MURDER, SUICIDE IN TESSIER CASE

World News In Brief

Ottawa—(CP)—Labor Minister Gregg said Friday night the federal government has no immediate intention of creating special works projects to alleviate unemployment. He said, however, the government is pushing ahead on its regular works projects. There were many such projects under way in British Columbia as elsewhere.

Copenhagen—Reuters—The Scandinavian Airlines System is to buy Douglas DC-7S for its trans-polar route from here to Los Angeles, it was announced here today. Friday representatives of the company signed a contract in San Francisco which includes an order for eight DC-7S to be delivered in 1956. The new planes are expected to reduce Copenhagen-Los Angeles flying time by three hours.

Paris—Reuters—A French woman and her husband Friday entered a claim here for 50,000,000 francs (about \$140,000) damages against Emperor Haile Selassie of Ethiopia. Mme. George Lucas and her husband told a Paris court they had rented a 4,940-acre farm in Ethiopia in 1953 and were turned off it two years later with eight years of the contract still to run. The case is expected to be heard early next year.

London—Reuters—John B. C. Watkins, Canadian ambassador to Russia, Friday attended a meeting "devoted to the Canadian-Soviet friendship month." Moscow radio said Friday night. The broadcast said Watkins attended the meeting at the VOKS (the society for cultural relations with foreign countries) headquarters in Moscow. Also present were scientists, artists, newspaper men and other representatives of the capital, the radio said.

London—(Reuters)—Canadian immigration to Britain during the first half of this year was 59 per cent above the same period in 1953, the Board of Trade Journal said Friday. During the six months, 3,200 Canadian immigrants came to Britain. The Journal said. The total number of immigrants from the Commonwealth was 38,000. Emigrants to Commonwealth countries numbered 71,000—four per cent lower than in the first half of last year.

Queen, Duke Celebrating 7th Wedding Anniversary

By MURIEL NARRAWAY
Canadian Press Staff Writer
London—(AP)—A bouquet of white carnations will be handed to the Queen today, symbolizing her seven happy years of Britain's most celebrated couple.

The flowers, chosen personally by the Duke of Edinburgh, will be a reminder of the all-white carnations he sent on their wedding day Nov. 20, 1947.

To celebrate this seventh anniversary of a marriage that brought a welcome splash of color to austere post-war Britain, the 28-year-old Queen and her 33-year-old husband will spend the week-end with the Duke and Duchess of Gloucester at their country estate in Northamptonshire.

There, the two dukes will be guests of honor at a private dinner marking the centenary of the battle of Balaklava, a village in the Crimea, was the scene of the charge of the light brigade.

Woman Apparently Killed Son, Then Took Own Life, Provincial Police Claim

Deny Ban On Atom Power Information

Ottawa—(AP)—Counsel for the Atomic Energy Control Board Friday said the board never has advised keeping secret a private person's application to patent an invention which uses atomic energy.

G. M. Jarvis, appearing before the Isley commission studying patent, copyright, industrial design and trade marks laws, said the board has examined between 300 and 400 applications since 1947.

He recalled that earlier this week members of the Patent Institute of Canada said there appeared to be a blanket order by the board to keep such inventions secret.

Mr. Jarvis said that only in a very few cases has the board advised secrecy and then only in the case of applications filed and secrecy requested by an atomic project operated by the British, Canadian or United States governments.

Chief Justice J. L. Isley, commission chairman, and W. W. Buchanan, commission member, said they were believed to hear Mr. Jarvis' clarification on that question.

Another witness, S. G. Waters, president of a Toronto appliance distributing firm, claimed that Canada Radio Patents Ltd., a patent-owning concern, placed his business in jeopardy by refusing to permit import of radio and television sets from the U.S.

He said the patent firm threatened him with costly legal action for patent infringement if he imported the sets.

E. G. Gowing, representing Canadian Radio Patents, said that under Canadian patent laws the company cannot permit such import because it might hinder use of electronic patents by Canadian producers of similar goods.

It could be argued that allowing import was an abuse of patent rights and the company might be faced with applications to have those rights revoked.

New York—(AP)—William J. Perlman, playwright and producer, died Thursday at Mount Sinai Hospital. He was 72. Perlman's play, "My Country," was produced on Broadway in 1927 and another, "Broken Chain," appeared two years later. In 1926, he was one of the producers of Sean O'Casey's "Juno and The Paycock."

Elizabeth was then a dutiful, rather diffident princess who married the former Lieut. Philip Mountbatten, a man unconventional enough to wear flannel trousers and an open-neck shirt in stately Buckingham Palace.

Tragedy touched the couple and made Elizabeth a queen—when they learned Feb. 6, 1952, on a tour in Kenya, that George VI had died in his sleep at Sandringham. A year later, a few months before the coronation, Elizabeth suffered another blow with the death of Queen Mary, her 85-year-old grandmother.

The Queen has undoubtedly enjoyed being sovereign. Though perhaps lacking a natural ease of manner, she has grown steadily in confidence.

One big occasion in the Queen's imperceptible growing up to the dimensions of Britain's sixth reigning queen was her visit to Canada in 1951. On this tour, going from coast to coast in all weathers, she may have sensed for the first time the magnitude of her task as nominal head of more than 500,000,000 persons in some 50 lands.

Returning she said she had conceived for Canada and her people a "love that will never grow cold."

Among her proudest possessions, which she often wears, are two diamond maple leaf brooches presented in Canada.

The mystery of the disappearance of Mrs. Adrienne Tessier, a 34-year-old Sherbrooke woman, and her three-year-old son, Richard, which has been the subject of many wild rumors since she left her West Ward home on July 27, ostensibly to visit her parents in Compton, and which caused at least two large man-hunts in the Sawyerville region, has been solved with the declaration from Provincial Police headquarters that the charred and decomposed bodies found near Little Lake Magog were those of the missing woman and her son.

Lieut. Maurice Valiquette of Provincial Police headquarters in Montreal, declared last evening that positive identification had been made from the remains and personal effects found on the scene where the skeletons were discovered.

Police said Mrs. Tessier apparently killed her son and burned his body in turpentine. The boy's skull was found, saturated with turpentine, in a hollow 500 feet from the road at Little Lake Magog, near Sherbrooke, Friday.

The woman then is believed to have committed suicide, police said.

Lieut. Valiquette said Homicide Detectives Ubaldo Legault and Roch Dandenault found jewelry, money and personal effects on the scene which were identified as belonging to Mrs. Tessier.

The woman's body was found Thursday by two farmers, eight miles west of Sherbrooke near the Montreal highway. Further investigation turned up the boy's skull yesterday afternoon.

It was not announced how the woman committed suicide but she was believed to have slashed her wrists.

The remains were brought to Montreal Friday for study by Provincial Pathologist Dr. Rosario Fontaine. A coroner's inquest was scheduled for today.

When Mrs. Tessier and the boy vanished in July, her husband at first believed they had gone to visit relatives at nearby Compton. But they never showed up there and subsequent searches—once involving 500 men—found no trace of them.

Mr. Tessier said his wife had been depressed for some time, worrying about the safety of her child in Sherbrooke's traffic. She once expressed a wish to take him into the bush where "he'd be safe."

Police said the child's skull and bones were covered with leaves only a few hundred yards from the wooded area where the adult skeleton was found. Near by, they said, was a charred tree stump and an empty kerosene can.

The finding of the first scattered skeleton by Emile and Gerard Pruneau on Thursday afternoon touched off much discussion on the part of Sherbrooke residents, who had been following the case with keen interest ever since two Sawyerville women reported seeing a woman and a child answering the description of the missing pair walking along a secondary road near that Compton County village.

Interest reached fever heat early yesterday afternoon with reports that Provincial Police officers were conducting a search for further remains and the highways leading to the lakeshore resort were jammed until word spread of the finding of the second skeleton.

Russia Pressing Eastern European Security Pact

By EDDY GILMORE
London—AP—The Soviet Union has given strong indications recently that it is planning to set up an east European security system in answer to the West's North Atlantic Treaty Organization.

It is believed that Marshals Georgi Zhukov, Vasily Sokolovsky and Konstantin Rokossovsky—all Soviet war heroes—are working out details of the new alliance. They also are expected to play leading roles in the military organization.

The Soviet Union and its satellites have signed mutual assistance treaties and trade accords. But as far as is known, Red East Europe has no formal interlocking military alliance placing war resources under a single command.

British officials say Moscow's current propaganda line is practically spelling out the Kremlin's plans, which they believe will materialize at a conference scheduled for November 29.

In a note to European countries and the United States last week, Russia suggested an international conference on that date to discuss European security. Most Western powers already

Reducing Of Korea Force Nearing End

Ottawa—(AP)—Operation "Reduce," the cutting of Canada's 25th Infantry Brigade in Korea to one-third its strength, is almost complete, the army said Friday.

Two more units now are at sea en route home in time for Christmas: The 4th Battalion, Canadian Guards, commanded by Lt.-Col. Val Leduc of Quebec City, and D-Squadron, Royal Canadian Dragoons, commanded by Maj. A. L. Macdonald of Toronto and Ottawa.

The first major unit to be withdrawn, the 2nd battalion, the Black Watch, arrived at Seattle, Wash., Thursday after a year's garrison duty in Korea.

The army said the remaining formations to be withdrawn are expected home for Christmas. They are the 3rd Regiment, Royal Canadian Horse Artillery; 3rd Regiment, RCA Signals Troop; 3rd Field Squadron, Royal Canadian Engineers, less one troop remaining until the end of December; and the 3rd Transport Company, less one troop remaining until the end of next month.

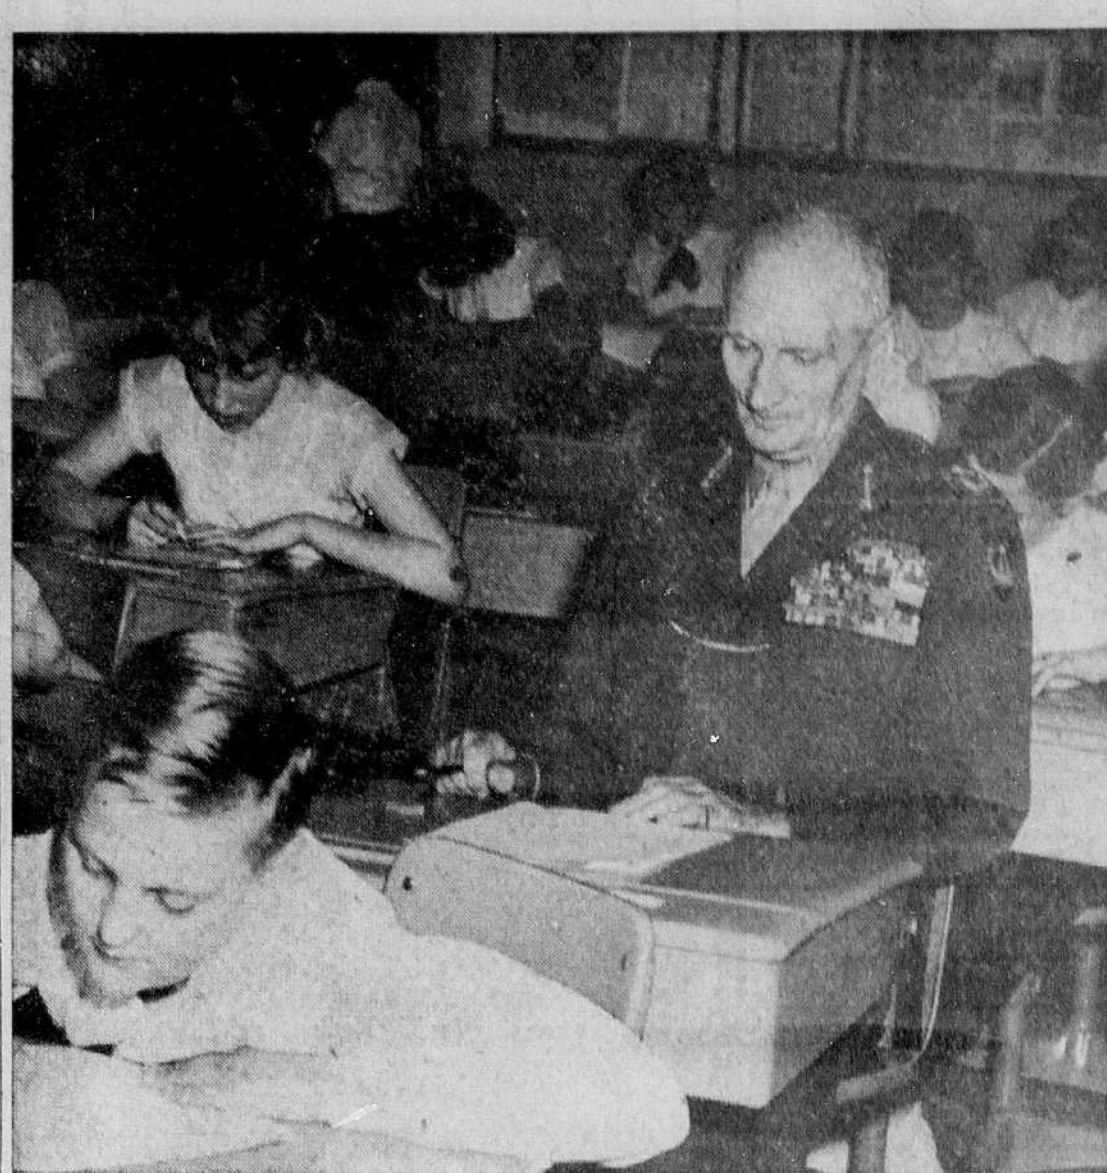

Remaining in Korea are the 2nd Battalion, Queen's Own Rifles of Canada, and one field ambulance, with the necessary administrative troops for their support.

