NO FURTHER PEACE NEWS.

Mr. Balfour Says There is no Fresh Information.

Boers Claim it is Peace With Independence.

London, March 25.—In the House of Commons yesterday afternoon, Right Hon. A. J. Balfour, the Government leader, said there was no fresh information in regard to the negotiations of Mr. Schalkburger and the other Boer delegates, who are supposed to be on a mission to the Free Staters in the field for the purpose of ending the war.

PARLEY'S MOVEMENTS.

London, March 25.—A despatch from Wolkehoek, Orange River Colony, says Burgheers Jacoby and Vaneldred, accompanied Mr. Schalkburger and his party. They left Balmoral last Saturday. That night they spent in quarters at Viljoen's Drift. They started for Kromstad on Sunday. They were accompanied by Capt. Marner, aide-de-camp to Lord Kitchener, Major Leggett and four other British officers. It is rumored that the delegates are in favor of a general surrender and the ending of the war.

KRUGER'S CLAIM.

Amsterdam, March 25.—Friends of Mr. Kruger deny that the former president of the Transvaal was surprised at the news that Mr. Schalkburger and other Transvaalers were on their way to see the Free Staters afield in regard to a

settlement of the war. They say it was announced as far back as March 12, in a despatch from Brussels. They also state that the Boer "government" will only receive proposals which are to be submitted to the Boer delegation in Europe. Mr. Kruger claims to know that Field Marshal Lord Wolseley, who is now on his way to South Africa, has plenipotentiary powers to treat with the Boer "government" direct.

A BOER STORY.

Vienna, March 25.—One of the Boer delegates at Utrecht, Holland, informed the correspondent of the Neue Freie Presse that, on March 17, on the invitation of Dr. Kuypers, the Dutch minister who attempted to initiate peace negotiations between the British and Boers some time ago, Mr. Fischer, had a conference first with him (Kuypers) and then with Mr. Kruger and Dr. Leyds, the Boer European agent, in regard to a settlement of the war. The correspondent quotes this delegate as saying that the negotiations which are about to begin in South Africa between Mr. Schalkburger and the other members of his committee, and Generals DeWet and Louis Botha, and Mr. Steyn will be on the basis of independence and the exchange of the Rand for Zululand.

MILLINERY OPENINGS.

Yesterday the Ladies Were Out in Force.

YEAR'S STYLES WELL ILLUSTRATED BY THE SEVERAL MILLINERS OF THE CITY.

Yesterday was an ideal day for the millinery openings, the brilliant sunshine tempting the feminine portion of the community out to make the round of the fascinating exhibitions. The Elite Millinery Parlors of Mrs. E. C. Enright looked very attractive, the windows being decorated with palms, and the large mirror draped with lace, caught with knots of flowers. A music box in the adjoining room tinkled out gay airs, an accompaniment to the hum of conversation.

Miss Faucher, the courteous head milliner, and her assistants, Miss McCurdy, Miss Parker and Miss Bradford were kept busy taking orders and exhibiting the stylish creations to the customers, who thronged the rooms all day long. In the windows some handsome hats were shown; one, a black turban of fancy straw, with rolled brim covered with jetted lace, black flowers, an anomaly, but very pretty, on the left side, and black velvet bow at the back; another of folded white chiffon was trimmed with fluffy ostrich tips and pearl cabochons. Under the brim, at the left, were white Scotch roses, with tinted leaves, and the usual touch of black velvet at the back.

An elegant hat of white chip, continental shape, was faced with black velvet, and had two velvet bands around the crown. A chapeau of white lace, studded with pearls, pearl cabochons and loops, with white ostrich tips blended in a harmonious whole.

Another much admired creation was a large toque of gold embroidered linen gauze, draped high on one side with linen colored lace, which drooped from the slightly depressed back, with graceful effect.

A tricorn of white rolled net studded with pearls, draped with white lace, and with white osprey at the side, attracted attention.

Another tricorn was of tussan straw, with pink rose crown, an odd effect being given by net drawn through the straw which faced the brim, the latter draped with applique lace, while pink chiffon was softly folded around the crown.

A new and peculiar straw appears in another moderately large hat, which has applique lace on the edge of the brim, the hatpote chiffon draped around the crown, and for ornamentation, grapes, with shaded leaves.

