BYE-ELECTION FIGHTS NOW IN FULL SWING

Skating Rink Problem Again Placed Before Council

Berlin Is Again Today Scene Of Street Fighting

Mob Tried to Force Its Way into Berlin Stock Exchange—Doors Were Locked and Police Took up Task of Dealing with Attacking Throng—Mob Also Tried to Storm City Hall—Police Gained Control of Situation After Fierce Fighting in Which a Number of Persons Were Injured, Several Seriously—Working Class Angry as a Result of Rapid Rise in Price of Bread.

(Associated Press Despatch.)

LONDON, October 16.—A mob tried to force its way into the Berlin Stock Exchange this morning, says a Central News despatch from the German capital. The doors were promptly closed and the police took up the task of dealing with the attacking throng.

The mob also tried to storm the city hall, the message states, but the police appeared in strong force and seemed to be masters of the situation after fierce fighting in which a number of persons were injured, several seriously.

For the moment, adds the message, the City Hall and the Stock Exchange have been locked and strongly guarded, and the Wilhelmstrasse closed to pedestrians and visitors.

RISE IN BREAD PRICE ANGERS WORKING CLASSES

(Associated Press Despatch.)

BERLIN, October 16.—The sudden increase in the price of the four pound loaf of bread, which brought the price from 34 to 480 million marks, has caused considerable excitement and anger among the Berlin working classes. It has also been responsible for much of the plundering of bakers' shops by bands of youths and women.

The police have little difficulty in dispersing the small crowds that demonstrate against the high food prices in various parts of the city. In Leipzig, however, the officers used their batons to break up the crowds of manifestants.

GERMAN OFFICIAL REQUESTS INTERVIEW WITH POINCARÉ

(Associated Press Despatch.)

PARIS, October 16.—Herr Von Hoesch, the German charge d'affaires, has asked and been granted an interview with Premier Poincaré, it was announced this afternoon. The interview will take place tomorrow.

NEW BILL IS APPROVED BY GERMAN CABINET

(Associated Press Despatch.)
BERLIN, Oct. 16.—The cabinet last night approved a bill granting a charter for a so-called gold annuity bank where capital will be furnished for industry, agriculture, banking and commerce through compulsory hypothecation of their realty and other holdings.

CLAIM FRANCE HINDERING RESUMPTION OF WORK

(Associated Press Despatch.)
BERLIN, Oct. 16.—A semi-official statement was issued yesterday complaining that France is hindering resumption of work on the railways in the occupied areas by refusing to allow the return of local German experts and by consolidating the position of the Franco-Belgian Railway administration, whose existence is not justified now that passive resistance is ended.

LEAVES TO RESUME HIS DUTIES IN WASHINGTON

(Associated Press Despatch.)
LONDON, Oct. 16.—Dr. Otto Ludwig Wiedfeldt, German ambassador to the United States, who has been on leave in Germany, left Berlin yesterday to resume his duties in Washington, according to the Exchange Telegraph, after a conference with Chancellor Stresemann, at which Dr. Wiedfeldt is reported to have refused an offer to join the cabinet.

MANY COMMUNISTS ARE PLACED UNDER ARREST

(Associated Press Despatch.)
BERLIN, Oct. 16.—More than one hundred Communist leaders were arrested at Hildesheim and Elfeld, in the province of Hanover, while attempting to hold a congress of workmen's councils.

PORTLAND, Me., Oct. 16.—Returns up to 6.30 last night indicated that Maine had rejected a referendum for a forty-eight hour law for women and children in industry.

THE WEATHER

FINE TODAY, RAIN LIKELY TOMORROW

The disturbance which was in Southern Texas yesterday is now centred in Louisiana with increasing energy and pressure, continuing very low over the northwestern portion of the continent and high in the eastern portion. A few scattered showers have occurred over Northern Alberta and in the Maritime Provinces. Elsewhere the weather has been fair.

Forecast: Fine today, Wednesday: Increasing easterly winds, rain likely by night.

UNIFICATION OF LAWS IN REGARD TO TRAFFIC

(Associated Press Despatch.)
TORONTO, Oct. 16.—Unification of traffic laws governing touring motorists was agreed upon at the meeting of Provincial premiers held in Quebec last week, Hon. G. Ferguson stated yesterday. A committee composed of the deputy highway ministers, will draw up the suggested rules and the premiers will confer again with a view to ratification.

FALL MEETING OF E. T. BOARDS ON TOMORROW

Many Distinguished Speakers Will Address Gathering at Granby Tomorrow Morning and Afternoon.

The Eastern Townships Association of Boards of Trade and the Eastern Townships Immigration Society will hold their fall meeting at Granby tomorrow. The president, Mr. L. M. Thomas, of Coaticook, reports that he anticipates a very large attendance and an interesting session. This will be the first session to be held in Bedford district since the completion of the Sherbrooke-Montreal highway, and it is expected that this will make possible the attendance of a much larger number than is usually the case.

The principal speakers announced for tomorrow are the Hon. James A. Robb, Federal Minister of Immigration, the Hon. J. Nicol, the Hon. J. L. Perron, Senator G. G. Foster, and the Hon. G. H. Boivin, M.P., as well as a number of prominent local citizens.

A special committee has been appointed to discuss with the Minister of Immigration the question of securing a larger number of farm immigrants than has hitherto been possible. The shortage of help on Eastern Townships farms during the past year has been very acute, and it is felt that agriculture would be greatly benefited if there were a steady flow of immigrants of the agricultural class to this section of the province. A very considerable number of immigrants of this class could be absorbed annually.

There will be both morning and afternoon sessions, the principal addresses being given at the afternoon session.

The invitation to the meeting is very general and embraces all who are interested in general Eastern Townships advancement. The ladies are especially invited to attend the afternoon session, when the addresses of prominent speakers will be delivered.

TWO THOUSAND BUFFALOS TO BE SLAUGHTERED

Will Be Killed by Expert Gunmen—Denies Report Regarding Movie Scene.

(Associated Press Despatch.)
EDMONTON, Alta., Oct. 16.—The two thousand buffalos ordered slaughtered in Wainwright Park by the Federal Government will be downed by rifle bullets shot by expert gunmen, according to A. S. Duclos, of Edmonton, who has the contract for the slaughter.

Mr. Duclos denied that Indians are to shoot the buffalo with bow and arrow while a moving picture machine "shoots" the scene. At the most, the number of buffalo that will be killed in producing the film will run to about ten head, and this will be done by expert and experienced gunmen. It is very important that these animals be killed in the first shot, Mr. Duclos said, so as to keep the animal in a cool condition to get the quality of the meat. The process is carried out exactly in the same manner as in the large packing plants with the government inspection of the meats.

After giving his assurance that the moving picture corporation would have nothing to do with the actual killing, and stating that the government was the first to see that no cruelty was allowed, Mr. Duclos said:

"If these people who have been making so much fuss about the humane side of it would not believe false rumors and realize that others besides themselves have just as much, if not more humane spirit, I feel no cause for complaint would be heard."

Mr. G. D. Mackinnon and Associates Likely To Erect Skating Rink On New Fairbanks Site—Council Discusses Surplus Power

Alderman Lacombe Is New Pro-Mayor—Sir Henry Thornton to Arrive Next Week—City Council Guests of Rotary Club This Evening—Discussion of Surplus Power—Alderman Houlihan Again Refers to Practice of Transferring Prisoners from Jail to Court House Through the Streets—New Tenders Called for Insurance—Banque Nationale Asks to Have Grass Plot on King Street West Removed.

THE possibility of a skating rink in Sherbrooke was again a matter for consideration by the City Council last night, following the appearance of a delegation led by Mr. Jas. Cameron. Following the reading of the minutes, Ald. R. Langis introduced the delegation and Mr. Cameron, as spokesman, observed that he represented a delegation anxious to ascertain where they stood with regard to the proposed erection of a rink.

"I understand that a proposition has been placed before the Council and, while it has been acted upon, it is not dead. I understand that the proposition before you is the one represented by the E.T.A.A. and that it refers to a question providing for a sum of \$10,000 to be distributed over a period of five or six years, and the building, to be erected, will be used for other purposes."

"If the grant is secured from the city, the E.T.A.A. will allow the young people to use the building as a skating rink. In order to play hockey, and participate in any league of consequence, it is essential to secure a covered rink as the weather conditions are entirely against you if you consider only an open air rink."

Mayor Morris:—"What size would it be?"

Mr. Cameron:—"The ice size would be 190 x 85."

Mayor Morris:—"If the city puts up a building, would the hockey people lease it or would there be some body to manage it?"

Mr. Cameron:—"I could not say definitely. The only point we are here to consider as a delegation is the possibility of securing a place for hockey. It has been contended that the E.T.A.A. grounds is too far. We have been willing to go away to Lennoxville and it is only a short walk up the hill."

MacKinnon and Associates May Build.

Ald. Skinner:—"I was speaking to Mr. MacKinnon today and you will remember he undertook to relinquish his right to the Belvidere street site, secured for the technical school, provided we undertook to sell him a portion of the Fairbanks site, if we acquired same. The sum agreed upon was \$5,660. We expected to pay ten cents a square foot for the land but we have secured it for seven and a half cents a square foot. However, Mr. MacKinnon gave me to understand that he and his associates would be willing to put up a thoroughly up-to-date skating rink. He observed he had not yet consulted his colleagues but was inclined to believe they would fall in line with the idea. I would therefore suggest that the hockey people see Mr. MacKinnon further in this connection and I would also suggest that the council appoint a committee to study the matter further." This disposed of the issue and the E.T.A.A. site was, once again, discarded in favor of the proposed site on Galt and Alexander Streets.

Removal of Grass Plots on King Street Is Asked.

A letter was read from the Banque Nationale asking the city to remove the grass plots, on King Street West, opposite the property, owned by the bank and which was being converted into a thoroughly modern hotel. It was contended

MIKE ANGELO RAGGINI, of New York's East Side, so impressed his neighbors by his voice that they raised \$10,000 to send him to Italy to study vocalism. Here he is starting off.

that the grass plots would interfere considerably with the traffic in front of the hotel. It is not considered likely that the council will remove these plots of grass but it is an important incident having bearing upon the advisability of placing the soldiers' monument on a site which is already being condemned as too narrow and interfering with traffic.

