in trouble.

FIRST QUARTER
1—Montreal — touchdown (Wells on line play from 2-yard line).
2—Montreal — convert (Bewley).

SECOND QUARTER
3—Montreal — touchdown (Echeverry to Patterson end-zone pass from Calgary 34-yard line. 97 yards in eight plays).
4—Montreal — convert (Bewley).
5—Montreal — touchdown (Abbruzzi on one-yard plunge, 38 yards in five plays).

THIRD QUARTER
6—Montreal — touchdown (Echeverry to Babcock end-zone pass from 29, 76 yards in seven plays).
7—Montreal — touchdown (Baillie on three-yard line plunge, 30 yards in six plays).

FOURTH QUARTER
8—Calgary — touchdown (Pollard on five yard line play).
9—Calgary — convert (Pollard).
10—Montreal — touchdown (Simpson on six yard sweep around the right end).
11—Montreal — convert (Bewley).
12—Calgary — touchdown (Morse on long end sweep from the Montreal 28).

Braves Trail By 2 Percentage Points; Hodges Gets 13th Grand Slam Homer; Four Game Lead For Yankees In A. L.

Stan (The Man) Musial and Sad Sam Jones, an example of the old standbys and new faces who have made St. Louis Cardinals hum, have the Redbirds perched atop the National League standings again.

Musial, 4-for-4 with a pair of two-run homers, and Jones, pitching a six-hit shutout, were all the Cards needed to move past idle Milwaukee Thursday night. But the Redbirds won it big, banging 16 hits for an 8-0 job and their sixth straight success.

As it stands now, the Cards are the New York loser. Musial, 4-for-4 with a pair of two-run homers, and Jones, pitching a six-hit shutout, were all the Cards needed to move past idle Milwaukee Thursday night. But the Redbirds won it big, banging 16 hits for an 8-0 job and their sixth straight success.

The Dodgers rapped 18 hits off loser Tom Poholsky and three Chicago relievers as the Cubs chipped in six errors. Sandy Koufax won his fifth with a four-hitter and 11 strikeouts.

Hodges drove in five runs and locked it up with his big smash off southpaw Dick Littlefield in the fifth after Ernie Banks' three-run homer had whittled the Brooklyn lead. Hodges' grand-slammer bettered the mark held by Rogers Hornsby and Ralph Kiner. Lou Gehrig set the major league mark with 23 for the Yankees.

Curt Simmons, backed up by homers from Stan Lopata and Rip Repulski, had a 3-1 lead until Cincinnati, cut loose from three runs in the eighth to hand the Philadelphia southpaw his seventh defeat. Johnny Klippstein won in relief.

Roy Sievers hit his fourth home run in four games to trigger a three-run Washington sixth that beat Chicago, who had built a 4-0 lead on Larry Doby's first grand-slammer. It was Sievers' 28th homer of the year.

Chuck Stobbs, 5-14, won it with relief help. Bill Fischer lost it. Detroit scored three in the ninth for a 7-1 lead, but Duke Maas needed relief from Harry Byrd and Frank Lary to win his eighth. Frank Malone's two — only one and struck out four in gaining a 9-4 record. Starter Johnny Antonelli, now 10-11, was Lary.

His four hits broke a slump and put him second again in the batting race at 335 behind Milwaukee's Hank Aaron, who has a .339 average. Musial also took the runs batted in lead from Aaron, 83 to 80, and moved to third in home runs behind Aaron (30) and Brooklyn's Duke Snider (26) with his 23rd and 24th.

Jones, a 31-year-old right-hander who has gained control since joining the Cards in a December deal with Chicago Cubs, walked only one and struck out four in gaining a 9-4 record. Starter Johnny Antonelli, now 10-11, was Lary.

Russian Hockey Tour Of Canada This Winter Ruled Possibility

WINDSOR, N.S. (P)—Gerald Regan, local barrister and part-time sports promoter, said Thursday night he has been "outdone" by the Canadian Amateur Hockey Association if a Russian puck squad plans for a nation wide tour.