The shapes this year that are most popular appear to be the Gainsborough and elongated turban, and there are flowers in bewildering profusion, and of every shade known to art. Both pearls and jet are used lavishly, while ostrich is by no means abandoned. Linen effects are much in evidence, and in short, the last word seems to have been said this season in regard to the possibilities of the milliners' art.

The millinery rooms at McKee's store had a constant succession of interested visitors during the day, who showed their appreciation of the dainty confections which were on view by the lighting of their purses before leaving the charmed precincts.

Among the most attractive of the handsome hats that had been prepared for the opening was a large toque with brim of opening cry connected with embroidery stitches, over black velvet. The facing was of puffed tulle, and many loops of the regulation black velvet ribbon depended from the back, caught with gold and rhinestone boules, while a black agrette adorned one side.

A broad hat made entirely of folds of pale blue chiffon, faced with the same, had a half wreath of deep red roses around the brim, drapery of linen colored lace, and velvet band to rest on the hair, with bow and buckle of pearls.

Another pretty and tasteful hat was a black fancy straw, faced with tucked black chiffon, with high rosette of the same. Satiny gray leaves, and drooping loops of ribbon at the back relieved the somberness of the black.

A wide white continental shape, with rolling brim, was faced with shirred chiffon, and trimmed with exquisite velvet flowers, ropes and cabuchon of pearls and a knot of the flowers and ribbon at the back.

A turban with rolled brim of folded white chiffon, covered with delicate black lace, was stylish and novel. White roses covered the crown, and loops of black ribbon were at the back.

Time fails to enumerate the elegant and fashionable creations that were to be seen yesterday. Suffice it to say that on no previous season has the display been more varied, original and satisfactory. Miss Gould and her assistants, Miss McCurdy, Miss Derocher and Miss Charest, were in attendance, and

H.; and Mr. Herbert Parks, Worcester, Mass., were the guests of their cousin, Mrs. Thomas Long, Portland ave., on Monday evening.

Dr. Lynch's horse, which was standing before a house in Montreal street yesterday, became frightened, it is supposed, and ran away. The animal ran across the street on to the grounds of Mrs. Hyndman, and crashed through the shrubs and down the hill, bringing up against Mr. Somer's house. The carriage and harness were considerably damaged, but other injury was done, which is quite remarkable, considering the horse's erratic course.

MORE CAPTURES.

Lord Kitchener Again Makes Favorable Report.

GEN. DELAREY'S SUCCESSFULLY AVOIDED THE CORDON DRAWN AROUND HIS LINES.

MAGOG.

March 26.—The sudden death of the Rev. P. H. Allen, pastor of the Fairmount Avenue Methodist church, was heard with regret in Magog on Monday evening. The deceased minister served the Methodist congregation here during three years, from 1894, with very much acceptance, and he was universally loved and respected by his own congregation, as well as by all those who knew him. He was an eloquent pulpit orator and stood for all that was good and honest. He left Magog for Beebe Plain in the summer of 1897, much to the regret of the congregation of which he was the head.

Mr. Walsh, the former chemist at the Print Works, has returned to town after a much-needed vacation of three months. He takes his former position.

Mr. Henry Lovell, M.P. for Stanstead county, was in town on Saturday last for a few hours.

The Rev. Mr. Weaver, a Church of English missionary to the Indians in the District of Athabasca, is in town, and on Sunday evening gave an interesting address at St. Luke's church on the modes and customs of the natives in the wild western country. He had been in that country for the past seven years, and was well qualified to enlighten the people on the manners of the Cree Indians and other tribes among whom he has worked so zealously for so long. He gave many interesting anecdotes and depicted the poverty and ignorance under which the red men live. When he first went to Athabasca the greatest poverty and ignorance prevailed, and these seven years had seen many changes. At present Mr. and Mrs. Weaver live in a mission house with twenty or thirty Indian children under them, receiving education and religious training.

Mr. William Taggart, after having spent the winter out of town, has returned to Magog.

Mr. D. Pepin, of the McCormack Harvesting Company, spent the past few days at his home here.

2,000 MORE FROM CANADA.

Awaiting Reply From Home Government as to Fourth Contingent.—Will be Mounted Infantry.

Ottawa, March 25.—So far no answer has been received by the Government to its offer to send a fourth contingent from Canada for service in South Africa. The Government has issued no official statement on the matter, but it is well understood that an offer has been sent through Lord Minto to Mr. Chamberlain. It is stated that if the Imperial authorities accept Canada will forward with the utmost despatch 2,000 men. As to the composition of the force, which will depend entirely on the wish of the War Office. In this, as with other contingents that have already been sent to the front, Canada will carry out the desires of the home authorities.

