SPEED PLANS FOR BIG-4 CONFERENCE

World News In Brief

Christchurch, N.Z.—(AP)—Queen Elizabeth and the Duke of Edinburgh reached Christchurch tonight on their New Zealand tour after traveling by train through the magnificent "southern Alps."

To maintain schedule the train had to roar right through a number of stations where crowds had gathered for a glimpse of the royal couple.

A surging mass of people greeted them at Christchurch station. Army and air force trainees helped police hold them back until the Queen and duke stepped from their car at the hotel where they are to stay. Then the crowd broke the cordon for a close view of the royal couple before they disappeared inside.

Windsor, Ont.—CP—United States Navy and Air Force helicopters today joined coast guard ships in a search for five fishermen, one of them a 12-year-old boy, reported missing late Sunday among ice-ringed small islands in the lower Detroit river.

Two of the missing persons were believed trapped by heavy ice on Grassy island, near the U. S. shore. Three others were thought to be on Sugar island, farther down the river.

Missing are: Joseph Jasinski, 37, of Lincoln Park, Mich.; his son, Joseph, Jr., 12; and three Grosbeak men, Walter Riley, Paul Nolan, and O. D. Nelson. Both parties were using small boats.

Ottawa—CP—Campbell Moodie, commissioner of the Canadian high commission's office in London, and Group Capt. Ernest A. McNab of Regina will accompany the Duke of Edinburgh during his visit to Canada.

Government House today announced that Mr. Moodie has been appointed Canadian assistant private secretary to the duke for his visit this summer. Group Capt. McNab, a top fighter pilot during the battle of Britain and son of former Saskatchewan lieutenant-governor A. P. McNab, will be Canadian enquiry-in-waiting.

Vancouver—CP—Fourteen Royal Australian Air Force officers, several wives and "a carload of kids" parted company here today for various parts of the United States.

They arrived here Sunday night in Orient Lines RMS Oronsay, largest passenger vessel ever to dock in the inner harbor.

The RAAF contingent, comprised of equipment, armament and engineering officers and air crew, is part of an exchange plan with American airmen.

Saigon, Indo-China—(AP)—French Union forces launched an attack today near Kamkiet, in northern Laos, to block any Vietminh infiltration toward the Vietnamese government seat of that Indo-China kingdom.

Light elements engaged in a series of clashes with the Communist-led rebel forces in the mountain region, the French said, and both sides suffered losses. No figures were given.

London—(AP)—A pinch of plutonium supplied by the Canadian atomic research centre at Chalk River, Ont., helped lay the basis for Britain's production of atomic fuel for peacetime purposes.

About 20 milligrams of the precious metal—enough to cover the head of a pin—were made available to British scientist R. Spence at Chalk River in 1946 and from this was evolved the fundamental process now used in one of three great atomic factories operating on the northwest coast of England.

This information is contained in a slim booklet, "Britain's Atomic Factories," made public Sunday night by the ministry of supply. The illustrated report, containing many facts only recently released from the secret list, outlines Britain's seven-year race to build an atomic industry from scratch.

British scientists gave up their own research here in 1943 to join United States and Canadian experts in the wartime atomic drive.

One group worked in Montreal. In 1946 Britain again took up her own atomic production program and 12 men and women

Denies Sale Of Canadian Gift Kitchen

London—(AP)—A Canadian government spokesman today said there is no truth in published reports that Field Marshal Earl Alexander and Countess Alexander plan to sell the modern kitchen equipment presented to them by Canadian women.

The spokesman said it is true that the Alexanders will move from their country home in Englefield Green, Surrey, to a house in Ashdon Vale, Sussex, which Lord Alexander inherited from an uncle. But that did not mean the "Canadian" kitchen would be sold.

The spokesman was commenting on a report published Sunday, Columnist John Gordon wrote in the Sunday Express that the "wonderful" £4,000 all-electric kitchen would be disposed of because there is no electricity at the Sussex house.

The Sunday Express also said, in a separate article, that Lord Alexander has told friends he plans to resign as Britain's defence minister by August this year. The paper's political columnist, writing under the name Cross-Bencher, commented:

"I honor Lord Alexander for his great war services. But for 22 months he has been a politician, and he must be judged as a politician. In that capacity he has failed."

Canadian officials declined comment. Reports published last December that Lord Alexander might resign because of a difference of opinion over war pensions were not substantiated. At the time, the defence ministry said anything authoritative about Lord Alexander's plans would have to come from Prime Minister Churchill's office.

Lord Alexander, governor-general of Canada from 1946 came back to Britain at Churchill's bidding early in 1952 to become defence minister. The model kitchen, which has been described as the finest in Britain, was installed in April, 1953, the installation taking three months and the electrical equipment occupying two rooms.

South Bostoner Demands Apology

Boston—(AP)—The United States defence department has 24 hours to apologize to the residents of South Boston—or else an invitation for troops to participate in the March 17 parade will be withdrawn.

Patrick F. Sheehan, chief parade marshal, demanded the apology Sunday night after army officials in Washington announced that no troops will parade in South Boston unless all the liquor places in the district are closed for the occasion.

Sheehan said the department "has insulted our people as drunks. I demand an immediate apology, otherwise I will cancel our invitation to the armed services."

Army officials said soldiers and sailors were the target of eggs, vegetables and stones during St. Patrick's Day parade last year.

Compromise On Sites For Gathering Clears Way For Deciding Technical Details.

By TOM REEDY

Berlin—(AP)—Experts for the Big Four set to work today to plan security and other details of the Berlin foreign ministers' conference. A compromise Sunday night on sites for the session assured that the parley will open on schedule next Monday.

The American, British, French and Russian commandants of the divided city appointed deputies to meet late today to work out detailed arrangements for the conference on German unity and an Austrian peace treaty.

Orders from their home governments ended 10 days of wrangling over the conference site. The three Western military chiefs and Soviet commandant Sergei Dengin agreed Sunday night that the ministers will meet for one week—the second—in the Soviet embassy in East Berlin, and for the first and third weeks in the building of the American sector formerly used by the Allied Control Council.

Thereafter, a communiqué said, "the place of meetings will depend upon the course of the conference."

The Russians at first had demanded that half the meetings, including the opening session, be held in East Berlin. The West sought at first to hold only one-fourth of the meetings in the East.

The "little four" deputies now will determine the make-up of the conference secretariat, arrange for communications and security, and decide on policies for handling the 1,000 or so men and women of the international press corps about to descend on the city.

State Secretary Dulles, Foreign Secretary Eden and Foreign Minister Bidault are due from the West Friday for last-minute strategy discussions. Foreign Minister Molotov is expected from Moscow Saturday or Sunday.

Their gathering will be the first major four-power meeting in Berlin since 1948 saw the onslaught of the cold war, its subsequent East-West split and the Berlin blockade. As the wrangle over the site cleared up, communist East Germany cranked up a press campaign which undoubtedly has Moscow's approval.

The Red press contended today that more than 5,000,000 Germans have signed a petition demanding all-German representation at some point in the deliberations.

The West German chancellor, Konrad Adenauer, ignored such tactics.

Powerhouse Strike Hits Auto Plant

Windsor, Ont.—Powerhouse employees at Chrysler Corporation of Canada tumbled out of cars into near-zero weather early today to set up picket lines for a strike to enforce contract demands.

The powerhouse supplies the big automotive plant with heat and compressed air. It was expected the strike by the 27 powerhouse men would cause 6,000 other employees to leave unheated buildings. The thermometer outside read a chilly 10 degrees above zero.

Involved in the walkout are members of Local 944, International Operating Engineers (AFL-IO).

Last June Chrysler negotiated a contract with its production workers, members of Local 955 of the United Automobile Workers union (CIO-CIO), giving a six-cent-an-hour general increase. The same offer was made to the engineers, which would raise the basic hourly pay for a second-class engineer from \$1.97 to \$2.03.

The offer was refused. A conciliation board recommended a six-cent raise with time and half for Sunday work.

The engineers who have a maximum 40-hour week, accepted the six-cent raise but asked for time and a half for Saturday as well as Sunday work. The union asked also that the raise be retroactive to June when negotiations opened.

As the big compressors chugged to a stop, it was not known if the CIO union production employees would cross the AFL picket lines. Just before the picket lines were set up, the midnight shift of production workers reported for duty and went into the plant.

A company spokesman said the union's first demand was for a 20-cent-an-hour increase but, after a conciliation board report Jan. 4, it was willing to accept six cents if other demands were met.

Meetings continued until Saturday when the company spokesman said, union men walked out. The company said no further advances will be made until the union makes an offer.

Archie Hooper, business agent for the union, said the workers will leave it to the company to make the next move.

Reports Of Sabotage In Crash Grow

London—(Reuters)—Suspicion of sabotage in last Sunday's crash of a Comet jet airliner grew today as the government stepped up its probe into the accident in which 35 persons were killed.

The navy is sending salvage ships to the site off the Mediterranean island of Elba where the plane is believed to lie in 450 feet of water. Authorities hope that the wreckage, if it can be raised, may show what sent the sleek plane into its death plunge.

Britain's top aviation medical expert, Air Marshal Sir Harold Whittington, reached Rome Sunday for an investigation of medical aspects of the case. And Alan Lennox-Boyd, minister of civil aviation, left for Rome to make first-hand contact with investigators on the scene.

British Overseas Airways Corporation declared officially Sunday night that the possibility of sabotage "cannot be overlooked."

Observers here had already noted that the Comet and a Philippine Airlines Skymaster which crashed at Rome Thursday both met sudden disaster just 7½ hours after leaving Beirut, Lebanon.

The Lebanese civil aviation board said today in Beirut that sabotage "could not have been committed" there. And a BOAC official in Beirut said it would be "unfair to pin down a possibility of sabotage at Beirut airport" since both planes had made several earlier stops.

At Porto Azzurro, Elba, funeral services were held today for several of the Comet crash victims. Five bodies were buried here while the other 10 recovered so far will be sent home. Some 500 children led the silent procession into the cemetery at Porto Azzurro, where Protestant, Roman Catholic and Jewish rites were held. Twenty bodies are still missing.

Backing for the sabotage theory came from Sir Frank Whittle, Britain's jet-engine pioneer, who said a concealed bomb on the plane was "a high probability."

The Comet, Britain's first jet airliner, is Britain's particular pride. If anyone wanted to hurt British prestige, they could hardly find a better method," The Daily Express quoted Whittle as declaring.

Before his departure Lennox-Boyd also acknowledged the sabotage possibility and said BOAC's strengthening of security along its Far East routes "has my entire support." But he stressed that

To Resume Debate On Canal Plan

Washington—(AP)—The Senate resumes debate today on legislation authorizing United States participation with Canada in the St. Lawrence seaway, with supporters still forecasting passage probably this week.

Opponents of the 27-foot-deep waterway privately concede that their chances are slim to block Senate approval of the controversial measure.

