TWENTY-FOUR GIRLS BURNED TO DEATH

**Awful Holocaust in a Factory
Fire—All Happened Within
Ten Minutes.**

Newark, N. J., Nov. 26.—In ten minutes twenty-four girls were burned alive this morning or crushed to death on the pavement by leaping from the windows and fire escapes of the four-story brick factory at Orange and High streets here.

The latest count to-night shows that sixteen of the twenty-four bodies recovered have been identified and that six girls are still missing. They may be among the unidentified dead or they may be in the ruins. The collapse of a wall to-night interrupted further search.

Fifty were taken to hospitals, of whom two may die. Among the injured is Jose Sloane, deputy fire chief, who was overtaken by the falling wall and buried in bricks and rubbish. He is badly hurt, but may recover. The rush of the flames was so incredibly swift and threw such unreasoning terror into the huddled working girls on the top story that the body of one was found still seated on a charred stool beside the machine at which she had been busy when the first cry of "Fire" petrified her with fright. Horrible as must have been what went on in the smoke of that crowded upper room, what befell outside in the sunlight was more horrible yet. The building was furiously inflammable and the first gush of flames had cut off all possibility of escape.

The elevator made one trip, but never came back. The only exit was by two narrow fire escapes, the lower platforms of which were twenty-five feet from the street. Onto these overcrowded and steep lines, scorched and dancing hot by the jets from lower windows, pressed forward a mob of women blind with panic driven by the fire and the others behind them.

A net had been spread beneath the windows, and the girls began to jump. "Like rats out of a burning bin," was the way a fireman described that pell-mell descent. They poured out of the windows, fell upon the heads of those below them and cascaded off the fire escape to the pavement sixty feet below. Some of them stood in the windows outlined against the flames, and jumped clear; others from the landings, still others from the steps where they stood. The air was full of them, and they fell everywhere, into the net, on the necks of firemen, and fifteen of them on the hard stone slabs.

When the awful rain ceased there were eight dead in the street and the gutters ran red. Seven were so badly crushed that they died in hospitals. Fifty are still under surgeons' care.

Clouds of smoke and showers of burning embers spread over the city and rained down on neighboring roofs. As the news flew—and it lost nothing in the telling—panic spread to other factories, where many of the girls in peril had friends and relatives, and several firms had to shut down for the day. Thousands flocked to the fire and made the work of the firemen and police more difficult. Italian silk workers fell into the street and prayed and lamented piteously. Priests and clergymen worked their way through the press to give the last consolations to those of their different faiths. Ambulances and automobiles, commandeered for emergency service, were hurrying in opposite streams to the hospitals and back again. Before any semblance of order could be restored every police reserve in the city had to be called out, and it was not until to-night that an estimate of the property loss could even be ventured. The fire department now guesses \$165,000, but no statement from the owners and tenants is yet available.

**ALWAYS SOMETHING NEW
FOR NICKEL PATRONS.**

There is always something new for Nickel patrons. An original vaudeville headliner will be offered this week in Frank A. Lawrence with his "Pastimes on the Indian Reservation," introducing Indian war dances, Indian club juggling and lightning gun spinning. Charles McDonald will be heard in ballads and parodies. The Camera Chat opens this week with "City Life in Tokyo," accompanied by 50 slides. The four reels of pictures that are changed every Monday, Wednesday and Friday, will afford much amusement.

**EX-PREMIER PELLOUX
MAKES STATEMENT.**

Rome, Nov. 27.—Ex-Premier Pelloux, who on November 14 submitted an interpellation to the government in the Chamber of Deputies relative to Mayor Nathan's speech attacking the Pope, has addressed an open letter to Premier Luzzatti. In this letter he recalls that it was he, then an officer in the army, who ordered the fire which, on September 20th, 1870, made a breach in the walls whereby the Italian troops entered Rome, but says that, notwithstanding this, he strongly protests against the deplorable speech and the indifference of the government, which has offended millions of Catholics. In addition, he says, it has given the impression abroad that Italy is incapable of preventing a violation of the sacred pledge taken by the nation when the papacy was deprived of the temporal power, which heretofore had always been respected.

Another Message From Santa Claus
Toronto, November 26th, 1910.

Dear Little Boys and Girls:—
I have arrived in Toronto from Cobalt, where I succeeded in fixing up the business in connection with my silver mines. You will hear more about this later on. Wouldn't you like to know the secret? You'll have to be patient and wait until my arrival in Quebec. Then you will find a host of surprises. I am leaving to-night for Kingston and will wire you from there.
Your Old Friend,
SANTA CLAUS.

The "TRIPLEX" Bag
4 in 1

SEE the demonstration of this clever Handbag, Mantle Dept., First Floor. The "Triplex" gives practically four Handbags for the price of one.

First it is a neat Handbag—detach one button and it becomes

—a Handsome Carrying Case for bulky parcels, Sheet Music, etc., or a good-sized Shopping Bag of neat appearance. Detach another button—

and it becomes a full-sized Marketing Bag or Valise.

Simple—Elegant—Useful
Prices from 75c up

CRIPPEN'S FAREWELL PROTESTS INNOCENCE

**Two Letters Sent to Miss Le
Neve in Which He Professes
Undying Love.**

London, Nov. 27.—The last statement of Dr. Crippen, who was hanged on November 23rd at Pentonville Prison, is published in a Sunday paper in the form of two final letters, written to Ethel Le Neve, one of which is dated November 22nd. The letters are not to be produced in their entirety, it being explained that they contained certain personal confidences, but nothing in the nature of a confession.

Crippen throughout declares his innocence and hopes that it will one day be revealed. The letters, which are printed as one, begin with protestations of passionate love for the girl and repeat constantly the phrase:—"God help us to be brave in the face of the end now so near." Crippen continues: "How can I endure to make a last look at your dear face? What agony must I go through at last when you disappear forever from my eyes! I am comforted in thinking that throughout the years of friendship never have I passed one unkind word or given one reproachful look to her whom I loved best in life, to whom I have given myself heart and soul wholly and entirely forever."

Crippen asks that Miss Le Neve have his body cremated and the ashes disposed of as she deems best. He complains that his statement published on November 20th omitted his criticisms of the Crown's evidence, with reference to the scar and the absence of the navel, which he considered most important, and proceeds exhaustively to analyze the evidence on these points. He asks that Miss Le Neve go to no further expense in trying to secure further evidence, adding: "I can safely leave further evidence to a just God."

He expresses the hope that Miss Le Neve will go to "Mrs. H.," where she will be free from lying tales of newspaper men, and concludes: "Tomorrow I will be in God's hands. I have perfect faith that He will let my spirit be with you always."

The paper prints a fac simile of Crippen's will, bequeathing everything to Miss Le Neve.

**INCREASE IN CAPITAL
ONTARIO JOCKEY CLUB.**

Toronto, Nov. 26.—Supplementary letters patent have been issued by the Ontario Government authorizing the Ontario Jockey Club to increase its capital from \$200,000 to \$200,000 and to divide the said stock into 200 shares of \$1,000 each and declaring that the new shares be allotted to the present shareholders of the club.