There is every reason to believe that the War Office will ask that the greater proportion of the number offered will be mounted infantry. But as to the details of the force, that cannot be decided until an acceptance of the offer has been received. The contingent will, no doubt, be raised in the same way as the last one. Canada will supply the men, and the Militia Department will outfit and equip the contingent, while Great Britain will, no doubt, recoup whatever expenditure has been made. Hon. Dr. Borden said to-night that at present the Government could make no statement.

INSTANTLY KILLED.

WAS CAUGHT BY FALLING TREE NEAR HILLHURST.

Compton, March 26.—(Special)—A sad accident occurred near Hillhurst last Monday, by means of which a life was lost. Narcisse Deschamps and his son were felling trees when the man, misjudging the direction in which the tree would fall, was caught and instantly killed. Coroner Bachand, from Sherbrooke, assisted by Dr. Hume, made an examination and ascertaining all the facts, decided there was no need of a formal enquiry by a jury. The deceased was 62 years of age and leaves a large family.

A SAD END.

REMAINS OF A FORMER CLERGYMAN FOUND IN RIVER.

Sault Ste. Marie, Mich., March 26.—A body found floating in the river here Monday was identified yesterday as that of J. M. U. King, a former Episcopalian minister, who had been teaching in this vicinity of late. He formerly held pastorates in Minneapolis and Cobden, Ont. It is thought that he became despondent and committed suicide. King's parents are well-to-do people in Newfoundland. He was educated for the ministry at Canterbury, and ordained at Kingston, Ont.

The above was a student at Bishop's College, and took his degree as Bachelor of Arts in 1890. He then went to Ontario for his divinity course. He never had charge of any church in this Province.

WEATHER PROBABILITIES.

March 26, 11 a.m.—Forecast for the next 24 hours, issued by the Meteorological Bureau: Fine and mild.

IRISH LAND BILL.

Introduced by Chief Secretary for Ireland.

THE IRISH MEMBERS EVINCE LITTLE ENTHUSIASM.

London, March 26.—The Chief Secretary for Ireland, Sir George Wyndham, introduced the Irish Land Bill in the House of Commons yesterday.

The main provision of the bill authorized the whole or any part of an estate, whose owner is willing to sell. The commission will then re-sell it to the tenants. But, the assent of three-quarters of the number of tenants is necessary to purchase the land before the commission will undertake to transfer any part of the estate.

The Irish members evinced little enthusiasm over the bill.

John Redmond, the Nationalist leader in the House, said he proposed to reserve his judgment until he had studied the provisions of the bill carefully. He warned the Government that universal compulsory purchase must be the ultimate solution of the problem as nothing else would be acceptable.

Timothy Healy (Nationalist) said he believed the bill would do something towards settling the question, but that much depended upon the constitution of new estates and the commission.

THE CHILD'S COT FUND.

THE AMOUNT STILL CONTINUES TO GROW.

A little over \$12 has been added to the Cot Fund since Saturday last, bringing the total now received to \$650.76.

Miss Abbott, the teacher of the Lennoxville Kindergarten, in sending the contribution of \$14 from her class, which was acknowledged in Saturday's Record, sends the good wishes of her pupils and herself for the success of the fund, and adds that the children, getting up the entire amount, felt so great an interest in the Cot that those prevented from attending sent their contributions.

The contribution of \$2.00 from a lady was obtained by the sale of shamrocks on St. Patrick's Day.

The \$5.00 received from the Royal Blues, of Scotstown, is the first sum to be received from that town, as also the 65 cents from Martinville.

Mr. Frank Thompson, chairman of the Strathcona Square Building Committee, received yesterday afternoon a telegram from Dr. Pelletier, M.L.A., announcing that the bill for the new Court House had passed the Legislative Assembly, and that it covers an expenditure to the extent of \$75,000.

The press reports add nothing to this except that some amendments were made. As to what those amendments are, particulars are not obtainable as yet.

Councillors approached in regard to the heavy additional expense to the city, say that as the bill was first drawn, the building would cost, Sherbrooke nothing but the site, as first announced. They cannot say as yet what effect the amendments will have.

WINDSOR MILLS. March 26.—Mrs. Walter Morey is very ill, under the doctor's care. Miss Carrie Chapman, of Marbleton, is visiting relatives and friends across the river, and will be at Edward Rankin's for a few days.

