

## FURTHER ATTACKS AGAINST ITALIAN LINES REPULSED WITH SERIOUS CASUALTIES

### Italians Are Tenaciously Holding Austrians Back—German Attempts In Verdun Region Meet With No Success—British Carry Out Successful Operations In Egypt—German Steamers Are Sunk In Baltic

The Italians in southern Tyrol are now tenaciously holding back the Austrians from further inroads into their positions. In the Ledro valley, south-west of Trent, and in the Lagarina valley, to the south of the city, the Austrians, after heavy artillery preparation, threw vicious attacks against the Italian lines, but all of them were repulsed with heavy casualties, according to Rome.

Five attacks were made on Zegnartora, the same number as were made Wednesday and again all of them were stopped with sanguinary losses.

In the Adamello zone to the west of Trent, where previous gains have been made by the Italians, King Victor Emmanuel's men have occupied additional territory in the Sahca river region, and in the Monfalcone region, near the head of the Gulf of Trieste, have recaptured trenches taken from them by the Austrians last Monday.

Another ineffectual attempt has been made by the Germans against the French positions in the Avocourt wood and on Hill 304, to the north-west of Verdun. Paris reports that a strong attack here was put down by the French guns and that the Germans appear to have suffered serious losses.

On the remainder of the front in France and Belgium, aside from an unsuccessful German infantry attack against the Belgians north of Steenstraete, there have only been bombardments.

The British in Egypt have carried out a successful manoeuvre against the Turks and tribesmen at Bayoud and Mageibra, putting them to flight and destroying the camp at Bayoud.

Austrian aeroplanes have bombed Avlona, Albania, the only seaport on the eastern Adriatic remaining in the hands of the Entente Allies. That Avlona probably is well fortified against an infantry attack is indicated by the statement of the Austro-Hungarian Admiralty that the raiding aircraft were heavily shelled.

Three German steamers have been sunk in the Baltic Sea by Entente Allied submarines—two by the Russians and one by the British. A British fishing smack arriving at Lowestoft reports having been shelled by a German submarine, one member of the crew being killed and two injured.

#### TUBANTIA INQUIRY INCONCLUSIVE.

The Hague, via London, May 18—The Dutch Naval Department tonight issued the following communication:

"The findings of the Dutch torpedo expert Canters in Berlin regarding the sinking of the steamer Tubantia have not led to any conclusive result. After an examination of the pieces of metal found in the Tubantia's boat the German Admiralty acknowledges that these formed part of a torpedo belonging to a German submarine. But the submarine commander has declared that this torpedo was not fired at the Tubantia, March 16, but at a British warship, March 6, missing its target. The government intends to press for a deeper inquiry."

#### ORDERS AT VERDUN.

Paris, May 18—Premier Briand, in the Chamber of Deputies today, asking for a postponement of certain interpellations, amongst them one regarding the defences of Verdun and another concerning the censorship, took occasion to challenge the chamber to a vote of confidence.

"At a moment when we can cherish the best of hopes," he said, "confidence between parliament and the government should be deep, real and fraternal. Solidarity is essential. If parliament cannot give its confidence, let it say so and the government will retire. If ever a government had need of standing proudly before the world it is that of France in all her greatness."

The interpellations were postponed.

#### OPERATIONS IN EGYPT.

London, May 18—The following official communication concerning the operations in Egypt was made public tonight:

"The general officer commanding in chief in Egypt reports a successful enterprise against the enemy at Bayoud and Mageibra, which was carried out by a column of Australian and New Zealand mounted troops May 16. The enemy made no resistance and fled at once, pursued by us. The very great heat and the bad going over the deep sand made it impossible for the pursuit to be carried very far.

"Thirty-six camels, a quantity of Turkish ammunition and one Turkish soldier were captured at Bayoud, and the enemy camp there was entirely destroyed."

#### MORE MONEY FROM BRITAIN.

London, May 18, 1.57 a.m.—It is generally believed that the vote of credit which Premier Asquith will ask from Parliament next Tuesday will be for £300,000,000. This will be the eleventh vote since the beginning of the war and will bring the total thus granted up to £2,382,000,000.

The last previous vote, granted on Feb. 21, it was estimated, would carry on the war to the end of May.

LLOYD GEORGE WILL TAKE IMPORTANT PART IN IT—ASQUITH TO COMFER WITH CARSON AND REDMOND.

## PRESIDENT WILSON TO SPEAK BEFORE LEAGUE OF PEACE

POSSIBILITY OF CESSATION OF WAR GAINS AN ADDED IMPETUS.

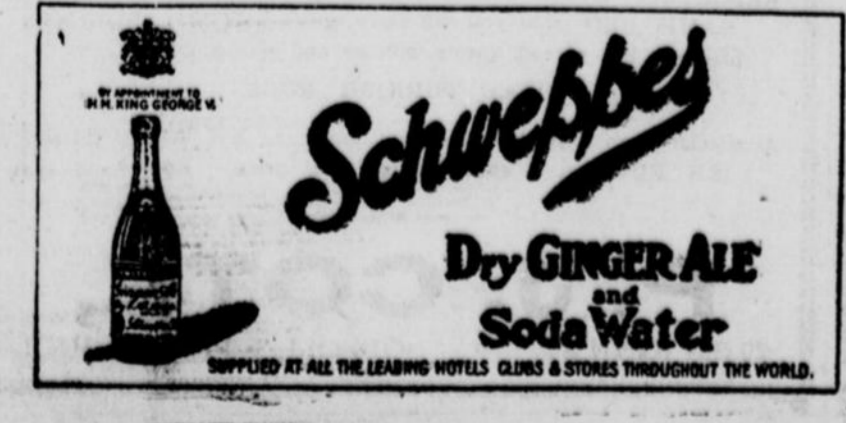

Washington, May 18—Discussion of the possibility of an early restoration of peace in Europe and of plans to prevent war in the future was given added impetus among diplomats and officials here today by an announcement at the White House that President Wilson had accepted an invitation to speak either Friday or Saturday of next week before a meeting of the League to Enforce Peace, of which former President Taft is president.

Since the outbreak of the European war the President has refused many invitations to speak before peace organizations, but recently he advocated some of the things for which the League to Enforce Peace is working, including the formation of a league of nations with a common police force to maintain peace, and the establishment of an international court of justice.

While no details of what the President will say in his address next week were disclosed, it is understood, he will make a statement on the subject of peace calculated to attract deep interest in European capitals. The address will be carefully thought out in advance, since the President fully realizes the significance of anything he may say on the subject at present.

Mr. Wilson is known to be giving deep consideration to the possibility of bringing about peace, and to have made a collection of every authoritative statement on the subject made by any responsible official in the belligerent nations since the outbreak of the war. While officials realize that much of the peace discussion may be propaganda, aimed to fill the responsibility for continuing the war, they nevertheless believe it is entirely possible the time is rapidly approaching when peace proposals may be welcomed by all the belligerents.

## LIBERAL WORRIES VERY MANIFEST

GRITS VERY SHAKY ABOUT QUEBEC WEST AND QUEBEC CENTRE.

The worries of the Liberal party in this city are bluntly admitted in the columns of the Government organs, and it is plain to see that behind all their bluster they feel very shaky about Quebec West and Quebec Centre, both of which will give large majorities to the Conservative candidates.

Yesterday one of these hiring subsidized papers told its readers that the discontented element in the Liberal party would not fill much space. This was a dainty compliment to Messrs. Fergus Murphy and Arthur Fitzpatrick, and yet the writer in another paragraph states that these gentlemen who are not even "space fillers," were to be speakers at a Liberal meeting last night.

It is also rumored that one of the many disgruntled would-be candidates was despatched on a fishing trip, as it was feared that his influence in the division of Quebec West would altogether scatter the almost forlorn hope of the Government nominee.

Another mixed metaphor admission in the same paper shows just what desperate straits the Liberal candidate is in at the present time. Stating that "a drowning man will grasp the last straw," the writer hastens to apply the proverb to his own man by adding that business will be carried on day and night at the Central Committee Rooms.

When the organizers have not even time to snatch a few hours' sleep, it is very plain that they are up against it hard, and it must be all the harder for them to have their own costly reptile press announcing it broadcast to the public.

MANY AMERICANS FIGHT FOR CANADA

QUESTION OF PATRIOTIC FUND APPLICATION IS UNDER CONSIDERATION.

Toronto, May 18.—"There are 6,000 men in the Canadian expeditionary force who have come from the United States and that number is going to be increased, and additional provision will have to be made for aid for the families of the American born soldiers resident in the United States," said Sir Herbert Ames.

"According to the constitution of the Canadian Patriotic Fund, we are unable to expend any money outside Canada and Newfoundland, branches have already been formed in a number of American cities.

"We are taking steps to find out from the Militia Department the number of families of soldiers who live in the United States, in order to direct our efforts in the formation of American auxiliaries."

B. N. A. BANK MAN KILLED IN ACTION.

London, Ont., May 18.—Word has been received here by Manager Pierson of the market branch of the Bank of British North America, that Lieut. H. Ormsby Boyd, 23 years old, formerly of the bank's staff in London, was killed in action May 12th, on the Tigris river in Mesopotamia. Lieut. Boyd enlisted in this city with the Nova Scotia Highlanders in the fall of 1914, being drafted into a British regiment for the Far Eastern field many months ago.

EXAMPLE FOR QUEBEC.

Toronto, May 18.—Notification was today received from the Secretary of State of Michigan approving of what Ontario proposed in reciprocity in automobile licenses, and, according to a statement by the Hon. Finally McDiarmid, the new system is likely to come into effect for that state on May 25. It will take some days to make arrangements with the customs officers at Walkerville, Sarnia and other points regarding permits.

A NEW CANADIAN PATRIOTIC SONG

"CANADA, OUR CANADA," INSPIRING BALLAD SUNG BY MISS BERTHA BARNES.

