

City seeks \$4,711,000 loan

Examiner

VOL. XXXVI, No. 23 MONTREAL, FRI., JUNE 7, 1963 35 CENTS 16 PAGES

SPLASH!

Now for a cool dip! It was a big event for children in Westmount (and even their parents) when the municipal pool opened for the 1963 season last Saturday, on one of the hottest days of the season. City officials call the pool "an outstanding success," and from the size of the turnout last week end there is certainly no reason to doubt this. In the six weeks it operated last year, it had an attendance of 30,529. New bath house facilities were completed during the winter.

Response to Leja Fund spirals

The Walter Leja Fund now stands at \$2,357 and response is spiraling, day by day, it was reported Thursday.

The fund was established on May 27 by the Westmount Municipal Association to aid the 42-year old Sergeant-Major, injured last month by a terrorist bomb in a Westmount mailbox. Mrs. Phyllis Lee Peterson, chairman, described the response to date as "heartwarming."

Sergeant-Major Leja is steadily gaining strength and giving doc-

tors confidence that he can make a good recovery from his injuries. His condition, nevertheless, is still regarded as "serious." Leja's hand was amputated and (Continued on page 6)

No approval yet for new police station

Approval by Westmount City Council of the new Police and Fire Station was delayed Monday as City Engineers recommended a number of last minute changes, the Examiner learned this week. Extensive plans and a scale model of the new building to be located on Stanton street were to have been considered by Council.

Architects for the project, Perry and Patch of Montreal are now working to complete all plans in the next two weeks. It is believed that the plans will be given immediate consideration, upon completion, without waiting for the monthly Council meeting. Tenders will be called for as soon as approval is given. (Continued on page 16)

Next week's weather

June 8 to 15

Mornings bright, cool and misty. Valley fogs. Nights frosty. Days very warm. Some evening thunder activity. Delicate plants should be protected along the Lakeshore, Hudson, Como and other low lying places. NOTE: Rapid dew evaporation can produce equivalent of a sharp frost. Risk of tobacco crop damage. Fog on both shores of the Gulf.

Temperature range this week 28-85°F or higher. Sunny and humid to end of week. Heavy rains are not unusual at this time — often cloudburst conditions for Ottawa, Montreal and Sherbrooke regions. Sunny, still warmer, weekend fishing good at dawn and in evening.

Provide funds for expropriation, new swimming pool

Westmount City Council has authorized the sale of \$4,711,000 in debentures to provide funds for expropriation in the Dorchester street area and for various civic projects, including a new swimming pool and a snow melting plant.

City Council gave first, second, and third readings Monday night to the loan by-law.

An elector-proprietor meeting as required by law will be held June 13 from 7.00 p.m. to 10 p.m. in the City Council Chamber to consider the by-law. If ten or more property-owners oppose it, a general poll must be held.

Most of the funds will be used to finance the expropriation of properties, and the demolition of buildings in the Dorchester area in preparation for widening the boulevard. The estimated cost of these works is \$3,792,000.

A City official said yesterday that all the properties affected by the widening on Dorchester had been acquired.

'Some need' for new swimming pool

The loan will also provide funds for a new municipal swimming pool at a cost of \$180,000. While no definite plans for new pool have been made, city officials do feel that the present pool at Lansdowne and Western is "a great success," and believe there may be "some need" for another in the future.

No specific location is presently contemplated, it was reported.

Also on Westmount's tentative agenda is the construction of a snow melting plant at an estimated cost of \$25,000 and the rebuilding of Lansdowne avenue from Western avenue to Sherbrooke street at a cost of \$34,000.

Residents of Lansdowne complained recently of "excessive vibrations" as their homes were shaken by passing trucks and buses.

Recover some of the cost

The loan will provide \$167,000 for the rebuilding of the Dorchester street roadway. This brings the total cost of the Dorchester work to over \$4 million, but the City hopes to recover a substantial part of this in re-sale of the expropriated properties.

The city also plans the construction of a fly-ash eliminator in the Glen, a taxi stand on St. Catherine street, a heating system for Victoria Hall, and a new sewer on Willow avenue extension.

The debentures will be issued in denominations of \$100 and shall bear interest at a rate not exceeding six per cent per annum.

They are payable half-yearly. The interest rate will be determined by a resolution of Council at the time of issue.

To meet the interest payments on all debentures the City may impose a special general assessment against the taxable immovable property of the whole City. It will be made each year, according to the valuation role in force.

Drury outlines plans for new ministry

Westmount's C. M. Drury, soon to be designated head of the federal department of industry has called upon Canada to become a "much more efficient and much greater producer of secondary manufactured goods."

Addressing the annual dinner of the Canadian Manufacturers Association, the Liberal member for St. Antoine-Westmount pledged the co-operation of the federal government with industry. "The new department will have the very practical job of giving every public service that a government can give to ensure the rapid and continued expansion of the Canadian Manufacturing Industry," he said.

Mr. Drury stated that equal opportunities in the economic field will be given to all parts of the country, through an "area development plan."

Manufacturers, he said, could expect other opportunities from forthcoming trade negotiations. "A general lowering of world trade barriers can contribute in a very effective way to the efficient development of Canadian industry on the basis of wider and greatly enlarged markets."

H. Roy Crabtree, 615 Belmont avenue, Westmount was elected president of the association.

Mr. Drury left for Washington yesterday to confer with U.S. Defence Secretary Robert McNamara at the Pentagon. Chief topic of discussion will be Canada's deficit in international (Continued on page 7)

Police nab two men at rear of restaurant

Acting on a phone tip Sunday night Westmount police caught two men in the act of breaking into Nick's Restaurant, 1377 Greene avenue.

The two men were discovered at the rear of the restaurant by Sgt. John Mackenzie, Constable Georges Garner and Romeo Gionet at 2:44 a.m. One man had a crow bar in his hand, it was reported.

An attempt had been made to force the back doors of four other neighboring establishments.

Sunday afternoon a watchman found an open door at the Steinbergs supermarket at Sherbrooke and Victoria. A cylinder of gas, used to feed a blowtorch was found inside near a safe. The safe had not been opened.

Police found no evidence of a forced entry and believe that the burglars had a passkey.

Westmounters may become 'TV stars'

A number of Westmount children and young people may soon become "TV stars" of sorts. Even their parents may get into the act.

A plan to put Westmount residents on television was initiated Monday night when City Council approved applications by three Montreal firms to run wires carrying closed circuit television throughout the city.

One firm, Cable TV Ltd., is considering the broadcasting of local sports events from Westmount park as well as plays and other activities at Victoria Hall. "This system is now being used (Continued on page 6)

2 St. George's graduates 11; principal retires

Graduation exercises will be held this afternoon at 3.30 at St. George's School, Westmount. A special ceremony will mark the retirement of Miss Agnes Matthews, principal of the school for 28 years.

The following students will receive certificates:

Richard Beardmore, Christopher Feindel, Susan Foster, Martin Frosst, Anastasia Gibson, Elizabeth Irwin, Howard Kaufman, Gabrielle Moquette, Joan Savage, Melinda Tipton, Brian Visser.