They indicated that with the Senate first virtually hopeless, they will concentrate on the House of Representatives in their efforts to turn back the bill.

The seaway proposal has never been considered by the House, although its committees have conducted hearings on several occasions.

The bill authorized the U.S. to join with Canada in the project which would permit some ocean-going shipping to sail to the Great Lakes.

Estimated cost of the American share of the construction is about \$100,000,000. The money would be raised through issuance of bonds to the U.S. treasury department by a St. Lawrence development corporation.

American railroads, coal interests and Atlantic and Gulf coast ports have opposed the project for decades—and always successfully—on the ground that it would be detrimental to their interests.

The Senate began debate on the proposal last Wednesday. On Friday, before the weekend recess, Senator John M. Butler (Rep. Md.) delivered a 30,000-word speech opposing the project. Butler required more than five hours to complete the speech.

Majority leader William Knowland (Rep. Calif.), one of those who has cautiously predicted Senate approval of the measure, has said he is hopeful of a final vote this week.

Talent Good But Training Lacked

New York—(AP)—Patricia Grant Lewis, 23-year-old pianist from Hamilton, Ont., made her New York debut at Town Hall Sunday night and had "technical troubles."

Included in her recital was the initial U.S. performance of a suite by Lorne M. Betts, also of Hamilton.

The Herald Tribune music critic says Miss Lewis "had troubles, all of them technical."

Sonata, Op. 10, No. 3, she managed to expose momentarily a sincere and engaging musical temperament, impulsive and youthful.

Elsewhere during the evening, in Schumann's Symphonic Etudes and in work of Bach and Schubert her playing suggested that she has some solid practicing to do before she can meet the professional standards usually expected of a recital artist.

The Times reviewer thinks Miss Lewis "has decided talent" but says the evidence at hand "suggests that she has not been trained too well."

Eisenhower Urges Federal Support Of Private Health, Accident Insurance Plans

Washington—(AP)—President Eisenhower proposed today that the government bolster private insurance plans as a step toward bettering the health of all Americans.

In a special message to Congress, Eisenhower asked for \$25,000,000 to start a system of government re-insurance of private plans, to help take care of extraordinary expenses beyond those now covered.

The president also proposed a five-year plan for expansion of the program for rehabilitation of the disabled. Under it a total of 660,000 disabled persons would be returned "to place of full responsibility as actively working citizens."

The president told Congress the total private medical bill of the nation now exceeds \$9,000,000,000 a year—an average of nearly \$200 a family—and still is rising.

He said the emphasis in dealing with the problem must remain essentially on private care, but that the government can and must help.

Although Eisenhower did not go into detail on what he meant by "re-insurance," he apparently had in mind something along the general idea of the system by which the government insures bank depositors against loss. The private health plans would pay a fee for the insurance against major losses, and these fees, it was contemplated, would in time repay the \$25,000,000 set up to start the system.

Most existing private plans cover only a specified number of days of treatment at a specified maximum cost. Presumably, more benefits would be assured.

The president also urged more aid for expanded construction of medical care facilities.

Denies War Court Easy On General

Montreal—(AP)—A member of the court that sentenced Johann Neitz, German war criminal, to life imprisonment denied Sunday night that the Nazi soldier had been treated more leniently than if he had committed a similar crime in civilian life in Canada.

M. G. Brown, now a business man here, took exception to a statement made by Oliver W. Durbin, London, Ont., lawyer and chief prosecutor at Neitz' trial, that the German had been treated softly by Canadian authorities.

Mr. Brown, then a wing commander in the RCAF, was a member of the five-man air force court which sentenced Neitz to life imprisonment for the wounding of F.O. R. A. Roman of Regina and Sudbury, Ont., while escorting the shot-down flyer to a prison compound.

Defence Minister Claxton announced last week that Neitz's sentence—along with that of former SS Maj.-Gen. Kurt Meyer—has been reduced to 14 years.

"I know of no Canadian court that would execute a man for attempted murder," said Mr. Brown. He said he construed Mr. Durbin's statement as an attempt to impugn the court that handled the case. The court had explored Canadian, British civil and criminal codes, the common law and war crimes conventions before deciding life imprisonment was the maximum sentence that could be imposed.

U.S. Concentrating On Fast Interceptor Plane Program

Washington—(AP)—When the United States spends an extra billion next fiscal year on continental defence, it will mostly be buying fast interceptor planes intended to seek out and hit any attacking bombers.

Officials in a position to know say the interceptor program, which includes purchases of the new F-102, supersonic, almost automatic bomber hunter, will account for nearly all the increase.

The chain of radar warning installations along the northern perimeter of North America, they claim, is largely provided for by left-over funds of earlier years.

Canada also participates in the northern radar set-up, and the RCAF is concentrating on fighter production and training.

President Eisenhower mentioned the billion-dollar spending increase for continental defence in his state of the union message Jan. 7 when he touched on his new military program.

That program, leaning heavily on power to deliver a shattering counter-blow to any aggressor, apparently is winning strong Democratic support in the U.S. Congress. There were reports that Democratic leaders are advising their colleagues to tone down criticism of foreign military policies of the administration and that

Cabinet Is Selected For Italy

Rome—(AP)—Amintore Fanfani, moderate leftist member of the middle-road Christian Democratic party, today handed President Luigi Einaudi the line-up of a new cabinet he hopes will end Italy's political crisis.

Einaudi immediately signed the decree appointing the new government, but the 46-year-old Fanfani and his cabinet still must win the approval of Parliament, which is bitterly and almost evenly divided.

The new premier will go before the 590-member Chamber of deputies, in which his party's 262 seats are 34 short of a majority, January 26 to present his program.

Fanfani, former interior minister and the youngest man ever called to republican Italy's premiership, is expected to win by a narrow margin in the subsequent vote of confidence.

He was asked to form a government after the resignation January 5 of Giuseppe Pella, another Christian Democrat who had governed precariously for five months with Monarchist support.

Leftist members of his own party split with Pella, charging he was too far to the right. They called for more liberal economic policies, and particularly a speed-up in the land redistribution program, to counter recent Communist gains.

Except for one independent, the new 19-man government consists entirely of Christian Democrats.

In 35-year-old Giulio Andreotti, it probably has Italy's youngest minister of the interior. Active in the Italian Catholic Action Movement in the past, Andreotti has been a frequent target of leftist attacks.

Attilio Piccioni, 61, vice-premier under former premier Alcide De Gasperi, is the new minister of foreign affairs.

The new cabinet selection came after Italy's third political crisis since the election last June. Pella's government had come to power as a "temporary" regime after the fall of De Gasperi's eighth cabinet last August.

New Strike In British Atom Plants

London—(AP)—A one-day strike by members of Britain's Communist-dominated Electrical Workers' Union today hit atomic projects, airports, power stations and other strategic sites.

Union leaders said first reports indicated that nearly all of the 30,000 electricians ordered out will obey the strike. Tuesday will be the strike's high day. The men are engaged in contracting work. About 170,000 other members of the union were not affected.

The management group, the National Federated Electrical Association, announced that the employers will retaliate Tuesday with a "lockout" of electricians who took part in today's walkout.

The union refused the employers' offer to arbitrate pay demands of up to 11 shillings a week over the current average of £9 4s 4d. The employers' counter-offer is slightly less than half this figure, coupled with cuts in overtime.

Last week the union called out 2,000 of its members in a series of brief flash strikes at 20 companies.

Aries (March 21 to April 21) Diplomatically sitting back and analyzing why home conditions and career or vocational interests are taking present course reveals new trend you must go along with if success is to be yours.

Taurus (April 20 to May 20) Chance to merchandise your outlets depends upon securing the good will of some strangers, persons from a distance who do not have good idea where you are headed. Explain carefully, then you get support.

Gemini (May 21 to June 21) Keeping strictly within a sensible budget really saves you a big headache, shortly, when you will need funds. Show colleagues you can be economical in emotional expression as well.

Cancer (June 22 to July 21) Sidestep home problems at the moment, look for cause of restraint, lack of backing from fundamentally sound associates, comrades. Keep cheerful exterior for best results.

Leo (July 22 to August 21) Private worries you've been mulling over and over in your mind disappear or solve themselves if you will concentrate on routine duties so intently they have a chance to assume the right perspective.

Virgo (August 22 to September 22) Your ambitions seem to conflict with your affections, attachments, present money interests, realize all to make a more intelligent working arrangement so each has a proper place; attach equal importance to them.

Libra (September 23 to October 22) Take no chances with any who can give you less support because of your uncooperative attitude. See that your credit is in good order by attending to worldly obligations now.

Scorpio (October 23 to November 21) Your mind is really hitting the ball, working overtime on interesting new plans to bring your good to you, so keep plugging away at desired aims for they soon are yours. Hold them to you.

Sagittarius (November 22 to December 21) Sudden desire to let go of some cash, assets or property should be studiously avoided until you have more facts to base an intelligent expenditure upon. Devise better budget instead.

Capricorn (December 22 to January 20) Explosive associate tries to get you to act more

quickly than you deem wise and before you have a chance to make a sensible decision. Study all angles of the proposition before accepting.

Aquarius (January 21 to February 19) Rebelliousness at current duties is no excuse for taking off when all you require is a little more stick-at-it-ness. Real success can then be yours. Keep plodding; avoid temptations.

Pisces (February 20 to March 20) Lots of good times are possible, also you have a chance to get your investments, hobbies, romantic interests in better condition but it will require you look to simple, inexpensive solutions. Don't try to "glitter-glamour" anyone.

If Your Child Is Born Today

Today's child is one of those very ingenious youngsters who will always like to take his or her time about whatever is vital to ambitious goals that are a part of this nature. Don't be fooled by any tantrums or scenes; they are just a means of getting his or her own way. Your offspring has a basically intelligent, calm and controlled nature but loves to work an angle or throw a fit to see just how the other person will react. Fine talent for acting, selling, lecturing, etc., along practical lines.

BRESSETT'S CORNER

Mrs. Robert Rintoul was a visitor in Montreal, when she took her little son, Stephen Lindop, back to the MacKay School. They were accompanied by Walter Baird, whose home is in Newfoundland, and who had spent the holiday with Stephen and his family. While in Montreal, Mrs. Rintoul took Stephen for his regular check-up, and was delighted at the doctor's report that Stephen's eye nerves, damaged during the course of his disease, are restored, and his eyes are normal again. This is one more step in Stephen's progress and is cause for encouragement to his family and many friends.

Her friends were sorry to hear that Mrs. Bond Little had to enter the Sherbrooke Hospital for treatment but are pleased to hear that her health is improved.

Mrs. Robert Holden and young son, Jackie, of Niagara Falls, Ont., and her mother, Mrs. Albert Huse, of Sherbrooke, were guests of Mr. and Mrs. Roy Smith, and other relatives.