"Canada, Our Canada," is the title of a new Canadian patriotic song, with the words by Henry Chadwick and the music by Henry Dellafield, and dedicated to the Canadian Club, Boston.

The song was especially written for and sung by Miss Bertha Barnes, mezzo contralto, and has made a great hit.

The words are as follows:

"Canada, Our Canada."

England, we have caught the message Flashed to us from o'er the sea, Of the Titan struggle telling, That has hid the skies from thee; Telling how 'tine ancient spirit Springs anew into the light, There to stand with every nation That will tread thy path of right, Shall we aid our King and Mother, While their bugles cry of war? Yea! thy regiments make answer—Canada, Our Canada!

Chorus:

Now, Hurrah, the old Dominion Soldiers brave, Hurrah, Hurrah! England's daughter stands for England—Canada, Our Canada!

Rise, ye western sons of England! Put all selfishness behind, Place thy treasure on the altar; Heed the ties of blood that bind, While the thunder of the battle Loudly rolls 'mid lightning gleams, Lift our hearts to God above us! Peace will bless with softer beams, Shall we share this heavy harness? Shall we feel the brand of war? Yea, thy sons have bared their shoulders, Canada, Our Canada!

Chorus:

Now, Hurrah, the old Dominion Soldiers brave, Hurrah, Hurrah! England's daughter stands for England—Canada, Our Canada!

Pray the darker skies may brighten And the fields now torn by strife May be till'd by sturdy freemen Singing loud the joy of life; Singing praise to future ages When all men shall sheathe the sword, And all battle-lust be banished By the power of the Word! Shall we haste that glorious dawning When all nations cease to war? Yea! thy sons and daughters answer, Canada, Our Canada!

Chorus:

Now, Hurrah, the old Dominion Soldiers brave, Hurrah, Hurrah! England's daughter stands for England—Canada, Our Canada!

Large Crowds Witness Views of "Britain Prepared"

(Continued from Page Three.)

were given salvos of applause. The scenes depicting the work of the British Navy called for tremendous applause and the views are without doubt the most excellent ones in naval photography which have ever been shown here.

Admiral Sir John Jellicoe and pet bulldog, was given a hearty round of applause as he walked down the deck of the flagship the Iron Duke. The

construction of this battleship is marvellous and at a distance she does not look any larger than a submarine, her decks are built so close to the water-line.

The firing of the broadsides from the H. M. S. Queen Elizabeth was most realistic, the flashes from her big guns being easily distinguishable through the smoke. The work of the cruisers, destroyers, submarines, etc., were followed with much interest by the crowded hall and when the last scene, a monster British ship with her mighty guns overlooking the sea, while the sun sinks in the west and the captain "all's well" written before it, was shown, the spectators could

not restrain their enthusiasm and heartily applauded the views which they lauded in no uncertain fashion as they wended their way out of the theatre.

The "Chronicle" is well pleased with the success of the first day's representation and it is to be hoped that no one will miss seeing the pictures which will be shown again this afternoon and evening and tomorrow performances begin at 8.15 P.M. and the show lasts two hours exactly.

Through the kindness of Sir Wm. Price, the balcony was reserved for the boys in khaki and some fifty returned wounded men, the R. C. G. A. band and many members of the 171st were present last evening.

FEDERAL PARLIAMENT PROROGUED YESTERDAY

THERE WAS LITTLE FUSS OR CEREMONY—NO LAST MINUTE FLURRY IN SENATE—REPORT OF THE PENSIONS COMMITTEE.

(Special to Chronicle)

Ottawa, May 18.—Parliament prorogued at 4:30 this afternoon. It did so with little fuss or ceremony. Sir Charles Fitzpatrick, as Deputy Governor-General officiating in the absence of H.R.H. The Duke of Connaught, absent in Montreal. There was no last minute flurry in the Senate as has been the case at the close of the two preceding sessions, the upper chamber having finished its work last night. The Commons had also disposed of practically every item on the sessional programme which was fated to receive consideration, and put in its time until the hour of prorogation discussing the report of the pensions committee and hearing a number of suggestions for economy in government printing from the Committee which has considered that matter. Both reports were accepted. That of the pensions committee, which suggests an upward revision in the rates to be paid in the lower ranks, has not been embodied in legislation this session for the reason that it is desired to allow the pensions board which the government will appoint shortly to apply the test of practical experience first.

Hon. J. D. Hazen then moved that the report of the special committee on pensions be approved. On the suggestion of Hon. Wm. Pugsley that no money could be appropriated by the house except on the recommendation of the Governor-General. He changed the motion to read that the report, "Be commended to the consideration of the Government." Mr. Hazen said that the Committee, which was formed of members from both sides of the house, had dealt only with the question of pensions for men enlisted in the expeditionary force. The recommendation that the awarding of pensions be entrusted to a board of three men appointed for ten years was intended to take the subject out of the range of political intrigue or influence. For the same reason the Committee had suggested that there should be no appeal from the decisions of the board save that a dissatisfied applicant might have his case reviewed by the whole board. Pensions under the scheme proposed were not to be assigned, commuted or anticipated.

Mr. Hazen said that the old scale of pensions had been amended and a very substantial increase had been recommended for the lower ranks of the service, from Privates to Lieutenants. Above the rank of Lieutenant the scale remained unchanged except that an additional \$10 was provided for Captains. It had been

felt that the rate of pensions for men in the higher ranks was rather high but it was also held that it would not be fair to the men who had enlisted when the old scale was in force to make reductions. Mr. Hazen said there had been much discussion in the Committee as to whether or not a distinction should be made in the rates of pensions for unmarried and married men. The majority had held, however, that the single soldiers had the right to marry on his return home and should be provided for accordingly.

Address to Senate.

Ottawa, May 18.—The fifth regular session of the twelfth parliament of Canada was prorogued at 4:30 o'clock this afternoon by Sir Charles Fitzpatrick, Chief Justice of the Supreme Court, who in the absence of His Royal Highness the Duke of Connaught, read the following Speech from the Throne in the Senate chamber:

Honourable Gentlemen of the Senate: Gentlemen of the House of Commons:

In this crisis of our national life your attention has been directed to affairs of supreme importance, and it is with gratitude that I recall the care and devotion with which you have considered and approved all necessary measures for effective prosecution of the war. Our Empire, with unexampled singleness of purpose, is defending not only its own integrity and institutions but also the rights of mankind. It is my sincere conviction that your efforts will materially aid in the achievement of that unquestioned victory for which we shall not cease to strive until it is attained.

The struggle, still proceeding in many widespread theatres, have recently become more intense on the western front, where for more than a year the Dominion troops have been engaged. The Canadian army corps has been entrusted with an important position, and the people of the Dominion justly cherish a calm confidence that it will fully maintain the honourable and distinguished record already established by the first division.

Throughout our country the response to the urgency of the Empire's need has been unflinching and unaccustomed burdens have been accepted with an unflinching spirit. Nearly 170,000 troops have gone overseas and more than 140,000 are undergoing training in Canada. To supply the needed reinforcements men have offered themselves in even greater numbers during the first four months

MR. L'ESPERANCE SERIOUSLY ILL

WAS TAKEN TO HOSPITAL AT MONTREAL ON ARRIVAL FROM OTTAWA.

(Special to Chronicle)

Montreal, May 18.—Coming down from Ottawa this evening Mr. D. O. L'Esperance, Federal Member for Montmagny felt indisposed and was obliged to stop in Montreal where he was taken to hospital on arrival. Doctors will call and are now attending him while a Medical examination will take place tomorrow morning. His friends hope that his case is not a serious one and that he will be able to leave for home in a few days.

of this year than in any similar period during the war.

I am convinced that the important measures which you have taken for the economic well-being of the Dominion will meet the needs of the situation and will be attended with marked advantage to the public interest.

The magnificent crops harvested during the past season have materially assisted in maintaining the stability of our national fabric. You will rejoice to learn that the vastly increased volume of Canada's exports is still maintained and that the general prosperity of the country has not been perceptibly diminished by the war.

In dealing with national problems of railway development you have made provisions by which present needs will be met. Steps will be taken by my advisers without delay to insure an effective inquiry into the conditions by which those problems are surrounded and the most efficient methods by which they can be solved.

The provision for supplementing, with such aid as required from the Federal power, the operation of provincial legislation restricting the sale or use of intoxicating liquors, is in accordance with the marked advances of public opinion to which the provincial enactments are due.

I deplore with you the partial destruction of the historic building in which the deliberations of parliament have been held since the foundation of this Dominion. It is anticipated that in its restoration the distinctive features of its architecture will be provided.

Gentlemen of the House of Commons:

I thank you on behalf of His Majesty for the liberal provision which you have made for the public needs and for the increasing demands of the war.

Honourable Gentlemen of the Senate:

Gentlemen of the House of Commons:

It is my privilege now to relieve you for the present from your arduous labours; and I do so with an ever-growing confidence that, notwithstanding any temporary reverse, victory will crown our high cause; with a fervent prayer also and a humble faith that out of this time of trial and suffering our country will assuredly advance to a greater and nobler future.

To be sure you really do get Boswell's examine the cork or crown—whichever way the bottle is stopped, the stopper must bear the name "Boswell."

FIRE IN SHOE STORE. The shoe store belonging to Mr. J. Edmond Drolet, at 363 St. John street was badly gutted by fire which broke out shortly after 6 o'clock last evening. The fire originated from some unknown cause in the rear of the store and had gained considerable headway before it was discovered. The firemen were forced to pour a considerable quantity of water on the blaze before it was extinguished. A large portion of the stock in the store which escaped the fire was damaged by smoke or water.

BRITAIN MUST BUILD ON HER OWN STRENGTH

INTERESTING DISCUSSION ON FINANCE AS IT WILL BE AFTER THE WAR.