**SAMUEL GOMPERS
RE-ELECTED PRESIDENT.**

St. Louis, Mo., Nov. 26.—Samuel Gompers was this afternoon re-elected president of the American Federation of Labor. James Duncan, John Mitchell and James O'Connell were re-elected as first, second and third vice-presidents by unanimous votes.

St. Louis, Nov. 27.—The American Federation of Labor close dits thirtieth annual convention last night by choosing Atlanta, Ga., as its meeting place for next year and re-electing all officers.

HOME RULE AND SOCIALISM

**Lurks Behind "Single Cham-
ber Conspiracy," Says Ar-
thur J. Balfour.**

London, Nov. 27.—The election address of Arthur J. Balfour, leader of the Opposition in the House of Commons, is a brief document. It declares that the Unionist programme of legislation is practically the same as at the last general election and asserts that behind the single chamber conspiracy lurks socialism and Home Rule.

"It is because both Nationalists and Socialists are aware that their darling projects are not in harmony with the considered will of the people," says Mr. Balfour, "that they press for the abolition of the only constitutional safeguard which at critical moments will enable that will to prevail."

The Opposition leader also refers with the greatest brevity to the alternative scheme for the reform of the House of Lords which Lord Lansdowne proposed.

Dublin, Nov. 27.—Wm. Redmond's campaign in Cork against William Redmond's campaign in Cork against Wm. O'Brien has led to serious rioting by the rival factions. Several persons were injured there last night and again to-night. When a Redmondite procession tried to march through an O'Brienite quarter of the city police blocked their way. Fights occurred on all hands and about 80 persons were injured.

It is stated that Mr. O'Brien has \$125,000 at his command and will contest 24 seats, he himself contesting three, the constituencies of Cork city, East Cork and West Mayo.

**PAPAL CONSISTORY
POSTPONED TO FEBRUARY.**

Rome, Nov. 27.—The next Papal consistory has been postponed until February.

**DEATH OF HEAD OF
GREAT PACKING HOUSE.**

Chicago, Nov. 27.—Michael V. Cudaby, founder of the packing firm bearing his name, died to-night at a hospital here of pneumonia. He had been ill for five days.

FATAL DUEL WITH RAZORS.

Chicago, Nov. 27.—Two men slashed each other to death with razors here to-night, following a quarrel over two young girls. A third man, who was badly cut about the head, managed to make his way from the scene of the fight and could not be found. The bodies were found in an alley near Penn street. Near them were found the razors with which the men had fought. Both men had their throats cut from ear to ear and both were cut and slashed in a score of places. The girls about whom the men are supposed to have fought ran into a nearby saloon a few moments before the bodies were found. They asked where a policeman could be found, but ran away without waiting for a reply.

**TORONTO GUARDS
MAKE FORCED MARCH.**

Toronto, Nov. 27.—With blistered and weary feet, twenty-four sturdy Grenadiers marched into Toronto this morning. They had tramped 32 miles during the night, all the way from Whitchy, which they left at 11:45 o'clock Saturday night. The distance was covered in nine and a half hours. This is the second march of a similar nature on which Lieutenant Ryserson has taken the men of "A" company. On one aSturday of last spring they marched to Hamilton.

TO ENCOURAGE TRADE WITH CANADA

**Large Party of Commercial
Men Will Pay Visit to the
West Indies.**

Kingston, Jamaica, Nov. 27.—To encourage trade between Canada and the West Indies, it is announced here, business houses in the Dominion are arranging to send a large party of commercial men to visit Jamaica and some of the other islands this Winter. A steamer of the Canadian Pacific Railway will convey the expedition. Trade conferences will be held on board during the cruise and at the various ports of call.

It is further announced that the steamer will carry nearly 1,000 tons of samples of Canadian products and manufacturers for exhibition purposes.

**FIGHTING REPORTED
FROM MEXICAN PROVINCE.**

Chihuahua, Nov. 27.—In an engagement near this city to-day, which lasted from 9 o'clock in the morning until 2 in the afternoon, 600 federal troops routed a force of 400 Maderistas, driving them repeatedly from strong positions and compelling them to take to the wooded mountains. The revolutionists lost fifteen killed and many wounded. There were no fatalities on the federal side, but several, including three officers, were wounded.

OTTAWA LIBERALS HAVE TROUBLES

**Member for Federal Capital
Has No Snap—Ship Fever
Victim's Graves.**

Ottawa, Nov. 26.—The troubles in Ottawa Liberal circles over a Federal candidate acceptable to all the French elements, is likely to again rear at the next election. Albert Allard, M.P., the last stop-gap candidate, is not enamoured of the position and does not desire to have his name put before the next convention. The patronage system, as it obtains in Ottawa, is something more than a worry to a sitting member, unless he be of a type not acceptable to both English and French electors.

It is anticipated that the question of the expropriation of the cemetery of the ship fever immigrant victims at Montreal by the G.T.R. will be settled this week. The Railway Committee will go down on Thursday to hear the further arguments by the Irish societies and the railway company in regard to the matter.

American Editor's Address.

Mr. S. S. McClure, editor, addressed the Canadian Club on Saturday. He said there were as many murders in the United States yearly as there were fatalities in the Boer War, and that most of them went unpunished. He also stated that a larger British fleet made for the peace of the world generally.

**LIBERALS HELD
MEETING AT ST. JOHN**

St. John, Que., Nov. 26.—The public meeting here this afternoon was very largely attended, the town hall being crowded to its utmost capacity. The Hon. L. P. Brodeur, Minister of Marine, accompanied by Hon. Senator Dandurand, Mr. Jos. Demers, M.P. for St. John and Iberville; Dr. Beland, M.P.; E. Lapointe and R. Lanctot arrived from Montreal about 9:40 a.m. The meeting opened about 8 o'clock and was presided over by Mr. T. Cote, of St. John, and Mr. Jos. Breaud, of St. Alexander. An address was presented to the Hon. Minister of Marine by Mr. Alfred Gervais, Mayor of St. John. Eloquent addresses were delivered by those named above, all supporting the Government naval policy. It is supposed the meeting was held to test the constituency, as it is reported that Mr. Jos. Demers, the present member, is to be elevated to the bench. The meeting was very orderly, but not overenthusiastic. It is rumored that another meeting is to be held next Saturday at the same place.

ALTAR AND THRONE CANNOT BE DIVIDED

**Vatican Organ Comments Fa-
vorably on Utterances of the
German Emperor.**

Rome, Nov. 27.—The Osservatore Romano publishes comments, evidently inspired by the Vatican, on the discussion yesterday in the German Reichstag of the speech made by Emperor William at Koenigsberg on August 26, pointing out that the debate furnished proof of the irrefutable truth contained in the Emperor's speeches both at Koenigsberg and Beuron that the throne and altar can not be divided in Germany, religion being necessary in the struggle against error in modern times.

In addressing the Abbot and a number of Roman Catholic dignitaries in the Benedictine Monastery at Beuron, the Emperor said: "The governments of Christian princes can only be carried on according to the will of the Lord. The altar and throne are closely united and must not be separated."

