

CRUISER "AURORA" AND TWO SUBMARINES TO BE LAID UP

Government's Naval Policy Providing For One Destroyer And Two Small Vessels On Each Coast Carried Without Division In Commons Last Evening

(By Canadian Press) Ottawa, May 22.—The Government's naval policy providing for one destroyer and two small vessels on each coast, with the consequent laying up of the Aurora and the two submarines, carried without division in the Commons last evening.

The debate on the naval estimate of \$1,500,000 was resumed in the House this afternoon, when the sale of the Niobe was again discussed. Hon. G. P. Graham, Minister of Defence, stated that the Government had resumed possession of the Niobe and put her up for sale again.

The party breaks came when Hon. A. K. MacLean, Liberal Member for Halifax, while stating that he had not heard suggestions improving the Government's policy, personally placed himself on record as believing that it was not practical and that it would not succeed.

Therefore he requested the Government to see that the Aurora and the two submarines were properly cared for when taken out of commission. He suggested that these vessels might be used again when economic conditions became brighter.

The budget should contain proposals for increasing taxation so that Canada could pay her debts, he said.

Hon. George P. Graham, Minister of Militia, in defending the naval reduction declared that the Government's policy was merely a continuation of the Liberal policy enunciated in 1919.

The Government was starting at the bottom and working up, instead of commencing at the top. He was convinced that the Government's policy would succeed.

Decidedly Maritime Tinge The debate took on a decidedly maritime tinge just prior to the dinner adjournment, when E. M. MacDonald, Liberal, Pictou, suggested that the Government's policy being responsible for Canada's lack of naval vessels during the war.

They had not followed out the policies laid down in 1908 and 1911, and had scrapped the naval facilities created by the Liberals.

During the war the people of the Maritime Provinces were dependent on the United States destroyers for protection. There was no working arrangement between the British and United States Governments.

Considerable fire was injected to the debate when R. B. Hanson, Conservative, York-Sunbury, asked if the crews of these vessels were trained in drill halls.

Mr. MacDonald retorted that in view of the Conservative naval policy it would be well to ask Members of the House Government.

T. W. Caldwell reverted to the matter of the sale of the Niobe, and asked why the New Brunswick Rolling Mills were permitted to drop their contract to buy the boat at a fairly high figure.

If the company was not financially sound, he said it should not have received the contract in the first place.

Mr. Graham explained that through the Department of Justice, the Government had taken the Niobe back and \$5000 in addition. This was besides the original payment of \$20,000.

The Niobe was eventually sold for \$41,000, her scrap value. This, the Minister considered, as a good price in the circumstances.

Mr. Caldwell thought the Government should have called for further tenders in order to secure a better price.

In the naval debate proper, Right Hon. Arthur Meighen declared that no country had ever produced a volunteer naval force of any value through the methods proposed by Mr. Graham.

Just before the proposal carried, Mr. Crerar asked against whom Canada was to arm. Great Britain and the United States were reducing expenditures and the Conservatives had talked about sponging, but would the sponging be wiped out by

PROROGATION BY MIDDLE OF JUNE? ACTIVE CAMPAIGN AGAINST GREENE

Many Of Members To Cut Down Time Of Budget Speeches Immediately Started In Mexico Following Arrival Of Secretary Of War

(By Canadian Press) Ottawa, Ont., May 22.—The speed with which estimates have been slipping through during the past few sittings; the imminence of the hot weather, and the fact that the budget will be down to-morrow are all combining to give credence to the optimistic rumor, now current in the corridors, that prorogation will come by June 15, instead of July 1st, as was generally expected.

This rumor is borne out by the reported tacit agreement among many of the members to cut down the time of their budget speeches and also by the fact that after the holidays the House will, it is expected sit on Wednesday evenings, and on Saturdays.

So far there has been no official announcement from the Government. What R. C. M. P. Men Lost Officers, non-commissioned officers and men of A and B squadrons Royal Canadian Mounted Police who served in France and Siberia, lost \$44,078.80, the difference between their military and civil pays by reason of their service.

This was brought out in the Commons this afternoon through questions placed on the order paper by T. L. Church, Conservative North Toronto. It was not known whether or not the Government intended to reimburse these men for their loss.

Twenty officers and 509 other ranks of A squadron and seven officers and 36 other ranks of B squadron saw service in France.

It is likely that a day will be set for a full dress debate on the Conference of Premiers of the Empire which was held in London last summer. A proposal to this effect was made in the House this afternoon by J. Shaw, (Calgary West), and the Premier agreed that the subject was important enough to render a debate desirable. He promised to consider setting a date for it.

James S. Woodsworth (Labor, Winnipeg Centre), remarked that he had moved for the production of correspondence in regard to the Winnipeg strike. Only fifteen letters and telegrams had been brought down. It was incredible that only this small number had been changed during the long period of that strike. He wished to know whether all the documents had been tabled.

Hon. James Murdock, Minister of Labor, replied that there were some other letters but they were marked "personal" or "private". He would, however, be pleased to show them to Mr. Woodsworth if Mr. Woodsworth wished to see them.

The dining car service on the Government railways resulted in a deficit during 1921 of \$176,394.22 it was stated this afternoon.

Echo of G. T. Strike J. W. King, (Progressive, Huron North), moved for the production of all correspondence between officials of the Grand Trunk Railway, the Brotherhood of Railway trainmen and the Order of Railway conductors regarding the Grand Trunk strike of 1910.

Hon. W. L. Mackenzie King, Prime Minister, replied that this was a pretty large order. He was not sure that the Government would be able to obtain all the documents asked for, especially as the strike took place so long ago.

A bill to amend the Soldiers Settlement Act, 1919, was introduced by James Malcolm, (Liberal, North Bruce). Mr. Malcolm explained that he desired to amend one clause of the bill in regard to the mineral rights on lands of soldier settlers in Ontario which were offered to the Government as security for loans. The bill received first reading.

Revision of Bankruptcy Act Complete revision of the Bankruptcy Act, either at the next or a subsequent session of Parliament was forecast in the Commons this afternoon by Sir Lomer Gouin, Minister of Justice. The intimation came when Sir Lomer was introducing a bill amending the Bankruptcy Act.

The Minister felt, however, that radical changes at this time would tend to increase rather than to decrease difficulties. He considered essential that the Bankruptcy Act should remain as it is for the present.

The amending bill, introduced this afternoon is for the purpose of changing the present act where it does not afford adequate relief for creditors; and to provide for more satisfactory administration by Courts trustees, and creditors.

Other amendments are to remove doubt with respect to certain sections of the Act.

LOOK FORTH TO PERMANENT SOLUTION Paris, May 22.—The Governments represented on the Reparation Commission are looking with considerable hope upon the prospect of a permanent solution of the German Reparations question growing out of the meetings of the Committee of International Financiers, including J. P. Morgan, of New York, which will begin in Paris Wednesday. The circumstances under which the Commission was formed indicates that the Governments of Great Britain, France, Italy and Belgium, are disposed in advance to receive the conclusions of the Committee with deference.

FOG ALOE RESPONSIBLE FOR RAMMING OF STEAMER EGYPT

So Thick Captain Of French Vessel Could Not See Bow From Bridge—Ninety Eight Missing And Two Hundred And Forty Two Saved In Marine Catastrophe

Brest, May 22.—The thickest fog in years around Finisterre-Ushant light alone was responsible for the catastrophe to the British steamship Egypt, according to Captain Le Barzic, commanding officer of the freight steamer Seine in his report to the Minister of Merchant Marine. The Seine rammed the Egypt Saturday night and nearly 100 persons lost their lives in the disaster.

"The fog was so thick," says the report, "that the Captain on the bridge was unable to see the bow of his ship. On Saturday at 4:20 p.m., the fog became so thick I gave orders to slow down to fifty revolutions a minute, thus maintaining an average speed of six knots, when at 7 o'clock I heard a fog horn quite close, and immediately a huge bulk appeared at right angles crossing the bow. I gave orders to reverse the engine, but too late. A terrible crash occurred, my ship striking the other amidships.

"The fog whistle was sounded and I finally succeeded in catching sight of a great liner which was listing badly to starboard. At 7:40 the ship, which later was identified as the Egypt, went down by the stern.

"I ordered all the boats lowered and scoured the sea for hours picking up several dead and also many in whom life was not extinct. I gave up about 11:50 and returned to Brest.

The disaster occurred a few miles from Green Rocks, where the Drummond Castle was wrecked in June, 1896, with a loss of 247 lives. A heavy fog still hangs over the shores of Finisterre, making the work of the searching parties difficult.

When the vessels came together those aboard the Egypt did not realize at first the extent of the damage caused by the little freighter Seine. It was some minutes before the liner began to heel over, and then the passengers dashed in great alarm from the dining room to the deck. Captain Collyer urged them to be calm and ordered out the boats for which there was a rush.

The Lascars, it is asserted, used clubs in an attempt to get possession of the boats, but the officers drew their revolvers and drove them away.

98 Missing, 242 Saved. Ninety-eight persons are missing and 242 were saved of those who were on board the British steamship Egypt when it was sunk off the island of Ushant Saturday night by a collision with the French steamer Seine, according to the latest official figures.

The sea and small wave craft have been searching the scene of the wreck ever since the collision, but no other bodies in addition to those picked up soon afterward had been found up to this afternoon. It was not considered possible that any more survivors floating around in life belts could have been missed.

The Hibernian legation ministered however, that some of the small ships which answered the Egypt's S.O.S. calls may have taken aboard a few others.

The Egypt went down in 400 feet of water. She carried 300,000 pounds in gold besides a consignment of mail for India. So far, one mail pouch has been picked up, but nothing else except the wreckage from the crash was found on the surface. The ship's officers did not even save the vessel's papers.

Whether the launching of only four or five life boats by the Egypt was due to panic among the Lascar crew or to difficulties in getting them dropped safely to the sea, with the vessel listing rapidly, seems difficult to clear up. It is not questioned by most of the survivors, however, that many of the 300 odd persons aboard were thrown into the sea or jumped from the sinking ship when they were unable to obtain places in the few life boats that were launched.

Passengers said the ropes at the end of one of the life boats broke as it was being lowered after the collision, dumping all those in it to the sea. Then the ropes at the other end broke, the life boat falling on those who had counted upon it for escape.

Several of the Egypt's officers, when they saw it was impossible to launch more of the boats, cut the ropes of those that had not been launched in the hope that the craft would right themselves in sea and be of some service to those struggling in the water. The ship's printer, named Genner, gave his life to save a woman, survivors said. Genner, who left a wife and child at Dover, put on a life belt after the collision and was about to jump into the sea, when he saw a woman running up and down the bridge begging for help. Genner approached her, put his lifebelt about her and said:

"Madam, I do not know how to swim, but I'll try my way." Genner was drowned.

Dr. Brammer, the ship's doctor, and the second officer, kept aloft with a plank while calling for aid that was long in coming. Dr. Brammer finally weakened and had to give up. "Good-bye," he said. "I'm done for," and he sank.