London, May 18.—An interesting discussion on finance after the war was raised in the House of Commons today by William A. S. Hewins, the Unionist member for Hartford, a representative of the tariff interest. Mr. Hewins pointed out the tremendous growth of direct as compared with indirect taxation and warned the country against under-estimating Germany's economic strength. He urged that it was an imperative necessity for the government to state its attitude toward the economic conference in Paris and take steps in the direction of trade preference within the Empire and a preferential arrangement with the Allies.

J. Austen Chamberlain, Secretary for India, in replying made a significant speech which seemed to foreshadow some kind of an economic agreement among the different parties in the House of Commons. Like Mr. Hewins, he warned the House that it would be unwise to count upon the rapid economic exhaustion of Germany and declared that it would be much better for Great Britain to build on her own strength than on Germany's weakness.

Great Britain's tremendous financial resources as compared with Germany's were worth remarking, however, added Mr. Chamberlain, as was the fact that Great Britain seemed to be bearing the burden without undue strain, as was proved by the buoyant taxation returns. The nation was using up its capital, however, for war purposes, while neutral countries, through large profits made at the expense of the belligerents, were accumulating resources to compete with this nation after the war.

How far the opposing political parties could agree upon a common after-the-war policy was an interesting question.

"We have made an immense advance towards an agreement," he said, "and at a time like this I would not like to consider myself bound to the exact principles advocated before the war."

Mr. Chamberlain invited the House to bring fresh minds to the fresh problems arising and to consider these without prejudice. He declared it would be a much greater thing to secure a comparatively imperfect system which would form the basis of a national and Imperial policy to be developed afterwards. It would not be good for any sound system of tariff duties that there should be created a series of preposterous duties which were intended to be and were in effect absolutely prohibitive, he asserted.

Mr. Chamberlain said that he could make no statement about the Paris conference except that Great Britain's representatives would go unbound by any school of economic thought.

DAMAGES FOR COLLISION

London, May 18.—The British Admiralty has agreed to pay \$13,000 damages to the owners of the American schooner Edward B. Winslow, damaged in collision with the British auxiliary cruiser Caronia off Fire Island, on the American coast, on April 14, 1915.

INTERMENT CAMP RIOTS EXAGGERATED.

Toronto, May 18.—Brigadier-General Logie, who has been investigating the outbreak of interned aliens at Kapuskasing camp, returned to Toronto this afternoon, and stated that the reports of the riot had been exaggerated. He stated that only four men had been wounded, and their wounds were comparatively slight. The camp is now quiet.

CROPS GOING AHEAD.

Calgary, May 18.—Reports from the province during the last week are to the effect that the crops are coming along splendidly. Along the Alberta-Saskatchewan border line there is wheat five or six inches high, and favorable reports have been received from the MacLeod and Alderside branch lines.

GERMAN STEAMERS SUNK IN BALTIC

ONE WAS SHELLED FOR TWENTY MINUTES—CREWS ARE RESCUED.

London, May 18.—The sinking of two German steamships by a submarine, believed to be a Russian, is reported in a Reuter despatch from Stockholm. The steamships were the Kolga, Hamburg for Stockholm, and the Blanca.

The steamships were torpedoed yesterday afternoon off the Swedish Island of Landsort, in the Baltic. The Kolga was attacked at 3 p.m. being shelled by the submarine for twenty minutes. Two members of the crew were slightly injured. The Blanca was then torpedoed and sunk. Thirteen of the crew were picked up by a Swedish steamer. Four others, including the captain and second mate, are missing.

Half an hour later the Blanca was shelled and then torpedoed. The attack occurred in the same vicinity as that on the Kolga. The captain was taken prisoner. Two members of the crew were injured slightly. They and the other members of the crew were picked up by the vessel which rescued the men from the Kolga.

The Kolga, 2,384 tons gross and 360 feet long, was built in 1903 and owned in Lubek.

The Blanca was owned in Hamburg. Her gross tonnage was 1,951. She was built in 1907 and was 226 feet long.

British Subs Busy.

London, May 18.—A large number of British submarines are operating in the eastern and southern portions of the Baltic Sea which is now ice free, says a despatch to the Exchange Telegraph Company from Copenhagen. It was one of these submarines which sank the German steamer Hera, the despatch adds.

Last fall British submarines which made their way into the Baltic through the Skagerrack and Cattegat carried on an energetic campaign against shipping between Scandinavian and German ports through Baltic waters. In especial they appear to have worked havoc with the ore trade between Scandinavia and Germany, sinking a number of ore vessels and according to some reports virtually paralyzing this traffic for weeks because of the peril to shipping due to the known presence of the hostile undersea craft.

Special despatches from Scandinavian sources to British newspapers in mid-October declared that German commercial traffic had virtually been cleared from the Baltic by the British submarine activity, one list printed containing the names of twenty German ships sunk during October. German accounts, however, denied that there was any such stoppage of traffic as was claimed in British sources, citing the movement of hundreds of ships from various Baltic ports during the period of submarine operations in those waters. In an effort to prevent the entry of more submarines, Germany, according to reports, laid additional mines to blockade the narrow entrance to the Baltic and placed obstructions to trap incoming craft.

The coming of winter put an end to the British activity in these waters.

LARGE CROWDS WITNESS VIEWS OF "BRITAIN PREPARED"

AUDITORIUM HELD PACKED HOUSES AT TWO REPRESENTATIONS YESTERDAY—LIEUT.-GOVERNOR LEBLANC MADE SPLENDID SPEECH—TWO DAYS MORE.

Two large and enthusiastic audiences greeted the first day representation of the famous motion pictures "Britain Prepared," at the Auditorium yesterday, and to say that they were pleased is putting it mildly. The stirring pictures just made the spectators bubble with patriotism and as the scene showing the inspection of a division of troops by King George was depicted on the screen, showing thousands of Britain's trained soldiers marching past the saluting base the applause was long and continued. In fact, the audiences were most patriotic and the views are just the ones calculated to touch the heart of anyone who loves his country.

At last evening's presentation, every orchestra seat was sold and the audience comprised nearly all the prominent people of the city of Quebec. His Honor, Lieut.-Governor Leblanc and Madame Leblanc lent their distinguished patronage to the event and during the course of the show, His Honor gave a most eloquent and forceful address on the part played by our country in the war. Madame Leblanc was the recipient of handsome bouquet of flowers.

The Lieut.-Governor gave a brilliant address and a splendid defence of Britain's attitude in the present war. He stated that there had been accusations made by mis-informed persons that England preferred to let others fight her battles for her. This he would show was utterly absurd. He spoke of the work of the British navy which would go down in history as the real protector of nations from a policy of aggression of military caste. But though England's navy has kept the ships of Germany bottled up in the Kiel canal since the outbreak of the war, she has done more than that. Forced to keep a small standing army for the safety of her own country from invasion, she has organized her land forces to such an extent that it will be but a short time when she will be recognized as one of the greatest military forces in the world.

"I need not tell you of what England is doing. I will let another voice tell you, the voice of France," the speaker then quoted distinguished French statesmen and writers, showing the enormous amount of work done by England in the present war. England had been totally unprepared. France with her conscript army was not altogether unready, but England was faced with a task the enormity of which has not even as yet been realized. Even had she all the men necessary, of what use are men without the arms and munitions. Yet she organized her munition workers, placed a great man at the head of her army—Lord Kitchener, and by degrees attained remarkable efficiency in this direction.

Today England is a great land power, she has lots of men, and they are being given the proper training. It is useless to send men to the front unless they have been coached in the work which they are expected to do. But England is training men, and when Germany feels the weight, the full weight of Britain, as a military power, she will realize that her cause is a hopeless one.

Britain never professed to rival the great nations of Europe on land. Her policy was based on the theory that her commerce, her soil, her very life, were securely guarded by her fleet. She maintained a relatively small army, which could be used as a strike

force and launched swiftly at an enemy. In its absence her navy would protect her shores and behind this rampart were her militia and her reservists.

It is well to think of this when we are tempted to compare her efforts with those of her allies and her enemies. She has had to improvise what they possessed readily-made. She has had to organize war industries and to recruit, train, equip and transport armies on a scale never dreamed of before this war broke out. She has had to learn as she went along. There have been blunders and much confusion, turmoil and discord. Under her free institutions, these disorders have not been hidden and they have been perhaps, exaggerated self-depreciation. But Britain at last is a great military power and is about to exert her full strength on land as she has exerted it on sea from the beginning. Before the war ends she may be the greatest. France, Germany and Austria have been putting forth their maximum effort while Britain because of her unpreparedness has been collecting her might, but Britain is now prepared, and we look with confidence to the future.

His Honor was given a big ovation at the conclusion of his masterly defence of Britain's work in the present crisis.

The pictures are masterpieces of animated photography and from the first to the last they held the interest of the crowded houses. They prove without the last shadow of a doubt that though Britain may not have been prepared when war broke out, she has been able to make up for lost time and no one, unless they have actually been in England or witnessed these pictures can realize how thoroughly she has accomplished her task.

The pictures have the sanction and patronage of King George and Queen Mary and Their Royal Highnesses the Duke and Duchess of Connaught also lent their patronage to their exhibition in Canada. They are not merely great because of their photographic perfection, but they have a message to convey to everyone who is a loyal subject of Great Britain. They depict men who were happy in their everyday callings, leaving families and dear ones to don the uniform of a soldier or a sailor to go and fight the battles for the freedom of the world and the liberty of ideals. And they do not only show what the men are doing, for most of the men are gone to the front or are in France, but they show what the women of Britain are doing to help in the great cause. The audience at last night's representation could not prevent exclamations of wonder when the vast munitions plants were screened showing thousands of women working in the manufacture of shells and other munitions. It is Britain militant which is presented in these views and no one should miss seeing them. In fact, it is almost the duty of loyal Canadians to witness them for they will then be in a position to put down once and for all accusations from certain quarters that Britain is a nation which depends on her colonies for her fighting men and then claims all the credit.