Mr. and Mrs. Kenneth Price, Betty and Judy, and Mr. and Mrs. George Matheson and Mr. and Mrs. William were holiday guests of Mr. and Mrs. Joseph Moore and Stephen. Mr. Robert Rintoul, of Sherbrooke, was a holiday guest at the home of his son and daughter-in-law, Mr. and Mrs. Robert Rintoul, and family.

Miss Janet Little spent a few days in Lennoxville. Mr. and Mrs. Antoine Guillelte and Brian and Mark, of Marquette, and Mr. N. Lowell, of Stanstead, were guests of their parents, Mr. and Mrs. Vern Lowell. Mr. and Mrs. Donald Hutchins, Sr. and Mr. and Mrs. Donald Hutchins, Jr., of Montreal, were guests of Mr. and Mrs. Roy Smith. Mr. and Mrs. J. V. Knutson and Norman were holiday hosts to their son-in-law and daughter, Mr. and Mrs. Gerald Bryant and two children, of Lennoxville; and Mrs. John Knutson, Sr. Later, Mr. and Mrs. Knutson and Norman motored to Montreal, where they were week-end guests of Mr. and Mrs. James Gagnon.

Mr. and Mrs. P. F. Wilson, Faye and Wendy and Mr. and Mrs. V. Hodgson, of North Hatley, were guests of Mr. and Mrs. George Groom.

Mrs. Ernest Clark, Mr. and Mrs. Ronald Clark and three girls, and Mr. and Mrs. Fred Auger, all of North Hatley, were holiday guests of Mr. and Mrs. Robert Little and family.

Mr. and Mrs. Olof Knutson and two children, were holiday guests in Alberton, Ont., at the home of Mr. and Mrs. William Cripps.

Former Schoolhouse At South Bolton
Purchased By Women's Institute Branch

South Bolton, Jan. 18 — The Women's Institute met in the club room on January 6th. Lunch was served at the noon hour to several members present.

During the business meeting the president said that she had recently on behalf of the W.I. members met Mr. W. Juby in the Notary Office, at Knowlton, and signed the deed, which gives the South Bolton Women's Institute the ownership of the former local schoolhouse, where many of the older members received their education. Thanks are due to a former member and officer of the Society, who loaned the money lacking to make it a cash deal, but donations will still be gratefully received by collectors, who have been appointed to make a canvass of the neighborhood here, and anyone wishes to help a good cause along may do so, through the secretary, Mrs. R. H. Coates, of South Bolton.

It was decided to donate a quilt to victims of a fire, and thanks were received for "Sunshine" baskets given out at Christmas, along with the 42 candy bags given to children. Mrs. Ruth Leroy also thanked the members for the special gift she had received in recognition of her services, in building the fires and caring for the club room.

A vote of thanks was given to Mrs. Albert Cameron for their donation towards the candy bags and also to Mayor Randall for his donations of \$5 towards W.I. expenses.

The next meeting will be at the noon hour, at the home of Mrs. A. P. Bloomfield, all being well. Mr. and Mrs. William Hammond and son, of St. Catharines, Ont., visited her parents, Mr. and Mrs. Orville Schoolcraft for a few days.

Mrs. Bertie Perkins has returned home from a visit in Vermont and New Hampshire. She went as far as Boston, Mass., on a trip.

Messrs. Francis and Ronnie Brett were overnight guests of the former's sister, in West Brome.

Mrs. Ethel Coates and Mr. Arthur Morfee motored Mrs. Whitaker to Knowlton.

The chicken pox found victims in the children of Mr. and Mrs. Kenneth Brock.

Mrs. Reginald George and Miss Patsey George were ill with pneumonia. They were attended by Dr. Katz, of Waterville; Dr. Gillanders, of Mansenville.

Mr. and Mrs. A. O'Reilly, Sr., were at Mr. George's on New Year's Day.

Mr. and Mrs. Ernest Thayer's little girl is reported to be in a Montreal hospital suffering from rheumatic fever.

Mr. J. M. Cameron has returned to his home here after spending some time with his brother there.

Mr. Carl Lawrence was a caller on Mayor and Mrs. Randall.

Gaydon Davis has had the cast removed from his limb for some time and now can walk without using his crutches.

Mr. and Mrs. A. P. Bloomfield were tea guests of Mr. and Mrs. Lawrence White and son, John.

BROME CENTRE

The gentleman neighbors of the King families in Iron Hill and Brome Centre areas have kindly given one and a half days' work to help them build a thirty-foot long, one-storey house to replace the home destroyed by fire on December 31. Many local people and others in Cowansville and Sweetsburg have given furniture, clothing, etc., to help the five adults and several children, from five to 17 years, who were left homeless in zero weather. These kindnesses have been greatly appreciated by the King families. Mr. and Mrs. George King, Sr., have gone to reside in the Jeanne Savers home near the Knowlton highway since the fire. Any other assistance would be much appreciated.

PINNACLE

Miss Beverly Carson, of Dennison's Mills, was a week-end guest of Mr. and Mrs. Duncan Kerr and family.

Coaticook Mayor, Aldermen Argue Civic Centre Issue

Coaticook, Jan. 18. — The question of a new civic centre to replace the Town Hall recently destroyed by fire and the alleged irregularities among employees of certain municipal departments are likely to prove an important issue in the forthcoming municipal elections in Coaticook.

This was apparent with the release of statements by Mayor Dr. Raoul Laurence, who has announced his decision to seek re-election, and from six of the aldermen which give the views of the conflicting parties on the issues in dispute.

In his statement, Dr. Laurence said:

"At the end of my term as Mayor, which will close this February, a term which has been greatly darkened by our Town Hall fire, I believe I must do my duty so as not to fail in my oath of office. Following the 'tempest in a teapot' caused by the imposition to the amendment of Bill 14 passed at the last Legislative Assembly, I wish to tell all the ratepayers and those who will sit at the future Council table that when I wanted to consider the immediate construction of our Town Hall I had also in mind to study at the same time the possibility of erecting a Civic Centre as they have in other municipalities, to aid the growing generation who will replace us in the future. You will agree with me that it does not help the young to walk the straight and narrow road of honesty and duty by giving them the means to educate and amuse themselves, we will bear a much greater responsibility by exposing them to delinquency. That is why I wanted the public to consider the building of a municipal library and skating arena at the same time as the construction of a Town Hall. This is my first declaration at the end of my term of office.

"The second is also of great importance and follows herewith: After the Town Hall fire, after the Department of Electricity scandal, and after having learned recently that someone had used a spotlight of a Town department for illegal deer hunting, and still further, considering that our director of services can no longer take the responsibility of municipal material because it is not in a safe place, I see more than ever that personnel of our different municipal departments is inadequate for the needs and exigencies of our municipality. It is urgent to remedy this if we do not wish to have greater trouble. That is why I would ask that an inquiry be made, which would indicate to us how to remedy the situation

which is greatly detrimental to the good administration of our Town."

The following is a statement released to the press and bearing the signatures of six Aldermen of the Town of Coaticook, Leonard Akhurst, Murray Woodman, Joseph E. Cloutier, Maxime Begin, Yvon Lemieux, and A. A. Dionne.

"The Town Council of the Town of Coaticook wishes to make known to the population what it has done, and what it wishes to do, following the fire which has destroyed the Town Hall.

"After the Town Hall fire, the Council did all that was necessary in order that normal services might be maintained while awaiting the construction of a new edifice.

"The present Council has not made, and has no intentions of making, plans and estimates for rebuilding, because five of the eight Council members finish their terms in less than a month and may not be members of the next Council.

"It is preferable that the architect who will be making the plans and estimates, be engaged and receive his instructions from a Council which could accept or refuse the plans, and see to the construction, because it is important that precise instructions be given to the architect who will prepare the plans and estimates, as to what can be included or excluded from said plans, such as the Town Office, the Registry Office, the office of the Police and Fire departments, the municipal garage, or any other improvements, and that precise instructions be given as to the amount of space which should be reserved for each of these departments.

"It is also necessary that these instructions be given by the next Council, because it is the next Council that will be able to accept or refuse plans and estimates, find the means of financing the plans when made, and have the approval of the ratepayers in ways and means of financing the edifice under construction.

"The present Council admits that it would be very pleasing and very useful to the population to include in these plans a library, a civic center, an arena, and many other improvements, if the finances of the Town permitted it.

"But since this is not the case, heavy expense, and a big increase in taxes, which already burden many taxpayers, the present Council hopes that the next Council will decide to build only that which is necessary to house the municipal services and the Registry office, which are at present 'sans local,' and to include in the plans sufficient space to store all Town equipment and materials, to permit easy control over these stores and materials.

"This declaration of the present Council is deposited in the Archives of the Town and copies given to the press.

Weight Lifting Practise Fatal To Warwick Man

A heavy iron bar-bell dropped on the head of Jean Roch Pellerin of Warwick, Que., while Pellerin was practising weight lifting. The athlete died 10 minutes later.

The unusual fatality was among ten violent or accidental week-end deaths in the eastern Canada listed today in a Canadian Press compilation. Altogether, there were five in Quebec and five in Ontario.

Victims of Quebec traffic mishaps were Yves Pouliot, 6, of Quebec City, whose sled crashed into a car; Gerard Marquis, 31, who fell from a moving truck 15 miles north of Quebec City; and an unidentified woman hit by a truck in Montreal.

Milder Winter Notion Is Given Momentary Jolt

There is no doubt about it. We have been spoiled.

With last winter a mild, almost Floridian affair and with December following, for the most part, a similar pattern a good many people, it seems, had begun to wonder if we hadn't entered a warm belt and were in for a series of mild winters.

With the cold coming again over the week-end this idea has suffered at least a momentary jolt. Saturday's 'breather' saw temperatures rise to thirty above and sometimes more with the occasional sight of people walking on the streets without their topcoats.

Sunday was crisp and sunny with the morning temperatures between eight and 14 below. Churchgoers found a strong wind blowing but this did not affect the size of congregations. Several churches reported more larger than usual.

The third cold wave of a few weeks saw the mercury standing at between eight and sixteen below at work-going time this morning. Just how far down the red line went depended on where one happened to be. There may be a considerable variation of thermometer readings within a mile or so.

If one takes the heights and the valleys into consideration; the elevation of a particular thermometer and the compass direction which it may happen to face, this variation may run to six or seven degrees.

Sherbrooke's anticipated low for last night was eighteen below and some late retirees said it went down to 20. Today's high was forecast as zero.

Regina's minimum was given as 31 below and Winnipeg's as 30. So Sherbrooke, relatively, was not so badly off.

We have not seen a reading for Northern Ontario's White River where sixty below is a not infrequent temperature. Natives here declare that outdoor conversations at these times have their drawbacks. Delays occur, they claim, when you have to take the words indoors to unfreeze them on the kitchen stove before the meaning is clear. And pails of water emptied from the back door, they add, may be ice before they strike the ground!

