Final Entente Demands Delivered To German Ambassador This Morning — Plainly Declares Occupation Will Be Carried Out If Germany Does Not Yield

BERLIN, May 5 — 12 noon — By Carl D. Groat, United Press Staff Correspondent

ENTENTE ULTIMATUM GIVES GERMANY TILL MAY 12 TO COMPLY, AND CONTAINS THREAT OF INVASION

LONDON, May 5—(By Ed. L. Keen, United Press Staff Correspondent) The Allies have served Germany with an ultimatum demanding [illegible] May 12.

The Allies [illegible] May 12 [illegible] the Ruhr Valley [illegible] failing to the ultimatum will expire May 12.

The German Ambassador Simons was handed the note by Premier Lloyd George at the latter's home [illegible]

A second note containing the [illegible] terms of the settlement [illegible] by the Allied Reparations Commission will be given the German [illegible] in Paris today or tomorrow.

The ultimatum was signed at 10.15 a.m.

Premier Briand and Count Sforza, French and Italian members of the Supreme Council, left for Paris at 11 a.m. Both appeared satisfied with results of the session.

Completion of the ultimatum which demands 6,750,000,000 pounds from Germany in payment for the world war, marked the end of arduous labors by the Allied Supreme Council which has been in session since Friday.

Premier Lloyd George after handing the documents to the German Ambassador went to the House of Commons to explain the situation.

There appeared to be a strong belief that Germany will accept the Allied demand without further quibbling.

It was reported from Berlin that Foreign Minister von Simons made a final and futile offer to stave off Allied action. It was said on Tuesday he asked the Allied ambassadors to delay until a new German offer was prepared.

Count Sforza was said to have been approached with the same proposals. The Italian Foreign Minister sternly advised the German agents to accept the terms "without further fussing."

The note prescribes the time and the methods of discharging the German debt which totals about 6,750,000,000 pounds.

Within the six days following receipt of the reparations note, Germany is called upon to declare her determination to execute her obligations without reservation or condition. The same demand was made with regard to the offering of guarantees for the debt.

Renewed demands were made for disarmament of German soldiers, trial of war criminals and for carrying out other obligations incurred in signing the Versailles Treaty.

FINANCIAL PROVISIONS WHICH GERMANY MUST FULFILL ARE LAID BEFORE THE WORLD

LONDON, May 5. — (Associated Press) — The terms for Germany's payment of her debt to the Allies are to be given out by the Allied Reparations Commission [illegible] and are as follows:

Germany will [illegible] form in the main as laid down in the schedule her obligations to pay the total fixed in accordance with Article 231, 232 and 233 of the Treaty of Versailles, 132,000,000,000 gold marks, less any [illegible] amounts [illegible] on account of reparations, or sums which may from time to time be credited to Germany in respect to State properties in ceded territory, [illegible] any sums received from other enemy powers, in respect to which the Commission may decide credit should be given to Germany, plus the amount of the Belgian debt to the Allies, the amounts of these reductions to be determined later by the Commission.

The protocol then provides for the issue of bonds as has previously been set forth, and which shall be secured on the whole asset of the German Empire and the German States.

The first series of bonds, for the amount of 12,000,000,000 gold marks, the protocol says, shall be created and delivered by July 1, 1921, but the interest of five per cent. plus one per cent. for a sinking fund shall be payable half yearly from May 1.

The second series, for 38,000,000,000 gold marks shall not later than November 1 be delivered to the Reparations Commission without coupons attached and will be issued by the Commission as and when it is satisfied the payments which Germany undertakes to make in pursuance of this agreement are sufficient to provide for the payment of interest and the sinking fund on such bonds. The sinking fund shall be used for redemption of the bonds by annual drawings at par.

The bonds will be German Government bearer bonds, in such form and such denomination as the Reparations Commission shall prescribe for the purpose of making them marketable, and shall be free from German taxes and charges of every description, present and future.

Until redemption of the bonds, Germany will be required to pay yearly 2,000,000,000 gold marks and twenty-six per cent. of the value of her exports as from May 1, or alternatively an equivalent amount as fixed in accordance with any other index proposed by Germany and accepted by the Reparations Commission.

It is provided the protocol continues that when Germany has [illegible] her obligations under this schedule other than her liability with respect to outstanding bonds, the amount payable each year under this paragraph shall be reduced to the amount required in that year to meet the interest and sinking fund on the bonds outstanding.

Germany is required to pay within twenty-five days 1,000,000,000 marks in gold, approved foreign bills of exchange at three months on the German treasury, endorsed by approved German banks in London, Paris, New York or other place designated by the Reparations Commission.

ALL MINISTERS SIGNED NOTE

LONDON, May 5. — (Associated Press) — With the intimation and [illegible] agreed to the Council to [illegible] were in the form of one document [illegible] the Germans [illegible] to the German representatives. The Allied Reparations Commission will however deliver the whole document to the German War Burdens Commission in Paris tomorrow.

Prime Minister Lloyd George and M. Jaspar, Belgian Foreign Minister, signed the English and French texts [illegible] and [illegible] for [illegible] Premier Briand of France [illegible] Foreign Minister [illegible]

MUST PUT TRADE ON ORDERLY BASIS

CLEVELAND, Ohio, May 5. — (United Press.) — "The restoration of the world depends upon re-establishment of international trade on a sane and orderly basis," Richard Spillane, financial expert, said at today's session of the National Foreign Trade Council convention here.

Spillane advocated stabilishment of an international statistical bureau.

D. R. Williams of the American Chamber of Commerce at Manila said that the taxing of American citizens in foreign countries who are deriving their incomes entirely from those countries is double taxation. It puts them at a disadvantage in competition with the nationals of other countries and curtails American foreign trade.

For Less Service— A Lower Rate

Heretofore, when you asked the long distance operator to connect you with a distant telephone, even though you said to her, *"Anyone at that number will do,"* you paid the same rate as if you had specified *a particular person.*

Now, a rate is in effect for this type of call ("Station-to-Station" service) which is lower than for calls where *a particular person* is wanted.

The operating cost and use of circuits involved in handling a call for *a particular person* are much greater than for a message where the calling party will talk with *anyone who answers the distant* telephone.

It is a real economy, when placing long distance calls, to say whenever possible, *"Anyone at that number will do."*

Every Bell Telephone is a Long Distance Station.

GOLD SEAL CONGOLEUM ART-RUGS

GOLD SEAL CONGOLEUM GUARANTEE SATISFACTION GUARANTEED OR YOUR MONEY BACK

Look for the Gold Seal

Beautify all your floors at little expense—

Gold Seal Congoleum Art-Rugs are made in a splendid range of color designs that can be tastefully used in any room in the house.

In thousands of homes, in fact, they are found in every room in the house, for they combine many remarkable features not found in any other floor covering.

They are waterproof, hence may be washed without injury. They do not get into their seams, nor can they rot the floor.

Unlike woven rugs, they are easy to clean. A damp cloth passed over the surface quickly removes all dirt.

They lie flat on the floor and will not curl at the edges. And, as the name implies, they are soft and resilient to the tread, thus preventing fatigue.

Art-Rugs represent the best rug value on the market.