The exercises will be followed by a reception given by Mr. and Mrs. Frosst and a dance given by Mr. and Mrs. Moquette.

Speaker at the exercises will be Kenneth Hare, head of the Faculty of Geography at McGill.

Miss Agnes Matthews, whose retirement is effective July 1, came to St. George's in 1935 as Principal and has headed it for more than eighty per cent of its history.

Her experience in teaching has been wide and diversified, including work in rural schools, a country school, a city high school and summer courses for teacher training in New Brunswick and Alberta. At St. George's she has always been a member of the active staff, handling both elementary and high school subjects.

Active in the National Association of Independent Schools

and a member of the Quebec Psychological Association, she is widely known as a speaker on education. Her administration at St. George's has been marked by the introduction of novel teaching methods which have later gone into wide use.

Miss Matthews plans to continue as a specialist consultant in the field of education.

Succeeded by Raymond Lester

Mr. Raymond Lester, her successor, will take up his duties on July 1.

He was educated at Hustpierpoint College in England and received a diploma in education from the University of London.

His teaching experience includes seven years in the U.K. at preparatory, grammar and state schools, and the Headmastership of Cokethorpe School.

He came to Canada in 1955 and served for two years as Principal of Hazenmore School in Saskatchewan. Since 1959, he has been Lower School Headmaster at St. John's-Ravenscourt Court School.

Mr. Lester, 35, is married and has three children of school age.

St. George's, a non-denominational, co-educational school is owned and operated by the parents. It has, this year, a total enrollment of 267.

AROUND WE GO

Miss Penelope Pasmore of Westmount and Mr. René Boulay took a test ride on the miniature carrousel loaned to the Junior Associates of the Montreal Museum for their Champagne and Strawberries dance, June 7. A fund-raising event, the party will also mark the fifth anniversary of JAMM who, over the past five years, have organized over 40 exhibitions and in excess of 125 special events and cultural activities. 'Carrousel' is the central theme of the dance which will be held in the gardens of the Museum and at the Stable Gallery.

Seven teachers to leave WHS

By Marcy Pelly

Seven teachers at Westmount High School are leaving this year, some to retire, others to take up new positions. Many have given years of service to the school and will be long remembered by students and former students.

Leaving this year are: Mrs. J. Ryan, Miss R. Smith, H. Johanssen, Miss M. Surprenant, Miss D. Jones, A. Blunt, R. Veysey.

H. Johanssen, after eleven years at Westmount, is retiring from the office of head of the Industrial Arts and Technical Drawing departments.

Mr. Johanssen was educated at the High School of Montreal, and then continued his studies at Queen's University, Kingston, and Macdonald College. He has spent the past thirty-four years teaching in the province of Quebec.

He has no definite plans for the future, although, he has a farm, and he says that if he finds relaxing too dull, he may go some farming.

Mr. Johanssen's two daughters, Donna and Joyce, both of whom attend Westmount High, are graduating this year. Both are honor students and intend to go to McGill University.

Mrs. J. Ryan is also retiring this year, from the English department. She taught for some time both at Roslyn School and at Westmount High.

Born and educated in Westmount, she received her Bachelor of Arts degree at McGill University. Mrs. Ryan plans to do some travelling and sight-seeing.

Miss R. Smith is also leaving the English department of Westmount High. She has been promoted to head of the English department at Montreal West High School.

Miss Smith was born in Canada, but grew up and was educated in Georgia. After receiving her BA from Queen's University, Charlotte, North Carolina, she did post graduate work at the University of North Carolina.

Industrial Development Board needed —D. N. Byers

All island municipalities should join with Montreal to create a politically-independent industrial development board for the entire Montreal area. D. N. Byers, Westmount alderman and retiring president of the Montreal Board of Trade said last week.

Mr. Byers who lives at 618 Belmont avenue, is Westmount Commissioner of Public Health and Welfare.

Speaking at the annual meeting of the Board of Trade, he stated that the urgency of promoting regional industrial development had been seen by many other Canadian cities, notably Halifax and Winnipeg. "They have coped with the situation very successfully," he said.

The idea of creating an industrial development board in Montreal is not a new one, but City officials have always wanted to have a say in the organization, he stated.

"Experience has shown that this is not a job for the politicians —and can probably only be done adequately by representatives from business and industry."

Nancy Townsend receives B. Ed.

A Westmount resident, Nancy Townsend, was among 2479 students who received degrees Wednesday from Boston University during combined Baccalaureate and Commencement exercises.

Miss Townsend, daughter of Mr. and Mrs. D. R. Townsend, 805 Belmont avenue, received the degree to Master of Education.

Westmounter sentenced for fur thefts

A resident of Selby street, Westmount was sentenced to 18 months in jail after pleading guilty to the theft of \$12,000 worth of furs from a Park avenue home on March 24.

Herbert Carney, 29, who gave a Selby street address, was picked up last month by Westmount police who found a number of furs in his room. He requested trial in Montreal court.

A native of Jamaica, Carney had previously been sentenced to three years in 1959 for an assault outside a downtown night club.

Two local bakeries raise bread prices

Harrison Brothers Ltd. of Westmount this week joined Wonder Bakeries in increasing the price of a 24 ounce loaf of bread by one cent.

While only the two bakeries with plants in Westmount have raised prices, other Montreal bakeries are expected to announce a similar increase soon. This means that a 24-ounce loaf will cost 25 cents.

Rising costs of flour and sugar were cited as chief reasons for the increase. "While absorbing sharp advances in the prices of sugar and other major ingredients, and other heavier costs including higher wages and gasoline taxes, since that time, the baking industry has seen its net profit drop drastically," a Wonder Bakery official said.

Selwyn House prizegiving set Tuesday

Selwyn House School in Westmount will hold its annual Prize-giving Day on June 11 with two sessions one in the afternoon at 2.30 p.m. and another in the evening at 8.15.

The Afternoon Academic Prize-giving will have Gordon A. Copping, MD, Associate Professor of Medicine at McGill University as Guest of Honor.

Guest of honor in the evening will be Hon. C. M. Drury, member of Parliament for St. Antoine-Westmount and Minister of Defence Production.

RMC graduates

Four Westmounters receive commissions

Four Westmounters, officer-cadets at the Royal Military College of Canada in Kingston graduate this week and receive their commissions.

Graduating are: Officer cadet Robert Carr, son of Mr. and Mrs. W. P. Carr, 445 Strathcona avenue; Dennis Apedaile, son of Mr. and Mrs. L. S. Apedaile, 483 Strathcona avenue; A. W. Gilmour, son of T. W. Gilmour, 462 Kensington avenue; and C. P. Beaubien, son of Mr. and Mrs. C. P. Beaubien, 50 Oakland avenue.

All are graduates of Westmount High School.

Officer Cadet Gilmour has completed a four year course in civil engineering at RMC and receives his Bachelor of Engineering degree and regular commission as a Flying Officer in the Royal Canadian Air Force.

