

ATTACK MADE ON TRANSPORTS

Were Carrying Strong Detachments of Servian Troops to Attack Scutari

A TURKISH CRUISER RIDDLED VESSELS WITH SHELL AND SET TWO ON FIRE.

Cettinje, Montenegro, March 13.—(Special)—Four Servian transports conveying a strong detachment of troops to assist the Montenegrins in their siege of the fortress of Scutari, were badly riddled yesterday by shells from the Turkish cruiser Hamidieh, at San Giovanni di Medua.

Two of the transports were set on fire.

A telegram received here from San Giovanni di Medua alleged that the Hamidieh flew the Austro-Hungarian flag.

Another report doubts whether the war vessel was the Hamidieh at all, and says the cruiser resembled a vessel of the Austrian Kaiserin class.

CONDITIONAL SURRENDER.

London, March 13.—A Constantinople despatch to the Times says it is rumored that the leaders of the Committee of Union and Progress have notified the Grand Vizier that they are willing to agree to the surrender of Adrianople and to accept the Enos-Midia frontier, provided the garrison is permitted to march out with honors and the Porte firmly rejects the demand for indemnity.

ADRIANOPLE WILL FALL SOON.

London, March 13.—News from Adrianople, the invested Turkish fortress, is meagre, but despatches from Constantinople say it is believed that the end of the present week will see either the capitulation of the fortress or a desperate attempt by Shukri Pasha to break through the lines of the enemy.

The allies' reply to the powers regarding mediation is again delayed and will not be delivered before Friday, and there is little doubt that before European diplomacy can get to work on the problem Adrianople will be in possession of the allies.

QUEBEC TEMPLARS MEET IN MONTREAL

Ask For Measure to Prohibit Liquor Going Into Local Option Territory

GRAND COUNCIL TO PETITION GOVERNMENT FOR SEPARATION OF SALE OF LIQUOR

Montreal, March 13.—The Grand Council of Quebec Royal Templars of Temperance, in their twenty-fifth session, held in the Fraternal Chambers yesterday, strongly urged upon the Quebec Provincial Government the enactment of such legislation as shall effectively prevent the importation of intoxicating liquors into prohibitory or local option territory, and the sale C.O.D. or on any other terms in prohibitory territory, either to consumers or any others.

The Grand Council re-affirmed its advocacy of the principle of the entire separation of liquor from the grocery business, and also urged upon the Provincial Government the enactment of a law entirely separating the sale of liquor from any and every other commercial enterprise.

The Grand Council also re-affirmed its unalterable opposition to the principle of compensation for liquor dealers in any form or by any other concession that might tend to establish vested rights in the liquor business, or recognize its permanency or the indefinite continuance of the licensing system.

In another resolution the gathering expressed approval of the stand taken by Col. the Hon. Sam Hughes in respect to the use of liquor by the militia, and noted with satisfaction that its use is not to be sanctioned by the Minister of Militia during his term of office.

SIR ARCHIBALD DOUGLAS DEAD

QUEBEC-BORN ADMIRAL OF BRITISH NAVY POPULAR WITH FRIENDS.

London, March 13.—The Times announces that the Quebec-born admiral, Sir Archibald Douglas, G.C.B., died yesterday morning at Newham, Hants, in his 71st year. At the end of last year he underwent a serious operation, and though he had been able to do a certain amount of work, he never really recovered.

Of high professional attainments and wide experience, Sir Archibald Douglas was a diligent worker and served loyally and ably in many responsible posts. His genial and generous disposition secured for him the regard and respect of a wide circle of friends, by whom he will be sincerely mourned.

ENGLISH COMMENT ON ATTACK ON CHURCHILL

Interference With Politics of Dominion Foreign to British Opinion

NAVAL AUTHORITIES COULD NOT IN POLITENESS REFUSE REQUEST OF PREMIER BORDEN.

London, March 13.—The Daily Telegraph this morning, commenting upon the attacks that have been made upon Winston Churchill and the Admiralty document, says: "Surely there is nothing to justify such language as that used by the Hon. H.R. Emerson. They are wild words of an angry man. We deplore any suggestion that there has been interference by an imperial minister in the affairs of the Dominion. The closest examination will, we are convinced, show that the naval authorities in London, when directly questioned by an official exponent of Canadian opinion, and policy, could not in politeness refuse to show the same courtesy to Premier Borden as that which they are willing to extend to all Dominion ministers, including Sir Wilfrid Laurier himself when he was in office. The bare idea of interference with the politics of the Dominion, who received their autonomous powers from the throne voluntarily and without reserve, is entirely foreign to British opinion. We trust, with some confidence, that any feeling of soreness which may be entertained by the Canadian Liberals at the present moment will speedily be removed by a more complete knowledge of all the issues involved."

The Daily News, which favors Laurier's naval policy, says: "The moral to be drawn from the attack on Churchill is a moral familiar to our readers. We have insisted throughout the discussion in regard to the Canadian naval problem, that the first duty of this country is to avoid any appearance of dictating the lines of Canadian policy. Churchill, of course, had no intention of interference in penning his memorandum. He gave his view simply as an expression of opinion in the course of negotiations with Mr. Borden, but the reception given to it by the Opposition is a reminder of the elementary lesson which we ought to keep constantly in mind in our relations with self-governing dominions. Churchill's advice is probably sound from a naval standpoint."

The Daily Express describes the whole thing as a party manoeuvre and characterizes it as absurd. "Borden on behalf of the Canadian Government, asked advice as to the most effective means of helping the Empire's defence. The Admiralty document was the answer, and to twist it into an interference is mischievous falsification."

ONE HUNDRED YEARS OF PEACE

Plans Being Made to Commemorate Event Between British and America

WILL PURCHASE MANOR IN NORTHAMPTONSHIRE AND MAKE IT CENTRE FOR AMERICANS.

New York, March 13.—(Special)—A cable from London says, the English scheme for the commemoration of a hundred years of peace between Great Britain and America provides for a permanent memorial, and will cost a quarter of a million dollars.

Lord Shaw, who has been prominent in organizing English arrangements, will head a delegation to New York meeting at the end of April. His colleagues probably will include W. C. C. Gladstone, M. P., grand son of the Great Statesman, and Allen Baker.

It is proposed to acquire Sulgrave Manor, Northamptonshire, and make it a centre for American visitors and also to establish a university chairs of Anglo American history in London with Mr. James Bryce as first professor.

JURY RETURNED VERDICT OF GUILTY

MRS. WILLIS AND VICTOR POPEL KILLED INFANT DAUGHTER OF THE FORMER.

Winnipeg, Man., March 13.—(Special)—The jury returned a verdict of murder against Mrs. Eva Willis and Victor Popel for the death of the four months old daughter of Mrs. Willis. There was a dramatic scene when Inspector Dorin, of St. Boniface police department, took the witness stand and testified that Mrs. Willis after being warned broke down, and admitted she helped Popel slay her daughter Ethel Victoria, on the banks of the Red River.

The inspector said Mrs. Willis said she held the child's nostrils closed, while Popel shut off infant's breath by holding his hand over its mouth.

MILITANT TACTICS TO BE CONTINUED

Two Suffragette Meetings Broken up by Opponents Of Cause

BACK OF PLATFORM BESPATTERED BY EGGS AT ONE OF THE MEETINGS.

London, March 13.—The condition of Mrs. Emmeline Pankhurst, the suffragette leader, is still causing some concern. She was announced as one of the speakers at a meeting at Kensington last night, but the chairman explained that she was unable to come, although she was not seriously ill.

The speakers declared the militant tactics would be continued, Miss Brackenbury saying that if they could not get the vote by ladylike means they must get it by any means in their power.

Two suffragette meetings last night, one at Edebridge, Kent, and the other at Radlett, Herefordshire, were broken up by opponents of the cause. At Edebridge the wall behind the platform was bespattered by a fusillade of eggs. The platform was stormed and the police were called out to restore order.

The Government has served a writ on Frederick Pethick Lawrence, joint editor with his wife of the publication "Votes for Women," for the recovery of £608 (\$3,040), the unpaid balance in the conspiracy trial at Old Bailey last March. The sum of £306 was recovered by the sale of Lawrence's furniture and belongings last October.

FRIEDMANN TELLS OF HIS TREATMENT

Told Canadian Tuberculosis Association of Manner of Discovery

HAD SPENT FOURTEEN YEARS IN RESEARCH WORK—TRIED IT FIRST ON HIMSELF.

Ottawa, March 13.—Dr. Frederick F. Friedmann, of Berlin, discussed yesterday before the Canadian Association for the Prevention of Tuberculosis his treatment for tuberculosis, the manner of its discovery and the precautions he took to insure its harmlessness. He said he had spent fourteen years in research work to find a tubercule that was not toxic and virulent, and having found it, tried it first of all on himself. He discarded human tubercle bacilli, he said, after many experiments, because he feared the results were too dangerous. The end of his research came, he asserted, when he found a bacillus which originated in the cold-blooded animal—the turtle—which bacillus became a virulent and a toxic after frequent transplantation.

"When this condition was reached," he said, "I injected into myself, then into patients infected with tuberculosis, then into healthy children in tubercular surroundings. I have found the remedy invariably harmless."