Ald. Lacombe Pro-Mayor.

On motion by Ald. Langis seconded by Ald. Skinner, Ald. J. D. Lacombe was appointed pro-Mayor for the three months, ending January 1st, 1924. Ald. Lacombe was also delegated to attend a special session of the National Safety League on Wednesday, when matters pertaining to safety on the streets, etc., will be up for consideration. The aldermen felt that they should not disassociate themselves with this movement and were of the opinion that many valuable suggestions could be picked up.

Guests of Rotary Club Tonight.

His Worship Mayor Morris passed on an invitation from the Rotary Club for the aldermen to attend to-night's session, as guests of the club, when Mayor Deane K. Lillie, of Montpelier, Vt., will take as his subject: "Cutting out the red tape in civic government." It was decided to accept the invitation.

Mayor Morris advised that he had received a communication from the Post Office stating that the department was sending down a couple of officers to make a personal report in connection with the transfer of the majority of the inspector's staff to Montreal.

Finance Committee's Report.

The Finance Committee's report, presented by Ald. Tetreault, dealt with the following items: St. Pierre Ltee.—The council decided that it was unable to accept the offer submitted by Mr. R. Schurman, namely the sum of \$1,691.60 in full payment of the company's property and held that unless the full

LARGE CROWDS ATTEND MEETINGS AT RICHMOND AND KNOWLTON ON NOMINATION DAY; MANY SPEAKERS

Thirteen Prominent Speakers Held the Platform at Richmond—Frequent Interruptions—Personalities Conspicuous—Many Inaccuracies—Sherbrooke's Wonderful Technical School Praised by Liberal Deputy—Conservative Speaker Gets Mixed up on Question of Education Grants—Hon. Patenaude and Brigadier-General Smart at Knowlton—Hon. Nicol and A. McMaster Defended Liberal Point of View.

THE nominations at Knowlton and Richmond, electoral centres for Brome and Richmond Counties, failed to bring out any surprises yesterday. In both counties it has developed into a clear cut contest between the Conservatives and the Liberals, with both parties confident of success on the eve of October 22nd.

In Richmond County, the nominations were accepted by the registrar, Mr. W. J. Ewing, who declared Mr. Stanislas Edmond Desmarais, wood and coal merchant of Richmond, and Joseph Hilaire Cote, notary of Ashcroft, the only two candidates. These gentlemen were supported by Messrs. J. O. Ginn, of Richmond, and Dr. Alphonse Thibault, of Danville, respectively.

In Brome County, the only nominations received were those of Mr. Calton Oliver and Mr. J. N. Davignon, Liberal and Conservative candidates, respectively. At Knowlton, the Conservatives were supported by the Hon. Mr. Patenaude, Brigadier-General Smart, while the Liberals had the services of the Hon. Jacob Nicol and Mr. A. McMaster, M.P.

LARGE GATHERING AT RICHMOND.

The nomination meeting at Richmond yesterday afternoon fully lived up to the reputation commonly established for joint sessions of this nature and noisy demonstrations frequently compelled the speakers to interrupt their remarks. Inaccuracies were attributed to each party and several of the speakers, chiefly those from the Metropolis, were responsible for errors which were not allowed to go unchallenged.

The most outstanding of these inaccuracies was one made by Mr. Theriault, deputy for L'Islet, who glorified the government for its wonderful contribution to education through the medium of Technical Schools, and proudly pointed to the splendid results being achieved in Montreal, Quebec, Three Rivers and Sherbrooke. To make matters worse, on being corrected from the rear, Mr. Theriault observed, "I should say the splendid technical school at Sherbrooke recently erected, but not yet occupied."

Apart from personalities, unfortunately too plentiful, the meeting was carried through very successfully, with Dr. Allard, of Bromontville, and Mr. Guillette, of Danville, as the joint chairmen. Thirteen speakers participated in the verbal battle, notaries and lawyers being largely conspicuous, and every political issue, from colonization to the liquor laws, was discussed, criticized or approved of.

CANDIDATES ADDRESSED MEETING.

Mr. S. E. Desmarais, Liberal candidate was the first speaker and referred briefly to the "nearly fabulous" sums spent by the Government for education and good roads. He observed that the government's stay in power for twenty-six years was conclusive proof of the people's approval and asked the electorate to show their confidence in the government by returning him as their deputy on October 22nd.

Mr. J. H. Cote contended he was not a political fanatic, remarking that on a previous occasion he had registered his vote with the Liberal party. He observed that, if elected, he would reserve the right of recording his vote according to his conscience. He denounced the government monopoly, and held that positions were created so that the employees could sing the government's praises 365 days in the year, and particularly at election time. He warned the electorate against associating with the devil who was visiting the county in the form of bills of different denominations or even in wet form, and suggested that when this devil or his assistants called on the Richmond electorate they throw him out regardless of party.

Mr. P. C. Duboyce, speaking for Mr. Desmarais, expressed his regret at the loss of the late Mr. Georges Denault and asked the electorate to return another Liberal to take his place. He outlined the sources of the government's revenue and stated that little came from the rural districts. He held the government could not be blamed for the agricultural crisis, and blamed the Fordney Tariff in a large measure. In conclusion he observed that the government did not sell the water rights of the province, but merely leased them so that they always remained the property

BROME COUNTY ELECTORS WERE OUT IN FORCE

Both Candidates Addressed Meeting—Hon. Nicol Claims \$400,000 Spent in Brome in Past Five Years.

(Special to the Record.)

KNOWLTON, Que., Oct. 16.—Brome County electors turned out en masse here yesterday—nomination day for the Provincial bye-elections—to hear what the two candidates and their supporters had to say. Nomination day brought no surprises, Mr. Calton J. Oliver, merchant and farmer of Mansonville, and a brother of the late member, Mr. William Oliver, being nominated as the Liberal party's standard bearer; and Mr. J. N. Davignon, retired merchant and farmer of Knowlton, being officially put forward as the Conservative candidate.

Dr. N. M. Harris acted as chairman at the joint meeting held during the course of the afternoon. Mr. Oliver was the first speaker and after thanking the Liberals of the county for the honor which they had bestowed upon him in electing him their standard bearer, launched forth in praise for the Taschereau Government, explaining the work which the Government had carried out in the various departments.

Mr. Davignon was the next speaker to take the platform and was greeted with applause from his admirers. After thanking the Liberal convention for electing him as the Opposition candidate, he spoke on good roads, education, etc., criticized the Government in several instances and appealed to the electors for their support on the voting day, Monday, October 22nd. Mr. Davignon said that he had been a resident of Knowlton for the last forty years, and if elected would work hard in the interests of the county.

Mr. Andrew McMaster, Federal member for Brome County, spoke during the course of the meeting in favor of Mr. Oliver. He launched criticism at Mr. Davignon and the Conservative party regarding their good roads arguments, and went into the question of taxation, stating that the tax per capita in the Province of Quebec was the lowest of any province in Canada, with one exception. Mr. McMaster explained to the audience the work that had been carried out by the Liberal Government in this province, especially as regards education.

Mr. Alfred Durand, of Montpelier, addressed the meeting in French, while the next speaker was Hon. Jacob Nicol, Provincial Treasurer. Mr. Nicol made a very interesting address and stated that during the past four years the Quebec Government had spent over \$400,000 in improvements in the County of Brome. He reviewed the financial position of the Province, and claimed that the Taschereau Government had administered wisely.

Other speakers included Hon. Patenaude and Brig. General Smart, M.L.A., for Westmont, who was rather critical in his opinion of the Quebec Government. Towards the close of the meeting Mr. Oliver again addressed a few words to the electors.

With nomination day over the big fight in Brome County is now in full swing. Meetings are scheduled to be held at various places by the two candidates almost every day, and it is expected that on Monday next, voting day, quite a heavy vote will be polled in this district.

Harmless Means of Reducing Fat

Many fat people fear ordinary means for reducing their weight. Here is an extraordinary method. Extraordinary, because while perfectly harmless no dieting or exercise is necessary. Marmola Prescription Tablets are taken exactly in accordance with the famous Marmola Prescription. You reduce steadily and easily, with no ill effects. Procure them from your druggist at one dollar for a case or send price direct to the Marmola Company, 4612 Woodward Avenue, Detroit, Mich.

FIERY, ITCHY ECZEMA HEALED RIGHT UP BY APPLYING SULPHUR

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment and disfigurement. Sufferers from skin trouble should get a little jar of Rowles Mentho-Sulphur from any good druggist and use it like a cold cream.

Zam-Buk is a Blessing in the Home

CHILD'S TERRIBLE BURNS.—Mr. A. Summers, Postmaster of Goldboro, Sask., writes:—"Zam-Buk performed wonderful healing in the case of my little two-year-old boy who fell from his chair against a red-hot heater! One side of his face and his ear were just fried. I dressed the burns liberally with this soothing Zam-Buk daily. In two weeks Zam-Buk grew beautiful new skin."

FROST-BITTEN EARS HEALED.—"While going to school one morning I got both my ears badly frozen," writes Miss Mary Harrington, of Harewood, N.B. "They were swollen twice normal size and pained intensely. Fortunately I had some Zam-Buk on hand and applied it immediately. It got indoors. The relief Zam-Buk gave was wonderful. It stopped pain almost immediately, and quickly took out the inflammation and swelling."

"ECZEMA ON THE HANDS" caused me three years awful suffering," writes Mr. Angus Jones, of Spry Harbor, Halifax, N.S. "The intense itching kept me awake at nights. I had tried ointments and lotions without result before I got Zam-Buk. This wonderful healer quickly removed every trace of disease."

ZAM-BUK is magical for troubles like ringworm, cold-sores, abscesses, poisoned wounds, chilblains, skin ulcers, etc., also for healing cuts, sores and other injuries. 25c. all dealers.

DRINK WATER WHEN KIDNEYS HURT YOU

Take Glass of Salts if Your Back Aches or Bladder Troubles You.