Officer Cadet Beaubien has completed a four year course in electrical engineering and receives his Bachelor of Engineering degree and regular commission as Sub-Lieutenant in the Royal Canadian Navy.

For most of RMC's history, a diploma was granted at the end of a four year course. Since the War, the courses have been stiffened, and RMC now has full degree granting powers.

Honours and pass arts degrees are offered in English, French, History, Politics, Economics, Commerce, and Geography. Both honours and pass degrees are offered in Science; in Engineering, the options are Chemical, Civil, Electrical, Mechanical and Engineering Physics.

The military nature of the college offers two main benefits: discipline and leadership. The discipline is maintained almost entirely by the fourth year men, and is strict, especially for the first year.

The formal military program includes academic courses in tactics, leadership, military history, and public speaking. Through fourth year cadet officer appointments, cadet gain experi-

Annual Rotary Carnival opens at rink Tuesday

An annual event that has become almost an institution in Westmount begins June 11 — the Westmount Rotary Carnival at the Municipal Skating Rink.

Record breaking crowds are expected to attend the affair which will be open daily from 7.30 p.m. to 11.00 p.m., June 11-15 inclusive.

This year there will be over 25 booths and other attractions, featuring games of skill and chance, bingo, and novelty

booths. A 1963 automobile will be drawn for. (tickets are available from Rotarians or at the carnival.) Other prizes, all purchased new by the Club, include lamps, hampers, dolls, blankets and many more items. In all, over 12,500 prizes will be given away.

The Carnival was first started by the Rotary in 1939 and has been gaining in popularity ever since.

WE SAY

More than platitudes owed Sgt. Major Leja

A BRAVE man still battles for his life at the Veterans' Hospital. Sergeant-Major Leja, injured by a terrorist bomb in a Westmount mailbox on May 17, has lost his left arm and is still paralyzed on his right side.

We owe him more than platitudes.

We all must do what we can to show our gratitude for inspiring and unselfish courage on behalf of the public.

Money is a small return to Sergeant-Major Leja for his sacrifice for others — but it is at least one way of showing we care.

The need for leadership

THE president of the Investment Dealers Association of Canada, Mr. D. S. Beatty, recently raised a very significant point about political power in this country.

"Canada's 675,000 farmers are a strong political force as are one million and one half union members," he said. "I estimate that we have about 600,000 proprietors and managers of businesses and over a million security holders in public corporations. Surely here is a strong political force for us to mobilize."

The point that Mr. Beatty is making is timely indeed. Business and industry are frequently accused of employing pressure group tactics to further their own interests. Yet one quick look at the corporate income tax structure, at the maze of bureaucratic rules and regulations and the other red tape impediments to business should be sufficient to convince even the sceptic that no such group exists.

"Now as never before," says Mr. Beatty, "our country needs the services of those with talent for leadership." The Glassco Commission seems to agree. In one of its early reports it stated flatly that any private undertaking, run in the same manner as government conducts its affairs, would surely fail.

YOU SAY

Westmount needs more severe traffic code

Thank you for your editorial of May 17 entitled "Traffic Safety and Responsibility." I agree with it almost all the way. I would, however, urge a stronger tone, more severe punishments for the traffic offender.

You stated quite correctly that "the municipality can only provide the right facilities and the law enforcement to promote safety . . . The ultimate responsibility lies with the individual, through a healthy mutual regard between motorist and motorist, motorist and pedestrian."

No one could disagree with that. The municipality, for its part, can do a great deal, however. Westmount needs a more severe traffic code.

The traffic accident rate in Westmount remains high — and accidents cost untold human suffering and loss of money. The cost of car repairs and medical bills for the injured is high.

And an accident is often the easiest thing in the world to avoid. Safety and police officials repeatedly declare that knowledge and obedience of the law and simple safety rules could prevent almost any accident.

Nevertheless, these laws and rules are constantly disregarded.

The worst may be yet to come. Accident frequency, as it always does, seems to pick up at the end of winter, according to newspaper reports. The situation may become worse with the closing of the schools for summer vacation later this month.

Mutual co-operation is a fine ideal but the only way to cut down this rate is for the police to crack down — and crack down hard on violators of even the simplest traffic laws.

Practical

Many Westmount and West End artists are planning to exhibit their works at the mammoth "Ville Marie Panorama de l'Art", from June 13 to 24 inclusive, on the 41st floor of the cruciform building.

Many schools of thought will be represented at this non-

jury show, with masterpieces of some 50 sculptors, and paintings of 450 artists, among which 200 works are from artists listed at 20 recognized art galleries in Montreal and Quebec City.

One great pavilion will be used to exhibit figurative entries; and another will be used to exhibit non-figurative entries — displaying to the best advantage art pieces ranging in value from \$100 to thousands of dollars.

JEAN DESMARAIS, director of the exhibition, outlined his plans:

"This exhibition will be the most dynamic expression of living art in our time. The vitality of our Canadian artists is really stimulating, and many visitors will desire to own one of these originals."

"We are greatly honored to have as our guests at the opening of the show, Mr. Guy Fregault, deputy minister of Cultural Affairs, officially representing Georges Lapalme, Minister of Cultural Affairs, of the Province of Quebec; and Mr. Jean Drapeau, Mayor of Montreal."

"On behalf of the exhibiting artists, and staff members working on this show, I wish to extend my sincere thanks to the executive directors of Webb and Knapp for their co-operation in making this exhibition possible. This is a non-scheduled summer art event in Montreal, open to the public free of charge, from 10 a.m. to 10 p.m. daily."

Westmount to help pay deficits of other suburbs

Westmount has been assessed \$31,741 by the Montreal Metropolitan Corporation as its share towards making good the deficits of Ville St. Pierre, Montreal North, and Pointe Aux Trembles. This is part of the sum total of \$524,875, which is contributed by the eleven solvent municipalities on the island.

Montreal councilman flays Westmount's independence

Executive Committeeman, Alfred Filion of Montreal in an address Wednesday before the Societe des Oliviers is quoted as having assailed the independence enjoyed by such cities as Westmount and Outremont in the matter of Montreal's troubles.

"There exists too many factions isolated from the other . . . the parcelling of the island into a number of municipalities has been embarrassing. We have at our doors cities such as Westmount and Outremont who benefit from their privileged situation in the neighbourhood of Montreal."

"Most of the residents of these adjacent places have their business offices in the heart of our city. They draw from it a substantial revenue. And despite this they are not slow to criticize openly the administration in which they do not participate."

'Is That So, Mr. Filion?'

The Examiner, in addition to printing this story ran an editorial entitled: "Is That So Mr. Filion." It stated in part:

If outsiders are quick to criticize Montreal, one must bear in mind that they have ample grounds for doing so. Perhaps if Montreal were (Continued on page 11)

You Say... Right to appeal assessments is being denied

Local pupils collect for Rev. Martin Luther King

Sir: In the local press on June 3rd, the Protestant School Board of Greater Montreal published the City of Westmount valuations for the coming year. The valuations are the same as last year—i.e. the Municipal assessments increased by 40%, but this year there is an im-cordance with the terms of the Quebec Bill 17 Sec. 8 if a tax payer or a corporation paying into the Protestant or Neutral panels wishes to protest the valuations, they must appeal directly to the Magistrate's Court.