During the representation, slides of Generals Turner, Watson, Dobell, Bursall and Johnson were shown and the photos of these gallant officers

THE PRESIDENTIAL ELECTION

Never before perhaps, up to within a few months of the date of a Presidential election in the United States, has it been so utterly impossible, as it is today, to form any idea of either the personality or the politics of the next President, or even of the probable nominees of the respective political parties.

THE ONCE GREAT LIBERAL PARTY.

The Frederick Gleaner says:— Sir Wilfrid Laurier having informally tendered his resignation as leader of the Liberals the caucus of the party held yesterday took up the question of a successor.

If Mr. Lemieux is acceptable to the Nationalists, with whom the Liberals have recently made a compact, he may finally be called to succeed Sir Wilfrid as leader of the Liberal party, but for the present things will have to remain as they are.

HEARTS AND FACES.

Hearts and Faces is the story of a young Scotch artist, and as the ambition of the hero's life is to reveal the heart in the portraits he paints, the title is no misnomer.

Of all the characters in the book, perhaps the most lovable is that of Nathaniel Reid, a rough old artist with the kindest of hearts, who acts as guide, philosopher and friend to young George.

"I saw one of your paintings in Glasgow last year, and I knew ye would come into your own."

"Man, I wish ye were here to see the sunsets from my window—ye ken I'm bedridden whiles. Ah, but it's the heartache that's the worst of all, the feeling that the beauty of the world's all slipping away—and will then heaven be half as fair."

"The beauty of the world is surely worth the pain—the tenderness of dawn, the blaze of day, the cool and luminous eve, then deep blue night."

such innocent merriment. The author, John Murray Gibbon, lives in Montreal, and the book is published in Canada by S. B. Gundy of Toronto.

PRESS COMMENT.

It is not surprising that cables carry stories of spectacular efforts by the kaiser to bring about peace, or an armistice. The role the kaiser has adopted to meet the exigencies of his controversy with the United States demands such a move as this.

The Hearst newspapers, which are still coming into Canada from more than one American city, have of late become more effective, anti-British and pro-German than usual.

## CIVIC EMPLOYEE IS REINSTATED

MARKET COMMITTEE HAS OVERRIDDEN ACTION TAKEN BY CHAIRMAN BOIS.

A strong protest was voiced at the meeting of the Market Committee last night by Ald. Martin against the action taken by Ald. Bois, Chairman of the Committee, in dismissing Mr. E. Bedard, who was in charge of the weighing scales at the Palais Hay Market.

Ald. Martin expressed surprise that Chairman Bois was not present at the meeting as he had met him shortly before coming to the City Hall. He criticized Ald. Bois' action in dismissing the employee in question without having previously brought the matter to the attention of the Committee, and for having installed his own (Ald. Bois') son in the place of the discharged employee and at \$15 a week, which was \$3 more than the position paid previous to the change.

A petition signed by the principal coal merchants of the city, was then read expressing entire satisfaction in Mr. E. Bedard, the dismissed employee.

Mayor Lavigueur explained that Ald. Bois had brought the matter to his attention by telephone. Ald. Bois had stated that Bedard had made several errors and that he had found him intoxicated on duty and had in consequence dismissed him.

Ald. Martin said that he had absolute proof that Bedard had never been intoxicated while on duty, and that on the day when he was dismissed he had not been able to get home to dinner and had gone into a saloon to have a glass of beer.

The members of the Committee did not see any harm in a man having a glass of refreshments, and Ald. Bourret moved that Bedard be reinstated.

Ald. Gauvin urged that no action be taken by the committee until Ald. Bois was present to give his side of the story, but Ald. Bourret insisted on a vote and the motion was carried on the following division.

For—Aldermen Glode, Plamondon, Bourret, Pettigrew and Paquet, (Jacques Cartier)—5.

Against—Ald. Gauvin—1.

### Protest Against Abattoir.

A delegation composed of several taxpayers of Limoilou Ward in that section known as Domaine Latreux on Charlesbourg road appeared before the Committee to support a petition which was set in to protest against the layout of the proposed Quebec Abattoir in Limoilou Ward. They pointed to Montreal and said that foul odors caused by the abattoir there had ruined a splendid residential section and that the Company would only consent to move in consideration of two million dollars in indemnification from the City of Montreal. They cautioned the city against the same thing being repeated here and urged action now before it was too late.

After hearing the suggestion of the delegation relative to altering the plans of the proposed Abattoir in Limoilou Ward, the committee promised the delegates to submit them to the management of the new company and endeavor to have them adopted.

### DEATH OF MR. E. H. SEWELL.

The news of the death of Mr. Edward Hamilton Sewell, of Sherbrooke, will be received by many citizens of this city with sincere regret.

The late Mr. Sewell was connected with the C.P.R., at Sherbrooke for some years. He had been ill for some time and went to Bermuda for the benefit of his health, returning about a month ago to Sherbrooke.

The late Mr. Sewell was a son of the late Edward L. Sewell, a former well-known lumber merchant of this city. He was also a nephew of the late Dr. Colin Sewell.

To mourn his loss he leaves a widow, nee Miss Ross, of Loretteville; his mother, Mrs. E. L. Sewell; two sisters, Mrs. Pangman, of St. Louis, Mo., and Miss Justine Sewell. He was a nephew of Mrs. G. B. S. Young and Mrs. E. D. Meredith, of this city.

### A Smooth, Hairless Skin for Every Woman

(The Modern Beauty.)

With the aid of a plain delatone paste it is an easy matter to rid the skin of unsightly hairy growths. The paste is made by mixing some water with powdered delatone. This is applied to the hairs not wanted and after 2 or 3 minutes rubbed off and the skin washed, when every trace of hair will have vanished. When you go to your druggist for delatone, be sure you get the genuine article.

## CLOSE SHOE SHINE PARLORS ON SUNDAY

BY-LAW COMMITTEE ACTS ON PETITION FROM TWELVE EMPLOYEES.

A petition signed by twelve employees of local Shoe Shine Parlors asking that all such stands in the city be obliged to close on Sundays was considered by the Police and By-law Committee last night which was presided over by Ald. Gauvin.

Ald. Verret favored the petition and remarked that it was disgraceful to see bootblacks working on Sunday.

"It is also disgraceful to see dirty shoes," commented Ald. Martin.

Ald. Pettigrew said that there were other stores that remained open on Sundays and sold all kinds of things. They should be forced to close as well as the shoe shine parlors.

Ald. Verret moved that the Sunday closing by-law be enforced with regard to Shoe Shine Parlors, and that it take effect on June 1st.

The committee divided even, the vote being 3 to 3, and Chairman Gauvin voted for the motion with the understanding that the by-law would not be enforced in large hotels.

The vote was as follows:—  
For—Aldermen Verret, Plamondon, Pettigrew.

Against—Aldermen Glode, Martin and Bourret.

### Daylight Saving.

The Committee considered the resolution passed by the Board of Trade relative to the "daylight saving" system as adopted in other Canadian and American cities.

Mayor Lavigueur and Ald. Martin spoke in favor of the project remarking that it had been in force for some time in the principal cities of Europe and had also been successfully applied in the West as well as in the Maritime Provinces.

The question will be further studied at the next meeting of the Committee.

Ald. Bertrand was named expert to examine the tenders for boots for the policemen and to report to the Committee.

## ESSAY CONTEST PRIZES AWARDED

DISTRIBUTION IS MADE BY MAYOR LAVIGUEUR—NAMES OF WINNERS.

The essay competition entertainment in Morrin College yesterday afternoon under the auspices of the Women's Branch S.P.C.A. was attended by quite a number of ladies and gentlemen interested in the work of the society as well as many of the parents and friends of the pupils. In the absence of Hon. P. E. LeBlanc, Lieutenant-Governor, and Mde. LeBlanc, the prizes were presented by His Worship Mayor Lavigueur. Mde. Lavigueur also attended. ## A MILLION DOLLAR ROMANCE

DELIGHTFUL COMEDY STAGED AT COLUMBUS HALL LAST NIGHT.

A delightful performance was given last night at Columbus Hall when the St. Agnes and St. Patrick's Dramatic Clubs, under the direction of Miss Emily Brady, president S.A.A., played the comedy entitled "A Million Dollar Romance".

The hall was crowded and a handsome sum was realized, which will be donated to the funds of the new St. Patrick's Church.

The comedy throughout kept the audience in roars of laughter. Each of the performers deserve great praise for the manner in which they had studied their parts.

The "Artistic gems of ancient and modern dancing" which was one of the features of the first part of the programme deserved the hearty applause received, as also did Mrs. S. Grogan's song "I Love Thee".

The programme was as follows:—

### Part I

1.—Overture—Selected . . . Orchestra.

2.—Some artistic gems of ancient and modern dancing by some of our most graceful dancers.

### Ladies.

Miss Jessie Brady, Miss May Swindell, Miss May Derouin, Miss Vera Henchey.

### Gents.

The Empire Theatre, of course.

### GOOD CONCERT AT THE Y.M.C.A.

### RETURNED SOLDIERS ARE MUCH PLEASED WITH THE SPLENDID PROGRAM.

A splendid program was given at the Y.M.C.A. Hall on Thursday evening, when a concert was held for the returned soldiers who recently arrived in the city from overseas. They appreciated the concert immensely and applauded each item very heartily. Fine solos were rendered by Mrs. W. J. B. Fraser, Mrs. Paxman, and Sergt. Mills, Sergt. Craig, Corp. McDonald, Lance-Corpl. Bowmar, Pte. Ross, and Pte. Beaumont. Very appropriate readings were given by Cpl. Duffy, Mr. Wm. McLaren and Sergt. Whiteackre. Another very popular item was the Scottish dancing of Ma's ter Prentice. Bandsman Cerne de the 57th, rendered a fine cernet solo.