Chief Wireless operator Harnick went down with the ship, sending out calls for help until the boat went under. His steadfastness spread the news of the disaster among the vessels in that vicinity, several of which reached the scene within a short time but too late, so far as is known, to find anyone living. The small boats sent from Brest in response to the S.O.S. calls

SUGGESTION OF WAR SCANDALS

Brought Before House In Committee Over Vote For Lindsay Arsenal

Ottawa, May 22.—A suggestion of wartime "scandals" was brought before the House in Committee of Supply tonight when the vote of \$25,000 for the Lindsay Arsenal was under review. J. J. Thurston, Progressive, Ont., asked the Minister in charge of the estimate, Hon. G. P. Graham, what amount the Government had paid for the land and how much had been purchased. Mr. Graham replied that he had not the information at hand as the land had been purchased by the Public Works Department.

Mr. Thurston said he had been informed that 100 acres had been purchased; that the Government had paid something like \$35,000 for the land, but that the former owner had received only \$10,000. He wanted to know where the other \$25,000 had gone to, or if the Government had purchased more than 100 acres, which would perhaps, account for the alleged discrepancy.

Right Hon. Arthur Meighen said if Mr. Thurston had any charges to make against the former Government in connection with this matter, he should make them in the regular way and he (Mr. Meighen) would ask for no protection against their investigation.

Lucien Cannon, Liberal, Dorchester, declared that Mr. Thurston was within his rights in asking the question of the Minister. The committee had every right to know where the other \$25,000 had gone if the facts were as stated.

Mr. Thurston said he had been told that this was the situation and he was looking for information. Mr. Graham said he could not give it at the moment, and the incident closed for the time being at least.

The Weather.

Toronto, Ont., May 22.—Pressure is above the normal in Ontario and Quebec, also in the Northwest States and relatively low in the Southwest States and in northern portions of the Western Provinces. A few scattered showers have occurred in Saskatchewan and Manitoba. Otherwise the weather in the Dominion has been fine and for the most part warm.

19 BATTALIONS OF IMPERIAL TROOPS ARE IN ULSTER NOW

Irish Signatories To Anglo-Irish Treaty Invited To London By British Government And Discuss Pact Signed By Rival Irish Factions On Saturday—Serious Issues Raised By Agreement

London, May 22.—The British Government has invited the Irish signatories to the Anglo-Irish treaty to come to London and discuss with the British signatories the agreement signed Saturday between representatives of the Provisional Government and the followers of Eamon De Valera. It was announced in the House of Commons this afternoon by Winston Churchill, Secretary for the Colonies.

This agreement he thought raised serious issues affecting the character and validity of the election contemplated in the Irish Free State, as well as the treaty itself. He hoped the Conference would occur by the end of the present week.

Alluding to the outrages by Republicans in various parts of the six counties of Ulster, and the disorders in sections of Belfast, Mr. Churchill said the British Government had every confidence that the Northern Parliament would continue to grapple with the serious task of restoring order and maintaining it.

Mr. Churchill said four additional battalions had landed in Ulster at an opportune moment Saturday, raising the strength of the Imperial forces to 19 battalions. He said further reinforcements would be sent to any portion of Ulster that the Northern Government might consider necessary and that he was in consultation with the ministers of the Northern Government concerning the further issuance of arms and equipment to the police force which the Northern Government was organizing.

"While every endeavor will be made," he added, "to avoid unnecessary expense and sensational action, it is the intention of the British Government to support the Government of Northern Ireland in every way necessary."

Mr. Churchill said he profoundly regretted to inform the House that he had just received a telegram from the Premier of Northern Ireland stating that W. J. Twaddell, a Member of the Ulster Parliament, had been brutally assassinated. He hoped to be in a position to make a full statement to the House of Monday next with regard to the conference with the signers of the Irish treaty. Meanwhile he trusted the House would refrain from premature or hasty judgments of the agreement, either in a favorable or unfavorable sense.

21 Labor Candidates. Dublin, May 22.—The Labor Party has a list of 21 candidates for the June election; but thus far no other candidates have been announced. Before Saturday's agreement was reached the Farmer's Union was considering putting forward candidates. It is thought there will be many uncontested seats.

The expectation, however, that the whole election will, like that of 1920, consist of unopposed returns is not entertained at the Publicity Department of the Dail Eireann.

In any event, the supporters of the treaty will see some increase in their majority in the new Dail, for the election will include four members of Trinity College, who favor the treaty and who are not members of the present Dail.

Any independent candidates who may succeed, would, it is generally thought be also for the treaty.

At both previous assemblies of the Dail, the oath of allegiance to the Irish Republic was taken, but it is not certain that there will be an oath at all in the third Dail. The oath was in the Irish language, in which the word for republic was given as "saorstatal" which means Free State. Members could take the oath in English, but a Trinity College member who had taken the Republican oath, the Dail will include member for the Ulster seats and under a provision of the agreement these will be treated as uncontested returns and fall to their present holders. All these, with the exception of one, hold seats also in the Southern Parliament, so that point concerns only John O'Mahoney, Member for Fermagh.

Griffith Expresses Horror. Arthur Griffith, President of the Dail Eireann in a statement issued today expressing horror at the assassination of W. J. Twaddell, a Member of the Northern Parliament, says: "Belfast lately has been shamed by many crimes in which religion was made the excuse for a political vendetta. Those who know Belfast and have been responsible for public order have not repudiated

them. Mr. Twaddell's murder strikes at the foundation of representative government. The honor of the Irish nation is concerned therein. In its name, I desire to express the deepest sympathy with those who mourn."

Ulster M.P. Killed. Belfast, May 22.—The killing this morning of W. J. Twaddell, a member of the Ulster Parliament, was shot while on his way to business, caused the issuance of a manifesto by Sir James Craig, the Premier, announcing a special meeting of the cabinet and the legal authorities. The Premier declared "just retribution" was called for.

The Premier in his manifesto said: "My detestation of this horrible crime fills me with such indignation that I have summoned a special meeting of the cabinet and all the authorities dealing with law and order. Such an act as this murder demands just retribution."

The manifesto says Mr. Twaddell was murdered for his loyalty to the Empire and his devotion to the cause of Ulster and the welfare of the country. His colleagues, it was declared, will carry on and face the future, no matter what the future might hold for them.

"Justice and retribution rest with the higher authorities," the manifesto adds. "Let the people rally around the established government, which will see that proper measures are taken without plunging our province or our capital into a welter of crime and bloodshed."

As a tribute to Mr. Twaddell's memory, the Premier said, the people of Belfast and the six counties would observe today and tonight with special reverence.

"I will deal with the whole matter when the Parliament meets tomorrow. I feel satisfied that the public realizes the plans which the Government made are sufficiently comprehensive to meet any eventuality that may arise."

The manifesto concludes by announcing that the Parliament will adjourn Tuesday after passing a vote of condolence with Mrs. Twaddell and the relatives of the murdered member.

More Killings in Belfast. Late to-night three men knocked at the door of the home of former Sergeant Walsh in Newport, Tipperary. They were admitted by Walsh's wife. When Walsh made his appearance they killed him in the presence of his wife.

Patrik Galligan was shot dead by unknown men in the same village.

John McLernon, a railway man, was shot and killed in the Belfast depot this afternoon. This was the fifth murder in the vicinity of the depot since Friday.

This evening a sniper in Seaford street fired at three men returning from work in Ballymacaree. One of the men, George Lawson, was killed. Another sniper fired into a York street fruit store and wounded Mary Grant, 70 years old, in the stomach. The body of an unknown man, riddled with bullets, was taken to a hospital during the afternoon.

Inspector Nixon, testifying today in the case of Desmond Crean, an amateur actor, arrested in a taxicab in Belfast with a loaded revolver, said he found the following letter on the prisoner: "A meeting of the northeast advisory committee in Belfast, May 11, unanimously decided to convene a meeting of the whole advisory committee for the purpose of devising a definite plan of campaign to be adopted by the Nationalists in the northeast, whereby they can render impotent the so-called Government of Northern Ireland."

Thomas Boyd was shot dead this morning in Woodstock Road, East Belfast, and James Lindsay was seriously wounded.

A man on top of a tram car was shot and seriously wounded today by a sniper. The ambulance man, while taking him to the hospital, found another lying in the street shot in the thigh.

The total killings 13-day reached six. The soldiers and police were busy with their firearms raving to the shots that came from various points of vantage.

HAIT STEEL MERGER. TELL ENQUIRY ENDS. Washington, May 22.—Representatives of the Bethlehem and Lackawanna Steel Companies at a conference today with Attorney General Daugherty gave assurances that the merger of the two companies would not be consummated until the Department of Justice completes its investigation into the case. The conference arranged at the request of the Steel men, was a prelude to the conference the Attorney General will have with representatives of the Bethlehem and other independent steel companies named in the recent Senate resolution ordering an inquiry by the Department of Justice and the Federal Trade Commission into the proposed merger.

In old times they called food profiteering "forestalling," but those who got by it became forehand and the ultimate consumer got it in the neck just the same as now.

Don't think that a self-made man can't be self-undone.

TRANSPORTATION AND C.N.R. CHIEF

Increased Deficit Through Coming Into Effect Of Crow's Nest Agreement

Special to the Chronicle. Ottawa, May 22.—In his evidence before the Parliamentary Committee on Transportation costs this morning, D. B. Hanna, of the Canadian National Railways said that the coming into effect of the Crow's Nest Pass agreement would mean the collapse of the whole rate structure in Canada and would result in estimated deficit on the system of \$26,467,091 or an increase of \$10,000,000 over that for last year. These figures do not include the Grand Trunk, but they included the Grand Trunk Pacific.

Mr. Hanna pointed out that if Parliament did not take action but allowed the Crow's Nest agreement to come into full effect, rates would drop from the scale of 1892, at this point he was strongly corroborated by C. M. Hays, of the Grand Trunk, who said that no traffic manager in Canada could pretend to say what the rates, under such conditions, would be. As an example of this, he showed that whereas on shipments from Port Arthur to Winnipeg general commodity rates would drop from 47 1-2 to 42 1-2 cents per hundred, and while those from Port Arthur to Regina would be reduced by 1 1-2 cents per hundred, still on rates from Winnipeg to Saskatoon, there would be an increase from a 92 1-2 to 104 1-2 cents per cwt. while to Edmonton the increase would be 16 cents. Mr. Hanna suggested that reductions should be made on basic commodities, and though he did not name these, still he gave the impression that his views on this matter were similar to those expressed by President Beatty of the C.P.R. He suggested a reduction of 16 per cent on lumber as against Mr. Beatty's 17 per cent.

Mr. Hanna said that while there had been important reductions in Canada from the 1920 rates, still there had been practically no reductions in the United States, so that rates were really lower in Canada. He did not think that reductions in rates such as those provided for in the Crow's Nest Pass scale would improve all classes of business to the extent that some people thought, and pointed out that insofar as grain shipment were concerned, the size of the crop and not the freight rate determined the volume of business offered.

In conclusion Mr. Hanna said that the present situation was so serious that it would be difficult to hope Parliament would permit the Board of Railway Commissioners to grant such relief as seemed just and warranted to all concerned.

Hanna Cross-Examined. The position of Mr. Hanna, summarized, was as follows in examination: Mr. Boys—Mr. Hanna, I should like to be sure that I understood you thoroughly. Now just see if I have your contention correctly.

First, the agreement was made between the Government and the Canadian Pacific and you should not be bound by it? Answer—Yes.