It has long been the accepted democratic procedure for citizens to first appear before a board of revision or some responsible official, with a final right of appeal to the courts.

Under the new law, a tax payer or corporation must hire a lawyer, serve a written notice upon the Secretary-Treasurer of the School Board by a bailiff and go to court if they wish to appeal their school assessments. This could be a very costly business. From the practical point of view the new act will, in effect, deny the right of the average Protestant or Jewish taxpayers to appeal any assessment.

Large corporations with legal departments and extensive real estate holdings will be in a better position. Furthermore, individuals and corporations with a record of successful appeals ever year for the past five years are also subject to the provisions of this Act.

For many years the political climate, the lack of information and apathy have made it difficult for citizens of Westmount to deal with special situations. Some people do not realize that we now have a new government in Quebec, ready and willing to review bureaucratic and undemocratic regulations.

What is needed now is a small but interested group of property owners with a will to study tax policies and laws effecting the rights of citizens.

Sir,
Our class has made a collection for the Negroes in Birmingham. Perhaps you would be so kind to publish our letter, which we sent along with the money, to the Rev. Martin Luther King.

Maybe other schools in Westmount will follow the example of St. George's School and come to the help of Birmingham Negroes.

We feel that their fight for human dignity is worthwhile to be helped.

Jane Reldan,
Grade VII,
St. George's School

The following is the text of the letter sent by the pupils: Dear Reverend King,

Grade VII of St. George's School (an all white school) has collected a small sum of money which we hope will help you in your wonderful fight for human dignity and equality.

The time was very short and being a small class we could not collect a large amount; but the money is really only a token of our admiration for you. We all wish you a great deal of luck in your struggle for the dignity and equality of the Negro race.

Yours sincerely,
Jane Reldan

Council honors late William F. Macklaier

Westmount City Council this week paid tribute to the late William F. Macklaier, QC, who served as alderman in Westmount from 1945 to 1949. Mr. Macklaier, 62, died two weeks ago.

Council unanimously expressed its deep regrets at Mr. Macklaier's passing, a man "who over a long period of years gave freely of his talents and rendered valuable services to many community endeavors not only in Westmount, but in the metropolitan area of Montreal and in the province of Quebec at large."

Mr. Macklaier who lived at 745 Upper Belmont avenue was prominent in Montreal law circles, president of the Montreal Children's Hospital and a director of many Canadian companies.

Dr. Penfield is honored

Dr. Wilder Penfield of Westmount was honored this week in Boston by the Peter Bent Brigham Hospital for "achievement in medicine for human-kind everywhere."

Dr. Penfield, renowned neurosurgeon, was the recipient of a gold medal paying tribute to his work as a leader "in the profound research for the seat of consciousness hidden in the brain's unknown realm."

Graduation dance for grade nine, but no one 'graduated'

By David L. Smith

Last Friday, the students of Grade Nine had an opportunity to experience the thrill of a graduation dance similar to that held by the senior school the week before. The occasion was the annual grade nine Graduation Dance. Started

when the Junior and Senior high schools were separated, this dance used to mark the occasion when students really did graduate from one school into another and more advanced one.

Since the two schools were amalgamated into one, last year, the tradition has continued, and for the past two years the dance has been held as a social event restricted to those who will be "graduating" into the senior grades.

Approximately 150 students attended and enjoyed themselves thoroughly. Many of the decorations, including the colored false ceiling, came from the senior dance; however, the theme this time was a Parisian one.

A quartet, trained by a Westmount music teacher, provided a wide variety of music, playing with considerable skill.

Refreshments were served by Grade Eight students. Tired or hungry dancers could have sandwiches and soft drinks, while seated at tables lit by electric candles.

The principals and a number of teachers attended; and, despite the heat, all seemed to have a pleasant time.

Track meet

On Thursday, the junior grades held their annual inter-house track meet. All students who were in good health took part. Three standards could be reached. A competitor in an event might score one, two, or three points, giving even poor athletes the chance to help their team.

The house system of inter-mural competition was introduced to the boys' physical education department at the beginning of this year, although it had existed previously among the girls. By it, all boys in the school are divided into four "houses," Theta, Sigma, Delta, and Phi.

Instead of classes competing against each other in intra-mural competition, houses compete. This simplifies record keeping, and also as, members from every class belong on the team, games do not have to be cancelled because of class detention, and more players are available from whom to select a team for a particular game. The field day

6 YMCA Day Camp to operate on International theme

Final preparations are now underway to provide the 9-13 year old boys and girls of Westmount and vicinity with a fun filled summer of activities July 2-August 9.

The YMCA's Summer Fun Club program will use an international theme around which will centre the sing-songs, arts, handicrafts, games, sports and trips and tours both in and out of Montreal.

One of the many reasons for choosing this type of theme lies with an increasing number of children from Westmount who vacation overseas. It was felt that youngsters would be able to appreciate countries they visit if given an opportunity, before hand, to learn the native customs and traditions.

"For those who do not have an opportunity to travel we hope to do the next best thing — bring the fascinating customs and traditions to them," explained Doug Harland, Assistant Director. At a recent staff meeting it was

decided to study three or four of the following countries: France, Denmark, Italy, Switzerland, China, and Finland.

Staff

The program will be directed by Ronald Watt, Youth and Community Secretary, who has been associated with the Westmount YMCA for a number of years and is a graduate of Sir George Williams University. The Assistant Director will be Douglas Harland who has been with the Westmount YMCA since leaving Toronto two years ago. Doug is presently a third year university student at Sir George and plans to take post-graduate theological studies in preparation for entering the Priesthood.

Assisting will be swimming instructors Chris Blair and Jon Bradley and twenty-two counsellors and counsellors-in-training. They are, for the most part, high school students chosen for their interest in working with children and in their various skills and experiences.

A typical week's program

The program operates on Mondays, Tuesdays and Wednesdays from 9 a.m. to 4:30 p.m. and on Thursday afternoons and Friday mornings. Swimming instruction is provided on Monday, Tuesday and Friday mornings in addition to an open swim period each afternoon.

This year special emphasis is being placed on non-swimmers. One of the camp's goals is to have every camper a swimmer. Youngsters will be learning the songs of foreign countries (in the

native tongues) during the morning assemblies. Arts and handicrafts along with the games and sports of the various countries completes the rest of the mornings' program. All activities are under the careful supervision of the staff.

Wednesday is a special day for Summer Fun Club campers. Each Wednesday the camp chartered buses and leaves Montreal for an all day trip somewhere in the provinces of Quebec and Ontario. Past trips have been to Ottawa, Upper Canada Village, Ontario Provincial parks along the St. Lawrence river and Granby Zoo.

he is still unable to speak. He can not move his right arm or leg.

The Municipal Association, acting quickly to aid a man who risked his life on behalf of the public sent letters outlining the appeal to every home in Westmount beginning June 3.