The Vatican official organ, in the course of its comment, says: "The two finest speeches of the German monarch were noble, just and constitutionally correct. While irreligion and demagoguery imperil the principles of authority and order, it is a relief to hear certain truths nobly vindicated by the authoritative and august lips of a powerful sovereign."

**NEGRO TAKEN OUT
QUIETLY AND LYNCHED.**

Mayo, Fla., Nov. 27.—Richard Lowe, a negro, was lynched near here yesterday for entering the bedroom of the daughter of R. M. Cobb, in this city, late last Friday night. Cobb was awakened by his daughter's screams and went to investigate. As he entered the room the negro jumped through the window. A searching party arrested the negro, who was identified by a portion of his hat. A crowd of some 40 men gathered quietly this morning and easily effected an entrance into the jail. The negro was taken outside the city and hanged from a telegraph pole. After the negro's body was riddled with bullets the mob dispersed.

The Quebec Chronicle

QUEBEC, NOVEMBER 28, 1910.

THE G.T.P. WORKSHOPS.

Whether there is any truth or not in the rumor that there is a movement to erect the future workshops of the Grand Trunk Pacific in the vicinity of Cape Rouge, we are not in a position to know. But there seems more than a suspicion that the location of several works of most vital importance to the future of this city is in danger of being determined rather to suit the pockets of certain speculators than to benefit the city. And in this connection we cannot but congratulate Alderman Morin upon his opposition to the erection of the workshops at Cap Rouge or any other place not in the immediate vicinity of the city proper. The construction of the shops within the city or banlieu was expressly stipulated in the conditions governing the sale of the Champlain Market to the Transcontinental Railway Commissioners and the observance of these conditions should be firmly insisted upon. Quebec has been fooled often enough in the past, and she has allowed herself to be robbed of her rights again and again, sometimes even without seeking any redress of her grievances. For the future she would do well to call to mind some of the object lessons of the past and to guard them fresh in her memory. There is a limit to lemons.

The removal of the marine shops is another case. We understand that Mr. Brodeur promised that they would not be removed from the city if a site could be obtained at a reasonable rate within the city. As the Harbor Commissioners have offered a suitable piece of land at the mouth of the St. Charles River absolutely free, there can be no excuse for attempting to remove them outside the limits.

SHIP BUILDING.

The launching, last week, of the new steel ferry steamer from the shipyards of Messrs. Davie at Levis, being the fourth steamer built by that firm this year, and the fact that two of these vessels have since been sold, and, it is said, at a profit, are proof conclusive that Quebec shipbuilders can build iron and steel ships quite as successfully as they did wooden vessels forty years ago. And why should they not do so? Belfast is one of the greatest shipbuilding ports in the world, and yet its shipbuilders have to import all their steel and coal from Scotland, at a freight probably quite as great as we should have to pay from Sydney to Quebec. And even in comparison with Sydney itself our cheap water freight would be little more than the cost of shifting these materials from one yard to the other at Sydney. We should be able to do this business.

In addition to suitable yards, the advantage of ample tide water and a good staff of skilled mechanics and riveters, we have at Levis a splendid plant and outfit of modern machinery made especially for this class of work, so that Quebec is in a better position to handle it than any other seaport in Canada. And this position will be vastly improved by the plant of the new graving dock which, it has been said, will be built at Levis. Any one who has watched the rapid and workmanlike manner in which these four steel steamers have been built by the Messrs. Davie this year will be convinced of the soundness of our position.

The Board of Trade took up this question some time ago, insisting that, if the Government intend to establish a navy yard and shipbuilding plant, it should be located at Levis, where there would be two months more of open water, and where the navy yard would be under the protection of the guns of a fortress and remote from land or sea attack and from the frontier. All these essentials possessed by no other port in

Canada, and a moment's consideration of their importance should convince any one of the absurdity of placing such a plant in Montreal, where, if rumor be true, Vickers and Maxim wish to establish it. Sir Wilfrid Laurier, in a letter to La Presse a few days ago, said that the Government policy is to revive the departed glory of Quebec shipyards by building commercial as well as war vessels.

MR. BRODEUR'S CARTOON.

When Lord Dundonald, the "foreigner," as Sir Wilfrid called him, was driven out of this country because he believed that the efficiency of the militia should not be sacrificed to the political partisanship of the Minister of Agriculture and other such experts, who seem to know almost as much about things military as the raising of mangold wurzels or feeding chickens with a squirt, the distinguished soldier urged the Canadians to "keep both hands on the Union Jack." One of the replies made by the Government took the form of the cartoon of which Mr. Brodeur spoke in the House last week as follows:—

"There were cartoons distributed throughout the county by these Nationalists. One of them I hold in my hand. Of course, to them the British flag was nothing if it should be trampled upon. This little cartoon, however, shows what kind of spirit there is in the Conservative party in Quebec. It represents Baptiste smoking his pipe quietly and holding the Union Jack with both hands. Behind him is the Britisher, John Bull. Baptiste has taken off his coat and has hung it on a tree, and the Britisher says to him, 'Hold the flag, Baptiste, and while you are doing that I will take care of your coat'; and while he is doing that the Britisher is represented as picking his pockets. This is the kind of cartoon these Nationalists or Conservatives are distributing in Quebec."

Evidently the Minister of Marine has not only "sacrificed" his little Isaac to the Canadian navy, but he has sacrificed all his former convictions as well. Neither oblation appears to have bothered him very much.

THE CENTENARY OF

ST. ANDREW'S CHURCH.

The centenary of St. Andrew's Church, which was celebrated yesterday, recalls very vividly the wealth of historic tradition that clings about this, the oldest Protestant church in Canada, which, although not completed until 1810, may practically be said to date from the year of the siege. It has been connected with two famous Scottish regiments, the Fraser's Highlanders and the Camerons, and it is only a month or two ago that an interesting and unique ceremony took place, when facsimilia of the colors of those regiments were presented in the church.

All who have read the history of the Siege of Quebec cannot fail to remember the gallantry and hardihood of Fraser's Highlanders on that occasion. Services in the year of the siege were conducted by the Rev. Robert Macpherson, the chaplain of that regiment, and it is very evident that a Presbyterian church was organized very shortly after the British occupation. The best account of the subsequent happenings is the following from Messrs. Doughty and Dionne's book, "Quebec Under Two Flags":—

"The Rev. Geo. Henry, an ex-military chaplain, and said to have been present at the capture of Quebec, was the first regular pastor of the Scottish church, beginning his duties as such in 1765. An apartment, which was fitted up for a chapel, was set apart by the King's representative in the Jesuits' College for the use of members of the Scottish church, this being occupied till 1807, when the building was appropriated for the use of the troops quartered in the city. Mr. Henry died on the 6th of July, 1795, in the eighty-sixth year of his age."

"Mr. Henry was succeeded by the Rev. Dr. Spark, a native of Marykirk, Scotland, and a graduate of the University of Aberdeen. After arriving in Quebec and before undertaking the pastorate of the church, Mr. Spark was for several years tutor in the family of Sir John Caldwell at Belmont. His ministry continued thirty-four years from the death of his predecessor.

