LORD ALFRED MILNER DEFINES THE TRUE IMPERIALIST.

Distinguished Visitor Addresses Briefly Students of Bishop's University, Lennoxville.

REFERS TO THE LATE CECIL RHODES.

Himself a Trustee of Rhodes Scholarship Fund, Would be Glad to Welcome at Oxford Rhodes Scholars From Bishop's.

Lord Alfred Milner, former British High Commissioner in South Africa, did not speak at length to the students of Bishop's University, yesterday, but his ardent and broad-minded imperialism stood out prominently in the few words he uttered.

As the first public utterance of the distinguished visitor, the short address yesterday of this prominent and promising statesman of the British Empire, is of especial interest.

As briefly reported in yesterday's Record, Lord Milner paid a visit to the University of Bishop's College. He was received by Principal Parrock and the Headmaster and conducted over the grounds and through the institution. The students had assembled on the lawn in front of the College and greeted the visitor with great enthusiasm.

After the tour of the institution Lord Milner was conducted to Bishop's Williams Hall, where the faculty of both College and School had already assembled.

The Rev. Principal Parrock, in introducing Lord Milner, said: "We are honored to-day by a visit from a most distinguished statesman and administrator. Lord Milner is a stranger, yet not a stranger for although I believe this is his first visit to Canada, his name is already a household word throughout the British Empire for distinguished service to King and country in South Africa, and in Bishop's College there is no lack of enthusiasm in the cause of the great Empire to which we are proud to belong. I wish that the time were more propitious for welcoming so distinguished a visitor, that our beautiful scenery were not so obscured by smoke and the glory of our forests marred by fire, and that the change necessitated in our College buildings by the increase of students were completed. Had there been time I should certainly have secured the calling of a special meeting of the Convocation in order that the University might have offered to Lord Milner the highest honor in her gift—the honorary degree of D.C.L.—but the present is an informal visit and in behalf of the University I have to offer Lord Milner a most cordial welcome."

The Rev. Dr. Bidwell, Headmaster, in behalf of the school, also welcomed the distinguished guest in a few well chosen words and said that the fact that Lord Milner was an Oxford man proved that a University training was a splendid preparation for public life.

On rising, Lord Milner was received with great applause and it was some time before he could proceed with his speech. He deprecated the kind words used with reference to him as savoring of Poetic License and advised his hearers to believe little of what they heard and nothing of what they read about him. Continuing, he said: "All my life I have longed to see the great beauty of Canada in autumn, but during the time I have been at Lennoxville I have seen little of anything but smoke and fog, which I can have in plenty in London. I hope you will use your influence with the weather clerk, or the Government, if it is responsible, to improve the atmospheric condition.

"Although English public schools—and English universities have many defects, yet their influence and their tone have had a most salutory effect in the upbuilding of the character of the nation, and it is very pleasant to see their traditions thus transplanted in this great country.

"The late Cecil Rhodes, with whom I was intimately connected in many great projects, was an Oxford man, and he was an example of one who brushed aside the trivialities of life upon which the average man wastes his time. He always had clearly in view some big object. I am proud to remember that by his will I was left a trustee of the Rhodes Scholarship Fund, and I trust that in my capacity as trustee of the Fund, I shall welcome at Oxford, as students on that foundation, some of those whom I now see before me.

THE IMPERIALIST.

"An Imperialist is not one who tries to exalt his own particular part of the Empire above the rest, but one who is trying to raise an enduring structure, resting upon many pillars of equal strength in different parts of the world. The United Kingdom is only one such pillar, Canada is another and so is Australia—that is my imperialism."—Lord Milner.

"I am glad to see the Union Jack floating over your institution, and I would like you to understand that an Imperialist is not one who tries to exalt his own particular part of the Empire above the rest, but one who is trying to raise an enduring structure, resting upon many pillars of equal strength in different parts of the world. The United Kingdom is only one such pillar, Canada is another, and so is Australia—that is my imperialism."

In conclusion, Lord Milner asked for a half holiday for the School.

Three cheers and a tiger were then given, with a vigor characteristic of Bishop's and the proceedings in the Hall closed with the singing of the National Anthem.

Lord Milner afterwards visited the New Lodge and the Preparatory School.

Lord Milner accompanied Mrs. Ready and Mrs. Dutton on a drive to Sherbrooke, yesterday afternoon. Unfortunately, the smoke laden atmosphere prevents an advantageous view of the St. Francis Valley scenery. His Lordship, it is understood, will continue his journey westward this afternoon.

LANGUAGE STRONG BUT NOT TOO STRONG.

Regarding Those Who Start Fires Now-A-Days.

THE SUTTON-POTTON FIRE CASE —NEWS OF BUSH FIRES ELSEWHERE.

Mansonville Sta., Sept. 23.—(Special)—Whether from wanton cussedness, carelessness or lack of brains some one, as reported in yesterday's Record, started a fire about 3 p.m. in the mountains west of here near the town line of Potton and Sutton, and not far from the international boundary that separates these towns from Jay, Vt., and in a territory where Mr. A. J. Garland had lumbered some few years ago. The forest, hundreds of acres, is filled with dead tree tops and slash that seems to have been waiting for some irresponsible to start it going, for no one but a lunatic or a criminal would think of lighting a fire in any forest at the present time and 'tis a pity that our laws are not more strict in regard to such things.

The first intimation the surrounding country had of the fire was a dense volume of smoke rising above the top of the mountain, making it look from a distance like a volcano. By dark at least forty acres were a seathing mass of flames and affording to many situated so they could view the conflagration from across the valley, a sight that was grand but awful. Hundreds are trying to check its progress, though with but little success. More than two hundred acres have passed beyond the recovery of generations. Some of those whose property has suffered are: J. M. Jones, D. Aiken, A. J. Garland, J. N. Walker, S. Courser, F. H. Crowell and the Messrs. Baker.

FIGHTING FIRE AT NORTON AND STANHOPE.

Norton Mills, Sept. 23.—(Special.)—Forest fires have been the excitement of the past week here. Fire started last week at Mr. C. Standish's, where there is over 100 cords of pulpwood. Men were called Saturday to fight the fire, which was most difficult to control. It started from a bush fire on one of the farms near by. It was noticed that this fire would to all appearance die out about 10 o'clock at night, only to start out again at 9 in the morning. Messrs. W. J. and L. Bean are fighting back to fire which broke out Sunday near their pulpwood. Another case is where a bush fire was started some time ago at the bank of the river at the Upper Mills. It was supposed to have died out, but instead had slowly worked its way to the railroad bank. Men were called Monday. At the present time it is under control. It is exceedingly hard to fight fire here, as there is such a small supply of water.

FIRES AROUND IRON HILL.

Iron Hill, Sept. 23.—(Special.)—Forest fires are raging on every hand. Both Pine and Spruce Mountains have had fierce fires raging which have defied the power of united forces to extinguish and the surrounding country has been enveloped in smoke.

TIMBER BURNED NEAR WATERLOO.

Waterloo, Sept. 23.—(Special.)—The long-continued drought has greatly affected the pastures and meadows in this vicinity. Water has gone very low. Springs that were never known to go dry have succumbed to the long-continued drought. Farmers are obliged to haul water for three miles. Fires are raging. Mr. C. H. Taylor has lost about 20 acres of timber within a few miles of Waterloo.

SUTTON MAN LOSER FROM FOREST FIRES.

Sutton, Sept. 23.—(Special.)—Sutton people regret much to hear of the great loss met with by Mr. Peter Delaire, a former Sutton man, by the burning of his barn with a large stock of hay and grain, also a large unloading hay fork, as well as his sugar house, which contained a good horse rake, a wheel hoe, his sugar equipment and a large number of other costly farming implements too numerous to mention. His only insurance was $400 on barn and $200 on hay, while his loss is estimated to be from twice to four times the amount of the insurance. The buildings were near Milletta between five and six miles west of Magog on the Eastman road. The fire took place Friday morning, as already reported in the Record.

Mr. Delaire, who is a section foreman on the C.P.R., was away from home at the time of the fire.

CENTRAL QUEBEC VILLAGES SUFFER.

The little village of St. Honore de Shenley on the Tring branch of the Quebec Central Railway, has suffered as severely by fire as any place in the district, and the residents, many of whom are ruined, look forward to the winter with a feeling nearly approaching despair.