Many organizations as well as private individuals have contributed. The fund will close June 30 of this month and receipts will be sent for income tax purposes to all contributors.

Cheques should be made out to The Walter Leja Fund. Cash or cheques can be sent to The Walter Leja Fund, c/o The Royal Trust Company, 105 St. James Street West, Montreal.

Children have sent in their quarters. Three youngsters on Chesterfield Avenue, Westmount — Patrick and Michael McMollon and Calvin Taylor — gave a show for the neighbors, collected \$3.25 and proudly marched into Westmount City Hall to make their donation.

"We'll be back with some more," they announced. "We're giving a n o t h e r performance soon."

The following are some excerpts from letters received with contributions to the Walter Leja Fund.

"A small token of my respect and admiration for his inspiring and unselfish heroism."

"Anonymous — for Sgt. Maj. Leja — with best wishes, and I wish I could do more."

"For a valiant man who risked his life and limb on behalf of John Q. Public. I only hope the response will be overwhelming for Mr. Leja and his family who have suffered such a tragic blow because of this wonderful man's dedication and desire to protect his fellowmen."

From Town of Mount Royal citizen, "May Sergeant-Major Leja and his family know how many of us are pulling for his recovery and how deeply we sympathize for his great sacrifice."

"The heroism displayed by Sgt.-Major Leja was in the highest standards of the Canadian Army, and all citizens of Westmount — and indeed all true Canadians — should be grateful for his courage."

"I feel everyone in Westmount owes a debt to Mr. Leja."

Night driving tips given

Traffic deaths are occurring at the average rate of nine per day in Canada. Someone is injured every five minutes. The annual toll in property damage each year reaches a higher level.

Many automobile accidents occur at night and on the long weekend trips. With the peak driving season at hand, the All Canada Insurance Federation, representing more than 220 competing Canadian fire, automobile and casualty insurance firms, recommends these rules for night driving.

- Do not drive when overtired. Stop for coffee or a short nap.
- Do not rely on "wake up" pills. Their effects are sometimes unsafe.
- In general, drive slower than you would during the daytime when visibility is good.
- Keep a special watch for pedestrians in dark clothing.
- Always dim your lights when following another car or approaching other cars.
- Keep well to your own side of the road. Approaching drivers use your lights to help ascertain

their own position.

- Pull well off the highway if you must stop for repairs or other reasons.
- Always carry a flashlight or flares for use in emergencies.
- Pump your brakes several times to give a good warning when you are about to stop.
- Signal all turns.

Rotary approves Fair proposal

The Westmount Rotary Club recently approved a proposal by President Bill Clark that all service clubs in the Montreal area get together to erect a permanent building for the World's Fair on St. Helen's Island.

The Inter-Service Club Committee, headed by J. W. Glen announced last week that they have sent letters to all the service clubs in the area proposing the initiation of a joint building fund, with each club contributing.

The proposed building would be used as a hospitality centre during the Fair and for long term charitable works afterwards.

In other business, it was announced that the Club has contributed to the fund started by the Westmount Municipal Association in aid of Sergeant-Major Leja, injured three weeks ago as he was attempting to disarm a bomb in a Westmount mailbox.

Civil Liberties Union founded with help of F. R. Scott

The Civil Liberties Union, founded a new organization designed to protect the rights of the individual in Quebec and throughout the world was founded last week with the help of a Westmounter, Professor Frank Scott, Dean of the Faculty of Law at McGill.

Professor Scott was chairman of the founding convention of the new Civil Liberties Union, incorporated last week under Federal Government charter.

Approximately 60 persons from the fields of education, law, finance, and other pursuits attended the meeting.

Before a board of Directors was elected Professor Scott stated that "this is a matter of responsibility, rather than seeking honors or office."

Aim of the Civil Liberties Union are:

1. "To protect civil liberties whether they be physical, intellectual or moral, without discrimination as to sex, religious opinions or ethnic origin.

2. "Within the context of existing law, to inform the public and to intervene on behalf of persons claiming violations of their civil liberties.

3. "To advocate changes in the laws, regulations and administrative practices by: studying critically the relevant laws and the constitution of our country; making proposals to municipal, provincial or federal authorities; or to any authority and to inform the public."

Alban Flamand was elected first president of the CLU.

Local doctor advances research

Fluctuating intake of iodine may cause tumors

Thyroid cancer may be due, in part, to a fluctuating intake of iodine.

This theory was raised recently after lengthy research under the direction of Dr. Charles P. Leblond, 68 Chesterfield Avenue, Westmount, head of the department of anatomy at McGill. Dr. Leblond and his associates were working under a grant from the Canadian Cancer Society.

Most of the experiments were done with rats. Placed on a low-iodine diet, the rats soon developed benign or non-cancerous tumors and enlarged thyroid glands.

Seven teachers . . .

rolina, Cornell University, and the University of Montreal.

Miss Smith is herself a lecturer in English at Sir George Williams University, and she has taught both in the junior and senior schools for some time. For the past two years, Miss Smith has been advisor to the school yearbook, the Vox.

Miss M. Surprenant is retiring from the English department of the junior school. Miss D. Jones, the junior girls' gym teacher, is returning to England after a year in Canada. Mr. Blunt, new to the school last year, is also leaving, from the Physical Education and junior Science departments.

R. Veysey, of the English department, is leaving for Lower Canada College.

Mr. Veysey has been very active in the direction of a number of student dramatic productions.

The executive of the Drama Club was elected on Monday. The new officers are: Tova Wisenthal, President; Dierdre Vogan, Vice-President; Gail Portnuff, Secretary; and David Smith, Treasurer.

Appointed to be the school's representatives to Eaton's Junior Council are Peter Montgomery and Prue Hugman. This year the two Councillors were Barry Besner and Carole Bruce.

This Wednesday was the last day of organized classes for grade eleven.

When the rats with the tumors were fed iodine, three things happened: the glands ceased to be stimulated; the tumors remained, and there was a marked increase in "light" cells — one of the two types of cells in the thyroid.

Then came the big surprise — the lucky turn of events no one had foreseen: when the iodine content of the rat's diet was varied and the rats received some meals with iodine in their food and some without it, 27 times more tumors were produced than would occur on an iodine free diet.

Dr. N. J. Nadler, working on the project with Dr. Leblond, believes that the effect of the fluctuating diet would explain why people who have been placed on a low iodine diet sometimes develop tumors even after being given iodine.

"It suggests," he says, "that the inevitable fluctuations of iodine in our diet may be responsible for many tumors of the thyroid. Most of these respond readily to thyroid hormone therapy, the others must be removed by surgery or treated by radiation."

Prof. J. W. Boyes to greet 2,000 geneticists

Professor J. W. Boyes, 482 Strathcona Avenue, well-known geneticist has been elected vice-president of the 10th International Congress of Genetics and will deliver the opening address to some 2,000 delegates from around the world in September.

The McGill professor is a former president of the genetics section of the International Union of Biological Sciences. He was chairman of the committee on arrangements for the 10th International Congress of Genetics held at McGill in 1958.