Officials have expressed a hope that these remaining troops may be withdrawn next spring.

The 3rd Regiment, RCA, on its return to Canada, will be stationed at Debert, N.S.

Meanwhile, 161 soldiers have sailed for Halifax aboard the Neptunia from Bremerhaven, Germany, after a tour of duty with the 1st Canadian Infantry Brigade. They are expected at Halifax Nov. 22.

Adenauer Defeats Cabinet Rebellion To Win Approval For Paris Treaties

Findings In Rail Dispute Ready Today

Ottawa—(AP)—Chief Justice Gordon Sloan of British Columbia, arbitrator in the contract dispute between railways and non-operating workers, is expected to make his findings known to the disputants today.

Chief Justice Sloan, it was learned, has called in representatives of the railways and unions for a meeting at 3 p.m. EST in the Ottawa Hotel where he has been preparing his judgment in the multi-million-dollar argument.

Informants said they understand he plans to hand them copies of his findings. There were no plans for making them public immediately and it appeared probable the negotiators would first report to their respective unions and companies.

The justice was appointed by the federal cabinet to write binding arbitration terms after long company-union negotiations collapsed and the unions threatened a strike of their 145,000 members.

The union chiefs agreed to

Bonn, Germany.—(AP)—Chancellor Konrad Adenauer's cabinet overrode a rebellion by five ministers Friday and approved the Paris agreements to bring West Germany into the Western defense alliance.

Bills to ratify the agreements were sent immediately to parliament amid predictions by Adenauer and his party leaders that ratification will be completed by mid-January. But there were indications of rough sailing ahead.

Four cabinet ministers of the Free Democratic party, West Germany's third largest, and a member of Adenauer's own Christian Democrats said "no" when the cabinet voted.

This made the vote 13 to 5 for the agreements with one minister absent.

This was the first open rebellion in Adenauer's cabinet on a major foreign policy issue and it made the cabinet decision a questionable victory for the 78-year-old chancellor.

The opposition of the five ministers was directed against the controversial French-German agreement to make the German-populated Saar a "European" territory. This agreement is one of the Paris accords.

The Free Democrats maintain the strategic industrial Saar will be lost to Germany permanently if this agreement is ratified. They approve the other Paris agreements to restore German sovereignty.

The refusal of the Free Democratic ministers to budge on the Saar issue and the defection of Christian Democratic Minister Jakob Kaiser disclosed that Adenauer must reckon with powerful opposition over the strategic industrial area when parliament votes on the Paris agreements.

The opposition Socialists, the nation's second largest party, have joined the Free Democrats in denouncing the Saar accord. The Socialists also oppose the other Paris agreements.

Adenauer surprised his political opponents by winning the support of the two ministers of the Refugee party whose votes may have been influenced by a cabinet agreement that some additions to the Saar agreement are needed to make it workable.

The French and West German governments already have agreed to hold discussions over "clarification" of the Saar pact which was hurriedly negotiated in Paris with some details left to be filled in later.

Ottawa—CP—Half-a-million cigarettes, the Christmas gift of the government and citizens of Ontario to Canadian servicemen in Europe, have been shipped from Hamilton.

Improvement In Condition Of McCarthy

Washington.—(AP)—The condition of Senator Joseph McCarthy, whose ailing arm is holding up Senate consideration of a move to censure him, was reported "a little improved" Friday.

There still was no definite word from Bethesda naval hospital, however, how soon the Wisconsin Republican will be well enough to leave the hospital.

The Senate called an 11-day halt in the censure debate Thursday on the basis of a medical report saying McCarthy's elbow injury had resulted in "traumatic bursitis" and treatment would keep him in hospital until Nov. 29.

Senators split sharply on whether there now will be any final action on the censure move at the special session of the Senate, which must end Dec. 24.

Senator William Knowland of California, the Republican leader, said there is "no doubt in my mind that the issue will be resolved" before the Christmas Eve deadline.

Reject Bid By India To Delay Pact

By TOM HOGE

United Nations, N.Y.—(AP)—Rejecting an 11th-hour Indian bid to widen talks on President Eisenhower's plan for a peaceful international atomic program, Western sponsors pushed today for final acceptance of the program.

Some Western diplomats predicted that the 60-country United Nations political committee would approve the plan unanimously, possibly Monday.

India's V. K. Krishna Menon blocked committee attempts to reach a vote Friday night by demanding an opportunity to speak Monday on the seven-power resolution endorsing the program. The resolution has been virtually assured of Soviet support.

Menon first caused a stir by suddenly tossing in an amendment to increase the circle of countries taking part in negotiations to set up an international atomic energy agency.

Henry Cabot Lodge, United States chief delegate, quickly made plain that the sponsors would agree to no such change which, he said, would open the door to countries outside the UN.

Lodge said the sponsoring powers believed such proposals "would delay matters for such a long time as to jeopardize this whole project—if not indeed destroy it."

Throughout the atomic debate, Menon complained that the seven-power resolution placed the underdeveloped countries in the position of being asked to rubber-stamp a closed-door agreement. Sponsoring the proposal were the U.S., Britain, Canada, France, Australia, Belgium and South Africa.

Menon's stand cast some shadow on hopes that the compromise plan, evolved after painstaking days of bargaining with Russia, might receive unanimous support. But veteran diplomats predicted that despite his criticisms and amendments Menon would approve the resolution when the time came to vote.

Halve Time For Taking Of Census

Ottawa—(AP)—That man with the notebook likely will be coming round to your door again in 1956. But he may not be as inquisitive about you as he was in 1951.

Officials disclose that the government has decided on a national census every five years instead of 10, to provide a more accurate gauge of shifts and growth of Canada's population.

One of the major reasons for the cut in the years between census-taking, they said, is to provide the government with accurate population estimates on which to base payments to provinces.

In the years between the decennial census, statisticians try

Study Means To Offset Nienminh Troops Shifts

By EDMOND LEBRETON

Washington.—(AP)—Reports that the Communists have assembled three new divisions in North Vietnam have focused fresh importance on a communique to be issued late today at the close of top-level French-American talks.

Premier Mendes-France and State Secretary Dulles held a lengthy conference on the matter Friday, authoritative informants said.

The communique also was watched for any indications of how close Mendes-France and Dulles came to agreement during face-to-face talks this week on Indochina, European and North African problems.

A final meeting on "odds and ends" was set for this morning before the French leader's scheduled air departure for New York.

Among other things, the reported creation of three new Indochina Vietminh divisions and movement of heavy military gear into Red-held Northern Vietnam in violation of the Geneva peace agreement was said to have been discussed by the French and American diplomats.

Dulles and Mendes-France were understood to have agreed in

large part on political and military steps to deal with the situation.

The political steps are reported to have included ways and means of developing an effective anti-Communist government in South Viet Nam, and agricultural reform. The military measures involved use of available military equipment in the south to train and arm units of a native anti-Communist army.

The bulk of the conference time was understood to have been devoted to Far East problems, although the French and American leaders were reported to have talked about France's troubles with North African nationalists and about Franco-German relations, particularly in relation to the dispute over the coal-rich Saarland.

Diplomatic informants said Mendes-France showed a considerable degree of agreement with U.S. points of view.

Dulles was said to have told Mendes-France he hoped French military forces in North Africa would avoid using U.S. arms in fighting nationalists. But the Secretary of State apparently did not threaten to cut off military aid if this were not done.

SWEETSBURG—

Miss Jeanie Richardson, of the Knowlton highway, has returned to her nursing duties at Brockhaven Memorial Rest Home, after an absence of nine months, during which time she cared for her nephew, the late Garth Sheldon Russell, of the Knowlton

highway. Garth was the youngest son of Mr. and Mrs. Eric Russell. His two brothers, Gary and Gale Russell, also survive him. Miss Gweneth Beattie underwent an operation for appendix removal by Dr. S. W. Rodgers on November 13 in the Sweetburg hospital, and is now progressing favorably.

Hollywood — (NEA) — Behind the Screens: Glamor has won out over the girl next door.

That's the word from movie producer John Champion, about to make a series of films starring "there's a public appetite again for pictures about women."

It's been a man's world in Hollywood for several years, with a cycle of he-man-plus films leaving movie queens whimpering about playing second fiddle to the Waynes, Laddes, Coopers, Brandos and Bogarts.

There's always been an audience for pictures concerned with women, says Champion, but:

"Hollywood so deglamorized actresses by showing them hanging diapers on the clothesline and whipping up cookies in the kitchen that the magic went out of the great woman star. Now glamor has won out over the girl next door."

Gail Russell, reported to be in a sanitarium, is very much among those present in Hollywood. Now that Guy Madison has won the interloutory decree from her, Gail will start preparing for a movie comeback.

Liberace just collected a bundle for endorsing a new type candle that never seems to burn down. A hidden spring keeps it at a constant level.

NBC's next "spectacular" changed title from "The Follies of Zizi" to "The Follies of Suzy." Too close to Zsa Zsa? ... A Protestant minister and a rabbi will make it a double knotting for Debbie Reynolds and Eddie Fisher.

Gregory Peck will play Lieutenant Greenwald in the London company of "The Caine Mutiny Court-Martial."

Dagmar, of the fabulous chest measurements, is trying for a movie break. She's been seen around the major studios in the company of agent Henry Wilson. European newsmen are boiling over Sir Laurence Olivier's closed-to-the-presses of the big "Richard III" production outside of Madrid, Spain.

Daddy Ringtail

Happy Day From
Far Away

By WESLEY DAVIS

Daddy Ringtail is a monkey. He lives up in a monkey house, high in the top of a very tall tree, right in the middle of the Great Forest. Everyone knows it, I guess, but everyone does not know about Daddy Ringtail's trick of saying a "happy day" from far away.

Daddy Ringtail was explaining the trick to Mugwump Monkey, the monkey boy. Daddy Ringtail was saying: "The trick, Mugwump, is to talk with your voice to make it sound like it is coming from a place where you are not."

"Sir?" asked Mugwump, meaning for Daddy Ringtail to say it over again.

Daddy Ringtail did say it over again. Said he: "Here. Let me show you, Mugwump. Right now we are standing out

on the porch of the monkey house. Listen, now, while I call with my voice to make it come from down below on the Elephant Path."

Mugwump listened. Mugwump waited. He saw Daddy Ringtail open his mouth to talk, and as Daddy Ringtail's lips began to move — from down on the Elephant Path his voice was saying:

"Happy day to me up there on the porch! Happy day to you, too, Mugwump! Happy day to both of us there on the porch!"

"Oh, this trick was a strange, strange thing indeed. It was a trick whose name was ventriloquism, Daddy Ringtail explained, although the name of the trick isn't as important as the doing of the trick itself."

"Humph!" said Mugwump as he thought about it. "Daddy Ringtail, I bet it sure would be fun to play the trick on the Huffle Puffen."

The Huffle Puffen, you know, is a friendly wolf. He is much too easily frightened, and he talks too much, but Daddy Ringtail thought it might be fun indeed to play the trick of ventriloquism on the Huffle Puffen.

Yes, and why not find a friendly lion and take him to the Huffle Puffen's hollow tree house. Why not put the lion to bed in the Huffle Puffen's bed, and cover up the lion from head to tail — being sure, of course, that the lion had a little tunnel of air to breathe.

Yes, and then if the trick of ventriloquism were played for Mugwump's voice to talk from inside the lion, play-like, like maybe the lion had eaten him up. . . . Boy, oh boy!

And just you wait until Monday and I'll tell you what happened about it all. Happy waiting, and happy day!