Adam Beck, president of the Association, in his opening address, asked that Dr. Friedmann be given full opportunity to prove his claims. "Even if he is not successful," Mr. Beck said, "he is working along scientific lines."

TONG WAR HAS BROKEN OUT AGAIN

Fourth Murder Reported Since Outbreak Last Sunday

POLICE BELIEVE THAT TROUBLE WILL NOT BE EASILY SETTLED. MAY SPREAD THROUGH STATE.

San Francisco, March 13.—(Special)—The fourth murder in the war between the Bing Kong and Sney Sing tong, which broke out here Sunday, occurred last night, when Soo Yut, a porter, was killed by a gunman supposed to be a member of the Sney Sing tong.

The murderers escaped, but the police say they have located two of them. The police believe the tong war has gained such headway that it will not be easily settled.

Special details of police have been stationed in Chinatown, and many Chinese are leaving the city.

Quong See Ping, president of the Sney Sings, is in town, but is in hiding. It is feared the tong war will spread throughout the State.

OXFORD WON BOAT RACE

Putney, Eng., March 13.—(Special)—Oxford won the annual boat race with Cambridge on the Thames today by only a quarter of a length.

Cambridge won the toss for stations and gained the lead and held it for over half the distance, when Oxford slowly gained and nosed them out by a small margin.

HON. MR. CHURCHILL DEFENDED BY PREMIER

Duty of British Admiralty To Furnish the Information

LENGTH OF CONTINUED DEBATE ON THE NAVAL BILL HAS SMASHED ALL FURTHER RECORDS.

Ottawa, March 13.—Mr. Borden in the House of Commons yesterday afternoon defended Hon. Winston Churchill. Mr. Borden held that his duty as prime minister was to get the information from the best possible source and in pursuance of that duty he had applied to the world's greatest authority on naval matters, the British Admiralty. It was not only the right, but also the duty of Mr. Churchill to give the information asked for in a full and impartial manner, as he had done. Mr. Borden declared that neither Mr. Churchill nor any other British statesman was concerned with the domestic politics of Canada, and he himself would deprecate any interference in such domestic affairs. Whatever wrath the Opposition might desire to vent should be visited upon his (Mr. Borden's) head and not that of the First Lord of the Admiralty, and laughingly the Premier added: "I will even bear with a certain amount of philosophy and observations that they may wish to make."

The debate on the naval bill, which at midnight last night had reached a total of 180 hours, had smashed all records for continuous talking in any legislative body in an English-speaking country.

The present outlook is that the debate will continue day and night until Saturday at midnight again, with one possible break, likely to-day, when the Coderre charges will be brought up. It is not likely that there will be much debate on the charges and they will probably be referred to the committee on privileges and elections. As far as is known of the matter it is, if anything, a question for an election protest rather than for the making of charges in the House. The House is now growing quite accustomed to all night sittings and the various watches are taken as a matter of course by the members and the House employees who have readily taken into line with the new conditions.

The novelty of the situation has worn off and no longer attracts the crowds of visitors who, for the first week, continuously filled the galleries.

PROCEEDINGS QUIET.

Ottawa, March 13.—(Special)—The proceedings in the House this morning were of a quiet nature, barely a quorum being present, while spectators were few and far between.

Bertha Capps, fifteen years old, and her brother Ellis, a year younger, testified at the trial that when they were awakened by their father locking door to their rooms, they were tied to their beds and their efforts to free themselves were without result until the fire burned the ropes with which they were tied.

Capps said the house was set on fire by overturning of an oil lamp.

HEAD-ON COLLISION ON BOSTON & MAINE

Accident Occurred at Orleans, Vt., Through Mistake in Orders

BRAKEMAN SO SERIOUSLY INJURED THAT HE IS NOT EXPECTED TO LIVE.

A head-on collision occurred on the Boston & Maine Railway at Orleans, Vt., yesterday, between two freight trains.

The accident occurred through the misunderstanding of train orders. One brakeman was so seriously injured that very little hope is entertained of his recovery, while one of the engineers sustained a broken arm.

The injured brakeman was hurried to the hospital at St. Johnsbury. The rolling stock was badly broken up and considerable delay to traffic resulted.

The main line was badly blocked and passenger trains had to carry by.

The 8.45 p. m. train was three hours and a half late arriving here last night.

DR. FRIEDMANN HAS A RIVAL

Dr. Richer of Montreal Says Canadian Has Better Serum

SAYS THAT ANONYMOUS DOCTOR HAS SECURED BETTER RESULTS.

Ottawa, Ont., March 13.—Dr. F. F. Friedmann already has a rival. The German physician who claims to have discovered a serum which cures tuberculosis and who demonstrated his method in Ottawa yesterday afternoon, has had his pretensions overshadowed by those of another, though anonymous investigator, to quote the statements of Dr. A. J. Richer, of Montreal, who is attached to the sanitarium at Ste. Agathe, Que., in an address delivered at a public meeting held in the Young Men's Christian Association by the Canadian Association for the Prevention of Tuberculosis last night.

That injustice to a medical man of twenty years' experience and undoubted reputation, a man who had two years ago embarked on this particular phase of tuberculosis work and who had discovered a serum which had shown results on animals much more favorable than those of Dr. Friedmann's alleged cure and preliminary effects on the treatment of the disease in human beings which were most encouraging, he could not refrain from making these results public, though he was not in a position to disclose the name of the man who had made them possible, was Dr. Richer's statement.

Furthermore, he maintained, Dr. Friedmann's treatment was no new thing; papers embracing all its claims had been delivered last year at an international medical congress and had not aroused any furor among the medical men in attendance.

INHUMAN FATHER FOUND GUILTY

Bound Children to Bed and Than Set House on Fire

TWO ESCAPED WHEN FIRE BURNED ROPES WITH WHICH THEY WERE BOUND.

Fort Smith, Ark., March 13.—(Special)—Marion Capps, miner and former minister, was found guilty last night of burning three of his five children to death and was sentenced to be hanged.

Capps, it was charged, bound his children to an oil-soaked bed in their home in Bonanza and set fire to the building.

Bertha Capps, fifteen years old, and her brother Ellis, a year younger, testified at the trial that when they were awakened by their father locking door to their rooms, they were tied to their beds and their efforts to free themselves were without result until the fire burned the ropes with which they were tied.

Capps said the house was set on fire by overturning of an oil lamp.

REFORM OF THE HOUSE OF LORDS

Bill With This in View Will be Introduced in Commons

SECOND CHAMBER WILL CONTAIN NO VESTIGE OF HEREDITARY PRINCIPLE.

London, March 13.—During the course of the debate in the House of Commons last night, the Postmaster-General, the Right Hon. H. L. Samuel, intimated that it was the intention of the Government during the lifetime of the present Parliament to introduce a bill for the reform of the House of Lords. He said that the new Second Chamber would contain no vestige of the hereditary principle and that under no circumstances would its absolute vote be restored.

NEW CONCRETE BRIDGE.

Kirkdale, March 13.—(Special)—The Uxvorton Municipal Council contemplate building a strong concrete bridge over Elliott's brook three ft. higher than the present one which in spring freshets resembles a scow more than it does a bridge. The roadbed for ten yards on either side of the bridge will also be raised three feet. The whole to cost \$1,000, of which sum the Quebec Government pays \$500. The Council are having the stone hauled now so as to be in readiness for the work which will be commenced in the spring.

SCHOLARSHIP FOR KNOWLTON ACADEMY.

Knowlton, March 13.—(Special)—That the citizens of Knowlton are second to none in the province for their interest in things educational has been amply testified lately, when the Hon. Sydney Fisher, Hon. Justice Lynch and Mr. G. G. Lynch, K. C., have donated a scholarship to the Academy. It has been felt keenly for some time back the serious loss in the progress of the school on account of the brightest and most intellectual pupils of the Academy having to leave school, handicapped from prosecuting their studies further on account of lack of finances. The scholarship before mentioned is to be given to the pupil taking the highest marks in Grade II, Academy, 25 per cent. of which marks being counted on the examinations held from time to time throughout the year, and 75 per cent. in June.

Although this is just a beginning, those interested in the Academy are optimistically looking forward to the time when a regular series of scholarships in the different grades throughout the school will be founded. The Academy here has a prize list of which larger institutions of its kind might feel justly proud, and this added donation increases the generous rewards which the pupils of the Academy may be congratulated upon having for competition.

ST. FRANCIS DISTRICT LOCAL HAPPENINGS

Daily Reports From Correspondents Of What Is Going On.

COATCOOK.

The Ladies' Guild of St. Stephen's Church held the annual meeting on Tuesday, March 11. The annual report was read by the secretary and shows that the Guild here had, as usual, a very prosperous year. During the year a new kitchen has been built at a cost of about \$1,250, of which a little over one-half has been paid. The new kitchen has been furnished with kitchen utensils and silverware by the kindness of Mr. and Mrs. A. O. Norton and Miss Nellie Nord. A linen shower was given by the Guild and a liberal supply of table linen was donated, also tea cloths and dish towels, which makes the kitchen in every way complete. The new officers for the ensuing year are: Mrs. J. H. Cairnie, President; Mrs. Fritz Cleveland, Vice-President; and Miss Emma Lou Stevens, who was re-elected Secretary by acclamation. A vote of thanks was tendered the retiring officers, also a vote of thanks to Mr. D. Moyle for his services overseeing the work of the new kitchen. The Guild is certainly a prosperous society, each member working with the other harmoniously, which makes the work a pleasure more than an irksome duty.