He will present a paper jointly with Dr. J. M. van Brink of the Genetics Institute Utrecht, Holland, on variations in the chromosomes of flower flies.

Miss P.A. Hugman to graduate from Middlebury

Miss Penelope A. Hugman, daughter of Mr. and Mrs. V. W. Hugman of 22 Arlington Avenue, Westmount will receive her bachelor of arts degree from Middlebury College at commencement exercises Monday, June 10.

She will be one of 280 scheduled to receive a BA degree at the liberal arts college. There will also be two advanced degrees given at the exercises, which mark the close of Middlebury's 163rd academic year.

Miss Hugman, a graduate of The Study, Montreal, is a French major at Middlebury. A Delta Delta member, she is president of Pan Hellenic Council. She is a Dean's List Student and has been a Sophomore Guide and Junior Counsellor in the past years.

For example, an Army cadet may go to Camp Borden for infantry training, a Navy cadet on a training cruise to Japan, and an Air Force cadet to RCAF Station Centralia for pilot training. Upon graduation, cadets are granted permanent commissions as Sub-Lieutenants, First Lieutenants, or Flying Officers. Although they have the option of applying for release after three years, most have chosen to remain as career officers. Those who wish to become civilians have an excellent academic degree.

can easily change the final standing of the teams.

Unfortunately for those teams left behind, this marks the final competition of the year, so there is no chance to gain more points until next year.

The event lasted all day, as teams contested in twelve events. Each event lasted twenty minutes; and at the end of this time, a gun sounded and all teams moved to their next event.

Each event was supervised by a teacher, and the entire project was under the direction of Mr. Straton and Mr. Mingie of the Physical Education department.

Local members attend Boston annual meeting

Christian Scientists from various parts of Quebec were in Boston this week joining with thousands of their co-religionists from five continents in attending the annual meeting of their denomination at its world headquarters, The Mother Church, The First Church of Christ, Scientist.

The keynote for the session was voiced by the new President, Mrs. Helen Wood Bauman, when she proclaimed in the course of her inaugural address that the world's most urgent need today is a return to "God-centred thinking." Mrs. Bauman, who is editor of the church's religious periodicals, called upon the members "to help the world in its struggle against the atheistic materialism that defies mortals."

The establishment of a Christian Science Society in Bangkok, Thailand, was reported to the meetings as one of the latest additions to the church's more than 3,200 congregations. Other reports from the heads of various church departments showed increasing religious interest and activity on the part of young people.

Valuation 40% higher; taxes unchanged

Westmount property owners will soon find their valuations 40% higher for 1963-64 school tax purposes.

In spite of the raise they will generally pay no more in taxes than the previous year.

The Protestant School Board of Greater Montreal this week adjusted valuations in 14 island suburban municipalities.

Prime purpose of the move was to ensure equalized assessments, it was reported.

THE understanding sympathy and assistance of our twelve staff members is a comfort to families in sorrow.

Ormstown Exhibition

Ormstown Exhibition, one of the most popular country fairs for Montreal's West End residents because of its proximity, opened for its annual four-day stand with a full program of varied activities last night.

A clear, warm evening brought out many city people to join thousands of local residents to witness the parade which preceded the opening ceremonies in the arena, participated in by local dignitaries from federal, provincial and municipal levels, led by A. A. McCormick, mayor of Ormstown and president of the Ormstown Exhibition Association.

The parade, traditionally featuring the younger children of Ormstown High School, this year consisted of floats and marchers commemorating the 150th anniversary of the Battle of Chateaugay. The fighting, on October 26, 1813, took place near Ormstown and marked the nearest penetration of American troops toward Montreal in the War of 1812.

A full horse-show program, such as also will take place tonight and Friday and Saturday evening, followed in the arena while a big midway did a roaring trade outside. Cattle and other exhibits will take place in the day time through Saturday.

26 Years Ago . . .

(Continued from page 4)

run on the same lies as Westmount, there would not be so much ground for criticism.

Perhaps Mr. Filion would like to see Westmount, along with other island municipalities, all rolled into one big city, with Montreal in complete charge. Perhaps Mr. Filion would like to see the various city councils, with their sometimes embarrassing independence, dissolved and the Montreal City Council holding the reins of government undefied.

Perhaps Mr. Filion would like to see the \$10,000 surplus that Westmount through careful planning and wise administration has managed to accumulate during the past year, dumped into the apparently bottomless coffers of Montreal.

It is just as well, perhaps, that cities such as Westmount are separate, and plan to remain so.

Mr. Filion says that residents of these outside municipalities have their business in Montreal and draw a substantial revenue from the heart of that city in this way. Let us point out, Mr. Filion, that most of the large revenue is paid back directly to Montreal, and water taxes eat up a good deal of it. And the rentals of these offices and business premises, which would probably be otherwise unoccupied goes directly back into the heart of Montreal.

Mr. Filion charged that so far as administration is concerned these outside cities have failed to collaborate. That is as it should be. Montreal's administration is her own business, and outside municipalities should not be dragged into it except insofar as certain measures may effect them.

In other matters, the outside towns have always been ready to aid. Westmount has gone to considerable expense to widen and improve traffic arteries for the sole purpose of helping Montreal's traffic get through Westmount.

500 delegates to attend Baptist Assembly here

The 75th Annual Assembly of the Baptist Convention of Ontario and Quebec will take place June 10-13 at First Baptist Church, 6215 Cote St. Luc road.

For the first time since its establishment as a west end congregation, First Baptist Church which began its work in Montreal in 1831, will be host to some 500 delegates from Ontario and Quebec representing 430 churches of the Canadian Baptist Federation.

Registration, business sessions, appointment of Assembly Committees and presentation of reports will occupy the day on Monday, June 10, with a Ministers' Fellowship Dinner to follow. The official opening ceremonies take place at 7.45 p.m. at which time the Assembly will receive addresses of welcome on behalf of the City of Montreal and the Greater Montreal Council of Churches.

Sessions on Tuesday will include reports of the Convention Treasurer, the Brotherhood of Baptist Men, Canadian Baptist Foreign Mission Board, McMaster Divinity College, Publications Board, Church Extension, Home Missions, with an afternoon visit to Feller College at Grande Ligne, Quebec, on Wednesday afternoon.

Westmount Baptist Church will be host church for the Missionary Rally on Wednesday evening, followed by the President's Reception scheduled for Victoria Hall, Westmount.

Thursday's agenda lists reports of the Board of Christian Education, Canadian Council of Churches, Baptist World Alliance, Special Legislation, Election of Officers and Personnel of Convention.

Prominent speakers

Prominent speakers in attendance will be Arthur B. Francis, CA, President of Convention, speaking on Monday evening; Dr. N. H. Parker, Principal McMaster Divinity College, Hamilton, Ontario, speaker on Tuesday evening at which time the

service will be held at Knox Crescent Kensington Presbyterian Church in order to accommodate the anticipated large attendance; and Rev. Harold Cooke Phillips, DD, Toronto, who will preach the Convention Sermon at final services Thursday evening. Rev. Harold Mitton, Fredericton, New Brunswick, will be Chapel Speaker daily during the Assembly.