♦ **PROTESTS URGED** — The Sherbrooke Chamber of Commerce have this week been urging all industries to check their machinery valuation at City Hall. The roll has been deposited and will be open for inspection until November 29. . . . The Chamber urges that manufacturers check their new valuation as they claim that production machinery has been included in the new roll. . . . The controversy arises out of the somewhat poor definition of 'immovable machinery'. . . . The total of the new roll is 41 per cent greater than the old one. . . . On the other hand it is hard to find any consolidated opinion among the manufacturers on the stand they will take on the issue. . . . Some do not want to protest, because, they say, when taxes are too high they will establish themselves in another city. . . . Other companies, whose valuation has been increased as much as 700 per cent, intend to protest vigorously. . . . A group of Montreal valuers were hired to do the job for the School Commission and the fee has been reported at \$40,000 while the yearly increase in revenue has been estimated at \$10,000. So it will take four years before they get any benefit from the roll and by then it will probably be time for another roll. . . . We think that if the School Commission knew then what they know now they would never have undertaken a new valuation roll. . . . Whatever happens in presents an interesting problem because if production machinery is permitted to be taxed then it will establish a precedent and the door will be left open for further additions to the list.

♦ **THE ADVANTAGE OF PUBLICITY** — On the Queen Mother's visit to Canada this week she was given two boxes of maple sugar for her two grandchildren, Prince Charles and Princess Anne. . . . The only unusual thing about the maple sugar was that it was a gift from the City of Granby, who have as a result, had their name in practically every newspaper in Canada. . . . Granby has always taken advantage of such opportunities to make their city known throughout the world. . . . They have received invaluable publicity from the famous Granby Zoo. . . . Cities from all over the world have made contributions to it and they are deriving great benefit from this, proved by the fact that the City is one of the fastest growing industrial centres in the province. . . . Since Christmas is near, it reminds us of a little story of Granby. . . . They have lights on the main street and the appropriate music is heard throughout the town. . . . Anyone driving through could not fail to be impressed. . . . The question arises why doesn't Sherbrooke do something on the same lines? . . . We know there is an anti-noise by-law in the city but that does not prevent them from adding to the attractiveness of the city by putting up a few decorations. . . . Sherbrooke seems to choose the most expensive ways to advertise their city to the rest of the world. . . . We are sure that the publicity that Granby received by the gesture of the maple sugar did not cost anything. . . .

♦ **NEW WATER SYSTEM** — Sunday will see the official blessing of the new \$365,000 water system in Magog. . . . It was started in 1953 and as a result the city now has two new reservoirs, a new pumping station and water main to the reservoirs. . . . All this will increase the capacity from the original 250,000 gallons to 2,300,000. . . . It is undoubtedly a great step and will service parts of the city which have not been so fortunate in the past. . . . In last week's item on the \$172,000 referendum recently passed in Magog some people got the impression that we referred to Magog as a small community. . . . That is only a matter of interpretation on their part as it certainly was not our intention to make the reference or even the inference.

♦ **ODDS AND ENDS** — There is as yet no official communique from Government authorities about the alleged deficiencies found in the products of a condensed milk outfit near Montreal. . . . Sherbrooke householders should be on the watch for a new frozen foods company which have just moved into town under Gilles Choquette. . . . Apparently they supply a freezer and all the consumer has to do is buy their products. . . . The system is said to be considerably cheaper for fresh food products. . . .

The finding of a skeleton and skull in the Rock Forest area on Thursday night and the discovery of another skull and some bones in a tree stump yesterday substantiates our theory that the large search in the Sawyerville area some time ago was a wild goose chase. . . . Canada's Governor General must have been flattered when he read in a Montreal newspaper this week that, "thousands took up vantage points and waited for her, (Queen Mother) to pass in the plastic-domed governor-general."

Marquis Tire Shop are constructing a new building opposite Webster Motors. . . . They intend to either sell or rent their present quarters. . . . Christmas trees in the C.N.R. yards have sprayed the air with the smell of spruce, another reminder that Christmas is not far away. . . . Rumors are rife that radio announcer Dick Varney will give up his present position to work for C.B.S. (probably City Bus Service). . . . His comment, "They are just rumors."

Girl Guide Notes

Members of the North Hatley Company resumed activities on September 23. A Parent's Night was held on November 8 with good attendance. Mrs. A. H. Stoddard, Divisional Commissioner, was present for enrolment of five recruits, Louise Stevenson, Susan Dean, Judy Reed, Karen Pyke and Susan St. Pierre.

Large Residence At Waterville Damaged By Fire

A fire of unknown origin caused considerable damage to the interior of the private home of Tomkin Ball on the Sherbrooke-Stanstead highway during mid-afternoon on Thursday. The blaze was first discovered by two unidentified men who were driving by when they saw smoke coming from the vacant house. They immediately notified Florian Girardin, of R.R. No. 2, Lennoxville, who was working at a neighbouring restaurant and he, in turn, notified the Waterville fire department who arrived shortly after the alarm was sounded.

Neither Mr. or Mrs. Ball were at home at the time of the blaze and the Waterville fire department were credited with saving the building from complete destruction. The blaze is believed to have started in a stairway leading to the cellar and then spread throughout the house. Most of the damage was caused by smoke and water, and aggravated by the fact that all the windows were closed at the time.

Average Citizen Not Enthused At Civic Budget

The man on the street has had a chance to digest the municipal budget and the reaction is almost the same in every case:

Thank goodness the Council reached the conclusion that they could operate during 1955 without increasing the real estate tax rate, but this feeling was tempered with the questions:

What of the future? And can the municipal services be maintained properly on the proposed budget?

And there were several reasons for this disturbed feeling. After all, the surplus budgeted for was barely \$250, nothing very substantial when it is considered the municipality is planning total expenditure of nearly \$6,115,000. And according to reports, the departmental heads had earlier placed the minimum sum required to operate the city efficiently at about \$400,000 above this figure. Their estimates had been slashed, but still the amount required was much higher than the estimated revenues.

So the paring knife was used again, but even after this procedure there was still a gap of over \$50,000 between the revenues and expenditures.

Further arbitrary slashes were ordered and finally this nominal surplus was achieved—but only after \$180,000 had been taken from reserves established in previous years and by including the proceeds from the sale of surplus assets amounting to \$82,000 in the revenue column.

Among the appropriations cut to the bone was that for snow removal, a not inconsiderable item in the operation of a city in this climate.

Were the aldermen depending upon a mild winter that would permit them to leave their equipment in the garage for most of the winter? If so, what did they propose to do if we were visited by a real old-fashioned winter?

And judging from the heavy rain of the past summer, there is every reason to believe that the snowfall might be far above normal.

Appropriations have been cut so drastically that even one major snowfall might throw all estimates to the winds.

Will the citizens be left to struggle with their snow as best they can? Or will the snow be removed regardless of cost?

One is unthinkable. The other would surely produce a deficit.

And then, what? Will the city go into debt? Or will a supplementary budget be brought down, providing for a special assessment to meet the additional costs?

How about the electric department revenues? Will they be maintained at their present level, or will they drop in the event of a mild recession?

These questions and others are dominant in the minds of the property-owners, who are beginning to wonder if the Council is taking a realistic view of the situation.

Admittedly none of them like the idea of increased municipal taxation, but they also look with misgiving upon the present decidedly unstable situation.

This Lucky-\$ Nearly Escaped Searchers

NO, IT ISN'T A MONOPOLY GAME, it's real live money, says Miss Marguerite Gill, of Stanstead, as she counts the money she won, after finding one of our Lucky Dollars, becoming the twenty-seventh winner of our contest.

It was a race up the Stanstead highway, but she finally made it in time and went home with flying colors, plus ten one-dollar bills. That is what Miss Marguerite Gill, of Stanstead, experienced yesterday afternoon, as she brought a Lucky Dollar in to us for her coveted ten-dollar reward. It would have been easy enough to get into Sherbrooke, but she had to get here in time to cash in on her lucky find, for the bill she found, S/N 6478237, was the one that went out of circulation last evening at five o'clock.

She said she found the bill a bit earlier that day in Vivian's Beauty Parlor. Incidentally, the bill was the one we spent in the A. & P. Store there two weeks ago yesterday.

In her change from paying her bill, Miss Gill found three one dollar bills, one of which was a new one. Thinking that might be a Lucky Buck, she checked with her newspaper and found that one wasn't, but one of the older bills was. We think she was really lucky, as she admitted herself, since she didn't check them very often.

So, you see, you never can tell, can you? Probably just today, you let a Lucky Dollar slip through your fingers and think what joy you missed. Another dollar goes out on our Lucky list today, so keep looking and maybe you can collect ten-for-one, too.

On each publishing day until further notice the RECORD will select and publish a serial number taken from a Bank of Canada one dollar bill. Persons having possession of these "Lucky Dollars" may redeem them for ten dollars each.

The bills whose numbers have been selected will have been put in circulation throughout the Eastern Townships immediately before the serial numbers are published.

Winners must produce the "Lucky Dollars" within two weeks of the first publication date of the serial number, and the winning bill or bills must be accompanied by the regular weekly Record Crossword puzzle (or reasonable facsimile) at least 50% correctly completed.

If you have in your possession a dollar bill bearing a serial number published in the RECORD, telephone "Lucky Dollars," the Sherbrooke Daily Record, LO 9-3636 and arrange an appointment to exchange it for your reward.

If you live too far distant from the Record to make this convenient, send your "Lucky Dollar" and the crossword solution, to "Lucky Dollars," c/o the Sherbrooke Daily Record 119 Wellington street north, Sherbrooke.

The Record will not be responsible for "Lucky Dollars" delayed or lost in the mail.

All serial numbers not matched by the deadline automatically become inactive, and no payoff will be made on them. All "Lucky Dollars" and all other dollar bills submitted by persons who do not qualify for the reward will be returned to the owners after the serial numbers become inactive.

Employees of the Sherbrooke Record Co. and their immediate families are not eligible to win rewards for "Lucky Dollars."

Anniversary Of St. Peter's To Be Marked Sunday

Rev. R. H. L. Slater, M.A., Ph.D., of the Montreal Diocesan Theological College and Professor of Systematic Theology at McGill University, will be the preacher at the morning and evening services of St. Peter's Church Sunday when the parish will commemorate the 132nd anniversary of its founding.

Doctor Slater is a graduate of Cambridge University and following ordination spent many years in Burma lecturing in the University of Rangoon and later filling the post of Dean of the Cathedral in Rangoon.

During the war Dr. Slater served as a chaplain in the Indian Army, following which he spent some time in Australia before coming to Canada and his present post in Montreal. Dr. Slater is the author of several theological books and has also written on Burmese life and culture.

On the same afternoon, St. Peter's Annual Every Member Visitation will take place when over a hundred visitors will call on every home included in the parish register.

Boy Scout Annual Meeting Tuesday

The annual meeting of the Sherbrooke District Council of the Boy Scouts Association will be held in the Board Room of the Chamber of Commerce, 235 Dufferin Avenue, on Tuesday evening at 8 o'clock.

W. C. T. U. Holds Monthly Meeting In Lennoxville

The regular monthly meeting of the Lennoxville W.C.T.U. was held at the home of Mrs. J. R. Reid, Academy Street, with Mrs. A. Willard as hostess and Mrs. J. S. Marlin, the president, in the chair.

Mrs. L. A. Young conducted the devotional, her topic being "Prayer." Mrs. R. W. S. Nutbrown, treasurer, gave her report. A card of sympathy will be sent to Mrs. Elsie Smith and flowers were reported sent to Mrs. J. B. Francis. A new family in Lennoxville will be remembered by a box of cheer at Christmas time, of which Miss F. Crane will be in charge.

Mrs. L. Atto, reporting for scientific temperance, read a letter from Mr. E. E. Denison, superintendent of Lennoxville High School, for donation sent. Mrs. F. Crane gave a report of Flower Mission and many calls and articles of food and fruit sent to shut-ins.

Miss Robina Stevenson read information on "The United Nations." After nine years, it was amazing the work being accomplished by this worthwhile organization. Articles from Clipp Sheet were read by eleven members. The title of these articles were, The Problem Drinker, A Problem for Government, where it was pointed out that public opinion has at long last faced governments to take action on seeking some means of rehabilitating the problem drinker.

These actions have taken the form of opening an Alcoholism Foundation in British Columbia and a treatment clinic in Vancouver. Alberta has an Alcoholism Foundation and a Rehabilitation Clinic, with plans for extension to a second centre. The first Alberta School of Alcohol studies, as announced in Alberta University, took place August 30 to September 3. Saskatchewan has a Bureau on alcoholism under J. F. A. Calder. Manitoba's Attorney General has indicated that an out-patient clinic is soon to be opened and Ontario's Alcoholism Research Foundation has been operating for three years.