Mr. G. B. Ramsay, chairman of the special military committee, made a first-class chairman, and kept the program moving to the final item, which was refreshments, served by the Ladies' Auxiliary of the Y.M.C.A.

The musical part of the program was very well looked after, the artists acting as accompanists being Mrs. W. J. B. Fraser, Mrs. A. E. Pfeiffer, and Miss Kennedy.

Just to show how much the boys who are going to the front, think of those who have returned, was demonstrated when one of the 57th Battalion men handed out cigarettes to all the men present, wishing them all the best of luck when they arrived at their several homes.

These concerts are a feature that the Y.M.C.A. military committee is spending much time and energy on, and they deserve great credit for the splendid entertainment they are providing for both the returned soldiers, and also those in training in the city.

### The Empire Theatre, opposite the City Hall, is exhibiting a strong drama and lively comedy, an all around good programme. Come and be convinced.

## QUALITY ECONOMY

### Maintenance Cost Of Pavements

Mr. F. W. Sarr, Deputy State Highway Commissioner of New York, in his paper, "The Cost of Maintaining New York State's Highways," read at the Good Roads Congress, Montreal, March 7th, gave the following statistics of the average expenditure for maintenance, repairing and reconstruction per mile, per year for each of seven types of roads.

	Per mile
Concrete	\$129.00
Bituminous Macadam, Mixing Method	181.00
Block Pavement	190.00
Bituminous Macadam, Penetration Method	510.00
Gravel Road	950.00
Concrete Bituminous	1050.00
Water-Bound Macadam	1055.00

These figures show how your road money may be invested in permanent improvements instead of being spent in temporary improvements and expensive repairs.

Every citizen who is interested in better roads should have a copy of our free book "Concrete Roads." It tells the complete story of the "Best Road."

National League.

Yesterday's Results.

Eight Straight for the Giants.

St. Louis, May 18.—New York made it eight straight by shutting out St. Louis 3 to 0 today. Benton pitched a great game, not a local getting past second.

The score:— R. H. E. New York . . . 002 100 000—3 8 2 St. Louis . . . 000 000 000—0 6 3 Benton and Rariden; Ames and Snyder.

Timely Hitting Won for Cubs.

Chicago, May 18.—Doubles by Zimmerman and a timely single in the tenth inning by Williams gave Chicago another win over Brooklyn today 4 to 3. The Cubs solved Rucker's slow curve in the sixth. Seaton pitched a great game for Chicago.

The score:— R. H. E. Brooklyn . . . 210 000 000—3 6 1 Chicago . . . 009 102 000 1—4 11 3 Rucker, Cheney and Miller; Pierce, Seaton and Archer.

Phillies Shut Out Pittsburgh.

Pittsburgh, May 18.—Philadelphia defeated Pittsburgh 3 to 0 here today. Grover Alexander allowing the locals only four hits. The Phillies scored two runs in the fourth inning on three hits and another in the eighth on Alexander's single and Byrne's triple.

The score:— R. H. E. Philadelphia . . . 000 200 010—3 2 0 Pittsburgh . . . 000 000 000—0 4 0 Alexander and Killifer; Kautleher and Gibson, Wilson.

Cincinnati Breaks its Losing Streak.

Cincinnati, O., May 18.—Cincinnati broke its long losing streak here today by defeating Boston 3 to 2. The visitors took the lead in the first inning, when Evers was passed and scored on singles by Collins and Konetchy. In the fourth inning Herzog was given a base on balls and Killifer sent the ball into the right-field fence for a home run. Boston tied it up in the fifth on singles by Reulbach, Maranville and Collins. The locals put the winning tally over the plate in the seventh on Groh's single, Neale's sacrifice and Chase's single.

The score:— R. H. E. Boston . . . 100 010 000—2 9 1 Cincinnati . . . 000 200 100—3 7 0 Reulbach and Gowdy; Schneider and Wingo.

FOOTBALL LEAGUE ADOPTS SCHEDULE

FIRST GAMES WILL BE PLAYED ON JUNE 3RD—SEASON CLOSES, AUGUST 19TH.

The schedule of the Quebec and District Football league for the season 1916 was drawn up at a meeting of the league held in the Victoria Hotel under the presidency of Mr. H. F. Mills last evening.

Lt. Bond, C.E., Vice-president of the league was also present and Secretary Slater was on the job as usual with his little book. The clubs were represented as follows:—

Montmorency, F. Warner, Jas. McDonnell, Frontenac United, Dave Law and F. Norris, R.C.E., Lt. Bennett and Corp. Hormann and 8th R.R. by Corps. Barrett and Horlock.

The Frontenac team will play its games at the Falls until such time as others are secured. H. Slater will not play football this season but will act on the board of referees.

Several interesting discussions took place concerning the signing up of players and their registration before the league. The cases of Maguire and Mason made a little trouble, though Maguire was let go by the Frontenac to Montmorency as the player wished to play with the Falls team. Mason's case will be settled amicably it is expected.

The Schedule was then presented by President Mills and adopted by the league. All games will be played on the grounds of the first named club—the schedule:—

Sporting Notes

Sabourin will give Laval stock quite a boost. "Sab" had quite a few admirers here when he played with the Athletics. He is a clever player and knows the game well.

Eddie Ramsay is back in town again after a long absence. Eddie played with Quebec when he first came here and then wore a Rock City uniform. He played brilliant ball at second base and was the idol of the fans at the old Hare Point grounds. He was around with some of the boys yesterday renewing acquaintances and evidently has a good memory for faces, for he nearly always called them right.

The C. R.'s expect to take a fall out of the Napoleons in Levis on Sunday. Labbe and Loignon are promising young pitchers and if given air-tight support should make things interesting for the Levisites.

The Braves had a chance to jump into first place with a clear lead over Brooklyn yesterday but they lost when the Dodgers lost and the deadlock is unbroken.

The St. Patricks team will practice on the Esplanade this evening weather, of course, permitting. St. Pat's will have a practice game with the Emmets, Sunday morning at 10.30 on the Cove Fields.

Pierre Campagna has been promoted to the rank of Corporal in the 121st Quebec Rifles. Pierre says he is after Sergeant's stripes and expects to land them before the regiment leaves for the front.

Campagna expects to have a good season with St. Patricks and his old left arm will likely account for quite a few batters this summer.

The St. Romuald team will bring over a big bunch of supporters Sunday to watch their Indians try to beat Jimmy Walsh's Victorias.

Dick Staton, one of the Sons of Ireland hockey players has enlisted in the 171st Rifles.

Last Sunday, during the game between Patricias and St. Romuald in the Village at the end of the ocean wave car-line, one of the St. Romuald supporters called out to umpire Harry Ledden when the Patricias had just gone down, three in a row via the strikeout route in one inning. "Say, did St. Patricks win the championship of the City League last year?" Yes, answered the umpire. "Some league" added the St. Romuald fan.

Therefore, it will be seen that the St. Romuald crowd are quite cocky over their start in the league.

George Cartier and Harry Ledden will umpire the two ball games at the Exhibition Grounds, Sunday, while Sylvio Drouin and Joe Pouliot will handle the C. B. Napoleon game in Levis.

NOTICE OF LICITATION. CANADA. Province of Quebec. District of Quebec.

IN THE SUPERIOR COURT. No. 1344.

NOTICE is hereby given that, under and by virtue of a judgment of the Superior Court, sitting at Quebec, in the District of Quebec, on the 12th day of May, 1916, in a cause in which John Gabriel Hearn, of the City of Quebec, gentleman, is plaintiff, and John George Roberts, of the City of Montreal; Patrick Rowan, of the City of Montreal, in his quality of tutor to James Abraham Roberts, Emma Roberts, Agnes Roberts and George Roberts, minor children, issue of the marriage of the said John George Roberts with Dame Leocadie Lamontagne; William J. Thompson, in his quality of curator to the substitution created under clause 4 of the last will and testament of the late John Roberts, in his lifetime of the Parish of Ste. Foye, farmer, and Joseph Alphonse Collier, of the City of Quebec, are defendants, ordering the licitation of certain immovables described as follows, to wit: Lots Nos. 41 and 250 of the official cadastral plan and book of reference for the parish of Ste. Foye; the properties above described will be put up to auction, en bloc, and adjudged to the last and highest bidder on the 23rd June, 1916, sitting the Court in the Court Room of the Court House, in the City of Quebec, subject to the charges, clauses and conditions contained in the list of charges deposited in the office of the Prothonotary of the said Court, and that any opposition to annul to secure charges or to withdraw to be made to the licitation must be filed in the office of the Prothonotary of the said Court at least 12 days before the day fixed, as aforesaid, for the sale and adjudication, and that any opposition for payment must be filed within six days after the adjudication, and failing the parties to file such oppositions within the delays hereby limited, they will be foreclosed from so doing. Quebec, May 17th, 1916. PENTLAND, STUART, GRAVEL & THOMPSON, Attys. for Plaintiff.

Some real soccer shots were fired by some of the delegates at last night's meeting.

Messrs. Mills and Warner of the Falls have evidently been poaching on the preserves of some of the other clubs, though it looks as if they were "Within the law" with all that.

The Montmorency team to play Engineers a friendly game at the Falls, Saturday at 3.45 will be chosen from the following:—McCarthy, Mason, O. McCooney, Mills, Page, Doves, Mackie, F. Warner, H. Warner, Dwyer, McKee, Reid, Redman, Maguire, Lovett, McRoberts, C. Bates, L. McCooney, Pugh. Some bunch, eh!

Charlie McCarthy, the boxer, hockey-player, cartoonist, drummer, etc., will tryout with the Montmorency team. Charlie is a goaltend in soccer as well as hockey.