LETTERS TO THE EDITOR

THE CLOSING OF MARSBORO POST OFFICE.

Editor Record,
Sir—I wish to reply to a statement which appeared in the Record March 8th, in regard to the Marsboro Post Office being closed. In reply to this the Marsboro Post Office was not closed by the Post Office Department but our late Postmaster refused to keep the office any longer and it was closed two weeks before the Rural Mail Delivery was started. The Post Office at Marsboro was certainly a great accommodation to the people on the bay ranges, especially Victoria Hill people. They are getting two lonely weekly newspapers and getting half way up the hill, and the other getting as far as the foot of the hill, and the rest is the Victoria Hill mail. One Rural Mail box would hold it all for six months.

The two ranges on the Portland Road people living there petitioned for a Post Office at Marsboro Mills and they got their Post Office opened at Marsboro Mills six or seven months before the last Dominion election, and the Post Office at Marsboro Mills is just as near to all the people on the Portland ranges as Marsboro Post Office would be and if they don't want to use it as a Post Office why did they go to such a trouble to get a Post Office.

Some have so very much to say about the very great inconvenience of the Rural Mail Delivery. Tell us what has the R.M.D. got to do with the closing of the Marsboro Post Office. The Marsboro Post Office has been closed several times when we could not have the accommodation of the R.M.D. and it has been closed this time for the same reason that it was closed at other times, simply because the Postmaster would not keep it open. If the Post Office Department were so anxious to close a Post Office, why did they not close the Echo Vale Post Office which is kept open to accommodate the Postmaster and three other families.

We should be very thankful to your Megantic correspondent if he should tell the facts as they exist. Our Rural Mail Delivery is here to stay. If the people did not want it they would not have asked for it and those that have taken advantage of the R.M.D. are well satisfied with their mail accommodation.

R. McKay.

BROMPTONVILLE COUNCIL PROCEEDINGS.

Editor Record,
Sir—Kindly permit me, as a citizen of Bromptonville, to reply to a letter you issued dated March 8th signed True Facts. I will be very brief. True Facts and a few others who are under the control of a certain party are working against the proposed street railway, Sherbrooke to Bromptonville. What we respectable citizens regret most, is the attempted slur. True Facts tries to hint at Mr. N. C. Pilcher, whose dealings with us has been honorable and above any reproach what ever. In fact he has, and is trying every way possible to assist us, to get the St. Ry. here, which when constructed will give our dying town the greatest boom it ever had. The other remarks in True Facts letter signed by ex-councillors we will not notice, as the same emanates from the defunct party of last election, for whom we have considerable sympathy, even though they were influenced against the proposed St. Ry. We hope next letter True Facts writes he will have the moral courage to sign his own legitimate name, and also will be gentleman enough in future not to criticize, in any way the good work Mr. N. C. Pilcher is doing in our behalf to get us the proposed St. Ry. We will adopt the same doubtful tactics as True Facts, by signing an improvised name, as we are replying to an anonymous letter.

Yours truly,
CITIZEN.

THE INHUMANITY OF WAR.
Editor Record,
Sir—Some time since I read an article written by "Onlooker" on the subject of capital punishment. I was pleased with that article on account of the spirit of humanity which pervaded it. Now I would like to suggest another subject for the same author to write about. It is a subject of gigantic importance to the welfare, prosperity, happiness and humanity of man toward his brother man. The subject is war, its cruelty, unchristian spirit and wasteful expenditure for an unholy cause. I would like to have "Onlooker" write upon this subject and show it up in its true light as concerns the civilized and christianized nations of the earth, the nations who by their pretensions are supposed to be following in the footsteps of Jesus Christ. It is a more important matter than capital punishment, it is murder on a gigantic scale, and every one who has a spark of humanity in their heart should raise their voice against it. Treat the subject, Mr. Onlooker, or get the job for the Old Spirit. It will try.

Spring Opening

WE invite you to inspect our Opening Displays of
. COSTUMES, WAISTS, .
NECKWEAR AND SILKS

for Spring, 1913—to take place
FRIDAY and SATURDAY, MARCH 14 and 15

As in former seasons, only exclusive importations and the very choicest domestic productions will be shown at this store.

While you can rely upon the fact that everything featured here is absolutely correct—"freaks" have not been allowed to crowd out the really good styles. We have endeavored to assemble a large and varied assortment of Fashion's most approved fancies in distinctive materials and designs that will promptly appeal to the best dressed women of Sherbrooke.

In cases where garments must be altered, it will be wise to place the order immediately, as Easter is only a little more than one week distant, and our workrooms are already becoming extremely busy.

Juby's; Misses Alma Beane, of Millington, Alta., Beane, Cherry River, guests at Mr. Alfred Bryant's over Sunday.

A few from here attended the birthday party given Miss Beane at Millington, Alta. Beane, Cherry River, more were disappointed in not being able to do so owing to the bad roads and weather.

The W.C.T.U. at the home of Mrs. Chas. Channell on Tuesday afternoon was well attended and a profitable afternoon spent. Mrs. Channell served lunch. The next meetng will be with Mrs. J. M. Bryant, April 1st.

Mrs. F. Channell visited her mother for a couple of days last week. Mrs. Vaughan is improving slowly on Saturday evening. Last the friends and neighbors of Miss Pearl Bowker to the number of about forty, gathered at the home of Mr. Alfred Bryant, the occasion being the anniversary of her birth. The evening was spent in games and social conversation. During the evening refreshments were served by the ladies, after which Mr. W. R. Ball, in a few well chosen remarks, on behalf of those present presented Miss Bowker with a purse of money containing thirteen dollars for which she thanked those present, assuring them that their kindness was much appreciated. Besides this Miss Bowker received several useful and pretty presents and at a late hour the party dispersed to their respective homes, vowing that they had spent a very pleasant evening.

The Quickest, Simplest Cough Cure Easily and Cheaply Made at Home. Saves You \$2.

This recipe makes 16 ounces of cough syrup - enough to last a family a long time. You couldn't buy as much or as good cough syrup for \$2.50. Simple as it is, it gives almost instant relief and usually stops the most obstinate cough in 24 hours. This is partly due to the fact that it is slightly laxative, stimulates the appetite and has an excellent tonic effect. It is pleasant to take - children like it. An excellent remedy, too, for whooping cough, croup, sore lungs, asthma, throat troubles, etc. Mix two cups of granulated sugar with one cup of warm water and stir for two minutes. Put 2 1/2 ounces of Pinex (fifty cents' worth) in a 4-ounce bottle, and add the Sugar Syrup. It keeps perfectly. Take a teaspoonful every one, two or three hours.

Fine is one of the oldest and best-known remedial agents for the throat membranes. Pinex is the most valuable concentrated compound of Norway white pine extract, and is rich in gualcol and all the other natural healing elements. Other preparations will not work in the formula.

The prompt results from this recipe have endeared it to thousands of housewives in the United States and Canada, which explains why the plan has been imitated often, but never successfully. The ingredients are: Pinex, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. Do not send to The Pinex Co., Toronto, Ont.

SCHOOL CHILDREN AT HIS MAJESTY'S

Nearly 400 of the school children of the city responded to the invitation of Manager Teel to attend His Majesty's yesterday afternoon to see the daylight moving pictures. They were accompanied by Principal Lockhart and several teachers, and they thoroughly enjoyed the special programme provided, frequently expressing their approval by vigorous outbursts of applause. "Lorna Doone," the great British picture play, was shown first. It consists of five reels and the thrilling incidents of love and patriotism are vividly portrayed, while the scenic effects are magnificent. The "Battle of the Long Sault," which has been secured at considerable expense, is the first Canadian made moving picture film. It represents with historical accuracy the plucky fight and subsequent massacre of Dollard des Ormeaux and his friends in May, 1600. The battle, the burning of the stockade and the other incidents are so realistic that one could almost imagine the actual scenes were being enacted. This is one of the finest things ever produced in moving pictures. The "French Army Manoeuvres" and the "Opening Bud" completed the programme. The management is ably sustaining their reputation for providing a first class show.

A CHOPIN EVENING.

A "Chopin Evening" was greatly enjoyed Tuesday by the Students Musical Club, the members showing their interest by their presence. A delightful paper on the noted composer and pianist, written by Mrs. Geo. H. Bradford was read, in the unavoidable absence of Mrs. Bradford, by the President of the Club, Mrs. W. A. Farwell. The writer gave the principal facts in the life of Frederic Francis Chopin who was of noble origin, and whose extraordinary musical abilities, were early developed. He has been called by another gifted musician the "tone poet," and perhaps this is the best description of his style that could be given. For poetic fancy, graceful, and original harmonic effects, and intense power his works are without a rival, and will never die. Chopin died at the early age of 35 years—and is buried in Pere la Chaise, Paris. The first musical number of the programme was the "Nocturne in B. Major" which was exquisitely and tastefully played by Miss Helen Lawrence, and was preceded by an analysis of the composition, written by Edward Baxter Perry, and read by Mrs. T. E. Read. The short paper was very helpful in assisting to a comprehension of the composer's meaning, especially to those members who have not been hitherto students.