Mr. Regan, commenting on a Kitchener, Ont., announcement that the Russian team may visit Canada next winter, said he understood the proposition was discussed at a Vienna meeting of the World Ice Hockey Federation but knew of no details being worked out.

"Looks to me like the CAHA has outdone me if they know more about this than I do," Mr. Regan said.

He said, however, there are "strong possibilities" the Czechoslovakian national hockey club will be making a tour of Eastern Canada this fall.

The Kitchener-Waterloo Record said the Russians may make the tour. Mr. Regan made overtures to hockey teams in Czechoslovakia.

About the proposed Czech tour, Mr. Regan said "the Czechs still want to come to Canada...only the details remain."

Secretary-manager George Dudley of the Canadian Amateur Hockey Association said in Kitchener the Russians are interested in making the tour, but gave no details.

Tam O'Shanter Lead To Oliver
CHICAGO (P)—Ed (Porky) Oliver shoved his way ahead of the younger set Thursday with a fabulous 66 and the first-round lead in the \$25,000 All American golf meet at Tam O'Shanter.

The 40-year-old pro, now registering out of Canton, Mass., putted for a birdie or eagle on every hole in shooting a pair of 33s against Tam's par 36-36-72.

Bill Casper Jr., 26, of Bonita, Calif., followed closely with a 34-33-67.

Stan Leonard of Lachute, Que., was tied with 16 other players at 71 after hitting 35-36.

O'Keefe Open Tomorrow

Top Rank Golf Stars To Tourney

MAGOG — Mount Orford Golf and Country Club officials have announced that the third annual O'Keefe Open Golf Tournament is to take place at the Mount Orford Golf and Country Club this Saturday and Sunday.

On Saturday the Amateurs will compete for the many beautiful and useful prizes which are offered. Sunday will be the day for some 35 to 40 of the well known professionals from the Provinces of Quebec and Ontario, together with a number of low handicap amateurs.

These names will be included in the list. Harry Fowles, winner of the Trophy in 1955. Gerry Huot who was winner last year. J. P. Allarie, runner up last year after a play-off. The famous brother combination Jules, Rudolphe, Tony and Roland Huot, Jim Swarbrick from Marlborough, Jack Archer, official representative of the P.G.A. Joe Leblanc Amateur Champion 1956, now Professional at the Sherbrooke Country Club. Also many others familiar to all Golfing fans.

Among the Amateurs will be seen Bob Bridges, Captain of the British Empire Team, now on a visit to this Country. David Walsh, 1955 Vermont State Champion, Bruce Cotterell of the Mount Orford Club and many others.

Cash prizes totalling \$1,100 will be played for by the "Pros". For the amateurs gifts value \$600.

A special prize of \$500 may also be won by a professional who is fortunate enough to make a "hole in one". Should any amateur do so, there is also a special Bonus prize.

All arrangements in regard to composition of teams playing and starting times are in the hands of Gil Ethier, now Pro at the Host club, aided by Gerry Huot and a capable committee of local members.

Mr. Ernest Pouliot, the Magog representative for the Canadian Breweries, sponsors of the event, expects at least 2,000 spectators and wishes to announce that quite a number of what could be called "Door Prizes" will be awarded to the attending public. All spectators are therefore requested to register at the O'Keefe Booth, giving full name and address. Winners will be advised by mail. It will not be necessary for those who have registered to wait around.

A bus will leave the Magog City Hall at 1 p.m. and the Memorial Park at 1.05 p.m. on Sunday. The return trip will be made at 6 p.m. Entrance to the grounds is free. There will be no transportation charges. Special facilities for parking have been arranged and the club facilities will be open to the public.

WEDNESDAY'S STARS

Pitching:
Bob Turley, Yankees — Gained his third shutout in 2-0 victory over Athletics in first game of doubleheader sweep, giving up five hits, walking two and striking out seven.

Hitting:
Al Dark, Cardinals — Had four singles in four trips and drove in two runs in 5-1 victory over Giants.