The village was rounded by a ring of

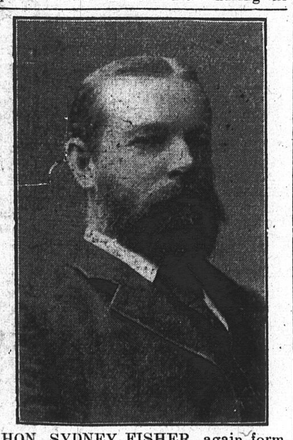
LIBERAL CONVENTION FOR BROME COUNTY.

Hon. S. A. Fisher Placed in Nomination.

REPRESENTATIVE GATHERING OF LIBERALS AT KNOWLTON.

Knowlton, Sept. 23.—(Special.)—The regularly called Liberal convention for Brome county was held in Mr. A. W. Pettes' hall yesterday afternoon at 2 o'clock. There was a good representative gathering of delegates from every polling division. The regular business of the convention was to decide upon their candidate which of course was a foregone conclusion, except in form.

The vote was unanimous for the Hon. S. A. Fisher, who, being present, addressed the meeting at considerable length, reviewing some of the most important work in Parliament during the



HON. SYDNEY FISHER, again formally selected as Candidate by Brome Liberals.

past five years and expressing himself as pleased to be able once more to accept the candidature. He felt proud to be their candidate.

Mr. W. F. Vilas, M.L.A., being present, made a short speech, taking a most encouraging view of the coming campaign.

Mr. H. E. Williams was chairman of the convention.

MERCHANT KILLED BY BOLD ROBBERS.

Surprised Burglars While Blowing a Safe in West.

TOWN SUSPENDS BUSINESS AND ENTIRE POPULATION STARTS OFF ON MAN HUNT.

Elkhorn, Man., September 23.—Interrupted while blowing a safe yesterday morning in the mercantile establishment of Lambert & Earl, two robbers deliberately shot to death the manager, Michael Sagar, carefully examined his body to determine the extent of the victim's injuries, and then fled, after first firing at R. M. Fraser.

It was the most spectacular crime ever committed in this section, and the entire male population has joined in the man hunt. The Manitoba Government has offered $500 for the apprehension of the outlaws. Business has been abandoned and everyone has gone out on the prairie to search. Armed posses are joining in the pursuit from every town in Southwestern Manitoba. It is hardly possible for the thugs to escape, though they headed toward the state line, seventy miles south. There is no cover between here and the boundary, except the bluffs of Pipestone, twelve miles south, and a dozen armed men are in that locality searching the crevices.

GUN EXPLODED ON FRENCH CRUISER.

Thirteen Seamen Killed—Many Wounded.

TURRET WAS TORN APART AND BROKEN BODIES WERE HURLED IN EVERY DIRECTION.

Toulon, September 23.—Thirteen seamen were killed and many others were wounded, some fatally, by the bursting of a gun in the after turret of the French armored cruiser La Touche Treville, during gun practice here today.

Gunnery drill had been under way for some time, when suddenly there was a frightful explosion. The turret was torn apart and pieces of human beings, comprising the entire gun crew, were thrown in every direction. Steel splinters and sections of metal were hurled about the decks and these missiles struck down many of the crew who were at work in the vicinity.

The spectacle was horrible, the dead and wounded, together with shattered arms and legs, littering the decks. A call to quarters was sounded, and as speedy as possible the wounded were cared for.

Autumn began this morning, Sept. 23rd, at four o'clock and continues till December 21st. The summer of 1908 has been one of the most beautiful in the memory of the oldest inhabitant and fine weather has lasted for four months without a break.

RESCUING HORSES FROM BUSH FIRES.

Explanation of Man Charged With Stealing Them.

FOWLS ALSO MISSING, BUT SAYS THEY FLEW AWAY INTO SMOKE.

Windsor Mills, Sept. 23.—(Special.)—A half-witted man was arrested here yesterday for alleged horse stealing. When Mr. Louis Frenche visited his stable yesterday morning he found that his horse and buggy were missing and gave the alarm to the police.

Suspicion rested immediately on a man who was seen to be proceeding on the way to St. George at an early hour in the morning. The constable and a posse set out in pursuit and a few miles from St. George caught up to the man. He then had another horse hitched on behind, which was identified as belonging to a farmer on the 12th range. The prisoner was brought back to Windsor and lodged in gaol and will be charged with horse-stealing. He told the constable when being arrested that he was "rescuing the animals from the bush fires." He is also accused of stealing a number of fowls, but none were found in the buggy, his explanation of this being that they "flew away into the smoke."

CHOLERA RAGING IN EUROPE.

Epidemic in Berlin and St. Petersburg.

FOUR RECENT ARRIVALS FROM RUSSIA TAKEN TO AN HOSPITAL.

Berlin, Sept. 23.—Four cholera suspects, two of them Russians, recently arrived from Russia, were taken to the Virchow Hospital yesterday afternoon. A conference of representatives of the departments of health, the interior, army and marine was held in Berlin, yesterday to consider the cholera situation. Every preparation is being made to deal with the epidemic should it make its appearance here.

IN ST. PETERSBURG.

St. Petersburg, Sept. 23.—The cholera epidemic, which continues to assume more appalling proportions every day, has concentrated the attention of the St. Petersburg authorities on the long-neglected task of improving the water supply and sewer facilities of the capital. The sewers now empty into the River Neva or the open canals traversing the city, and the water supply is taken from the river. This, in spite of the fact that Lake Ladoga, twenty miles away, offers an abundant supply of fresh water obtainable at small expense. The mayor of St. Petersburg, at the instigation of Premier Stolypin, has appointed a commission to arrange for immediate action in these directions.

ST. ANN'S DIVISION.

EX-JUDGE DOHERTY RECEIVES ENTHUSIASTIC CONSERVATIVE NOMINATION.

Montreal, Sept. 23.—Ex-Judge C.J. Doherty is before the electorate of St. Ann's division as the Conservative candidate. The convention, which took place at the Albion Hotel under the chairmanship of Mr. P. Monohan, was one of the largest and most representative gatherings of the Conservative party ever held in the division. The delegates from the Centre, West and St. Ann's Wards constituted over two hundred of the leading Conservatives of the city and although a vote was taken the desire was so unanimous that Judge Doherty should undertake the contest, that he expressed himself under the obligation of accepting the nomination.

INVERNESS FAIR TAKES PLACE TO-MORROW.

Entry List Ensures a Creditable Exhibition.

ATTRACTIVE SPECIAL PRIZES OFFERED — LIST OF PRINCIPAL EXHIBITORS.

Inverness, Sept. 23.—(Special)—The annual exhibition of the Megantic Agricultural Society, No. 1, will be held to-morrow. The grounds have been put in good shape, buildings repaired and every prospect of a banner Fair is evident. President J. W. Mooney, and Secretary-treasurer J. B. Campbell, with the support of strong committees, have left nothing undone to keep Megantic Fair well to the front. This county has always led in exhibits of live stock, especially that of beef type. This year will be no exception as all classes are well filled.

A very good list of special prizes is offered by the undernamed persons: George R. Smith, ex-M.L.A., two silver cups for gelding or filly, three yrs. old, cups to be won two years in succession; S. W. Mooney, silver bread plate, for best loaf of bread, must be won twice; Dr. Lambly, silver cake knife, for pan buns, also won twice before becoming property of winner; Thetford Mines branch E. T. Bank, $10 for tub dairy butter; D. H. Pennington, M.L.A., $25 for special prizes on sheep and horses, brood mare and foal colts and two years heavy and light carriage horses; Inverness branch Quebec Bank, $25, for registered Durham cattle, also, grade sheep and grade cattle, from calf to aged cow milk strain, prizes from $1 to $5.

Following are the names of the principal exhibitors:

Horses—A. Watson, John McVetty, P. Gingras, John Graham, Jas. Robinson, R. Caldwell, E. R. McCrae, W. Walker, Jas. Henderson, J. Wright.

Cattle—Hugh Andrews, Jas. Watson, A. Henderson, T. Patterson, A. Watson, Donald McMillan, S. W. Mooney, John Henry Mooney.

Sheep—S. Glass, H. Andrews, Jas. Robinson, R. Caldwell, S. W. Mooney.

Dairy Products—John McVetty, T. Patterson, J. Watson, A. Watson, G. Andrews.