Mr. Boys—Second, by abrogating the Crow's Nest Pass agreement and leaving the question to the Railway Commission, it would be possible to have a more equitable adjustment of rates throughout Canada? Answer—That is right.

Mr. Boys—Third, such an adjustment would mean a stimulus to trade generally? Answer—Yes.

Mr. Boys—And lastly, that this stimulus to production would in the end mean a reduction in the deficit on the Canadian National? Answer—Yes.

Philadelphia, May 22.—The British steamer Andrea, of 2,534 tons register, tonight collided with the steamer Alexander, of 4,184 tons register, of the Admiral Steamship line, opposite Fort Mifflin, Pa., seriously disabling the former.

The Alexander struck the Andrea amidships. The blow was so serious that the Andrea started to sink, necessitating running her into shallow water on the New Jersey side, where she anchored. No lives were lost, the report said.

The crew of the Andrea was removed by the Alexander. After the ship had been anchored safely in shallow water, however, its members were allowed to return. The tug Hustler remained standing by to help in case of need.

The Alexander was heading down the river as the Andrea was coming up from Cardiff, Wales. The collision occurred, it is believed when a small ship ran across the bow of the Alexander. To evade striking the smaller vessel the Alexander, in a slight change of its course, striking the Andrea.

Washington Report. Washington, May 22.—The steamer Andrea, British, of 2,534 tons register was in collision off the Philadelphia navy yard today and was sunk according to advices to the naval communications office here. No lives were lost, it was said. The naval authorities at Philadelphia, it was added, did not know what ship was in collision with the Andrea.

ST. BARTHELEMY THREATENED BY FIRE (By Canadian Press) Three Rivers, Que. May 23.—The village of St. Barthelemy was threatened with complete destruction today when a noon fire was discovered in a saw mill owned by Rouleau, Rocheleau and Dumontier, spread to warehouses and nearby dwellings and was only brought under control at 6 o'clock. The fire volunteers of the village were unable to cope with the flames and help and the aid of the fire apparatus from Bertherville was called in.

Some houses were burned to death, but no one suffered injury. The damage is estimated at \$100,000, almost entirely covered by insurance.

It is said to think that the old world can run without us, but it looks sometimes as if the old thing were just chafing for an opportunity to show us how beautifully it can.

Nowadays the goose that lays golden eggs has to be hatched out of a golden egg.

SOME LIVELY TILTS IN DISCUSSION

Of Vote For Local Arsenal Which Lapointe Would Reduce

(By Canadian Press) Ottawa, Ont., May 22.—Some lively tilting marked discussion tonight of a vote of \$425,000 for the Quebec Arsenal. Previously the House had adopted a vote of \$25,000 for the Lindsay Arsenal. Hon. P. G. Graham, Minister of Defence, remarking that the Government would be willing to discontinue the Lindsay Arsenal if a fair price could be obtained for it and conditions remained unchanged.

Hon. Ernest Lapointe, for the Government, moved a reduction of \$50,000 in the vote for the Quebec Arsenal, bringing the item down to \$27,000. T. McBride (Caribou) followed with a motion to reduce it by \$10,000.

Mr. Graham contended that by doing away with one Arsenal and cutting \$50,000 off the vote for the other, the Government was doing very well in reductions.

"One shot from an enemy cruiser could send the Quebec Arsenal to destruction," remarked Hon. Hugh Guthrie, former Minister of Militia. Hon. Dr. Manion remarked that Canada had a navy without ships, an army without training and now wanted shells without guns.

Mr. Graham said the reduction of \$50,000 was not moved without consultation with competent officials.

Hon. J. B. M. Baxter asked why should the Minister of Militia want to reduce his estimates. Was it a real bona fide reduction or a "cheap political stage play," the result of a "morganatic alliance"?

J. L. Brown, Progressive, Lisgar, objected to "morganatic alliance" and was called to order.

Mr. Meighen said that in point of danger from the sea, the Lindsay Arsenal was clearly placed as the one to be used.

"Is this the first time you have spoken?" queried Mr. Duff.

"We might import movies, if this is going to be an entertainment association," Mr. Meighen retorted. "We don't need them when you're here," replied Mr. Duff.

The amendment to reduce the vote by \$110,000 was lost without division and the original amendment proposed by Mr. Lapointe to reduce it by \$50,000 carried. The item as amended was approved.

SMALL STEAMER IN A COLLISION

Crew Of British Liner Andrea Were Removed In Safety By SS. Alexander

Philadelphia, May 22.—The British steamer Andrea, of 2,534 tons register, tonight collided with the steamer Alexander, of 4,184 tons register, of the Admiral Steamship line, opposite Fort Mifflin, Pa., seriously disabling the former.

The Alexander struck the Andrea amidships. The blow was so serious that the Andrea started to sink, necessitating running her into shallow water on the New Jersey side, where she anchored. No lives were lost, the report said.

The crew of the Andrea was removed by the Alexander. After the ship had been anchored safely in shallow water, however, its members were allowed to return. The tug Hustler remained standing by to help in case of need.

The Alexander was heading down the river as the Andrea was coming up from Cardiff, Wales. The collision occurred, it is believed when a small ship ran across the bow of the Alexander. To evade striking the smaller vessel the Alexander, in a slight change of its course, striking the Andrea.

Washington Report. Washington, May 22.—The steamer Andrea, British, of 2,534 tons register was in collision off the Philadelphia navy yard today and was sunk according to advices to the naval communications office here. No lives were lost, it was said. The naval authorities at Philadelphia, it was added, did not know what ship was in collision with the Andrea.

NOTHING DECEPTIVE CONTAINED IN MERCHANT'S BANK REPORT

D. C. Macarow Freed Of Charge By Judge Cusson—Branch Managers' Semi-Annual Reports Not Ordered By Law, But Were Provided For By Rule Of Bank—Copy Of Judgment For Ottawa

Montreal, Que., May 22.—That nothing deceptive or wilfully intended to deceive was contained in the October, 1921, return of the Merchant's Bank of Canada is the substance of the decision handed out by Judge Cusson whereby the charge against D. C. Macarow of wilfully giving false reports to the Minister of Finance was dismissed this morning.

Judge Cusson picked out as the points of the accusation, the failure of the bank officials to make use of the semi-annual reports from the branch managers, the inclusion of the Thornton Davidson securities as "current loan" instead of as "debentures and shares," the omission from their books of sums handled for the Liberty National Bank and the carrying of real estate held by subsidiary companies as real estate held by the bank.

"In all these cases, His Lordship found there was no deception. The branch managers' semi-annual reports were not ordered by law, but were provided for by a rule of the bank, therefore there was no legal obligation on the bank to take them into account in their monthly return. In the matter of Liberty National Bank loan money, there might have been a technical error of book-keeping by the bank, but in none of these cases was the result deceptive, nor was there any evidence of any intention to deceive."

The case against Sir H. Montagu Allan, President of the Merchant's Bank, who also signed the return, will be held up until a final decision in the case of Mr. Macarow is reached.

Judge Cusson's judgment which was in French follows: "The prisoner is accused of having wilfully made a false statement of a nature calculated to deceive in a report to the Minister of Finance on the affairs of the Merchants Bank for the month of October 1921."

"Section 112 of the Bank Act imposes upon the Chief Accountant, the President and the General Manager the duty of making a monthly report to the Minister of Finance on all the items enumerated in schedule 'D' of the act.

"These reports must be made and forwarded within the first twenty days of the month following that on which the report is made.

"Section 153 provides a penalty for the violation of the obligation thus imposed; it provides that he who wilfully makes a false statement of a nature calculated to deceive in such a report commits a criminal act.

"The bank had three hundred and fifty branches distributed throughout the country. Each month the managers of all these branches forwarded to the head office, in Montreal, a report containing all the information required by schedules 'D' these three hundred and fifty reports were condensed into a single one and transmitted to the Minister of Finance after having been signed by the Chief Accountant, the President and the General Manager D. C. Macarow.

"The prosecution does not contend that the information transmitted to the Minister was not exactly the information supplied by the managers of the branches, but the prosecution contends that the report to the Minister should have incorporated all the information contained in the semi-annual reports compiled in April and in September and which would have shown the bank's condition in a more unfavorable light by showing a greater amount of unrecoverable credits (bad and doubtful debts).

"The law does not impose upon the managers of branches the obligation of making such semi-annual reports, this is simply a rule of the bank for its own internal regulation. Proof has been made that of these semi-annual statements, only those of April were classified (tabulated) because they were to be used for the annual meeting of the shareholders; those of September were simply left to the managers to be received and used solely for reference purposes when needed.

"It has been proven that all the semi-annual reports for September had not been received when the October report was prepared and that Mr. Macarow had not seen those which had been received.

No False Statement. "My opinion is that in not taking account of the September semi-annual report in the preparation of the October monthly report, the prisoner did not wilfully make a false statement of a nature calculated to deceive.

"Another point on which the prisoner is charged relates to the transactions with the Thornton Davidson Co.

These latter were a brokerage firm, members of the Stock Exchange, who had a very considerable account with the bank. Their current account was guaranteed by their placing in trust shares of industrial companies; there was a sudden and considerable drop in the value of these shares which brought about the broker's failure. At that, their indebtedness to the bank was about \$4,000,000.

A compromise was arrived at with the trustee in bankruptcy by which the bank abandoned its claim

against the estate on the condition that it retained the securities it held, of a value then estimated at \$22,000,000. The loss of about \$3,000,000 was announced to the Minister in a report previous to that of October, and was deducted from the assets of the bank. The shares held as security were retained, pending an opportune occasion to sell them and in the monthly report of October they were classified in current accounts.

The criticism offered by the prosecution is that this was no longer a current account, the brokers' account having then been closed, that it should have been classified as "debentures and shares."

There are two sides to the question of which of these categories they should have been placed in; in one sense the stocks held as securities were in a current account, in so far as they were in an account in course of liquidation. What appears certain to me, is that the officers of the bank in classifying them thus, did not make a declaration of a deceptive nature.

"The Liberty National Bank of New York transmitted to the Merchants Bank the sum of \$400,000 to be advanced to brokers in Montreal in eight loans. The sum was to be loaned, then withdrawn and returned to New York. The profit for the Merchants Bank consisted of their declaring bigger interest than that paid to the New York bank. This operation does not appear in the monthly reports at all.

Loans Well Secured. "It is not questioned that the loans at sight were well secured; the criticism is that it was a defect of accounting not to have made the necessary entries on both sides of the ledger. This criticism seems to me well founded, but I do not see any omission knowingly made with the object of deceiving; I can not see what interest the officers of the Bank could have had in not showing the transaction as it occurred.

"The Bank created an affiliated corporation called the Merchants Realty, to which were ceded all the real estate of the bank, valued at \$6,000,000, and from which the bank took in exchange debentures to the amount of \$4,000,000 and shares to the value of \$2,000,000. In the monthly reports that security is classified as bank real estate. Plaintiff maintains that as the bank no longer held this real estate, but had taken securities in its place, the monthly report to the Minister should have shown them as debentures and shares. Section 79 of the Bank Act requires the bank to make a report annually in January, showing the value of its real estate. In January, 1921, the bank made this report, declaring that the four millions of real estate are represented by Merchant's realty shares.