O'KEEFE'S TOURNEY ORGANIZERS — Shown above are three men directly involved with the annual O'Keefe Open Golf Tournament to be held this year at the Mount Orford Golf and Country Club on August 3 and 4. They are from left to right: Ernest Pouliot, local distributor for O'Keefe's; Denis Begin, long-time member of the Country Club and member of the marshal committee; and Gil Ethier, president and local pro at Mount Orford.

\$1,700 Double At Salem Track

SALEM, N.H. — (AP) — A \$1,724.20 daily double payoff and a spectacular two-horse spill furnished the excitement Thursday at Rockingham Park.

Renowned Trick and Tiger Play, both 25-to-1 shots, were responsible for New England's second largest daily double return.

The spill occurred in the second when Birch Brook, leading by two lengths in the upper stretch, dropped dead from an apparent heart attack. Jockey Earl van Hook was thrown heavily to the turf. Rearrangement with New England's leading rider, Davie Deroin, aboard, stumbled over the prone horse and fell. Both riders escaped injury.

Renowned Trick, a two-year-old bay filly, won the opener by two lengths and returned \$54.40, \$22.60 and \$13. Tiger Play paid \$58, 14.80 and \$9.80.

Scots Miner, 24 Nets Two Titles In One Battle

PORTRICAWL, Wales (AP) — Frankie Jones, 24-year-old Scottish miner, knocked out Len Reece of Wales in the 11th round of their scheduled 15 round fight recently and won the vacant British and Empire flyweight boxing titles.

Jones weighed 109 pounds and Reece 111. The titles were vacated by Dai Dower of Wales after his first round knockout by Argentina's Pascual Perez in Buenos Aires last March in a world title fight.

CLAP HANDS — Center fielder Gus Bell agrees with his teammates. They feel that the Cincinnati club will go all the way for the pennant this trip.

Prevent Boating Accidents; Have More Summer Fun

Follow Simple Water Safety Precautions And Save Lives, Needless Injuries

Life on the sparkling waters of Canada's many beautiful lakes, and other waterways, is one of the joys of summer living.

In a country that contains one half of all the fresh water in the world, such water sport is available to everybody. Some enjoy the advantages of fully-equipped lake yachts; many others find sailing a welcome relief from the work-a-day world; for most, just a plain motor boat, a canoe, or even a row boat for a day fills the bill.

It's fun, it's refreshing, and it's healthful.

But it can be dangerous, too, unless sensible precautions are taken. Every summer, many Canadians lose their lives in boating accidents of one form or another. Most of these accidents are preventable.

Do you observe correct boating regulations and the "Rules of the Road?"

THERE'S A REASON

Just as rules exist regarding the operation of cars on the na-

tional highways, a similar body of laws has been made for the common good of those using its waterways.

The Federal Department of

Transport, through its Board of Steamship Inspection and the Nautical Division of its Marine Services, is responsible for the regulations dealing with ship lifesaving and fire-fighting equipment, fire prevention, licensing and navigation.

The Royal Canadian Mounted Police assist in the enforcement of these laws. Fortunately, most boat owners abide by the regulations because doing so makes for more enjoyable, safer boating. For the few whose action or negligence poses a threat to life and property, the law provides penalties.

ABOUT LIFESAVING EQUIPMENT

There are two kinds of lifesaving equipment available for boats—those bearing the approval stamp of federal government inspection, and the potentially unapproved brands. Both are available in stores throughout the country.

Various types of so-called lifejackets, lifesaving waistcoats and cushions are for sale. Scientific tests have shown up many of them to be a hazard instead of an aid as lifesavers! Their design was faulty or the material substandard. Lives have been lost in Canada because someone depended on inferior equipment in an emergency.

Reliable lifesaving equipment bears a stamp of approval, initialled and dated, of the Department of Transport's Board of Steamship Inspection. Such equipment must pass rigid specification standards. It is used in vessels regularly inspected by government officials. All motorboats must have government approved lifesaving equipment by law and the R.C.M.P. may carry out an inspection at any time to enforce the regulation.

Such boats of five or more gross tons and carrying paying passengers require a certificate of inspection at regular intervals. Smaller vessels do not need this certificate but do have to be properly equipped. The owners, and this includes of course those who make a business of renting boats, are responsible for seeing that they are.