Ladies' Fancy Work—Mrs. W. Walker, Mrs. A. Carrier, Mrs. (Dr.) Lambly.

The Horticultural Society of Megantic County will hold its exhibition in the Agricultural Building on the same date as the Agricultural Exhibition. The President is Mr. H. A. Dickson, and Secretary-treasurer, Mr. R. H. C. Sinclair. Much credit is due the President, Mr. Dickson, for bringing the Horticultural Exhibition to the fore in this county. Many farmers are now paying much more attention to fruit raising than formerly. All classes are well filled and a good showing of fruit will be held.

Owing to the absence of Mr. Sinclair, Mr. J. B. Campbell is acting Secretary to the satisfaction of all concerned.

The Judges for the Fair are:

Horses—C. N. McCrae.

Cattle—Jas. Bryson.

Sheep, Swine and Poultry—R. E. Wark and John Brown.

Ladies' Fancy Work—Miss E. Whyte and Mrs. R. E. Wark, Leeds Village.

Horticultural—Jas. Whyte, Leeds Village, and Mrs. D. H. Pennington, Lyster Station.

THE WEATHER.

LOCAL FORECAST:

Generally fair and warm to-day and Thursday.

SMITH SENTENCED TO DEATH PENALTY.

Found Guilty of the Murder of Mike Malone.

PRISONER SHOWED NO SIGNS OF EMOTION—AND LEFT DOCK WITH FIRM STEP.

Montreal, Sept. 23.—"That he be taken hence to the common jail in this district, and thence, on Friday, the 27th day of November next, to the common place of execution in this district; that he be then and there hanged by the neck until he be dead. May God have mercy on his soul."

Without a quiver in his voice, Mr. Justice Trenholme uttered these words in the Court of King's Bench yesterday afternoon as soon as the one word "guilty" had been pronounced by the jury empanelled for the trial of Frank Smith, known as "Crooked Neck" Smith, the slayer of Mike Malone, alias Jimmie Enright, who was shot and killed in an opium den at 111 West Legauchetiere street on July 7th last.

Twenty-five minutes was the time occupied by the jury in deciding upon the verdict which, as far as they were concerned, meant the death of the prisoner at the bar.

One of the coolest men in the court room was the sole occupant of the dock to whom the gaze of the crowd in the court room was directed when the judge adjusted the black cap and pronounced the death sentence.

Not a muscle of Smith's face moved as the sentence was being delivered. Court officials and detectives who have seen many men sentenced and who have seen them take their sentences stoically, afterwards declared that they never saw an occupant of the dock exhibit less emotion.

SMOKE AND FOG ON THE ST. LAWRENCE.

Cause Serious Delay to Shipping Operations.

SEVERAL ATLANTIC LINERS HELD UP ALONG THE CHANNEL.

Montreal, Sept. 23.—(Special.)—Navigation on the St. Lawrence river is still paralyzed by smoke and fog.

Several Atlantic liners are held up along the channel. The delay is proving serious to the port of Montreal, as this is the rush season and vessels are trying to make as many trips as possible before it becomes ice bound.

TO WARN PACIFIC MARINERS.

SIX SMALL VESSELS START ON A 15,000 MILE CRUISE.

New York, Sept. 23.—Six tiny vessels, whose mission it will be to warn the mariners of the Pacific of rocks and shoals along the upper western coast of the United States, started, Monday on a 15,000 mile cruise around South America. They will follow almost exactly the route taken by the U. S. battleship fleet now continuing its voyage around the world. The ships in the little fleet are lighthouse boats and tenders. The largest of them is less than 200 feet in length. They are under command of Captain Albert T. Mertz, of the United States Navy. It is expected that they will reach San Francisco on four months.

DAILY NEWS SPECIALS FROM ALL PARTS OF THE EASTERN TOWNSHIPS.

TAME DUCKS KILLED BY HUNTERS.

Knowlton, Sept. 23. — (Special)— Last Sunday afternoon there were four of Mr. Frederick England's tame ducks shot in the river just below his buildings. It seems a pity that outrages of this sort should be allowed to go unpunished.

ENGINE BROKE DOWN.

Coaticook, Sept. 23.—(Special)—The mail train due here about nine p.m., arrived some two hours late, Monday night, having been delayed at Compton, owing to the main axle of the engine breaking when they started to leave Compton station. The train was brought through after the above delay.

INSTALLING SEWERS.

Lake Megantic, Sept. 23.—(Special.)—The corporation gang has started work on the main sewer on the Ditchfield Road, South Ward, which will run as far as the old Catholic church ground and will connect with the well near the railroad bridge. A strong spring of water was struck near the Agnes post office.

BURGLARS AT WORK.

S. Durham, Sept. 23.—(Special.)—The quiet little village of Danby has been visited by burglars recently. Mr. Benoit had his vest containing his watch stolen from his bedroom. A few nights afterwards he was awakened by a noise and on arising to investigate saw three men trying to force their way through the window but on seeing Mr. Benoit they quickly decamped.

LIBERAL COMMITTEE ROOMS OPENED.

Coaticook, Sept. 23.—(Special.) —A Liberal committee room is open over the store of Woodman & McKee, the central Conservative committee room is still on Main street in the Tillotson block.

INJURED ON M. C. RY.

Brookbury, Sept. 23.—(Special)—Further particulars from Mr. George Gilbert, who met with an accident when braking on the Maine Central, near Waterville, Me., state that blood poisoning has developed, necessitating the amputation of his left leg.

GOOD WATER SUPPLY.

Coaticook, Sept. 23.—(Special.) — Throughout the whole of this long drought the drinking water and the water supply of the town has continued as good as ever, and there is still the usual amount of water in the reservoir, so it seems that we must have rain before Coaticook gets into hard circumstances respecting the water supply.

How to Cure a Headache

To attempt to cure a headache by taking a "headache powder," is like trying to stop a leak in the roof by putting a pan under the dripping water. Chronic headaches are caused by poisoned blood. The blood is poisoned by tissue waste, undigested food and other impurities remaining too long in the system. These poisons are not promptly eliminated because of sick liver, bowels, skin or kidneys.

If the bowels do not move regularly—if there is pain in the back showing kidney trouble—if the skin is sallow or disfigured with pimples—it shows clearly what is causing the headaches.

"Fruit-a-tives" cure headaches because they cure the cause of headaches. "Fruit-a-tives" act directly on the three great eliminating organs—bowels, kidneys and skin. "Fruit-a-tives" keep the system free of poisons.

"Fruit-a-tives" come in two sizes—25c and 50c. If your dealer does not have them write to Fruit-a-tives Limited, Ottawa.

DAILY NEWS FROM TOWNSHIPS

(Continued from page 1.)

—Mr. Fred. Eaton met with a serious accident on Monday, 21st. While painting on Mr. R. H. McLaughlin's barn he fell backwards from the staging on to some large stones. The muscles of one arm and shoulder were badly torn and his head and hip severely bruised. Mr. Eaton is certainly unfortunate, as a few weeks ago he injured his right hand severely, which had barely recovered.

BEAR KILLED AT CANTERBURY.

Canterbury, Sept. 23.—(Special.) — Messrs. Charlie Cowling and Louis Barter succeeded in shooting the bear Sunday last that had been getting so many of the farmers' sheep. Last Sunday morning he took a lamb from Mr. Charles Bennett's pasture. The men traced him and came right upon him where he had taken the lamb. Master Bruin was minus one foot where he had been caught in a trap before. He was a great big specimen.

PEACE AND HARMONY NOT DISTURBED AT FARNHAM.

Farnham, Sept. 23.— (Special)— Councillor A. E. Choquette, Chairman of the Police Committee, desires that contradiction shall be made regarding reports which have gone abroad regarding a serious clash between strikers and strike-breakers. In his position as Chairman of the Police Committee he is able to say that there has been no such fight and that the peace and harmony of the place has not been disturbed.

DESPATCHERS' TELEPHONE LINE REACHES SUTTON.

Sutton, Sept. 23.—(Special)— The men employed in putting up the wires for the C.P.R. despatchers' telephone line between Montreal and Newport, Vt., reached Sutton on Tuesday.

They have an output of five cars, used as boarding cars and storage vans for their equipments. There is a force of between twenty and twenty-five men employed, and it is understood the line is now completed from Montreal to this side of Sutton Jct., and it will be rapidly pushed forward to Newport, when it will be ready for use.