"Since the Bank of Montreal absorbed the Merchants Bank, the same classification has been continued.

"In consequence of the creation of this subsidiary the bank has continued to own this real estate, but instead of owning it directly held it indirectly, and in continuing to show the item as real estate, did not make a deceptive declaration.

"I think that the same can be said another subsidiary, the Lands Security Corporation.

"I am of the opinion that the report of the month of October made to the Minister of Finance is not false and of a deceptive nature, and was not knowingly made with that object, and therefore, I dismiss the complaint."

Copy For Ottawa. Ottawa, Ont., May 22.—It was stated at the Department of Justice this morning that a copy of the judgment of Judge Cusson was being obtained. When it was received the course to be taken would be decided.

LOYD GEORGE TO WAIT ON CRITICS (Canadian Press Cable) London, May 22.—Premier Lloyd George's decision not to open the debate in the House of Commons subject of the Genoa Conference, but to wait to hear what the critics have got to say is the occasion of much comment in the lobbies of the House.

The Independent Liberals declare they will not participate in the discussion until the Prime Minister has spoken while the Premier's friends declare he is perfectly justified, in view of the attacks made on him in his absence to call upon them to come forward first to say what they have got to say. It is probable, however, that the arrangement of the debate will be readjusted to everybody's satisfaction.

Meantime the Genoa issue threatened to be overshadowed by the Reparations problem, the importance of which is recognized by the allocation of a special day for its discussion apart from the Genoa matter and by the situation in Ireland. The latest developments in Ireland were referred to in grave tones today by Winston Churchill, Secretary of State for the Colonies, who seemed puzzled by the concord between Collins and De Valera.

Includes a portrait of Mewburn and text mentioning 'Ottawa, May 22.—Hon. Rodolphe Lemieux, Speaker of the Commons to-night complimented Hon. S. C. Mewburn, Conservative Member for Hamilton East, on his work as Chairman of the War Memorials Commission. Mr. Lemieux stated that he had asked the present Government to continue General Mewburn in his post as Chairman, and further Mr. Lemieux took advantage of the moment to thank Members of the Government for his own appointment to the Commission, which was formed under the late administration. Hon. George Graham paid tribute to the man who fell in battle and said "they ought to rest where their work was done". General Mewburn gave the House a sketch of the work of the Commission and pointed to the need of more ground for the Memorial at Vimy ridge. This view was generally concurred in by members of all parties. A re-vote of \$500,000 was approved toward the erection of the Memorials. Mr. Lemieux informed the House that he would not have spoken but for the fact that the matter was entirely non-partisan. AGRICULTURE MINISTER RESIGNS PORTFOLIO Winnipeg, May 22.—Hon. G. P. Malcolm, Minister of Agriculture in the Norris Government, resigned today. It is reported on good authority that he will be succeeded by John Williams, Liberal Member of the Legislature for Arthur.

## CARDINAL BEGIN GOES TO BEAUCE

Festivities Marking 25th. Anniversary Of Ordination Of Mgr. Feuiltaut

His Eminence Cardinal Begin has left for St. Mary's Beauce where he will attend the big festival today and on Wednesday in connection with the twenty-fifth anniversary of the ordination of Mgr. Feuiltaut, the parish priest.

The R.C.G.A. band from this city under the direction of Captain Charles O'Neill will supply the musical programme and a banquet will be held in honor of the worthy jubilarian.

It is understood that a number of Ministers of the Crown have been invited and will be present for the festival.

## PERJURY CASE UP FOR HEARING

Trial Of Thiel Detective Further Adjourned For Absent Witness

Judge Choquette presided over the Court of Sessions yesterday, when the trial of Inspector Filaret, charged with perjury, was continued. Three witnesses were heard, including two Thiel Agency detectives, on liquor inspectors, named Auger and Cassidy. The first witness deposed that he was in a cab driven by James Connolly, when a bottle of liquor was purchased. He could not, however, say whether it was bought from the accused or not or who paid for it.

Auger and Cassidy testified as to their line of activities in ferreting out violations of the Provincial Liquor Act, acting for the Liquor Commission. They told of their acquaintance with the Quebec carter named James Connolly, who had offered to take them to a place in St. Roch's, where they could buy high wine for \$22 per gallon. Then driving to the place designated by Connolly, and on the way asking him the name of the man he was taking them to, when they discovered they had already made a case against this man, and refused to go a second time. Pending the appearance of another witness absent from the city, the hearing was further adjourned until the 29th instant.

This case is the cause of considerable interest to the Thiel Detective Agency inspectors, in the employ of the Liquor Commission, as there were seven or eight of the inspectors on court to watch the case, all young men from Montreal.

## DI KEREKJARTO VIOLIN VIRTUOSO

Brilliant Technical Display And Tonal Effects Aroused Marked Enthusiasm

Music lovers are having a treat this week that is not usually to be found on the bill of fare of popular vaudeville in the appearance at the Auditorium of Ducci di Kerekjarto, the Royal Hungarian violin soloist, who is making his first departure from the concert stage. While it is perhaps not the truest kindness to style this artist as "the world's greatest violinist" in emulation of advance publicity, since to do so inevitably arouses expectations which if not entirely fulfilled, result in a reaction of disappointment, it is perfectly true to say that he is a virtuoso of outstanding merit not likely to condescend to vaudeville performances for any length of time.

The efforts of di Kerekjarto yesterday afternoon were rewarded with insistent applause that was thoroughly deserved but candor compels the admission that the majority of the selections rendered laid themselves open to a criticism frequently made in connection with lyrical music which attempts popular entertainment. There was a tendency to indulge in sensational musical acrobatics of finger and bow, or in difficult tonal effects that display the artist's technical skill to every advantage but give color, rhythm and feeling. Particularly in the case of a vaudeville audience it would seem preferable to choose some simpler and more lyrical theme within the range of their musical appreciation than a pyrotechnic piece that impresses without being understood and appeals to the head rather than the heart.

Fortunately the "Serenade d'Amour" given as an encore went far to meet this criticism and with a simplicity all the more marked in contrast to the brilliant "Nightingale" and "Witches Dance" that preceded it, gave pleasure to its hearers.

Di Kerekjarto is a young artist who should be able to look forward to a bright career as he possesses not only the natural gift and perfected training but a magnetic personality, only offset by mannerisms which, though no doubt perfectly unconscious, savor of affectation and should be resisted. The theatre management is to be congratulated upon bringing a member of such artistic excellence to Quebec and those who patronize this week's performance will not be disappointed.

## BIG PATRIOTIC FESTIVAL HERE

Monster Parade Tonight To Commemorate Heroism Of "Dollard Des Ormeaux"

The feast of Dollard des Ormeaux the hero of the Long-Sault, will be marked here tonight by a monster patriotic and religious demonstration to commemorate the "Vigil of the Arms."

The demonstration will take the form of a big procession in which all the school children and the various cadet corps will participate together with the bands of the different organizations.

All the bodies that will participate in the procession will assemble on the Esplanade at 7.15 o'clock and at 7.30 the church bells will toll the knell of the Long Sault. At 7.45 the procession will start and will march through the following streets to St. Jean Baptiste Church: D'Auteuil, St. Louis, du Fort, Buado, Fabrique and St. John.

The festival has been organized by the Loyola Association and at St. Jean Baptiste Church the sermon of the occasion will be delivered by Rev. Gustave Delattre, Lenten Preacher at Notre Dame, Montreal. The sermon will be followed by Benediction of the Blessed Sacrament which will be solemnized by Mgr. L. N. Garpey, Rector of Laval University.

All those participating in the festival will then join in singing "O Canada."

Residents of the streets through which the procession will pass are requested by the organizers to decorate their buildings in honor of the festival.

On Wednesday morning at seven o'clock there will be mass and general communion for the members of the Loyola Association in the Jesuits' Chapel.

Throughout the day "Dollard Roses" will be sold by young ladies in all parts of the city.

## JUNE ELECTIONS STILL PREDICTED

Dissolution Of Legislature Expected Next Week--Preparing Campaign Literature

In spite of all that has been said or written to announce or deny that Provincial elections will be held in June the reports that elections are coming in June will not be stifled.

Politics have always played a big part in the life of this City, in fact as far as Quebec is concerned, the entire world is concerned in the political field.

Coming events cast their shadows before them, and not a few prominent political organizers who generally share the secrets of the powers that be do not hesitate to say that elections are certainly coming in June.

Premier Taschereau is absent at present taking a rest at his camp in the Laurentides and it was stated here today that after his return next Saturday the dissolution of the Legislature will be announced. A further report is to the effect that campaign literature is being prepared.

## MISS ELIZABETH PERRON CLAIMED BY DEATH

The many friends of Mr. J. P. Perron, a member of the Editorial Staff of L'Action Catholique, will tender him sympathy in the loss sustained through the death of his sister Miss Elizabeth Perron, who passed away at the premature age of 21 years after a lengthy illness. The funeral will take place at St. Joseph de Beauce on Wednesday morning.

## GIRL INSULTED ON ST. JOHN ST.

Shortly before one o'clock this morning a girl employed in one of the Upper Town restaurants, while on her way home was followed by an individual who accosted her at the corner of D'Auteuil street.

Special Constable Frank O'Byrne, who happened to be on D'Auteuil street at the time, came around the corner hurriedly and the "lady killer" took to his heels.

## After Thirty Years of Kidney Trouble

SHE TURNED TO DODD'S KIDNEY PILLS.

Mrs. M. Carlson tells how after long suffering she found relief in Dodd's Kidney Pills.

Product, Sask., May 22—(Special)—Mrs. M. Carlson, a well resident here, has given for publication the reason why she is recommending Dodd's Kidney Pills to all her neighbors.

"I suffered from kidney diseases for thirty years," Mrs. Carlson states. "Sometimes I could hardly walk. I took about five boxes of Dodd's Kidney Pills which gave me relief."

"I recommend Dodd's Kidney Pills to anyone who suffers from kidney disease or rheumatism."

Dodd's Kidney Pills are just a kidney remedy. They strengthen the kidneys and enable them to do their full work of straining all the impurities out of the blood.

If you are run down, out of spirits or suffering from that tired feeling

## SILVER JUBILEE IN HOLY ORDERS

The Parishioners Of Basilica Will Honor Mgr. C. K. Laflamme Today

Mgr. Charles K. Laflamme, Domestic Prelate, member of the Chapter of Canons and Pastor of the Basilica will today celebrate the 25th. anniversary of his entry to Holy Orders.

To mark the occasion a mass of thanksgiving will be solemnized at the Basilica at 8 o'clock this morning and will be followed by a "Te Deum."

This evening after the prayers of the Month of Mary, Mr. A. C. Roulier, one of the Trustees, will tender the good wishes and congratulations of the parishioners to the Jubilarian.

Mgr. Laflamme was born at St. Henedine in 1874. He was educated and ordained by Mgr. Begin on May 23rd, 1897. The same year he went to Rome to study and returned with the degree of Doctor in Theology and Doctor in Canon Law. After his return to Canada he acted as vice-chancellor of the Archbishop's Palace from 1899 to 1904. In the latter year he was appointed curate of the Basilica and Chaplain of Notre Dame des Victoires. At the death of Mgr. Faguy he succeeded him as Pastor of the Basilica, and still later was made a member of the Chapter of Canons. In 1920 he was honored by Rome. He was named a Domestic Prelate of the Vatican.