Local Arrangements Chairman C. M. McCully stressed the outstanding co-operation shown in his committee by other Baptist churches of the city and by

churches of other denominations, specifically, Wesley United Church, Knox Crescent Kensington Presbyterian Church, St. Thomas Anglican Church, St. Matthew's Anglican Church, Rosedale United Church.

Brush-up on your reading with Canadian paperbacks

By Millicent Hickmore

With the launching of the "Carleton Library" new Canadian paperback series, in May, one can now acquire these valuable editions at little cost. This series of reprints and new collections of scarce books, documents and source material relating to Canada, is issued under the editorial supervision of the Institute of Canadian Studies of Carleton University, Ottawa, in co-operation with McClelland and Stewart Limited.

The first four books published May 25 are new editions of J. W. Dafoe's "Laurel — A study in Canadian Politics"; Morris Bishop's "Champlain — The Life of Fortitude"; an abridged edition of "Lord Durham's Report", edited by Gerald M. Craig; and "Confederation Debates," a selection from the debates on British North American Union held in the Canadian Parliament of 1865, edited by Peter B. Waite, to include publications in the French language.

This is a great opportunity for Canadians to purchase, at a small cost, these valuable books—to refresh their knowledge of famous men and the history of our wonderful country.

Carleton Library has more than forty books in various stages of editorial preparation, apart from the 18 titles already scheduled for publication in 1963-64.

Titles already planned are in the English language only, but it is hoped that the series may be broadened eventually history of our wonderful country.

3 PROPERTY WANTED

Westmount Owners

Offer to Westmount house owners who are weary of responsibilities of a large house and still want to stay in it. We are looking for a house which can be divided into three units. One for the owners, one for us and one for our housekeeper. We are a middle aged couple and require a spacious prestige home in Westmount with a garden, 2 bedrooms, dining and living room and a complete 1 room apartment with all conveniences for our housekeeper.

We are prepared to arrange for plans from architect and pay for alterations against appropriate lease. Alternatively might consider buying the house and keeping present owner in rebuilt home as longlease tenant. Replies should be sent to Box 1255 — 7005 Kildare Road, Montreal 29.

TWO houses needed. Large family home up to \$75,000, also very large home up to \$200,000. Call Mrs. J. P. Gault, WE. 7-3719 or Frank A. Norman and Co. Ltd. RE. 1-6817.

Smith-Paperman

The marriage of Brenda Renee, daughter of Mr. and Mrs. Samuel Paperman of Westmount, to Mr. Ronald S. Smith, son of Mr. and Mrs. Julius Smith, of Johannesburg, South Africa, took place recently at the residence of the bride's parents, Rabbi Harry J. Stern officiating, assisted by Cantor Otto Staeren. Mrs. Lyon Bercovitch played the wedding music, and standards of pale pink stalks, peonies, and Sweetheart roses, and white candy tuft were used as decorations.

The bride, who was given away by her father, was in a gown of white silk crepe, fashioned with a blouson bodice having a jewel neckline, and a bias skirt falling into a slight train. Her full-length veil of tulle illusion was held by a circlet of white orange blossoms, and she carried a small bouquet of white Sweetheart roses, stephanotis, and stalks. Her ornaments were a diamond and pearl pin, a gift of the bridegroom, and a strand of pearls, a gift of her parents.

Mrs. Edward O. Woolner, as matron of honor for her sister, was in a frock of white linen printed with clusters of flowers and fashioned on empire lines, and carried a French bouquet of blue iris, blue cornflowers and white candy tuft.

Mr. Edward O. Woolner acted as best man for his brother-in-law.

Mrs. Paperman, mother of the bride, was in a gown of white cloque with a bow of carnelian red velvet at the back and she carried two cymbidium orchids.

Following the reception Mr. and Mrs. Smith left for Europe, the bride travelling in a suit of green silk and wearing black patent leather accessories. They will reside in Montreal.

Members and their friends cordially invited.

Dear Abby...

She's Turning In Her Pup Tent

By Abigail van Buren

DEAR ABBY: We've been married 16 years. For the past 15 years we have had a camping vacation every summer. I've camped while pregnant, and with children of all ages. We have four children now. The youngest is 2 and the oldest is 15. Our children would like to go to Disneyland. I don't care where we go as long as I don't have to sleep in a tent and go without real bath for two weeks. What can I do? My husband claims this is the only way we can afford to go. He's now planning to buy another tent, which will cost \$110, plus other camping equipment. We already have enough to outfit the Boy Scouts of America. He earns over \$12,000 a year.

SERVED MY CAMPING TIME

DEAR SERVED: Compromise. Camp near a nice, modern motel and YOU check in while your husband enjoys the wide open spaces. (Are you sure that before you married him, you never told him you'd "live in a tent"?)

DEAR ABBY: I had the girls over for bridge last evening. Two of them left together and the third one stayed a little longer. My husband was sitting in the den reading the newspaper. When it came time for her to go, she said she wanted to call a taxi. My husband said He would drive her home. She said absolutely not, she wanted to take a taxi. I got to thinking, WHY wouldn't she let my husband drive her home? Should I worry?

SUSPICIOUS

DEAR SUSPICIOUS: Yes — but not about your husband. What's bugging YOU?

DEAR ABBY: My sister is over 16 years old. She received a letter from a boy she corresponds with. My mother steamed open the envelope, read the letter, and revealed it. She is proud of herself for doing it, although she didn't find what she was looking for. Sis and I know that parents have charge over their children's mail until they are 21. But do you think my mother should have read it secretly?

THE OTHER DAUGHTER

DEAR DAUGHTER: Absolutely not! Parents can preach truthfulness, honesty and integrity from now until doomsday, but their children will DO as their parents DO eventually.

DEAR ABBY: You probably won't believe this is written by a 21-year-old girl, but it is. I am

dating a man (let's call him Arthur) but not steady. I date others, too, but he's the only man I know who is in a position to get married. I know he is crazy about me. The problem: Every time he goes to kiss me he gets a sort of pained expression on his face and his nostrils widen, making him look like a horse. I just "break up" and go into a laughing fit which I can't control. Abby, I really care for this man, but I'm ruining it for myself. What is the matter with me?

ARTHUR'S IDIOT

DEAR IDIOT: If you "break up" at what should be a very tender and sober moment — break up with Arthur. He is definitely not for you.

DEAR ABBY: I have a sister-in-law who has brought her baby over to my house for me to watch as early as 7 o'clock in the morning. And sometimes she doesn't pick the baby up until 10 o'clock at night. Now I don't mind watching her baby because she is like a doll, but don't you think I have a right to know where my sister-in-law goes for 15 hours while I take care of her baby?

NO NAME PLEASE

DEAR NO NAME: Yes, with a capital "Y". And if she's going somewhere she shouldn't be, don't make it easy for her by keeping her baby.