GIBBONS BEATS LEWIS. New York, May 18.—Mike Gibbons of St. Paul, outought Ted "Kid" Lewis of England in a ten round boxing contest here tonight. Lewis weighed 143 pounds and Gibbons 152 1-2. It was a hard fight all the way through, both men being at their best, but invariably Gibbons was the aggressor. His left jab and hooks went home with telling effect.

Lewis put up a splendid defense. However, he could not overcome Gibbons' cleverness at infighting.

H. ZIMMERMAN IS NOW CAPTAIN OF THE CUBS. Chicago, May 17.—Stung by the way the eastern clubs have been licking the Cubs, Manager Tinker made some radical changes today. He started off by selecting Heinie Zimmerman as field captain—in which capacity Heinie will be allowed to make all the protests to the arbitrators.

Steve Yerkes at second was benched as was Mickey Doolan at short and their places filled by two rookies—McCarthy and Mulligan. Catcher Allen was given his unconditional release.

It is announced that the Canadian Hockey Club has sent bonds for the safekeeping of the Stanley Cup to Trustee Foran in Ottawa, and that the historical tureen which has drawn hundreds of thousands of dollars out of the pockets of hockey enthusiasts, but has little intrinsic value, being only plate, will be in Montreal next week.

ST. ROMUALD PLAYS HERE ON SUNDAY

FAMOUS INDIAN TEAM WILL MEET VICS—EDDIE RAMSAY WITH VIC TEAM.

As it has rained since last Monday, there is every reason for the fans to hope that the supply of aqua will be exhausted by Sunday and that the weekly ball games of the Quebec and District League will be played as per schedule.

The games for the Exhibition Grounds will be: 1.30—Patricias vs. Laval. 3.30—St. Romuald vs. Victoria.

Both these games will be umpired by Messrs. Harry Ledden and Geo. Stephen Cartier. At Levis, the C. B. club will meet the Napoleons and Messrs. Sylvio Drouin and Joe Pouliot will be the arbiters.

Eddie Ramsay the old-time star of the Quebec and Rock City Clubs is in town and will likely play with the Victorias.

Eddie is just the same as ever in looks, though he is some eight years older, and he will doubtless add strength to the Vic team, as he certainly was a star when he played these parts before.

The St. Romuald team will play Nelson, if he is here in time and Hero may be in the box. Hero is said to be better than Desjardins and as Desjardins pitched a no-hit game to start the season, Hero must be a real hero if he is any better. The Indians have a good team, show lots of pep and a game between them and the Vics will be a snappy one.

Our old friend Sabourin, who burned up the league when he was here on the line-up of the Athletics, is also in town and will play with Laval Sunday against Patricias. The Patricias have a few new comers, but their names have not been issued yet. It was rumored that Rick Paquette would pitch for them.

However, Sunday's games are bound to hold attractions for the fans and a large crowd is expected.

**The Waltham**

SOON he'll be off for the trenches "Somewhere in France." How intimately the gift of a wrist watch will remind him of those at home, particularly if it is a Waltham Military Wrist Watch. As manly as a bull terrier or a briar pipe, and just as sturdy to withstand rough usage. Has its own armor plate that keeps the crystal from breaking. Or should the crystal meet with mishap the protecting device keeps the Waltham in regular use until such time as a new crystal can be secured. The Waltham Military Wrist Watch possesses the same degree of accuracy that has made the "Waltham" the timepiece of the world. Can be had in seven or fifteen jewels at \$12 and \$15. Your Jeweler will gladly show them to you. Write for the booklet "Concerning a Timepiece."

Important changes have been made to the Prothonotaries of the Superior Court by an Order in Council, dated the 29th April, 1916, at Quebec.

Art. 43a, is added, and reads as follows:

On every judgment of distribution or order for the payment of moneys levied or for the distribution of moneys subject to an order of the court, the officer or person receiving the order to pay out such moneys shall keep back on the amount allowed each of the parties, one per cent., in all the districts except Pontiac.

Art. 39 amended by adding the following lines:

N.B.—The duty or commission of one per cent. on the moneys levied by execution under the provisions of paragraph 5, of article 3533, R.S.Q., 1909, must be kept by the sheriff or bailiff effecting the seizure and paid into the building and jury fund, according to law.

By replacing item 65, of the tariff by the following:

65. For percentage on all sums of money deposited or on the amount of surty given in lieu of deposit, one per cent. fee, for all districts except Pontiac, and one per cent. tax.

**HIGH PRICE OF SOAP.**

Vienna, May 17.—Owing to the shortage of oils and fats the price of soap in Austria has advanced enormously. Fine scented soaps now cost six or seven times as much as before the war.

Laundry soaps at the beginning of the war cost about three cents a pound at wholesale but now they are priced at sixteen to nineteen cents. Meantime foreign soaps have been brought in but these sell for as much as fifteen cents a pound, though very inferior, containing only some twenty per cent of fats.

In the last few weeks the soap manufacturers have found it almost impossible to get raw material, and some of the largest soap works which formerly dealt only in carload lots are now glad if they can deliver a few cases.

CORPORATION OF QUEBEC. City Engineer's Office.

Tenders for Paving and Laying Curb in Certain Streets of the City.

CITY HALL. Quebec, May 11th, 1916. Public notice is hereby given that sealed tenders endorsed "Tenders for Street Paving" with the following guarantee:

- Granite ..... 2 years. Scoria Blocks ..... 2 years. Sheet Asphalt ..... 5 years. Compressed concrete ..... 5 years. Asphalt Blocks ..... 5 years. Other Pavings ..... 5 years. The whole laid on a 6" concrete foundation according to specifications, and Roemac paving ..... 5 years. Laid on a Telford Stone foundation, according to specifications; addressed to the undersigned will be received up to Thursday, May 25th, 1916 next, at 4 p.m.

The contractor for any street, will furnish and lay the curb required for said street, which curb will be 9" x 12" of Terrebonne or St. Alban's stone, or granite, laid on a concrete foundation; which the City will allow \$1.00 a lineal foot and the guarantee above mentioned for paving will extend also on the curb, which will be laid with the paving.

Tenders must be made on the printed blank forms, and endorsed in the printed envelopes, which will be furnished to intending contractors, on application for the same at the City Engineer's office, and the Road Committee will not entertain any tender that is not made on the said blank forms and enclosed in the said envelopes.

Tenders must be endorsed on the outside of the envelopes, with a certificate from the City Treasurer of the necessary deposit as security for the contract.

Each tender shall be subscribed to by two responsible parties willing to secure the execution of the contract.

Each tenderer shall deposit in the hands of the City Treasurer an accepted cheque equal to 5% of the amount of his tender, to be confiscated by any one refusing to sign the contract, returned to non-contractors and retained to the contractor until the signing of the contract.

The City will withhold on each estimate twenty per cent, which to twenty per cent, will be paid: 10% at the acceptance of the works by the Engineer, and 10% at the expiration of the period of guarantee exacted by the City.

The Corporation does not bind itself to accept the lowest or even any of the tenders.

The contractor to pay for drawing up the contract, and supply the City Engineer with a certified copy thereof. W. D. BAILLAIRGE, City Engineer.

CORPORATION OF QUEBEC. City Engineer's Office.

Tenders for Asphalt Repair Plant.

CITY HALL. Quebec, May 11th, 1916.

Public notice is hereby given that sealed tenders, endorsed Tender for new "Asphalt Repair Plant" and addressed to the undersigned, will be received up to Thursday May 25th, 1916, at 4 p.m. for supplying the City with a portable asphalt repair plant of a capacity of 10 tons of mixture per hour, or 1000 square yards of 2" asphalt topping per day, equipped with a boiler of at least 20 h. p. the whole as described in the detailed specifications prepared to that effect by the City Engineer.

The tenderers will supply the City with complete description, catalogues, blue prints, etc., of the plant they intend to furnish, and furnish a list of the plants of that type they have built which are in operation, as well as locations of same.

All parts of the plant which will have to be exposed to the fire shall be shipped to the City unpainted, and if painted, the varnish etc., will have to be removed by the tenderer to allow of easy inspection of these parts by the City, and the tender price shall include cost of delivery of the plant to the place that will be designated by the City Engineer, within the City limits.

Tenders must be made on the printed blank forms, and endorsed in the nished to intending contractors, on application for the same at the City Engineer's office, and the Road Committee will not entertain any tender that is not made on the said blank forms and endorsed in the said envelopes.

Tenders must be endorsed on the outside of the envelopes, with a certificate from the City Treasurer of the necessary deposit as security for the contract.

Each tender shall be subscribed to by two responsible parties willing to secure the execution of the contract.

The plant shall be guaranteed for a period of one year after it has been accepted by the City; and during the period of guarantee, the contractor, will have to make good and repair any defects that may be found, or occur in material and workmanship.

Each tenderer shall deposit in the hands of the City Treasurer an accepted cheque equal to 5% of his tender price, which 5% will be remitted to all tenderers whose tender has not been accepted after the contract will have been signed; and kept back to the contractor until the above-mentioned guarantee period will be expired. This 5% deposit will be confiscated by anyone refusing to sign the contract.

Notwithstanding the above 5%, the City will deduct from the contract price an amount equal to 10% of same, which 10% the City will keep during the period of guarantee.

The Corporation does not bind itself to accept the lowest or even any of the tenders.

The contractor to pay for drawing up the contract, and supply the City Engineer with a certified copy thereof. W. D. BAILLAIRGE, City Engineer.

Shipping News

S.S. CARTHAGINIAN ARRIVED LAST NIGHT

ALLAN LINER HAS 189 PASSENGERS—400 TONS OF CARGO FOR QUEBEC.

The Allan liner Carthaginian, Captain Ogilvie, arrived in port from Glasgow and docked at a berth at the Breakwater shortly after 8 o'clock last evening. She carried 60 cabin and 120 third class passengers.