Prescott, Ont., Jan. 18. — The funeral was held here on Friday of Rev. William Howitt, retired member of the Ministry of the United Church of Canada. His charges during a long career had included churches at Clarenceville, Waterloo and Stanstead, Que. He had occupied the pulpit of Prescott United Church before his retirement to live in Prescott in 1925.

Mr. Howitt had been ill three weeks.

William Howitt was born at Guelph, Ont., on July 12, 1857, the son of John Howitt and his wife, Margaret McIntosh. He was a Methodist minister before the Union. In addition to the places already named, he had served in Almonte, Ont.

He leaves his wife, three sons, John Howitt, Toronto; William Howitt, 209 Carlyle Avenue, Montreal, and Mahendroff Howitt, New York, and four daughters: Mrs. James Carnwath, Woodstock, Ont.; Miss Helen Howitt, La Paz, Bolivia; Miss Marjorie Howitt, Prescott, and Mrs. W. G. Vance, Tillsonburg. Two daughters: Edna and Isobel, predeceased him.

months, was burned to death in a fire that gutted her parents' home at St. Mathias, near Montreal.

Million Hours Seems Lengthy Period But Employees Make It Accident-Free

Windsor Mills, Jan. 18. — A million hours is quite a long time. If they happen to be working hours, the period seems a good deal longer.

Imagine a man living in the year 1612, in the reign of James the First. Imagine him swallowing a sufficient quantity of the elixir of life in January of that year to keep him going until our day. If this one man worked steadily for a daily eight hours, seven days a week, during the 342-day interval he would have finished his millionth hour just about now. He might have finished on the morning of Saturday, January 16.

It was on this morning over the last week-end that about a hundred employees of the Converted Products Division of the Canada Paper Company, Windsor Mills, completed one million man hours of work without having a lost-time accident. This safety feat was performed by the employees over a period of four and a half years.

The millionth hour was believed to have expired about nine o'clock Saturday morning and at this time officials of the Canada Paper Company and of the division gathered with the workers. They unfurled a banner inscribed "1,000,000 hours."

John Bagnall, division manager, announced the safety feat completion. In no mill, he said, could all hazards be avoided; the converted products division had its share. Despite them, the employees had achieved this record.

The manager singled out Edward McLennan, the factory safety coordinator, Earl Blair and Eugene Bolduc, foreman, and the two foreladies, Rita Boulanger and Marie Toussaint, and also cited the safety supervisor and his staff.

Alex. Philip, the company's assistant general manager, termed the safety record an outstanding example. It was not just an accident, he remarked, but was the result of careful organization and co-operation.

Mr. Philip read a telegram of congratulation from Harold Crabtree, president of the Canada Paper Company.

Weather Forecast Augurs Ill For Tonight's Eclipse

Amateur astronomers and a good many others will have their eyes focussed on the heavens tonight when a total eclipse of the moon is scheduled. Ordinarily, the Sherbrooke slopes should provide fairly good vantage points but the forecast of "increasing cloudiness and milder" does not augur well for the big show.

As the earth moves slowly between the moon and the sun the moon, whether or not it can be seen, will gradually get darker and darker. The total eclipse period will be about five and a half hours, starting at about 6:38 p.m. and ending after midnight.

There will be an half-hour period of totality roughly from 9:16 to 9:46 p.m. The actual moment of total eclipse is expected to be at about 9:30 o'clock.

There are several eclipses of the moon each year, say astronomers, but not all are total, the complete blackout being a relatively rare occurrence.

When one looks at the moon his eyes are surveying an orb which is approximately 240,000 miles from the earth—this distance just about ten times the earth's circumference. As the vast distances of the heavens go the moon is practically in the earth's pocket and a lunar visit may easily come within a few years.

The moon is a little less than three light seconds away from the planet Earth. Galaxies in far-off space are two hundred million light years distant. Light travels, as you probably know, at the approximate rate of 86,000 miles a second.

William Audet has four sons, Captain Charles Audet of the Sherbrooke Fire Department, J. A. Audet of Montreal, Lee Audet and Clarence Audet of Sherbrooke.

Frozen Pipes Fire Hazard, Chief Warns

During the present cold spell, fire Chief Percy Donahue is appealing to all citizens to be cautious while attempting to thaw out water pipes which may have been frozen by the intense frost.

"Many people are tempted to use open flames, such as gasoline torches, oakum and other means to thaw out frozen pipes. This practice is very dangerous for fires," warns the fire chief, "and we have had fires in the past caused by such tactics which were quite disastrous."

Since this practice is very dangerous, Mr. Donahue recommends the pouring of hot water on rugs rolled around the pipes or to use electricity, the latter which should only be done by an experienced electrician.

The use of boiling water, he added, is the most convenient and the safest.

"Another bad practise is to let your water run in the faucets, as this would reduce the city's water pressure and severely hinder the efficiency of the fire department in the event of a fire," concluded Fire Chief Donahue.

Few Contentious Items Scheduled For Study At Council Session This Evening

Despite the many important projects which the Sherbrooke aldermen have under consideration at the present time, tonight's regular session of the City Council is unlikely to witness anything more important than the adoption of routine committee reports. These reports may touch of a few brief and limits debates caused by some members failing to see eye-to-eye with the majority of their conferees on certain of the recommendations, but for the most part they should receive formal endorsement with a minimum of discussion.

This does not mean, however, that the aldermen will have nothing to do. As usual, a session of the committee of the whole will meet in the star chamber prior to tonight's session and with several important matters under study, it is likely that another caucus will be held after the formal open session of the Council is held.

One problem which requires early solution concerns the private bills now before the Legislature containing amendments to the city charter and that of the Protestant and Roman Catholic School Commissions. The City bill, which has been approved by the Legislative Assembly, is now before the upper house, or the Legislative Council and the Aldermen are planning an additional clause which would specifically permit them to exempt the Eastern Townships Agricultural Association from municipal and school taxation.

Ever since its incorporation, the Association has been exempt from taxation under the clause permitting agricultural societies this privilege. Last summer, however, the city attorney ruled the E.T.A.A. was a commercial organization because it sponsored dances, wrestling bouts, etc., in the arena and had leased its race track to private interests. Thus a bill covering taxes on the arena and the race track was sent to the Association.

A delegation waited upon the aldermen asking to be relieved from this impost and by a majority vote the Council decided to seek specific powers from Quebec in this respect.

The school boards bill came before the Private Bills committee last week but final action was postponed when a dispute arose over clauses authorizing the preparation of a valuation roll by the school boards for industrial machinery and giving the boards the right to contest the valuation roll prepared by the city. The first clause was opposed by the Protestant Boards.

Premier Duplessis recommended the city and the commissions seek to iron out their differences and re-appear January 27 with a compromise proposal.

The Council may seek to set a date for such a meeting with the commissions at the committee session tonight.

Beer Theft Blamed For Low E.T. Price

Some parts of the Eastern Townships have seen beer sold recently for a good deal less than the usual grocery price, according to a despatch from Montreal, but this can hardly be described as the result of a cut-rate war between the big brewers.

The beer, in fact, was not sold by the brewers at all. Its distribution is the result of an alleged theft racket and charges are being laid against its ringleaders, according to Montreal police.

Detectives said charges are being laid against at least five of nine employees of Dow Brewery Limited, believed to have been concerned, and against six truck drivers.

EXPLANATION OF MORE DIFFICULT CLUES

ACROSS:

7. Shopily LIPS are likely to be noticed, while HIPS are often concealed by loose-fitting clothes.

13. AIR certainly. Today about the only kind of AIM to be affected by mist is that of small arms. Mist would not affect the aiming of war weapons aimed by radar and calculations.

27. LESS is best as the clue says "made". You do not ordinarily "make" a LOSS. You suffer or sustain one.

29. SON is best because the clue says "generally". The SUN ALWAYS rises in the morning. There is no "generally" about it; but most SONS generally do.

31. WRITER is best. "A good memory" is the ability to retain facts over A LONG PERIOD OF TIME, and this certainly can be an asset to a WRITER. A WRITER merely needs a retentive mind.

DOWN:

1. MIND is best. Strictly speaking, "MINK" means the animal or its fur, and not, for example, a MINK COAT.

5. HIT is best. He expects to be FIT practically all the time if he is in the class of a "fighter." It is particularly when he has a fight that he expects to be HIT.

6. TERMS, yes. The clue does not stipulate PROFESSIONAL TEAMS, and many small TEAMS are far from satisfactory without the fact causing "a good deal of argument."

9. True of LURID, sensational accounts; but a really LUCID account may be so clear that very little is left to the imagination.

14. SLIP is best. She may well give a man the SLIP because she doesn't like him. The motive for administering a SLAP is normally a sudden impulse rather than a rooted dislike.

15. GAZE is best. You might well stand and GAZE at it; we assume that you as an intelligent crossword fan would hardly stand with your mouth hanging open as expressed by GAF.

16. True of FACES. If they are NEWS, ugly FACTS are quite acceptable to most people, as found daily in the papers.

21. FUN is the more comprehensive answer since surely FUN would be just a little bit of FUN.

24. PLAN is best. Clever writing is not necessarily "good theater." In fact, many a PLAN has failed because it has been TOO clever.

McMaster University Tossed Out Of Senior College Football Ranks At Special Meeting Held Saturday

Toronto — McMaster University was virtually kicked out of senior college football at a meeting of the intercollegiate athletic executive here Saturday.

Queen's University, supported by the University of Toronto and the University of Western Ontario, led the fight to have the Hamilton team ousted from the league, thus reverting the Senior Intercollegiate League to a four-team loop.

Only McGill dissented and it will take the matter back to its own athletic board. To have McMaster ousted the other three colleges officially must get McGill's sanction but it was generally considered the McMaster cause is doomed.

Big Four To Urge Retention Of Eight-Man Import With Three Rule Changes; To Blackout Home Games

Toronto — The Big Four Football Union decided Saturday night to urge retention of the eight-man import limit with three important changes and to allow telecasts of every league game with the home team's area blacked out.

At a marathon, 12-hour closed session of the league's annual meeting, delegates agreed to recommend to the Canadian Rugby Union a compromise solution to the import problem.

It involves:

1. Maintaining the present eight-man limit with each club getting down to that number by Sept. 1 instead of Oct. 1.

2. Allowing replacement for any reason of up to four imports until the last two games of the scheduled season.

3. Curtailing the number of "Canadianized-Americans" to two or each club and continuing the present four-year successive playing rule under which Americans are considered Canadian for playing purposes.

The Big Four also agreed to a league ruling providing the CRU adopts its import solution, to allow Montreal and Ottawa an extra "Canadianized-American" for league play because of their shortage of top Canadian players.

The Big Four will present its recommendations at the CRU's annual meeting in March with a further recommendation that the import policy be tried out for a two-year period.