Miss Edith Wilson contributed 3rd Ballade in A flat Major, which was rendered with a grace and sympathy, that won instant recognition.

The famous "Nocturne in E flat Major," (arranged for violin) was faultlessly interpreted by Mrs. J. W. Bearder, who had a cordial reception. She was accompanied by Mrs. W. Salisbury Bastow, who is also a fine musician. Mrs. Maurice Shea (Miss E. Caron) was at her charming best in the beautiful (a) "Berceuse" and b "Fantaisie—Impromptu," two of Chopin's most melodious, and singularly impressive works. A special feature of the evening was "Eliade" song cycle, (A Von Flitz) sung by Mrs. F. H. Bradley, who was never heard to better advantage. The nine descriptive songs of the "cycle," are full of pure passion, and embrace every variety of dramatic expression to which the power, and pathos of Mrs. Bradley's lovely voice was fully equal. The story told in the following songs: Silent Woe, Frauenworth, Roses, Secret Greetings, On the Shore of the Lake, Child Voices, Moonlight Night, Dreams, Anathema, Resignation, made a deep impression upon the audience, and after a moment of silence, the applause was enthusiastic. Mrs. J. R. Bangster, surmounted the difficulties of the exacting accompaniment with absolute ease, and performed her part with a perfection that added greatly to the effect of the song-cycle. Every number of the programme, was applauded liberally, but with discrimination, and the concert closed as usual with the National Anthem.

Place your moving orders early with Edwards for good service.

Miss Mildred Ames of Lennoxville gave a very pleasant "kitchen show" yesterday afternoon, in honor of Miss Florence Perry, whose marriage takes place shortly after Easter. All sorts of attractive and useful household ware in tin and wood were presented, in a large basket, to Miss Perry, with many good wishes from about twenty of her girl friends who were present. Five o'clock tea was served, Miss Ames being assisted by Miss Mamie Wiggert, Miss Irene Ross, and Miss King of Riviere du Loup. Later on, the party was joined by a number of young men, and the evening passed pleasantly, with music, refreshments, etc.

CHARGE AGAINST K. E. KENNEDY DISMISSED.

The charge laid against Mr. Kenneth E. Kennedy, mining engineer of Sherbrooke, Que., by Mr. Leo L. Leet, secretary of the Northern Explosion Syndicate, was dismissed by Judge Lafontaine, who held that there had been no theft, and that Mr. Kennedy had more right to be the custodian of the diamonds than Mr. Leet, who had only put \$200 in to the company. Judge Lafontaine, in dismissing the action said it was a matter for the civil courts. If Mr. Leet wanted his money back he would have to proceed in the usual way in all such cases.

Extraordinary Investment Announcement

The Brighton Black Fox Co. CHARLOTTETOWN, P. E. ISLAND

Authorized Capital, \$75,000 Shares, Each, \$100

Provisional Directors: FRANK R. HEARTZ, Director Canadian Bank of Commerce. EDWIN AITKEN, of Carvell Bros. LT.-COL. ARTHUR G. PEAKE, Manager Imperial Oil Co., Ltd.

During the past few years the industry of RAISING BLACK FOXES on Prince Edward Island has engaged the attention of almost the entire world, owing largely to the fact that PELTS from ISLAND BRED FOXES have brought the HIGHEST PRICES ever paid on the London market.

The phenomenal success of the Companies already formed has awakened a live interest in all financial circles, so much so that practically the whole expected output of 1913 PELTS has already been sold. Of these six pairs have been sold to a Russian Syndicate, others to a Company in Sweden; the balance being distributed throughout Canada and the United States, some as far west as British Columbia.

Options have been secured by the Provisional Directors on Five Pairs of the Best Island Bred Stock, which will be located on a Ranch at Brighton, in the centre of thirty-eight acres of land, and within the city limits, where it will have the advantage of police and fire protection—a fire hydrant being located at the entrance to the property.

Already a considerable amount of stock has been subscribed and applications will be received for \$20,000.00 now in hands of undersigned.

Estimated Profits for Six Years Starting in September, 1913, with 6 pairs of foxes, capitalized at \$75,000, selling the increase each year and adding the remainder to increase the company's holdings and allowing for a decline in prices of \$2,000 per pair each year.

Table with 6 columns: Date, No. pairs Increase, Sell, Retain, Price, Total, Profits p.c.

A total for six years of 4744 or an average of 79 cent. per year. Applications must be received by letter on or before MONDAY, MARCH 17TH.

GEO. D. MacKINNON, Sherbrooke, Que

feeling prevails in the market owing to the fact that supplies coming forward are not in excess of the requirements and stocks of cold storage eggs are now well cleaned up.

HONEY PRICES STEADY. Montreal, March 13.—The demand for honey shows no improvement owing to the fact that buyers are fairly well supplied for the present, but as the offerings are not large, prices rule steady.

EASIER POTATO MARKET. Montreal, March 13.—A heavy feeling prevails in the market for potatoes and sales in car lots of Green Mountains have been made at 67c per bag.

PROVISION MARKET DRESSED HOGS ARE SCARCE. Montreal, March 13.—The undertone to the market for dressed hogs continues strong and the prospects are that higher prices will be in order in the near future on account of the limited supplies coming forward.

MONTREAL LIVE STOCK MARKET SLOW DEMAND FOR CATTLE BUT HOG PRICES ARE MAINTAINED. Montreal, March 13.—There was a lack of demand at the East End Stock Yards yesterday for the cattle which were for the most part of the common grades with a few good loads.

Receipts of butcher cattle estimated at 600 head. Market prices firm. No choice stock offered. Good butcher steers \$7.25 to \$7.40; fair, \$6.50 to \$7; medium, \$5.90 to \$6.35; common \$5.25 to \$5.65; butcher bulls, \$3 to \$3.50; good, \$4 to \$5.50; few fat, \$5.75 to \$6.25. Butcher cows, best at \$5.50 to \$5.75; good, \$5 to \$5.25; fair, \$4.50 to \$4.75, and poor to medium, \$3 to \$4.25. Canners, \$2.25 to \$2.60.

Receipts of sheep and lambs estimated 150 head. Market firm. Old sheep, 4jc. to 42c., and lambs, 7jc. to 8c. lb.

Receipts of hogs estimated at 1300 head. Market for selects strong. Broken lots choice pigs 511; select hogs, \$10.50 to \$10.60; sows, \$8.75 to \$9, and stags, \$6 cwt., all weighed off cars.

Receipts of calves estimated at one thousand head. Market easy. Prices, \$2 to \$12 according to size and quality.

DAILY STOCK LETTER.

New York Noon Letter. The opening was lower but the market showed very little tendency during initial trading. Quite a raid was made shortly after ten but as has been the case many times before it brought on but little stock. American Beet Sugar showed great weakness selling down to 27 as against the close of 29 1/2 last night. This stock was affected by the unfavorable statement of American Sugar Co. During the second hour when it was announced that Union and South Pac. directors were in session, a rumor went round the room that the plan as originally conceived would go through and this was made an excuse for bidding stocks up, all around the lead of Union Pac. Of course did not sympathize with this rise as the putting into effect of the plan would mean an almost immediate coming on to the market of a large block of S. Pac. As a matter of fact trading has been almost entirely professional and fluctuations this morning have been without significant lower.

Sales to noon, 144,000 shares. Money, 5 p.c. Grain, fractionally weaker. Cotton, 8 points up.

Montreal Noon Letter. Trading was very dull, in fact almost stagnant at times during the early session—a fairly good undertone prevailed but dealings were featureless.

VICTORIAS HERE ON SATURDAY

Will Play Exhibition Game With Locals THESE TEAMS ALWAYS PUT UP A GOOD GAME.

Hockey fans in this city will be pleased to learn that the Victorias of Montreal, will play the Sherbrooke team here on Saturday night. Early in the season these two teams met, and Sherbrooke managed to win out. The Victorias have been looking for a chance to even up, and will be on hand full strength on Saturday night.

The local team will be practically the same as lined up against the McGill team. It is hoped the public will turn out in large numbers to help the team. The last game netted the club about \$30. "Nuff sed."

FRIENDLY GAME AT COWANSVILLE.

Cowansville, March 13.—(Special)—A very interesting hockey match was played Saturday between the dwellers of that part of the Ottawa Hotel called "Beer Alley" and the rest of the house, resulting in a win for the former by the score of 5-2.

It may be well to explain that the dwellers of "Beer Alley" are not as dangerous as the name of their corridor would imply, the name was given by way of contrast, same as Bradshaw is called "Shorty." The feature of the game was the brilliant playing of Walsh for the Ottawas and Gildea and Megan for the B.A.s. Both the latter are promising young fishermen, who are spending their first winter in Canada, but they can already play rings around many of the natives who have played all their lives.