Four hundred tons of general cargo for Quebec will be discharged here before the vessel proceeds to Montreal sometime today. The Carthaginian left Glasgow on the 6th. The voyage to Quebec was without any unusual incident.

SHIPPING NOTES.

The steam barges Grantly Hall and Derbyshire passed this port yesterday bound for Montreal with pulp.

C.G.S. Lady Evelyn will leave this morning for Rimouski.

S.S. Caduna passed up yesterday.

The tug Alaska with a bateau loaded with lumber in tow arrived in port yesterday morning.

S.S. Kassanga will leave port early this morning.

Steamer Sheba after discharging a cargo of coal at the Government wharf, Levis left yesterday for below.

The S.S. Devona passed up en route to Montreal last evening.

Steam barge Georgetown passed Cape Magdalen 11.30 a.m. yesterday. The Fremont was reported at Cape Race at 3.30 p.m. yesterday.

News reached this city yesterday of the successful refloating of the steamer Ennisbrook which went ashore near Table Head, Glace Bay Sydney a few days ago. The vessel put in to Flat Point and as far as can be learned she is not seriously damaged. The Ennisbrook left Quebec on Saturday last with a cargo of grain for the Imperial Government. She was refloated by several tugs.

FREIGHTS AND CHARTERS.

New York, May 18.—Steam tonnage offered sparingly for all kinds of business and only a limited business resulted in chartering. Rates were firm in all trades and a steady general demand prevailed for tonnage. Quotations to Liverpool and London, 19d; cotton to Liverpool, per 100 lbs. \$2.

Charters—Steamer, 100,000 cases, petroleum, Port Arthur to Brazil or River Plate ports, basis \$1.25 one port May; Norwegian steamer, 30,000 quarters oats, Baltimore to west coast Italy, private terms May; Greek steamer, 2,180 tons, transatlantic trade, twelve months, 43s 9d, delivery Mediterranean, May; Norwegian steamer, 1,004 tons, general cargo, Virginia to a French Atlantic port, 125s, with options, May; British steamer, 2,544 tons, ore, Huelva to Savannah, 17s 6d, May; Norwegian bark, 863 tons (previously), dried meat, &c., River Plate to Havana, 22s; schooner 157 tons, tin cans and coal, Baltimore to Nassau, private terms.

New York, May 18.—The steamer market was firm, with a good general demand prevailing for tonnage, and sailing vessel freights offered

Rouen, France, May 18.—(Correspondence of The Associated Press)—The port of Rouen is now running a close race with Havre, the shipping now averaging more than 600,000 tons a month as compared with less than 500,000 tons before the war. Land in the immediate vicinity of the water front has more than quadrupled in value since 1914.

Rouen's industry, which is chiefly textile has felt only the draughts on labor by the mobilization. All the spinning and twisting mills in operation before the war are running and three mills that had been idle for six years have been reopened by cotton manufacturers who were forced out of their mills in the department of the Nord by the German occupation. Dye manufacturers and a number of other new businesses are being established here. The iron industry, unknown in Rouen before the war, is to be represented by two new important works to be erected by iron and shell manufacturers of the north and east of France.

To take care of the increased trade acquired and in prospect, the port has been fitted with a new equipment of hoisting apparatus including 18 new cranes, steam and electric.

A hundred million francs will be spent on dredging the Seine and the building of a new basin covering a surface of 72 acres and having 5000 yards of quay surface. This work will be begun as soon as hostilities end.

THE FIRE IN LISBON NAVAL ARSENAL.

Lisbon, Portugal, May 18.—(Correspondence of The Associated Press)—Although the origin of the fire which destroyed the Naval Arsenal in Lisbon on April 19 is still undetermined, it is said that the fire was foretold several weeks before it occurred in a warning letter to the government, supposedly from Germans, threatening a long series of reprisals if Portugal persists in participation in the war. It is also reported that the minister of war, Major Norton de Mattos, has been threatened with death if he persisted in the inquiry as to the origin of the Arsenal fire or any similar disasters.

The burning of the Arsenal was coincident with the sinking of the Norwegian steamship Terje Viken as was briefly reported by cable. The vessel had on board 65,000 tons of wheat from America. Her sinking in Cascas Bay, fifteen miles west of Lisbon, is the first indication of German submarine activity along the Portuguese coast. Advances had been received previously from London that a German submarine attack against the Portuguese coast might be attempted and Captain Lettin in do Rego, commander of the Portuguese Naval Division anchored in the Tagus, recently learned of the presence of two German submarines which are supposed to have scattered mines in the neighborhood of the Bar. It does not appear to be established whether the sinking of the Terje Viken was due to a mine or torpedo, but it is believed that it was due to the latter. The vessel was three and a half miles from the Bar, when three explosions occurred, and the vessel sank within half an hour. There was just time for the twenty seven men aboard to get away safely.

The loss in the burning of the Naval Arsenal is important, not only because the Arsenal buildings were some of the finest of the new Lisbon, but the Naval museum there contained a wonderful collection of models of ships, ancient caravels and modern vessels of all types. The banquet hall in connection with the Naval School, which was also destroyed, was one of the sights of Lisbon, being of immense size and elegant in architecture.

NEW YORK MARKET.  
(Canadian Press)  
New York, May 18.—High grade  
railway shares assumed leadership of  
today's broad and active market,  
which was not without its periods  
of uncertainty, despite a preponder-  
ance of substantial gains at the close.  
Reading issues led the movement  
from start to finish, the common and  
second preferred shares making new  
high records on their extreme gains  
of 7 to 3 3/4 points, respectively, to  
par and 51 1/2, while the first pd.  
advanced more moderately.  
Deals in Reading issues amoun-  
ted to fully 100,000 shares, or al-  
most one fifth of the day's total op-  
erations. The movement excited  
much gossip and surmise, but no ex-  
planation was vouchsafed in official  
quarters. Reading common has been  
foremost of the rails for several  
weeks, but not until recently did the  
preferred issues develop any activity.  
Wall street believes developments of  
importance are impending and that a  
distribution of the company's valu-  
able assets must follow in logical  
sequence.  
Pronounced strength was displayed  
by other standard rails, especially  
Canadian Pacific, which advanced  
over 3 points, with 1 to 2 points for  
Lehigh Valley and other coalers, as  
well as New York Central, New  
Haven, St. Paul and the southern di-  
vision.  
War shares and other industrials  
and equipments were over-shadowed  
by the prominence of rails and were  
subject to further profit-taking and  
short selling on recurrent peace rum-  
ors. General Electric however,  
made a substantial addition to yester-  
day's rise and Harvester Corpora-  
tion was in renewed demand.  
So-called whiskey stocks were ac-  
tive and strong for specific reasons.  
Distillers' Securities responding to  
the resumption of dividends at the  
rate of 6 per cent, while United  
States Industrial Alcohol was sup-  
ported by further rumors of prospec-  
tive benefits to stockholders.  
United States Steel gave promise  
during the forenoon of regaining its  
old time leadership, advancing a  
point to 85, but soon losing most of  
its gain, only to come forward again  
in the feverishly activity, of the close.  
Total sales amounted to 760,000  
shares.  
More gold imports from Canada  
added to the steadiness of sterling  
and most other forms of foreign re-  
mittances hardened, with the excep-  
tion of francs.  
Bonds were firm with total sales,  
par value, \$4,775,000.

**MONTREAL CLOSING LETTER.**  
McDougall & Cowans, Stock Brokers,  
116 Mountain Hill. Telephone  
1402-1403. H. S. Thomson, Mgr.  
Montreal, May 18.—The Montreal  
Stock Exchange today for the first  
time since the war started, had a free  
natural market. There are few re-  
strictions on bank stocks and some  
stocks that would not have much of  
a market and it would only hurt  
people to put the minimum lower.  
Our market gave an exhibition of  
strength that must be impressing to  
every follower of securities. Brazilian  
Traction, which has been depressed  
by the fears of London selling, came  
into its close at the top and looks  
like doing better. We believe that  
strong New York interests have  
cleaned up all the weak stock and  
they were also buyers in the last few  
minutes in our market. The Power  
stocks were well bought. Toronto  
Railway after the first shock rallied  
and did much better than was ex-  
pected. Scotia again opened up with  
a burst but profit taking caused a re-  
action but it is behaving remarkably  
well. New York interests were also  
buyers of this stock and accumulated  
a lot of Dominion and Steel of Can-  
ada as well. Railway stocks in New  
York were remarkably strong. There  
was liquidation in the industrial but  
this was well taken and from what  
we hear they expect N.Y. broaden  
into a good active market and the in-  
dustrials will into their own as they  
have the earnings.

**DELIVERIES.**  
New York—Today's stock market  
displayed a greater degree of strength  
to its undertone than has been seen  
for some days. Like yesterday, Read-  
ing, was again the feature and con-  
tinued its upward tendency. In the  
late trading it sold at 100, an advance  
of seven points, from the morning  
low, but suffered a slight reaction in  
the final dealings, due to profit-tak-  
ing sales. The railroads as a class,  
acted well. While no such advances  
were shown as that in Reading, a  
generally higher range obtained  
throughout that department, although  
but fractional in a number of them.  
Viewing the market, as a whole, a  
good deal of stability was shown.  
The fact that stocks were offered  
down earlier in the week by the pro-  
fessional element identified with much  
of today's buying may have had a  
good deal to do with the upturn.  
However, underlying conditions are  
sound and it is our belief that with  
the elimination of some of the un-  
certain factors hanging over the mar-  
ket, the result would be the develop-  
ment of a vigorous advance.  
Sales, stocks, 779,620; bonds, \$4-  
557,000.