When you wake up with back-ache and dull misery in the kidney region it may mean you have been eating foods which create acids, says a well-known authority. An excess of such acids overworks the kidneys in their effort to filter it from the blood and they become sore or paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have back-ache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate sluggish kidneys, also to neutralize acids in the system, so they no longer irritate, thus often relieving bladder weakness.

Jad Salts is inexpensive, cannot injure and makes a delightful effervescent lithia-water drink. Drink lots of soft water. By all means have your physician examine your kidneys at least twice a year.

COOKSHIRE

The social autumn dance held in Victoria Hall on Thursday evening was very largely attended and most successful. Excellent music was furnished by Turcotte's orchestra of North Hatley. The hall dining and room were refreshments were served at midnight, were decorated with autumn leaves. The proceeds were most gratifying and will eventually be devoted to a deserving and most worthy charitable cause.

Miss May Jackson made a delicious fruit cake, which was frosted by Mr. Lang Walker. This cake, for which some two hundred tickets were sold, was raffled during the evening, being won by Miss Elizabeth Hubert, of Cookshire. Fruit punch was served throughout the evening.

The following young ladies were in charge of the arrangements for this successful affair, Misses May Jackson, Florence Stevenson, Helen Parry, Grace Cromwell, Luvia Jackson, Lucie Noble, Evelyn Stevenson and Mrs. Robert J. Stevenson. A large number of spectators were in the gallery. Another similar affair is scheduled for the near future.

Miss Ruby Jackson, of Derby Line, Vt., was the recent guest of her mother, Mrs. Robert Cole.

Mr. P. T. Davies was in town from Montreal last week.

Mrs. Honore Delisle has returned from St. Vincent de Paul Hospital, Sherbrooke, where she has been a patient for several days.

Miss Mabel Paige, of Ascot, is attending Cookshire Academy.

Miss Rita Butler has left to attend Bishop's College, Lennoxville.

Mrs. Arnold has returned to her home.

NERVILINE
A Home Necessity

Speaking of valuable home remedies that every mother should always keep on hand, Nurse Garington says: "I haven't met any preparation more dependable than 'Nerviline.' It is the ideal liniment; every drop rubs in—it is absorbed quickly, eases and relieves congestion in short time. For chest colds, pain in the side, stiff neck, earache and toothache, I have found Nerviline invaluable. In treating the minor ills that arise in every home, nothing is more efficient than Nerviline."

For nearly fifty years Nerviline has been a household article in thousands of Canadian homes. Get a 35c. bottle today.

Listen!

Have you heard about Peps? Peps is a scientific preparation put up in pastille form, which provides an entirely new and effective treatment for coughs, colds, chest and throat troubles.

Peps contains certain medicinal ingredients, which, when placed upon the tongue, immediately turn into vapor, and are breathed down the air passages to the lungs. On their journey, they soothe the inflamed and irritated membranes of the bronchial tubes, the delicate walls of the air passages, and finally enter and carry relief and healing to the lungs.

In a word, while no liquid or solid vapor, and are breathed down the air passages, these Peps fumes get there direct, and at once commence healing.

FREE TRIAL Cut out this article, write across it the name and date of this paper, and mail it (with 1c. stamp to pay return postage) to Peps Co., Toronto. A free trial packet will then be sent you. All druggists and stores sell Peps, 50c. box.

BEEBE OBSERVES ITS FIFTIETH ANNIVERSARY

Entertainment Reminiscent of Old Times Will Be Given in Town Hall on October 19.

BEEBE, Que., Oct. 16.—On Friday October 19th, Beebe will celebrate its fiftieth anniversary as a municipality, when all citizens are requested to help make the day a memorable one and get out the flags in honor of this event.

In the afternoon old time tea will be served on the first floor of the Town Hall by ladies sewed in styles of by-gone days, and a most interesting collection of antiques will be on exhibition.

At eight o'clock in the main hall there will be a programme of unusual interest including a history of Beebe from the first settler to the present day. Music in olden times and tableau of the good old scenes will be part of the entertainment. All performers will be in costumes of other days and visitors will be gladly welcomed in clothes such as their fathers and mothers wore.

ECHO VALE

Since the beginning of September the Club House at Lake Macanama has been full of members and guests, but they are now thinning out. Amongst those who are there now are Dr. and Mrs. L. J. Smith, of Pawtucket, R. I., who have the old Dr. Gordon Camp and have spent two months in it this season; also Mr. H. A. Briggs, of Pawtucket, Mr. W. H. Robertson, of New Bedford; Mr. and Mrs. Rogers, of Bridgewater, N. J., and to arrive this week Mr. and Mrs. Talcott, of Montclair, N. J., and Mr. and Mrs. Coker, of New York; others are also expected to arrive during this month and in November. The Club House may be kept open as long as visitors continue to arrive during the early part of next month, but all the other camps on the preserve will close the season at the end of this month, (October). The autumn season has been very good and game has been plentiful, especially ducks and partridge. Deer have been somewhat scarce on the preserve. Other hunters say they are quite plentiful.

Mr. Fred Parry, who spent last week the guest of Mr. John Paxton at his home at Spider Lake, returned on Saturday.

Mr. Ernest Paxton has gone to the Club House at Spider Lake to act as a guide for a few weeks.

Mr. and Mrs. Fred Parry, of Montreal, were calling on Mr. and Mrs. Jones at Echo Vale on Sunday.

There are so many ways to serve Kellogg's Bran—the one great aid to humanity!

You will enjoy eating Kellogg's Bran because its nut-like flavor appeals to the taste. And, think what each mouthful is doing to drive constipation out of your system and to re-establish health! That's because it is ALL BRAN. Kellogg's Bran is scientifically made to relieve suffering humanity—IT WILL DO THAT AS NO OTHER FOOD CAN!

Physicians recommend the regular use of Kellogg's Bran for mild or chronic cases and as a preventive. Bran, eaten each day and in proper quantity, sweeps, cleanses and purifies the alimentary tract.

Get away from pills and cathartics—Kellogg's Bran will give you permanent relief from constipation. Do not confuse Kellogg's Bran with common bran. Kellogg's is cooked,

crumbled and ready to serve. It can be used in many delightful baking products without in any way reducing its regulatory value. Try raisin bread or muffins or griddle-cakes made with Kellogg's Bran. Recipes are printed on each package.

Kellogg's Bran is nationally eaten for health's sake as a cereal—in winter time with hot milk. Others prefer it sprinkled over hot or cold cereals. Another way is to mix it with hot cereals just before serving. It can also be cooked with cereal. In each case add two tablespoonfuls of Kellogg's Bran for each person; in chronic cases as much with each meal.

Kellogg's Bran is sold by all grocers and is supplied in individual packages at first-class hotels and clubs. Ask for it at your restaurant!

ADDRESS GIVEN BY MR. COTTON AT COWANSVILLE

Discussed Question of Education Before the Members of the Women's Institute.

COWANSVILLE, Que., Oct. 15.—A very interesting address on "Education" was given before the members of the Cowansville Women's Institute on October 6 by Mr. William U. Cotton, advocate. Mr. Cotton spoke as follows:

"The question of the educational system in the province of Quebec is one that is creating considerable discussion at the present time.

"One of the main troubles with the education of the children lies in the historical past and another lies with the older generation.

"Historically, education began for the higher classes, the common people remaining largely uneducated while the children of the lords and upper classes received an education that was suited only to their class position in society. The education was for the careers of the church, the army, the navy, law, parliament, and presupposed that the children when they grew up would have leisure and financial resources and the body of the common people to be more or less ruled.

"When democracy came to the front and the common people demanded that their children be educated, the common people thought that the education that was good for a ruling class would be good for the common people also. As a result, education presupposed that the aim would be the professional classes, but as all could not be doctors, lawyers, officers, politicians, the education was in many respects unsuited for the needs of mass advance.

"A second defect was that the Germans started a propaganda campaign throughout the Anglo-Saxon countries to make the German system of education a model. Just as the German armies have the goose step and intense discipline, so the German educational system was based upon a rigid formalism, all the pupils going from class to class through the same set discipline and subjects and questions, and the education was based upon the principle of children passing through examination after examination like sheep jumping over fences, not much latitude being given to the individual child.

"A third serious defect in the educational system was, and largely is, its materialism.

"During the late Victorian period, Huxley and Darwin and Spencer and Tyndal and Haeckel, and other such scientists, wrote on evolution and material facts and, as a result, our educational system is based upon teaching the child to know material facts.

"These three defects, largely historical, have influenced our educational system and they must be remedied before the young minds will be freed from the weight of the erroneous past.

"In looking for the remedy we can see what other systems have been doing.

"In one of the Mexican states there were many boys turning out criminals and being sent to criminal institutions. The Mexicans studied the questions and provided places for the children to play. The children played with the persons in attendance not guiding them very much. Certain boys showed interest in certain things and the persons in attendance showed the boys how they could do the things they were interested in in a better way. Soon all the boys were so busy at the things they were interested in, and were guided almost without restraint into channels of activity which proved profitable to them, fitting them for life careers, that the appearance of the children before the criminal courts ceased almost entirely. That is how one Mexican territory settled the problem.

"The Russians are attempting to solve the problem of education of the young along certain lines. However much we disagree with the Communist theories, it is worth our while to study their system of education and see if there is any good in it.

"The older Russians say that they have been spoiled by being brought up under the old Czarist regime; that they are back numbers, and that it is their duty to stand aside and give room for the children to develop. In the Russian schools the teachers are instructed to study the children's aptitudes, whether any show inclinations for painting, science, music, mathematics, languages or other specialties. Technical inspectors go from school to school. The artistic specialist examines the children who have shown capacity for art. If the children show special aptitude for any special branch they are taken from the ordinary schools and placed in special schools, where they are given all the rudiments of education, but

also are given instruction in the special lines for which they have shown themselves adapted. The palaces of the old nobility have been turned into these special schools in many instances. The result is that Russia is likely to produce a race of trained specialists in science, in art, in music, in international politics that will dominate the world unless we nations of the further west wake up and give our children the same advantages.

"The Russians are thus attempting to answer the defect that we in Canada are still suffering from, of Germanic goose-step education.

"With regard to the defect of giving the mass of the people an education which is based largely upon the theory that all the students are going eventually to become professional men, we have answered this defect partially by our vocational training schools, manual training schools and agricultural colleges, but our efforts along these lines are only beginning. If we are to have a race of mass-educated persons fitted for democracy, the theories of rulers and ruled must disappear and we must have an education wherein the children are instructed in the rights of others and their own rights and education must be developed along the lines of man's duty to his fellow man rather than so much time being devoted to the altitudes of mountains and the length of rivers.

"The third defect of materialism arose, as was stated, through the materialism of the scientists of fifty years ago. We have over emphasized the benefit to humanity of knowing material facts. Man is a three-fold being and his three-fold nature manifests itself in the three departments

"It is a custom now to speak of the days before the Great War, the days of 1914 and before, as the ancient days of 1914. Humanity has gone through a cataclysm and new needs have arisen. New problems must be faced as we are middle aged, having been trained in the philosophy of those ancient days and having been trained to face the problems of those days, which are not the problems of these days, we, like the Russians, must more or less stand aside and give way to the coming generation, setting before them the problems as we see them but allowing the younger generation to work out their own problems in their own ways, giving them latitude to develop along the lines for which they are fitted, giving them instruction as far as we are able, realizing that our instruction may be defective, but impressing above all upon the children that man is the great fact of the appearing universe and the children must train themselves to be men and women of moral worth, which is the great thing of education."

General Notes.

ROYAL YEAST CAKES

Canadian Made

As a health builder, Royal Yeast is gaining in popularity every day. It is a food - not a medicine. It supplies the vitamins which the diet may lack. Royal Yeast is highly beneficial in cases where the system seems "run down". Royal Yeast is the richest known source of vitamins, and when taken into the system acts as a corrective agent. Royal Yeast Cakes are recommended for their purity and wholesomeness. It is the purest, the most convenient and economical yeast on the market.

Two to four Royal Yeast Cakes a day will work wonders. A full day's supply can easily be prepared at one time by using one glass lukewarm water and teaspoon sugar to each yeast cake. Allow to stand over night in moderately warm room. In the morning stir well and pour off liquid. Place in refrigerator or other cool place and drink at intervals as desired throughout the day.

ACCIDENTAL DEATH WAS THE VERDICT

At the inquest held yesterday afternoon into the circumstances surrounding the death of D. Boisvert, King Street West, who died on Saturday at the Sherbrooke Hospital, from injuries received when a tree fell upon him while he was at work in the woods near Island Brook, the jury returned a verdict of accidental death. The evidence of the two physicians who attended Boisvert, as well as of his employer, Mr. Corizan, and fellow workmen, was reviewed at the inquest, and showed that the death was due to accident.

WINNERS OF "LONG" PRIZES AT BISHOP'S

Two prizes or exhibitions (total value \$300), are offered annually for the best and second best essays on some subject similar to those of the "Bridgewater Treatises." The competition is open to all persons who have kept three terms of residence in the college.

The subject for 1923 was "The Being of God," based on Illingworth's "Divine Immanence," and the "Doctrine of the Trinity." The first prize was not awarded this year. Mr. C. Sauerbrey, B.A., and the Rev. A. E. E. Legge were the successful winners of the second prize which was divided between them.

E. T. BOARDS WILL DISCUSS POST OFFICE MATTER.

Civic authorities are still giving attention to the impending elimination of the Sherbrooke post office district, or rather, the merging of the district with that of Montreal. The latest advice received by the mayor is that representatives of the post office department will be in Sherbrooke shortly to meet representatives of the district with regard to the matter.

The mayor has transmitted copies of the correspondence to the Eastern Townships Associated Boards of Trade which meet in Granby tomorrow, with the request that this organization will join with the city in representations which are being made.

HOME STUDIES ARE NECESSARY.

The question of home studies is giving considerable concern to those in charge of the local Protestant schools. It has been found that meetings and a variety of attractions have a tendency to interfere with the work of the pupils in connection with home lessons, and with a view to finding some solution to the difficulty a conference was held at the high school yesterday afternoon to discuss the matter. Ministers of the local churches and others were present.

were reported well under way.

The programme for the entertainment was placed in the hands of Miss Gladys Mullins, while Mr. T. McConnell kindly offered to take charge of "The Little Ting-a-Lings," a musical novelty in which a number of children will take part. Other committees were appointed, as follows: Chinese Laundry, Misses Doris Hewitt, Norine McManus; Penny-Roy, M. Mooney; Candy Table, Eva McConnell; Valerie Dunlop; Oriental Tournament, G. Robert; Fortunes, Mrs. R. Edney, Misses Evelyn Hebert and A. Dupuis; Refreshments, E. Bradley, K. Wolfe, M. Wolfe, L. Dunn, Mrs. M. Albert.

The members were requested to meet in the church hall on Wednesday evening, October 17th, to make further arrangements and plans for decorations. The meeting then adjourned.

DEBATE ON INTERNATIONAL DIPLOMATIC POLICY.

The University of Bishop's College Literary and Debating Society held their first informal debate last night. The subject of the debate was "Resolved that the substitution of open, for secret diplomacy is essential for international peace."

For the affirmative side, the Messrs. H. Chapman, leader, Arts '24, and J. G. Holmes, division '25, were the representatives. The Messrs. C. H. Roach, leader, Arts '25, and J. G. Holmes, division '25, defended the negative.

The question was handled in a masterly fashion by both sides. Prof. E. Boothroyd, who acted as judge, rendered a decision in favor of the negative supporters, who won by a slight margin.

The officers of the Literary and Debating Society for this year are: President, Prof. E. Boothroyd; M. A. president, Eric Almond; secretary-treasurer, D. D. Macqueen.

MANY ATTENDED ENTERTAINMENT IN WESLEY HALL LAST EVENING.

A sympathetic and appreciative audience numbering nearly three hundred, gathered in Wesley Hall last night to participate in the closing function of the seventy-seventh anniversary of the Methodist Church. It was an entertainment of the highest quality. Every feature was dignified, artistic and in keeping with the occasion. Each person on the programme brought a contribution that was helpful, inspiring and worthy.

The pastor, Rev. B. B. Brown, presided. Promptly at eight o'clock the first item was called, the singing of the Coronation Hymn, followed by prayer offered by Rev. Isaac Nelson, of Cornwall. Revs. F. R. Matthews, pastor of Lennoxville church, and Rev. Dr. Read, who has a warm place in the hearts of the Methodist people, were present.

The musical numbers were all rendered with a skill and a grace that called forth most hearty applause and encores. Popular and always appreciated by a Sherbrooke audience are the following, who rendered appropriate vocal solos: Mrs. F. H. Bradley, Miss Virginia Loomis, Mr. E. M. Armistead and Capt. Alex. Fraser. Mrs. Donald C. McKee was at her best as she rendered two most pleasing violin solos. The accompanist of the evening was Mr. Gault Parker, the organist of the church, whose ability and skill at the piano is that of an artist.

The elocutionist of the evening is a rising and promising young entertainer in the person of Mr. H. Hamilton Oakley, of Montreal, who is head of the Farmer School of Elocution, in which are enrolled lawyers and doctors and other men who are studying the art of expression. He brought to his audience a well balanced offering of patriotic, humorous, sentimental and classical rendition of favorite selections of elocution.

His masterpiece was Jean Val Jean, by Victor Hugo, which held the listeners spell-bound. He has mastered the art of expression and recited with telling effect "The Death of Wolsey," from Henry VIII, and "What We Need," by Ella W. Wilcox. His dramatic number "The Mad Carew," and his humorous encores, "The Murderer" and "Dorrit, You Know," were well received.

Rev. Dr. R. N. Bell, the speaker of the evening, was in splendid form and for twenty minutes held the rapt attention of his hearers as he discoursed on "Charged Conceptions of Modern Times." He dwelt with theology, religion, man and service. He said the order of the day is union, not division. Man is to be governed not by the law of the jungle but by the law of brotherhood. He stressed the interdependence of mankind. He closed with a stirring charge to each and all to fill the place God put him into the world to occupy, and to ask himself what he owed the world for what it had given to him.

Mr. A. G. Campbell moved a vote of thank on behalf of the Board and congregation to Dr. Bell; to Mr. Oakley, and to all the entertainers, especially mentioning the choir, for the excellent services rendered on this anniversary occasion. Mr. E. S. Stevens supported the motion, which was carried by a standing vote amidst hearty applause. Dr. Read pronounced the benediction.

MR. J. S. MCKINNON, Canadian representative of exhibits of British Empire Exhibition, who was in town yesterday interviewing officials of local industrial concerns.

LOCAL FIRMS TO EXHIBIT AT EXHIBITION

Mr. J. S. McKinnon, Canadian Representative of British Empire Exhibition, Was in Town Yesterday.

Indications are that several Sherbrooke concerns will have exhibits at the British Empire Exhibition which is to be held at Wembley Park, London, from April to October, 1924. Mr. J. S. McKinnon, Canadian representative of the exhibition, was in town yesterday, and emphasized to a number of interested local citizens the splendid opportunity offered Canada by the exhibition to break into world trade.

Mr. McKinnon interviewed several local manufacturers, and explained that it was the desire of the directors to have Canada well represented at the exhibition. He suggested that local manufacturers get together and apply for space in the Canadian building. "You can thus do something for your city and country," he said, "and at the same time benefit yourselves."

Mr. McKinnon emphasized the fact that these are troublous times, and that in his opinion the time has come when the British Empire needs to find its markets within the bounds of the Empire itself. "Canada needs a greater export business," he said, "as well as increased population and new capital. It is necessary to put British capital to greater use and also to see that the population goes in the right direction. The idea of holding an exhibition as a means of bringing the Empire closer together, was suggested by Lord Strathcona, in 1913, but was delayed the carrying out of the scheme."

"Canada's fine building at next year's exhibition will be practically 400 by 300 feet and on whatever side it is approached will present an individual front."

"There have been only two outstanding exhibitions held in the Old Country. The first, held in 1851, showed commodities manufactured in the British Isles, and in the following year Britain's exports increased by about thirty-three per cent. One corner of the exhibition was reserved for the colonies and a little organ manufactured in Woodstock, Ont., received a first prize. Some years later, at the Indian and Colonial exhibition, Canada was given more space, and in next year's exhibition Canada and the other colonies will each be given a space equal to that of the Motherland."

"About half of Canada's building will be devoted to natural resources such as agriculture, fisheries, timber, minerals and clay products; the other half will be the industrial section, and it the latter for which I am especially responsible. The Canadian Pacific Railway will have a building at one side of the Canadian Building, and the Canadian National Railways will have one at the other side."

"The idea of the government is to make it easy for the Canadian manufacturer to exhibit its products. A result of the exhibition will probably be that the Canadian manufacturer will get in touch with London agents, so that they can do export business. The government will pay transportation charges on exhibits both ways," said Mr. McKinnon.

Mr. McKinnon stated that Canadian exhibits, which will be on a colossal scale, will probably be the gem of the great exhibition.

MEMBERSHIP CAMPAIGN. Last night most of the cards in the membership campaign were taken care of by between forty and fifty young men from the Y's Men's Club from the junior business men's class, the board of directors and the membership committee. The campaign is to be run off for three days, at the end of which it is hoped that the membership will have been added to by two hundred to two hundred and fifty. The "Y" is the home and the club house for all young men, and all young men of any creed or nationality are cordially invited. The activities cover everything from hikes for young boys to bowling tournaments, billiard tournaments and basketball leagues.

YOUNG MEN'S GYM CLASS.

Last night the young men's gym class had their monthly supper and initiation of new members. In all there were nineteen new members initiated during which there were barrels of fun. This class is one of the most active and most enthusiastic of our gym classes, and new

Dr. Chown on Church Union.

The leading topic today in Canada in religious and church circles is the pending church union. Three of the leading Protestant Communions by majority vote of the membership of each and by the action of the highest courts of each have decided to unite into one organization, to be known as the United Church of Canada. These three churches are the Congregational, Presbyterian and Methodist. It only now requires the legal sanction of Parliament and Provincial Legislatures to formally and finally consummate the Union. The purpose, prayer and plan of

members are coming in every day.

OPEN NIGHT AT Y.M.C.A.

Definite arrangements have been made for holding an "open night" on Wednesday, October 24th, to which all members and friends are cordially invited. Each of the gym classes will put on exercises of different kinds, an orchestra will be in attendance, and refreshments will be served at the close.

the leaders of the three churches are that this unique and wonderful movement in the National life of Canada should be characterized by a mighty spiritual awakening and gracious revival of religious interest. To that end Dr. S. D. Chown, the General Superintendent of the Methodist Church, is visiting different centres. He will be in Lennoxville Methodist Church tomorrow, Wednesday evening, October 17th, at 8 p. m., when he will speak on "The Spiritual Signification of Union." All who are interested at all in the great theme are invited to hear Dr. Chown.

SAVE THE SURFACE FOR THE FUTURE

Painting is not all for looks. It is mainly to save the wood or metal.

Every gallon of paint means so many more dollars in value to your building.

It means less repairs, less depreciation, greater real estate value.

Plenty of paint is as big, if not even a bigger insurance than your fire protection policy.

But remember that the paint must be good paint—dependable oils, lasting colors—and they really cost no more to be the best.

MR. MACKINNON AND ASSOCIATES

(Continued from page 1.)
amount of \$3,458.20 was paid the property would be sold by authority of the courts. At a subsequent meeting of the finance committee, it was decided to accept the payment of \$2,708.20 due for taxes, together with costs if any. This was opposed by Ald. Langis but approved by council.

E. and T. Fairbanks Co., Ltd. — Due consideration was given to a communication received from E. & T. Fairbanks Co., Ltd., offering 133,000 square feet of property at the corner of Galt and Alexander streets for the sum of \$10,000. This property had been secured by the company in 1913. The council finally decided to accept the offer after taking into consideration the sum of \$4,349.54, the amount of taxes due to the city. This amount is to be deducted and the city is to withdraw its case, in the courts, against the company.

Weedon Station. Right hand runner. — To purchase a 45 in. right hand runner for the water wheel at Weedon Station from the William Hamilton Co., at the price of \$680, delivered f.o.b., cars Peterboro, Ont., as per their letter of 10th of Sept. last.

Cercle Goumou. — Application to be supplied with electric light on private road or lane to their club house, East Ward. Letter dated Oct. 4th, 1923. The committee refused to recommend the installation of electric light on the private road in question.

Weedon land. — Letter from Mr. E. Patry, dated Oct. 5th, 1923, asking that the city buy its share of fence. The council authorized the electricity department to pay forthwith its share of the charges for the fence building, \$24.11 mentioned in Mr. Patry's letter.

Gas oil. Tenders received for 90,000 gallons. — To purchase from lowest tender, the Imperial Oil Ltd., 90,000 gallons of gas oil at 86c per imperial gallon, delivered f.o.b., cars city's siding, Sherbrooke, quality, other particulars and conditions in conformity with the call for tenders and the company's tender.

Trimming of trees. — To notify the line-men that, in the future, before trimming trees or cutting limbs, they obtain authorization from the superintendent and comply with his instructions in connection therewith.

Breakage of insulators. — The committee authorized the secretary-treasurer to publish in the local newspapers a notice offering a reward of \$25 to any person furnishing the city information and procuring evidence sufficient to convict parties guilty of breaking insulators on the city's electricity transmission lines or otherwise damaging them.

Account charged to Seminaire St. Charles Borromeo, \$37.60, for installation of decorative lighting. The committee authorized the cancellation of the charge which has been made on the occasion of the banquet of the Merchants' Association held in the Seminaire's refectory.

Reception for Sir Henry Thornton

The following committee was appointed to provide for the reception of Sir Henry Thornton and his colleagues on October 22nd next, Messrs. Mayor Morris, Ald. J. S. Tetreault, J. K. Edwards, Wm. Harrison, McNaughton and Gain.

Gas and Electric Committee's Report.

The report of the gas and electric committee was presented by Ald. S. R. Newton, the principal features being:

Westbury Basin land. — Letter from Mrs. Maglorie Pichette, dated 28th of Sept. last, asking for a fence between her property and that of the city of Sherbrooke. The matter was left with the superintendent for necessary action.

E. S. Gleason. — Letter dated Sept. 25th, 1923, asking electric light on private road, outside the city limits. This application was left with the superintendent to supply Mr. Gleason with electric light in accordance with by-law No. 273.

Mrs. H. A. Olivier. — Letter dated Sept. 2nd, 1923, asking to buy a piece of land on the shore of Little Lake Magog, forming part of lot No. 609, township of Orford.

The city will sell to Mrs. H. A. Olivier the parcel of land she is applying for forming part of lot No. 609, township of Orford, described on plan of city engineer Tremblay, March 28th, 1919, enclosed in lines A B C and D, on said plan, measuring, in superficies 7600 sq. ft. for the price of \$150, reserving the necessary servitude and shore rights in regard to floodage and right of way along C.P.R. track and authorized the Mayor and Secretary-Treasurer to sign, on behalf of the city, the deed of sale of said land to Mrs. H. A. Olivier.

N. D. Cascardien. — Claim of damage to his land by water at Little Lake Magog. Letter dated Aug. 6th, 1923, plan of city engineer Tremblay, Sept. 7th, 1923. This claim was left with the chairman and superintendent to discuss with claimant and report to the council.

Thomas G. Apps. — Claim of damages for \$40 to his fence and garden, East Angus, by city truck, Sept. 3rd.

1923. This claim was referred to city attorneys for advice.

Extension of gas mains on Duchesne Street and Woodward Ave., East Ward, and McManamy Street, West Ward, from Craig to Bienville Street. Referred the extension of gas mains on Duchesne Street and Woodward Avenue, East Ward, to the chairman and superintendent for investigation and report to the Council on the advisability of making such extension.

Southern Canada Power Co., Ltd. — Letter dated Sept. 21st, 1923, asking to be supplied with power at 1-2c per KWK. The committee decided it could not recommend the acceptance of the offer of the Southern Canada Power Co., Ltd., in its letter of Sept. 21st, 1923, of 1-2 cent. per KWK for electric power supply.

Power Discussion.

Ald. Langis: "What is the item about power?"

Ald. Newton: "The Southern Canada Power Co. want us to sell them surplus power at 1-2c a KWK, it is lower than the rate allowed for in the by-law."

Ald. Langis: "But we are losing three thousand horse power and might be able to get something for it."

Ald. Newton: "It is not continuous. They only want it when they need it."

Mayor Morris: "I see no valid reason why we should lose this."

Ald. Langis: "I think we should try and reach some arrangement with the Southern Canada Power Company."

Ald. Crepeau: "There is an agreement at 1/2c, and now they ask for 1-2c rate."

Ald. Newton: "In 1921 they took power for three months at 1-2c KWK, and from 1922 they took power over a period of fifteen months, using about 6,000 KWK. which netted us \$3,000."

Ald. Langis: "If we have the goods and can sell them, let us do so."

Ald. Crepeau: "If we can sell it to the Southern Canada Power Co. at 1-2c we can also sell it to the other industries."

It was finally decided to leave the matter with Ald. Newton to take up with the power company.

Waterworks Committee's Report

The waterworks committee's report, presented by Ald. Skinner, was as follows:

Hydrants. Tenders received. — Representatives from the Superheater Co., Ltd., and T. McGavity & Sons are heard in support of their respective tenders. Recommended that purchase be made from T. McGavity & Sons, St. John's, N. B., of six hydrants as per plan and specifications prepared by city engineer and the chief of police, at the price of \$115 each, delivered f.o.b. Sherbrooke, and one hydrant from the Superheater Co., Ltd., Sherbrooke, made in accordance with the plan of their new type hydrant equipped with 1-4 in. valve, at the price of \$125.

Blasting on private property. — In future a charge of 15 p.c. on the amount of labor will be made and collected from private individuals for whom the city shall execute blasting work, said 15 p.c. to be collected over and above the usual 10 p.c. charged.

Water supply, by meter. — That notice be hereby given that at the next meeting of the Council a by-law be submitted to amend by-law No. 198 with regard to water rates to be charged for water supplied and measured by meter.

Land on Magog Street. — That the city order that part of lot No. 571A, approximate area, 5,600 sq. ft., on Magog Street, be advertised for sale by tenders, said tenders to be received up to and not later than noon, Saturday, at the office of the secretary-treasurer.

J. S. Bourque. — Application for sewer and water service on Duchesne Street, East Sherbrooke. That the city grant Mr. Bourque's request and order the work of extending the water and sewer pipes on Duchesne Street from Woodward Avenue, distance of 165 feet, as per plan of city engineer Tremblay, dated 2nd of Oct. inst., and his recommendation of the same date which are ordered filed. The conclusion of the session, Ald. Houlihan introduced a few items of interest. He asked what progress had been made with the report submitted by Messrs. Durnford & Co. and was advised by Ald. Tetreault that a meeting had been called for Wednesday night at which Mr. Dugel and Mr. Foster, representative of Shurman & Co., would be present.

Transfer from Jail to Court House.

Ald. Houlihan again introduced the question of transferring prisoners to and from the court house and observed that he had recently discussed the matter with the Sheriff and it was quite possible that an arrangement could be made with the Provincial authorities for the use of a motor wagon which would transport the prisoners to and from the jail and also serve as a police patrol.

Ald. Lacombe: "Would it be under the city control?"

Ald. Houlihan: "If the Provincial Government would purchase the car, the city would maintain it and guarantee to take care of the transportation of prisoners to and from the jail." The matter was duly referred to the chairman of the police committee to make further enquiries.

Mayor Morris: "I agree the matter should be taken up. I heard of the case of a young girl who was sent to and from the jail and was afterwards found to be innocent."

Ald. Houlihan: "It is quite true. The girl was taken back and forth six times and finally she was dismissed innocent of the charge."

Ald. Lacombe gave notice that new tenders were being called for insurance and that same would be on a flat rate. The tenders were to be in by October 26th.

Saved From Pneumonia By Vicks

Nova Scotia Lady Secures Relief Overnight

Mrs. Charles Dornier, of 2 Ext. Queen Street, Amherst, Nova Scotia, writes: "I have had pneumonia for the last two winters and was on the verge of having it again when I thought I would try Vicks VapoRub. Before retiring for the night I rubbed it thoroughly on my chest and back and went to sleep, although I hadn't slept for three nights. In the morning I got up feeling like a new woman."

Dr. Osler says pneumonia has taken the place of tuberculosis as "Captain of the Men of Death," to use a phrase coined by old John Bunyan. And influenza is not far behind. The germs of both of these diseases are constantly with us. The only reliable protection against them is the resisting power which comes from good health. To avoid these dangerous diseases in winter, don't let yourself get run down and above all never neglect a cold. Break it up in its early stages with Vicks VapoRub, the external vaporizing treatment for colds.

At all drug stores, 50c a jar. For a free test size package write Vicks Chemical Co., 344 St. Paul St. W., Montreal, P.Q.

Though Vicks is new in Canada it has a remarkable sale in the States. Over 17 million jars used yearly.

Houlihan again introduced the question of transferring prisoners to and from the court house and observed that he had recently discussed the matter with the Sheriff and it was quite possible that an arrangement could be made with the Provincial authorities for the use of a motor wagon which would transport the prisoners to and from the jail and also serve as a police patrol.

Ald. Lacombe: "Would it be under the city control?"

Ald. Houlihan: "If the Provincial Government would purchase the car, the city would maintain it and guarantee to take care of the transportation of prisoners to and from the jail." The matter was duly referred to the chairman of the police committee to make further enquiries.

Mayor Morris: "I agree the matter should be taken up. I heard of the case of a young girl who was sent to and from the jail and was afterwards found to be innocent."

Ald. Houlihan: "It is quite true. The girl was taken back and forth six times and finally she was dismissed innocent of the charge."

Ald. Lacombe gave notice that new tenders were being called for insurance and that same would be on a flat rate. The tenders were to be in by October 26th.

ELEMENTARY SCHOOL PROBLEM.

Once more the authorities of the Quebec Government have given promise of a much larger measure of support for Elementary Education.

This promise was first given at the time of the substantial grants to the Universities and Superior Schools. The complexity of the elementary education problem has seemed to operate for delay in this matter. The Premier's statement at the Potters Springs meeting once more places the Government on record in this matter.

The Protestant Committee of the Council of Public Instruction has a special committee at work on a plan whereby the interests of Protestant elementary education could be served. This plan, to be made effective, would call for substantial financial support. In due course, it will be presented to the Government.

Consolidation of rural schools offers about the only avenue for substantially improving the elementary school situation in many districts. The parents and rate-payers throughout these districts may well give careful and serious consideration to this important question.

ANOTHER WAR ANNIVERSARY.

The Spanish-American war occurred a quarter of a century ago and across the line the anniversary is being observed by the parade of veterans of that conflict. The Boston Transcript thus comments:

"Lest we forget that twenty-five years ago there was a little and righteous war that 'wiped an empire from the map,' and changed the face of the world, the Spanish War Veterans parade today. They have many distinguished members, these Spanish War Veterans, and they walk proudly with the consciousness that they influenced their country's affairs honorably, deeply and beneficently. Their appearance should remind us that lives and fortunes were offered just as nobly and as freely in that little war as they were in the vastly greater and infinitely more terrible conflict which burst upon the world sixteen years later, and that momentous consequences may follow campaigns that are less bloody than those of 1914-18."

"The Spanish War was one of desperate hardships in its own little way. It had its own heroisms, and it made men and causes illustrious. It presented to the world the spectacle of the whole American people, South as well as North, marching shoulder to shoulder, and intent upon new and glorious purposes. But it did not unsettle the determination of the people to follow their own American career. Rather it intensified that purpose. We arose by means of its achievements to the position of an 'empire,' perhaps, but if so it is an American empire, and not a province of an international Altruria. We have reason to be grateful to the veterans of the Spanish War, and to show them all honor as often as they appear."

PRESS COMMENT

JUST AN EMPTY WORD.

(San Francisco Chronicle.)
Dictionaries are funny. Ours defines the mark as a kind of money.

COLORADO'S FORESIGHT.

(Chicago News.)
Those 4,500,000 tourists who visited Colorado and left \$45,000,000 behind this season demonstrated Colorado's foresight in filling its waste places with picturesque mountains.

WHY THE FARMER RAGES.

(Omaha Bee.)
It costs \$1.20 to \$2.80 to produce a ton of bituminous coal, and \$1.23 to produce a bushel of wheat. The coal sells at the mines for about \$5.50 a ton. The wheat sells at the farms for about 85 cents a bushel.

GREAT MEN'S LIMITATIONS.

(Dallas News.)
Also we have some great men who could settle everything between the French and the Germans but who can't make their own children take castor oil.

THE LAW'S LONG ARM.

(Brantford Express.)
If anyone doubts the long arm and swift administration of Canadian justice, let him reflect on the trial scene among the Eskimos at Aklavik, in the Arctic region, 1,666 miles north of Edmonton. It is just this vigilance which has preserved law and order in the isolated frontiers of this vast Dominion.

AN EVIDENCE OF STRENGTH.

(Montreal Gazette.)
Mr. Felding, with pardonable pride, points out that "apart from the war loans, this is the largest piece of Government financing ever carried on successfully in any of the British Dominions." Domestic financing upon any such scale as this was altogether unknown before the war. It has the very considerable advantage of retaining both principal and interest in Canada, and it is an evidence of financial self-sufficiency which answers, pointedly and effectively, those who, in and out of Canada, have sought to discredit the country.

JAPAN WANTS ALBERTA PRODUCTS.

(Edmonton Bulletin.)
In order to assist in rebuilding the shattered cities, cheapen food and stimulate industry the Japanese Government has issued an Imperial ordinance which removes the custom duties ordinarily levied upon a lengthy list of articles, and reduces the tariff upon certain other articles. Among the commodities thus placed upon the free list are wheat, barley, butter and meats. These are all products which Alberta produces in excess quantity, and for which it has been hoped that a market could be found in the Orient.

BANK INSPECTION.

(Guelph Herald.)
The Government does not hesitate to inspect the insurance companies, and it should not hesitate to protect bank depositors as fearlessly as it protects the insurers. If it protects the investments of the one class surely it can without fear protect those of another. There is too much pussyfooting when it comes to dealing with banking institutions, and unless the latter demand protection for themselves they will hasten the day when Canada will have a national banking system of its own.

NATIONAL DRESS.

(Christian Science Monitor.)
It is true that many peoples have a national dress, but is it anywhere donned with greater pride than in Scotland? Then, too, other peoples have their national music and musical instruments, but can anywhere a real equivalent of the bagpipes be found? The Highland gatherings in the early autumn of the year give the natives and their friends the opportunity to appreciate them both to the utmost. It makes no difference what the origin of either may be, they will continue to be regarded by those most intimately connected with them as the concrete symbols of their country's nationality. As such, indeed, they serve a purpose highly estimable.

DIFFERENT, NOT ANTAGONISTIC.

(Toronto Globe.)
The question of citizenship in the overseas Dominions for natives of British India has come up again at the Imperial Conference. It is entirely probable that once again the Dominions will be asked, in the interests of the Empire, to open their doors and to confer upon them full rights of citizenship. Canada does not accede to the request. In British Columbia there is already danger to the supremacy of the white from a steady infiltration of Orientals. That danger would be increased to a grave extent were the bars let down and the Hindus and their families made welcome. There is no antagonism to the Hindu in Canada, but it is recognized that a house divided against itself radically cannot stand. We have here on the North American continent one of the most terrible warnings in history against the introduction of an alien race into territory colonized by white people. Let us profit by that object lesson. British Columbia must remain essentially a white man's country. It will not long so remain if Asiatic immigrants are admitted as freely as those of European origin.

Former Resident of Bedford Dead. Dr. George McAleer, seventy-seven years old, treasurer of the Bay State Savings Bank, writer and sportsman, and one of the widely-known residents of Worcester, Mass., died at St. Vincent Hospital, September 19, at four o'clock of illness incident to his age. Dr. McAleer became ill, but his condition did not become critical until about two weeks ago, when he was admitted to the hospital. He rallied for a time, but failed rapidly during the past few days.

The funeral was held on Friday morning at the home, 35 King street. A solemn high mass of requiem was celebrated in St. Paul's Church. Burial was at St. John's Cemetery.

George McAleer, son of Miles and Jane McConnell McAleer, was born November 22, 1845, on the old homestead near the village of Bedford, province of Quebec. He was one of a family of nine children, eight sons and a daughter. He attended the district schools and Stanbridge East Academy, from which latter he graduated in 1863. In his senior year he taught classes in Greek, Latin and mathematics. Passing the government examinations for school teachers, he taught for a time in St. Armand, Que. Then he decided to make the United States his home. In 1865, he went to Worcester, where he passed the remaining years of his life. He obtained employment there as a bookkeeper in a store, meantime continuing his study in medicine, which he had begun in Canada. He entered a medical school in Philadelphia in 1866, and received his degree of M.D. in 1869. But he was not destined to practice his chosen profession. His mind turned to invention and he patented several of his ideas. Infringements followed, and there was litigation covering several years, during which time he kept the books of his brother, Mr. Reynolds McAleer, who went to Worcester in 1865 and establishing himself in business. Dr. McAleer continued with him, assisting in the management of the store, and a partnership was established under the name of R. McAleer & Company.

The business came to be one of the landmarks of Main street. When the Bay State Savings Bank was established in 1895, Dr. McAleer took a prominent part in its organization. He was elected its first treasurer and continued in that office until his death. He was one of the original members of the Megantic Fish and Game Corporation of Maine and Canada, later known as the Megantic Club, and at one time was a director of the organization. For many years he was a member and an officer of the Worcester Sportsman's Club, a member of the Worcester County Mechanics' Association, a director of St. Vincent Hospital, an honorary member of the Massachusetts County Historical Society and the American Irish Historical Society. In the early days of the Consolidated Street Railway Company he was a director. Dr. McAleer married Helen Frances Kendall, daughter of Joel Kendall, of Worcester, on June 2, 1874. Mrs. McAleer died several years ago. They had no children. He leaves a brother, Barney, and a sister, Mary, who live in Bedford; two nephews, Lawrence H. and William J. McAleer, of Worcester, and two grand-nieces, Mrs. William F. Savage and Mrs. Mark J. Graf, of Worcester, and a grand-nephew, Reynolds A. McAleer, of Springfield, Mass., the three being children of the late George McAleer and F. McAleer.

Dr. McAleer was a frequent visitor for many years in Bedford with his brother and sister, and was well known in this vicinity.

Doolin & Lenoir's Circus

By Henry J. Kidd, the Author of "Ben Halley's Crew," etc.

"It's a hard master ye are," shouted Paddy.

Paddy stood and watched Joe swinging along with steady strides.

"O! wish to Hivins that Oi owned instead of those awkward contrary baists that Oi have. O! am going to try and trade wid him."

As soon as Joe was out of sight Paddy stopped, and filled his pipe.

"O! wonder if smoking is prohibited," he muttered, as he lit it. When he came to the place where Joe had left the deer's trail he stopped and rested before starting up the steep hill that was before him.

From the top of the hill he could see a couple of hundred yards through the open timber. His heart gave a flutter, when he saw the three deer coming along on their back trail, evidently very tired. One of the small ones was ahead, and it suddenly jumped off the trail, and let the others ahead of it, then fell in behind. Paddy stepped behind a tree and waited.

The deer never saw Paddy till he sprang and caught the buck around the neck. With a loud snort the deer sprang backwards, pulling Paddy down. Being so tired the deer took a few jumps, then stopped. Paddy had no difficulty in getting close enough to catch it by the ears. "O!v got ye, me bye, he said, as he took a firm grip on the ears. Quick as a flash up came one of his hind feet and hit Paddy such a blow on the wrist that made him let go his hold with a howl of pain. The deer took a couple of jumps then stopped, turned around and faced him. Paddy caught it around the neck, and got on its back. The deer gave another snort and sprang backwards, throwing Paddy on his head in the snow.

As Paddy was getting on his feet the deer butted him about the seat of the pants, and again drove him headlong into the snow. Paddy's temper was now fully aroused, so he made a rush at the deer. The deer seemed to consider that it was the best man of the two, and promptly butted him down again. With a muttered curse, Paddy managed to catch by one front foot, and strike it a terrific blow between the eyes. "Mother of God! Oi've broke me hand!" he exclaimed. Taking advantage of Paddy's injury the deer butted him in the stomach, knocking the wind out of him; then sprang on top of him, and after striking him a couple of times with its front feet, turned and got on the trail, and followed the others in the direction of the yard.

In a few minutes Joe came puffing along, and asked angrily, "Where dat deer?"

"Hivins only knows. The last toime Oi saw it was standing on me wid one of its feet and hammering me wid the other three."

"Why you not catch him by ears and get on his back?" Joe asked in a loud voice.

"O! did, and he stood me on me head in the snow for me trouble. But O! put a bunch over one of his eyes; and if ye don't believe it, look at me hand," said Paddy taking off his mitten, and showing his rapidly swelling hand. "O! never his anywid as hard a head before. What would ye advise us to do now?"

"Go home," said Joe angrily. "Dem back in yard now. Queer ting you not able to hold deer when you catch him."

"There's no need of ye gitting mad, for O! done all that mortal man could do," said Paddy without a trace of anger in his tone.

"Guess if I get on his back I stay in a loud voice."

"O! did, and he stood me on me head in the snow for me trouble. But O

APPEALS TO U.S. TO HELP EUROPE MAKE PEACE

Britain's War-Time Premier Delivered Address on Arrival at Minneapolis Yesterday.

(Associated Press Despatch)
MINNEAPOLIS, Oct. 16.—An appeal for the United States to help Europe make peace was made here yesterday by David Lloyd George, in his first public address in the United States after concluding his tour of Canada.

HAD REGULAR ENGLISH HAIR CUT

(Associated Press Despatch)
MINNEAPOLIS, Oct. 16.—David Lloyd George had a "regular English hair cut" in Minneapolis yesterday. It was the first hair cut Britain's war time premier had had since his arrival from abroad and incidentally it was given by a native of Great Britain.

B. S. Thompson, manager of a shop here, where the barber he talked as he worked and found Mr. Lloyd George to be good company. "I am pleased to see and meet you again," Mr. Thompson said as he entered Mr. Lloyd George's suite at the hotel.

"And where did you see me last?" Mr. Lloyd George inquired.

"It was during the Boer war riot at Birmingham," Thompson replied. "Is that so?" commented the famous Welshman. "You were not one of those who threw stones at me?"

Mr. Lloyd George smiled as he directed the question at the barber. Mr. Thompson, somewhat embarrassed, hesitated before he replied. "No, I did not throw stones at you. I was in the crowd just trying to get out of it. I am sure I did not throw stones."

Mr. Thompson was the only one to have a private chat with Lloyd George in Minneapolis.

"Mr. Lloyd George's hair cut was a regular English hair cut," the barber continued. "I just used the shears and clipped off the ends as I ran his waving locks through my fingers. In England we would call it 'snitting'."

PRINTERS OF 16TH CENTURY WERE EXPERTS

Old Volumes Preserved at Newberry Library in Chicago.

(Associated Press Despatch)
CHICAGO, Oct. 16.—Saved for posterity through the efforts of a legion of rare book fanciers who vie for their possessions, numerous examples of that most famous sixteenth century contribution to the publishers' art, the Aldine Press, are finding their way in increasing numbers to the protecting shelves of the Newberry Library here. They are staunch testimonials to the one-time cheapness of fine literary works.

For this is one of the chief characteristics of these old volumes, according to Dr. Pierce Butler, rare book custodian of the Newberry Library, who says that many products of the Aldine Press were published in form that rivals that of the best of the twentieth century has to offer and sold at the astonishing price of two shillings.

The Aldine Press was established by Aldus Manutius in Venice in 1490, shortly after the invention of printing. The firm was continued for nearly 75 years, first by his son and then his grandson, after the death of the founder. Some 908 works were produced in this time, of which samples of almost 100 are in the Newberry collection. Aldus specialized in works of Greek and Latin men of literary genius.

Almost as soon as published, the Aldine works were recognized as of unusual merit, according to Dr. Butler. Down through the years these rare volumes have gained increasing popularity, especially those turned out in extra fine workmanship.

The Aldine books made up the original and in some cases the only mediums through which works of some of the oldest Greek and Italian writers were transmitted to future generations.

PRESIDENT OF CZECHOSLOVAKIA VISITS PARIS

OPINION RE NEW BRITISH NAVAL BASE DIVIDED

Special Interest Is Attached to Line that Dominion Premiers Will Take Regarding Singapore.

(Associated Press Despatch)

LONDON, Oct. 16.—Opinion here regarding the proposed British naval base at Singapore is so violently divided that special interest is attached to the line the Dominion Premiers, especially those of Australia and New Zealand, will take on Wednesday, when the question is expected to come before the Imperial Conference. The belief prevails here that Australasia favors the project and is willing to contribute towards defraying its expenses, and accordingly opponents of the base are doing what they can to bring its supporters to the contrary view.

Admiral Percy Scott, who has no confidence in the utility of battleships, and who is very antagonistic to the Singapore plan, told a meeting of the Australian Association of London last evening that the proposed base was utter foolishness. The only key to safety and defence, he said, was in the use of airplanes, mines and submarines.

If these were properly provided and properly operated, a Japanese fleet could never reach Australia, nor could a United States fleet reach Japan in the event of hostilities, while if Singapore were similarly equipped no hostile ships could ever get within two hundred miles of that port.

The Admiral said it was a wicked, wanton and wilful waste of the taxpayers' money to construct such docks at Singapore, and that the idea had originated with men who were either ignorant or too lazy to analyze the basis for their opinion.

Admiral Kerr took the same line. He asserted that a distinguished United States admiral had told him that but for the shipbuilding vote, the United States would scrap every battleship she was building. The present type of ship, Admiral Kerr said, was as obsolete as Nelson's wooden ships.

SAXONY FARMS ARE RAIDED BY COMMUNISTS

Unemployed Rifled Barns of Grain and Wheat.

(Associated Press Despatch)
DRESDEN, Oct. 16.—Peasants in the Mulde valley could scarcely believe their eyes recently when at day break they went to the fields to work and discovered that hundreds of acres of wheat and other grains in the shock had disappeared like magic over night. The Mulde district, it developed, had been invaded at night by hundreds of unemployed from the cities and towns and the grain carried away on their backs.

In other localities the unemployed became even bolder and invaded the farms in broad daylight, defied the peasants, and helped themselves not only to grain which had been cut, but picked the ripening fruit, and even dug up whole fields of potatoes, cabbages and other vegetables. The raiders said they were hungry and that they had decided upon force as a means of relieving their stress. In reporting the case, the authorities announced that the movement was in the hands of Communists. Only a few of the unemployed men were Communists, the German police reported, but because of empty stomachs they were easily led by the radicals.

In some instances the crowds numbered 300 to 400 persons made up of men, women and children.

An elaborate reception programme has been arranged, beginning with the President's arrival at 11 o'clock at the Bois Boulogne station.

The plans called for President Masaryk to greet Mr. Masaryk at the station and conduct him to his suite. This afternoon, after placing flowers on the tomb of the unknown soldier, the chief executive of Czechoslovakia attends a reception at city hall with President Millerand, and this evening is the guest of honor at a banquet. Tomorrow President Masaryk opens the new Slav Institute near Melun. He lunches at the Slyssee Palace on Wednesday, and on Friday goes with President Millerand to witness the army manoeuvres at Chalons.

GLEN MURRAY

Mr. Stanley White arrived home from Western Canada on Saturday where he spent the last couple of months.

Mr. and Mrs. W. H. Sturgeon, of Nelson, spent a few days recently visiting relatives here.

Mr. W. J. Turner was at Thetford Mines, last week on business. Mr. and Mrs. Wm. Cruickshanks and daughter, Thelma, were guests at Mr. A. D. Patterson's one day last week.

CRAWFORDVILLE

General Notes.
The Crawfordville W.L. held their October meeting on Friday. There were nine members present. The minutes were read and signed by the president, Mrs. W. Wark. Business was all finished and there was a reading given by Miss J. McKee. It was decided by the members to hold a dance. The meeting closed by singing God Save the King.

Mrs. J. McKee has been confined to her bed the past week.

There has been a gang of men in Crawfordville cutting Christmas trees this last two weeks.

Mr. J. King and Mr. W. Wallace, of King's Corner, were visiting at Mr. W. Crawford's on Sunday.

School Sports Day.

The second annual school fair and sports day was held at Crawfordville on September 15th, under the auspices of the Crawfordville Women's Institute. The fair was open to the children of the second and third grade of Leeds, the Institute having furnished the seeds for the vegetables and flowers last April. The weather being favorable there was a large crowd of children, parents and friends.

The following is a list of the winners:

Cucumbers—1 David Magwood; 2 Earl Harron.
Carrots—1 David Magwood; 2 Gordon Gray.
Sweet peas—1 Pearl Magwood; 2 Bessie Grey.
Nasturtiums—1 Pearl Magwood; 2 Dorothy Magwood.

THE MONTREAL CATTLE MARKET QUOTATIONS

Prices Paid for Cattle at the Montreal Stockyards—Other Details.

MONTREAL, Oct. 16.—(Dominion Live Stock Branch Report.)—Live stock for sale on the two markets this morning amounted to 94 cattle, 367 sheep and lambs, 757 hogs and 99 calves. Trading was quiet. Most of the cattle were common quality steers and cows left over from yesterday, and few sales were made early today. There were less than a dozen good veal calves offered, and these sold at \$10 per cwt. Grassers were unchanged and sales were made yesterday at \$2.50. Lambs sold about steady. Bulk of those on sale today were of common to medium quality, and quotations ranged from \$9.50 to \$10.25. Trading in lambs continued steady yesterday afternoon, and only a few head were left unsold last night. One lot of 800 ewe and wether lambs, docked, brought \$11.25. Hogs sold from \$8.75 to \$9 for thick smooths and ungraded lots. Selects brought \$9.50.

SLIGHT GENERAL SAG IN CHICAGO WHEAT PRICES

(Associated Press Despatch)
CHICAGO, Oct. 16.—The wheat opening which ranged from 1/2 cent decline to a shade advance, with December at \$1.08 to \$1.08 1/2 and May at \$1.12 1/2 was followed by a slight general sag and then by trifling temporary gains.

In corn and oats, as well as in wheat, dealers were in a waiting mood, and early fluctuations kept within a range of half a cent. After opening 1/2 cent lower to 3/4 cent higher with December at 76 1/2 to 76 1/2 cents, the corn market continued to hold near to yesterday's finish. Oats started unchanged to 1/4 cent up, with December at 43 cents and later scarcely stirred. Provisions were easy with the hog market.

UPWARD MOVE HALTED ON WALL STREET EXCHANGE

(Associated Press Despatch.)
NEW YORK, Oct. 16 (Wall Street Noon).—The upward movement in the general list was halted before noon by the increasing weakness of the western railroad shares, several of which established new low records for the year. Further evidence of forced liquidation also was noted in a few specialties, particularly Famous Players and National Enamel. Early gains of 1 to 3 points in a number of the standard industrial were either materially reduced or cancelled, while a number of issues, such as Chicago and Northwestern, Northern Pacific, Great Northern preferred, Omaha, Pittsburgh and West Virginia common and preferred and Delaware and Hudson, fell 1 to 2 1/2 points below yesterday's final figures. There were a few strong spots, particularly in the tobacco group but it was clearly evident that speculators for the decline were again in control of the market. Call money opened at 4 1/2 per cent.

YANKS CAME FROM BEHIND TO WIN WORLD'S TITLE WHEN 'ART' NEHF WEAKENED IN THE EIGHTH FRAME

After Pitching a Wonderful Game for Seven Innings, McGraw's Pitching Ace Suddenly Went Wrong—Yankees Tallied Five Runs—Ruth Fanned with the Bases Full—First Time American League Champions Have Defeated Giants in Three Series in Which They Have Met—Large Crowd Kept on Edge.

(Associated Press Despatch)
NEW YORK, Oct. 16.—His mighty left arm weakened from overwork, his mind weary from the strain of out-thinking, out-witting his opponents, Arthur Nehf, McGraw's last pitching ace, collapsed yesterday in the eighth inning of the sixth world's series game and the New York Yankees rode to triumph and their first world championship. They overcame a three run lead to win the game 6 to 4, and the series four games to two.

The Yankees, baffled through the early innings by this pitching wizard, Nehf, entered the eighth three runs behind, and it seemed certain that the Giants would win the game, square the series and necessitate a seventh game to decide the championship.

Aaron Ward, the Yankee second baseman, whose bat has been first of all during the series, was first to bat in that inning. He hit a high one that was gathered in by Kelly, and Nehf still appeared strong. Only two hits had been made off his delivery then, one of them Ruth's home run in the first inning. Then Schang went to bat, hit the first ball pitched to left for a safety. Scott next—not a dangerous batter—yet he hit a single down the first base line. Schang went to third. Miller Huggins' brain began work. Hofmann was sent to pinch hit for Pennock. On four straight balls Hofmann walked. Bases full. Joseph Bush went to bat, pinch hitting for Witt. Four straight balls, all inside; one run forced in.

Nehf, head bowed, saw the hand of John McGraw flash from the dugout. A tragic figure, he stuffed his greasy glove into his hip pocket and strode from the box, "Rosie" Ryan pitching. Dugan, the Yankee third baseman, up. Dugan walked, again on four straight balls. Another run forced in. Yankees one run behind. A long series of cheers and shouts from the stands—Babe Ruth at bat, a single, anything for that one run to tie. But the Babe, the mightiest batter of all, struck out. A moan from the stands. Bob Meusel at bat, two out, the bases still full. Meusel's bat cracked the ball to centre field for a single. Two runs across the plate. Cunningham retrieving the ball, threw wildly to third and another run counted.

The scoring ended there, and so did the series. John McGraw's great baseball machine was broken down by the sustained attack of the Yankee men. Every pitcher on McGraw's staff tried and failed to check the batting streak of the American League champions. In the very first game John Watson was batted from the box by the Yankee slugger. The Giants won the game, however, through poor luck experienced by Hoyt, the youthful flinger of the Yankees, and a surprise home run by Casey Stengel in the ninth. The score was five to four, Stengel's homer providing the margin of victory.

The second game, won by the Yankees 4 to 2, saw another Giant pitcher, Hugh McQuillan, put to rout. Pennock pitched that game for the Yanks. Arthur Nehf won the third game, defeating Sad Sam Jones, of the Yankees, by virtue of Stengel's second home run, the only score of the game. Casey thus had won almost single handed two games for the Giants.

In the fourth game Bob Shawkey won for Yankees 8 to 4. In this contest Yankees knocked out John Scott, routed McQuillan for the second time and battered three other Giant twirlers. In the fifth game, another Yankee victory, 8 to 1, Jack Bentley, the south paw brawler from Baltimore for a princely sum, felt the sting of Yankee blows and had to be relieved.

Scott, Barnes and Jondard were used after Bentley's departure. And yesterday Nehf, the only remaining curlier of the staff, went for seven and one-third innings, only to go the way of his mates.

In the six games the Giants 202 times at bat, scored 17 runs off 47 hits of which five were home runs, three base hits and two baggers. Their batting average was .233. The Yanks, 205 times at bat made 30 runs, 60 hits, including eight two baggers, five three baggers and five home runs, for a batting average of .298.

The Yankees drew twenty bases on balls, the Giants only twelve.

FRENCH GOVERNMENT HAS NO EMPLOYMENT PROBLEM

Statistics Show that Only 1,275 Persons Are Out of Work at Present Time.

(Associated Press Despatch)
PARIS, Oct. 16.—The French Government has no unemployment problem on its hands. Statistics compiled by the Ministry of Labor show that only 1,275 persons are out of work in France, of which 60 are in Paris, whereas in March 1921 the number of unemployed was 91,225. Of this number 45,100 were in Paris.