The teams lined up as follows: B. A. Ottawas. Noel Gilbertson goal. Boynton Smith cover. Walsh forward. Nickoll Reid forward. Perry Bradshaw forward. Domingue Gildea forward. Referee—W. McCabe.

SOCCER THE 53RD. REGT. FOOTBALL CLUB.

The annual meeting will be held at the Armory, Friday night, March 14, at 8 p.m. All members and those interested in football invited to attend.

FINANCIAL OFFERING.

Local investors will have an opportunity this week to subscribe for the 7 p. c. cumulative participating preferred stock of the A. Macdonald Company Limited. The issue of \$2,100,000 has been underwritten in London, England, and it is understood that a public offering will be made simultaneously by the Dominion Bond Company, Limited, in Toronto, Montreal and Vancouver, and the Atlantic Bond Company, in St. John, N. B., and Halifax, N. S., and the London Joint Stock Bank Limited, in London, England.

There has been considerable interest in the A. Macdonald Company since the common stock was put on the market in January. This common stock has been largely traded in on the Toronto and Montreal curb and it is noteworthy that during the recent decline in the local market this stock held its own in a remarkable manner. The lowest point reached, even on the days when all stocks were suffering serious declines, was about 3 points above the issue price. It has been quite generally stated that a dividend will shortly be forthcoming on the common stock.

10 P. C. MONTHLY INSTALMENTS ON MONTREAL WELLAND LAND OFFERING.

In connection with the offering of the 7 p. c. preferred stock of the Montreal Welland Land Company with a bonus of 50 p. c. of common stock, it has been decided, owing to the present money stringency, to allow payments on stock to be made in monthly instalments of 10 p. c. in addition to instalments of 25 p. c. monthly as shown on application forms.

AMERICAN NATIONAL ANTHEM.

(Christian Science Monitor.) To open up the subject of a national anthem for the United States is to enter a region of interesting historical research and also of significant opinion. It is said that the soldiers and sailors of the United States love best "The Star Spangled Banner," for its stirring martial strains and perhaps also from the fact that it was composed at a crisis of the country's history and expresses a real burst of patriotism called forth by the exigencies of the hour. On the other hand the more peacefully inclined of the communities prefer "My Country 'Tis of Thee," just because it has no note nor word of war. To these the very fact that this is also the English and German national air makes all the more significant its use in the United States. Does it not presage the day when the brotherhood of man all round the world shall be an established fact?

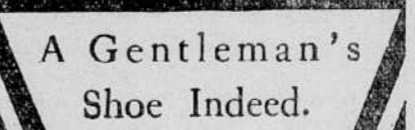

Then there are "Dixie" and "Yankee Doodle" airs which respectively, in the South of the United States and in the North have a strong hold on the hearts of the people. "Dixie" as would be connoted by its very words was not written in the South and had no patriotic or local occasion of its apt expression of the Southern's love for home. "Yankee Doodle" is an English air which was sung in American colonial days. Of all these songs many people think that except for the reference to the Pilgrims Dr.

Smith's "America" is most truly a representative of the thought of all the land at its best. The reference to the Pilgrims is perhaps justifiable in that in any true historical perspective it must be admitted that New England has done much to influence the religious and national life of the land. The compact which the Pilgrims made in the cabin of the Mayflower was a pact of pure democracy. To continue to hold in reverence the music which in the mother country also stands for the union of the people and of the English colonies all over the world, is certainly a proper tribute to the English ideal of freedom on which was laid the foundation of American liberty and union.

FIXING SEXES BY LAW. New Zealand found not long ago that the Chinese were doing a very large proportion of the laundry work and had thrown out of employment the women workers in some of the laundries. In New Zealand a laundry is a factory within the meaning of the factories act, so it occurred to a law maker that he could settle the difficulty of this Chinese competition by a neat amendment in the interpretation clause of the act above mentioned. An amendment was therefore drafted and printed and sent with the utmost seriousness and good faith to the crown law office for consideration; it contained a provision in these words: "For the purpose of this act (the factories act), a Chinaman shall be deemed to be a girl under eighteen years of age."

BANKERS: INTERNATIONAL BANK OF CANADA. Land Companies are among the best dividend payers in Canada. The Montreal Welland Land Company, which is a factory sites company solely, starts operations at a most auspicious time, as the tremendous industrial expansion of Canada is sure to attract particular attention to Welland. The Company's lands, comprising 377 acres, extend for a mile and a quarter along the Welland Canal and back to the Grand Trunk Railway lines. This offers direct shipment to all parts of Canada by both water and rail.

The Company's lands have been paid for and the proceeds of the \$300,000 of the 7 p. c. preferred stock now being issued will be used in the development of the property, in assisting manufacturers to locate on it, and also in the development of property in the city of Montreal.

This offer should appeal very particularly to small investors as it affords them an opportunity of sharing in an enterprise that will reflect to a marked degree the industrial growth of Canada. The \$300,000 of preferred stock being offered at \$95 a share pays 7.36 p. c. on the investment.

The stock carries with it a bonus of 50 p. c. of common stock, resulting in each subscriber receiving one share of a par value of \$100 for every two shares of preferred stock allotted. It is estimated that the property will sell, taken at present prices, for more than \$700,000 and with the increased value year by year, as the property is occupied and improved, the value of the remainder would be very much enhanced.

Welland is the industrial hub in the Niagara Peninsula where an unlimited amount of electric power is available and sales at competitive prices owing to the numerous companies represented there. Subscriptions may be paid in monthly instalments of 10 per cent. in addition to instalments of 25 per cent. as shown on application forms.

We would be pleased to forward application forms and special circulars giving full particulars regarding the Company and the City of Welland. Additional information may be obtained from and applications forwarded to

Your Bad Taste In The Morning Is Due to Catarrh

Destroy This Poisonous Disease Before Your Health is Seriously Injured.

Perhaps you haven't thought of calling those unpleasant symptoms that afflict your nose and throat by any particular name—but it's Catarrh just the same.

When the attack is severe, your eyes are watery and look weak. Your breath is offensive, due to inflammation in the nose and throat.

At last science has discovered a real remedy, a new scientific marvel which acts like no other Catarrh remedy on earth. "Catarrhoxone" operates on a new plan; it is a direct remedy, reaching instantly to the source of the trouble.

Its rich, fragrant essences and healing balms are breathed in vapor form through a special inhaler and give instant relief.

Catarrhoxone doesn't stop at the relief stage—it goes further—keeps on going till a cure is effected. Bad cases are cured, as you can judge from the following letter:—

"Every morning for six months last winter I awoke with a bad taste, an awful breath and stuffed-up feeling in my nostrils," writes R. B. Rutland, of Regina. "It was simply an awful case of chronic Catarrh. Relief first came from Catarrhoxone. I used that inhaler twenty times a day and took it to bed with me at night. I am cured, and by the use of Catarrhoxone stay well. Now I am free from irritable throat trouble, coughs, colds, headache, or catarrh."

No medicine on earth is so certain to cure every form of Catarrh or throat trouble as "Catarrhoxone." Get the large \$1.00 size, lasts two months and is guaranteed; medium size 50c, sample size 25c; all storekeepers and druggists or The Catarrhoxone Co., Buffalo, N.Y., and Kingston, Canada.

ACID STOMACHS ARE DANGEROUS

NINE-TENTHS OF ALL STOMACH TROUBLE SAID TO BE DUE TO ACIDITY.

A PHYSICIAN'S ADVICE ON CAUSE AND CURE.

A famous physician whose successful researches into the cause and cure of stomach and intestinal diseases have earned for him an international reputation, said in the course of a recent lecture that nearly all intestinal troubles as well as many diseases of the vital organs, were directly traceable to a deranged condition of the stomach which in turn was due to the excessive use of tea and coffee, which, by neutralizing the acidity of the food, removes the source of the trouble.

He contends that it is as foolish to treat the stomach itself as it would be for a man who stepped on a tack to rub liniment on the foot without first removing the tack.

Remove the tack and the foot will heal itself—neutralize the acid and stomach troubles will disappear. Irritating medicines and medical treatment are useless, so long as the contents of the stomach remain acid; remove the acidity and there will be no need for medicine—the inflamed lining of the stomach will then heal itself. Sufferers from acidity, sour stomach, heart burn, indigestion, a small bottle of bisulphated magnesia from their druggist, and take half a teaspoonful in a quarter of a glass of hot or cold water after meals, repeating in fifteen minutes, if necessary, this being the dose which the doctor has found most efficacious in all cases.

BUDGET OF NEWS FROM MAGOG TOWN

Investigating Committee Exonerate Chief of Police Gendron of all Charges

MAGOG CREAMERY HAD A VERY SUCCESSFUL SEASON. OFFICERS ELECTED FOR 1913.

Magog, March 13.—(Special)—The annual meeting of the patrons of the Magog Creamery was held in the creamery building for the purpose of electing officers and discussing business for the ensuing year. The past season has been a very successful one, in fact probably the most successful in its history, and the prospects are bright for the coming season which commenced so far as this factory is concerned on Monday of this week. Mr. F. H. Leavins acted in the capacity of chairman of the meeting. The following gentlemen were elected as directors: Mr. R. A. McKelvey, Cherry River; A. Johnson, Milletta; W. A. Channell, Channell; N. St. Pierre, and A. Chartier, Magog. The price for making butter remains the same as last year, viz., 2c per lb. for cream delivered by the patrons and 2½c per lb. for cream collected. Mr. A. Pelland of Knowlton was re-engaged to do the testing. The butter to be sold on the Cowansville Dairy Board as in years past. Mr. E. D. Smith was also re-appointed Secretary and salesman. The patrons agreed to stand cuts due to fruity flavor.