Final details of the television policy—a package deal with all clubs sharing in the revenue—will still have to be worked out between the league and the CBC. Present plans call for the telecasts of all Big Four games with the home team's area blacked out so that attendance will not be affected.

In addition, in the case of any telecast which might compete with

Chicoutimi Blanks Springfield Indians

Springfield, Mass. — (CP) — Brilliant goal-tending by Phil Hughes and two second-period goals gave Chicoutimi Saguenays a 2-0 win over Springfield Indians Saturday night in a Quebec Hockey League game before 3,650 fans.

Hughes turned aside 31 shots to keep Springfield off the score-sheet. Nippy O'Hearn was called for 29 saves in the Indians' nets.

Both teams battled through a scoreless first period before Germaine Leger counted at 12:28 of the second period on passes from Marius Groleau and Gern Perreault. Jacques Locas, a former Springfield player sold to the Saguenays earlier this year, made it 2-0 for Chicoutimi at 13:32 on a play with Bucky Buchanan and Sherman White.

Neither team could score in the final period.

Only three penalties were called by Referee Bill Roberts, two of them against Chicoutimi.

Scoring: None.

Penalty: Perreault (15:46).

Second Period

1—Chicoutimi Leger 4:28

2—Chicoutimi Locas 13:32

(Buchanan, White)

Penalties: None.

Third Period

Scoring: None.

Penalties: Roy (9:13), McLeod (9:13).

MAIN WINS

St. Petersburg, Fla. — Lorne Main of Toronto and Vancouver, a member of Canada's Davis Cup team, won the Florida West Coast tennis tournament Sunday, defeating Tony Vincent of Miami 6-3, 6-4, 6-2, in the finals.

A Big Four game in another city, that city will also be blacked out.

The league also agreed to continue its 14-game schedule with no two clubs playing each other more than five times.

The Big Four will continue its pre-season exhibition series with the western teams. This year Hamilton and Montreal, pending final arrangements, will play in Regina and Calgary and possibly in Vancouver against that city's new entry in the Western Interprovincial Football Union. Edmonton and Winnipeg will come east to meet Toronto and Ottawa.

The major rule changes to be recommended to the CRU by the Big Four are:

Holding or illegal interference by the offensive side on third down: A 15-yard penalty instead of loss of the ball where the offence occurred.

Safety touches: A kick-off from the 25-yard line instead of the team scored against retaining possession of the ball on the 25-yard line. This applies to all safety touches, whether conceded or not.

In long-term loans funds which may be called upon to pay back on demand. Although, with the support of the Bank of Canada, there is no reason whatever to be concerned about the effect of this proposal on the strength of our Banks, it seems that the change will affect our monetary system and our general economy.

Not infrequently one hears about "the money which lies in the banks" in connection with deposits; actually, however, because of the intricacies of our monetary system, deposits are largely the result of loans made by the banks. When the latter have loaned the full amount warranted by their cash reserves, they must obtain from the Bank of Canada any additional reserves which may be required.

Now, if reference is made to their general statements, it seems that the banks would find it difficult to make mortgage loans on a large scale without obtaining additional cash reserves from the central Bank.

Additional reserves, under our monetary system, would bring about, except in the case of a weakening economy, an increase in the cost of living, the extent of which would vary with circumstances. Any assistance of this nature granted heretofore could not have the same inflationary results because it helped to finance the production of goods for immediate consumption.

Conclusion

On the whole, the outlook for 1954 indicates a readjustment which will require our best judgment and cool-headedness. Our natural resources, promising but our natural resources alone do not necessarily guarantee that our development will follow a line of unceasing progress. It is our many qualities which will turn these promises into realities.

The Bank of Canada's future is promising but our natural resources alone do not necessarily guarantee that our development will follow a line of unceasing progress. It is our many qualities which will turn these promises into realities.

Let us act as wisely as possible whenever there is a problem to be solved. Let us show more efficiency, everyone of us in our own field, in order to ensure our success and, with the help of the Divine Providence, let us have confidence in the future.

Rest Fund which amounted to \$2,088,659 on November 30th, 1952, was increased to \$3,000,000 by the year-end on issue of capital stock and by a transfer of \$550,000 from Profit and Loss account, leaving a balance of \$180,310 in that account.

Permit me at this time, to mention how I appreciate the efficiency and fine spirit displayed by all our officers, as well as our managers, and employees of whatever rank, in the performance of their respective duties during the past year.

The steady growth of our business and the increase in our earnings over the years are due to the excellent service given to the public and to the efficiency and devotion of our staff which constitute an important asset for the Bank and the best assurance for success in 1954, as well as in future years.

Malayan And American Win Top Badminton Awards

Toronto — A Malayan law student and an American physical education instructor won the major trophies of the Strathgowan 10th annual international invitation badminton tournament Sunday.

A crowd of 1,000 saw Eddie Choong of Penang, Malaya, claim one of the world's greatest players, defeat Canadian champion Don Smythe of Toronto 15-11, 15-14, to capture the men's seeded singles trophy.

Peg Varner of Mount Holyoke, Mass., downed Marjorie Shedd, Canadian titleholder, 11-8, 11-6. Choong combined a series of hard cross-court shots and seemingly impossible returns to defeat Smythe. The Canadian made the 25-year-old Choong work through several rallies before giving him the first game point.

Miss Shedd and Joan Hennessy of Toronto, who scored the upset of the tournament in the semi-finals Saturday, went on to win the women's seeded doubles by defeating Ethel Marshall and Bea Massman of Buffalo, 15-8, 18-16.

Never Extended

Eddie Choong and his brother David never extended themselves in defeating Smythe and Bud Porter of Toronto in the men's doubles 15-8, 15-5.

Earlier, Vic Van de Van of Detroit won the men's open singles title by defeating Glen Thompson of Toronto 15-4, 15-3. Barb Bell of Toronto downed Norma Prutla of Detroit 11-4, 11-5 to win the women's title.

The men's open doubles championship was won by Jack Martin and Herb Kirkconnell of Toronto who defeated Van de Van and Vic Prutla of Detroit 15-15, 15-8.

Rhoma Swarbrick and Lorraine Naylor of Toronto defeated Mrs. Prutla and Lou Kirkconnell 15-5, 18-15 in the ladies open doubles.

The Prutlas teamed up in the mixed open doubles to defeat Ray Cornish of Stratford and Cynthia Ferguson of Toronto 12-15, 15-5, 15-5.

Canadian Skiers Leave For Austria

Montreal — Captain Ernie McCullough and five members of the Canadian alpine ski team left Montreal by air Sunday for Austria.

The Canadians will train with Austrian ski squads for three weeks before travelling to Are, Sweden, for the world championship slalom and giant slalom.

Canada's 12-member team is entered for the downhill and slalom events.

With McCullough, a native of Three Rivers, Que., were Mrs. Pat Ramage, team manager, of Brantford, Ont.; Ann Heggveit, Ottawa; Peter Kirby, St. Jovite, Que.; Art Tommy, Ottawa; and Bill Stevens, Rossland, B.C.

Canada's two top women skiers, Joan Hewson and Lucille Wheeler, have been in Austria training since the middle of December.

All hands abandoned ship Sunday night in the mouth of the Bristol channel after a fire outbreak in the engine room swept up through the ship, out of control and threatening to ignite the fuel bunkers. The cargo tanks were empty.

The 60 persons on board were safely taken off in lifeboats and other vessels, which raced to the rescue in reply to calls for help.

IN MEMORIAM

BROWN — In cherished and abiding memory of our dearly beloved son, Donald, who was called home, suddenly, on January 18th, 1952, in his 14th year.

"If we could know beyond today as God doth know,

Why dearest treasures pass away and tears must flow;

And why the darkness leads to light,

Why dreary paths will soon grow bright;

Some day life's wrongs will be made right,

Faith tells us so.

"If we could see, if we could know," we often say;

But God in love a veil doth throw across our way;

We cannot see what lies before, And so we cling to Him the more, He leads us till this life is o'er; Trust and obey.

MUMMY, DADDY & SHEILA, Upper Melbourne, Que.

WALKER — In loving memory of a dear husband, father and grandfather, Albert, who passed away January 19, 1952.

"Do not ask us if we miss him, Oh, there is such a vacant place, Oh we think we hear him speak, And see his smiling face. Friends may think we have forgot-

ten. When they often see us smile, But they little know the sorrow That the smile hides all the while. Ever remembered by, EABELL (wife), SON, DAUGHTER-IN-LAW AND GRANDCHILDREN.

Cookshire Forum Decides Co-Op Is Not Warranted

Cookshire, Jan. 18 — The Farm Forum met at the home of Mr. and Mrs. A. Brazenall, when in spite of a bitter cold weather, 16 members were present. The broadcast on "The Farm Price Trend" was listened to and two groups were formed for discussion on the questions.

Regarding the question, "What are some of the ways in which the farmer's own area might adjust to a period of unfavourable prices?" members this might be achieved by farming co-operatively. This was illustrated by the benefit derived by the different farmers who were able to make use of R. Hodge's forage harvester, giving their time in helping to run the machine at different places.

Is there any need in your area for a marketing co-operative to handle the sales of one or more farm products?" was the next question debated. It was decided that mixed farming carried on here does not create sufficient surplus of any product to warrant having a co-op to handle it. Instead it was suggested that each Farm Group select one member who would learn to handle the other's produce and dispose of in the way of seeds, potatoes, live stock etc. Also by buying in large quantities such things as feed molasses, which now can be purchased at about half the usual price when large quantities are required when putting in silage. Speaking of silage the higher protein content contained therein allows the farmer to cut down expenses materially as the cheaper roughage only is required to supplement a balanced ration, also the grass can be harvested under any weather conditions.

The next meeting will be held at the home of the Misses Hodge. An hour of games and refreshments were most enjoyed. On January 25, Fourth Night, the Cookshire Forum have secured A. C. Downham Nursery of Abbotsford, to show pictures and give a talk on "Beautifying Canada, by Landscaping the Home."

SENIOR GUILD

The Senior Guild of St. Peter's Church held its first meeting of the year at the home of Mrs. John French, with a good attendance.

The officers of last year remained in office, namely: president, Miss W. Hodge; first vice-president, Mrs. C. Maskell; second vice-president, Mrs. Eardley Wilmet; secretary, Mrs. Leon Desruisseaux; treasurer, Mrs. Roy Lake.

Plans were made for the Vestry meeting supper to be held on Tuesday, January 19. Refreshments were served by the hostess and a social evening was enjoyed.

General Notes

Mr. Bernard Hodge is in Montreal taking a course at Institut d'Entraînement Spécialisé du Québec. He will be away for some time.

Holiday guests of Mrs. E. Mowle were Mrs. Ray Westgate and son, Donald, of Holyoke, Mass., and Miss Margaret Garneau, of Sawyerville.