It was moved that a donation of five dollars be given the County W.C.T.U. for prizes for essays and posters being made. Many blocks were turned in to Mrs. L. W. Smith for a quilt, which will be sent to Korea.

The meeting closed with the Mizpah Benediction. Mrs. Willard served refreshments, assisted by Mrs. F. Crane and Mrs. L. A. Young.

A live isotope unit will be available at the clinic at the beginning of the new year.

All doctors in the surrounding area have been advised of the formation of the clinic and urged to use it, while letters have been sent to the Minister of Health of the Province, Hon. Dr. Albion Paquette, and to the president of the local branch of the Canadian Cancer Society, D.S. Howard, Q.C.

Georges Dalpe Ordered To Assizes On Charge Of Murdering Brother

Sweetsburg — Sixteen-year-old Georges Dalpe, of Brome, was ordered by Judge Patrick Delaney to stand trial for murder at the next Criminal Assizes of the Court of Queen's Bench after evidence had been heard at a preliminary hearing here yesterday afternoon. Young Dalpe is accused of slaying his older brother Marcel last October 25, in a restaurant adjacent to his father's garage in Brome.

Called for ten o'clock in the morning, the court did not convene until 1:15 due to the absence of the accused, who was being brought out from Montreal by car. He arrived at the Court House, young and scared, and several times during the hearing looked as if he might break out into tears at any moment, especially when his mother, Mrs. Georges Dalpe, took the stand.

Magistrate Patrick Delaney of Granby presided over the hearing with Maurice Archambault, Q.C., of Farnham, as prosecuting attorney, and Paul Aubut and Paul Papineau, both of Montreal, as counsel for the defense.

Five witnesses were called for the Crown during the hour and a half long session, including Guy Magui, city engineer for Farnham, who produced as evidence a sketch of the restaurant and garage where the shooting took place.

R.C.A.F. Group Entertained Lennoxville Vets

Thursday evening was a pleasant one when the R.C.A.F. Association (303) Sherbrooke Wing played host to the Lennoxville Branch of the Army, Navy and Air Force Unit.

Among the guests present were Kenneth Dean, president of the Lennoxville Army, Navy and Air Force Unit, and Frank Edwards, past president of the Sherbrooke R.C.A.F. Association.

Len Gings, president of the R.C.A.F.A. welcomed the guests to the meeting and after a short business period when the forthcoming Oyster Party was discussed, the members and guests were shown a series of movies which were obtained by John Morgan, chairman of the R.C.A.F.A. entertainment committee.

Lunch was served and after a short sing-song, ably led by John Morgan, the meeting was adjourned.

Ahead Of The Human Mind

It has been disclosed that Univac came a cropper in the American elections and one side of us is unashamedly glad.

It might be explained for those who do not know that Univac is the great electronic brain which early in the 1952 presidential elections predicted a Republican landslide — and hit the mark. In the recent off-year voting it was not so fortunate; was fooled, apparently, by the fact that Delaware and Connecticut, first two states to report, showed a heavier Democratic vote than was true of the voting states in general. The machine, consequently, forecast that the Democrats would win a majority of 23 in the Senate and 64 in the House which was a great deal better than they did.

"After all, Univac is only human," explained a defender, "it can only make predictions based on the materials humans feed into it."

One's progress applauding side may be pleased at the development of these electronic brains which in general, save a great deal of human work and simplify office work. But the other side is a little resentful, even apprehensive. The ques-

tion comes: Is not science, as represented by these short-cut, mechanical thinkers and other inventions, getting far ahead of the human mind?

A Chinese philosopher urged a good many centuries ago that the Celestial Kingdom should decree an invention holiday of a hundred years to allow men to catch up. If it was considered necessary then how much more necessary is it now?

The philosophic warning was disregarded in China; there was no such ban on "progress" and there, almost certainly, will be none today. The speed of travel, the number and efficiency of the means of communication will continue to grow. The good, old tempo will continue to accelerate.

How the mind of man will cope with the trend is another thing. It was reported recently that no less than half the hospital cases in the United States were mental.

True, it might be a good thing if we were given a breather in the inventive race. But there is no one today with the traditional gift of Joshua who made the sun and the moon stand still.

How About A Climb

We have all heard a great deal about Mount Everest, the world's tallest peak, about Mount Godwin-Austen, (K-2) within a thousand feet of being as high, to say nothing of Europe's Mount Blanc and the Matterhorn.

Let's bring it closer to home — even if we have to enter another category.

How many of our readers have climbed Mount Orford, pride of the Eastern Townships and long known as the highest peak in Eastern Canada? Or Owl's Head, near Stanstead Or Mount Johnston, a few miles outside the Townships and near St. John's? A one-time Boy Scout seems to remember that this last is composed, at least in part, of granite ridges. Perhaps

we should also mention the Sutton Mountain.

Our own score? Fifty per cent on the four. We have done Owl's Head and Mount Johnston; hope to do them someday again, as well as the other two.

If any readers should happen to know that any of these four have been removed — it might have been by bulldozers overnight, things happen so quickly these days — they might let The Record know and save an aging mountaineer a fruitless journey.

P.S. Only a person who has climbed Mount J. is qualified to say that the correct spelling is Johnson. A small boy found Mount J. tall, towering and tiring so we like the "J".

Only Indians

The federal department of public works and the Alberta highways department, working together, have evidently made a bloomer in re-routing a section of road between Calgary and Banff to form part of the Trans-Canada Highway.

The proposed new route runs through the Stoney Mountain reservation of the Stoney Indians. The Indians have argued that the land was given to them in the name of Queen Victoria in 1877; that the governments have no right to trespass without permission.

Their position has been supported by the Indian Affairs department and the federal authorities, says a news story, have been forced reluctantly to admit that the redskins have a point.

The brilliant part comes when it is disclosed that the two departments "unaware of the land grant, went ahead with

plans to re-route the highway . . . to cut through a reservation."

One wonders if a similar oversight would have taken place had the grant been made to a great corporation or even to a wealthy individual.

The Indians have been deprived of the greater part of their heritage and have been hemmed in over the years. Superior white weapons and organization have been responsible and "progress" has, undoubtedly, benefited.

The redmen cannot be blamed if they stand up firmly for their few remaining rights. If the Stoney seek additional land by way of compensation, ask that their gravel be bought by the construction company and that they be allowed to have handicraft-selling stands along the reservation part of the highway they are not asking, it would seem, a great deal.

Professional "Anti-Commie" Promotes McCarthy Rally

By PETER EDSON

Washington—(NEA)—Moving spirit of the National Rally for McCarthy held in Washington's Constitution Hall on Veterans' Day was Rabbi Benjamin Schultz of New York. He is a Communist-fighter from back in 1947 and he is now a paid professional. His full-time job is "National Director of the American Jewish League Against Communism." Rabbi Schultz, born in Brooklyn 48 years ago, got into this business through a series of newspaper articles entitled "Communism Invades the Churches," in 1947. At the time he had been head of the Temple Emanuel-EI in Yonkers, N.Y., for eight years. His articles started a controversy in his own congregation. He resigned. He still maintains his standing as a rabbi, but he has no synagogue and he says his present pay is lower than most rabbis get.

Rabbi Schultz admits that many Jews do not agree with his opinions, just as many Catholics do not agree with Bishop Sheil of Chicago and many Protestants do not agree with Bishop Oxnham of Washington. But a small group of Jews in New York selected him to be head of the American Jewish League Against Communism. George Sokolsky, the columnist,

questioned about who "they" are, he refuses to name names although he boasts that he has publicly called Owen Lattimore a Communist and dared him to sue for libel.

Schultz then continues: "After McCarthy comes Admiral Strauss. The pro-Communists will never forgive Admiral Strauss for getting Oppenheimer."

The references here are to Admiral Lewis L. Strauss, now chairman of the Atomic Energy Commission, who last summer took the initiative in having the security clearance lifted on Princeton scientist J. Robert Oppenheimer, war-time head of the Los Alamos, N. M., laboratory, where the first A-bombs were built.

Schultz was asked to identify these pro-Communists, or to name any senator whom he considered a pro-Communist. He declined to do so, but he defined a "pro-Communist" as any anti-anti-Communist.

After Admiral Strauss, "Vice-President Nixon is best" in this pro-Communist purge, Schultz predicts confidently. "They're trying to get the Congressional committees investigating communism, too," he goes on. Rabbi Schultz thinks that Senator John L. McClellan (D., Ark.), and Rep. Francis E. Walter (D., Pa.), who have advocated reorganization of congressional investigation machinery on Communism, are sincere men. "But

What Other Papers Say

THE PRICE OF 'SCOTCH' (Ottawa Journal)

We clipped this from the weekly edition of the London Times:

"Exports of Scotch whisky for the first nine months of the year were at the rate of more than £3m. a month, the Scotch Whisky Association announced last week. During the period they totalled 9,851,372 proof gallons, valued at £28,110,783, the highest recorded for the period and more than for the whole of 1950."

A small matter of arithmetic shows that this Scotch whisky was sold in the United Kingdom for export at something less than £3 per gallon—not per bottle but per gallon.

The bulk of Britain's whisky exports come to Canada and the United States where the British pound is worth less than \$3. That is, the price in Canadian money paid in the UK for Scotland's whisky was about \$8 a gallon.

This whisky sells in Canada at about \$5 a standard bottle and up, and there are six such bottles to a gallon. That is to say, whisky that cost \$8 retails in Ontario (in Ottawa) for \$30 and up. If transportation costs a dollar a gallon there is still a nice profit of \$21 a gallon for the split between federal and provincial tax collectors.

If a private corporation dared to charge a profit of some 300 per cent. even on a luxury article there would be strong words in Parliament and probably an enquiry under the Combines Act. Is greed less greedy when a government sets the selling price after assuming a tight monopoly of the product?

And one wonders about the extra water—said to be some 30 per cent.—put in the Scotch destined for consumption in Canada to bring it down to the official specifications set for this country by our own government!

DRIVE THEM OUT

(Winnipeg Free Press)
The gamblers are hard at work again in Manitoba. After several years of restricted activity, under steady police prosecution, the "floating crap games" are increasing, and it is clear that the gamblers believe "the heat is off." Under arrest, they display their customary defiance of the laws. Sometimes they are "keepers" of gambling premises; sometimes they are "found-ins." But in every case the same names crop up. As Magistrate Potter pointed out in provincial police court the other day: "It just seems a case of switching names to suit the situation."

The magistrate has given a timely warning in the matter. In future, second offence operators of these games, and those who allow their premises to be used, will go to jail; and heavier fines will be imposed on those who have been convicted previously as "found-ins." The magistrate's firm action should be matched by renewed police vigor to stamp out these violations of the law before they gain a new foothold on the community.

POPPING CORN

Ottawa Journal
According to the newspapers, the popcorn business is considerably over the \$200 million annual mark. The average annual production comes from some 125,000 acres; the average yield runs around 1,700 pounds per acre.