"In 1802 a petition was addressed to King George III, desiring that a lot of ground be granted to the congregation upon which to erect a place of worship. This memorial was signed by 148 persons. A copy of the petition and of the names attached to it is given in an interesting address on "The Scot in New France" by Sir James Macpherson Lemoine. One of these petitioners was Sergeant James Thomson, of Fraser's Highlanders, who had also served under Wolfe at the Siege of Quebec; who 68 years afterward assisted Lord Dalhousie in laying the cornerstone of the Wolfe and Montcalm monument, and who died in 1830 aged 98 years.

"Among other names on the petition was Mrs. Jane Sewell, wife of Solicitor General Sewell; Mrs. Hamilton Sewell, wife of Chief Justice Sewell and daughter of Chief Justice Smith. Chief Justice Smith was one of the office-bearers and a strong supporter of the Scottish church. He was born in New York in 1728 and became Chief Justice of New York afterwards, in reward for his loyalty, being made Chief Justice of Lower Canada, to which he came in 1786.

"In 1802 letters patent were issued granting as a place for the erection of a church a lot of ground on St. Ann street to the Rev. Alexander Spark, John Blackwood, John Mure, David Munro and John Paterson, and their successors in trust forever. The building was completed and opened for public worship on November 30, 1810, and was named St. Andrew's Church. From this time the congregation rapidly grew and became strong and influential. Dr. Spark died in 1819.

"The Rev. Dr. Harkness, a native of Sanquhar, Scotland, succeeded Dr. Spark in 1820. He is spoken of as a warm-hearted and generous man and a fearless defender of the rights of his church. He was a great favorite with Lord Dalhousie, and was a frequent guest at the Castle. He died in 1835, the 46th year of his age and the 15th of his ministry. The Rev. John Cook, D.D., followed in 1836. He, like his predecessor, was a native of Sanquhar, Scotland, and was educated at Glasgow University. He was born in 1805, and died on the 31st of March, 1892. Dr. Cook was in many respects a remarkable man. For well-nigh half a century he was a leader in his church and used his best influence to bring about the union of all the branches of the Presbyterian Church in Canada in 1875. He was honored by being the first moderator of the General Assembly of the United Church. Dr. Cook, whilst being an able preacher, took a lively interest in all matters affecting education, and was a trustee of Queen's College, Kingston, a member of the corporation of McGill University, Montreal, and a member of the Council of Public Instruction for the Province of Quebec, and Principal of Morrin College, Quebec, from 1862 till death."

"The Rev. Dr. Love, who was inducted to the pastorate in 1884, has well carried on the work of his predecessor and has done much good in the city, both ecclesiastically and educationally. His congregation numbers some of the most prominent citizens of Quebec and its influence extends far beyond the bounds of its own church, especially in the way of missionary educational and benevolent work throughout the Dominion.

May this, the most historic Protestant church in Canada, long continue to flourish and to perpetuate its honored traditions.

"Pork is going down!" That is the jubilant cry of a Pennsylvania editor. "We can picture him fork in hand," says the jealous editor of a Philadelphia paper.

The population of Salt Lake City nearly doubled in the last decade. After all, there is nothing very surprising in the fact.

His Old Age Made Free From Suffering

BUY GIN PILLS.
Annapolis, N. S.
"I am over 80 years of age and have been suffering with Kidney and Bladder Trouble for fifteen years. I took doctors' medicine but got no help. I want to thank you for sending me the sample box of GIN PILLS.

I have taken six boxes of GIN PILLS altogether but got relief before I had taken near that amount. I had to get up some nights very fifteen minutes and had to use an instrument before I could urinate.

Now, I can lie in bed four or five hours without getting up. I can say that GIN PILLS have nearly cured me and I shall always keep a box in the house."

W. H. PIERCE.
Do as Mr. Pierce did—write us for free sample box of GIN PILLS and see for yourself just how much they will do for you,—then buy the regular size boxes at your dealer's—50c, or 6 for \$2.50. GIN PILLS are sold with a positive guarantee of money back if they fail to give prompt relief. National Drug and Chemical Co., Dept. Q.C., Toronto. 51

FRESH AIR FOR SLEEP.

Do not go to bed tired and cramped and brain-weary in a close room and lie in a huddled, tense heap, thinking for hours and tossing about. If you can't get relief to your lungs by fresh air before retiring, insist upon plenty in the sleeping chamber. Undress and think and busy yourself in some trivial manner in a comfortable lounging robe. Do all your thinking before the light goes out, then go to sleep. Try to get the blood away from the head, not into it. To eat something light has this effect, and induces sleep, when reading would have the opposite effect. When you finally get ready for bed, draw some deep breaths of fresh air and lie down, not in a heap, but comfortably relaxed, a little on one side, preferably the right, so as to allow the heart free play.

CARTER'S LITTLE LIVER PILLS.
CURE SICK HEADACHE.
Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Distress, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

ACHE
In the face of so many lives that here is where we make our great boast. Our pills cure while others do not.
Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not grip or purge, but by their gentle action please all who use them.

WHY HOT AIR IS CONSTANT.
A ton of ice will cool about 28,000 pounds of water one degree.

WHAT GOOD IS FATHER.
Father has always been the "goat." It was always father who held the family from the achievement of its social ambitions. It was father who made blunders that put the family to shame. Father never would take to the new fashioned ideas. He was against the domination by the younger generation, against suffrage, against women's clubs, against the teaching of French to children—in a word, a natural reactionary. It was but natural, therefore, that father should become generally known as a back number, useful only in bringing home money and writing checks.—Washing-ton Post.

SHIPPING NEWS

ALLAN LINE R.M.S. Victoria left Liverpool on Friday for St. John and Halifax with 12 first, 101 second and 355 third class passengers, the mails and a general cargo.

C.P.R. LINE Steamer Lake Champlain, Lieut. Webster, R.N.R., arrived from Montreal at 10.15 a.m. Saturday and after taking on board a number of passengers proceeded for Liverpool.

DOMINION LINE Steamer Manxman sailed from Avonmouth at 10 p.m. on the 20th with a general cargo for Portland.

MANCHESTER LINE Steamer Manchester Spinner, Captain Payne, arrived from Montreal at 11.30 p.m. on Saturday and proceeded for Charlottetown, P.E.I., to load for Manchester.

R.&O. LINE Steamer Irene arrived from Montreal on Saturday and after landing passengers and cargo left for winter quarters in Sorel.

THOMSON LINE Steamer Iona, Captain Hollo, arrived from Montreal on Saturday afternoon and proceeded for London.

PICKED UP A TUG. Cleveland, O., Nov. 26.—A wireless message from the Bessemer and Marquette car ferry No. 2, plying between Conneaut, Ohio, and Port Stanley, Ont., stating that the car ferry had picked up the tug Dispatch, of Goderich, Ont., in midlake in a sinking condition, was received this afternoon. The message said that the ferry is towing the tug into Port Bruce.