Cookshire Scouts Hold Open House

Cookshire, Jan. 18 — The Cookshire Boys Scouts held "open house" on Friday evening, January 8, in the auditorium of the High School, when the Scouts and Cubs from the surrounding district were guests.

D. Green, provincial commissioner and J. Wark, district commissioner, were honoured guests.

The following pictures were shown, and very much enjoyed: Canadian Jamboree Held at Ottawa, July 1, 1953; Valley Forge Jamboree (U.S.A.); Victoria (Australia) Jamboree; Men of Tomorrow (Scouting in England); Cartoons, Happy Scouting, Oswald the Rabbit and Donald Duck.

BOYS WIN HOCKEY GAME
The girls and boys of the Cookshire High School hockey teams played a friendly game of hockey on the school rink, Saturday evening.

The girls used their hockey sticks, while the boys used broom handles. There were a number of other disadvantages for the boys, but in spite of these handicaps, the results were 3-1 in favour of the boys.

Betty Painter scored 1 goal, Robert Gill, 2 goals and Ronald Lafontaine 1 goal.

GENERAL NOTES
Mr. and Mrs. D. Learned and family were Sunday guests of Mr. and Mrs. D. J. MacMillan.

Bedford Home And School Association To Sponsor Dance In Aid Of Library

Bedford, Jan. 18 — The regular monthly meeting of the Bedford High School Home and School Association was held in the High School, on Monday evening with Mr. L. Ames, presiding.

The minutes of the preceding meeting were read by the secretary, Mrs. Alex MacArthur, and were accepted as read.

The treasurer, Mr. John Cook, reported a balance on hand of \$339.22. The report of Mr. Ewart Martin, membership convener, showed a membership of 105 families.

Mrs. Sinclair McIntosh, program convener, reported that at the January meeting, the third play in the series of parents children relationship would be presented, the title is "Fresh Variable Winds". The five parts in the play are taken by Sandra MacArthur and Charles Cockerline, the children; and Mrs. George Wilkinson, Mr. Paul Bock and Mrs. W. W. Biebeck. The meeting should be one of the outstanding ones of the year, as the discussion period, which will follow the presentation of the play, will be led by Mrs. Hughes, of Montreal. Mrs. Hughes is well-known to Bedford audiences, who have had the good fortune on several previous occasions of having her lead discussion groups at their meetings. Mrs. Hughes is a leader in her field, of family relationships, in which she has an outstanding reputation.

Mrs. Hannibal Sheltus reported on the progress of the school library. The great need at the present time is for more books, as the supply on hand, has been read thoroughly by the majority of the pupils. The library started with the idea of installing a liking for reading, with the pupils in the lower grades. This objective has succeeded very well, books at the rate of a hundred a week are given out. As a means of raising funds for this project, the Bedford High School Home and School Association is sponsoring a Square Dance to be held in the Masonic Hall at eight-thirty on Friday evening, January 22nd. The services of Mr. Harold Fairbairn, of Montreal, for caller has been secured for the evening. Mr. Fairbairn has appeared in Bedford on several previous occasions, and has established an excellent reputation.

A box lunch will be held in connection with the dance. Mr. John Cook, will act as auctioneer of the boxes. The members of the orchestra will be Messrs. J. Pattenden, Leonard McTeare, L. Tremblay and

C. Vaughan. Mrs. John Cook, social convener, will be in charge of the coffee. Mrs. Malcolm McCaw is in charge of tickets and among the ticket-sellers are Mrs. Alex MacArthur, Messrs. George Harland, W. MacArthur, L. Ames, M. S. McCaw, Clayton Muncester, Russell Blinco and R. Bockus.

It was also decided to hold a card party, bridge and "500" in the school hall on Friday evening, February 19th, with prizes. This project will also be for the raising of funds for the purchase of books for the school library.

Following the business meeting refreshments were served, the hostess for the evening was Mrs. John Cook.

MISSISSQUOI I.O.D.E. MEETING

The opening meeting of Mississquoi Chapter, I.O.D.E., for 1954, was held at the home of Mrs. Garnet Steel. The meeting was opened by the regent, Mrs. F. E. Best, with the Prayer of the Order, after which the minutes of the December meeting, which was held at the home of Mrs. Paul Berthiaume were read by the secretary, Miss Nettie Lovering and adopted as read.

Several bills were presented for payment and ordered paid.

The treasurer, Mrs. W. B. Bradshaw, reported a balance of \$136.65 in the fund, which the Chapter has set for the purchase of a gift for the B.M.P.M. Hospital, at Sweetburg, and \$176.65 in the general fund.

Letters were read by the secretary from Mrs. F. N. Williams, of Grand Mere, a former Chapter member, and from Mrs. Allan Cornell, of Stanbridge East, the latter thanking the Chapter for their letter of sympathy on the occasion of the death of Mrs. Heman Hulburd, mother and sister of Mrs. Rice and Mrs. Cornell and a charter member of the Chapter.

Regret was expressed at the illness of a member, Mrs. Grevatte, of Philipsburg, who has recently undergone an operation in a hospital in St. Albans, Vt.

Mrs. Hannibal Sheltus, who was appointed to look after the collecting of glasses and eye glasses, which are sent to the Sir Charles Tupper Chapter, I.O.D.E., in Vancouver, B.C. requested the members to bring in as many as possible. Fund are raised for this Chapter's work entirely through the sale of these articles.

A donation of material having been received from the T. Eaton Company in Toronto, Ont., this was given out to be made into articles for a sale, which the Chapter will hold to raise funds for the B.M.P.M. Hospital.

The regent thanked the members and officers of the Chapter for their help and co-operation during the past year, as she would not be here for the annual meeting, as she is leaving shortly to spend the winter in Florida.

The matter of obtaining a small flag to use at the monthly meetings was discussed and the secretary was instructed to obtain information regarding the matter, to report at the next meeting.

A letter was read from Provincial Headquarters, I.O.D.E., appealing for hearing aids, for which there is a need.

As this was nominating meeting, Mrs. Hannibal Sheltus and Mrs. William Taylor were appointed to the committee.

It was decided that the annual meeting in February would be held on Monday, February 8th, instead of on the regular day of meeting, the first Monday in the month, to allow of the meeting being held as near as possible to Founders' Day, which is February 13th.

Following the business meeting refreshments were served by the hostess, assisted by Mrs. William Jackson and Mrs. Paul Berthiaume.

Chinese Pirates On Seas, Communism In The Zoos

By FRED SPARKS
NEA Staff Correspondent
En Route Formosa Aboard British Steamship Szechuen — (NEA) — The following standing at the bar next to you on this ship might be a pirate.

Disguised Chinese pirate gangs often book passage on small vessels, and once on the high seas murder enough of the crew to seize control. Pirated ships are beached on the most lonesome islands in the Straits of Formosa.

Cargo is hauled off in junks and sold in nearby Red China. Passengers with friends or relatives sufficiently interested to pay ransom are held in unimproved caves for years. Others, like newsmen, are tied to the sharks.

To reduce the threat of passenger pirates, uniformed armed guards roam the deck of the Szechuen on the run between Hong Kong and Keelung (Formosa).

First and second class (where most passengers board) is separated by a steel fence hemstitched with barbed wire and lit up at night like a three-alarm fire. British planes from Hong Kong scout low checking security for the first half of the journey, then American planes from Formosa take over.

First and second class passengers cannot mix socially and the only deck game is checking your life insurance policy.

Report from behind the nearby Bamboo Curtain:

Politics now dominates the zoo. Not one important beast exhibited in Peking comes from a non-Communist country.

"China Reconstructs," a flashy Red magazine, reports: "In the Peking Zoological Gardens polar bears splash about... very popular is a pair of lions, also a gift from the Soviet Union... They share the lion house with a pair from the German (Red) Democratic Government... Two more elephants have arrived as a gift from General Ho Chi Minh (Indo-Chinese Communist leader)." "The pair arrived after a difficult 12-month journey from Central Vietnam... they had to make several detours and cross many battle zones... A clouded leopard

Hong Kong Notebook: A thick line of women pad down turt divets with their bare feet after each race at the Hong Kong Jockey Club — they're cheaper than buying a roller. If you're a tattletale and tell the wife of a Chinese business man he's got a girl friend she'll say: "Yes, and I understand she's very pretty. My husband has good taste."

A charitable organization is giving away 10,000 coats to Hong Kong poor who sleep in the streets. It's too vast a problem to find homes for all. The average American living in Hong Kong (usually an overpaid and under-worked government employee) spends twice as much as the average Englishman in a similar job. Another proof that this half of the 20th Century will be known as "The Era of U. S. Sucker."

Troublesome Chinese arrested by British Colonial Police still get "the cane," a dozen or so whacks across the naked back, all very legal. One good local restaurant offers: Snake, octopus, dog, "an assortment of insects," cat and pie a la mode. Biggest graveyard in town is "The Permanent Cemetery... It's for regular Hong Kong Chinese. Overseas Chinese and visitors invariably ship their dead kin to the native land, communism or no.

Lennoxville Curlers Cop Two Trophies In Local Bonspiel

Mooney's Rink Cops Rand Trophy While Doucet Wins Southwood And Blake's Quartet Takes Lothrop

The Lennoxville Curling Club walked off with two of the trophies at stake in the annual Sherbrooke Curling Club Bonspiel while the third was won by the Canadian Paper Curling Club of Windsor in the finals played Saturday evening.

Sonny Mooney and his Lennoxville foursome copped the major trophy at stake, the Rand. Duke Doucet took the honors in the Southwood event while in the Lothrop section of the 'Spiel Bob Blake made it two for the Lennoxville Club, in fact out of the six rinks in the final four were from the Lennoxville Club.

Immediately following the last match President Rollie Badger welcomed the visitors and thanked all the participants for making the annual Bonspiel such a wonderful success. He congratulated the winners, and the losers, in his usual humorous manner. He then called upon Hubert Johnston, chairman of the Bonspiel, to present the prizes. Jack Barneal, assistant Works Manager of the Canadian Rand Company, presented the Rand trophy in the absence of Mr. G. M. Young. Mr. Johnston presented the Southwood trophy while Nelson Lothrop presented his trophy to the winning rink.

Skipper Mooney won in a easy manner when his quarter marched off with a 15-2 verdict over Stan Hamilton and his Lennoxville foursome. Hamilton's squad failed to show the form which had carried into the finals and after first few ends were no match for Mooney's crew. In the Southwood it was the same story as Duke Doucet chalked up a 12-5 victory over Don Clarke's Lennoxville rink.

In the Lothrop battle it was close match and only the final end decided the match. Dr. Billy MacDonald and his Granby quartet were caught napping in the first end as Skipper Blake chalked up a five-end and this was hard to overcome. The Granby squad kept driving and were only down a few counters coming home but the Lennoxville skip made the shot to win the match and the trophy.