PRESENTATION AT WARDEN.

Warden, Sept. 23.—(Special)— On Saturday evening, Sept. 19th, Mr. and Mrs. C. W. Curtis were given a genuine surprise by their neighbors and friends who gathered at their home in honor of the 18th anniversary of their marriage.

Dr. J. A. Corcoran presented them with a Morris chair and foot stool, in behalf of those present. Mr. Curtis thanked the friends who had so kindly remembered Mrs. Curtis and himself on this memorable occasion. A delicious lunch was served by the ladies and a most enjoyable evening was spent by all who were present.

FOSTER MOURNS SAD DEATH OF DALBERT W. BLUNT.

Foster, Sept. 23.—(Special.) — Our little village was thrown into a state of gloom on Monday afternoon when the news reached here (as reported in the Record) that Mr. Dalbert W.Blunt had been accidentally drowned at Lachine.

Mr. Blunt had been in the employ of the C.P.R. as bridgeman for many years and at the time of the accident was engaged with other bridgemen in making some repairs at the Lachine bridge. Just how the accident happened is not known, more than that the unfortunate man fell from the top of the bridge to the water, a distance of about 65 feet and being unable to swim, was only able to keep afloat for a short time. Boats were near at hand and started at once to the rescue, but could not reach him in time. Deceased was a Free Mason and an Odd Fellow, and very highly respected by all who knew him. He leaves a widow and one son, an aged mother and brothers and sisters to mourn his sad end. They have the sincere and heartfelt sympathy of the entire community.

HOW THE BALLOTS STOOD AT WATERLOO CONVENTION.

Waterloo, Sept. 23.—(Special.)—The Liberal convention, as reported in yesterday's Record, was held Monday.

There was a large delegation from all parts of the county, every poll being represented.

The President, V. Marchessault occupied the chair, Mr. E. Bovin, secretary-treasurer, at his post.

The first business was the election of officers for the County Association for the ensuing five years. Mr. L. D. Wallace was chosen President; Mr. Bourbonniere, Vice-President, and Mr. E. Bovin, Secretary-Treasurer.

The first ballot for candidate stood as follows:

C. A. Nutting	11
G. F. Payne	13
W. Bullock	13
M. Davidson	10
H. E. Allen	42

Two spoiled ballots.

The second ballot stood:

H. E. Allen	48
C. A. Nutting	11
G. F. Payne	12
W. Bullock	13

The nomination of Mr. Allen was then made unanimous.

OFF FOR MEXICO.

Sutton, Que., Sept. 23.—(Special) — Assistant postmaster Mr. C.D. Griggs, left on Monday morning for his annual vacation and will take a trip to many of the Western cities, his objective point being Mexico City. He will stop over in Detroit, Chicago, St. Louis, El Paso and New Orleans and will visit several cities in old and quaint Mexico. His trip will occupy about three weeks and he will return about the middle of October. Mrs. Griggs accompanied her husband as far as Montreal, returning home the same night. Mr. Griggs' trip will cover 7,725 miles, the return ticket costing $115.65.

MARRIAGES.

MOSEL—LAXER.

An interesting wedding was solemnized on Sunday evening at 6 o'clock at the hall of the Congregation Agodath Achaim in Griffith's block, when Miss Dora Laxer, daughter of Mr. and Mrs. Chas. Laxer, was united in marriage to Mr. Samuel Mosel. The ceremony was performed by the Rev. Rabbi Laxer, uncle of the bride in the midst of many relatives and friends.

The bride wore a gown of white silk with long tulle veil and wreath of orange blossoms, and carried a bouquet of white roses. She was attended by Misses Sarah Kushner and Rebecca Echenberg, who were both dressed in pretty white frocks with lace and flowers.

The best man was Mr. Frank Greenberg, cousin of the groom. The ceremony was performed, according to Jewish rites, under a canopy of red velvet lined with white silk, fringed with gold, and embroidered with the seal of the House of David, a six-pointed star.

It was held by Messrs. M. Echenberg, N. Heldfeld, M. Greenberg and L. Heilig. At the close of the ceremony, the symbolical wine glass was broken and the newly married couple led a grand march around the hall, the orchestra present discoursing gay music. Refreshments were served and dancing began, and was kept up with spirit and great enjoyment till midnight.

Mr. and Mrs. Mosel went immediately to their home on St. Mary street.

Among the guests present were Mr. and Mrs. T. Vineberg, Mr. and Mrs. Cohen, Mr. and Mrs. Echenberg, Mr. and Mrs. M. B. Echenberg, Mr. and Mrs. Laxer, the Rabbi Laxer, Mrs. Laxer, Mr. and Mrs. Kushner, Miss Kushner, Mr. and Mrs. Joseph Rosenbloom, Mr. J. B. Duford, Dr. J. F. Rioux and many others.

CATHOLIC SCHOOL BOARD ORGANIZES.

First Meeting Since Change of System at Coaticook.

TAX OF SIX MILLS, A REDUCTION OF ONE MILL, IS LEVIED.

Coaticook, Sept. 23.—(Special) — The Catholic School Board met recently and perfected their organization. This was their first meeting since they became the school commissioners instead of trustees. Mr. G. H. St. Pierre, K.C., was re-elected chairman. Alderman J. B. Gendreau, who has been the sesretary of the Trustee Board for thirty-three years and has always taken a very active interest in the schools, was re-elected secretary treasurer.

The former rate of taxation has been seven mills on the dollar. From the amount raised they have decreased their indebtedness and the commissioners felt that they would be able to run the schools on a six per cent. assessment. This amount was, therefore levied. The schools under the control of the commissioners consist of one in the North Ward and the Commercial School, conducted by the Brothers of the Sacred Heart. The school commissioners, also, have a certain controlling interest in some departments of the Convent. Altogether there are six hundred Catholic children in Coaticook attending school. This number does not include a considerable number of the boarders at the Convent, who come from all parts of the Province and the New England States.

The commissioners are expending something over a thousand dollars on the school building occupied by the brothers and have also made extensive improvements to their building and grounds at North Coaticook.

RESERVE WATER NEARLY EXHAUSTED.

Situation at Coaticook Not Promising.

POWER IS ALMOST AT ITS MINIMUM—DARK NIGHTS AHEAD.

Coaticook, Sept. 23.—(Special.) — People in Coaticook are wondering what will happen when the reserve water at the source of the Coaticook River is gone. The reserve water in Big Averill has already been used, and it is said that that now coming from Little Averill Lake will only last a few more days. The flow of the river is not sufficient to give power for manufacturing purposes or to run the electric light plant of the town. The Council not long ago bought more water power, but this is of no use to them now, inasmuch as it has not been developed and even with development would not amount to much with the present scarcity of water. Taking everything into consideration the people of Coaticook appear to be staring darkness in the face, both in their homes and in their streets. The Council has no auxiliary power and has to rely wholly upon the water in the river for running their plant.

The Thanksgiving service held in St. James Church on Thursday evening was largely attended. The music was fine, the singing good and the collection unusually large.

The Ladies' Aid of St. James have added a few improvements to the interior of the Church by placing in one oak reading desk and lecturn and by hanging five beautiful lamps which add much to the beauty of the Church.

Forest fires are raging in this vicinity. It is feared that Mr. S. M. Shufelt's buildings are in danger, as the fire is only a few rods from them.

Our school opened on Monday morning. Miss Martha Thomson is in charge.

Miss Nora Tittemore is teaching the Guthrie school.

Pigeon Hill Creamery burned to the ground on Saturday noon. All the contents were ruined. It is supposed it caught fire from the boiler.

Many of our citizens drove to Cowansville to attend the celebration there.

It is feared that Mrs. McCanna will have to undergo another operation.

The Onlooker

Seventy Years Young.

A few days ago James J. Hill passed his 70th birthday. Dr. Osler's sixty-year limit to human usefulness is still fresh in the public mind and Mr. Hill's achievement is of interest in comparison. Two other notable persons might be mentioned in the same connection, J. Pierpont Morgan and Andrew Carnegie, and Mark Twain should not be forgotten. All four are now past seventy, Hill the greatest railroad builder, Morgan, the great financier; Carnegie, most famous of philanthropists, and Mark Twain, prince of humorists. The list could be extended indefinitely, but it is not necessary. Dr. Osler was wrong, or rather it should be stated the popular impression of his famous remark is wrong, for Dr. Osler never intended it to be taken seriously. Age need be no barrier to achievement. Age brings priceless experience, yet a man is no older than he feels. Longfellow came nearer the mark when he said:

Age is opportunity no less than youth itself,
Though in another dress;
And as evening twilight away,
The sky is filled with stars invisible by day.