FELL AND BROKE KNEE CAP

Miss Harvey who for many years has made her home with her brother-in-law, Mr. Burbank, Abbott street, recently had the misfortune to fall down stairs and break her kneecap in five places. Miss Harvey is eighty-seven years old and doing as well as can be expected for one of her age.

BANK PURCHASES SITE.

It is rumored on good authority The Canadian Bank of Commerce has practically purchased the lot on Main Street owned by Mr. A. D. Martin, the lot having a frontage of about sixty feet. It is situated next to Mr. Langelier's block. It is understood it is the intention of the bank to put up a building suitable for their purposes, and a credit to both the Bank and Town.

PURCHASED BUSINESS BLOCK.

Mr. H. Chamberlin recently purchased the business block on Pine Street where he is running a grocery store, also the dwelling close by occupied by him.

TO SPEAK ON S. S. WORK.

Rev. J. G. Fulcher, Secretary of the Sunday School Union of the Province of Quebec, the successor to the Rev. E. T. Capel will address the children of the Methodist Church Sunday School in the morning and the parents and all interested in Sunday School work in the evening. There will also be a Sunday School rally in the afternoon.

IMPROVING PHONE SYSTEM.

The Bell Telephone Company's men are still busy putting up new cables, changing wires, resetting poles, etc.

EXONERATED CHIEF OF POLICE.

On Tuesday afternoon an investigation was made into several charges made against the Chief of Police relative to certain fines collected during years past which to some towns people did not seem to have been properly accounted for. At this investigation the Chief was able to make satisfactory explanations to the charges, so that at the council meeting held in the evening the Councilors passed a resolution which showed that they still had good faith in Chief Gendron and exonerated him from all blame.

WILL ATTEND MOTOR BOAT SHOW

As has been customary during the past few years a number of the local motor boat owners are planning to attend the annual Motor Boat Show which will be held in Montreal at the Arena from March 29th to April 5th which has for the past two years been devoted exclusively to the motor boat trade and will contain several new exhibits of a distinctive character.

NOTES.

Mr. Barrington of Waterloo occupied the pulpit of the Methodist Church at both services on Sunday last.

Mr. F. E. Bullard a former resident of this place, and late of Providence, R. I., has returned to Magog to take up the position as foreman of the finishing room at the Dominion Textile Co. His many friends are pleased to see him back.

Mr. Chas. Styan left Magog on Monday for Hamilton, Ont., where he has secured a position.

Mr. T. Cohoon of Sherbrooke was in town on Tuesday on business.

Mr. and Mrs. A. E. Smith and son Arnold have returned from a two weeks visit to friends and relatives in Ottawa. While there they attended several sittings of Parliament to hear the naval debate. It, however, proved rather monotonous.

Mr. J. Marshall, Sr., is laid up with a severe attack of lumbago.

Fry's THE Cocoa

FRY'S

FRY'S Cocoa—"Good For Building With"

DELICIOUS in flavor, and tempting for little folks, FRY'S Cocoa undoubtedly is. But its goodness more than matches its taste—for FRY'S is all nourishment. For instance—nearly one-fifth its bulk is albumen, and albumen is only another form of flesh. Fat, it has, in large proportion—for the making of energy. Little bodies thrive—cheeks bloom with health—when FRY'S is used regularly. Made from a selection of the world's choicest growths of cocoa beans—and by methods matchless after 200 years' experience—FRY'S has no peer amongst cocoas.

A UNIQUE BANQUET AT WATERLOO WAS HELD UNDER THE AUSPICES OF THE METHODIST CHURCH CHOR.

Waterloo, March 13.—(Special)—A very unique banquet was held on Tuesday evening in the basement of the Methodist Church, under the auspices of the choir.

It was a Shredded Wheat Banquet, and the menu was prepared by a chef sent by the Shredded Wheat Company. The weather was everything that could be desired and a large number were present to partake of the many delicacies prepared for them.

The large school room was beautifully decorated with flags and bunting. The long tables were neatly arranged, decorated with flowers and ferns being the floral decorations. Altogether the banquet hall presented a very pleasing appearance, showing a great deal of painstaking work on the part of those who had this in charge. Supper was served from six to eight o'clock and during this time the Ladies' Orchestra furnished music, which delighted all present and added a great deal to the success of the evening. The menu consisted of the greater part of the shredded wheat biscuit prepared in different ways, and it is not too much to say that everyone was agreeably surprised on partaking of the different dishes prepared.

After all had partaken of the many good things, the chairman, Mr. H.W. Palmer, proposed the health of "The King," the company rising and singing the National Anthem.

The next toast, "Canada," was proposed by Principal H. D. Wells, of Waterloo Academy, and was responded to by Mr. F. Barrington.

"The Choir" was then proposed by the Rev. E.W.S. Coates, who spoke in flattering terms of the work the choir was doing and the great help they were in the different services of the church, and showing the place music had in making the services more attractive. Mr. H. W. Palmer, president of the choir, responded in a few words, thanking those present for their interest in and support of the choir.

"The Shredded Wheat Biscuit Company" was proposed by Mr. Henry Bird in a few well chosen words and was responded to by Rev. Mr. Coates after which the audience dispersed.

NEW LAWS TO DEAL WITH SUFRAGETTES.

London, March 13.—New laws to enable the British Government to deal more adequately with suffragette outrages are under contemplation by the Government. An announcement to this effect was made in the House of Commons yesterday by Premier Asquith.

Tell How That Corn Was Ended

You millions whose corns have been ended by Blue-jay—won't you please tell others?

Tell how the pain stopped instantly. Tell how the whole corn, in 48 hours, came out.

You suffered no pain, no discomfort whatever. Tell these facts to others.

For millions of others are still pining corns. Or they still use old-time treatments. And the same corns continue, sometimes for years.

The facts, when we tell them, seem too good to be true. Yet every corn in existence could be ended this week if all folks knew Blue-jay as you do.

Help us let them know.

A in the picture is the soft B & B wax. It loosens the corn.
B stops the pain and keeps the wax from spreading.
C wraps around the toe. It is narrowed to be comfortable.
D is rubber adhesive to fasten the plaster on.

CITY NEWS

Mrs. Alex G. Lomas has returned from a visit to Mrs. J. A. Pillow in Montreal.

Mr. Robert Neilson of the Bell Telephone Company was in Montreal yesterday.

A special meeting for all members of No. 6 A. S. C. will be held at the armory on Saturday night at 8 o'clock.

The death occurred this morning of Mrs. T. D. Parsons, wife of the late A. Parsons, of Martinville, at the home of her daughter, Mrs. Merrill, North Hatley.

The Sherbrooke Fruit Co. has outgrown its old premises and removed its place of business to the store formerly occupied by Messrs. French and Rice, 25 King Street.

Mr. and Mrs. James Lowe left last evening for Island Pond and Colebrook, called by the death of Mr. William Ellis, brother of Mrs. Lowe. Mr. Ellis had been ill but a few days of pneumonia. He is survived by his wife and was about 43 years of age.

CURLING SUPPER TO-NIGHT. The annual meeting of the Sherbrooke Curling Club will be held this evening. At 6.30 the members will sit down to a "Beef and Greens" supper. Every member is invited to attend.

LAST LENTEN LECTURE. Canon Shreve's last Lenten lecture on the History of the Church, last evening, began at the reign of James II. Several interesting pictures were thrown on the screen, illustrative of the taking to the Tower and the trial of the seven bishops who had presented a formal petition asking that James' declaration as to freedom of religion should not be read in their churches, men of the deepest loyalty and sincerity, who although they had been imprisoned by James, refused to take the oath of allegiance to William and Mary, while James was still living. It was during the reign of William and Mary that the Puritans of Scotland were granted the position of the Established Church of Scotland, by the time known as the Presbyterian Church. The reign of Queen Anne Dr. Shreve only spoke of briefly, and of the fund connected with her name, spoken of as Queen Anne's Bounty. During the days when Rome was dominant in England every bishop was obliged to give the "first fruits" of his income, the first year's salary, to Rome. Henry VIII. took this for himself, and this was done by every succeeding sovereign until Queen Anne, who thought it should be the property of the Church. So it has passed into the hands of the commission set up for the purpose. This fund Queen Anne gave back for the simple reason that she did not think it belonged to her. The clergy in England do not get one penny from the State. In Queen Anne's time the Society for the Propagation of the Gospel, which was formed by Bray and some others after visiting this continent in 1700 and finding what opportunities there were in a new country to extend the work and influence of the Church.