## MAJOR BLAKE ENTERTAINED

Private Individual Has Found Entire Money For Round World Flight

(Canadian Press Cable)  
 London, May 22—Major W. T. Blake, of the Royal Air Force, and Captain Norman MacMillan, who on the death of Sir Ross Smith took over the latter's plan to fly around the world were entertained at luncheon in London today by the Daily News, Lord Montagu of Beaulieu presiding. It was announced that a private individual had found the entire money for the expedition.

Lord Montagu, speaking of the serious position of British aviation, said the end of 1922 would find the French with 226 air squadrons, compared with Great Britain's twelve. Major Blake acknowledged the help afforded by the Air Ministry of the Canadian and other Governments.

Major Blake acknowledged the round-the-world flight in a couple of weeks and hopes to complete the trip in two months.

The route will be through France, Italy, Greece, Egypt, India, China, Japan, Alaska, the United States and Newfoundland.

## HON. J. L. PERRON WEAKENING NOW

Does Not Look For Elections In June Or July He Declares

Montreal, May 22—"There will certainly be elections. I cannot say just when, I hope they will come soon, but I certainly do not think they will be held either in June or July."

This was the feature of the speech made by Hon. J. L. Perron, Provincial Minister of Roads, addressing the members of L'Association de la Parole Libérale here to-night. He added:

"Whether the sale of liquor in this Province is to continue under Government control or go back to individual vendition as under the old license system, is in my opinion the fundamental question, and it is on this question first and foremost that elections will be held in this Province."

Mr. Perron declared that alcohol in North America was a necessity. "We must have it, for if we did not, there would be worse things. The revenue part, after all, is only a secondary matter. It is a question of temperance and morals."

Speaking of the recent Conservative convention which he described as a "Sauvetat" convention, Mr. Perron said that the organ of the Leader of the Conservative Opposition, ("La Minerve") has made the discovery that I am a rebel and a traitor and ready at any moment to cut my leader's throat. I wish to state here and now that I regard the orders of my leader, Hon. L. A. Taschereau as sacred and I have no hesitation in declaring that nobody within our ranks has the slightest intention of violating those orders."

Hon. Jacob Nicol, Provincial Treasurer, who also spoke, predicted that this year's financial surplus would be larger than last year. He thought the Provincial Government might spend over \$16,000,000 this year.

## ROME CROWDED WITH PILGRIM

Rome, May 22—Rome is crowded with pilgrims from all parts of the world who have come here to attend the Eucharistic Congress, Pope Pius has sent a manifesto to the Executive Committee of the Congress expressing a desire that on May 28, when there is to be a great procession through the streets of Rome, there be celebrated in all Ca-

## NEW TENDERS BY SCHOOL BOARD

Considerable discussion took place at the meeting of the Catholic School Board last night relative to the contracts awarded at the previous meeting for the construction of the new school in the Blessed Sacrament in Belvedere Ward, and it was decided to annul the report of the previous meeting and to call for new tenders for the heating, lighting and plumbing.

It was announced after the previous meeting that the contract had been awarded for the heating system to the firm of Vandy & Matte, but this was an error as the contract had been awarded to the firm of P. Giguere. This decision, however, was annulled last night and it was proposed that new tenders be called for the heating, lighting and plumbing.

This action was opposed by Commissioner T. Verret who held that it was not just as the tenders had been received and the prices quoted had been made public. He argued that it would be preferable to write to the tenderers and ask them what difference there would be in the prices which they submitted and the prices which they would charge for the "Manny" or the "Mills" systems of heating which it is now desired to install. He also held that this should only be done as regards the heating systems and that all the other contracts should be allowed to stand.

Mayor Samson, however, moved that new tenders be called for heating, lighting and plumbing.

In amendment Mr. Verret moved that the Board simply write to the tenderers for the heating system and ask them what difference in price price would be for the new systems which the Board desired.

Rev. Mr. Laberge and Mr. Verret voted in favor of an amendment but Mr. Lagueux, Mr. J. E. Bedard and Mayor Samson opposed it, so the main motion was carried on the same division reversed and new tenders will accordingly be called for heating, lighting and plumbing.

## Fuel for Schools.

The question of supplying fuel for the schools came up incidentally, but it was thought preferable to wait for some time before making any purchase in this connection. It was learned that last year the Board had bought 3,591 tons of coal and \$5 cords of wood. There was still some of this fuel remaining.

Tenders were received for the laying of permanent sidewalks around the new schools in the parishes of the Sacred Heart and St. Coeur de Marie. Several tenders were received, but those of Louis Marcon & Frere were accepted. The prices quoted by this firm were \$1,833.75 for the sidewalk at the Sacred Heart School and \$547.81 for the St. Coeur de Marie School.

The Board also considered tenders for the heating and cleaning of the Sacred Heart School and the School on Carillon street. It was practically decided to give the heating to J. Poulin at \$90 a month and the cleaning to A. Millard at \$75 a month.

Letters were read recommending the re-appointment of Mr. Joseph Dumais as Professor of French in the schools under the direction of the Board.

It was recognized that Prof. Dumais was eminently qualified for the teaching of French in the schools and the Commissioners also held that it was a very useful branch of training but the reason for not re-engaging Prof. Dumais was explained, was purely to economize and the decision already taken by the Board was maintained.

It was decided to pay an account of \$105 to Mr. P. P. Gauthier for work done at the Commercial Academy for drawing courses. It was claimed that the order for this work had been given verbally by the former chairman.

## WRITS FOR \$101,000 OUT AGAINST INSURANCE FIRMS

Writs for actions totalling \$110,000 have been entered in the Superior Court by Messrs. Chauveau & Marchand on behalf of La Banque Nationale, against the U. S. Fidelity & Guaranty Corporation, and the Royal Indemnity Co. The writs read ex-contrato, and number eight, being divided equally between the two firms. The amounts are as follows: U. S. Fidelity & Guaranty Corporation, \$20,000, \$10,000, \$20,000, and \$5,000; Royal Indemnity Co., \$20,000, \$20,000, \$5,000, and \$10,000.

## THE AUDITORIUM.

The usual program of five acts of vaudeville and three pictures is being presented at the Auditorium Theatre for the whole of this week. The status quo picture is "The Hole in The Wall," with Alice Lake playing the leading feminine role, while a good comedy and an interesting animal film rounds out the picture part.

The vaudeville program includes Ducl di Kerekjarto, a Royal Hungarian violinist who renders several selections from the works of noted composers, a singing comedienne in a number of catchy songs, a contortionist who introduces a few new stunts in that line, a young lady toe dancer and an acrobat.

## AT THIS TIME OF THE YEAR.

# Grenadier Guards Football Team Will Be Here To-Morrow

## GUARDS ELEVEN HERE TOMORROW

### Montreal Footballers Leave Metropolis This Evening For Ancient Capital

The Grenadier Guards football team of Montreal, who will play a Quebec eleven tomorrow afternoon at the Exhibition Grounds, will leave Montreal this evening for the Ancient Capital.

There will be seventeen in the party in all, including Col. Melghen and the team's trainer, while the purpose of the visit is to stimulate and encourage football in the Province of Quebec. The Guards are paying all their own expenses for the trip.

The game itself will be the biggest soccer attraction Quebec has witnessed for a considerable period, and should prove the drawing card for the biggest crowd that have witnessed a football game in the Province since the late 19th century.

The game will be the biggest soccer attraction Quebec has witnessed for a considerable period, and should prove the drawing card for the biggest crowd that have witnessed a football game in the Province since the late 19th century.

The grounds have practically all been marked out, and the remaining part is scheduled to be cleaned up this morning, so that all will be in readiness for the game tomorrow afternoon.

## MOTORCYCLE RIDERS PRACTISING STEADILY

### Quintette Of Pilots Reeling Off Dizzy Speed At Exhibition Grounds

Five of the riders who engaged to hook up in the various races at the Exhibition Grounds the day after tomorrow are working out steadily at the track, and they are reeling off the various laps at a dizzy speed.

The twenty-five mile special race should be a hummer. No such race has ever been staged in the Province of Quebec, and as there is a beautiful cup hung up as an incentive to the riders to put forth their best efforts, some of the best motorcycle riding witnessed for years should be the result.

In addition to the big cup for the special race, there are three other cups, one for the three mile race, light machines, one for the five mile race, and the third for the ten mile race.

Thursday afternoon promises to be a period replete with exciting incidents, and it is safe to assume that some of the best riding seen in Quebec for a considerable time will be the outcome of the efforts of the riders who will pilot various standard makes, to secure the cups that are hung up for competition.

The average maple tree yields enough sap to produce between five and ten pounds of sugar.

A great wall, 334 feet high, circled Babylon.

Crows are among the shyest of birds.

Five thousand matches are lighted every second in the United States.

## HIGH SCHOOL OF QUEBEC SPORTS

### Annual Track Meet Will Be Held At Exhibition Grounds Saturday

The High School of Quebec will hold their annual Track Meet on Saturday next, the 27th inst., at which several Senior and Junior events will be run off.

The programme for the Seniors includes 100 yards, 220 yards, quarter mile, half mile, and mile, besides the high and long jumps and shot-put.

The Juniors will have 50 yards, 100 yards, 220 yards and quarter mile, in addition to long and high jumps. A special race of 75 yards will be run off for those under 12 1/2 years.

A feature of this meet is the Point Competition for the "Victor Ludorum" of the school and the Form Championship in Athletics.

Prizes will bear the School crest and motto, "Per ardua tendimus," which is particularly appropriate to all forms of school life.

An Old Boys race will also be run off, and it is hoped that all the Old Boys in the city who can possibly do so, will be on hand at the Exhibition Grounds for this event.

## FORMER CHAMPION WAS DEFEATED

### Cyril Tolley Lost To Robinson In Amateur Golf Tournament

Prestwick, England, May 22—The defeat of Cyril Tolley, former amateur champion, who with William Hunter, the present title holder, and Roger H. Wethered, has the prestige of being one of Great Britain's finest golfers was the outstanding feature in the first day's play in the British amateur championship tournament.

Tolley was eliminated by Samuel Robinson of Southport, who although formerly Lancashire champion, is virtually unknown. The score was two up and one to play.

Another former champion to go down in defeat was A. Armour, who was beaten by W. B. Torrance, Edinburgh, 6-5.

The present champion, William Hunter, had an easy win over Viscount Haldstone 7 to 6, while E. F. Carter, a former British champion won from A. James, 8 up and 6 to play.

John G. Anderson, Siwanoy, won handsily from William Wright, 5-4, but George A. Dixon was eliminated by R. Segar Pugh, Royal St. Andrews, 4-3.

Other matches today resulted as follows: E. J. Hollerness beat Lord Charles Ropes, 6-4; R. Rutherford won from T. L. Torrance, Sandy Lodge, at the 19th hole; J. L. C. Jenkins beat W. D. Charles 6-5 and Noel Leyton, Walton Heath, defeated Captain Hambro, 3-2.

When Angeline Angiebam returned home with her writings her mother asked her:

"What did the editor think of your verses?"