Labor in Politics.

Most important among the many questions of general interest to come before the Trades and Labor Congress of Canada, now in session at Halifax, is reported to be the advisability of the trades unions actively entering the political field. Though there is no reason to believe that all members of labor unions look with favor on the proposal, it is in no way to be wondered at that many of them, especially among the leaders, undoubtedly do. The venture would be fraught on the face of things with much potential promise. It is not conceivable that a Labor party could have a majority in Parliament during the present generation, or during the next, but it is conceivable that we might have before long a Parliament in which the two great parties would be nearly equal in strength, and in such a contingency a small well organized Labor party would hold the balance of power, thus being in a position to compel the Government to grant desired legislation. Some such possible state of affairs must naturally be tempting to Labor leaders, but even from Labor's point of view the subject is worth thorough consideration before taking any action. Labor legislation would be class legislation and class legislation is vicious. It cannot permanently benefit even the particular class, which it was designed to benefit. Furthermore Labor is already powerful and scarcely stands in need of the assistance, which special legislation might appear to render. To carry the argument a step further, workingmen have other interests besides those related to their work, interests in common with other citizens of all classes, and in the estimation of hosts of thinking union members these other interests, affecting the country as a whole, transcend the peculiar interests of their class. The larger aim of Canadian politics in the present day is to build up the country, in population, in importance, in power, and there is no room yet for side issues in the larger aim.

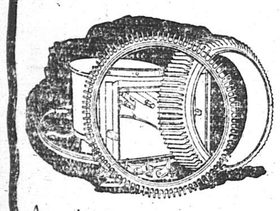
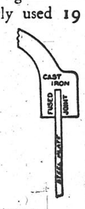
Another 1908 Improvement in "Hecla" Furnaces



The fire pot is the most effective radiating surface in a warm air furnace. That is why every manufacturer seeks to increase that surface by the addition of cast iron flanges, or pins or corrugations. As each of these flanges or pins covers a large part of the primary surface of the fire pot there is a limit to the number of such cast flanges as can be effectively used.

The "Hecla" Steel Ribbed (Patented) Fire Pot is a step far in advance of any other fire pot. Instead of thick and sandy cast iron flanges those in the "Hecla" are *steel* and are neat and clean. Being uniform they can be set so close together that, where we formerly used 19 cast flanges we now use 97 steel ones without covering any more of the primary surface of the pot.



Steel Ribbed (Patented) Fire Pots provide twice as much effective radiating surface as any other fire pots made, and in consequence radiate far more heat with the same amount of fuel.

In a test extending over two years, Steel Ribbed (Patented) Fire Pots showed a saving of 11% in fuel, over cast flanged pots.

Our Catalogue explains other exclusive "Hecla" features viz: Patent Fused Joints, Individual Grate Bars, etc. 60

HORSE WAS SHOT DEAD BY HUNTERS.

Dastardly Act on the Bondville Road in Brome County.

HORSE WAS BEING FED BY THE ROADSIDE WHEN IT WAS SHOT DOWN—HUNTERS RAN AWAY.

Bondville, Sept. 23.—(Special)— A most peculiar affair took place here on Sunday afternoon last. Mrs. Royea of South Stukely, was driving through here on her way home from Cowansville and stopped to feed her horse some oats which she had in the buggy, on the Iron Hill road just on the edge of the bush, a short distance west of the Anglican Church. Having first unhitched the horse from the wagon, she was sitting nearby when suddenly the report of a rifle rang out, and the horse dropped dead, shot through the head. She saw two young men with rifles near the road just previous to the shooting.

The stupidity, recklessness, or carelessness of these men is beyond comprehension, as the horse was quite a large animal, gray in color and could not possibly have been taken for a deer. The worst feature of the case is that the guilty parties made off in the bush after the shooting.

It is hoped that they may be located and an example made of them, as it might just as easily have been the lady herself killed instead of the horse.

At this season of the year there is so much careless discharging of fire-arms that it is scarcely safe for a peaceable citizen to be at work in or crossing their own fields.

Much sympathy is felt for Mr. Levi Royea, as the horse was a good one, and he unfortunately can ill afford the loss of the animal.

The Record's correspondent at Iron Hill, also, sends a report of the above matter.

"Now the question arises who committed the dastardly deed and what possible excuse could be given. It cannot be said the horse was mistaken for a deer or bear as it was gray. Verily a person's life is not safe on the highway nowadays. Mr. Royea is an industrious, honest, poor man, to whom the loss of the horse but just acquired, means considerable, and all would be glad to see someone take steps to get means to buy another horse to replace the one so unfortunately lost."

KINGSBURY.

The arrivals are: Miss Lapridwin, of Montreal, visiting Mr. and Mrs. Cassidy; Rev. Norman McLeod, of Esperance, N.Y., visiting Mr. and Mrs. W. Neilson; Mr. Henry Wilkinson, of Farnham, visiting Mr. and Mrs. McLean.

Mrs. Morey is slowly recovering from an attack of rheumatism.

Our village school opened on Monday morning with a large attendance. Miss Leach, Knowlton is teacher.

A large black bear was seen in the outskirts of the village last week. It is supposed to have been driven out of the woods by the dense smoke.

Mr. and Mrs. W. J. Hall and Miss Lucia Kathan have returned from Brome Lake.

A large number from here attended the Conservative picnic at Cowansville Saturday.

Mr. Howard Hulburt, of Waterloo, was the guest of Mr. Thomas Wilkinson a few days last week.

Mrs. Calvin Griggs is visiting her daughter, Mrs. Riddick, at Farnham.

Mr. Isaac Hyatt, of Swanton, Vt., visited friends here recently and preached in the Congregational church two weeks ago.

DUNHAM.

A specially sympathetic service was held in All Saints church at 2.30 p.m. on Sunday last when the mortal remains of one well known and loved by many in Dunham, Mrs. Margaret Stephen, were brought here to be laid beside her husband in the old churchyard. After long illness borne with all Christian patience, she departed this life at Worcester, Mass., at a very early hour on Saturday, Sept. 19th, aged fifty-seven years. The hymns sung were "Abide with me" and "Now the laborer's task is o'er." Into these and the rest of the devotions in the church and at the grave the congregation entered most feelingly.

"Father in Thy gracious keeping
Leave we now Thy servant sleeping."

Owing to the death of the Right Rev. Bishop Carmichael, the lecture on the Pan-Anglican Congress, announced to be given at the Ladies' College on Thursday, 24th, by Revs. Willis and Shatford, will be postponed to a later date.

BONDVILLE.

The Harvest Home in connection with the Anglican Church has been postponed until further notice owing to the terrible bush fires which are raging in this vicinity, menacing the homes of several of our farmers nearby, who would thus be prevented from attending the service and supper.

The death of Bishop Carmichael has cast a gloom over this parish where he was much beloved and every one of our congregation feel that they have lost a personal friend. The bell of the Church of the Good Shepherd, tolled for half an hour on receipt of the sad news. The hearts of all go out to our beloved Rural Dean Carmichael in this his great affliction.

WEST SUTTON.

Mr. H. Girvin spent Sunday at North Sutton, the guest of Miss D. Strong; Mr. and Mrs. E. H. Woodard and son visited at Mrs. Woodard's parents, W. O. Hawley's, at Sutton Valley, on Sunday.

Mr. H. Pasha and family, and Mr. Joe Marco, of Kirk's Corner, spent Saturday and Sunday visiting relatives and friends in Franklin Center.

Mr. C. N. Chamberlain visited his cousin, Mr. F. Carr at Sutton Junction, on Sunday.

Mr. J. B. Strong received the good news that his horse which has been very sick and which Dr. Savage, West Brome, is doctoring, is on the gain, and he will bring it home this week.

Mr. E. J. Lee drove to Abercorn on Monday and called on his brother, C. H. Lee, at Alva, on his return.

Mr. F. Garland is in the neighborhood with his threshing machine.