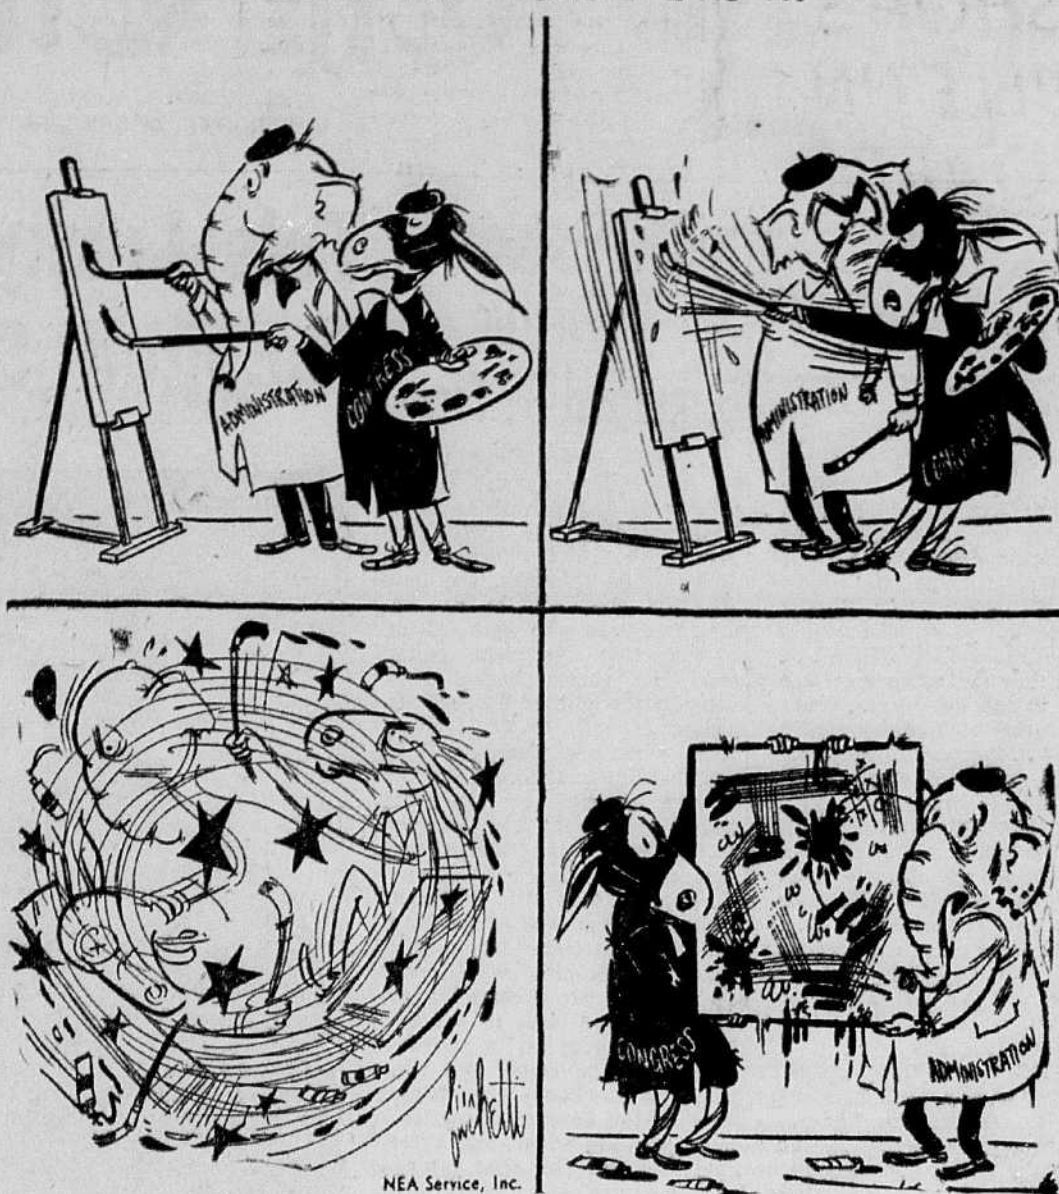

The United States Department of Agriculture says that popcorn was grown and popped by the Indians long before white men crossed the Atlantic. "The records although fragmentary, indicate that popcorn, whole or pounded, was used in native food dishes by various tribes in North America and South America." There are some who think the Indians parched corn, but did not pop it as we understand the popped product.

The countryman, on a cold November evening when the wind is rising and Winter's ominous tones are unmistakable, likes to get out the old-fashioned long-handled popper and make himself a batch of popcorn to accompany a cold, juicy, crisp apple. He pops the corn over a bed of oak and beech coals in the big kitchen range. There's something satisfying as one moves the wire basket back and forth and the pale golden grains explode into white balls of crunchiness.

When a bowlful of the white nuggets has been well salted and thoroughly drenched with melted butter, a man can sit in his comfortable chair, put his stockings feet on the ledge of the open oven door, and munch to his heart's content.

they don't realize the source of their own thinking." "Many ideas," the rabbi explains, "are manufactured in the minds of smart young public relations men on Madison Ave." The reference here is to New York's big advertising agencies.

"Think the Public'll Like It?"

NO!

By Rev. B. S. Murray, M.A.

Of that very short and simple word of two letters—No—which is perhaps one of the most dynamic and far-reaching in its impact, I am thinking today. To write "No" is easy. To pronounce it is more difficult as it requires not only a motion of the lips but an emotion of the soul and action of the will.

Years ago, in a wayside pulpit, I recall reading these twelve words: "The ability to say 'No' is basic for living a successful life"—and that moment this sermon began! So it has been a long time abiding, hasn't it? In the meantime I have heard, and taken part in, discussions as to which is the more important word—yes or no? The question may appear trite but in reality it is not. For innumerable lives have gone down to failure because of the inability to say a decisive "no." It is not surprising then that many, wishing to avoid a similar disaster, keep asking, as letters on my desk suggest, for direction as "how" to say no effectively. So I can no longer say "no" to writing a sermon on "No!"

I dare you to cultivate the power of saying "No!" to the body and the mind when, for example, the body would attempt to rule the mind or when a habit would usurp the throne of the will. I dare you to say "No" to yourself! I dare you to say "No" to the empire within himself, when he is able to say "No" to every subject in that empire, he is more than a king for "He that ruleth his spirit is greater than he that taketh a city."

These dares are directed especially to you! Think of it! You are invited to embark on the great adventure of blazing moral and spiritual trails, at once thrilling and rewarding, which bring with them recognition of being worthy of the name of a moral hero! A spiritual adventurer! A son of God!

Why not sit down, in the manner of a Quaker, and count the cost of such an adventure? You must, if you are to wrest success, therefore, say "no" to all dishonest thoughts and words for you are committed to be true and just in all your dealings. To any hatred, malice and all uncharitableness, you must say a firm "No," for love is thy token! Nor shalt thou trust any lovely forms of passion—fiends may look like angels bright. You are bound to keep your body in temperance, soberness, chastity.

By achieving the ability of saying "No" intelligently and sincerely you are really engaged in the greatest adventure in all life—that of being a man who succeeded in shutting out all that is wrong, evil, hurtful, and so lives contentedly and happily, doing your duty in the task God has assigned you. For this journey of self to God there is grace abounding! At your baptism and later your confirmation, you pledged to be faithful, steadfast and brave against Satan, the flesh and the world. To you comes the clarion call to watch and pray and fight as every good soldier of Jesus Christ (2 Tim. 2: 3) is expected to do. This we can do by being true to ourselves, our Father on high, and so discipline ourselves that we are masters of the ability to say "No!"

How to Say No!
To achieve this discipline, this mastery, is a quest on which many are bent. On my desk are letters from women who wish

they had the ability to utter a firm but gracious "No!" and others who yearn to be able to say a definite "No" to the siren call of "wine, women and song" requesting me to write a column entitled "How to Say No!"

As I re-read what I have penned thus far, I find that I have partially answered that question. For I have suggested a careful survey of the problem involved with a calm judicious weighing of the evidence for and against. And when the decision is to say no, then let it be final! Of course, you would like to say "Yes." No, however is wiser! And why not, by discussion, lead your friend to say "No" himself? Then, too, in business dealing, why not make your "No" impersonal, uttered in the nicest, warmest way possible. These then are but a few suggestions. You must evolve your own technique!

May I urge you, never to say "No" hesitatingly. "I—I think I won't do it tonight." Say "No" with a snap that will make the devil's hair stand on end! My, if we could break all the dead "Yes's" what risings there would be from dishonored graves . . . what long processions would step out of prison gates . . . what fugitive wanderers would come back to the homes they have left so desolate . . . what bright names would be on the roll . . . what healings of wounded hearts and lifting of bowed heads . . .

When I heard about the hand shown today, played in an important team match, I wondered what modern bridge players use instead of red blood corpuscles. The sort of results shown today simply couldn't happen if the players had the right attitude towards the game.

At one table, as the bidding diagram shows, South played the hand at four spades. West opened the ace of hearts, and there was then no way to defeat the contract. South could ruff two hearts in the dummy and would still have a trump left for a finesse through East. The defenders could get only one heart, one diamond, and one club.

West could have defeated the contract by leading a trump. Later on, East would win the first round of hearts and lead another trump. This would limit declarer to one heart ruff in the dummy, and the defenders would thus take two hearts, a diamond and a club, defeating the contract.

At the other table, East was allowed to play the hand at four hearts. Since the breaks in diamonds and clubs were fortunate, East made an overtrick. He'd have needed very bad luck, however, to lose the contract.

As you can see, the play of the cards was reasonable enough, but the bidding was hair-raisingly timid. How can West sell out to four spades when there is an excellent chance that both four spades and five hearts are makeable contracts?

When both sides bid up to a fairly high level, and when both sides have sound trump suits, it doesn't pay to sell out too cheap. Instead of letting the opponents play the hand, bid one more of your own side's suit. Perhaps you'll make this contract; and at worst you can't be badly hurt. It's better to go down one trick (perhaps even two tricks) than to let the opponents score a vulnerable game.

West should have bid five hearts on this reasoning. If West had done so, the chances

Questions and Answers

Q—Does a galloping horse ever have all four feet off the ground at the same time?

A—There is one phase in the gallop when the animal is entirely off the ground with the four legs flexed under the body.

Q—For whom was George Washington's home at Mount Vernon named?

A—Washington's half-brother, Lawrence, named the estate for Admiral Vernon, his former commander in the British Navy.

Q—Is a prairie dog a real dog?

A—No, it is a member of the ground-squirrel family. It received its name because it has a shrill bark much like that of a dog.

GET RIGHT ATTITUDE: AVOID BAD PLAYS

When I heard about the hand shown today, played in an important team match, I wondered what modern bridge players use instead of red blood corpuscles. The sort of results shown today simply couldn't happen if the players had the right attitude towards the game.

At one table, as the bidding diagram shows, South played the hand at four spades. West opened the ace of hearts, and there was then no way to defeat the contract. South could ruff two hearts in the dummy and would still have a trump left for a finesse through East. The defenders could get only one heart, one diamond, and one club.

are that North would have adopted the same policy by bidding five spades. By this time it would be clear that neither side was on safe ground, and either East or West could double five spades with confidence in the result.

This rule of bidding one more in a good trump suit doesn't apply, of course, when you are already out of your depth. But if both sides have bid with apparent confidence and safety up to a high level, bid one more rather than sell out.

Q—With neither side vulnerable, the bidding has been: West North East South 1 Dmd. Double 2 Dmds. ? You, South, hold: Spades 8-7. Hearts Q-4. Diamonds Q-J-9-4. Clubs K-J-9-8-7. What do you do?

A—Double. Your hand should be worth about three tricks on defense, and your partner should provide at least three additional tricks. Game seems unlikely, since you have no support for the majors, and a penalty double is your best chance to obtain a good score.

TODAY'S QUESTION
The bidding is the same as in the question just answered. You, South, hold: Spades A-J-5-4. Hearts K-Q-7-5. Diamond 6. Clubs Q-9-8-7. What do you do?

BISHOP'S BULLETIN BOARD

HOOPLA AT MAC: Things get rolling on the basketball scene in earnest this afternoon as both the men's and the women's basketball squads travel to St. Anne de Bellevue to take on the MacDonald College Aggies in a double fixture. For the girls, the tilt will be an exhibition, but for the men, this will be their first official Ottawa-St. Lawrence Valley Conference tilt, and they will be out to prove their strength. The men's squad promises to be one of the best at Bishop's in years, with a strong group of freshmen strengthening the pick of last year's bunch. The hoopla men, under coach John Rochon, showed just how much they have improved when they came with in an ace of beating the strong Sherbrooke Independents in an exhibition tilt this week. The Sherbrooke boys came out on the long end of a 66-65 count, but it was nip and tuck both ways.

On the front line, two freshmen stand out as the best of this

year's crop; namely Bob McMurray, tricky ball handler and dead shot from Sherbrooke High School, and Don Stringer, whose forte is picking off rebounds under the cage. The other first liner is holdover Murray Greenwood, last year's top scorer on the squad, and a good bet to repeat this year, though McMurray will give him a hard run. On the defensive line, holdovers Don Wells and Warren Lynch seem to have the first string positions well in hand.

DRAMATICS: Directors of the Bishop's University Dramatic Society voiced satisfaction over the results of the one-act plays presented last week-end in the Memorial gymnasium. The general quality of the plays was not quite as good as previous years, but this was because the casts were made up of first year students, something which has not been tried before, and it is felt that this is a good way in which to build up future actors and actresses for Bishop's... opening night blunders, as usual provided after-performance laughs... Bob Gourly, in "Phoenix Too Frequent" sat down on newly painted steps to talk, got up, turned his back to the audience to soliloquize... and displayed a nice round patch of gray on his blue cloak... curtains pulled too far back in the same play gave the audience a back view of one of the prompters busily at work, oblivious to the fact that she was part of the performance... Gail Fairbairn got over a bad case of opening night jitters to turn in a solid performance the second night... Shirley Kitching saved the night on Friday with a fill-in job she whipped up in exactly four hours.

COMING EVENTS OF INTEREST: Next Thursday night at 7:45 p.m., Bishop's will be the scene of the Citizen's Forum Broadcast over the CBC, when Walter O'Hearn of the Montreal Daily Star will chair a panel discussion on "Federal Scholarships—do we need them; can we have them?" A limited number of students will attend, with prepared questions which they will ask the panel to answer after the discussion...