The picture of the little church at Epworth, where John and Charles Wesley were baptized and confirmed, was interesting because of the career of these two men. While a student at Oxford John Wesley was horrified at the irreligion of the students and succeeded in forming a society which was called "The Holy Club." John Wesley belonged to what was the "High Church" party of the day. He was so devout and attended so strictly to the services and feasts, or "method" of the Church, that he was called in derision a "Methodist." He took orders, but as he was a Fellow of Oxford was obliged to live there, and later on he spent his time going from place to place, preaching and exhorting. Four years after his death his entire body of followers, the Methodists, left the English Church and with their piety and fervor were a lost indeed. During the reigns of the first, second and third Georges, and William IV., the church was dead, and then there came what is known as the Catholic Revival, brought about by the influence of John Keble, author of "The Christian Year." Henry Newman, Edward Manning, Robert Wilberforce and Dr. Pusey, who started this great movement to get back the doctrines and ideas of the early Church. The first meeting of this "Catholic Revival Club" was held at Oriole College, Oxford, and much was done to counteract the deadening effect of the Hanoverian regime, though in using this term the reign of our good Queen Victoria was naturally not included. In her great reign the Church has flourished both in England and through the known world.

In concluding, Canon Shreve spoke of the Lambeth Conference, held every ten years, showing a slide of the first conference, which was attended by 76 bishops, at the second 209,

CASE ARISING OUT OF SALE OF PROPERTY

La Banque National vs J. D. Kennedy, Sherbrooke

PLAINTIFF CLAIMS IMMOVABLES WERE SOLD TO ESCAPE A JUDGMENT.

A term of the Superior Court opened this morning, Mr. Justice Globovsky presiding. The first case heard was that of La Banque Nationale vs. J. D. Kennedy.

The case arose out of the sale by Mr. J. D. Kennedy of all his property, moveable and immovable, to his cousin, Mr. Angus Kennedy, of Montreal. La Banque Nationale has a judgment against Mr. J. D. Kennedy, and is endeavoring to annul the sale.

The first witness called was Mr. Angus Kennedy, the purchaser of the property. He told of taking it over for \$10,500. He was closely questioned by Mr. Firmin Campbell, attorney for the plaintiff, as to the conditions surrounding the sale. Witness paid, according to his evidence, \$2,000 down on one occasion, and \$1,500 later. He bought the property because Mr. J. D. Kennedy went to him and said he wanted money to pay his creditors. Witness came out from Montreal, looked the property over, and then bought.

DEFENDANT A WITNESS.

Mr. J. D. Kennedy was the next witness called. On June 25th, 1911, he considered he owed La Banque Nationale nothing. He admitted that the Bank had a mortgage of about \$2,000 on his property, but claimed that the Bank was protected by security. He also admitted having been sued by the Bank for \$9,900, but contested the suit. Witness pleaded that the note held by the Bank was secured by about 49,000 shares of stock in the Gas and Oil Company. The defendant then said that he went to his cousin and asked him to buy the property so he could pay up all his debts. With the proceeds realized he paid up what he owed.

VALUE OF PROPERTY. Mr. T. T. Delisle was then called. He gave as his opinion that the property in question was worth about \$10,500.

Mr. F. J. Griffith, secretary-treasurer of the Corporation of the City, swore that the properties in question are still entered on the valuation roll of the city in the name of J. D. Kennedy.

PAID BACK LOAN. Mr. B. Cohen was called by Mr. Tracy, attorney for Mr. Kennedy. He swore that the defendant in the case had paid him back the sum of \$200, the amount of an accommodation loan.

DEFENDANT EXAMINED. He next called Mr. J. D. Kennedy himself. The total mortgage on the property was \$8,445 at the time it was sold. Angus Kennedy gave him \$2,500 in cash and two notes of \$500 each. The purchaser then went to the bank and signed a bond of \$1,000 as security so as to enable witness to discount notes, which was necessary in the insurance business. He ordered the bank to sell the stock they had as security against his note. The bank did not do this, and as a result he lost \$15,000. He has paid rent on the property since he sold. He paid out every cent he got from Angus Kennedy to pay his creditors.

The Court adjourned until 2 o'clock.

CONNAUGHT'S WEDDING ANNIVERSARY. Ottawa, March 13.—(Special)—His Royal Highness, the Governor General of Canada, and the Duchess of Connaught, to-day entered upon their thirty-fifth year of married life. Their wedding took place in St. George's Chapel, Windsor, March 13, 1879. The Duke was then 29 years of age and the bride was nineteen. The Duchess before her marriage was Princess Louise of Prussia, daughter of Prince Frederick Charles, one of the most illustrious commanders of the Prussian Army.

EXECUTED FOR STORING OPIUM. Chengtu, Province of Szechuen, China, March 13.—Two merchants were executed here for secretly storing opium. Four officers were killed at Kienchow by the militia while they were attempting to force the farmers to destroy their poppy crops.

MARRIAGES. LEITH-HENDERSON. Adderley, March 13.—(Special)—On Tuesday afternoon, March 11th, St. Luke's Church was the scene of a very pretty wedding when Miss Nellie Henderson, second daughter of Mr. James Henderson, became the bride of Mr. Raymond Leith, of Inverness. The Rev. Mr. Dickson officiated. To the strains of the wedding march, played by Mrs. (Rev.) Dickson, the bridal party entered the church, which was nicely decorated for the occasion. The bride, who was given away by her father, was becomingly attired in a navy blue travelling suit with hat to match trimmed with white, also white veil. She was attended by her sister, Miss Annie Henderson, who also wore blue. Mr. Willie Cruikshanks escorted the groom. After the ceremony the happy couple left amidst showers of rice, confetti and good wishes, for the home of the bride's father, where a reception was held.

and there are now 315, and the English Church in Canada has shown a gratifying increase of 51 per cent. during this last year.

This is the last lecture as next Monday night a lecture will be given by the Rev. Canon Kittson, of Christ Church Cathedral, Ottawa, on "The Passion Play of Oberammergau." Special mention was made by Dr. Shreve of Mr. Anderson who had taken charge of the slides at all the lectures.

"THE CLUB" OF LONDON. The most arrogantly named of London clubs is "The Club," founded close on 150 years ago. Goldsmith, Burke, Johnson and Sir Joshua Reynolds being among the eight original members. Garrick and Boswell joined in 1773, and Gibbon and Fox in 1774. Since 1789 "The Club" has comprised thirty-five members, five below the maximum allowed by the rules. Politics play no part in the election of its members, all of whom are eminent men. Gladstone and Salisbury used to meet at "The Club" dinners, as Mr. Balfour and Lord Roseberry do now. Lord Acton, who was also a member of "The Club," had an amusing reference to it in one of his letters to Mrs. Drew: "I sometimes dine at a self-satisfied place that calls itself 'The Club.' Good men belong to it, but stay away; Lowe, that he may not meet—whom he dislikes sober, and detests drunk; the Prime Minister, because he too much appreciates the sweetness of home! others, for other futile reasons. The group that continues faithful and carries on the traditions of Johnson and Garrick's consequently small."—London Chronicle.

was enacted that "speeches addressed to the Legislative Council by his excellency the governor, and bills introduced into the Council specially affecting the Maoris, shall be translated into the Maori language."—London Chronicle.

PROHIBITION IN SWEDEN. Stockholm, March 13.—The temperance movement is making strides in Sweden. Both houses of the Riksdag passed the bill forbidding the sale of wine, beer or liquors at the Riksdag restaurant after January, 1914.

In spite of the fact that the majority of the Riksdag has not yet declared in favor of prohibition, this decision is considered significant of the great progress of the temperance movement, and will forecast the introduction of full prohibition in the near future.

The Crown Prince and Princess are temperance advocates.

GERMAN WAR-LORD'S HYMN TO SEA-GOD. The German Emperor's naval war song, which is commonly thought in Germany to be directed against Great Britain, has lately been translated into English as follows. It is entitled a "Song to Aegir," the old Norse sea-god.

Hail! Aegir, lord of billows, Whom Nick and Nix obey, To thee in morn's red drawing The host of heroes may. We lead to dread encounters, Sea-lod our surf and strand, Through storms and crags and breakers, Into our foeman's land. Should water-spirits threaten Or if our bucklers fall Before thy lightning glances, Make thou our foeman quail. As Frithjof on Ellida Crossed safely o'er the sea, On this, our Dragon, shield us, Thy sons, who call on thee. When hauberks rings on hauberks In battle's furious chase, And when the dread Valkyrie Our stricken foes embrace, Then may our song go sounding, Like storm of waves, With dash of swords and bucklers, Thou, mighty lord, to thee.

Waterloo, March 13.—(Special)—The regular quarterly meeting of the County Council of Shefford County was held here yesterday. The following mayors were present: Messrs. George LeVine, Township of North Stukely; Octave Pessier, east part of Township of North Stukely; D. Brin, Township of Roxton; E. Bernard, Township of Granby; J. M. Davidson, North Ely; J. Dupont, Township of Ely; Calixte Lefebvre, east part of Township of Ely; N. Lavoie, St. Cecile de Milton; T. Goyette, St. Marie de Milton; Nap. Dion, St. Alphonse de Granby; Wm. Cote, St. Prudentienne; C. E. Carter, St. Joachim; H. E. Marcoux, West Shefford; L. Geoffrion, Lawrenceville; A. Picard, Village of St. Prudentienne.