The Canada Paper Company have an engineer and several men surveying and getting the foundations for rebuilding their new paper mill at the dam, where their mill was burned last July. The company will build an up-to-date mill in every respect.

Mr. Herbert Chapman's house was fumigated and the family liberated today. Mr. Chapman's family have been quarantined 45 days, on account of the little girl having scarlet fever. This is the only case we have of scarlet fever at the present time.

Our two smallpox patients will be fumigated and liberated on Saturday of this week. We do not just know why our authorities take Saturday to liberate our smallpox patients, unless they want these patients to celebrate Easter Sunday.

The annual meeting of the Presbyterian congregation of Windsor Mills was held on Monday in the church. After devotional exercises, the Rev. Charles A. Tanner was called to the chair. The minutes of two congregational meetings held during the year were read by Mrs. John Bowles, the secretary of the congregation, and the different reports of the session, treasurer of Ladies' Circle and Young People's Society were placed in a printed form in the hands of the congregation, and were accepted and approved. During the year the debt on the manse has been reduced by one hundred dollars. Mrs. John Bowles, who is about to leave Windsor Mills and who for some years has been secretary-treasurer of the congregation, was presented with a purse of money as a token of the appreciation of the congregation for her valuable services as secretary-treasurer of the congregation.

Mr. W. J. Work, one of the two retiring managers, was re-elected and also appointed secretary-treasurer of the congregation, and Mr. James Lockwood elected a manager in place of Mrs. J. Bowles. A committee was appointed to solicit subscriptions towards making up the deficit of the congregation fund. The meeting closed with singing and the Benediction.

WITHDRAWS OFFER. FUNDS SUBSCRIBED BY AMERICANS WILL BE RETURNED. London, March 25.—The Vicar of Penn recently summoned his parishioners to get their consent to an application to the faculty to permit the renovation of the roof of the church where William Penn worshipped. The parishioners were astonished to learn that Americans had been called upon to save the church, and that if \$4000 were subscribed the vicar would put up a brass tablet stating that the roof and tower had been restored by citizens of Philadelphia. The vicar refused to make a statement regarding the accounts, but said he was ready to pay the whole cost if the permission were obtained. The parishioners adjourned the meeting in order to have an architect inspect the church. The vicar then said he withdrew his offer and would return the money to the givers, or with their consent devote it to another object.

I Will Cure You of Rheumatism. No Pay Until You Know it. After 2,000 experiments I have learned how to cure rheumatism. Not to turn bony joints into flesh again; that is impossible. But I can cure the disease always, at any stage, and forever.

I ask for no money. Simply write me a postal card and I will send you an order on your nearest druggist for six bottles of Dr. Shoop's Rheumatic Cure, for every druggist keeps it. Use it for a month, and if it does what I claim, pay your druggist \$5.50 for it. If it doesn't, I'll pay him myself.

I have no samples. Any medicine that can effect rheumatism with a few doses, must be drugged to the verge of danger. I use no such drugs. It is safe to take them. You must get the disease out of the blood.

My remedy does that, even in the most difficult, obstinate cases. No matter how impossible this seems to you, I know it, and I take the risk. I have cured tens of thousands of cases in this way, and my records show that 39 out of 40 who get those six bottles pay, and pay gladly. I have learned that people in general are honest with a physician who cures them. That is all I ask. If I fail, I don't expect a penny from you. Simply write me a postal card or letter. Let me send you an order for the medicine. Take it for a month, for it won't harm you in any way. If it cures, pay \$5.50. I leave that entirely to you. I will mail you a book that tells you how I do it.

Simply state name of your dealer, and address Dr. Shoop, Box 37 Racine, Wis.

NORTH HATLEY. March 25.—There were quite a few friends who accepted Mr. and Mrs. Geo. Cole's kind invitation to visit their summer camp yesterday, and all went away feeling that sweetness is no name for it.

Mr. James Miller, who has been spending the winter with his daughter in Montreal, has returned to town.

Master Harry Spriggings, of Waterville, is spending the Easter vacation with his grand parents, Mr. and Mrs. James Spriggings.

On account of the bad condition of the roads, making the going so difficult, there will be no service in the Universalist church next Sunday morning.

Mrs. Fred Willard, of the Valley House, has been visiting her mother at West Point, Vermont.

Mr. T. B. Reid is in Montreal, and Mr. A. J. Jackson has just returned from there.