Mr. J. C. Reid and W. Bergeon were the guests of E. J. Lee on Sunday.

WARDEN.

Mrs. Percy Boright and children, who have been stopping with Mr. C. W. Curtis for the past few weeks, have returned to their home in Montreal.

Miss Hattie Crowhurst, of Boston, is visiting her niece and nephew, Miss E. C. and Mr. H. S. Newton.

Rev. J. W. Davidson preached a memorial sermon on Sunday last in memory of the late G. S. Reynolds, a former pastor of the Methodist church here.

Mr. Myron Lewis went to Montreal with a car load of cattle, which he disposed of while there and returned home on Saturday.

Mr. S. S. Martin has returned from his visit to South Stukely and is stopping with his daughter, Mrs. W. F. Shores.

Miss Addie Dunn received an official cheque one day this week from the Superintendent of Public Instruction.

BRIGHAM.

Recent arrivals include: Mr. Moodie, of Amherst Park Congregational church, Montreal, preaching here on Sunday in exchange with Mr. Pierce; Mr. William Walker spending a few days at Mr. Warminton's; Mr. E. Estey, of Eastman at Mr. M. A. Stowe's; Mr. J. E. Johnson home from Knowlton.

The death occurred recently of a former resident of this place in the person of Mr. Martin Delaney, of Farnham. Deceased leaves a widow and seven children. Interment in the R. C. cemetery at Adamsville.

More enjoyment!

The Time Coughs and Colds are Prevalent

IS THE TIME when a real good cough remedy should be on the medicine shelf of every home. You never know when it will be needed, and needed badly. Any moment a cough or cold may attack some member of your family but its duration will be exceedingly brief indeed if you promptly begin to treat that cough or cold with

"To think that I have travelled the world over and used the finest of pianos, then to reach Canada and discover the Heintzman & Co. piano, a veritable Prince among pianos compared with any I have ever used. —De Pachman.

The Title to the greatest piano made under the British Flag has been worthily bestowed on the HEINTZMAN & CO. PIANO (Made by ye olde firme of Heintzman & Co., Ltd.)

No piano of home or foreign manufacture, outside of a piano of Heintzman & Co., was chosen for the Prince of Wales' personal apartments, either in 1901 or 1908, when on a visit to Canada.

In a short time the Sheffield Choir, the greatest musical organization in Great Britain, will cross the Atlantic, to give a series of concerts in the leading cities of the Dominion. They have chosen a Heintzman & Co. piano, for use at all concerts.

"The pianos of Heintzman & Co. astonished me. I am not surprised at the success these instruments have met with in England?"—Dan Godfrey, R.A.M.

"It afforded me the greatest pleasure to know that so fine an instrument as the Concert Grand Piano of Heintzman & Co., used at my concerts in the Armories, is manufactured in Canada."—Pol Plancon, French Basso.

Y. M. C. A. PHYSICAL COMMITTEE MEET.

Gymnasium Will be Opened This Evening.

PROSPECTS FOR THE COMING SEASON ARE VERY BRIGHT.

A meeting of the Physical Committee of the Y.M.C.A. was held last night. Mr. G. H. Gray, chairman of the committee, occupied the chair. Mr. J. E. Smith was elected secretary-treasurer of the committee. The following gentlemen were appointed as chairmen with the power to appoint two other members to act with them as a committee:

Bowling, Mr. George Parsons; boxing, Mr. Charles Sangster; fencing, Mr. C. Dobell; wrestling, Mr. T. Hurn; basket ball, Mr. J. E. Smith.

There was some discussion as to the advisability of organizing a Rugby team, but after due consideration it was thought that it would be impossible to get the men to turn out and practice. A motion was passed, asking the management to pay the pin boys a salary as the present conditions were very unsatisfactory.

Owing to the apparent restlessness among the members at the gymnasium not being opened, it was decided by the committee to ask the managers to allow the gymnasium to be opened and each member of the committee would take charge for an evening. The following were appointed to take charge: Wednesday, Chas. Sangster; Thursday, C. Dobell; Friday, R. Neilson; Saturday, J. E. Smith; Monday, 28th, George Parsons; Tuesday, G. H. Gray.

The prospects are very bright for a very successful season in the Physical Department.

The next meeting will be held Tuesday next, when the chairmen of the various committees will report.

LENNOXVILLE NOTES.

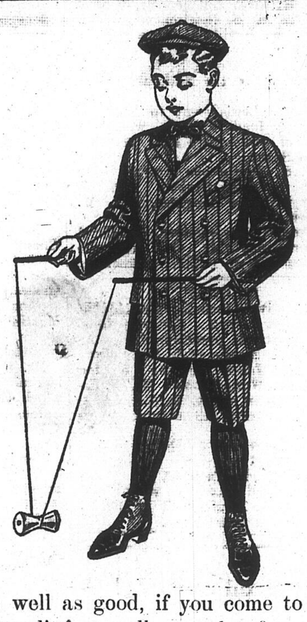
Why not in BOYS' Clothing

We are making a special feature this season of different kinds of Clothing for Boys. The rule has been to consider anything good enough if it didn't wear out too quickly, and the average boy has looked the part. We are ready now with distinctive style as well as quality in BOYS' SUITS and OVERCOATS, and the novelty of it all is bringing us plenty of business.

Give the boy a chance. Well dressed boys are made so nowadays at very little expense and values such as these won't interfere with your buying.



$2.50, 3.00, 3.50, 4.00, 4.50, 5.00, 5.50, 6.00 to 7.00.

It costs no more to get Boys' Clothing really stylish, as well as good, if you come to the right store. If we weren't very sure of the usual quality as well as style of our Boys' Clothes, we should say less about them.

Mr. G. W. McKee has enlarged his store, bringing the front out level with the store of Mr. J. H. Knapp. He has also done the same to his store, occupied by Mr. Pelletier, the shoemaker, whose place is next door. This is a great improvement to Child St.

Mr. Merrill's residence on Pleasant street is being jacked up and improvements made to it.

The new residence of Mr. Howard Lovell is nearing completion, and is a fine looking house. The sheds that were between his property and the property next to it belonging to Mrs. H. Lovell, have been removed, and when it is finished and fixed up that street will be as nice as any in town.

Mrs. Bert Davis, who has been ill, is able to be out.

Deaths Reported.

MRS. RENE GARAND, FORMERLY OF ST. JOHNS.

Sutton, Que., Sept. 23.—(Special)—Mrs. Rene Garand, formerly of St. Johns, died at St. Louis de Mile End, Montreal, on Sept. 20th, aged 83 years and 11 months.

Deceased, whose maiden name was Caroline Trowbridge, came from the New England States when a mere girl and married Mr. Garand when but 15 years of age. Mr. Garand was one of the oldest cabinet makers in the Province of Quebec, being established in St. Johns when quite young, and he was the maker of the old high posted turned bed steads. Mr. A. Auger, of this village, has one now in constant use which was made by him between 50 and 60 years ago. Mr. Garand died in Montreal about 20 years ago at an advanced age.

Miss K. Blair, of Stanstead, is taking the place of Miss Nelly Webster, in the office of the Queen Cigar Factory, while the latter is absent on her vacation.

CITY NEWS

Dr. G. L. Hume is rapidly convalescing from his illness and able to drive out.

Mr. R. H. Gooley and child, from Coaticook, are the guests of Mrs. A. L. Parker.

Mr. Fred. Boyle has gone to Windsor on a couple of days' shooting expedition.

Mr. George H. Hall, of McLeod's Crossing, is visiting his family at No. 39 Moore street.

Mr. W. M. Tomlinson, Inspector of Weights and Measures, is in Windsor Mills to-day on business.

Miss Florence Hoyt, who is spending the season in Coaticook, returned to her home in town for Sunday.

Mr. J. D. Parmalee, customs inspector, is at Stanstead Junction for a day or two on official business.

Mrs. E. F. Keene has gone to Stanstead to visit her son, Master Forest Keene, at the Wesleyan College.

Mr. H. J. Shaw, of New York, is in town to-day on business connected with asbestos properties in the vicinity.

There will be a meeting of the City Council this evening. Revision of the valuation roll will be the principal business.

Mrs. A. Norreys Worthington has gone to Ottawa to be present at the Dog Show, where Dr. Worthington is one of the exhibitors.