"I guess he thought they were all right."

"Did he accept any of them?"

"No, he said he couldn't print any of them just now because he was all out of poetry type."

## WAR TANK WON CANADIAN RACE

### Captured The Foaled In Canada Event At Woodbine Track Yesterday

Toronto, May 22—Woodbine results: First race, three-year-olds and up, six furlongs—Wraith, 114, Rowan, \$4.90, \$3.50, \$2.89, won; Actress, 102, \$4.50, \$3.40, \$2.85, second; High Gear, 116, Taylor, \$5.80, third. —Apprentice allowance claimed. Weather clear, track fast.

## Sporting Notes

There will be a general meeting of the Quebec Lawn Bowling Club this evening at 8 o'clock in the Quebec Curling Club house.

Babe Ruth's his first official home run of the season yesterday in the game with St. Louis, connecting with one of Vangilder's slants to do the work.

This time last year Ruth had twelve home runs in his record string of 59 for the season. On May 25, 1921, he increased it to 13.

The first boxing bouts to be held in the open air this season will be staged at the Exhibition Grounds Monday night. Three ten-round bouts will be on the programme. Jack Thomas meets Dusty Dumont, in the final. Frank Corrigan fights Jack Jarvis of Toronto in the semi-final, and Kid Mitchell will swap punches with Provencher of Three Rivers in the first ten-round contest of the evening.

The St. Patrick's baseball team of the City League will hold a workout on the Q. A. Grounds at 6:15 o'clock this evening.

NEW STEAMER STRUCK IN PREVAILING FOG. Los Angeles, Calif., May 22—The new steamer schooner Virginia Olsen was rammed by the Navy Submarine D-7 in a dense fog off the Breakwater outside the harbor here today and, racing at full speed with a hole in the bow sank just after reaching dock in the harbor here.

Captain John Johnson reported this morning that the submarine proceeded on its way seaward after the collision and he did not know whether it was damaged or not.

## BASEBALL NATIONAL LEAGUE.

### Reds Again Beat Giants.

Cincinnati, May 22—Cincinnati again outbatted and outfielded New York, winning to day's game 7 to 2. Rixey held the visitors in check in all but two innings. Neff was hit sharply as was Ryan. Score: R. H. E. New York . . . 100010000—2 8 3 Cincinnati . . . 21000103x—7 12 0 Batteries: Neff, Ryan and Snyder; Rixey and Hagan.

Hitting Was Timely. Chicago, May 22—Vance had the better of a pitching duel with Cheever today holding Chicago to four scattered hits while Brooklyn hit timely and shutout the locals three to nothing. A walk, a forced out, a single and a sacrifice gave the visitors the first run and they clinched the game in the ninth when Wheat's home run, following a double, accounted for two more runs. Score: R. H. E. Chicago . . . 100000002—3 8 0 Brooklyn . . . 000000000—0 4 0 Batteries: Vance and Deberry; Cheever and O'Farrell.

Errors Proved Costly. St. Louis, May 22—Errors by Ainsmith and Stock of the Cardinals gave the Boston Braves an 8 to 6 victory in thirteen innings today. Stock's wild throw home permitted two runs to be scored in the final inning. Hornsby hit a home run in the seventh inning with two on and tied the count. It was his eighth consecutive drive. Score: R. H. E. Boston . . . 3020100000002—8 15 2 St. Louis . . . 00210030000—6 13 3 Batteries: Miller, McQuillan and Gowdy; Barfoot, Bailey, Pertica, North and Ainsmith.

Pittsburgh Won Easily. Pittsburgh, May 22—Pittsburgh hit hard today and easily defeated Philadelphia. Score: R. H. E. Philadelphia . . . 000000000—0 8 2 Pittsburgh . . . 01000229x—5 11 2 Batteries: Winters, Baumgartner and Henline; Cooper and Cooch.

National League Standing. R. H. E. W. L. P. C. New York . . . 19 11 63 118 St. Louis . . . 20 13 606 Pittsburgh . . . 15 12 586 Chicago . . . 18 15 516 Cincinnati . . . 17 18 486 Philadelphia . . . 11 16 408 Brooklyn . . . 14 18 438 Boston . . . 9 20 310

## AMERICAN LEAGUE.

### Faber at His Best.

Washington, May 22—Chicago defeated Washington 4 to 3 today, Faber being at his best with men on bases. A fast double play on Hooper by Judge to back and return, was a feature. Score: R. H. E. Chicago . . . 010210000—4 7 0 Washington . . . 020000001—3 7 1 Batteries: Faber and Schacht; Erickson and Garrity.

Showers Stopped Game. Philadelphia, May 22—Sudden showers stopped the game between Philadelphia and Detroit today in the 11th inning with the score 5 to 5. A homer in the ninth inning with two men on base by pinch hitter Clark tied the score and sent the game into extra innings. Cuthaw, Walker and Hellman also made circuit clouts. Score: R. H. E. Detroit . . . 10000010300—5 11 0 Philadelphia 10001120000—5 8 0 Batteries: Pilette, Daus and Bassler; Hasty, Rommel and Perkins.

Ruth Got Homer. New York, May 22—Babe Ruth knocked out his first home run of the season today in thirteen innings 4 to 3. Ruth hit his circuit drive off Vangilder in the eighth, the Yankees tied the score in the ninth hand won on Meusel's single, Pipp's sacrifice and Scott's double. Score: R. H. E. St. Louis . . . 0000200000000—3 12 1 New York . . . 000000001200001—4 12 3 Batteries: Vangilder, Pruitt and Seveid; Shawkey, Bush and Schang.

Cleveland Beat Boston. Boston, May 22—Morton held Boston to six hits today, Cleveland winning 7 to 1. Score: R. H. E. Cleveland . . . 002100000—7 7 1 Boston . . . 001000000—1 6 2 Batteries: Morton and O'Neil; Quinn, Kerr, Fullerton and O'Neil.

American League Standing. R. H. E. W. L. P. C. New York . . . 23 13 639 St. Louis . . . 19 13 594 Philadelphia . . . 16 15 516 Cleveland . . . 16 18 476 Detroit . . . 15 17 469 Washington . . . 15 20 429 Boston . . . 13 19 409 Chicago . . . 13 20 394

## INTERNATIONAL LEAGUE.

### Syracuse Won 9-5.

Rochester, N.Y., May 22—Rochester and Syracuse broke even on the series which ended today, the Stars winning the final game, 9 to 5. Score: R. H. E. Syracuse . . . 001430010—9 15 0 Rochester . . . 030000002—5 11 3 Batteries: Dubuc and Niebergall; Hughes, Allen, Cox and Lake, Callahan.

Also eligible—Net Yet, 111; Mary Erb, 111; x-Lewis B., 113; Helen Lucas, 112.

x—Apprentice allowance allowed. Weather clear; track fast.

## JOCK HUTCHISON HAS CHANGED HIS MIND

### British Open Golf Champion Decides To Defend Title Next Month

Chicago, May 22—Jock Hutchison who won the British open golf championship at St. Andrews last year, and who recently announced that he would not defend his title this year, said today he had revised his decision and will go to England to participate in the open tournament. He will leave for New York next Thursday. He said, and will sail Saturday with Mrs. Hutchison. The qualifying round of the British event is set for June 19 at the Royal St. George Club, Sandwich, England.

Forty different nationalities are represented in the United States, speaking 1,634 languages and dialects.

## BRITTON READY TO MEET LEONARD

### Welterweight Champion And Lightweight Titleholder May Fight June 16th. Or 20th.

New York, May 22—Jack Britton, welterweight champion, will be ready to defend his title in a match with Benny Leonard, lightweight champion, early in June, according to reports received by Tex Rickard, promoter, from Dan Morgan, Britton's manager. Rickard is understood to have made tentative plans, as a result, to stage the contest on June 16 or 20.

Two sites were said to be under consideration, Boyle's Thirty Acres in Jersey City and the newly built New York Velodrome. If the former is chosen, a 12-round no-decision contest may be staged but if the event is staged here it may go fifteen rounds to a decision.

## VALLEYFIELD RAN UP BIG SCORE

### Defeated Montreal Ball-Tossers 11 To 3—Three Rivers Beat Ottawa 5-3

Ottawa, May 22—Wretched playing behind Parker, Ottawa's latest pitching acquisition, resulted in a win for the league-leading aggregation from Three Rivers in the opening of the Eastern Canada Baseball League here this afternoon, by a score of 5 to 2. The locals garnered in two runs in the fourth as a result of good base running and seemingly had the game sewed up until the final frame when the visitors bunched hits with Ottawa's misplays, scored three runs and clinched the game. A series of fast infield plays maintained interest in the game. Score: R. H. E. Three Rivers . . . 000020003—5 8 2 Ottawa . . . 000021000—3 8 7 Batteries: Ero and Bailey; Parkes and Davidson.

Valleyfield, Que., May 22—Valleyfield easily defeated Montreal here this afternoon in their Eastern Canada Baseball League game by 11 to 3. Score: R. H. E. Montreal . . . 000101100—3 5 4 Valleyfield . . . 20120051x—11 11 2 Batteries: Grenier, Patterson and Duplessis; Roher and Wingo.

A LONG TIME ON THE WAY. He was a long-suffering traveler on a little single-track railroad, and he complained bitterly about the lateness of the train and the irregularity of the service. The employe remonstrated in virtuous indignation. "I've been on this here line, sir," he began, "upward of eight years, and—"

"Have you, indeed?" interrupted the traveler sympathetically. "At what station did you get on?"

You never hear of anyone painting the town red now. No; but we hear of the reformers painting the town blue.

Though the doctors never go on strike they have their own ideas and rules about the prices at which their services may be had. One of them was talking to a body of medical students on this point, as follows: "The best rewards come, of course, to the established specialist. For instance, I charge \$25 for a call at a residence, \$10 for an office consultation, and \$5 for a telephone consultation."

"Say, doctor," said a chap in the rear, "how much do you charge a fellow for passing you on the street?"

Sometimes the punishment for speeding is only a blow out, but that means a term at hard labor.—Detroit News.

WARNING! Say "Bayer" when you buy Aspirin. Unless you see the name "Bayer" on tablets, you are not getting Aspirin at all. Why take chances?

Accept only an "unbroken package" of "Bayer Tablets of Aspirin," which contains directions and dose worked out by physicians during 22 years and proved safe by millions for

Colds Headache Rheumatism  
Toothache Neuralgia Neuritis  
Earache Lumbago Pain, Pain

Handy "Bayer" boxes of 12 tablets—Also bottles of 24 and 100—Druggists. Aspirin is the trade mark (registered in Canada) of Bayer Manufacturing Co. Mono-aceticacid of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

## Guaranteed Golfing Supplies Clubs Are Hand Made

To play golf well is what you desire, isn't it? But that is not easily done unless your clubs are suited to you. All my clubs are made to measure and fitted to your last or last year's. You may get clubs at a little lower cost elsewhere, but eventually they will be more expensive to you. I have all lines of golf balls, bags and accessories. You order can be given by letter or telephone.

FRANK E. LOCK  
Quebec Golf Club, Montmorency Falls, Telephone 5301-R4.  
May 16, 18, 20, 22, 24, 26, 28, 30, 31, 1922.