NEW STEAMER FOR C.P.R. The C.P.R. has recently placed an order for the building of a duplicate steamer to the Princess Adelaide, for service between Victoria and Vancouver. She is expected to be ready for service during the course of next summer, and when the four Princesses, Adelaide, Victoria and Charlotte, with the new ship, are running on the route there will be a daily service of three boats a day for every working day in the week. The Princess Adelaide is expected to arrive at Victoria about Dec. 10, and will at once be placed on the service. Citizens of both Vancouver and Victoria are delighted with the prospects of improved service between the two cities.

GIGANTIC DOCKS. The Clyde Trust has decided to apply to Parliament for powers to construct the largest tidal and graving docks in Great Britain. The tidal dock will cover 32 acres, and the graving dock will be over 1,000 feet long and 110 feet broad. The cost will exceed £1,000,000. The graving dock will be constructed to take the largest naval and mercantile vessels.

WORLD'S LARGEST LINER. Messrs. John Brown, Ltd., of Clydebank, and Messrs. Swan, Hunter, Wigman and Richardson, of Wallsend-on-Tyne, have been asked by the Cunard Line to tender for the largest passenger vessel in the world. The vessel, which will be 885 feet long by 95 feet broad, will have a total displacement of 50,000 tons. She will be propelled by turbines, and will also be fitted to carry oil fuel. She will have Turkish and swimming baths and commodious theatre, and will have a speed 23 knots. Accommodation will be provided for 3,700 passenger. The Cunard Company may ask for a sister ship. Plans have been approved at Lloyd's and the probable cost is £2,000,000 each. The vessels are destined for the Liverpool to New York service. The new vessels will exceed the White Star liner Olympic by 5,000 tons, and will be two knots faster, though they will be two knots slower than the Mauretania and Lusitania.—Lloyd's Weekly News.

FREIGHT AND CHARTERS. New York, Nov. 26.—Steamer chartering continued fairly active, with rates well sustained in all trades. A steady demand prevailed for tonnage. The sail market was quiet and unchanged. Quotations to Liverpool, 1 1/2d; London, 1 1/4d; Glasgow, 2 1/4d; Rotterdam, 4c; Hamburg, 30 pennings; Bremen, 20 pennings; Hull, 2 1/4d; Bristol, 2 1/4d; Antwerp, 1 1/4d; Cork for orders, 2s 6d; picked ports, large tonnage, 2s 3d; cotton to Liverpool, per 100 lbs., 18c. Charters.—British steamer, 100,000 cases petroleum, Philadelphia to two ports Greece, 16c, January; British steamer, 1961 tons, general cargo, Sa-

vannah to the United Kingdom or Continent, private terms, December; Spanish steamer, 1,523 tons, phosphate, Tampa to Helsingborg, 15a 3d, December; Spanish steamer, 1,653 tons, general cargo, Mobile to Liverpool, berthed, prompt; British steamer, 2,489 tons, transatlantic trade, one round trip on time charter, £1,000, delivery and redelivery, United Kingdom or Continent, prompt; British steamer, 1,968 tons, chalk, Thames to New York, private terms, prompt; British steamer, 2,464 tons, sugar, Liverpool to New York, Philadelphia or Boston, 7s 6d, prompt; British steamer, 2,811 tons, ore, Carthage to Philadelphia, 9s, prompt; German steamer, 2,200 tons, kaitin, Weser to Norfolk or Savannah, 9s 3d, December; German steamer, 2,356 tons, kaitin, Bremen to Charleston, 8s 8d, prompt; British steamer, 2,288 tons, kaitin, Bremen to Savannah, private terms, prompt; schooner, 484 tons, coal, Philadelphia to Humacao, \$1.90; schooner, 963 tons, lumber, Mobile to New York, private terms; schooner, 1,047 tons, coal, Baltimore to Key West, private terms; schooner, 850 tons, rails, Searport to Savannah, or Jacksonville, \$2; schooner, 266 tons, salt, hence to Wilmington, N.C., \$1.50, and back, kiln dried lumber, \$1.50 and loaded.

COMPLAINTS REGARDING INVESTIGATIONS. The London Shipping World, of November, has a very caustically trenchant article on the manner in which official investigations into shipping casualties are conducted in Canada, especially in cases in which ships registered in the United Kingdom and officered by men holding Board of Trade certificates are concerned. It alleges that when a preliminary enquiry is ordered by the Government, the deputy wreck commissioner goes aboard a vessel and holds a sort of informal enquiry, getting statements from officers and men not under oath. It further alleges that when the time comes for the real official enquiry to be held, the same official who has already held the informal enquiry is found to be sitting on the bench of the court, and, with the assistance of two other assessors, acting as the judge in the matter. The Mercantile Marine Association has taken the matter up in England, and, having referred it to the Board of Trade, that body asked to be provided with specific instances in which the irregularities complained of occurred. In reply the association quoted the cases of the steamer Aotea and the steamer Montezuma, and in both instances it is alleged that Captain L. A. Demers, the present wreck commissioner, not only held the preliminary enquiry, but also afterwards acted as arbiter of the points in dispute. The Board of Trade, who got into communication with the Government at Ottawa on the subject, were informed that the Dominion had experienced no little difficulty in obtaining the services of men qualified with sufficient knowledge of marine matters to act in the first place as holders of the preliminary enquiries, but that, as far as possible, in the future, the wreck commissioner for Canada would only be authorized to deal with formal investigations. The article in question goes on to say that in future shipmasters and officers of vessels may have more confidence in the impartiality of the Canadian courts of enquiry than formerly.

Steamer Astarte, Captain Young, from Port Hood, with a cargo, arrived here on Saturday evening and moored at Q.&L. St. John wharf, Louise Dock. Tug Sui Mae arrived from Sorel on Saturday with the eight coal-laden canal boats in tow. Steamer Ralph Holcomb from Baie St. Paul with a cargo of pulpwood for the upper lakes passed here on Saturday.

Steamer Navajo, from Kingston, with cargo of oats, arrived here on Saturday and moored in the Louise Dock. Steamer Bengore Head, Captain Macaulay, arrived from Three Rivers Saturday afternoon and went into the Louise Basin to complete cargo for Dublin. Steamer Senator Derbyshire, from the upper lakes, arrived here yesterday. Steamer Kronprinz Olav, from Montreal for Sydney, passed here yesterday. Steamer Fritree, Captain Quale, arrived from Montreal yesterday morning and went into the Louise Dock to discharge balance of cargo.

IN AND ABOUT TOWN

QUEBEC WILL HAVE CONVENTION

78 MILLIONS SPENT ALREADY

Canadian Forestry Association to Meet in This City Next January.

Cost of the Transcontinental Railway Construction Up to the Present Time.

It is learned from Ottawa that a Dominion forestry convention will be held under the auspices of the Canadian Forestry Association in the City of Quebec during the last week in January, 1911. Sir Lomer Gouin, Premier of Quebec, has endorsed the proposition, and the Minister of Lands and Forests, Hon. Jules Aldard, is in communication with Hon. Senator Edwards, president of the Canadian Forestry Association, regarding the details. Hon. Clifford Sifton, chairman of the Commission of Conservation, has from the first warmly supported it, and it has been arranged that the commission shall hold its annual meeting in this city during the same week.