Mr. G. C. Johnson, of Philadelphia, actuary of the "Penn Insurance Co.," who was the guest of his cousin, Mr. H. D. Lawrence, K.C., Bellevue avenue, has returned home.

Mrs. Robert Munkittrick, of Boston, and her daughter, Mrs. Dunivan, and her son, Mr. Percy Munkittrick are the guests of her sister-in-law, Mrs. J. S. Munkittrick, of this city.

Letters received from Col. Morehouse, postmaster, who is visiting Marcellus, N.Y., state that he has been ill and confined to bed ever since his arrival, and is now only able to sit up.

Dr. W. A. Farwell is spending his vation at his cottage, Lake Scaswanipus, with Mrs. Farwell, and Miss Dorothy Farwell, and will probably not return till the first of the week.

Among the Eastern Townships people registered in town are the following: Messrs. R. Van, McLeod's Crossing; H. W. Aldridge, W. S. Farfield, North Hatley; O. S. Coates, Bury; A. Drummond, Knowlton.

The J. Rosenbloom & Co. Store, Star Clothing Hall, will be closed from Friday, 6 p.m., to Saturday, 6 p.m., on account of the Jewish New Year. Remember, our store will be open Saturday night.

Rev. Canon Allnatt, D.D., Rev. Principal Parrock, of Bishop's College, Lennoxville, and Rev. Dr. Bidwell, Head Master of Bishop's College School, leave to-morrow for Montreal, where they will attend the funeral of the late Bishop Carmichael, and will then go on to Ottawa to take part in the meeting of the General Synod of the Church of England in Canada, the fifth session of which opens to-day.

The beautiful bells which were consecrated for the use of the parish church of St. Jean Baptiste on Sunday last were cast at Louviers in France by the well known firm of Crouzet-Hildebrand, and their tone is exceedingly fine. Each bell has its special legend in raised letters around the rim, upon the largest which weighs 3,600 pounds, are the words, "I sing the glory of God"; upon the second, 1,500 pounds in weight, "I ring for all the festal days." The third, which weighs 1,000 pounds, "I pray for the living," and the fourth, "I weep for the dead." The offerings on Sunday amounted to nearly $1,000.

DANVILLE CASES.

Two parties from Danville named Hamel and Morin respectively were each fined $50 and costs or three months in jail for a violation of the License Act.

FINANCIAL AND MARKET NEWS

FOREIGH LIVE STOCK MARKET.

London, September 22.—A weaker feeling has prevailed in the market for cattle during the past week and prices have declined ½c per lb. with sales of American steers at 13c and Canadian steers at 12c per lb.

Liverpool, September 22.—The market for cattle has ruled weak and prices since this day week have scored another decline of ½c to 1c per lb., with sales of choice Canadians at 11c and ranchers at 10c per lb.

COUNTRY PRODUCE.

Eggs.—A fair trade continues to be done, and prices are unchanged. Sales of selected stock were made at 24c, No. 1 at 20c, and No. 2 at 18c per dozen.

Beans.—The demand for beans shows no improvement and the market is quiet at steady prices. Ontario three-pound pickers, in car lots, are quoted at $1.95 to $2.00 per bushel; Austrian hand-picked are selling in a jobbing way at $1.95, and Rangoon hand-picked at $1.65 per bushel.

Honey.—A fair trade is passing in honey, and as supplies are not in excess of requirements, prices rule steady. We quote: White clover comb, 13c to 14c, and dark at 10c to 12c as to size of section. White extract is selling at 9c to 10c per lb.

Potatoes.—There is no change in the market for potatoes, prices being steady under a fairly good demand, and sales of car lots were made at 65c to 70c and jobbing lots at 85c to 90c per bag.

Maple Product.—Business in maple product continues very quiet and values show no change. We quote: Maple syrup 5c per lb. in wood, and 6c in tins; sugar at 7c to 8c per lb.

LIVE STOCK SHIPMENT FROM SUTTON.

Sutton, Sept. 23.—(Special)—The live stock shipment of the Messrs A. J. and V. N. Dyer from Sutton to Montreal on Tuesday night consisted of 25 hogs at 6¾c, 15 head of beef cattle, the canners going at $5, and the others upwards, to $25, and 15 calves ranging in price from $4 to $8.

LIVE STOCK SHIPMENT.

Waterloo, Sept. 23.—(Special)—Mr. F. Connolly made a very large shipment of live stock to Montreal market on Saturday morning consisting of a few hogs, some very fine fat cattle and a few canners. Pork brought $6.25 per cwt.; fat cattle brought from $20 to $35, while canners brought $5 to $15.

Mr. Myron E. Lewis and Mr. Lessard also made a large shipment of canners and fat cattle, prices ranging as above.

LANGUAGE STRONG BUT NOT TOO STRONG.

flame, and there is not a square mile in the parish where one cannot see smoking ruins. Standing wood, sugar groves, representing much time and labor, have all been swept away, and worse still many houses and buildings were destroyed.

The farmers fought fire with energy and coolness, but the lack of water and the extent of the blaze made it almost impossible to stay its progress.

In the little village called East Shenley, D. Gregoire has lost his saw mill; St. Pierre & Bro., their pulp mill; H. Gregoire, his house; S. Poirier, house and barn; C. Boutin, house, barn and sheds, with no insurance; O. Lapointe, house; F. Mercier, house and blacksmith's shop; A. and L. St. Pierre, houses, barns, store and creamery; M. Fontaine, house and barn; R. Bizier, barn; O. Buteau, sheds; A. Lapointe, barn. By a species of miracle O. Parent and Forten saved their buildings from the conflagration, which devastated the village.

A few fortunate ones saved their furniture, but the contents of all the barns were burned, and up to date the losses must average at least $12,000, with very little insurance, in this place alone.

LOSS, $1,000,000 A DAY.

Washington, Sept. 23.—Dr. W. J. McGee, of the Geological Survey, who has returned to this city after a visit to the Adirondacks, states that an estimate of the damage done in that section by the forest fires is $1,000,000 a day.

LONG DROUGHT BROKEN.

Chicago, Sept. 23.—The drought in the Central States was broken yesterday by rains that extended from St. Louis to St. Paul and Minneapolis. The rainfall did not cover the entire country between those points, but it occurred at many points. The fall at Springfield, Ill., and Decatur, Ill., was very heavy. In Chicago, scattered showers occurred during the late hours of the afternoon and early evening, but the weather office declared that they did not presage any general rain. The rain brought greatly needed relief in many parts of the West, where there has been but little precipitation since the first of August.

LOSS LESS THAN FIRST REPORTED.

Mr. G. N. Hodge has received information that his losses from fires in the Quebec Central district are not as great as first reported and will amount to about 225 cords of wood.

IN ORFORD TOWNSHIP.

Some further losses have been sustained in Orford township as a result of the fires.

Mr. N. Crawford, whose farm is in the 6th range, near Glen Iver, has lost some $800 worth of cut and standing timber. Mr. F. Lafontaine, whose farm is also situated near Glen Iver, has lost a lot of cordwood, pulpwood and standing timber.

On the 5th range a Mr. Daniels has lost his buildings.

A farmen named Biron, whose property is on the 8th and 9th ranges in Orford township, about 1½ miles from Rock Forest, was burned out this week by the forest fires which spread to his dwelling.

NO CHANGE IN THE FIRE SITUATION AT LAKE MEGANTIC.

Lake Megantic, Sept. 23.—(Special.)—The fire situation here is no worse, but the fires are still burning. Fortunately there has been little wind to fan the flames. On Friday and Saturday the Lake Megantic Lumber Co. here had quite a number of men out either watching or fighting the fire as the pulp mill on the Chaudiere river was in some danger.

The crew of Skinner's Mill were also out fighting the fire between Skinner and Jackman, in Maine. There have been no buildings burned in this vicinity except the camp and a barn in Spaulding belonging to Napoleon Bruliotte, the foreman for Mr. T.M. Craig, of Sherbrooke.

THE FUNERAL OF BISHOP CARMICHAEL.

LATE PRELATE TO LIE IN STATE AT CHRIST CHURCH CATHEDRAL TO-MORROW MORNING.