Frederic Vonn, sensational pianist-satirist, will bring his bag of serious music and musical tricks to the University Memorial gymnasium next Friday night in the first of the series of uni-

versity concerts... Mr. Vonn plays a short interlude of good piano music, then launches into a series of parodies, improvisations, and just plain nonsense...

SPORTS 'ROUND AND ABOUT: The hockey team has got down to some serious practising these past few days under the eye of coach Lynn MacDougall, and is primed for a possible exhibition tilt against the power-packed Sherbrooke Intermediates next week-end... soccer made its bow from the university sports scene as the Greens defeated the Blues 2-1 in a tight contest to take the intra-mural soccer title... girls' intra-mural basketball has been going strong for the past few weeks...

CAMPUS CAPERS: The university's bi-monthly news sheet, "The Campus" comes out with a special 10th Anniversary issue next Friday which promises to be a treat as regards newspaper interest... froth debates were originally scheduled for last Thursday with some very interesting debates on the programs... however, it seems that even debating is only of secondary importance... pressure of work and proximity of exams has made it difficult for the Literary and Debating executive to find willing debaters... NFCUS committee at Bishop's, under George Cantlie is currently making a survey of the summer earnings of all second, third, and fourth year students during their years at college... this is part of a national scheme to see whether the money brought back to college by students has risen in proportion to college fees... Columbia University's bi-centennial exhibit, "Man's Right to Knowledge and the Free Use Thereof," is currently on display at Bishop's, but no one seems to know where... it will be on display until December 7... the annual football bash at the New Sherbrooke Hotel last night was much enjoyed by all, though few are in a mood to admit it today... as predicted, dire warnings from the Students' Executive Council vice-prexy did little to dim the brilliance of the proceedings... a few are planning to prove their resiliency by taking in the Nurses' Dance at the New Sherbrooke Hotel tonight, too...

Jailed For Attending Closed Meet

Calgary—Donald W. Davis, owner and publisher of the Bowness Beacon, a weekly newspaper, was arrested Friday and charged with disturbing the peace after allegedly refusing to leave a closed meeting of the Bowness school board.

He was brought here and lodged in RCMP cells to await hearing today in Bowness court. Bowness is a Calgary suburb.

Police said Davis was attending the board meeting as a reporter for his paper when the board went into closed session. He was asked to leave but refused.

School Board Chairman G. B. Garland called a Bowness constable and requested that Davis be removed. When he refused to leave again he was escorted out of the meeting and charged with creating a disturbance, police said.

Police said Davis was taken to his home but he returned to the meeting and again refused to leave.

The constable was again asked to move him and this time took him to RCMP cells.

Mr. Garland said the meeting was closed to the press because "the board was discussing matters affecting personalities within the organization and we thought it was in their interest that no publication of the matter should be made."

This permitted him to make numerous friends amongst the business men of the Sherbrooke district.

Prior to his joining Canadian Breweries (Quebec) Limited, Mr. Griener had been in the employ of Imperial Tobacco Company of Canada Limited and of Lever Brothers Limited where he spent four and ten years respectively. His stay with the latter firm was with the divisions which sold Pepsodent, Lipton brands and also soap. This permitted him to make numerous friends amongst the business men of the Sherbrooke district.

Fulbright is one of the three senators who originated the move to censor McCarthy on grounds of contempt toward a Senate sub-committee and "repeated abuse" of Brig-Gen. Ralph W. Zwicker before McCarthy's own investigations sub-committee.

One of the rumors floating around was that McCarthy is critically ill but a naval hospital spokesman denied it.

"The senator is not critically ill," he said.

The spokesman said McCarthy, whose elbow reportedly was hurt when a well-wisher banged it against a glass table, "seems to be a little improved" and spent a restful night.

This method at times has proved fairly accurate; other times it has not. Often the statisticians fall behind in measuring accurately the shift of population between one province and another.

Federal payments to provinces under the five-year tax agreements based partly on the population of each province and on an estimate of the value of production on a per capita basis.

HENRY E. SHEA OF

MONTREAL

Montreal, Nov. 20 — It was
with sorrow, and deep regret,
that friends learned of the death
of Henry E. Shea, formerly of
Inverness, who passed away
quite suddenly on Tuesday, No-
vember 2nd, at his home, 11766
Henault Street, Montreal North.

Henry Edward Shea, was born
on December 25, 1883, at Inver-
ness, Que. He was the eldest child
of the late Patrick Shea, and his
wife, Elizabeth Minnaugh, and
spent his early life on the home
farm, with the exception of a
few years, spent in the New Eng-
land States.

In 1913 he entered the em-
ploy of the Brown Corporation
at La Tuque, where he remained
for twenty eight years. Moving
to Montreal, some fourteen years
ago, he became employed by the
Quebec Hydro Commission, a
position he held up until the
time of his death.

Mr. Shea was held in high
esteem by all who knew him, and
was very upright and trustworthy
in all his ways.

On September 27, 1921, he
was married to Jessie Florence
Ross, daughter of Mr. and Mrs.
William Ross, of Inverness, who
survives him. Besides his wife
he leaves to mourn his loss, three
sisters, Mrs. Kay Keenan, of La
Tuque, Mrs. Edward Quinn,
of Montreal, Mrs. Philip Cox,

of Quebec, and one brother,
Lewis Shea, of Lennoxville.

The funeral took place on
Thursday morning, November
4th, at St. Gertrude's Church,
Montreal North. Burial was in
Cote des Neiges Cemetery.

Those from a distance who
attended were, Mr. and Mrs.
Philip Cox, of Quebec; Mrs. Kay
Keenan, of La Tuque; Mr. Lewis
Shea, of Lennoxville; Mr. and
Mrs. Ivan McCrea, of St. Agathe;
Mrs. Frank Ross and Miss Eva
Breton of Inverness; Mr. and
Mrs. John Harney, of Mackay-
ville; Miss Claire Ross of St. Paul
Minn.

EUGENE LAPOINTE,

OF EASTMAN

Eastman, Nov. 20 — A much
respected resident of this village,
Eugene Lapointe, passed away
at the Sherbrooke Hospital on
the morning of October 22. He
had been in failing health for
over a year and his death was
not unexpected.

All that medical aid and lov-
ing hands could do was of no
avail and thus passed from the
Eastern Townships scene, one
who will be long remembered as
a successful farmer, as well as
a friendly neighbor and a
loyal friend to many.

Born at Orford Lake, near
Eastman, in 1886, Mr. Lapointe
was the son of Alfred Lapointe
and his wife, Anathalie Guil-
beault. Early deciding to make
farming his career, he settled at
Orford Lake on the old farm
where he was born, following his
marriage to Lydia Gaudreau, of
Magog. Of this union were born
two sons, Louis Eugene and Con-
rad, who predeceased him in
1944. His wife died in 1944 and
he later married Catherine Page,
of Eastman.

In addition to his wife and
son, Louis Eugene, he is sur-
vived by his aged mother, Mrs. Al-
fred Lapointe, of Orford Lake;
two brothers, Joseph, of East-
man, and George, who has been
hospitalized at the St. Vincent
de Paul, Sherbrooke, for over a
year; two sisters, Mrs. Wilma
Plante, Magog, and Anathalie,
Mrs. Ovide Bolduc, of Eastman;
daughters-in-law, Mrs. Louis Eu-
gene Lapointe of Orford Lake,
and Mrs. Mary Lapointe, of Scot-
land; brothers-in-law and sisters-
in-law, Mr. O. Bolduc, Mrs. Jo-
seph Lapointe, Mrs. George La-
pointe, Mr. and Mrs. P. Gaudreau,
Mr. and Mrs. George Paige, Mr.
and Mrs. John Kirby and Mr.
and Mrs. John Wrightson; four
grandchildren and many other
relatives.

A member of St. Edouard's
Church, Mr. Lapointe also served
his community for over twenty
years as a member of the village
council and school board. There
today his name stands for help-
ful, public-spirited citizenship.
He was a familiar figure around
town, with a cheery greeting for
all. Possessed of a friendly dis-
position, he had a host of friends,
who came from far and near to

RECORD - CROSSWORDS

\$120 or \$240 IN CASH!

As no contestant was successful in winning last week's prize
of \$110, this week's prize will be \$120.

HOW TO DOUBLE THE PRIZE MONEY

If a sales slip from AU BON MARCHÉ ENRG. is included
with your entry the prize money will be doubled.

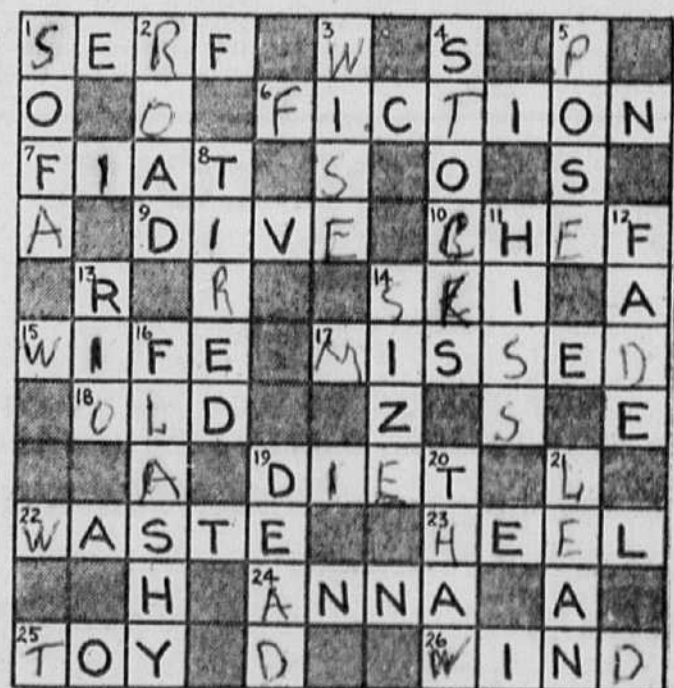

Solve the clues as you would any crossword puzzle. Clip out
the puzzle after you have filled it in and mail it — or good
exact-size facsimile of it — to CROSSWORD PUZZLE COMPE-
TION, c/o the Sherbrooke Daily Record. All answers must be
received by mail or delivery in the Record Office not later than
next WEDNESDAY at 8 p.m. If more than one contestant succeeds
in answering the puzzle correctly the prize will be divided among
those having the correct solution. If no one succeeds in answering
the puzzle correctly the prize will be added to next week's puzzle
prize money.

No household may send in more than TWO solutions.
Sherbrooke Record employees and their families are not
eligible for the prize money.

Study the clues carefully before you write down your answers.
There is always one answer which is the best. The decision of
the judges in the contest will be final and all contestants taking
part agree to abide by the decision.

IMPORTANT — To be acceptable all entries must
be clipped along the dotted line. This is important.

EXPLANATION OF
MORE DIFFICULT CLUES:

ACROSS:

7. FAN is preferred. It might depress a MAN, or a woman, or a boy, or a girl, if, and ONLY if, he or she were a FAN. Just a MAN might have no interest at all in baseball.
9. ENRAGED is preferred. "Doesn't care who knows it" is phrased that way to imply a belligerent type of attitude, favoring ENRAGED. If she's ENRAGED, and she's told that to mean ENGAGED to be MAR-RIED, she'll usually "tell everyone".
10. DELAY is more comprehensive; it INCLUDES stalling, sauntering, DE-CAY, etc., due to DELAY of one kind or another.
12. "Quite a lot" would favor PLAID. Surely MOST girls, not just "quite a lot" would find some sort of PLAIN one ideal at times.
16. RED is preferred. A sleeping RED is rarely not very apt, and in a flower BED you would favor the flowers rather than the BED but one's MIGHT well have a favorite shade of RED.
17. Too much SHOUTING, or too much discharging of blank cartridges. Actually there is no real SHOOTING in a movie.
21. IDEAS is more comprehensive. His IDEAL is merely HIS IDEA of perfection.
24. For business to look BLACK is definitely bad. Many businesses have regular seasonal SLACK periods which are planned for.