F. E. I. PRODUCED MOST SILVER FOX PELTS. Charlotte, P.E.I., May 22—Of the total value of silver fox pelts produced in Canada in 1921, which amounted to \$432,130, Prince Edward Island produced \$243,694, or nearly sixty per cent. The value of the live foxes exported from Canada in 1921 was \$277,182.

MUCH CLOTHES TO MAKE BILL'S SHIRT. Anardako, Okla., May 22—Big Bill a Caddo Indian, living near Grace-mont, has just ordered his summer suit—a pair of trousers and a shirt. It took ten yards of material to make the shirt, while the pants have a modest waist measure of eight feet.

Big Bill is believed to outstrip all other Indians in size. He weighs 624 pounds, has a thigh measurement of 36 inches and an upper arm measurement of 28 inches.

St. John's Nfld., May 22—Reports on the Norwegian fisheries received by the Board of Trade show that so far this year the catch has been equal to that at this date last year, while the indications are that at the close of the fishing year on June 30 it will be slightly in excess

# Cheap Money Was Again Dominant Influence At New York

## HIGHER RANGE OF PRICES QUOTED DURING DAY'S ACTIVE SESSION OF STOCK MARKET

### Realizing For Profits Ensued Later As Rate For Call Loans Stiffened—Shorts Tested Market's Absorptive Capacity From Time To Time But Made Little Headway

New York, May 22—Cheap money was again the dominant influence in the higher range of prices quoted during today's active stock market session, but realizing for profits ensued later as the rate for call loans stiffened from 1-2 to 5 per cent.

Recent minimum quotations for time funds ranging from 30 days to virtually six months were renewed, although last Saturday's report of local clearing house instructions disclosed the largest total of loans and discounts thus far this year.

Shorts tested the market's absorptive capacity from time to time but made little headway, except among several of the foreign oils. Mexican and Dutch issues easing under pressure, with several of the motors, equipments, coppers and kindred accessories.

Domestic oils, especially the Standard Oil group showed consistent strength, with Transcontinental Oil, those stocks closing at gains of 3 to 4-1/2 points. Midvale was the only independent steel to regain its early advance and Studebaker held its ground, but miscellaneous issues cancelled their gains of one to two points. Steel established a new high record for the current movement, although a heavy trading among rails was popular issues to yield to realizing sales. Active trading among rails was confined to secondary stocks. New Haven losing a considerable part of last week's rise, while Erie gained almost two points.

Sales amounted to 1,575,000 shares.

Speculative sentiment as expressed in the weekly letters of Commission houses, lost little of its optimism. Predictions of higher prices were based, aside from money conditions, on increased railroad tonnage continuance of the investment inquiry and general business gains in the South and southwest.

The drift of foreign exchanges was more distinctly downward, although British rates remained firm. Early selling of francs and lira offered additional depreciation in French and Italian currencies and German marks fell back to within a fraction of their low record. Scandinavian bills most irregular, a 15 point rise in Swedish bills being offset by a 20 point decline in Norwegian remittances.

Far Eastern quotations again strengthened on the higher prices for silver here and in London.

The greater part of today's fairly large operations in the bond market centered around speculative rails and several of the local utilities. Domestic and foreign war loans contributing less than their usual proportions. Almost all the "Liberties" were appreciably better.

French issues held steady despite the lower trend of exchange but British offerings failed to respond to the better tone of sterling exchange.

Recent buying of coppers diminished, the chief movement in that group being again of 2-1/2 points for Cerro de Pasco ss. and some inquiry for American Smelters ss.

Total sales, par value \$15,737,000.

## Closing Letters By Local Brokers

(By Bruneau & Co.)

New York, May 22—The market today shows a continuation of the same strength and activity so much in evidence last Friday and Saturday. Nothing occurred over Sunday to change the situation. This new confidence seems to have originated in large measure from President Harding's speech before the Chamber of Commerce last week but it shows a very optimistic and speculative temper on the part of the public and when a bull market like this gets under way it is a wise man indeed who can call the turn at the top. Such impetus carries a long way.

The breadth of the market also affords new opportunities, like the recent steel merger and tends to bring renewed interest in the market. Industrial Alcohol Acts very well lately and this company has lagged behind so long that it looks as if further advance was in order. American points to higher prices. The rails hold firm but the roads are confronted with a reduction in rates without any assurance as to wages. Most of the oils are strong, especially Sinclair and Phillips Petroleum. Pacific Oil holds well despite the poor earnings statement. Foreign news is far from favorable but no one pays much attention to it nowadays. There seems no change in the prospect of a strong and active market for at least a while yet.

## Daily Gossip On Leading Stocks

(Special to The Chronicle)

"Unaudited Trade figures for the Union of South Africa for the month of April show imports \$3,614,810, which figure includes \$366,973 for the South African Government. Exports totalled \$3,712,259, which includes \$2,000,000 for Gold" says a cable despatch from the National Bank of South Africa Ltd., to their London office.

"Imports show a total decrease of \$47,725,770 compared with 1920. Ordinary merchandise received from Overseas decreased by \$42,784,755."

A telegram from Chicago says Producers & Refiners has acquired control of Lyons Petroleum Company, which company owns and controls oil and gas leases covering 33,000 acres upon which there are 72 producing wells, with daily production of 5,300 bbls.

Coal output of Great Britain for week ended May 20th was 4,786,600 tons or 8 percent below previous week when production reached the highest mark since this spring, at 5,160,000 tons, 32 percent increase over week ended April 22nd 1922.

Laidlaw & Co.—"The market for stocks continues to maintain a strong tone in the steel and copper lines with some irregularity in a few of the stocks and the general list which have been recently marked up, but with prices, as a rule, at a higher level."

Early installation of four master keyboards controlling transmission of the floor of the New York Stock Exchange to replace present method of sending the sales through four telegraph operators on floor to single keyboard controlling entire ticker system.

Lake of the Woods declared regular quarterly dividends of 1 3/4 per cent on preferred and 3 per cent on common, both payable June 1st to holders of stock record May 27th, 1922.

Pynchon & Co., Wires Craig, Luther & Irvine, in part—"There have been developments in connection with the raw sugar situation and believe it will lead to further substantial improvement in prices of all leading sugar stocks."

## YESTERDAY'S TRADING LISTED SECURITIES MUCH LESS ACTIVE AT MONTREAL

### Slight Weakness Shown—Losses Somewhat Outnumbered Gains Though Generally Small—Five Issues Touched New Highs—Brazilian Again Led In Activity

Montreal, May 22—Today's trading in listed securities on the local stock exchange was much less in activity and with slight weakness, losses somewhat outnumbering gains which, with few exceptions, were all small. Five issues touched new highs.

Brazilian again led in activity and closed at 49 1/4 for a net loss of 1-4. Steel of Canada was second and touched the new high of 76, closing up 1 1/2 points at 75 3/4. Quebec Railway was third and closed unchanged at 29.

Abitibi preferred was only a board lot sale, closed at the new high of 90 1/2 for a net gain of 1-4. Penman's reached a new high of 110, closing for a gain of 3 points.

Other stocks to touch new high ground were the Tuckett issues, the common climbing to 48 1-2 and closing 48 1-4, up 1-4, and the preferred was up six points for the greatest gain of the day at 88.

The largest loss of the day was in Forgings which was off two points at 43.

The papers continued quiet with Rirdon issues the feature, the common closing up 1 1/2 points while the preferred closed up three points. Abitibi was off a point; Brompton was unchanged; Laurentide was up 1-2 and Spanish Common gained half a point. Atlantic Sugar was traded in fairly heavily and was strong gaining half a point at 23 with a number of sales at 23 1-2. R.E. Steel common and the second preferred issues both showed strength the former up 1-8 and the latter 1-4.

There was little activity in bonds.

Montreal Tram debentures were off 2 points while Ontario Steel products bonds made their first appearance this year and were up 6 1-2 points over the best price of last year.

Total sales, listed \$11,402; bonds \$126,600.

Tallow, Australian 35s.

Savannah, May 22—Turpentine firm 85 1-4; sales 357; receipts 318; shipments 147; stock 1,552.

Rosin firm, sales 1,068; receipts 798; shipments 166; stock 86,620.

## REduced Fares to Mountain Resorts and Pacific Coast

—CANADIAN NATIONAL RAILWAYS ANNOUNCE REDUCTIONS.

Travel to British Columbia should take a step forward with the marked reductions in passenger fares just announced by the Canadian National Railways. The return rate from Quebec will be \$12.45 to Vancouver, Victoria, Seattle or Portland, Ore. A circuit tour to include two days on the Company's splendid British Columbia Coast steamships between Prince Rupert and Vancouver may be taken at an extra cost of \$13.00 to cover meals and berth on steamer. To Calgary, Edmonton and Jasper Park and return, fare is \$12.75.

All tickets carry the usual optional route privileges, enabling passengers to travel via the Sudbury-Port Arthur route in one direction and via the height of land, via Cochrane and Cobalt in the reverse. Wide choices are also available on Canadian National routes west of Winnipeg.

Tickets are good for stopover at all points within limit of October 31st.

For full particulars apply to City Ticket Office, 10 St. Ann Street, Tel. 530, Palais Station, Tel. 2125 or to any Agent of The Canadian National-Grand Trunk Railways.

May 23, 26, 30, 31x4

## THE RULING PASSION.

A shriek! A splash! People ran frantically along the pier. A woman waved her hands and wailed that her sister had fallen into the sea.

But the occasion usually produces the man. A gallant hero threw off his coat and kicked his feet clear of his shoes. Then he dived boldly into the waves.

Swimming towards the spot where the victim of the accident had sunk, he caught her as she rose, gasping, to the surface.

"Don't struggle, madam!" he said calmly. "We are quite safe. The sea is calm and as clear as a mirror."

"Well, let go of my arm for a minute," said the woman, faintly. "I want to see if my hair is coming down."

## NOT FAR WRONG!

A little London boy was visiting Scotland for the first time. One afternoon he suddenly left the hotel window in great excitement as a Highlander came down the road, playing the bagpipes.

"Mother, mother!" cried the little boy. "Come quick! There's a man outside with a dead pig that sings!"

## WISE MAMMA.

Pastor—"Have you seriously considered the great question of life, Mary?"

"What?"

"He certainly pays his alimony promptly than my first one did."

**The Chicago Produce Market**

Chicago, May 22—Although wheat prices took an upturn at the start today, the market averaged lower. Heavy arrivals here and at other leading centres indicated that the amount of wheat still available was large. The close was unsettled at 2 1-2c net decline to 7-8 advance with May \$1.33 1-2 and July \$1.25 5-8 to \$1.23 3-4. Corn finished 1-8 to 3-8 down and oats off 1-2 to one cent. In provisions the outcome varied from 7c. decline to a rise of 20 cts. Close:

Wheat, May \$1.33 1-2; July \$1.23 5-8; Sept. \$1.19 1-2.

Corn, May \$1.18c; July \$1.04c; Sept. \$0.98c.

Oats, May \$0.78c; July \$0.81c; Sept. \$0.81c.

Pork, May \$28.20.

Lard, July \$11.07; Sept. \$11.65.

Ribs, July \$11.07; Sept. \$11.65.

Optimism parts the clouds and the tangles and costs man nothing.