DEAR ABBY: Can a person who has no "rhythm" ever learn to dance? I am a 44-year-old bachelor. I've always been on the bashful side and was told that a course in ballroom dancing (including the fox trot, waltz, rhumba and cha cha) would help me socially. Well, since 1956 I have spent \$450 on dancing lessons and I still haven't met anybody. Furthermore, I can't dance any better now than I did before I took the lessons. I am not complaining, because nobody forced me to sign up, but I want to know this: Can a person who doesn't have a natural sense of rhythm be taught to dance?

NO RHYTHM

DEAR NO RHYTHM: No, no — a thousand times no! This is not to say that those who have no sense of rhythm cannot enjoy dancing as much as those who have. (Only the partner suffers!) But attempting to "teach" a person who has no "rhythm" to dance is like trying to teach a person who can't carry a tune to sing.

Draft Touch Football League organized for young businessmen

The Draft Touch Football League, organized five years ago for young businessmen, held an executive meeting last week to make plans for the coming season which commences on September 7th.

At this meeting the new officers for the 1963 season were elected, they are: President — Barry Carrique; Vice-President — John Ferrabee; Treasurer — Peter Holland; Secretary — Warren Almond; Statistician — Ritchie Bell.

It was also decided to make application to join the O.R.F.U. as the league was very interested in contributing to Amateur Football in the province and felt, due to its expected number of players, it could be of assistance.

After much discussion it was agreed upon to enquire whether there were any other teams who would like to join the league, and should these entries meet with the League standards, it was agreed to increase the number of teams from six to twelve, having two sections.

New teams welcome

Carling Red Cap Trophy, is extremely well organized, having full sets of sweaters, trophies for the high scores, MVP and prizes played in the league last season. Many Westmount residents played in the league.

Anyone interested in submitting a team is asked to contact either Barry Carrique or Warren Almond.

Other topics discussed were rule changes, securing of playing fields, referees, new sweaters, spring reception and closing dinner.

An age limit minimum of twenty-five was brought up, but it was felt that it was narrowing the limits of the League and the captains were asked to use discretion in the securing of players to make sure they were not too young.

The co-captains of the Travelers, Peter Holland and Brian Gallery, League Champions for the last two years, notified the President that Wally Lenz, a member of their team for the last several years, had not obtained their approval to play for the Alouettes this coming year, and wondered if the League intends to complain to the Alouettes regarding their raiding tactics.

It was decided in the interest of Montreal, not to create an issue and to allow Lenz to join the Als.

Annual Rotary . . .

(Continued from page 3)

Last year's attendance reached 15,000.

Thousands of man-hours of work went into the preparation of the Carnival this year under the direction of Harry Houston. Meetings began in December and continued throughout the winter.

As the opening nears, over 400 people spent evenings or whatever time they can take off for last minute preparations.

The Carnival is strictly an amateur production, a representative stated. No professionals are engaged to assist members. It represents Rotary's only appeal for contributions for its many charitable projects.

Members of the Carnival Executive Committee are: Harry Houston, Ron MacKay, C. W. Wright, J. B. Burrows, F. H. Carlin, W. F. Close, W. H. Giles, J. W. Glen, W. G. Moxley, W. R. Rutherford, F. J. Starr, L. J. Stuart.

Snowdon Major fastball exhibition to aid retarded children set Monday

by Pete Beaumann

THE Snowdon Major Fast Ball League annual old timers benefit ball game will be played at Trenholme Park on Monday 10 at 7.30 p.m.

The motto of the game this year is "Send a retarded Child to Camp this Summer."

The motto of the game this year is "Send a Retarded Child to Camp this Summer."

All proceeds will be turned over to the Montreal Association for retarded children.

The game will feature the Saints who are managed by Ray Girouard with the help of coaches J. J. Twinkle Toes Killoran and Sam Pollock, and the Grocers with Pat Patterson at the helm and coaches Jack Eagan and (Silent) Ernie Munday.

The cause for which the game is being played is a worthy one. The Association for Retarded Children operate a summer camp for retarded youngsters and the cost as can be imagined is quite high. Adequate supervision to operate such a camp is a major factor. Approximately three times the supervision is required in relation to a normal camp.

The committee headed by chairman Bill Gray and Thomas Quirk are confident sport fans from the great West End will turn out in great numbers to aid this worthy cause.

In case of inclement weather the game will be postponed to Tuesday evening June 11, same time and place.

Monitor columnist honored

A major feature of the evening will be the presentation of a certificate of merit to MONITOR sports columnist George Cochrane in recognition for his fine service as secretary of the Snowdon Major Fast Ball League over the years. He was the secretary when

the league disbanded and is performing in that capacity this season in connection with the Old Timers Game.

Another highlight of the event will be the presence of Bill Durnan who has consented to journey to town from Kitchener, Ont. Durnan, an all time great National Hockey League goalie was a star pitcher in the Snowdon league for the Snowdon Stars.

Team rosters

Team rosters are made up of players who played in the league from 1946 to 1949. Members of

the Saints squad are Doddy Gray, Dick Barber, Ernie Gray, Jack Kerr, George Scully, Emmett Jones, Al Dyke, Billy Graham, Ken Reardon, Joe Bervaldi, Fraser Crowdis, Doug Harvey, Frank Provost, Noel Romney, Leo Pelouquin, Eddie Sioui, Tommy Brennan, Bunny Kavanagh, Don McQuestion and Bill Flookes.

The Grocers' roster is comprised of Gene Desautels, Maury O'Connor, Dough Waugh, Moe Saucier, Guy Lapointe, Nick Borzelli, Gerry Snyder, Leo Rheau, Steve Walker, Jack McKissock, Jack Morrow, Fleming MacKell, Sibby Munday, Moe Racette, Roger Gaudette, Gerry Maguire, Buddy Atchison, Howie Ashton and Paul Duval.

Catherine Booth building rapidly

Construction is moving ahead rapidly on the expansion of the Salvation Army's Catherine Booth Maternity Hospital, Montclair avenue, and officials are hopeful that the addition being built will be in operation at the end of the year.

This will mean, a Salvation Army spokesman said today, that the hospital will have a bed capacity of 130 instead of the present 60. In addition, there will be supplementary or improved facilities in many phases of the hospital's activities.

"The Catherine Booth will truly be in a splendid position to render an even greater service to the people of Montreal," he said.

Meanwhile, the campaign to raise the necessary funds to finance the hospital's expansion and to support the Salvation Army's 27 other welfare agencies is also moving ahead steadily. W. D. H. Gardiner, campaign chairman, pointed out. Financial objective of the appeal is \$1,500,000.

"We are past the half-way mark in the campaign," Mr. Gardiner

announced, "and though there still remains much to be done, we are quietly optimistic about the final result. Our canvassers are doing a magnificent job and I appeal to them to continue with their task until we have reached our goal."

"It is indeed heartwarming to know that we have so many devoted persons who voluntarily give of their time and talent to furthering the work of the Salvation Army."

The chairman pointed out that the campaign could be speeded considerably if those wishing to contribute would not wait for a canvasser to call but send their gifts directly to campaign headquarters at Room 627 Shell Tower, University street.