According to the Commissioners of the Transcontinental Railway, now being built by the Dominion Government, the total mileage from Winnipeg to Moncton is 1,808.84 miles. Of this 698.7 miles have been graded and tracks laid upon it, and also 114.5 miles of sidings have been finished. In all, grading has been done upon 1,106 miles. Apparently surveys have been made for the whole line and contracts let.

The departments of the Dominion and Provincial Governments dealing with forests and agriculture, the lumbermen, bankers, merchants and manufacturers, the marines interests, the educationists, miners and engineers, the railways, and the representatives of farmers' societies and game protective associations are all being consulted.

The cost of this—probably not yet 40 per cent of the expense—is set down at \$71,918,843.88, which does not include the amount already spent upon that important link, the Quebec bridge.

INAUGURATION OF A DAM.

The inauguration and blessing of the new dam of the Dorchester Electric Company will take place this morning at Etchemin Falls.

No estimate is given of the probable cost of the whole undertaking, but it is stated that the contracts for ordinary steel bridges not yet completed cover 26,009 tons, which will call for over \$2,250,000, according to rates quoted.

SUDDEN DEATH.

Achille Magnan, a leather cutter, of Ste. Helene street, St. Roch, died suddenly at his residence on Saturday evening last. Coroner Jolicœur will hold an inquest to-day.

It may, or may not, be significant that the Commissioners offer no comment of any sort upon the progress of the work, nor when it is likely to be finished.

IMPERIAL BANK OF CANADA.

A branch of the Imperial Bank of Canada has been opened at Porcupine, Ont., which is the district which has recently come into the public eye as a phenomenal gold field. This bank is the first institution on the ground.

It may, or may not, be significant that the Commissioners offer no comment of any sort upon the progress of the work, nor when it is likely to be finished.

IMPORTANT MEETING OF BOARD OF TRADE.

There will be a very important general meeting of the Board of Trade at the board room on Tuesday next, when a number of matters of deep interest are to be discussed. The advertisement appears in another column.

It may, or may not, be significant that the Commissioners offer no comment of any sort upon the progress of the work, nor when it is likely to be finished.

RAINBOW SALE.

The members of the Literary Society of the Girls' High School held a rainbow sale in the school house on Saturday afternoon. There was a fine display of cakes, candies, home-made bread, etc., while the room was decorated with all the colors of the rainbow. The demand for the articles on sale was brisk and quite a handsome sum, which will be used to purchase books for the library, was realized.

It may, or may not, be significant that the Commissioners offer no comment of any sort upon the progress of the work, nor when it is likely to be finished.

COURT OF SESSIONS.

On Saturday a man arrested for stealing pork in Jacques Cartier market pleaded guilty to the charge in the Court of Sessions and was sent to jail for two months. A man named Venotte, who was arrested for refusing to permit the game wardens to inspect a bag of skins he had in his possession, was fined \$35 and costs, besides having some of the skins, which were taken out of season, confiscated.

It may, or may not, be significant that the Commissioners offer no comment of any sort upon the progress of the work, nor when it is likely to be finished.

RECORDER'S COURT.

The Recorder had four prisoners on the standard charge of drunkenness before him on Saturday. Three were fined \$10 and costswash with the alternative of spending two months in jail, one month or fifteen days in jail, respectively, while the fourth was commended to a fine of \$5 or fifteen days. A boy, for attempting to break electric street lamps on Dauphine street, was fined \$10 and costs or eight days. It is to be hoped this will be a lesson to mischievous boys who wantonly destroy property.

It may, or may not, be significant that the Commissioners offer no comment of any sort upon the progress of the work, nor when it is likely to be finished.

BRAY-STEPHENS.

The marriage of Miss May Stephens, daughter of the late Mr. P. Stephens, of this city, to Mr. Frank Bray, son of the late Mr. J. W. Bray, of Sheffield, York, England, was solemnized at St. Patrick's Church Saturday morning, Nov. 26, the Rev. Father Jones, C.S.S.R., officiating. The bride wore an Empire gown of brown silk, with brown velvet picture hat. Miss Florence Stephens acted as bridesmaid. The best man was Mr. Richard O'Connor. The presents were numerous and beautiful. Mr. and Mrs. Bray have left for Chicago, and on their return will reside in Montreal.

It may, or may not, be significant that the Commissioners offer no comment of any sort upon the progress of the work, nor when it is likely to be finished.

FUNERAL OF THE LATE MR. JOSEPH ROONEY.

The funeral of the late Mr. Joseph Rooney, which took place yesterday afternoon, was one of the largest seen in Quebec in a long time, a great concourse of mourners assembling to pay a final tribute of respect to the memory of the deceased. The members of St. Patrick's Branch, No. 108, C.M.B.A., preceded the hearse. The chief mourners were the three sons of the deceased, Messrs. Walter, Louis and Jack Rooney; Mr. J. Hawkins and son, of Sherbrooke, and others. The funeral service took place at St. Patrick's Church, which was heavily draped in mourning and crowded to its fullest extent. A full choir rendered the music. The Rev. Father Denohue officiated at the solemn libera, assisted by Rev. Fathers Jones and Lawlor, as deacon and subdeacon. The interment took place in St. Patrick's Cemetery, the last prayers at the grave being said by Rev. Father Jones. The pall-bearers were Sergt. P. J. Chilton, J. O'Brien, P. W. Brown, J. W. McDermott, P. Dollard and P. E. Lane.

It may, or may not, be significant that the Commissioners offer no comment of any sort upon the progress of the work, nor when it is likely to be finished.

CHICOUTIMI MEN CLAIM THE REWARD

For Rescuing Balloonists—Later Say That They Rescued Themselves.

A despatch from St. Louis says that the two trappers of St. Ambrose, who brought back Messrs. Hawley and Post from the bush to Chicoutimi, have written to Mr. Lewis Spindler, the commissioner of the Aero Club of St. Louis, who came to Toronto to organize the search for the missing balloonists, and later with Judge Willich, United States Consul, welcomed them on their arrival in this city. The two trappers, Joseph Pednaud and Joseph Simard, claim the reward which, they say, was offered for the discovery of the aeronauts.

The letter is dated Chicoutimi, Quebec, and says the men, who were on a shooting expedition, found Messrs. Hawley and Post and brought them back to civilization, and that the return of the aeronauts to their homes would have been impossible had they not been thus opportunely rescued.

"We are informed that Mr. Harmon, of the Aero Club of America," the letter concludes, "offered a considerable reward to any one who would bring back to civilization, dead or alive, the aeronauts of the America II, and we claim having a right to such reward."

When the foregoing despatch was shown to Mr. Alan R. Hawley last night he explained that any claim for a reward that might be made by the hunters named or by anybody else could be based only upon a misapprehension.