**J. BERTRAM SIMON.** well-known photographer of Tacoma, Wash., who says that since taking Tanlac with such good results he now knows why everybody is praising this wonderful medicine.

"When they told me about Tanlac it seemed almost too good to be true, but since taking the medicine I know for myself that all they said about it was so," said J. Bertram Simon, 1631 E. 46th St., Tacoma, Wash., a well-known photographer.

"I suffered from rheumatism in my shoulders for ten years and at one time had to go to the hospital. I was down in bed for months and hardly able to turn from side to side. I couldn't sleep and I don't believe I had a day free from pain. My appetite failed and I couldn't digest a thing properly. Gas made me have heartburn for hours after meals.

"In a very short time after I started taking Tanlac I actually felt like a new man. I am now entirely free of rheumatism and my stomach is in first-class condition, while I have gained ten pounds and never felt better. I have recommended Tanlac to a number of people and I am always glad to say a good word for this remarkable medicine."

Tanlac is sold by all good druggists.

**CITY OF QUEBEC**  
CITY CLERK'S OFFICE  
Quebec, 16th May, 1922.  
LIST OF JURORS  
PUBLIC NOTICE

IS HEREBY GIVEN that pursuant to the requirements of the Act of the Consolidated Statutes of the Province of Quebec, entitled "The Jury Law of the Province of Quebec" and amendments, a special meeting of the Council of the City of Quebec will be held on Friday, the second day of June, one thousand nine hundred and twenty two (1922) at eight o'clock of the evening at the usual place of meetings of said Council at which the undersigned will submit to the consideration of the Council an abstract from the valuation roll, containing the names of all persons who are qualified as jurors, for the purpose of being then and there examined, corrected and approved by the said Council prior to the same being delivered to the Sheriff of the District of Quebec, the whole in compliance with the provisions of the Statutes above cited.

**PUBLIC NOTICE** is also given that the persons who have a right to be exempt from serving as jurors in virtue of the law, must ascertain from the City Clerk that their names have been struck from the extract or supplement thereof.

By order,  
H. J. B. CHOUINARD,  
City Clerk.

**INCIPENT REVOLT IN NICARAGUA.**  
Managua, Nicaragua, May 21—A revolutionary movement broke out here today against President Diego, a band of rebels seizing Fortes Loma, commanding this city. Upon representations from the United States Minister, John E. Ramer, however, the revolutionists later agreed to return over the fort to the commander of the United States marines at 10 o'clock tonight to be given back to the government.

**Chronicle Files 100 Years Ago**  
The Quebec Gazette.  
Provincial Secretary's Office.  
Quebec, 22nd May, 1822.  
His Excellency the Governor-in-Chief has been pleased to make the following appointments, viz:  
Felix Tatu, John Baptiste Duchesnay, James Green, Michel, Berthelot, Louis Faneu, John Gaudin, Andrew Patterson, John Lambly, William Sewart, Frederick Wyss, Septimus Harrison, George Larue and Charles Delery Junior, Esquires, to be Justices of the Peace for the District of Quebec, and the said Felix Tatu, Jean Baptiste Duchesnay, James Green, Michel, Berthelot, Louis Faneu, John Gaudin, Andrew Patterson, John Lambly and William Sewart to be of the Quorum.

**Chronicle Files 25 Years Ago**  
Nearly Drowned.  
The tug boat, "Charles Stewart Parrell", owned by Mr. Michael Delaney, timber tower, was destroyed by fire late last night. The vessel was lying near the Grand Trunk Wharf when the flames broke out. Mr. Delaney while endeavouring to pull it ashore by a rope, lost his balance and fell into the water. He struck out for the shore and was rescued with difficulty. The flames were extinguished about a quarter to twelve after a couple of hours of hard work. The tug which is almost a total loss, is reported not to have a cent of insurance.

**Electric Railway.**  
Two of the new cars for the Electric Railway arrived here yesterday morning by C.P.R., and were the centre of attraction for a very large number of spectators, who manifested so much impatience to see them that the Manager of the line found it necessary to apply for the assistance of a posse of police to prevent bystanders from tearing the canvas coverings from the new vehicles. Today it is probable that the cars will be taken from the platform trucks which brought them to Quebec and exposed to public view upon the tracks of the Q. M. & C. Railway at the Palais.

**GIRLS! LEMONS BLEACH THE SKIN**

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, which any drug store will supply for a few cents, shake well, and you have a quarter pint of harmless and delightful lemon bleach. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day, then shortly note the beauty and whiteness of your skin.

Famous stage beauties use this lemon lotion to bleach and bring that soft, clear, rosy-white complexion, also as a freckle, sunburn, and tan bleach because it doesn't irritate.

**SOCIAL AND PERSONAL**

**At The Theatres**  
Chronicle's Review Of Week's Attractions  
THE VICTORIA.  
"The Wall Flower" with Colleen Moore playing the leading role is the main attraction being shown at the Victoria for the first half of the week. It was produced by Goldwyn with a fine cast including Richard Dix, Tom Gallery, Rush Hughes, son of the author, Gertrude Astor, Fanny Stockbridge and others.  
The story deals with Idaiene Nobbins who had been so repressed by her mother and her brothers and was dressed so queerly that she seemed to herself and everybody else an ugly duckling. At dances she was left sitting against the wall. She had a false attitude towards life and towards herself. She tried to kill herself, but succeeded only in getting both legs broken. The wealthy girl to whose home she was taken, and her guest, a Westerner, decided to try letting a little sunshine and sympathy into Idaiene's life and to teach her how to dress and to walk. Idaiene, the wall flower, blossomed into a charming and beautiful girl under this treatment and won the love of the doctor. It's a story of everyday life, told truthfully, humorously and sympathetically as only Rupert Hughes can tell such a tale on the screen.  
A good comedy and other short subjects are also shown on the same bill.

**DYED A SWEATER AND SKIRT WITH DIAMOND DYES**

Every "Diamond Dyes" package tells how to dye or tint any worn, faded garment or drapery a new rich color that will not streak, spot, fade or run. Perfect home dyeing is guaranteed with Diamond Dyes even if you have never dyed before. Just tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton or mixed goods. For fifty-one years millions of women have been wearing "Diamond Dyes" to add years of wear to their old, shabby waists, skirts, dresses, coats, sweaters, stockings, draperies, hangings everything!

**HERBAL Zam-Buk THE REAL SKIN PURIFIER**

Be on your guard against that early patch of eczema, which if unchecked, may lead to nights and days of fiery irritation! Watch for the first simple and rash that may spell ugly disfigurement! Don't let that simple cut, bruise or burn, take "bad ways."

Examine your skin frequently and carefully, and treat the first sign of disorder at once with Zam-Buk.

The secret of Zam-Buk's power in creating a clear healthy skin is that it stimulates the cells to renewed activity, and rids the tissues of accumulated impurities. Nightly dressings with Zam-Buk soothe, soften and purify the skin, and improve your appearance wonderfully.

Unlike coarse lard ointments and fatty creams, Zam-Buk contains active medicinal essences that sink into the skin and expel inflammation and itching irritation. Zam-Buk quickly replaces diseased tissue and grows healthy new skin.

For eczema, pimples, boils, abscesses, ringworm, poisoned wounds, bad legs, cuts, burns, scalds, or for piles Zam-Buk provides the unrivalled remedy.

THE SIREN.—Philadelphia Evening Ledger.

**RADIO LICENSES VIA P.O. DEPT.**  
After June First As Well As Through Naval Service Department

Ottawa, May 22—After June 1 radio receiving licenses will be issued through the Post Office Department as well as through the Radio Branch of the Naval Service Department, it was announced today. Hitherto, all licenses were issued through the latter department, but as a convenience to the many new and prospective radio users throughout the country, arrangements are being made to have licenses issued through the Post Office in the chief cities and towns throughout the country. The licenses issued through the Post Office in the chief cities and towns throughout the country, The licenses will not be obtainable at the smaller Post Offices. An earlier report that the issuing of the licenses will be turned over to the Post Office Department entirely is incorrect, Lieut.-Commander C. P. Edwards, General Superintendent of the Radio Branch of the Naval Service Department, points out, as it will still be possible to obtain the licenses directly through his department.

**MINISTER'S VISIT ABSOLUTE FAILURE**  
Onondaga Indians To Bring Case Before International Court of Justice

Brantford, Ont., May 22—The Council of Chiefs of the Onondaga Indians are bringing their case before the International Court of Justice at The Hague. Such was the announcement made this morning by Major Gordon Smith, head of the local Indian Department.

"If this is done the Brant County Indian situation immediately assumes an international aspect. Local men in close touch with the heads of the various Indian tribes declare that the recent visit of the Hon. Charles Stewart, Minister of Internal Affairs, "was absolute failure".

One of the chiefs expressed himself as follows to the Canadian Press this morning:

"The Hon. Mr. Stewart came down here and told us a lot of nice things and just because we listened to him apparently went away with the idea that he had smoothed everything out. He had not smoothed out anything and the situation is worse now than ever. The Vice case is just where it was."

**DISAGREED RE BURCH**  
Los Angeles, May 22—The Burch jury was discharged today without reaching a verdict.  
The jury is the second to disagree on the guilt or innocence of Arthur C. Burch in connection with the slaying of J. Belton Kennedy, Los Angeles broker, for whose death Madalynne Obenshain has also been tried with a jury disagreement.  
The case was placed on the calendar for next Saturday to be set for a third trial.

**EXAMINE YOUR SKIN**

Be on your guard against that early patch of eczema, which if unchecked, may lead to nights and days of fiery irritation! Watch for the first simple and rash that may spell ugly disfigurement! Don't let that simple cut, bruise or burn, take "bad ways."

Examine your skin frequently and carefully, and treat the first sign of disorder at once with Zam-Buk.

The secret of Zam-Buk's power in creating a clear healthy skin is that it stimulates the cells to renewed activity, and rids the tissues of accumulated impurities. Nightly dressings with Zam-Buk soothe, soften and purify the skin, and improve your appearance wonderfully.

Unlike coarse lard ointments and fatty creams, Zam-Buk contains active medicinal essences that sink into the skin and expel inflammation and itching irritation. Zam-Buk quickly replaces diseased tissue and grows healthy new skin.

For eczema, pimples, boils, abscesses, ringworm, poisoned wounds, bad legs, cuts, burns, scalds, or for piles Zam-Buk provides the unrivalled remedy.

**ROYAL YEAST CAKES**

As a health builder, Royal Yeast is gaining in popularity every day. It is a food - not a medicine. It supplies the vitamins which the diet may lack. Royal Yeast is highly beneficial in cases where the system seems "run down". Royal Yeast is the richest known source of vitamins, and when taken into the system acts as a corrective agent. Royal Yeast Cakes are recommended for their purity and wholesomeness. It is the purest, the most convenient and economical yeast on the market.

Two to four Royal Yeast Cakes a day will work wonders. A full day's supply can easily be prepared at one time by using one glass luke warm water and teaspoon sugar to each yeast cake. Allow to stand over night in moderately warm room. In the morning stir well and pour off liquid. Place in refrigerator or other cool place and drink at intervals as desired throughout the day.

Send name and address for free booklet "Royal Yeast Cakes for Better Health."