DOWN:

1. SAD is a good answer. MAD is ambiguous, (angry, insane) thus uncertain in application. Very many madmen have perfectly normal-looking eyes. BAD not favored.
3. SEAT is preferred since the clue says "workmanship". A tailor is a craftsman rather than a workman, hence while making a SEAT may be workmanship, making a SEAM (tailoring) is craftsmanship.
6. REVISE has the closer connection with a blunder proving disastrous. To REVISE suggests giving the scheme a brush-up with the object of putting it into operation. When you DEVISE an INTRICATE scheme you are pretty certain to have checked against mistakes or you actually cannot be said to have DEVISED an intricate scheme.
11. The GLOSS or shine would be part of the table — not really ON it. You might well see a GLASS on the table, of course.
12. PAINS is the sure answer because the clue says "decorating", not "painting". He may not be using PAINT at all. In any case, PAINS might worry him.
17. A DEFEAT is an OBVIOUS subject for debate, but many a small DEFEAT goes undetected.
19. OLD ideas are not used again unless they proved particularly good in the past, that is, VERY effective. It would have to be better than just "often" quite effective, to revive an OLD advertising idea. But OLD ideas are tried out from time to time, and are often quite effective.
20. Definitely true of DONE (cooked). No reason why a large joint should last longer, it was probably bought for a larger family.

How the spiritually correct view of God and man destroys anxiety and restores peace of mind will be brought out at Christmas Science church services this Sunday in the Lesson-Sermon entitled "Soul and Body."
Scriptural selections include the following from Psalms: "Why art thou cast down, O my soul? and why art thou disquieted

within me? hope thou in God: for I shall yet praise him, who is the health of my countenance, and my God."
Among the passages to be read from "Science and Health with Key to the Scriptures," by Mary Baker Eddy is the following: "We cannot deny that Life is self-sustained, and we should never deny the everlasting harmony of Soul, simple because, to the mortal sense, there is seeming discord. It is our ignorance of God, the divine Principle, which produces apparent discord, and the right understanding of Him restores harmony."

Christian Education Film Shown By Rev. George A. Connolly At Knowlton

Knowlton, Nov. 20.—On Monday evening, November 15, Rev. George A. Connolly, field secretary for Christian education of the United Church of Canada, paid a visit to the Knowlton United Church. There were delegates present from Cowansville, Sutton, Mansonville and Knowlton, as well as Rev. Gerald Fee, of Cowansville, Rev. H. Osborne, of Sutton, and Rev. G. Hopkins, of Mansonville.

Dr. E. H. Gray, minister of the local United Church was chairman for the evening and called the meeting to order with the hymn, "Jesus Calls Us O'er the Tumult," with Mrs. Elton Bockus at the piano.

Rev. Connolly was then introduced and welcomed by Dr. Gray and following a few interesting remarks, presented a film dealing with Christian education within the Sunday School and Young People's groups in the church.

Groups were formed at the conclusion of the film with Rev. Gerald Fee in charge of "Christian Education in the Home" and Rev. George Connolly conducted a group on "Teaching of Christian Education."

Each group stressed the vital importance of training youth. Pamphlets and literature for various groups within the church were on display.

Refreshments were served by the ladies of the Women's Association at the conclusion of the evening.

BATTLE OF MUSCLES SLATED FOR TODAY

WE CAN'T think of a better way to explain today's game in Montreal between the Alouettes and the Tiger-Cats than the above adage. We believe that it covers the all-important fixture in a few words and is without a doubt a perfect expression for the so-called football battle played in Hamilton on Wednesday.

From listening to Doug "Dow" Smith give a play-by-play description of the tilt, we couldn't help but think we were back in the old days of two bucks and a kick. At least that was the way the first half impressed us. That was to be expected since it was a two-game total point series.

Both teams were playing it close and watching for the breaks to capitalize on. Both squads possess wonderful throwers but the boys didn't open up until the second half. They relied on their line plungers and kickers, with the latter playing a big part in the verdict.

It was a little different than was to be hoped for from the fans' viewpoint. With the two top passers in the circuit many assumed it would turn into a tossing duel. However, forwards are too easily intercepted and with so much at stake we figured that they would play it close to the vest.

This afternoon's battle should be along the same lines, but with so many injuries on both sides anything could happen and no doubt will. It should be settled along the line and the team that can field the strongest front wall will no doubt represent the East in the Grey Cup next Saturday. It should be a great game to watch and we hope to be able to take it in.

A MEETING of the Eastern Townships Junior Hockey League has been called for Monday evening for the main purpose of discussing plans for the coming season. It will take place at 82 King Street West, Apt. 5, at 8:00.

At present three teams, Bishop's College, Windsor and a club from Sherbrooke, have signified their intentions of operating in the loop and anyone interested in entering a team is asked to be on hand Monday evening.

THE SHERBROOKE Curling Club has at last overcome their difficulties with their refrigeration system and activities will swing into high gear today. A chicken competition is on tap for this afternoon while this evening the first mixed event will take place.

This evening the formal opening of the club will be held and all members are asked to be on hand. On Monday and Tuesday, commencing at 7:00, the Instruction Committee will be on hand to demonstrate the fine points of the game to all interested would-be curlers. On Wednesday the match committee announces that the first club bonspiel will open and will be known as the New Homewick Bonspiel. So curlers, get your names in before next Tuesday if you wish to take part. It will be a draw the whole way through.

PAUL RICHARDS may be known as a shrewd manager and a good trader but after the first deal he pulled for Baltimore he certainly must be the most hated man in town. He shifted Bob Turley and Don Larsen, two highly rated right-hand tossers, with Billy Hunter to the New York Yankees. Both Turley and Larsen were great favorites of the fans but on the other hand look at what the ivory dealer picked up.

The Orioles got six well-known players plus a bundle of cash and three more to be tossed in later. Richard's main idea is to try and strengthen the club and the only way he can do that is by dealing off his top players. Nobody is interested in buying second-raters. Hence the reason for the big trade. Time will tell exactly how it works out but from glancing over the list one can't help but think that the Old Ivory Trader did O.K. by himself and the Orioles.

THE LENNOXVILLE Curling Club will be defending the Quebec Challenge Cup this evening against Ottawa Glebe and it will be their twelfth stand since winning the old mug from Sherbrooke back in '52.

The trophy is listed as the oldest curling silverware in competition and has been in circulation since 1874. The Lennoxville Club has posted six victories with four defaults and one tie since taking the trophy to Lennoxville. Tough battle is expected this evening from the curlers hailing from the Capital City and the matches are listed for 8:00. All interested curlers are invited to attend the event.

FOLLOWING THE MEETING held to decide about operating professional baseball in Sherbrooke we must say that the dying cause certainly got a jab in the arm and from all appearances we will be hearing the old cry "play ball" still at the Municipal Stadium on Park Avenue.

It was decided to form a limited company to carry on business and sell shares at \$100 each. By this manner all the fans can join in and help and the team will be a community affair. Once the shares have been subscribed the shareholders will then meet to elect an executive to guide the club.

In this way all the citizens will have a hand in the team and it will belong to the fans which should go a long way towards making it a success. The canvassers have already commenced to sell and now it will be up to everyone to help the cause along. They say many hands make light work and here is a chance to prove it. So fans, how about a little help to keep one major sport still alive in Sherbrooke.

THE SHERBROOKE TENNIS Association is making another appeal on behalf of Bob Bedard and Guy Durocher in an effort to help the boys along the tennis front. Bob, who is rated as number two singles player in Canada and a member of the Canadian Davis Cup, is slated for another tour again this coming winter.

Last year Bob made his debut on the tennis circuit and although it was his first in international competition he gave proof that he has the necessary qualifications to become one of the world's best. So, on this, the local Association is out to try and raise money to help him better himself. As for Guy, this will be his first year in senior competition. Last year he won the junior championship of Canada and should give a very good account of himself. It certainly would be a great honor to have two of our youths holding down the top spots in the world of tennis.

THE ANNUAL TEST for referees in this district will take place Sunday, December 5, and all personnel wishing to take the test are asked to be at the Arena at 10:00 in the morning. In the afternoon the written test will be given.

All qualified referees are asked to be on hand and bring their skates, as a school on different points will be brought up and pointed out. So don't forget, two weeks from tomorrow at the local Arena.

Fog Causes Upset At Pimlico Track

Baltimore — (P) — Everybody was literally in a fog Friday at Pimlico race track.

It was so thick the fans were lucky to get a glimpse of the finish of the first race and then they couldn't see the prices on the

board in the centrefield. The winner named Flying Jet, paid \$46.60.

The stewards couldn't see the starting line. The starter—named Eddie Blind—had to call them by telephone to notify them when the horses got into the gate. He called them again to say they were off.

Five-Mile Race Main Event for Tomorrow

Jack Parker Big Gun For Eskimos In All Departments; Top Scorer In Western Loop; Meet Dutchmen

Edmonton. — (P) — If Edmonton Eskimos get past Kitchener-Waterloo Dutchmen in today's Grey Cup semi-final—and the odds are 10 to 1 they'll make it—eastern Canada fans will get their first look at halfback Jackie Parker, the pride of Eskimo fans, in the Nov. 27 cup final.

The 22-year-old American, a big cog in Edmonton's march to the western conference championship, made his debut in Canadian football this season. He can run, pass, kick and defend and his all-round effectiveness has drawn praise from opposition coaches in the west.

The reticent, blonde curly-head, an all-American with Mississippi State after playing high school football in Knoxville, Tenn., gives the impression that he doesn't particularly care at

what position he plays so long as he gets into the game.

Fans and coaches alike single out the pigeon-toed galloper who runs like an injured baby moose as an exceptional player. Edmonton fans picked Parker as the most valuable player on the Eskimo squad this season.

THE BIG MAN
Coach Al Sherman of Winnipeg Blue Bombers said before Eskimos won the WIFU title:

"Parker is the key to the Edmonton backfield. If they had to have a big run, he was doing it. If they needed the big catch, he was doing it."

Parker, a married man with one child, carried the ball in his WIFU debut for 13 touchdowns to lead the Conference in majors scored and finish third in the scoring race.

Danville Curling Club Stages Official Opening; Several Guests On Hand For Special Activities

Danville. — (Special to the Record) — The official opening of the Danville Curling Club Incorporated took place on Saturday, Nov. 13. It was attended by a large representation of shareholders and their wives, invited guests and representatives from various curling clubs in the Eastern Townships, Montreal and Quebec.

D. M. Smith, acting as master of ceremonies, opened the evening's program with the introduction of President C. H. Brehaut. The president, in his opening remarks stated that the observation of the official opening of the Danville Curling Club brought to an end a few years of thoughts and preparation and many hours of work and contributions by those interested in thinking that the sport of curling would be beneficial to the community and that the shareholders were composed of people from many walks of life.

He emphasized the spirit of co-operation of English and French speaking people alike in making the project an established fact. He also mentioned that the many contributions from local and outside companies as well as private individuals were a source of gratification to the directors and committees throughout the whole project.

In closing, the president expressed his thanks to the Canada Paper Curling Club for their generosity and encouragement during the last curling season in helping to create enthusiasm for the sport among the communities of Danville, Asbestos,

Kingsey Falls, Warwick and Norbeston.

Vice-president Mr. G. Lemieux, speaking in French, conveyed briefly the same message as the president for the benefit of the French speaking people in attendance.

In his closing remarks he added that curling does not only bring excellent social relations but also helps to increase the prestige of the community.

Other guest speakers were as follows: F. Molson, representing the mayor of Danville, Mr. C. Thibault; F. E. Woodard, president of the Canadian branch of the Royal Caledonian Curling Association; A. Goudreau, ex-M.P.P.; K. V. Lindell, vice-president and general manager Asbestos Fibre Division; H. E. Weyman, "Mr. Curler"; B. Millar, representing the Sherbrooke Curling Club; A. Michaud, president of the Canada Paper Curling Club; W. Houghton, representing A. I. Philip, manager Canada Paper Company; O. Samson, representing Jacques Carrière Curling Club of Quebec; J. E. Morrison, plant manager, Asbestos Products Division.

Following speeches and introduction of the directors, construction and operating committees, the president and vice-president were led to the rink for the throwing of the first rocks by M. Acheson, who played the bag pipes.

The remainder of the evening's entertainment consisted in curling and dancing. Prior to the closing of the evening's ceremonies, the president, Mr. C. H. Brehaut, made a presentation to Mr. and Mrs. Ross Sampson on behalf of the Danville Curling Club. Mr. Ross has since been transferred to the Munro Mines at Matheson, Ont.

The opening Bonspiel started last Sunday and will close this evening, at which time prizes will be distributed to the winning teams. A total of thirty-two teams from various other clubs in the Eastern Townships and Quebec are taking part in this event.

AT STAKE TONIGHT — The Lennoxville Curling Club will defend the above trophy this evening when they will be hosts to the Ottawa Glebe Curling Club two-man team in a two-game total point affair. The Quebec Challenge Cup is one of the oldest curling trophies in competition. The match will take place in Lennoxville and is slated to commence at 8:00.

Eight Starters In Big Race With Big Ed And Duck Corsica Topping List; Top Pacers In Free-For-All

The second Five-Mile race of the current season will be staged at the local track tomorrow afternoon with eight starters entered in the main event of the eight-race card presented by the Sherbrooke Racing Club. There will be no races this evening.