"No one rescued us," he said, "and no one found us. We 'found' ourselves and rescued ourselves. We were already fighting our way back to civilization when we came across the cabin of these hunters. They very readily gave us all the help they could. That was on Tuesday, October 25. The next day they put us on the trail that led us out of the wilderness and we left them about 11 o'clock on the morning of Wednesday, October 26. It was not until the afternoon of that day that Mr. Clifford B. Harmon, of the Aero Club, offered a reward of \$1,000 for our 'rescue.'"

"We were not rescued in any sense of the word by any one, and particularly were we not rescued by any one after Mr. Harmon had offered the reward. Rewards were also offered by others, but in each case the reward was for any one who 'rescued' us after starting out with that intention.

"As far as the hunters who aided us are concerned, we paid them for their assistance and also gave them an additional sum for their general kindness toward us."

WANTED.

To rent, a building for a manufacture and stock room (no heavy machinery). Possession immediate. Apply to the Red Cross Pharmacy, corner St. John and Palace Sts. nov.28xtf.

CARD OF THANKS.

The lady operator of the Bell Telephone Company sincerely thanks the N. C. O'S. and men of the L.H. Second Fort Co., Royal Canadian Engineers, Quebec, for the handsome gold watch and chain presented by them as a token of appreciation of her services on the night of Nov. 8, 1910.

DOUBLE BILL AT THEATRE NATIONAL THIS WEEK.

Starting to-night, Paul Marcell's French stock company will present a double bill. "Abbe Constantine," a comedy in three acts, a favorite role of Coquelin, will be played by M. Marcel Fleury, who is said to portray the part perfectly. The other play on the bill is "La Marie de Singe," a dramatic story in three short scenes. The principal parts are given to M. Marcel and Mrs. Ducauge. There should be a crowded house to-night and all the week. To-night, Monday, M. Paul Marcell will give a few recitations during the acts. The performance will state at 8 o'clock sharp.

MOORFUL WHALES ESCORT THEIR DEAD

Keep Pace With Ship Bearing 175 Tons of the Bones of Their Comrades.

Boston, Nov. 26.—Can whales mourn any sympathize like humans? Captain Shepard, Second Officer White and most of the crew of the British steamer Welsh Prince, which arrived in port yesterday from Yokohama believe that they do.

At Yokohama the Welsh Prince received the skeleton of a whale described as the largest ever captured along the coast of Japan. The bones were packed in seven crates and weighed 175 tons.

When the Welsh Prince was about sixty miles east of Boston Lightship yesterday and Bill had tired of reporting whales, Captain Shepard and his watch officers saw that an aggregation of monsters had assembled right across the steamships course, as if to defy her progress.

When the Welsh Prince was about sixty miles east of Boston Lightship yesterday and Bill had tired of reporting whales, Captain Shepard and his watch officers saw that an aggregation of monsters had assembled right across the steamships course, as if to defy her progress.

5,000 BABIES STARVING IN CHICAGO.

Chicago, Nov. 27.—The citizens' strike committee, which has investigated conditions in the families of striking garment workers, reported to-day that 5,000 babies are starving here as a result of the labor war. The report was made at a meeting at Hull House, and a special babies' milk fund was started at once by members of the committee.

HEALTH AND INCOME. Both Kept Up on Scientific Food.

Good sturdy health helps one a lot to make money. With the loss of health one's income is liable to shrink, if not entirely dwindle away.

"I am alone in the world," writes a Chicago girl, "dependent on my own efforts for my living. I am a clerk, and about two years ago through close application to work and a boarding-house diet, I became a nervous invalid, and got so bad off it was almost impossible for me to stay in the office a half day at a time."

"To-day I am free from brain-tire, dyspepsia and all the ills of an over-worked and improperly nourished brain and body. To Grape-Nuts I owe the recovery of my health and the ability to retain my position and income."

Read "The Road to Wellville," in pkgs. "There's a Reason." Ever read the above letter? A new one genuine, true, and full of human interest.

Corporation of Quebec City Engineer's Office. TENDERS FOR SAND.

City Hall. Quebec, Nov. 26th, 1910.

PUBLIC NOTICE is hereby given that sealed tenders, endorsed Tender for Sand, and addressed to the undersigned, will be received up to Wednesday, the 7th of December next, at 4 p.m., for all the sand required by the city during the fiscal year 1911-1912.

Tenders must be made on the printed blank forms, and endorsed in the printed envelopes, which will be furnished to intending contractors, on application for the same at the City Engineer's office, and the Road Committee will not entertain any tender that is not made on the said blank forms and enclosed in the said envelopes.

Each tender shall be subscribed to by two responsible parties willing to secure the execution of the contract. Each tenderer shall deposit in the hands of the City Treasurer the sum of \$100.00 to be confiscated by any one refusing to sign the contract.

The Corporation does not bind itself to accept the lowest or even any of the tenders. The contractor to pay for drawing up the contract, and supply the City Engineer with a certified copy thereof.

W. D. BAILLAIRGE, City Engineer.

SHOT AND KILLED WIFE AND HIMSELF.

Albany, N. Y., Nov. 27.—Lemuel Harmon, aged 52 years, shot and killed his wife and himself at their home last night. Their dead bodies were found early to-day by Frank Harmon, their eighteen-year-old son, who was returning from a ride. Harmon's friends say he had acted strangely for two years, following his recovery from a serious illness.

THE ORPHEUM PROGRAMME FOR WEEK.

The Orpheum management have secured for this week what should prove to be an excellent list of vaudeville.—John B. Hymmer, assisted by those well-known artists David Walters and Miss Elsie Kent, will offer with a company of fifteen other people, Mr. Hymmer's latest comedy scream, "Tom Walker on Mars." This playlet is said to abound with funny situations, as well as being one of the most pretentious vaudeville scenic productions being offered this season; the Uessesens, an acrobatic troupe of several ladies and gentlemen will offer what will be in the future referred to by Montreal theatregoers as the most daring and death-defying acrobatic sensation of the age.

Come in and see our stylish overcoats for boys and youths. Also our mantles for misses and young girls. We have them in all styles. Popular prices. Ed. Belanger & Cie. 86 Mountain Hill, 29 Notre-Dame Street, Quebec, Que. nov.26,28,30,dec.1,3

"RATEPAYER" SCORES CITY COUNCIL

To the Editor Chronicle:

Dear Sir:—Nobody, I presume, can have failed to observe that the consent of the Mayor and Aldermen to the demand of the Dorchester Electric Company to be permitted to introduce and sell electricity in the City of Quebec was rushed through the City Council with such indecent haste as to afford the ratepayers no time for reflection and consideration.

The suspicious character of this transaction is emphasized by the fact that not even the interval provided by the by-laws of the Council—in the public interest—between the presentation of a committee's report and the taking of it into consideration—in order to prevent the ratepayers being taken by surprise—was tolerated on this occasion.

Of course there were abundant reasons for such an extraordinary procedure. Had the usual delays been observed, many of the ratepayers might and would have availed themselves of the sacred right of petition against the adoption of the conclusions of the Finance Committee's report, recommending the granting of the permission demanded by the Dorchester Electric Company.