It was moved by Mayor Cote and seconded by Mayor Brin, that Mayor Joseph Dupont, of the Township of Ely, be warden for the ensuing year. This was carried unanimously.

The delegates appointed were Warden Dupont and Mayor F. Goyette and D. Cote; secretary, Hon. Mr. de Varennes; assistant, Mr. J. A. Terias; auditor, Mr. L. J. Jodin.

The report of the financial statement for the past year was presented and adopted.

Councillors Bernard and Lavoie were appointed to close the deal with the village of Granby for the sale of the stone crusher and roller belonging to the County of Shefford.

The process verbal of Mr. J. H. Marcoux, special superintendent, concerning a certain road on the division line between the 10th and 11th ranges of Shefford was read and laid over until the next regular meeting for consideration.

LARGE SUM FOR RAILWAYS.
Berlin, March 13.—The immense amount of \$135,630,000 will be spent by the Prussian Government for railway purposes if the Diet passes in its entirety the Bill introduced yesterday by the Government authorizing loans of that amount.

JUDGMENTS IN CASES AT SWEETSBURG

Granby Corporation Held Responsible For Value of Hay

ACTION ARISING OUT OF HORSE TRADE AT WATERLOO DISMISSED.

Sweetsburg, March 13.—(Special)—At a meeting of the creditors of Ulric Hebert, of Roxton Falls, and which was held here yesterday, Mr. W. H. Masse was appointed Curator, with the following inspectors: H. Messier, of Roxton Falls; Charles Labonte, representing the Canada Bank of Commerce there; and A. E. Lavoie, of Montreal, representing the St. Lawrence Flour Mills Co.

A HORSE CASE.
The last case tried here, before the Superior Court, was about a horse swap, between two young sports who met at the last Waterloo Fair, in September last, and undertook to show their knowledge of horse flesh.

One young man from Roxton Pond, thought he had been too badly beaten, by getting a mare which had the heaves and was balky, and for which he had given a horse which was big in appearance, but was peculiarly shod. It turned out that there was a reason for that, the horse having a cancer in the foot. To sum up the whole thing, it might be said that both horses were worth very little.

At the same time Justice had to decide between them. That explains why, last Friday, in the midst of the worst storm of the season, about a dozen witnesses from all over the county of Shefford travelled to Sweetsburg, to pass a good part of the day in disentangling the difficulty.

After the lawyers had done their bit, the officers of the County had been kept busy. The Judge took a short cut to come to a result, and from the Bench dismissed the action, both parties paying their own costs.

The side judges of the village thought they were witnessing another session of Solomon's sittings, when they had just come to see a scrape between horse jockeys. They went away satisfied that they had never before witnessed an afternoon of stormy weather.

CHOINIÈRE VS. THE CORPORATION OF THE VILLAGE OF GRANBY.
The action was for a small amount, \$20, but involved several important principles. It arose out of the loss of a load of hay, which was hauled along Main Street, in the Village of Granby, and which caught fire from some heaps of leaves and refuse which were being burned alongside the street by some citizens. There was no particular proof that this particular fire was burned by employees of the Corporation, as was their wont; even there exists a by-law which forbids to make any fires in the streets or the squares within the municipality.

In this particular instance, this load had just been weighed in the Corporation yard, on the public scales, and was but a short distance from the Town Hall when it was so burned. The officers of the Corporation carried away the rack of the wagon which was badly damaged, and finally disposed of it to a third party.

Although the owner of the hay did not make a claim during his lifetime, his heirs did so within two years of the accident. The regular prescription is one or two years, and the six months' prescription invoked by the Corporation defendant does not apply to it, but to certain town municipalities. On the whole, plaintiffs are entitled to judgment, which, accordingly, goes in their favor.

RUITER VS. SINGER MANUFACTURING CO.
The action arose out of the seizure of a shoemaker's sewing machine, made and taken by a land lord of a house in the Village of Cowansville, for the security, and payment of his rent. The Singer Sewing Machine Company opposed this seizure on the ground that it owned this machine which had only been rented to the tenant in question by a written contract. The Plaintiff answered that no notice had been given him of the fact, but the Company replied that there was no necessity, because this machine was exempt from seizure, the tenant being a shoemaker and although he had gone and left the country abruptly, the Company had a right, and invoked the tenant's own rights. The opposition was dismissed and the seizure maintained on divers grounds. No notice had been given the said Plaintiff; the tenant, one Woodman, was not a regular shoemaker, but worked at that trade only at times of leisure, he earning his livelihood otherwise; moreover, he is not working at this trade at all at the present time, having gone definitely and forever; and lastly, the right of exemption was a personal one, which could not be exercised by any one else but the tenant.

WORLD WIRELESS RECORD?
Key West, Fla., March 13.—Captain Hayden, commandant of the Key West Naval Station, has received a letter from Cairo, Egypt, stating that the Lloyds wireless operators in that city had on numerous occasions copied messages sent from the Key West Station. It is claimed this breaks all wireless records, the distance involved being more than 7,000 statute miles or more than 500 miles farther than a former world's record.

FINED THREE TIMES IN FOUR DAYS.
Quebec, March 13.—For the third time in four days Edward Lapointe, proprietor of the King Edward Hotel, was fined \$100 yesterday. The first time was on the charge of keeping a disorderly house, the second for selling liquor without a license, the third for keeping large quantities of liquor on his premises in violation of the law.

SHERBROOKE COUNTY COUNCIL QUARTERLY

Mr. W.W. Paige, Compton Village, The New Warden

FIRST MEETING SINCE THE ELECTION OF NEW COUNCIL.

The quarterly meeting of the Sherbrooke County Council was held yesterday, at which were present the following mayors of the different municipalities: W. W. Paige, Compton Village; M. St. Marie, Compton Township; Fred Mos, Orford; Dr. Colquhoun, Waterville; James O'Connor, Ascot; P. Verpaalst, St. Elie D'Orford; Oliva Desruisseau, Ascot Corner; Arthur T. Spied, Lennoxville. As this was the first meeting since the new Council came in, election of officers took place for the ensuing year, resulting as follows: Mr. W. W. Paige, Compton Village, Warden; Messrs. James O'Connor, Ascot and Oliva Desruisseau, Ascot Corner, County Delegates; Auditor, Mr. E. Hargrave.

The audit of the past year was read and accepted. Several accounts were ordered paid, and the county delegates appointed a committee to examine Black Brook. Mr. Arbery appeared, and complained of the condition of the brook, and the delegates were instructed to inspect same, and make a report at the next meeting.

LAKE MEGANTIC COUNTY COUNCIL

Mayor Audet of Gayhurst Was Re-Elected Warden of the County

OTHER OFFICIALS WERE APPOINTED FOR THE ENSUING YEAR BY THE COUNCIL.

Lake Megantic, March 13.—(Special)—At a meeting of the Lake Megantic County Council held at the town of Megantic, there were present Mr. Octave Audet, mayor of the municipality of the township of Gayhurst; Arthur Fortier, mayor of North Whittown; Emmanuel Boudreau, mayor of South Marston; Jean Marie Galbrant, mayor of the parish of St. Augustin of Woburn; Alfred Leblanc, mayor of the parish of St. Hubert of Spaulding; Joseph Marceau, mayor of North Winslow; Joseph Blais, mayor of the united townships of Mitchell and Spaulding, forming a quorum under the presidency of Warden Octave Audet.

After the adoption of the minutes of the last meeting, Warden Octave Audet was re-elected for another term.

Messrs. Emmanuel Boudreau and Arthur Fortier were appointed delegates. Mr. J. E. Marcoux, accountant, of the town of Megantic, was appointed auditor for the said corporation, and D. L. Lippe, notary, was re-engaged as secretary-treasurer. After the transaction of routine business and the acceptance of a few accounts the meeting was adjourned.

SCENERY OF THE EASTERN TOWNSHIP

TOO MUCH CANNOT BE SAID OF THE BEAUTY SPOTS IN THIS SECTION OF THE PROVINCE.

Farnham, March 13.—(Special)—There certainly is a great emergency as regards the demand for cars. Many farmers are ordering for one to ten carloads of manure from the stock yards in Montreal.

Since the heavy fall of snow wood, which was in great demand, is coming in in large quantities. Grain, corn and all kinds of feed is in great demand and good veal is scarce, showing that the farmers are decided to raise all good calves. Good horses are in great demand and very high prices are being paid in spite of all the automobile shows in Montreal and elsewhere.

Good farms are in great demand and high prices are being offered. In fact at last the Eastern Township people are awakening to the fact that that very large proportion of the mining and other profits of the West are pouring back to the East and not only that the agricultural possibilities here are unexploited by any country in the world.

How little we hear about the scenery of the Townships! Let any one interested take a trip from Montreal to St. Johns, follow the north side of the Richelieu river, cross at Lacolle, through Clarenceville, around Lake Champlain to Phillipsburg, follow the boundary line through St. Armand West, Pigeon Hill, Frelighsburg, around through Dunham Pond to Cowansville, Sweetsburg, Knowlton, then around Magog Lake to Stanstead, Compton and by way of Lennoxville to Sherbrooke, and what will the answer be? In the summer months no more beautiful excursion could be made.