If your motorboat is used exclusively for pleasure here are the requirements: 1 lifejacket or lifesaving cushion for each person on a vessel not more than 26 feet; 1 lifejacket for each person if the vessel exceeds 26 feet; in addition 1 lifejacket is required if the vessel is over 20 feet.

And for owners of motor vessels not over five tons but used to carry revenue passengers: 1 lifejacket for each person on board; 1 lifejacket if the vessel exceeds 20 feet; 1 "approved" buoyant apparatus of sufficient capacity to support at least 50 percent of the number of persons on board if more than 12 persons are carried.

There's no law saying you must use the approved lifesaving equipment in vessels that are not power-driven but it's only common sense to observe this precaution at all times. One's life is just as valuable in a rowboat as in an ocean liner! The cost differential, where it may exist between the approved and the non-approved is negligible in terms of personal safety.

Two kinds of lifesaving equipment. Which will you buy?

FIRE PREVENTION IS IMPORTANT, TOO

Fire in an offshore motorboat can be disastrous in a matter of seconds if suitable firefighting equipment in good working condition is not at hand. For this reason, all motorboats are required by law to have such equipment and the following precautions must be observed:

Take care to prevent gasoline leakage, shielding woodwork and other inflammable material from hot pipes.

Reserve gas supply, if carried, must be in metal container with an effective cap over the opening.

When filling gas tanks, use an efficient funnel to prevent spilling into the hull.

Gas tank installation must be such that there cannot be spilling into the bilges during filling. Keep firefighting equipment in good condition always — a single emergency can justify its existence.

Here again, firefighting equipment must be the approved type — approved by the Board of Fire Underwriters and so marked. Steamship Inspectors do not examine commercial motorboats under five gross tons, nor motorboats of any size used for owner's pleasure only. However, there are legal requirements for fire equipment on powder-driven craft and the R.C.M.P. is authorized to detain such boats not complying with them, apart from possible court action. These are the requirements for non-commercial boats of various lengths:

Up to 35 feet

1 froth extinguisher of 1 gal. capacity or equivalent
1 fire bucket
(not required in outboard-motor boats 18 feet and under, but precautions listed above do apply)

Over 35 feet up to 50 feet

1 froth extinguisher of 2 gals. capacity or equivalent.
2 fire buckets.
(deck motor yachts of this size require hand pump with hose, nozzle and fittings)

Over 50 feet up to 75 feet

1 fluid or froth extinguisher of 2 gals. capacity in each accommodation space (maximum number required is three)

1 froth extinguisher of 2 gals. capacity or equivalent in machinery space carbon tetrachloride extinguisher of 1 qt. capacity of the hand type if vessel has gasoline engine.

3 fire buckets.

1 power fire pump with hose, nozzle and fittings

2 axes

The equivalent per gallon froth types: 1 qt. carbon tetrachloride of the handpump type or 7½ lbs. of CO₂.

"Sea Flea" type motorboats used only for racing and carrying one person must have a suitable fire extinguisher on hand.

Here are the requirements for commercial motorboats under 5 gross tons carrying paying passengers.

Up to 20 feet

1 handpump type one-qt. carbon tetrachloride extinguisher.
1 one-gal. froth extinguisher or equivalent (not needed if outboard motor propelled.)

Over 20 feet up to 35 feet

1 handpump type one-qt. carbon tetrachloride extinguisher
1 two-gal. froth extinguisher or equivalent.

Over 35 feet

2 handpump type one-qt. carbon tetrachloride extinguishers
1 two-gal. froth extinguisher or equivalent

Note: A receptacle containing a suitable quantity of dry sand, sawdust impregnated with soda, or other approved dry material, with a scoop for distribution is required. A fire bucket is required for vessels not over 35 feet and 2 fire buckets for those over 35 feet.

Here are the requirements for commercial motorboats not carrying passengers:

Up to 35 feet

1 one-gal. froth extinguisher or equivalent.

Over 35 feet

1 two-gals. froth extinguisher or 2 one-gal. extinguishers or equivalent.