Is it not possible, Mr. Editor, to have a little enlightenment as to the personnel and financial standing, the responsibility and the capital of this Dorchester Electric Company, of which nobody seems to know or to be able to learn anything. Does the Mayor or Council know the amount of the company's capital and how much of it has been paid up? If so, is it not due to the citizens that they should be enlightened on these all-important points, so that they may know what this company's guarantees are worth to the city? Without further information than that so far appearing in the public records of the Council, it is quite impossible to say. Who is the president of the company? Is there a president at all? I hear that the contract with the city on behalf of the company is signed by "Joseph de Salaberry Boese, merchant, of the City of Quebec," and "Joachim Fortin, engineer of St. Henri, Lewis County," the first named in his quality of vice president, and the second as secretary-treasurer. These gentlemen are doubtless men of financial resources, but it would still be desirable to know something further of the financial standing of other members of the company, and also what security the city holds against complete forfeiture of the contract on the part of the company, and how it is that the contract contains no provision as to the amount of electric power to be furnished by the company. Has it then carte blanche, as appears by my reading of the contract, to produce ten horse power or ten thousand at its own sweet will, and for an inappreciable amount of such power to harass the citizens with new forests of poles in the streets, and the existing companies with the same and other entanglements? On all these points it is only fair that the ratepayers should be enlightened.

A RATEPAYER.

Quebec, November 26, 1910.

To the Editor of the Chronicle:

Dear Sir,—To avail myself of your well-timed invitation to correct your assumption, if inaccurate, that, as the Secretary of the Turnpike Roads and Toll Bridges Commission, I was drawing a regular salary for my services, I hasten to inform you that my compensation is nothing but an allowance of so much for every attendance. Again, I wish to state that I did not go to Drummond in the latter capacity. Therefore it is a non-conformity with the truth, and in both cases, to write that while I was being paid by my political leaders for my services to the party in Drummond, I was also drawing a salary as a member of the Turnpike Commission.

As regards to diligence in the proceedings, our Commission hopes to meet your most sanguine expectations on that score. In fact, our report is well under way and will be submitted to the Minister of Public Works shortly.

With the assurance, Sir, of my best sentiments,
Philippe Paradis.

THE CENTENARY OF ST. ANDREW'S

Unique Service in Commemoration of 100th Anniversary of Opening of the Edifice.

A large congregation, among which were many from sister churches met in St. Andrew's Church yesterday morning to commemorate the hundredth anniversary of the opening of the present edifice. Col. English with several of his officers and a large contingent from the Citadel were also present. The service opened with the hearty singing of the Doxology by the choir and congregation, followed with invocation by the Rev. Dr. Love, whose pastorate covers more than a quarter of a century in the history of the church. The Scripture readings were taken by the Rev. J. J. Wright and the Rev. E. G. Walker. The latter was also commissioned by the Presbytery of Quebec to convey to the congregation of St. Andrew's the following communication: The Presbytery of Quebec to the Congregation of St. Andrew's Church, Quebec, on the Occasion of the 100th Anniversary of the Opening of Their Present Church. Greeting: Grace be to You and Peace from God Our Father, and from the Lord Jesus Christ:

We give thanks to God for the service that your predecessors have rendered to the city of Quebec and the Church at large during the long period of your history. You have witnessed a good confession in a conspicuous place. You have been as a city set on a hill, and your light has not been hid. The fact that you have had but four pastors in a century speaks well of your Christian spirit, and also of the ability of the men who have been set over you in the Lord.

You have as a congregation received many tokens of our Lord's blessing, and He has committed to your stewardship much of his goods. — possibly more than any other congregation in this presbytery. Therefore as we stand face to face with great opportunities, not equalled hitherto, both in our own beloved land, and in the foreign field, and as the Church is marshalling her forces to put forth an effort to evangelize the world in this generation, we will look to you to lead the way in this eastern wing of the Lord's army. The rest of us will endeavor to follow according to our ability. We congratulate you upon what you have attained unto, not only in years but in service. We wish you godspeed in all your endeavors in the kingdom of our Lord, and will pray that you may enjoy the fulfilment of the promise, "I will make them and the places round about my hill a blessing; and I will cause the shower to come down in his season; there shall be showers of blessing." The grace of the Lord Jesus Christ be with you all. Amen.

In behalf of the Presbytery,
H. C. Sutherland, Moderator.
J. R. MacLeod, Clerk.

The preacher for the day was the Very Rev. Dr. Forrest, Moderator of the General Assembly of the Presbyterian Church in Canada, and Principal of Dalhousie University, Halifax, N.S., who chose for his text the first clause of the 32nd verse of the 4th chapter of Denterohomy, "Ask now of the days that are past." The sermon throughout was forcible and inspiring and listened to with rapt attention by all present. The life and work of Moses, the great law-giver of Israel, the times in which he lived and the circumstances under which the words of the text were spoken were most aptly portrayed and a practical application made to present day conditions. The wonderful changes and progress made during the past century for the betterment of social

TUXEDO WATCH CHAINS

A new thing for gentlemen's wear. The leading vogue amongst the fashionable dressed men of London and Paris.

It is a very fine gold or Platinum Chain, of sufficient length to hang gracefully across the waistcoat.

Some are simply made of fancy links of platinum or gold, others are studded with whole pearls at intervals, still others embellished with colored enamels.

Tuxedo Watch Chains are amongst the newest things for Gentlemen's Christmas Gifts.

Write for illustrations and prices.

MONTREAL.

Nov. 26x2

life, the many scientific discoveries made to help and elevate mankind, the improved treatment accorded our army and our navy and the higher value attached to human life generally, stamped it as the most progressive century, so far in the history of the world. Allusion was made to the present supremacy of the British Empire and a comparison drawn with what it was when the edifice in which they worshipped to-day was erected. The Dominion a century ago was but a fringe of hamlets—the population small and blessed with little wealth. To-day Canada holds a prominent position in the British Empire and among the peoples of the world. Long, said the eloquent preacher, may the Cross of St. Andrew, St. George and St. Patrick, make up the British flag.

The religious aspects of the century were also noted and a sketch of the missionary enterprise and zeal which characterized it and almost unknown to the world when the building was erected. In view of the past progress made, his hearers were urged to thank God for His kindness and trust Him for the time to come—as Moses looked at the past, and enjoined the Israelites to look forward and learn lessons for the future so should the people of to-day. From the pulpit in which he stood four faithful men in succession had preached the Gospel of Jesus Christ and Him crucified. In closing a strong personal appeal was made to his hearers to accept the salvation as offered in that Gospel and to think of God in prosperity and in adversity, determined to profit in the future by the experiences of the past, for by obedience to His laws in the keeping of His covenant would be found the source of peace.

The musical part of the services was under the able direction of the organist, Mr. W. J. Smith. The hymns and anthems were appropriate to the occasion and excellently rendered, as was the solo by Mr. H. G. Webb.

In the afternoon the Rev. Dr. Forrest addressed the teachers and scholars of the Sabbath school in a pleasing and profitable manner.
