HSSC NEWS

SOME NEWS FROM THE MULTIDISCIPLINARY SERVICES DIRECTORATE (MSD)

We've added a section, *Internet Links*, on the DSM's intranet where you'll find useful links such as those of professional corporations, associations and the Ministère. We've also recently posted information under the *Professional Practices* section concerning the adoption of Bill 21. On the DSM's main page, you'll see that the Ordre professionnel des travailleurs sociaux du Québec (OPTSQ) has changed its name.

The DSM's intranet is an excellent communications tool, so we invite you to check it on a regular basis to remain up to date. If there is some information that you'd like to see there, feel free to let us know.

A GIANT STEP TOWARDS SUSTAINABLE DEVELOPMENT!

The Energy Efficiency project was officially launched on April 17, 2009. Concerned with offering a healthy environment to all, the Technical Services Directorate gave the green light to several projects that will effect the electromechanical installations of the Hospital and the CLSC de Pierrefonds. Changes have already been made to the lighting, and the drilling of a geothermal well is currently underway. Work in the machinery room on the 6th floor is planned for September. The project, carried out over 12 months, will represent savings of \$494,961 a year or 38,711 GJ, which amounts to a reduction in greenhouse gas emissions of 1,982 tonnes of CO₂ or 619 cars a year.

GOOD PRACTICES IN LOTUS NOTES

Properly target the recipient of your message

An efficient message is simple, clear and concise. Take the time to review your mailing habits. A recipient who is part of a huge mailing list feels much less concerned by your message. Doing a regular update of the names that are part of your group e-mailing lists can help reduce the number of e-mails sent unnecessarily.

FOUNDATIONS

LAKESHORE GENERAL HOSPITAL

The Lakeshore General Hospital (LGH) Foundation will be holding many exciting events in the approaching months.

The 9th Annual Lakeshore Ball will be held on October 24th, 2009 at the Château Vaudreuil. This year, the event will have a classic theme, evoking elegant evenings from a timeless era. The ball is a magical evening of elegance, superb dining, dancing with music by Paul Chacra Entertainment, complete with valet parking and a comprehensive silent auction. This enchanting and memorable event is one of the West Island's most desirable social events of the year.

On May 25th, we held our annual golf tournament, The Nick Di Tomaso LGH Foundation Golf Tournament at the Beaconsfield Golf Club. The event sold out, raising approximately \$100,000 for health care in the West Island.

In addition, the Annual Duck Race was held on June 13th, 2009 at the Sainte-Anne-de-Bellevue Lock, and the first ducks across the finish line won an assortment of prizes – better than ever before! The first prize winner, Sebastian Ducasse of Saint-Laurent, drove home a 2009 City Golf provided by Des Sources Volkswagen.

All of our events will raise funds to develop and maintain health care excellence in the West Island and beyond. We look forward to seeing you at each of our events! We always need volunteers for our events. If you would like to volunteer or for more information about our events, please contact the Foundation office at 514 630-2081 or at info@fondationlakeshore.ca.