In the upper bracket of the Rand trophy R. Mooney of Lennoxville came through with a 6-3 win over Sid Cross of Sherbrooke while A. Michaud of Windsor eked out a 9-5 victory over Gerry Burt of Sherbrooke. Rollie Badger of Sherbrooke edged out H. Byrnes and his Theford Mines quartet 6-4 after a close battle. R. Mooney of Lennoxville came through with a 9-7 win over A. Michaud of Windsor in a tough battle. Mooney's rink was down 7-4 coming home but they rallied with a four-end to knot the count and won the match in the extra end. Stan Hamilton

and his Lennoxville foursome won their way into the finals when they downed Rollie Badger 8-2.

In the Southwood trophy Frank Beaudry of Sherbrooke downed Roy Wiggett 7-5 and then advanced into the semi-finals by downing Guy Bishop 10-3. Jim Fuller came up with a 6-3 win over Bill Hammond to earn his way into the semi-finals while Duke Doucet of Windsor edged out E. Pilkington of Magog 8-6 in a close duel. In the lower bracket Don Clarke of Lennoxville stopped Nelson Lothrop of Sherbrooke 11-6. Doucet won his way into finals when he edged out Jim Fuller of Sherbrooke 6-4. Don Clarke guided his rink to victory over Frank Beaudry's foursome 7-2 to enter the favored circle.

In the Lothrop trophy Dr. W. MacDonald of Granby posted a 8-6 win over Art St. Onge and his local foursome while Darcy Bennett of Lennoxville downed his club-mate, Rup Atto 7-4. In the lower half Bob Blake of Lennoxville won his way into the semi-finals when he downed Rev. I. M. Lidstone of Granby 9-7 while Herman Conley and his rink eked out a 11-4 win over Everett Nicol of Sherbrooke but dropped a 11-2 decision to Bob Blake of Lennoxville.

Senators Stop Quebec Aces 5-2 In One-Sided Affair; Gravelle Gets Two

Ottawa—The Ottawa Senators overpowered the sixth place Quebec Aces 5-2 here Saturday night in a fast, wide-open Quebec Hockey League game before about 4,000 fans.

The win plus Chicoutimi's 2-0 victory over Springfield put Senators in a three-way tie for third place with Chicoutimi and Valleyfield Braves, one point behind Montreal and Sherbrooke who are tied for first place.

Senators kept Aces out of the scoring until late in the third period as they took a 2-0 lead in the opening period and added another in the second. They split four goals with the Aces in the third.

Leo Gravelle scored twice for Senators and Howard Riopelle, Claude Robert and Dusty Blair collected singles. Roy Kelly and Ludwig Tremblay scored for Aces.

Goalie Jack Giesebrecht of Quebec made 26 saves while Ottawa's Ray Frederick turned aside 16. In the second period, the Aces got only two shots on Frederick as Ottawa controlled the play throughout. Gelineau stopped 10 in that period.

Ottawa went ahead at 11:02 of the first period, Gravelle scoring his first goal on a breakaway after Howard Riopelle put him in the clear. Riopelle made it 2-0 at 17:52 of the period on a solo effort from close-in.

Robert Giesebrecht of Ottawa's third goal at 10:24 of the second period

on a long high shot while Gelineau was sprawled on the ice after making a save on Bill Johnson. Johnson and Jackie Giesebrecht drew assists on the play.

In the final period, Ottawa increased the lead on goals by Blair and Gravelle before Kelly put Quebec into the game at 13:23 on a close-in play with Ray Powell and Larry Regan. Tremblay cut the lead to three at 16:26 when he tapped in a 15-foot drive from Ken Wharram.

Aces And Sags Battle To 2-2 Tie; Jacques Locas Tallies Both Goals

Quebec—Chicoutimi Saguenays and Quebec Aces yesterday played to a 2-2 overtime deadlock in a fast-hard-fought Quebec Hockey League encounter before 7,742 fans.

Veteran Jacques Locas scored both tallies for the Saguenays, while Joe Crozier and Roy Kelly were the Quebec marksmen. Each club connected once while the opposition was short-handed. Phil Hughes turned away 25 shots for

Chicoutimi, while Quebec's Jack Gelineau was tested 31 times.

The Aces scored first late in the opening frame while Chicoutimi's Jimmy Moore was serving a holding penalty. Crozier, who had worked himself into a Chicoutimi corner, shot and the puck was deflected into the net off a player.

Locas tied the score for Chicoutimi at 3:44 of the second period on a play with Sherman White

and Bucky Buchanan. It was a soft shot from close in, but the Quebec netminder managed to grab only a piece of the puck.

Kelly's tally early in the third period again gave the Aces the upper hand. He banged home Ray Powell's rebound from close-in.

Locas scored his second goal at 11:36 while Quebec's Camille Bedard was in the cooler for tripping. Stan Smrke gave Jacques a beautiful passout and all the Chicoutimi veteran had to do was bang it home.

The overtime period was a crowd-pleaser. The Aces dominated the first half of the play and the Saguenays were on the attack as the game ended. Quebec out-shot the visitors 5-4 in that period.

Royals Move Into First-Place Tie By Dumping Ottawa Senators 5-2

Montreal—The Montreal Royals moved into a two-way first-place tie in the scrambled Quebec Hockey League race yesterday, defeating Ottawa Senators 5-2 in a fast, clean game.

The Royals had a decided edge in play throughout the game, out-shooting the Senators 37 to 19. Orval Tessier, Paul Meger, Lorne Davis, Bobby Frampton, and Eddy Litzberger scored for the Royals while Dusty Blair and Claude Robert accounted for the Ottawa marksmen.

Tessier broke into the clear in the first period and came in alone on Frederick to collect the Royals' first marker.

In the second frame, Senators' Leo Gravelle stole the puck from Montreal defenceman Glen Harmon and twice bounced it off Royals' goalie Bob Perreault before Blair made good on the second rebound.

Meger broke away with Skipper Burchell and Lorne Davis 21 seconds after the third period began to make it 2-1 for Montreal and Davis and Frampton added another two counters from goal-mouth scrambles. Robert scored for Ottawa half-way through the frame but Litzberger retaliated for Montreal at 16:13.

Rookie Mohns Fires Winner For Bruins

Boston—Rookie Doug Mohns fired a goal over prostrate goalkeeper Gerry McNeil at 15:29 of the third period last night to give the fourth-place Boston Bruins a 3-2 National Hockey League victory over the second-place Montreal Canadiens before 10,635 fans.

The Bruins were putting on a strong, offensive when Mohns broke a 2-2 deadlock by forcing goalkeeper Gerry McNeil to go down as the Boston youngsters connected took Leo Labine's forward pass. Defenceman Bill Quackenbush kept that winning rally alive by intercepting a long Montreal clearing shot and relaying to Labine.

Johnny Peirson notched the first Boston goal from the edge of McNeil's crease late in the first period. While the Bruins played short-handed in the second session, Joe Klukay took a pass from Quackenbush and fired past McNeil from point-blank range.

Canadiens, who gained a 2-1 victory over the Bruins in Montreal last night, were given their first marker by Paul Masnick. Floyd Curry was set up for the second goal by Dick Gamble.

Rangers Register First Win In Detroit Since Jan. 22, 1953, As They Edge Red Wings In Close Tilt

Detroit—New York Rangers won their first National Hockey League game in almost a year on Detroit ice last night when they clung to an early lead to edge the Red Wings 3-2. It was their first Detroit victory since Jan. 22, 1953.

Johnny Bower, New York's freshman contender, turned aside 41 Detroit drives as the Rangers scored their second victory of the season over the Wings against six defeats and two ties. Terry Sawchuk was called on to make only 17 saves at the other end.

Only two shots by Gordie Howe, his 19th and 20th goals of the season, eluded Bower. Each came while the NHL champions were fighting to overcome a Ranger lead.

Edgar Laprade, veteran New York centre, scored his first goal since he emerged from retirement to rejoin the Rangers early this month to give the visitors an early lead. Paul Ronty and Wally Hergesheimer were the other New York marksmen.

New York was shut out Saturday night by Toronto but refused to

take the same treatment in Detroit

The Rangers opened the scoring in the first period as Laprade beat Sawchuk from 15 feet on a pass from Guidolin.

Detroit rallied to tie the score two minutes later on the first of Howe's two goals.

Ronty widened the gap in the first period when he took a pass from Dean Prentice to score from close in and made the count 2-1.

Hergesheimer put the Rangers in front 3-1 with eight minutes gone in the second period. How

adder his goal late in the period to make it 3-2 and end scoring for the night.

The Red Wings played pressure hockey from the second period on but Howe was the lone success.

During the high-speed second period Bower stopped 12 shots in none for Sawchuk. Hergesheimer's goal was the lone shot directed at the Wings' net in that period.

The Rangers' victory failed to change National Hockey League standings, however, as Boston scored a 3-2 victory over Montreal last night.

"Boom-Boom" Tallies Winner As Canadiens Nip Bruins 3-2 In Close-Checking Affair; "The Rocket" Injured

Montreal—Bernie (Boom Boom) Geoffrion's goal late in the second period Saturday night broke a one-all deadlock and Montreal Canadiens held grimly to the lead to win 3-2 over Boston Bruins.

The Montrealers needed an outstanding performance by goalie Gerry McNeil in holding off the fast-skating Bostonians and racking up their 20th win, against one loss and a tie, in 22 starts on Montreal ice this season.

Bert Olmstead counted on a rebound in the first period for Montreal and Dave Creighton scored unassisted for Boston early in the second.

Maurice (Rocket) Richard, back in the good graces of NHL President Clarence Campbell, failed to figure in the scoring. He was given plenty of attention by the Bruins and was kept off the score-sheet by a couple of smart saves by goalie Jim Henry.

The Rocket injured his right leg painfully late in the third period when he collided with Ed Sanford. But he left with the club for Boston.

There was no demonstration of the crowd of 14,932 over l'Affaire Richard. Campbell attended the game but there was no occurrence of the lousy booing that greeted him a week ago. A few persons near him clapped as he took his seat.

The teams stuck strictly to hockey.

Maple Leafs Blank Rangers 4-0 As Lumley Posts His 8th Shutout

Toronto—New York Rangers, exhilarated by five victories in their previous six games, were deflated Saturday night as Toronto Maple Leafs humbled them with a 4-0 thumping before 12,969 National Hockey League fans.

The third-place Leafs were in command all the way as they scored three goals in the first period and added another in the final minute of play.

Harry Watson, Tim Horton, Tod Sloan and Ron Stewart were the marksmen.

Goalie Harry Lumley of the Leafs handled only 15 Ranger shots—seven of them in the last period—to record his eighth shutout, tops in the league.

Johnny Bower, the New York netminder, faced 36 drives and two of the four that eluded him were flukes.