McDougall & Cowans, Stock Brokers,

1402-1403. H. S. Thomson, Mgr.  
Montreal, May 18.—The Montreal  
Stock Exchange today for the first  
time since the war started, had a free  
natural market. There are few re-  
strictions on bank stocks and some  
stocks that would not have much of  
a market and it would only hurt  
people to put the minimum lower.  
Our market gave an exhibition of  
strength that must be impressing to  
every follower of securities. Brazilian  
Traction, which has been depressed  
by the fears of London selling, came  
into its close at the top and looks  
like doing better. We believe that  
strong New York interests have  
cleaned up all the weak stock and  
they were also buyers in the last few  
minutes in our market. The Power  
stocks were well bought. Toronto  
Railway after the first shock rallied  
and did much better than was ex-  
pected. Scotia again opened up with  
a burst but profit taking caused a re-  
action but it is behaving remarkably  
well. New York interests were also  
buyers of this stock and accumulated  
a lot of Dominion and Steel of Can-  
ada as well. Railway stocks in New  
York were remarkably strong. There  
was liquidation in the industrial but  
this was well taken and from what  
we hear they expect N.Y. broaden  
into a good active market and the in-  
dustrials will into their own as they  
have the earnings.

**I.O.O.F. GRAND LODGE MEETING**

**TWO QUEBECERS ELECTED TO OFFICE IN THE GRAND LODGE.**  
The 37th annual session of the Grand Lodge of Quebec, I.O.O.F., was held on Wednesday, at Montreal. About 200 delegates were present, representing 65 lodges of the Order. The Oddfellows' lodges of this city, were represented by the following: Albion Lodge, No. 2; Past Grands T. Lane, C. West and G. Paris; Britannia Lodge, No. 4; Past Grand H. Doddridge and Past Grand S. J. Lower. Mercantile, No. 37; Past Grands E. Young and W. Simpson. Maple Leaf Encampment, No. 6; P.C.P.'s, E. Lower and W. C. Jacques. Past Grand Masters E. H. Walling and A. P. Doddridge were also present.

At the Encampment Grand Lodge meeting the reports submitted were all satisfactory, and during the year the small amount of \$203.63 was paid out in sick benefits. The Grand Lodge officers elected were: Grand Chief Patriarch: A. E. Berwick, Sherbrooke. G.H.P.—A. Burnet, Cowansville. G.S.W.—James Norton, Quebec. G.S.—W. Kennedy, Montreal. G. Treas.—P. L. Baldwin, Coaticook. G.J.W.—C. A. Racey, Montreal. At the Grand Lodge meeting of the I.O.O.F., all reports showed the Order to be in a flourishing condition. About 350 members are on active service, all of whom are being carried in good standing in the Order by voluntary subscriptions. The Order numbers 3,877 members and the finances are reported in good shape; the assets amounting to \$233,137.83. Amount paid out in sick benefits during the year, \$13,152.59. In funeral benefits, \$1,649.80; widows and orphans benefit, \$5,667.20; special relief, \$672.21. The election of officers resulted as follows: Grand Master: R. McArthur, Lachine. D.G.M.: Rev. P. Perjan, Clarenceville. G.W.: J. D. Sampson, Magog. G.S.: T. J. Potter, Montreal. G.Treas.: D. J. Dickson, Montreal. G.I.G.: Lewis Burran. G. Reps.: E. P. Houlahan and R. W. Dickson.

**SUCCESSFUL CONCERT AT THE KHAKI CLUB**  
One of the most successful concerts in the history of the Khaki Club was that given Wednesday evening, attended almost entirely by wounded soldiers. The programme was an excellent one, reflecting great credit on all who helped to make it such. During the course of the evening, one of the "Kilties" called on his brother soldiers for three cheers for the Khaki Club, which were very heartily given. Mr. Foy, President of the Club, said a few words of welcome to the men, and assured them of the support and sympathy that is always accorded to the men in khaki. A pleasing feature of the evening was a speech from Corpl. Duffey, C.E., D.C.M. who has been awarded the French Military Cross, of which honors he is justly, though unassumingly proud. Following is the programme:—  
Song.....Miss J. Elliott.  
Recitation.....Mrs. Churchill.  
Song.....Pte. Ross.  
Song.....Mr. Carpenter.  
Song.....Mr. G. Russell.  
Cornet solo, Mr. Lovedale, R.C.G.A.  
Speech.....Corpl. Duffey, C.E., D.C.M.  
Song.....Driver Richardson.  
Song.....Sergt. Craig.  
Comic Song.....Mr. Kay.

**Correspondence**  
**HEADQUARTERS, 9TH REGIMENT V. DE Q.**  
Citadel, Que., 18th May, 1916.  
To the Editor, Quebec Chronicle, Quebec, P.Q.:  
Dear Sir,—I notice in your editions of the 17th and 18th May, two correspondences in which charges of irregular conduct are made against two soldiers when acting as sentries. Your correspondents are invited to make their complaints in the regular manner in order that an enquiry will be made in each of these cases.  
Yours very truly,  
L.S. G. CHABOT, Lt.-Col.  
Commanding 9th Reg't V.-Q.

**Don't Let Soap Spoil Your Hair**  
When you wash your hair, be careful what you use. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle. The best thing to use is just plain multifid coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months. Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

**"LYING LIPS" A GREAT MASTERPIECE.**  
At Victoria Theatre Again Today.  
"Lying Lips" a drama of love and sacrifice featuring Winnifred Greenwood and Franklin Ritchie pleased large attendances at all performances yesterday, and will be offered again today and tomorrow.  
Lying Lips is replete with gripping situations. The scenic effects, lighting and settings, show a master hand in attention to details. The story, from the gifted pen of Julian Lamothe, has woven into the production one of the most humanly interesting stories ever screened. A number of stirring scenes have been worked into the piece, one of them depicting the New York Stock Exchange during panic days, being the most realistic of its kind ever presented on a motion picture screen.

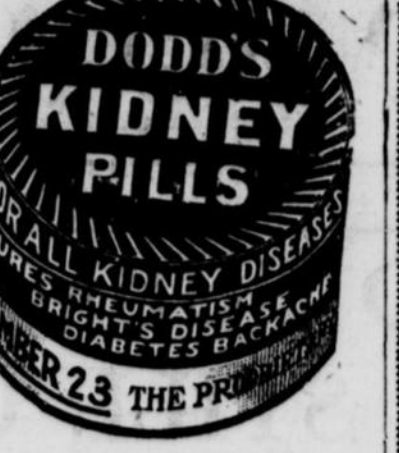

**TORONTO'S ATTITUDE ON PATRIOTIC FUND.**  
Toronto, May 18.—The following important findings of a special committee which met last night were today submitted to and carried by the patriotic fund delegates:  
"1.—That all childless wives married before enlistment and where they have complied with the requirements of the fund be entitled to an allowance of \$5 a month.  
"2.—That no post-enlistment wives be assisted unless the wife is an expectant mother; that while an expectant mother she be treated as a childless wife, married before enlistment, and when the child is born she be treated as a mother married before enlistment.  
"3.—That women whose domestic duties do not require their attention should be encouraged to work, and that no deduction be made on account of casual earnings.  
"4.—That a uniform scale throughout eastern Canada is impracticable, but the central executive maximum allowance to dependents be not exceed by any branch, and that the central executive be urged to obtain uniformity in the scale of grants by neighboring committees similarly situated."

**GERMAN STEAMER SUNK IN BALTIC.**  
Stockholm, Wednesday, May 17, via London, May 18.—The German steamer Hera was sunk this morning off Landsort in the Baltic. The sinking of the Hera marks the first activity of British submarines in the Baltic this season. The Hera left Stockholm on Tuesday to take iron ore to Okselosund, carrying a cargo of 2,000 tons. Her captain was ordered on board the submarine with the ship's paers and made prisoner. Sufficient time was given the crew to leave the ship. Although the weather was rough all on board were saved. The report of the submarines activity has stopped the movement of numerous German vessels with cargoes of iron ore now at Okselosund and other ports.  
The Hera was a vessel of 4,703 gross tons. She was owned in Hamburg, was 374 feet long and was built in 1912.

**Rids Poisons From the Blood, Clears Up the Complexion**  
Sallow Skin, Pimples, Pains and Aches Are Soon Gone When Dr. Chase's Kidney-Liver Pills Are Used.  
The doctor feels your pulse and looks at your tongue, but at the same time he is reading your condition in your face. The sallow complexion tells him that your liver is not doing its work, the pimples tell him that the kidneys are not properly purifying the blood, he realises that the bowels are constipated and the system overloaded with poisons. You can apply this test in your own case and may be able to add other symptoms such as headaches, pains and aches through back and limbs, spells of biliousness and indigestion. If you have not used Dr. Chase's Kidney-Liver Pills you will be surprised to find how quickly they will rid your system of poisonous impurities and thereby remove the cause of pains, aches and skin troubles.

To the Editor, Quebec Chronicle, Quebec, P.Q.:  
Dear Sir,—I notice in your editions of the 17th and 18th May, two correspondences in which charges of irregular conduct are made against two soldiers when acting as sentries. Your correspondents are invited to make their complaints in the regular manner in order that an enquiry will be made in each of these cases.  
Yours very truly,  
L.S. G. CHABOT, Lt.-Col.  
Commanding 9th Reg't V.-Q.

**Don't Let Soap Spoil Your Hair**  
When you wash your hair, be careful what you use. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle. The best thing to use is just plain multifid coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months. Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

**"LYING LIPS" A GREAT MASTERPIECE.**  
At Victoria Theatre Again Today.  
"Lying Lips" a drama of love and sacrifice featuring Winnifred Greenwood and Franklin Ritchie pleased large attendances at all performances yesterday, and will be offered again today and tomorrow.  
Lying Lips is replete with gripping situations. The scenic effects, lighting and settings, show a master hand in attention to details. The story, from the gifted pen of Julian Lamothe, has woven into the production one of the most humanly interesting stories ever screened. A number of stirring scenes have been worked into the piece, one of them depicting the New York Stock Exchange during panic days, being the most realistic of its kind ever presented on a motion picture screen.