Montreal, Sept. 23.—Arrangements for the funeral of the late Bishop Carmichael were completed yesterday. From 9 to 12 o'clock to-morrow morning the mortal remains of the departed prelate will lie in state in Christ Church Cathedral, and during this time the public will have the opportunity of paying a tribute of respect to one whom thousands have learned to honor and love. At 1.30 o'clock the public will be admitted to the Cathedral by the Union Avenue and University street doors, those with reserved seats entering by the St. Catherine street entrance. Those for whom seats are reserved include clergy of other communions, judges, members of Parliament, representatives of the City Council, delegations, students of the Diocesan College, and the Women's Auxiliary.

At 1.30 p.m., the bishops will assemble in the chaper house, and at the same time the clergy in their robes, with lay delegates to the Synod and the church wardens, will assemble in the Synod Hall. At 2 p.m., the funeral service begins. Very Rev. Dean Evans will take the committal portion of the service, and the rest of the service will be taken by various clergy, the Metropolitan of Canada, if present, closing the service.

RIVERVIEW

BUILDING LOTS FOR SALE in that new and popular section known as "Riverview," between the Brompton and Beckett Roads, in the North Ward. Survey has been completed and fine lots laid out on the North side of Elgin Avenue.

The cheapest lots in the City. Several dwellings are already being erected. Secure a lot now and build yourself a home in the Spring. A small payment on account will do this.

110 WERE DROWNED.

STAR OF BENGAL WRECKED ON CORONATION ISLAND.

Seattle, September 23.—Advices received last night from Alaska by the United States Signal Corps, say 110 men, including nine white men, were drowned in the wreck of the American barque Star of Bengal, on Coronation Island, west of the Prince of Wales archipelago. Twenty-seven of the vessel's crew and passengers were saved.

The Star of Bengal belonged to the Alaska Packers' Association and was on the way from Fort Wrangel to San Francisco with a cargo of 45,000 cases of salmon. In addition to the crew she carried 100 Chinese and Japanese, who were employed in the canneries of the company, taken aboard at Fort Wrangel. The Star of Bengal was being towed to sea by two tugs, and was blown ashore at the west side of Coronation Island. The tugs were obliged to abandon her in order to save themselves.

THE COMING ROAD RACE.

THE SHERBROOKE MERCHANTS OFFER PRIZES IN CONNECTION WITH RACE.

Entries are now coming for the Road Race. Interest is growing and a fine contest is assured.

It is not expected that the time made at this coming race will be equal to that made at some of the road races in Montreal, the Gordon Harriers for instance, whose leader covered the course of a little over 7 miles in 36¼ minutes. Then again there may be some surprise. This is the first test of long distance running in the township and the runners are just getting into training.

In Montreal there has been long distance running for several years and some of the leaders are naturally becoming very fast.

MERCHANTS OFFER PRIZES.

Two of the Sherbrooke merchants have offered prizes in connection with the coming road race.

Mr. Joseph Rosenbloom, of the Star Clothing Hall, asks that a hat be accepted in connection with the race to be presented to a runner not winning one of the three individual trophies, and in accordance with an announcement to be made later.

Mr. John O. Duncan has also, offered a prize along the same line, to go to a runner not securing one of the individual trophies.

Y. M. C. A. GYMNASIUM.

WILL BE OPEN TO-NIGHT—BASKET BALL.

The Gymnasium will be open this evening from 7 until 9.45 under the supervision of a member of the Physical work committee. The use of chest weights, punching bag and the floor for basket ball will be allowed. The rest of the apparatus must not be touched. No one will be allowed on the floor without running shoes.

The boys will have the use of the Gymnasium from 7 until 8 p.m.

MAPLE LEAF CLUB VS. HIGH SCHOOL.

AN INTERESTING PROGRAMME FOR SATURDAY AFTERNOON.

Preparations are being made for the Athletic contest between a team representing the Maple Leaf Club and a team from the High School.

The teams will be composed of 5 men each. The principal events will be the 110, 220 and 440 yard dashes, the half mile and mile races, the long distance jumps, weight throwing and pole vaulting.

These teams are composed of very promising athletes and an exciting contest is predicted.

HOCKEY.

A MEETING HELD AT THE MAGOG HOUSE.

The Pirates Hockey club held their first meeting at the Magog House last night. They adjourned to meet again on Monday night for the election of officers.

SPORTING NOTES.

Mr. Geo. Parsons, who holds the 3 string bowling championship of Sherbrooke, also holds the record at the Y. M.C.A. for a single string, with a score of 227.

The management of the Monument National is making good progress in the work of installation of a gymnasium and swiming pool.

An effort is being made to organize an Athletic Club in Lennoxville.

Mr. Rex Hovey has the second highest score at the Y.M.C.A. alleys, his score being 208.

It is expected that the new Physical Instructor for the Y.M.C.A. will be here early in October.

Letters to the Editor.

LENNOXVILLE ACADEMY.

To the Editor of The Sherbrooke Daily Record.

Dear Sir,—

Your valuable paper having such general circulation in our community may I be granted a little space for a few remarks on local school questions?

We, Lennoxville people are very proud of our beautiful village with its comfortable homes and well-kept streets. That we can not take the same pride in our school is deeply regretted. The ranking of our Academy this year is disheartening for our young people are not below the average in intelligence.

Our School Commissioners are making the fundamental error of sacrificing efficiency to economy. They cannot realize the great burden of expense thrown upon the parents and very serious loss of time to the scholars entailed by their too vigorous passimony. The disasterous results of last year have not been sufficient to arouse them to action, for almost the end of the first month is here and yet pupils of the Model grades are wasting the previous weeks because, forsooth our officials can't secure a fifty-dollar teacher for twenty-five. Time was when potatoes could be had in plenty for a quarter the bushel, it is past; so also when efficient teachers can be secured at twenty-five or thirty dollars. Another matter calling for immediate attention is the cleaning of the school. How often is the school cleaned during the year? Surely it ought to be thoroughly swept and dusted daily and scrubbed at least weekly. Then for the future our fast increasing population demand increased accommodation. When are we to have our new school? Where the site at once central, yet away from the distracting, nerve racking noises of street and trains?

Perhaps the chairman of the board relieved from his pressing engagements, can now secure the attention of his conferes. It is up to you, gentlemen.

Sincerely yours,
ONE OF THE PARENTS.

ROUGH ON THE BARD.

"What!" cried the indignant poet, "you give me a beggarly fifty cents for that sonnet of mine? Do you think that's a fair deal?"

"Well," replied the editor, "there's more cents than poetry in it, at any rate."—Catholic Standard and Times.

Style and Comfort

Most men prefer shoes made in the latest styles. A small proportion of these men want comfort before everything else. The majority, however, will have style even at the expense of comfort. But, why sacrifice either? You don't have to when you wear INVICTUS Shoes. In them you have both style and comfort—and wear as well.

INVICTUS Shoes, made in all the newest autumn styles, in Lace, Button, and Blucher Style, are sold at

$4.50 to $6.00.

BARNS SHOULD BE LIGHTNING PROOF

Forty per cent of barn fires are due to lightning. The farmers of Canada lose thousands of dollars every year from this source alone. The only way to safeguard yourself against such disaster is to roof with metal.

"SAFE LOCK" GALVANIZED STEEL SHINGLES

are the best metal roofing in the world to-day. They are the only shingles which successfully interlock on all four sides (as fully explained in our catalogue) making the whole roof one solid sheet of metal, defying every element. Rain, snow and wind cannot find a place to penetrate. The heavy galvanized coating makes them almost everlasting. They are not expensive in first cost, and they last so long that they are by far the cheapest roof in the end, for old or new buildings. The ideal barn is roofed with "Safe Lock" Galvanized Steel Shingles, and sided with "Acorn Quality" Corrugated Galvanized Sheets.

IF YOU ARE BUILDING A NEW BARN

and want a lightning proof construction at the cost of a wood shingle roof, we recommend our "Acorn Quality" Corrugated Galvanized Sheets. They can be applied on a skeleton frame which will save three quarters of the wood sheeting. They are easy to lay and can be put on in much less time than wood shingles. This saving in lumber and labor, brings the cost of a Corrugated roof on a new building down to that of a wood shingle roof, and you have a construction that is fireproof, lightning proof and weather proof. 77

Our free catalogue No. 20 tells all about our "Safe Lock" Shingles & "Acorn Quality" Corrugated Galvanized Sheets. Drop us a postal and we'll be glad to send it to you.