City boarders are beginning to secure rooms here for the coming summer. Many new houses are going up, so we can say that North Hatley is still booming.

Briggs—Talk about forging ahead in the world! Just look at the case of Wordlow. A year ago he didn't have \$100 to his name; the time he began business, you know.

Shipman—And now? Briggs—Now he occupies a house that could not have cost a cent less than \$75,000.

Briggs—Yes; they call it the town alms house.

A BOY'S LIFE SAVED.

A Grateful Mother Writes About the Rescue of Her Child.

PAINE'S CERYLRY COMPOUND TRIUMPHED AFTER A PHYSICIAN'S FAILURE.

Mrs. G. Stone, of Eganville, Ont., grateful for the rescue of her little boy from death, writes as follows: "I think it my duty to inform you of what Paine's Cerylry Compound has done for my little boy. He became very ill and had the attendance of our physician, but no good results were apparent. The dangerous turns to which my boy was subject became more frequent, and always worse in winter. He would become pale as death, feet and hands icy cold, and vomiting always followed. He seemed to be powerless, and for days could not lift his head from the pillow. After trying various kinds of medicine, we decided to get Paine's Cerylry Compound for him. One bottle made him well, and since that time he has not been ill. I have every reason to believe he is permanently cured."

In face of such testimony who can deny the fact that Paine's Cerylry Compound saves life? Hundreds of such letters as Mrs. Stone's are on file for the inspection of doubters. When your children are nervous, fretful, dependent, sleepless, weak, run-down, have loss of appetite, slow circulation of blood and decreasing in weight give them Paine's Cerylry Compound for a week or two, and note well the cheering results in returning health and vigor. We strongly urge the immediate use of the great medicine for all sickly and weak boys and girls.

Among other openings that attracted the attention of the ladies was that of Miss Gauthier, Wellington street. Her display this year, as usual, is quite up to the best.

AT MISS LEE'S.
"Exquisite! Beautiful! Charming and incomparable!" are the adjectives used by every person entering the millinery room of Miss Lee.

The decorations of beautiful flowers only serve as a background to the elegant display of Easter hats and bonnets. Miss Lee has excelled herself in bringing out patterns that only a true artist mind could create, the blending of colors and undulating curves of shape in hats appealing to every person of taste. A few special patterns must be mentioned.

The "Alexandria," a queenly hat, has a wide rolled brim of white maline with crown of beautiful black lace; edge draped with white lace, with velvet ribbon interlaced; large bow of black and white velvet ribbon at the back.

The "Chrysanthemum" straw hat is in pale pink with brown velvet ribbon trimmings and handsome cream lace and gold buckles. This straw has the appearance of the flower whose name it takes, and is a perfect gem.

The "Triumph" is of cream roses, elegantly trimmed with cream lace and black velvet ribbon.

Miss Lee has this season outvalued her display of recent years which is about as high praise as can vouchsafe their clever experts and her staff.

MILWAUKEE PEOPLE

Could Hardly Believe It. A Prominent Woman Saved From Death by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I suppose a large number of people who read of my remarkable cure will hardly believe it, had I not experienced it myself. I know that I should not.

MRS. SADIE E. KOCH.

"I suffered for months with troubles peculiar to women which gradually broke down my health and my very life. I was nearly insane with pain at times, and no human skill I consulted in Milwaukee could bring me relief.

"My attention was called to Lydia E. Pinkham's Vegetable Compound; the first bottle brought relief, and the second bottle an absolute cure. I could not believe it myself, and felt sure it was only temporary, but blessed fact, I have now been well for a year, enjoy the best of health, and cannot in words express my gratitude. Sincerely yours, SADIE E. KOCH, 124 10th St., Milwaukee, Wis."—\$5000

Such unquestionable testimony proves the power of Lydia E. Pinkham's Vegetable Compound over diseases of women. Women should remember that they are privileged to consult Mrs. Pinkham, at Lynn, Mass., about their illness, entirely free.

THE NEW COURT HOUSE.

Mr. Editor.—Seeing that the Provincial Government has not contributed anything towards the construction of the intended new Court House, and that the City will have to tax the ratepayers for its construction to so large an amount, would it not be better for the City to refuse the offer of the Government, and ascertain whether the old Court House could not be repaired and enlarged so as to meet the present requirements and save the additional tax which the Government intends to impose upon us? For \$15,000 the present Court House could be enlarged and repaired and answer all the needs for a great number of years yet.