"THE PROPER PRECAUTIONS WOULD HAVE PREVENTED THIS TERRIBLE ACCIDENT"

So many drownings could be prevented if people would take precautions.

HERE ARE SOME GOOD RULES TO FOLLOW —

- Never swim until at least two hours after eating.
- If you don't swim, don't bathe in unfamiliar places, drop-offs can be treacherous... and even if you're a strong swimmer, remember that strong undercurrents have beaten many an experienced swimmer.
- Never enter a canoe if you don't swim. Never go boating in any craft without adequate lifesaving equipment.
- Learn artificial respiration. People skilled in artificial respiration have saved many lives.
- If you are overheated (after strenuous exercise) don't dive in the water.
- Don't let kiddies play with old innertubes or waterwings. They often drift beyond their depth.

Star Performer
of Shell's great new motor
fuel team

Super Shell with TCP

Sparks all the live performance
in the most modern cars on the road

Today's engines have the highest horsepower, the highest compression ratios in history. And the trend is toward still further increases.

Anticipating the need for an improved motor fuel, Shell Oil Company of Canada, Limited introduces Super Shell with TCP*. Super Shell is an all-new higher grade of gasoline—developed to meet the full octane needs of today's most advanced cars.

At the same time, Super Shell delivers better performance than ever in all cars now using premium gasoline. That's because Super Shell supplies all the octane value your engine needs under every driving condition.

This great combustion energy gives you an added bonus, too. When you're cruising, Super Shell's reserve energy converts automatically to extra miles in every tankful.

And with TCP in Super Shell, these benefits are always yours. TCP eliminates the effect of engine deposits that can rob even the newest cars of performance and economy.

For a new experience in motoring, drive up to your Shell Dealer's new white pump and fill up with Super Shell today.

*Shell's Trademark for this unique gasoline additive developed by Shell Research. Patented 1935

Higher octane in new Shell

Not every car needs Super Shell. If you've been using a regular gasoline, try new higher octane Shell with TCP. It will give your car better performance and economy than you ever thought it could deliver.

Golf Courses Dot Eastern Townships

The Eastern Townships is well equipped for the golf fan who wishes to get away from the hubbub of city life and relax on the links.

For instance the Sherbrooke Country Club, one of two eighteen hole courses in the ET offers a well laid-out and difficult course for the golfer who thinks he would like to try and break par.

Another test for the expert, and average golfer along with the duffer is the nine hole Asbestos Golf and Country Club located near the civic centre in the mining town. Pro Mac Henderson and his staff always welcome out of town guests.

Fifteen miles this side of Asbestos overlooking Richmond and the St. Francis River is the Bellevue Golf Club a nine-hole layout. Comparatively easy, the course offers relaxation to golf addicts in the area.

Not too far from Sherbrooke is the Waterville course which has been growing more popular each year. Aside from the above men-

tioned clubs one may find a golf course in nearly every major city throughout the Eastern Townships.

Bob Courchesne Through As Boxer

SPRINGFIELD, Mass. — (P) — Holyoke lightweight Bobby Courchesne, 22, who underwent brain surgery Monday, is through as a boxer, his manager said Thursday.

Pat Bartlett, who said he has a contract with Courchesne that runs to 1970, decided to retire his fighter officially after a talk with the neurosurgeon who performed the operation to remove a blood clot.

"He advised me that Bobby's boxing days are over and that's good enough for me," Bartlett said.

The operation ended a six-year career for the young slugger who registered 50 victories in 59 professional bouts. He never was knocked out.

Courchesne, in "fair" condition in hospital, collapsed after the eighth round of a scheduled 10-rounder against Bobby Bell, Youngstown, Ohio, 10 days ago in New York.

Charlottetown, P.E.I. — Dick Hall, 148, Boston, outpointed Coby McCluskey, 143, Charlottetown, 10.

Porthcwal, Wales — Frankie Jones, 109, Scotland stopped Len Reece, 111, Wales, 11 for British flyweight title.

Hitting

Stan Musial, Cardinals—Had a pair of two-run homers and two singles in four trips in 8-0 victory over Giants that hoisted Redbirds into first place.

Pitching:
