PRICE TWO CENTS

HOUSING COY PURCHASES SITE FOR MODEL CITY Regardless Of U. S. Attitude, Treaty Will Be Put Into Force

PREVALENT OPINION IN FRANCE IS THAT THE PEACE TREATY WILL BE ENFORCED REGARDLESS OF THE ATTITUDE OF AMERICAN GOVERNMENT

Feeling in French Official Circles is that France Cannot Meet the German Delegates Again, and French Opinion is that Italy and Great Britain Have a Like Feeling—Report that President Wilson Might Withdraw Treaty from United States Senate Causes Much Discussion.

(Associated Press Despatch)

PARIS, Nov. 18.—Regardless of the American Government's attitude, the peace treaty of Versailles will be put into force, according to the prevalent view here today following receipt of the report that President Wilson might withdraw the treaty from the United States Senate.

Whatever happens, the feeling in French circles is that France cannot meet the German plenipotentiaries again, and French opinion is that Italy and Great Britain have a like feeling.

UNLESS THE LEAGUE IS TO FALL ALTOGETHER, OTHER NATIONS MUST GO AHEAD FOR YEARS WITHOUT AMERICA'S PARTICIPATION, SAYS THE CHRONICLE

(Associated Press Despatch)

LONDON, Nov. 18.—Commenting upon reservations to the Versailles treaty by the United States and President Wilson's threat to withdraw the pact, the Chronicle, which is supposed to reflect the view of Premier Lloyd George says:

"Unless the league is to fall altogether, other nations must go ahead for years without America's participation, and we hope they will promptly decide to do so."

Great Britain and France have been very anxious not to hurt America's susceptibilities and there is no foundation for the rumor suggesting they have addressed representations to Washington regarding reservations, the newspaper continues. "In justice to our peoples and Europe, however, we cannot delay in getting to work the League."

No comment is printed by other newspapers, but they give President Wilson's threat a prominent place in their news columns.

CRITICISM OF NON-TAXABLE LOAN LAST YEAR

Claimed that Revenue Lost By Last Year's Non-Taxable Loan is from a Quarter to Half a Million Annually.

(Associated Press Despatch)

OTTAWA, Nov. 18.—A despatch from Ottawa says: The success of the Victory Loan has revived the criticism of the non-taxable loan of last year. Without war stimulus Canada this year subscribed for a taxable loan equal to that of last year, when the public was filled with a strong patriotic desire to emulate by contribution at home the splendid sacrifices of our army in the field.

If over six hundred million could be subscribed under present conditions, many believe that a grievous mistake was made last year to secure a similar amount, and that the national revenue will suffer thereby for a long time. How much was lost to the revenue by last year's non-taxable loan cannot be estimated with accuracy, but it is placed from a quarter of a million to half a million dollars annually by well-informed people.

COTTON MILLS LIKELY TO BE CLOSED DOWN

Supply of Coal Has Been Cut Short Owing to Refusal of Miners to Return to Work.

ATLANTA, GA., Nov. 18.—Closing down of numbers of cotton mills and other manufacturing plants in the south within a few days was foreseen today in an order of the coal committee of the railroad administration discontinuing their supplies of coal.

The order, effective today, was announced as "imperatively necessary because of the failure of miners in the country's great coal producing region to return to work," although the soft coal strike has been cancelled.

STEEL MILLS IN GARY OPERATING.

GARY, IND., Nov. 18.—Steel mills in Gary today were running at normal capacity for the first time since the strike of steel mill workers was called several weeks ago, mill officials announced. Seven hundred strikers returned yesterday and the twelfth blast furnace was put into operation today with a full complement of men.

Ten Generals And Over Hundred Other Officers Were Captured By The Bolsheviks At Omsk

Enemy Claim that in the Region of the Finnish Gulf They Have Taken Ostrov and Have Also Occupied Lower Parts of Luga-Kolchak's Army is Being Pursued in an Easterly Direction.

(Associated Press Despatch)

ONDON, Nov. 18.—The Bolsheviks claim the capture of ten generals and more than a hundred other officers at Omsk, according to an official statement issued today by the Soviet Government at Moscow. Kolchak's army is being pursued in an easterly direction the statement adds.

The test of the communication says: "Ten of Kolchak's generals and over a hundred other officers are among the prisoners at Omsk, where the defeated remnants of Kolchak's army are being driven eastward. We occupied a number of positions twenty miles to the eastward and captured enormous quantities of stores."

In the region of the Finnish Gulf we have taken Ostrov and have also occupied the lower parts of Luga."

DENIKINE MAKES PROGRESS.

(Associated Press Despatch)
LONDON, Nov. 18.—General Denikine, anti-Bolshevik leader, in South Russia, according to a Moscow wireless message, has captured the staff of General Simon Petlura, the Ukrainian leader. General Petlura is missing, the message adds.

WORKER AMONG GIRLS GIVES A LITTLE ADVICE

Y. W. C. A. Officers Were Elected for the Ensuing Year at Hamilton Meeting.

HAMILTON, ONT., Nov. 18.—"Teach girls, not subjects—teach them to live."

This is the watchword of Miss Slattery, of New York, whose success as a worker among girls has made her an adviser much sought after by all who would know her gracious art of winning them to the best things in life. The open forum on "Leadership," conducted by Miss Slattery today at the Y.W.C.A. Triennial meeting in Hamilton was therefore a very important part of the programme.

"Most girls' homes are only places to stop. There isn't a womanly thing about them. Every woman on the board of directors which builds a girl's home should go in and live there for at least one month under exactly the same conditions as the girls will do," said the speaker.

THE POLICE FAILED TO ARREST SINN FEINERS

(Associated Press Despatch)

BOYLE, Ireland, Nov. 17.

—Twelve policemen grouped across a road made an attempt today to arrest the members of a local Sinn Fein organization, who escaped in an automobile. One of the Sinn Feiners drove the car at full speed against the police who fired four or five volleys, splintering the car wheels and wounding one of the occupants.

Two further attempts to stop the car failed.

CHINESE COLONY IN TORONTO IS ATTACKED

TORONTO, Nov. 18.—Toronto's Chinese colony was invaded last night by a howling mob of six hundred hoodlums, who set out to wreck all of the Chinese stores and restaurants. There were only a few in the crowd wearing returned soldier buttons.

The good work of the police saved the situation, and although it was necessary for the policemen to draw their batons, no persons were seriously injured.

The crowd broke plate glass windows of stores, but were headed off before they got a chance to attack the stores on Queen Street.

DR. EDWARDS REPLIES TO THE WAR VETERANS

Informing Kingston Branch of G. W. V. A. that He Will Give Them No Explanation.

(Associated Press Despatch)

KINGSTON, Ont., Nov. 18.—The G.W.V.A. Kingston branch has received the following reply to a letter to Dr. J. W. Edwards, M.P. for Frontenac, asking his explanation of his attitude on the soldiers' re-establishment.

"Your letter of yesterday was duly received. Your assurance in undertaking to express the sentiments of the returned soldiers of Frontenac is as unwarranted as your request of an explanation from me. I adhere to the views and opinions which I expressed in the House, and which you may find in hazard, if you are disposed to look. My constituents, soldier and civilian, have the right to ask me to explain my attitude on any public question, and I will willingly respond to any such request from them with the utmost confidence in their sound judgment and sense of fairness."

"You have no right to ask an explanation from me, and none will be given. Permit me to add that I am as indifferent to your opinion of my attitude on the subject of soldiers' re-establishment as I am to the impertinent manner in which that opinion was expressed."

"Yours truly,
J. W. EDWARDS."

THE WEATHER

COLDER, WITH LIGHT SNOW

FALLS.

A storm near the South Atlantic coast will probably move northward and absorb the disturbance which now covers the Great Lakes. The weather has turned colder again in Manitoba and near Lake Superior. Storm signals are displayed on the Lakes and also in the Maritime Provinces.

Mild and showery. Wednesday, strong northwest winds, colder, with light snow falls.

ITALIAN GOVERNMENT UNABLE TO STOP TROOPS LEAVING REGULARS TO JOIN D'ANNUNZIO

(Associated Press Despatch)

FIUME, Nov. 18.—Desertions from the regular force to the troops commanded by Captain D'Annunzio apparently cannot be prevented by the Italian Government, and recent events appear to justify the belief that the regular forces will be loyal to the poet if occasion demands. Corps commanders guarding the armistice line along the Jugo-Slav frontier assert they will be unable to prevent a break in their force, and should Captain D'Annunzio make a move into Istria, it is claimed that whole divisions would follow him.

Plotted Years Ago With Lenine And Trotsky To Overthrow The Russian Imperial Government

Rather Startling Revelations Made During the Questioning of Ludwig C. A. K. Martens, Ambassador of the Russian Soviet Republic—Was Organizer of Russian Workmen in Russia in 1905.

(Associated Press Despatch)

NEW YORK, Nov. 18.—Ludwig C. A. K. Martens, ambassador of the Russian Soviet Republic, plotted in Germany and Switzerland with Lenine and Trotsky for the overthrow of the Russian Imperial Government, he testified here yesterday. He was deported from Russia after serving three years' imprisonment in Germany for his revolutionary activities.

The tale of the plot against the Romanoff, which covered many years, was brought out by questions put to Martens by Deputy Attorney-General Berger.

Martens stated that upon his arrival in Berlin he was pressed into the German military service and served in barracks.

"On what grounds did the German military authorities press you into the army?" he was asked.

"Because my father and mother were German citizens," he replied. "On leaving the army he entered the Charlottenberg Polytechnical Institute in Germany, he said, and later became an engineer in the employ of a Hamburg firm. For twelve years he was engaged in propaganda work, plotting the overthrow of the Russian Government from Germany, he said. During this period, he testified, he conferred with Lenine and Trotsky in 1901 in Switzerland, and in 1903 in Berlin. Part of the propaganda was hatched in France and Switzerland, he added.

He was organizer of the Russian workmen in the revolution in Russia in 1905, he said, and added that his activities were not interfered with in Germany.

A. E. Stevens, associate counsel for the committee, asked Martens if it was not true that the Soviet Republic wished to overthrow all capitalist governments.

"That is their wish," replied the ambassador. "They wish to change the capitalist system to Socialistic system."

A letter addressed to American workmen by Lenine, from Moscow, August 20, 1918, also was read into the records. It stated that "the revolutionary proletariat of America, insofar as it is an enemy of American imperialism, is destined to perform an important task at this time."

In substance, the letter charged that the use of terroristic methods are justifiable in the cause of the proletariat.

"If I understand this portion of the letter correctly, it is a statement that terror has been employed by the Soviet Government," said Mr. Stevens.

Martens admitted that such was the case, and added that fifteen hundred commissaries or police officials have at various times been executed in Soviet Russia.

MISSISQUOI VOTING RESULT TOMORROW

Impossible to Complete Count in Time for Today's Edition—Many Thousands of Votes in Monday's Mails Reaching Sherbrooke.

The flood of votes in the Missisquoi County voting contest which reached the Record by last night mails has made it impossible to announce the result of the contest in today's Record. The staff of the circulation department will be busy all day and far into this evening in counting the thousands of coupon votes and compiling the subscription rates.

Several of the leading candidates have made very large gains in the grand wind-up of the Missisquoi Popularity Contest.

The results and standing of all candidates will be made known in tomorrow's Record.

MEETING OF THE CITY COUNCIL HEARS REPORT ON ACTIVITIES IN REGARD TO HOUSING PROBLEM

Ald. J. P. Wells Reports that Charter Has Been Received By the Company and Site Has Been Purchased Next to Canadian-Connecticut Cotton Mills, of Fifty-one Acres—By-laws Were Discussed and Many Interesting Matters Reported on.

THE announcement by Ald. J. P. Wells, Chairman of the Parks and Real Estate Committee that the Sherbrooke Housing Company had purchased a property for the erection of the model city, on which a hundred houses will be put up to accommodate the employees of the new Canadian Connecticut Cotton plant here, was the subject of greatest interest taken up at a meeting of the City Council held last evening.

Ald. Wells reported that the charter for the company had been received, and that the directors had been elected. Mr. E. J. Pag had been chosen as president, with Mr. J. S. Tetreault as vice-president, while the other directors were Messrs. J. S. Mitchell, E. Diman and F. H. Hebert. The company had raised \$78,000, which would be called for as needed to secure the money from Quebec.

Mr. Todd, of the Housing Committee in Quebec, had been here, and after consulting with the committee appointed to choose a site, had recommended a certain property, which was now being surveyed. The property was the strip of land immediately adjoining the property of the Canadian Connecticut Cotton Mills, known as lots 15-38, and contained between 51 and 52 acres. The price had been a thousand dollars per acre, and the purchase had been made from the British American Land Company.

A contract had been made, it was reported, with the Canadian Connecticut Cotton Mills, whereby the company took over all responsibility, and guaranteed to pay the Housing Company ten per cent. per annum on the investment and would collect from the tenants. In answer to several questions, Ald. Wells replied that the maximum cost of a house would be \$4,500, on which the monthly payment would be \$37. Ald. Edwards declared that this was too high, but Ald. Wells reminded him that it was not only rental, but was payment on the principal as well. Moreover, the Cotton Mills Company had guaranteed payment, and would collect whatever they could from the tenants. Asked if this would not eventually make the Cotton Company owners of the houses, Ald. Wells replied in the negative, saying that that was made impossible by the contract.

"The company merely wants houses for their employees," he said, "and they wish to help them in every way. It will be a losing proposition for them, but they are willing to do it, to get the houses. As for us, we are merely lending the provincial money to the Housing Company, who will also operate at a loss, and we are getting a great new industry for the city."

The ground, said Ald. Wells, was being surveyed, and plans would be made before long, so that the contractor—whichever he was—could order his materials by February. It was hoped to erect a hundred houses next year, and another hundred the following year, and after that to go on increasing, as the company had expressed the belief that the mills would again be duplicated within the next few years.

It was accordingly moved by Ald. Wells, seconded by Ald. Braut, and carried, that the city approved of the contract made between the Cotton Company and the Housing Company, and agreed to lend to the latter the \$500,000 of the Provincial Housing Loan.

THREE BY-LAWS WERE DISCUSSED BUT ACTION WAS DEFERRED UNTIL MEETING NEXT WEEK

Three by-laws were taken up at last night's meeting, and thoroughly discussed, though no vote was taken on them, and the meeting finally adjourned to meet next Monday to consider them. The principal by-law, is that regarding the street line of King and Wellington streets, stipulating that no building can be constructed at less than a certain distance back of the street line, at certain points along the streets, thus preventing a recurrence of the Olivier affair.

The other two by-laws were for the exemption from taxation of the Canadian Connecticut Cotton Mills, and the Julius Kayser Company, in accordance with the custom which usually exempts for a limited period, all new industries. In this latter connection, a letter was received last night from Mr. H. G. James, objecting to this exemption, stating that it was not such acts that induced new industries to locate here, but labor, transportation.

(Continued on page 10.)

DIRECTORS OF TECHNICAL SCHOOL HOLD MEETING.

A meeting of the directors of the Technical School Corporation held yesterday, the various members of the committee gathering to consider the choosing of a site and other details.

Mr. C. E. Therrien was elected President, and Mr. H. V. Haigh, Vice-President, but nothing further could be done, as the City Council had as yet taken no action in this respect.

Last night, the Council met and deferred action because the committee had not yet arrived at any decision.

ST. FRANCIS DISTRICT--LOCAL HAPPENINGS

Daily Reports from Correspondents of What is Going on in Various Communities.

BURY

Wanted at once, boy to sell the Daily Record upon arrival of afternoon train from Sherbrooke. Apply by letter to Record Office, Sherbrooke.

Mr. and Mrs. Noble McClintock, of Concord, N. H., are in town visiting relatives and friends, and are at present the guests of Mrs. George McClintock.

The members of Alexandra Rebekah Lodge are making preparations to celebrate the tenth anniversary of the institution of their lodge here on Wednesday evening, November 19. The President of the Rebekah Assembly, Mrs. Lillie Dickson, of Montreal, will make her official visit to the lodge here also on that evening. The degree will be conferred on one candidate. As far as possible the chairs will be filled with the charter members and as nearly as possible the first officers that were elected by the lodge will act. At the close of the meeting a banquet will be held.

Mr. John Lavalliere, of Megantic, spent the week end with his parents, Mr. and Mrs. Robert Lavalliere.

Mrs. B. C. Doyle returned to Sherbrooke on Tuesday, after spending the summer months with her daughter, Mrs. Maurice Stokes.

Mrs. Elva A. McCubbin is spending a few days in Bishop's Crossing, the guest of her daughter, Mrs. Fred C. Bishop.

Miss Marjorie Stokes has returned home, after spending a few days in Sawyerville, with her sister, Mrs. B. E. Trombly.

JOHNVILLE

Mrs. Ellen Warner, Mr. and Mrs. Frank Wark and sons, of Sherbrooke, were guests of Mr. and Mrs. W. C. Smith, the beginning of the week.

Mr. and Mrs. E. A. Lyons and sons are guests of Mrs. M. J. Mack.

Mr. and Mrs. J. A. Seale and Miss Geraldine have gone to Cookshire, guests of Mrs. Richard Seale.

Miss Violet Bradshaw, who has been confined to her bed for a number of weeks, was the recipient of a sunshine bag from her many friends in Johnville and Megantic and other places, all wishing her a speedy recovery.

The Ladies will entertain the Aid on Thursday for dinner in the Guild Room, November 20.

The young folks are practicing for a play which will be given later.

OLIVER

Mrs. G. A. Caplehorn and little daughters, Gladys and Doris, and Miss Rose Caplehorn, spent a couple of days visiting in Montreal and St. Anne's, before leaving for England. They sailed from Montreal on the Minnedosa leaving on Sunday night. Mr. Caplehorn accompanied them as far as Montreal and remained with them until Sunday.

Miss Rose Caplehorn has spent the past few days with her brothers here, previous to her departure for England.

land. Mrs. G. A. Chamberlain spent the week end in North Hatley.

Miss Olive Laraway has returned home after spending the summer at Magog.

Mrs. Minerva Harris is at Tomifobia, helping to care for her sister, Mrs. W. Miller, who is seriously ill.

Miss Margaret Patterson, of East Bolton, spent the past few days with her aunt, Mrs. Wm. Baeholder.

CROSSBURY

The fortnightly service was held through the kindness of Rev. C. T. Lewis at the home of Mr. and Mrs. F. I. Turner with a good attendance. The next service will be held at the home of Mr. and Mrs. S. G. Aulis on November 28.

Mr. and Mrs. J. A. Simons and Mr. and Mrs. F. W. Barker with daughters, Misses Easter and Ruth Barker visited their father, Mr. James Barker on Thursday, who that day was eighty-two years old.

A surprise party was held at the home of Mr. and Mrs. Arthur Sylvester on Tuesday evening, when thirty relatives and friends assembled. Dancing, cards and games were enjoyed by all. Mr. John Aulis acted as violinist. The hostess served refreshments, assisted by the ladies.

A raffle and dance was held at the home of Mr. and Mrs. J. Kane when twenty-five neighbours and friends assembled. Mr. Frank McKeel was the fortunate person to get the lucky number, which was 36. Dancing and games were enjoyed by all. Mr. John Aulis acted as violinist. A beautiful lunch was served by the hostess, assisted by her family.

Mr. Roy Ellis, of Newport, is visiting his relatives here.

Miss Alexandra McCaskell is the guest of Miss Olive Ross.

Mr. Clarence Aulis, of Martville, and Mr. and Mrs. John Aulis have been guests of their parents.

For Chest Colds and Croup. Colds in the Back. Spasmodic Croup and any congestion, inflammation or pains caused from Colds, use Grove's O-Pen-Trade Salve. It Opens the Pores and Penetrates the Skin. Its Stimulating and Healing Effect soon gives relief. 35c. per box. If your Druggist hasn't any, send 35c. in postage stamps to Paris Medicine Company, 193 Spadina Ave., Toronto, and a full-sized box will be mailed to you promptly.

TRENHOLMVILLE

The Young People's Epworth League Society held a very successful bean supper in the Vestry of the Methodist Church on Friday night. A good crowd turned out and did amply justice to the good things provided after which a very pleasant social time was spent in games and the singing of old time songs. Mr. Bailey kindly gave several recitations which were much enjoyed. At the close the catables left were auctioned off by Mr. Joseph Boast amid much merriment. The proceeds amounted to over nineteen dollars.

The Rev. Thomas Knowles, of Uver-

ton, were week end guests of Mr. Knowles' mother, Mrs. E. Knowles.

Mr. Henry Armstrong left for Montreal on Saturday on a visit to friends in the city.

Mrs. I. Brock has returned to her home here, after the past few weeks in Richmond.

Mr. E. Knowles attended the banquet in Richmond last Tuesday, for the returned soldiers.

ing for Mrs. Earl Bryan.

The Roman Catholics of this place await daily the reply of their Bishop regarding the purchase of the Methodist Church, with a view to converting it into a place of worship for the Roman Catholics of this community of which there are sixty families.

DANVILLE

The funeral of the late Mrs. Wm. Barnard, who passed away at her home at the advanced age of eighty years on Friday evening, was held on Sunday afternoon. The service was held in the Advent church and was conducted by Rev. Mr. Raymond, pastor. The church was filled with sympathizing friends and relatives of the family. The address given by Mr. Raymond was a very thoughtful and comforting one, while the musical portion of the service was well rendered by the choir. The bearers were Messrs. B. H. Barnard, son of the deceased, and H. Barnard, Oral Barnard and Andrew Barnard, grandsons. The interment took place in the Danville cemetery. Mrs. Barnard had been a life long resident of this vicinity and the large number present was ample testimony to the respect and esteem with which she was held in the community. She is survived by two sons, Mr. B. H. Barnard, of Danville, Mr. Chester Barnard, of California, and one daughter, Miss Della Barnard, with whom she resided, and grand-children and great grand-children.

General Notes. Mr. Chas. Hoskins, of Bradford, Vt., is a guest of Mr. James McCoy and other relatives.

The Ladies' Guild of St. Augustine's church will meet at the home of Mrs. C. J. Burbank on Thursday afternoon. The hostesses will be Miss Thorne and Mrs. Burbank.

Mr. and Mrs. W. H. Burritt, little son and Mrs. G. F. Cleveland left last week for St. John's, Nfld., where Mr. Burritt has been appointed to a position in the Bank of Montreal there.

Through the instrumentality of the principal, Miss Blampin, the co-operation of friends of the institution and a grant of money from the school commissioners, Danville High School is now in possession of a new piano. Hitherto the instrument used was an old organ—which had seen better days. It will now be possible to open and close the daily sessions with piano accompaniment. The instrument was duly installed on Monday morning.

The introduction of Rev. Mr. Warren into the pastorate of the Federated Church took place on Sunday evening. Previous to the induction a congregational supper was served in the basement of the church. Several clergymen from outside points were present.

A meeting of the monument committee was held at the residence of Mr. Geo. McCracken on Monday evening. A drawing was submitted for inspection and other details in connection with the work were entered into and progress was reported.

BARNSTON

Wednesday, November 26th, the Ladies' Mission Circle of the Baptist Church will give a chicken pie dinner at noon at the home of Mrs. Hollis Morrison. Dinner 35 cts.

News was received at Way's Mills on Sunday that Rev. Mr. Gibb with his bride will leave on for Canada on November 19th. Mr. Gibb will take charge of the Methodist Services in this circuit on arriving here, and will occupy the Methodist Parsonage in this place until next June.

Mrs. G. B. Hall will return to Barnston from London, Ont. on Friday of this week.

Mrs. C. J. Cushing has returned from a pleasant visit of several weeks spent in Montreal with relatives.

Mr. and Mrs. Orson Cleveland entertained at an informal dance for young folks last Friday at their home. There was a large gathering and a most enjoyable evening was spent.

Mrs. Earl Bryan entertained the Ladies' Mission Circle of the Baptist Church at an oyster dinner at noon last Wednesday, when forty-two partook of a most appetizing dinner, the proceeds of which amounted to \$14.50.

Miss Mildred Fox will entertain the Young Peoples' Dancing Club next Friday evening at her home in the village.

Mrs. Herbert McCutcheon has so far recovered as to be able to set up a few hours each day.

Mrs. H. Osgood, of Cookshire, spent a few days with her sister, Mrs. C. E. Soles, recently.

Mrs. A. Sherman and Mr. Payson Sherman went to Bury last Friday to attend the funeral of the late Mr. Charles Brown.

Mrs. J. R. MacLeod, who has been in ill health for some time, was taken worse on Friday, being in a critical condition for a couple of days, but was decidedly better on Monday.

Dr. MacLeod did not preach the service on Sunday evening owing to Mrs. MacLeod's illness. The elders led the service.

The Junior Guild of St. Alban's Church will be held at the home of Miss Belinda Cowan on Saturday afternoon.

Mrs. P. Blair, of Ottawa, and Mrs. T. Christy, of Lachute, were called home owing to the illness of their mother, Mrs. J. R. MacLeod.

Mrs. A. L. Sherman was in Sher-

brooke last week.

The moving picture show given in connection with the Victory Loan campaign last Thursday evening was well attended. The school children added much pleasure to the evening's programme with their selections, despite the fact that they only had a few hours in which to prepare for it.

Mr. and Mrs. Gobeil, of La Patrie, were in town last week.

KINGSBURY

Miss Florence Jameson, left on Monday to spend the week with her aunt, Miss F. Jameson, at Cor-

Rev. W. T. B. Crombie returned from Montreal on Friday, leaving his daughter, Mary, in the Royal Victoria Hospital for treatment. Her address is Ward D., Royal Victoria Hospital, Montreal.

Mr. S. Jameson, Mr. Howard Jameson and Miss Bell, of Sherbrooke, were guests on Sunday at Mr. Wm. Jameson's.

LEARNED PLAIN

Mr. H. A. Stevenson is away on a business trip to Guelph, Ont.

Mr. and Mrs. E. Rowe and Master Lloyd Hume motored to Sherbrooke on Saturday.

Mr. and Mrs. Otis Sherman are guests at the home of his brother, Mr. Henry Sherman.

Miss Allen Todd, who is attending school at Bulwer, spent the week-end at her home here.

Miss Edith Sherman has returned from a visit to friends at Ives Hill. Mr. Luther French still remains in very poor health.

NORTH HATLEY

The Ladies' Guild will meet with Mrs. W. T. Hart on Wednesday afternoon. As this is the first meeting of the season a large attendance is hoped for.

The Sewing Circle will meet in the Baptist Church Hall on Friday afternoon.

Mrs. Orville Magoon was baptized at the home of her mother on Sunday, the ninth.

Mr. E. W. Seymour, of Magog, spent the week end with relatives here.

Mr. Lewis Magoon has been visiting at Magog.

Mrs. J. Frank Clark has been visiting her daughter at Tomifobia, Mrs. Leslie Comstock.

Miss Violet Gundry and Miss Rena Stewart, of Sherbrooke, spent the week end visiting the grandparents of the former, Mr. and Mrs. L. M. Reed.

The turkey and goose shoot which was held at Mr. Charles Macfarlane's on Saturday afternoon was attended by fifteen. Mr. Fred Wheeler proved to be the best shot, getting both a turkey and goose.

Mr. Harold Drew came second, winning a turkey and Mr. Beaudry third winning a goose.

BARNSTON

Mrs. Earl Bryan was the hostess on Thursday at an oyster dinner given by the Women's Mission. The large, pleasant rooms were attractively decorated with flowering potted plants, and bright fires relieved the outdoor chilliness. A goodly number of business men of the village were present for the bountiful luncheon which Mrs. Bryan and her committee served. The proceeds totalled \$14.50. After dinner a social hour was enjoyed. The next Mission chicken pie dinner will be on November 26 at Mrs. Morrison's.

DAVIDSON HILL AND BETHEL

Mr. and Mrs. Reuben McGee and family, of this place, are moving to their new farm in South Durham.

Mr. and Mrs. Alf Pentecost and little daughter have returned home to Montreal after spending a few days with relatives here and in Bethany.

Miss Norton has returned home to Sutton Junction after being the guest of her sister, Mrs. W. Davidson.

Miss Elsie Davidson, Thelma and Master Kenneth Prout have returned to South Durham after spending the week-end with their parents.

Mr. Wilfrid Pilote has gone to Ontario on business.

Mr. Earl Tibbitts, of South Durham, was the guest of Miss Eva Mallette on Sunday last.

RUBBING IT IN.

"Mrs. Blank is positively tactless." "Tactless! Why, that woman would wake her husband out of an afternoon nap to show him her dressmaker's bill."

RAILROAD ENGINEERS OUT WITH STATEMENTS

Men in the Cabs from Many States Declare Tanlac Conserves Health of Railroad Men and Makes Them Fit for Responsible Duties in Most Nerve-Racking Service.

NO calling demands a clearer brain, steadier nerves, a more perfect state of health than that of a railroad engineer. The safety of thousands depends on guarding his health, which is as important to the public as the efficiency of his engine. Every engineer realizes this enormous responsibility, he dares not take chances with so important a matter. That is why so many of them are using Tanlac—it steadies the nerves, clears the brain, corrects indigestion, strengthens the arm, insures the safety of the traveller, and keeps him on his job.

Railroad engineers everywhere endorse Tanlac because they have tried it and know. Read what they say.

W. L. Nabers, Atlanta, Ga., engineer Southern Railway, says: "I had lost appetite—liver and kidneys deranged—since taking Tanlac haven't had a pain—gained 14 pounds."

L. C. Bowers, 910 First avenue, south, Nashville, Tenn., engineer Tennessee Central, says: "Stomach trouble and nervousness overcome—nothing too good I can say about Tanlac—gained 8 pounds."

D. A. Middleton, 1717 Chenovett Street, Houston, Texas, engineer Southern Pacific, says: "Was in bad shape—couldn't walk—Tanlac built me up like new man—gained 11 pounds."

T. G. Ayers, 107 Raines avenue, Nashville, Tenn., engineer Louisville and Nashville, says: "Kidney trouble, nervousness, poor appetite—Tanlac put me in good shape—gained 7 pounds."

J. T. Toy, Atlanta, Ga., former engineer Seaboard, says: "Nervous indigestion—kidneys in bad shape—pains in back—am satisfied with what Tanlac has done for me."

R. H. Owens, 2700 Avenue G, Birmingham, Ala., engineer, says: "Run down—indigestion—palpitation of heart—had to give up job—since taking Tanlac eat anything—have gone back to work."

Miss Violet Gundry and Miss Rena Stewart, of Sherbrooke, spent the week end visiting the grandparents of the former, Mr. and Mrs. L. M. Reed.

The turkey and goose shoot which was held at Mr. Charles Macfarlane's on Saturday afternoon was attended by fifteen. Mr. Fred Wheeler proved to be the best shot, getting both a turkey and goose.

Mr. Harold Drew came second, winning a turkey and Mr. Beaudry third winning a goose.

Mrs. Earl Bryan was the hostess on Thursday at an oyster dinner given by the Women's Mission. The large, pleasant rooms were attractively decorated with flowering potted plants, and bright fires relieved the outdoor chilliness. A goodly number of business men of the village were present for the bountiful luncheon which Mrs. Bryan and her committee served. The proceeds totalled \$14.50. After dinner a social hour was enjoyed. The next Mission chicken pie dinner will be on November 26 at Mrs. Morrison's.

Mr. and Mrs. Reuben McGee and family, of this place, are moving to their new farm in South Durham.

Mr. and Mrs. Alf Pentecost and little daughter have returned home to Montreal after spending a few days with relatives here and in Bethany.

Miss Norton has returned home to Sutton Junction after being the guest of her sister, Mrs. W. Davidson.

Miss Elsie Davidson, Thelma and Master Kenneth Prout have returned to South Durham after spending the week-end with their parents.

Mr. Wilfrid Pilote has gone to Ontario on business.

Mr. Earl Tibbitts, of South Durham, was the guest of Miss Eva Mallette on Sunday last.

PIONEER AVIATORS.

Frenchman Flew Short Distance in Man-driven Airplane.

All the earliest ideas of human flight were naturally based upon the observation of birds and demanded that the man should work his own artificial wings, for there were no engines, and possibly if there had been their use would have been considered "not cricket." In the notebooks of Leonardo di Vinci, the painter and universal genius, are many sketches of wings to be fitted to arms and legs, and more than one disastrous attempt was made to fly with such devices.

Thus at the beginning of the sixteenth century an Italian alchemist promised to fly from the walls of Stirling Castle to France, and actually tried to do so. Naturally, he failed; but luckily only broke a leg. He attributed his failure to the fact that he had used for his wings the feathers of fowls, which had an "affinity" for the dung.

He does not appear, however, to have made a second trial with eagles' feathers, which should have solved the difficulty.

A more successful, if more modest attempt was made recently at Longchamps by a French professional cyclist, Paulain, who with a man-driven airplane actually flew, not to Stirling Castle, but a distance of 13 yards. It is understood that a prize of 10,000 francs awaits him if he shall repeat the feat under specified conditions.

As it requires a professional cyclist to fly a few yards, one yard from the ground, it is likely to be some time before the air is full of air-cyclists going for a spin. It is rash to prophesy, but the general opinion is that while Paulain's experiments may give rise to a new sport, something like jumping on skis, they are unlikely to be the preliminaries to long flights on man-driven machines.

Slot Machines 200 B.C.

Automatic machines were first used in Egypt, and in the old temples of the East devices were employed for automatically dispensing the purifying water.

A small coin (five drachmae) had to be dropped into a slot to set the mechanism in motion and secure a small quantity of water. Heron, of Alexandria, who lived two hundred years before the Christian era, had a machine of this kind constructed for his own personal use.

The "penny-in-the-slot" machine, as we know it to-day, was invented by a Mr. Percy Everitt. Since he placed his invention on the market many thousands of patents in connection with slot machines have been taken out in Great Britain and foreign countries.

The Sheep Herder.

Just at present the sheep herder's lot is a fairly happy one, says Popular Mechanics. He gets \$100 a month besides his expenses, and one never can see his sheep wagon without wanting to leave civilization for a few months and take to the range. It is the most compact dwelling house on wheels that has ever been devised. For utilizing all possible space and giving lessons even to a dining car and sleeping car in one, and historically forms a permanent link between Western pioneer days, when every one traveled in a prairie schooner, and automobile days when the sheep wagon is used only to follow the herd during the winter and spring, until it disappears up on the high summer range where only a saddle horse can penetrate.

The wagon, which for months is thus the home of two sheep herders, has a long narrow body, to give freedom to the wheels, but above the wheels it flares out enough to give a broad room with benches along both sides. It has three coverings of canvas for greater warmth in winter, and a stove fastened to the floor near the front door. The back part of the canvas-covered space serves as a bedroom containing nothing but a bed, to which air is supplied by sliding glass windows in the rear end of the wagon. Attached to the bed is a folding table, and under it are small drawers and a large bin to contain the herders' supply of flour and grain.

DEPENDS ON THE RESULT. "Don't you admire determination in a man's character?" "That depends. If it brings success I praise it as a splendid perseverance, if failure, I denounce it as confounded obstinacy."

BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray.

Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Witch's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

BEDFORD DISTRICT HAPPENINGS

Gatherings by Daily Record Correspondents in Various Communities.

FRELIGHSBURG

Mr. Richard Spencer, of Montreal, was called home on Thursday on account of the serious illness of his father, Mr. H. T. Spencer, who was seized with a paralytic stroke on returning Wednesday evening, just after assisting his brother, Mr. P. Spencer, in looking after the stock at the barn. He has been unable to speak since. Dr. Downing, of this place, and a nurse from Montreal, are in attendance.

Mr. George Robinson, of Waterloo, has been the guest of Miss Muriel Spencer for a few days. Mrs. Dr. Yates, of Montreal, has also spent a few days at the same home.

Mr. Harry Shanks, of Waterloo, was a week-end guest of Miss Etta Whitehead.

Mrs. B. Gardner, of Guthrie, was in town on Friday.

Mrs. Miller and friend, of St. Laurent, are visiting Mrs. Wm. Tait, at Hillside Manor.

Mrs. George Lane and son, of Toronto, has returned home, after visiting her brother, Mr. Aubrey Gadley, at Riverside farm. Her husband came for a short stay, and to accompany her home.

Mrs. Gertrude Holden has come to Waterloo to visit her son, Mr. Leland Holden, and family.

Mrs. T. N. Shepard and Mrs. E. M. Shepard went to Montreal on Saturday to visit Mr. T. N. Shepard, who is in the Royal Victoria Hospital.

Miss Muriel Spencer has gone to Schenectady, N.Y., to visit relatives.

COWANSVILLE

The "Girl's Friendly" will hold a bazaar in the Church Hall on Wednesday, December 3rd.

Record congregations were present at all the services in the three Protestant Churches on Sunday.

Miss Jennie Barker presided at the organ in Trinity Church on Sunday, in the absence of Miss Mabel Foster, who is ill.

Mrs. Campbell, of Montreal, is a guest of her son.

Mr. and Mrs. Earl Derick, of Abercorn, were guests of Mr. and Mrs. P. A. Kuitert on Sunday.

Miss Helen Stewart, of Brigham, accompanied by her friend, Miss MacDonald, were the guests of Mrs. A.

Bad Cold LEFT HIM WITH Bronchitis

However slight a cold you have you should never neglect it; if you do it can have but one result. It leaves the throat or lungs, or both, affected.

Bronchitis is one of the most common affections of a neglected cold, and neglected bronchitis is the most general cause of consumption.

Dr. Wood's Norway Pine Syrup is just the remedy you require to cure the bronchitis. It does this by loosening the phlegm and mucous, and stimulates the weakened bronchial organs, allays irritation and subdues inflammation, soothes and heals the irritated parts and thus prevents it becoming chronic.

Mr. R. P. Sunblad, Francis, Sask., writes: "I had a very bad cold which left me with bronchitis. I tried several cough remedies and oils of all kinds, but they all failed. At last I got Dr. Wood's Norway Pine Syrup and after using two bottles I have never had a sign of bronchitis since. I therefore can honestly recommend it for coughs and colds."

Don't accept a substitute for Dr. Wood's. The genuine is put up in a yellow wrapper; 3 pine trees the trade mark; price 25c. and 50c. Manufactured by The T. Milburn Co., Limited, Toronto, Ont.

Stewart on Sunday.
Miss Edna Dunn, of Montreal, was a week end guest of her parents, Mr. and Mrs. W. T. Dunn.

FARNHAM CENTRE

Mrs. D. N. Coburn and little daughter, also Master Robert Clark, returned to Ormstown on Saturday, after spending a couple of weeks here.

Mr. Harold Mahannah, of Bristol, Conn., is the guest of Mr. and Mrs. Arthur Mahannah.

Mr. and Mrs. T. L. Burnet have moved into their new home at Brigham. Mr. Burnet ran the creamery here for forty-nine years and their many friends regret their departure.

Mr. and Mrs. Harold Douglas and family moved on Thursday to their newly acquired property at Freeport.

BEDFORD

Miss Kathleen Corey and Miss Riley were in Farnham on Saturday.

Mr. John Currie, of Montreal, spent the week end in town.

Mr. Leslie McGowan went to Montreal on Saturday, to see his brother, Mr. Rodney McGowan, who has spent the past week in the Western Hospital, is expected to return home on Wednesday next.

Mrs. William Cockerline spent the week end with her parents, Mr. and Mrs. John Elbow, at Chateaucville.

Mrs. David Pells returned on Friday from Sheldon, Vt., where she had spent a week with her niece, Mrs. Lamphier, whose husband died suddenly from heart disease on the seventh.

Mr. and Mrs. M. Rice, of Westmount, were recent guests of the latter's brother, Mr. E. Ross, Upper Bedford.

Mr. Haskell Corey, of Montreal, recently spent a few days with his cousin, Mr. Harvey Corey.

Rev. Mr. Hutchins, of Verdun, was the guest of Mr. and Mrs. Frank Guthrie when in town this week. Other recent guests at the same home were Mrs. S. M. Shuffet, Mrs. Holapple, and Miss Alfreda Holapple, of Pigeon Hill, and Mr. J. C. Brennan, of Whitefield, N. H.

The Guild of St. James' Church will meet at the residence of Mrs. A. S. McCaw, Upper Bedford, on Wednesday, at two-thirty o'clock.

Miss Roy entertained a number of her friends very pleasantly at a thimble party on Friday evening.

The bi-monthly meeting of the Ladies' Aid was held in the Methodist Church Hall on Thursday afternoon, with a good attendance. The hostesses were Miss Palmer and Mesdames William Bessette and Loftus Smith.

A Gun Club has recently been formed in town, through the efforts of Dr. E. F. Draper. A meeting to organize the club was held at his home on Friday evening, at which Dr. Draper was elected Secretary and Mr. Wilbur Borden, field manager. The membership fee was fixed at \$3.00 per annum. The members meet on Saturday afternoons.

Mr. Baile recently purchased from Mr. Clarence Best his property on Main Street, which he intends turning into a plumber's shop.

STANBRIDGE EAST

BOY SCOUTS HOLD ENTERTAINMENT

The entertainment given by the Boy Scouts and Girl Guides on Tuesday evening last was a decided success. Mr. Charles S. Moore acted as chairman in an able manner. The orchestra, which furnished fine music, gave their services freely. Much credit is due Rev. M. S. Lehigh, Scoutmaster, and at 7.30, a prayer service was conducted by Rev. Mr. Penley.

Mrs. Edward Buchanan has begun the renovating and repairing of her village property.

The dancing class met on Friday evening, and at its close, an impromptu dance was enjoyed by a large number. Refreshments were served by the ladies. Another dance was announced for November 21st.

Mr. Leroy Wilson, of Derby Line, was the guest of Mr. and Mrs. Geo. Wilkinson during the past week.

Mr. and Mrs. Arthur Shepard, of Frelighsburg, attended the dance on Friday evening, and were guests of Mr. and Mrs. Arthur Selby on Friday and Saturday.

Mr. Albert Buchanan was in Sherbrooke on business, last Thursday.

Mr. William Beach, Mr. Archie McMillan and the Misses Ella and Helen Beach, attended the dance on Friday evening last.

Mr. and Mrs. Frank Curley, Mr. Guy Curley and Miss Doris Curley, of Cowansville, motored to Dunham on Sunday, and were guests of Mrs. Cameron and Miss Cameron, for the day. Mrs. Cameron accompanied them home for a few days.

Mr. and Mrs. Arthur Brown were dinner guests of Mr. and Mrs. Luther Harvey, East Dunham, on Sunday.

Mr. Barry and family, of Sutton, were calling on Mr. and Mrs. D. Carlton on Sunday.

Mr. and Mrs. T. A. Knowlton, of Montreal, were guests over the week end of their parents, Mr. and Mrs. Charles Baker.

Mrs. Camille Loiselle was in St. Johns, recently.

Miss Maud Selby was visiting Miss Annie Yeats on Friday.

Several new poles have been erected in the village and along some of the roads leading out of the village by the Citizens Telephone Company, to replace those damaged by the recent heavy snow storm.

Miss Paquette, of Meig's Corner, was with her sister, Mrs. C. Loiselle, over the week end.

Mr. and Mrs. Oscar Martin was in Brigham on Sunday.

Miss Flora Lee, of Frelighsburg, was a recent guest of the Misses E. and A. Salby.

BEWARE OF DECEPTION

Statistics show that when egg albumen is used as a constituent of baking powder, the amount so used is too small (usually 15/100 of 1%) to affect the quality or effectiveness of the baking powder containing it, and when so used, is plainly for the purpose of fraud. Intelligent buyers will not permit themselves to be deceived by the water glass test.

MAGIC BAKING POWDER
contains no alum or egg albumen and is guaranteed to be composed of the ingredients printed on the label—and none other.
Made in Canada By Canadians
For Canadians

trial scene of Merchant of Venice; selection, orchestra; recitation, Eric Kemp; recitation, Miss Rhoda Tree; male quartette; Roderick Dhu, in five scenes; selection, orchestra; recitation, Willie Yates; silver twist wand drill by Girl Guides.

General Notes.
Mr. Murray Dalgligh, of Sweetburg, spent the week-end with his sister, Mrs. G. Fortin.

Miss Bertha Galbraith, of Bedford, was visiting friends here over Sunday.

Mr. and Mrs. Sadler, of Montreal, were in town recently.

Miss A. Morin, of Sutton, has returned home, after spending a short time with her sister, Mrs. B. C. Lavoie.

Mr. Vyral Short has returned home to Stanbury, owing to the illness and death of his father.

The Junior Aid of the Methodist Church met at the home of Miss Kate Wescott on Saturday last.

Mr. and Mrs. G. W. Curran, of Mr. and Mrs. G. W. Curran, are the guests of Mrs. Gaidreau.

Mr. Ernest Dussault, recently returned from Winnipeg, is the guest of his brother, Mr. J. Dussault.

Mr. Boy Scott held their usual meeting on Thursday of last week. Plans were discussed as to fitting up a room with books, magazines and games for the recreation of the Scouts.

DUNHAM

The Ladies' Aid met in the Sunday School room of the Methodist Church on November 2, with a good attendance. According to the annual custom, it was decided to pack a box for the "Deaconess Home," in Montreal, and contributions for the box are asked for. It was also decided to finish a quilt. At the close of the business meeting tea was served by the ladies, and at 7.30, a prayer service was conducted by Rev. Mr. Penley.

Mrs. Edward Buchanan has begun the renovating and repairing of her village property.

The dancing class met on Friday evening, and at its close, an impromptu dance was enjoyed by a large number. Refreshments were served by the ladies. Another dance was announced for November 21st.

Mr. Leroy Wilson, of Derby Line, was the guest of Mr. and Mrs. Geo. Wilkinson during the past week.

DRAWING SCHOOL HAS BEGUN WINTER SESSIONS

Many Take Advantage of Classes Under Council of Arts and Manufactures.

The drawing school which is carried on under the auspices of the Council of Arts and Manufactures has made a very promising beginning to the winter's work, and is now in full swing. There is a large registered attendance of students in the different departments, and the staff, consisting of Mr. Robert Wyatt, principal, and his assistants, Mr. Clay and Mr. Poulin, are having a busy and interesting time. Mr. Wyatt has been in charge of this branch of the provincial educational service for a good many years, and it is due largely to his enthusiasm and genuine love of teaching that the school has had such a successful career and continues to appeal to the boys and young men who are engaged in the industrial establishments of our city.

Here one may see the little laddie of thirteen or fourteen and the young man of riper years, busily engaged in making drawings of complicated machinery, both moved by that ambition to self-improvement which is the basis of all industrial progress. Many are the young men who have taken advantage of the opportunities of this school and gone out into useful and successful careers.

Most of the students are taking the course in mechanical drawing. A visit to the school is well worth while. It is carried on without any beating of drums to gain public notice, under the roof of the Griffith Block, on Dufferin avenue. It is up high, but this is symbolic of the ideals moving teachers and students alike. The large room has no pretensions to beauty, but it is well lighted and all the necessary equipment for the work is there. The teachers are the main factors, and they are the kind who make the reputation of educational institutions. Last night the school was visited by Mr. Andrew Sangster, Revs. E. C. Russell and G. Ellery Read, who were invited to say a few words to the students. This they did, expressing their pleasure at the opportunity and congratulating them on the opportunities they were enjoying in the school. They were listened to with attention, and the students showed their appreciation of the visitors by hearty applause.

Arrangements were made for a masquerade dance, to be given on November 25th in aid of the Veterans' Band, and Mrs. T. Loughheed was appointed convener of the refreshment committee, with the members of the W. A. as assistants.

The seven members proposed at the last meeting were elected and three other names brought forward, the increase in membership being very encouraging. The meeting then adjourned.

WILL DISCUSS MILK PRODUCTION. A meeting of milk producers will be held on Friday evening, November 21, in the Town Hall, Lennoxville, when addresses will be given on milk production.

THIS is the BEST

place in town to unload battery troubles. Given a chance, we'll prove it. You'll get your battery back full of "pep" next Spring if you leave it here for Winter storage.

SIR JOHN SHERBROOKE CHAPTER I. O. D. E. HAS ITS REGULAR MEETING

Various Matters of Business Taken Up and Interesting Paper Was Read.

The regular meeting of the Sir John Sherbrooke Chapter, I.O.D.E., was held yesterday afternoon in the club room of the Major-General Loomis Chapter, Mrs. W. G. Cross, the regent, taking the chair. After the standard was raised and the members' prayer repeated in unison, the secretary, Mrs. J. Ross MacLeod, read the minutes of the last meeting, which were confirmed, and the treasurer, Mrs. F. S. Rugg, made the report, showing a small balance, and in answer to a request, gave the number of paid-up members in the chapter, which had suffered more severely than any other chapter by the removal of members from the city. Two new members were proposed to be balloted for at the next meeting.

The contribution asked from each chapter in the Dominion for the Educational War Memorial Scheme, and a number of suggestions were made as to the best means of raising the required sum, which is not excessive.

It was moved and carried that the matter be left in the hands of the entertainment committee, which, with the addition of several new members is composed of the following: Mrs. Ross MacLeod, Mrs. Rosenbloom, Mrs. A. C. Bissette, Mrs. Ross, Mrs. Swartz and Mrs. T. Vinsberg. In regard to the tubercular hospital, which is now the objective of the I.O.D.E., the Sir John Sherbrooke Chapter is fully in accord with the municipal and other chapters as to its necessity, and will take its full share in the public campaign to be carried out early in the year, as well as in all other movements along the lines of social service.

The regent stated that Mr. Francis R. Jones, organizer of the I.O.D.E. Club, in which the chapter had been interested during the war, was in Canada and would be pleased to address the members again if a meeting could be arranged.

The programme of the day consisted of a solo by Mrs. Swartz, who sang "Two Roses," by Guilbert, accompanied by Mrs. Rosenbloom, and a paper by Rev. G. Ellery Read on "Woman's work in the war." The reader referred to "Queen Mary's Needlework Guild," organized when the Queen was the Princess Mary, which had furnished immense numbers of garments to the hospitals and charitable institutions in England years before the war, and continued to do its work with success during that time of stress, clothing the destitute and stricken Belgian women and children.

Women had shown great executive ability, had taken the place of men in response to the appeal of the Government, and had done national service; the nurses had given aid and comfort to the wounded and sick in hospitals at home abroad, on hospital ships, and had shown a bravery and disregard of self equal to that of the men. As for the Red Cross, no words were needed. Its fame was world-wide, and the local society had made a magnificent record.

It is hoped that Rev. Mr. Read's paper, brought up to date, may be given before a much larger assembly at some future date.

A cordial vote of thanks was moved by Mrs. M. R. MacLeod to Mr. Read, not only for the pleasure he had given, but on which was in many respects a revelation, even to those who were familiar on the subject. The motion was seconded by Mrs. Odell, in a few appreciative words, and the meeting closed with the National Anthem.

DO YOU CARE?

to go to the trouble of defending a suit against you for damage to that other man's car?

He thinks you were to blame, and now he's going to make you pay. You may win—you've got a chance. We all have a chance. One thing is certain, you both can't win. Who loses?

Social and Personal

Mr. Howard Miller, of the Canadian Rand Company, spent the week end in Montreal with his family.

Mr. J. Hodge, formerly of the Canadian Ingersoll Rand, was in town yesterday, on his way to Montreal.

Miss Myrtle Boulter has returned to the city from her home at Thetford Mines, where she spent a week.

Mr. Arthur Edwards left today for Montreal, where he will be the guest during his stay, of his sister, Mrs. J. Ernest Smith, University Street.

Mr. W. A. Hale, Portland Avenue, has been spending a week in Quebec with his sisters, Mrs. H. T. Machin and Miss Hale.

Mr. and Mrs. Harry W. Nutter have returned from their wedding trip, and are settled at their house on Council street, East Sherbrooke.

Captain Forbes Hale, M.C., has gone to Kingston, to be present at the wedding of a friend.

The Canadian Order of Foresters is following the example of all the other organizations of the High Commission ball on the 7th of November.

Mr. and Mrs. George F. Foss are in town from Montreal, summoned by the death of the late E. S. Foss, and are the guests of Mrs. Foss, Court street.

Mr. W. J. Foss and Mr. Harry Foss are in town from Pittsfield, Mass., to attend the funeral of the late E. S. Foss.

Mr. Joseph Gosseli, of Quebec, was the recent guest of Mr. and Mrs. Eugene Labadie, at their home in the city.

Mr. A. H. Foss and Dr. Alvin Foss, from Montreal, are the guests of Mr. and Mrs. D. G. Loomis, Bellevue avenue.

Mrs. R. Jenne, of Fresno, Cal., who has been visiting friends in Cookshire, is the guest at present of Mr. and Mrs. N. N. Walley, Queen street.

Lieut.-Col. J. J. Penhale, D. S. O., Mrs. Penhale and Mr. Alfred Penhale, left today for Kingston, to attend the wedding of Lieut. Howard Penhale.

Mr. and Mrs. W. W. Leveque, Mr. Leveque, Sr., and Mrs. Ferrier, were in town on Sunday from Magog, the guests of Mr. and Mrs. W. E. Leveque, Wellington Street.

The many friends in Sherbrooke of Mr. C. Schroeder, of Montreal, District Superintendent of Traffic, of the Bell Telephone Company, will be interested to know that he has been appointed to a similar position at Hamilton, Ont., and has left for that city.

The invitation dance given in the Art Hall last evening under the auspices of the First Company Girl Guides and Melver's Orchestra was well attended, and an enjoyable dance programme was carried out, "Home Sweet Home" being played at twelve o'clock.

Mr. and Mrs. J. Tremblay, who have been spending the past month with Mr. and Mrs. Louis Dupuy, Gillespie street, have left for their home in Winnipeg, accompanied by Miss Juliette Stevenson, who will make a long visit to the western city.

Miss Gene Ostrander, from Montreal, is the guest of Miss Alicia Hale, Portland avenue.

Mr. S. Marcotte, Wolfe street, is under treatment at the Sherbrooke Hospital.

Miss M. Allison, eastern field secretary of the Y.W.C.A., was in town yesterday, after attending a conference at Stanstead, on her way to her home in Sussex, N.B.

Miss Elsie Lynes, sister of Mrs. Sam Berwick, Elgin avenue, sailed on the Minidosis for a visit to her home at Bidford-Avon, Warwickshire, England. Miss Lynes expects to be gone about six months.

COATCOOK

A rare treat is promised for all musical lovers on Friday, December 5, when the people of Coaticook and surrounding vicinity will be given the opportunity of hearing "The Venetian Musicians" in the Opera House. This will be the first of a series of four big entertainments given under the auspices of the Methodist Church choir. The second will be given on Wednesday, January 28; "Suzanne River Quartette"; third on Friday, February 27, "Schubert Concert Company"; fourth, Thursday, March 4, De Jean, "The Wizard." Tickets may be procured from S. C. Smith, J. B. Smythe and L. G. Moulton.

A very successful food sale was held on Saturday last in Hall & Allard's receive you.

COAL MINERS HAVE NOT RETURNED TO WORK. INDIANAPOLIS, Ind., Nov. 18.—With coal miners in the country still refusing to return to work, drastic orders for curtailment of fuel have gone into effect throughout Indiana.

store, under the auspices of the W.S. T.U. Society.

An unusually pleasant and successful event took place last Thursday evening, when the Young Ladies' Circle was entertained. Mesdames A. A. Woodman, J. B. Smythe, S. C. Smith and M. H. Orcutt acted as hostesses. A delicious supper was served at small tables, while Prof. Stone's orchestra played throughout the whole evening. There was a large attendance and the event was thoroughly enjoyed by all.

Misses Edith and Amy Tomkins spent the week-end in Richmond, with friends.

Mr. M. Stevens, of Sherbrooke, was in town on Sunday, the guest of his mother, Mrs. B. Stevens.

Mrs. Henry Brown, of Norton Mills, is in town, and will be the guest of Mrs. John Bacon.

The Ladies' Aid Society of the Methodist Church will be entertained on Thursday evening by Mrs. E. F. Tompkins, Mrs. Wm. Welch, Mrs. B. J. Smith and Mrs. Robert Akhurst, in the church parlors. All the ladies and gentlemen are cordially invited, a special invitation is extended to all returned soldiers to attend. A separate table is provided, and will be set apart expressly for the soldiers. Be sure and do not disappoint the ladies, who are making great preparations to receive you.

Look Now

See how the teeth's whiteness is dimmed by film. Perhaps tartar has formed in some places.

Look Later

See how the teeth have whitened—how the film has disappeared.

Pepsodent CANADA
REG. IN

The New-Day Dentifrice

A scientific film combatant, based on activated pepsin, now advised for daily use by leading dentists everywhere.

Film Wrecks the Teeth

This is to offer you a 10-Day Tube of Pepsodent—the pepsin tooth paste which combats the film. Able authorities have proved the product by clinical and laboratory tests. The results are beyond any question. Leading dentists everywhere are now urging its adoption.

We ask you to prove it by a 10-day test. Do this for your sake and your children's sake. See for yourself how it will help you to cleaner and whiter teeth.

That slimy film which you feel on your teeth causes most tooth troubles. Every modern dentist knows that. And for years dental science has sought a way to combat it. Film is what discolors—not the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay. Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea.

Now science knows a way to combat it. The way is embodied in a dentifrice called Pepsodent. It is now used daily on millions of teeth, largely by dental advice. To those who don't know it we supply a free tube, so they may find it out.

Old Ways Don't End It

This film is clinging. It enters crevices and stays. The tooth brush doesn't end it. The ordinary tooth paste does not dissolve it. That's why millions find that well-brushed teeth discolor and decay.

Pepsodent is based on pepsin, the digestant of albumin. The film is albuminous matter. The object of Pepsodent is to dissolve it, then to constantly combat it.

But pepsin must be activated, and the usual agent is an acid harmful to the teeth. So this method long seemed barred. Now science has found a harmless activating method, and teeth can now be daily cleaned as they never were before.

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the slimy film. See how teeth whiten as the fixed film disappears.

This means more than pretty teeth. Compare your teeth now with your teeth in ten days and decide what is right for yourself. Cut out the coupon now.

BADLY BURNED IN GREAT FIRE AT SAW MILL

Phillip Roi, of Megantic, Brought
to Sherbrooke for Treatment—
Was Engaged in Rescue Work.

Badly burned about the face, hands
and body, while performing rescue
work, in the great fire which demolish-
ed the saw-mill in which he was work-
ing in Jackman, Maine, Phillip Roi,
of Lake Megantic, was brought to
Sherbrooke today, and is at present
in a serious condition in the St. Vin-
cent de Paul Hospital.

The fire broke out in the plant on
Friday last, and caused damage esti-
mated at several thousands of dollars.
Many were imprisoned in the building
and employees of the mill were com-
mandeered to help in the rescue of
both these and the valuable machinery
and papers.

Roi labored long and hard to help
in the rescue work, until a rafter,
burned through, fell upon him, and he
was caught in the flames, being burn-
ed about the face and arms. He was
dragged from the burning building,
first aid being rendered, and as soon
as he was in a condition to be moved,
he was sent to Sherbrooke.

BRITISH GOVERNMENT TO DISCONTINUE GRANTS TO ENGLAND'S UNEMPLOYED

Andrew Bonar Law Makes An-
nouncement in the House of
Commons.

(Associated Press Despatch)

LONDON, Nov. 18.—Andrew Bonar
Law announced in the House of Com-
mons today that the Government had
decided to discontinue the unemploy-
ment donation to civilians beginning
November 21. The donation will con-
tinue for former service men and
women up to the end of March at the
rate of twenty shillings weekly to
men and fifteen shillings to women for
a maximum period of nine weeks. No
supplementary allowances will be
given.

During October 470,000 persons re-
ceived unemployment donations, 100-
000 of the number being civilians.

AND SO THEY WERE MAR- RIED.

He—A penny for your thoughts.
She (coyly)—Oh, I really can't
tell you. This is not leap year.

The Cough Syrup that Stops the Cough

NADRUCO
Syrup of Tar
with Cod Liver Oil Compound

A pleasant yet most efficient cough medicine; its soothing effect on raw and husky throats is felt almost instantly. It strengthens the breathing and makes expectoration easy, and quickly cures the most stubborn cough.

Contains no harmful ingredients and can be given with confidence to infants and children. The genuine is in a Red Box with Na-Dru-Co trademark.

Manufactured by National Drug and Chemical Company of Canada, Limited.

It's good taste and good sense to
INSIST ON DENT'S.

THE BATTLE WON

Confidence in your physician or the tonic that he may prescribe, is half the battle won. The consistent use of

SCOTT'S
EMULSION

always begets confidence in those who take it. Scott's is a tonic-nutrient recommended by physicians everywhere. Let SCOTT'S help you win your battle against weakness.

This Is Better
Than Laxatives

One NR Tablet Each Night For A Week
Will Correct Constipation and
Make Constant Dosing Unnecessary. Try It.

Poor digestion and assimilation mean a poorly nourished body and low vitality. Poor elimination means clogged bowels, fermentation, putrefaction and the formation of poisonous gases which are absorbed by the blood and carried through the body.

The result is weakness, headaches, dizziness, coated tongue, inactive liver, bilious attacks, loss of energy, nervousness, poor appetite, impoverished blood, salivary complexion, pimples, skin disease, and often times serious illness.

Ordinary laxatives, purges and cathartics—salts, oils, calomel and the like—may relieve for a few hours, but real, lasting benefit can only come through use of medicine that tones up and strengthens the digestive as well as the eliminative organs.

Get a 25c box of Nature's Remedy (NR Tablets) and take one tablet each night for a week. Relief will follow the very first dose, but a few days will elapse before you feel and realize the fullest benefit. When you get straightened out and feel just right again you need not take medicine every day—an occasional NR Tablet will then keep your system in good condition and you will always feel your best. Remember, keeping well is easier and cheaper than getting well.

Nature's Remedy (NR Tablets) are sold, guaranteed and recommended by your druggist.

Nature's Remedy
NR TABLETS
Better than Pills. GET A 25c Box For Liver Ills.

KNOWLTON DID
WELL IN VICTORY
LOAN CAMPAIGN

Has Won Honor Flag and Four
Crests—County of Brome Passed
\$400,000 Mark.

KNOWLTON, Nov. 18.—(Special)—Knowlton has done herself proud in the Victory Loan Campaign. The allotment was \$75,000 and the sum reached is \$147,350.00 which gives her one honor flag and four crests and a good chance of winning the Gold Medal for the largest subscription of any town in the county.

The County of Brome has already exceeded the \$400,000 mark, with all returns not yet in. This is certainly gratifying to Mr. T. I. Lynch, the County organizer, the various canvassers throughout the section.

District of Bedford McGill Graduates
Hold Meeting.

The District of Bedford McGill Graduates Society held its first meeting for two years in the Pettie Memorial Building, Knowlton, on November 12. At its last meeting it was decided that no further meeting be held until the close of the world war. Owing to the condition of the roads the attendance from outside of Knowlton was very small. However, the local attendance was good. Dr. A. Judson Eaton, the Honorary President, was in the chair. As the President has been for several years a Knowlton man, it was unanimously decided that Doctor Corcoran be the President for the next year.

Rev. G. J. McCormick, of Pester, was elected Vice-President, for Brome County and Principal C. A. Adams, of Grandy, Vice-President for Shefford County, and Doctor Crothers, Vice-President, for Missisquoi County.

After the Secretary, Rev. E. M. Taylor, had made report upon his efforts to induce one of the candidates to take the Arts Course this year, great regret was expressed and the feeling was general that something should be done to awaken a greater interest in a University Education among those attending the Academies. It was suggested that publicity be given to this lamentable fact. Three persons had qualified, but each had decided to take up a Teacher's Course, one teaching on permission and the two others entering MacDonald School for Teachers.

After considerable discussion as to the future work of the Society, the following resolutions were presented by Dr. A. C. Poirer and seconded by the Secretary and unanimously carried: "That owing to the remarkably fine railway facilities of Pester added to the fact that there is a fine Lakeside Grove as well as a fine Village Hall, we hereby respectfully suggest to the incoming executive that the next meeting be held at Pester, and in the summer time, and in the nature of a picnic."

The Secretary gave some information as to the present aims of the present Society especially as to the publication of a Bulletin of news of Graduates, and the different Societies connected with the present Society and the doings of the same.

The following graduates took active part in the consideration of the questions which came before the meeting: Messrs. H. V. Truett, Rev. G. J. McCormick, Principal W. H. Brady, Dr. Poirer and L. D. McCulloch, B.S.A.

General Notes.

Mr. Wm. Tibbitts has purchased the farm known as the Alex Tibbitts farm and moved with his family from his father's farm on to the one lately purchased.

Mr. H. Touchette and family have moved from over the butter factory into part of Mr. Andre Gauthier's house for the winter.

Mr. and Mrs. H. K. Tarbell, of Pittsfield, Mass., are spending a few days here with relatives.

Mr. Donald Miller is home from Stansfield College for the week end with his parents.

Miss Connie Eldridge went to Farnham on Saturday to visit her sister, Mrs. Carl McCulloch.

Miss Helen Givras has returned to her duties in St. Vincent de Paul Hospital, Sherbrooke, after a holiday with her parents here.

Mr. J. A. Lefebvre is again able to be at his duties in the County House after a week's illness.

Mrs. G. A. Mason has returned from a short stay in Newport, Vt.

Dr. N. M. Harris spent Saturday in Montreal to witness the big football game.

Mr. Hiram Foster has arrived from New York, and will spend three weeks with his family here at Darley Place.

Mrs. E. W. Morgan spent Sunday in Cowansville with her sister, Mrs. Claude Robb.

Mrs. G. H. Robb and Miss M. Robb left on Tuesday for Montreal.

Mr. and Mrs. T. I. Lynch returned to Montreal on Monday afternoon after spending several weeks here with Mrs. Lynch at "Lansdowne."

Mr. Frank A. MacDonald and son, from State of Maine, were week end guests of Mr. and Mrs. Frank Barnes.

A book entitled "Ann Veronica" by H. G. Wells has been presented to the Library by Mrs. S. C. Molson.

Greatest of
All Tonics
Vinol

Ask any doctor if he can suggest a better tonic than the following Vinol formula.

R Cod Liver and Beef Peptides, Iron and Manganese Peptides, Iron and Manganese Citrate, Calcium and Sodium Phosphates, Nux Vomica and Wild Cherry.

For all run-down, nervous, anaemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

We guarantee it will build you up and make you strong or we will give your money back—at leading drug stores—look for the Vinol sign on windows.

Sections of the County.

THETFORD MINES

On the occasion of the approaching marriage of Miss Sarah Johnston, of Black Lake, daughter of Mr. J. Johnston, a shower of miscellaneous articles was tendered her by her friends. The articles made a nice display. It took place at the home of Mrs. Lee and the afternoon was pleasantly spent, the hostess serving tea and cake. The bride-to-be thanked her friends for the kind thought which prompted the donors to give her such a pleasant surprise.

Had to Go to Bed
Headaches So BadMILBURN LAXA-LIVER
PILLS
MADE HER WELL

When your liver gets sluggish and inactive, your whole health suffers. Your bowels become constipated, your head aches, your tongue is coated, breath bad, specks float before the eyes, you are bilious, have heartburn, water-brash, pain under the right shoulder, muddy and brown spotted complexion, etc.

Help the liver to resume its proper function by removing the bile that is circulating in the blood and poisoning the system.

Mrs. E. Bainbridge, 30 Maple Ave., Amherst, N. S., writes: "I take pleasure in writing you of the good I received by using Milburn's Laxa-Liver Pills for headaches. I was so bad I had to go to bed, and could not sit up. A friend told me about your wonderful medicine, and two vials have made me as well as I can be."

Milburn's Laxa-Liver Pills are small and easy to take, do not gripe, weaken or sicken, do not leave any bad after effects. Price 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

INDIGESTION
CAN'T STAY

Stomach Pain, Sourness, Gases,
and Acidity ended with
"Pape's Diapepsin"

Out-of-order stomachs feel fine at once!

When you don't fit and you belch gas, acids and undigested food. When you feel indigestion, pain, jumps of distress in stomach, heartburn or headache. Here is instant relief.

Just as soon as you eat a tablet or two of Pape's Diapepsin all the dyspepsia, indigestion and stomach distress caused by acidity will end. These pleasant, harmless tablets of Pape's Diapepsin always put sick, upset, acid stomachs in order at once and they cost so little at drug stores.

INTERESTING
ADDRESS ON
ADVERTISING

Mr. E. S. Sutcliffe, of Montreal,
Speaks Before Representative
Gathering of Merchants and
Other Advertisers.

Addressing a small but representative gathering of local merchants and other large advertisers, Mr. E. S. Sutcliffe, vice-president of the J. J. Gibbons Agency, of Montreal, spoke on publicity after a dinner held last evening at the Mayor House.

The speaker's enthusiasm for advertising, which he considered almost a necessity, was obviously shared by most of those present, and Mr. Sutcliffe's words were heard with the greatest degree of attention. His subject was taken up briefly but comprehensively, its various phases, its psychology, its effect, all being treated upon, while with an almost reverential tone, the speaker mentioned a few great names—lines that had been placed before the public by the constant repetition of their title. Advertising, he said, was the oil on the machine, and the fertilizer on the land. Good advertising should be backed by honesty, by enthusiasm and by good salesmanship.

"In Sherbrooke," said Mr. Sutcliffe, after a few introductory remarks, "I received the greatest inspiration of my career. Several years ago, when the Board of Trade was being reorganized and Sherbrooke was making an effort to put itself on the map, you had a good many enthusiastic meetings. One of these I had the pleasure of attending, and it was there that I got my idea of town development by advertising. I remember making a statement at that time that in 1920 Sherbrooke's population would be 25,000, and I am told that this is exactly what you have at present."

"Gentlemen, I am here to talk of advertising. We are all advertisers from the day of our birth. The cry of a baby is an advertisement for something that it wants, though no doubt some of you wish that it didn't use the early morning editions."

"Advertising, however, is but the oil on the machinery, and the machinery itself is the salesman. Advertising is like the fertilizer on the farm. It increases yield, but it also creates harder work before one can cash in on the results."

The speaker then reviewed several instances on which the Government had used great advertising campaigns, and quoted the wonderful success of that campaign conducted for the disposal of the enormous apple crop which remained on the hands of the growers one year.

"Advertising today is one of our greatest industries. Some say that it increases the cost of living, but I disagree. I will take for example the phonograph, which has been made by advertising. Today for two cents we can hear the greatest singer in the world in our own home. We buy a machine and some records for a few dollars, and play them two or three hundred times. So, although it costs thousands of dollars to record the voice of one of our great singers on that record, the demand has grown through advertising to such an extent that they are now within the reach of everyone."

"There is a romance to me in those

CUTICURA
HEALS
PIMPLES

In terrible rash on face which made skin sore and inflamed. Irritated face by scratching and was disfigured. Could not sleep well and made feel unpleasant. Trouble lasted 3 months before used Cuticura and after using 2 cakes of Soap and 1 box of Ointment was completely healed.

DEATHS REPORTED

MR. S. S. MARTIN, BROME
BROME, Nov. 18.—Mr. Wm. St. Martin passed away at his home here on Saturday evening. Mr. St. Martin, who suffered a shock two years ago, has been in failing health since, being confined to his room the greater part of the time. Mrs. St. Martin passed away quite suddenly only a few weeks ago.

MRS. WALTERS, KINGSBURY.

KINGSBURY, Nov. 18.—The whole community was saddened by the death of Mrs. A. Walters on Friday, November 14th, at her son's home at Newton Centre, Mass., where she and Mr. Walters were visiting. Mrs. Walters will be missed as she was a woman much beloved for her gentle, unassuming manner and her kind and loving disposition. The body arrived at Richmond on Sunday, accompanied by her sorrowing husband and son and daughter. The funeral took place in St. Andrew's Church, of which she was a faithful member, this afternoon, Rev. W. T. B. Crombie officiating.

MRS. J. E. MURPHY, BLACK LAKE.

THETFORD MINES, Nov. 18.—The news of the passing away of Mrs. J. E. Murphy, of Black Lake, wife of Mr. J. E. Murphy, formerly manager of the Consolidated Asbestos Mines situated on Calum Hill, came as a great shock to the whole neighbourhood, where she was so much liked and respected. She had been in delicate health for some time and had been recuperating at Knowlton, and feeling better, she moved on to Toronto, where Mr. Murphy had another position. Here, her health did not improve and she entered a sanitarium where she soon passed away. Mrs. Murphy was a supporter of the Red Cross Branch at Thetford Mines, and worked hard throughout the period of the war. She was of a genial disposition and made many friends during her five years stay at Black Lake.

MRS. BLANCHARD, KNOWLTON.

KNOWLTON, Nov. 18.—Julie Dubreuil Blanchard, daughter of the late John Bte. Dubreuil and Margaret Geisy, born at St. Cesaire, Que., September 17, 1836, died on Saturday, November 15, 1919, at the home of her daughter, Azanade Leblanc, wife of Alphonse Leblanc. The late Mrs. Blanchard was a resident of Knowlton for over forty years. She was married at Great Falls, N.H., which is now known as the city of Somersworth, N.H., in the year 1854. Soon after her marriage she returned to Canada and had resided here ever since, with the exception of a few years in Worcester, Mass. Thirteen children were born of this marriage. Nine are now living, two in Canada and seven in the States, viz.: Mrs. A. Leblanc, Knowlton; Mrs. Willie Desmarais, of Ayer's Cliff; Mrs. Joseph Messier, widow of the late Joseph Messier, a former resident of Knowlton, and now of Worcester, Mass.; Alfred, of Ware, Mass.; Mrs. Frederick Provost, Mrs. Adelaide Dubois and Henry, also of Worcester, Mass.; Alfred, of Ware, Mass.; Mrs. Herbert Berard and Mrs. Geo. Berard, of Windchendon, Mass.

The deceased was taken seriously ill in July, when seven of her daughters and one son met together at her bedside. She was buried this morning from St. Edouard's Church, Knowlton.

Mrs. Armina Provost, Mr. and Mrs. Dubois, of Worcester, Mass., arrived on Sunday to attend the funeral.

great names which now form such a part and parcel of our lives, through advertising, and which are the most valuable assets of their companies.

The Marvel of the Newspaper.
"Only one, though perhaps the most important approach to the public mind is the newspaper. I remember the first time that I went into a great newspaper office. Here were being made the papers which were brought to us for two cents, papers with the power to make or unmake governments, carrying the latest news from all over the world, articles by well-known writers, the combined effort of an enormous staff and an expensive process. These came to us for two cents, and why? Because of the advertiser who has his message for the public."

"Today, we need more advertising in the country. We need it to maintain the balance of trade, for many of our customers are going to foreign markets. Furthermore, we must have honesty in our business, and must back good advertising with good goods."

Mr. Sutcliffe, Jr., another member of the Gibbons Agency, also spoke briefly, addressing his remarks principally on merchandising. Twenty per cent. of the failures, it had been found, were due to ignorance of the simple fact that profit was not the amount marked up, but the percentage of advance in comparison with the sale price, minus the overhead expenses. Stock good goods, he said; see that they are in good condition; see that the clerks are courteous, tactful and willing; be truthful in the sales; advertise big. One could sell anything by advertising. Play up to the women customers, as they were the greatest buyers.

A brief discussion followed the addresses, some interesting points being brought out, and after several questions had been answered by Mr. Sutcliffe, the gathering broke up and dispersed.

Your grandmother just had to put up with home wash day.

OUR POUND
Wash Service

has shattered the traditions that cling around "Blue Monday" with all its discomforts in lots of Sherbrooke homes. We solicit a fair trial.

PEPS

the real breathable tablets, make the throat, chest, and lungs cold-resisting. When a nasty cold or a coughing bout foretells the revival of your old bronchial trouble, the best thing to do is to take Peps at once to strengthen and

PROTECT

the chest. When a Peps tablet is taken from its preserving silver wrapper and allowed to dissolve in the mouth, it gives off powerful medicinal and germicidal fumes, that immediately circulate with the breath through all the air-passages, and destroy any germs that have got into

YOUR

nostrils and throat. At the same time the sore, inflamed membrane is soothed, healed, and protected. Phlegm is released from the bronchials, breathing is made easy, and that distressing cough and throat soreness disappear.

By this direct treatment Peps keep trouble off the

CHEST

and lungs, and the worst weather can be faced without fear of evil consequences. It is the safest plan to always have a few Peps handy to arrest a cold, and prevent it reaching the lungs or starting bronchitis and chest weakness.

THE AFTERMATH OF
THE FLU EPIDEMIC

Necessity Pointed Out of Public Being on Their Guard for Several Years to Come.

In a recent number of the Saturday Evening Post a writer calls pointed attention to the special dangers existing in the years following an influenza outbreak. He quotes the vice-president of a great insurance company as saying that after the flu wave of 1918 the mortality rate, especially from pneumonia, was high for some years.

A noted physician is also quoted as saying: "It is altogether probable that as an after effect of the influenza there will be an unusual high pneumonia death rate for several years to come."

Warnings such as these should be borne in mind and drive home to every person the necessity of prompt action in every case of cold—usually the forerunner of influenza, pneumonia and kindred ailments.

It is possible to afford effective relief for a cold by home treatment, especially if it is taken in its early stages. Just as soon as the sneezing, running at the nose, closing up of the throat occurs—start taking Grip Fix. This preparation contains Aspirin, Phenacetin, Quinine, Salol, Caffeine, Citrate and Camphor Mo notobromate—drugs which any physician will say are the proper treatment for colds. So effective is it that Grip Fix relieves a cold in a night and a case of Grippe in 48 hours. This statement is made on a merchandising experience of over 10 years during which the preparation was used all over the country.

Get a box of Grip Fix tonight and take it home. Then, when colds come, a reliable treatment is at hand. Be sure and get the genuine Grip Fix as there are no substitutes which do as effective work. It sells at 50 cents per box and can be obtained at any drug store.

How to Cure
Biliousness

Doctors warn against remedies containing powerful drugs and alcohol. "The Extract of Roots, long known as Mother Seigel's Curative Syrup, has no dope or strong ingredients. It cures indigestion, biliousness and constipation. Can be had at any drug store." Get the genuine. 50c. and \$1.00 Bottles.

HURRY THE HOUSING.

Indications are that Sherbrooke will
be in the midst of a very serious hous-
ing famine next spring and summer.
The shortage has been seriously felt
this year but when we consider that
important factory extensions are
underway and that more are con-
templated the outlook is such as to war-
rant haste in housing plans that are
being considered.

Perhaps the most vital question in
connection with Sherbrooke's future is
that associated with housing—more
and better housing is necessary if
Sherbrooke is to grow rapidly and
along right lines. There is reason to
believe the Federal housing aid will
be continued and increased year by
year. Sherbrooke has made rather a
better start than other Quebec cities
in its "model city" plans. Unnecessary
delays should be avoided and the work
gotten under way as soon as possible.

The time to make haste is now, not
when the city is in the midst of a
house shortage that will seriously
handicap its industries and inconven-
ience its people.

TRADE DEVELOPMENT.

The first period of peace readjust-
ment over, the Canadian world of
business, industry and agriculture, is
reaching across seas, and across the
international border, for the trade that
is waiting for anyone who is ready to
take it. During the last four or five
years only one industry has notably
flourished, with large profits for its
shareholders and high wages for its
workers. The making of munitions or
other war supplies has eclipsed all
other business. But the war profiteers
on supplies or munitions must now
make way for those regular industries
that will build up what was pulled
down, and that have to do with peace-
ful and progressive, rather than de-
structive, pursuits.

England, France and Belgium are
excellent fields for Canadian business,
for the change to normal conditions
must necessarily be slower in these
countries than in our own, and their
requirements will be far larger than
their means of supply. In Belgium and
France reconstruction work will call
for supplies in quantity, and already
large orders have come to Canadian
firms for such materials for iron ore
and cement.

In those branches of industry that
have to do with everyday essentials,
food and clothing, the overseas mar-
ket offers unlimited opportunities for
trade. Sometimes the export trade in
these commodities threatens to affect
home consumption, as was so pointed-
ly shown in the shoe industry when an
exorbitant rise has threatened in shoe
prices and an embargo was placed on
hides to prevent such a result for home
buyers. There is possibility of the Can-
adians paying for the privilege of
victualing Europe, but there seems to
be no way of keeping down prices
when the demand, here and overseas,
is much greater than the supply.

The evolution of one Canadian in-
dustry, the making of toys, has been
going on since the Germans gave up
shipping toys for outside trade. The
Germans were pre-eminent toy-makers.
Yet the Canadians began to pro-
duce dolls and toys which improved
with time and experience, until we are
shipping this year large quantities of
Canadian toys for the British Christ-
mas trade.

For Canadian trade the present
time spells opportunity. Legitimate,
useful, peaceful pursuits will make
demands that Canadian business will
recognize. There is actually no limit
to the promise of the immediate fu-
ture for Canada's industries.

THE NEW ELECTION ACT.

The War Time Election Act is no
longer in existence and before another
Federal election takes place an Act to
take the place of the emergency one
of the Union parliament, must come
into being. Public interest in the new
Act will be general. And it may be ac-
cepted as conclusive that in the next
election many will not vote who en-
joyed the franchise for the first—and
last—time, under the War Times Act.
It is proposed to disenfranchise all
M.S.A. defaulters, and conscientious
objectors. But in all Canada the num-
ber of these is not very considerable.
Also it is proposed to strike off the
lists the names of all those women
who voted on their husbands' natural-
ization. These two are definitely pro-
posed for disenfranchisement. And

Press Comments

THE MACKENSEN TUNNEL.

(Illustrated London News.)
The history of the last two years of
the war in the Balkans may be said
to be epitomized by two inscriptions
over the entrance to the Mackensen
Tunnel, on the road from Demir Ka-
pon, between Uskub and Salonika. The
tunnel was inaugurated in 1916 by
Field-Marshal von Mackensen. The
German inscription then placed above
the entrance reads: "William II,
German Emperor, King of Prussia,
ordered his troops to construct this
route, 1916." Below it a later French
inscription states, with brief irony:
"General Franchet d'Esperey, Com-
mander-in-Chief of the Allied Armies
of the East, ordered his troops to
drive out the Bosches, 1918." It was
in 1915 that the Germans, supposing
the Bulgarians, decided to construct
the tunnel on a route parallel to the
railway connecting Uskub with Sa-
lonika, via Veles. It was finished in
the following year, and, after being
opened by Mackensen himself, became
the chief artery of communication
with half the enemy front in Ma-
cedonia. In September, 1918, the
crushing advance of the Allies enab-
led them to cut off the retreat of the
enemy's whole left wing, and the fam-
ous tunnel fell into their hands.

GERMANY'S PERIL.

(Quebec Telegraph.)
Germany's Minister of the Interior,
Dr. K. W. Heine, is reported in press
despatches as declaring in a speech at
Dessau that carrying out the financial
plans propounded by Erzberger to
meet the peace treaty obligations
meant collapse of the empire. Calling
on the federal states to oppose the
Erzberger plan, Dr. Heine is repre-
sented as asking "what commune had
an interest in getting money together
when it would all go to fill the En-
te's big pockets and leave the people
paupers." Whatever may have
been the aim and purpose of Dr.
Heine, his remarks are significant
enough to attract serious attention.
Considered along with recent reports
from Germany, they furnish ground
for grave anxiety as to the future,
says the St. John, N.B., Globe. Ger-
many at the present moment is shut
off from world intercourse almost as
completely as in war time. Train ser-
vice through Switzerland was suspend-
ed until November 15 to conserve
coal, and the cable censorship is as
stringent as when the world was fight-
ing. With the avenues of travel closed
and the cables closely guarded, the
sources of news are too few to en-
able correspondents to declare with
conviction what is taking place be-
hind the barrier. Enough is known,
however, to convince those in closest
touch with Germany that economic
conditions, bad as a consequence of
the war and all that the war meant for
Germany, are rapidly getting worse.
The economic situation is having a
decided influence on the political.
Two groups, the Monarchists and the
Bolsheviks oppose the government,
and the danger of the moment is that
the latter may get the upper hand and
plunge the country into a condition
worse than Russia. This danger is
feared by many, including that able
British financier, Sir George Paish,

there are others waiting for discus-
sion.

The franchise has always been con-
sidered a precious right, the exercise
of which a man does not easily re-
linquish. It is a recognition of his
citizenship. But there seems to be a
pliability in our franchise acts that
can scarcely be commended. There
must be some permanent franchise act
for Canada in the near future, which
will decide, finally, and without pos-
sibility of sudden change, to whom the
franchise actually belongs. A franchise
act should be like a rock of Gibraltar
in the federal laws of our country.

BOLSHEVIK WANT
TO TALK PEACE
WITH BRITAIN

Are Entering into Negotiations Re-
garding Exchange of Prisoners.

(Associated Press Despatch)
LONDON, Nov. 18.—(Russian)—In
diplomatic circles here the view is
held that it is evident Bolshevists are
entering the negotiations at Dorpat
regarding an exchange of prisoners
with every intention of endeavoring
to open peace efforts with Great Brit-
tain. The make up of the delega-
tion accompanying the former Soviet
Ambassador to Great Britain, who
heads the mission, is considered sig-
nificant, as it also the fact that num-
erous telegrams have been received
from the Bolsheviki Government ex-
pressing the deepest appreciation of
the arrangements made for the con-
ference. The messages have couched
in the most conciliatory terms.

James O'Grady, Labor member of
the House of Commons, who is repre-
senting Great Britain, has definite in-
structions not to enter into any por-
parlers except with relation to prison-
ers.

U.S. GOVERNMENT
WINS FIGHT FOR
THE OIL LANDS

In Disposing of the Case the
Supreme Court Reversed Fed-
eral Court Decrees.

WASHINGTON, Nov. 18.—The
Government by an opinion today in
the Supreme Court won its fight to
have cancelled patents for six thou-
sand acres of California oil land val-
ued at \$10,000,000, alleged to have
been obtained through fraud by the
Southern Pacific Company. In dis-
posing of the case the Supreme Court
reversed Federal Court decrees dis-
missing proceedings instituted by
the Government to have the land,
which is located within naval oil re-
serves No. 1, returned to the Govern-
ment.

who declares: "When a nation is in
misfortune and misery it is apt to do
desperate things. I myself dread the
approach of winter in Germany." His
fears are shared by other distinguish-
ed journalists, who plead earnestly for
a prompt American decision in sup-
port of the peace treaty and for Al-
lied co-operation, as Sir George says:
"not only for the sake of humanity,
but for the sake of ourselves and for
the sake of our allies," in preventing
a great disaster. The country's trade
is gone, food is scarce, coal is scarce,
winter is fast approaching, and the
prospect of better conditions is not in
sight. Germany, still arrogant, still
domineering, is slowly finding out
that she lost the war.

FRANCE BEARS HEAVY LOAD.
(Ottawa Citizen.)

It is safe to play that the part played
by France in the war financially is
but little understood. Naturally we
know more of Britain's efforts, but
those of France are striking. Between
1913 and 1918, the taxes paid by
French people increased more than
one and a half million dollars, and the
public debt increased to forty billion
dollars. Moreover, France's naval
construction fell to such a point that
she cannot be assured of communi-
ty to her colonies. Her maritime
losses have been well over a million
tons, and it has been possible to as-
sign only some few thousands of work-
ers to new construction.

EX-KAISER IS
ANXIOUS TO SELL
SCHOONER YACHT

Meteor III. Was Offered for Sale
in Scandinavia for \$45,000.

(Associated Press Despatch)
NEW YORK, Nov. 18.—Herr Wil-
helm Hohenzollern, while Emperor
of Germany is seeking an American
purchaser for his famous Schooner
Yacht Meteor III, after apparently
having failed to dispose of it in Scan-
dinavia, where it was advertised for sale
last July for \$45,000.

This became known today when for-
tunate New York yachtsmen re-
ceived letters from one of the ex-
Kaiser's agents, announcing that the
craft is on the market. Terms of
sale would be sent on request, the
letter added.

The Meteor III, conspicuous for
many years at the Regattas of Kiel
and Cowes, was built at Shooter's Is-
land and christened by Miss Alice
Roosevelt in 1902, with champagne
from the former Kaiser's private cel-
lar.

The Government of Nauru.

Nauru has declared overwhelm-
ingly by ballot for British rule. The
importance of the decision does not
rest on the size of this former Ger-
man possession—it is about six miles
long by two and a half miles wide.
Nor is the population so dense as to
deserve attention, there being 1,250
Nauruans and 300 Kanakas. Nauru,
moreover, does not offer climatic at-
tractions, as it is a few degrees south
of the equator and is subject to ter-
rific heat. The secret of Nauru is its
immense deposits of phosphates
which lie upon a rough coral floor,
and are so absorbent that ten inches
of rain will vanish almost instantly,
making the distillation of sea water
necessary. Fortunately for Nauru's
hopes, the Peace Conference has de-
cided that Britain, Australia and New
Zealand shall administer it by man-
date.

Canadian Writer Honored.

His Majesty the King has gra-
ciously accepted a copy of "The Maple
Leaf's Red Cross," by Mary MacLeod
Moore. Their Majesties have shown
a keen interest in the work of the
society and are well posted in its
activities. On one occasion when
visiting a large military hospital the
Queen spoke to a Canadian soldier
and asked if he had a Red Cross
visitor, as she knew that through the
Information Bureau, under Lady
Drummond, all sick and wounded
soldiers were visited and cared for.
The King, it will be remembered,
lately co-operated with the Red Cross
in giving Bushy Lodge and Hospital
for the use of the ailing children of
London.

King George has traveled more
widely than any other king who ever
occupied the British throne.

Never be without Bovril
in winter. You are sure
of being nourished if you
take Bovril.

Take this Power
in your hand

Pick up any Bovril bottle from the store
counter, and let it rest on the palm of your
hand. Then picture to yourself another
bottle ten to twenty times as big.

That larger bottle would corres-
pond to the proven Body-building
Power of the Bovril actually in
your hand.

When you take Bovril home you are
carrying that Power with you—a reserve
of latent strength and dormant energy
which will stand you and yours in good
stead during the coming winter days.

You cannot see it in the Bovril bottle,
any more than you can see the tremendous
forces asleep in some powerful dynamo.
But Science has demonstrated its reality.

BOVRIL

Independent scientific experiments have
conclusively proved that the Body-
building Power of Bovril is from 10 to
20 times the amount of Bovril taken.

Why Not!

Learn to play the Hawaiian
Ukelele, by ear. I will teach
you to play any piece in any
key. Private lessons at your
home. Special rates to Schools,
Clubs, etc.

BIRTHS.

RAMSAY—On November 16, 1919, a daughter to Mr. and Mrs. W. Ramsay (nee F. May Bradley), of Lenoirville.

CHEVALIER—At Bedford, October 25, a son (Ernest Donald) to Mr. and Mrs. Martin Chevalier, and grandson of Mrs. H. D. Gleason, Iron Hill.

DEATHS.

MORRISON—At Gould, Que., on November 10, 1919, from pneumonia, Angus A. Morrison, beloved husband of Mary A. McKay, formerly Mrs. George McKay.

CARD OF THANKS.

I wish to extend sincere thanks to my many friends for the kind interest they have shown on my behalf during the Miscellaneous Funeral Contest.

ROSE C. WESTCOTT, Stanbridge East, Que.

IN MEMORIAM.

In loving memory of our dear husband and father, George Nutbrown, who passed away, Nov. 17, 1917.

"We miss thee from our home, dear father."

Inserted by HIS WIFE AND DAUGHTER, Waterville, Que.

IN MEMORIAM.

In loving memory of our dear husband and father, Arnold Miles Wheeler, who passed away suddenly on November 18th, 1918.

Inserted by HIS WIFE, FOUR DAUGHTERS AND TWO SONS, Sand Hill, Que.

IN MEMORIAM.

WORSTER—In proud and loving memory of our dear husband and father, Pte. William Charles Worster, who fell in action, at the taking of Regina Trench, Nov. 18th, 1916.

"And as the years go by may we remember all the while."

Inserted by HIS WIFE AND CHILDREN, Lenoirville.

IN MEMORIAM.

In loving memory of our dear sister, Viola Seina Main, who died Nov. 15th, 1919.

Dearest sister, you have left us, And thy love we deeply feel, But our loss is your gain, In Heaven we hope to meet again.

FATHER, BROTHERS AND SISTERS, Bishop's Crossing, Que., Nov. 18, 1919.

GERMANY FAILED TO CULTIVATE PRES. WILSON

Count Von Bernstorff Says United States Would Have Remained Out of War if President's Mediation Had Been Accepted.

(Associated Press Despatch)

BERLIN, Nov. 18.—In a statement to the press, published yesterday afternoon, Dr. Helfferich, former vice-chancellor, upholds his refusal to answer a question submitted to him by Deputy Cohen on Saturday, saying that Herr Cohen accepted money from M. Joffe, former Bolshevik ambassador to Germany, and quotes the official Wolff Bureau as declaring that Herr Cohen in December, 1918, stated he had gladly accepted Russian money for bringing about a revolution in Germany, and had used it for that purpose.

An attempt was made to fix the blame for the sending abroad of the text of former Emperor William's speech in Alsace on the eve of the German peace proposals in December, 1918. This resulted in the discovery that the original order issued to the Wolff Bureau was destroyed during the occupation of that organization's offices by the Spartacists last winter. The sub-committee desire to fix the responsibility for publishing the former emperor's declaration that Germany would be satisfied only with a "victorious peace" at the moment Dr. von Bethmann-Hollweg, the then imperial chancellor, was planning a peace proposal, and a controversy ensued between Dr. Helfferich and Deputy Bon, the latter charging the German Government with a failure to cultivate President Wilson, who, it was said, "was a different individual later on than at that time might have been over at the attempted peace action."

Count Von Bernstorff, former German Ambassador at Washington, declared the United States would have remained out of the war if President Wilson's mediation had been accepted whereupon von Bethmann-Hollweg exclaimed:

"Even the United States in the war did not make Versailles peace necessary. I did not desire to participate in a battle for the soul of President Wilson, and in view of all elements entering into the situation, I could not conscientiously surrender Germany unconditionally to the President's promised peace undertaking late in 1918 and early in 1917."

OPERATORS ASK FOR ANOTHER POSTPONEMENT

Negotiations Between Miners and Operators Still at a Standstill.

(Associated Press Despatch)

WASHINGTON, Nov. 18.—Negotiations between bituminous coal miners and operators in the central competitive field continued at a standstill today, the operators again obtaining postponement of the joint conference of wage scale committees on the ground that their counterproposal had not been completed.

The operators were said to be considering very carefully where the money to pay wage increase would come from, and the possible effect the granting of the workers' demands might have on the future control of the mines. Assurance will be sought from several Government departments before reply is made to the miners' demands for increased wages and shorter hours.

Persistent rumors that the operators had asked for a conference with Fuel Administrator Garfield, to learn how much an increase in the cost of production to wage advances could be passed on to the consuming public, were denied again today by Dr. Garfield.

The possibility of Federal control of the mines in cases of popular disapproval of higher prices of coal was said to be receiving the close attention of the operators.

REV. FATHER LANGLOIS DEAD.

(Associated Press Despatch)

STURGEON FALLS, Nov. 18.—The Rev. Father Charles Langlois died yesterday at his parish home here after a brief illness, following an attack of paralysis.

Deceased was born in Lotbiniere, Que., and was educated in the Quebec Seminary. Last June he celebrated the silver jubilee of his priesthood.

CITY BRIEFLETS

ST. ANDREW'S YOUNG PEOPLE'S SOCIETY.

The young people of St. Andrew's Society met at the regular weekly meeting last evening, with the president in the chair. After devotional exercises conducted by the president and different members of the Society, a discussion took place on the "Value of a Vacation."

Papers on holiday experiences were given by Misses Elva Orwell, Margaret Mitmore, Grace Wilkie, Irene MacPhail, Mr. Gordon Mey, Mr. Lorne MacLean and Rev. Alfred Bright. The papers and addresses dwelt on many interesting incidents in the Eastern Townships, the Lower St. Lawrence, New England States, and cities of Ontario.

Next Monday evening the Society will be addressed by Rev. E. C. Russell, on "Duties of Citizenship."

MARCOTTE & PELLETIER

NEW IRISH SCHEME HAS BEEN APPROVED.

(Associated Press Despatch)

LONDON, Nov. 17.—A bill embodying the cabinet committee's report on Ireland is nearly ready and will be presented in the House of Commons in about a fortnight, says the Daily Mail. It adds that the Chief Secretary for Ireland, J. J. Macpherson, has told friends that the scheme for two legislatures with a supreme central Senate has been unanimously approved by the cabinet, and that the recent statement that the committee had presented majority and minority reports was untrue.

NEW YORK GIVES PRINCE OF WALES HEARTY WELCOME

Formal Welcome of City Extended to Royal Visitor By Mayor Hylan.

(Associated Press Despatch)

NEW YORK, Nov. 18.—Nearly an hour before the Prince arrived at Jersey City this morning, the section of the Pennsylvania terminal reserved for his train had been cleared of all spectators. Three hundred soldiers of the thirteenth United States Infantry and a band were posted as a guard of honor from the tracks to the water's edge, where the boats that were to take the Prince to New York were waiting.

The band played "God Save the King," as the Prince stepped from the train. The Prince quickly brought up his hand to a salute and kept it there while the anthem was played. A minute later, when the "Star Spangled Banner" was played, the Prince again stood at salute. Major General David E. Shanks, and Brigadier General P. W. Davison welcomed the Prince in the name of the army, while Admiral Clemen, commanding the Third Naval District, was present as the representative of the navy. Officials of Jersey City were among the welcoming committee.

There were no decorations on the pier, the guest of honor and 150 uniformed Jersey City policemen landing the only touch of color to the occasion. The reception at the pier was an informal one, the formal welcome of the city of New York being extended at the battery, where the Prince and his party were taken in barges off the battleship Pennsylvania, the flagship of the Atlantic fleet.

A cheering throng greeted the Prince of Wales as he stepped from the barge at Battery Park at eleven fifteen. After a brief exchange of greetings with the Mayor and the reception committee, he was driven in an automobile through the financial district up Broadway to the City Hall, where the formal welcome of the city was extended by Mayor Hylan.

Thousands of people were massed on the City Hall plaza as the Prince's party drove through. The British flag and the American flag shared equally in the decorations over the portals and in the aldermanic chamber, where the official ceremonies took place. The police band played during the ceremony.

FAREWELL BANQUET AT HALIFAX.

HALIFAX, N. S., Nov. 18.—The Prince of Wales, who will come to Halifax on the H.M.S. Renown from New York, sailing from the United States port on Saturday, November 22, will be tendered a farewell banquet by the Canadian Government at the Halifax Club on Monday, November 24th. Invitations have been issued for a luncheon on the Renown.

TEMPERANCE WORKERS HELD CONVENTION

Annual Report Declares that Some Members of Medical Profession are "Continuously and Notoriously Violating" Prohibition Act.

(Canadian Press Despatch)

FREDERICTON, N.B., Nov. 18.—The executive of the New Brunswick Temperance Alliance Council convention reviewed the work that had been carried on in the province during the past year, both in enforcing the Prohibition Act, as well as in organizing for the referendum on prohibition which is anticipated at an early date in New Brunswick. The report also declared that "unfortunately there are members of the medical profession who are continuously and notoriously violating" the Prohibition Act in the issuance of prescriptions, and recommended that the names of notorious offenders should be published and that the Medical Council should take action.

On the subject of the sale of extract, the report declared that some manufacturers were "evidently manufacturing and selling it for the purpose of its use as a beverage." Reference was made to the fact that certain magistrates persist in imposing only minimum penalties for convictions, and recommendations are included that persistent violators be given the full penalty of imprisonment.

Towards its conclusion the report, after praising the work of Chief Inspector Wilson, says: "In view of the many and persistent efforts to discredit the law and to prevent its proper enforcement, and in view of the prospect of a referendum, the Alliance would urge upon all friends of temperance the necessity of presenting a united and aggressive front, so as to ensure a crowning victory."

FINANCIAL AND MARKET NEWS**In The World Of Finance**

(Furnished by F. B. McCurdy & Co.)

GOSSIP OF THE MARKET.

The House passed the Esch Bill yesterday to regulate the railroads after their return to private ownership, but adjournment is expected in a day or two, and the measure will go over until the regular session of Congress for adoption after conference with the Senate. The same submission to labor was in evidence as all the force of the labor provisions was taken out of the bill and only voluntary arbitration remains. It is evident that the railroad situation is still very uncertain as a complete change in the character of the legislation might very well be witnessed before it is passed.

The movement in the railroad stocks has not continued with much spontaneity and it is fairly safe to conclude that a considerable part of the recent buying has been merely speculative.

The coal situation is still very open. Reports that the operators are reaching a decision to offer the men from ten to twenty per cent. increase in wages.

Despatches from Washington regarding the Peace treaty are encouraging this morning and suggest the possibility of a compromise between the President and the Senate Republicans.

The stock market is still under the influence of the money situation, and the prospects are improvement in rates will only be temporary.

NEW YORK PRESS MARKET COMMENT

(Furnished by McManamy & Walsh.)

Wall Street Journal—Bears seized upon Southern Pacific decision as a pretext for a general attack upon prices, but the decision handed down as a matter of fact, was a minor one. Union Pacific was the real leader of the railroads.

Times—The course of the market indicated there was selling on the rallies, part of the pressure coming from disposal of long stock which was carried over the smash.

Sum—Prices opened irregularly and numerous individual stocks were offered down again in fairly good supply. The selling movement, however, was confined pretty much to the active trading agents, whose main idea is always a profit.

BUY AT T. VINEBERG'S

147 WELLINGTON ST.

Beer "Improves."

Bottled beer that was said to be 2.75 per cent. when it left Milwaukee registered from 5 to 15 per cent. alcohol when it was delivered in Chicago. The trucks had been left standing for many hours in the sun, and chemist says that the sun's rays would cause unpasteurized beer to ferment to such a degree that bottles would explode.

No Such Waste Now.

You never see a child any more whose mother has been so wasteful as to permit it to run about the streets with blackberry jam all over its face.

An Indian Motor Road.

Although the 89-mile road which climbs from the plains of India to the summer resort at Shillong, some 5,000 feet above sea level, is as hard a road for automobiles as one would be likely anywhere to encounter, precautions have been taken that make it probably as safe a road for motorists as any in the world. The road is one of many a twist and turn, steadily climbing at a steep gradient, and with many a blind curve. To make it safe for traffic has required unusual precautions both in making road rules and in securing their proper observance. A schedule has been arranged for up and down cars, and gates which bar the road when not lifted are placed at intervals, while roadside admonitions, impressively worded so that those who ride may read, are a frequent part of the landscape. During the day the road is used chiefly for automobile traffic, an indication, by the way, of how rapidly motor cars are taking the place of the old-fashioned bullock and camel carts and the one or two horse tongas which not long ago were the only means of transportation on the Indian highways. A picturesque feature of the road, for that matter, is the sight of the bullock carts which have halted at the sidings and are waiting for the coming of night to continue their journey.

CANADA WENT OVER THE TOP IN VICTORY LOAN

Total Subscribed, According to
Figures Announced Last Night,
Was \$673,199,790.

(Canadian Press Despatch)
TORONTO, Nov. 18.—The grand total subscribed by the Dominion to the Victory Loan was \$673,199,790, divided up as follows:
Ontario, including Toronto, \$354,624,500.
Quebec, including Montreal, \$161,102,200.
Other provinces:
British Columbia, \$35,000,000.
Alberta, \$16,181,090.
Saskatchewan, \$20,000,000.
Manitoba, \$40,542,000.
New Brunswick, \$14,750,000.
Nova Scotia, \$28,000,000.
Prince Edward Island, \$3,000,000.
City of Toronto, \$146,379,500.
City of Montreal, \$126,102,200.

There is a slight difference in the above report for Montreal and the result announced locally.
Announcement of the Victory Loan returns from all sections of the Dominion was made at a gathering of almost 3,000 people in Massey Hall here last night amidst great enthusiasm. Sir Henry Drayton, Dominion Minister of Finance, was present and announced the figures for the various provinces, the Dominion and Montreal. Previously the Toronto figures had been declared and some time before Sir Henry had reached the point where he was to disclose the grand total and Montreal's contribution thereto, there were shouts for the Montreal results. "What has Montreal done?" "Tell us about Montreal." These cries became so insistent that the Finance Minister without unnecessary delay relieved the tension. His announcement of Montreal's figures was greeted with vociferous cheering, and even the splendid total for the whole of Canada was not more rapturously received, as intense rivalry had existed between Toronto and the Metropolis.

"Every province in Canada has gone over its objective," Sir Henry Drayton stated, amidst great enthusiasm. Sir Henry himself was the object of a very hearty welcome, and the news he gave was naturally very pleasing to the gathering. "There were great Victory Loan workers everywhere in Canada," he said. "In the west they have their own troubles. They have an unusually early winter, roads practically impassable, yet they have done splendidly."

Montreal and Island district yesterday went over the top with such emphasis that the top was forgotten with the manner in which millions toppled over each other at the final meeting of the Victory Loan campaign at the Windsor Hotel last evening, which furnished an assembly full of incidents sufficient for a dozen ordinary meetings. With an original objective of \$63,000,000, the last official report turned in to the executive on Saturday as for the 14th

PREMIER BORDEN WILL RETURN AT END OF MONTH

Discussed the European Trade
Policy With Lloyd Harris, Chief
of Canadian Trade Mission.

(Associated Press Despatch)
MONTREAL, Nov. 18.—A despatch from Ottawa says:
Sir Robert Borden will probably return home before the end of this month. He is much improved in health, and on his return will immediately plunge into Cabinet reconstruction and the next session of the programme. At present in the United States, in addition to the Prime Minister, are Hon. N. W. Rowell and Hon. G. D. Robertson, at Washington, and Hon. J. D. Reid and Hon. J. A. Calder. These ministers and Lloyd Harris, chief of Canadian European Trade Mission, have all been in conference with the Prime Minister. With Lloyd Harris the Premier discussed our European trade policy, the reorganization of the Canadian High Commissioner's London office, and the successor to Sir George E. Foster as minister of trade and commerce. Sir George on his return from overseas asked to be relieved of his portfolio. He was offered the Lieutenant-Governorship of Ontario, but declined this appointment.

Sir George Perley, high commissioner, desires to return to Canada. On his retirement it is the general desire among industrial leaders in Canada that this office will be reorganized and its commercial scope increased. For this purpose it is felt that one of Canada's industrial leaders should be appointed. At present the supervision of Canada's European trade is under Lloyd Harris' special trade mission, but there must be some permanent organization secured, and the most feasible method is the reorganization of the High Commissioner's London office. Those mentioned for the position are Sir George E. Foster, Sir Charles Gordon and Lloyd Harris.

UNPLEASANT PEOPLE
Mrs. Crubley met her bosom friend in Big & Bulkeley's.
"How do you like your neighbors?" asked the friend.
"Not a bit," said Mrs. Grumbley, who was buying a hat for her little boy. "You see, they don't like children."

"How do you know?"
"They hurt Clarence-pet's feelings dreadfully. When he throws stones at their dog or plays the hose on their windows they look real crossly at him."

was \$98,009,150. When the cheers subsided after the final meeting last evening, it was found that the total for Montreal District was \$126,072,900 from 95,662 subscribers.
This was coupled with a report from the Provincial Campaign Executive that they too had gone over the top with a total to date of \$35,000,000.

SHERBROOKE'S VICTORY LOAN HONOR FLAG

Gains Total of \$1,400,000 at
Eleventh Hour, Which Gives Her
Right to the Banner.

At the eleventh hour, after a week of Herculean labor, Sherbrooke county last night won its honor flag in the 1919 Victory Loan, with a total of \$1,400,000, which gives the right to a banner, although the total quota assigned was \$1,650,000 for the county. A certain percentage under this allotment is, however, allowed.

Two large subscriptions, in addition to those published, were received late yesterday, and added materially to the reaching of the total. One of these was \$10,000 from St. Charles Seminary, and the other \$5,000 from W. R. Webster, as an additional subscription, he having already taken a similar sum.
Lennoxville gained a figure of \$100,800, giving them their honor flag with a plume, their quota having been \$80,000.

The special names committee, with Messrs. J. H. Walsh and James MacKinnon as chairman, had, of course, the largest total, with \$435,450, while the miscellaneous team, captained by Messrs. E. Graves and A. McManamy, including all persons not covered by the other teams, came second with \$267,850.

The industrial team, with Messrs. Steele and Genest as captains, came next with \$185,000, while the merchants' team, headed by Messrs. Lavis and Rosenbloom, reached a figure of \$157,350. The county canvassers, Messrs. McGannon and McAnulty, tured in \$51,000, while the remainder of the subscriptions were mainly through the various banks.

GREAT WORK IN TOWN-SHIPS.

Wolfe County has exceeded its objective, and will probably exceed it by \$25,000. It is over the total obtained last year, and will probably equal the combined total of the first and second Victory Loans.

This is a splendid showing and great credit is due Mr. Edouard Laumiere and J. A. Poitras, and the wonderful support that Mr. Charles Bienvenue, seconded by Messrs. Parent Brothers, and the good work of the two special canvassers appointed for D'Ipswich, Mr. Labrecque and Mr. Roy.

Compton County's good showing this year is due to the good work of the Executive, and the splendid subscription of one Lieutenant-Colonel, who is well known in the County.

Frontenac County is fortunate in having men like Mr. Stearns and Mr. Huard, who are aiding the organizers in every way possible.
Megantic County is still the standard bearer in No. 8 Division and its chairman has again helped the cause with a splendid subscription.

Wolfe was the great surprise this year, due in a great measure to the hard work of the organizer, Mr. Edouard Poitras, and the able support which the leading men of Bonaventure County have given.

The year more than double the combined subscription of the former two loans.

DESTROYS THE OYSTERS.

Heavy Loss Is Caused By the Starfish.

Much has been learned within recent years about the starfish, which annually destroys nearly 1,000,000 worth of oysters in Long Island sound.

Its eggs, spherical and very minute, lie on the bottom until hatched, whereupon the young swim about for some days before attaching themselves to convenient blades of eel grass. Then they undergo a rapid transformation, assuming the adult shape.

For experimental purposes they have been artificially reared; and it was proved by one trial that a young starfish one-fourth of an inch in diameter, put in a dish with fifty-one baby clams, each as long as one of its arms, could gobble up nearly all of them in a week.

How does the starfish manage to kill and eat an oyster? It is a puzzle that has only recently been solved. The creature forces the oyster open by sheer muscular strength, a fact which needs explanation in order to make it believable.

The starfish's arms are covered on the under side with little suckers. Embracing the oyster it applies two or three of its arms to one valve of the shell and the remaining ones to the other valve. Then, by merely stretching its arms (the suckers holding fast), it tries to pull the valves apart.

Now the oyster is equipped with a powerful muscle for keeping its shell tight shut when it wishes. This muscle is the part of its anatomy commonly, though mistakenly, called the heart. Its strength may be judged from the difficulty one finds in opening an oyster, unless one happens to be skilled in the art.

But even the strongest man may succumb to a moderate muscular strain if the latter be kept up long enough, and thus it is with the oyster. The starfish keeps on pulling, and finally the unfortunate bivalve is obliged to yield. Its shell opens and the enemy proceeds to devour it.

In the centre of the starfish's body, or under side, is a small hole. This is its mouth, through and out of which it is able to project and extend its stomach to a distance equal to the length of one of its arms. The stomach turns itself inside out, envelops the fleshy part of the oyster and digests it as it lies in the shell.

The oystermen used to chop in two the starfishes they caught and throw them overboard, but they gave up this practice when it was ascertained that the halves were liable to develop new arms and thus render themselves complete. It was a way to make two starfishes out of one.

Young Wife: Oh, Jack, you don't mean to say that you've found a flat? Husband: Not exactly, dear; but we're pretty fortunate. We are first in after a couple who have just taken it for three years.

MEETING OF CITY COUNCIL

(Continued from page 1.)
tion and power conditions. If the city wished to give away money, why not bonus some of the faithful present industries, the product of local brains. Charity begins at home. The letter was "read and filed."

The discussion on the various by-laws took up various points in their structure and purpose, the street line by-law being a technical proposition and hence taking up most of the time. The figures, specifying the distance from the street line, in each case, were corrected, and the by-law finally put in shape.

It and the others will come before the adjourned meeting next Monday night.

THE THEATRE TAX QUESTION.

That the proprietors of local theatres and places of amusement, must go to the legislature, if they wished a commission for the sale of theatre tax tickets, was the decision of the Finance Committee, as read in a report by Ald. Fortier, the chairman, and approved by the council. Messrs. James R. Duncan, J. A. Bayeur and Rodolphe Vallee recently made a petition to the council, asking that the tax tickets be sold to the theatres at a right slightly lower than the sale price so as to repay them for their trouble in collecting it. This method had been followed when the tax went to the Province, and the proprietors asked that the municipality follow suit.

The reply of the Finance Committee is that no such commission is allowed for under the law, 9 Geo. V., 1919, Chapter 61, and that the managers would have to go to the legislature if they wished a change.

The Finance Committee report further recommended the investment by the city in \$50,000 worth of Victory Bonds, and also recommended that no dealings be undertaken at present in regard to the investment of the city's sinking fund with the Quebec Trust and Savings Company.

The Waterworks Committee report, read by Ald. Edwards, granted the request of Chief Couture, that by-draws be purchased. The chief had asked for forty-two, but the committee had thought fifteen sufficient for the immediate needs, and asked that appropriation for these be made out of the 1920 budget.

MANY COMPLAINTS RE STREETS.

A report of the Roads Committee, read by the chairman, Ald. Ludger Forest, contained a clause in regard to the many complaints that have been coming in in regard to the condition of Drummond and Short streets, where the Sherbrooke Railway and Power Company were laying tracks. So seriously had this work interfered with the traffic that circulation on these streets was sometimes held up for days at a time, and the secretary-treasurer was instructed to write to the company calling upon them to repair the streets as they laid the tracks. The company would be held responsible for all damage.

The wall on Pine street west, put up by the E. T. A. A. had tumbled down, and must be repaired, and until such time as the wall was erected in a permanent manner, the committee could not recommend the payment of any portion of the cost thereof.

The gravel pit affair was revived in this time same report, when Ald. Forest read a clause stating that through an error, Mrs. William Brault had been twice paid an account of \$537, for gravel sold to the city. It was moved that Mrs. Brault be asked to refund the overpayment, or if she refused, that the matter be referred to the city attorney for action.

"What is the explanation of the double payment?" asked Ald. Edwards.
"It was merely a mistake," replied Dr. Forest.

"It was not a mistake. Ald. Brault interrupted, 'the account was never paid at all. The fact that Mrs. Brault is now suing the city for the amount shows that. It is a matter of proof and will be decided by whoever happens to be on the bench.'"

Various other matters of minor importance were taken up. A letter from the street railway company complained that two of the manholes were built two inches above the level of their rails, and would not permit the passage of the snow plough. The matter was referred to the roads committee, as were complaints from J. M.

"The Old Store with the Young Spirit"

CORRECT!

The single-breasted frock or morning coat is a handsome garment when properly styled—otherwise it's more or less of a joke. Good tailors will tell you that it is the real test of tailoring. 20th Century Brand morning coats are the choice of discriminating dressers. Study the fine lines of the illustration.

The Mineral Wealth of Quebec

The outstanding mineral of Quebec is Asbestos, of which this province supplies a high proportion of the entire world's supply. In 1918, for instance, Quebec's output was valued at \$9,019,899.

During 1918 the total value of the mineral taken from the mines of this province was \$18,707,762, of which \$5,340,987 was for Building materials.

Copper and sulphur ore figured high—\$1,319,690, whereas Zinc and Lead ore showed only 7,663 tons, with a valuation of \$175,094 for the year.

What grounds are there, then, for expecting Quebec to take a leading place in the world's production of those essential metals—

Zinc and Lead

The discovery of what is now known as Federal Mines will mark Quebec's real entry as a Zinc and Lead producer!

True, as shown above, there has been a certain amount of these metals mined before this, but the comparatively poor quality as well as quantity of the ore available, made Quebec a small factor in the world's markets.

When the Federal properties commence production on a commercial basis, their position will be dominant. The rich masses of highest grade ore are found in deep fissure veins, not in pockets, as in the Joplin-Oklahoma mines.

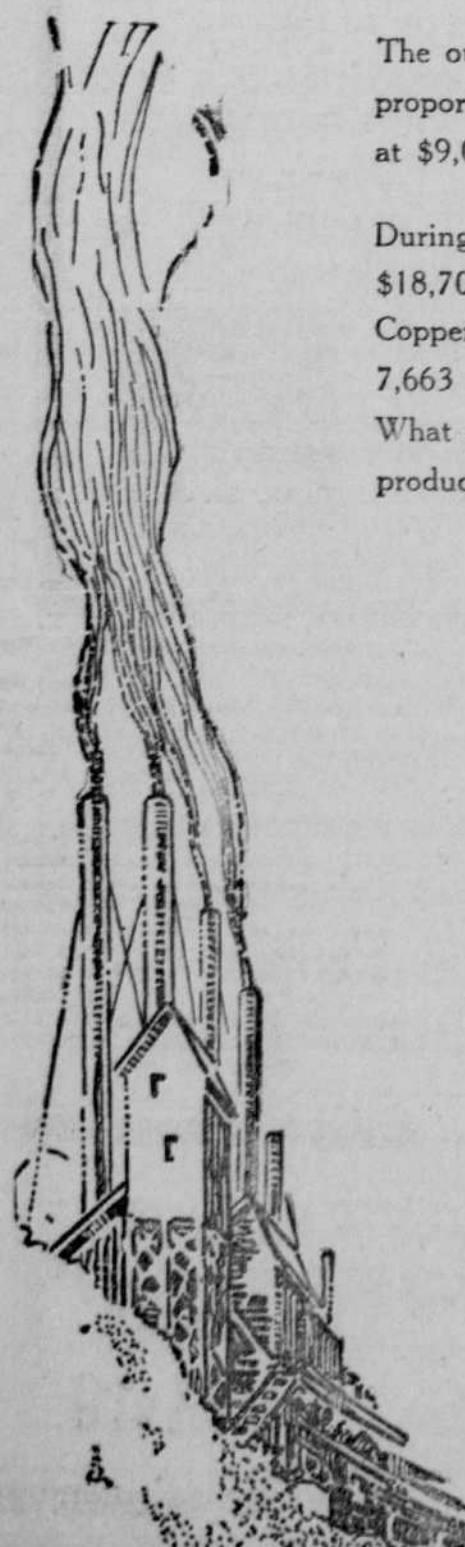

Tons and tons of ore, with the bright Lead Sulphide and the yellow Zinc Blende standing out in contrast to the dull rock, have been taken out with pick and shovel! Some of these samples will shortly be on view at 244 St. James Street, Montreal. But Federal Mines is no pick-and-shovel enterprise. It will be developed, as it warrants, with the most modern machinery, mining and milling.

And all this takes money.