Watson opened the scoring near the nine-minute mark from the New York blueline. His shot lost steam as it neared the net, hit the ice and took a crazy bounce past Bower's elbow.

Bob Chrystal of Rangers and Leafs' Eric Nesterenko were sitting out-high-sticking penalties when Horton grabbed a 3-0 lead. Horton knifed through defencemen Jack Evans and Murray Howell and beat Bower from close-in at 17:31. Twenty-four seconds later Sloan caught another rebound duo—Ivan Irwin and Leo Reise—flat-footed as he circled the net and drilled home a backhand shot.

Bower's view was partially blocked by referee Frank Udvar as Stewart completed the rout. Horton and Ranger rookie Glen Somner collided near the centre ice line in the third period and Somner twisted as he fell. He lay on the ice for a few minutes, then was helped to the dressing-room with a slightly wrenched hip muscle.

The victory was Toronto's fifth over the fifth-place Rangers this season. The New Yorkers have won once and there have been three ties.

Andre Corriveau Raps Home Three Goals As Braves Blanks Indians 6-0

Valleyfield—Little Andre Corriveau figured in all but one of his team's goals yesterday as Valleyfield Braves trimmed Springfield Indians 6-0 in a Quebec Hockey League game before 1,000 fans.

Corriveau, the leading scorer in the circuit, rapped home three goals for his second hat-trick of the season. He also added two assists to pull away from his competitors for the scoring title.

Larry Kwong picked up two goals and Rollie Leclerc got one to complete the scoring.

Andre Payette turned aside 22 shots in the Valleyfield nets to chalk up his second shutout since taking over the regular goaltending chores from Paul Leclerc.

Nippo O'Hearn was called on for 25 saves for Springfield.

The win moved Valleyfield into sole possession of fourth place, one point behind Chicoutimi,

Sherbrooke Saints Whitewash Montreal Royals 5-0

Gerry Cotnoir Outstanding In Nets; Gerry Ehman Scores Twice As Locals Share Top Spot; Detroit Here Tuesday

By ARNOLD BARON

A solid team effort by Sherbrooke Saints, backed up by the superlative goaltending job of Gerry Cotnoir, put the Saints into first place of the Quebec Hockey League here Saturday night when the locals whitewashed Montreal Royals, 5-0. Royals climbed back into a first-place tie with a win at home Sunday, while the Saints were idle, but Montreal now has only one game in hand over Jake Forbes' locals.

Gerry Ehman was scoring leader at the Arena Saturday night with two goals. Coach Forbes, Ed Stankiewicz and Nelson Podolsky were the other local marksmen. The speedy Royals tested Cotnoir 35 times but the cool custodian balked their every effort, handling the even hottest shots with the greatest of ease.

Although he didn't figure in the scoring summary, big rearguard Red Bowness was a tower of strength for the Saints. Outside the local nets he was probably the outstanding figure on the ice, breaking up numerous Royal plays before they reached the local blue line and really throwing his weight around back of the blue.

Bowness, incidentally, is the only doubtful starter for the locals tomorrow night when they are at home in an exhibition contest against the parent Detroit Red Wings, of the National Hockey League. He developed a slight charley horse, Moe Irving took quite a few bumps during the encounter but his cut upper lip, which required three stitches in the first frame, came about when he ran into the stick of one of his own mates, Nelly Podolsky.

Ehman scored what proved to be the winner very early in the first period, at 2:25, when he sent a screened shot through Montreal goalie Claude Evans, on a play by Mott McLean and Bert Giesebrecht. Royal rearguard Roger Leger's defensive lapse assisted too.

That was all the scoring until 7:47 of the final canto when Ehman scored to make it 2-0. McLean passed to Giesebrecht at the Sher-

went to the cooler and Stankiewicz added the fourth goal 25 seconds later.

Podolsky scored the fifth and final goal of the night at 18:42 when Leger was sitting out a slashing penalty.

Five other penalties were called by the officials, the first quarter going off in pairs. Leger and Al Arbour of the Saints drew first-period nods for high-sticking and Lorne Davis and Ehman went off together in the middle period for cross-checking and charging, respectively, and Cotnoir made the summary by drawing a holding penalty, served by Joe Malo, in the third period.

Barclay Westgate was rushed into the role of referee when the scheduled ref didn't arrive. He did a difficult job well. The pressure was really on as the leadership of the loop was at stake.

Sherbrooke's third and fourth goals came about on power plays and Podolsky's final counter was on a close-in shot, on a fine play with Gilles Dube.

A total of 2,181 fans paid their way into the Arena and they were treated to some very fast hockey plus a very neat job of netminding by Gerry Cotnoir.

Royals — goal: Evans; defense: Hollingworth and Leger; center: Litzberger; wings: Desautels and Tessier; alternates: Blaine, Davis, Roche, Harmon, Burchell, Denis, Frampton, Masnick and Meger.

brooke blueline and Giesebrecht raced up, split the Royal defence and passed to Ehman, who beat Evans from 10 feet out.

The other three Sherbrooke goals came when Royals were short-handed through penalties. At 14:07 of the third, Bucky Hollingworth drew two minutes for hooking and what had been a close game developed into something of a rout when Coach Forbes scored nine seconds after Hollingworth

Agenda For Coming Year Was Discussed At Meeting Of Waterloo Kiwanis Club

Waterloo, Jan. 18 — The first regular meeting of the year was held by the Waterloo Kiwanis Club at the Canada Hotel, on Tuesday night with President Roger McKergow, in the chair.

It was the organization meeting of the year, when the agenda for the coming year was discussed by the president and plans were made for what is hoped for a very successful year.

Twenty-six members were on hand to take part in this business meeting, after which a Director's meeting was held with the new directors taking part.

An application for a new member was passed, and it is hoped that he will be one more to be inducted at next week's meeting, which falls under Kiwanis Education Week.

Among items discussed was the furnishing of milk to needy children at the three schools as well as a possibility of helping some families whose children are pre-school age. The Department of Health at Quebec is being requested to test milk delivered in town before any further action will be taken by the club, however.

Christmas Cards are being gathered by the club for distribution among the children in hospitals, and all members and friends are requested to bring any old Christmas Cards into the Southern Canada Power Co's building, where they will be packaged and shipped. This practice has proven to be a very happy one, as it brings many bright hours for the shut-in children of these hospitals.

The president stated in his address that he is asking for a renewed activity in inter-club relations, as well as inter-community organization relations. This, it is felt, is a major activity of any club.

HI-SUGAR NEW HYBRID TOMATO

fractured frenchmen

There's nothing new about Fractured French. In 17th Century Canada, Englishmen mangled the language something awful.

Take two *couteurs de bois*, Pierre Esprit Radisson and his brother-in-law, Medard Chouart des Groseilliers, who pioneered a new route to Hudson's Bay. Their names came out in English as Radishes and Gooseberry.

Messrs. R. & G. so intrigued Charles II he took them on his payroll, and they worked up a roaring trade in furs. Prince Rupert, the king's uncle, was pretty impressed so he started "The Governor and Company of Adventurers Trading into Hudson's Bay". For nearly 200 years, it ruled half a continent and paid rich dividends.

Their names may have helped at first, but Radishes and Gooseberry had to deliver the goods. That's true of most ventures, including John Molson's in 1786. He had no "name" advantage then, but he did deliver the goods.

Like Radishes and Gooseberry, Molson pioneered a new route. Some call it Molson's Trail, and it leads straight to the palate. A lot of people follow it, and reap rich dividends in pure enjoyment.

In French they say "Molson's pour moi", which might be rendered into Fractured French as "Pour me some Molson's". The pure English version "Make Mine Molson's", however, is just as effective.

Ives Hill And Draper's Corner Forum Gives Answers To Broadcast Questions

Ives Hill, Jan. 18 — The Ives Hill and Draper's Corner Farm Forum met at the home of Mr. and Mrs. Burton Hughes, on January 11th, with some twenty persons present.

The broadcast on "What Do You Think?" was heard. The company then broke up into groups for discussion purposes of the following questions:

I. What are some of the ways in which the farmers in your area might adjust to a period of unfavorable prices?

II. Is there any need in your area for the following: (a) A marketing co-operative to handle the sales of one or more farm products? (b) A producers' marketing board set up under provincial legislation to regulate the sales of a certain farm produce? (c) A purchasing co-operative to serve as a retail store for farm supplies and other goods?

The answers: I. Some of the ways in which the farmers in our area might adjust to a period of unfavorable prices are by uniting to form a co-operative so that they may ask for a fair share of the national income and (2) By co-operative use of large machinery. II (a). Yes, there is need in our area for a marketing co-operative

to handle certain products. (b). Yes, we feel that there is need of a producers' marketing board set up under provincial legislation to regulate the price on surplus products. (c). No, we do not need one in our area as there is already a purchasing co-operative to serve as a retail store for farm supplies.

After the discussion ended the minutes of previous meeting were read and accepted. The "Greenleaf" was also read and other things considered, after which the business meeting adjourned.

This was followed by a recreational period, then refreshments were served by the hostess assisted by other members.

The Christmas tree entertainment of St. Luke's Church was held in the parish hall with Rev. N. F. Tucker, for chairman. The entertainment which consisted of songs, drills and recitations given by the children was prepared by Mrs. Lawrence Copping, Miss Marilyn Bennett and Miss Mabel Blodgett. Carols were sung with Mrs. Aymer Pickett, at the piano. The Christmas Tree, which was so kindly donated by Mr. Ronald Rothney, looked very gay with its many lights and other decorations was well laden with gifts, fruit and candy, which were distributed to the children and adults by Santa Claus who on his arrival was welcomed by the children.

A service was held at eleven o'clock Christmas Day, when the sacrament of the holy communion was observed. At this service Dean Jellicoe, of Bishop University, was the celebrant. The address given by the Dean was taken from St. John I. "And the Word was made flesh and dwelt among us and we beheld his glory, the glory as of the only begotten of the father full of grace and truth." Candle lights and flowers adorned the altar.

Among those entertaining during the holidays were Mr. and Mrs. Lawrence Copping, Mr. and Mrs. Milton Laberee, Mr. and Mrs. Ronald Rothney and Mr. and Mrs. L. Couture.

"I did it — so can you!"

When I joined up and started the nine month navigation course, I thought I had my work cut out for me. I worked hard alright — including nights. But I enjoyed it. Instruction was given on the ground and in the air one stage at a time and I got my 'Nav' wing.

Now I've taken "radar" too, and fly in a CF-100 Canuck twin-jet. Man, that's a plane!

It's beautiful up there—six miles high! No sound! No sense of speed, though you're breezing along at six hundred miles an hour. Just you, and your pilot, a team in the sky. It's terrific!

AFTER 2½ YEARS AIR FORCE EXPERIENCE

I'm sure now I made no mistake when I joined for Air Crew. I'd do the same thing again — anytime!