Following the poor turnout for last Saturday's program the executive of the local club decided to cancel tonight's races. Post time for tomorrow afternoon is booked for 2:00.

A Free-for-all Pace is also on the program and should furnish plenty of opposition before the winners cross the wire. In all classes eight horses are listed. The first event is a "C" Pace and is a dash while all the others are double features with the Five-Mile event the final one of the afternoon.

Big Ed, winner of the first Five-Miler, is entered in the marathon again as well as Duck Corsica who placed second in the event. Contrary to the first one only eight horses will start. This ruling was handed down by the Government, who supervise the pari-mutuels.

Junior Counsel, Royal Marguerite and Professor Mc are rated as the favorites in the Free-for-all but tough competition can be expected from Coombs Garage's Helen Brooke and Eddie McElwin with Fern Desrochers in the sulky.

The other two classes are both "CC" Paces and the railbirds will have a good time in picking the winners. The classes are well balanced while several of the horses have performed previously in the same races.

The list of starters follows:

1ST RACE — "C" PACE
1—ALPINE HANOVER, (F. Pouliot).
2—TIPPIE LAW, (G. Heath).
3—SPURGEON PATCH, (R. Dupont).
4—REX C. GRATTAN, (L. Denault).
5—BABY RITZ, (W. Hebert).
6—DOUBLE LAW.
7—STEWART'S SISTER.
8—MAXIMILIANNE STAR, (R. Demers).
ELI: Miss Gisele Bing.

2ND & 5TH RACE — "CC" PACE
1—BUDDIE MILLER, (W. Taylor).
2—CAPTAIN BROOKE G.
3—BUD, (P. Bolly).
4—ICARA, (V. Larose).
5—VALENTINE BENEDICT.
6—MISS GRATTAN DIRECTLY.
(J. Haver).
ELI: (J. Haver).

Calgary Press, Radio And Police Nip Fraud Deal On Grey Cup Tickets In Nick Of Time; Promoter Vanishes

Calgary. — (P) — Calgary newspapers, radio stations and police have possibly nipped a large scale fraud deal in Calgary on which promotion was started with tickets to the Grey Cup football final in Toronto as bait.

Meanwhile, police are searching the province for the man, believed an Edmontonian, who was promoting the deal.

A reputable Calgary business firm was to have set the stage for the big deal but backed out when newspapers and radio, smelling something fishy, refused to carry any advertising or news stories on the big deal.

The promoter represented himself as one who had an option on 4,300 tickets to the Grey Cup final and he was going to offer them for sale in Calgary at \$7 each. The first \$6 was for the cost of the ticket and the other \$1 was for handling. Any profits were to go to charity.

NO SALE

The tickets were to go on sale Thursday and Friday in a local hotel room but when the attempts to advertise failed, and the promoter was informed by his Calgary agent of the situation, the promoter said he would telephone the agent later. He has not done so.

With the seasonal drought in egraphed that Giardello had developed a stiff leg from an injury suffered in training.

Scalpers Swing Into Brisk Action; Sell Out Predicted For Big Battle; Swapping Grey Cup Tickets For Today

Montreal. — (P) — The scalpers went into brisk action Friday night while the football-minded hourly became more steamed up over today's decisive meeting between Hamilton Tiger-Cats and Montreal's Alouettes.

All 17,163 seats in Molson Stadium at McGill University have been sold out since Tuesday. The number of standees who can be shoehorned into the stadium is conjecture, but there has been talk of a total crowd of as many as 24,000.

Alouettes go into the second game of the total-points Big Four playoff riding along on their 14-9 victory in Hamilton Wednesday.

They are confident they can win again but the Cats are reported just as confident they can wipe out the five-point margin and go on to victory and the big prize—a place in the Grey Cup game Nov. 27.

Despite forecasts of mild, cloudy weather with showers, the ticket panic is on full tilt. Early Friday scalpers were reported asking \$13 for \$3.25 tickets or two for \$25. By Friday night the asking price was reported as high as \$40 for a pair.

Spice was added to the wild scramble with offers by individuals to swap playoff tickets for Grey Cup tickets. Season ticket-holders who are sure they will get a pair from the Grey Cup allotment to Montreal, but who can't make the trip to Toronto, were reported willing to make an even swap of Grey Cup tickets in order to look after friends for today's game.

HOLD DRILL

The Alouettes held a light drill Friday night and quietly disappeared after the secret practice. The Ti-Cats were also reported to have gone through a limbering up, but where it took place was the big question. Various schools and college grounds in the city disclaimed all knowledge of any Hamilton workout. Earlier there were only the usual perfunctory expressions of confidence from Voyles and coach Douglas Peabody Walker of the Alouettes. Voyles said his team is ready and he would have Vito Ragazzo, pass-catching and defensive half who missed Wednesday's game, ready for action today.

Giants Hoping Tradition Holds True All The Way

New York. — So far it has been the baseball season all over again at the Polo Grounds and New York's football Giants hope the comparison holds true all the way.

Like their baseball namesakes, the Giants figured in few preseason predictions for the National Football League title. And like Leo Durocher's world champions, coach Jim Lee Howell's charges broke fast and are entering the home stretch with a slim lead over their nearest rivals in the NFL's eastern division.

John Labatt III, challenged by his brother to brew an ale to celebrate his 50th anniversary, produced a great favourite—"50". A lighter, smoother ale.

'50' just naturally goes with celebration... its lighter, smoother flavour, its golden brightness and body all have a way of adding to the happy memories. Plan to have Labatt's Anniversary '50' on hand for your next Special Event!

And why not make everyday thirst a cause for celebration too! Have a '50' soon.

The swing is definitely to Labatts

Large Attendance At Annual High School Opening Held In Scotstown

Scotstown, Nov. 20 — The Scotstown High School held its annual school opening and prize giving, in the Town Hall. A good attendance of parents and friends were present to enjoy the program, which the pupils and teachers had put much time and effort into preparing.

Mr. Rodney MacDonald acted as chairman, and after a few remarks the program got under way. Pupils of grades one and two presented a very colorful and amusing dialogue entitled, "Pussy Cat, Pussy Cat". Grade three showed their talent in five Rhythm Band Selections. Choral Speaking by pupils of grade two was very pleasing. Recitation "The Little Rose", by several little girls from grade three told the sad story of what can happen to little girls that tamper with their older sisters perfume. Two songs by pupils from grades four and five, were much enjoyed. A very amusing dialogue, "Boys' Rights", by six young boys brought a big hand of applause.

A silver collection was taken, and home made candy was sold during intermission. A Flag Drill was presented by girls and boys of grade six. A dialogue "The absent-minded Husband", amused the ladies especially. Choral Speaking "The Elevator Car", by pupils of grades six and seven, followed by two songs, "Land of Spain", and "The Little Shoemaker", by pupils of grades eight and nine. Mrs. Harrison, the music teacher for the school was the pianist for the evening.

Mrs. Goodwin thanked everyone that helped in any way to make the evening a success, the teachers and pupils for their co-operation during the past term, and all those who donated money for prizes.

W. A. Meeting Held At Rectory

Bury, Nov. 20 — The regular meeting of the W. A. was held at the Rectory with Mrs. Secord, with an attendance of 10 members.

The meeting was opened by Mr. Secord with special prayers for Remembrance Day, The Litany from the Living Message and Lords Prayer. The minutes were read and a letter from Miss Hooper, one of the Bishops Messengers was read telling of her work in the Swan River district, which was very interesting.

A bulletin was read, and various parts discussed.

Mrs. Lawrence will order the leaflets as usual for use at our meetings. Most members brought in their Thank-offering. The Birth-Day box was opened and contained \$8.15.

The annual meeting will be held at the home of Mrs. Hunt on December 9th. The meeting closed with Prayer, Partners Prayer, and Members Prayer.

ST. PAUL'S GUILD

St. Paul's Guild held a party in the Parish Hall on Friday evening in aid of one of our Bury girls.

Mr. and Mrs. Haffenden, nee

Opal Coates, lost all their furniture and clothing when they were forced to evacuate their home in the recent flood that swept the Toronto area.

Bridge and "500" were played and the prizes went to Mr. E. Hawley and Miss Mabel Ward in bridge and Mrs. Martin and Mrs. A. Lapointe in "500."

Lunch was served and the proceeds were very gratifying, amounting to \$46.

Many generous donations of money were sent in by those who were unable to attend and a quilt was donated by Mrs. Ben Coates.

Mrs. A. J. Hunt thanked everyone for helping.

Plaque Unveiling Held In Danville On Armistice Day

Danville, Nov. 20 — At an impressive ceremony in Danville on Remembrance Day a new plaque was unveiled bearing the names of the men from this community who gave their lives in the Second World War. This plaque had been fixed to the Cenotaph below the one recording the sacrifice of the First World War. The entire monument had been cleaned and suitably decorated.

The following names are inscribed on the plaque: Roland Bourner, Conrad Bourrett, Emmanuel Blais, Gordon W. Doak, Erwin Evans, Douglas Gibbs, Harry D. Gray, Robert Hankie, (Korea), Bruce J. Ingalls, Ronald Mastine, Gordon Perkins, Clarence Stevens, Ivan Willey.

The parade was led by a squadron of the 7/11 Hussars, under the command of Cap. A. Royal, preceded by their band. Following them came the color party of the Legion, leading a large parade of the members of branch 41. Also included in the parade were the Ladies Auxiliary, the local Cubs and Scouts, the Girl Guides, as well as the pupils from the High School, under the direction of the principal, Mr. G. Rothney.

A hollow square was formed around the Cenotaph in the village square. After the singing of "O Canada," the plaque was unveiled by Comrade J. MacCallum, the oldest member and a life member of the local branch of the Legion. The chaplain, Rev.

C. Foggo, dedicated the plaque, which was followed by the roll call and the laying of wreaths, the Last Post, the two minutes silence and the Reveille. Other clergy taking part were Rev. D. Dean, of the Christian Advent church and Rev. Peter Kingston, of the Church of England. The parade was under the direction of Sgt. J. M. Scott, president of branch 41.

Following the ceremony, Mr. E. Lafrance M.L.A. and Mr. P. Filteau of the Canadian Johns-Manville Company, both spoke briefly and fittingly of the debt we owe to the men who died for us. The parade concluded with the singing of the National Anthem.

GENERAL NOTES

Mr. and Mrs. Lorne Ames spent a week-end with Mr. and Mrs. Elwin Ames at Melbourne and also visited Mr. and Mrs. William Fleming.

Mrs. J. Blythe, of Montreal, also Mrs. Addie Lockwood, of the Wales Home, Richmond, were guests of Mrs. Arthur Brock.

The Junior Choir of the United Church furnished the music in Trinity Church on Sunday morning, under the leadership of Mrs. C. W. Foggo and Mrs. Peter Young at the organ. Needless to say, all enjoyed the music and hope to have the pleasure repeated.

Sutton High School News Report

On Thursday, November 11, a Remembrance Day Service was held in the School. The service was conducted by the Rev. R. Osborne, Chaplain of the Sutton Branch of the Canadian Legion. The service was opened by the singing of the National Anthem, after which Mr. Osborne told a story and read a poem. The names of the boys killed in action from Sutton High School were read by Mr. Jack Hawley. At the beginning of the two minutes silence, Ralph Davidson played the Last Post.

On Friday evening some of the members of the basketball team went to Montreal with their coach, Mr. Dyer, to see the Globe Trotters play at the Forum. They stayed the night in Montreal, returning to St. Johns on Saturday morning where they played against the school team. Sutton had a slight advantage over their opponents, winning a 45-23 point victory.

Sutton high school was represented at the Student's Council Conference, held this year at Quebec High School, by Martha Federsen and Clifford McKell. By Douglas Hoskins.

and Mrs. Eugene Malboeuf, of Melbourne, Mrs. Brouillette's parents. At the close of the evening lunch was served and "For They Are Jolly Good Fellows" was sung.

Farm Forum Activities

MANSONVILLE

The Mansonville Farm Forum met at the home of Mr. and Mrs. Hermann Steinbach on Monday evening, November 15 with an attendance of 13 grown-ups and two children.

The week's topic "The Farmer's Share" was listened to over the radio and at the discussions which followed they thought that the buying habits for food by the public have changed. Everyone buys in smaller quantities, as they need it. It is now all packaged and the price is higher. This is partly due to the fact that the roads are better to and from towns.

To the second question "How can the farmer adjust himself to the new trends in consumer buying?" They said "We belong to the better section of dairy farming and have always an eye to the margarine situation. We are already so crowded into a corner, to have much room for adjustment."

The next meeting will be at the home of Mr. and Mrs. Guy George.
